

## O games 1721

Chapter 1721 Either fight, or...get away!

"return?"

"I got something with my own ability, so shouldn't it be mine? Why should I give it back?"

Daozu Hongjun said as a matter of course.

"Don't look at me like that. I learned this from my little brother Xue Di."

Lin Tianhao: "???"

no! !

I'm just an invisible person in the corner, is there any need to involve myself?

"Jiu Yan, just tell me, are you going to return those origin laws or not?"

"You yourself are not capable enough to comprehend the fundamental laws, yet you forcibly intercepted the fundamental laws of our magic world. This is simply going too far!!"

When Daozu Hongjun heard this, he couldn't help but laugh.

"It is indeed difficult to comprehend the law of origin, but if you say that I can't comprehend it, then you underestimate me."

Saint Zhenlei immediately responded:

"Since Jiuyan, you have already comprehended the origin law, can you help return the origin law of the magic world?"

Daozu Hongjun nodded slightly and said seriously:

"Yes, there will definitely be no problem."

"But I still say the same thing, why should I return what I got by my own ability?"

"How about you guys take it based on your ability?"

Daozu Hongjun's words were very plain, but they made Zhenlei Saint look extremely ugly.

"If I could beat you, why would I still be here talking nonsense with you?"

Lin Tianhao is also a person who often blackmails... No, he is a person who often does business with others.

As soon as Lin Tianhao heard what Daozu Hongjun said, he knew.

Daozu Hongjun wants to make a deal with True Thunder Saint.

as predicted.

Daozu Hongjun said calmly:

"If you want the Law of the Origin of Thunder, you need to exchange it for something of equal value."

"You can't let me give you something I worked so hard for for nothing, right?"

"Jiu Yan!!"

Saint Zhenlei angrily rebuked:

"Those fundamental laws were taken away by you by force, so you should return them."

Daozu Hongjun raised his hand, and a ball of thunder power gathered in his palm.

When Saint Zhen Lei saw this scene, excitement immediately appeared in his eyes.

"The Law of the Origin of Thunder!!"

Daozu Hongjun chuckled and nodded, "Yes, this is the law of the origin of thunder. Do you want it? You can come and take it by force. If you can take it by force, this thing is also yours!!"

The role of True Thunder Saint is very ugly.

grab?

That's simply impossible.

Even if several other saints from the magic world were to come in person, it would be almost impossible to compete with it.

"True Thunder Saint, Jiu Yan is willing to give it to us, which is already quite good. Do you really think he will give it to us for free?"

"If that were the case, he wouldn't be Jiu Yan."

An old man holding a staff walked over.

Hearing his words, Lin Tianhao touched his nose with a strange expression.

It seems that what the reincarnated incarnation of Daoist Patriarch Hongjun did here should be similar to what he did in Ragnarok.

But the Taoist Hongjun was even more ruthless and intercepted the original laws of this world.

"Tell me, Jiuyan, what do you want?" True Thunder Saint also knew that it was impossible to obtain the original law for nothing.

The reason why he said that just now was mainly because he was worried that Daozu Hongjun would ask for too much.

"We are all old friends, so I won't mess around. I want 10,000 spiritual fruits of each attribute."

Hear this.

The True Thunder Saint, and even the old man who appeared later, all had their roles suddenly changed.

"Jiu Yan, I thought you would ask for a high price, but I haven't asked for such an exorbitant price like you do."

Daozu Hongjun poured himself a glass of wine and took a sniff.

"Ku Yue, this wine is still not as good as the one you brew. Hurry up and take out your Zui Bai Li and let me, your little brother, have a taste."

The old man's face became even uglier when he saw that Daozu Hongjun simply ignored his words and even started talking about wine.

Saint Zhenlei hesitated for a moment, gritted his teeth and said:

"Jiu Yan, you want too much. Three thousand is the limit we can give you."

however.

Daozu Hongjun simply glanced at them and rebuked:

"The conditions have been stated. Either fight, or... get out!!"

"Don't disturb us while we're drinking and having fun."

Daozu Hongjun's words, which were so directly offensive, made Zhenlei Saint's face turn pale.

After all, he is a powerful person at the level of a saint. Normally, who would dare to speak to him like this?

"Don't be an eyesore here, go out and think about it carefully. If you can't figure it out, don't come back!!" Daozu Hongjun didn't give any face at all.

Saint Zhenlei wanted to say something, but the old man stopped him.

"Okay, Jiuyan, let's go down and think about it carefully."

After True Thunder Saint and the old man left, Lin Tianhao directly gave a thumbs up to Taoist Ancestor Hongjun.

"Those two people just now, are they both powerful saints?"

Daozu Hongjun nodded gently, "Well, the saint is a saint, but the food is also really bad."

Lin Tianhao smiled bitterly.

However, Daozu Hongjun is qualified to say this.

After all, Daozu Hongjun is an existence that can easily kill the saint of Heavenly Dao.

"Is Daozu sure that they will agree?" Lin Tianhao asked.

Daozu Hongjun shook his head, "No."

"I am sure they will not agree."

"But they will not give up the power of the origin law in my hands."

Hear the words.

Lin Tianhao was slightly startled, "Could it be possible that they would take action?"

Daozu Hongjun chuckled and nodded, "Why not?"

"My clone back then was only at the mid-stage Saint level. Now, thousands of years have passed, and they have all grown."

"I guess they will think that I am now at the peak of the Saint level, and as long as they can attract a few more Saints, they will be able to compete with me."

That's it.

Daozu Hongjun chuckled and said, "But as long as they make a move on me, then I can legitimately get what I want."

Lin Tianhao nodded secretly. This was to use the information gap to lure True Thunder Saint and others into taking action.

If they take the initiative to attack, then Daozu Hongjun will not only not be affected by the cause and effect, but will also be able to blackmail them with justification.

can only say.

Daozu knows how to have fun!

"Let's not talk about them, let's try Zui Baili." Daozu Hongjun said with a smile.

"This is good stuff, otherwise, if I had a good relationship with Ku Yue, you wouldn't have the chance to drink such good wine."

Daozu Hongjun poured a cup for Lin Tianhao and handed it to him.

Lin Tianhao took the wine glass, smelled the aroma of the wine, and was quite surprised.

Because just by smelling the wine, he gained free attribute points.

"Ding, you got +3 free attribute points."

"Ding, you got +3 free attribute points."

.....

Lin Tianhao took a sip. He actually didn't know much about white wine.

The only feeling is whether it is spicy or not.

But after taking this sip, Lin Tianhao really felt the fragrance lingering on his lips and teeth, and his whole body even began to exude the aroma of wine.

"Ding, you drank Zui Baili, free attribute points +100 million!!"

Chapter 1722: Shocking news: Daozu has an illegitimate child!

Lin Tianhao looked at the wine glass in his hand and felt a little surprised.

Just this small glass of wine actually increased his free attribute points by one million! !

It's true... drinking alcohol can make you stronger! !

"How is it?" asked Ku Yue.

"Very good, thank you Senior Ku Yue for the wine." Lin Tianhao said respectfully.

"No need to be so polite."

Ku Yue shook his head and smiled:

"Daozu calls you little brother, so you are older than me."

Lin Tianhao smiled awkwardly and said:

"Senior, please don't take it seriously. This is all because of Daozu's kindness."

"okay."

Daozu Hongjun waved his hand and said, "When drinking, let's not talk about seniority. Today we are just friends regardless of age."

"Come on, let's have another drink!"

"Okay, let's do it!!"

Lin Tianhao didn't drink much originally, but since Zui Baili could increase his free attribute points, Lin Tianhao couldn't help but drink a few more glasses.

After drinking a lot, Lin Tianhao even felt a little dizzy.

"This wine... is a bit intoxicating." Lin Tianhao sighed.

Ku Yue and Daozu Hongjun smiled at each other, "You, for that few free attribute points, drank more than the rest of us."

