

O games 1661

Chapter 1661: Evil Emperor, Evil Palace, and the King is Unrighteous!

The feminine young man hesitated for a moment and said:

"It's definitely worth it, but I don't know if my father will exchange it with you. To be more precise, it's a question whether our Qi family still has super god-level talent awakening stones."

Lin Tianhao frowned and said, "Your Qi family is so powerful, and you are one of the three great masters. But now you tell me that your Qi family may not even have a super god-level talent awakening stone."

Hear this.

The feminine young man spread his hands helplessly and said:

"It's true that the Qi family is strong, but the resources they consume cannot be underestimated. My ability, Wudao, was awakened using the super god-level talent awakening stone."

"Other forces might just reserve resources when they get the Super God-level Talent Awakening Stone, but when people from our three main heavens get it, they will really use it."

"After all, only when you use the Super God-level Talent Awakening Stone can it be transformed into real combat power."

That's it.

The feminine young man seemed to have thought of something and continued:

"Just in the past two days, Shicun contacted us and tried to exchange some things for us with the Super God-level Talent Awakening Stone."

"As for the reason, it's because they are not sure you are a match for an outsider like you, so they want to deal with this hot potato."

"So, you will most likely get what you want, but you will definitely be hunted down by our Qi family later."

Lin Tianhao glanced at the feminine young man meaningfully and said:

"Why should I be hunted down? I can exchange for an equal value."

"Exchange of equal value?"

The feminine young man shook his head, "Take me in exchange for something worthwhile? This is not an exchange for something worthwhile, but a humiliation to our Qi family."

Lin Tianhao pursed his lips and said:

"You are wrong. I kept you here just to have the qualification to exchange with you."

"Oh?"

The feminine young man was a little different, "How do you want to exchange?"

"Xieyi!"

"I am an outsider. I can help you deal with the evil. Without the evil, you can continue to grow and develop. It is not impossible for the Heavenly Palace to return to its former glory."

Hear this.

The feminine young man shook his head and said:

"If you just kill some evil spirits randomly, it won't help much, unless you can kill the evil emperor Wudao."

"Jun Wudao? What a familiar name." Lin Tianhao couldn't help but laugh.

"Evil Emperor, it seems that he is just too evil, what abilities does he have?"

"In the entire Heavenly Palace, only the evil and a very small number of people can use the power of rules, because the Evil Emperor is unrighteous."

"His ability is somewhat similar to my Wu Dao, but it is much, much stronger than my Wu Dao."

Lin Tianhao's eyes lit up, "This is really a ruthless person."

"If it's just Wudao's ability, you should be able to find a way to deal with him."

The feminine young man nodded and said:

"Of course, Jun Wudao has more than just the ability of Wudao. He controls nine kinds of rule powers, each of which is extremely powerful. Wudao is just one of his rule powers."

Lin Tianhao couldn't help but gasp, but Jun Wudao's situation was somewhat similar to that of the Lord of Jiuyou.

"Lord of Jiuyou, do you know this Jun Wudao?" Lin Tianhao asked in a voice transmission.

The Lord of the Nine Netherworld shook his head and said, "Sir, there are at least 80,000 Jun Wudao people in the Endless Starry Sky, if not 100,000. If you say you don't know, then you must know."

"But I don't know of anyone who possesses nine kinds of rule power at the same time, and one of them is so powerful that there is no rule."

Lin Tianhao nodded slightly. The name Jun Wudao does mean long sword, but the most crucial question is whether Jun Wudao's existence can solve the current dilemma.

"I have something else to do, so I'll excuse you two for a moment. I'll talk to you guys once I'm done with my business."

When the words fell.

Lin Tianhao asked Hei Tianao to take both the feminine young man and the white-haired old man into the ancient black tower.

After putting them all away, Lin Tianhao began to look for the blood vine girl.

Along the way, Lin Tianhao encountered quite a few other strange and evil creatures.

But I didn't encounter the blood vine girl.

Just when Lin Tianhao was about to continue searching, another evil creature appeared.

"Young friend, please show mercy."

As soon as this evil creature appeared, it immediately called out to Lin Tianhao.

"I am Feng Lianfeng from the evil tribe again. Following the order of Lord Xie Emperor, I come to invite you to the evil palace for a chat."

"You are unrighteous?" Lin Tianhao asked.

There was a flash of anger in Feng Lianfeng's eyes, as if it was because Lin Tianhao directly called the Evil Emperor Wudao's name.

"Yes." Feng Lianfeng nodded.

Lin Tianhao hesitated for a moment and said:

"Jun Wudao is the biggest evil in the Heavenly Palace. He came to me with bad intentions!"

"Could it be that I have hunted too many evil creatures recently, and your Lord Evil Emperor can't stand it anymore and wants to take action against me?"

Feng Lianfeng smiled awkwardly and said:

"My dear, you may have misunderstood. If my Lord Evil Emperor wanted to deal with you, why would he send me here?"

"It is the Evil Emperor who knows that you are looking for the Super God-level Talent Awakening Stone. The Evil Emperor has this thing, so... the Evil Emperor wants to make a deal with you."

Lin Tianhao was a little surprised. Before he could react, the feminine young man said anxiously:

"Brother, you must not agree to this. The Evil Palace is a den of dragons and tigers. With your strength, if you set foot in the Evil Palace, you will die!"

"Some people say that if I go to your evil temple, I will die."

"Not really."

Feng Lianfeng waved his hands repeatedly, "My master knows that you will be worried, so he asked me to tell you that the Evil Palace and the Mortal Palace have been closely connected since their establishment. When the Mortal Palace encountered a great disaster, the Evil Palace was also sealed. Now that the saint of the Heavenly Palace has left and the gods have retreated, the Evil Palace has been able to emerge."

Lin Tianhao narrowed his eyes slightly, "Do you know that I am from the Fan Palace?"

"Of course, the Evil Hall and the Mortal Hall are of the same blood. As long as the tokens of the core disciples and elders are activated, they can sense each other's positions."

"Lord Xiedi knew that you were an outsider and guessed that you might be from the Vast Continent. He sensed you and found that you were actually from the Mortal Palace."

"If you don't believe me, you can use your disciple token of the Mortal Palace to sense it. It should be able to sense the location of the core members of our Evil Palace."

"disciple?"

Lin Tianhao remained noncommittal. It seemed that this token might have the ability to sense something, but it could not confirm the other party's identity.

That's why the other party regards himself as the core disciple of Fan Palace.

and many more! !

This is not good!!

After he awakened and devoured the sky and earth, he also planned to swallow up all the evil in the Heavenly Palace in order to improve his own strength.

But now...

Chapter 1662: Mo Ye of Heaven!

This guy called Feng Lianfeng actually told him that the Evil Palace and the Ordinary Palace are of the same origin! !

If this is true, how can he implement his plan to swallow the sky and the earth?

Although he was a little worried, Lin Tianhao was still ready to give it a try.

The tokens of all the disciples, elders, deacons, including the hall master, deputy hall master, etc., can sense each other's approximate directions.

As for the matter of this evil temple, Lin Tianhao had never heard Ouyang Wenlong and the others mention it before.

therefore.

What Feng Lianfeng said cannot be believed.

Thinking like this.

Lin Tianhao activated the disciple token of the Mortal Palace in his hand, trying to sense the locations of other people in the Heavenly Palace using the method of sensing the disciples of the Mortal Palace.

It would have been fine if he hadn't sensed it, but once he had sensed it, an incredible scene appeared to Lin Tianhao.

That is.....

Feng Lianfeng in front of him actually reacted.

Not only that.

There are guides to many directions in the Heavenly Palace. It seems that there are quite a few disciples from the Mortal Palace in this Heavenly Palace.

But under normal circumstances, how could so many people from the mortal palace come to this heavenly palace?

and so.

There is only one possibility.

That is, this so-called evil palace is really connected to the mortal palace.

"Can I see the evil temple token in your hand?"

Lin Tianhao had another guess in his mind, that is, some high-level officials of the Fan Palace had come to the Heavenly Palace and left a batch of Fan Palace's identity tokens in the Heavenly Palace.

however.

When Feng Lianfeng took out his identity token, Lin Tianhao couldn't help but frowned.

