

O games 1601

Chapter 1601 Black Belt!

Seeing Lin Tianhao looking embarrassed, Yuwen Qiong raised his head and smiled.

"Brother Lin, you don't have to be like this. You are only at the seventh level, so it is normal that you don't have a divine stone on you."

Yuan Hong hesitated for a moment and said slowly:

"It's fate that we meet. I'll bet one thousand lower-grade divine stones on behalf of Brother Lin."

talking.

Yuan Hong directly bets you another thousand low-grade divine stones.

Betting completed.

A group of three people entered the venue where the No. 7 ring was located.

at this time.

There are already people fighting in arena number seven.

On the arena, a female elf archer and a werewolf holding a long knife were fighting.

"That's strange. Archers have a big disadvantage in arena battles. This elf archer is really brave."

It was difficult for Lin Tianhao to judge the realm of these guys at this time, but Tiandao Youzhu and others could easily see it.

"Sir, this female elf is of level ten, and her rank is probably equivalent to that of the Earth Rank."

"The opponent of this female elf is a first-grade god, who can be regarded as a true god promoted by bloodline. Among the first-grade gods, she can be regarded as a relatively powerful existence."

Lin Tianhao narrowed his eyes slightly, a look of surprise flashed on his face.

The arena is huge and the battle is intense.

"It's like this again. Nalotta is going to win again."

Some people in the audience began to talk.

"The archer was able to kill gods all the way to this point in this arena competition. Nalota's strength is really terrifying."

"If a ninth-level warrior has this kind of combat power, how terrifying would it be if he reached the twelfth level?"

.....

Lin Tianhao is also an archer. While these people were discussing, Lin Tianhao discovered that invisible wounds began to appear on the body of the werewolf in the first-level divine realm.

The wounds began to bleed. After being injured, the werewolf's ferocity exploded and his divine power gushed out like crazy.

"Speaking of which, how did this City of Disaster find so many gods for people to challenge?"

"and."

"How do they make a profit? I didn't pay any entrance fee. Do they just rely on betting? But if you don't manipulate the betting secretly, it's hard to predict the outcome."

Hear this.

Yuan Hong couldn't help laughing and said:

"I don't know about that, but someone said that the original intention of establishing the City of Disaster was to cultivate the geniuses of all races."

"Because in the endless starry sky, there are all kinds of starry sky aliens and strange creatures."

"They threaten the safety of all races at all times, so the master of the City of Disaster wants to cultivate the geniuses of all races."

That's it.

Yuan Hong lowered his voice and said:

"However, there is another theory about this city of disasters. However, since this is the city of disasters, I am not in a position to say more about this theory."

Although Yuan Hong did not say it explicitly, from his expression, Lin Tianhao could feel that this second statement about the City of Disaster was probably not a good thing.

In the arena.

The battle is coming to an end.

The feather arrows of this female elf are impenetrable and contain mysterious laws.

No matter what the attack is, it will be bounced away when it first touches the feather arrow.

Even divine power, or even the werewolf's domain, would be repelled when attacked by this arrow for the first time.

At the moment the arrow was bounced off, a mysterious force acted on the werewolf.

This mysterious power is the reason why the werewolf bleeds profusely.

"She possesses two powers that can suppress a first-class god at the same time. No wonder she dares to challenge a god."

Yuwen Qiong couldn't help but sigh.

Lin Tianhao had a strange expression on his face. How many kinds of powers did he have that could suppress the gods?

It seems a bit too much.

Just don't know.

There was no suspense in this duel. The female elf simply suppressed the werewolf head-on, and the werewolf had no power to fight back at all.

What surprised Lin Tianhao the most was that the werewolf's means of displacement would still be bounced back by the feather arrows in the air.

"I don't know if my Void Travel can cross these feather arrows."

Lin Tianhao thought secretly.

After the female elf won, the next three games were all humans challenging the gods.

But the result was... the whole army was annihilated!!

"The upper limit of the human race is very high, but the lower limit is also terribly low."

"What a pity! These three can be considered as little geniuses, but they are still too aggressive. Not everyone can win when challenging a god."

These three human geniuses who challenged the gods one after another were all killed by the gods.

Yuwen Qiong looked at Lin Tianhao very seriously and said:

"Brother Lin, you should have realized that when challenging gods, failure is common, while victory is rare."

"and."

"These people have probably practiced against gods before, but they were still killed by the gods here."

"Because they are both first-grade gods, their domains, principles, laws, etc. are different, and accidents may occur during the battle."

"So, if you are not more than 80% sure, try not to take risks."

Lin Tianhao hesitated to speak. To be honest, he really intended to take action.

even.

Lin Tianhao also planned to let Fenxin Mengyan and others participate in this competition.

"Lord Tiandao You, didn't you know about the City of Disasters before? From the looks of it, the City of Disasters should be quite well-known."

"We really don't know. We mainly wander in the endless starry sky and rarely land in the divine realm."

"Moreover, this City of Disasters is obviously aimed at those below the level of Saints. I have already achieved the Saint realm a long time ago, so naturally I can't pay attention to the situation in the Saint realm."

At this moment.

Yuwen Qiong stepped onto the stage.

Lin Tianhao raised his eyes and looked over.

Lin Tianhao was not very clear about the strength of Yu Wenqiong.

If you only look at the grade, it may not be accurate.

Besides, the quality of the product is actually not that bad.

Yuwen Qiong's opponent is also a human. He has black belts wrapped around his eyes, making him look unfathomable.

When Yu Wenqiong saw this man, his expression changed slightly.

With just one glance, he could feel that the man in front of him was no ordinary person. If they really fought, his chances of winning would be extremely low.

But in this god-killing arena, once you step on stage, it's a fight to the death.

See this scene.

Yuan Hong beside Lin Tianhao was also shocked, "It's him!!"

"Brother Hong knows him?" Lin Tianhao asked.

"He has a black belt and a pair of eyes. He is a strong man from our small world. He and my brother are known as the twin stars of our world."

"He later became obsessed with the City of Disaster, while my brother-in-law offended a powerful enemy and wandered in the endless starry sky. Both of them were miserable people."

"Even so, this guy's strength should not be underestimated. This time, the City of Disaster sent him to take action. Brother Yuwen may be in trouble."

Lin Tianhao frowned. He had only known Yu Wenqiong for less than a day, and now he had to explain everything here.

On the stage.

The third-grade deity with a black belt around his eyes stomped hard on the ground, and a mysterious force of rules rippled out.

In a flash.

All the rules and regulations of the entire arena must be eliminated.

At this moment, the ring has become a pure fighting ring! !

Chapter 1602 Yuwen Qiong was defeated!

"It's troublesome. With all the laws expelled, there are very few people who can compete with this kid in close combat."

In the field.

The third-rank god with a black belt and eyes fought with Yuwen Qiong.

After losing the blessing of the law, the battle between Yuwen Qiong and the man with the black belt was like a close combat between martial arts knights.

Every move made by both of them was very simple and unpretentious.

Amid the flashing of swords and the shadow of sabers, the two had no idea how many times they had clashed.

Lin Tianhao has sharp eyes. Even without the obstruction of the power of laws, he can still see the battle situation on the field clearly.

Yuwen Qiong was at a disadvantage.

To be precise.

Yuwen Qiong was a little fooled.

This guy looks like a blind man with a black belt around his eyes, but he seems to be able to predict the future and cleverly avoid Yuwen Qiong's attacks every time.

Then he can launch a powerful attack to restrict Yuwen Qiong or even injure him.

Now it seems that the two sides are evenly matched. The main reason is that the clothes on Yuwen Qiong have extremely strong defensive power, which allows them to stabilize temporarily.

But Yuwen Qiong couldn't hurt this third-grade deity with a black belt around his eyes, so his defeat was only a matter of time.

suddenly.

Lin Tianhao's pupils suddenly shrank, because the third-grade deity with a black belt and eyes continued to attack, and actually brought a kind of silk thread that was almost impossible to detect with the naked eye.

If Lin Tianhao hadn't opened his Fiery Eyes, he wouldn't have been able to discover it.

The key is.

This thread is not only difficult to capture with the naked eye, but even with spiritual consciousness.

The thread flew out and was actually able to fix itself in the void, which shocked Lin Tianhao again.