"Drinking can make you stronger, so it's inevitable to drink a few more glasses." Lin Tianhao said with a smile.

"It's great to be young, and to have such a strong motivation to pursue higher realms." Ku Yue said.

Lin Tianhao cupped his hands and asked drunkenly:

"I still don't know what realm Senior Ku Yue is in."

"Me? Just an ordinary person." said Ku Yue.

Hear this.

Lin Tianhao felt that he was a little sober now.

Ku Yue lived in the same era as Daoist Patriarch Hongjun. In Daoist Patriarch Hongjun's era, even a pig could become a god as long as it did not die prematurely.

But Ku Yue actually said that he was a mortal.

"Don't disbelieve me, Ku Yue. She is really a mortal."

Daozu Hongjun seemed to see the shock in Lin Tianhao's heart and explained with a smile.

"There is still a huge gap between mortals."

"Just like you, Snow Emperor, you are also a mortal, but ordinary God Emperors should not be your opponent."

That's it.

Daozu Hongjun's gaze fell on Ku Yue.

"Ku Yue, how many tribulations have you gone through? Have you really never considered becoming a god?"

"Thirty-two thousand five hundred and sixty-five kalpas."

Ku Yue said with a smile:

"I don't feel anything now. It seems I have reached my limit. If I still don't feel anything after the next catastrophe, I should be able to become a god."

What?

Lin Tianhao couldn't believe his ears.

How many disasters have you experienced?

More than thirty thousand kalpas?

So abstract?

"If a mortal cannot become a god, his life span will never be enough. If he wants to live forever, he needs to survive the catastrophe."

"Every time you overcome a tribulation, your life and soul will be transformed, which can increase your lifespan."

Daozu Hongjun seemed to be afraid that Lin Tianhao didn't understand, so he explained.

"Ku Yue wanted to pursue the ultimate in every realm, so she stayed in the mortal realm for such a long time."

Ku Yue put down the wine glass in his hand and said with a smile:

"Xuedi, do you want to follow the same path as me?"

"If one can reach the ultimate level in the realm of mortals, one can even compete with the Heavenly Dao Saints."

"And this way the foundation will be extremely solid, and the ceiling in the future will be higher."

Lin Tianhao hesitated to speak, and finally said helplessly:

"But I can't wait until then. It's been too long."

If Daozu Hongjun had not appeared, Lin Tianhao would have most likely become a god after the thirteenth transformation.

But now.

He couldn't even complete the twelve turns.

"Ku Yue, please stop teasing my little brother. Can your cultivation method be replicated?"

Daozu Hongjun said angrily:

"It's you, who else can withstand more than 30,000 disasters?"

"Especially the disasters that come later, even a saint might not be able to withstand it."

Lin Tianhao was secretly shocked when he heard this.

If what Daozu Hongjun said is true, then the real fighting power of this mortal Ku Yue is probably even higher than that of a saint.

It is incredible that a mortal possesses fighting power greater than that of a saint.

At this moment.

The door of the private room was pushed open again.

Outside.

He is a boy of about sixteen or seventeen years old.

He glanced at the dancers dancing in the private room, and a hint of anger appeared on his face.

"I thought you would never come back."

When Daozu Hongjun saw the person coming, his eyes couldn't help but be complicated.

"Didn't we agree not to meet? Why are you here?" asked Daozu Hongjun.

The boy sat down on the sofa carelessly.

"I came here to ask you to take my immortality."

"There's no meaning in living anymore."

Lin Tianhao was a little surprised. Daozu Hongjun granted immortality to this young man, but it seemed that this young man did not want this immortality.

"It's better to die than live."

Daozu Hongjun frowned and said:

"Eternal life is something that countless people dream of, and you actually want to give it up."

The boy scoffed, "That's what you consider precious, not me."

"Didn't you also want mother to live forever? But mother was suffering."

Daozu Hongjun was silent.

Lin Tianhao was very surprised.

This news is quite explosive!!

The young man in front of me... seems to be the illegitimate son of Daozu Hongjun!!

"Have you never thought about using your immortality to pursue a higher realm?" asked Daozu Hongjun.

The boy shook his head, "I thought about it, but then gave up."

"Because I found that the path of becoming strong is destined to be lonely, especially for an immortal like me who is on the path to becoming stronger. It is even more lonely."

"Your immortality makes it impossible for me to die. To me, it is a pain and not what I want."

to be frank.

From Lin Tianhao's perspective, there seems to be nothing wrong with immortality.

especially.

If someone is immortal and cannot be killed by others, doesn't that mean he is invincible?

Maybe people's ideas are so different from each other.

"The easier it is to get something, the less we value it."

Ku Yue spoke softly.

Lin Tianhao actually wanted to say this as well.

But thinking that this young man might be the illegitimate son of Taoist Ancestor Hongjun, he did not say it, but Ku Yue said it instead.

"What you consider precious may not necessarily be what others consider precious."

The boy's voice was powerful.

"I may be very young in front of you, but I have seen the ups and downs of the past seven thousand years. The decisions I made were not made on impulse."

Daozu Hongjun sighed helplessly and said:

"It's not that you don't want immortality, it's that you don't want the immortality I give you."

"You still hate me!"

The young man remained silent, but a murderous look flashed across his eyes.

"Why can't I hate you? You obviously..."

That's it.

The young man paused and waved his hand:

"You are high and mighty, playing with the world, and yet you inflict harm on others."

"You... have no gain and no love, you... don't deserve to be in your current state at all!!"

Chapter 1723 7-year-old giant baby!

Ku Yue frowned, with anger flashing in his eyes.

Without waiting for her to speak, Daozu Hongjun waved his hand and said:

"You came here, probably not just to ask me to take back your immortality!"

The young man nodded and said seriously:

"You are sorry to me and my mother, but I hope you can be worthy of this world."

"Return the nine original laws that you stole. These are things from the magic world, you shouldn't steal them. They are not yours alone!!"

There was finally a bit more anger in Daozu Hongjun's eyes.

"It seems that they taught you a lot when I was away!!"

The words are simple though.

But Lin Tianhao could already feel the solidifying air around him.

Daozu Hongjun is a little angry!!

Someone must have instigated this young man to have such an attitude towards Daozu Hongjun.

He even came directly to him to ask for the nine original laws.

"If you don't teach me, my godfathers will teach me."

"how?"

"You don't fulfill your responsibilities as a father, and you don't allow me to recognize someone else as my godfather?"

The young man's powerful words made Lin Tianhao feel like the world was about to be destroyed!

With the strength of Daozu Hongjun, it is really possible to destroy the galaxy world.

"Father?!"

Daozu Hongjun showed a smile that was cold to the bone.

"How old were you when I left you? Seventy-eight, I guess!!"

"I haven't fulfilled my responsibilities as a father?"

"Or are you still a giant baby even though you are seven thousand years old?!"

Daozu seemed to be really angry when he said this.

"A normal person would have children and grandchildren by the time they are 70, but you are 70 and you still blame me for not fulfilling my responsibilities as a father!!"

"For seventy-eight years, I granted you immortality, taught you how to practice, and helped you become a god. Did you turn a deaf ear to everything I taught you about how to behave?!"

Seeing Daozu Hongjun's furious look, Lin Tianhao hesitated to speak.

Look.

Every old father will get angry and go crazy when facing his useless son.

"You owe me that, and you owe my mother that. Do you think I will be grateful to you for doing that?!"

"What's the point of your making up? My mother is already dead, you're just pretending to make yourself feel better!!"

Listening to the boy's words.

Lin Tianhao just wanted to say...it must be a seven thousand year old giant baby!

It is said that if a person lives for a hundred years, he will become a wise man.

Although these practitioners spend most of their time in seclusion, it may be longer than this.

But he can't be seven thousand years old, he's still a giant baby!!

"Every wrong has its perpetrator and every debt has its creditor. It is inevitable that one will be influenced by the teachings of a saint." Ku Yue said lightly.