Because the identity token that Feng Lianfeng took out was indeed different from his identity token, but there was indeed a connection between the two.

"How about it? What do you think, young man?" Feng Lianfeng looked at Lin Tianhao, waiting for Lin Tianhao's answer.

Lin Tianhao hesitated for a moment and said:

"I believe what you said is true, but you should also know that a gentleman does not stand under a dangerous wall."

"The information I learned from the Heavenly Palace is that the evil and the human race are enemies. The Mortal Palace represents the human race, and the Evil Palace represents the evil. There is not much difference between the evil targeting the human race and the evil targeting the Mortal Palace."

Hear this.

Feng Lianfeng waved his hand and said:

"My friend, I'm afraid you have misunderstood. The human race in the vast continent is different from the human race in the Heavenly Palace."

"My friend is gifted. You should have come into contact with the human race outside the vast continent. Among them, there are good and bad people. The same is true for the human race in the Heavenly Palace!"

Lin Tianhao naturally knew this, after all, he had killed quite a few people.

"What you said sounds reasonable, but this is not the reason for me to go to the Evil Palace."

"If your Lord Evil Emperor really wants to talk, then why don't you come to Shi Village to talk?"

Feng Lianfeng glanced in the direction of Shi Village and said calmly:

"That guy from Shicun is more troublesome, but I will tell Lord Evil Emperor about your request."

"Farewell."

Feng Lianfeng bowed and said goodbye. Lin Tianhao did not say much. After he left, Lin Tianhao asked:

"You two, do you know the Mortal Palace? How much do you know about the Evil Palace?"

Although what Feng Lianfeng said seemed to be true, Lin Tianhao still had reservations.

"Fan Dian? Our Qi family does have some records saying that Fan Dian is the ruler of the vast land of Shenzhou."

"But because the master of the Mortal Palace was arrogant and provoked the gods, he even killed a powerful god of law, angering the heavens, and the Mortal Palace was closed down."

"The territory that originally belonged to the Mortal Temple has also been divided up by other holy places."

That's it.

The feminine young man shook his head and said:

"But an existence like the Fan Palace is too insignificant in the eyes of the Heavenly Palace, let alone the Qi Family, one of the three main heavens."

"Many of our subordinate forces are more powerful than the Fan Palace at its peak."

Lin Tianhao looked at the arrogant and feminine young man and felt a little confused.

Perhaps what he said was true, and the former Fan Palace was indeed very weak, but after all, it was only the former Fan Palace.

"Where is the Evil Palace?" Lin Tianhao asked.

"Evil Palace? Their Evil Emperor Jun Wudao, and the four shadow guards sitting under Jun Wudao, are all remarkable."

"But apart from these few people, there is no one in the evil clan who can be compared with our Qi family."

"You may think I'm exaggerating, but that's the truth!"

"In the past, the Evil Palace was just a force with several masters in charge. It can't be called an inferior force, but at most it can be considered a medium-level force."

Lin Tianhao said with a smile:

"Then I am curious, since the Evil Palace is only a medium-sized force, why is it so large now?"

The feminine young man hesitated for a moment and said:

"Because for some unknown reason, the strength of the Evil Emperor Wudao suddenly increased dramatically. Some people speculated that it was related to the City of Disaster."

"But no matter what the reason is, the result is that the evil emperor's unruly power can cover most of the Heavenly Palace and allow the people of the evil clan to continue to use the power of rules."

"We are gradually reaching the later stages, where laws and rules are the most important things."

"Without the power of laws and rules, it will be difficult for us to fight against them."

That's it.

The feminine young man paused for a moment before continuing:

"And the most important point is that due to some unknown reasons, the saints of the Heavenly Palace left, and the gods are also leaving one after another."

"The withdrawal of the top combat forces and the sudden increase in the combat power of the Evil Emperor Wudao have led to the current size of the Evil Palace."

Lin Tianhao hesitated for a moment and asked:

"So, do you think there is a connection between the Mortal Palace and the Evil Palace?"

The feminine young man's expression turned a little ugly, "You are very powerful, but I don't want you to cooperate with the Evil Palace."

"But judging from the identity tokens, you two are indeed closely related."

"What's more, with the current strength of the Evil Emperor Wudao, if he had ill intentions towards you, he could have personally captured you or even killed you. There's no need to go through so much trouble."

Lin Tianhao's mouth twitched, "Do you look down on me so much?"

The feminine young man shook his head and said:

"It's not that I look down on you, but it's the truth."

"Evil Emperor Wudao possesses nine kinds of power of rules. Just Wudao alone has made all the strong men in the Heavenly Palace groan. If all other rules are used, even if a saint returns to his position, it will be difficult to contend with him."

Lin Tianhao pondered for a moment and realized that it was indeed the case.

"By the way, I've seen an evil being use a tool before that allows me to use the power of the law for a quarter of an hour."

"Tiandao Moya."

The feminine young man directly said the name of this thing.

"This is a good thing. The entire Heavenly Palace is looking for it. It is our trump card to deal with the evil emperor Wudao in the future."

Lin Tianhao grinned and said, "It's really a good thing. I want to get some too. Do you have any?"

Chapter 1663 Ape God!

The feminine young man couldn't help but rolled his eyes and said:

"Do you think I'm a fool? If I had the Heavenly Dao Ink Leaf, I would have used it when my protector was fighting you. Why would I keep it in my hand?"

"you are lying!"

Lin Tianhao chuckled and said, "You are a person without the Way, so you should have this kind of thing. The reason why you don't use it is because you think that the Way your protector has is not as strong as my Way, right?"

"Come on, let me see what treasures are in your storage ring!"

The words fell.

Lin Tianhao snatched the storage ring from the feminine young man's hand, refined it, and began to check it.

There are a lot of things in the storage ring of this feminine young man, but Lin Tianhao has a clear goal, which is to find Tiandao Moya.

"Hey, I found it!"

"That's what I was saying. How could a top genius like you not have something to save your life?"

Lin Tianhao looked at the feminine young man with a smile, "I think this Heavenly Dao Ink Leaf should be something you plan to use when you encounter a powerful evil."

"After all, the evil can use the power of rules, and you won't get any benefit from using the evil."

"As for the other people in the Heavenly Palace, they are afraid of your identity as the young master of the Qi family and will not act rashly against you."

The feminine young man sighed and said:

"It's a pity that despite all my calculations, I never expected that I would actually meet an outsider like you."

Lin Tianhao waved his hand and said with a smile: "A blessing in disguise. It is your honor to be robbed by me."

"To put it bluntly, not everyone is qualified to be robbed by me."

The feminine young man's face darkened, "So, I should be grateful to you?"

"There's no need to say thank you. If you really want to thank me, you can ask your father to give me some more Super God-level Talent Awakening Stones."

"Give me a little more...what?"

The feminine young man was full of black lines on his head and scolded:

"I think you are scarier than Xie Yi. Xie Yi is greedy, but not as greedy as you."

"I think you don't need to doubt it. You, the Mortal Palace, must be of the same blood with the Evil Palace. After all, you are even more outrageous than them!!"

Lin Tianhao waved his hand and said:

"Okay, my target has appeared."

As Lin Tianhao finished his words, blood-red vines appeared in front of him.

"I've been looking for you for a long time, but I didn't expect you to show up on your own initiative!"

As soon as Lin Tianhao finished speaking, the blood-colored vines dispersed, and a woman whose upper body was a woman and whose lower body was vines was carried in front of Lin Tianhao by a large number of blood-colored vines.

"My dear friend, please forgive me for the misunderstandings I had before. This God-level Talent Awakening Stone is my gift to you."

Lin Tianhao was slightly startled, "You are making it very difficult for me to handle this!!"

Originally, Lin Tianhao was looking for the Blood Vine Girl because he wanted to devour her directly.

But now, how can he swallow it?

It's difficult, it's difficult!

"I feel like this is all a conspiracy. I want to kill you in exchange for a reward. We in the Fan Palace are of the same blood as you guys. I have never heard of this before."

"Now, I can't believe you just because you said a few words!!"

Lin Tianhao felt that it was very likely that the noise he made in Mine No. 7 was too loud.

This is why these guys in the Evil Palace had such a reaction.

As for why the identity token had some reaction, Lin Tianhao was not quite sure.