Laws and rules have been expelled, how is this thread fixed to the void?

The doubt only arose for a moment, and Lin Tianhao already had the answer.

The law of origin!!

It seemed that the other party had dispelled the laws and rules, but the space around them was still stable.

This shows that this guy is only dispersing ordinary laws and rules.

The origin law is still there!!

this is the key of the problem.

This thread contains the power of the original law.

"Ugh....."

Yuan Hong sighed softly, "Brother Yuwen's current situation is a bit bad."

Obviously.

Yuan Hong should have also seen these tiny silk threads.

There were many experts on the surrounding arenas, and many of them saw the problem.

"This third-grade god with a black belt and eyes is different from the other gods sent out by the God Killing Arena."

"This kind of means is indeed not something that ordinary gods can possess. With what this black-belted god has shown now, even an ordinary sixth-grade god would probably have a hard time being his opponent."

"This is a bit shameless. Could it be that this genius named Yuwen Qiong has offended someone in the God Killing Arena? He is actually being targeted like this."

.....

Hearing the discussions of the people around him, Lin Tianhao also felt that Yuwen Qiong was being targeted.

Who did he offend? How could he be so tampered with such a matter?

As the battle continues.

There are more and more silk threads on the ring.

Yuwen Qiong could not see these threads, but his warning of danger enabled him to judge the situation around him.

His expression became more and more grim. This time the situation was much worse than he expected.

At this moment.

Yuwen Qiong clasped his hands together, and a powerful force flowed through his body.

This was no ordinary power that gathered within himself.

Because it is impossible for a mortal to kill a god using conventional power.

Yuwen Qiong used the power of incense.

The power of the incense gathered into a sword and slashed down at the third-grade deity with a black belt and eyes.

But comparing the power of incense with that of gods is somewhat ridiculous.

after all.

Not everyone can replicate a legend like Lin Tianhao.

At the seventh level, you can unify the land of China and rule over trillions of lives! !

This Yuwen Qiong has the power of incense, and it is not low, but if compared with Lin Tianhao, it is a bit like a firefly competing with the bright moon.

The third-grade deity with a black belt and eyes said nothing, but used the simplest means to resolve Yuwen Qiong's attack.

"If the power of incense is not enough, then use the power of virtue!!"

Yuwenqiong let out a low cry.

The whole body was lit up with golden light of merit.

Not everyone can see this golden light of merit.

of course.

There are not many ordinary people who can sit here.

The third-rank deity with a black belt and eyes finally revealed a solemn look on his face.

I don't know if the solemnity on his face was because he felt that Yu Wenqiong's power of merit was difficult to resist.

He still felt that such a fight in the ring would be a waste of his merits and powers.

"This....."

Yuan Hong stood up suddenly, a look of disbelief on his face.

"How can his power of merit be so strong!!"

Lin Tianhao also saw the golden light of merit revealed by the third-grade deity with black belt and eyes.

He seemed to be just showing it casually and not using his full strength.

But nevertheless.

It's still amazing.

"This kid called Yuwen Qiong has no chance."

"Most of the gods that were arranged in the God Killing Arena before, their merit power is not as strong as Yuwen Qiong's."

"But the merit power of this third-grade deity with black belt and eyes is probably at least ten times that of Yuwen Qiong, or even more."

.....

At this point in the battle, most people have already seen the outcome.

They know it too.

Yuwen Qiong is doomed to die.

This third-grade deity with a black belt and eyes is too powerful.

Many people think that even an ordinary sixth-grade god would not be a match for this third-grade god with a black belt.

therefore.

The one that Yuwen Qiong was challenging now could not be considered a third-grade deity, but... a sixth-grade one!!

It can even be considered as a seventh-grade item!!

"I don't agree!!"

Yuwen Qiong still has some trump cards, but those trump cards can only withstand one or two of them in the face of the power of merit.

"He is not an ordinary third-grade god at all. This is different from all the previous matches in the God-killing Arena!!"

The onlookers could see that he was a powerful third-grade deity with a black belt around his eyes. As his opponent, Yuwen Qiong had an even deeper understanding of the situation.

"It depends on whether the God-killing Arena will take care of it." Yuan Hong said in a deep voice.

"He used the power of incense and the power of merit, just to let people know that he did not let them off."

"There's something wrong with the opponent arranged by the God Killing Arena in this round."

After listening to Yuan Hong's words, Lin Tianhao finally understood.

Yuwen Qiong discovered the problem from the beginning. If he kept fighting, he would be creating an obstacle for the God-killing Arena.

In this situation, the reputation of the God Killing Arena should not allow such a thing to happen.

If Yuwen Qiong died at the hands of this third-grade god with a black belt and eyes today, then in the future, no genius would dare to challenge the god.

Yuwen Qiong gave the door, there was no reason not to get off the God Killing Arena! !

This analysis is not wrong.

Even if someone in the God Killing Arena wanted to target Yuwen Qiong, this is enough! !

If we continue like this, the consequences will outweigh the gains.

Chapter 1603: Grudges, Wang Laoguai!

As if to confirm Lin Tianhao's guess, an old man in a long gown suddenly appeared on the stage and blocked the attacks of Yuwen Qiong and the third-grade god with a black belt and eyes.

"There is indeed something wrong with this game. Yuwen Qiong, your opponent should be rearranged. Alternatively, you can choose to give up."

"I choose to give up!!"

Yuwen Qiong gritted his teeth.

He mobilized the power of incense and the power of merit. These two powers become less and less each time they are used.

He can only accumulate again.

and so.

It is not ruled out that Yuwen Qiong was trapped by the God-killing Arena.

But it's always hard to say about things like this without evidence.

"Has this situation happened before?" Lin Tianhao asked.

Yuan Hong nodded slightly and said:

"Yes, but they are rare. This time it is obvious that there is a problem."

"Because this kid once came to the City of Disaster to participate in the God-killing Challenge when he was in the mortal realm, and succeeded."

"This kind of person should not be chosen as a god to be challenged."

Lin Tianhao understood, "Brother Yuwen has offended someone?"

"do not know."

Yuan Hong shook his head and said seriously:

"Such mistakes rarely occur in the God Killing Arena. The most important thing is that there is no compensation."

"It happened before, but I heard that the points were compensated."

Lin Tianhao narrowed his eyes slightly, and Yuwen Qiong also returned to them at this time.

You can see it.

Yuwen Qiong's face looked a little ugly.

Obviously.

This incident was very unfavorable to him.

Having consumed the power of incense and merit, it would be difficult for him to challenge the gods again in a short period of time.

"I'm sorry to have embarrassed you. I may have to give up and return to my world to break through the realm of the gods."

Yuan Hong nodded slightly and said:

"Brother Yuwen, your realm is not low. Although you failed this time, you may lack some skills. But after becoming a god, you may have other opportunities to make up for this lack of skills."

"Brother Lin, we'll leave first."

Yuwen Qiong stood up and prepared to leave. This was considered bad luck for him.

No compensation was received, and the power of incense and merit was wasted in vain.

But right now.

A somewhat teasing voice sounded.

"Yuwen Qiong, are you satisfied with today's game?"

Hearing this voice, Yuwen Qiong's expression changed slightly, and he instantly raised his eyes and looked at the person who spoke.

The person who spoke was a skinny young man with an ugly face and a smile that showed that he had succeeded in his scheme.

"It's you--"

Although Lin Tianhao didn't know the identity of this ugly young man yet, it was not difficult to guess from listening to the conversation that Yuwen Qiong's encounter with the third-grade god with a black belt and eyes was related to this ugly young man.

"I also want to thank you. Thanks to you, I became a demon. The City of Disasters saw something in me and promoted me to be the supervisor of the God-killing Arena."

"On normal days, the masters of the God-killing Arena don't take care of things much, but here, I have the final say."

"Possessed by the devil? How could he be valued by the God-killing Arena?"

Lin Tianhao was a little surprised. If that was the case, he was also possessed by the devil.

"it is good."

Yuwen Qiong remained calm and did not show his emotions.

"Wang Laoguai, I am not to blame for your possession of the devil. No matter who it was that day, they would have made the same decision as I did."

"You are guilty to begin with. Giving you up can save thirty-four of our human race's geniuses. I have no reason to protect you."

