

O games 1561

Chapter 1561: 1 against 3, a mysterious person comes!

"I just don't know what rank of rule-based life form this guy is. If he is also of divine rank, the Green Fang Ghost Demon probably won't be able to stop him."

Hearing what Nidlifu said, the Green Fanged Ghost smiled noncommittally and said:

"Whether you can stop it or not, you won't know until you try."

When the words fell.

The magic talisman building of the Green Tooth Ghost Demon flew away into the wind.

The wind of annihilation collided with the Divine Talisman Tower.

In the Divine Talisman Tower, strange runes flew out and continuously collided with the Wind of Annihilation.

The two are actually somewhat comparable!!

"The Wind of Annihilation is indeed powerful, but it's a pity that you can't use it. Such a powerful rule power is wasted."

The Green Fang Ghost Demon raised his hand and said, "In terms of the power of rules, my power of rules is not weaker than yours. In terms of rank, I am even higher than you. What can you use to fight me?!"

As the Green Tooth Ghost Evil finished speaking, a large number of divine talismans suddenly rushed out of the Divine Talisman Tower and defeated the Wind of Annihilation in an instant.

"I want to leave, but it's too late!!"

The Green-fanged Ghost Demon shouted coldly, and the Divine Talisman Tower flew into the void. Endless runes rushed out and swept towards the depths of the Gobi Desert.

"Come back to me."

"Giggle..."

Just now.

An extremely harsh sound came from the depths of the Gobi Desert.

The sound made people's scalps tingle and they felt as if their bodies were about to be torn apart.

The Green-fanged Ghost Demon frowned and subconsciously covered his ears with his hands.

Not only him, but also Lin Tianhao and others, even Ned Leef, who was only the projection, couldn't help but cover his ears.

"Damn, this sound is too harsh. I feel like my heart is going to stop beating." The Green Tooth Ghost couldn't help but scold.

This voice interrupted the Green Fang Ghost's spellcasting, and the Divine Talisman Tower fell back in front of the Green Fang Ghost, which made everyone feel better.

"Your power of rules is quite good. If you are willing, you can stay. As for this human, kill him!"

An old man with a haggard look walked over and his eyes fell on the Green-fanged Ghost.

"The treasure here is of great use to rule-based life forms like us. You are also a rule-based life form, so you can stay here."

The Green Fang Ghost Demon hesitated for a moment and said:

"I have a path I want to pursue. This is not a place for me to stay for long."

The old man waved his hand and said:

"In that case, you can go now."

The Green Fang Ghost Shaker shook his head and said:

"We are going to the Netherworld. Could you please show us a way?"

Hear this.

The old man, who looked like a withered man, shook his head and said:

"I'm sorry, if that's the case, then you can leave now."

Lin Tianhao took a step forward, looked at the withered old man, and said calmly:

"I am going to Jiuyou. I have something very important to do. Please give me some convenience."

The old man, who looked like a withered man, shook his head and said:

"The Nine Netherworld has long been sealed away. You can't come here just because you want to."

"This rule-based life form at the Divine Grade level is very powerful, but if you want to rely on him and force your way into the Netherworld, you are doomed to end badly."

Lin Tianhao raised his eyebrows and said, "It seems that the only option is to fight."

When the words fell.

The Green Fang Ghost Demon once again summoned the Divine Talisman Tower.

at the same time.

The Phoenix and Heitian Aozhen attacked at the same time, attacking the withered old man in front of them.

The expression of the withered old man changed slightly. He opened his mouth and spat out a mouthful of black blood. The black blood actually turned into a ball of black mist and flew towards Lin Tianhao at a high speed.

Lin Tianhao's eyes narrowed slightly, and the feather arrow of heavenly punishment flew out of his hand.

It is also possible to wrap the Sky Punishment Feather Arrow, and its flying speed will be significantly reduced.

"Evil Sword Immortal Form, open!"

Lin Tianhao could tell at a glance that his Sky Punishment Feather Arrow was about to be blocked.

In addition, the Wind of Annihilation had destroyed his Feather Arrow of Heavenly Punishment before.

therefore.

At the first moment, Lin Tianhao chose to activate the Evil Sword Immortal form.

As the sword energy spread, thunder and fire from the sky and earth rolled out.

Faced with Lin Tianhao's higher-level thunder and fire, the black fog seemed powerless.

And more of Lin Tianhao's heavenly punishment arrows have already locked onto the withered old man.

at the same time.

The Green Fang Ghost's magic talisman tower was the first to hit the withered old man.

Countless runes rushed out from the Divine Talisman Tower and locked onto the withered old man.

A large amount of annihilation wind condensed in front of this withered old man, blocking all the runes outside.

And right now.

The flames of the phoenix have surrounded the withered old man.

"Are you, the masters of the divine realm, crazy? You would fight me to death for a young boy like me!!"

Originally, the old man thought that having Qingya Guisha, a powerful god-level warrior, by Lin Tianhao's side was already the limit.

Now, two people at the God-level and one person at the half-step God-level appeared at once, catching him off guard.

Rule-based life forms are actually quite similar to conventional life forms, and it can even be said that there is no essential difference between them.

The biggest difference between ordinary life forms and rule-based life forms is the level of attack.

Similar to Lin Tianhao's Heavenly Punishment Lock, this can actually be regarded as a powerful force of rules.

therefore.

If we must count, Lin Tianhao can also be considered a rule-based life form.

The same is true of the emaciated old man in front of me.

If his life essence is not blessed by the power of rules, it would be no different from an ordinary life form.

Judging from the fight just now, this withered old man possesses the power of two rules.

One is sound, which strikes directly into people's souls, as if it can destroy people's internal organs through sound.

The other is the wind of annihilation.

Wind of Oblivion. Some high-level mages actually have a certain probability of learning skills like Wind of Oblivion.

But the key point is that even if you learn the Wind of Annihilation, the level will be different from the Wind of Annihilation of the withered old man in front of you.

It's just like archers can also learn tracking arrows. Compared with the tracking arrow and Lin Tianhao's Sky Punishment Lock, they are like heaven and earth.

This withered old man has two kinds of rule power, both of which are used for main attacks. It is highly likely that his life essence is not blessed by the rule power.

If so.

If he couldn't block the attacks of the Green-fanged Ghost and the Immortal Bird, how could he be killed if he was not careful?

"Xuedi, show mercy!!"

At this moment, a figure flew over at a very fast speed, and in just a few flashes, it had arrived next to the withered old man.

Lin Tianhao's eyes narrowed slightly. This guy had just blocked the attacks of Heitian Aozhen, the Immortal Bird and the Green-fanged Ghost Demon with his own strength.

This strength is truly terrifying.

"Xue Di, we have met once before. If you want to go to the Nine Netherworld, we can discuss it. There is no need to really kill these gatekeepers."

Chapter 1562: The divine clone of Queen Hou Tu collapsed!

Lin Tianhao narrowed his eyes slightly and fixed his gaze on the person who was speaking.

But at the first sight, Lin Tianhao only felt familiar, and for a moment he couldn't remember who the other person was.

"You are....."

Lin Tianhao thought about it for a while and finally remembered.

"Are you the waiter at the Huangquan Inn?"

Lin Tianhao had been to Huangquan Inn with Lord Luotian before, and the person who came was the waiter of Huangquan Inn.

The waiter at Huangquan Inn nodded slightly and said:

"I'm sorry to have embarrassed you, but this old man is also working for our Huangquan Inn. Please be merciful and let him go this time."

Hear this.

Lin Tianhao waved his hand and said:

"I will give Huangquan Inn the honor no matter what, but I want to go to the Nine Netherworld..."

The waiter looked at Lin Tianhao meaningfully, and finally couldn't help but sigh.

"Snow Queen, if you wanted to go before, then go ahead. Although Ragnarok is now a place abandoned by the gods, the Nine Netherworlds had a divine clone of the Queen Mother Hou Tu in charge, so it's not a big deal."

"But I don't know what happened not long ago. The divine consciousness clone of Empress Hou Tu that she left in the Nine Netherworld collapsed. My mistress was worried that something big might happen, so she asked me to take charge of the Yellow Spring Inn. She went deep into the Nine Netherworld alone and has not returned yet."

Lin Tianhao took a deep breath.

He had already had some guesses in his mind because he had failed in using the blessing of gods and demons before.

Looking at the situation now, it seems that something big has really happened.

