

## **O games 1611**

Chapter 1611: The pinnacle of divine quality!

Not only that.

He continued to seek enlightenment, but was unable to break free from the shackles of the Dao realm and enter a new realm.

In addition to the improvement of his Dao realm, Lin Tianhao's domain has also been greatly improved.

He even discovered that fields of different attributes can be integrated with each other.

For example, the five elements attributes can construct the five elements field.

Darkness and light can also construct a realm.

The same is true for wind, thunder, and ice.

and.

This kind of field of multi-attribute fusion is not a one plus one equals two effect.

Instead, it will bring about a qualitative change in the field.

With more time, Lin Tianhao felt that he should be able to make greater progress.

Besides.

Lin Tianhao also tried to comprehend the attributes of time and divinity.

His time attribute may be due to the ability of time suspension and time reversal, and he has also reached the ninth level of true meaning.

As for the sacred law, Lin Tianhao tried for more than a month, but he still had no clue at all.

Even so, Lin Tianhao's growth this time cannot be underestimated.

"How much is the exchange this time?"

Just after finishing his training, the cold woman appeared in front of Lin Tianhao.

During this period, Lin Tianhao exchanged money with her several times and learned her name.

Yue Fox.

"No, that's about it. I might have to leave."

Hear the words.

There was obvious disappointment on Yuehu's face.

I guess he felt that Lin Tianhao was no longer a popular commodity.

"But... before I leave, I can make another deal with you."

Yue Hu's eyes lit up and he immediately asked:

"what do you want?"

"It depends on what you have."

"Super God-level Talent Awakening Stone?"

"Improve the grade."

"Or... a treasure like a holy weapon."

Hearing Lin Tianhao's words, Yue Hu frowned and said:

"I can upgrade the grade, but as for other things... I have them all in the Land of Disaster, but I basically won't trade them."

"Even the super god-level talent awakening stone doesn't work?" Lin Tianhao asked.

"No."

Yuehu refused very confidently.

"Also, don't make such a request if you go to other places. A genius with great talent but unable to win over his own forces would have the greatest value if he died."

Lin Tianhao's pupils suddenly shrank. As expected, it was too dangerous to make such a request.

"I'm not going to argue with you, not because I'm a good person, but because I know where you come from."

"Although I don't know why the person from your world did this, it is undeniable that we in the City of Disaster cannot afford to offend him."

Lin Tianhao was slightly stunned. He had never thought that this was the reason.

"Let's go. You want to upgrade your rank. The maximum level that the City of Disaster can upgrade to is the pinnacle of divine rank. You are already a divine rank."

"Give me another 10,000 points, which is 5,000 enlightenment points, and I can upgrade to the peak divine level."

Lin Tianhao thought for a moment and said:

"Can your method of transferring enlightenment points be exchanged?"

Lin Tianhao has a lot of enlightenment points in his hands. It would be great if he could transfer them to other people.

"To be honest, it's better not to let others know about your enlightenment. I've had a very strong ideological struggle in the past few months."

"Otherwise, I will never let you leave the City of Disaster safely."

Lin Tianhao's mouth twitched, "You said it so directly, aren't you afraid that I will hold a grudge against you?"

Yuehu smiled and said:

"I told you this today, and it serves as a reminder to you."

"Let's upgrade the rank first. I'll leave after that."

"it is good."

Yue Hu took Lin Tianhao to the exchange hall to upgrade the grade.

It took a full three days to upgrade the grade this time.

three days later.

Lin Tianhao left the City of Disaster and set out on the journey to find the palace of Hou Tu Niangniang.

"My lord, this City of Disasters should be our biggest gain this time."

The Lord of Heavenly Dao could not help but speak.

After Lin Tianhao left the City of Disaster, the smile on his face could no longer be suppressed.

"really!!"

The most crucial thing in improving the Dao realm is the improvement of so many attributes.

Lin Tianhao's current combat effectiveness is completely different from before.

Besides.

Lin Tianhao's overall attributes have also been greatly improved.

The most outstanding life value has reached 300 trillion!!

In addition to the levels of Lin Tianhao's physical transformation, there are not many people who can threaten him even if they just stand still.

Unless it is the kind that can stack damage infinitely.

Lin Tianhao remembered that a race in the Alite galaxy seemed to have such means.

Each attack or skill will add a layer of burning damage to the enemy unit, and this burning damage can be stacked infinitely.

In other words.

If the number of attacks is large enough, even a level one novice of this race can accumulate trillions of damage.

but.....

Lin Tianhao didn't care.

This race needs to stack burning damage, so within this race...is there anyone who can withstand the power of his arrow?

Even if you stack a thousand layers of burning, or even ten thousand layers of burning, you still cannot withstand the damage from one arrow from Lin Tianhao.

The increase in Lin's health also means an increase in Lin Tianhao's normal attack damage.

After coming out of the City of Disaster, Lin Tianhao walked forward all the way. Not long after walking, Lin Tianhao saw a dead tree.

There is also a thatched hut next to the dead tree.

This is very similar to what the Ten Kings of Hell said.

"Sir, this is the regional Bodhi tree." The voice of the Tibetan sea monk came.

Lin Tianhao stepped forward at this moment.

An invisible force surged towards Lin Tianhao.

A space barrier rose up in front of Lin Tianhao, knocking away this invisible force.

"Om—"

When the two forces collided, Lin Tianhao couldn't help but frown.

He raised his palm, and a five-colored halo flowed in his palm.

This is a method achieved by integrating the five elements.

"Boom boom boom——"

The sound of explosions continued as Lin Tianhao moved forward slowly.

at last.

The thatched hut began to shake, and in just a moment, the entire hut collapsed.

In the center of the thatched hut, a golden Buddha statue sits there.

This power is transmitted from the golden Buddha bones.

"This is... the golden Buddha bones left behind by our Buddhist predecessors."

Lin Tianhao summoned out the Hidden Sea Monk.

"Amitabha."

The Canghai Divine Monk bowed to the golden Buddha bones and said, "Senior, I am the Canghai Divine Monk. I have guarded the Nine Netherworlds for many years. Today I come to pay homage to the Queen Mother Hou Tu. I hope you can give me some convenience."

As the Tibetan monk said this, the golden Buddha bones actually began to vibrate.

An even more powerful force erupted from it.

See this.

The sacred monk Zanghai bit his hand, drew talismans in the air, and chanted complicated scriptures.

As the golden runes were completed, the golden Buddha bones finally stopped shaking and returned to calm.

Chapter 1612 Wu Tian Relics!

The sacred monk Zanghai stepped forward and chanted the Buddha's name once again.

"Senior, if you leave your golden Buddha bones here, it will inevitably be defiled. I, Zang Hai, would like to restore your golden Buddha bones. I hope you will help me."

The golden Buddha bone actually raised its withered arm and pointed a finger at the center of the eyebrows of the Canghai Monk.

The next moment.

Between heaven and earth, the great way was flowing, and Buddhist sounds were heard from above the nine heavens. The gray sky was split by a faint golden light, and a golden pillar of light descended from the sky, enveloping the Canghai monk.

"Amitabha!!"

A majestic shadow of Buddha was reflected in the void.

He is so tall that one cannot look directly at him or observe him.

Where is he.

It makes people want to bow down and worship.

"Who is so bold?!"

At this moment.

There was a hint of anger in the voice of the Buddha's phantom, and he raised his huge golden hand.

He pointed his palm towards the monk Canghai.

The next moment.

Lin Tianhao felt that his List of Gods began to tremble slightly.

"not good!!"

Lin Tianhao secretly thought something was wrong.

In this situation, no matter how you look at it, it seems that the Buddha's shadow has seen that the Canghai Divine Monk has been enslaved by him, and he is trying to forcibly break the enslavement effect of the List of Gods.

"Stubborn!!"

The Buddha's shadow roared angrily, and golden light sprinkled down. Lin Tianhao only felt his body sinking and he was about to crawl down.

And stay at this moment.

Darkness and light, death and life, the power of the four great realms was simultaneously stimulated to the extreme, which allowed Lin Tianhao to barely stabilize his body.

But the shaking amplitude of the List of Gods has become even greater.

"If we don't break it now, when will we break it?!"

The Buddha's shadow clenched his palm into a fist and slapped it towards where Lin Tianhao was.

"Five Elements Field!"

