

O games 1651

Chapter 1651 The second super god-level talent awakening stone!

Lin Tianhao glanced at the burly man meaningfully and said:

"Without the Super God-level Talent Awakening Stone, it would be difficult for me to ask the elders of my clan to help."

The burly man hesitated for a moment, then waved his hand and said:

"In that case, the cooperation ends here and you can leave."

A cold light flashed in Lin Tianhao's eyes, and he said:

"I'm afraid that won't work. I came here to find the Super God-level Talent Awakening Stone. I won't leave until I achieve my goal."

Seeing Lin Tianhao's attitude, the burly man's face instantly darkened.

"Are you threatening me?"

Lin Tianhao waved his hand and said:

"It's not a threat. We are just taking what we need."

"Don't brag about yourself so much. Look at the crystal mine demons here. They were once living people."

The burly man raised his head and laughed, saying:

"Hahaha, I never claim to be a good person, but you, I just helped you and you want to tear your face with me."

"It's different from many people I've met before."

"Why is it different?" Lin Tianhao asked.

"Human nature is complicated. Whether they are truly righteous or falsely righteous, they will disguise themselves. They are not like you who don't even pretend."

Lin Tianhao smiled noncommittally and said:

"Give me the Super God-level Talent Awakening Stone, and I will help you deal with the flower demon in the water. I will leave later. If it is not necessary, I will not come here again in the short term."

The burly man frowned and shook his head, "I don't trust you. It's not that I don't trust you as a person, but I don't trust your ability."

"The true form of the Water Flower Fairy is a super evil creature with dual attributes of water and fire. Her strength is not due to her water-attributed power of rules, but her fire-attributed power of rules."

Lin Tianhao hesitated for a moment and asked:

"What is her fire-attributed rule power?"

"It's similar to the water attribute, but when you are pulled into a sea of fire, you will suffocate. But in a sea of fire, it's not just suffocating."

Lin Tianhao thought for a moment and said:

"Then just resist it, just like I resisted the attack of the faceless man."

The burly man sneered and shook his head, "Fight hard?"

"Young man, you are too naive. The fire in the rules is a dead end for people like you who cannot use the rules."

"If that's the case, you let my senior come. They can't use the power of the law, and the result will be the same." Lin Tianhao said.

The burly man shook his head again and said seriously:

"No, I have a way to allow you to use the power of the law for a short period of time, but it only lasts for a quarter of an hour."

Hear this.

Lin Tianhao's eyes lit up and he asked:

"Is this true?"

"really!"

Lin Tianhao smiled slightly and said:

"If that's the case, I can guarantee that I can help you deal with the flower demon in the water."

A quarter of an hour, that is, fifteen minutes!

At this time, if I could use the power of the laws.

Lin Tianhao unfolded sixteen kinds of saintly visions, and was able to crush the entire No. 7 mine.

"Go and invite the elders of your tribe first." said the burly man.

Lin Tianhao waved his hand and said:

"Need not."

"If I can use the law, I can solve it myself."

"Young man, don't be too confident. I only have this one chance. If I fail, my days in Mine No. 7 will not be easy."

Lin Tianhao was very confident and said:

"If you don't believe me, there's nothing I can do."

"But I still say the same thing."

"If I can use the power of the law, I will be invincible under the saints!"

Lin Tianhao's words were a bit exaggerated.

After all, the Lord of Luotian was able to grasp the visions of a saint in the mortal realm. It is still possible for other creatures to grasp the visions of a saint at the levels of God King or God Soul, let alone the mortal realm.

therefore.

What Lin Tianhao said about being invincible under the Saint is somewhat exaggerated.

"How far have you reached in your law?" asked the burly man.

"The nineteenth level of the Ice Dao Realm, and has already mastered the anomaly."

Lin Tianhao did not tell the truth.

said.

This burly man might not believe it.

not to mention.

He and the burly man only had a business relationship, so there was no need for the burly man to know so much.

"The nineteenth level of Dao Realm?!"

"Vision?!"

The burly man looked at Lin Tianhao in doubt.

"There's no need for me to lie to you. If I didn't have the real ability, you would at most be a little sad, but I could really die!"

"I believe you!"

After a brief thought, the burly man finally nodded.

"With your level of law, plus me, you still have a good chance of defeating that old witch."

Lin Tianhao stretched out his hand, "I need to get the Super God-level Talent Awakening Stone first."

The burly man frowned and said:

"It's not that I don't want to give it to you, but what if I give it to you and you run away?"

Lin Tianhao shook his head and said:

"run?"

"It will be difficult for me to escape from here if I can't use the power of the law."

That's it.

Lin Tianhao stared at the burly man and continued:

"It's very dangerous to attack the flower demon in the water. If I can awaken my super god-level talent, my chances of winning will definitely be raised to a higher level!"

The burly man stared at Lin Tianhao, "You got the Super God-level Talent Awakening Stone and you want to use it immediately?"

"Isn't it possible?" Lin Tianhao asked.

"Okay, that's great!"

The burly man nodded heavily. "If you want to use it right away, I can give it to you now."

The words fell.

Kuiwu directly took out a translucent stone.

Lin Tianhao took the stone. The appearance of this stone was different from the super god-level talent awakening stone he had obtained before.

This burly man couldn't be setting a trap for him, right?

The properties of this super god-level talent awakening stone cannot be directly viewed.

and.

The burly man just now was unwilling to give him the super god-level talent awakening stone.

The other party agreed because he said he wanted to use the super god-level talent awakening stone directly here.

The other party's reaction inevitably made Lin Tianhao feel that there was something fishy going on!

The burly man saw Lin Tianhao hesitated and said unhappily:

"What are you hesitating about? Are you doubting that the super god-level talent awakening stone I gave you is fake?"

"I do have some doubts." Lin Tianhao responded bluntly.

That's it.

Lin Tianhao picked up the super god-level talent awakening stone in his hand and used it without hesitation.

"But I still want to use it."

If he doesn't dare to use the super god-level talent awakening stone, then he is not the Snow Emperor!

After Lin Tianhao used the super god-level talent awakening stone, a ray of light fell from the sky, landed on Lin Tianhao, and enveloped Lin Tianhao.

Then, the system prompt sounded.

"Ding, you are using the Super God-level Talent Awakening Stone, is that true?"

"confirm."

"Ding, congratulations, you have successfully used the super god-level talent awakening stone. Your talent is awakening..."

Chapter 1652 Heavenly Level Talent: Swallowing the Heavens and Devouring the Earth!

"Ding, because your talent is too high, the Super God-level Talent Awakening Stone can only awaken part of your talent!"

It is still the same.

The second super god-level talent awakening stone.

He still can't fully awaken his talent!!

"After my talent is awakened, will it be possible that it will be higher than the Heavenly Dao level?!"

Lin Tianhao had a bold idea in his mind.

Take back your thoughts.

Lin Tianhao began to check the talents he had obtained.

I don't know what the second heaven-level talent will be.

Swallowing Heaven and Earth (Heavenly Level): cannot be upgraded.

Effect: You can devour everything in the world, and refine and absorb it in a very short time to increase your strength.

Consumption: None.

Cooling: None.

Proficiency: Cannot be upgraded.

Lin Tianhao frowned slightly. This talent was a little different from what he thought.

Think about this.

Lin Tianhao took a look at the stones and some scattered minerals around him.

He activated the talent of Devouring Heaven and Earth without hesitation.

The moment the talent of Devouring Heaven and Earth was activated, all kinds of matter within a hundred miles radius centered on Lin Tianhao were being rapidly devoured by Lin Tianhao.

"Ding, you swallowed the stone, health +1, armor +1."

"Ding, you swallowed the pyrometallurgy, fire resistance +15, health +500, armor +50, magic resistance +10."

"Ding, you swallowed the Heavenly Grade Awakening Stone, HP +100 million, Armor +1000, Magic Resistance +500, Free Attribute Points +10000."