"My friend, we in the Evil Palace have no need to lie to you. In today's Heavenly Palace, we can walk sideways. Lying to you will do us no good."

Lin Tianhao waved his hand and said:

"I need a super god-level talent awakening stone. Unless you are willing to give me a super god-level talent awakening stone, it will be difficult for me to trust you."

After hearing what Lin Tianhao said, the Bloodvine Girl fell silent. After a while, she said:

"It depends on what Lord Evil Emperor means. After all, the Super God-level Talent Awakening Stone is not an ordinary thing. I hope you understand."

Lin Tianhao waved his hand and said:

"Alright, even if it's true as you said, that the Mortal Palace and the Evil Palace are of the same blood, but now the Mortal Palace and the Evil Palace have not been in contact for so many years. It's good enough that you don't attack me now, but you are still trying to win me over, which is very wrong."

"I believe that Fan Dian has some connection with you guys, but I think you must have some ulterior motives to be so enthusiastic towards me."

Lin Tianhao stared at the Bloodvine Girl and said with a faint smile:

"But it doesn't matter anymore. If you have anything to say, let's go to Shicun to discuss it."

The words fell.

Lin Tianhao walked towards Shicun.

As soon as we returned to Shi Village, the village chief came quickly towards us.

"My friend, you're back now?"

Lin Tianhao smiled slightly and said:

"I heard that you were worried that I might steal your super god-level talent awakening stone, so you planned to cooperate with the Qi family, one of the three main heavens, and sell the super god-level talent awakening stone to the Qi family. Is this true or false?"

Hear this.

The head of Shi Village was slightly startled. He wanted to quibble, but when the words came to his lips, he didn't say them out loud.

After a while.

The village chief Shicun said seriously:

"My dear friend, we did have this idea at the beginning. Your actions are indeed a little hard to figure out, so we naturally have to be more careful."

That's it.

The village chief of Shicun paused for a moment, then waved his hand and said:

"However, the super god-level talent awakening stone has not been traded out, and the people we sent to the No. 7 mine have also returned. Your methods are really terrifying."

"We in Shi Village want to agree to your conditions, but it is not possible for us to contribute as a family in Shi Village. We have already notified the people from the three main heavens. They will come back and discuss with you how to fight against the evil clan."

Lin Tianhao nodded slightly and said:

"Alright."

"I have already made an appointment with the Evil Emperor Wudao, and the location is also in your Shi Village. Let's sit down and have a good talk then."

"what?!"

The head of Shi Village showed a look of horror on his face, "My friend, don't say such things without thinking. Did you really make an appointment with the Evil Emperor Wudao?"

Lin Tianhao nodded and said:

"I have an appointment. As for whether he will come or not, I don't know, but there is a high probability that he will come."

The head of Shi Village turned pale, "My friend, you..."

"When the people from the three great heavens meet the evil emperor Wudao, won't they fight?"

"The balance of the Heavenly Palace will also be broken!"

As soon as the village chief Shicun finished speaking, a hearty laugh was heard.

"Hahaha, Old Man Shi, do you really think he can invite the Evil Emperor Wudao?"

"Just because he destroyed Mine No. 7 doesn't mean he has the ability to invite the Evil Emperor Wudao to come."

As the voice fell, a giant with eight arms, over five meters tall and a sturdy build, walked over.

"I have met the Ape God."

Chapter 1664 3 Great Lord Heaven!

Ape Lord waved his hand, his eyes fell on Lin Tianhao, and said:

"When I came here, I also took a look at the situation in the No. 7 mine. Your strength is indeed not to be underestimated."

"But the evil emperor is unjust, so it's not so easy to make an appointment with him."

"We, the people of the Three Lords, have all thought about talking to the Evil Emperor Wudao before, but we all failed."

Lin Tianhao pondered for a while and said:

"The Evil Emperor is unrighteous and must be plotting against me, so the probability of him coming is still very high."

Before Ape God could respond, a woman in a long dress came floating over.

He was like a banished immortal, with an outstanding temperament, giving people a sense of nobility that could only be admired from afar and not desecrated.

"Master Ape, this fellow was able to destroy Mine No. 7, so he must not be a random person."

"He said that the Evil Emperor Wudao might come back, so we should make plans early."

As the noble woman finished her words, another deep voice came.

"Hahaha, with the three great gods gathered together, could it be possible that we would be afraid of the evil emperor who is unrighteous?"

Lin Tianhao smiled at them and said:

"I am Xue Di. May I know your names, seniors?"

"This is the eight-armed divine ape of the demon race, Yuan Santong."

The noble woman spoke calmly, "I am Sang Yue from the Celestial Clan, and this is the head of the Qi Clan from the Human Clan, Qi Bailian."

Lin Tianhao nodded slightly. Qi Bailian was also a burly man with a strong masculine aura. He didn't look like the father of the feminine young boy at all.

"Evil Emperor Wudao is coming soon. Can you give me a super god-level talent awakening stone? In this way, my talent will be further improved. Maybe I will be more confident when dealing with the Evil Emperor Wudao next time."

Lin Tianhao spoke with a smile.

The expressions of the people present couldn't help but change slightly.

"My friend, the village chief of Shi Village has already told us your purpose, but the super god-level talent awakening stone is too precious. This matter still needs to be carefully considered." Qi Bailian frowned.

How could such a thing as the Super God-level Talent Awakening Stone be given to Lin Tianhao just because of a few words from Lin Tianhao?

"You are all the pillars of the Heavenly Palace. What are your chances of winning against the evil emperor Wudao?"

"A super god-level talent awakening stone can help restore peace and order to the Heavenly Palace. It's not a loss at all."

Hear this.

Qi Bailian, Sang Yue and Yuan Santong all exchanged glances.

But finally.

They all shook their heads and said:

"My dear friend, I'm afraid you will be disappointed. You do have some abilities, which is undeniable, but you want to take away a super god-level talent awakening stone with these abilities. This is not enough!"

Lin Tianhao was not surprised, but smiled and said:

"You came here today to discuss giving me the Super God-level Talent Awakening Stone. Your attitude now is probably wrong!!"

Although these three Lords of Heaven are not good men and women, Lin Tianhao is not a weakling who can be bullied.

He knew very well the purpose of his coming to the Heavenly Palace.

"My friend, you are right. There are 19 large-scale mineral veins in Tiangong, and the number of small-scale mineral veins is countless."

"We had already discussed it before we came here. If you can resolve the evil in the 19 mineral veins, it would be fine to give you a super god-level talent awakening stone." Qi Bailian said.

As soon as Qi Bailian finished speaking, a hearty laugh was heard.

"Hahaha, you guys are really shameless."

"My Evil Palace is in the No. 1 ore vein. I let this little guy destroy the Evil Palace and only gave him a super god-level talent awakening stone. This calculation is really shameless!"

Hear this voice.

Everyone present suddenly changed their expressions.

“Evil Emperor...Jun Wudao!!”

"Yes, it's really me!"

A scholar dressed in a white gown, looking elegant and easy-going, walked over.

He held a folding fan in his hand and had a sarcastic smile on his face.

"My friend, these three Lords have lost all their dignity. Why don't we join forces to defeat them? Not to mention one, I can even give you all the super god-level talent awakening stones they have!"

"you--"

Yuan Santong was furious and said:

"Jun Wudao, you evil people have evil ambitions, and everyone has the right to kill you. No one will cooperate with you!"

The evil emperor's unrighteous gaze fell on Lin Tianhao.

"Whether it will happen or not is not up to you to decide."

"This young friend just wanted to ask for a super god-level talent awakening stone, but you all hid it and were unwilling to give it to him."

The evil emperor's words made everyone present look a little unnatural.

The reason they came here is because they recognized Lin Tianhao's ability.

But they never expected that the Evil Emperor Wudao would personally come out to win over Lin Tianhao.

Based on their previous understanding of the Evil Emperor Wudao, he was completely unruly. Not to mention the human race, he didn't even take all other races seriously.

The three great masters of heaven had also considered negotiating with the Evil Emperor Wudao before.

But the result is.

The evil emperor was so unjust that he didn't even give them a chance.