Lin Tianhao instantly unfolded the Five Elements Field, and the Five Elements Field turned into a five-colored roulette wheel. This five-colored roulette wheel was endless, and as the Dao rhyme flowed, the speed of time seemed to be slowed down a little.

All the myriad attributes in the world are actually evolved from the five elements.

therefore.

When the Dao Realm of the Five Elements is fully activated, it can subtly drive the power of other attributes.

"The arm of the mantis is like a cart!!"

"Kaka...kaka..."

The Buddha's shadow threw a punch, and cracks began to appear on the five-colored wheel.

However, because the five-colored roulette wheel is constantly regenerating, the cracks are repairing at a speed visible to the naked eye.

"break!!"

The Buddha's shadow didn't care. Complex runes were flowing on his fist.

With a loud "bang", Lin Tianhao's five-colored roulette broke into pieces.

Absolute block!

Lin Tianhao took action again.

Facing this unknown Buddha shadow, he must fight it.

"boom--"

The terrifying force hit Lin Tianhao. Even though Lin Tianhao had used absolute blocking, his body still flew backwards uncontrollably.

"A shadow is trying to control me. Do you really think I'm a pushover?"

There was anger rising in Lin Tianhao's eyes, the power of merit was flowing, the arrow was shot from his heart and the Heavenly Punishment Lock was running at the same time.

And this time.

Each of Lin Tianhao's feather arrows has one hundred merits added to it! !

Don't ask, the only thing you need to know is that the power of merit is just too much!!

The damage caused by Lin Tianhao's feather arrows was already extremely powerful.

Now each feather arrow carries with it a hundred merit powers, so it is not so easy for this phantom to block his feather arrows.

The Buddhist sound was rippling, and Lin Tianhao's feather arrows seemed to be melted by the golden light and began to disintegrate.

however.

The feather arrows were shattered, but the power of merit did not dissipate.

The power of merit condensed into a new feather arrow and flew towards the Buddha's shadow.

"Buzzing—"

The feather arrow of merit hit the Buddha's phantom, and a continuous buzzing sound came from the Buddha's phantom.

"Bold!!"

The blurry face of the Buddha's shadow suddenly became clear.

He had a ferocious face and fangs in his mouth, and he roared at Lin Tianhao.

Loud.

Lin Tianhao's body was blown away instantly.

"You're pretending to be my uncle!!"

Lin Tianhao shouted angrily and flew up. All kinds of Dao realm power flowed around him, and a large amount of Dao realm power rushed in all directions.

In his hand he had already summoned the carving knife of the Source of Tao, and the vast power of merit covered his whole body.

"Do you really think I'm a soft persimmon?"

A look of surprise appeared on the ferocious face of the Buddha's phantom, and it was unclear whether it was because of the carving knife in Lin Tianhao's hand or the power of merit flowing through Lin Tianhao's body.

It was at this moment of surprise that Lin Tianhao stabbed the carving knife in his hand into the center of the Buddha's brow.

The Buddha's shadow began to disintegrate. This time, he didn't say anything, but there was still deep shock in the depths of his eyes.

When the Buddha's shadow dissipated, a black bead was suspended in the air.

"This is....."

The sacred monk Zanghai looked at the inky black bead with some doubt.

"Could this be the legendary Wu Tian Relic?!"

Lin Tianhao was slightly startled. Wu Tian? Relics?

There is a legend about Wu Tian on Blue Star, a being who can compete with Buddha Tathagata.

but.

The monk Canghai was once a saint, and at the peak of his career, the Buddha Wujitan was probably only at the peak of a quasi-saint, and had not yet reached the level of a saint.

"What is this Wutan relic?" Lin Tianhao asked.

Could it be that the person just now was the shadow of Buddha Wu Tian?

Are myths and legends wrong?

Buddha Wu Tian is not a quasi-saint at the peak of his powers, but a saint, or even a saint of heaven?

This is really hard to say.

After all, the quasi-saint peak cultivation level of Buddha Wu Tian was only inferred, and there was no exact mythological record of his cultivation level.

"Wutian is another branch of Buddhism."

"You should have felt it, sir. After reaching the Dao realm, it is very difficult for you to advance further, because the next step is the Heavenly Dao level."

"The reason why you can't go any further is because this is a small world, and the laws of the heavenly way are generally only controlled by the master of this world."

"Or, you can enter the endless starry sky and seek the method of creation. Only in this way can you make further progress and comprehend the laws of heaven."

Lin Tianhao was slightly startled and said:

"What about in the divine realm?"

The divine realm is the main world of billions of small worlds. It is impossible that no one has broken through the realm of Tao and achieved a higher realm.

"We haven't been in the God's Domain for a long time, but the highest rule of the God's Domain is the Dao level, which is above the Heavenly Dao level."

Lin Tianhao thought for a moment and asked:

"Have you never reached the Heavenly Dao level?"

The Heavenly Dao Master shook his head and said:

"No, even my Dao Realm level is not as high as yours, sir."

"When we were in the endless starry sky, we also wanted to seek the opportunity to create the world and comprehend the laws of heaven."

"Even the saints don't understand the laws of heaven?!"

To be honest, this was something Lin Tianhao had not expected.

He originally thought that the saint's level of law must be higher than his.

"Sir, not everyone is like you, with so many things that can speed up enlightenment, and not everyone is like you, with endless enlightenment points."

Chapter 1613: Bodhi Tree of Hell!

"For normal people to attain enlightenment, those with talent can reach the level of laws in a short period of time, while those without talent may find it difficult to even reach the level of laws."

"As for the later stages of the Dao Realm and Dao Realm, they all take time to build up."

Lin Tianhao nodded secretly.

Even though he possessed so many treasures that helped him to attain enlightenment faster, it still took him more than 180 years to reach his current level.

What if he didn't have these treasures?

How long will that take?

Just thinking about it, Lin Tianhao shuddered.

This period of time is indeed not something that ordinary people can afford.

of course.

It is impossible for ordinary professionals to pursue such a high level like Lin Tianhao.

It is estimated that most people choose to go further at the ninth level.

And without the blessing of enlightenment points, most people have no chance of breaking through to the ninth level.

Take back your thoughts.

Lin Tianhao just continued to ask:

"What does this have to do with Wu Tian's relics?"

The Tibetan monk said with a serious expression:

"Sir, Wu Tian is actually a way of cultivation that abandons the rules of heaven and opens up a new path."

"I have only heard about it, I don't know the specific method of Wu Tian's cultivation."

"After all, that's something that only those who want to impact the Heavenly Dao Saint would consider."

Lin Tianhao nodded and said:

"From what you said, to break through to the Heavenly Dao Sage, one needs to comprehend the laws of Heaven, or... use the Heavenless Law you just mentioned."

"Correct."

The Tibetan sea monk nodded heavily.

"So, sir, do you know how high your level of enlightenment is now?"

"If you can reach the level of laws normally, you will be qualified to become a god, and if you reach the realm of Tao, you will be qualified to become a saint. Of course, this is only a qualification, not a guarantee of success."

"But this is also very scary."

Lin Tianhao hesitated to speak, and finally just waved his hand and said:

"These are indeed too far away from me."

That's it.

Lin Tianhao gave the Wu Tian relic to the monk Cang Hai, "Take it and study it, maybe it can help you."

"Thank you, sir."

A look of joy appeared on the face of the Tibetan monk.

Although many people believe that Wu Tian's method is not an orthodox way to become a saint of the Heavenly Dao.

"Lord of Heavenly Dao, your name contains the character Heavenly Dao..."

Lin Tianhao suddenly thought of something.

The Heavenly Dao Master smiled bitterly and said:

"It's just a fake name. If I were really a Heavenly Saint, I wouldn't be trapped here."

"But at our peak, we have indeed touched the threshold of becoming a Heavenly Dao Saint."

"This time, we chose to abandon our cultivation and start over because we saw hope..."

Lin Tianhao took a deep breath and said:

"Control the heart of the galaxy world, use the shell to lay the egg, complete the creation of the world, and then merge to become a saint of heaven in the future."

The Heavenly Dao Master nodded slightly and said seriously:

"good."

"This may also be an opportunity for you, sir. If you can master the heart of this galaxy world, you may gain unexpected rewards."

Lin Tianhao frowned slightly.

to be frank.

The information he learned was that the Source of Tao was stronger than the one in the Aleta Galaxy.

In the current situation in the Galaxy World, it is very likely that there are other people involved in the planning.

The appearance of Qingtian Yuanzhu seems to be able to prove something.