.....

The reminder sounds are incessant.

Lin Tianhao did not expect that this Sky-Swallowing and Earth-Devouring Magical Object was so powerful that it could cover an area of a hundred miles.

As long as he has a mind, he can devour everything within a hundred miles, including living beings! !

"Cool!!!"

In just one minute, Lin Tianhao's health points increased by more than ten billion, and his other attributes also improved significantly.

This speed of improvement is truly terrifying!

This is just the area within a hundred miles. What if he swallows a planet? Or a world?

His future path to becoming stronger seems to be becoming easier.

"What a strong method."

The burly man couldn't help but show a look of surprise on his face when he saw that Lin Tianhao actually swallowed up everything around him.

"Let's go and meet that old witch you mentioned." Lin Tianhao spoke calmly.

If Lin Tianhao had felt before that he still needed to use the power of the laws to get rid of the old witch.

Now that I have the ability to swallow the sky and the earth, there will be no problem even if I don't have the power of the laws.

Lin Tianhao followed the burly man, moving forward and devouring as he went.

Most of the ore from Mine No. 7 has been taken away.

But despite this, the amount of remaining ore is astronomical.

The level of attributes that Lin Tianhao's Heaven-Devouring and Earth-Devouring Skill can obtain seems to be related to these things.

The higher the quality of what he devours, the more benefits he can get.

"Do you know if there is anyone else in this Heavenly Palace who has a super god-level talent awakening stone?" Lin Tianhao asked.

Hear this.

The burly man looked at Lin Tianhao with increasingly strange eyes.

"You have more than one super god-level talent?"

For all living beings of all races, possessing a super-god-level talent can be considered an extremely heaven-defying existence.

Possessing multiple super-god-level talents is indeed a rare existence among all races.

"uncertain."

Lin Tianhao said calmly, "But there are super god-level talent awakening stones here, so I naturally hope to collect more."

The burly man nodded slightly and said:

"The Super God-level Talent Awakening Stone will be fought for by all forces no matter which side it is."

Lin Tianhao glanced at the burly man meaningfully and said:

"Yes, you actually gave me such a precious thing, and your purpose was just to kill a member of your own clan."

"I thought that only our human race would kill each other, but it turns out that all races are like this."

After listening to Lin Tianhao's words.

The burly man waved his hand nonchalantly and said:

"When the benefits are great enough, not to mention people of the same clan, even loved ones and friends can be abandoned!"

Lin Tianhao couldn't help but laugh.

"I am also a ruthless person, but after listening to what you said, I feel that I am not as good as you."

The burly man shook his head and said:

"You are still young, how can you say you are not as good as me?"

"Let me tell you a joke. He is from the same tribe as you. He rose from the grassroots in the mountain village and slayed demons along the way. In his small world, the human race has faced three crises of extinction. It was he who saved the human race from danger every time."

"He is revered by all people and is a hero of the human race."

"But one day, he found that he had cultivated to the end of that small world, and he was unable to break free and go any further."

"In the end, because of the savior of the human race, in order to be able to take a step further, he did not hesitate to sacrifice all the lives in the small world to help him break through the realm, walk out of the small world, and step into the starry sky."

Lin Tianhao frowned slightly, "Do you think that there will be such a day for me?"

"If you have the chance, that day will come."

The burly man said this with great certainty.

"Your talent is to devour, but one day, you will not be satisfied."

"You will go crazy and devour the world and all the lives of all races. In the end, everything in this world will be destroyed by you."

Lin Tianhao frowned slightly, but the burly man continued:

"As the saying goes, when you help them, they are grateful to you because you are useful to them, but one day, when they don't need you anymore, they will still step on you and push you into the mud!"

The burly man smiled and said:

"Do you know why the human savior ended up slaughtering the world, not even sparing his own kind?"

"When he saved the world for the first time, everyone was united and determined."

"When he saved the world for the second time, news of his death came out. His two grandsons were persecuted to death, and the family interests were divided up."

"When he saved the world for the third time, the human race stabbed him in the back. They wanted him dead. They didn't want him to be the only one in power. They wanted to sacrifice him with his essence, blood, and soul!"

That's it.

The burly man looked at Lin Tianhao meaningfully.

"You can only paint a person's skin but not his heart; it's hard to paint his bones!"

"Once you've been betrayed twice more, you'll understand that human hearts are hard to predict and human nature is evil!"

Lin Tianhao was silent.

In his previous life, there was a strategist who once said that he was a strategist, but also a vicious strategist, and he never sought the good of others.

All he seeks is the evil of others!

Don't try to bet on the kindness of human nature, and don't bet on the evil of human nature! !

"maybe!"

Lin Tianhao smiled noncommittally, "I am not a good person. Maybe one day, I will really destroy this world."

Chapter 1653 Devouring the Ice and Fire Witch!

The burly man smiled and said:

"You will understand later that there is no such thing as good or evil in this world. Only the living are qualified to judge good and evil. The dead are not even qualified to speak, so how can they judge good and evil?"

Lin Tianhao shook his head and said:

"It doesn't matter, whether it's good or evil, just be yourself."

The burly man nodded and said with a smile:

"Then can you please stop swallowing? If you keep swallowing like this, the old witch should have discovered us."

"Do you think that if we sneak over there, she won't be able to find us?"

"There are quite a few water flower demons here."

The burly man nodded and said:

"You are so confident. I hope you are really strong."

Lin Tianhao and the burly man walked forward.

This time.

Not long after walking, a figure appeared in front of him.

"Old Demon Juekuang, I know you want to deal with me, but I never thought that you would actually cooperate with a human race in order to deal with me."

Falling with the sound.

The figure also appeared in Lin Tianhao's sight.

The woman was wearing a red robe. She had a delicate face, smooth skin, and light blue curly hair that fell on her shoulders. She looked... pretty good.

"Does it look good?"

The red-dressed woman's eyes fell on Lin Tianhao, and she said calmly:

"Do you want to have something pleasant happen with your sister?"

The voice of the woman in the red dress was plain and lacked charm, but this seemingly plain voice made a flame rise in Lin Tianhao's heart involuntarily.

Once this flame rises up, it is difficult to suppress it.

"And you, you big rough guy, do you want to come and play with us?" The woman in the red dress looked at the burly man again.

The burly man's expression suddenly changed, "Boy, keep your mind!"

Lin Tianhao used all his strength to activate the Heaven-Devouring and Earth-Devouring Power, devouring everything in the surrounding world, including the fire that was born in his heart.

"Ding, you have swallowed the nameless lust, magic resistance +500 million, lust resistance +50000, free attribute points +50."

Lin Tianhao couldn't help but smile, this was really cool.

Not only that.

Now that the action had already begun, Lin Tianhao's Heaven-Devouring and Earth-Devouring Power also took effect on the woman in the red dress.

In just a moment, Lin Tianhao seemed to have swallowed up a boundless volcano.

Endless flames were devouring Lin Tianhao.

"not good!!"

The red-dressed woman's expression changed drastically. When she raised her hand, Lin Tianhao felt the world turn upside down, and then...

He was dragged into the sea of fire.

then.....

"Ding, you have swallowed the flames, fire resistance +100, magic resistance +500, free attribute points +500."

"Ding, you have swallowed the flames, fire resistance +100, magic resistance +500, free attribute points +500."

.....

The prompt sound kept ringing in his ears. He was in a sea of fire, but the sea of fire could not hurt Lin Tianhao at all. The flames close to Lin Tianhao were being quickly swallowed up.

"What kind of monster are you!!"

The woman in the red dress showed an expression of disbelief on her face.

She never thought that Lin Tianhao would be so outrageous.

"Old Demon Juekuang, where did you find such a monster?"

The old demon Juekuang showed a smug smile on his face and said:

"Instead of thinking about this, you might as well think about whether you can survive next."

