Chapter 1591 The Hidden Sea Monk!

"Asura, what you said could easily get us all killed!!" the old ghost master said in a deep voice.

Everyone knows very well who the real master of the galaxy world is. Talking about that existence like this is no different from seeking death.

As long as that person is willing, he can take action against them.

even.

He doesn't even need to show up himself, he only needs to move his fingers, and there are many ways to make them want to live but not to die! !

"I'm telling the truth!!"

"Boy, you are nothing but a pathetic creature!!"

Asura Ghost Lord looked at Lin Tianhao sarcastically.

"The one who gave you the List of Gods, you should have sent some gods to the list, but now you want to change the pattern of gods, and you can't keep any of the gods on the list."

"Hahaha....."

"How ridiculous, pathetic, and sad!!"

"Nine of us have been fighting in this dark and gloomy place for such a long time, and that person said he would sell us out, so he sold us out!!"

Hearing this, the old ghost master looked extremely unhappy and said angrily:

"Come on, come on, kill them, hahahaha, under such a rule, what else can we do except accept our fate?"

What Lin Tianhao didn't expect was.

Asura Ghost Lord actually gave up resistance and went to his death calmly.

After Lin Tianhao sent Asura Youzhu to the Conferred God List, he summoned him out and said:

"What did you mean by that?"

Asura Youzhu laughed sarcastically and said:

"Do you know why we want to destroy our own holy position and shatter our godhood?"

"Because that person passed on the information to us, the Heart of the Galaxy World can help us reunite, and even go one step further and step into the eternal realm!!"

"Moreover, with the help of the Milky Way World, we may be able to rebuild our civilization. With the blessing of countless incense in the future, we may also be able to peek into a higher realm."

"This temptation is so great that we are willing to give up our sainthood and shatter our godhood!!"

"Just wait. After the disaster, I will take control of the heart of the galaxy world..."

That's it.

Asura Youzhu laughed at himself and said:

"How ridiculous, how pathetic, how lamentable!!"

"We thought that a smooth road was waiting for us, but we didn't expect that this was all a conspiracy. The god on the list of gods had already planned to send you away, and the nine of us are just substitutes!!"

"He was once a saint, and a saint of the rule system. He was listed on the Conferred God List in a reasonable and legal manner, and he also had all kinds of treasures in the entire Nine Netherworld."

"even....."

"That innate holy weapon is still in the hands of the Forgotten Ghost Lord. Now it seems that it is just in your pocket."

Lin Tianhao remained silent. This... Before he came here, he already knew that this place was used to make up for his entry into the List of Gods.

But I didn't expect that there were nine saints among them.

"The Hidden Sea Divine Monk, hahahaha, he is really smart. If he had participated in this, he probably wouldn't have been able to escape unscathed."

"He probably noticed something at the beginning, which is why he disappeared after the pollution source appeared here."

Lin Tianhao raised his eyebrows and said:

"In fact, you can still resist. What if..."

"just in case?"

"Under the siege of four ghost masters, there is no chance of survival."

"The old ghost master was seriously injured by a sneak attack after his own dantian was shattered. This was also prepared long ago. Let the old ghost master become your breakthrough point."

"If we don't count the innate holy weapon, the combat power of the old Ghost Lord can be ranked in the top three among our nine Ghost Lords."

"Only the two of Human Dao and Heaven Dao can fight against the old Ghost Lord."

"With the help of the aged Ghost Lord, we defeated them one by one, and the snowball got bigger and bigger. Then we gathered the strength of the eight Ghost Lords and fought together against the Forgotten Ghost Lord who possessed the innate holy weapon. Perfect!!"

You can see it.

Even though he was on the List of Gods, this Asura Ghost Lord still had some resentment towards that person.

After all, in his opinion, he is a saint. If he does not fall for it, he will definitely make a difference no matter whether he enters the endless starry sky or the divine realm.

But the result...

The result was that in this conspiracy, he was included in the list of gods and became a slave of others.

The funny thing is that when he finally figured it out, it was too late.

"Let's go and find the new Ghost Master!"

Both the Humane and Heavenly Lords are very powerful, so they are naturally placed last.

"My Lord is very cautious. With the help of the five of us and this mysterious strong man, even dealing with the Heavenly Dao Ghost Lord will be a piece of cake."

Lin Tianhao smiled and said:

"I always feel that the Conferred God List is not enough to restrict you. I still don't dare to believe what you said."

"The new ghost master starts with him."

Lin Tianhao felt.

Now that we have come to this, we must hold steady.

Now he has the help of five ghost masters, and he can deal with the Ghost Master of Heaven and the Ghost Master of Humanity.

But the problem is.

He felt that since he was recognized by these ghost lords for dealing with the Lord of Heaven and the Lord of Humanity, he must have some extraordinary qualities.

If any of them runs away when we are dealing with the Lord of Heaven or the Lord of Humanity, it would be a waste of time and effort.

Just as Lin Tianhao was looking for the new Ghost Master under the guidance of the old Ghost Master, a figure appeared in the darkness ahead.

"Amitabha."

Saw someone coming.

Lin Tianhao frowned slightly, especially this Buddhist chant, which reminded Lin Tianhao of a person that these ghost masters had mentioned before: the divine monk Canghai.

"Why are you blocking my way, senior?" Lin Tianhao asked in a deep voice.

A figure walked towards them in the darkness. He was wearing a black cassock and was nearly three meters tall. He stood in front of Lin Tianhao, forming a sharp contrast.

The black-robed monk chanted a Buddhist name to Lin Tianhao and said with a smile:

"Donor, someone doesn't want me to leave the Galaxy World, but I don't want to face the calamity either, so I can only come to you!"

Lin Tianhao frowned slightly and said in a deep voice:

"Are you the Hidden Sea Monk?"

"Ah."

"What do you want to see me for?" Lin Tianhao asked with a frown.

He seemed to have no connection with the Canghai Divine Monk, so he didn't know what purpose the Canghai Divine Monk had in finding him.

"Expel you!"

"You are the only way for me to leave the galaxy world. Only by expelling you can that person let me leave the galaxy world."

"After all, there's no way she would come down and do something to me herself."

The old Ghost Lord appeared in front of Lin Tianhao, looked at the Canghai Divine Monk with a serious expression, and said:

"Master Canghai, isn't this an opportunity for you?"

"There's nothing wrong with being on the Conferred God List. Although we may seem to be pawns, if we follow you, perhaps we will achieve greater success in the future."

The monk Canghai narrowed his eyes and said:

"It seems that you really think that rumor is true, but I don't believe it. I think that controlling one's destiny in one's own hands is the real thing."

"I can't leave my fate to others and gamble on other people's future."

Chapter 1592 The rebels in the face of disaster!

That's it.

The monk Canghai focused his eyes and said in a deep voice:

"Old Ghost Lord, you have already destroyed yourselves. You will never be able to contend with me."

Hear this.

Lin Tianhao was shocked. This Canghai Divine Monk was a saint? ! !

The old ghost master sighed heavily and said:

"You should understand that the higher-ups won't let you do whatever you want. Although they may not be able to do it themselves, have you ever thought about whether they... have a backup plan?"

"maybe....."

"But... for the sake of your own destiny, you should always try to fight for it."

"What's more, I saw through the calculations behind this, so I didn't destroy my own sainthood. Otherwise, I would be the same as you. Therefore, the probability that there is a backup plan is not high."

The old Lord of the Underworld listened to the words of the monk Canghai, shook his head seriously, and said:

"Master Canghai, you are a smart man, how could you be so confused about something like this?"

"You think you have figured it out, but have you ever thought that the people above you may have figured out more than you?"

"Right now, the army of the Alet Galaxy has not officially entered the Milky Way world yet. They still have the final say on some things."

The Tibetan Sea Divine Monk sighed and said:

"I said..."

"Perhaps I will make a wrong bet, but I can't give up without even trying."

"This is fate, and I must try to change it."

Lin Tianhao had a solemn expression. This Canghai Divine Monk was a powerful saint. If they really fought, he would not have any chance of winning at all.

however.

at this time.

A vague cry was heard.

The crying sound came from far away and then from near to far away, making it impossible to figure out where the crying came from.

The expression of the Tibetan Sea Divine Monk changed slightly, and he sighed slightly:

"Amitabha."

"Old Master You, you are right. They really have a backup plan."

"But if you don't even have the courage to take action, then all my years of practice have been in vain."