The Lord of the Source of Blue Sky is obviously an existence of the same level as the God of the Source of Tao.

Even if not, it is at least a realm above the Heavenly Saint.

And the Lord of Qingtianyuan seems to have a close relationship with his sister.

And the crazy woman in the white dress he met at the mine.

Her realm seems to be frighteningly high.

There must be some conspiracy behind this that he is unaware of.

The source of Qingtian is related to his sister, and the woman in white dress in the mine is related to him.

This conspiracy is most likely related to him and his sister.

"Cut down the tree."

Now that the means left by the Buddha have been resolved, the next step is to tear down the Bodhi tree of hell according to what the Ten Kings of Hell said.

"Amitabha!!"

The monk Zanghai chanted the Buddha's name and walked to the Bodhi tree in hell.

He raised his arms and grabbed the sides of the Hell Bodhi tree.

Golden runes connected into chains, entangling the Hell Bodhi Tree.

"rise!!"

The sacred monk Zanghai roared, and the ground began to tremble slightly.

It was at this time.

Black gas began to appear above the Hell Bodhi Tree.

One after another, terrifying and hideous faces rushed out from the Bodhi tree of hell.

"kill....."

"kill!!!"

"Damn it all!!"

"Hungry Ghost Lord."

Lin Tianhao spoke calmly.

The hungry ghost lord stepped out. He just raised his hand and pointed. These hideous faces began to tremble as if they had encountered something extremely terrifying.

"Let's go!!"

The Hungry Ghost Lord pointed again, and a powerful and vast force rushed forward.

The ghost face on the Bodhi tree of hell showed a twisted and painful expression, and it looked even more hideous.

"what....."

A look of astonishment appeared on the face of the Hungry Ghost Lord.

"I can't kill him!!"

Golden light was flowing around the monk Zanghai, and a large number of golden runes rushed towards the Bodhi tree of hell.

In just a moment, the golden runes of the monk Zanghai sealed these ghost faces back into the Bodhi tree of hell.

"These evil spirits cannot be killed easily. Our Buddhist predecessors must have used Buddhist secrets to seal them here."

"Now that we have knocked down the Bodhi tree of hell, we have disturbed the seal left by our Buddhist predecessors, which has allowed these evil spirits to emerge."

Lin Tianhao didn't say much, he just wanted to knock down the Hell Bodhi Tree.

The Tibetan monk exerted his strength again.

The Hell Bodhi Tree began to fall slowly, and a ghostly aura rose into the sky.

"Something's wrong."

The face of the Humane Ghost Lord changed slightly, "The Ten Kings of Hell...will they set a trap for us?"

"If the Bodhi tree in hell falls, so much ghost energy will pour out, and something terrible will happen."

Lin Tianhao frowned slightly and said:

"Is there any way to solve this problem?"

"do not know."

"The source of these ghostly auras is the evil spirit inside the Bodhi tree in hell."

"Even the Hungry Ghost Lord can't solve these evil spirits, so we probably can't solve them either."

The monk Canghai stopped what he was doing.

"Sir, are you still pushing?"

"If the ghost energy cannot leave here, can this problem be solved?"

The Heavenly Dao Master shook his head and said seriously:

"I'm afraid not."

"This is the real underworld. The Nine Netherworld we were in before was the small reincarnation left behind by the Queen Mother Hou Tu."

"Push it."

The Humane Ghost Master said calmly, "The current situation in the galaxy world cannot possibly get any worse."

"I just don't know how big of an impact this hell bodhi tree will have after it falls."

Lin Tianhao frowned and asked:

"What specific impacts will there be?"

"The ghost energy here is of a very high level and in large quantities. There is no saint in the underworld right now, so these ghost energies will inevitably slowly spread to the human world."

"This world doesn't just refer to Ragnarok, it also includes the world you adults live in."

Chapter 1614 Hou Tu's residence, the mysterious ice coffin!

Lin Tianhao's face darkened. If these evil spirits would affect Blue Star, he would have to consider it carefully.

The Queen Mother Hou Tu has already left, how much benefit can one get from staying in her residence?

There is a question mark surrounding Lin Tianhao himself.

unless.....

It is possible to record some fundamental laws, which may be of some use to him.

As for the holy vessels.

to be frank.

Lin Tianhao felt that since Hou Tu Niangniang had left, the holy weapon should have been taken away with her.

"How long will it take for it to have an impact on the world I live in?" Lin Tianhao asked.

He has been here for more than six months. Calculating the time, in less than two years, Ragnarok will merge with reality.

If it is after two years, then don't worry too much.

Maybe if the ghost energy is revived, it can muddy the situation and drag those guys from the Alite galaxy into the water.

"The underworld itself has many means to restrict the leakage of ghost energy. Although there is no saint in charge, and this is deep in the underworld, I estimate that it should not be leaked within a year."

"Even if it is leaked, it will only start to affect the galaxy at a relatively slow pace."

Hear this.

Lin Tianhao breathed a sigh of relief.

If that's the case, then he can really consider it.

"Sir, if you really want to knock down the Hell Bodhi Tree, I can stay here. Here are the methods left by my Buddhist predecessors. Combined with some of my secret techniques, they can delay the revival of ghost energy."

"it is good."

Lin Tianhao nodded heavily, "Push!"

After receiving Lin Tianhao's order, the Canghai Monk attacked without hesitation.

A shadow of Buddha appeared from behind the monk Zanghai.

The Buddha's shadow and the monk Zanghai worked together, and the Bodhi tree in hell began to fall down.

The ghostly aura rose into the sky.

The Hungry Ghost Lord formed seals with his hands, and a huge seal fell from the sky, suppressing the ghost energy within a range of one hundred meters.

At this moment.

A dry hand pierced through the Buddhist runes on the Bodhi tree of hell and reached out.

"not good!!"

The expression of the Canghai Divine Monk changed slightly, and the Heavenly Dao Youzhu had already made a move in an instant, raising his hand and slapping it on the dry palm.

When the two collided, the Lord of Heavenly Dao was actually shocked and retreated repeatedly.

"What on earth is the evil spirit sealed in this hell bodhi tree!!"

Although the Lord of Heaven and Earth is now a mortal, he was once a saint-level powerhouse with extraordinary means, but he could not hurt the evil spirit at all.

Lin Tianhao pondered for a moment, took out his carving knife, and in an instant he had reached the Bodhi tree of hell.

"Pfft--"

The carving knife cut the dry arm, leaving a long wound on it.

"what--"

A heart-wrenching ghost howl came from the Bodhi tree in hell.

The dry ghost claw also shrank back instantly.

"Rumble--"

Accompanied by a loud roar, the Hell Bodhi Tree finally collapsed.

The monk Zanghai immediately clasped his hands together and golden chains shot straight into the sky. There were countless tiny Buddhist runes on these golden chains.

While the divine monk Zanghai was trying to limit the spread of the evil spirits, a palace broke out of the ground in front of him.

The palace is neither big nor dazzling.

But the palace just being there gives people a feeling that it is impossible to look directly at it.

"Is the Queen Mother Hou Tu really an ordinary saint?"

Lin Tianhao murmured to himself.

In the myths and legends of Blue Planet, the goddess Hou Tu transformed herself into six realms and achieved the status of a saint.

The saintly status here refers to ordinary saints.

But as he walked all the way here, Lin Tianhao suddenly discovered that the realm of this mysterious Queen Hou Tu was probably not as simple as a saint.

"of course not."

The sacred monk Zanghai answered with great certainty.

"It was many epochs ago that Hou Tu Niangniang became a saint. Her realm has long been unfathomable."

"I even suspect that Queen Hou Tu has reached the realm of eternity."

Lin Tianhao took a deep breath, and before he could say anything, the Heavenly Dao Master said:

"Not necessarily. If Hou Tu Niang Niang didn't have a great opportunity, it would be difficult for her to have the power to create the world, and naturally it would be difficult for her to comprehend the laws of heaven."

While several people were discussing, Lin Tianhao also came to the front of the palace.

Before Lin Tianhao stepped into the palace, a woman's voice suddenly sounded.

"This is the residence of the Queen Mother Hou Tu. You are a living person. If you set foot in it, you will not have a good ending."

As the voice came, Lin Tianhao saw a woman walking towards him.

"Full moon?"

Lin Tianhao frowned slightly. He came to the Nine Netherworld this time with the mission of finding the full moon, but he didn't expect to encounter it here.