Lin Tianhao also guessed some of it.

A big part of the reason why the illegitimate son of Daozu Hongjun has become what he is now is because of the "teachings" of other saints in the magic world.

If so...

Lin Tianhao just wanted to say one thing.

They are about to make a big splash.

Before coming to the magic world, Taoist Hongjun had easily destroyed two saints of the Heavenly Dao.

and.

According to Lin Tianhao's estimation.

Both Zhunti and Jie Yin are supreme beings in Buddhism with profound knowledge of Buddhist teachings. Even among the saints in heaven, they are definitely not the weakest.

But they were easily suppressed in front of Daozu Hongjun.

In the end, if they had not escaped into the long river of time, they would have died.

Maybe... he has already died.

After all, escaping into the long river of time is a matter of life and death.

Even if you are a saint of the Heavenly Dao, the chances of survival are slim.

"I am not influenced by anyone. I follow my own path. What I do is my own choice and has nothing to do with others!!"

Lin Tianhao was really dumbfounded.

That's it?

You told me that this young man is seven thousand years old?

Seven years old is about right!!

Anyone over seventeen years old would not say such stupid things.

"You dare to do it, dare to say it. Should I really thank your good godfathers?"

"Can you tell me who your godfathers are?"

"Let me guess, the Saint True Thunder and Saint Autumn Wind who just came are there, right? Or should I say, the nine saints of this magic world are all your good adoptive fathers?"

The young man snorted coldly, "Old man, don't talk nonsense to me. Now I am talking to you about the origin law."

"Just one word, the law of origin, are you going to give it to me or not?!"

Daozu Hongjun waved his hand and rebuked:

"No!!"

"Don't those nine little guys want it? Let them come and get it themselves."

Lin Tianhao looked at the young man with a strange expression.

Twelve out of ten things are wrong.

Is this young man really a 7,000-year-old giant baby?

Or.

Is he playing a double act with Daozu Hongjun?

After all, Daozu Hongjun needs a suitable reason to take action against the saints in the magic world.

This young man does look a little bit unintelligent, but he is already seven thousand years old after all. How can a normal person say such stupid things?

and.....

the most critical.

If he was taught by the nine saints in this magic world, he shouldn't speak like this.

This can be seen from the attitudes of Saint Zhenlei and Saint Autumn Wind before.

They didn't seem to want to offend Daozu Hongjun to death.

Or rather.

They actually didn't want to fight with Daozu Hongjun.

If that is the case, why would the illegitimate son of Taoist Patriarch Hongjun be educated like this?

Isn't this intended to anger Daozu Hongjun?

This young man can be said to be a giant baby of seven thousand years old, so what about those other saints?

No one who can reach the realm of sainthood should be a giant baby.

and so.

What this young man said to Daozu Hongjun now seems wrong no matter how you look at it.

and so.

Lin Tianhao had reason to suspect that this young man and Daozu Hongjun were acting in collusion, with the purpose of giving Daozu Hongjun a reason to take action against the nine saints of the magic world.

Daozu Hongjun was trying his best to suppress his anger at this moment.

If he and this young man were really performing a double act, then it is undeniable that Daozu Hongjun's acting skills were truly unmatched.

Even if Lin Tianhao used his sharp eyes, he couldn't see any flaws.

at this time.

After hearing Daozu Hongjun say that the nine "little guys" should take it themselves, the young man took two steps forward, grabbed the wine jug and poured it on Daozu Hongjun's face.

Daozu Hongjun could have stopped it, but he did not take action.

Even when the wine was spilled on his face, he did not use force to disperse it, but wiped it with a tissue.

"and then?"

"If this is all you have, I really look down on you."

Daozu Hongjun spoke indifferently:

"I once told you that I have never done anything wrong to your mother. Everything was her own choice."

That's it.

Daoist Patriarch Hongjun waved his hand, and the young man flew backwards and was trapped on the wall, unable to move or even speak.

"I will settle your matter with those guys later."

"I also want to know how they turned you into a 7,000-year-old giant baby!!"

Chapter 1724 The unknown planner, the mysterious steel fork reappears!

The boy wanted to say something, his expression struggling.

But under the confinement of Taoist Master Hongjun, he was completely unable to move and could not make any sound.

"I'm sorry to make a fool of myself, little brother." Daozu Hongjun said helplessly.

Lin Tianhao shook his head and said seriously:

"I was actually more shocked that Daozu actually had a son."

Daozu Hongjun smiled slightly, "I have more than one son. I have thirty-nine sons, but they basically don't know my identity."

"Even he only knows my identity as Jiu Yan." Daozu Hongjun said.

Lin Tianhao was a little surprised. He had never heard that the Taoist Patriarch Hongjun had a Taoist companion.

But now.

The other party actually told him that he had thirty-nine sons.

"I have thirty-three daughters." Daozu Hongjun continued.

"To be honest, I rarely take care of my son and daughter. I just give them a bit of my own luck and let them grow on their own."

"All in all, I probably helped this kid the most."

Lin Tianhao was silent.

"A loving mother often spoils her child, and the same is true for a loving father." Ku Yue said from the side.

Lin Tianhao was secretly shocked.

This Ku Yue really dares to say anything.

Such words.

Lin Tianhao only dared to think about it, but he didn't expect that Ku Yue would actually say it out loud.

Daozu Hongjun waved his hand and poured another glass of wine.

"Don't talk about it, drink."

Lin Tianhao hesitated slightly, glanced at the boy, and said:

"Daozu, will this be a problem?"

"If the nine saints of this magical world really want to break up with you, there is no need to go to such lengths and let your son make you angry."

Daozu Hongjun showed a meaningful smile on his face.

"Of course someone wants me to kill the nine saints of the magic world in anger."

"In this way, someone will be able to profit from it."

Lin Tianhao narrowed his eyes slightly.

At first, he thought that Daozu Hongjun and the young man were playing a double act, but now it seems that someone is trying to kill someone with a borrowed knife! !

This is using... Daozu Hongjun as a sword! !

"Who is so fearless of death?" Lin Tianhao asked.

"and."

"I can see the problem with such a clumsy method, so Daozu can naturally see it too."

"The person who instigated this from behind shouldn't be so stupid."

Hear this.

Daozu Hongjun smiled without comment and said:

"This is not a provocation, but a threat."

"My silly son has been tricked."

"If I don't kill the nine saints of this world, my son will probably die."

Lin Tianhao was shocked. He looked at the young man and asked in disbelief:

"The means he used, even you, Daozu, can't crack it?"

"Cracked?"

"How to crack it?"

Daozu shook his head.

"He only has a remnant soul in his body now."

"That person came here to hint to me. He gave me the reasons for killing the nine saints. It's up to me whether to kill them or not."

Ku Yue asked curiously:

"So what are you going to do?"

"In fact, even if you don't take action, they will probably join forces to fight you."

"I came back to return the nine origin laws I intercepted, and to get some benefits for my little brother."

Daozu Hongjun spoke very seriously.

"only....."

That's it.

Daozu Hongjun stared at Ku Yue with deep eyes.

"Ku Yue, we have known each other for many years. If you want to use the power of the nine origin laws to advance to the realm of the gods, you don't have to do this!!"

Daozu Hongjun said this.

Lin Tianhao felt a tightness in his heart.

What does Daozu Hongjun mean by this?

The person who was behind the plot and was preparing to use Daozu Hongjun as a sword... was the Ku Yue in front of him.

"You doubt me?"

Ku Yue frowned somewhat unhappily.

"As you said, with our relationship, if I wanted it, I would just ask directly instead of trying to be clever and make you angry."

Daozu Hongjun's eyes narrowed slightly and he stared at the other person for a while.

Without waiting for Daozu Hongjun to speak, Ku Yue said helplessly:

"You mean to say that, apart from me, no one in this world can plot against those nine saints."