"Lord Luotian is no longer in Ragnarok, but even if he were here, he probably wouldn't dare to enter this Netherworld. If you want to go, please think twice."

Lin Tianhao pondered for a while and said:

"I have a reason to go to the Nine Netherworld. I need Heaven Punishment Equipment and even more so Super God-level Talent Awakening Stones. I got a clue that the Nine Netherworld might have all of these things."

The waiter at Huangquan Inn was slightly startled, then nodded and said:

"The Super God-level Talent Awakening Stone, this thing does exist. It is said that it was left by the Queen Mother Hou Tu for her divine mind clone."

"Now that the divine consciousness of the Queen Mother Hou Tu has disintegrated, I don't know whether this super-god-level talent awakening stone is still there."

Lin Tianhao's eyes lit up. It was just a possibility before.

Now we have received such accurate news, and it is relatively detailed news.

This Nine Netherworld is very dangerous, but it seems that he has no chance of retreating.

The strong ones in the Alete Galaxy are very difficult to deal with.

When facing a truly strong opponent, even his Heavenly Punishment Headlock was unable to do anything.

He wanted to further improve his strength, especially his strength in terms of rules. Continuing to awaken his talent was the best option.

His talent plays a huge role in his achievements today.

"Xue Di, you are a person that even the Lord of Luo Tian values. I don't want to be your enemy. The Nine Netherworld is really dangerous now. You have to think carefully."

"I'm going." Lin Tianhao answered very affirmatively.

Fortune and wealth must be sought through risk, so he must go.

The waiter at Huangquan Inn hesitated for a moment and said:

"Xue Di, if you must go to the Nine Netherworld, can you help me find my master?"

"Don't worry, it's not in vain."

As soon as the waiter at the Huangquan Inn finished speaking, Lin Tianhao heard the system prompt.

"Ding, Huangquan Mingshi has issued you a mission [Find Man Yue, the owner of Huangquan Inn]."

[Looking for Man Yue, the owner of Huangquan Inn]

"Quest requirements: Go to the Nine Netherworld and look for Man Yue, the owner of the Yellow Spring Inn, who disappeared in the Nine Netherworld. (Promotion task: Bring Man Yue back alive from the Nine Netherworld)."

"Mission Rewards: Free Attribute Points +500 million, Life and Death Wheel +1, God-level Talent Awakening Stones +5, Talent Evolution Flower +5. Additional Rewards for Promotion: Free Attribute Points +1000 million, Skill Star Upgrade Scrolls +10, Talent Evolution Flower +10, Yellow Spring Qi +3."

"Mission penalty: None."

"Ding, do you accept it?"

"accept."

Lin Tianhao chose to accept the task without hesitation.

If there were no mission penalty, he would have gone to the Nine Netherworld anyway, so there would be no loss for him.

"By the way, Xue Di, with your abilities, have you received any blessings from gods and demons recently?"

"Or, do you know any adventurer who has received the blessing of gods and demons?"

Lin Tianhao narrowed his eyes slightly, and his expression became serious.

"I recently received a blessing from the gods and demons, but I failed."

"Also, I did some things that would have alarmed the saints before, but...the saints didn't show up."

Hear this.

Huangquan Mingshi sighed and said slowly:

"Alas, the trend cannot be violated."

Lin Tianhao hesitated and finally said:

"Is there a possibility that someone does not want a saint-level expert to intervene in future disasters?"

This Underworld Messenger obviously knows a lot of information, so it would be best if we could get some of it out of him.

"possible."

"But if the saints don't take action, it will still be useless. Ragnarok is a place abandoned by the gods..."

Lin Tianhao said slowly:

"What if the gods don't take action?"

Hear this.

Huang Quan Mingshi's eyes narrowed slightly and he said:

"My master also speculated this before, but according to what my master said, if we want to suppress the catastrophe realm to the realm of gods, then there can be no gods in this world."

That's it.

The Yellow Springs Envoy continued:

"If that's the case, then the next step might be to purge the gods. Although Ragnarok is a place abandoned by the gods, there are still many gods living there."

"Eliminating them all... is not impossible. It all depends on the determination of the higher-ups."

Lin Tianhao's expression changed slightly. If it was really as what the Underworld Messenger said, then what should he do with the List of Gods in his hand?

"Can't the higher-ups directly restrict the gods from taking action?" Lin Tianhao asked.

"The gods cannot take action, but there are still gods in this world. It's easy to get confused."

"The rules won't allow it. Since the gods can't take action, why don't we let them all leave?"

Lin Tianhao couldn't refute it, it seemed to be true.

So the question is, if the higher-ups really want to purge the gods, then what should he do with his List of Gods?

Could it be that the List of Gods should be handed over directly?

The Investiture of the Gods was a great help to him, even though it was unusable now, the power of the Investiture of the Gods was still undeniable.

But now is not the time to think about that.

"Now, can you take me to the Nine Netherworld?" Lin Tianhao said.

The Yellow Springs Envoy nodded slightly and said seriously:

"I'll clear the way for you. If you keep going in this direction, you will arrive in about half a day."

"But I can borrow the power of some rules from my friends to take you there, it will be much faster."

The words fell.

The Yellow Springs Messenger snapped his fingers, and a little loli with twin ponytails came skipping in front of them.

"Let's go."

Chapter 1563: The Tree King, approaching the 9 Netherworld!

Lin Tianhao added Hei Tian Aozhen and others to the List of Gods, and walked forward with Huang Quan Mingshi and the little loli.

After walking a few steps, Lin Tianhao felt ripples appearing in the space ahead.

The next moment.

He, the Underworld Messenger, and the little loli appeared in a desert.

"outsider?"

Just as he appeared, a voice with a hint of surprise came over.

"Master Underworld Envoy, outsiders are not allowed to set foot here. I'm afraid it's inappropriate for you to bring an outsider here."

As the voice fell, sand in the desert flew up and turned into a woman with a charming figure.

The Yellow Springs Envoy glanced at the person who was speaking and said calmly:

"My master has disappeared in the Netherworld. This is the person I invited to enter the Netherworld to look for my master."

"Snow Emperor?"

The enchanting woman moved and turned into quicksand, and in an instant she was close to Lin Tianhao.

When it arrived near Lin Tianhao, the quicksand gathered, revealing the figure of the enchanting woman again.

Lin Tianhao's eyes narrowed slightly. This woman was so erratic that it seemed as if she would disappear from his sight at any time.

"The name of Snow Queen is well-known. Go ahead."

The words fell.

The enchanting woman turned into quicksand again and disappeared.

"continue."

The little loli was in front, and Lin Tianhao and Huangquan Mingshi followed behind.

Just like before, ripples appeared in space, and when Lin Tianhao and the other two appeared again, they appeared in front of a dry forest.

At the entrance of the forest, a short old man emerged from the ground.

"Greetings, Lord Underworld Envoy."

Huangquan Mingshi waved his hand and said:

"I brought the Snow Emperor here and led him into the Nine Netherworld to look for my master. I hope the Tree King will give me some convenience."

The Tree King hesitated for a moment and said:

"Even the full moon adults can't come out, what difference will it make if you let him in?"

Lin Tianhao raised his eyebrows but said nothing.

However, Huangquan Mingshi said seriously:

"If even the Snow Emperor can't do it, then there shouldn't be any adventurer who can do it in the entire Ragnarok."

The tree king frowned slightly and said:

"Master Mingshi, your words are a bit absolute. Not everyone is as ostentatious as Xue Di."

"There are always some people who know how to hold back and not show off their talents."

Huangquan Mingshi shook his head and said:

"The Snow Queen and I have reached a consensus. The Tree King does not need to worry about what will happen when we enter the Nine Netherworlds."

"Now that the Ragnarok disaster is approaching, it will not work to just sit back and watch the fire from the other side of the river."

The Tree King pondered and said:

"Do less and make fewer mistakes. This is what we always choose. In a position like you and me, one wrong step could lead to eternal damnation."

A cold light flashed across Lin Tianhao's eyes and he said:

"If you really mean less wrong than less wrong, then you shouldn't have shown up when we arrived."

"You've shown up, and you're still trying to stop me from entering the Netherworld. Is this what you mean by less mistakes, less faults?"

That's it.

Lin Tianhao looked serious and continued:

"As for your responsibilities, there's no need to say it. If there really is such a thing as accountability, you can just say that it was the Underworld Envoy who brought me in, and it had nothing to do with you."