"The waiter at your place asked me to look for you. It looks like you're living a comfortable life here."

Man Yue heard this, smiled without comment, and said:

"He may not want me to go back alive. After all, if I go back, he will be a waiter again."

That's it.

Man Yue stared at Lin Tianhao with a serious expression, "What I just said was not a joke to you."

"The residence of the Queen Mother Hou Tu is not accessible to ordinary people."

"Aren't you a mortal too?" Lin Tianhao asked back.

"But I am from the underworld. There are some places that you in the mortal world cannot go to, but I can go there."

Lin Tianhao shook his head and said:

"Thanks to the kindness of the Queen Mother Hou Tu, who has granted me many benefits, now that she has disappeared, how can I just sit back and watch."

Man Yue frowned and said:

"It's for your own good that I don't let you in."

"Okay, judging from your expression, you won't listen either. Let's go in together. If there's any danger later, I can save you. Just consider it as giving some face to the Lord of Luotian."

Lin Tianhao hesitated for a moment and said:

"Then I will give Lord Luo Tian some face and let you in."

"If it were anyone else, I would never allow him to go in."

Man Yue seemed to want to say something but stopped herself and ultimately said nothing.

Lin Tianhao pushed towards the stone door of Hou Tu Niangniang's palace.

As soon as his palm touched the stone door, Lin Tianhao's vitality began to dissipate at a speed visible to the naked eye.

It was as if he was locked in by the old ghost lord, and in an instant he looked ten years older.

But it was just this moment.

Driven by the power of Lin Tianhao's life realm, the collapsed vitality began to recover rapidly.

at the same time.

The power of the realm of death poured out and pushed the stone door open.

Man Yue, who was standing by, saw this scene and a look of horror appeared on her face.

"how come....."

"You actually control both the power of death and life at the same time."

Lin Tianhao did not explain. As the stone door opened, the first thing Lin Tianhao saw was an ice coffin.

"This....."

Before Lin Tianhao got close to the ice coffin, he was shocked by the power flowing around the ice coffin.

Darkness, light, death, life, metal, wood, water, fire, earth, wind, thunder, ice!!

The power of various elements is lingering around the ice coffin.

Chapter 1615: Does the person in the ice coffin know Lin Tianhao?

"This...this is..."

Lin Tianhao's pupils suddenly dilated, "Soul, space... time, sacred!!"

"Lord of Heavenly Dao, I am not mistaken, it is the power of time and divine power!!"

Lin Tianhao couldn't believe his eyes.

He had been madly trying to gain enlightenment, but he hit a wall on both the rules of time and the sacred.

But now.

These two forces actually surround this ice coffin.

"good."

"In the endless universe, there are three most powerful laws, and here, there are actually two of them!!"

The Lord of Heavenly Dao was also extremely shocked.

Before, when Lin Tianhao was realizing the truth in the time and space training tower, the Lord of Heaven and Earth had told Lin Tianhao.

There are three thousand great ways, but there are only eight that are truly powerful.

One is the law of simplicity, the other is the law of strength.

The great way is simple, the law of the five elements is all-encompassing, and can evolve into any kind of way between heaven and earth.

As long as you cultivate the Five Elements Law to the extreme, it doesn't matter whether you comprehend other great principles or not.

Lin Tianhao had considered comprehending the law of dual swords (arrows) before.

Raise both the way of swordsmanship and the way of archery to the extreme.

After all, Lin Tianhao is highly dependent on swords and arrows.

Moreover, this dual sword (arrow) law itself has extremely high strength.

But the Lord of Heaven and Earth said that it was totally unnecessary.

Because once the Five Elements Principle is understood, other avenues will be improved imperceptibly.

He can even directly use the Five Elements Law, which is no weaker than the Dual Swords (Arrows) Law.

The Five Elements Law is the simplest, and there are three that are the strongest.

These three most powerful things represent the three most powerful laws in the world.

They are time, holiness, and... evil!!

In fact, it is very difficult for Lin Tianhao to understand that evil is one of the three most powerful laws.

After all, the levels of time and holiness are very high. He can understand these two kinds of strength, but he doesn't quite understand the strength of evil.

Is evil strong enough to be stronger than death, life, and space?

Take back your thoughts.

Lin Tianhao walked towards the ice coffin, thinking in his heart, who could be the person in the ice coffin?

Is it...

The Queen Mother Hou Tu did not leave, but...

Lin Tianhao didn't dare to think about it.

Walking towards the ice coffin step by step, the closer he got to the ice coffin, the stronger the power of the various attribute laws became.

Powers of various attributes also flowed around Lin Tianhao's body, and he began to contend with the power of the ice coffin.

Man Yue was watching from the door. Her eyes became more and more shocked, and she murmured:

"No wonder he can be so close to the Lord of Luotian. This person is really a pervert."

Lin Tianhao walked all the way to the ice coffin.

If it were someone else, they would see that Lin Tianhao seemed to be staying there.

But only Lin Tianhao himself knows.

He was now enveloped by the power of time, and the flow of time around him was reduced to an extremely low level.

This is not time stopped, but it is infinitely close to time stopped.

Lin Tianhao wanted to break through the shroud of time, but found that he was completely unable to do it.

With the power of time, just a little bit of the power of space can easily teleport him away, preventing him from getting close to the ice coffin.

"call--"

Lin Tianhao exhaled a breath of foul air, and the whole person retreated continuously, getting rid of the range of the power of time.

"You can't get through it."

The Heavenly Dao Ghost Lord spoke slowly, "Time and divine dual attributes are protecting it at the same time. It is impossible to break it without the corresponding level of power."

Lin Tianhao silently took out the carving knife of the Source of Tao.

to be frank.

Lin Tianhao didn't know whether the carving knife of the God of the Source of Tao could break the power of time and the divine power.

But in this situation, he has to give it a try after all.

Lin Tianhao, holding a carving knife, attacked again.

however.

The result disappointed Lin Tianhao. His carving knife could not break the power of the law of time.

"It doesn't seem possible."

"The power of these laws is protecting this ice coffin. There is no conflict between the two, so they will not cause harm to each other." said Tiandao Youzhu.

Lin Tianhao sighed. He really wanted to take a peek into the contents of the ice coffin, but now it seemed that it was impossible.

Even so.

Lin Tianhao could still bypass the ice coffin and enter the palace from both sides.

But just as Lin Tianhao turned around and prepared to bypass the ice coffin, an ethereal voice suddenly sounded.

"You came."

Lin Tianhao turned around suddenly, and the voice seemed to come from the ice coffin.

"What's wrong?" The voice of Tiandao Youzhu came.

Lin Tianhao looked at the ice coffin without saying a word.

Auditory hallucinations?

When Tiandao Youzhu asked this, it was obvious that he did not hear the voice just now.

"it's me."

The ethereal woman's voice was heard again from the ice coffin.

She seemed to be very familiar with Lin Tianhao.

"Who are you?" Lin Tianhao asked.

quiet!

The silence lasted for dozens of seconds.

at last.

A sigh came from the ice coffin.

"Isn't it enough?"

"That's fine."

"Go inside."

Lin Tianhao stared at the ice coffin for a while. He wanted to ask about the other party's identity and why the other party knew him.

But from the other party's attitude, it was obvious that he didn't want to talk to him anymore.

Take back your thoughts.

Lin Tianhao then turned around, walked around the ice coffin and walked inside.

Tiandao Youzhu and the others stopped talking.

They didn't hear anything just now, and they didn't even see the sound transmission.

As for auditory hallucinations?

Obviously impossible.

Passing through the front hall, there is a garden behind.

This garden has so many rockeries, strange rocks, trees, flowers and plants that it is dizzying to look at.

But these things are very ordinary, and there is nothing special about them.

"Senior Man Yue, you didn't come here just to look for the Queen Mother Hou Tu, did you?"

Man Yue nodded, "Everyone thinks that with the departure of Queen Hou Tu, the Six Paths of Reincarnation have collapsed, and we can only use the Small Six Paths of the Netherworld to reincarnate."

"But I have stayed in Huangquan Inn for a very, very long time, and I know a lot."

"Let's get to the point." Lin Tianhao said.

"In the residence of Queen Hou Tu, there is an innate holy artifact, which is the root of the six realms of reincarnation." Man Yue said.

Lin Tianhao frowned slightly and said:

"Is it possible that the Queen Mother Hou Tu would keep something like this?"