When Wang Laoguai heard this, he sneered:

"Yes, Yuwen Qionghuo, you are very righteous. You saved the thirty-four heroes from danger. The thirty-four heroes all owe you a life. If you have any requests in the future, they will definitely respond."

"But what about me?"

"Once a guilty person dies, he is dead!!"

"But let me ask you, is my crime punishable by death?!"

"Thirty-four geniuses, so many people can be sacrificed, why must I be the one to be sacrificed?"

"You, Yuwen Qiong, are very righteous, why can't you be the one to seal the formation?!"

"You, afraid of death, use my life to achieve your fame and make the thirty-four proud ones accept your love. But what about me?"

"Hahaha, who would care about me? Even though my life saved them, did those thirty-four geniuses ever say a word of gratitude?!"

"The credit is only yours!!"

Wang Laoguai seemed to be venting his anger by saying out all his resentment.

Yuwen Qiong shook his head and said:

"Why deceive yourself? If it weren't for you, how could we have gotten into such a dangerous situation in the first place? You led us into this dangerous situation, and you should solve it. This is the correct solution."

"I bother!!"

Wang Laoguai said in a low voice, "I just made a suggestion, and I didn't force you to listen to it. If you say it's my choice, then isn't it also your own choice?"

"Yuwen Qiong, stop acting so superior here. I am the one who should be superior here."

Hear this.

Yuwen Qiong frowned. Now that Wang Laoguai's strength was unfathomable and he had the City of Disaster backing him, he felt a little troubled.

"You are a member of the God Killing Arena. If you openly fight here, you are breaking the rules set by the God Killing Arena."

"rule?"

Wang Laoguai looked at Yuwenqiong coldly, "The masters are not here. Here, my rules are the rules!!"

"I didn't let that guy beat you to death, not because breaking the rules is bad, but because I wanted to kill you myself!!"

The words fell.

A pure demonic energy came.

Yu Wenqiong's expression changed slightly, and his domain was released instantly.

But this evil energy actually tore open Yuwen Qiong's territory and penetrated into Yuwen Qiong's eyebrows.

"you--"

Yuwen Qiong was horrified. Yuan Hong on the side sighed, grabbed Lin Tianhao and retreated to the back.

Obviously.

He didn't want to get involved, nor did he want Lin Tianhao to intervene.

Wang Laoguai's attack on Yuwen Qiong was due to their own grudges, or it could be said that Wang Laoguai broke the rules in the God-killing Arena.

But if they attack Wang Laoguai, it would be like attacking the top leaders of the God-killing Arena, and they would not end up well.

"Hahaha, hahaha——"

"Yuwen Qiong, did you see that? You have been doing favors everywhere, pretending to be a good person. Now that you are really facing a life-and-death crisis, how do your companions treat you?"

"What do you call this... you deserve it!!"

"Perhaps they also know that you are a hypocritical person."

"So, they are unwilling to help you."

The evil energy in his body was running rampant, destroying Yu Wenqiong's tendons and veins.

If there wasn't a rare treasure in his dantian, his dantian would probably have been destroyed by now.

Lin Tianhao hesitated slightly. He didn't want to be the first to take action.

After all, he and Yuwen Qiong had only known each other for less than a day, and it was not worth it to risk his life to save him at this time.

What's more, it's a situation of grudges.

"boom--"

With a loud bang, Yuwen Qiong's Dantian was shattered, and he became a useless person! !

Chapter 1604 Pulling Lin Tianhao into the water!

Lin Tianhao took a deep breath and tried his best to calm the turbulent emotions in his heart.

A human genius of the twelfth level, a human genius who is confident enough to challenge an ordinary third-grade god.

Right before his eyes, his Dantian was destroyed by a single move! !

Tianjiao...

If you don't grow up, you won't count.

There are nine heavens and ten earths, countless small worlds, and many geniuses, but how many of them can truly grow up?

"Hahahaha, Yuwen Qiong, are you desperate?!"

Wang Laoguai laughed grimly and scolded: "Do you know how desperate I was when you made that decision?!"

Yuwen Qiong felt the strength in his body dissipating madly and he could no longer hold on.

He glared at Wang Laoguai and roared:

"You lunatic, you openly violated the rules of the God Killing Arena. Even if you are the director of the God Killing Arena, you can't get away with it!!"

Wang Laoguai smiled without commenting and said:

"I will be punished, but so what?"

"If you become a cripple, I will just deduct some of your salary. This deal, in my opinion, is a good deal."

That's it.

Wang Laoguai's eyes swept over Lin Tianhao and Yuan Hong.

"but....."

"I can give you a choice."

"As long as you are willing to kill them, I will let you go!!"

"They...just watched you get crippled without doing anything."

Wang Laoguai said this.

Lin Tianhao was thinking, Yuwen Qiong was already a useless person, how was Wang Laoguai going to make him kill himself?

Just when Lin Tianhao had this thought, Yu Wenqiong's breath began to recover at a speed visible to the naked eye.

"Within this God-killing Arena, even if I kill you, I can still bring you back to life, not to mention destroying your Dantian."

The words fell.

A powerful divine power fell on Lin Tianhao, pressing him so hard that he could not move.

Not only him, Yuan Hong was also pressed down and unable to move.

Lin Tianhao has an invincible domain, invincible virtuality, and can travel through the void...

He should be able to resist if he wanted to.

However, this city of disasters is extremely strange in itself, and coupled with the current situation here, Lin Tianhao cannot guarantee that he will be able to survive if he takes action.

Yuwen Qiong felt the power recovering in his body. His expression was solemn, and he finally set his eyes on Lin Tianhao and Yuan Hong.

"This decision today should be easy for you."

"They both just watched you die without helping you."

"Now, I have controlled them. You only need to attack at will to kill them. This... is very easy, right?!"

Wang Laoguai's face was full of pride, and his eyes were full of anticipation as he stared straight at Yuwen Qiong.

"My patience is limited. If you feel you can't do it, then I'm here to help you."

"but....."

"If I take action, they will die, and you will die too!!"

Yuwen tried his best to calm himself down and started to circulate the strength in his body.

Lin Tianhao knows.

Yuwen Qiong was planning to take action.

If Yuwen Qiong took action, he would not sit still and wait for death.

The simplest way is to turn on the invincibility, cross the City of Disaster, and leave here.

At least.

He wants to leave the God-killing Arena alive.

This Wang Laoguai has some authority, but it seems that it is only in the God-killing Arena.

"I'm sorry, you two, I don't blame you for not taking action just now."

"But in this situation, I hope you can understand why I took action against you."

"There is nothing we can do about this..."

When the words fell.

Yuwen Qiong's attack was already coming towards Lin Tianhao.

Lin Tianhao shook his head secretly.

This Yuwenqiong is so stupid!!

He should know that even if he really killed them, Wang Laoguai would still not let him go.

after all.

The reason why Wang Laoguai attacked them today was because of the conflict between Yuwen Qiong and Wang Laoguai.

Looking at the attack coming so close.

Lin Tianhao found that he could move.

but.

Without waiting for him to resist, Yuan Hong took the first step.

"boom--"

Yuan Hong showed no mercy when he attacked. His fist wrapped in thunder broke through Yuwen Qiong's attack and knocked Yuwen Qiong away.

"puff--"

Yuwen Qiong spat out a mouthful of blood and said self-deprecatingly:

"Wang Laoguai, I knew you would go back on your word."

Wang Laoguai smiled without commenting and said:

"You want to kill someone, can't you let him fight back?"

"If you are like this, then it's a bit too overbearing!!"

"you--"

Yuwen Qiong's eyes were wide open with anger, but Yuan Hong turned into thunder and rushed out of the God-killing Arena.

Obviously.

Yuan Hong had no intention of fighting. In this situation, the only thing he could think of was to run! !

Whether he could escape or not, he had no choice.

Lin Tianhao took a deep breath. He was actually considering whether to run away with Yuan Hong.

But now it seems that it is not necessary.

Because if Wang Laoguai is not going to let Yuan Hong leave, Yuan Hong's ability to transform into thunder will not be enough.

"Fighting in the God-killing Arena, you can't just leave if you want to."

Accompanied by Wang Laoguai's voice falling.

Yuan Hong, who had already rushed out, flew back and fell heavily to the ground.