The words fell.

The sacred monk Canghai took action.

Lin Tianhao didn't see how the Canghai Divine Monk made his move. He only felt an extremely mysterious force descending upon him.

The next moment.

His body actually flew backwards, and behind him, a crack appeared in the space, as if it wanted to swallow Lin Tianhao into it.

Lin Tianhao activated the invincible virtual state, trying to block the impact of this attack.

But he failed.

The attacks from the true Saint Realm were no longer something that the Invincible Void could withstand.

however.

Just at this time.

A white, slender hand rested on his shoulder, stopping his backward flight and pushing him back to the ground.

Looking back.

Lin Tianhao saw the woman in the red dress.

This was the woman he met at the mine and who called him benefactor.

Is this woman the backup plan left behind by the higher-ups?

"Amitabha."

The Tibetan monk chanted a Buddhist name, "This is my fate, this is my fate!"

The words fell.

The sacred monk Zanghai turned and left, disappearing into the darkness.

"It's troublesome."

The old Ghost Lord said solemnly, "The Canghai Divine Monk has left. He should choose to face the calamity like us, but he will not admit defeat."

Hear this.

Lin Tianhao guessed something instantly and said in a deep voice:

"what do you mean....."

"He will abolish his holy position, shatter his godhood, and then go find other ghost masters to unite against me?"

The old ghost master nodded heavily, "At present, the probability of this is very high."

"It looks like we can only fight to the death."

"Speed up and go find the new ghost master. If possible, kill the new ghost master first before taking action. This way, it will be safer."

Lin Tianhao didn't care about anything else.

If what the old ghost master said is true, the result will be very bad.

then.

When Lin Tianhao arrived at the place where the new Ghost Lord was, it was empty.

"It seems that we are still a step late." The old ghost master said in a deep voice.

"try to find!!"

If he takes action now, Lin Tianhao still has a chance of winning.

But next.

Lin Tianhao went to the territories of the Humane Lord and the Heavenly Lord respectively, but did not find them.

Subsequently.

Lin Tianhao went to the location of the Forgotten Ghost Lord again.

All are gone!!

"They...are hiding?"

Lin Tianhao looked a little ugly. The best thing he could do now was to find out the gods in the List of Gods and then deal with them before they were contaminated.

But now they all avoided going out, which made Lin Tianhao very troubled.

"It seems that they have guessed that there are gods on my Conferred God List, and now... they are stalling for time!!"

Lin Tianhao already had a guess in his mind.

These guys are all old monsters who have lived for who knows how many years.

Even though they have already faced the disaster, they are still unwilling to compromise.

In the current situation, if all the gods on Lin Tianhao's List of Gods are polluted, it will be more difficult for him to deal with the Canghai Divine Monk and the Humane Ghost Lord and others next.

"Where might they have gone?" Lin Tianhao asked in a deep voice.

He was not familiar with the Nine Netherworld, so he had no idea where these guys had gone.

"do not know."

"We know them, and they know us. It's hard to guess where they are hiding now."

That's it.

The old master pondered for a moment, then said:

"If I were them, I would probably choose to cooperate with the Ten Kings of Hell."

"At present, the only ones who can stop you head-on are the combined Ten Kings of Hell."

Lin Tianhao did not respond.

"Go to the place where the Ten Kings of Hell are located."

Although Lin Tianhao felt that what the Old Ghost Lord said didn't make much sense, he didn't have any good choice now.

"Can they leave the Nine Netherworld now?" Lin Tianhao asked.

"No."

The old ghost master answered very confidently, "Due to the rules, they cannot leave the Nine Netherworld."

"Unless... they can be included in the Conferred God List like us."

Lin Tianhao's eyes narrowed slightly, "If they really can't get out, is it possible that they are at the exit of the Nine Netherworld? If so, we will waste time looking for them here, but there will be no results."

"For example, when I first came in, I passed by a mine that looked like a secret place. What if they were hiding there?"

Think about this.

Lin Tianhao felt that the probability of this happening was very high.

According to normal logic, he should go to the Ten Kings of Hell to look for it, and then go to other hidden places, but it is easy to overlook the mine where he came in at the beginning.

Lin Tianhao fought his way to the mine and searched around the mine, but found nothing.

"I was wrong?"

Lin Tianhao searched the area near the mine again, but still found nothing. There were only ghost messengers and more ghost messengers. Lin Tianhao even jumped into the River of Death, but still couldn't find anything.

"Go to the Hall of Rebirth!!"

If they want to play the dark game, there is a certain probability that they are in the Hall of Rebirth.

Chapter 1593 Super God-level Talent Awakening Stone!

however.

It was a wasted trip.

"Ten Halls of Yama."

Lin Tianhao took a deep breath. He had already searched everywhere he could think of. Next, he could only search in the usual way.

This time.

Lin Tianhao was dumbfounded.

"You guys are actually here!!"

The sacred monk Zanghai and four old men, it was obvious that they were the five people he was looking for.

"After the Ten Kings of Hell merged, they had a great impact on you. If we want to deal with you, we can only rely on the power of the Ten Kings of Hell."

The voice of the Lord of Oblivion sounded, and his eyes were somewhat complicated.

"I hate being used as a pawn, and I hate being a slave even more. Xue Di, we can give you everything you want. Let's go!!"

Lin Tianhao narrowed his eyes slightly. He could get both the Heavenly Punishment Equipment and the Super God-level Talent Awakening Stone.

This is not bad for him.

"But I still want to send you to the Conferred God List!!"

You can't have your cake and eat it too?

No, I want them all!!

Lin Tianhao is greedy, but he knows very well that he must be greedy.

If he was not greedy, how could he achieve great things and how could he compete with those powerful people in the Alate galaxy.

The Nine Netherworld has been set up, and how much he can get depends entirely on his own efforts.

"Amitabha."

The monk Canghai chanted a Buddhist name, "Xuedi, you are too greedy. This is not good. People should be willing to give up."

"If you take action and fail, you won't get anything you want."

Lin Tianhao's eyes narrowed slightly, and he said in a deep voice:

"Everyone has to pay the price for their greed, but if they don't fight, how can they be willing to pay the price?"

"The guaranteed reward is great, but I want them all!!"

The chaotic voices of the Ten Kings of Hell were heard.

"You...you don't kill me...you are a bad person...if you want to touch them...kill me first!!"

The Ten Kings of Hell stood in front of the Canghai Divine Monk and his companions.

The head that had been chopped off by Lin Tianhao returned to the meat ball.

just.

This time the ten heads were not connected to the necks.

Some were connected to rotten stomachs, some to arms, and some even to the soles of the feet.

It's totally weird!

just.

He stood in front of Lin Tianhao, which really made Lin Tianhao feel troubled.

"Ten Hell Kings, I will kill them and put them on the Conferred God List, so that I can be sure to kill you."

"You know, it's not that I don't want to kill you, but I can't handle the things that fell from your body."

The Ten Kings of Hell glared at Lin Tianhao and scolded:

"Liar, you are a liar!!"

"Today, either... kill us, or... get out of here!!"

Hearing such provocative words from the Ten Kings of Hell, Lin Tianhao couldn't help but frown.

These ten Yama Kings are all seeking death! !

Unfortunately, he couldn't attack the Ten Kings of Hell directly, otherwise he wouldn't be able to withstand the rotten flesh and blood falling from his body! !

This was a bit too much for Lin Tianhao to handle.

really.

He should have thought of it.

These guys can just hide here. As long as the Ten Kings of Hell are willing to help them, many problems can be solved.

"In that case, let's kill them all together!!"

Lin Tianhao directly summoned out all the gods in the List of Gods.

After this period of time, these gods have been polluted. If this continues, it is hard to say what they will become.

Since they want to fight, let's fight it out.

"This...this, this, this..."

Seeing that Lin Tianhao summoned so many gods in one breath, the Ten Kings of Hell, the Lord of Humanity, the Lord of Heaven, and the New Lord of Hell all showed expressions of horror.

"Poseidon, God of the Sea!!"

"The God of Dark Night... The God of Blood Moon... The Angel of Slaughter!!"

The Heavenly Lord's gaze swept across the group of gods behind Lin Tianhao.

"There is also the Green Shirt Sword God, the God of Heart!!"

The Tibetan Sea Divine Monk sighed and said:

"The spirit of withered vengeance, the spirit of six blessings, the spirit of sad heaven..."

"Alas, it is God's will, it is God's will!!"