Man Yue looked at Lin Tianhao meaningfully and said:

"There are some things that Hou Tu Niangniang cannot keep."

As the sound of the full moon fell, a gentle voice was heard.

"No one has been here for a long time."

Man Yue's expression suddenly changed and she immediately looked in the direction where the sound came from.

"The queen knew someone would come here, and she left three treasures here before she left."

"One of these is the innate sacred weapon that this girl just mentioned, which can establish the Six Paths."

The person who was speaking was translucent. He was not a physical entity, not even a soul. He was just a projection, and was somewhat similar to Nidlif.

"Do you still want to say that in order to get the things left by the Queen, I have to go through tests?"  
Lin Tianhao said.

Chapter 1616: The Legend of the Stone Monkey, the Luck of Repairing the Sky!

"No."

The female projection glanced at Lin Tianhao and Man Yue, and said lightly:

"The things here cannot be taken by adventurers, so you are not qualified to take them!"

Lin Tianhao's face darkened. He had finally come here, but now he was told that he couldn't take anything here.

"It doesn't have to be me."

Lin Tianhao raised his hand and summoned all nine ghost lords.

"They are all from the underworld, they should be able to take it."

The projected woman was slightly surprised when she saw the nine ghost masters.

"Here is something prepared for them."

"But they have to accept it."

Hear this.

The Lord of Oblivion said in a deep voice:

"Could it be that it can help us merge and become one?"

"But we have been separated for so many years, and now we have each developed our own consciousness."

"It's not appropriate to let them merge now."

The Forgotten Lord made his attitude clear as soon as he opened his mouth.

"So I said, it depends on whether you accept it."

The projection woman was not surprised by the words of the Forgotten Lord.

"Looking at you like this, I already have the answer in my mind."

She trailed off.

However, the Heavenly Dao You Lord said, "Whether or not to merge, he has no say."

"We, the nine ghost masters, now all obey the orders of Lord Snow Emperor. Therefore, whether to merge should be decided by Lord Snow Emperor."

That's it.

The Lord of Heaven and Earth bowed to Lin Tianhao.

"Sir, the nine of us share the same roots. If we can unite, the benefits will definitely outweigh the disadvantages."

"First of all, our rank will definitely be able to go one step further, break the limit of the divine rank, and go one step further."

"Master Tiandao You, how could you deceive the Master like this!!"

"In our prime, we were only top-notch divine products. Now that we have joined together, how can we break the limit?" The Forgotten Lord said angrily.

"All these years, everyone has not lived in vain in the Nine Netherworld. Everyone has improved. Why can't we unite the nine of us and break the previous limit of our rank?"

Lin Tianhao raised his hand to interrupt the two people who were arguing and said:

"Master of Heavenly Dao, if we merge, will only your consciousness remain?"

When the nine ghost lords come together, one of them will definitely be the leader.

It is clear.

The one who is in charge is most likely the Lord of Heavenly Dao.

"Yes..." Tiandao Youzhu said slowly.

"maybe."

"Our true self once had a humane consciousness."

"They are the divine nature with me as the main body, the human nature with the Lord of Humanity as the main body, and... the devil nature with the Lord of Hell as the main body."

"of course."

"It's actually not that easy to measure."

Lin Tianhao was silent, and the Heavenly Dao Master continued:

"We have different awareness in different situations."

"Divinity represents absolute rationality, humanity represents true emotions, and demonic nature represents insane evil."

Lin Tianhao pondered for a moment. The nine ghost masters were all very powerful on their own. If they could unite, they would be the greatest helpers to him.

The Humane Master thought for a moment before saying:

"Sir, if we want to deal with those guys in the Alete galaxy, I think it will eventually be a battle between top combat forces."

"The nine of us are indeed very strong acting alone, but we may not be able to compete with the top combat power of the Alite Galaxy."

"If we can merge together, we will be able to fight at the top level."

"combine!!"

In fact, Lin Tianhao's own idea is to let the nine ghost masters merge!

His spatial realm has now reached the twenty-third level. Even without using the Kunlun Mirror, he can easily complete ultra-long-distance travel.

If a great disaster were to occur in the future, he could really fight in three thousand states in one day and kill all the empty-faced ghosts in the sky, just like the myths and legends say! !

The projected woman smiled slightly, and a lotus appeared in the palm of his hand.

The lotus unfolded, revealing a lotus pedestal. Nine lotus seeds flew out from the pedestal.

The lotus seeds emitted a faint light and flew to the front of the nine ghost masters.

"Refine the lotus seeds in your hands, and the nine of you will merge into one!"

When Man Yue, who was standing by, saw this scene, she couldn't help but widen her eyes and an expression of disbelief appeared on her face.

"This thing... Queen Hou Tu actually left it behind too!!"

"Do you know him?" Lin Tianhao asked.

Man Yue nodded slightly and said seriously:

"The underworld is established, and the six reincarnations are first. This is a move that benefits all living beings."

"Rumor has it that since the establishment of the underworld, a flower and a tree have grown from the depths of the underworld."

"This flower is the innate nine-treasure lotus, and this tree is the hell bodhi tree."

Lin Tianhao was slightly stunned. He thought it should be the red spider lily.

"This should be the Xiantian Nine Treasures Lotus."

The projection woman nodded gently, "You have guarded Huangquan Inn for so many years, and the queen will not let you work in vain."

"If the Milky Way world still exists, you will become the new Lord of the Underworld and rule the Underworld."

"If the Galaxy World doesn't exist, you can also take the Six Paths of Reincarnation and go to other worlds."

Hear this.

There was uncontrollable excitement on Man Yue's face.

"Your Majesty intends to pass on the Six Paths of Reincarnation to me?"

There are many masters in the underworld, and there are also many people who have made outstanding contributions to the underworld.

"good."

The projection woman nodded.

As her voice fell, the bodies of the nine ghost lords turned into points of light and began to merge.

Lin Tianhao watched quietly, not knowing what kind of reaction would come from these nine people joining together.

I just hope that these nine people coming together can bring him something different.

"This integration will take some time."

That's it.

A bronze roulette wheel flew out, spinning slightly.

As the roulette wheel turns, certain rules between heaven and earth are also turning along with the rotation of the roulette wheel.

"This is the root of the six realms of reincarnation and the underworld."

Man Yue took a deep breath, tried her best to calm her inner excitement, and reached out to take the Six Paths of Reincarnation.

"What is the third thing?" Lin Tianhao asked.

The projection woman looked at Lin Tianhao meaningfully and said:

"The sky once collapsed and the people were living in misery. The mother of the human race gathered seven-colored divine stones to repair the sky and save the world."

"A broken stone fell on the Flower-Fruit Mountain. After countless years, it gave birth to a stone monkey."

"The stone monkey was born and raised by nature, and has the luck to replenish the heavenly energy. Both the Taoist and Buddhist sects are willing to cultivate him, but the stone monkey is stubborn and difficult to tame, so they borrowed the six-eared macaque to take away his luck to replenish the heavenly energy and become a Buddha on his behalf!"

Lin Tianhao had a strange expression on his face. After saying so much, and talking for so long, wasn't it just Sun Wukong?

"Then what?" Lin Tianhao asked.

"But how can the luck of repairing the sky be taken away just like that? The stone monkey was protected by the luck of repairing the sky and had the mercy of the saint, so he finally saved his life, but his origin was shattered into pieces."

"Now its core source is in the residence of the queen."

Man Yue seemed to have thought of something and immediately said:

"If what you said is true, as long as we obtain the essence of the stone monkey, we can obtain the protection of the heavenly luck?"

Chapter 1617 The arrangement of the Lord of Luotian!

"good."

The projection woman nodded gently, "Although the luck of the sky can't be taken away, it's not difficult to use it to protect yourself."

Lin Tianhao's eyes lit up. He was very strong, but he didn't care if he could be even stronger.

"I know what you are thinking. The Stone Monkey has consciousness. If you want to get him, I don't have the final say. You have to get his approval."

"Senior, disaster is coming. No matter what, I want to give it a try."

Hear this.

The projection woman glanced at the full moon and said:

"You have a special identity. According to the Empress's wishes, you will stay here after you come. No matter what the outcome of the disaster is, it will not affect this place."

"You just have to wait and see the results."

Man Yue hesitated to speak, but finally said firmly:

"Although I have been in Huangquan Inn for a long time, my feelings for the Galaxy World are real."

