

## O games 1631

Chapter 1631: Heavenly Divine Thunder!

Shui Ruyan is the owner of a super god-level hidden profession, so her strength is unquestionable.

Shui Ruyan glanced at Lin Tianhao meaningfully and said:

"If possible, I will help. After all, this is my home."

Lin Tianhao hesitated to speak. What was the difference between such an ambiguous answer and no answer at all?

"It is good."

Lin Tianhao didn't force it and turned to leave.

He has already met the conditions for ten revolutions, so naturally he must make ten revolutions.

In the ancient land of Buzhou, there is a super god-level hidden altar for career transfer!

Lin Tianhao started to change his job according to what Shui Ruyan said.

really.

When Lin Tianhao took out the Heavenly Punishment Inner Armor and unfolded the Field of Thunder, his job change began.

Ten turns!!

The thunder is about to strike!!

This is a disastrous job change.

Before in the City of Disasters, he upgraded his rank without going through the tribulation, but now here, after completing the tenth transformation, Lin Tianhao felt that he should not be immune to the thunder tribulation.

as predicted...

Above the sky, thunderclouds rolled and thunder dragons roared.

The thunderclouds gathered together and formed a purple eye.

It was as if there was a giant in the sky staring at Lin Tianhao.

Lin Tianhao's eyes narrowed slightly, "Is this the tenth level of thunder tribulation? It feels so weak!!"

That's right!

Lin Tianhao felt that as long as he made a slight move, he could crush the thundercloud eyes in the sky.

"boom--"

With a loud bang, a bolt of thunder fell from the sky.

Lin Tianhao's body was not affected at all, as if the thunder just now was just a projection and did not cause any harm to Lin Tianhao.

Then came the second, third...

Thunders fell one after another, but Lin Tianhao still did not suffer any harm.

These thunders seemed to be tempering Lin Tianhao's body and did not give Lin Tianhao the slightest sense of pressure from overcoming the tribulation.

"It seems that when the Tao is understood to a certain level, it is even more terrifying than I imagined."  
Lin Tianhao murmured to himself.

In the blink of an eye.

The thunder tribulation is over!

"Ding, congratulations, you are about to start the tenth job of the super god-level hidden profession [Sky Punishment Archer]. Do you want to confirm the job change?"

"confirm!"

A beam of light fell from the sky and landed on Lin Tianhao.

The next moment.

Lin Tianhao's body floated uncontrollably in the air.

This time when he changed jobs, Lin Tianhao discovered something a little different.

That is when his health points began to increase visibly.

The health value, which was originally over 300 trillion, increased to 400 trillion in just a few breaths! !

Not only health points, other attributes have also been greatly improved.

"Ding, congratulations, you have reached the tenth level, all skills, magical power star level +2."

"Ding, congratulations, you have reached the tenth level, all skills, magical powers, star cap +2."

Lin Tianhao's pupils suddenly shrank. This reward is amazing! !

Most skills have a star rating of ten, but now they can be upgraded to twelve! !

For example, the original ten-star Deathly Happiness could restore 100% of Lin Tianhao's maximum health.

now.

It is to restore Lin Tianhao's maximum health to one hundred and twenty percent.

Don't underestimate this extra 20 percent.

This means that even if Lin Tianhao's health continues to suffer damage during the recovery process, there is still a high probability that his health will be restored to full.

"No wonder the tenth job transfer is different from the previous ones."

"Ding, congratulations, you have completed the tenth transformation. The effects of all your Daos are increased by 50% (you will still enjoy this effect for subsequent Dao upgrades)."

Another reminder tone.

As soon as this effect came out, Lin Tianhao really felt the confidence that he was invincible in the world and who else could he fight if not against heaven?

He already had sixteen saintly visions, and now he has another one like this. Isn't this taking off on the spot?

No matter how good Lin Tianhao's mentality was, he still felt incredible at this moment.

This reward means that even if there is a guy who possesses the same sixteen saintly visions as him, he will still be weaker than him in the competition of Tao.

of course.

It's just something to think about.

After all, if there really is someone else who possesses the sixteen visions of a saint, then this person is most likely already at the twelfth level.

As for someone like him who possesses sixteen kinds of saintly visions at the seventh turn, there should not be many of them in the entire endless starry sky.

and,

With Lin Tianhao reaching the tenth level, the era of level suppression has completely ended! !

Throughout the Ragnarok, there are probably not many professionals who can suppress Lin Tianhao in terms of level.

Take back your thoughts.

Lin Tianhao began to check the skills he acquired after the tenth turn.

The tenth turn is more difficult than the ninth turn. After the tenth turn, the skills obtained should be more powerful.

Heavenly Thunder (Unknown): cannot be upgraded.

Effect 1: You can send down thunder to attack any target you can observe. The thunder will hit the target in this world and no one can dodge it (including saints and saints of heaven). After hitting the target, it will cause real damage of 10% of the target's maximum health and 10% of your own maximum health (this damage is not affected by any defense, damage reduction, shield and other effects).

A maximum of nine thunderbolts can be dropped on each target every day.

Consumption: None.

Cooling down: Cooling down for 24 hours, and a maximum of nine thunderbolts can be dropped on each living being at a time.

Proficiency: Cannot be upgraded.

Lin Tianhao: ? ? ?

WTF?

What the hell is this? ! !

Is this called a skill?

What's the difference between this and being wiped out by the heavens?

It causes true damage equal to 10% of the target's maximum health, and it can be dealt nine times in a row, so isn't that 90%?

In other words, even if a saint of Heavenly Dao comes, he can cripple him!

of course.

This is just theoretical.

After all, under normal circumstances, the blood recovery ability of the Heavenly Dao Saint should not be underestimated.

but! !

This skill not only causes 10% of the opponent's maximum health as true damage, but also 10% of your own maximum health as true damage.

With Lin Tianhao's current health value, who can withstand an attack with true damage of 10% of his maximum health value?

Even if you are fat...

wrong.

It's hard to say about fat people.

Because the fat man has the power of revival, after his health points drop to 10%, his health points will be greatly restored in a short period of time.

I just don't know whether the speed of these nine thunders is faster, or the speed of the dead tree coming back to life is faster.

despite this.

This skill is also quite abnormal.

The fat guy might be able to hold on, because he is bound to Lin Tianhao and his health is higher than Lin Tianhao's.

but.....

Lin Tianhao thought of a possibility.

That means double the true damage, will it work? !

Anyway, his Hand of Heavenly Punishment can trigger the effect of double true damage.

If this divine thunder of heaven could also trigger the effect of double true damage, then no one would be able to withstand it.

At least.

Among mortals, no one should be able to withstand Lin Tianhao's Heavenly Thunder! !

Chapter 1632: Take my move and I won't die until you do!

Take back your thoughts.

Lin Tianhao now has to figure out how to upgrade.

First of all, we start with the Nine Netherworld, where the polluted ghosts were once gods, and killing them will give you a lot of experience points.

Thinking like this.

Lin Tianhao went directly to the Nine Netherworld.

Now in the Nine Netherworld, Lin Tianhao is familiar with the place.

After level 20,000, the difficulty of upgrading was somewhat beyond Lin Tianhao's expectations.

Originally, Lin Tianhao thought that the ghost messengers polluted in the Nine Netherworld were enough to raise his level to 30,000.

As a result, after reaching level 29,000, the ghost messenger could hardly be found.

The level requirement for the eleventh turn is 50,000. Where should he go to upgrade the remaining 21,000 levels?

Sea area?

It seems that this is the only way.

Otherwise, we can only wait for the catastrophe.

But Lin Tianhao couldn't wait, because the skills rewarded for the tenth turn were all heaven-defying skills like the Heavenly Thunder.

What about the eleventh turn?

After thinking this through, Lin Tianhao headed straight to the sea.

So much time has passed, and the saints in the sea have probably left.

and.

With sixteen kinds of saintly visions, plus the Heavenly Thunder and other means, Lin Tianhao felt that even if he really met a saint of the sea clan, he would not be completely powerless to resist.

Sea area.

Lin Tianhao shuttled through the seabed and started a bloody and ruthless massacre.

"Ding, congratulations on reaching level 29111, free attribute points +5."

