

## O games 1671

Chapter 1671 Shicun disappears!

"I am the current master of the Fan Palace!"

Lin Tianhao had no intention of lying and bluntly stated his identity in the Fan Palace?

"How can it be?!"

The Evil Emperor Wudao's first reaction was disbelief.

"I have several saintly visions. What's wrong with being the master of this mortal palace?"

"Where is the Lord of Luotian?" asked the Evil Emperor Wudao.

"Your talent is indeed terrifyingly strong, but the Lord of Luotian is not bad either. When he was born, a golden dragon of luck appeared. From birth, he has been blessed with luck. He is much more powerful than his father when he was young."

Lin Tianhao hesitated and said:

"If the Lord of Luotian is willing, he can indeed become the Lord of the Mortal Palace, but he doesn't want to."

"Even when the Fan Palace was in great trouble, he did not show up."

The evil emperor Wudao frowned and said:

"why?"

"How should I know? Anyway, he is not pursuing power, and he doesn't care about these things."

That's it.

Lin Tianhao shook his head and smiled:

"To be honest, the position of the Lord of the Fan Palace can achieve many of my goals, otherwise I would not have accepted it."

"You are the Lord of the Evil Palace. I don't know what you think, but as a manager, there are still many restrictions."

"I am a controversial person. Many people died when I was in office."

The Evil Emperor Wudao shook his head and said seriously:

"This is mutual. You enjoy the benefits brought to you by the big forces, and naturally you have to bear the responsibilities brought to you by the big forces."

Lin Tianhao smiled indifferently and said, "I understand, so I am also trying my best to play my role well."

That's it.

Lin Tianhao looked at the Evil Emperor Wudao meaningfully and said seriously:

"Now, can you tell me why you want to help me?"

The Evil Emperor Wudao looked at Lin Tianhao seriously and said:

"No force is everlasting. If you want to survive when you are down and out, you must have powerful allies."

"When I helped you before, it wasn't so much helping you as it was helping myself."

"Although the first hall master of your Fan Hall is not as blessed as the Lord of Luotian, his talent is also extremely high. If he had not died, his future achievements would be limitless."

"As for the Lord of Luotian, he has the luck of the Golden Dragon, and his talent is no worse than others."

"If what you asked for wasn't something like the Super God-level Talent Awakening Stone, I might have given it to you directly."

"Of course, it's the same now. I helped you because I wanted to show my goodwill to Fan Dian, but I never thought that Fan Dian has grown to this point."

"Your luck is not as good as the Lord of Luotian, but your talent, opportunity, and potential seem to be no worse than the Lord of Luotian."

Lin Tianhao was a little surprised, "You can see the luck in me?"

"Not completely, but I can feel it."

"Your luck is not bad, but it is not even one tenth of the Lord of Luotian."

That's it.

The evil emperor Wudao hesitated for a moment, but couldn't help but say:

"So, it's strange that all mortals who can comprehend the visions of saints are people with extraordinary luck."

"After all, insufficient luck means insufficient opportunity, and without super opportunity, it is almost impossible to comprehend the saintly vision by oneself."

Lin Tianhao was silent, but he could actually feel it.

It seems that there is an invisible hand driving all of this for him to get to where he is today.

The source god of Tao?

The source of the blue sky?

Or is there someone at a higher level driving all of this?

"But you did it. You also have multiple saint visions, including opposing saint visions such as darkness and light."

Lin Tianhao smiled noncommittally and said:

"Maybe you are sensing it wrongly. What if I just have super luck?"

"I heard that some people with certain physiques will disguise themselves to protect themselves, making others think they are useless or just ordinary."

"Maybe my luck is the same. My luck is so high that it disguises itself."

"It makes you feel ordinary, don't you think?"

When the Evil Emperor Wudao heard what Lin Tianhao said, he couldn't help but laugh or cry.

"I've never heard of your statement before, but it seems to make sense."

"Let's go back to Shi Village first. The people from the three main heavens are still there."

The Evil Emperor Wudao spoke lightly and took Lin Tianhao back to Shi Village.

just.

When the Evil Emperor Wudao and Lin Tianhao returned to Shi Village, the three main people in the sky who had been petrified by the Evil Emperor Wudao had disappeared.

To be precise.

Not only the three main heavens, but even the entire Shi Village has disappeared.

"It seems that the innate dark stone spirit had planned it all out from the beginning. The worst outcome is her death, but the Stone Village can be saved."

"If her plan succeeds, not only will she not die, but Shicun will also be able to be saved."

Lin Tianhao frowned. He actually wanted to ask the woman in black mist.

The woman in black fog probably knew where these guys from Shi Village had gone.

However, Lin Tianhao still remains cautious about the evil emperor's tyranny.

Because Lin Tianhao felt that although the reasons given by the Evil Emperor Wudao were sufficient, they were not necessarily true.

and so.

Lin Tianhao doesn't want to reveal the card of the black mist woman for the time being.

As for the transmission of sound through spiritual consciousness.

Given the abilities that the Evil Emperor Wudao has currently demonstrated, Lin Tianhao is not sure whether he will be discovered.

Think about this.

Lin Tianhao retracted his thoughts and said with a smile:

"The people from the three main heavens are not here, so what should I do with my super god-level talent awakening stone?"

All the people from the three main heavens and Stone Village are gone, and the only person here who possesses the super god-level talent awakening stone is the Evil Emperor Wudao.

The Evil Emperor Wudao glanced at Lin Tianhao meaningfully.

"You don't have to test me like this. Originally, I wanted to snatch the Super God-level Talent Awakening Stones from the three main heavens and give them to you. This way, I don't have to take my own, and at least I won't be so heartbroken."

Lin Tianhao said nothing, he just wanted to see what decision the Evil Emperor Wudao would make now.

What the Evil Emperor Wudao said and did before were all to help him.

But to be honest.

Nothing that the Evil Emperor Wudao said or did before directly harmed his interests.

But now it's different.

The super god-level talent awakening stone is a very precious thing for an existence like the Evil Emperor Wudao.

"Okay, don't think about it, I'll give it to you!!"

The evil emperor Wudao spoke with a smile.

"If you were just a core disciple of the Fan Palace, I really wouldn't give it to you, but you are the Palace Master of the Fan Palace, your status is extraordinary."

"And what you have shown is already very worthy of my making friends with you."

That's it.

The Evil Emperor Wudao took out a translucent stone and threw it directly to Lin Tianhao.

Chapter 1672 Heavenly Level Talent: Heart is One with Heaven and Earth!

Lin Tianhao was a little surprised. "You are so generous that you are willing to give out something like the Super God-level Talent Awakening Stone."

Hear this.

The evil emperor Wudao waved his hand and said:

"It's not that I'm generous, but I really want to make friends with you, the Fan Palace."

"not to mention."

"I am a close friend of your Fan Palace's first Palace Master. It is only logical that I should help you."

Lin Tianhao nodded and said:

"I accept this favor. If it's not a matter of principle, I will help you if I can in the future."

"but....."

"You evil race have slaughtered quite a few humans. If one day in the future a human warrior wants to raise the banner of justice and attack you, I will be in a difficult position."

The evil emperor Wudao smiled and said:

"I understand. Don't worry. I won't make it difficult for you."

"My men have dealt with many human races, but those people are different from you."

"The human race in the Heavenly Palace is completely different from the human race in the mortal world."

Lin Tianhao was silent for a while, then shook his head and said:

"I don't know much about the human race in the Heavenly Palace. I can't judge this."

"After all, I have probably slaughtered as many lives as you have, so I don't seem to have the right to say anything about you."

That's it.

Lin Tianhao picked up the super god-level talent awakening stone.

"bring it on."

Lin Tianhao crushed the super god-level talent awakening stone without hesitation.

"Ding, you are using the Super God-level Talent Awakening Stone, are you sure?"

"confirm!"

"Ding, congratulations, you have successfully used the super god-level talent awakening stone. Your talent is awakening..."

"Ding, because your talent is too high, the Super God-level Talent Awakening Stone can only awaken part of your talent..."