As the voice of the old demon Juekuang fell, the woman in the red skirt couldn't help but change her expression.

Because she found that Lin Tianhao's swallowing speed was getting faster and faster.

According to Lin Tianhao's current devouring speed, she would not be able to hold on for long before being completely devoured by Lin Tianhao.

The feeling of being upside down came over him again, and Lin Tianhao returned to the side of the burly man.

"You can't bear it anymore?"

The burly man looked at the woman in the red dress with a smile.

The woman in the red skirt glared at the burly man, then looked at Lin Tianhao with some doubt and said:

"Who are you, kid?"

"It can actually devour my sea of fire power."

Lin Tianhao smiled slightly and said:

"What's the big deal? The old demon Juekuang gave me a bargaining chip that I couldn't refuse. He asked me to kill you."

"So, please go die!"

Hear this.

The woman in the red skirt glanced at the burly man and scolded:

"Old Demon Juekui, you are inviting a wolf into the house."

The old demon Juekuang smiled slightly and said:

"I don't know if you've let a wolf into your house, I just know that you can't escape today."

As the voice of the old demon Jue Mine fell, one crystal mine demon after another appeared and surrounded the woman in the red dress.

"Come on, let me see how many water flower demons you have assimilated over the years."

Lin Tianhao launched the Heaven-Swallowing and Earth-Devouring Technique and attacked with all his strength.

"If my method of devouring doesn't work, I will need to use the power of the law." Lin Tianhao reminded.

As for the rest of the things, they were no longer something he could control.

The old demon Juekuang nodded gently, "No more dreams at night, use all your strength to kill this old witch!!"

The words fell.

There was an extra dark green crystal in the hands of the old demon Juekuang.

Seeing this, the woman in the red dress didn't hesitate at all. Her body was wrapped in flames and turned into a stream of light, trying to escape.

"boom--"

The dark green crystal was activated, and Lin Tianhao's eyes lit up.

"We're back, we're all back!!"

The control over various ways has all returned.

"It's your honor to be devoured by me!"

Lin Tianhao took a step forward and came to the side of the woman in the red dress.

"Die!!"

A look of fear flashed across the face of the woman in the red dress. She felt as if her body was restrained by an extremely terrifying force and she could not move.

"Old Demon Juekuang, you are a lunatic, you will pay the price for what you have done!!"

Amid the terrified screams of the woman in the red dress, her body was completely devoured by Lin Tianhao.

"Ding, congratulations, you have successfully killed the Water and Fire Witch, experience points +99 trillion, free attribute points +9900 million."

"Ding, you have successfully devoured the Water and Fire Witch, HP +1398 billion, Magic Resistance +2000 million, Water Resistance +1000 million, Fire Resistance +1000 million, Free Attribute Points +2000 million."

Lin Tianhao was slightly startled. This... really was a 100 million free attribute points that were robbed! !

"Old Demon Juekuang, I have done what I promised you, but there are so many crystal mine demons here, I am worried."

"I'm not a good person, and I won't treat you as a good person, so I'll help you deal with these crystal mine demons!!"

As Lin Tianhao finished his words, one crystal mine demon after another was swallowed by Lin Tianhao.

The system prompt sounds continued to ring, and Lin Tianhao's attributes began to improve rapidly.

Especially the free attribute points and health points, which are increasing rapidly like riding a rocket.

Chapter 1654 Lin Tianhao changes!

The old demon Juekuang's face sank, but when he saw Lin Tianhao devouring his men like this, he did not take action, but just watched quietly.

In less than a quarter of an hour, Lin Tianhao devoured all the crystal mining demons within a hundred miles.

"I asked you to activate the power of the law, and you slaughtered all my men." The old demon Juekuang frowned and looked at Lin Tianhao.

"I'm worried that you might attack me directly."

Lin Tianhao waved his hand and said:

"That's not the case. If you don't do anything to me, there's no need for me to do anything to you."

That's it.

Lin Tianhao changed his subject and continued:

"But you see that we are cooperating so happily, don't you think you should tell me where there are super god-level talent awakening stones?"

"I really don't know. After I woke up, I haven't even left the No. 7 mine, let alone other places."

"However, according to the information I have learned, although this super god-level talent awakening stone is precious, there are not a few of them in this heavenly palace."

"At least as far as I know, there are no less than ten super god-level talent awakening stones in this heavenly palace."

That's it.

The burly man looked at Lin Tianhao meaningfully and said with a smile:

"If you need this super god-level talent awakening stone, I can find it for you."

Hear this.

Lin Tianhao smiled and waved his hand, saying:

"You are so kind as to help me find the Super God-level Talent Awakening Stone."

"why not?"

The burly man stared at Lin Tianhao, the greed in his eyes no longer concealed.

"After all, you are about to become my most loyal servant. Your strength will also mean my strength."

Lin Tianhao's expression changed slightly.

After he said that he wanted to use the super god-level talent awakening stone here, the burly man agreed without hesitation.

At that time, Lin Tianhao realized that the burly man must have been lying when he agreed so readily.

But Lin Tianhao was too confident in himself, so he didn't care.

As the burly man finished speaking.

Lin Tianhao only felt his body become very stiff, and for a moment, he was unable to move.

Followed by.

Before Lin Tianhao could think more, he felt that his brain... his brain was being eroded by a mysterious force, making him slow to react.

"Hahaha, kid, do you know where these crystal mine demons here come from?"

"If you use the crystal ore I left behind, you will be under my control."

"And the super god-level talent awakening stone you used was one I nurtured for many years."

"Even if you have super-god-level power, you still have to be my slave."

Lin Tianhao looked extremely ugly. He tried to resist, but his brain seemed to be turning into stone.

This process made him very uncomfortable.

His thoughts became extremely slow, and before they completely disappeared, Lin Tianhao issued his final order.

That is to kill this burly man at all costs.

The Lord of Jiuyou took the first step. He could not use the power of rules here, so he could only use his fists and feet to kill the burly man.

The same is true for Heitian Aozhen, Dark Angel and others.

After they were unable to use the power of rules, their combat effectiveness was greatly weakened.

but.

Hei Tian Ao Zhen and the Dark Angel are both strong. Even if we don't consider their power, their physical strength should not be underestimated.

A group of masters under Lin Tianhao attacked at the same time and surrounded the burly man.

The burly man took a step forward and disappeared.

Everyone surrounded him, but they couldn't even touch the corner of the burly man's clothes. This terrifying fighting power made them feel incredible.

While everyone was besieging the burly man, Lin Tianhao began to undergo earth-shaking changes.

Bumps appeared under the skin, as if something was trying to break through the skin and grow out.

These bulges grew bigger and bigger. In just a quarter of an hour, Lin Tianhao's skin was stretched to the point of being translucent, and bloodstains appeared on Lin Tianhao's skin.

Lin Tianhao has now lost consciousness. If someone explores Lin Tianhao's brain now, they will find that Lin Tianhao's brain has turned into a red crystal.

at last!

The bulge on Lin Tianhao's body broke through his skin, and pieces of red crystals appeared on Lin Tianhao's body.

These crystals seemed to have grown out of Lin Tianhao's bones. They carried extremely mysterious power and gave people a strong sense of oppression.

“Hahahaha, hahahaha, it’s done, it’s done!!”

"I have enslaved a human genius with super god-level talent. Given time, I, the old demon Jue Kuang, will unify the Heavenly Palace and dominate the universe!!"

The burly man laughed wildly and unbridled.

His sharp eyes swept over Heitian Aozhen, Dark Angel and others.

"Do you still want to resist?"

"This boy has been enslaved by me. It's useless for you to fight for him!!"

Listen to the words of the burly man.

Heitian Aozhen, the Dark Angel, the Lord of the Nine Netherworld and others did not back down.

They are all Lin Tianhao's slaves. If Lin Tianhao is really enslaved, they will be powerless to fight back.

But now.

Lin Tianhao's final instructions were still in their minds!