Today, Lin Tianhao said that he had made an appointment with the Evil Emperor Wudao, and they did not doubt it, but they also firmly believed that the Evil Emperor Wudao could not come! !

But now.

The Evil Emperor Wudao not only came, but also tried to win over Lin Tianhao.

Could it be that... the Evil Emperor Wudao also thinks that Lin Tianhao is very powerful and wants to win over Lin Tianhao to deal with the three main gods?

The more he thought about it, the more the Evil Emperor Wudao felt that this possibility was very high.

Because apart from this possibility, they couldn't think of any other possibility.

At this moment, the people from the three main heavens had already exchanged a lot of information through their spiritual consciousness.

"Jun Wudao, fellow Xue Di is from our human race. Our Qi family is the representative of the human race in the Heavenly Palace. We will naturally consider his request. There is no need for you to fan the flames here!"

Hear the words.

The evil emperor Wudao sneered and said:

"I fanned the flames?"

"If you, the Qi family, think that you are fanning the flames, then why not just give Xue Di a super god-level talent awakening stone? In this way, not only will my words be useless, but you can also win over Xue Di."

Lin Tianhao even wanted to give a thumbs up to the Evil Emperor Wudao.

That's a beautiful thing to say!!

Next.

It depends on how Qi family's patriarch Qi Bailian responds.

"We don't have the Super God-level Talent Awakening Stone at the moment, but once we join forces to destroy the Evil Palace, we will naturally have the Super God-level Talent Awakening Stone."

"It is not difficult for Xue Di to obtain the Super God-level Talent Awakening Stone!"

Lin Tianhao frowned. Isn't this just a blank check from Qi Bailian?

"You don't have it, or you are unwilling to give it?" said the Evil Emperor Wudao with a smile.

"If you feel embarrassed, then hide the things. I will bring my friend Xue Di to get them in person."

"you--"

Qi Bailian was a little annoyed, but before he could say anything, Lin Tianhao's gaze fell on the head of Shi Village.

"Senior, I wonder if you can give me the super god-level talent awakening stone in your hand?"

Chapter 1665 Becoming my slave is a grace to you!

When the head of Shi Village saw Lin Tianhao's eyes on him, his heart tightened.

"Senior, you cannot protect the Super God-level Talent Awakening Stone. Now, you should make a choice."

As soon as Lin Tianhao finished speaking, an ethereal female voice suddenly sounded.

"How can you be so sure that we can't protect this super god-level talent awakening stone?"

As the words fell, a dark shadow walked towards them slowly.

She was shrouded in black fog and was wearing a black robe, so her appearance could not be seen clearly.

But the aura she exuded was extremely strange.

"who are you?"

Yuan Santong frowned and looked at the woman in black mist who suddenly appeared, and asked with a frown.

As one of the three main heavens and a master of the Tiangong, he knew a little about it.

But he didn't know who this woman in black mist was.

but.....

The aura emanating from the woman in black mist made him feel a bit pressured.

"You're not qualified to know yet."

The woman in the black mist spoke in a ethereal voice:

"Xue Di, although I don't know why the Evil Emperor Wudao wants to help you, but you have a strong talent and you have a unclear relationship with the Evil Palace. For these two reasons, I can't let you leave."

Lin Tianhao narrowed his eyes and asked, "You won't let me leave? Then what do you want?"

"Simple, sign a master-servant contract with me and become my slave."

"As for the Super God-level Talent Awakening Stone, I will naturally give it to you after you become my slave!"

"Don't you take me seriously enough?" The Evil Emperor Wudao's somewhat annoyed voice sounded.

He has made it so obvious that he is on Lin Tianhao's side.

But now.

This woman in black mist who suddenly appeared actually wanted Lin Tianhao to become her slave.

This is not only a humiliation to Lin Tianhao, but also a humiliation to the evil emperor who is unjust! !

"Evil Emperor Wudao, I have never looked down on you. Your current realm is beyond my imagination."

"But you have never thought that you are not the only one who has achieved great success."

"The Heavenly Palace is very big. In the past, it was also a place where saints sat in charge, and where God Kings and God Emperors roamed freely."

"Now that the saint has left, the foundation of the Heavenly Palace has been greatly reduced, but it does not mean that the Heavenly Palace has no foundation."

Hear this.

The evil emperor Wudao frowned and said:

"I know you are collecting Heavenly Dao Ink Leaves and using them to break the limits of my power."

"It is undeniable that your idea is good, but it is just a good idea."

"Even if you can use the power of the law, can you compete with me?"

The woman in black mist remained calm as her ethereal voice rang out.

"The Evil Emperor is unrighteous and controls the power of nine rules. In today's Heavenly Palace, with the saints absent and the gods retreating, it is indeed difficult to find an opponent for him."

"But there are always some people who can deal with you."

The evil emperor Wudao's eyes narrowed slightly, "Is it a strange phenomenon?"

"If you master the power of vision and can use the power of law, it will indeed cause me some trouble."

"But...it's just a little trouble."

There was even a hint of pride in the ethereal voice of the woman in black mist.

She said calmly:

"Hehe, who told you that my laws are only at the level of visions?"

Hear this.

The faces of everyone present changed wildly.

Above the visions, there are visions of saints!!

As for the saint's vision, in theory, it is a means that only saints can master.

Some gifted people can also master such methods before becoming saints.

But they are basically beings starting from the level of God King.

mortal?

A mortal who can control the divine realm is already a person of good talent and decent background.

To reach the realm level, it is no longer possible to achieve it simply by having good talent, but also requires spending a lot of time on enlightenment.

In this heavenly palace, instead of spending a lot of time on enlightenment, it is better to ascend to the realm of gods first.

This is also the reason why there are so few people among mortals who have a particularly high level of law.

People with good talents can become gods at an early age.

It is also difficult for people with poor talents to elevate their enlightenment to the realm level.

As for visions, that is nothing more than a pipe dream!

Lin Tianhao was speechless. Was the saint's vision very powerful?

Really great.

But I don't know how these people will react if his sixteen visions of the saint are revealed.

more importantly.

Lin Tianhao's saintly vision is more powerful than other people's saintly visions.

After all, looking at the entire Ragnarok, how many people are like Lin Tianhao who have raised their Tao realm to the nineteenth level?

Especially the Space Dao Realm, which had been raised to the twenty-third level by Lin Tianhao! !

In other words.

The same Tao, the same saintly vision, the saintly vision blessed by the twenty-third level of Tao realm is much more powerful than the saintly vision blessed by the twelfth or thirteenth level of Tao realm.

"Now that there are no gods or those above them in the Heavenly Palace, if you say you have a saintly vision, will I believe you?"

The Evil Emperor looked at the woman in black mist with indifference.

There was indeed something extraordinary about this woman in black mist, but no one could tell whether she was just pretending or not.

Don't talk about them.

Even the three great masters of heaven did not quite believe what the woman in black mist said.

After all, what the woman in black fog said was too far-fetched.

Qi Bailian couldn't help but send a message to the head of Shi Village and asked:

"Old Man Shi, what's going on? Has this guy really mastered the vision of the saint?"

In the Heavenly Palace, it is much easier to ascend to the realm of gods than in the land of China.

Therefore, it is almost impossible for mortals to grasp the visions of saints.

To be precise.

This is almost impossible even in China.

The head of Shi Village looked a little doubtful, and said through his spiritual consciousness:

"I don't know. This person is the patron saint of our Stone Village. She once received guidance from a super powerful being and was given a supreme treasure. After that, she practiced in seclusion in the Stone Village. Now, hundreds of years have passed. I don't know what realm she has reached."

Hear this.

Qi Bailian was even more confused.

Even if one is gifted, it is impossible to comprehend the visions of a saint in just a few hundred years.

No.

To be precise.

Even comprehending the realm is difficult.

"It seems that none of you seem to believe it."

The woman in black mist spoke lightly, her eyes fell on Lin Tianhao.

"I am destined to go to the divine realm. This Stone Village needs someone to harvest it. Become my slave and protect the Stone Village for me. This is a grace for you!!"

"You will also benefit greatly from this. Don't miss this opportunity."

Lin Tianhao's face darkened and he said:

"I don't think you're right."

"As for you, becoming my slave is a great favor to you, and you will also gain great benefits from it. Don't miss such an opportunity."