"Ding, congratulations on reaching level 29112, free attribute points +5."

.....

Lin Tianhao has the Heavenly Punishment Headlock, which allows him to easily complete a long-distance headlock.

however.

Even so, Lin Tianhao still felt that the speed was too slow.

"According to my current upgrade speed, I may not be able to reach level 50,000 in three months."

Lin Tianhao really felt a headache. What he lacked most now was time.

At this rate, eleventh turn would be the limit. He estimated that it would be impossible for him to reach twelfth turn before the catastrophe came.

"Let's hunt while searching for the Dragon and Phoenix Fairy Island."

Lin Tianhao could only comfort himself in this way.

It was just his speculation that there were Heavenly Punishment equipment on the Dragon and Phoenix Fairy Island.

While killing monsters, Lin Tianhao sent a message to Berserker Blade.

"Blade, ask people from other countries if they have found a place called Dragon and Phoenix Fairy Island?"

Someone had reached the Dragon and Phoenix Island in the previous life, and maybe someone will find it in this life as well.

"Have!"

Berserker Blade gave Lin Tianhao an affirmative answer directly, "Now our people are jointly developing the Dragon and Phoenix Fairy Island."

"That place should have been the residence of immortals, and there are many relics of immortals there."

"And the Dragon and Phoenix Fairy Island is different from the Ancient Mystical Mystery Realm. The fairies on the Dragon and Phoenix Fairy Island seem to have left the island recently. Apart from some restrictions and magic arrays, there are no other dangers there."

Lin Tianhao was a little surprised. From what Mad War Blade said, it seemed that the Dragon and Phoenix Fairy Island might be the place where the immortals of the sea clan lived.

"In addition, we have discovered forty-seven dragon caves of varying sizes in and around the Dragon and Phoenix Fairy Island."

"We haven't been exploring for long. I estimate that there should be more dragon caves on Longfeng Fairy Island."

Having said that, Mad Blade directly sent a coordinate to Lin Tianhao.

"Here are the coordinates. Xue Di, you can come here too. Dragon and Phoenix Fairy Island is currently occupied by us."

"However, a strong person from the Xuantian World negotiated with us, hoping that we would open the Dragon and Phoenix Island to the outside world. After we refused, today, a strong person from the Xiuxian World also came to negotiate with a tough attitude."

Lin Tianhao frowned and asked: "Can you handle it?"

"There are some troubles. I haven't really fought them yet, so I don't know."

"I'll be there in a moment." Lin Tianhao said.

He had originally intended to cause trouble for these guys from another world.

They are coming to divide up the resources of their galactic world. How can they get the resources?

Lin Tianhao took a step forward and headed towards the location of the Dragon and Phoenix Fairy Island.

Because of the Starry Sky Step, Lin Tianhao only needs to take one step to reach the Dragon and Phoenix Fairy Island.

As soon as he arrived at the Dragon and Phoenix Fairy Island, Lin Tianhao saw many familiar figures.

Dragon Team, Shadow Killer, and elite players from some other large guilds in Dragon Country.

Except them.

Lin Tianhao also saw some adventurers from other countries.

just.

The atmosphere on the Dragon and Phoenix Fairy Island was not very harmonious at this time. A group of people riding on flying swords confronted Team Long and his men.

"There are so many resources here, and everyone has fair access to them, which is good for all of us."

"You guys are occupying the resources here, so we have no choice but to take advantage of them."

Hear this.

Captain Long took a step forward, with a hint of coldness in his eyes, and said in a deep voice:

"Master Xujian, the existence of Ragnarok is for us to deal with future invasions. You have occupied enough resources."

Hear this.

The hook-nosed old man in the lead snorted coldly.

"Looking at you guys, are you unwilling to give in?"

"Or do you think that with the Snow Queen around, you won't be afraid of us?!"

"Not to mention that Xue Di is very busy and can't spare time to deal with us. Even if he can spare time to deal with us, he can't compete with us."

Lin Tianhao narrowed his eyes slightly. It seemed that these immortal cultivators really did not take him seriously.

"Well, wait, don't run away, okay?"

Lin Tianhao smiled slightly and walked out.

He is very short on time now, so if he can end the battle quickly, he should use the fastest method to end the battle.

The moment Immortal Xu Jian saw Lin Tianhao, a solemn look appeared on his face.

"Are you the Snow Empress?" Immortal Xu Jian stared at Lin Tianhao with serious eyes.

Lin Tianhao waved his hand and said:

"I'll make a move. If you don't die, we can talk again!"

Immortal Xu Jian's face darkened. He was not afraid, but rather a little angry.

He admitted that Lin Tianhao was powerful, but he didn't think that he couldn't even take on one of Lin Tianhao's moves.

He is a wandering immortal, although he is the lowest-ranking wandering immortal, but in this Ragnarok of the Gods, he is equivalent to an early-stage first-rank god.

What does Lin Tianhao mean by this?

It seems that he feels that he can't even take one of his attacks?

“Heavenly Divine Thunder!!”

Lin Tianhao did not move, but the Heavenly Dao Divine Thunder had already locked onto Xu Jian San Xian.

Above the sky, thunderclouds rolled and thunder dragons roared.

"To bring down thunder from heaven?"

See this scene.

There was a hint of disdain on Immortal Xu Jian's face.

"You... you look down on me too much!!"

"I think since I started cultivating, I have experienced thirty-nine calamities, sixty-nine calamities, and even ninety-nine calamities."

“Although he has never gone through the Immortal Tribulation, he is still someone who has survived it. How can he be taken down by this little thunderbolt?!”

Chapter 1633 A Book of Life and Death!

Lin Tianhao didn't say anything, just looked ahead silently.

Thunderclouds have risen, and soon the thunder will come.

One... Two...

After only two bolts of lightning struck, Lin Tianhao shook his head.

Double true damage can be triggered. This Immortal Sword Master has some ability, but he could only withstand one bolt of heavenly thunder. After the second bolt of heavenly thunder fell, he died on the spot.

"This....."

All the adventurers of Ragnarok were dumbfounded. Not to mention the adventurers of Ragnarok, even the immortal cultivators behind Immortal Xujian were dumbfounded at this moment.

Their eyes widened as if they had seen a ghost.

"Xu...Xu Jianxian is dead!!"

Their first reaction was not panic, but confusion!!

Because Immortal Master Xu Jian died so quickly, most of them didn't even have time to react before he was killed.

"Is this the original spirit of you immortal cultivators?"

After the body of the Immortal Master Xu Jian was destroyed, a smaller, somewhat illusory version of himself remained.

"run!!"

Immortal Xu Jian crushed a fairy spirit transfer talisman in his hand.

horrible! !

Just two bolts of lightning destroyed his body.

Because he had achieved the state of a wandering immortal, his original body had long been destroyed.

His body now is made of a piece of ancient black iron. Even the best magic weapon would find it difficult to hurt him.

This was also what gave him the confidence when facing Lin Tianhao.

But the result?

The result was that his body, which was tempered from ancient black iron, was actually destroyed by two bolts of lightning.

"run?"

Lin Tianhao shook his head, "No one can escape from this heavenly calamity."

The divine thunder of heaven is locked, and no saint can avoid it within this century.

Not to mention this little immortal.

as predicted.

A bolt of lightning chased out.

Feeling the thunder behind him, Immortal Xu Jian was terrified. He summoned several flying swords to try to block the thunder.

But in the end they all failed.

"Do not!!!"

Amidst the desperate roar, the soul of Immortal Xu Jian was enveloped.

Dragon and Phoenix Fairy Island.

The lightning had been chasing for only a few breaths when Lin Tianhao heard the prompt sound.

"Ding, congratulations, you have successfully killed Immortal Void Sword. We will announce this to all servers soon. Do you want to hide your name?"

"no!"

"Announcement to all servers, congratulations to the player Xue Di for successfully killing the Immortal Sword Master. We hereby announce this and hope all adventurers will keep up the good work!!"

.....

Listen to the server-wide announcement.

Many adventurers on the Dragon and Phoenix Fairy Island reacted belatedly.

"This... this is going to kill him?!"

All the immortal cultivators brought by Immortal Master Xu Jian revealed expressions of fear.