See this scene.

Lin Tianhao was not surprised.

Having just arrived here, Wang Laoguai was obviously not satisfied.

"How about this, I'll give you three a chance. You three go up to the God Killing Arena, and the one who survives will leave."

"You are too lawless. When the master of the God-killing Arena appears, you will suffer a lot."

Yuwenqiong roared.

Wang Laoguai sneered, "You don't need to worry about this."

"Either, you all die, or you cooperate with me and finish this game!!"

"Here, I am the one who makes the rules. I can let you all leave alive, or I can let you all die!!"

"By doing this, aren't you afraid that no one will dare to come to this God-killing arena in the future?"
Yuan Hong gritted his teeth.

Wang Laoguai shook his head and said:

"You think too highly of yourselves. Even if I kill you all, there will still be many people coming to the God Killing Arena in the future."

"Yuwen Qiong and I have a feud. You were implicated because of Yuwen Qiong. This has nothing to do with the other people who came to the God Killing Arena."

"What's more, the points in the God Killing Arena are the easiest to earn."

Lin Tianhao remained silent, while Yuwen Qiong and Yuan Hong both looked unhappy.

"Yuan Hong, you are the most powerful among the three."

"Now Yuwen Qiong's incense power and merit power are almost gone, and this kid is just a rookie of the seventh level. You should be the first one to agree."

"Because... the final winner is most likely you, or in other words, it can only be you."

Yuan Hong glanced at Lin Tianhao. He was usually careless, but actually very cautious.

Chapter 1605 Disaster Arena!

Even though Lin Tianhao was only at the seventh level, and his apparent strength was far superior to his, he still didn't dare to take it lightly.

Because he didn't like it, he wondered if Lin Tianhao was hiding some extraordinary means.

after all.

This is not the first or second time that he has come to this city of disasters.

very clear.

None of the mortals who can reach the City of Disaster are ordinary people.

Lin Tianhao is only at the seventh level. Since his level is not high, it is very likely that he has other means.

There was lightning gathering in Yuan Hong's eyes. This was a pupil technique he practiced.

He was trying to spy on Lin Tianhao's origin.

His pupil technique can roughly show a person's fighting ability.

In his opinion, combat power is divided into twelve stars, which applies to both mortals and gods.

This pupil technique allows him to not be affected by his realm and directly spy on the realm of others. This is also his strength.

however.

When his eyes fell on Lin Tianhao.

However, he discovered that there was a layer of misty bone fog on Lin Tianhao's body, which made it impossible for him to see through Lin Tianhao's strength level.

"really."

Yuan Hong secretly groaned in his heart. The more he couldn't see through it, the more he was sure of his guess. This "little rookie" who looked only at the seventh level might be the strongest person.

"It looks like you are ready to die together."

Wang Laoguai's patience seemed to have been exhausted, and a cold murderous intent appeared on his face.

"Let's fight!!"

Yuan Hong spoke immediately.

If you fight, there is still a glimmer of hope. If you don't fight, then there is no hope at all.

Lin Tianhao has an invincible field, so even if a fight really breaks out, he is not afraid.

But Wang Laoguai did so much, what was his purpose?

Is it really just to disgust them?

Or do you want to expose Yuwen Qiong's hypocritical disguise?

Or...

This is because of the changes in Wang Lao's mentality after he became possessed.

But Lin Tianhao felt that nothing seemed right.

It seems that Wang Laoguai's purpose is to force them to go on the stage.

God-killing Arena!!

I'm afraid that only by getting on the ring can Wang Laoguai truly achieve his goal.

of course.

This is just Lin Tianhao's guess.

But one thing is certain.

That is, once they get on the God-killing Arena, more people will see them, and maybe there will be a turning point.

"I agree."

Yuwenqiong nodded.

now.

Lin Tianhao was the only one who had not expressed his opinion.

Wang Laoguai looked at Lin Tianhao with interest and said:

"Hehe, if I were you, I would refuse. Then, this ring match can't start, and then... they will all die!!"

"You are only at the seventh level. If you enter the ring competition, you will be dead. It's better to drag two people to take the blame. Tell me...does what I said make sense?"

This Wang Laoguai really is like a madman. What is his purpose in saying and doing all these things?

Lin Tianhao was finding it increasingly difficult to figure him out.

"Brother Lin!!"

Yuwen Qiong looked at Lin Tianhao anxiously and said:

"Agree to it. We will work together to deal with Yuan Hong later, and then I will lose to you, so that you can survive."

"I am sorry for you. I will do my best to let you leave here alive."

Lin Tianhao narrowed his eyes slightly. This Yuwen Qiong was really hypocritical.

The words are high-sounding.

But didn't Yuan Hong treat him as a brother before?

Now he wants to sacrifice Yuan Hong to fulfill his wish.

hehe! !

In the face of life and death, human nature cannot stand the test.

"Brother Lin, I know what you are thinking."

"You will think that after we kill Yuan Hong, I will kill you."

"But don't worry, it was me who offended Wang Laoguai. Even if I win in the end, Wang Laoguai will never let me go."

"So, no matter what, I will definitely die."

"Therefore, I am willing to fulfill your wish."

Lin Tianhao smiled noncommittally and said:

"You and Yuan Hong have known each other for a longer time, why don't you plan to help Yuan Hong?"

Yuan Hong didn't say a word from beginning to end, he just watched from the side.

"One of them will have to be given up eventually. I am not close to Yuan Hong, nor am I close to you, but I think Brother Lin is more to my liking."

"If one person must leave here alive, I hope it's Brother Lin."

Lin Tianhao smiled and said:

"In that case, please give me your storage ring, Brother Yuwen."

"Anyway, you are already a dying man, and it will do you no good to hold so many treasures."

Yuwen Qiong's face froze slightly.

"Brother Lin, there are some treasures in my storage ring that can help us deal with Yuan Hong."

"After I deal with Yuan Hong, I'll give it to you later."

Lin Tianhao shook his head and said:

"Okay, then Brother Yuwen, please don't let me down."

"I'm young, and I really want to leave here alive."

Hearing Lin Tianhao's words, Yuwen Qiong nodded heavily, "Don't worry, you will definitely leave here alive."

"bring it on."

Wang Laoguai brought Lin Tianhao back into the No. 7 ring.

But this time.

Lin Tianhao clearly felt that the space around him was somewhat unstable, and ripples were constantly appearing.

"This is not Arena No. 7. Where are you taking us?"

Yuan Hong noticed something was wrong at the first moment. These ripples in space were actually taking them across space.

"When you come, you will know it naturally."

Yuan Hong's speed was not fast, but his walking was very steady.

Not long after.

Lin Tianhao and the other two have followed Wang Laogui to a brand new venue.

It was a little dark here, and everyone in the audience was wearing black robes and various ghost-face masks.

"Why have we never been here before?" Yuan Hong asked with a frown.

"This... is a paid venue in the City of Disaster. It is certainly not a place where mortals with shallow backgrounds like you can set foot."

"Today, you are all the protagonists."

"Our conversation just now is projected here. Next, they will place a bet to see who can win."

in the audience.

Those people in black robes and ghost masks also started talking.

"Hehe, this level 7 little guy seems to be a bit interesting. I didn't notice it when I saw the projection before."

"No matter how interesting it is, it's still level seven. But Yuwen Qiong is right. In this situation, the chances of him winning and leaving alive are not high."

"So, what he can do is to help one of them. He said before that he would help the kid who was at the seventh level, but I think that if he wants to take revenge on Wang Laoguai, he should help Yuan Hong."

"After all, Yuan Hong has more potential no matter how you look at it."

.....

"Are you really discussing this, or are you trying to enlighten the people below you?"

"Hehe, this Disaster Arena doesn't just depend on strength. What we're betting on isn't strength, but...humanity."

"Human nature is so complicated. I think Yuwen Qiong doesn't want to die. He wants to win. At least this way he still has a glimmer of hope."

"If you die, there will be nothing left!!"

Chapter 1606: 1 versus 2, a battle outside the galaxy world!

Lin Tianhao frowned. He had some trump cards, but could they all be exposed?

This city of disasters is obviously not an ordinary place.

If he rashly uses those trump cards, he might be targeted by unknown powerful beings.

after all.