Lin Tianhao swept his cold eyes over them and said lightly:

"You guys...are you still fighting?"

The Heavenly Dao Master frowned slightly, then shook his head and said:

"This is our fate, so we just accept it."

"If you keep these gods, they may still shine in the last moments. We won't let you waste them."

The words fell.

The Ghost Lord of Heaven, the Ghost Lord of Humanity, and the Ghost Lord of the New Life, all three Ghost Lords stood up.

The sacred monk Zanghai followed closely behind and also stood up.

Only the Lord of Oblivion is still hesitating.

He has an innate holy weapon in his hand, but perhaps facing so many gods, he still has no chance of winning.

But in his opinion, he must have the ability to protect himself.

Lin Tianhao glanced at the Lord of Oblivion, and he naturally understood what the Lord of Oblivion was thinking.

But he was not in a hurry and asked the gods to seal off the surroundings. He first sent the three ghost masters, namely the human way, the heavenly way and the new life, to the list of gods.

At last.

Lin Tianhao then fixed his eyes on the Forgotten Ghost Lord.

"Forgotten Ghost Lord, now that things have come to this, do you still want to resist to the end?"

Lin Tianhao looked at the Forgotten Lord coldly.

The Lord of Forgotten Ghost frowned. He did not say anything, but silently sacrificed the three-layered small tripod.

Lin Tianhao's eyes narrowed slightly. He could see that the Lord of Oblivion was ready to fight to the end.

But Lin Tianhao was not in a hurry to take action.

The super god-level talent awakening stone is in the hands of the Six Paths Ghost Lord. As long as he can get the recognition of the Six Paths Ghost Lord, he will naturally be able to obtain the super god-level talent awakening stone.

Now that the Six Paths Ghost Lords have all been listed on the List of Gods, Lin Tianhao can obtain the Super God-level Talent Awakening Stone with just a word.

"Give me the super god-level talent awakening stone." Lin Tianhao said to Tiandao Youzhu.

The Lord of Heavenly Dao did not hesitate and directly took out a translucent stone and handed it to Lin Tianhao.

This stone doesn't look special. Even when Lin Tianhao holds it in his hand, he can't see its super-god-level properties.

But some things, whose attributes cannot be seen, are the more amazing they are.

"use."

Lin Tianhao used this super god-level talent awakening stone without hesitation.

After the first three awakenings of his talent, the Hand of Heavenly Punishment, the Heart of Heavenly Punishment, and the Brain of Heavenly Punishment, it had been a long time since he had further awakened his talent.

This time.

He can finally awaken his talent again.

"Ding, congratulations, you have successfully used the Super God-level Talent Awakening Stone. Your talent is being awakened..."

"Ding, because your talent is too high, the Super God-level Talent Awakening Stone can only awaken part of your talent..."

When Lin Tianhao saw this prompt, he was stunned.

prior to.

When he used the god-level talent awakening stone to awaken his talent, there was also such a prompt.

that time.

Lin Tianhao felt that his talent should be at the super god level.

But now...

A super god-level talent awakening stone can only awaken part of the talent? !

Chapter 1594 Heaven-level talent: Provided by heaven and nurtured by earth!

So what is the level of his talent?

Above the super god level?

According to the information Lin Tianhao has learned now, the super god level should correspond to the saint level, and if his talent is even above the super god level.

Does that mean that his talent is at the Heavenly Saint level?

Lin Tianhao took a deep breath and tried his best to calm himself.

This talent awakening process using a super god-level talent awakening stone is much slower than the previous talent awakening process using a god-level talent awakening stone.

After more than a dozen breaths, the last prompt tone finally sounded.

"Ding, congratulations, you have successfully awakened your talent: Heaven's support and earth's nourishment!"

Lin Tianhao narrowed his eyes slightly. This fourth talent was not actually the beginning of a heavenly punishment.

Originally, Lin Tianhao thought that the first three talents were hands, heart, and brain.

The talents that continue to awaken may also be related to body organs.

Such as feet, kidneys, eyes and so on.

But I didn't expect that what awakened would be such a thing.

Heaven-provided and earth-nourished (Heavenly Level): 1 star.

Effect 1: Every time you step on the ground, you gain a point of merit.

Effect 2: You are in the sky, gaining one enlightenment point per second.

Proficiency: 5/1000.

Seeing this talent, Lin Tianhao was stunned.

What kind of talent is this?

He originally hoped that this further awakened talent would directly enhance his combat effectiveness, so that he would have something to rely on when dealing with you, the Lord of Oblivion who possesses the innate holy weapon.

But the result...

Isn't this a strong talent?

powerful! !

Very very strong!!

One enlightenment point per second, one merit point per second, this... As long as he lives, he will be invincible.

but.

This talent doesn't seem to be of any help in the current situation.

Think about this.

Lin Tianhao had no choice but to wave his hand and scold: "Do it."

A group of gods rushed forward.

The Lord of Forgotten Ghost used all his strength to activate the holy weapon in his hand, and extremely mysterious ripples swept away. Even the gods who had realized the truth of these ripples were greatly affected.

"Forgotten Ghost Lord, why are you doing this?"

"With your current state, forcibly activating the innate holy weapon will consume the merit power you have accumulated over the years."

The Forgotten Lord snorted coldly and shouted:

"The merits and virtues that I, the Lord of the Forgotten Ghost, have accumulated over the years are already an astronomical figure. If we don't do this now, when will we do it?!"

"You've already made it onto the Conferred God List. I don't blame you. Come on, let's try and see who is more powerful!!"

Lin Tianhao could feel the power of merit flowing around the Forgotten Lord and being continuously injected into the innate holy weapon in his hand.

Lin Tianhao's eyes narrowed slightly. The activation of the innate holy weapon requires the consumption of merit power. This should be the reason why the Forgotten Lord's current realm is not enough.

What about the carving knife in my hand?

He had never known how to use the carving knife to unleash its true power, but now, he seemed to have found a way.

despite this.

Lin Tianhao did not act rashly.

He has the ability to reward good and punish evil. Although he punishes evil a lot, he rewards good too little.

therefore.

The merit points that Lin Tianhao accumulated from punishing evil are not his yet.

unless.

He can use these merit points.

Lin Tianhao looked around and found that most of the things here were worthy of his bestowing merit.

The six ghost lords are in charge of the six realms of reincarnation, and they themselves possess great merits and blessings.

They are already above ordinary good people.

therefore.

Lin Tianhao would even give them all the merits he had gained from rewarding the good and punishing the evil.

The same is true for the new Ghost Lord, the old Ghost Lord, the Tibetan Sea Divine Monk and others.

Think about this.

Lin Tianhao directly used the method of rewarding good and punishing evil, and a large amount of merit poured into the bodies of the Eight Ghost Lords and the Canghai Divine Monk.

"This is....."

The eight ghost lords and the Tibetan sea monk all showed horror on their faces.

Are these merits great?

Much, but not much.

In the Age of Gods, this little bit of merit was not much for them.

But in the Age of Ragnarok, due to the influence of the resurrection mechanism and with the Nine Nether Road blocked, they actually did not earn much merit points over the years.

They were still very surprised that Lin Tianhao gave them so many merit points at once.

however.

While they were surprised, they felt an even more powerful force of merit surging out of Lin Tianhao's body.

Lin Tianhao will give the merits of rewarding good and punishing evil to the Eight Ghost Lords and the Canghai Divine Monk, and he himself will be able to receive double the merits in return! !

In this way, his men became stronger, and he became stronger too.

"This....."

Everyone present looked at Lin Tianhao in horror.

The main reason for this situation is that there are too many merits this time.

and.

Lin Tianhao's control over the power of merit was not strong.

But Lin Tianhao didn't care too much. Now that he had obtained so much merit, the next step was to take action.

Lin Tianhao injected the power of merit into the carving knife.

as predicted.

The carving knife, which had remained unchanged, actually glowed with a faint light after Lin Tianhao injected the power of merit into it.

The lines on it also exude an unusual luster.

Lin Tianhao's body turned into a stream of light and instantly rushed towards the Forgotten Lord who was holding the innate holy weapon.

It seemed that because he had the innate holy weapon in his hand, Lin Tianhao did not find himself affected by the forgotten rules after rushing forward.

I don't know if it was because the Forgotten Lord was besieged or because of the carving knife in his hand.

But in Lin Tianhao's opinion.

Most likely it's the latter.

But it doesn't matter anymore.