Kill the burly man at all costs! !

This instruction has not changed, which means that Lin Tianhao has not been enslaved.

Or maybe.

Even if they were enslaved, it was impossible to give them orders.

No matter what the situation is.

The instruction in their minds now is still to kill the burly man at all costs.

Several people joined forces. From being unable to touch the burly man in the beginning, they gradually figured out the rules of the burly man's displacement and began to beat the burly man back step by step.

The burly man had a gloomy expression on his face. He had not expected that without Lin Tianhao, these people could actually burst out with such strong combat power.

"It seems that this kid's identity is not ordinary. He can actually have people like you as thugs!!"

The burly man's expression was uncertain. "What a pity. I wanted to take you as my slaves. Now it seems that there is no chance."

That's it.

The burly man pointed at Hei Tianaozhen and his men and pointed at Lin Tianhao.

"Kill them?!"

See this scene.

Heitian Aozhen, Dark Angel and the others all changed their expressions and stopped their actions at the same time.

Their eyes all fell on Lin Tianhao.

At this moment.

Lin Tianhao's body is covered with red crystals.

Red crystals grew on his arms, thighs, abdomen, back, and even on his face and head.

It looks a bit ferocious and a bit weird!

Under the gaze of everyone, Lin Tianhao, who had been hunching over, slowly stood up.

When Lin Tianhao raised his head, his eyes turned into scarlet crystals.

The red crystal in his eye sockets emitted red light, making Lin Tianhao look even more weird.

Chapter 1655: Cold, counterattack!

Heitian Aozhen's expression suddenly changed and his fists clenched involuntarily.

He has followed Lin Tianhao for the longest time here and has the deepest feelings for Lin Tianhao.

Now seeing Lin Tianhao like this, Hei Tianao couldn't help but feel a surge of anger in his heart.

Hei Tian Ao Zhen went to kill the old demon Jue Kuang without hesitation.

The old demon Juekuang's expression changed slightly, and he glanced at Lin Tianhao with some doubt.

Because although Lin Tianhao stood up straight, he didn't move at all. He just stood there like a statue.

Before the old demon Juekuang could think, Heitian Aozhen had already arrived in front of him.

See this scene.

The old demon Juekuang did not dare to be negligent. He did not want to take on Heitianao's fist head-on.

The physical strength of the atavistic black dragon is not something that ordinary people can withstand.

To be precise.

Even ordinary gods would not want to withstand the fist of an atavistic black dragon.

"Die to me!!"

Hei Tianaozhen's attacks became more and more fierce. He knew very well that if he wanted Lin Tianhao to return to his original appearance, he had to kill the old demon Juekuang.

After Lin Tianhao's face was torn off by the faceless man, Lin Tianhao returned to normal only after the faceless man was killed.

Now Lin Tianhao has been turned into a state of neither human nor ghost by this unknown force of rules.

If you want to save Lin Tianhao, you must kill the old demon Juekuang.

"Do it!!"

The old demon Juekuang let out a low growl, and he activated the power of his rules, trying to make Lin Tianhao take action.

But Lin Tianhao still stood there, unmoved.

"Do not....."

"how so?!"

An expression of disbelief flashed across the face of the old demon Juekuang.

He really couldn't imagine what was going on.

Lin Tianhao had clearly been hit, and the changes in his body could prove this.

But why...

After he gave the order, Lin Tianhao just stood there without making any movement.

Seeing that Lin Tianhao was unmoved, Heitian Aozhen, Dark Angel and others saw hope.

"My Lord must have a trump card that can counter the power of the rules of this old demon. As long as we kill the old demon, everything can be solved! !"

Hei Tian Aozhen's offensive became more and more fierce, even at the cost of injury.

It's not just Heitian Aozhen.

The attacks of the Dark Angel, the Lord of the Nine Netherworlds, Hades Bai Xiaofeng and others were also becoming more and more crazy.

They are determined to kill the old demon Juekuang at all costs.

The old demon Juekuang looked extremely ugly. His power of rules was very strong, but also very limited.

Being besieged like this, he was unable to resist for a moment.

However, despite this, the old demon Juekuang remained calm, because a large number of crystal mine demons were already heading this way a hundred miles away.

The only thing that worried the old demon Juekuang was why Lin Tianhao did not listen to his instructions after being tricked.

The battle continues.

And at this time.

Lin Tianhao, who was standing there motionless, began to slowly regain consciousness.

The mysterious chill in his body rushed straight to the top of his head, causing his petrified brain to slowly recover.

"It's this cold air again!!"

Lin Tianhao was in mixed mood.

This cold air is very unique, and he himself cannot control it, but it can always help him at the most critical moment.

Lin Tianhao's consciousness began to recover, and the situation around him gradually became clear.

After a while.

Lin Tianhao's consciousness had almost recovered, but his body was still unable to move.

Not only that.

Lin Tianhao's arrow was shot from his heart.

Because Lin Tianhao could feel that his heart had been frozen, or in other words, petrified.

All of his internal organs had turned to stone.

Watching them fight, Lin Tianhao could do nothing.

After the mysterious cold air restored Lin Tianhao's brain, it then restored Lin Tianhao's heart.

After his heart recovered, Lin Tianhao was finally able to shoot arrows from his heart.

But Lin Tianhao was not in a hurry to use the arrow shooting from the heart technique.

He fears!

He was afraid that if he took action, the old demon Juekuang would be scared away.

The cold air is still helping Lin Tianhao recover, but the speed is not too fast.

at this time.

The fighting is getting more intense.

at last.

After his lungs recovered, Lin Tianhao felt better, at least he no longer felt suffocated.

Not only that.

Lin Tianhao's ability to swallow the sky and the earth can be used again.

And right now.

A large number of crystal mine demons arrived at the battlefield, and these crystal mine demons all activated the power of rules.

Heitian Aozhen, Dark Angel and others could all feel an extremely strong sense of oppression.

Their bodies grew heavier and their movements became slower.

"You are all very powerful, but unfortunately, this is my territory and you are destined to stay here."

A smug look flashed across the face of the old demon Juekuang.

"If you want to blame someone for your death, just blame this kid for being too merciful. If he had attacked me directly after he gained control of the power of the law, I would have suffered heavy damage even if I didn't die."

That's it.

The old demon Juekuang paused for a moment before saying:

"All the crystal ore demons in the entire No. 7 mine are on their way here. You will all die for sure."

however.

The moment Jue Kuang Demon finished speaking, his expression suddenly changed drastically.

Because a terrifying devouring force was acting on him, devouring his body and his size.

at the same time.

A large number of feather arrows also poured out.

Faced with these feather arrows, ordinary crystal mine demons were unable to resist at all and were easily killed.

"How... how is it possible?!"

The old demon Juekuang looked at Lin Tianhao's body in disbelief. He really couldn't believe how Lin Tianhao, who had been hit, could recover and even launch an attack.

"My Lord has recovered, counterattack!!"

Hei Tian Aozhen let out a low roar and rushed out first.

He charged into the army of crystal mine demons like a humanoid ferocious god, constantly strangling those crystal mine demons.

Lin Tianhao's Devouring Heaven and Earth can devour any matter within a radius of 100 miles.

And the power of the rules of these crystal mine demons obviously does not have an impact on a distance of a hundred miles.

When the old demon Juekuang saw the situation, he gritted his teeth, turned around and ran away.

He knew very well that if he didn't run now, he would have no chance to escape after Lin Tianhao recovered.

"Isn't it too late to leave now?!"

The Lord of Jiuyou flashed and blocked the way of the old demon Juekuang.

The two fought each other, and the fight was back and forth.

Apart from the power of rules, the only other thing that can be mentioned about the old demon Juekuang is his means of displacement.

But the previous battle had already allowed the Lord of the Nine Netherworld and others to understand the displacement rules of the old demon Juekuang.

“What a dog-skin plaster!!”