They wanted to escape, but were afraid to move.

To them, Immortal Master Xu Jian is already a very powerful being.

But he was killed so easily by Lin Tianhao.

"What about you?" Lin Tianhao's gaze fell on the remaining cultivators.

"Please spare our lives, sir. We will leave the Galaxy World now and never set foot here again."

Lin Tianhao smiled noncommittally and said:

"But you've already set foot here."

Upon hearing this.

All these immortal cultivators were extremely terrified.

They didn't know what Lin Tianhao would do.

But they all knew the fighting ability that Lin Tianhao had just demonstrated.

If they dare to resist, they will surely die!!

especially.

Among these immortal cultivators, the more powerful ones have already discovered that the space around them has been blocked.

In the current situation, even if they want to run, they have no chance.

"Leave everything you have behind you." Lin Tianhao said calmly.

Killing these guys is not enough for me to level up now.

The Lord of Jiuyou also sensed the Immortal Master Xujian just now, and he was probably equivalent to the Nine-Transformation King level.

Isn't this similar to their Ragnarok?

The ninth-level king, although still a mortal, can be compared to some ordinary first-grade gods.

of course.

They can just be on par with each other, but it is still unclear how they will perform if they really fight.

These immortal cultivators did not hesitate at all and directly called out everything they had on them.

In this situation, being able to spend money to avoid disaster is already the best outcome for them.

After collecting the things, Lin Tianhao did not make things difficult for them.

to be frank.

With their level, even if a twelfth-level immortal came, they would still be killed instantly.

"Xuedi, you are getting more and more powerful."

Team Dragon stepped forward. He knew that Lin Tianhao was very strong now, but he did not expect that Lin Tianhao could kill the immortal so easily.

"I just came to take a look. You continue to explore the Dragon and Phoenix Fairy Island. If you get any Heavenly Punishment equipment, please trade it to me. It would also be fine if you have any clues." Lin Tianhao said.

Since the top adventurers from various countries are exploring here, there is no need for him to waste time here.

After dealing with things here, Lin Tianhao continued to level up in the ocean.

at the same time.

Lin Tianhao asked the Lord of Jiuyou to screen the storage rings he obtained in Jiuyou.

In the Nine Netherworld, Lin Tianhao gained a lot, and there are many things he has not checked yet.

In addition to these storage rings, Lin Tianhao also obtained skills by killing the Ten Kings of Hell and the Ghost Messengers, and the Mark of the God Slayer.

However, these skills are all related to souls, undead, and death.

Lin Tianhao discovered that most of these skills can be achieved using the power of the Tao realm.

In fact, after mastering the power of the Tao realm, Lin Tianhao discovered that many of his previous skills could be achieved with the power of the Tao realm.

Even the power of the Tao realm is more useful than skills.

The most obvious thing is the flickering of space. With Lin Tianhao's current power in the realm of space, even if Lin Tianhao flickers without cooling down for a whole day, it will be fine.

There are also recovery skills such as Rising Tide of Blue Sea and Revival.

After he gained control of the realm of life, he could easily recover a large amount of blood.

The water realm that Lin Tianhao has mastered can not only restore Lin Tianhao's health, but also restore mana.

After mastering the power of these Dao realms, Lin Tianhao discovered what the simplicity of the Dao is.

In the blink of an eye.

Seven days passed.

The Lord of Jiuyou has also counted the space rings that Lin Tianhao obtained in Jiuyou.

Among these storage rings, the most common items are soul coins and soul stones. These two items can increase the strength of the soul.

Besides.

There are also a lot of various equipment and props.

But most of the equipment and props are related to the soul, and the one that is of obvious help to Lin Tianhao is undoubtedly... the Book of Life and Death!!

If we were to say what Lin Tianhao's biggest gain was this time, it would be the Book of Life and Death!!

Each of the Ten Kings of Hell carries a Book of Life and Death.

Plus the book of life and death that Lin Tianhao now has in his hand.

Lin Tianhao now has a total of eleven books of life and death in his hands.

The effects of these eleven books of life and death are the same.

In other words.

He can now write eleven names at the same time for locking.

Chapter 1634: Absolute Block was broken!

just.

Lin Tianhao was wondering, could this Book of Life and Death lock the heads outside the Milky Way world?

After all, the Book of Life and Death is a rule item in the galactic world.

Although the introduction to the Book of Life and Death says that it can be locked no matter where you are.

But no one knows if there are any hidden restrictions.

but.

According to Lin Tianhao's understanding of Ragnarok, there must be hidden conditions involved.

Otherwise, wouldn't it be too outrageous if his Book of Life and Death directly crossed the starry sky and locked onto the creatures of the Alate Galaxy?

In fact, Lin Tianhao also thought about trying this method.

That is to directly lock onto some guys from the Alete galaxy and see if you can increase their health points.

In the ten years of his previous life, especially in the five years after the catastrophe, Lin Tianhao knew quite a few people in the Alate galaxy.

Those guys should not have come to the Milky Way World yet. They are probably still in their own native world, or on their way to the Milky Way World.

Do it when you think of it.

Lin Tianhao began to write down some names he knew in his previous life in the Book of Life and Death.

As the names were written down one after another, Lin Tianhao did not gain any additional damage from the Book of Life and Death.

"no!"

Lin Tianhao was not disappointed. If the Book of Life and Death could really lock enemies outside the world, that would be outrageous.

but.....

Lin Tianhao suddenly thought of a question: if he left the Galaxy World, would the Book of Life and Death be useless?

Do not say.

It's really possible.

As the power of the Dao realm controlled by Lin Tianhao becomes stronger and stronger, the effects of these equipment and skills attached to Lin Tianhao are getting closer and closer to their essence.

Lin Tianhao could even understand the underlying logic behind these equipment, skills, and magical powers.

Lin Tianhao can now only use the eleven books of life and death to increase his own health points.

The key is.

There are not many targets he can lock onto.

With his current health points, Ragnarok is now without gods.

It seemed that he had no choice but to lock himself up.

As for locking onto other people, even a fat man can't withstand 40 trillion damage per second! !

After all, this is damage per second. If the fat man's health recovery is less than 40 trillion per second, he will definitely be killed.

What's more, there are eleven of them.

Lin Tianhao locked himself, added health points and started hunting sea beasts.

"Ding, congratulations on reaching level 35231, free attribute points +5."

"Ding, congratulations on reaching level 35232, free attribute points +5."

.....

The level is still increasing and time is passing.

If it weren't for the Nine-Turn Statue, Lin Tianhao's upgrade speed would be much slower.

Now it is equivalent to having twelve Lin Tianhaos hunting sea beasts.

In the blink of an eye.

Twenty-five days passed.

Lin Tianhao's level is finally about to reach 50,000.

During these twenty-five days, in addition to upgrading, Lin Tianhao also had an unexpected surprise.

such as.....

This statue's normal attacks can still add health points to him.

However, based on Lin Tianhao's current health points, the amount of health points that these statues can add to Lin Tianhao is not much.

"Level 49999."

A smile appeared on Lin Tianhao's face. He himself didn't know how deep the sea was.

He is only one level away from reaching level 50,000.

"Ding, your star guardian statue has been destroyed."

At this moment.

Lin Tianhao's expression changed slightly. For more than twenty days, there had been no problems, but now his starry sky statue was inexplicably destroyed.

The Starry Sky Statue's attack speed is extremely fast, and its attack distance is long and its damage is high. Among sea beasts, very few can get close to the Starry Sky Statue.

After all, one arrow can cause hundreds of trillions of damage, which is not something that everyone can withstand.

"who is it?"

Lin Tianhao's eyes narrowed slightly, and he activated the Starry Sky Step. With just one step, Lin Tianhao appeared at the place where his statue was destroyed.

As soon as he arrived here, Lin Tianhao saw a short, dark-skinned fat man.

He was too short and too fat, looking like a ball of meat.

"You destroyed my statue?"

Lin Tianhao stared at the fat man who looked like a ball of flesh, with murderous intent in his eyes.

"You're going too far. Sea beasts are also living things. Have you ever considered their feelings when you slaughter them like this?"