The ripples generated by the innate holy weapon were already sweeping towards Lin Tianhao.

The carving knife in Lin Tianhao's hand was like cutting jelly. He easily tore apart the carving knife that could block the attacks of the gods.

"This....."

The pupils of the Forgotten Lord suddenly shrank. It was not surprising that Lin Tianhao could burst out such a strong merit value.

Even if Lin Tianhao could get a holy weapon, he would even be able to accept it.

But what is Lin Tianhao doing now?

The carving knife in his hand seemed to be an ordinary holy weapon, and even... it was more powerful than the innate holy weapon in his hand! !

"This, this, this..."

The Forgotten Ghost Lord's expression changed again and again, and finally he couldn't help but curse:

"Damn it, this is too unreasonable. You can give him the Heavenly Dao Sacred Artifact?"

"What kind of mission does he have to complete to be eligible for this treasure!!"

The Forgotten Lord was extremely angry. He knew that the higher-ups were supporting Lin Tianhao, but the level of support was unprecedented.

The Lord of Heavenly Dao stared at the carving knife in Lin Tianhao's hand, his eyes full of shock.

He looked at the Humane Ghost Master.

The Human Ghost Lord was staring at the carving knife in Lin Tianhao's hand with a serious expression.

"Do you know what level of weapon is in your hand?" Tiandao Youzhu asked in a low voice.

Although the Forgotten Ghost Lord said that it was a sacred weapon of the Heavenly Dao, the Heavenly Dao Ghost Lord was not the same as other Ghost Lords. He could tell at a glance that the carving knife in Lin Tianhao's hand was definitely not a sacred weapon of the Heavenly Dao.

Chapter 1595: Fake 6!

The Humane Ghost Master hesitated to speak, but finally shook his head and said:

"I don't know, I don't know. What a pity. It's not easy for you to accumulate merits. If you can save the merits and use them when you deal with those strong men in the Alete Galaxy, your chances of winning may be improved a little."

The Heavenly Dao Master nodded slightly and said:

"Indeed, for an attack of this level, the power of merit that you have accumulated can only be used once."

During the conversation between the Lord of Humanity and the Lord of Heaven.

The battle is over!

The carving knife in Lin Tianhao's hand broke through the defense of the Forgotten Ghost Lord and successfully stabbed into the Forgotten Ghost Lord's heart.

"How...how could this happen?!"

The Forgotten Lord's eyes widened. After the carving knife was infused with a huge amount of merit power, it no longer needed a second knife to kill a powerful mortal like the Forgotten Lord.

"Killed with one blow..."

Compared with Lin Tianhao, Heavenly Dao Youzhu, Human Dao Youzhu and others saw more information.

They looked at each other, their eyes filled with extreme shock.

After solving the Forgotten Ghost Lord, the last piece of the puzzle is complete.

"Snow Emperor..."

"Your goal... has been achieved..."

"Can you... kill... us now?"

Chaotic voices were heard from the Ten Kings of Hell, and it could be heard that they were really in pain and really hoped to be killed by Lin Tianhao.

Lin Tianhao frowned slightly, and before he could speak, the intermittent voice of the Ten Kings of Hell came again.

"Snow Queen... I know... a secret about the Nine Netherworld... It will definitely be of great use to you..."

"You... Gods... can't hold on... for too long... Why don't you... help me?!"

Lin Tianhao looked at the ghost masters around him.

Obviously,

Lin Tianhao's meaning was very clear, that is, in this land of the Nine Netherworlds, what is there that the nine ghost masters don't know?

As if seeing what Lin Tianhao was thinking, the chaotic and intermittent voice of the Ten Kings of Hell sounded again.

"They... don't know!!"

"They...are...outsiders!!"

"We... although we are not... saints... we have stayed in this... Nine Netherworld... for a long time."

"Some secrets...only we...know."

Hearing what the Ten Kings of Hell said, several ghost lords nodded slightly to Lin Tianhao.

Obviously.

They agreed with the words of the Ten Kings of Hell.

"What secret do you know?"

"If it's really useful to me, I can help you."

"The method of becoming a saint through the Three Corpses and Six Paths!!"

It seemed that because Lin Tianhao promised to kill them, the Ten Kings of Hell became so excited that they spoke fluently.

"After being promoted to the Heavenly Dao Saint Realm, Empress Hou Tu found that she was suffering in the Netherworld and it was difficult to enter eternity even after endless years, so she created the Three Corpses and Six Paths Sainthood Method, left behind a Dharma body, and left the Netherworld."

"I don't know where she went, but I do know her real residence. There are a lot of treasures she left behind, treasures left by the Heavenly Dao Saint."

"As for the nine ghost masters around you, they are replacing the role of Queen Hou Tu, because Queen Hou Tu left and took away the six paths, as well as new life, oblivion, and aging!!"

Hear this.

The Heavenly Dao Master's expression became somewhat ugly, and he said in a deep voice:

"So... the mysterious strong person who attacked us was Empress Hou Tu? No, she shouldn't be that strong. Someone else must have attacked us?"

"Breaking up our original bodies and confining us here is the purpose of continuing the cycle of reincarnation?!!"

"do not know."

The answers from the Ten Kings of Hell left the Lord of Heaven and Hell speechless.

"At my level, I am not qualified to touch the outside world."

"But I can guarantee that what I said is true. The reason why we are still rational despite being polluted is because of the method of fusion taught by Queen Hou Tu."

Lin Tianhao frowned, "Then tell me, where is the real residence of Hou Tu Niangniang?"

"Today's Nine Netherworld is only a part of the vast hell. Going south, out of the Nine Netherworld, is the City of Disasters. Crossing the City of Disasters, you can see a hell bodhi tree and an ancient temple. The bodhi tree fell, and the Houtu Temple appeared."

After hearing what the Ten Kings of Hell said, Lin Tianhao said nothing, but just gave orders lightly.

"kill!!!"

The gods took action.

Lin Tianhao also attacked with feather arrows from a long distance.

The number of flesh balls formed by the combined Ten Kings of Hell is getting smaller and smaller, and the number of gods still standing is also getting smaller and smaller.

When the Ten Kings of Hell were killed, only the night god Moirai and the sea god Poseidon were still able to hold on.

"Sir, I'm afraid we can't hold on for an hour. If there's a chance, see you in the Divine Realm..."

"Then I will accompany you to ascend the throne, create the world, and establish the laws of heaven, hahahaha..."

Poseidon, the god of the sea, laughed with his head raised, his body turned into a point of light and dissipated into the void.

The Dark Night Spirit God Moilei looked at Lin Tianhao meaningfully and said:

"Sir, if you can protect this world, then protect it. If you can't, forget it. Only by living can you have a future..."

The words fell.

The body of the Dark Night Spirit God Moirai also turned into a point of light and completely disintegrated! !

This is the end.

All the gods in Lin Tianhao's List of Gods have fallen.

Lin Tianhao was in a complicated mood, even though the gods on the List of Gods had been sleeping for a while.

They had no interaction during this period.

But now, they are all dead, which still makes Lin Tianhao feel heavy.

"grown ups....."

The voice of the old ghost master came, "Are we going?"

Hear this.

The monk Canghai frowned, looking a little serious:

"Sir, the Bodhi tree in hell is said to have been planted by a powerful person from the Ninth Heaven. The message left by the Ten Kings of Hell is to bring down the Bodhi tree. I'm afraid..."

"What's more, Queen Hou Tu has a special status. If we break into her residence, it will be very dangerous and we will easily offend Queen Hou Tu."

The Humane Ghost Lord didn't take it seriously. "Divine Monk Canghai, the Hell Bodhi Tree is something from your Buddhist sect. I can understand why you would have such an idea."

"But in the current situation, the Dharma body of Hou Tu Niangniang has already left, and you have seen the outcome of our wait."

"Now, we have only one goal, and that is to survive the attack from the Alete galaxy."

The Heavenly Dao Master nodded slightly and said seriously:

"Yes, I have the same idea as the Humane Ghost Lord. Now, of course, we should seize every opportunity to become stronger."

Hear it here.

Everyone's eyes were focused on Lin Tianhao.

Because they have no say on whether to go or not, it all depends on Lin Tianhao's opinion.

"go."

Lin Tianhao gave a very affirmative answer, "It has come to this point. Even if the Queen Mother of the Underworld blames me, even if it offends the seniors of the Buddhist sect in the Ninth Heaven, I will go."