"Ding, congratulations, you have successfully awakened your talent: Heart is one with the world!"

Heart is One with Heaven and Earth (Heavenly Level): cannot be upgraded.

Effect: The bigger your heart is, the bigger the scope of your laws, understandings, rules, skills, and general attacks will be.

Consumption: None.

Cooling: None.

Proficiency: Cannot be upgraded.

Lin Tianhao frowned. This talent...

Why is it a little weird?

How big is your heart?

Does he have a big heart?

His only wish is to unify China and get rid of those guys in the Alate Galaxy!

but.

The job transfer skill that Lin Tianhao obtained when he reached the sixth level was "Heaven and Earth Are One". Now he has another one called "Heart Is One with Heaven and Earth". The two names are similar. Are there any connections between them?

"and many more!!"

Lin Tianhao's eyes lit up, because he found that the power of laws that he had been unable to use under the evil emperor's unjust rule was now completely destroyed.

"Is that how it feels?"

Lin Tianhao closed his eyes, and the field of wind unfolded.

Just for a moment.

Lin Tianhao's wind domain has already covered an area of 100 miles in radius.

Then... a thousand miles, ten thousand miles!!

One hundred thousand miles!!

"Is this what it means to be one with the world?"

Lin Tianhao was a little bit unbelievable.

A domain covers an area of 100,000 miles. Even if I let you run 90,000 miles first, you will never be able to run out of my domain.

Not only that.

Lin Tianhao could clearly feel that this was not the limit!!

If he wants, he can continue to expand his territory.

but.....

Lin Tianhao could feel that even if he continued to expand, he would not be able to expand too much. The estimated limit was about 120,000 to 130,000 miles.

"It seems that my heart is big, but not as big as I imagined. I want to unify the land of China, but it can only cover this small area."

"Or maybe, measuring one's heart is not as simple as one thinks."

suddenly.

Lin Tianhao thought of the sixth-transformation skill, Heaven and Earth Are One. Will this skill be helpful to his own Heart Is One with Heaven and Earth?

Thinking like this.

Lin Tianhao urged heaven and earth to unite.

The next moment.

The range covered by Lin Tianhao's wind domain increased dramatically again.

Two hundred thousand miles, three hundred thousand miles...

Five hundred thousand miles!!

finally.

Lin Tianhao's wind domain covered a full 500,000 miles, and had not yet reached its limit.

After taking back the Wind Domain, Lin Tianhao noticed the horrified look of the Evil Emperor Wudao.

"Your domain..."

The Evil Emperor Wudao was somewhat incredulous.

Obviously, no one expected that Lin Tianhao's domain power could cover such a huge range.

"What are you so surprised about?"

Lin Tianhao said unhappily:

"Compared to the scope covered by your unrighteous rules, my scope is really not worth mentioning."

Hear the words.

The Evil Emperor Wudao shook his head repeatedly, "No, you think too much. My Wudao can cover such a large area, not because I am so strong, but because of the superposition of three rule powers and a top-notch treasure."

Lin Tianhao was slightly startled. He had not expected that the Evil Emperor's lawlessness covered such a large area and there were so many tricks in it.

But this seems to be normal. After all, although the Heavenly Palace is not as good as the land of China, the laws of the region should not be underestimated.

The fact that the Evil Emperor's ruthlessness can cover such a huge area is itself worthy of deep thought.

"Let's go and find the people from the three main heavens."

Lin Tianhao said calmly, "You gave me the Super God-level Talent Awakening Stone, so I will show you something else."

The words fell.

Lin Tianhao directly summoned the woman in black mist.

"You're not dead?!"

The Evil Emperor Wudao looked at the woman in black mist with some surprise.

"She didn't die, which is both a good thing and a bad thing."

"She swore to the Heavenly Dao before that if she didn't die, she would be attacked by the Heavenly Dao."

"But now, the Heavenly Dao has no reaction at all, which is very telling."

The evil emperor Wudao fell silent.

Having made an oath to the Heavenly Dao and still being under the cover of the Heavenly Dao, there was no reason for the woman in the black mist not to be attacked by the Heavenly Dao.

Unless... the woman in black fog has the means to block the Way of Heaven, or... the Way of Heaven does not exist!

"Where are those people from Shi Village?" Lin Tianhao asked.

The woman in black mist shook her head and said, "I don't know."

"According to the plan, if we encounter a disaster, I will lead people away, and they will run away."

"In order to avoid being searched by the strong, there is no fixed route for this escape."

Lin Tianhao was silent, which caused some trouble.

"Where is the super god-level talent awakening stone on you?" Lin Tianhao asked again.

"Not on me."

Lin Tianhao shook his head and said:

"There are two stone spirits in this stone village. I am just one of them, but I have better talent and have comprehended the vision of a saint."

"The other one is also quite capable, and is not far from comprehending the vision of a saint."

"And the Super God-level Talent Awakening Stone is in that person's hands."

Lin Tianhao had the urge to curse.

"Sir, if nothing unexpected happens, they have already left the Heavenly Palace. As to whether they went to the endless starry sky or the divine realm, it is unknown."

"Let's go to the territories of the three main heavens and take a look."

Chapter 1673 The Sleeping Village!

Lin Tianhao knows.

Under the current circumstances, even if we go to the territories of the three main heavens, it will be difficult to gain anything.

It turns out.

And it does.

The three main heavens, or more precisely, the forces of all races, have disappeared without a trace.

"What should we do now?"

Lin Tianhao's gaze fell on the Evil Emperor Wudao.

"They ran away, but I still need to find the Super God-level Talent Awakening Stone."

"Do you still need a super god-level talent awakening stone?"

The Evil Emperor Wudao was somewhat incredulous.

"Didn't you get one in Mine No. 7? Plus the one I gave you, that makes two now."

Lin Tianhao smiled awkwardly and said:

"I can't help it, my talent is just like this."

The evil emperor Wudao's expression could not help but darken, "Your talent... is very strange!"

"I am also a person who has received some opportunities. A talent like yours should not appear in the Galaxy World."

"With your growth rate, even if you are the biological son of the Lord of Heaven, it would be difficult for you to reach your current level."

Lin Tianhao raised his eyebrows and said:

"If I were the biological son of the Lord of Heaven, I would be able to obtain anything in the Milky Way World. I should be even more powerful than I am now!"

The Evil Emperor Wudao shook his head and said with a wry smile:

"You think too simply."

"I have met many geniuses, and even traveled in the endless starry sky, but I have never met anyone like you."

Lin Tianhao waved his hand, looked at the evil emperor Wudao very seriously, and said:

"I am actually more concerned about how I can get other super god-level talent awakening stones."

The Evil Emperor Wudao pondered for a moment and said:

"There are quite a few super god-level talent awakening stones in this heavenly palace. I estimate that there are at least 10 to 20 of them."

"Since the few here are missing, I'll take you to look for some somewhere else."

"There is a sleeping village relatively close to the Stone Village. There are super god-level talent awakening stones there, and there are more than one."

"The sleeping village?"

"Well, it's somewhat similar to the Stone Village. The ability of the village chief of the Sleeping Village is to sleep."

"As long as you get close to the Sleeping Village, you will fall into a deep sleep, and the power of this sleep will be stronger for our evil race."

Lin Tianhao nodded and said with a smile:

"When I first arrived at the Heavenly Palace, I had already encountered this Sleeping Village. It was the people of this Sleeping Village who told me that the Stone Village had a super god-level talent awakening stone."

Hearing Lin Tianhao's words, a strange look appeared on the face of the Evil Emperor Wudao.

"This sleeping village is really a disaster."

Lin Tianhao thought for a moment and asked:

"Your Wudao can cover most of the Heavenly Palace. Can't you sense this world through your Wudao?"

"No."

The Evil Emperor Wudao shook his head, "The range I can sense is not very large."

"Let's go. I'll take you to the Sleeping Village."

"Perhaps it was a method left behind by the saints. After the saints left, some incredibly powerful beings appeared in the Heavenly Palace."