Lin Tianhao waved his hand and said:

"It's not your turn to tell me what to do when I'm doing something."

"Judging from the aura on you, you are a demon. You should not be a creature from our galaxy world. Where are you from?"

The fat man snorted coldly, "You are not qualified to know where I come from. Since you know that I am from the demon clan, you should understand that I will never let you slaughter our demon clan members like this."

Lin Tianhao said indifferently:

"I'm not interested in knowing who you are either."

"Since you want to die, I will send you to death!"

This fat man who looked like a meatball was able to destroy his statue, so he was obviously no ordinary person.

Because this statue has a self-protection mechanism.

If attacked, the statue is able to activate self-protection.

But this fat man like a meatball withstood the feather arrow attack from the statue and destroyed his statue.

The moment Lin Tianhao finished speaking, the battle had already begun.

The fat man who looked like a meatball disappeared in an instant.

When he appeared again, he had already come to Lin Tianhao's side.

Lin Tianhao's eyes narrowed slightly as he looked at the dagger in the hand of the fat man who looked like a meatball, and a sense of crisis came over him.

This fat man is not particularly strong, but the dagger in his hand is not ordinary.

When facing the fat man's attack, Lin Tianhao actually felt like he was holding a carving knife.

He is a complete reckless man, fearless of everything.

Lin Tianhao did not risk using the carving knife to fight against the fat man's dagger.

Here, Lin Tianhao has many ways to end this battle.

At the moment when the dagger was about to hit Lin Tianhao, Lin Tianhao disappeared.

however.

When Lin Tianhao appeared again, the fat man was already very close.

The fat man's attack was able to track him.

"Absolutely block!"

Lin Tianhao's reaction speed was also not slow. While he was blocking, the arrow was shot from his heart.

He can't just let this kid attack him and remain indifferent.

however.

What happened next shocked Lin Tianhao briefly.

Because his absolute block was actually broken.

The moment the absolute block was broken, Lin Tianhao's health bar was directly reduced to 10%! !

-400.2 trillion!!

A huge damage number appeared above Lin Tianhao's head.

"not dead?"

When the fat man saw that Lin Tianhao had taken his sword and was not dead, a look of horror appeared on his face.

at the same time.

Facing Lin Tianhao's feather arrow, he also swung his dagger and cut off Lin Tianhao's feather arrow with the Heavenly Punishment Lock.

"There is something special about the dagger in your hand." Lin Tianhao said calmly.

Chapter 1635 1th turn!

The fat man with meatball-like eyes narrowed into a slit and said in a cold voice:

"This thing is not as simple as some tricks."

"As for you, you should be the Snow Queen who can take my sword."

Lin Tianhao nodded slightly and asked:

"who are you?"

He slaughtered sea beasts on a large scale, which was indeed a bit excessive.

In Ragnarok, not all wild monsters will respawn after death.

Most of the sea beasts will not be refreshed.

Once Lin Tianhao killed them, they would be dead forever.

"Since it's you, let's forget about today's matter."

"Before coming here, my senior told me that among the adventurers here, there are three who must not be provoked."

Lin Tianhao was slightly startled, "Three?"

"Yes."

"One of them is you. I am from the demon clan. Seeing you slaughter sea beasts like this, I can't bear it."

"But as the saying goes, there is no friendship without fighting. My name is Nie Lincuo, and you kill sea beasts. We are not friends, but let's just consider ourselves acquainted."

Lin Tianhao glanced at the dagger in Nie Lincui's hand. Nie Lincui was a powerful man, so there was no need for him to fight to the death with him.

"Who are the other two?" Lin Tianhao asked.

Nie Lin looked at Lin Tianhao meaningfully and said:

"Gui Ye Wuqing, the True God of Physics."

Lin Tianhao was slightly stunned, but he could understand Gui Ye Wuqing.

Because Gui Ye Wuqing is related to Qingtian Yuanzhu.

But what about glasses?

This true god of physics is the nickname of glasses.

"Why?" Lin Tianhao asked.

Nie Lin was hesitant to speak, but finally said:

"I can't say. My great grandfather was the mount of an ancient being deep in the Wuxin Universe, so he knows some secrets."

"The affairs of your Galaxy World and the Arlate Galaxy are not as simple as they seem."

"I'm just here to fish in troubled waters. I will leave before the disaster happens here, so there's no need for you to worry."

In fact, Lin Tianhao was able to infer some things from some previous information.

just.

Lin Tianhao still doesn't know what is going on behind the Milky Way World and the Alite Galaxy.

"I know, but I want to know why?"

"If a battle of this magnitude breaks out between the two worlds, too many people will die."

Hearing Lin Tianhao's words, Nie Lin couldn't help but smile and waved his hands, saying:

"Xuedi, your vision is limited to this small galactic world."

"If you can go further in the future, you will find that in the endless starry sky, new worlds are born and destroyed every day."

Lin Tianhao: ? ? ?

"Right now, your horizons may only be limited to a planet, but later you will know that a planet is the lowest unit of measurement."

"As long as you have money, you can buy a few thousand life planets and slaughter the creatures on them for fun."

Lin Tianhao didn't know how to respond to Nie Lincui's words.

He is doing so much now, saying that it is to preserve the galaxy world, but in reality, he is just doing it to preserve the Blue Planet.

But to be honest, not to mention taking into account the units of planets, even taking into account the units of countries on Blue Star, he has never left his country in his past or present life.

"okay."

"Xue Di, I have something else to do, so I'll leave first."

The words fell.

Nie Lin turned around and disappeared.

Lin Tianhao frowned at the information revealed by Nie Linqi.

This made Lin Tianhao doubt his own rebirth.

prior to.

Lin Tianhao had seen the incarnation of the God of the Source of Tao. He saw the reaction of the incarnation of the God of the Source of Tao at that time, as well as the words that the incarnation of the God of the Source of Tao said.

The God of the Source of Tao does not know that he is a reborn person.

of course.

There is a high probability that the God of the Source of Tao is disguising himself, that is to say, the God of the Source of Tao may know something but just doesn't want himself to know it.

And at this time.

Lin Tianhao also began to doubt whether he was reborn! !

To be precise.

After improving all kinds of Dao, Lin Tianhao began to doubt his own rebirth.

His rebirth is so weird!!

Going back ten years, even if it was only to the time within the Milky Way, the energy required would be incalculable.

Lin Tianhao even suspected that he never wanted to be reborn at all, and everything he experienced was just a dream.

Or... simulation!!

Deducing the future, simulating the future!!

Lin Tianhao didn't think so at first because he didn't understand the rules of power.

Later he doubted the God who was the source of the Tao.

Because the Galaxy World is the world of the God of the Source of Tao, in the world of the God of the Source of Tao, it is not impossible for him to control time and complete time reversal.

But as Lin Tianhao grew up, he learned more and more information, and his ideas changed subtly.

especially.

Lin Tianhao could clearly feel his own specialness.

This is true for me and Lin Qingqing as well.

This inevitably made Lin Tianhao think too much.

"Let's upgrade first."

Lin Tianhao suppressed all these messy thoughts.

The world is big and there are many strong people.

He is not strong enough now.

The God of the Source of Tao is powerful, but is He the most powerful?

Obviously not.

There must be people more powerful than the God of the Source of Tao.

Restarting the world and reversing time are all possible!

Lin Tianhao put down another statue and started upgrading.

"Ding, congratulations on reaching level 50000, free attribute points +5."

"Finally reached level 50,000!"

Lin Tianhao immediately changed his job because it was a bit of a waste for the ten statues to still be hunting sea beasts.

In the ancient land of Buzhou, there is a super god-level hidden altar for job transfer.

Lin Tianhao took out the Heavenly Punishment Longbow and started to change his job without any hesitation.

"Ding, congratulations, you are about to start the tenth job of the super god-level hidden profession [Sky Punishment Archer]. Do you want to confirm the job change?"

"confirm!"

The progress was very smooth. The eleventh-turn thunder tribulation was still nothing to Lin Tianhao now and could not hurt him at all.

"Ding, congratulations, you have completed the eleventh level of the Sky Punishment Archer!!"

At the moment of completing the eleventh transformation, Lin Tianhao's health value exceeded 550 trillion! !