"If the galaxy is in danger of extinction, I will definitely intervene."

The projection woman stared at the full moon. "Even if I die, I will have no regrets?"

"No regrets!!"

Man Yue answered forcefully.

Lin Tianhao didn't know whether Man Yue was speaking to the projection woman or whether she really thought so.

"If so, then leave the Six Paths of Reincarnation behind."

"You can die, but the Six Paths of Reincarnation cannot fall into the hands of outsiders."

Lin Tianhao was a little overwhelmed. If Man Yue was only speaking to the projection woman, then it seemed that she was shooting herself in the foot.

"it is good!!"

however.

What surprised Lin Tianhao was that Man Yue returned the Six Paths of Reincarnation without any hesitation.

"Very surprised?"

Man Yue glanced at Lin Tianhao and said calmly:

"Lord Luo Tian came to see me before he was about to leave. He told me that he must go to the Divine Realm."

"He wants me to help you and the Galaxy World."

Lin Tianhao raised his eyebrows slightly. In fact, he felt somewhat regretful about the departure of Lord Luotian.

after all.

As long as Lord Luotian is here, we will have a better chance of winning against those guys in the Alate Galaxy.

"I understand your confusion. Why must Lord Luotian leave? Right?"

Lin Tianhao nodded without saying anything.

Man Yue continued:

"Because he doesn't know what the big shots above are thinking, and why they want to give up the Galaxy World."

"If he wants to protect the Galaxy World, he can only ask for help from more powerful people."

Lin Tianhao was somewhat stunned. The Lord of Luotian was powerful, but he was not even a god. He invited a powerful person, a Heavenly Saint? Or a super strong person from the Eternal Realm?

But these seem to be insufficient to change the current situation in the galactic world.

"Don't you understand this?" Man Yue said.

Lin Tianhao frowned and thought, and the next moment, he seemed to understand something and said:

"Lord Luo Tian's current strength is not enough, but he is gifted and will surely achieve great things in the future."

"As long as he shows his talent, joins the super power of God's Domain, or becomes a disciple of a top master of God's Domain, it may change the current situation of the galaxy world."

Man Yue nodded and said:

"good."

"Lord Luo Tian's talent is too evil. His actions are also very dangerous."

Lin Tianhao's face darkened, "A tree that stands out in the forest will be destroyed by the wind!"

"Yes."

"In this galactic world, the Lord of Luotian can run rampant, but the Divine Realm is different."

"No matter how talented he is, his realm is still too low."

"Even if you become a god, it's still not enough."

The projection woman shook her head and said:

"Perhaps the Lord of Luotian just wants to go to the Divine Realm to avoid this catastrophe?"

"With his talent, being a Heavenly Saint is only his lower limit. His upper limit is immeasurable."

"If we stay and still lose, then everything will be gone?"

"You don't know him."

Man Yue shook her head. She had great trust in Lord Luo Tian.

"He would not bother to do that."

The projection woman wanted to say something, but Lin Tianhao spoke first:

"I also believe in the Lord of Luotian."

The projection woman stopped talking. She raised her hand and a piece of ink-black stone flew out from inside the palace.

"This is the origin of the stone monkey. You can give it a try and see if he is willing to leave with you."

Man Yue stepped forward.

She raised her hand and tried to touch the black stone.

But a recoil force came from the black stone.

"It seems that he doesn't approve of you."

The projection woman was not surprised.

"Can I try it?" Lin Tianhao asked.

The projection woman shook her head and said:

"No."

however.

The moment she finished speaking, the black stone actually flew up and came in front of Lin Tianhao.

"It seems like he wants to leave with me." Lin Tianhao said.

The projection woman looked at Lin Tianhao and still shook her head, "I said, you don't meet the regulations."

Lin Tianhao summoned Hei Tianaozhen.

"What about him?"

"Stone Monkey Origin, if you want to follow me, you can choose to follow him first, how about that?"

The origin of the stone monkey seemed to understand Lin Tianhao's words and flew in front of Heitian Aozhen again.

"God willing."

The projection woman shook her head and said:

"Since this is the Stone Monkey's own choice, I should respect it."

Lin Tianhao looked back at the direction of the ice coffin and asked:

"Senior, who is in that ice coffin outside?"

The projection woman smiled noncommittally and said:

"If you want to know who she is, why don't you go and see for yourself?"

Lin Tianhao rolled his eyes. If he could see it, he wouldn't have asked.

"Senior, there is nothing for me to do here anymore, so I will leave first."

Man Yue bowed and said goodbye.

Lin Tianhao was hesitant to speak. Since Man Yue was going to stay and help him deal with those guys from the Alite Galaxy, it would undoubtedly be a good choice for her to stay with him.

But she wanted to leave, and Lin Tianhao had no intention of keeping her.

He didn't know much about the full moon.

"correct."

Lin Tianhao seemed to have thought of something and said:

"I have finally found you. When you get out, remember to ask the waiter at your store to give me the reward."

Hear this.

Man Yue smiled and said:

"You don't want to miss any reward."

After saying this.

Man Yue turned and left.

Just as she left, a figure walked out from outside Hou Tu's residence.

This man is very young and looks only about eighteen or nineteen years old.

"What's wrong with this world? There are so many miracles left behind, but no gods have been found."

As soon as this tone came out, it was not difficult to tell that the other party might not be from the Galaxy World.

"Who are you?" Lin Tianhao asked with a frown.

The young man stared at Lin Tianhao for a few seconds before saying:

"I... came here by accident. I heard there was a magic stone left by the sky repairer here, so I wanted to play with it."

"This is it."

The young man's eyes fell on the black stone in front of Heitian Aozhen.

Chapter 1618 Chance and Talent Yan Linghai!

"You don't belong to the Galaxy World. You can't take things from the Galaxy World." The projection woman said lightly.

The young man glanced at the projection woman and said:

"You are the spirit of this palace, right? No, you are not even a spirit. You are just a projection of the spirit."

"You can't stop me from taking what I want."

The projection woman seemed a little annoyed by what the young man said and said:

"You can say this in other places, but you are not qualified to say this here."

The words fell.

The woman in the projection raised her hand and pressed it lightly.

The space around the young man collapsed, forcing him back.

"Something interesting."

The young man was a little surprised. "A projection can actually use the power here."

"But a projection is just a projection after all. How much power can you use here?"

Falling with the sound.

The young man raised his hand and the collapsing space began to shatter and tear apart, sweeping towards the projection woman.

Lin Tianhao did not take action. This young man was a little arrogant.

Because of the young man's methods, Lin Tianhao felt that he could resolve them with just a little effort.

Facts have proved that it is true.

The projected woman didn't even move, and the young man's attacks were completely neutralized.

"With your strength, how come you are here?"

"The City of Disaster? That shouldn't be the case. As long as we leave the City of Disaster, we should return to our own territory."

"Interstellar spacecraft? There's no reason for it to break in here so easily."

The projected woman was surprised, and the young man was also very surprised.

"How... how is it possible?!"

"You are not a god, how can you have such strong power?"

"Ever since I comprehended the laws of space to the highest level, no mortal can rival me."

"Your spatial law is only at the twelfth level of the Dao Realm, and has not yet reached the highest level."

This guy was able to comprehend the laws of space to the twelfth level of the Dao Realm, which meant that his talent must be very high.

But he didn't seem to have a clear understanding of his own strength, which meant that there shouldn't be many strong people in the world he came from.

"You haven't answered my question yet." The projection woman said indifferently.

"After reaching the twelfth level of the Dao Realm in the Law of Space, I found that I could not break through, nor could I become a god. So I used space travel to try to go to a parallel world and find a way to become a god."

"I came here by accident."

"I found a miracle here, so I think there must be a way to become a god here."

"That's not right."

The projection woman shook her head. "If what you said is true, how do you know the origin of this stone monkey?"

The young man remained silent for a while before he said:

"This can't be said."

The projection woman's expression remained calm, "If you don't tell me, you will die!!"

"No."

"After all, I am also a friend from a parallel world."

"According to what we know in our world, there is an identical me in a parallel world. Maybe my clone in this parallel world is still your friend."

Lin Tianhao smiled and said:

"Since we are friends, can't we just tell the truth to each other?"

The young man hesitated for a moment, and finally said:

"This is my innate ability. Every month, I can get a clue of opportunity."

"There are all kinds of opportunities here. I came here because of the guidance of opportunities."