Think about this.

The evil emperor Wudao's expression also became serious and he said:

"I have never been in contact with this sleeping village, but there are experts from our evil clan who have been in contact with it."

"Even they cannot be completely immune to the power of the rules of the Sleeping Village."

Lin Tianhao nodded slightly and said seriously:

"Let's go."

Lin Tianhao also wanted to take a look at this sleeping village where the disaster was brought to an end.

When Lin Tianhao and the Evil Emperor Wudao arrived at the original location of the Sleeping Village, it had been covered by green vines, and it was completely impossible to tell that there had ever been a village here.

"Since you came, the Sleeping Village seems to have moved."

"But it seems that they haven't left Taiyuan yet. Let's go. I know where they are."

The evil emperor Wudao led the way in front.

Not long after.

Lin Tianhao saw a village appearing in front of him.

The Evil Emperor Wudao frowned slightly, "This dormant power of rules does have some tricks, even I am not immune to it."

That's it.

The evil emperor's eyes fell on Lin Tianhao and he asked in surprise:

"You are totally unaffected?"

Lin Tianhao nodded and said:

"To be honest, I didn't feel the so-called dormant power you mentioned at all."

"However, I know the existence of the power of sleep, because my subordinates are affected by the rules of sleep."

As soon as Lin Tianhao finished speaking, a sigh was heard.

"I thought I could escape unscathed by taking the village away, but I didn't expect you to come back."

The girl that Lin Tianhao had seen before appeared in Lin Tianhao's sight again.

Her eyes were deep, with a hint of coldness in them.

"And... this time you brought the Evil Emperor Wudao with you. Don't you really want to give us a chance to live?"

Lin Tianhao spread his hands and said:

"I'm here, but I didn't say what I was going to do. Why are you reacting so strongly?"

The girl was silent for a while before she said:

"I see something different in you. I will definitely die in your hands."

"I wanted to escape. It would have been impossible for you to find this place, but you brought the Evil Emperor Wudao with you."

That's it.

The girl paused for a moment before saying:

"what do you want?"

"Super God-level Talent Awakening Stone!!"

Lin Tianhao spoke frankly about his demands.

"it is good."

What Lin Tianhao never expected was that the girl actually agreed directly.

"I can give you the Super God-level Talent Awakening Stone, but... after you get it, can you leave here and never come here again?"

"When you say here, do you mean this village, or the Heavenly Palace?"

"The village."

The girl's voice was calm, and when she said this, Lin Tianhao couldn't think of any reason to refuse.

"You said you would die in my hands. Why did you say that?"

"I can foresee the future. When I see some people or things, I can see some things in the past or the future."

"I saw you when I saw you killed me and destroyed the village."

Lin Tianhao frowned. Before this, he had never thought of destroying the village.

Including now.

Lin Tianhao still hadn't thought about destroying the village.

especially.

The girl was so decisive in agreeing to give him the super god-level talent awakening stone, which gave him even less reason to destroy the village.

"What's the reason?"

"Why should I kill you?" Lin Tianhao asked.

The girl shook her head and said seriously:

"do not know."

"Some things we foresee can only be seen a little bit, not the whole picture."

"So, if I give you the Super God-level Talent Awakening Stone, can you let the village go?"

"Not just one." the girl added.

Chapter 1674 Three Heavenly Level Supreme Gems!

Lin Tianhao stared at the girl in front of him in disbelief.

A super god-level talent awakening stone was already a bargaining chip that he could not refuse.

Now the other party actually says there is more than one.

"Haven't you foreseen the future? Do you think you can change the future by doing this?" Lin Tianhao asked.

"can."

The girl gave a very positive answer, "Our village has been able to exist for so long, in large part because I can foresee the future."

"As long as future events have not yet happened, they can be changed."

"From the perspective of Taoism, this is actually just a deduction of the world. The result of the deduction is not necessarily going to happen. If you make a change, the result will naturally change."

Lin Tianhao nodded gently, "Do you have any Heavenly Punishment equipment here?"

"I came to this Heavenly Palace this time to seek the Super God-level Talent Awakening Stone and Heavenly Punishment Equipment. Other than that, I don't want anything else."

"If we have no conflict of interest, I will naturally not kill you, let alone destroy your village."

"I don't have any Heavenly Punishment equipment." The girl gave an affirmative answer.

"If there is, I don't have to hide it because I don't want to die."

Lin Tianhao nodded slightly and said:

"Okay, give me the Super God-level Talent Awakening Stone."

The girl nodded slightly. Perhaps she had already prepared herself the moment Lin Tianhao appeared.

therefore.

At this time, she gave Lin Tianhao the super god-level talent awakening stone without any hesitation.

Looking at the super god-level talent awakening stone handed over by the girl, Lin Tianhao took it directly and used it decisively without hesitation.

"Ding, because your talent is too high, the super god-level talent awakening stone is not enough to awaken your talent. Please look for a higher-level talent awakening stone."

Lin Tianhao: "???"

Is there any mistake? !

The super god-level talent awakening stone was actually not enough to awaken his subsequent talents.

This is... troublesome!

Lin Tianhao thought of the talent that he awakened at the beginning using the god-level talent awakening stone.

The Hand of Heavenly Punishment, the Heart of Heavenly Punishment, the Brain of Heavenly Punishment!!

Then there is the talent awakened by the super god-level talent awakening stone.

The sky provides for the earth, the earth devours the sky, the heart is the same as the sky and the earth!!

All three!!

seem.....

It was already destined.

After awakening three talents, he will need a more advanced talent awakening stone to awaken talents later.

But the problem is...

Even the super god-level talent awakening stone cannot awaken his talent, so what kind of awakening stone is needed?

Heavenly level?

Or eternal level?

To be precise.

Lin Tianhao had never heard of the Heavenly Dao Level Talent Awakening Stone.

However, looking at the current situation, it seems that a Heavenly Level Talent Awakening Stone is really needed.

Because at the beginning, the talent that Lin Tianhao awakened using the god-level talent awakening stone was super god-level.

The talent awakened by using the super god-level talent awakening stone is of heaven-level.

So... should the next step be to use the Heavenly Level Talent Awakening Stone to awaken the Eternal Level Talent?

It's scary to think about it! !

Where does his talent end?

Can the galaxy world really possess a talent like his?

Is it because the big hand behind all this is aware of his own talent that he is pushing all this forward?

Lin Tianhao didn't know.

But the problem now is that he seems unable to continue awakening his talent.

"Does this Heavenly Palace have a Heavenly Dao-level talent awakening stone?" Lin Tianhao asked.

When the girl heard this, a barely perceptible panic flashed in the depths of her eyes.

The Evil Emperor Wudao couldn't help but come over.

"Heavenly-level talent awakening stone?"

"This is already the stuff of legends."

Lin Tianhao glanced at the evil emperor Wudao and asked:

"So... according to the legend, there is a Heavenly Dao Level Talent Awakening Stone in this Heavenly Palace?"

It exists in the legend, so there is still a slight chance.

If it is not as described in the legend, then there is really no chance at all.

"really."

The evil emperor Wudao seemed to see what Lin Tianhao was thinking, and couldn't help but say:

"Legends, I'm just like you. I've always felt that these legends can't be groundless."

"After I began to control the Heavenly Palace, I went looking for the Heavenly Dao Grade Talent Awakening Stone."

"Did you gain anything?" Lin Tianhao asked.

The Evil Emperor Wudao nodded, then shook his head and said:

"Yes and no."

"I have collected a lot of legends about the Heavenly Dao Grade Talent Awakening Stone, and I can even compile them into a complete story."

"But this thing is just a legend after all."

Lin Tianhao nodded gently, "Tell me about it."

The Evil Emperor Wudao glanced at the girl and said, "Let's go. Let's talk while we walk and go to other places."

Obviously.

The Evil Emperor Wudao does not want the information he has collected to be known by others.

Even if this information is just legend.

"Rumor has it that the Milky Way world was extremely prosperous at the beginning. It didn't have so many planets, but was just a huge continent."