Other attributes have also been significantly improved.

"Ding, congratulations, you have reached the eleventh level, all skills, magical power star level +3."

"Ding, congratulations, you have reached the eleventh level, all skills, magical powers, star cap +3."

Skills and magical powers have been improved again.

But now.

What Lin Tianhao cares most about is not these attributes or the improvement of skills and magical powers.

The eleventh-level skill is what Lin Tianhao cares most about.

I don't know what skills he can obtain in this eleventh turn.

Think about this.

Lin Tianhao immediately chose to check the skills.

Chapter 1636 Su Xin, the talent of stepping on the right foot with the left foot!

Heavenly enlightenment: 3 stars.

Effect 1: You can enlighten others, causing their overall attributes to be permanently increased by 300%.

Effect 2: You can enlighten others, making their proficiency in skills, mystical arts, magical powers, secondary occupations, etc. increase permanently by 300 times.

Effect 3: You can enlighten others and increase their understanding by 300 times.

Effect 4: You can enlighten others. You will gain 30% of the attributes and 30% of the understanding of the Tao from the person you enlightened. (If the person you enlightened dies, the attributes and understanding of the Tao will not disappear.)

Consumption: 10000 mana.

Cooldown: None (A maximum of 1000 people can be enlightened in one day.)

Proficiency: 8/100.

(This proficiency is the number of your Laws)

Lin Tianhao looked a little weird, this...he was going to go against the will of heaven!!

This is really going against the will of heaven!!

"So, can I enlighten myself?"

Lin Tianhao felt that if he could enlighten himself, his attributes would increase by 300%, which would be a huge boost for him.

Lin Tianhao tried it and failed without any suspense.

However, Lin Tianhao didn't care, because he could enlighten a thousand people a day, and each person would provide him with 30% of all attributes, which was already amazing.

Think about this.

Lin Tianhao sent a message to Mad Blade immediately.

"Blade, I have a skill that can greatly improve all attributes, enlightenment speed, skills, and proficiency of secondary occupations."

"I can use it on a thousand people every day. You arrange them and gather them in a centralized location, and I will enlighten them."

After seeing the news about Lin Tianhao, Mad Blade was not quite sure what Lin Tianhao was going to do.

But he still had a very high degree of trust in Lin Tianhao and immediately replied:

"Many of our country's official elite players are now on Dragon and Phoenix Island. You can come directly. I will go and gather them now."

"it is good."

Lin Tianhao responded, hunted some more sea beasts, and then headed directly to the Dragon and Phoenix Fairy Island.

When Lin Tianhao arrived at the Dragon and Phoenix Fairy Island, Mad Battle Blade had already gathered a group of people.

"You come first."

Lin Tianhao said to Crazy Blade.

Mad Blade smiled slightly and walked to Lin Tianhao's side.

Lin Tianhao raised his hand and immediately enlightened it.

The enlightenment was completed in an instant, and Berserker Blade didn't even have time to react.

Lin Tianhao said before that all attributes will be improved after enlightenment.

therefore.

Berserker Blade immediately checked all of his attributes.

It would have been fine if he hadn't looked at it, but once he did, Berserker Blade was dumbfounded.

"This....."

"This increase is too much!!"

Increasing all attributes by 300% in one go, this level of increase is already terrifying.

"continue."

Lin Tianhao began to enlighten the people brought by Mad Blade.

During the enlightenment process, Lin Tianhao's health points were only increasing slightly.

Even though the people brought by Berserker Blade are all elite players, there is still a big gap between them and Lin Tianhao.

At this stage, even among the ninth-level professionals, there would not be many with health points exceeding one billion.

"what....."

Lin Tianhao looked at the mage named Su Xin in front of him, and a look of surprise appeared on his face.

Because after he enlightened Su Xin, his health points increased by more than 100 billion!!

Thirty percent!!

In other words, Su Xin's health points are about 500 billion.

Mage, 500 billion health points?

"You are a summoner? Can you share your pet's health?"

This was Lin Tianhao's first reaction.

After all, only a summoner could have such a high health value.

"No."

Su Xin shook her head and said:

"It's because of my talent. I have two talents, one divine and one holy."

Hear this.

Lin Tianhao was a little surprised because he had never heard of the adventurer Su Xin in his previous life, which meant that Su Xin was not famous in his previous life.

If this is the case, then Su Xin is most likely just awakening a saint-level talent.

suddenly.

Lin Tianhao thought of Fatty and Monkey.

Will they have the same situation?

After all, in their previous lives, Fatty and Monkey had no way of obtaining the god-level talent awakening stone.

It was because of his own reasons that he obtained a batch of god-level talent awakening stones. In addition to his peach tree and the revival of the Mountain and Sea Empire, he made an overall upgrade to the Dragon Kingdom adventurers. It is estimated that it is difficult for the Dragon Kingdom adventurers to reach the current level now.

"My god-level talent is that I can permanently increase my mana, and I only need to get close to a boss that is at least my own level."

"My Saint-level talent has two effects. One of them is that my health will be doubled by my mana."

"That is to say, if I have 100 mana points, my maximum health will increase by 200 points."

"And the second effect is that the higher the mana, the higher the magic power."

Lin Tianhao's mouth twitched, "You... step on your right foot with your left foot."

If it weren't for the god-level talent that permanently stacks mana, Su Xin's saint-level talent would actually be very ordinary.

The only advantage is that you can add all the free attribute points to mana, so that you will not lack magic power and health.

"that....."

Su Xin looked at Lin Tianhao, hesitated for a moment, and asked:

"Boss Xuedi, do you have any super BOSS on you?"

Lin Tianhao nodded slightly. He had more than one super BOSS on his side.

"Then can you take me with you?" Su Xin was a little anxious, her eyes full of anticipation.

"Why?" Lin Tianhao asked curiously.

"My god-level talent increases my mana by a certain amount based on the level and rank of the boss around me."

"Beside you, Boss Xuedi, my mana is increasing by more than 600,000 per second!!"

"This is something I never dared to dream of before."

Lin Tianhao was also a little surprised, but if it was calculated according to what Su Xin said based on the BOSS level, then the BOSS level around him was indeed too high.

Divine product per capita.

Even the Lord of the Nine Netherworlds is an existence that is superior to the divine elements.

"no problem."

Lin Tianhao spoke calmly.

It's just a pity.

He only discovered Su Xin now, if he had discovered Su Xin earlier.

After spending more than four thousand years in the time and space cultivation pagoda with Su Xin, she might be a monster now.

Six hundred thousand mana per second, six hundred and fifty-one billion eight hundred million mana per day, converted into health points... one hundred billion!!

Is this a god-level talent???

You can even say this is a super god-level talent!!

However, Lin Tianhao soon realized the reason why this talent was so extraordinary.

Mana is itself a very useless attribute among the ten basic attributes.

And if it weren't for himself, Su Xin himself probably wouldn't be able to find a BOSS at the divine level in the entire Ragnarok.

And beside him... a team!!

Chapter 1637 Looking for the Heavenly Palace!

There are also beings that transcend the divine realm, such as the Lord of the Nine Netherworlds and the Dark Angel.

and so.

What makes him strong is not Su's talent, but the high-level and high-quality BOSSes around him.

But one hundred billion a day, one trillion in ten days, more than thirty trillion a year! !

If Su Xin had been with him for the past four thousand years, what would Su Xin's health be now? ?

if that's the case.

The unit of measurement for Su Xin's life value should not be 100 million, but 100 trillion!!

So scary! !

then.

If Su Xin were to bind Fatty again, Lin Tianhao couldn't even imagine what kind of monster Fatty would become.

but.

Now it doesn't work.

As for letting the Lord of Jiuyou and others take Suxin to the Space-Time Training Tower, to be honest, Lin Tianhao was worried.

The waters in a place like the City of Disaster are too deep and Lin Tianhao can't figure it out.

Because of his special identity, the City of Disaster probably won't do anything to him.

But Lin Tianhao was not sure what would happen to the Lord of Jiuyou or Su Xin and the others.

But it's not impossible to keep Su Xin by my side.

"Just stay with me."

Lin Tianhao didn't waste any words. Only if Su Xin, who had such talent, stayed by his side could the benefits be maximized.