Hearing Lin Tianhao's words, the Tree King couldn't help but sigh:

"You are such a sharp-tongued brat, but you can't go if I don't allow you to go."

The moment the Tree King finished speaking, countless vines swept towards Lin Tianhao.

"Tree King!!"

Huangquan Mingshi growled, "I don't know if Xuedi has any grudges against you, but your behavior is too disrespectful to me!!"

"I want to take Xue Di in. If you must stop me, then I don't mind having a fight with you."

Upon hearing this, the Tree King looked a little serious.

"Yellow Springs Envoy, you have just taken over the Yellow Springs Inn, so don't be so angry."

Lin Tianhao stared at the Tree King and asked slowly:

"Have I ever offended you in any way?"

The King of Trees...

It seems that Lin Tianhao has never offended the other party.

If he had to say where he had offended a being like the Tree King, the first thing Lin Tianhao thought of was the plant-type alien monster in the ancient mysterious realm.

But later in the outside world, Lin Tianhao also dealt with the plant-based alien monster.

The plant-type alien monster did not reveal much murderous intent towards him.

"Rootless Sand Snake."

The tree king said calmly, "Do you understand?"

"I'm not happy with you because you kill too many people."

Lin Tianhao frowned slightly and said:

"Oh, I see. It seems that I didn't kill enough. As the saying goes, cut the grass at its roots. Otherwise, I will get rid of this one today!!"

Lin Tianhao didn't think there was anything wrong in killing the rootless sand snake.

The Rootless Sand Snake is a wild monster, and he needs to kill it to increase his poison resistance. Now that the Tree King has shown hostility, it will inevitably become a problem if it is not resolved.

The Tree King glanced at the Yellow Springs Envoy and said coldly:

"You should be thankful that the Yellow Springs Envoy is here, otherwise I would have plenty of ways to trap you to death here."

Lin Tianhao smiled noncommittally and said:

"Really? But I can also tell you that if I want to kill you, it's just as easy."

Huangquan Mingshi smiled helplessly and said:

"You two, please give me some face, right?"

"Well, I don't care about the grudges between the two of you. When the Snow Emperor comes out of the Nine Netherworld, I will let you have a good fight."

The Tree King narrowed his eyes and said, "I have no problem, but I'm afraid that the Snow Queen will be timid and run away!"

Lin Tianhao chuckled and said:

"Don't provoke me. You want to kill me, and I want to kill you too."

The tree king nodded and said:

"Well, in that case, I wish you good luck in the Netherworld. Don't get trapped to death in there. After all... I still want to kill you with my own hands."

Huangquan Mingshi sighed and said:

"Tree King, you are so old, but you are still impulsive. Although Snow Queen is young, she has a good foundation. You used to be careful and cautious in doing things, but why do you lose your sense of proportion when it comes to Snow Queen?"

The tree king waved his hand and said:

"Master Mingshi, I have my own considerations when doing things."

The Yellow Springs Envoy seemed to want to say something but hesitated. In the end, he said nothing more and continued to move forward with Lin Tianhao.

"Snow Emperor, if you pass through this forest of dead trees, you will be able to reach the portal to the Nine Netherworld."

"It's not too late for you to regret leaving now. Once you enter the Nine Netherworld, the situation inside will no longer be under my control."

Seeing how serious the Underworld Messenger spoke, Lin Tianhao also understood that this place of the Nine Netherworlds was extremely dangerous. If one set foot in it, it would be difficult to escape unscathed.

But just the fact that it was a super god-level talent awakening stone gave Lin Tianhao a reason to enter the Nine Netherworld.

In front.

A narrow path appeared in Lin Tianhao's sight.

There were white bones on both sides of the narrow path, piled up like a mountain, some of which were human and some were wild animals.

Chapter 1564: Crying, monsters like a tide!

Above this mountain of bones and corpses, there was a flickering ghostly fire, and a chill came from these bones, causing Lin Tianhao to shiver involuntarily.

Lin Tianhao has been to the Far North, which is covered with ice and snow all year round, but it is not as cold as here.

"I can only take you here. You have to walk the rest of the way by yourself."

Lin Tianhao nodded slightly and stepped onto the narrow path.

Those swaying ghost fires seemed to have sensed Lin Tianhao's arrival and were jumping towards him.

Lin Tianhao activated the Nine Refinements of Divine Flame, a method he learned from Taishang Laojun.

Shenyan Jiulian has great control over flames.

even.

Using the Nine Refinements of Divine Flame, Lin Tianhao can refine most flames.

These ghost fires may be very lethal to other people, but to Lin Tianhao who has the Nine Refinements of Divine Flame, these ghost fires are not only not lethal, but are a great help.

At this time, Lin Tianhao had not completely escaped from the sight of Huangquan Mingshi and the Tree King.

When they saw that Lin Tianhao could actually control those will-o'-the-wisp fires, they couldn't help but be a little surprised.

"The Snow Emperor is not simple. Even we have to be careful when dealing with these ghostly flames, but it is so easy for him to deal with them."

The Tree King snorted and said:

"It's just a coincidence. Besides, we have just set foot on this Netherworld Road. The ghost fires behind us will become stronger and stronger."

"What's more, there are more than just ghost lights on this Netherworld Road."

.....

Lin Tianhao continued to move forward along the narrow path. There were more and more ghost fires along the way, but with his Nine Refinements of Divine Flame, these Netherworld ghost fires were still easy to deal with.

suddenly.

Lin Tianhao heard a faint crying sound, as if someone was crying far ahead.

Is someone crying in this place?

It seems abnormal no matter how you look at it.

When coming to the Nine Netherworld, Lin Tianhao had already anticipated that he would inevitably encounter various situations.

No matter what the crying sound is, Lin Tianhao will go.

At this moment.

The sound of swords and horses came from the front, and the sound of war drums was shaking the sky and the earth.

Moreover, the sound came suddenly, which inevitably made Lin Tianhao guess something.

"Just after I heard the faint sound of crying, the sound of war came. I think there is a high probability that the sound of war is caused by the crying."

The voice of Burning Heart Nightmare came, and the meaning of his words was very obvious.

That is, the sound of swords and horses is an illusion, and the reason for the illusion is the faint sound of crying.

"No matter what means, we will take it."

Lin Tianhao was not afraid, and the arrow flew forward.

On this dark road, his spiritual consciousness was compressed to the extreme and could not be released at all.

Means like the Eye of Insight are also greatly limited.

Without the existence of spiritual consciousness and the eye of insight, Lin Tianhao could only rely on his eyes to observe what was ahead.

At this moment.

Countless translucent soldiers rushed towards them.

"Ghost soldiers?"

Lin Tianhao's expression changed slightly. The sound of swords and horses should have come from these ghost soldiers.

Lin Tianhao did not hesitate, and the arrows flew towards these ghost soldiers.

The feather arrows containing the Heavenly Punishment Lock were very effective when facing these ghost soldiers.

The ghost soldiers hit by the feather arrows all suffered the same fate: they were killed directly without any power to resist.

however.

These ghost soldiers seemed to be endless. No matter how Lin Tianhao killed them, there would still be countless ghost soldiers rushing towards them.

"It should be useless. These ghost soldiers should be just a part of the illusion. We need to find the owner of the crying voice."

Burning Heart Nightmare's voice was somewhat solemn. "These ghost soldiers are endless. Sir, you can check if your talent is adding health points for you."

"If you can still add up your health points, it means that these ghost soldiers are all living beings, and the Dao is an illusion."

Lin Tianhao nodded seriously and said:

"These ghost soldiers are not illusions. When I attack them, my health points can be increased."

When Lin Tianhao said this, they had already been surrounded by these endless stream of ghost soldiers.

Not only the ghost soldiers, but also a lot of skeleton monsters emerged from the mountains of bones and corpses.

The number of ghost soldiers and skeleton monsters was so large that even Lin Tianhao found it unbelievable.

His Sky Punishment Lock can trigger skills such as Lightning Jump and Skyfire Meteor.

The arrival of the skyfire meteor can kill many ghost soldiers and skeleton monsters.

But even so, it still couldn't change the outcome here, and Lin Tianhao unfolded the Sky-Splitting Field.

Along with the improvement of Lin Tianhao's Space Avenue, his Sky-Splitting Domain was also greatly improved.