"At that time, this place was still barren and polluted by foul air, making it unsuitable for cultivation."

"Later, a super-powerful person with supreme power came here. He used the power of his own laws and the turbid air here to create three thousand gods and demons."

"Based on the three supreme gemstones of the Heavenly Dao level, the Heavenly Dao of this world was built. Since then, the primitive world was born."

Lin Tianhao's eyes lit up and he asked:

"Those three Heavenly Dao-level Supreme Gems are Heavenly Dao-level Super God-level Talent Awakening Stones?"

"No, only one is. The other two are other types of supreme gems of the Heavenly Dao level."

"Later, a mysterious woman was hunted by a group of supreme powers. She fled to the primitive world. In the primitive world, she triggered an unprecedented war, which broke the primitive continent apart and turned it into stars in the sky."

"It was at that time that the primitive world began to transform into the galactic world."

"And it was during that epic battle that the three Heavenly Dao-level Supreme Gems were also broken up and scattered throughout the Milky Way world."

"One of them fell into the star sea of the Galaxy World and stabilized the star sea of the Galaxy World."

"One was obtained by the mysterious woman. Since then, there has been no news of the mysterious woman, and the galaxy world has returned to peace."

"And the last one, which was the Heavenly Dao-level Talent Awakening Stone, fell into this Heavenly Palace and disappeared without a trace."

Lin Tianhao frowned slightly, "That's all? Nothing more?"

"Gone!"

The evil emperor Wudao was also somewhat helpless.

"From what I understand, most of the major forces in the Heavenly Palace have searched for the Heavenly Dao Grade Talent Awakening Stone, but in the end, they found nothing."

"It's as if this Heavenly Dao Grade Talent Awakening Stone has completely disappeared."

Lin Tianhao hesitated for a moment, this was a bit troublesome.

The Heavenly Level Talent Awakening Stone exists, and it is possible that it is in the Heavenly Palace, but there are no other clues.

Chapter 1675 Negotiator: Blurred figure!

This gave Lin Tianhao a headache.

Yes, but I can't find it!!

but.....

It's not that there is no chance at all.

That is to kill indiscriminately and devour crazily.

She swallowed the sky and devoured the earth, and forcibly devoured the entire Heavenly Palace. In this way, as long as the Heavenly Dao-level Talent Awakening Stone was still in the Heavenly Palace, she would be able to find it.

but.

The Heavenly Palace is very large, and it will take him a long time to devour the entire palace.

Besides.

Lin Tianhao also thought of another method.

That is the Tianji Pavilion!

Lin Tianhao seldom uses the Tianji Pavilion, mainly because it consumes energy and has some other costs, which makes Lin Tianhao not willing to try it easily.

However, if he could awaken an eternal talent, it would be an unprecedented improvement for Lin Tianhao now.

and so.

Lin Tianhao still decided to take a look.

Think about this.

Lin Tianhao tried to deduce the location of the Heavenly Level Talent Awakening Stone.

just.

As soon as Lin Tianhao had this thought, his eyelids began to twitch wildly.

Followed by.

Lin Tianhao saw the requirements for the deduction: 100 billion creatures above the seventh level sacrificed their lives.

This.....

Lin Tianhao didn't know what to say.

Considering the vastness of the galaxy world, it would be no problem to gather together 10 billion creatures above the seventh level.

But what is the point of doing this?

Lin Tianhao is not a good person, but if he really did this, he would definitely not be able to answer himself in his heart.

He has killed many people, but if he is asked to kill for something like this, Lin Tianhao really can't do it.

and.

If he did that, he might as well have swallowed up the Heavenly Palace.

"Is there any Heavenly Punishment equipment in this Heavenly Palace?"

Lin Tianhao was actually not sure either.

After all, the information he got at the beginning was that there was a place in Tiangong and Jiuyou that had the Heavenly Punishment equipment.

He has already obtained the Heavenly Punishment Equipment in the Nine Netherworlds, but he is not sure whether there is any Heavenly Punishment Equipment in the Heavenly Palace.

"I really do not know this one."

The evil emperor's unrighteous answer gave Lin Tianhao basically the answer.

"Well, if that's the case, then there aren't many things in this Heavenly Palace that are worth my stay."

"However, before I leave, I want to devour those mineral veins. I need to become stronger."

Hear this.

The evil emperor Wudao frowned and said:

"Xuedi, those mineral veins are the foundation of the Heavenly Palace. You have already devoured the No. 7 mineral vein. Can you spare me the other mineral veins?"

Lin Tianhao pondered for a moment. According to his own idea, he would definitely swallow it all.

But what the evil emperor said was not without reason.

What he wants is to save the world, not destroy it.

"Okay, in that case, I won't stay long."

"There are still a lot of things I need to deal with in Shenzhou, so I'll go back first."

Lin Tianhao headed towards the exit of the Heavenly Palace.

The Evil Emperor Wudao looked at Lin Tianhao's leaving back, his eyes deep, and it was unknown what he was thinking about.

Lin Tianhao passed through the portal of the Heavenly Palace and returned to the sky above the outer world.

The harvest this time was very good, but compared with the Nine Netherworld, it was still a little bit inferior.

After all, I didn't go to the City of Disaster.

correct!

I forgot to ask the Evil Emperor Wudao whether he had really been to the City of Disaster.

But it doesn't matter.

After all, Lin Tianhao would not consider going to the City of Disaster recently.

All he can do now is to try his best to find the Heavenly Punishment equipment.

The Super God-level Talent Awakening Stone is no longer useful to him, but the two Super God-level Talent Awakening Stones in his hand can be considered for use by other people.

As for the Heavenly Level Talent Awakening Stone.

Lin Tianhao still believed that it was in the Heavenly Palace.

However, without any clues, it is unlikely to find it in a short time.

and so.

Lin Tianhao could only settle for the second best and look for the Heavenly Punishment equipment first.

In addition to the Dragon and Phoenix Fairy Island, Lin Tianhao also received information that there is also heavenly punishment equipment in the Devil's Sea outside the extraterritorial area.

therefore.

Lin Tianhao prepared to go and take a look.

Calculate the time.

There are less than nine months until the catastrophe.

He needs to be prepared in the shortest possible time.

Now that countries around the world have united, all parties are developing very smoothly.

What Lin Tianhao needs to do is to make himself stronger as much as possible.

To fight against those guys in the Aleta Galaxy, it is not enough to just have unity, we also need a stabilizing force.

And he is the magic needle that stabilizes the sea!!

"I finally sensed your presence."

At this moment.

A deep voice sounded.

As the voice fell, a blurry figure appeared in front of Lin Tianhao.

"who are you?"

Lin Tianhao was very surprised.

Because he couldn't see what this person looked like at all, nor could he see any other useful information from him.

"A negotiator from the Arlet Galaxy."

The blurry figure spoke calmly, "Xue Di, someone as high and mighty as you are will not remember me, nor do you need to remember me."

Lin Tianhao frowned. The moment the blurry figure finished speaking, he felt an extremely mysterious force descending upon him.

"Don't be nervous. I just don't want to get into trouble. If you don't agree to today's negotiation, you will forget that I have ever appeared."

"Oh?"

Lin Tianhao raised his eyebrows. "It's a very clever rule of forgetting. Unfortunately, it's useless to me."

The Lord of Nine Netherworld was beside Lin Tianhao. The moment the blurry figure attacked him, the Lord of Nine Netherworld blocked his power of rules.

"alright."

"Let's get down to business. The purpose of this negotiation is nothing more than to persuade you to leave early."

"The decision made by our boss is very strange, but the people below us are not fools either."

"We feel like we've been set up."

Lin Tianhao raised his eyebrows and said:

"How did you set up the game?"

"We in the Arlate Galaxy have attacked some other worlds before, but we have never attacked the Milky Way World before."

"I shouldn't question that supreme being, but his decision does make us old guys a little uneasy."

"Especially your presence, which makes our anxiety infinitely magnified."

"Your existence is so special that we feel that it is impossible for an existence like you to be born at the level of rules in the galactic world."