"And it just so happens that I am about to become a god. According to my character of pursuing perfection, I will definitely take the law of origin as the foundation."

"The nine origin laws in your hand are of great significance to me, right?"

Daozu Hongjun nodded slightly.

Ku Yue's gaze fell on the imprisoned young man, and then looked at Daozu Hongjun.

"But it really wasn't me."

"Besides, even if I really want to do whatever it takes, I will choose to speak first. If you don't agree, I will use other means."

"Instead of forcing you directly like now."

Daozu Hongjun was silent.

Lin Tianhao asked:

"Daozu, can't you use this remnant of your son's soul to calculate his location?"

"I've calculated it, but it doesn't work." Daozu Hongjun said in a deep voice.

Lin Tianhao was a little surprised. Even with the ability of Taoist Ancestor Hongjun, he couldn't figure out the location.

"Daozu, even you can't figure out the location..."

"This is unlikely. Those who would plot against you in this way are probably not as advanced as you, and most likely they are plotting against your identity, Jiu Yan."

"Logically speaking, the other party's realm is at most a saint."

"But it shouldn't be easy for an ordinary saint to stop your calculations, right?"

Daozu Hongjun nodded heavily, "That's true, but mortals can also have such a treasure."

"You have it, and Ku Yue... has it too!!"

Lin Tianhao was slightly stunned. He had it?

"If there is a human soul attached to your carving knife, I won't be able to deduce it."

"wrong."

"That person personally concealed your breath. Even if there is a residual soul in you, I am not by your side. I cannot deduce it just by deduction." Daozu Hongjun added.

That's it.

Daozu Hongjun's gaze fell on Ku Yue.

"The extraterritorial magic fork in Ku Yue's hand also makes it impossible for me to figure it out."

Ku Yue couldn't help but hold his forehead with his hand, "Am I considered a key suspect?"

"Ability, motivation, treasure, I meet all the requirements."

Daozu Hongjun hesitated for a moment, "Indeed, if it is really not you who is plotting behind the scenes, then the person who is plotting should know you very well."

"Knowing that you fully meet the requirements, they used you as a scapegoat."

Lin Tianhao shook his head and said:

"That's not right."

"If Daozu suspects Senior Kuyue, Senior Kuyue only needs to take out the foreign magic fork, wouldn't that prove his innocence?"

Upon hearing this.

Ku Yue did not hesitate and directly took out an unremarkable steel fork.

When Lin Tianhao saw the steel fork, he was shocked.

Because he has seen this steel fork!!

When he was besieged by the black-robed young man, Shen Gongbao, Jiang Ziya and others in the Devil's Sea, it was this steel fork that held him back.

If it was an ordinary weapon, Lin Tianhao might not care.

But this steel fork is something that can compete with the carving knife of the God of the Source of Tao.

Chapter 1725: The extraterritorial devil fork, another mystery!

"You can check it out." Ku Yue said seriously.

She knew very well that she had to prove her innocence.

Daozu Hongjun may not care about his sons on a daily basis.

But this does not mean that Daozu Hongjun will allow others to plot against his son.

especially.....

This is already using his son's life to plot against him.

Daozu Hongjun is checking the extraterritorial magic fork.

But Lin Tianhao felt a little heavy.

What Daoist Ancestor Hongjun said just now indirectly proves that this steel fork called the Extraterritorial Demon Fork is of a similar level to the carving knife of the God of the Source of Dao.

to be frank.

Lin Tianhao didn't quite believe that there would be a second item exactly the same as the carving knife of the God of the Source of Dao.

therefore.

Lin Tianhao had reason to be suspicious.

The one who controlled the extraterritorial magic fork to attack him in the Devil's Sea was the Ku Yue in front of him.

What did Shen Gongbao and Jiang Ziya say before?

The one who ordered them to do this seemed to be Yuanshi Tianzun.

and.

They also told Lin Tianhao that Yuanshi Tianzun had taken over from Daozu Hongjun and had merged with the Heavenly Dao of the Milky Way world.

But now it seems that this is not the case.

There may be some secrets in this that he doesn't know about.

If so.

It is really possible that Ku Yue was the one who plotted against Daoist Patriarch Hongjun.

but.....

That's not right either.

If Ku Yue was the one who controlled the extraterritorial magic fork to attack her, then her current reaction seemed a little wrong.

At least judging from her current behavior, she seems unaware that she has been attacked.

And from the beginning till now, she has never mentioned the attack on herself.

"It seems that I misunderstood you." Daozu Hongjun said helplessly.

"and many more."

Just as Ku Yue was about to put away the extraterritorial magic fork, Lin Tianhao immediately said:

"I have seen you, this foreign demon fork!!"

Upon hearing this.

Ku Yue looked at Lin Tianhao in surprise:

"This should be the first time we've seen each other. I haven't taken out this extraterritorial magic fork for a long time. How did you know that you've seen it before?"

As Lin Tianhao waved his hand, an image appeared.

This is the scene in Lin Tianhao's memory.

In the picture, there is a scene where Lin Tianhao is holding a carving knife and fighting against the extraterritorial magic fork.

"This foreign magic fork can compete with the carving knife in my hand. It is obviously not a replica."

Daozu Hongjun frowned and asked:

"When did this happen?"

After hearing what Daozu Hongjun said, Lin Tianhao became even more confused.

"Don't you know that Shen Gongbao and Jiang Ziya attacked me?"

"I don't know!" Daozu Hongjun's eyes revealed shock.

He stood up involuntarily.

"Why would they attack you?!"

"And this extraterritorial demon fork, Ku Yue, what on earth is going on?!"

Seeing Daozu Hongjun's reaction, Lin Tianhao knew that things were getting serious.

"Then the gods are not allowed to enter Devil's Island. You should know this, right?"

"I know. I did it. Why wouldn't I know?"

Lin Tianhao was stunned for a moment. "You made this rule, don't you want me to be unable to bring Shen Gongbao and others into Devil's Island?"

"Of course not. That's because too many gods of Ragnarok have been born recently. I'm afraid that after you go to Devil's Island, you will be open to the gods and cause trouble."

Lin Tianhao was speechless for a moment.

Daoist Patriarch Hongjun was looking at the withered moon.

"Kuyue, you haven't explained the matter of this extraterritorial demon fork yet."

Ku Yue shook his head repeatedly.

"You asked me to explain, but I'm confused now."

"The Extraterritorial Devil Fork has always been with me. I have never given it to anyone. I don't know why this Extraterritorial Devil Fork appeared in the Galaxy World and even fought with the Snow Emperor."

Lin Tianhao was dumbfounded.

Daozu Hongjun should not have lied.

Because Shen Gongbao and Jiang Ziya were sent by Taoist Hongjun.

It doesn't matter to Lin Tianhao.

"Shen Gongbao and Jiang Ziya said that they were sent by Yuanshi Tianzun." Lin Tianhao said.

Daozu Hongjun shook his head and said seriously:

"With their relationship with Yuanshi Tianzun, how could it be possible that Yuanshi Tianzun sent them?"

"After the Conferred God Tribulation, Jiang Ziya was rewarded without any injuries, while Shen Gongbao became the scapegoat. Both of them were unhappy with Yuanshi Tianzun."

Lin Tianhao hesitated for a moment and asked, "Who has the real Investiture of the Gods now?"

In addition to Jiang Ziya, Shen Gongbao and King Di Xin who appeared before are all on the List of Gods.

Under normal circumstances, they should all obey the true holder of the List of Gods.

"The Investiture of the Gods was given to Emperor Haotian, but the Heavenly Palace suffered a disaster and Emperor Haotian's life and death were unknown, so the Investiture of the Gods has never appeared again."

"After that, you will get the Investiture of the Gods."

"Your Conferred God List was bestowed by that person. It should be more powerful than the Conferred God List in the hands of Emperor Haotian."

"Then the question is, who attacked me with the extraterritorial magic fork in the Devil's Sea?"