Chapter 1666: Strange phenomena occur frequently, and the evil emperor is besieged and unjust!

Lin Tianhao was responding to what the woman in black fog had said.

Hear this.

The woman in black mist was not angry, and the ethereal voice continued to sound.

"It doesn't matter."

"The Way of Darkness, after reaching a certain level, can forcibly enslave a weak person like you."

That's it.

There was an extra Heavenly Dao Ink Leaf in the black mist woman's hand.

Seeing the Heavenly Dao Ink Leaf in the black mist woman's hand, Lin Tianhao was not worried.

Anyway, judging from the reactions of the people present, it seemed that his sixteen saintly visions were already the ceiling.

however.

What surprised Lin Tianhao was that when facing the woman in black mist, the expression of the Evil Emperor Wudao did not seem to change at all.

"Snapped--"

The Heavenly Dao Ink Leaf was crushed, and in an instant, powerful auras rushed up into the sky.

Not only the black fog woman, but also the three great gods and the chief of Shi Village.

Things have come to this point, and the three great gods and the chief of Shi Village have obviously made a decision.

It is impossible to make peace with the Evil Emperor Wudao. What they can do is to try their best and work together with the black mist woman to kill the Evil Emperor Wudao.

"Jun Wudao, you allowed your men to kill innocent people indiscriminately and slaughter all races. Your crimes are too numerous to list. Today, I will send you to death!"

The three great gods all performed visions.

Theirs are just ordinary visions, not saintly visions.

But even so, the power should not be underestimated.

The woman in the black mist smiled slightly and said, "The vision of the saint: pervasive darkness!!!"

As the dark woman's voice fell, the sky suddenly darkened.

However, in the blink of an eye, the surroundings became pitch black, and even the spiritual consciousness was compressed again.

"Why bother....."

Seeing these people, the Evil Emperor Wudao couldn't help but shook his head, "I wanted to play with you slowly, but you insisted on bringing the decisive battle forward."

"In that case, let me test it and see how strong your darkness really is!"

The words fell.

The Evil Emperor Wudao took a step forward, and the darkness actually began to slowly dissipate with this step.

"How can it be?!"

An expression of disbelief appeared on the face of the woman in black mist.

"Little girl, your saintly vision is indeed very strong, but how can you be sure that you are the only one who possesses the saintly vision?"

Hear this.

The three great gods, the woman in black fog, the chief of Shi Village and others all changed their expressions suddenly.

"Saint Vision: Evil Saint's Eye!!"

Above the sky, a gray-white eye tore through the void and suddenly opened.

Wherever this huge gray-white eye swept past, everything in the world turned gray-white.

The darkness was dispelled once again, and the two great saints began to compete with each other! !

"Evil Emperor Wudao, I really can't underestimate you. You are very strong, but this is Shi Village, and there are three great gods here."

The Evil Emperor Wudao smiled noncommittally and said:

"I am indeed alone, but how many Heavenly Dao Mo Ye do you have?"

"I also have other powers of rules, do you... understand?"

"If you want to know, just fight and you'll know!"

The woman in black mist raised her hand and pointed, and endless darkness invaded the Evil Emperor Wudao.

however.

Under the gaze of the evil saintly eyes of the evil emperor, the darkness could not extend for more than a few meters before being blocked by the gray-white color.

"Kakaka-"

The visions of the two saints collided, and the space was torn apart by a powerful force. Cracks in space appeared and spread in all directions.

"Let's do it together." The woman in black mist said in a deep voice.

She could sense that the Evil Emperor Wudao had not yet used his full strength.

"Vision: The moon falls into the underworld!"

Sang Yue took the first step. A bright moon fell from the sky and smashed towards the Evil Emperor Wudao.

"In a competition between saints and visions, how dare the visions interfere!"

The Evil Emperor Wudao slapped out with his palm, and a gray-white light instantly enveloped the bright moon.

"Your opponent is me!"

The woman in black mist also took action shortly afterwards, shrouding herself in darkness to block the attack from the Evil Emperor Wudao.

"Vision: Flaming Void Sky Realm!"

Qi Bailian also took a step forward. Given the current situation, he naturally had to go all out.

Even if we cannot kill the Evil Emperor Wudao, we must at least severely injure him.

A huge mirror covered in flames fell from the sky and enveloped the Evil Emperor Wudao.

The flames transformed into thousands of troops and horses with great momentum, as if they were going to wipe out the Evil Emperor Wudao here.

Seeing that everyone has taken action.

The huge ape Santong also growled.

"Vision: The Divine Ape's Arm of Heaven and Earth!"

A huge divine ape arm dropped from the sky and slapped the Evil Emperor Wudao down.

Lin Tianhao did not act rashly. The Evil Emperor's unjust rules could cover most of the Heavenly Palace. This alone was enough to prove how powerful the Evil Emperor was.

as predicted.

The evil emperor Wudao had a magic wand in his hand.

He pointed his staff towards the bright moon.

Sang Yue's face changed drastically. Just this one blow made her feel a sense of crisis.

It seemed that under this attack from the Evil Emperor, her vision would definitely be broken!

"You dare to distract yourself from fighting against others when you are fighting me!"

She used all her dark power to suppress the evil emperor's gray-white power.

The Evil Emperor Wudao smiled noncommittally and said:

"You can't stop me."

The words fell.

The Evil Emperor did not stop attacking with his unrighteous staff, and the power of darkness was completely blocked by the gray-white power.

"boom--"

There was a loud bang.

Sang Yue's vision of the moon falling into the underworld was thus broken! !

"Is the difference so big?"

Sang Yue's face turned pale. The vision was broken, causing her to suffer backlash.

But the backlash only caused her minor injuries.

After all, the attack by the Evil Emperor Wudao was somewhat forced. He faced the woman in black mist head-on, and it seemed easy, but the energy he expended should not be underestimated.

"Petrified!"

At this moment.

Endless power of petrification enveloped the Evil Emperor Wudao.

But it was still blocked by the gray-white light of the Evil Emperor Wudao and could not erode the Evil Emperor Wudao in the slightest.

"Boring! If you are only this strong, then today's farce should be over." The Evil Emperor Wudao said calmly.

Hearing this, the black mist woman couldn't help but snorted coldly, "Jun Wudao, I admit that you are powerful, but it is impossible for you to defeat us."

"Even if there is some difference between the visions of saints, it is not too big."

The Evil Emperor Wudao smiled noncommittally and said:

"Who told you that I only have a vision of a saint?"

Upon hearing what the Evil Emperor Wudao said, the face of the woman in black mist, Sang Yue, Qi Bailian and others changed drastically.

Now the gap between the Evil Emperor Wudao and them is not too big, even if they are defeated, they can escape unscathed.

But if the evil emperor Wudao had a second saintly vision, the result would be completely different.

"impossible!!"

Chapter 1667: The Second Saint's Vision!

There was a hint of panic in the ethereal voice of the woman in black mist.

"To be able to cultivate one Saint Vision in the mortal realm is already as difficult as ascending to heaven. To cultivate two Saint Visions is absolutely impossible unless you are taught by the Taoist Ancestor himself!!"

Lin Tianhao had a strange expression on his face. Two saintly visions were already impossible, so what about his sixteen saintly visions?

But then again, since he has the Jade Disc of Creation in his hand, can it be considered as a direct teaching from the Taoist Ancestor?

Think about this.

Lin Tianhao remained calm and prepared to take a look at what the second saintly vision of the Evil Emperor Wudao was.

"Impossible? Then you better watch out."

A playful smile appeared on the face of the Evil Emperor Wudao.

"Saint Vision: Evil Saint's Eye!!"

The Evil Saint's Eye again?

Isn't this exactly the same as the saintly vision that the Evil Emperor Wudao displayed at the beginning?

Just as Lin Tianhao was thinking this, the space above the sky cracked and another huge gray-white eye opened.

The moment the second evil saint's eye opened, the gray-white power began to spread wildly.

"not good!!"

The face of the woman in black mist changed drastically, and her black mist swept away and began to disappear.

"Isn't it too late to leave now?!"

A cold light flashed in the eyes of the Evil Emperor Wudao, and he waved the staff in his hand.

The gray-white power actually turned into chains that connected to the depths of the void, sealing off the heaven and earth.