But facing these ghost soldiers and skeleton monsters that were like a tide, Lin Tianhao still felt a little overwhelmed.

If Lin Tianhao wants to change the current situation, the best choice should be to open the invincible field.

Use the power of the invincible domain to kill these monsters by force.

"Ding, congratulations, you have successfully killed the Skeleton Dragon. We will announce it to all servers soon. Do you want to hide your name?"

"no."

"Announcement to all servers, congratulations to player Xue Di for successfully killing the Skeleton Black Dragon. We hereby announce this and hope all adventurers will keep up the good work!!"

.....

"Ding, congratulations, you have successfully killed the eight-armed ghost general. We will announce it to all servers soon. Do you want to hide your name?"

"no."

.....

One after another, server-wide announcements resounded above Ragnarok.

Lin Tianhao killed more and more ghost soldiers and skeleton monsters, and soon he was overwhelmed.

Lin Tianhao also wanted to see whether these ghost soldiers and skeleton monsters could kill him.

The result is.....

Can't be killed!!

Lin Tianhao has the Nine Heavens True Body, and when he suffers damage he can recover a certain percentage of his health.

And not all of these ghost soldiers and skeleton monsters can attack Lin Tianhao.

and.

Because of Jiuqiong's true body, if these ghost soldiers and skeleton monsters attack too frequently, they will be killed by Lin Tianhao.

"Boom boom boom——"

Under this high-frequency attack, the Skyfire Meteors were constantly triggered, and a large number of meteors fell, killing these ghost soldiers and skeleton monsters in a wide range.

"Killing like this is not a solution."

Ned Liv's somewhat solemn voice sounded.

"This is the Netherworld. The number of these ghost soldiers and skeleton monsters is far beyond imagination."

Lin Tianhao was actually a little conflicted, because he could use this number of monsters to stack up their health.

Normally, it would not be easy for him to find a place where he could easily accumulate health points.

therefore.

For Lin Tianhao, this is a godsend opportunity.

Feather arrows were fired continuously, whether it was lightning jump or skyfire meteor, these range skills could also increase Lin Tianhao's health.

Chapter 1565: Crazy stacking of health points!

Lin Tianhao also wanted to see when these endless ghost soldiers and skeleton monsters would end.

Although because he has not yet changed his job, his highest level has reached five thousand.

But at this time Lin Tianhao.

In front of these ghost soldiers and skeleton monsters, he is already invincible.

“After all, this is not a solution.”

This went on for more than an hour, and Lin Tianhao finally figured it out.

At first glance, it seems almost impossible to kill all these monsters.

Invincible territory, open!!

Lin Tianhao opened the invincible field without hesitation.

He knew very well that if he wanted to kill these skeleton monsters and ghost soldiers, asking Heitian Aozhen, Qingya Guisha or Shahai Dudi to take action would only speed up the killing process. It would be almost impossible to eliminate these monsters.

The only thing that can do this is the invincible field.

Only with an invincible domain can one kill all these ghost soldiers and skeleton monsters the moment they arrive.

as predicted.

After Lin Tianhao opened his invincible field, he started a crazy killing mode.

At this moment, within a radius of fifty meters around Lin Tianhao, he was invincible.

The original invincible field had a range of ten meters, but now the invincible field has been upgraded to two stars, and the coverage area has been increased from ten meters to fifty meters.

This is all thanks to the Lord of Extreme Ice. Without her, Lin Tianhao's invincible domain would not have been able to upgrade its stars so quickly.

It was because she helped Lin Tianhao complete a grade +1 that Lin Tianhao's invincible domain was upgraded by one star level.

At this moment.

The fifty-meter range centered on Lin Tianhao was like an endless black hole. All the ghost soldiers and skeleton monsters that poured into the invincible area were killed in an instant.

and.

Lin Tianhao can still gain an increase in health by killing these ghost soldiers and skeleton monsters.

In just one second, Lin Tianhao's health points increased by 1.5 million!!

This speed of improvement is truly terrifying.

These ghost soldiers and skeleton monsters rushed towards Lin Tianhao madly as if they were fearless of death.

Lin Tianhao was not panicked at all. With his invincible domain, he could kill as many ghost soldiers and skeleton monsters as they came.

There are too many announcements from the entire server to count.

at this time.

The adventurers and NPCs in the outer land have become somewhat numb.

Because at this time in the sky above the extraterritorial area, a server-wide announcement would sound almost every 0.1 seconds, and all of them were from Lin Tianhao.

"What is this Snow Emperor doing? How many seconds does he have to break? How could this happen?"

"Didn't you shut down Xue Di's server-wide announcement? Aren't you crazy?"

"Indeed, the server-wide notifications are too frequent now. But we can set it up. For example, the server-wide notifications for killing the Whispering Nine will be continuous. This will be much better."

"Well, it's better to just turn it off to avoid missing important information. However, the frequency of Xue Di's server-wide announcements is indeed a bit scary."

.....

The adventurers just came to watch the fun.

However, outside the domain, the NPCs from various forces have already guessed Lin Tianhao's location.

Baili Academy.

The dean of Baili Academy narrowed his eyes slightly, with a look of surprise on his face.

"The Snow Queen...actually arrived at the Nine Netherworlds."

That's it.

The dean of Baili Academy sighed and said:

"The trend is irreversible, Xue Di. All you have done will be in vain in the end."

The voice of the dean of Baili Academy had just fallen when a sinister voice suddenly rang out.

"Since you know that the Snow Queen cannot reverse the situation, are you willing to hand over that thing? If so, I can promise to let your Baili Academy go."

Hearing this voice, the dean of Baili Academy was not too surprised. He just said lightly:

"It seems that you are really afraid of being killed by the Snow Emperor. You are hiding so much after coming to see me. Are you afraid that I will tell the Snow Emperor after I know your name?"

Hear this.

The man in black in the shadows looked gloomy and said:

"You provoke me like this, aren't you afraid that I will attack you directly and wipe you out?"

"You won't, because no one can find such a thing except me."

The dean of Baili Academy is very confident.

The man in black in the shadow frowned and said:

"Dean Baili, as the saying goes, a man who knows the times is a hero. You can die, but do you want to watch these students of your Baili Academy die with you?"

"You are also a person who has read many books of sages. You should know clearly that people like Xue Di are not worth following."

"If you are useful to him, he will treat you well. If one day you are useless, he may kill you at any time."

That's it.

The man in black in the shadows paused for a moment before continuing:

"In your world, there is an old saying that being with the king is like being with a tiger. Today you may be a confidant by the bedside, but tomorrow you may be played with the Nine Clans Elimination Game."

The dean of Baili Academy looked meaningfully at the man in black in the shadows and said:

"The Snow Queen hates you to the core. If I surrender to you, I will really be eliminated by the Nine Clans."

"As for you, do you still dare to show up in front of Xue Di now?"

"A mouse who can only do small things behind the scenes will never be able to show up on the stage."

Hear this.

The man in black in the shadow seemed a little annoyed.

"Dean Baili, you must not refuse my toast and drink the wine for punishment!!"

The dean of Baili Academy said calmly:

"You are very powerful, but if I insist on fighting you to the death, you will not end up well. I can even try to spy on the list of everyone in your Arlate Galaxy during Ragnarok."

"you--"

The man in black in the shadows became even more angry. He glared at the dean of Baili Academy and scolded:

"Are you threatening me?"

The dean of Baili Academy shook his head and said seriously:

"I'm not threatening you, you're threatening me."

"We at Baili Academy have many options, but joining the Alete Galaxy is not one of them."

The man in black in the shadows looked very unhappy. He waved his hand:

"Knowing that the general trend is irreversible, yet not knowing how to seize the good and avoid the bad, and go with the flow, is really stubborn and reckless."

The words fell.

The man in black in the shadow turned into black smoke and disappeared.

.....

The Land of the Netherworld, the Road to the Netherworld!!

At this time, Lin Tianhao was still facing the attack of countless ghost soldiers and skeleton monsters.

Under the impact of these skeleton monsters, he can accumulate hundreds of millions of health points every minute! !

The key is.

This 100 million health points are not the increased health points, but the basic health points!!

however.

A full half hour passed.

Under the killing speed of Lin Tianhao's invincible field, the number of these ghost soldiers and skeleton monsters remained unchanged, and they rushed towards Lin Tianhao like a tide.

One hour passed in a flash!!

Lin Tianhao's invincible domain has not ended yet.