"I have almost taken all the opportunities in my world, so I came here."

Lin Tianhao asked: "How long have you been here?"

"Three months."

"So, you have already got three chance clues?"

The young man nodded, and without waiting for Lin Tianhao to ask, he said directly:

"The first one is a piece of Nine Netherworld Stone. That thing can strengthen my soul. With just one piece of Nine Netherworld Stone, my soul is at least one third stronger than before."

Hear this.

Lin Tianhao was also a little surprised.

However, he sensed that the young man's soul power did not seem to be very strong.

"The second is a resurrection coin."

"I haven't used this thing yet, but according to the information provided by my chance clues, this resurrection coin can revive creatures that have been dead for no more than seven days, including gods."

"This is also the reason why I started looking for the gods. I think that with this resurrection coin, I might be able to learn the method of becoming a god from the gods and bring it back to my world."

"The third opportunity is the origin of the stone monkey. According to my experience, if I get this opportunity, I can be protected by good fortune, and ordinary gods will find it difficult to hurt me."

"I originally wanted to find the gods and ask for the mysterious method."

"But if I don't have the power to protect myself, and I face the gods, if they want to kill me and take the treasure, then I will die."

Lin Tianhao narrowed his eyes slightly and said with a smile:

"I can tell you how to become a god, and there is more than one way, and I can help you become a god."

The young man bowed to Lin Tianhao and said:

"Then I don't know what I need to pay?"

"How about you stay with me and work for me for two years?" Lin Tianhao said.

"Two years?"

The young man fell into thought, "You want to borrow my power to seek opportunities."

"Two years..."

"Twenty-four opportunities in exchange for the method of becoming a god..."

Lin Tianhao smiled slightly and said: "You don't have to worry about danger. You don't have to take any action in the next two years, and I can help you gain enlightenment."

"Enlightenment?"

"The twelfth level of Dao Realm seems to be the limit. The time cost of pursuing other Daos is too low, and it is definitely not something that can be achieved in two years."

Lin Tianhao smiled and said:

"Just the way of space."

"Who told you that the twelfth level of the Dao Realm is the limit?"

The words fell.

Lin Tianhao mobilized the power of the twelfth level of the Space Dao Realm.

"Isn't this the power of the twelfth level?"

"What about this?"

Lin Tianhao raised the power of the space realm to the thirteenth level.

"And this...!"

Lin Tianhao continued to improve the power of the spatial realm.

The fourteenth floor!!

The fifteenth floor!!

The sixteenth floor!!

.....

The young man's eyes widened, his face full of surprise.

"It's the younger generation who is sitting in a well and looking at the world."

Lin Tianhao waved his hand and said:

"In two years, I can demonstrate to you the mysteries of the space realm. You only need to understand the truth, and I will give you 24 opportunities. How do you think?"

"it is good!!"

The young man nodded heavily, "Junior Yan Linghai, nice to meet you, senior."

Lin Tianhao nodded slightly.

At this moment.

The nine ghost lords finally completed their fusion.

The light faded, and a middle-aged man with ordinary appearance and wearing a simple long gown appeared in front of Lin Tianhao.

With the way he looks, if he were thrown onto the street, he probably wouldn't attract anyone's attention.

"In the endless starry sky, if you want to obtain it for a long time, you must not show off. The more ordinary, the better."

The Lord of Jiuyou seemed to see through Lin Tianhao's inner thoughts and spoke with a faint smile.

"Are you divine or human now?"

Chapter 1619: Years of enlightenment, finally forming a realm!

"Devilish."

The Lord of Jiuyou, who had an ordinary appearance in front of him, showed a warm smile on his face. If he were on Blue Star, he would definitely be the image of a simple migrant worker.

But this is... the devilish nature!!

The projection woman smiled and said:

"It's normal. In the endless starry sky, those with black air are not necessarily demons, and those who are gentle and polite are not necessarily kind."

"Everything is nothing but subjective consciousness in people's minds, or in other words, prejudice in people's minds."

The Lord of the Nine Netherworlds nodded slightly and said seriously:

"A demon with monstrous evil spirit is actually not scary. What is really scary is a demon that looks kind and benevolent."

Lin Tianhao nodded slightly. He had already achieved the purpose of this trip.

"Senior, I want to know how mortals can improve their domains before becoming gods, or even reach the level of saintly visions?"

Lin Tianhao could ask the Lord of Jiuyou about this, but he also wanted to hear different opinions.

The projection woman smiled at Lin Tianhao and said:

"One step further into the realm is the divine realm."

"The divine realm is constructed with divine power. If mortals want to reach this point, they only need to refine the divine stone and engrave the divine pattern in their own realm."

"In this way, we can construct the divine realm."

"As for the engraving methods in the divine realm, there are countless types in the world, and different fields have different requirements for divine patterns."

"But there is one thing that is the same."

"That is the Soul Gathering Divine Mark. With the Soul Gathering Divine Mark, the Divine Realm can absorb the power of heaven and earth, replenish itself, and thus last longer."

That's it.

The projection woman hesitated for a moment and said:

"but."

"Even if mortals take one step further and achieve the realm of the Gods, it is still not enough after all, because the Gods' realm requires divine power, and mortals do not have divine power themselves, so it is difficult for them to exert their full power when fighting against the enemy."

Lin Tianhao frowned and thought, this was indeed a trouble.

But the projection woman continued:

"If there are enough divine stones, we can use them to maintain the divine realm, but this is not a long-term solution after all."

"However, if one is extremely talented, one can also try to cross the realm of the divine domain and directly comprehend a higher level realm."

"The law of the realm, the area around me can be transformed into a small world, and the power within it is no longer comparable to that of the divine realm."

Before, the Lord of Luotian had told Lin Tianhao some methods about the subsequent cultivation of the domain.

"Same."

"The cultivation method of the realm also requires the coordination of divine patterns."

"As for what lies beyond the realm, that is not something you can comprehend now."

"Vision!?"

"good."

"With extraordinary talent and the method of divine patterns, it is possible to cultivate a realm in a short period of time. However, the method of vision is difficult, as difficult as ascending to heaven."

"The Queen once said that some things are born with you, and if you are not born with them, it will be difficult to obtain them in your lifetime."

Lin Tianhao's pupils suddenly shrank, "To cultivate visions, one needs blood talent?"

The projection woman nodded and said:

"good."

"In the endless starry sky, there was once a person of humble bloodline who fought his way back to become a saint. Even after his realm had given birth to living beings and he became the master of a world with merits comparable to those of creation, he still had not given birth to his own vision."

"I understand." Lin Tianhao nodded slightly.

"I wonder if you can teach me the method of divine runes?"

The projection woman thought for a moment and said:

"That's not within my purview."

The Lord of the Nine Netherworlds pondered for a moment and said:

"Sir, I also have the divine pattern method of the realm."

Lin Tianhao also wanted to learn more methods of practicing divine patterns.

After all, there are too many types of Dao realms for him, and it would be good if he could find a divine pattern that is more suitable for himself.

"alright."

So far, he has gained quite a lot from this trip.

But that's all.

The holy weapon he expected did not appear.

However, the stone monkey's origin that carries the luck of repairing the sky seems to be a good thing.

"Senior, sorry to bother you. We will leave first."

Lin Tianhao said goodbye and left.

at this time.

The sacred monk Zanghai was still trying to block the evil spirit rising into the sky.

"I'll leave this to you." Lin Tianhao said.

"If there is danger, there is no need to force it. You can choose to leave."

"Yes, my lord."

.....

The city of disaster!

Lin Tianhao came here with ease.

His bloodline is not low, this time, Lin Tianhao will condense a vision, it would be best... to condense a saint vision, like the Lord of Luotian! !

and.

In order to save time, Lin Tianhao planned to go directly to the third floor of the Space-Time Training Tower! !

Time and space training tower!

"I know you'll come again."

Yuehu had a faint smile on her face and was not surprised by Lin Tianhao's arrival.

Lin Tianhao smiled slightly and said:

"I want to go to the third floor!"

"it is good."

Lin Tianhao paid the enlightenment points and entered the third floor of the Space-Time Cultivation Tower.

The level of the various laws at the Dao realm can no longer be improved further.

now.

Lin Tianhao wanted to learn the method of divine patterns and rush to the realm level first! !

Time flies, passing by quietly!!

Lin Tianhao found practicing day after day quite boring.