From what Lin Tianhao has learned now, the information about the City of Disaster is too mysterious and too powerful.

So much so.

Lin Tianhao is not communicating with Tiandao Youzhu and the others through telepathy now, for fear that his telepathy might be discovered.

In the current situation, the safest thing to do is to win the game and then leave.

Yuwen Qiong's words sound very righteous, but it is hard to say what he will do specifically.

At least.

Think differently.

If he were Yuwen Qiong, he would choose to cooperate with his current self and try his best to kill Yuan Hong.

As long as Yuan Hong dies, he can do whatever he wants to him as a "newbie".

and.

There are certain reasons for him to do this, which are what he said before.

Since he is doomed to die anyway, why not be a good person and give him a chance to survive?

But are there really such good people in this world?

Lin Tianhao has 10 billion gold coins, and he is willing to give ten gold coins to a beggar. He is a good person, and there should be many good people like him.

but.

For a person whom I have known for less than a day, I am going to give up my chance to live.

is it possible?

Even if his chance of survival is only one in ten thousand!!

Others may think it is possible.

But Lin Tianhao's answer was impossible! !

Yu Wenqiong works so hard just to become stronger. How could such a person easily give up the chance to survive?

"Brother Lin, let's besiege Yuan Hong together later. As long as Yuan Hong dies, you will be able to leave here alive."

Yuan Hong closed his eyes lightly, then suddenly opened them.

"Yuwen Qiong, do you really think that Brother Lin can't see through your little calculations?"

That's it.

Yuan Hong looked at Lin Tianhao again and said:

"Brother Lin, you are only at the seventh level. Even if you have some trump cards, it is almost impossible for you to be our opponent."

"After I take office, as long as you don't take action, I will kill Yuwen Qiong."

"After I kill Yuwen Qiong, I will be at the end of my strength. If you attack me again, I will not let you go, but you still have a chance to survive."

"And if you cooperate with Yuwen Qiong, once I die, you will surely die too. This way of survival will be in Yuwen Qiong's hands."

"Today's disaster was caused by Yuwen Qiong. He must die. As for who will survive, it depends on who can defeat the other after Yuwen Qiong dies."

Lin Tianhao took a deep breath. Yuwen Qiong was not stupid, and Yuan Hong was not stupid either.

What both of them said seemed to make sense.

even.

What Yuan Hong said makes even more sense.

But Lin Tianhao understood that without the power of merit and incense, it was impossible for Yuwen Qiong to force Yuan Hong into a "dead end" situation.

therefore.

The final result is still one's own death.

And right now.

The voice of the Humane Ghost Lord suddenly sounded in Lin Tianhao's mind.

"My lord, they are transmitting messages."

Hear this.

Lin Tianhao remained calm.

What are Yuwenqiong and Yuanhong communicating at this time?

What I just said was all said openly.

Now that Yuwen Qiong and Yuan Hong have communicated, what can they say?

There were only three of them on the stage. Yuwen Qiong and Yuan Hong were communicating through voice transmission, and their purpose seemed obvious.

The three of them stepped onto the stage one after another and stood in three different positions.

"By the way, King Level tells you, whoever of you can survive to the end will not only survive, but also get 500 points!!"

"This also includes you, Yuwen Qiong. I brought you here, so I will not regret it, and I cannot regret it, because here, the master of the stage is watching."

"If you can survive to the end, our grudges will be written off and you can get 500 points."

As soon as Wang Laoguai said this.

Yuwenqiong's eyes suddenly became subtle.

Yuan Hong's expression kept changing. Obviously, Wang Laoguai's words made some of the things Yuan Hong had just communicated with Yuwen Qiong impossible to achieve.

"Yuwen Qiong, you have no choice. It is impossible for you to reap the benefits of being a fisherman."

"Even if you win you can survive, but do you think you still have a chance of winning?"

"I will fulfill all the promises I made to you. Now, I will give you an extra 500 points!!"

really! !

Hearing Yuan Hong's words.

Lin Tianhao knows.

They have a plan, and I might be the one being schemed against by them.

"Alas, now that things have come to this, there is nothing else to do."

Yu Wenqiong sighed and his eyes fell on Lin Tianhao.

"Brother Lin, I'm sorry that Yuan Hong promised me something too valuable."

"You...must die."

Lin Tianhao frowned slightly and said:

"I'm just a rookie at level seven, and you guys treat me like this."

"Brother Lin, you are not a rookie."

Yuan Hong looked at Lin Tianhao with serious eyes.

"I tried to spy on your strength, but failed."

"Your strength is not as simple as it seems."

"If it weren't for what happened today, I really want to make friends with you."

"But now, there is no other way. Only one of the three of us can survive."

"Do it!!"

As Yuan Hong's voice fell, Yuwen Qiong took the lead and rushed towards Lin Tianhao.

Lin Tianhao's arrow was shot from his heart and with the help of his three heads and six arms, he had already launched his attack.

Yuwen Qiong disappeared the moment he made his move.

When he appeared again, he was already behind Lin Tianhao.

Ripples appeared in the space around Lin Tianhao, and his body instantly teleported out.

Before Lin Tianhao landed, a large amount of lightning covered the place where Lin Tianhao landed.

Lin Tianhao opened up the Sky-Splitting Domain and used the power of the domain to resist the power of the thunder.

Lin Tianhao's way of space was not until he reached the twenty-third level of the realm of Taoism that he entered the realm of Taoism.

Thanks to the power of the Way of Space, Lin Tianhao's Sky-Splitting Domain is no longer what it used to be.

But even so.

Under this thunder, a hole began to be blasted open in Lin Tianhao's Sky-Splitting Domain.

Lin Tianhao activated his three heads and six arms, and while the feather arrows locked onto Yuwen Qiong, he also released more feather arrows to lock onto Yuan Hong.

These feather arrows with locks on them were not powerful enough to deal with twelfth-level warriors like them.

In Ragnarok, after the ninth transformation, the combat effectiveness will be greatly improved with each advancement.

The same seems to be true here.

Lin Tianhao's feather arrows containing the Heavenly Punishment Lock could make them embarrassed, but could not cause any substantial harm to them.

But Lin Tianhao was not panicked at all. What he wanted was to suppress them head-on.

As for the next real killer move, it is the Book of Life and Death!!

This was also a technique that Lin Tianhao discovered later. He could use his divine consciousness to rewrite the names in the Book of Life and Death without having to take it out and rewrite it personally every time.

Chapter 1607 The real world is different!

Simultaneously.

Lin Tianhao was also trying. He wanted to see if equipment like the Book of Life and Death, which carried the power of rules, would still be useful outside the Galaxy World.

The answer is yes.

it works! !

It's just that the damage caused by the Book of Life and Death is different from that in Ragnarok.

Because this is also a real world, the damage numbers are not presented directly.

However, the corresponding damage value caused by the Book of Life and Death is real.

and.

Lin Tianhao also discovered a problem.

Fighting here, the Book of Life and Death is actually more powerful than it was during Ragnarok.

Because most of the damage caused in Ragnarok will not cause pain.

But it's different here. While suffering injuries, you will also suffer a certain amount of pain.

The first person Lin Tianhao targeted was Yuan Hong.

Under the lock of Lin Tianhao's Book of Life and Death, Yuan Hong's face became extremely ugly.

"interesting!"

In the audience, many people were shocked by Lin Tianhao's move.

Lin Tianhao remained calm and composed, and the arrows poured out like they were free.

but.

Lin Tianhao also discovered a problem.

Fighting here, his energy arrows are no longer inexpendable.

If you use energy feather arrows, it will consume a little mana, probably each feather arrow consumes a little mana.

Lin Tianhao's attack speed is very fast, consuming hundreds of mana per second.

But is this enough for Lin Tianhao?

The answer is not much at all.

Although Lin Tianhao did not deliberately stack his mana, his mana had already exceeded one billion.

And his mana recovery value is also very high.

This level of consumption is just a small problem for Lin Tianhao.

"Don't hold back, this kid is not easy to deal with."

Yuan Hong spoke in a deep voice, his body split into nine parts, and attacked Lin Tianhao from nine different directions.

Lin Tianhao's eyes narrowed slightly, and he immediately released a range-effect magical power: Overwhelming Mountains and Rivers! !