This is another area of enhancement after being upgraded to two stars.

That is, the invincibility zone that originally lasted for one hour can now last for two hours!!

.....

PS: Dear readers, I have had some health problems recently. It's not a sudden onset, but there were signs early on. I have been typing and having an irregular work and rest schedule over the years. Since 19, I have had severe tinnitus, which has not improved over the years.

Recently, I have been feeling chest tightness and shortness of breath, and my heart occasionally aches. I feel like I have lost my soul and am weak and powerless.

Especially since the gorilla's baby is still so young, I have been feeling inexplicably anxious recently. The doctor said it was caused by long-term sub-health and irregular work and rest schedule. He told me to rest more, adjust my work and rest schedule, and recuperate well.

So... in terms of updates, it should be back to two updates starting next month.

To be honest, it's hard.

Because Xingxing only recently found out that asking for small gifts and five-star reviews can get more traffic recommendations for books.

Originally, I was planning to update the article next month and ask for small gifts and five-star reviews, but now it seems that's not possible. Alas.

That's all. Dear readers, please pay more attention to rest, because health is the capital of revolution.

Chapter 1566: Red spider lily, the unrighteous divine stone!

Originally Lin Tianhao thought.

As long as he opens up his invincible realm, he can solve the current troubles.

But now he realized that he had underestimated the number of these ghost soldiers and skeleton monsters.

"Sir, looking at the situation, if you want to get through, I guess you have to force your way through." Hei Tianaozhen said in a solemn voice.

As the saying goes, "many ants can kill an elephant." With so many ghost soldiers and skeleton monsters, they can be worn down to death bit by bit.

"Look again."

Lin Tianhao's invincible field can still last for an hour. If he starts to charge now, he will waste this God-given opportunity to increase his health.

more importantly.

During this process, he can also improve his talent proficiency.

An hour flies by in a blink of an eye.

In just two hours of opening the invincible field, Lin Tianhao accumulated 12 billion basic health points.

Taking into account the increase in Lin Tianhao's health points, this time, Lin Tianhao's total health points increased by more than 70 billion! !

This is just the result of two hours.

Now that the invincible domain has ended, the three powerful men, Hei Tian Ao Zhen, Fen Xin Meng Yan and Sha Hai Du Di, have opened their domains at the same time. Lin Tianhao has also moved the power of space to the extreme and rushed forward! !

It now seems impossible to slaughter all these ghost soldiers and skeleton monsters.

"Army of the Undead!"

Lin Tianhao released the millions of enslaved undead army. These were the ghost soldiers and skeleton monsters he had just killed.

However, the strength of these ghost soldiers and skeleton monsters was weakened by 30% after they turned into undead.

And this number of millions is simply not worth mentioning compared to the ghost soldiers and skeleton monsters around them.

"Space shuttle!"

Lin Tianhao wanted to escape from the battle by traveling through space.

But when he used the space teleportation technique, he was dumbfounded.

Because his space travel only went a little over a hundred meters?!

At this distance, wanting to escape from the battle is nothing but a pipe dream.

"Come again!!"

Lin Tianhao performed space teleportation five times in a row, but finally gave up and started running.

The effect of this space shuttle is minimal and cannot take Lin Tianhao out of the battle.

"Shenfu Tower, get out!!"

The Green Fang Ghost Demon summoned the Divine Talisman Tower, which enveloped Lin Tianhao's head. Countless runes swept towards the ghost soldiers and skeleton monsters in all directions.

Several powerful men attacked at the same time and finally helped Lin Tianhao to open a gap.

Lin Tianhao finally started to charge.

Keep moving forward.

Lin Tianhao didn't know how far he had run. He just felt as if he was in a sea of monsters. The Divine Talisman Tower was like a faint light, guiding him forward.

at last.

The ghost soldiers and skeleton monsters around him began to retreat quickly. After these monsters retreated, Lin Tianhao's body was already eroded by sweat.

This was the first time that Lin Tianhao had experienced such a high-intensity battle since entering Ragnarok.

"The number of these ghost soldiers and skeleton monsters is probably in the trillions."

"That is, we must work together. Otherwise, ordinary masters of the Divine Rank realm may not be able to get through."

The Green Fang Ghost Shaker shook his head and said:

"That's not the case. Although there are many ghost soldiers and skeleton monsters, their levels are too low. It's just a matter of time before we can get through them."

Lin Tianhao nodded slightly and looked forward.

A pavilion appeared in front of us.

The shrill cry was heard again, and just hearing this sound made Lin Tianhao feel a little sad.

Lin Tianhao looked around but found no trace of anyone.

it's here.

The spiritual consciousness and the power of laws were greatly restricted, so it was difficult for Lin Tianhao to spy on the surrounding situation from a distance.

"It seems that we were besieged by ghost soldiers and skeleton monsters because we heard this cry before."

Lin Tianhao walked forward, and the crying sound seemed to come from the pavilion in front.

Just looking with the naked eye, the pavilion was empty and there was nothing special to see.

"Is it a barrier?"

Lin Tianhao stood at the entrance of the pavilion and waved his hand, and the army of undead walked forward.

really.

When the undead army entered the barrier ahead, they neither died nor disappeared, and Lin Tianhao could feel their presence.

Lin Tianhao looked at both sides of the pavilion. It was foggy and he couldn't see anything.

Lin Tianhao opened his Fiery Eyes and could vaguely see some round objects in the mist. They looked... somewhat similar to tea cakes, or flowers like sunflowers.

"go with!"

Hundreds of undead armies poured into the fog.

As soon as the undead army stepped into the fog, their bodies began to disintegrate.

"It is rumored that both sides of the Yellow Springs Road are lined with red spider lilies. Red spider lilies can destroy souls and give birth to new souls. All souls that come into contact with red spider lilies will turn into monsters."

As if to verify what the Poison Emperor of Sand Sea said, the moment the Poison Emperor of Sand Sea finished speaking, those scattered undead souls gathered together again in a short time.

but.

These gathered undead were completely different from the undead just now. Their eyes were bloodshot and they were filled with murderous aura. They rushed directly towards Lin Tianhao.

Lin Tianhao shot arrows from his heart and easily killed all the undead monsters.

"It seems that it is impossible to get around it."

Lin Tianhao frowned slightly, but did not hesitate and directly performed space teleportation.

Although in this Netherworld, he could only travel more than a hundred meters through space, but it was still no problem for him to cross this pavilion.

of course.

This is only in theory, because Lin Tianhao's space travel has to pass through the space where the pavilion is located. I just don't know whether he will be stopped when passing through the space where the pavilion is located.

The next moment.

Lin Tianhao has already got the answer.

He was intercepted.

After landing, he was no longer in the pavilion, but appeared in a huge mine.

There was no one in the mine. Apart from the miserable cries and Lin Tianhao's own breathing, no other sounds could be heard here.

"these are....."

Ned Liv's extremely shocked voice rang out.

"The Wudao Divine Stone, it's actually the Wudao Divine Stone!!"

"Still so many!!"

Lin Tianhao raised his eyebrows slightly. He could guess from Ned Lifu's tone that this Wudao Divine Stone was extremely precious.

"What's the use of this Wudao Divine Stone?" Lin Tianhao asked.

"The Wudao Divine Stone is a super treasure used to create weapons and equipment. This thing has no attribute blessing. When someone first discovered it, they regarded it as garbage."

"But it was later discovered that this thing can ignore all attacks from the Tao!!"

"Xuedi, you can give it a try. All your power of Dao cannot leave even the slightest trace on the Wudao Divine Stone!!"

Chapter 1567 The woman in white dress, the master of Qingtianyuan!

"Even if it is a god, if it can get a set of equipment made of Wudao Divine Stone, it will be able to fight above its level."

"After becoming a god, the evaluation of combat power mainly depends on the depth of the Dao, and without the Dao Divine Stone, one can ignore the attacks of the Dao. This is simply like a cheating device."

Nidlifu was really excited. "Xuedi, with these Wudao Divine Stones, you may not be without hope when facing the strong men of the Alet Galaxy."

"If the opponent's Tao attack is useless to you, and your feather arrow attack is so powerful that even the gods have to retreat, then this may be an opportunity."

"more importantly."

"There are so many Wudao divine stones here, which are enough to help you, Xue Di, build a Wudao army. By then, you will surely be invincible."