"Who asked Jiang Ziya and Shen Gongbao to attack me?"

Emperor Haotian?

Lin Tianhao felt that this was still possible.

The Heavenly Palace has been occupied. If Emperor Haotian wants to rebuild it, he must make some plans.

But how do we explain this matter of the extraterritorial demon fork?

"This extraterritorial demon fork was dropped by the extraterritorial demon who killed a peak eternal realm demon."

"I was in seclusion at the time, but later I learned that the foreign evil demon wielded weapons with both hands, which means that this foreign evil fork still had one more."

"As for who holds the other one..."

Daozu Hongjun fell into deep thought.

Lin Tianhao was speechless. Daozu should know about this kind of thing.

"I'm not so sure either."

But Daozu gave Lin Tianhao a negative answer.

Lin Tianhao was dumbfounded.

"I thought the person who made the move was Yuanshi Tianzun."

"Later, Daozu you personally took action, so I thought that the person who took action should be you, Daozu, or Daozu ordered Yuanshi Tianzun to take action."

Daozu Hongjun shook his head, "It's not me, and even if I ordered Yuanshi Tianzun, Yuanshi Tianzun would not go to Shen Gongbao and Jiang Ziya to attack you."

Lin Tianhao glanced at Ku Yue and said seriously:

"If it wasn't Senior Ku Yue who attacked me, then the one who attacked me would be more difficult to deal with."

"The Dao Ancestor has merged with the Heavenly Dao of the Galaxy World and is able to block his detection. His methods must be extraordinary."

This reminded Lin Tianhao of Wen Suyao.

She had seen herself in the Devil's Sea before, and she brought the skull of the Eternal Realm, which could block the detection of the Heavenly Dao.

But does Wen Suyao have any motive to attack herself?

Is it really as Daozu Hongjun said?

The lineage of the Godkilling Academy belongs to the Prince's Party, and in this era of the Galaxy World, the real "Prince" is the Lord of Luotian.

Not to mention that the Lord of Luotian has already left, Shen Gongbao and Jiang Ziya have turned against them and put the blame on Yuanshi Tianzun. What is going on?

Chapter 1726 Return to the mortal palace and question Jiang Ziya!

and.

What Lin Tianhao couldn't understand the most was.

Even if someone wanted to divert the blame, it should be directed at Daozu Hongjun.

Shen Gongbao and Jiang Ziya said that Zu Hongjun had left, and now it was Yuanshi Tianzun who integrated the Heavenly Dao.

"Tell me in detail what happened at that time." Daozu Hongjun said seriously.

"If you don't mind, you can also tell me what the Godkilling Academy talked to you about."

Lin Tianhao knows.

Daozu Hongjun is getting serious now.

After all, it was on his territory, but now there was a force that he was unaware of that was plotting behind the scenes.

He couldn't help but pay attention to this.

especially.

He is also planning to use the galactic world to impact the eternal realm.

At this juncture.

Naturally, he pays special attention to any disturbance in the galactic world.

"Isn't it easy to investigate it?"

"Just go back and ask Shen Gongbao and Jiang Ziya and you'll find out." Ku Yue said.

"I think it will take some time for the nine saints to come up with a conclusion."

Daozu Hongjun nodded slightly, but his eyes fell on the young man again.

"Don't look at it anymore. The people who plotted against you in the wizarding world are not the same people in the bank and the galactic world."

"Otherwise, if I take out the extraterritorial magic fork to prove my innocence, wouldn't that be equivalent to exposing what happened in the galaxy world?"

When Ku Yue said this, she couldn't help but pause for a moment.

"Yes!"

"The person who plotted against you behind my back knew that I could use the foreign magic fork to prove my innocence, but he still wanted to draw the fire on me. Could it be that the person behind this was trying to remind you?"

Daozu Hongjun frowned, "I don't know."

The words fell.

Daozu Hongjun couldn't help but reveal a meaningful smile on his face.

"It's really interesting. I have controlled the galaxy for such a long time, and now there are so many existences that I cannot deduce."

"I don't know if it's outsiders who want to get a piece of the pie, or if there are really so many old guys in our galaxy that I can't count them."

The galactic world has existed for far too long.

Including this time, the main world of the Milky Way has experienced four eras of god-creation.

Coupled with the god-making plan of the nine parallel worlds, it is reasonable that some unpredictable old monsters are born between heaven and earth.

and.

These exist.

It seems that these things only started to emerge after that person left.

"Let's go."

Daozu Hongjun stood up and said, "Let's go and see who is trying to stir up trouble in the Milky Way world."

Lin Tianhao hesitated for a moment, "Daozu, there is actually one thing I don't quite understand."

"Whether it's the people from the Godkilling Academy, or Jiang Ziya and Shen Gongbao, they all told me that the person who has integrated the Heavenly Dao now is Yuanshi Tianzun!!"

In fact, Lin Tianhao had a crazy idea in his mind.

That is... the person in front of him is not Daozu Hongjun at all! !

But before that, Hou Tu Niangniang came and had a battle with Yuan Shi Tianzun in the sky.

and also.....

Jie Yin and Zhunti were forced into the long river of time by Taoist Patriarch Hongjun.

These.....

It seems to prove that the person in front of him is the Taoist Hongjun.

unless.....

Everything that happened before was deliberately performed for himself, with the purpose of making him believe that the person in front of him was Daozu Hongjun.

"They told me this fake news, what's the point?"

"Want me to hate Yuanshi Tianzun? But this doesn't seem to make any sense."

Daozu Hongjun thought for a moment and said in a deep voice:

"It's hard to say. Maybe they are just laying out confusion to make you guess wildly, so that it will be difficult to guess their true purpose."

That's it.

Daozu Hongjun looked at the young man again.

"Just like him."

"If it wasn't for Ku Yue, I would really have suspected that the nine saints in the magic world were deliberately creating confusion just to make me think too much and make wrong judgments."

Daozu Hongjun smiled and said:

"The smarter a person is, the more he'll like to see some clues from you that seem wrong but are actually useless."

"It's easy to give out these clues, but the people involved are likely to rack their brains and waste energy on these clues that are actually useless."

Lin Tianhao held his forehead.

This is... a real headache.

"I thought that this was the kind of calculation that only happened between small people."

"For big shots like you, there is no world to talk about, no world to share the cake."

"Instead of planning like this."

Hear this.

Daozu Hongjun shook his head.

"Jie Yin and Zhunti had no plan."

Lin Tianhao: "..."

"Let's go. Since someone has already made a move, I will go with you to take it."

The words fell.

Daozu waved his hand.

The young man was taken into a space, and Lin Tianhao also disappeared into the private room with Taoist Hongjun.

When they appeared again, Lin Tianhao and Daozu Hongjun were already outside the Fan Palace.

"What do you think of Ku Yue?" Daozu Hongjun suddenly asked.

"I don't know, I just met him." Lin Tianhao said.

"I used to suspect that the pair of extraterritorial magic forks were in her hands, but she only admitted that she only had one." Daozu Hongjun said.

Lin Tianhao's pupils shrank slightly, "Daozu still doubts that the person who plotted this is Ku Yue?"

"They set up a false front. After this combination of attacks, most of the information about Ku Yue has been revealed."

"A major suspect who clearly meets all the requirements was easily cleared of most of the suspicion. Do you think this is because she is truly innocent, or is this a calculation in itself?"

Lin Tianhao was somewhat stunned. "She plotted against you, Daozu, in order to impact the realm of the gods with the nine origin laws, but what was the significance of her attacking me?"

"do not know."

Daozu shook his head and said, "Let's see if we can get the answer after meeting Shen Gongbao and Jiang Ziya."

Lin Tianhao brought Daozu Hongjun back to the Fan Palace.

In the Mortal Hall, Shen Gongbao, Jiang Ziya, and even the monk Wuzui were all there.