"Jun Wudao, you are going too far!"

The woman in the black mist let out a low roar, and she shrunk the power of darkness to a five-meter range around her. Her figure turned into an afterimage and rushed out.

"Bang bang bang-"

After the woman in black mist gathered her strength, she broke through the gray-white chains one after another and tried to escape.

however.

The gray-white chains became more and more numerous, constantly blocking the direction of the black fog woman's escape.

"You have the power of the saint's vision to protect you, but what about the others?"

A playful smile appeared on the face of the Evil Emperor Wudao.

As his words fell.

Qi Bailian, Sang Yue, the head of Shi Village, and others all began to turn into stone.

"How does your Stone Village's petrification compare to mine?"

The smile on the face of the Evil Emperor Wudao widened.

See this scene.

The feminine young man in the ancient black tower was extremely anxious, "Father!!"

"Let me out, I want to save my father!!"

"Save your father? Do you have the ability to do that?"

"If I let you out now, you will die."

"Do not!!"

Seeing everyone around him being petrified, the feminine young man felt helpless and desperate, but there was nothing he could do.

In the field.

Only the woman in black mist was still struggling.

She has the vision of a saint, and after drawing back the power of the vision of a saint, she can barely protect herself.

But that's all.

"You forced me to do this!!"

There was a hint of madness in the ethereal voice of the woman in black mist.

"If you want to kill me, then I'll see if you have the ability to do so!!"

The words fell.

The woman in black mist had a broken sword in her hand.

She bit her tongue and spat out a mouthful of blood onto the broken sword.

A strange red light emanated from the broken sword. This strange red light was dazzling and bright. In the red light, a blurry shadow even appeared faintly.

"Now that the Saint's decree is no longer usable, you are still able to project the Saint's phantom!!"

The Evil Emperor Wudao was also a little surprised.

The shadow of the saint in the red light acted without hesitation and grabbed a broken sword.

Followed by.

The shadow of the saint grabbed the broken sword and raised his hand to slash at the evil emperor Wudao.

The Evil Emperor Wudao remained calm, he just looked at the sword energy cutting through with indifference.

When the sword energy was about to touch the Evil Emperor Wudao, the Evil Emperor Wudao finally moved.

He just pointed his finger and a mysterious force of rules burst out from his fingertips.

The Evil Emperor Wudao possesses the power of rules, and nine kinds of rule power.

In the previous battles, the Evil Emperor Wudao did not use the power of other rules.

now.

The Evil Emperor Wudao finally used the power of rules.

"Blocked...blocked?!!"

The woman in black mist widened her eyes, her face full of disbelief.

"This...how is this possible?!"

"How could the Saint's phantom use a sword with a broken holy weapon and be blocked so easily by you?"

The Evil Emperor Wudao shook his head and said:

"Those saints left completely. You can't even be considered a saint's shadow."

"At most... it's a projection of a saint. It doesn't even have the power of a saint, so how can it be called a saint's shadow?"

That's it.

The Evil Emperor Wudao changed the subject and continued:

"Even if you hold this incomplete holy weapon, you can't be my opponent. Just surrender."

"impossible!!"

The voice of the woman in black mist was still ethereal, but anyone could hear the emotion in her words.

"Although you have two saintly visions, it's not enough to defeat me. I want to leave, and you can't stop me!!"

The aura of the woman in black mist exploded completely, and she fled outside like crazy.

"Oh, why bother?"

"I only have two saintly visions, but I have more than two visions!"

The Evil Emperor Wudao once again said something shocking, causing the woman in black mist to change her expression.

"Vision: The Evil Saint's Finger!"

Above the sky, a huge gray-white finger dropped from the sky and pointed towards the woman in the black mist.

The darkness surrounding the woman in black fog had reached its extreme.

If an ordinary person were to look, they would no longer be able to see the woman in the black mist.

All we can see is a black hole.

This black hole is madly repelling the gray and white power, and also absorbing the gray and white power, over and over again in a cycle!

"Rumble--"

The evil saint's finger dropped from the sky, squeezing the void, and the power contained in it was even more terrifying.

"Although it is not a saint's vision, it is not far from it."

Lin Tianhao thought secretly.

The power of this evil emperor Wudao is probably even stronger than that of the former Lord of Luotian.

"Is it because of the City of Disaster?"

Lin Tianhao thought secretly that it seemed that only the City of Disaster could explain this problem.

"Xuedi, save me. If you save me, I will give you the Super God-level Talent Awakening Stone. In addition, I can also give you a super treasure that will definitely be of great use to you."

Lin Tianhao frowned slightly, "Evil Emperor Wudao is so powerful, why do you think I can save you from the hands of Evil Emperor Wudao?"

"intuition!!"

"You are too calm. We lost, and you are facing the evil emperor Wudao. You should be nervous and scared."

"But your reaction was not nervousness or fear. Instead, you showed incomparable calmness and confidence."

"You were able to destroy the No. 7 Mine, so you must be no ordinary person. Now, facing such a powerful Evil Emperor Wudao, you can remain calm and composed."

"This can only mean that you are also very strong, or that you feel that you have the power to protect yourself in the hands of the Evil Emperor Wudao."

Chapter 1668 Are you a pig brain?

Lin Tianhao chuckled and nodded, saying:

"Let's not talk about whether your speculation is correct. Even if your speculation is correct, there is no need for me to save you."

"after all....."

"Evil Emperor Wudao said before that after I kill you, all the super god-level talent awakening stones on you will be given to me."

"As for the treasure you mentioned, I can also discuss it with the Evil Emperor Wudao."

This woman in black mist wanted to enslave him before, but now that she can't defeat her, she actually expects him to save her.

is it possible?

It cannot be said that it is completely impossible.

But what the black mist woman can currently offer is not enough to impress Lin Tianhao.

"Xuedi, if I die, my treasure will also disappear with me, and you won't be able to get it."

"I am not afraid to tell you that what I have is a time-space treasure. The speed of time in it is ten times faster than that in the outside world. Ten days in it is equal to one day in the outside world. In addition, when you are in it, you will gain ten times the speed of enlightenment."

Lin Tianhao raised his eyebrows slightly. This thing is indeed a good thing.

It can be regarded as a low-profile version of the space-time training tower.

"Not only that."

"There is a small world inside this time treasure that can accommodate hundreds of billions of people. When you become stronger, you can use this treasure to collect cultivation tickets, and you will be able to make a lot of money."

"But if I die, this treasure will completely disappear."

After hearing what the woman in black mist said, Lin Tianhao was really moved.

"It's a good thing. I won't kill you. Just hand it over!"

The Evil Emperor spoke in a neutral tone.

"impossible!!"

"The evil clan has evil ambitions. If I give you this treasure, it will only strengthen your evil clan."

"Xue Di, if you save me, I will give it to you. If you don't save me, I will never hand it over even if I die."

Lin Tianhao pondered for a moment. The super god-level talent awakening stone plus such a time treasure were worth his effort.

"Jun Wudao, stop it!"

The Evil Emperor Wudao glanced at Lin Tianhao meaningfully.

"She has the vision of a saint. Letting her go is not a good thing."

Lin Tianhao smiled slightly and said:

"Don't worry, I'm measured."

The Evil Emperor Wudao hesitated slightly, but finally nodded.

Lin Tianhao was even more puzzled.

The evil emperor Wudao actually listened to him.

Here comes the problem.

Why should the evil emperor Wudao listen to him?

Is it really because that so-called Fan Palace and this point are of the same blood?

Lin Tianhao felt that there was a problem here, and it was a very big problem.

"What is your relationship with the Evil Emperor Wudao? He actually listens to you."

The woman in black mist asked with some doubt.

"This is not your concern. You should give me the things now."

"Not yet."

"Send me to the border of the Heavenly Palace and I will give you the thing." said the woman in black mist.

Hear this.

The evil emperor Wudao immediately said:

"My dear friend Xue Di, you can't agree to him. My unrighteous rules cannot cover the border of the Heavenly Palace."

"If she insists on leaving, there's nothing I can do."

Lin Tianhao raised his eyebrows and said with a smile:

"You heard it too. If you go back on your word and just run away, wouldn't I be a big victim?"