Lin Tianhao raised his eyebrows slightly. If this Wudao Divine Stone could really be immune to all attacks from the Dao, then it would indeed be worth making good use of.

"Looking at the situation here, there were many people mining Wudao Divine Stone here before, but those people who mined Wudao Divine Stone have all left now."

While talking.

Lin Tianhao looked in the direction where the crying sound came from. It was a woman in a white dress.

She lay on top of the mine, tears and blood flowing from her eyes, and her sobbing was so shrill that it made people's scalps numb.

"Girl, don't cry." Lin Tianhao frowned and said.

Generally speaking, this is where you can trigger some useful clues.

The woman in the white dress raised her eyes and looked towards Lin Tianhao.

When her eyes fell on Lin Tianhao, she actually stopped crying.

"You...I seem to have seen you somewhere."

"I remember now. You helped my husband..."

"You are a good person, go, go, go quickly, this is a devil's den where people are eaten without leaving any bones. Everyone here must die, and must die!!"

When she spoke the latter part, a strong resentment emanated from the woman in the white dress.

Lin Tianhao was a little confused.

Have you ever helped her husband?

How come he has no recollection of it at all? When did he have any connection with this Netherworld?

"I came here to look for a woman named Man Yue. I wonder where she went?" Lin Tianhao asked.

The woman in the white dress had a bit of teasing in her eyes: "She's dead. She didn't listen to my advice and insisted on going in. If she doesn't die, who will die?!"

Lin Tianhao released the army of undead and began to collect these Wudao divine stones, and asked:

"What's inside? Why will you die if you go in?"

"Wanderers, wanderers with pollution sources, the entire Nine Netherworld is polluted. If you go in, you will definitely die, or be polluted, but that is still a dead end."

"You should leave quickly. We can't hold them back for long. Someone is doing this on purpose. They want to kill you and Xue Di."

"The wanderers were brought here by someone. They are so evil. My husband was killed by them. The Nine Netherworld was also destroyed by them. Go away, go away!!"

Lin Tianhao's expression changed slightly. "Who wants to kill me? Who are the wanderers? What is the source of pollution?"

The woman in the white dress seemed to be in a weird mental state. She shook her head frantically and said:

"I don't know, I don't know, boy, girl, neither is right, hermaphrodite, no, no..."

"I really don't know. Don't ask. Let's go. Let's go."

Lin Tianhao was a little confused, but Ned Lif's voice sounded in Lin Tianhao's mind.

"Wanderers are generally a name for the refugees in the interstellar space. Their strength is unknown. Generally, they are those who are expelled from the divine realm and become refugees."

"There are many dangers in the endless starry sky, and pollution sources are one of them."

"When refugees wander in the endless starry sky, they may be infected with the source of pollution. You can think of this source of pollution as an extremely terrifying plague. Once infected, it is very difficult to get rid of it."

"Once you are infected with the pollution source, there is almost no way to survive. If it is true as she said, that a wanderer brought the pollution source into the Nine Netherworld, then the Nine Netherworld will be very dangerous at this time."

Lin Tianhao spoke in a deep voice and asked again:

"Who brought the source of pollution here?" Lin Tianhao asked.

The first thing Lin Tianhao thought of was those bastards in the Alate Galaxy. Since they couldn't do anything to him, they would inevitably do some small tricks.

This source of pollution seems to be a small trick they might have done.

Relying on the undead army, Lin Tianhao collected a large number of Unruly Divine Stones in a short period of time. With these Unruly Divine Stones, there might be an opportunity.

"A woman, a woman...what's her name...what's her name..."

The woman in the white dress slapped her head hard, as if some memory had been erased.

"Why can't I remember it? I clearly remember that she came..."

Unexpected.

The woman in the white dress stared at Lin Tianhao and said:

"Found it, found it, I found her in your memory!!"

Lin Tianhao's face changed drastically, and an inexplicable feeling of panic surged into his heart.

"You... can spy on my memory?!"

this is too scary.

If someone could peek into his memories, his identity as a reborn person would likely be known.

"Yes, yes, I can see your memories."

"No, no, it's not her, it's her, it's not her...it's obviously her..."

The woman in the white dress became more and more crazy, and her white dress began to turn red.

"It's her, it's her!!"

"Blue Sky Source Master, Blue Sky Source Master, it belongs to Ye Wuqing, it belongs to Ye Wuqing, it's her, it's her!!!"

"No, no, what's wrong..."

The woman in the white dress squatted on the ground with her head in her hands and even began to slap her head hard.

"Calm down." Lin Tianhao advised.

at the same time.

A huge wave of emotion was rising in Lin Tianhao's heart.

The source of the blue sky? Gui Ye Wu Qing? ! ?

Qingtian Yuanzhu didn't know, but Guiye Wuqing knew! !

This woman should not have come into contact with Gui Ye Wuqing in this Nine Netherworld.

So.....

Does this mean that the woman in the white dress really just peeped into his memory?

"You said that it was Gui Ye Wuqing who brought these wanderers here?" Lin Tianhao asked in a deep voice.

This is unrealistic no matter how you look at it.

Gui Ye Wuqing might be very powerful, but she simply does not have the ability to lure wanderers from the endless starry sky.

"It's the Blue Sky Origin Master. They are exactly the same. Their origin auras are also exactly the same. It's her, it's her..."

"That's right. She erased my memory. I remembered it now. Hahaha. How could my memory be erased? She is too naive. So naive. Hahaha. Who am I? She actually tried to erase my memory. Hahaha..."

The laughter of the woman in the white dress became more and more crazy, and she looked no different from a lunatic.

"Then who are you?" Lin Tianhao asked.

Chapter 1568: The white skirt turns into a red skirt, and a palm is raised to the sky!

"Who am I? Who am I?"

The woman in the white dress was stunned and looked around blankly, "Yes... Who am I..."

"I came here to look for my husband, but my husband is dead. He is dead... Then who am I?"

Lin Tianhao didn't know what to say for a moment. This woman actually forgot who she was.

"I don't know, I don't know, don't ask me, my head is going to explode, so many memories... so many memories, I found it, I saw it, my husband is here, here, hahahaha..."

Looking at the woman in the white dress like this, Lin Tianhao knew that it would be unlikely to get any useful clues from her.

but.

Lin Tianhao still got some information that he found useful.

The first is the mysterious Qingtianyuanzhu, she should be related to his sister Lin Qingqing.

Or.....

There is a high probability that those people who returned to Ye Wuqing are related to this Qingtian Yuanzhu.

The person who led the wanderers carrying the infected to the Nine Netherworld should be the Lord of Qingtian Source.

But judging from the appearance of the woman in the white dress, this Qingtianyuan Lord is most likely the same person as Gui Ye Wuqing.

The source master of Qingtian is exactly the same as Guiye Wuqing.

Does that mean that those Gui Ye Wuqings are all related to this mysterious Qingtian Yuanzhu?

If so, what about him?

After all, Lin Qingqing is his biological sister.

No, this is not right either!!

Because he had previously learned about the situations of several other Gui Ye Wuqings, and they also had families.

If you say that Gui Ye Wuqing's family members are all awesome, then there is another explanation.

But the problem now is that, apart from himself, there are not many powerful people in Gui Ye Wuqing's family.

The family of Gui Ye Wuqing in the inner world is quite powerful, but they are only powerful in the real world of the inner world, not so powerful in the game world.

Looking at the woman in the white dress in front of him, Lin Tianhao had a lot of thoughts in his mind.

Besides.

The fact that the woman in the white dress could peek into other people's memories also made Lin Tianhao feel a little nervous.

"Girl, I am going to enter the Nine Netherworld. I need to find someone and something very important. I hope you can understand."

The woman in the white dress stared at Lin Tianhao with a strange smile on her face.

"Hey Hey....."

"I think I understand. So that's how it is. So that's how it is. Hahaha...hahaha..."

The smile on the face of the woman in the white dress was insane, and she seemed to have completely lost her mind.

"What did you understand?"

The woman in the white dress continued to stare at Lin Tianhao and said:

"It's unspeakable, unexplainable, get ready for your biggest highlight moment before the catastrophe!!"

"Hey hey hey..."

"The show is about to begin!!"

"You are the leading actor..."

"This Netherworld is your stage. Go ahead and enter the Netherworld..."

The woman in the white dress was getting more and more crazy, and what she said was even more incomprehensible.