Lin Tianhao was originally worried about what would happen if the three of them were not around after he came back.

"Three seniors, do you...know him?"

Lin Tianhao directly found Shen Gongbao and the other two, and without beating around the bush, he gave up the position of Taoist Ancestor Hongjun.

Shen Gongbao, Jiang Ziya and Jin Wuzui all set their eyes on Taoist Hongjun.

The three of them looked at each other, and finally bowed respectfully to Taoist Ancestor Hongjun.

"Greetings to the Dao Ancestor!!"

Daozu Hongjun waved his hand and said:

"You said that the person who merged with the Heavenly Dao was Yuanshi Tianzun? And you also said that I have left the Milky Way World?"

"Who told you to say all this?"

When Jiang Ziya heard what Daozu Hongjun said, a look of surprise flashed across his eyes.

Just by hearing Daozu Hongjun's question, he knew that things were serious.

"These... were all told to us by Yuanshi Tianzun. It was also him who asked us to attack the Snow Queen."

Chapter 1727 Zhunti impersonates Yuanshi, investigation interrupted!

Daozu Hongjun's face darkened slightly, and he said:

"Yuanshi Tianzun knows that you are dissatisfied with him. If he wanted to deal with the Snow Emperor, why would he arrange for you to deal with the Snow Emperor?"

Lin Tianhao also felt that there was a problem.

He arranged three traitors to deal with him, but not only did they fail to deal with him, they gave him three great helpers instead.

"I don't know..."

Jiang Ziya shook his head. "We thought about it later. The Snow Emperor holds the List of Gods and is the ruler of heaven and earth. He might have deliberately sent us to the Snow Emperor."

"But we don't understand. If this is the case, wouldn't he have offended the Snow Queen? This would be more trouble than it would be worth."

"Where is Yuanshi!" Daozu Hongjun frowned.

As Daozu Hongjun's voice fell, a figure dropped from the sky and landed beside Daozu Hongjun.

"Come on, let's confront each other face to face." Daozu Hongjun said.

When Yuanshi Tianzun saw Shen Gongbao, Jiang Ziya and Jin Wuzui, his expression changed slightly.

"Master, during the Conferred God Tribulation, Jiang Ziya and Shen Gongbao had some complaints about me. If they said anything, you must not take it to heart."

Daozu Hongjun did not comment and said:

"They said you arranged for them to attack the Snow Emperor in the Devil's Sea."

"What?"

Yuanshi Tianzun was a little confused and shook his head repeatedly.

"Master, this is slander. Not to mention whether I can deal with the Snow Emperor, even if I can, how can I arrange them to deal with the Snow Emperor?"

Upon hearing this.

Shen Gongbao was somewhat unhappy.

"Yuanshi Tianzun, how can you turn your face and deny your words?"

"It's obviously you who came to find us."

Yuanshi Tianzun's eyes narrowed slightly, "I don't have it."

"The situation in the galaxy world is unclear now. How could I attack the Snow Emperor for no reason? It is even more impossible for me to arrange for you to deal with the Snow Emperor."

Daoist Patriarch Hongjun looked at Yuanshi Tianzun, then at Shen Gongbao and the other two.

finally.

His eyes fell on Lin Tianhao.

"Xuedi, what do you think?"

Lin Tianhao pondered for a moment, "Either someone is impersonating Yuanshi Tianzun, or it is Yuanshi Tianzun. He is... deliberately creating confusion."

Daozu Hongjun couldn't help but laugh.

"But it doesn't make sense."

"Arrange Shen Gongbao and his men to deal with you, and you will definitely be able to escape unscathed."

That's it.

Daozu Hongjun's gaze fell on Shen Gongbao and the other two.

"Where did Yuanshi Tianzun meet you?"

"It's in the Devil's Sea." Shen Gongbao said.

"Come on, take me to see it."

Daozu Hongjun took a step forward, and the next moment, several people appeared in the Devil's Sea.

Under the guidance of Shen Gongbao, several people quickly arrived at a magic eye.

"I was suppressing the Demon Eye here as usual, and then Yuanshi Tianzun came out."

"He was very concerned about me and his words also hinted at..."

Without waiting for Shen Gongbao to finish his words, Taoist Ancestor Hongjun waved his hand.

The next moment.

A picture appeared in front of Taoist Hongjun.

In the picture, Shen Gongbao and Yuanshi Tianzun are having a conversation.

"You are so noble, why do you condescend to come to this godforsaken place?"

on the screen.

Shen Gongbao's attitude was not very friendly.

Yuanshi Tianzun, however, showed compassion and sighed.

"Shen Gongbao, I know you have resentment in your heart, but under the Conferred God Tribulation, even saints like us cannot do anything about it."

"I was even forced by my master to take the Meteorite Pill..."

"Forget it. No matter how much I say now, it can't make up for what I owe you. You've suffered so much over the years!"

in the picture.

Yuanshi Tianzun's words were sincere, as if they were really the truth.

Next.

It was Yuanshi Tianzun who told Shen Gongbao step by step.

Now, Daozu Hongjun has left the Milky Way world, and he is the one who has merged with the Heavenly Dao.

Later, he will make up for Shen Gongbao.

At the end, he revealed his true purpose.

He asked Shen Gongbao to deal with Xue Di, and he has already found several other masters.

Looking at this scene, Yuanshi Tianzun frowned, but did not rush to explain.

Because making excuses now is useless.

Daozu Hongjun did not say a word either. He made a hand gesture and a broken bronze mirror appeared in his hand.

Followed by.

He poured his own strength into the bronze mirror.

in the picture.

The "Yuanshi Tianzun" who was originally chatting with Shen Gongbao actually changed his appearance in the bronze mirror.

"This is... Taoist Zhunti!!"

Yuanshi Tianzun recognized the person in the bronze mirror at a glance.

After all, they are top powers of the same era, and they are very familiar with each other.

"Master, the Taoist Zhunti pretended to be a disciple and wanted to harm the Snow Queen. In fact, he wanted to divert the trouble to someone else and let the disciple take the blame for it."

Daozu Hongjun glanced at Lin Tianhao.

Lin Tianhao also knew what Daozu Hongjun meant.

The Taoist Master Zhunti has been forced into the long river of time by the Taoist Master Hongjun.

"Is the person behind the scenes Taoist Zhunti?" Lin Tianhao frowned.

If the person behind the scenes is really the Taoist Zhunti, then what is his purpose in doing this?

The Taoist founder Hongjun had said before that the Taoists Zhunti and Jie Yin wanted to use Buddhism to convert him.

"Do you know something?"

Daozu Hongjun's gaze fell on Jin Wuzui.

Jin Wuzui shook his head and said seriously:

"do not know."

"My situation is the same as Shen Gongbao's. It should be that the Taoist Zhunti disguised himself as Yuanshi Tianzun to find me."

Daozu Hongjun thought for a moment and finally nodded.

"Zhunti and Jieyin have achieved the realm of Heavenly Saints. The Buddhist sainthood they gave up should have been given to you and Tathagata Buddha."

"Tathagata must have obtained the holy position, but you did not. You must be very resentful."

That's it.

Daozu Hongjun's gaze fell on Lin Tianhao.

"But what's the point of them doing this?"

"Or..."

Daozu Hongjun looked at the bronze mirror fragment in his hand and said, "If someone can really do this, it would be terrible."

Yuanshi Tianzun asked: "Master, do you suspect that the other party is not the Taoist Zhunti?"

"Not impossible."

Daozu Hongjun shook his head, "The catastrophe is approaching, the destiny is in disarray, and many things are not so easy to deduce."

"Let's go, go back."

Daozu Hongjun took a step forward here.

The next moment.

Lin Tianhao and Daozu Hongjun reappeared in the private room of the Clave Restaurant.

Ku Yue is still here, holding a wine glass in her hand, and the dancer is still dancing, it hasn't ended yet.

"It seems that those nine are taking some time." Daozu Hongjun shook his head.