"I may have to go to some dangerous places next. You can gain enlightenment in the portable space I carry with me."

Su Xin was overjoyed to see Lin Tianhao agreed, and said excitedly:

"Okay, I promise not to cause trouble for Boss Xue Di, and I will study hard. If Boss Xue Di needs help from Su Xin, Su Xin will do her best."

Lin Tianhao asked Hei Tianao to take Su Xin to the ancient black tower.

Then continue to enlighten.

One thousand people were enlightened very quickly.

Except for Su Xin who gave Lin Tianhao a little surprise, no one else gave Lin Tianhao a surprise.

In fact, it's not that these official elite players are bad, it's mainly because Lin Tianhao is too strong.

Among these one thousand people, there are more than thirty whose health points exceed 5 billion.

This is already pretty good among adventurers, but in front of Lin Tianhao, it is really not worth mentioning.

"Blade, you arrange it and continue tomorrow. One thousand people a day. Gather them and send me their positions."

Lin Tianhao gave an order.

Next he needs to figure out what to do next.

There is no clue about the Heavenly Punishment Equipment on the Dragon and Phoenix Fairy Island for the time being, so he can only start from other clues.

After using the Sky Punishment Longbow to change his job, Lin Tianhao no longer had any extra Sky Punishment equipment to use for changing his job.

Although Lin Tianhao still has a long way to go before he can reach the 100,000 level required for the twelfth turn, he still needs to prepare in advance.

As for the task of enlightenment, Lin Tianhao plans to hand it over to his clone.

After the soul law reached the nineteenth level of the Dao Realm, Lin Tianhao's control over his clone was greatly improved.

After arranging the enlightenment, Lin Tianhao prepared to go to the Heavenly Palace.

There is a high probability that there are super god-level talent awakening stones in Tiangong.

This thing means more to Lin Tianhao than the Heavenly Punishment Equipment.

As for upgrading.

With ten statues, Lin Tianhao doesn't need to take any action himself.

and.

It takes time to upgrade from level 50,000 to level 100,000. There are enough sea beasts, but hunting them will take time.

At least.

According to Lin Tianhao's estimation, it might take even half a year to raise his level to 100,000.

The land outside the territory!

Lin Tianhao came here again.

Lin Tianhao had previously learned about the location of the Heavenly Palace, so it was not difficult to find the way to enter it.

just.

When arriving at Kuntian City, Lin Tianhao stopped.

Previously, in the formation below Kuntian City, Lin Tianhao met a mysterious powerful man.

now.

I don't know what the person below Kuntian City is doing now.

The one below Kuntian City should not be a mortal, but a god, or even someone above a god?

There is also the mysterious and powerful plant-based being that Lin Tianhao met before.

Lin Tianhao landed in the City Lord's Mansion of Kuntian City.

As if sensing Lin Tianhao's presence, the Lord of Kuntian City walked out of the City Lord's Mansion.

"Xue Di, how are you?" The Lord of Kuntian City said with a smile.

Lin Tianhao glanced at the Lord of Kuntian City and was slightly surprised.

"A false god?"

Kuntian City Lord nodded and said:

"The Snow Queen is here, what instructions do you have?"

"Where is the one below?" Lin Tianhao asked.

Kuntian City Lord smiled slightly and said:

"The one below went wrong in his training and became possessed, suffering the backlash."

"I'll ask other adventurers to help take care of him," said Lin Tianhao.

"solved?!"

Lin Tianhao was a little surprised, "Who did you ask to help?"

Kuntian City Lord smiled helplessly and said: "Xue Di, this... is not convenient to disclose."

Lin Tianhao waved his hand. He didn't intend to waste time here. He took a step forward and disappeared.

Lin Tianhao didn't know whether the person below Kuntian City had gone insane.

But Lin Tianhao was almost certain that this was related to the decision from above.

The man below Kuntian City confessed, but still died at the hands of adventurers.

Lin Tianhao had fought with the man under Kuntian City before, and he knew very well that the man under Kuntian City was not someone that the adventurers at this stage could fight against.

and so.

The man under Kuntian City must have been killed because of a higher-level existence.

Take back your thoughts.

Lin Tianhao took a step forward and arrived at a forest of dead trees.

According to the information Lin Tianhao had learned, going up along the dead woods was the road that once led to the Heavenly Palace.

However, according to the information Lin Tianhao had learned, the road to the Heavenly Palace had been cut off.

Lin Tianhao had made many speculations about the existence of the Heavenly Palace and also obtained some useful information.

But we will have to wait until we reach the Heavenly Palace to know the specific situation.

Lin Tianhao moved forward along the dead woods at a very fast speed. In just a few flashes, he had already reached the end of the dead woods.

At the end of this dead woods, there is a bottomless cliff. The bottom of the cliff is shrouded in mist, making it impossible to see the bottom.

In the center of the cliff, a stone staircase extends upwards.

But this stone staircase only went halfway up before it broke off.

"Here?"

Lin Tianhao frowned, and he took another step forward and arrived above the sky.

The Lord of Jiuyou, the Dark Angel and others began to help Lin Tianhao find the entrance to the Heavenly Palace.

however.

There is nothing in the air.

Lin Tianhao frowned slightly, "Ned Lifu."

Ned Lifu's projection appeared beside Lin Tianhao, and she said helplessly:

"Don't ask me, I don't know either."

Lin Tianhao hesitated to speak. He always felt that Ned Liv knew something, but she just didn't want to say it.

Lin Tianhao pushed the power of the Way of Space to the extreme, and his spiritual consciousness spread in all directions.

With the help of the Way of Space, Lin Tianhao is no longer just exploring the surface, but is directly exploring the deeper aspects of space.

"Is it here?" Lin Tianhao suddenly discovered something.

Chapter 1638 Behind the Light Gate!

Lin Tianhao muttered to himself, and as he explored, he saw a light gate.

This light gate was hidden deep in the space. If he hadn't used the power of the way of space to peel off the space in front of him layer by layer, it would have been difficult to find this hidden light gate.

Regardless of whether this light gate leads to the Nine Netherworld or not, Lin Tianhao is ready to go in and take a look.

Think about this.

Lin Tianhao raised his hands and tore open the space in front of him layer by layer, and walked towards the light door.

Nidlifu looked at the light gate in front of her, with a complicated look in her eyes.

This complex color only existed for a moment and then disappeared.

Because Lin Tianhao has entered the journey of the light gate.

As soon as he passed through the light gate, Lin Tianhao clearly felt that the atmosphere here was a bit weird.

It was completely different from the fairy palace temple he had imagined.

There is also sky and earth here. The sky is dark red, there is no sun and no moon. I don't know if he can't see the sun or the moon because he is here at this time.

On the earth, there are all kinds of emperors and strange-shaped plants.

All Lin Tianhao saw were plants, as if the whole place was covered with plants.

But these plants are so strange.

The flower closest to Lin Tianhao now is a purple-red flower.

There is an eye on each petal of this flower, and the core of the flower looks like a face without any facial features.

Lin Tianhao tried to find out the information about the flower, but found nothing.

After coming here, Lin Tianhao felt an inexplicable sense of depression.

"Ned Leef, do you really not know what's going on here?" Lin Tianhao asked with a frown.

Ned Liv said nothing, as if tacitly acknowledging that she knew something but just didn't want to reveal it.

"The plants here grow so well, but there is no dangerous smell. This shows that these plants are not monsters."

"It's just that...she looks better."

"Ned Liv, I'm already here. Even if you don't tell me, I will find out some information."

"We've been together for such a long time, there's no need for you to hide it!"

Ned Lifu listened to Lin Tianhao's words, nodded slightly and said:

"Xue Di, I told you before that this is the power of the Immortal Palace, and it has a very huge foundation."

"I only came into contact with the little information after I reached the realm of God King."

"The essence of the existence of the Heavenly Palace is to plunder the incense of the human world. The competition in the Heavenly Palace is very fierce, and many gods die every day."

Lin Tianhao frowned slightly and said:

"and then?"

"Someone behind the scenes is deliberately setting up a trap, using the throne of God or provoking wars between various parties to make the gods continue to fall, in order to achieve the purpose of the person behind the scenes."