Lin Tianhao's way of power has reached the level of Dao realm, and the force he exerts is enough to overwhelm mountains and rivers, which should not be underestimated.

"Thunder: Nine Star Rage!"

Yuan Hong also did not hold back. Although he was affected by the force of Shanhe, he still rushed to Lin Tianhao in an instant.

The sky-breaking domain was torn apart by his violent thunder.

Yuan Hong's Great Way of Thunder is at a high level. By integrating the Great Way of Thunder into his magical powers, its power has far surpassed the magical powers themselves.

Absolutely weak! !

Lin Tianhao did not use absolute blocking, because the influence of the power that could suppress mountains and rivers, coupled with absolute weakness, was enough.

He wants to maximize the skills he has.

As for why the invincible field was not deployed directly, it was because the invincible field was used to deal with greater troubles in the City of Disaster.

There is no need to deal with Yuan Hong and Yuwen Qiong.

At the moment when Yuan Hong was affected by absolute weakness, Lin Tianhao mobilized the tremendous power of space.

The force of space immediately pressed down on Yuan Hong.

"Break it for me!!"

Yuan Hong let out a low shout, and the eight clones returned to his body.

Every time a clone returns to his body, the power of his fist will double.

"not good!!"

Lin Tianhao's expression changed slightly. What Yuan Hong just performed was not the method of fighting with clones, but the method of superposition.

When all the clones come together, the power of this punch will be nine times the original.

"boom--"

Yuan Hong also knew that Lin Tianhao might react, so countless thunders enveloped Lin Tianhao, restricting his means of displacement.

It happened so quickly that in just a breath, the blow had hit Lin Tianhao in the face.

Lin Tianhao drew his bow and blocked.

"The arm of the mantis is like a cart!!"

Yuan Hong sneered. If hit by his attack, even an ordinary first or second rank god would suffer serious damage.

If you don't defend yourself properly, you might even die from his punch.

"boom--"

Accompanied by a loud bang, the smile on Yuan Hong's face froze, and then unspeakable horror surged onto his face.

He retreated uncontrollably, his arms broken and twisted, blood flowing everywhere.

The overflowing power of thunder rushed towards all directions of the Disaster Arena, and after reaching the edge of the Disaster Arena, it was blocked by countless rune barriers.

"How can it be?!!"

Yuan Hong's face was full of disbelief, and deep in his eyes, there was a deep look of horror.

His attack was completely blocked by Lin Tianhao.

Because he used too much force, the recoil force broke his arm.

Lin Tianhao was also a little surprised.

It was also the first time that he discovered that absolute blocking could be so useful.

In Ragnarok, an absolute block normally means blocking the opponent's attack.

Available here.

The opponent will be unable to break his defense and will be repelled by his own attack.

The destructive power contained in Yuan Hong's attack just now was too strong, which is why his arm was broken.

This was not Lin Tianhao's power, but Yuan Hong himself was injured by the recoil of his own power.

"It's getting more and more interesting. A level seven can actually achieve this."

In the audience, many people looked at Lin Tianhao with a bit of strangeness in their eyes.

"Yuwen Qiong, if you don't take action now, we won't have any chance at all."

Yuan Hong's broken arm turned into thunder. When the thunder looked at it again, the broken arm actually recovered directly.

Seeing this scene, Lin Tianhao was also a little surprised.

"Turning the body into an element?"

Lin Tianhao also knew in his previous life that some people could transform their bodies into elements.

According to the information he learned, most of these methods are not skills or supernatural powers, but techniques.

A few special races can also do it using secret techniques.

The elementalization of the body is actually somewhat similar to a domain. It is not a skill or a supernatural power. Whether it can be achieved depends entirely on one's understanding.

"Shh-"

There was a sound of breaking through the air behind him.

Lin Tianhao did not turn around. He had the Earth-Connecting Heavenly Eyes and the Eye of Insight, and the situation on the ring was under his control.

The arrow accurately locked onto Yuwen Qiong's head, forcing him to retreat when he was about to launch a sneak attack from behind.

A long spear appeared in Yuan Hong's hand, with thunder wrapped around it.

"Ten thousand thunders are unique!"

Yuan Hong's body transformed into elements again, turning into a bolt of lightning, and rushed towards Lin Tianhao with a spear.

"Heart-joining spell!"

Yuwen Qiong did not watch the show. He clasped his hands together and chanted complicated incantations.

Lin Tianhao's expression suddenly changed. At this moment, he felt as if his heart was being cut by a knife, and the hand holding the bow was shaking slightly.

"Ugh....."

Lin Tianhao sighed. He was too confident after all.

Yuwen Qiong and Yuan Hong both possess the power to kill gods, especially Yuan Hong, who has successfully killed ordinary fourth-grade gods.

He actually thought he could defeat them without showing any real skills.

"That's fine..."

Lin Tianhao's eyes gradually became firm, and his invincible field instantly unfolded!

The heartache disappeared, and Yuan Hong's attack was already close to Lin Tianhao.

But at this moment, Yuan Hong's body and the spear he brought with him were suspended in the air.

Chapter 1608 Memory Tampering, 5 points!

It's like...

There was an extremely powerful force that imprisoned Yuan Hong in the void.

"ended."

Lin Tianhao raised his hand and Yuan Hong's spear fell into his hand.

Yuan Hong's elemental body has also returned to normal.

He widened his eyes, filled with horror.

He had never expected the current situation.

even.

He feels.

Lin Tianhao at this time was much more terrifying than any powerful God King he had ever seen.

When the audience in the surrounding auditoriums saw this scene, they all showed surprised expressions.

Some people were even so shocked that they stood up. They obviously didn't expect that Lin Tianhao could use such a method.

"This boy is extraordinary. If he can use this method repeatedly, even an ordinary ninth-grade god will find it difficult to gain an advantage over him."

Yu Wenqiong, who was not far away, widened his eyes and a look of horror appeared on his face.

But the distance between him and Lin Tianhao at this time is also within the range of invincibility.

"This is impossible?!"

Yuwen Qiong felt that he could not move, and a look of horror appeared on his face.

Although he consumed a large amount of merit and incense power, his own strength should not be underestimated.

For most professionals, even gods, the power of merit and the power of incense are the backup.

Under normal circumstances, it would not be easily used against the enemy.

These two things are not easy to accumulate, and they are generally used to save lives.

In other words.

Even without taking into account the power of merit and incense, Yuwen Qiong still has the combat power of a third-grade god.

Although Lin Tianhao is extraordinary, he is only at the seventh level after all.

Given the level of suppression, he shouldn't have been immobilized by Lin Tianhao.

"Break it for me!!"

Yuan Hong shouted angrily.

The power of incense and the power of merit exploded at the same time.

This is his trump card, and also the means he has prepared to deal with Yuwen Qiong's betrayal later.

But now, he had to use it.

Yuan Hong, who was imprisoned, actually regained the ability to move.

But just as he resumed his movement, he felt his vitality begin to dissipate wildly.

An ordinary-looking carving knife cut his throat.

The invincible domain is very strong, and the power of merit should not be underestimated.

Lin Tianhao had considered at the beginning that the power of merit might be able to compete with his invincible domain.

therefore.

The moment he imprisoned Yuan Hong, Lin Tianhao had the intention to kill him.

At the same time that Yuan Hong was killed by Lin Tianhao, Yuwen Qiong was also killed by Lin Tianhao in the invincible realm.

"This...is over."

Even the masters in the audience were shocked by the methods Lin Tianhao just demonstrated.

"congratulations."

Wang Laoguai walked towards him.

"Your skill is very powerful, you can put it away now."

Hearing this, Lin Tianhao frowned slightly.

He didn't have much trust in Wang Laoguai.

But right now.

Lin Tianhao's pupils dilated as an unbelievable scene appeared.

That is, his invincible field actually collapsed.

"Don't worry, I'm not afraid of your skill, but it's not good for you to keep using this skill while standing on the Disaster Arena."

The words fell.

Wang Laoguai raised his hand and the bodies of Yuan Hong and Yuwen Qiong, who were killed by Lin Tianhao, disappeared.

See this scene.

Lin Tianhao had already guessed something in his mind.

"You are not Wang Laoguai."

Wang Laoguai smiled. He was not surprised. He just said with a smile:

"The Disaster Arena is the same as the arena outside. I hope you can understand this."