Ku Yue smiled helplessly and said:

"They have achieved the state of saints, so they must be careful and cautious. If they are not careful, they may die."

That's it.

Ku Yue changed the subject and asked:

"How is it going? Have you found any results from the investigation?"

Chapter 1728 Respectfully invite 9 Yan Xuanxu to fight!

Daozu Hongjun waved his hand and said:

"Nothing came of it. The investigation led to a person who might be dead."

Lin Tianhao also felt overwhelmed. The Taoist Zhunti had already entered the long river of time and he could not continue the investigation.

and.

Taoist Patriarch Hongjun still suspected that the man might not be the Taoist Zhunti.

It's just that the man disguised himself too well, and even Daozu Hongjun couldn't see through him.

Double disguise to confuse Taoist Hongjun.

But whether this is the case or not, this clue has been broken.

wrong!

Can't say it's broken.

Because there's another clue.

That is the extraterritorial devil fork.

"The level of the Extraterritorial Magic Fork is extremely high. If they had used the Extraterritorial Magic Fork in the previous battle with me, they should have had a chance of survival, but they didn't use it."

"This is also the reason why I suspect it's not them." Daozu Hongjun said.

Lin Tianhao nodded slightly. With a treasure of this level of a carving knife in his hand, he couldn't exert much power.

But if it was in the hands of a Heavenly Saint, it would be completely different.

Zhunti and Jie Yin had been forced into a desperate situation at that time.

Whether it succeeds or not.

If they had magic forks from outside their domain, they would probably take them out to fight against Daoist Patriarch Hongjun.

Maybe you can find an opportunity and escape.

But they would rather enter the river of time than use the extraterritorial magic fork, which proves that they do not have the extraterritorial magic fork.

Since there is no extraterritorial magic fork, who can control the extraterritorial steel fork to compete with himself?

The more I think about this problem, the more complicated it becomes.

"Now we can only take one step at a time."

Lin Tianhao spoke seriously.

"Daozu, the situation in the galaxy world is becoming increasingly difficult. In this small magical world, someone dares to plot against you, Daozu."

"I'm afraid your chances of success later on won't be high."

That's it.

Lin Tianhao paused for a moment before continuing:

"Why don't you show some mercy and let me go? As long as I continue to become stronger, these conspiracies and tricks will surface."

"After all, you still won't be able to go fishing for a few months. If you want to fish, you must have bait."

"And I am undoubtedly the best bait."

Daozu Hongjun couldn't help but smile and said:

"You really are good at taking advantage of every opportunity. You want to get rid of me whenever you find one."

Lin Tianhao shook his head. "That's not the case. I feel that Daozu, you have also become the target of others' calculations. In the future, will you still be able to get what you want?"

"How about we just call it a day and bet on my future?"

Daozu Hongjun looked serious and said:

"No."

"Now that I have made up my mind, I will not change it, even if it means my death."

Daozu Hongjun's position remains firm.

"What will happen to your children if you die?" Lin Tianhao said.

"They have their own destiny, I can't control it."

"Besides, I am not without principles. I can kill all the saints in the galaxy world. No matter who is behind this, they must die!!"

Lin Tianhao's expression changed slightly, although Daozu Hongjun said this lightly.

But the murderous intent in his words was extremely firm.

Even Ku Yue glanced sideways at Daozu Hongjun.

Obviously.

She also heard that Daozu Hongjun was not just talking.

He... might actually do that.

"Just like when you were in the Land of Chaos, you killed everyone and schemed, and it should be defeated without a fight!!"

Lin Tianhao frowned slightly, "But this will be contaminated with a huge amount of cause and effect."

Hear this.

Daozu Hongjun looked at Lin Tianhao meaningfully and said with a smile:

"I've even been contaminated by your karma. In this galaxy world, is there anyone else whose karma I dare not be contaminated by?!"

Daozu Hongjun's determination was even stronger than Lin Tianhao had imagined.

and.

The degree of madness of Daozu Hongjun was far beyond his imagination.

He... was actually planning to slaughter all the saints in the galaxy world.

"What if the person who planned it is an outsider?" Ku Yue said.

Daozu Hongjun smiled slightly and said:

"Again, kill!"

"As long as I kill all the strong men I can find, no one will be able to plot against me later."

"After all, at this critical moment, the saints who are still staying in the Galaxy World must have evil intentions."

The Taoist Ancestor is worthy of being the Taoist Ancestor.

It directly gave a characterization and also gave a reason for oneself to take action.

It's already this time, even a saint should leave.

But why are you not leaving now? If this isn't an attempt to cause trouble, then what is it?

"Killing so many people will easily cause trouble." Ku Yue said again.

Daozu Hongjun nodded slightly and said, "That makes sense. In that case, let's start by killing the suspects."

Hear this.

Ku Yue's expression suddenly changed. It was obvious that Daozu's words were directed at her.

"I'm not even a god, you don't want to kill me all!!" Ku Yue said half-jokingly.

She said this to test whether Daozu Hongjun really wanted to kill her or was just saying it casually.

"You are no weaker than those saints." said Taoist Hongjun.

Ku Yue seemed to want to say something but stopped himself and ultimately said nothing.

Just now.

The True Thunder Saint who had left earlier returned to the private room.

"They didn't come. It seems you have already made a decision." Daozu Hongjun said lightly.

"They are all in Xuanxu waiting for the arrival of Master Jiuyan." Saint Zhenlei said calmly.

"Hahaha, okay."

Daozu Hongjun raised his head and laughed, "If you come here to negotiate peace, then I will really look down on you."

Hear their conversations.

Lin Tianhao couldn't help but be secretly shocked.

The nine saints of this magical world have decided to fight.

I just don't know what they would think if they knew the true realm of Daozu Hongjun.

Saint Zhenlei looked serious and said:

"Respectfully invite Jiuyan Xuanxu to fight!!"

"Let's go and take a look together. The nine saints of this world joining forces is worth seeing."

Daozu Hongjun took a step forward, and the next moment, Lin Tianhao followed him and appeared on a ruin that seemed to have no end.

The earth was shattered, the mountains and rivers split apart, and the broken power of laws impacted this world, causing space cracks to appear from time to time.

"This place used to be extremely poor. A princess who refused to marry was exiled here and became the lord of this barren land."

"No one would have thought that under her leadership, Xuanxu would begin to grow and develop, the population would increase, and she would even develop a ninth type of spiritual stone: the Demonic Spiritual Stone."

"Along with the birth of the Demonic Stone, the Law of Demons was also born."

"The Law of Demon is more powerful than the eight laws of the previous magic world."

Daozu Hongjun seemed to be recalling, and continued to speak calmly:

"But how could such a good thing not be coveted by others?"

"In the end, this place was conquered, and the gods fought a great war here. There were even saints plotting behind the scenes."

Chapter 1729 Daozu, so...shameless!

After hearing what Daozu Hongjun said, Lin Tianhao's expression couldn't help but become serious.

"In the end, the princess successfully proved her truth through the law of magic and became the ninth saint of this world at that time."

"She went on a killing spree, slaughtering hundreds of thousands of gods. Eventually, the other eight saints had no choice but to join forces to besiege her, and only then did they severely injure her."

Lin Tianhao was secretly shocked. "There are nine saints in this magic world now, and this princess is one of them?"

"No."

Daozu Hongjun shook his head. "The princess disappeared after suffering a serious injury. Some people suspect that she is dead."

"About a thousand years later, a young girl succeeded in attaining enlightenment through the laws of magic and became a saint. This also proves that the princess must have died."

"Because judging from the situation in this world, we simply cannot afford to have more gods."

"Nine laws and nine saints are already the limit."

"Unless... someone can develop the tenth law."

Lin Tianhao nodded secretly. He didn't expect that Xuanxu had such a past.

"I have almost finished speaking, why don't you come out?" Daozu Hongjun said calmly.