"You just said that I can't enter the Nine Netherworld, but now you say that I can..."

This was obviously a self-contradictory statement, which made Lin Tianhao a little confused.

"what....."

Sudden.

The woman in the white dress seemed to have discovered something. She raised her eyes and looked into the depths of the Nine Netherworld.

Lin Tianhao also followed her gaze.

But all Lin Tianhao saw was fog and he didn't find anything.

"A mouse is coming. No, no, no, it can't be considered a mouse. It's so powerful..."

"Are you here to watch the show too?"

"No, no, we are here to destroy the stage. How can we destroy the stage?"

"How can this be possible..."

"This is the stage given to my benefactor, how can it be destroyed?!!"

The eyes of the woman in the white dress became more and more fierce, and her white dress began to turn red quickly, as if blood had dyed her white dress red.

"roll--"

The woman in the white dress roared at the foggy sky. The sound seemed to carry infinite power of rules and it actually pierced through the foggy sky.

The fog dissipates.

Lin Tianhao saw a blood-red eye at the top of the sky looking at them.

The eyes were as big as millstones. Just by looking into them, Lin Tianhao felt as if his body and soul were imprisoned and he was completely unable to move.

At this moment.

The white dress worn by the woman in white dress had completely turned red.

"You want to touch my benefactor in front of me? Do you think I am air?!"

The woman in the red dress took a step forward and stood in front of Lin Tianhao.

at this time.

Lin Tianhao's body finally regained its ability to move.

Cold sweat had already soaked Lin Tianhao's back.

The eye in the sky was so terrifying that it made him unable to move just by looking at him from a distance.

The blood-red eyes above the sky seemed very dissatisfied with the behavior of the woman in the red dress, and there was clearly a hint of anger in the eyes.

then.

Lin Tianhao saw a hole in the sky, and a giant hand as huge as a mountain passed through the space crack and slapped towards Lin Tianhao.

After this palm strike, Lin Tianhao's mind went blank. It was no longer a question of whether he could move or not.

At this moment.

He had even completely lost the ability to think.

"Fuck it!!"

"You really think I'm air, don't you?!"

The woman in the red dress also raised her palm and faced the huge palm above the sky.

"Boom boom boom——"

In an instant, the sky collapsed, the earth broke apart, the space collapsed, and countless space cracks appeared, as if to pull Lin Tianhao into the turbulence of space.

After one palm strike, the surroundings returned to peace.

Lin Tianhao staggered a step, and his blank mind finally had the ability to think.

just.

When he regained the ability to think, the woman in the red dress had disappeared and the sky was still foggy.

Everything that just happened seemed like a dream.

"Ned Liv, what exactly happened just now?" Lin Tianhao asked.

Ned Lev's voice trembled a little.

"I don't know. I just saw the hand appear, and then... then I couldn't see anything. My projection was completely locked in my body."

Lin Tianhao's expression changed slightly. Ned Leef's projection was immune to almost all attacks.

But the huge hand above the sky just now could even affect Ned Leef.

"What about you?" Lin Tianhao asked Fenxin Mengyan and the others again.

"Same."

Burning Heart Nightmare's voice was somewhat bitter, "They are not in the same league at all, but I am sure that the one who made the move must have surpassed the divine realm in strength."

Lin Tianhao took a breath of cold air.

The woman in the white dress has disappeared. Lin Tianhao finds what she said strange. It seems like crazy talk, but it also seems to reveal some information.

Are you the leading actor?

The Nine Netherworld is a stage?

Chapter 1569 9 You Trial Field!

And what about the so-called rat?

He should be the owner of the blood-red eyes above the sky.

At first, she didn't allow herself to enter the Nine Netherworld, but later she allowed him to enter the Nine Netherworld.

There are some contradictions, but it seems that they can be explained by the leading actors and the stage.

and.

The woman in the white dress also said that the Nine Netherworld would be his highlight moment before the catastrophe.

What highlight moment?

What can he do?

What on earth is waiting for him in this dark place?

These ones.

To Lin Tianhao, everything is unknown.

But now that we have come this far, it is impossible to leave now.

After putting the last of the Wudao Divine Stone into the map of mountains and seas, Lin Tianhao took a step forward.

Passing through the mine, Lin Tianhao let the undead army explore the way.

We didn't encounter any danger along the way.

It was as if everything that happened before no longer existed.

There is also a barrier right in front of the mine.

Lin Tianhao let the undead army walk in front.

The undead army passed through the barrier ahead, and no danger came.

Lin Tianhao also followed through.

The moment he stepped out of the barrier, he appeared behind the pavilion. In front of him was still a narrow path, surrounded by fog, making it impossible for him to see the surroundings clearly.

However, with the help of his Fiery Eyes and Golden Pupils, Lin Tianhao could still see that there were quite a few red spider lilies on both sides of the path.

The power of these red spider lilies is mysterious. I just don't know if I can find a way to pick some in the future.

of course.

It certainly won't work now.

The power contained in these red spider lilies seems abnormal no matter how you look at it.

As Lin Tianhao moved forward, the fog around him began to dissipate, allowing Lin Tianhao to see farther.

suddenly.

Lin Tianhao heard a rattling sound, as if someone was dragging a chain.

At this moment.

Lin Tianhao saw a square appearing in front of the narrow path, and on the square, there was a person wandering.

They only had half a body, with iron chains wrapped around their arms. The sound of the chains being dragged was the sound they made when crawling.

"These are...ghost messengers!!"

Nidlifu's voice sounded somewhat surprised, "Why are they only half of their bodies?"

Lin Tianhao's eyes narrowed slightly, "From a certain perspective, the ghost messenger can also be considered a Yin God..."

Lin Tianhao had a bad feeling. He couldn't see any problem with these ghost officials with half bodies.

At this moment.

A long-lost voice suddenly sounded.

"It's the Yin Gods. Their state is very strange. There is something strange here. I feel that my divine power is being eroded by a mysterious force."

"Although the erosion rate is very slow at the moment, this feeling is not wrong."

The voice of the God of the Dead was so long ago. As the first god on Lin Tianhao's List of Gods, Lin Tianhao had not heard his voice for a long time.

"God of the Dead!!"

"You woke up?!"

Only then did Lin Tianhao realize that his List of the Gods could actually be used at this moment.

"Yes, not only have I recovered, I can also use my full strength. This feeling is better than ever before."

The voice of the God of the Dead had just fallen when an extremely cold voice rang out.

"Good? Not good at all, sir. Why did you come to this place? There are infection sources specifically targeting divine power here."

"If we stay here for too long, we will probably become out of control like these ghost messengers."

The voice belonged to no one else but a god that Lin Tianhao had recently sent to the List of Gods.

To be precise.

He is not a god. His true realm should be above that of a god. However, because he was included in the List of Gods, his realm was suppressed to the peak of the God Emperor.

He was none other than the culprit who had caused chaos in the Central Plains: the Dark Angel!!

Lin Tianhao's eyes narrowed slightly, and in an instant, he had a bad premonition.

He had just received news from the Underworld Envoy that if he wanted to prevent those guys in the Alet Galaxy from using powerful gods, then there couldn't be gods in the Milky Way world! !

He had previously learned that there was Heavenly Punishment Equipment in the Nine Netherworlds, and later the Lord of Extreme Ice told him that there was a Super God-level Talent Awakening Stone here.

then.

It was the task given to him by the underworld messenger of Huangquan, to find Man Yue, the proprietress of Huangquan Inn.

Putting aside the search for the full moon, whether it is the Heavenly Punishment Equipment or the Super God-level Talent Awakening Stone, they are things he cannot refuse.

"It looks like it's coming for me."

Lin Tianhao turned around.

really.

There was no road behind him, but only endless changes.

"Ugh....."

Lin Tianhao sighed quietly. He had already guessed that this game in the Nine Netherworld was aimed at his List of the Gods.

"You should have guessed it."

At this moment, a voice that Lin Tianhao found somewhat familiar rang out.

A hazy figure appeared beside Lin Tianhao. It was just a projection, and Lin Tianhao couldn't see her appearance clearly.

But by listening to the voice, Lin Tianhao could still roughly guess the other party's identity.

When he was changing his job to the super god-level hidden profession, World-destroying Mechanic, powerful beings from outside the galaxy world tried to stop him.

As a result, the person in front of him took action and helped him block the man.

"Are you the Lord of Qingtianyuan? What is your relationship with my sister?" Lin Tianhao asked.