"The galaxy is in danger now. I need to do something. If I do nothing, won't I just watch the galaxy be destroyed?"

Chapter 1596 Heavenly Punishment Longbow!

"Yes."

Everyone bowed their heads.

Lin Tianhao set his sights on the Forgotten Ghost Lord.

"Now, can you give me the Heavenly Punishment Longbow?"

The Sky Punishment Longbow is the main weapon of the Sky Punishment Archer.

Lin Tianhao still had some expectations for this Heavenly Punishment Longbow.

"Yes."

The Forgotten Lord raised his hand and a black and purple longbow appeared in his hand.

He placed the black-purple longbow in front of Lin Tianhao and said respectfully:

"My lord, this is the Heavenly Punishment Longbow."

Lin Tianhao took the Heavenly Punishment Longbow and immediately checked its properties.

Heavenly Punishment Longbow: Unknown.

Wearing requirements: Heavenly Punishment Archer.

Effect 1: God's punishment attack speed +10, not affected by the phased reduction of attack speed.

Effect 2: Percent damage reduction by 5%, still effective against god-level attacks.

Effect 3: Can block a fatal attack, cooling time is one hour.

Effect 4: With each normal attack, the movement speed is temporarily increased by 1, with no upper limit. After you stop attacking for ten minutes, the temporarily added movement speed disappears.

Effect 5: With each normal attack, the attack speed of the Heavenly Punishment will be temporarily increased by 0.05, with no upper limit. After you stop attacking for ten minutes, the temporarily added attack speed will disappear.

Effect 6: Increase maximum health by +100%.

Effect 7: Maximum armor increased by 50%.

Effect 8: Maximum magic resistance increased by 50%.

Effect 9: Thunderbolt (Your normal attack has a 1% chance of dropping a thunderbolt, which will hit the target and permanently reduce the target's maximum health by 3%. It is still effective against gods.)

Wear resistance: Indestructible. Once worn, it cannot be stolen or dropped.

After seeing the attribute description of the Sky Punishment Longbow, Lin Tianhao was a little confused. He had thought that the Sky Punishment Longbow might be very powerful, but he didn't expect it to be this powerful.

The attack speed of Heavenly Punishment is increased by 10 at once, while the attack speed of other Heavenly Punishment equipment is only increased by 1.

Not only that.

The three passive skills that come with the Heavenly Punishment Longbow are all terrifyingly powerful.

Temporarily stack attack speed and movement speed.

These two skills are average. At this stage, Lin Tianhao has the ability to travel through space, so the requirement for movement speed is not high.

The attack speed of the Stacked Penalty is quite good, and it will be of great use in the future when a human wave tactic is used.

What really made Lin Tianhao feel incredible was the passive skill of Heavenly Punishment Thunder.

A bolt of lightning permanently reduces your maximum health by 3%!!

This is a noble percentage! !

And the value is 3%, which is not low.

Although the 3% permanent reduction in health will also decrease as the health points decrease, as long as the triggering frequency is fast enough, the health bar of a blood cow with a health point of one hundred trillion will be emptied quickly.

but.....

Lin Tianhao suddenly thought of the possibility.

That is.....

What would happen if this skill fell on a fat man?

After all, most of the fat man's health comes from the outside world, and his own health is not much.

If the lightning strike reduced the fat man's own health, does that mean that the fat man avoided the lightning strike perfectly?

But then again.

Similar to this method, what is reduced should be the basic health points, just like the equipment that increases the health points by a percentage, what is increased is the basic health points.

For example, if the basic health value is 10,000, and you get a piece of equipment that increases the health value by 50%, the health value will be increased to 15,000.

If you get another piece of equipment with a 100% increase, the health value will not increase from 15,000 to 30,000.

Because this 100% increase is still an increase of 10,000 in the basic health value.

That's fifteen thousand plus ten thousand, twenty-five thousand.

Follow this logic.

The percentage that reduces the maximum health should also reduce the basic health.

If this is true, it means... the fat man is not very afraid of his falling lightning.

After all, the fat man's basic health is not high.

And each time it is reduced by 3%, it will not be reduced based on the original maximum health value, but will continue to reduce based on the reduced health value.

For example, if the health value is 100, if it is reduced once, it will be 3 points, and if it is reduced twice, it will be 3% of 97 points, not 3% of 100.

Take back your thoughts.

The overall attributes of this Heavenly Punishment Longbow are very good for Lin Tianhao.

The key is.

Obtaining the Heavenly Punishment Longbow means that Lin Tianhao can change his job once more.

but.

Lin Tianhao learned from Kui Wei Changtian that no matter what profession, if you try to break the limit of nine revolutions, the tenth revolution will be more difficult than the previous ones, and there will be restrictions on other conditions.

Lin Tianhao currently doesn't know what the conditions will be for him to become a tenth level Heaven Punishment Archer.

But no matter what the conditions are, Lin Tianhao will continue on this path.

With less than two and a half years left, his time is running out.

Next.

He needs to seize the time and improve himself as much as possible.

After equipping the Heavenly Punishment Longbow, Lin Tianhao looked at the aging Ghost Lord.

"Old Ghost Lord, you lead the way. Follow what the Ten Kings of Hell just said and find Hou Tu Palace."

"Yes, my lord."

While on the road, Lin Tianhao set his eyes on the monk Canghai again and said with a smile:

"I heard that you have a treasure in your hand, called the Human Emperor Banner. I wonder if you could show it to me."

The expression of the monk Zanghai was a little complicated, but he could not disobey Lin Tianhao's order.

therefore.

He hesitated for just a moment and then took out a long banner.

This long banner looks like a funeral umbrella, but its texture is much better than that of a funeral umbrella.

The long banner is dark gold in color, with countless tiny red runes flowing on it.

"Is this the legendary Human Emperor Banner?"

Lin Tianhao had also obtained a Ten Thousand Souls Banner before. Strictly speaking, this thing is not a good thing.

Lin Tianhao has the means to enslave the undead, but he has never used the Ten Thousand Souls Banner.

"What is the difference between this Human Emperor Banner and ordinary Soul Banner?" Lin Tianhao asked.

"The principle is actually similar, but the power of the Human Emperor Banner is even stronger."

"The Human Emperor Banner has three major advantages. First, the soul seeds in the Human Emperor Banner will never betray you."

"Secondly, the soul seeds in the Human Emperor Banner can devour other souls of the same kind to become stronger without any side effects."

"Third, the soul seeds in the Human Emperor Banner can gain enlightenment. When they are not fighting, they are basically gaining enlightenment."

Lin Tianhao was a little surprised. The Human Emperor Banner was indeed stronger than the Ten Thousand Souls Banner.

The Ten Thousand Souls Banner absorbed too many souls and might get out of control.

The controller needs to be strong enough.

However, it is almost impossible for the wronged souls in the Ten Thousand Souls Banner to attain enlightenment.

"However, the shortcomings of the Human Emperor Banner are also obvious."

"That is, in the entire Human Emperor Banner, there are only the souls of the nine clans, and each clan can only have one soul seed. It cannot accommodate the souls of other creatures, and there cannot be more soul seeds."

"If there are more soul seeds, they will only be devoured by soul seeds of the same kind."

Chapter 1597 Human Emperor Banner, strange fog!

Lin Tianhao was a little surprised and asked:

"Which nine tribes are you talking about?"

"Nine tribes: human, demon, devil, ghost, Asura, spirit, ancient, heaven and earth."

Lin Tianhao raised his eyebrows. Among these nine tribes, he had heard of the first six, but he had never heard of the last three.

The monk Canghai seemed to see the doubt in Lin Tianhao's eyes and asked:

"My Lord, is there anything you don't understand?"

Lin Tianhao nodded slightly and said:

"Indeed, I have never heard of races like the Ancient Clan, the Sky Clan, and the Earth Clan."

Hear the words.

The Canghai Divine Monk was not surprised, "It's normal that your Excellency doesn't know."

"The order I mentioned is also the ranking of the Nine Clans in the starry sky. The further back one is, the higher the ranking."

"The Ancient, Heaven, and Earth tribes are the top three tribes among the nine tribes. They are powerful individually, but their numbers are extremely rare. Although the master who created this Milky Way world is extraordinary, he does not have the ability to bring the strong men of these three tribes here."

Lin Tianhao took a deep breath, "The human race is at the bottom?"

to be frank.