"Even if... you are really the biological son of the one in the Galaxy World as the rumors say, it is still difficult to reach this level."

That's it.

The blurry figure changed the subject and his tone became extremely serious.

"and....."

"We have deduced and investigated what you have done in the past and found that... you seem to have the ability to foresee the future!!"

"Of course, this isn't too strange. It's normal for some powerful talents to be able to detect opportunities!"

"But... your hatred towards our Alite Galaxy is definitely not innate!!"

Chapter 1676: Memory implantation? The founder's conspiracy?

"Your foresight, coupled with your hatred for our Alite Galaxy, makes us suspect that you are a reincarnated person, and you carry the memories of your past life. In your past life, you had a grudge against our Alite Galaxy, and your foresight ability also comes from your past life."

Lin Tianhao was speechless. If this blurry figure could guess these things, then was it possible for other people to also guess these things?

"If this is the case, it is actually the best outcome for us. After all, it is normal to encounter some difficult situations when attacking a world."

"But based on our speculation, the probability is very low."

"After all, the one in the Galaxy World and the one in our Arlate Galaxy seem to be planning something."

"I even feel that these two high and mighty beings are probably laughing at everything that is happening here."

Lin Tianhao spoke indifferently and said:

"Since you know they are watching, why do you still come to me? Aren't you afraid that they will take action and kill you directly?"

"maybe."

The blurry figure smiled faintly and shook his head, "My real body has left the Alete Galaxy and has hidden deep in the starry sky. It should be safe for the time being."

"If this clone of mine is wiped out, my real body will flee without hesitation. I will not return to the Alite Galaxy, nor will I come to the Milky Way World."

Lin Tianhao said calmly, "Since you have escaped the control of those big shots, there is no need to take the risk and come here."

"There are too many people of my kind in the Arlet Galaxy. I can leave, but they can't."

"You are the master of the Mortal Palace. If one day you find that there is something wrong with this world, will you abandon the Mortal Palace, the people you care about, and leave directly?"

"Isn't what you are working hard for now to gain an opportunity for this world?"

Lin Tianhao remained silent. After a while, he asked:

"Then what? Since you think I'm not a reincarnation, then what am I?"

"A chess piece in the god-making plan." The blurry figure spoke lightly.

"God-making plan?"

"piece?"

The blurry figure nodded slightly and said:

"The God I'm talking about is not the same as the God you understand."

"I mean, the existence above the Heavenly Saint, or even the existence like the Creator God of our two worlds."

"So, I boldly speculate that you are not a reincarnation, but someone implanted your memory in advance."

"I don't know whether it is a deduced memory or a simulated memory, but the reason you are able to understand those opportunities and hate our Alite Galaxy is because some memories that do not belong to you have been implanted in your brain!!"

That's it.

The blurry figure paused for a moment before continuing:

"Perhaps you think that is your memory. I don't know from what perspective the memory was given to you. We previously speculated that it was a dream, but your hatred for our Alite Galaxy is obviously not as simple as a dream."

"so....."

There was a hint of certainty in the blurry figure's voice.

"Your memories come from...rebirth!!"

"Right? You think, you once fought against us, you saw us slaughtering humans, slaughtering your relatives and friends, right?!"

The blurry figure stared at Lin Tianhao with burning eyes, as if trying to determine whether what he said was correct.

"But now that you have reached your current state, you should know that rebirth is almost impossible."

"Even if the two of us from both worlds join forces, it is impossible for one world to go back too far in time."

"The simplest and most effective method is still memory implantation, with minimal investment and the greatest return!!"

Lin Tianhao was silent.

Because he did doubt his rebirth before.

After all, being reborn ten years ago is indeed too unbelievable.

"Then what?" Lin Tianhao said lightly.

"What do you want to say? The two people from the Arlate Galaxy and the Milky Way World joined forces just to train me?"

The blurry figure nodded slightly, "Yes and no."

"There are no absolute friends in this world, and there are no absolute reasons. They trained you. I can only think of one answer."

"One of them wants to take over your body, otherwise they would never allow countless lives in two worlds to sacrifice their lives to fulfill your wish!!"

"This so-called Ragnarok is sick. How do you think you level up by killing monsters? It's essentially a plunder of life!!"

"This was not intentional. Those guys you killed were real lives."

"They want to sacrifice the strong men from both the Galaxy and the Alet Galaxy just to help you grow up."

"When you really grow to a certain level, I will take over your body!!"

"I even suspect that the two of them did this because they were stuck in their current realm and couldn't break through."

"And you may be the key to their breakthrough!!"

Lin Tianhao frowned, the number of blurry figures seemed to make sense.

Two worlds, consuming countless lives, just to cultivate him?

Lin Tianhao himself could also feel that there seemed to be an invisible big hand behind him pushing his growth.

"If what you said was true, they should have noticed this, and you wouldn't even have the chance to say these words."

"They didn't stop it, which means your guess may not be correct."

The blurry figure gritted his teeth and said:

"But if they take action to stop it, doesn't that prove that what you said is true?"

"Besides, you didn't want me to remember this in the first place."

The blurry figure shook his head, and then said:

"It's your memory, it's impossible to hide it."

"Temporary forgetfulness is not a bad thing."

That's it.

The blurry figure paused for a moment before saying:

"In this situation, we can only save ourselves to get out of this and save all the lives in the two worlds."

Lin Tianhao shook his head and said:

"If you discuss this with me here, they will know about it. Besides, if it is really as you said, what can you or I change?"

"So what if they know what we are talking about here? As long as you are willing to cooperate, I can block them temporarily."

"In the face of beings like them, we don't stand much chance of winning, but I won't be willing if I don't give it a try."

Lin Tianhao glanced at the blurry figure meaningfully and said:

"I said, these things are not something we can change."

"Especially, the existence of Ragnarok prevents us from escaping from here."

The blurry figure was a little anxious, "Fight, we still have a chance of survival. If we don't fight, my real body can escape, but what about you? What about these creatures in the galaxy world?"

Chapter 1677 Time pauses, the blurred figure is extraordinary!

"When that happens, it won't just be the people of our Alet Galaxy who will die. Your Galaxy World won't be able to escape unscathed either."

Lin Tianhao's eyes were complicated as he listened to the words of the blurry figure.

Although the words spoken by the blurry figure seemed to be flawless.

But the fact that he is here, openly planning these things, is problematic in itself.

Even if it was really as he said, he could wait until the catastrophe came and take himself to the endless sky to discuss these things.

That way there would be a certain chance of avoiding the prying eyes of the two above.

"I think your purpose is more than that. You came to talk to me so blatantly. I think the higher-ups don't know about these things."

"You are not from the Arlate galaxy, right?"

Lin Tianhao stared at the blurry figure, "Who are you? You want to get a piece of the pie, right?"

The blurry figure shook his head, "I don't quite understand what you mean by that."

"Do you think I have the ability to block those two?"

Lin Tianhao smiled noncommittally, "I don't know, but being able to keep the time in this space stagnant is something that a mortal in the Alet Galaxy cannot do."

"You came to see me, but you don't know me too well."

"You think you can convince me with some information you have, but you are wrong. You underestimated me."

Hear this.

The blurry figure showed a look of surprise on his face.

Obviously.

He didn't expect that Lin Tianhao could actually discover that he had paused time here.

"If you look from the outside, you won't see anything unusual, nor will you be able to see your presence."

"That's why you asked me to forget you. If we can't come to an agreement, and I forget about you, then the people above us won't even notice you've been here."

The blurry figure stared at Lin Tianhao for a while.

"You are only half right. I did use the method of stopping time to pause this space and time."

"But it's true that I came to talk to you."

"I am not a mortal, but I was once a strong man who walked out of the Alete galaxy."

"I don't want to see the lives of the people in the Alete Galaxy being plotted against and killed by others, so... I'm here!!"

That's it.

The blurry figure changed the subject and said very seriously:

"and....."

"I didn't lie either."

"Your current situation really is like a chess piece, a chess piece that could be possessed at any time!!"