The hazy figure did not answer Lin Tianhao's question.

"Your existence has given the Galaxy World a glimmer of hope. To seize this glimmer of hope, we must control the battlefield to below the divine realm."

"So, there cannot be gods existing in the galactic world."

Lin Tianhao frowned slightly and said:

"In that case, you can negotiate with me directly. It's the general trend. Not to mention that I have no power to resist, even if I did, I am willing to make concessions for the Galaxy World."

The shadowy figure nodded gently, "I have thought about it, but that is not enough. The source of infection in the Nine Netherworld can only infect divine power. In the Nine Netherworld today, we have placed many treasures under the permission of the Divine Realm rules. If there were not so many gods on the Conferred God List blessing us, the Divine Realm rules would not allow us to place so many treasures."

"This is an opportunity for you and the entire galaxy world. How much reward you can get in the Nine Netherworld depends on your ability."

Lin Tianhao's eyes narrowed slightly and he said:

"Divine domain rules?"

"Yes, the Milky Way world is a small world under the God's Domain, so it naturally has to follow the rules of the God's Domain. We have to follow them, and so do those guys in the Alet Galaxy."

Lin Tianhao wanted to say something but stopped himself. He actually had some questions to ask, but before he could ask, the figure in front of him had disappeared, leaving only her flat voice.

"Xue Di, work hard. You must grab this ray of hope. You must!"

Lin Tianhao's eyes narrowed slightly, and he asked: "Did you hear everything just now?"

Chapter 1570 The spying of the powerful in the divine realm!

"heard it."

The God of the Dead spoke in a solemn voice.

"My lord, I have followed you for the longest time. This may be the last place where I can serve you."

"No matter what, I will try my best."

"bring it on!"

Lin Tianhao narrowed his eyes slightly, "Since this Nine Netherworld has become a trial ground for me, let's put on a good show for those high and mighty people!!"

Lin Tianhao raised his eyes and looked towards the sky. Since there are powerful beings beyond the gods here, and there are restrictions of the rules of the divine realm, and it is also the tomb of the gods, someone will definitely pay attention to this place.

Even among those high and mighty people in the Divine Realm, there might be someone among them who values them.

When Lin Tianhao raised his eyes.

Holy area.

In an ancient starry sky palace.

A towering figure that was a kilometer tall couldn't help but smile.

"This little guy is quite interesting, but I don't know if he can really seize this glimmer of hope."

"Manlong, if you think he's a good player, you can bet on Galaxy World. The odds on Galaxy World are 100 to 1 according to the handicap offered by Thunder Punishment Temple."

Next to this majestic figure, a normal person noticed that the middle-aged man in a golden robe couldn't help but laugh.

"Ying Feng, those guys in the Thunder Punishment Temple are not good people. They must have their own calculations when they give this odds."

"I know you are also a strong man from the galaxy world, but you want me to make a big bet and prevent those rats from doing anything. You are looking down on me too much."

Hear the words.

Ying Feng's face darkened and he said:

"The appearance of Xue Di has given the Galaxy World a glimmer of hope, but you should also know that there are people supporting the Alet Galaxy."

"The Source of Dao is too stubborn and self-willed. There are too many people who don't want to be good to him, so it's inevitable that someone will do something tricky."

Man Long's expression changed slightly, and he said in a deep voice:

"Ying Feng, you really are not afraid of death. Even if you are from the Galaxy World, aren't you afraid of being wiped out for talking about that adult like this?"

Ying Feng frowned and waved his hand, saying, "Manlong, we have known each other for many years. I have been stuck in the Heavenly Dao Saint Realm for too long. Now that I have come forward, those big forces are not willing to give me face."

Man Long said with a serious expression:

"You can help me. Bring me the Barbarian Dragon Order."

"You helped me breakthrough the realm, and I gave you the Barbarian Dragon Order. That means I owe you a favor. Once you pay it back, the favor is gone."

"Think carefully about it. Do you want to use the Barbarian Dragon Order for the sake of the Milky Way World's chance of survival?"

Ying Feng closed his eyes lightly, his brows full of struggle and hesitation.

Barbarian Dragon sighed:

"forget it."

"The situation is irreversible. Even a great figure like the Source of Dao cannot control it. He has to sacrifice his own world to save it. If you beg me, I can only stop a few rats at most. It's useless."

.....

Endless starry sky.

In a bottomless abyss galaxy, a huge starship is hovering in the galaxy.

On the starship.

A burly man with runes covered all over his body suddenly opened his eyes.

"The 360th Heavenly Path Sacred Mark has finally been engraved."

As soon as he finished speaking, a beautiful woman beside him smiled and said:

"In the Galaxy World, people from your Pangu clan have appeared."

Hear this.

The man suddenly stood up, a look of surprise on his face.

"My Pangu clan is extremely rare. I didn't expect that there are actually some in the Galaxy World. No, I will go and bring back the descendants of my clan now."

The pretty girl chuckled and shook her head, saying:

"I'm afraid that's not possible. You know about the situation in the Alet Galaxy and the Milky Way World."

"Next, they are going to purge the gods, and your people are among them."

"Then I have to go." The strong man from the Pangu clan looked serious.

"If I can't do it, I will ask Taizu for help. My Pangu clan is too rare, and every one of them is a treasure."

.....

The land of Nine Netherworlds.

Lin Tianhao's eyes were fierce, his guess was correct.

There are indeed many people paying attention to the galactic world at this time.

But these.

Lin Tianhao can't reach it. Even if he can reach it, with his ability, he won't be able to make any changes.

"kill!!!"

Lin Tianhao activated his three heads and six arms, and all of his more than 1.9 billion free attribute points were piled into attack speed, which were then converted into heavenly punishment attack speed.

The attack speed of the Heavenly Punishment, which had already exceeded 100, now directly exceeded 130! !

After the attack speed of Heavenly Punishment exceeds 100, if it is to be continued to be improved, the consumption will be even greater.

The reason why it can be increased by thirty this time is because Lin Tianhao's free attribute points are really too high.

With three heads and six arms and the ability to shoot arrows from his heart, Lin Tianhao was like a ruthless machine that fired arrows. Countless arrows flew out of Lin Tianhao's body.

The feather arrows locked onto the evil soldiers in the square ahead.

These ghost soldiers sensed the presence of the feather arrow and looked towards the direction where Lin Tianhao was.

Their pupils turned red-gold, and a red-gold ghost mask formed on their faces.

The speed of the ghost messengers, each with only half of their body, seemed to be completely unaffected as they rushed towards Lin Tianhao frantically.

But Lin Tianhao's feather arrows have already locked onto them.

"go back."

The God of the Dead roared, and tremendous undead power poured out.

The ghost messengers were blown away one by one, and Lin Tianhao's feather arrows containing the heavenly punishment lock also hit these ghost messengers.

As long as the feather arrow can hit the target, nothing else will be a problem.

After all, Lin Tianhao's feather arrows contain lethal power, which even gods cannot withstand.

Now Lin Tianhao's health points exceed 150 trillion!!

But in this place of the Nine Netherworld, it is in a state of darkness.

The skills given to Lin Tianhao by the Dark Night Spirit God Moirai doubled all of Lin Tianhao's attributes.

Although the attack speed of Heavenly Punishment cannot be doubled, the health value can be doubled.

After his health value doubled, Lin Tianhao's health value directly exceeded 300 trillion! !

Even though these ghost soldiers are gods, relatively common damage-increasing methods such as Bai Tu's damage increase and the guild's damage increase are useless.

But it can double the real damage, and the effect is real.

The damage caused by Lin Tianhao's arrow now exceeded 30 trillion! !

Even if these ghost officials are gods in full condition, as long as they fail to block Lin Tianhao's feather arrows, they will still die.

-5 trillion!!

-5 trillion!!

.....

Lin Tianhao was very clear about his damage level, but when he hit these ghost soldiers, his damage was reduced so much.

Judging from the degree of reduction, there is a high probability that it is a physical transformation, and the degree of physical transformation should be around the sixth level.

But even so.

Lin Tianhao fired 520 arrows in this second. Even if they did not lock onto one target at the same time, it was still something that these lowest-level ghosts and gods could not withstand.

Lin Tianhao successfully killed the first ghost messenger. There was no prompt, no notification to the whole server, nothing, it was as if he had just killed an insignificant monster.