The woman in black mist hesitated for a moment and said:

"I can swear to the Heavenly Dao that as long as I can reach the border of the Heavenly Palace safely, I will hand over the Super God-level Talent Awakening Stone and the Time Treasure to the Snow Queen. If I break this oath, I will be punished by Heaven and Earth and will not be able to enter the cycle of reincarnation!!"

Lin Tianhao raised his eyebrows slightly.

The evil emperor Wudao waved his hand and said:

"My dear Xue Di, you decide for yourself. Anyway, her cultivation speed cannot be as fast as mine. Even if she runs away, I am not worried that she will come back for revenge."

That's it.

The evil emperor Wudao hesitated for a moment and said:

"My dear friend, I am not afraid. You should think twice before making any decisions."

"She has the vision of a saint. If she can get out of this unscathed, her future achievements will be immeasurable."

Lin Tianhao chuckled and nodded, saying:

"Both of the things she can give me are of great use to me. Moreover, she has sworn to the heavens. I think that she will not harm herself with such a talent."

of course.

Lin Tianhao said this to them.

To be honest.

That is, Lin Tianhao didn't think that the woman in black mist had the ability to escape from him.

Lin Tianhao had sensed it during the battle just now.

The Dark Path of the Black Mist Woman is the thirteenth level of the Dark Path Realm!!

This is actually already very high. After all, looking at the entire Ragnarok, there are only a few people who can cultivate the Tao realm to the twelfth level, let alone the legendary thirteenth level.

"alright."

The Evil Emperor Wudao didn't say anything else, because he, like the woman in black mist, saw unparalleled confidence in Lin Tianhao's eyes.

It seems... it seems that Lin Tianhao is not worried at all that the Evil Emperor Wudao will run away.

Such confidence.

Even the evil emperor Wudao felt it was a bit strange.

"Are all the disciples of this generation in the Fan Palace so powerful now? They are so calm and composed even when facing an opponent with saintly visions."

Lin Tianhao and the woman in black mist headed towards the edge of the Heavenly Palace.

The Evil Emperor Wudao did not leave either, but followed not far away.

Arriving at the edge of the Heavenly Palace, Lin Tianhao instantly felt that all the disappeared paths had returned.

"Can you give me the things now?" Lin Tianhao said.

The woman in black mist nodded. "I always keep my word. Since I promised to give you the things, I will give them to you naturally."

The words fell.

A small tower and a stone flew towards Lin Tianhao.

"See you later!!"

After throwing the thing out, the woman in black mist turned around and wanted to escape.

But as soon as she turned around, she felt that the space around her had frozen, making her unable to move.

"what did you do to me?!"

A look of horror appeared on the face of the woman in black mist.

She used all her dark power, but still couldn't break Lin Tianhao's space freeze.

The gap between the twenty-third level of Dao Realm and the thirteenth level of Dao Realm is not small.

"Why are you in such a hurry? I haven't seen anything yet."

Lin Tianhao took the stone and the small tower and started to examine them.

This stone is just a heavenly-grade awakening stone, and the small tower is a grandmaster-level nine-turn equipment.

"Well, how can you be so guilty? Even if you want to deceive me, at least you should use a god-level talent awakening stone. You actually used a heaven-level one. You are so shameless!!"

Hearing Lin Tianhao's words, the woman in black mist became a little flustered.

Because she had tried her best, but still couldn't break Lin Tianhao's space freeze.

"impossible!!"

"I have mastered the Saint Vision. How could your spatial power freeze me?!"

The woman in black mist knew very well that she would have a chance of survival only if she broke through Lin Tianhao's space freeze.

But now.

It seemed that her only hope of survival was gone.

"Haha, do you have a pig brain? Are you allowed to have saintly visions?"

Chapter 1669: Arc of Space and Time!

"you--"

"how come?!"

The woman in black mist couldn't believe her ears.

"It is rare to find a person who has visions among ordinary people, let alone a saint's vision!!"

"Who the hell are you?!"

Lin Tianhao waved his hand and said:

"It doesn't matter who I am. What matters is, should you give me the things?"

"No!!"

The woman in black mist said sternly:

"I can't leave. Giving you the things will lead to my death."

"If that's the case, I might as well just die!!"

Lin Tianhao smiled slightly and said:

"You swore an oath to the Heavenly Dao. Do you think that as long as the Heavenly Dao in the Galaxy World no longer exists, or do you think that you are leaving the Galaxy World, so you don't care about the oath to the Heavenly Dao here?"

"Does it matter? I'm going to die anyway!" said the woman in black mist coldly.

Lin Tianhao smiled slightly and said:

"Of course it's important. Look at you, you are extremely talented and can comprehend the visions of a saint in the realm of mortals."

"If I let you give birth to dozens of children, it shouldn't be difficult for you to comprehend the visions of a saint in the future, let alone the visions of a saint."

Hear this.

The black mist woman's expression changed drastically, and she roared:

"You're dreaming! Even if I die, I will never let you succeed!!"

Lin Tianhao smiled noncommittally and said:

"In my hands, even if you want to die, it's a luxury!"

As Lin Tianhao fell, the power of the nineteenth level of the Dao Realm was activated, at a higher level, to disintegrate the dark power around the black mist woman.

"No... no no no, how is this possible?!"

"My dark power, how can you disintegrate my dark power!!"

Lin Tianhao smiled noncommittally and said:

"Don't make such a fuss. There are many things I can do."

"Now, I'm giving you one last choice. Hand over your things and I'll give you a quick death."

The woman in the black mist was silent for a while, then she said: "You will still die, so what's the difference in the outcome?"

Lin Tianhao smiled slightly and said:

"Of course they are different. One is to die now, and the other is to give birth to dozens of babies and then die. You have no value, and I can only find some value from your babies."

The black mist woman gnashed her teeth in anger, "You are just a lunatic, a devil!!!"

"How could a scum like you be born among all the races?!"

Lin Tianhao looked distressed and said:

"How could you say that about me?"

"I trusted you so much, but you lied to me!!"

"I would rather die than keep my promise."

"You forced me to do this!!"

"If I have to say who is a madman or a devil, then that person is definitely not me, but you!!"

The woman in black mist was so angry that her teeth were itching. She never thought that she would meet such a shameless person.

"Okay, I don't have much time. I'll give you one more minute to think about it. If not, I'll start preparing to make a baby."

"you--"

The woman in black mist was really defeated. She thought that her plan had failed and the final result would be nothing but death.

But now.

She just found out.

Faced with such a shameless person, death is no longer something she can do.

"Okay, I'll give you the things. I hope you'll keep your promise and give me a quick death!"

The woman in black mist finally compromised.

When she thought of what Lin Tianhao said, asking her to give birth to dozens of babies, she felt a chill.

It's not like she hasn't seen the methods used by evil people before, but this is the first time she has encountered someone as unreasonable as Lin Tianhao.

"Do not worry."

Lin Tianhao waved his hand. "You are shrouded in black fog. Who knows if you are extremely ugly? Even if I want to have a baby, I am afraid I won't be able to do it."

"you--"

The woman in black mist clenched her fists. She felt that she had not been so angry in hundreds of years.

How can this guy be so mean! !

"for you!!"

The woman in black mist really didn't want to get entangled with Lin Tianhao anymore, so she raised her hand and threw out two things.

Lin Tianhao took it. He couldn't tell any attributes of the stone, so he thought it should be the super god-level talent awakening stone.

The other item is a magic bracelet.

Spacetime arc: unknown.

Usage requirements: None.

Effect: There is a small world inside. Ten days in the small world is equal to one day in the outside world. If you gain enlightenment in the small world, you can get ten times the speed blessing.

Wear resistance: Indestructible.

good! !

This is really good stuff.

The arc of space and time is real, so this stone should also be real.

Think about this.

Lin Tianhao crushed the stone in his hand without hesitation.

however.

The moment Lin Tianhao crushed the stone, the expected prompt sound did not sound.

"Gone, hahaha, thank you for crushing my heart!!"

The black mist woman showed a smug smile on her face.

"It's just a pity that after working so hard for so long, I'm going to die here."

"Ding, congratulations, you have successfully killed the Innate Dark Stone Spirit (fake), experience points +1959 trillion, free attribute points +19.59 billion."