The complicated divine pattern method made Lin Tianhao dazzled.

It took him fifty years to master the divine runes technique taught to him by the Lord of the Nine Netherworlds.

Another month passed, and the Divine Realm was completed!!

Just as the projection woman said, condensing the divine realm is relatively simple, with the help of the divine pattern method and divine stones, he easily reached the divine realm level.

Expand the divine domain.

Lin Tianhao could clearly feel that the divine domain was more than ten times more powerful than the real domain.

Especially the divine power flowing in the divine realm, in terms of power level, is naturally much higher than the power level of the domain.

"not enough!!"

Lin Tianhao began to impact towards the realm of the boundary.

To go from the divine realm to the realm of the world, it is not enough to simply fill up the divine power and divine patterns.

The realm is to transform one's own divine domain into a small world.

To build the world, this requires understanding!!

This feeling of creating the world is very mysterious. Lin Tianhao can't describe it and it's a little hard to grasp.

The enlightenment points are also of great help in comprehending the realms.

Next.

Another long time passed.

This time, it took Lin Tianhao sixty years to finally upgrade his domain from the divine realm level to the realm level.

"Your Excellency's speed is truly astonishing."

The Lord of Jiuyou couldn't help but sigh.

"It took me 3,900 years to complete this step."

For a moment, Lin Tianhao didn't know what to say.

Comprehending this realm was not as difficult as he had imagined. Three thousand nine hundred years?

This really doesn't take time seriously.

"Your Excellency, there is no need to be surprised. After reaching the level of a god, there are many who will seclude themselves for a thousand years or even ten thousand years at a time."

Lin Tianhao was indeed not very surprised. The higher the realm, the more difficult it is to improve.

In Ragnarok, they are able to defeat monsters and level up, which is a benefit given to them by the God of Tao.

Not everyone has this kind of benefit.

Chapter 1620 6 Visions of Saints!

If one wants to become a god through hard practice, even those peerless geniuses in the myths and legends of Blue Star, who were able to transform from mortals into gods, would have practiced for hundreds of years.

"Next, there's the vision!"

Lin Tianhao's eyes were already somewhat weathered. After more than a hundred years of practice, he understood the hardships of practice.

How boring it must be for those who seclude themselves for thousands or even tens of thousands of years at a time.

What kind of boredom do you need to endure to achieve this level?

As for the bloodline talent of comprehending visions, Lin Tianhao was not worried at all.

If he can't comprehend the vision with his bloodline talent, then he is just rubbish.

"Sir, I think you can upgrade all elemental domains to the realm level."

"As the saying goes, if you understand one method, you will understand all methods!!"

"Your spatial domain has now reached the realm level, so it should be no problem to improve other domains."

Lin Tianhao nodded. This space-time training tower was a good place, and he could do that.

Anyway, ten years here is only one year in the outside world.

The one hundred and ten years he cultivated here was only eleven days outside.

not to mention.

In today's Ragnarok, apart from the Sky Punishment Equipment, there is almost nothing else that can significantly improve his strength.

and so.

It seems like a good idea to increase the power of the domain to the extreme here.

The Lord of Luotian is a saint with a vision that is so powerful.

What if I had a dozen saintly visions?

By then.

If he wants to change his fate and save the galaxy world, perhaps it won't be that difficult.

Think about this.

Lin Tianhao began to follow what Jiuyoudi said and started to improve the fields of other attributes as well.

Gold, wood, water, fire, earth, wind, thunder, ice...

There are more attributes, and even though I already have experience, the process is still long.

Four hundred and twenty years passed in the blink of an eye!!

Lin Tianhao's fifteen domains of gold, wood, water, fire, earth, wind, thunder, ice, darkness, light, death, life, soul, poison, and power were all upgraded to the realm level! !

Adding the Dao of Space, there are sixteen realms! !

As for the ocean realm, Lin Tianhao has not yet comprehended it, because according to what the Lord of Jiuyou said, the elemental realm can encompass everything.

If you want to become stronger and save time, you have to give up some things appropriately.

Next.

That is to understand the vision!!

.....

one year later.

Lin Tianhao walked out of the city of disaster.

At this time, Lin Tianhao looked much more mature and ordinary.

There is less youthful sharpness in his eyes, and more of a sense of maturity.

In the city of disaster.

Yue Hu looked at Lin Tianhao's leaving back with a complicated look in her eyes.

"If I were the one from the Alete Galaxy, I would have to personally participate in this world plunder!"

Hear this.

A man in black beside Yuehu said slowly:

"It's his choice."

"If he hadn't shown his prowess like this, even if the Galaxy World was defeated, it wouldn't be difficult for the Blue Sky Origin Master to come forward and save him."

"But now..."

"The one from the Alet Galaxy will not let a demon with sixteen saintly visions walk out of the Milky Way alive."

.....

half a month later.

The land of Nine Netherworlds.

Soil was constantly being dug out from a deep pit.

Lin Tianhao stood beside the deep pit, frowned and asked:

"Not here yet?"

"The opportunity shows that it is a thousand meters below here, but this thousand meters could be one thousand meters or two thousand meters."

Lin Tianhao wanted to say something but stopped himself. This place was very strange. Not to mention him, even the Lord of the Nine Netherworlds could not escape here.

"Don't worry, sir. This place is indeed extraordinary. It is so strange that we cannot escape underground."

"Perhaps the legendary Netherworld Bamboo really does exist." The voice of the Lord of the Nine Netherworlds came from below.

In the past half month since leaving the City of Disasters.

Lin Tianhao has been searching for treasures according to Yan Linghai's instructions.

It is undeniable.

The space-time cultivation tower is like a BUG.

Lin Tianhao is in there, and the enlightenment points and merits provided by heaven and earth are calculated according to the time spent inside.

In addition to the explosive increase in merit and enlightenment points, Lin Tianhao also locked himself with the Book of Life and Death, which was equivalent to locking himself for more than 4,100 years.

Unfortunately.

Lin Tianhao's current health value is really too high.

In these four thousand one hundred years, the accumulated life value is less than one trillion!!

of course.

This is not the case of hard work making up for lack of talent.

If one takes into account the fact that hard work can make up for one's shortcomings, then his accumulated health points will exceed one trillion.

Even so, compared to Lin Tianhao's total health, the increase is not that much.

But this is also an unexpected gain.

same.

Yan Linghai's one opportunity clue per month is also calculated according to the time in the time and space training tower.

This time, Lin Tianhao stayed in the Space-Time Training Tower for a little more than a year.

In fact, he stayed in the Space-Time Training Tower for nearly 4,100 years! !

of course.

Yan Linghai did not get the required 50,000 opportunity clues, because he could only get opportunity clues nearby.

But this is the Nine Netherworld after all. Even if there are not tens of thousands of opportunities, there are still thousands.

Most of them are clues to opportunities in the City of Disaster.

But Lin Tianhao knew that there were super powerful people in the City of Disasters, and the risks of some of the opportunities Yan Linghai mentioned about the City of Disasters were too high.

then.

These are the opportunities outside the City of Disaster. Not all of these opportunities are useful.

At least.

There are not many things that are useful to Lin Tianhao, so Lin Tianhao specifically screened out some things that might be useful to him.

In the past half month, Lin Tianhao has searched for hundreds of opportunities, including various opportunities and rewards.

What made Lin Tianhao most excited was that he actually found hundreds of resurrection coins.

This thing may be useless now, but if you calculate the time, there are only ten months left before the Great Cataclysm! !

In the last ten months, there wasn't actually much he needed to do.

Look for sky punishment equipment, change jobs, and look for super god-level talent awakening stones.

According to the information Lin Tianhao had learned, there was another super god-level talent awakening stone in the Heavenly Palace! !

Judging from the level of support from heaven and earth, if he could awaken another great Dao-level talent, it would be of great help to him.

"found it."

At this moment.

From deep within the pit, the voice of the Lord of the Nine Netherworlds was heard.

The next moment.

The Lord of Jiuyou flew out from below, with a bronze bamboo shoot in his hand.

The bamboo shoots seemed to be made of some golden color and had a hard texture.

"Can this thing be eaten?" Lin Tianhao took the Netherworld Heart-Drilling Bamboo Shoot.

It is very heavy in my hand, just one stick weighs at least 500 kilograms.

"According to what my chance talent shows, eating this thing can indeed greatly improve your cultivation talent."

"But I don't know, this thing is like this."

"Maybe there is a shell."