Lin Tianhao felt that the human race should have produced many strong people, so why would they be at the bottom of the list?

"My Lord, the human race is indeed at the bottom of the ladder. Among the human race, those who can become gods can be considered the best, and those who can become saints are already rare."

"Compared to you humans, many monsters naturally have god-level strength after they reach adulthood."

Lin Tianhao opened his mouth, but in the end, nothing came out.

"I know that the demon race is not as good as the devil race, but why are the devil race not as good as the ghost race?"

The projection of Nidlifu appeared, and she smiled and explained on behalf of the monk Canghai.

"Because the wronged souls you usually come into contact with are not real ghosts. They are all souls of creatures of other races that died."

"Every true ghost is a genius in cultivation. As long as the ghost energy and yin energy are sufficient, the ghosts can cultivate to the realm of gods in a short period of time."

"Ghosts are elusive and their methods are treacherous and unpredictable. Even demons have to give way to ghosts when they encounter them."

"As for the Shura clan, their numbers are not rare either. Their cultivation progress is actually not as good as that of the ghost clan, but because the Shura clan focuses on the way of killing, they are ranked ahead of the ghost clan."

Lin Tianhao nodded secretly. He had never known this information before, but now he had a more real understanding of this world.

"Then how strong is the soul seed in your Human Emperor Banner?"

This Human Emperor Banner is a super god-level equipment, and the soul seeds inside it are most likely gods.

But if the soul species inside is a god, it will conflict with what the Galaxy World is doing now.

"Human, demon, devil, ghost, and Asura, there are only five soul species in my Human Emperor Banner. However, due to recent events, the gods of these five tribes have shattered their godhoods and are now at the level of mortals."

"If we talk about strength, they are all at the tenth level of emperor."

Lin Tianhao's eyes narrowed slightly, and a look of surprise appeared on his face.

"Ten revolutions...Emperor level!!"

"According to what you said, this Human Emperor Banner is not bad."

The monk Canghai held up the Emperor's Banner with both hands and said respectfully:

"Sir, it is really difficult for this item to exert its true power in my hands. Only when it is in your hands can the full power of this Human Emperor Banner be exerted."

Lin Tianhao smiled noncommittally and took the Human Emperor Banner. "Since you are so thoughtful, I will accept it first."

There was really no reason for Lin Tianhao to refuse a treasure of the level of the Human Emperor Banner.

The old ghost lord led the way in front. Along the way, he encountered many ghost messengers and some high-level Yin gods.

But now with the nine ghost lords and the divine monk Canghai, there is no need for Lin Tianhao to take action at all, all these ghost messengers can be dealt with.

Sweep all the way.

Everyone finally arrived at the end of the Nine Netherworld.

At the end of the Nine Netherworlds, there is a hazy fog that cannot be penetrated by sight or spiritual consciousness.

"We knew about this place before. It is said that the fog is cursed. If you enter it, you will invite disaster. Even a high-level Yin God will not be able to resist it." The voice of the Lord of Heaven and Earth came.

Lin Tianhao included them all in the List of Gods, and then stepped into the mist.

As soon as he entered the fog, Lin Tianhao felt his vision blurred.

Immediately afterwards...

Damage numbers began to appear above Lin Tianhao's head.

-100.

-200.

-400.

.....

The damage was similar to that of the rotten flesh and blood of the Ten Kings of Hell, which directly reduced Lin Tianhao's maximum health.

Moreover, Lin Tianhao couldn't withstand this kind of beating for long.

But as soon as he stepped into the fog, Lin Tianhao discovered the problem.

Because behind him, there was also fog.

According to his situation just now, he could leave the foggy area by taking a step back.

But now,

Not to mention taking one step back, even if he took ten steps back, he would not be able to leave the foggy area.

Lin Tianhao knows.

He had no time to think, and rushed out like a stream of light.

just now.

He could only pray.

He was fast enough so he could make it through.

however.

The fog seemed to have no end. Even at such a fast speed, Lin Tianhao was unable to leave the range of the fog.

"Something's wrong."

The voice of the Heavenly Dao Ghost Lord came, "There should be some kind of rule power here. This rule power can deceive our senses, whether it is direction or speed."

"I always feel like you are running in the same place, sir, without moving an inch."

Lin Tianhao's eyes narrowed slightly. In his senses, he was clearly running forward. He could even see the fog flowing backwards because of his running.

Say.

At his level, it is possible that his sense of direction is affected by the power of rules, but it is almost impossible for him to not be able to feel it when he is running in place.

"It should not be running in place, but running in a small circle. The sense of direction is extremely confused."

The voice of the Humane Ghost Lord also sounded.

"Sir, calm down, focus, find the direction, and run."

Lin Tianhao hesitated to speak. He really didn't feel that he was going around in circles.

But in this situation, what the Lord of Heaven and the Lord of Humanity said both make sense.

therefore.

Lin Tianhao tried his best to calm himself down and a faint smile appeared on his face.

"bring it on."

Lin Tianhao closed his eyes, emptied his mind, and continued to sprint, but it was still useless.

He could even feel himself running in circles.

But he knew that he couldn't avoid it.

This feeling made Lin Tianhao very uncomfortable.

"how so?!"

Feeling that he was losing more and more blood, Lin Tianhao began to feel a little nervous.

Just now.

A chill surged from his heart and rushed to his forehead.

Lin Tianhao seemed to wake up in an instant. Behind him was the Netherworld. He was still in the place where he had just entered the fog! !

Chapter 1598 The City of Disaster!

Lin Tianhao's pupils suddenly shrank. He couldn't believe it.

From his current position, he only needed to take a step back to leave the foggy area and return to the Nine Netherworld.

But just now, he clearly felt that he should have run very far away.

Even if we were going in circles, we shouldn't be at the edge of the fog.

Although he was shocked, Lin Tianhao did not slow down at all and rushed out like an arrow.

But in just a few breaths, Lin Tianhao passed through the fog and the blood on his head stopped falling.

"terrible!!"

Lin Tianhao passed through the fog, and at this time the surprised voices of the Heavenly Dao Ghost Master, the Human Dao Ghost Master and others rang out.

"Come out?"

"The situation just now was too dangerous. Although we could all feel that we were going in circles, we couldn't break it at all."

Coming from the mouth of Tiandao Youzhu, these words are of great value.

After hearing what Lord Tiandao said, Lin Tianhao felt somewhat relieved.

If it weren't for the coldness in his body that he couldn't even sense, he might have been in big trouble this time.

We really need to be in awe of everything in this world.

You should never be arrogant just because you have some strength, otherwise you will die without knowing how.

"Let's go."

Lin Tianhao did not give any further explanation and looked forward.

The sky here is as dark as that in the Netherworld.

The ground is hard and dark red in color. I don't know what kind of stone it is.

Lin Tianhao raised his eyes and looked into the distance. He could see five mountain peaks on the horizon. Even at such a far distance, he could still see that the five mountain peaks were towering into the clouds, majestic and spectacular.

Lin Tianhao quickened his pace. For the time being, he had not seen the so-called city of disaster.

But when Lin Tianhao approached the five towering peaks, he saw that there were city walls connecting the mountains, and there was a big city in the middle of the five peaks.

Come closer.

Lin Tianhao could vaguely see the words on the city.

It clearly says "City of Disaster"!

"Do these five fingers look like the Five Finger Mountain?" Lin Tianhao said with a smile.

"Sir, be careful what you say."

The Lord of Heavenly Dao looked at the five mountains with a serious expression.

"This kind of mountain stands here abruptly, it must be of great origin."

"If it is really as you said, my lord, if you say this here, it is very likely to alarm the lord behind this."

Lin Tianhao was slightly startled, "You were all saints..."

The Humane Master sighed and said:

"Sir, don't you understand yet? In front of the real big shots, we can also be pawns, or we can be discarded."

Lin Tianhao was silent!

indeed.

There are several realms above the saint.

such as.....

There are the saints of heaven, the realm of eternity, and the realm of the god who is the source of the Tao.

This is just what Lin Tianhao knows.

Maybe there are beings more powerful than the God of the Source of Tao.

It's just that he can't reach it now.

"The Ten Kings of Hell said that the Bodhi tree is behind the City of Disasters, so it seems that we don't need to enter the city."

Just by hearing the name of this City of Disasters, Lin Tianhao felt that it was unusual.

If it were normal circumstances, he would have gone in and explored it no matter what.

But now Lin Tianhao doesn't want to take these useless risks. He wants to maximize his benefits in the shortest time.

of course.