"So, Yuan Hong and Yu Wenqiong are not dead."

[Wang Laoguai] nodded again, "Yes."

"But you don't have to worry that he will forget the memory of coming here."

"What about me?" Lin Tianhao asked.

"You will too. That's why everyone who has been to the Disaster Arena, except for the spectators, will forget they have ever been here."

"However, you can take away 5,000 points from here this time."

"Five thousand?!"

Lin Tianhao was surprised.

"In a moment, your memory will be the reward you received for challenging a ninth-grade spirit."

"That's about right, by the way."

"With your skills, it is indeed difficult for an ordinary ninth-grade god to defeat you."

"Thank you." Lin Tianhao said.

You can get 5,000 points without playing.

"Okay, let's go."

[Wang Laoguai] waved his hand.

The next moment.

Lin Tianhao came out from the entrance of stage number seven in a daze.

"Hello, this is the divine stone I just pressed."

Lin Tianhao had a smile on his face. In the past few days, he had challenged gods from the first-rank incense god to the ninth-rank gods. Along the way, he killed gods and Buddhas.

In addition to obtaining a full five thousand points, he also won more than one million divine stones on the bet.

In this battle, he put all the pressure on himself, and the one million divine stones directly increased to 1.8 million.

After obtaining 1.8 million divine stones from the exchange office, Lin Tianhao left the God-killing Arena.

In the past few days, he has roughly figured out the situation in the City of Disaster.

In this city of disasters, besides this God-killing Arena, he can also earn points through some other means.

such as.....

Refining elixirs, refining equipment, making talismans, etc.

You can also earn points by making mechanical items.

just.

He has been delayed here for nine days and he is considering whether to stay any longer.

"Forget it, let's go redeem the reward first."

Lin Tianhao thought secretly.

After Lin Tianhao left the God-killing Arena, a figure appeared at the window on the third floor of the God-killing Arena.

His eyes were fixed on Lin Tianhao's back with an interested look on his face.

"Do you think... is it possible for him to successfully change the fate of the galaxy world?"

Hear this.

Wang Laoguai, who was standing beside him, bowed and said:

"Disaster."

"Those guys in the Alete Galaxy usually train in the endless starry sky, and there are also some super strong ones among them."

"I heard that some of them had strength comparable to that of ninth-level gods when they were in the mortal realm."

The woman by the window smiled and said:

"What a pity. I don't know if it is the arm of the Source of Dao God. There are some things about him that I can't see through."

.....

Exchange hall.

Lin Tianhao walked here.

Lin Tianhao didn't know what the five thousand points could be exchanged for.

Here, there are a wide variety of equipment, secret books, as well as some gems and elixirs, which are dazzling to the eyes.

A woman in a long skirt quickly came up to Lin Tianhao and said:

"Hello, sir. What do you want to exchange?"

"I want to upgrade my grade." Lin Tianhao said.

"To upgrade your rank, you need to detect your current rank first."

"it is good."

Lin Tianhao was not quite sure what rank he was at now.

Diamond? Star? Grandmaster?

Or higher?

It seems that reaching the king level requires transcending tribulation, but since he is an adventurer, this is not necessarily true.

After all, he had never heard of anyone being able to ascend and overcome the tribulation in his previous life.

Chapter 1609: Upgrading, Enlightenment, Time and Space Cultivation Tower!

Led by the woman in the long skirt, Lin Tianhao entered a mechanical light gate.

"Sir, there won't be any discomfort during the test. It will only take about fifteen seconds."

Lin Tianhao nodded slightly, the light gate lit up, and a red light swept across Lin Tianhao.

In order to avoid being detected as anything different, Lin Tianhao took off all his equipment.

"Level 7, Heavenly Grade."

Lin Tianhao was slightly stunned. Heavenly quality?

According to the information he had learned before, the lowest level of heavenly rank was Grandmaster level.

really! !

His rank is still very high.

I just don't know if he can evolve again if he is upgraded to a divine level here and then uses the divine evolution liquid in the Beast God's bottle.

"Hello, young master. You are currently at the seventh rank, if you want to upgrade to the divine rank, you will need 1,200 points."

Lin Tianhao was stunned for a moment.

He originally thought that it would be difficult to upgrade to the Divine Level, but the result was... 1,200 points.

He could upgrade to the divine level without spending a quarter of his points.

The divine products here are probably equivalent to the imperial products or divine products in Ragnarok.

Just don't know.

The evolution here means evolving to the imperial level or the divine level.

"it is good."

Lin Tianhao nodded slightly.

He also wanted to give it a try to see how much his attributes could be improved by upgrading his grade here.

soon.

Lin Tianhao was taken to a secret room. "Sir, there are things in the secret room that can help you upgrade your rank. It will take about 24 hours to upgrade your rank."

"Ah."

Enter the secret room.

There is a futon here, and nothing else.

The stone door of the secret room closed, and the next moment, Lin Tianhao felt strands of power in the air flowing into his body, which began to transform his body frantically.

Life value is 200 trillion!!

Life value is 250 trillion!!

Life value 300 trillion!!

.....

The biggest increase was in Lin Tianhao's health.

The feeling of increasing his health at a speed visible to the naked eye really made him feel very comfortable.

and.....

When he upgraded his grade at this time, he did not trigger the so-called heavenly calamity.

I don't know if it's because the upgrade has not been completed yet.

but.....

The woman in the long skirt didn't mention this issue before.

Time flies.

Lin Tianhao's health points finally stopped at 100 trillion!!

With this amount of health, Lin Tianhao is totally a monster.

The Book of Life and Death locks your head, causing you to lose 10 trillion HP in one second. Even if it is an ordinary god, whoever is locked in will die.

"Congratulations, young master, you have successfully ascended to the realm of the Divine Grade."

The stone door opened, and it was still the woman in the long skirt.

Lin Tianhao showed a satisfied smile on his face and asked:

"Can I continue to improve?"

In fact, at this time, Lin Tianhao was preparing to take a drop of the evolutionary liquid to give it a try.

What if, by taking the magical liquid of evolution, he could evolve again?

"Yes, but to upgrade the rank again, you need 8,000 points, and the increase in strength will not be as great as it is now."

Lin Tianhao nodded secretly and said:

"Besides upgrading your rank and helping with job transfers, do you have anything else that can be exchanged?"

The woman in the long skirt was very polite.

"We have a time-space training tower here. It can simulate a variety of environments, and the speed of enlightenment can be increased by a hundred times."

"Not only that, the flow of time in the tower is different from that in the outside world."

"The first level, one month in the tower, one day in the outside world. The second level, one year in the tower, one day in the outside world. The third level, ten years in the tower, one day in the outside world."

"And the points collected are 100, 1,000, and 10,000 respectively."

Lin Tianhao's eyes narrowed slightly. Ten years in the tower, only one day in the outside world? !

If he is such a person, then what do those guys in the Aleta Galaxy have to fear?

Lin Tianhao now has 3,800 points left, which is just enough for him to gain enlightenment for three years.

And you can gain enlightenment in it, and it will be accelerated a hundred times.

of course.

The most important thing is the time difference.

"Three years first!!"

Lin Tianhao now has a lot of enlightenment points because of the support from heaven and earth.

Combined with this Space-Time Tower and the various things in Lin Tianhao's hands that can increase the speed of enlightenment, enlightenment will become extremely easy.

After entering the Space-Time Tower, Lin Tianhao discovered that with just a slight movement of his mind, he could change the environment here.

Because he understood the way of space, he directly transformed this place into an area covered by space cracks.

Among these space cracks, Lin Tianhao found a place to sit down and began to comprehend the truth.

The enlightenment points can be used as if they were free.

After reaching the Dao realm, it becomes extremely difficult to improve the Way of Space.

But now.

With the blessing of Lin Tianhao's enlightenment points, the improvement of the way of space seems to have become easier.

Years are like a shuttle.

Three years passed in a blink of an eye.

Lin Tianhao suddenly opened his eyes, a gleam of brilliance flashed in his eyes, and there was an excitement on his face that was difficult to conceal.

"Dao Realm... Twenty-third level!!"

After breaking through the ninth level of the Dao realm, it becomes more difficult to improve.