The old demon Juekuang was furious. His power was being devoured madly by Lin Tianhao. If he didn't leave the battlefield, he would soon be sucked dry.

Chapter 1656 Kill the old demon Jue Mine!

Lin Tianhao didn't know what the old demon Juekuang was feeling, but he was very happy now.

This talent of swallowing the sky and devouring the earth is so strong that it is unreasonable.

"Ding, you devoured the crystal ore demon, magic resistance +1000, armor +1000, health +100 million, free attribute points +50000."

"Ding, you devoured the crystal ore demon, magic resistance +1150, armor +1150, health +115 million, free attribute points +58500."

.....

"Ding, congratulations, you have successfully killed the Crystal Mine Demon, experience points +152 billion, free attribute points +15200."

"Ding, congratulations, you have successfully killed the Crystal Mine Demon, experience points +185 billion, free attribute points +18500."

.....

These sounds are so pleasant.

At this moment.

Fatty and Monkey were following Glasses in the tomb passage.

The fat man threw a high-level zombie in front of him away, and looked at the changes in his attributes with an incredible look on his face.

"What is Brother Hao doing again? This is too outrageous."

The monkey looked at the fat man and asked in surprise:

"Why? How much health did Brother Hao share with you this time?"

It is no longer a secret that Lin Tianhao shares his health points with Fatty. Fatty used to make a fuss about it.

But now fat people have become accustomed to it.

"Hey, it's not just health points, it's also dual resistance."

"Do you know how fast my dual resistance is increasing now?"

"How much?" Glasses was also a little curious.

What a huge increase this is that it could cause such a big reaction from the fat man.

"Magic resistance and armor are increasing by no less than one million per second!!"

"It's like someone is cheating and brushing my stats."

"No, even if it's cheating, it's hard to knock out a million double resistances in one second."

Hearing what the fat man said.

The monkey said sourly:

"You really won by doing nothing."

The fat man grinned and said:

"How can you say that I won by doing nothing? I worked hard, too."

That's it.

The fat man looked at the glasses and said:

"Glasses, are you sure you are not mistaken? Is the speed of time here really different from that in the outside world?"

Glasses nodded and said seriously:

"I've tested it several times, but unfortunately with my current abilities, I can only bring you two in."

"If we could bring in a few more people, Brother Hao wouldn't be under so much pressure."

Fatty, Monkey, and Glasses are all top adventurers in Ragnarok.

If Lin Tianhao is not counted, they are already the strongest group.

Naturally, you can get access to some more important information.

"No more talking, let's clean up here and hurry up to gain enlightenment."

.....

Tiangong, Mine No. 7.

"Puff-"

The old demon Juekuang showed a look of despair on his face and knelt down directly in front of Lin Tianhao.

"My dear, I know I was wrong, can you please let me go?"

"As long as you are willing to let me go, I will work like a slave for you, no matter what it takes!!"

Lin Tianhao looked coldly at the old demon Juekuang who was kneeling on the ground begging for mercy and said:

"You are not wrong, you know you are going to die!!"

"You won't let me go, and I won't let you go."

The old demon Juekuang looked extremely sinister, glaring at Lin Tianhao and said:

"Boy, you can kill me, but I have a second rule of power, which is that whoever kills me will turn into stone."

"This power of rules is the reason why that old witch didn't kill me and let me go."

"Do you dare to kill me? Or, have your men do it and turn one of them into stone!!"

That's it.

The old demon Juekuang looked at Heitian Aozhen with a teasing look, "You? When this kid was petrified before, you had the biggest reaction."

"Oh, yeah. I can tell from the fact that you have a very good relationship with this guy. So, it's you?"

The old demon Juekuang set his sights on the dark angel again.

"Or...you?"

"enough!!"

Lin Tianhao said indifferently,

"Old Demon Juekuang, there is no need for you to sow discord here. I will not let any of them kill you. I will devour you with my own hands!!"

Hei Tian Ao Zhen's expression changed slightly, and he immediately said:

"Sir, this guy has lived here for who knows how long. He knows very well that such alienation tactics are useless."

"He may really want you to kill him."

"After killing him, if the power of rules is really triggered, the consequences will be disastrous."

The Dark Angel also nodded slightly and said:

"My lord, what Black Dragon said is correct. For things like this, it is better to believe it than not to believe it."

"In this situation, my suggestion is that I will do the killing!"

Lin Tianhao was a little surprised. He had actually considered this.

The reason why he decided to kill it himself was because Lin Tianhao felt that the cold air should be able to help him fight against the power of rules.

"Let me do it!!"

The Lord of the Nine Netherworlds spoke calmly, "I don't know why this Heavenly Palace has become what it is now, but my intuition tells me that the laws and rules here have not disappeared, and I myself am the rule. If I can capture my own rules, I can fight against other rules."

The old demon Juekuang's expression turned somewhat ugly.

"You are all crazy. If you kill me, you will be petrified. Aren't you afraid of being petrified?!"

Before Lin Tianhao could say anything, Pluto Bai Xiaofeng stepped out.

"You are all powerful seniors. If you must choose one person to sacrifice, that person can be me."

"Even if it is the worst outcome, it will not affect what the adults will do next."

Lin Tianhao looked at them, took a step forward, and said indifferently:

"Okay, I said I would kill him with my own hands, and I will definitely kill him with my own hands!!"

Lin Tianhao pushed the power of swallowing the sky and devouring the earth to the extreme.

A powerful force enveloped the old demon Juekuang.

The old demon Juekuang did not beg for mercy anymore, but laughed wildly instead.

"Hahaha, my death is not a pity. Being able to train a peerless genius like you, my death is worth it!!"

Lin Tianhao remained unmoved and continued to devour.

After being devoured by Lin Tianhao, the body of the old demon Juekuang finally began to disintegrate and eventually disappeared into smoke.

"Ding, you devoured the old demon Juekuang, magic resistance +1800 million, armor +1800 million, health +8500 billion, petrification resistance +1 million, free attribute points +5200 million!!"

"Ding, congratulations, you have successfully killed the old demon Juekuang, experience points +88 trillion, free attribute points +88000000."

.....

The experience value increased again, and Lin Tianhao showed a satisfied smile on his face.

After dealing with the old demon Jue Mine, the entire Mine No. 7 will become Lin Tianhao's back garden.

Next, it's time for crazy swallowing!

Chapter 1657 Return to Shi Village and negotiate!

however.

Before Lin Tianhao could get excited, a mysterious force descended upon him.

Lin Tianhao's expression changed slightly. The old demon Juekuang did not lie. What he said was actually true! !

Just as Lin Tianhao was thinking this, he clearly sensed that the soles of his feet had begun to turn into stone.

Seeing the change in Lin Tianhao's expression, Hei Tianao asked anxiously:

"Sir, are you okay?"

Lin Tianhao waved his hand and said:

"Not sure, but the soles of my feet are starting to turn to stone."

The reason why he is uncertain is that Lin Tianhao doesn't know whether the coldness in his body can fight against the power of rules that is turning him into stone.

however.

Lin Tianhao did not feel the coldness he had expected. Instead, a warm current flowed out from his heart and rushed towards his feet.

When this warm current touched the place under Lin Tianhao's feet that had begun to petrify, those petrified places actually began to recover.

"This is....."

Lin Tianhao was a little surprised, because he didn't expect that in addition to his heroic spirit, he also had this warm feeling.

but.....

What is this warm current?

After thinking for a moment, Lin Tianhao already had the answer in his mind.

That's petrification resistance!!

After killing the old demon Jue Mine, Lin Tianhao gained 100 million petrification resistance.

Although it is still uncertain, this seems to be the most reasonable explanation.

"never mind."

Lin Tianhao waved his hand with a faint smile on his face.

The current situation is the best thing for Lin Tianhao.

All the masters in Mine No. 7 have been dealt with by Lin Tianhao, so the next step is Lin Tianhao's slaughter.