Lin Tianhao: "???"

Wow, you can play it like this.

The true form of this woman in black fog is actually a stone spirit, Shicun, Shiling, haha, it seems normal.

just.

Why doesn't she have any attributes? Otherwise, Lin Tianhao wouldn't have crushed her.

but.....

Even if it's crushed, so what?

Investiture of the Gods, slavery!!

If it were someone else, Lin Tianhao might still hesitate.

This woman in black mist possesses a saintly vision, a powerful saintly vision of dark attribute.

Just based on this point, he is qualified to be included in the List of Gods.

wrong! !

Lin Tianhao suddenly realized something was wrong.

If the woman in black fog wanted to commit suicide, couldn't she just crush this so-called "heart" herself?

Why should I give this so-called "heart" to myself and let myself crush it?

In just a moment, Lin Tianhao thought of faking his death to escape!

In this case, if the woman in black fog committed suicide and then faked her death to escape, it would be easy for him to see through the clues.

But if there is a time-space arc in front, coupled with this so-called killing prompt, it is possible that he will be careless.

Coupled with the so-called killer's prompt, it is possible that he would subjectively feel that the black fog woman is really dead.

really! !

When Lin Tianhao opened the kill log, there was a bracket with the word [false] after the innate dark stone spirit that was killed in the kill log.

This was somewhat similar to the monsters he had encountered outside the Heart Demon Ancient City before. Whether it was a kill prompt or a server-wide announcement, the word "false" in brackets would not be broadcast out during the broadcast.

If you are not careful, you may really be deceived.

"Is that right?"

Lin Tianhao's eyes were fixed on an inconspicuous little black dot.

This small black dot is difficult to capture with the naked eye. It requires the use of spiritual consciousness and the power of the dark realm to lock its position.

Chapter 1670 Send the Black Mist Woman to the List of Gods!

"Innate Dark Stone Spirit, come out, I know you are not dead."

Lin Tianhao said calmly, "Am I so untrustworthy in your eyes? I handed over the Spacetime Arc, but you are still reluctant to give up a super god-level talent awakening stone."

Lin Tianhao's voice was not loud, but it made the black mist woman hiding in the black spot feel a chill in her heart.

"Aren't you going to come out?"

Lin Tianhao frowned slightly, "Do you really have to ask me to come out?"

The words fell.

Lin Tianhao pointed without hesitation.

The tiny black spot continued to grow larger under Lin Tianhao's dark power.

The woman in black mist sighed and said:

"It seems like I can't escape today."

Lin Tianhao looked at the woman in black mist strangely and said:

"Just give me the things, maybe I will let you go..."

Hear this.

The woman in black mist couldn't help but sneer.

The ethereal voice disappeared, replaced by a somewhat sarcastic voice.

"Xue Di, I'm already a prisoner, why did you lie to me like this?"

"I have the vision of a saint. Based on what I know about you today, you will never let me go even if you get the things."

Lin Tianhao pointed at the evil emperor Wudao and said:

"You are wrong. I am not the evil emperor. Your saintly vision may be a threat to him, but not to me."

"I don't need to kill you to get rid of future troubles."

The woman in black mist sneered and scolded:

"You humans got it, and you are obviously evil to the core, but you still pretend to be righteous."

"Sure enough, all humans deserve to die!!"

Lin Tianhao was a little unhappy when he heard this and said:

"I may be bad, but it's not appropriate for you to kill everyone with this stick."

The woman in black mist snorted coldly and shouted:

"Okay, there's no need to waste time. If I had known you were so cautious, I shouldn't have given you the Arc of Spacetime."

As the black mist woman's voice fell, her aura began to rise continuously.

"It's a pity that I'm not strong enough to kill you, the scourge of the human race."

"But even so, I will severely injure you and slow down your growth!"

Lin Tianhao silently took out the Book of Life and Death, eleven books of life and death, all of which had the other party's name written on them.

Innate Dark Stone Spirit!!

I don't know if this name will work!

Fortunately, it works!!

After the name was written in the Book of Life and Death, damage numbers popped up above the head of the woman in black fog one after another.

"This....."

"Absolute headlock?"

The woman in black mist had a solemn expression.

Lin Tianhao remained silent.

The woman in black mist has begun to fight with her life and soul burning.

Obviously he had no intention of leaving here alive.

Lin Tianhao was not in a hurry. She wanted to severely injure him in this way, but how could Lin Tianhao give her this opportunity.

"Saint Vision: Space Lotus!"

Lin Tianhao unfolded his saintly vision without hesitation.

A space lotus unfolded, spun, and flew towards the woman in the black mist.

The woman in black mist did not retreat but advanced, launching a fierce attack on Lin Tianhao's space lotus.

"Saint Vision: Evil Saint's Eye!!"

What surprised Lin Tianhao was that the Evil Emperor Wudao actually came to help him.

Lin Tianhao had originally planned to expose several visions of saints, but now it seems that there is no need.

"Hahaha, how sad, how sad! Tiangong was once the pinnacle of combat power in the galaxy world. I never thought that there would be a day when they would be forced into such a situation."

"Jun Wudao, you are just an idiot. Xue Di is a sinister and cunning man. Helping him is like seeking the skin of a tiger."

"One day, you will suffer the consequences and pay the price for what you have done!!"

Lin Tianhao raised the corners of his mouth and a faint smile appeared on his face.

This evil emperor Wudao is indeed a little hard to understand.

Why did he help himself?

Is it really because the Mortal Palace and the Evil Palace are of the same blood?

to be frank.

Lin Tianhao didn't believe it.

"Saint Vision: Evil Saint's Eye!!"

The Evil Emperor Wudao made a move here, and the second evil saint eye opened. Two saint visions with evil attributes, plus the saint vision space lotus that Lin Tianhao displayed based on the twenty-third level of the space realm, appeared.

The battle was already decided.

"Destroy it, destroy it all!!"

The attacks of the black mist woman became more and more crazy.

This is an attack of hers at all costs.

Lin Tianhao remained calm and composed.

He was waiting, waiting for an opportunity to strike a fatal blow to the woman in black mist.

Under the siege of Lin Tianhao and the Evil Emperor Wudao, the life of the woman in black mist was quickly slipping away.

In addition, the black mist woman's own life and soul are also burning, and her current condition has deteriorated to the extreme.

Lin Tianhao raised his hand without hesitation, "Bright Vision: Sun and Moon Divine Heart!!"

The second saintly vision was displayed by Lin Tianhao.

A dazzling heart emitting infinite light appeared in the sky.

A thousand-foot-long divine light fell and sprinkled on the woman in the black mist, dispelling the dark power from her body.

"You used the power of the dark vision before, and now you have used the power of the light vision."

"Haha, the heaven is so unfair. A sinister and cunning person like you can actually be blessed by heaven and comprehend so many saintly visions!!"

The woman in black mist was completely wiped out in the majestic divine light, feeling unwilling, angry, and a little desperate.

"Ding, congratulations, you have successfully killed the Innate Dark Stone Spirit, experience points +8521 trillion, free attribute points +85.21 million."

"Ding, you have successfully devoured the Innate Dark Stone Spirit, Armor +1995 billion, Magic Resistance +1251 billion, Dark Resistance +10000 trillion, Free Attribute Points +200 billion."

Lin Tianhao smiled. This was really... so cool! !

After killing the woman in black fog, Lin Tianhao sent her to the List of Gods without hesitation.

After sending the woman in black mist to the List of Gods, Lin Tianhao turned around and looked at the Evil Emperor Wudao.

"Tell me, why are you helping me?"

Lin Tianhao stared at the Evil Emperor Wudao, trying to see something different on his face.

"Didn't I tell you that I sent someone here?"

"We, the Evil Palace and the Mortal Palace, are of the same blood."

Lin Tianhao waved his hand and said:

"I'm sorry, I can't believe this is true."

"Even if the Mortal Palace and the Evil Palace were once of the same origin, that was only in the past after all."

"Now it's been so many years?"

The evil emperor Wudao hesitated for a moment, but couldn't help asking:

"Can you tell me what your status is in the Mortal Palace?"

"I originally thought that you were a core disciple of the Fan Palace, but judging from the fighting ability you have shown now, it is obvious that you are not just a core disciple."