The more important reason is.

Many things that have happened recently have gradually taught Lin Tianhao to be reverent.

but.

He did not intend to let go of this city of disasters easily. He would first get what benefits he could, and then think of other things.

however.

What happened next left Lin Tianhao dumbfounded.

He arrived at the back of the City of Disaster, but did not see the Hell Bodhi Tree, nor did he see the so-called courtyard.

Even.

Lin Tianhao had already walked quite far away, but still hadn't seen the Hell Bodhi Tree or the small courtyard.

The front was very empty, and at first glance, there were no buildings to be seen.

Lin Tianhao narrowed his eyes slightly, "Will there be... a problem?"

"I've been walking for so long, but I haven't even seen the shadow of the Bodhi tree."

The Humane Master hesitated for a moment before saying:

"The Ten Kings of Hell seemed to have mentioned passing through the City of Disasters before. Could it be that... we bypassed the City of Disasters, so we didn't find the Hell Bodhi Tree?"

Lin Tianhao frowned slightly. In a place like this, it was entirely possible for such a situation to exist.

"Then go back."

Lin Tianhao is wary of the City of Disasters, but if he must break into the City of Disasters, Lin Tianhao is not afraid.

Walking back all the way, Lin Tianhao hurried as fast as he could and soon returned to the gate of the City of Disaster.

In order to avoid any accidents, Lin Tianhao went around to the gate of the City of Disaster that he saw when he came here.

"Let's go."

Looking at the gate of this city of disaster, Lin Tianhao walked towards it.

There was no problem in pushing open the door to the City of Disaster.

The streets of the City of Disaster are spacious and clean, the only problem is... there is no one.

but.

In a place like this, it is normal that there is no one in this disaster area.

Lin Tianhao stepped into the City of Disaster.

The moment they stepped into the City of Disaster, noisy sounds were heard.

The originally empty streets were now filled with sparse crowds of people.

On both sides of the street, most of the shops have been opened and people are coming and going.

Lin Tianhao was a little surprised. When he was outside, he didn't see anyone.

"Is it an illusion?" Lin Tianhao asked in a voice transmission.

"It should... not be!!"

The Lord of Heaven's Dao You's voice sounded somewhat shocked.

"The auras of these people are real. It should be because of this city of disasters that we completed the space jump when we entered the city gate."

Just now.

Lin Tianhao saw it.

In the city gate behind him, human figures appeared out of nowhere.

He looked back and saw that the outside was still desolate, but these figures appeared so strangely.

"When we came in, there was no one outside. Even if we go to see it now, there is no one outside. These people..."

Lin Tianhao was surprised.

The Heavenly Dao Master seemed to understand something and said:

"This... should be a multi-world space folding door. This city of disaster is folded. It exists in the underworld, or it may exist in other spaces. People from different spaces come here and pass through the door, and they will come here."

"And after leaving, you will return to your original world."

"This... is somewhat similar to the landing technology of Ragnarok. You come from different regions, but as long as you choose to land, you will enter the same area."

Lin Tianhao was very surprised. This was quite magical.

At this moment.

A giant over twelve meters tall strode in from outside the city. He was so huge that the ground shook slightly when he walked.

"This... this seems to be a creature from the giant clan." The old ghost master said with some surprise.

"Well, he is not only a member of the Giant Spirit Clan, but also the legendary Giant Spirit Royal Clan."

Chapter 1599 Yuwen Qiong!

"The Giant Spirit King Family? Are they very powerful? I have also met a Giant Spirit King Family before."
Lin Tianhao said.

The Heavenly Dao Master nodded heavily and said seriously:

"Of course the Juling royal family is powerful. They are natural born warriors. As long as they grow up smoothly, they will become gods. With a little chance, it will not be difficult for them to reach the saint level."

"To be precise, when the Giant Spirits reach adulthood, they become gods. When the Giant Spirits royal family reaches adulthood, they become pseudo-saints. Those with better talents can even enter the realm of saints."

Lin Tianhao took a breath of cold air. Before, in the Five Mountains Secret Realm, on his way to the Ancient City of the Heart Demon, he also encountered a giant spirit king.

"Is it so powerful? But I heard that the Giant Spirit Royal Family is the descendant of the Giant Spirit God?"

"Giant Spirit God?"

"That's just a name for the adult giants. However, because the adult giants are giant gods, some people also directly call this race the giant god clan."

Just when Lin Tianhao was asking about the giant royal family, a lightning whip fell from the sky.

"Snapped--"

The thunder whip hit the giant royal family, followed by a majestic voice.

"Anyone who enters the City of Disaster must not be taller than three meters!!"

After being whipped, this giant royal family member showed a flash of anger in his eyes.

Look.

As a member of the giant royal family, he is somewhat proud.

however.

However, after a few breaths, it seemed that the giant king's body size had not changed, so the thunder whip came again.

This time.

The giant king was prepared. He had a giant axe in his hand and swung it towards the thunder whip.

"Snapped--"

The thunder whip pierced through the axe of the giant royal family and hit the giant royal family hard.

The giant royal family couldn't help but gasp.

"Ignore physical defense?"

"Moreover, the first whip was on the flesh and blood, but this second whip is on the soul and flesh together."

Anger was already rising in the eyes of this member of the giant royal family, and a domain was spreading out around him.

But his territory had just begun to unfold when the whip attacked again.

"You are such a coward!!"

The giant royal family showed no sign of weakness and attacked the thunder whip again.

But the moment the thunder whip touched his territory, his territory was shattered.

"this--"

See this scene.

The master of the Giant Spirit royal family immediately realized that something was wrong.

"grown ups....."

The strong man of the giant royal family wanted to beg for mercy, but the thunder whip had already whipped him away.

Lin Tianhao was watching the show the whole time, and he could feel that this thunder whip was extraordinary.

Although after entering the City of Disaster, or to be more precise, after entering the Nine Netherworlds, it was difficult for Lin Tianhao to judge their realm without fighting.

But his basic perception ability is still there, so he can see some things.

"Seventh level mortal?"

At this moment.

A somewhat surprised voice was heard.

Then, a tall young man walked towards them.

I am now at the seventh level, which corresponds to the realm of the God Realm... the seventh level!!

Does this mean that I am really no longer in the galactic world?

The fact that he was able to hear the server-wide announcement before might have been due to other reasons.

"What's your name?" Lin Tianhao asked.

"Yuwen Qiong."

"Yuwen Qiong?"

Lin Tianhao cupped his hands and said, "My name is Lin Fan."

Lin Tianhao didn't know what the situation was in this city of disasters, but there was one thing he was sure of.

This is not the galaxy world anymore.

"It's amazing. Apart from a few mortals who want to reach the tenth level or higher, there are relatively few mortals at your level coming here."

Lin Tianhao smiled helplessly and said:

"I came here by mistake and saw a city here, so I came here. From what I see, Brother Yuwen seems to know this place well?"

"I can't say I know much about it. This is only my second time here."

"After reaching the tenth level, I wanted to advance to the eleventh level, but I never had the chance, so I came here once."

"I came here again now because I have achieved the twelfth level. I want to see if there is a chance to pursue the illusory thirteenth level."

When Lin Tianhao heard this, he was shocked.

"Level 13?!"

If this is put in Ragnarok, it would be equivalent to the thirteenth turn!!

The guy in front of me has actually completed twelve turns.

"Then I wish my brother can get what he wants."

I'm unfamiliar with this place, so it would be great if I could get some useful information from Yuwen Qiong.

"I'm bored alone. If you don't mind, you can come with me." Yu Wenqiong said lightly.

"Although you haven't reached the ninth level and can't perform the ultimate breakthrough here, if there is no problem, it would be good to let you upgrade one level."

"Upgrade?"

Lin Tianhao was a little surprised.

at this time.

The Heavenly Dao Master sent a message to Lin Tianhao, saying:

"Sir, the rank divisions of the Divine Realm and the Endless Starry Sky are somewhat different from ours."

"They are divided into eight grades: ordinary, yellow, mysterious, earth, heaven, god, holy, and source."

"According to my understanding of the rank classification of Ragnarok, it is Ordinary, Elite, Black Iron, and Ordinary."

"Bronze, silver, gold, yellow."

"Platinum, diamonds, stars, for the earth."

"Grandmaster, King Grade, Imperial Grade, is heaven."

"Emperor grade, divine grade, for God."