"Otherwise, it is impossible to explain why the founders of the two worlds would pay such a huge price to help you improve your strength."

Lin Tianhao hesitated for a moment and said:

"So, what is your purpose?"

"When you reach your level, it is impossible for you to personally take action without any benefits."

"If I tell you that I just want to save you, will you believe it?"

"What do you think?" Lin Tianhao asked back.

"But this is my purpose. You are so special, and you have two worlds to support you. I only need to save you at the critical moment and help you out of trouble, and that will establish a good relationship with you."

"And in the future, when you grow up, this good relationship will be of great benefit to me."

"The fact that the founders of the two worlds planned this means that your potential is higher than theirs, and your future achievements will also be higher than theirs."

Lin Tianhao still didn't quite believe what the blurry figure said.

"Being able to establish a good relationship with a being that may surpass the Source God in the future is a great benefit to me."

"What realm are you in?" Lin Tianhao asked.

"Not to the source god."

The blurry figure did not hide anything.

"But you should be able to see that although I haven't reached the level of Source God, I have come a long way in the way of time."

"As long as I am willing, there will be no problem in taking you away from the galaxy world after the catastrophe."

Lin Tianhao didn't answer.

Although what the blurry figure said made some sense, Lin Tianhao was still unwilling to believe him.

after all.

The God of the Source of Tao can possess his body, so can this guy also possess his body?

"Let's talk about it later. I can't believe what you said." Lin Tianhao said.

The blurry figure frowned and said:

"Snow Emperor, if you don't make a decision, you will suffer the consequences. You should understand this principle."

"I can't stay here for long, and I can't come here often."

Lin Tianhao raised his eyebrows and said, "If you are willing, you should show up again at the right time."

The blurry figure looked at Lin Tianhao meaningfully, and finally nodded and said:

"Think about it carefully, let's go!"

The blurry figure disappeared directly in front of Lin Tianhao, as if it had never appeared at all.

Lin Tianhao said nothing, nor did he look up at the sky, but pretended that this incident had never happened.

But deep down in Lin Tianhao's heart, he was already a little panicked!

What the blurry figure said seemed to make some sense.

At least.

Lin Tianhao's rebirth and the accumulation of so many resources seem to be able to be explained.

Cultivate him, take over his body, and then use his body to surpass the original limit of the source god realm.

However, this blurry figure probably doesn't just want to help him escape, it's likely that he wants to take over his body.

Not only that.

The fact that this blurry figure knew him so well also indirectly proved that he already had a layout in the galactic world.

The people in the galactic world now are nothing more than the natives of Ragnarok, the adventurers of Blue Star, and those guys from the Arlate Galaxy.

wrong.....

There are also some monsters from the endless starry sky.

When we were in the Heart Demon Ancient City, the monsters outside the Heart Demon Ancient City should have all come from the endless starry sky.

and so.

Who is conveying information to the blurry figure?

Someone from the Arlate Galaxy?

This probability is the highest.

After all, people from the Alate Galaxy have to cross the endless starry sky to come here.

And considering that the blurred figure can stop time, it doesn't seem to be difficult for the blurred figure to contact those guys in the Alate galaxy in advance.

but.

None of this is the crux of the matter.

The key issue now is, if what the blurry figure said is true, then... as the center of this vortex, as an existence that may be possessed.

What countermeasures should he take?

The source of the blue sky?

And what about the woman in the red dress in the Nine Netherworld?

They are all very, very powerful beings, but they may also be in the same group as the Source God of Tao.

It seems unlikely that I can ask them for help.

This...seems like a dead end!!

With his current strength and situation, he has no power to resist the God of the Source of Tao.

His rebirth was the result of someone simulating his memories and then implanting them into his mind.

Lin Tianhao indeed believed this.

After all, being reborn ten years ago, Lin Tianhao felt that even the God of the Source of Tao would not be able to do it.

Chapter 1678 Goodbye Hanba Wuxin!

After all, this is a timeline that affects two worlds at the same time, which is unrealistic in itself.

Especially since Lin Tianhao has already comprehended the saint's vision, he believes this even more.

The closer you are to the Tao, the more you understand that some imaginary things are more difficult to achieve.

Lin Tianhao looked towards the direction of the Devil's Sea, feeling a little heavy.

He worked hard for so long.

Tell him now that his efforts will only serve to benefit others.

Although it is not certain whether it is true or not, it is indeed very disturbing.

just.

Lin Tianhao's mentality was only affected for a moment, and his goal gradually became firmer.

Regardless of whether what the blurry figure said was true or false, he had already embarked on a path of no return.

This means he has no choice!!

If the source of the Tao was really behind this, with the purpose of taking over his body, then what could he do? What could he change?

It seems... nothing can be changed.

The road he is going to take is destined to be bumpy.

Whatever the outcome, his belief cannot be changed.

Whether true or false.

What Lin Tianhao is going to do now will not change.

"Whether the memory is implanted or it really happened, I have already died once, so why should I be afraid?"

Lin Tianhao shook his head secretly.

Just like the Blue Star before, many people say that it can be proved from many aspects that Blue Star is fake, and they may just be a piece of code!

Everything they are experiencing now may be controlled by so-called "players", or it may be a programmed world where their life is already determined.

But so what?

Do you really need to explore these things and cause yourself more trouble?

It is not wise to worry about uncertain things in advance.

not to mention.

Lin Tianhao felt that the blurry figure had bad intentions.

and so.

Why does he care so much?

Take one step.

Lin Tianhao came to the Devil's Sea.

Before setting foot in the Devil's Sea, the demonic energy rising into the sky rushed towards Lin Tianhao.

"Ding, you are corroded by the evil spirit, your health points -0.5."

"Ding, you are corroded by the evil spirit, your health points -0.5."

.....

Lin Tianhao did not stop and continued walking towards the Devil's Sea.

As his Heaven-Devouring and Earth-Devouring Power unfolds, these evil spirits can also be devoured by him to strengthen himself.

"Ding, you have swallowed the magic energy, magic energy resistance +10, free attribute points +10."

"Ding, you have swallowed the magic energy, magic energy resistance +10, free attribute points +10."

.....

The reminder sounds are incessant.

Lin Tianhao expanded the range of swallowing, and a large amount of demonic energy was swallowed by Lin Tianhao. Lin Tianhao's free attribute points began to increase at a speed visible to the naked eye.

As Lin Tianhao continued to go deeper, the demonic energy became more and more dense. The demonic energy rising into the sky from the Devil's Sea actually gave Lin Tianhao a feeling of being endless and inexhaustible.

At this moment.

There was murderous intent in the demonic energy, and a blood-colored bone spur flew towards Lin Tianhao at a high speed.

just.

The bloody bone spur hovered there before it reached Lin Tianhao, and then slowly disintegrated.

"Ding, you swallowed the bloody bone spur, armor +100, magic resistance +100, free attribute points +100."

Lin Tianhao had a calm expression. He raised his hand and reached down.

The sea water parted its five fingers, as if a huge invisible hand reached into the sea water.

Followed by.

From the inky black sea water, a huge monster covered with bone spurs was caught in Lin Tianhao's hand.

The eyes of this bone spur monster were bloodshot, and the moment it was caught by Lin Tianhao, a large number of bone spurs flew towards Lin Tianhao.

Lin Tianhao remained calm and continued to block the attack of the bone spurs first, and then devour them.

"Ding, you swallowed the bloody bone spur, armor +100, magic resistance +100, free attribute points +100."

"Ding, you swallowed the bloody bone spur, armor +100, magic resistance +100, free attribute points +100."

.....

The prompt sounds continued to ring, and Lin Tianhao's attributes began to continuously improve.

"Ding, congratulations, you have successfully killed the Blood Bone Sea Demon. We will announce it to all servers soon. Do you want to hide your name?"

"no!"

"Announcement to all servers, congratulations to player Xue Di for successfully killing the Blood Bone Sea Demon. We hereby announce this and hope all adventurers will keep up the good work!!"

.....