"The Galaxy World will become a place abandoned by the gods, which has a lot to do with the Heavenly Palace."

Lin Tianhao raised his eyebrows and said:

"It seems like there's nothing that can't be said."

"Have!"

Ned Liv couldn't help but complain:

"Xue Di, you should know about San Sheng Lun Hui Zi, but in this world, there are actually three other beings who are similar to San Sheng Lun Hui Zi."

"They are countless times more powerful than Sansheng Lunhuizi."

"And there are two of them who are the masterminds behind the Heavenly Palace. As long as I discuss the matters of the Heavenly Palace, they will definitely sense my presence."

Lin Tianhao raised his eyebrows and said:

"Now the gods are not allowed to take action. Even if they are powerful, they can't affect you now."

Ned Liv shook her head and smiled bitterly:

"Their existence is very special. I have already said that they are very similar to the Three Lives Reincarnation Son. With their form of existence, I can be considered a mortal..."

Lin Tianhao's mouth twitched. Can he be considered a mortal?

Doesn't this mean that there may be a being in this heavenly palace that even the God King Nidlif fears?

"You'd better be steady." Nidlifu couldn't help but say.

"Anyway, the Heavenly Palace is a demonic place. A place even more evil than the Netherworld."

The Lord of Jiuyou rolled his eyes and said:

"Ned Lifu, I don't like what you said. Our Nine Netherworld is not bad, right?"

Ned Liv smiled awkwardly and said:

"I'm just making an analogy. Also, for some reason, the creatures in the Heavenly Palace have become strange."

"and."

"I won't tell you because most of the information I know about the Heavenly Palace is hearsay."

Lin Tianhao just felt that his expression was wasted.

It's all just hearsay, but what is said sounds like the truth.

However, Nidlifu was a powerful being at the level of God King. Even if what she said was hearsay, it should not be underestimated.

Lin Tianhao's spiritual consciousness spread out, and everything within a hundred miles appeared in Lin Tianhao's mind.

"Is the suppression of spiritual consciousness here already so great?"

With Lin Tianhao's spiritual sense, let alone a hundred miles in radius, even a thousand miles or ten thousand miles in radius would not be a problem.

Within the hundred-mile range covered by Lin Tianhao's spiritual sense, Lin Tianhao captured a village.

Something incredible happened to Lin Tianhao.

His spiritual sense could only capture the periphery of the village, but could not capture the situation inside the village.

"interesting."

Lin Tianhao was not afraid, but took a step forward and appeared in front of the village.

"This place seems to be even more special than the Nine Netherworld!"

Lin Tianhao walked towards the village. When he got closer, he found that there were many people living in this village.

They looked like the village in Ragnarok, with people walking in twos and threes on the village roads.

As if they noticed that Lin Tianhao was looking at them, all these people's eyes were focused on Lin Tianhao.

Coming here, Lin Tianhao is not afraid of running into people.

It was a good thing for him to meet someone.

"Hello, where is this place?"

Lin Tianhao walked over with a smile.

however.

These villagers looked at Lin Tianhao with extreme vigilance, and some of them ran quickly into the village.

"Village chief, village chief, someone is coming!"

Lin Tianhao's mouth twitched and he asked, "Has no one come to your village for a long time?"

The villagers did not answer, but continued to stare at Lin Tianhao with extreme vigilance, as if they were worried that Lin Tianhao would suddenly attack them.

Lin Tianhao did not act rashly because he could not see any information related to attributes from these villagers.

They are like real residents of the real world.

This even made Lin Tianhao doubt whether he had arrived at the Heavenly Palace after passing through the light gate.

The situation here was very different from what he had imagined the Heavenly Palace to be like.

Lin Tianhao didn't have to wait too long. A girl who looked only thirteen or fourteen years old came quickly.

Seeing the girl coming, the villagers seemed to have found their backbone and quickly gathered around her.

"Village chief, this outsider will not bring bad luck to our village!"

Chapter 1639 The Destroyer and the Savior!

The girl, who was about thirteen or fourteen years old, stared at Lin Tianhao. Lin Tianhao clearly saw that her pupils were actually divided into two.

There are two pupils in each eye.

Followed by.

The girl stepped back repeatedly, as if she had seen something extremely incredible.

"How could it be...how could it be?!"

"How can such a person exist..."

"Could that legend be true?!"

Lin Tianhao touched his nose and asked:

"What do you see, is there a flower on my face?"

The girl still stared at Lin Tianhao without saying a word, but she made Lin Tianhao a little confused.

"You... have killed many, many people, not just humans, but also monsters..."

"You are the prophesied destroyer!!"

Lin Tianhao's mouth twitched and he said:

"The Destroyer?"

"Is it possible that many of the creatures I killed were evil?"

The girl remained silent for a while before she said:

"Killing one person may be to eliminate evil; killing a hundred or a thousand people may also be to eliminate evil."

"You can kill tens of billions, hundreds of billions of people...will that still be the elimination of evil?"

The corner of Lin Tianhao's mouth twitched. This girl was quite something. She could actually tell how many lives he had killed.

After hearing what the girl said, the villagers around her showed horror on their faces.

"Village chief, he is the destroyer, what should we do?"

The girl shook her head and said seriously:

"I do not know."

"He... is the destroyer, but he may also be the savior!"

"How can it be?!"

Many villagers found it hard to believe. In their impression, a destroyer is a destroyer, and a savior is a savior. How could the two be confused?

The girl shook her head again, "I don't know. He has killed many people, but the merits he has are too great. Even the immortals and gods in the past cannot match one percent of his merits!!"

Lin Tianhao looked at the girl with interest and said:

"Is this the Heavenly Palace? I come here with no ill intentions. I just want to find what I want." Lin Tianhao said lightly.

The girl was silent for a while, and finally nodded.

"This used to be the Heavenly Palace, but those immortals and gods have long since left. This place...is no longer the Heavenly Palace it once was."

Lin Tianhao waved his hand. "This is not important to me. I just care whether this is the Heavenly Palace or not, and whether there is what I need here."

Lin Tianhao's idea was indeed very simple, to find the super god-level talent awakening stone.

As for the rest, it doesn't matter anymore.

"What are you looking for?" the girl asked.

"Super god-level talent awakening stone." Lin Tianhao said.

The girl was silent for a while, then she slowly said:

"That thing is in Shi Village, but Shi Village is thousands of miles away from us, and the dangers there are hard to estimate."

Lin Tianhao didn't care. Wanli? A lot?

Although he was restricted by the rules of the divine realm, it was easy for him to cross a distance of a hundred miles in a flash.

"Because of my existence, there is no danger within a hundred miles of the village. But if you leave the hundred miles of our village, it will be very dangerous."

"Oh?"

Lin Tianhao was a little surprised.

"I am actually a danger as well, but I came here." Lin Tianhao said.

The girl shook her head and said:

"you are not."

"Haven't you noticed that your friends are silent?"

Hearing the girl's words, Lin Tianhao's expression changed slightly.

He tried to call out to the Lord of the Nine Netherworlds and the Dark Angel, but no one responded.

"Don't worry, they are not dangerous, but some of them will be restricted if they get close to me."

"They... are more like they have fallen into your deep sleep. As long as you leave here, they will naturally wake up."

Lin Tianhao was shocked. The Lord of Nine Netherworld and the Dark Angel were so powerful, but they could be affected by this girl.

"If you are going to Shi Village, please give my regards to their village chief. I need to protect the village and cannot leave. I haven't been there for a long time."

Lin Tianhao looked at the girl seriously and asked:

"What dangers are there out there?"

This girl is so weird. She is so powerful. Anyone who can describe her as dangerous must be very powerful.

This is the heavenly palace, anything can happen here.

Just look at the Nine Netherworlds and you will know that the gods have been polluted, even the gods on Lin Tianhao's List of Gods have been polluted as a result.

"There are monsters. The Heavenly Palace was once a huge mine. There are unknown beings controlling the gods of the Heavenly Palace to mine."

"Even for a powerful god like you, it would be very difficult to dig up those ores."

"Later, they dug out something incredible deep in the mine. That day, many immortals and gods died."