"As for the level above the Divine Rank, I don't know either. After all, I haven't reached that level either."

Lin Tianhao roughly understood that this grade was more concentrated, and it was estimated that the difficulty of upgrading it would be much more difficult than upgrading it in Ragnarok.

"I'm new here, and I'm really excited. I don't know how to upgrade my rank here?"

It is unlikely for Lin Tianhao to change his job now, so the first thing he can think of is naturally upgrading his job.

"It's simple, earn points!!"

"In this city of disasters, if you achieve certain achievements, you can be rewarded with points. The points can be exchanged for all kinds of treasures that can be upgraded, or things like realm-breaking pills after the ninth level."

Hearing these words, Lin Tianhao was not too surprised, but asked:

"How can these achievements be achieved?"

Yuwen Qiong thought for a moment and said:

"Battles between superiors and subordinates, battles to kill gods, and... challenges for various secondary professions. Or, you can directly exchange them with special treasures."

While Yuwen Qiong was speaking, Tiandao Youzhu was also explaining.

"Sir, the upper and lower positions refer to the lower position within the ninth turn, and the upper position above the ninth turn."

"The war of killing gods should be a battle where mortals kill gods."

Yuwen Qiong glanced at Lin Tianhao and said:

"I was able to earn enough points because I successfully killed a god in the mortal realm."

Lin Tianhao raised his eyebrows, "Mortals killing gods? What level is the god on the other side?"

Hear this.

Yuwen Qiong looked at Lin Tianhao in surprise and said:

"Of course it's the lowest level first-grade deity."

"But if you are not strong enough, you can challenge the incense gods or the godhead gods. These two are weaker than the first-grade gods."

Chapter 1600 God-killing Arena!

That's it.

Yuwen Qiong seemed to have thought of something and continued:

"If that doesn't work, then challenging the standard gods is fine."

"You are only at the seventh level. You must have some extraordinary qualities to be able to come here. You can consider challenging the standard gods."

Lin Tianhao roughly understood that the standard gods should be gods similar to ghost messengers.

It should be considered the lowest level existence among the gods.

"Where is this challenge?" Lin Tianhao asked.

"Let's go, the God-killing Arena is just ahead."

"I am here this time to challenge a third-grade god. A first-grade god can no longer give me points."

Lin Tianhao nodded secretly. It was not impossible to challenge a third-grade god with the twelfth turn.

Follow Yuwen Qiong.

Lin Tianhao came to a circular building that didn't look too big.

just.

When Lin Tianhao stepped into the God-killing Arena, he discovered that it was much larger inside than it looked from the outside.

At least.

The height difference is dozens of times.

From the outside, this circular building is only about twenty meters high.

But after coming in, the height inside is over three hundred meters.

"so many people."

Lin Tianhao was a little surprised.

"Are they all here to take the God-killing challenge?"

"No."

Yuwen Qiong shook his head and said:

"Most people here come to watch the game, and also to place bets."

"By the way, brother, the battles here are life-and-death duels. If you are not sure, don't rush into it. You can watch first."

Lin Tianhao was not too surprised. The generous rewards meant that there would be no looseness in such a fight.

If you want to avoid giving up, the best option is a life-and-death duel.

"Sign up here, your realm and rank will be checked, and then a duel will be arranged."

"Go further inside, there is a betting window, but they don't accept ordinary things here. Generally, they only accept enlightenment stones or divine stones."

"Brother, you haven't become a god yet, so you may not know that God Stone is the universal currency among gods. It can quickly replenish consumed divine power, and can also be used to assist in cultivation."

"The Enlightenment Stone increases the speed of enlightenment. Few people would bet on this thing. Even for low-level gods, the Enlightenment Stone is a relatively precious item."

Lin Tianhao nodded slightly. He didn't have the enlightenment stone or the magic stone, but he had the enlightenment point.

and.

He can gain an enlightenment point in one second.

wrong! !

His Heavenly and Earthly Nourishment has been upgraded to two stars, and now it provides two enlightenment points per second.

From this perspective, his natural talent is still very strong.

"But these are just small fights. It is said that the headquarters of the City of Disaster in the Divine Realm can even bet with the power of incense and merit."

"The power of incense? The power of virtue?!"

Lin Tianhao was really shocked.

He rewards the good and punishes the evil, and can transfer the power of merit only under certain conditions.

But under normal circumstances, who can transfer a person's power of merit?

"Are you surprised? I also heard it from the elders in the clan. It is indeed unbelievable."

"The power of incense and the power of merit follow a person. Even if a person possesses the power of incense or the power of merit, it is almost impossible to transfer them out."

"Not to mention that it was an outsider who came to transfer it."

During the conversation, Yuwen Qiong had already arrived at the registration window.

What he signed up for was simple: to challenge a third-grade god.

After registration is completed.

Lin Tianhao branded Yuwen Qiong and entered a light array to test his strength.

"Twelfth level, heavenly grade!"

When Lin Tianhao saw Yu Wenqiong's rank, he was also stunned.

According to Lin Tianhao's calculations, this Yuwen Qiong should be at least a divine item.

The three grades of Tianpin that correspond to those in Ragnarok are Grandmaster, King, and Emperor.

Even though Yuwen Qiong is the highest imperial rank among them, he is still a little inferior.

The only thing he could show off was probably his twelfth-level rank.

"This is your number plate. Your fight will take place on ring number seven."

The old man who was responsible for testing Yu Wenqiong's strength handed Lin Tianhao a number plate.

After getting the license plate.

Yuwen Qiong took Lin Tianhao inside.

There are a total of twenty-three doors inside.

There are still quite a few people going in and coming out.

At this moment.

A young man with horns on his head and scales on his neck walked over.

"Yuwen Qiong? You kid, are you still not going to ascend to the realm of the gods?"

When Yuwen Qiong saw the person coming, he greeted him warmly.

"Brother Hong, it's been a long time since we last met. You're also stuck, aren't you?"

"Hahaha, sorry to have made you laugh. I just came to some realization, so I came here to try out the fourth-grade divine spirit."

"Fourth grade?!"

Yuwen Qiong was shocked. "It seems that Brother Hong, your attainments in thunder magic have improved a lot."

"Well, I've won and I'm going to use the points to exchange for something."

"But since Brother Yuwen is here, I must take a look and place a big bet to earn some magic stones."

Yuwen Qiong smiled slightly and said:

"Thank you for your kindness, Brother Hong. I will go all out on the stage later and not let you down."

While the two were chatting and laughing, Yuan Hong's eyes also fell on Lin Tianhao.

"Brother Yuwen, this person looks a little unfamiliar. Is he also the prodigy of your Yuwen family?"

Yuwen Qiong shook his head and said:

"No, I met Brother Lin at the city gate. Brother Lin got here by mistake and was unfamiliar with the place, so I showed him the way?"

"To be able to reach this city of disasters all by yourself, it seems that Brother Lin is no ordinary person."

Lin Tianhao smiled modestly and said:

"It's all luck."

Subsequently.

Yuwenqiong and Yuanhong began placing bets at the counter at aisle seven.

"Ring number seven, third match, Yuwen Qiong challenges a third-grade spirit. What are the odds?"

Behind the counter was a fox-eared girl wearing a cheongsam with a professional smile on her face.

Maybe it's because of the fox-eared girl's characteristics, even with a professional smile, she still has a bit of charm.

"Yuwen Qiong will pay two for one, and a third-grade spirit will pay 1.6 for one."

"Okay, I'll bet 10,000 lower-grade divine stones and I'll win."

"I also bet 10,000 low-grade divine stones, and Yuwen Qiong will win," Yuan Hong said with a smile.

See this scene.

Lin Tianhao hesitated slightly. Just now, the Heavenly Dao Ghost Lord had sent a message to him, telling him that the nine Ghost Lords all had magic stones on them.

But the problem is.

They don't have low-grade divine stones. The worst ones are high-grade divine stones, one of which is equivalent to ten thousand low-grade divine stones.

Moreover, the power of high-grade divine stones is purer and easier to absorb and refine. Therefore, one high-grade divine stone can actually be exchanged for fifteen thousand low-grade divine stones.

He is only at the seventh level of cultivation, so it would be somewhat inappropriate if he took out a top-grade divine stone at this time.

and.

Yuwen Qiong and Yuan Hong look kind and enthusiastic, but as the saying goes, money can move people's hearts.

Lin Tianhao felt that he should be more cautious.