"Ding, you have successfully devoured the Blood Bone Sea Demon, Armor +50000, Magic Resistance +50000, Magic Resistance +20000, Free Attribute Points +10000."

Lin Tianhao continued to move forward, and the demonic energy became thinner and thinner as he swallowed it.

Lin Tianhao's resistance to demonic energy is also increasing.

The power to swallow the sky and the earth was further demonstrated.

It has great destructive power and can provide benefits to Lin Tianhao.

along the way.

Lin Tianhao killed more than 100,000 monsters and the benefits he gained were immeasurable.

Killing people all the way, Lin Tianhao's attributes and levels were improving, but there was no trace of Devil Island.

even.

It made Lin Tianhao wonder whether Devil Island would appear again.

Just as Lin Tianhao was thinking about this, a beam of fire shot up into the sky from the sea level in front of him, tearing open the sky and dispersing the evil spirit.

"The power of the origin of fire!!"

Lin Tianhao has already mastered the power of the Dao of Fire. Now, when he senses the power of the origin of fire, he instantly feels an impulse.

He wanted to intercept the power of the origin of fire. After all, all laws will ultimately pursue the power of the original law.

And now.

The power of the original law that Lin Tianhao possesses is very, very little.

"You have already reached the peak of your Dao body and are already invincible, so why did you try to steal my rootless heart fire?"

An angry questioning voice came from the depths of the sea.

Followed by.

A powerful force of rules rushed in all directions.

Lin Tianhao formed seals to resist, but found that the blood in his body had stopped flowing.

Flesh and blood began to turn into liquid.

Lin Tianhao narrowed his eyes slightly. The person who made the move was very strong, extremely strong.

"Saint Vision, open!!"

Lin Tianhao had no choice but to activate the saint's vision.

Use the power of the saint's vision to fight against the power of rules.

And in front, a figure wrapped in flames broke through the blockade of black sea water and flew towards Lin Tianhao at a high speed.

"Palace Master, save me!!"

A familiar voice came.

Lin Tianhao's expression changed slightly.

"Hanba has no heart!!"

After Hanba joined the Fan Palace and became the Wuxin Elder of the Fan Palace, he has been unknown.

Lin Tianhao didn't expect that he would meet Hanba Wuxin here.

"Don't meddle in other people's business, or I will kill you too!!"

Countless black iron chains flew out from the black sea water and blocked Hanba Wuxin.

Lin Tianhao frowned slightly. After all, Hanba Wuxin was a member of his Mortal Palace. How could he just sit back and watch?

"Break it for me!!"

The vision of the saint behind Lin Tianhao reappeared and crashed into the black chains.

Chapter 1679 Wen Suyao appears and Yuanshen disappears!

"Rumble--"

In an instant, the sky collapsed and the earth cracked, and the sea water was blown up to a height of thousands of feet by Lin Tianhao.

And those black iron chains didn't even have the slightest crack.

"It's so terrifying!!"

Lin Tianhao's expression suddenly changed. The situation here really made Lin Tianhao feel a little unbelievable.

"Return to the company?"

"Transfer the damage borne by the black iron chain to the sea, and use this vast sea water to bear the damage." Lin Tianhao murmured to himself.

"Hahaha, you have quite a keen eye, boy."

From the sea, a tall demon with two heads and four arms stepped out.

"Boy, you have slaughtered many monsters in our Devil's Sea. They were just trash. You just killed them."

"But this guy stole my rootless heart fire. This matter cannot be counted."

Lin Tianhao smiled and said, "You don't act like a devil at all."

Hear this.

The four-armed, two-headed monster sneered and said:

"You said I was a demon, but aren't you already a demon yourself?"

"Give me back my rootless heart fire, and everything will be fine."

Lin Tianhao shook his head and said:

"It's still impossible to return it. If you want it, then come and get it yourself."

Hear this.

This four-armed, two-headed monster laughed in anger.

"Hahaha, good, that's great. I never thought that there would be someone who would dare to say that to me in this Devil's Sea."

As the four-armed, two-headed monster's voice fell, the black sea water turned into a huge whirlpool, trying to pull Lin Tianhao and Hanba Wuxin in.

At the same time as Lin Tianhao started to devour the sky and the earth, the saints' visions were also activated one after another to fight against this force.

"My Lord, do not resist. Go!"

Hanba's unintentional message entered Lin Tianhao's mind.

Lin Tianhao's expression remained unchanged, and he continued to activate the saint's vision.

But the saint's vision seemed to be not powerful enough and was pulled into the black vortex.

Hanba reminded him unintentionally, which made Lin Tianhao somewhat uncertain about her purpose.

But she has already joined the Fan Palace, and it is impossible for her to harm herself.

and so.

Only then did Lin Tianhao decide to be pulled down by the whirlpool of sea water.

When being pulled to the deep end by the whirlpool of sea water, Lin Tianhao only felt the space rippling and the power of rules around him were also changing.

After everything calmed down, Lin Tianhao noticed that he had appeared in a huge skull.

"What is this place?" Lin Tianhao looked at Hanba Wuxin.

"A place where one can hide from the prying eyes of heaven."

The one who answered Lin Tianhao was not Hanba Wuxin, but the four-armed, two-headed monster.

"Were you acting just now? Was your purpose to bring me here?" Lin Tianhao asked.

Hanba Wuxin nodded slightly and said:

"Well, there is nothing we can do about it. Otherwise, the Heavenly Dao will spy on us and many of our things will fail."

Lin Tianhao frowned, "What's going on?"

"My Lord is missing, and I can't contact him. Moreover, I found that the Heavenly Dao of the Galaxy World has betrayed my Lord."

A familiar voice came.

Followed by.

Lin Tianhao saw someone he never expected.

Wen Suyao!!

This was his teacher at the Godkilling Academy, and he was also the one who could communicate with the God of the Source of Tao.

"Tian Dao betrayed him, what does he want to do?" Lin Tianhao asked.

"Achieve the eternal realm."

Wen Suyao said seriously:

"The Heavenly Dao of the Galaxy World has been stuck at the peak of the Heavenly Dao Saint Realm for many years. Now that the Master is missing, he has seen hope."

"Under the instigation of the Alet Galaxy, he betrayed the adults. As long as the Galaxy World is finally destroyed, he can completely control the Heart of the World and the Supreme Gem of Heaven, and then he can enter the realm of eternity."

"By then, no one in the entire galaxy will be able to contend with him."

Lin Tianhao frowned. This was a bit too much information.

The blurry figure that came to find him before, guessed that the Source of Tao God wanted to take over his body.

Now Wen Suyao says that the Source of Dao has disappeared and the Heavenly Dao is in control of the situation.

"What should we do to change this situation?" Lin Tianhao asked.

Wen Suyao said solemnly, "The Lord of Luotian has left. Now you are the only one who can save the Galaxy World."

"We will find a chance to send you away from the galactic world after Ragnarok merges with reality."

"You need to find an adult, or... grow up to the level of an adult yourself."

"Then come back and conquer the Heavenly Dao of the Galaxy World."

Lin Tianhao frowned and said:

"If I leave, what will happen to these people in the Galaxy World?"

"It's fine."

"A world without living things is a dead world, and it is of little use."

"So, neither the Heavenly Dao of the Galaxy World nor the people of the Alite Galaxy can wipe out all the living beings in the Galaxy World."

"The most we can do is reincarnate and transform them, so that they can forget their memories and start a new life."

"As long as the master returns, or you reach the realm of the source god, changes will naturally be made."

Lin Tianhao was silent for a while before he asked:

"When did the master disappear?"

"I lost contact with you half a month ago. You may have disappeared even earlier."

"I know your trajectory, and I presume you will end up in the Devil's Sea when you return from the Heavenly Palace."

"Therefore, I brought this alien skull from the Eternal Realm to block the Heavenly Dao and discuss countermeasures with you."

Lin Tianhao frowned. As it stands now, even if what Wen Suyao said was true, he could not leave the Galaxy World.

That blurry figure should be lurking outside the galaxy world.

With that method of stopping time, it is difficult for Lin Tianhao to compete with him.