"Since then, the Heavenly Palace has become strange and some strange and terrifying creatures have appeared."

"We suspect that these creatures may have come out from deep within the mine."

Lin Tianhao frowned. Was this Heavenly Palace once just a mine?

Even the gods find mining very difficult.

"You have lived here for so long, you should have some understanding of these unknown creatures." Lin Tianhao asked.

The girl nodded slightly. "These unknown guys are mainly divided into four categories. The first is the tangible ones. This type is the most common and relatively easy to deal with."

"Their bodies have been developed to the extreme. Each organ has extremely strong capabilities. Even each piece of flesh and blood is an independent individual. It is very difficult to kill them."

Lin Tianhao's expression changed involuntarily. This was indeed a bit troublesome.

"The second type is elements. Their bodies are made of various elements. This type is almost immortal, because as long as there is a little bit of elemental power, they will not die."

"The third one is the soul type. This type is actually similar to the corporeal ones, but most physical attacks are useless against them."

"The fourth is knowing that they exist, but being completely unable to capture their existence, and being completely unable to attack them."

"Once you encounter them and are attacked by them, there is almost no choice but to wait for death."

Lin Tianhao was stunned. The first three types were actually not much different from wild monsters.

Because most wild monsters also fall into these three categories.

But the fourth one the girl mentioned made Lin Tianhao interested.

Unable to attack, and even the other party's existence cannot be understood.

In this case, this situation is only possible if the latitudes are different or there is a huge difference in strength.

But this is the Heavenly Palace after all, and there were countless gods here, so there is no reason for this to happen.

"Okay, thanks for letting me know."

Lin Tianhao bowed and said goodbye. No matter how weird the girl's words were, he had to try it to find out.

Chapter 1640 The Monster in Red Leaf Mountain!

Lin Tianhao was skeptical about what the girl said.

But no matter whether what she said was true or not, Lin Tianhao planned to go and take a look. After all, there were already clues about the super god-level talent awakening stone. It would be unreasonable if he didn't go.

however.

Watching Lin Tianhao go away, the girl instantly collapsed to the ground, her face pale, and blood oozing from her forehead.

Seeing this, the villagers immediately surrounded the girl and looked around vigilantly.

It seemed as if he was afraid that if the girl fell down, something extremely terrifying would appear.

"Village Chief, are you okay?"

The girl bit her red lips weakly and said with all her might:

"Leave immediately. Hongye Mountain can't stop him."

The villagers seemed to have rehearsed it long ago, and they immediately took action after hearing the girl's weak voice.

Not long after.

This once bustling village has now become deserted and silent.

however.

The vines of those plants began to quickly cover the village.

After being covered by vines, the buildings in the village seemed to be eroded by a terrible force. They turned into ashes and dissipated between heaven and earth.

If Lin Tianhao came back here again, it would probably be difficult for him to tell that there used to be a village here.

at this time.

Lin Tianhao has arrived at the foot of a mountain.

"Lord of the Nine Netherworld, Angel of Darkness, what happened to you just now?" Lin Tianhao asked in a deep voice.

Although the girl said it was her method, Lin Tianhao still found it unbelievable.

What kind of method could be so terrifying?

"do not know."

The Lord of the Nine Netherworlds looked extremely solemn. "I didn't notice anything unusual. No, before I passed out, I felt something warm in my chest, and then I passed out."

"Me too," said the Dark Angel.

Lin Tianhao's expression became more serious.

Although the Dark Angel and the Lord of the Nine Netherworlds are now mortals, their strength should not be underestimated.

"It seems that this Heavenly Palace is more difficult than expected."

Lin Tianhao continued to move forward, but his vigilance was heightened.

Lin Tianhao already had some doubts about what the girl said.

Could it be possible that the reason why the girl didn't make him unconscious was because of the power of merit in him?

I have heard before that there is something called a golden body protecting one by doing good deeds.

After thousands of years in the Space-Time Training Tower, Lin Tianhao's merit power has reached an astronomical figure.

Even if the so-called golden body of merit is not born, there should be merit protecting the body.

If that's the case, then the girl herself might be a monster!!

"Ned Liv, what about you?" Lin Tianhao asked.

Nidlifu is just a projection and may not be affected.

"It's the same for me. Although I'm not unconscious, I'm restrained and can't leave my body."

Lin Tianhao was even more surprised. What kind of method did that girl use to be so powerful?

While thinking this, a huge mountain appeared in front of Lin Tianhao. The mountain was red all over and looked like a huge red crystal.

But if you look closely, you will find that this mountain is not red crystal. In fact, the red color is not the color of the mountain itself, but the vegetation on it, which is all red!

From the leaves to the rhizomes, everything is red!

Entering this forest full of red vegetation, Lin Tianhao's expression became increasingly ugly.

"The Tao...is disappearing!"

"No, there is no Tao in this Red Leaf Mountain!!"

Lin Tianhao took a few steps back and the disappeared path came back.

"A forbidden place?"

The Lord of the Nine Netherworlds was very surprised and said, "This is the world created by that person. There shouldn't be any forbidden land here."

Lin Tianhao frowned and said nothing, just kept moving forward.

As of now, he has not encountered any danger, but the extraordinary situation here has given Lin Tianhao a strong sense of oppression.

"Sir, don't underestimate me. Many of your skills and even talents may be based on the foundation of Tao. If Tao is lost, your skills... talents... may become useless."

The Lord of Jiuyou seemed to see that Lin Tianhao didn't care too much about the situation here, and couldn't help but remind him.

Lin Tianhao's eyes narrowed slightly, and the arrow shot from his heart and launched immediately! !

It worked!

however.

Lin Tianhao activated the Heavenly Punishment state, but the arrow shot from his heart did not trigger the Heavenly Punishment Locking Effect!!

"The Heavenly Punishment Lock is a method based on certain rules..."

Lin Tianhao frowned slightly, but he was not too surprised.

"What about the damage effect of the Hand of Punishment?"

Lin Tianhao is not too sure now.

"Sir, the blood loss of the Book of Life and Death has stopped!"

The voice of the Lord of the Nine Netherworlds came again.

really!

In order to increase his health points, Lin Tianhao has the Book of Life and Death facing himself.

But now, the Book of Life and Death has stopped losing blood.

"Is this the forbidden place?"

Lin Tianhao became more and more surprised.

"Is this the real reason why the gods in the Heavenly Palace fell?"

"Is this also the reason why the road from the Heavenly Palace to the Human World was cut off?"

Lin Tianhao murmured to himself.

Forbidden power appeared in the Heavenly Palace, and some extremely powerful monsters also appeared.

In order to prevent the lives of human beings from being destroyed, a powerful figure in the Heavenly Palace cut off the road to the Heavenly Palace.

All of this seems to make sense.

But Lin Tianhao was not sure whether this was true or not.

If you want to know the answer, you have to keep exploring.

Although he had lost his Dao, and even many of his methods could not be used, Lin Tianhao was still not afraid.

Because Lin Tianhao discovered that his power of incense, power of merit, his own strong physique, and high health points were all still there.

Just as Lin Tianhao was thinking about this, the sound of light footsteps came from in front of him.

Lin Tianhao became alert instantly, but the footsteps continued to be heard.

Not long after.

Lin Tianhao saw the owner of the footsteps.

It was a boy of only two or three years old, wrapped in a yellow-brown animal skin, with a firm look in his eyes, as if he was looking for something.

The moment he saw Lin Tianhao, he jumped back almost reflexively and landed on a big tree behind him.

That tiny body jumped more than ten meters high, which really opened Lin Tianhao's eyes.

"who are you?"

Lin Tianhao and the boy asked almost in unison.

Lin Tianhao smiled slightly and said:

"I came here to look for something."

Hear the words.

The boy's alarm bells rang and he pulled out a bronze bell from his waist.

"You have all your limbs intact, what are you looking for?"

"No, have you gathered all your limbs and are looking for your internal organs?!"

The boy's face was as pale as wax, and he stared at Lin Tianhao as if he had encountered something terrifying. The hand holding the bronze bell began to tremble slightly.

"Do you think I'm a monster? I'm not a monster. Why are you looking for my five internal organs? I have all five. There's no need to look for them."