Lin Tianhao walked forward, leaving no trace wherever he passed.

No matter whether it was ore, crystal ore demon, stone or soil, Lin Tianhao accepted them all and swallowed them all.

The prompt sounds continued to ring, and Lin Tianhao's attributes also improved greatly in this process.

In particular, Lin Tianhao's shortcomings in other basic attributes also began to be made up at this time.

of course.

The supplement is not much.

Because here, basically all of it is given to Lin Tianhao is magic resistance and armor.

Because of the City God Temple, Lin Tianhao has no shortage of magic resistance.

The only thing that makes sense is the armor.

Half a month later!

The original location of Mine No. 7 has turned into an enormous sinkhole and has completely lost its original appearance.

After leaving Mine No. 7, Lin Tianhao prepared to go to Shi Village.

Without him.

Because Shicun is the only place Lin Tianhao knows of that has the super god-level talent awakening stone.

As for other places, Lin Tianhao didn't know, so naturally he could only start from Shi Village.

Just after Lin Tianhao left Mine No. 7, a group of people were walking quickly towards Mine No. 7.

"Have you remembered what I told you? Our goal is to kill some crystal ore demons on the periphery. No matter what you see, don't take it, even if it's a god-level talent awakening stone."

"The Faceless Man is strange and powerful. It is best not to provoke him if possible. Do you all understand?"

"clear!!"

Everyone present nodded seriously.

The old man who took the lead nodded slightly and said seriously:

"The Heavenly Palace today is no longer the same as it was before. It has long been distorted beyond all recognition by those evil spirits. We have no ability to change the situation. All we can do is live well."

"Yes."

A group of young people nodded, and one of them couldn't help but urged:

"Grandpa Wu, you already said this when you left the house, and now you're saying it's not safe outside the village. We should go and come back as soon as possible."

The old man glared at the young man who spoke, but did not blame him. Instead, he led the team forward.

Not long after.

When they arrived at the location of Mine No. 7, they were all stunned.

"I... am I seeing things? This Mine No. 7 didn't seem to be like this before?"

"Walk!!"

When the old man saw the situation in Mine No. 7, he turned around and left without any hesitation.

"Go, don't look back!!"

The old man urged as he walked.

"what happened?"

While these guys were running quickly, they were also asking questions curiously.

After running a long distance, the old man said with lingering fear:

"Such changes have occurred in Mine No. 7. It must be that a great terror has been born there. Moreover, it is very likely that the other party has already left Mine No. 7. This matter must be notified to the ancestor immediately."

.....

Stone Village.

Lin Tianhao once again set foot within a thousand miles of Shi Village.

As soon as he set foot here, Lin Tianhao felt that an opportunity was locking in him.

Not long after.

The head of Shi Village walked over, bowed to Lin Tianhao, and said with a smile:

"My dear friend, you have come back now. Do you have any instructions for me?"

Lin Tianhao shook his head and said:

"It's not really an order, I just want to ask you, Senior, whether there are other places in this Heavenly Palace that have super god-level talent awakening stones."

Hear this.

The head of Shicun Village could not help but frown and said:

"My friend, this super god-level talent awakening stone is extremely precious. Even if others get it, they will not easily reveal it. I really don't know who else in this heavenly palace has a super god-level talent awakening stone."

Lin Tianhao narrowed his eyes slightly, frowned and said:

"Others don't, but you should, right?"

The head of Shicun Village's face changed slightly, and he said:

"My dear friend, I have already shown you the way. Why are you still staring at our Shi Village's super god-level talent awakening stone?"

Lin Tianhao cupped his hands and said:

"Perhaps the seniors will think that this junior is too greedy, but what the junior has to do must be done by the junior."

"This time, I went to Mine No. 7 and killed all the evil spirits in Mine No. 7. This can be considered as helping the Heavenly Palace, right?"

Hearing Lin Tianhao's words, the village chief of Shi Village showed disbelief on his face.

"My friend, you can't joke like that. The area of the No. 7 Mine is huge, covering an area of 30,000 miles. The number of crystal mine demons and water flower demons in it is incalculable."

"Deep in the No. 7 mine, there is a great terror hidden."

Lin Tianhao waved his hand and said:

"Senior, there is no need for me to lie about this matter. You are not too far from the No. 7 Mine. If you want to know the truth, you can send someone to investigate. Then you will know."

That's it.

Lin Tianhao paused for a moment before continuing:

"Senior, I can help the Heavenly Palace solve more evil things. I only ask that you can give me the Super God-level Talent Awakening Stone. That thing is really useful to me!"

The head of Shi Village did not refuse immediately, but said in a deep voice:

"Okay, my friend, you can deal with the monsters around Shi Village first, and I will send someone to investigate now. If the matter is true, we can talk about it later. How about it?"

Chapter 1658: Feminine young handsome man!

"it is good!"

Lin Tianhao did not refuse, because he wanted to devour the evil to strengthen himself.

Lin Tianhao wanted to devour the body of the blood vine girl that attacked him before.

"We'll meet here in a day," said the head of Shi Village.

Lin Tianhao nodded slightly, said no more, turned around and left.

He also didn't know whether the blood vine girl he met before was still there.

Lin Tianhao walked towards the direction where he had met the Blood Vine Girl before.

just.

This time, Lin Tianhao had not yet found the blood vine girl when a hoarse voice suddenly came.

"Young man, have you seen my eyes?"

As the voice came, Lin Tianhao saw an old woman with a kind face and simple clothes.

The old woman's eye sockets were empty, as if her eyeballs had disappeared.

"I see." Lin Tianhao said.

The old woman was a little surprised. She obviously didn't expect Lin Tianhao to answer like this.

"So, are the copper eyes you lost the pair of? Or are the silver eyes you lost the pair of?"

"Or... is it this pair of golden eyes?"

The old woman's face darkened, and there was a hint of anger in her hoarse voice.

"Boy, are you kidding me? You have nothing in your hand, yet you claim to have a golden eye."

Lin Tianhao grinned and said:

"You can't see, can you? A blind man can see what's in my hand. It seems that you are pretending to be blind!"

Hear this.

The old woman's expression became uglier and uglier. "Okay, okay, that's great. In that case, then give me all your eyeballs!!"

The words fell.

The old woman appeared in front of Lin Tianhao like a ghost.

Her somewhat dry palm reached towards Lin Tianhao's eye sockets.

however.

Her palm began to disintegrate before it even touched Lin Tianhao's eye sockets.

"You...what did you do to me?"

The old woman's face showed fear. She wanted to escape, but found that no matter how she struggled, she could not break free from the devouring power that enveloped her.

"You are not a human, you are also a demon?!!"

"Please spare my life, sir. I am an old woman who has offended you because I didn't recognize you. Please, sir..."

The old woman hadn't even finished her begging for mercy when she was completely devoured by Lin Tianhao.

"Ding, you devoured the Jigsaw Demon, physical strength +1, armor +1000000, magic resistance +50000, rare attributes +2000000."

"Ding, congratulations, you have successfully killed the Jigsaw Demon, experience points +511 billion, free attribute points +51100."

Delightful! !

Devouring plus killing, this is a double reward.

and.

If he could get another super god-level talent awakening stone, he would definitely visit other mines in the Heavenly Palace.

After leaving the mine, Lin Tianhao discovered that the frequency of his encounters with evil monsters had significantly decreased.

It is unable to devour evil monsters, and can only devour flowers, plants, and trees, so the improvement is too low.

At least.

Compared with Lin Tianhao's current attributes, the attribute improvement that Lin Tianhao can get by devouring flowers, plants and trees is really too low.

Lin Tianhao continued to move towards the location where the blood vine girl was.

however.

What surprised Lin Tianhao was that not long after, he encountered evil again.

This time there was not only an evil creature, but also a young man about his age.