"Now that the gods can't take action, we may not be without a chance..." Lin Tianhao said.

"Without the restraint of adults, how could there be no gods to take action?"

"Heaven will definitely arrange for the gods to come back, even saints!!"

"By then, the gods and saints of the Alet Galaxy will be defeated. No matter how powerful you are, you will not be able to turn the tide!!"

Lin Tianhao's expression changed. This was indeed a bit troublesome.

Wen Suyao is the confidant of the God of the Source of Tao, so what she says should be credible to a certain extent.

Coupled with the presence of the blurry figure, Lin Tianhao believed even more what Wen Suyao said, that the Source of Tao had disappeared.

After all, if the Source of Tao was there, there was a high probability that the blurry figure would be discovered by the Source of Tao even if there were means of time prohibition.

"Where is the Lord of Qingtianyuan?" Lin Tianhao asked.

"What Qingtianyuanzhu?" Wen Suyao looked at Lin Tianhao in confusion.

"You do not know?"

"That shouldn't be the case. The Blue Sky Origin Master appeared before you disappeared, and the Blue Sky Origin Master's realm is most likely not weaker than yours."

"How could this happen?!"

"A source god who is not weaker than you has appeared in the galaxy world. It is impossible for him not to be discovered."

"Moreover, with your level, how do you judge that he is not weaker than you?"

Chapter 1680 The young man in black robe!

Lin Tianhao was silent.

After a while.

He frowned and said, "It's just speculation, but you have no idea about this, which is indeed beyond my expectation."

Wen Suyao said seriously:

"I really don't know, but if what you said is true, then the disappearance of the adults is very likely related to this Qingtian Yuanzhu you mentioned."

Lin Tianhao didn't know what to say.

Because the information he received was that Qingtian Yuanzhu looked exactly like his sister Lin Tianhao.

In other words.

The Lord of Qingtianyuan has a close relationship with his sister.

If it was because of the Lord of the Blue Sky Source, this led to the disappearance of the Source God of Tao.

What is the position of the Lord of Qingtianyuan?

Or...

It was just as the blurry figure said, the God of the Source of Tao really wanted to take over his body.

In order to save himself, the Lord of Qingtianyuan used some means to make the Source God of Tao disappear.

If explained this way, there seems to be no problem.

And the betrayal of the Heavenly Dao was purely an accident.

The God of the Source of Tao disappeared, and the Heavenly Dao of the Milky Way World was instigated by the people of the Alite Galaxy to choose to rebel in order to pursue a higher realm.

If you think about it from this perspective, then the information he has received recently completes the loop.

Why just say it is information received instead of saying it is what happened?

that's because.....

Whether it was the blurry figure or what Wen Suyao said, Lin Tianhao couldn't confirm whether it was true or false.

Just like whether the God of the Source of Tao is really missing, and whether the Heavenly Dao of the Galaxy World is really betrayed, these are all Wen Suyao's one-sided words.

Is it worth his trust?

Lin Tianhao was not sure, and he could not reach the existence at that level of Source God now.

But the Lord of Qingtianyuan has a close relationship with his sister, and she is unlikely to harm him.

But this is also not an absolute thing.

Headache!

Lin Tianhao never thought that one day he would encounter such troublesome things.

"Xuedi, I know it's hard for you to accept it in a short time. You still have time to think about it. Even if you want to leave, you have to wait until Ragnarok merges with the real world."

Lin Tianhao nodded slightly. It was difficult for him to figure out these things in a short time.

All he can do now is to become as strong as possible and learn as much information as possible.

"You should all know the purpose of my coming to the Devil's Sea this time. I am going to Devil's Island!"  
Lin Tianhao said.

"Well, let's go."

Wen Suyao nodded, "But... we should do our best to avoid letting Tiandao see any flaws."

Hear the words.

Lin Tianhao couldn't help but ask curiously:

"I disappeared for a while under the surveillance of the Heavenly Dao. Will the Heavenly Dao not be suspicious?"

"Maybe. This is the Devil's Sea. With the addition of Hanba, the power of the two original laws will burst into battle. It is difficult to spy on them."

"and."

"Even if he suspects it, he doesn't know what's going on here."

"In this galactic world, there are still some means to block the consciousness of the Heavenly Dao."

Hear this.

Lin Tianhao didn't think any more and turned away.

Hanba Wuxin, Lin Tianhao, and the four-armed, two-headed monster rushed out from the bottom of the sea.

"Xue Di, I will remember this account and will not settle it this way."

The four-armed, two-headed monster merged into the sea and disappeared completely.

Lin Tianhao frowned, "There is indeed some trick. I didn't expect this guy to be so powerful."

This is half true and half false.

Just now, this four-armed, two-headed monster really avoided Lin Tianhao's detection after merging into the black sea water.

as if.

There was only sea water in front of him. The four-armed, two-headed monster had completely disappeared.

But Lin Tianhao knew that the disappearance of anything could be traced and tracked.

He was unable to detect and track the other party, which only meant that his realm was not high enough, so he did not discover the other party.

"What are you going to do with the rootless heart fire?" Lin Tianhao looked at Hanba Wuxin.

Since he had to act out the whole play, Lin Tianhao naturally needed to ask.

"I am cultivating the way of fire. This rootless heart fire is very useful for my cultivation. Naturally, I want to seize it."

"Especially since the Cataclysm is coming, I need to make some preparations."

That's it.

Hanba Wuxin glanced at Lin Tianhao meaningfully and said:

"Not only me, but you, Lord Palace Master, should also be prepared. This catastrophe is by no means simple."

Lin Tianhao nodded slightly and said:

"understood."

As if she saw what Lin Tianhao was thinking, she smiled faintly and said:

"Master Palace Master, I have other things to do, so I will take my leave first."

"I haven't found the Devil's Island you're looking for, but according to the information I've learned, the Devil's Island is not on the sea, but in the underwater world."

"These seawaters have been corroded by demonic energy for a long time. If you go into the sea, you should be careful."

"I understand." Lin Tianhao said.

Watching Hanba Wuxin leave, Lin Tianhao looked at the boundless black ocean with mixed feelings.

There are Heavenly Punishment equipment on Devil's Island, and this Devil's Island is hidden deep under the sea, so it probably won't be easy to find.

Lin Tianhao stepped directly into the black ocean without any hesitation.

Swallow the Heavens and Devour the Earth with all your strength.

The sea water, demonic energy, even some reefs and low-level monsters on the seabed were all quickly devoured by Lin Tianhao's Heaven-Devouring and Earth-Devouring Power.

"If the Heavenly Dao has really rebelled, I'm afraid my trip to Devil Island won't be very smooth."

Lin Tianhao thought secretly.

"But Tiandao should not be able to attack me personally, otherwise he would have done it long ago."

"But as long as the Heavenly Dao can't do it himself, who can stop me?"

While Lin Tianhao was still thinking about it, he felt some changes in the surrounding sea water.

Followed by.

The sea water began to squeeze towards Lin Tianhao frantically.

"Unbelievable!"

Lin Tianhao didn't even need to use the power of the saint's vision. He could block all this force just by expanding his domain.

"come out!"

Lin Tianhao let out a low shout, pointed his sword finger, and slashed out at will.

An ice-blue sword energy slashed out, tearing apart the black sea water and freezing it.

In this black ocean, a crack hundreds of miles long was torn open.

And this crack was frozen by ice and could not be closed.

At the end of the rift, there was a barefoot young man in a black robe.

His face was ferocious, his eyes were bloodshot, and he exuded a fierce aura.

"So you are really here."

The young man in black robe raised his head, and a strong murderous intent burst out from him.

"He is not a creature from the Milky Way world." The voice of the Lord of Nine Netherworlds sounded in Lin Tianhao's mind.

Lin Tianhao remained unmoved, and enveloped the black-robed young man with his power of swallowing the sky and devouring the earth.

No matter where this young man in black robe comes from, if you block his way, you will die!

The moment Lin Tianhao locked onto the black-robed young man, he felt a strong sense of crisis.