But this couldn't withstand Lin Tianhao's enlightenment, and he forcibly raised the Dao of Space to the twenty-third level! !

In addition, Lin Tianhao's Great Dao of Strength also reached the ninth level of Dao Realm! !

The reason why he did not make further progress was, firstly, that the three years were up, and secondly, Lin Tianhao discovered that with his current realm, it seemed impossible for him to make further progress.

“Is it because the highest level of mortals can only comprehend the Dao realm?”

Lin Tianhao had a guess in his mind.

Because he had spent a month trying to make further progress in the way of space, but ended in failure.

Three years of enlightenment, but only three days in the outside world!!

"Points, I need more points!!"

Lin Tianhao could feel that as long as he had enough points, he could raise the power of other great ways to the Dao realm in a short time! !

Even if we don't pursue the twenty-third level like the Dao of Space, at least, like the Dao of Strength, it is very easy to pursue to the ninth level of the Dao.

After being teleported out of the Space-Time Training Tower, Lin Tianhao looked at the 800 points he had left.

Lin Tianhao was not in a hurry. He still had other means of refining medicine and weapons, and he could also earn points here, and it was safer to earn points.

You can get points reward only after certification.

The next two days.

Lin Tianhao began to certify alchemists, weapon refiners, talisman masters, and mechanics.

Because of Lin Tianhao's clones, the grades of these secondary occupations are not low.

The points you can get are not many.

In total, I only got 1,300 points.

Adding the remaining points from before, the total is 2,100 points.

Here comes the problem.

He should use these 2,100 points to improve that kind of Tao.

The understanding of the way of space is somewhat difficult to grasp, and the same is true for the way of power.

Avenue of Wind?

Dark Avenue?

Avenue of Death?

If we talk about powerfulness, it must be Avenue of Death.

But the starting point of the Avenue of Death is too low, and it is very difficult to realize it, so it is not easy for him to comprehend it.

Chapter 1610 18 years of enlightenment!

but.

Lin Tianhao's Jade Disc of Creation had previously recorded the Law of Death. Perhaps, he could really try to comprehend the Law of Death.

Think about this.

Lin Tianhao goes all in! !

Young people, you must have the spirit of all-in!

Two thousand points, two years in the second level!!

What he lacks most now is time, and this space-time training tower can just make up for his time problem.

Entering the time and space training tower, Lin Tianhao began to practice hard.

The Jade Disc of Creation recorded the Law of Death up to the third level, plus Lin Tianhao's enlightenment points.

From zero to the third level of the Law of Death, it only took one month!!

This is because Lin Tianhao pursued the ultimate. When he reached the true meaning of death, he raised it all the way to the nineteenth level. When he could no longer raise it, he stepped into the level of laws.

Otherwise, according to Lin Tianhao's estimation, it might take him less than half a month to reach the third level of the Law of Death.

After reaching the third level of the Law of Death, the difficulty will increase sharply as you continue to advance.

However, under the bombardment of enlightenment points, Lin Tianhao's subsequent improvement speed was still not slow.

It's just that compared to the rapid progress at the beginning, it's slightly worse.

Time flies!

Two years passed in the blink of an eye!

Lin Tianhao opened his eyes, his eyes were deep, as if his eyes could devour people's energy and spirit.

"The first level of the Dao Realm..."

Lin Tianhao tried his best to calm himself. The speed of improvement was not bad, but it was just good.

Coming from the Space-Time Training Tower.

As soon as he appeared, Lin Tianhao found something wrong.

The waitress in the long skirt at the beginning was gone, replaced by a woman with a frosty face.

She stared at Lin Tianhao and said coldly:

"You have a space magic weapon on you. You are not the only one practicing on the second level?!"

"You pay one person's training points and bring a group of people in to practice. You... are really calculating!!"

Hear this.

Lin Tianhao was slightly startled, and instantly understood what was going on.

They are the ones on his list of gods, and they are also practicing.

"This... I don't know. The person who brought me here didn't tell me either."

Hear the words.

The cold woman frowned and said:

"Whether you know it or not, your actions have already harmed the interests of our Space-Time Training Tower."

"But considering that you didn't know about it, I can give you a lighter punishment."

Lin Tianhao's face looked a little ugly. "You are being too overbearing. You didn't explain the rules clearly, but now you are pushing the blame on me."

The cold woman raised her hand to interrupt Lin Tianhao and said:

"I said, give a lenient sentence, this is the limit of what I can do."

"Of course, you can also try to resist. In this world, if you don't use reason, then use fists."

The voice of the Heavenly Dao Master reached Lin Tianhao's ears.

"Sir, we can't beat him. He is very strong."

Lin Tianhao knew that the other party was very strong without Tiandao Youzhu telling him.

In this city of disasters, even ninth-rank gods can be brought out for him to kill. How can these people in charge be ordinary people?

"Miss, I really don't know. I wonder how you are going to punish me?"

integral?

He only had a hundred points left, which was totally insufficient.

"It's very simple. You have practiced for a total of five days, which is five years. You can just compensate with five thousand enlightenment points."

Hear this.

Lin Tianhao narrowed his eyes slightly. It seemed that the other party knew about his behavior in the space-time training tower.

This opening is the five thousand points of enlightenment.

This is a small problem for Lin Tianhao.

He only needs to stand there with his body touching the void, and his enlightenment points will continue to increase.

And because of the time spent in the space-time training tower, his Heavenly Dao-level talent, the Rainbow Address, has been increased to four stars, which means four enlightenment points per second. A mere five thousand enlightenment points is nothing to him.

"I have enlightenment points, but I can't seem to trade them directly with you."

"You don't have to worry about this. As long as you agree, I can get it." said the cold woman.

Lin Tianhao hesitated for a moment and said:

"I have two more questions. First, you can take it, but what if you take too much? Second, if enlightenment points can be used as compensation, can I enter it to practice like points?"

For Lin Tianhao, enlightenment points are just a matter of numbers.

There is absolutely no need for him to fight to the death here.

"Yes, but I will only charge you 5,000 enlightenment points as compensation. If you want to practice in it, one enlightenment point will count as two points. If you want to bring your space treasure with you, you will need 5,000 points to enter the second floor."

Lin Tianhao wanted to laugh, but he held it back.

Enlightenment points are just numbers to him.

"Okay, then you can take 100,000 Enlightenment Points from me first, and exchange them all for credits, including the 5,000 credits you just mentioned as compensation."

Hearing Lin Tianhao's words.

The cold woman's face revealed a hint of surprise.

"Seventh level... one hundred thousand enlightenment points?!"

She suddenly felt that she was not greedy enough.

Given the number of enlightenment points that Lin Tianhao has, even if he proposed one enlightenment point for one score, Lin Tianhao would probably agree.

but.

One enlightenment point is worth two points, so she is making a lot of money.

After all, enlightenment is something that is still useful even to her.

When exchanging points, Lin Tianhao discovered that his enlightenment points had indeed been deducted.

"Don't worry, I didn't deduct any extra enlightenment points from you. This method is a kind of rule power, and I cannot violate the rule myself."

Lin Tianhao glanced at his enlightenment points and found that they were indeed only 100,000 less.

Looking at the balance of more than 300 million that he still had, he suddenly felt that with the help of this space-time training tower, he seemed... to be about to usher in a big boom.

Six months passed in a flash!!

Lin Tianhao came out of the time and space training tower, and the whole person seemed to return to nature. He looked like just a mortal, but also like an abyss. No matter how you peeped, you could not peek into its essence.

During the six months in the outside world, Lin Tianhao spent a full 180 years in the Space-Time Training Tower to gain enlightenment! !

After sensing his own control over various principles, the smile on Lin Tianhao's face became even more intense.

Gold, wood, water, fire, earth, wind, thunder and ice!

Darkness, light, life, death, force, soul, ocean, poison.

All sixteen kinds of Dao power were raised to the nineteenth level of Dao Realm by Lin Tianhao! !

Among them, several paths have been rebuilt from scratch.

If you have time and enlightenment, you can be arrogant! !

Including the Dao of Space, Lin Tianhao already has seventeen Daos to reach the Dao realm.

but.

Except for the Dao of Space at the beginning, no matter how Lin Tianhao comprehended other Daos, he could only reach the nineteenth level of the Dao Realm at most, and it was difficult to improve further!