This young man is very handsome. If he were on Blue Star, he would definitely be a hottie who could make his debut right there.

just.

He lacks masculinity, and just by looking at his appearance, one can already feel the femininity.

If this femininity is placed on a woman, there will naturally be no problem.

But when it happened to a man, Lin Tianhao felt it was weird no matter how he looked at it.

at this time.

This feminine young man is fighting with an evil creature.

The evil creature in front of him had no nose and looked like another puzzle demon, somewhat similar to the stitched skin monster he had encountered before.

This feminine young man looks weak, but his explosive power is terrifyingly strong, and he completely beats the puzzle demon one-sidedly.

but.....

Before he could continue his attack, the puzzle demon in front of him began to disintegrate and eventually disappeared.

"Ding, you devoured the Jigsaw Demon, Physical Strength +1, Armor +1850000, Magic Resistance +5500, Free Attribute Points +250000."

"Ding, congratulations, you have successfully killed the Jigsaw Demon, experience points +555 billion, free attribute points +55500."

.....

Lin Tianhao is a good person.

As the saying goes, when you see injustice, draw your sword to help.

Can he just sit there and do nothing when he sees the weak young boy being bullied?

cannot! !

He killed the Jigsaw Puzzle Demon out of righteousness! !

"I'm such a good person."

Lin Tianhao thought secretly, then stepped out and said to the feminine young man with a smile:

"No need to thank me. We humans should support each other."

Hearing Lin Tianhao's words, the feminine young man's expression turned a little ugly.

"I can kill him."

"You stole my prey!!"

Lin Tianhao waved his hand and said, "What you said is not right. How could I have robbed your prey? I was just helping you."

"The evil is cunning. It may seem that you have the upper hand, but in fact, it is showing weakness to the enemy, waiting for you to let down your guard so that it can kill you."

The feminine young man stared at Lin Tianhao suspiciously. He was actually a little confused about whether Lin Tianhao's words were true or not.

When I went out for training this time, the elders in the family also said that the evil spirits were very cunning, and even when facing a shrunken evil spirit, we must not take it lightly.

Because there are many people who pretend to be pigs and eat tigers, there are also many evil people who pretend to be pigs and eat tigers.

and.

Throughout history, there are countless examples of the weak defeating the strong.

therefore.

No matter who the opponent is, we should take it seriously.

"Okay, thank you very much, brother." The feminine young man bowed.

Lin Tianhao waved his hand and said:

"There's no need to say thank you, just give me two super god-level talent awakening stones."

"???"

The feminine young man has a forehead full of question marks.

Do people say it?

Just two of them? They are super god-level talent awakening stones! !

"Brother, this is too difficult for me. How can I be so worthy as to have two super god-level talent awakening stones?"

Lin Tianhao pursed his lips and said:

"If you don't have two, then one will do."

After these words were spoken, the feminine young man was immediately speechless.

"Brother, there is not even one."

"Look at the way you just attacked. Your methods are weird and don't seem like those of a living person. Could it be that you are also evil?"

The feminine young man stared at Lin Tianhao, "Now normal creatures cannot use the power of rules. Only evil creatures can use the power of rules."

"The method you used to kill the puzzle demon just now was obviously the power of rules, so you are also evil!"

Chapter 1659: Fighting, Protector!

That's it.

The feminine young man now has a long sword in his hand.

"My father once said that evil beings that can transform into humans are extremely powerful. If you encounter one, you must never underestimate it."

Lin Tianhao looked strange and said:

"I'm not evil. I'm even more perverted than evil, but you shouldn't mess with me. After all, if you mess with me, I'll have a reason to blackmail your parents."

"Looking at your extraordinary strength, your parents must be no ordinary people either. They must have a lot of good things in their hands."

Hear this.

The feminine young man showed a faint smile on his face and said:

"Brother, I wonder if you have ever heard that there is a way and there is no way."

"I am not talented, I am a person without moral principles."

Lin Tianhao frowned and asked, "The incompetent and lawless one?"

"After the fight, you will naturally know what my Wudao means."

The words fell.

The feminine young man rushed towards Lin Tianhao without hesitation.

Lin Tianhao originally wanted to use his power to swallow the sky and devour the earth to attack the feminine young man directly.

But the result made Lin Tianhao stunned.

When his Heaven-Devouring and Earth-Devouring Skill landed on the feminine young man, it had no effect at all.

"Now do you know what my Wudao is?"

The feminine young man smiled and rushed towards Lin Tianhao with a sword in hand.

"You are an evil being, your level should be quite high. If I can kill you here, it will be considered as getting rid of harm to the people."

Lin Tianhao looked weird and unjust...

It actually means that no Tao can have any effect on it.

Looking at the feminine young man rushing towards him, Lin Tianhao did not retreat but advanced, with a novice wooden sword in his hand.

This feminine young man has a special physique. Lin Tianhao really doesn't intend to kill him just like that. That would be such a pity.

Lin Tianhao possesses an unconscious state of unity between man and nature, and also possesses the combat skill Zhehong. The attacking skills of this feminine young man are also very good.

Each move and each style contains several variations.

If Lin Tianhao only relied on Zhe Hong, it would be difficult for him to suppress him in all aspects.

But with Zhehong's unconscious state of unity between man and nature, Lin Tianhao was able to unilaterally crush this feminine young man.

After a few moves, the feminine young man also realized this, and he looked at Lin Tianhao with a somewhat uncertain look.

"It seems that my guess is correct. You are indeed the top powerhouse among the evil. I have practiced swordsmanship for many years and my attainments in swordsmanship are already very high, but you are able to suppress me head-on!!"

Lin Tianhao smiled faintly and said:

"Hey, if you can't catch me, I'm going to catch you."

Lin Tianhao was like a bad uncle, showing an evil smile to the feminine young boy.

"I don't know what your elders would be willing to give in exchange for a ruthless genius like you."

The words fell.

Lin Tianhao turned from defense to offense, and his offensive was fierce, and soon the feminine young man was defeated.

Just when Lin Tianhao was about to defeat the feminine young man, a feather arrow cut through the sky and flew towards Lin Tianhao.

Arrows are fired from the heart!

A feather arrow flew out from Lin Tianhao's chest and accurately blocked the arrow.

"My dear, I was a little abrupt. I apologize on his behalf."

At this moment.

A white-haired old man stepped out, holding a longbow in his hand and with a amiable smile on his face. He looked like a kind old grandfather.

But the arrow he just shot was not soft-handed and went straight to Lin Tianhao's forehead.

If Lin Tianhao's reaction speed was slower, he would have been hit by the arrow and would have suffered serious injuries.

Think about this.

Lin Tianhao showed a faint smile on his face and said:

"Since you were in the dark just now, you should have heard what I said."

"I don't know if it was a misunderstanding or not, but it was indeed him who started it. If you want to settle things peacefully, then take out something that will satisfy me."

Hear the words.

The white-haired old man frowned slightly, obviously unhappy.

"My friend, you have nothing to lose, so why are you being so aggressive?"

Lin Tianhao smiled slightly and switched the novice wooden sword in his hand to the Shura Sword.

"Well, since you feel you have nothing to lose, I will let you lose something."

Seeing the Shura Sword in Lin Tianhao's hand, the white-haired old man's face darkened.

"My friend, don't you understand what I'm saying? Do you really think that you can do whatever you want just because you are in the state of unity between man and nature?"

Lin Tianhao smiled slightly and said:

"So you can see that I am in the state of unity with nature. If that's the case, you still dare to challenge me. It seems that you are no ordinary person."

When the words fell.

Lin Tianhao, holding the Shura Sword, took the lead in attacking.

The white-haired old man bent his bow and drew his arrow, which flew out at an angle.

Feather arrows were continuously shot out, sweeping towards Lin Tianhao.

He attacked at an incredibly fast speed, constantly locking onto Lin Tianhao, trying to kill him.

Lin Tianhao's arrows are fired from his heart, using feather arrows to block the opponent's feather arrows.

But the attack speed of this white-haired old man was getting faster and faster, and more and more fierce.

Not only the attack speed, the movement speed of this white-haired old man is also constantly increasing in this process.

Lin Tianhao's Heaven-Devouring and Earth-Devouring Power cannot be used on them, but that does not mean it cannot be used on others.

Lin Tianhao began to devour other things within a hundred miles, strengthening himself while his offensive became more and more fierce.

however.

When Lin Tianhao closed the distance and tried to engage in close combat, the white-haired old man actually used the longbow in his hand as a weapon and fought back and forth with Lin Tianhao.

"It seems that there are still quite a few masters in the Heavenly Palace." Lin Tianhao thought secretly.

"My friend, the difference in strength between us is not that big. It is not a good idea to continue to be in a stalemate. How about we just give up?"

Lin Tianhao narrowed his eyes slightly, he was also unlucky to meet such an unrighteous person, who made his Heaven-Devouring and Earth-Devouring Powers useless.

Otherwise it would be much easier for him to win.

"no!"

Lin Tianhao switched the Shura Sword into a carving knife.

It is definitely not possible to ask him to give in.

The waters of the Heavenly Palace are very deep. If he doesn't do things too much, how can he test how deep the waters of the Heavenly Palace are? !

The white-haired old man had a sinister look. He had not expected that under the current circumstances, Lin Tianhao would actually fight him to the end.

After switching to the carving knife, Lin Tianhao collided with the white-haired old man again.

The longbow, which could easily block the Shura Sword, was actually broken after colliding with Lin Tianhao's carving knife.

"how come....."

The white-haired old man's expression changed slightly. It was already very difficult for him to fight back and forth with Lin Tianhao.

If Lin Tianhao destroyed his longbow again, he would not have much power to resist Lin Tianhao.

Chapter 1660 3 Great Lord of Heaven, the people of Qi Family!

Lin Tianhao smiled slightly and said calmly:

"Nothing is impossible. Now that I have the advantage, should I go back to the beginning?"

"What are you going to use to redeem this kid?"

That's it.

Lin Tianhao seemed to have thought of something and continued:

"No, now it's not just this kid, even you are my prisoner."

"you--"

Hearing Lin Tianhao's words, the white-haired old man suddenly became furious.

"You little brat, don't go too far, we have strong men behind us!!"

"You relied on the little advantage of the weapon in your hand to barely suppress me, and then you spoke wildly, and you are not afraid of getting into trouble and losing your life!!"

Lin Tianhao chuckled and said:

"Are you threatening me?"

The white-haired old man waved his hand and said in a deep voice:

"It's not a threat, I just think you've gone too far. How could there be someone as shameless as you among the human race?!"

Lin Tianhao spread his hands and said:

"Your descendant said that I was evil and drew his sword against me. Guess what, if I can't prove my innocence or if my strength is not as good as your descendant's, can I still survive?"

"and....."

"You are the protector of this pretty boy. You should have seen him when he drew his sword against me. Why didn't you come out to stop him?"

"Because you also want me to be the whetstone for this pretty boy."

Hear this.

The white-haired old man's expression changed slightly, and he said in a deep voice:

"You think too much. I did want my young master to spar with you, but I never thought of taking your life."

Lin Tianhao sneered and scolded:

"You never thought of taking my life? The arrow you shot before was aimed at my forehead. Now you say you never thought of taking my life and say I am shameless. What about you? Is it your face or your butt that is in front of you? How can you be so shameless!"

"you you you you....."

The white-haired old man was speechless after being confronted by Lin Tianhao. He gritted his teeth and said:

"You are so sharp-tongued. I am putting this out here. We don't have anything. If you dare to touch us, you will die!!"

Lin Tianhao glanced at the feminine young man and said with a chuckle:

"This is what your protector said. If I don't do something for you, where will I put my face?"

"How about I help you kill this stupid protector, so that he won't offend anyone outside and get you into trouble someday."

"You fart!!"

The white-haired old man was very angry, but Lin Tianhao didn't intend to continue talking nonsense with him and killed him without hesitation.

The carving knife in his hand was invincible, and the longbow of the white-haired old man was easily destroyed by Lin Tianhao.

The white-haired old man switched seven longbows in succession, but they were all destroyed by Lin Tianhao with a carving knife.

"You are destined to lose today's battle, so there is no need to struggle any further."

Lin Tianhao pointed with the carving knife in his hand again, and fine beads of cold sweat had already seeped out of the white-haired old man's forehead.

He is almost at his limit.

really!

The white-haired old man was careless and had a long cut on his arm by Lin Tianhao.

Scarlet blood flowed from his arms.

"hiss--"

The white-haired old man gasped at the pain from the wound on his arm.

"You're courting death, you little brat. You don't even know what kind of being you're provoking."

"I didn't want to say it originally, but we are one of the three masters of the Heavenly Palace, from the Qi family!"

"The man in front of you is the son of the current Lord of the Qi family. Your current behavior is courting disaster."

"what--"

Lin Tianhao didn't say anything, but silently stabbed the white-haired old man twice more.

The white-haired old man grimaced in pain and roared ferociously:

"Who the hell are you?!"

"Even if you are from the other two Lord Heavens, no one is as bullying as you."

"Ahhh--"

Lin Tianhao still said nothing and just kept stabbing.

"Stop stabbing me, I'm going to die, I know I was wrong!!"

The white-haired old man was covered in wounds at this time, but Lin Tianhao was deliberately teasing him. He stabbed him many times, but none of them were fatal. The main purpose was to torture him.

"Now you know you're wrong? Then hand over everything you have."

The white-haired old man immediately took out more than a dozen things.

Lin Tianhao just glanced at it and said angrily:

"You are just sending away beggars. It's just a small amount of food. I might as well kill you. This way I can get a bigger reward."

The white-haired old man's face turned pale, and he reluctantly took out a dozen more things.

This time, the things the white-haired old man took out were much more precious.

It even includes a god-level talent awakening stone and two magical powers.

"It seems that you don't quite understand what I said. What I said is, hand over everything you have!!"
Lin Tianhao scolded.

The white-haired old man had a gloomy expression, but Lin Tianhao directly snatched his storage ring.

The feminine young man on the side just watched and did not take any action.

Moreover, his face was calm, as if he was not worried that Lin Tianhao would attack him.

"Aren't you afraid of me?"

Lin Tianhao looked at the feminine young man and asked curiously.

The feminine young man nodded, then shook his head and said:

"I'm afraid of you, but I'm not afraid of you!"

"I'm afraid of you because I'm no match for you. Even my protector is no match for you. I'm a prisoner now."

"I'm not afraid of you because you're a greedy person. Since you want something, you won't kill me easily. Therefore, I don't have to worry about my life for now."

"And given my status, my father will definitely not give up on me. In other words, he will definitely negotiate with you and rescue me from you."

Lin Tianhao smiled without comment and said:

"You're right, but I'm a person who can still weigh the pros and cons. The family behind you is obviously not easy to mess with."

"I can definitely kill you now. You have a lot of stuff on you anyway."

Hear this.

The feminine young man shook his head again, "You won't, of course, this is too absolute, I should say, you probably won't."

"You just looked at my elder's things, and there was no joy on his face, which means that the things he has are not satisfactory to you."

"You want more of what you want."

"Some time ago, we received news that there was an outsider, very young, who seemed to be looking for a super god-level talent awakening stone. I guess you are that outsider."

Lin Tianhao nodded, "You are smart."

"It's not that I'm smart, it's because everyone in the Heavenly Palace, except for the evil ones, will give some face to the three main gods."

"To be precise, even if it is evil, it will be restrained in matters concerning the three main heavens and will never be like you."

Lin Tianhao grinned, "Your analysis is quite logical. I wonder if you can exchange it for a super god-level talent awakening stone?"