"Since Jiu Yan wants to talk to the younger generation, why would we bother him? He has been waiting for so many years, so he can wait a little longer."

The Autumn Wind Saint whom Lin Tianhao had met before stepped out.

He held a cane in his hand, and with every step he took, a palm-sized tornado would condense around his body.

"Jiu Yan, the battle between saints is no small matter. Three thousand pieces, this is the result of our discussion. If you agree now, you can avoid this battle."

A woman with long fiery red hair stepped out.

Next to her was a man with long aqua blue hair.

The two of them standing together gave people an extremely strange feeling.

It feels like the red-haired woman is masculine and powerful, while the man with long aqua blue hair is a bit feminine.

Even so, Lin Tianhao did not do it again.

"I said, ten thousand, not one less. If you don't agree, then there's nothing to say." Daozu Hongjun's attitude remained firm.

Lin Tianhao couldn't help but give him a thumbs up.

This is to carry the extortion to the end.

"Jiu Yan, since there is nothing to talk about, let's fight."

As the words fell, countless golden flying swords cut through the sky and flew towards them, carrying Daoist Patriarch Hongjun.

Daoist Patriarch Hongjun clasped his hands together and halos of light appeared, blocking all the golden flying swords.

"Jiu Yan, you are too arrogant. Even if you are at the peak of the Saint Realm, it is a foolish dream to want to fight nine alone!!"

The True Thunder Saint's somewhat annoyed voice sounded.

Obviously.

He felt that they had already given "Jiuyan" a lot of face.

But "Jiu Yan" was so ungrateful that he wanted to fight with them.

Lin Tianhao watched Daozu Hongjun fight with the nine saints. Various methods emerged one after another and the fight was extremely fierce.

wrong.....

There is something 13 points wrong!!

What kind of strength does Daozu Hongjun have? He is an existence that even the Heavenly Dao Saints could suppress with ease. How could he now fight back and forth with these nine masters at the Saint level?

It can't be that these nine saints are more powerful than the two heavenly saints, Jie Yin and Zhunti?

Obviously...not likely.

"Jiu Yan, we underestimated you. You fought against nine of us saints all by yourself, and you didn't lose."

Saint Zhenlei said solemnly, "But we all have some trump cards that we haven't used yet. This is the last time, five thousand. If you agree, then we can turn hostility into friendship."

Daozu Hongjun snorted coldly, "I, Jiuyan, have roamed the world, and have never bargained with others like this."

"If I say ten thousand, then it's ten thousand. If you don't agree, then I'll beat you up!!"

Daozu Hongjun used his methods here to attack the True Thunder Saint.

Lin Tianhao frowned. The withered moon beside him had disappeared at some point.

"Run away?"

Lin Tianhao didn't know where Ku Yue had gone, but when he saw Daozu Hongjun fighting against the nine saints, Lin Tianhao became more and more uneasy.

Their fight became more and more intense, various laws collided, space collapsed, time was disordered, and the earth was blasted to pieces again.

Lin Tianhao wanted to retreat.

But he found that his body couldn't move.

It was obvious that it was Daozu Hongjun who was restricting him from leaving.

This Taoist ancestor Hongjun is letting the water go. What does he want to do?

Is it possible...

Lin Tianhao had a bad feeling in his heart.

"No way, no way, my dear Daozu, you can't play me."

Just as Lin Tianhao was shouting in his heart.

Daozu Hongjun defeated nine saints in succession.

He himself seemed a little overwhelmed at this time.

"I never thought that you nine old guys have grown to this point."

"With 10,000 missing, there is no way I can hand over the Origin Principle."

The words fell.

Daozu Hongjun sent a message to Lin Tianhao:

"Son, you go first, I'll hold them back."

"What?"

Lin Tianhao's head was full of question marks.

Daozu Hongjun, I really want to play him.

son?

Why don't you call yourself dad?!

You are the dignified Taoist master, don't you have any shame at all?

"Humph, I was wondering why you would raise a mortal like this, it turns out to be your son."

"Unfortunately."

"I have already set up a Heaven-Sealing Soul-Locking Formation here. Once you come in, don't even think about leaving."

Daozu Hongjun was furious and roared:

"You are all powerful saints, yet you resort to such despicable means."

"I'll fight with you!!"

"I, Jiuyan, have finally given birth to a son who can inherit my legacy. I will never let you bring harm to him."

Listening to these words of Taoist Ancestor Hongjun.

Lin Tianhao just felt that...the sky was falling!!

This is because he is afraid that he will not be able to die, so he has to push himself to a dead end.

Daozu Hongjun attacked frantically, even at the cost of exchanging injuries for injuries.

"It seems that this kid is really important to you, he is working so hard for you."

"It's a pity that you are no match for us. Your precious son can't leave."

The power of laws blocked the heaven and earth, obviously not wanting Lin Tianhao to escape.

Lin Tianhao: ???

Daozu, you are so shameless!!

"mean!!"

"Don't you understand such a simple truth that the disaster will not affect your family? You are considered saints, how can you be so shameless!!"

Daozu Hongjun roared in anger when he saw the nine saints blocking Lin Tianhao's retreat route with the power of laws.

Looking at him like this, he was really angry and embarrassed.

Just when Lin Tianhao was thinking about how to escape.

He started talking uncontrollably.

"Father, please don't worry about me. If you die, you won't be able to live. If you live, at least you will have a chance to avenge me."

Lin Tianhao really wanted to hit Daozu twice, and manipulate him to speak. This was the rhythm of preparing to run away! !

Chapter 1730 Fighting against 9 great saints alone!

as predicted.

After hearing Lin Tianhao's words, Daozu Hongjun's face showed reluctance, anger, and despair.

"Son, it is your father who is sorry for you."

"Just wait, your father will come back to save you."

The words fell.

Daozu Hongjun fled like a madman.

Lin Tianhao: ???

You're really pushing yourself into the fire.

I am just a mortal. Why do you ask me to deal with nine saints at the same time? Are you afraid that I will not die?

But even if Lin Tianhao wanted to scold Taoist Hongjun, he no longer had the chance.

Because Daozu Hongjun had fought his way out of the encirclement despite being "seriously injured".

"If you dare to hurt my son, I, Jiu Yan, will grind you to dust!"

When the words fell.

Daozu Hongjun has disappeared.

After Daozu Hongjun disappeared, Lin Tianhao finally felt that he could move.

But at this time.

Above Xuanxu, nine pairs of cold eyes had locked onto him.

"I'm not his son, he did it on purpose." Lin Tianhao said.

"I was tied to Jiu Yan's side. So, we should be on the same side."

Hear this.

Saint Zhenlei sneered, "Do you think we will believe it?"

"No, can't you see that he is acting like you? He is just trying to make me the target of public criticism."  
Lin Tianhao said.

Saint Autumn Wind took a step forward, and twenty-four palm-sized tornadoes condensed around his body.

"You mean, a powerful person at the peak of the Saint Realm would risk being seriously injured just to plot against a mortal like you?"

Lin Tianhao opened his mouth and wanted to say something, but the True Thunder Saint spoke first.

"Okay, why waste time talking to him? Smash his body, imprison his soul, and then take his soul to negotiate with Jiu Yan."

"Given how much Jiu Yan values this kid, there is no way he wouldn't save him."

Break the body?

Imprisoning souls?

Lin Tianhao knew that he had no choice now.

If he doesn't take action, these guys will never let him get away with it.

Swallow the sky and the earth, open! !

Lin Tianhao used the Heaven-Swallowing and Earth-Devouring Technique without hesitation. This move was powerful and had always worked.

The key is.

Facing a strong man at the saint level, he didn't have many means at his disposal.

"It's really extraordinary. A mere mortal actually has the means to influence us."

There were billions of horses galloping through Lin Tianhao's heart.

But now he can only hold on.

I just don't know what Daozu Hongjun wants to do?

He doesn't want to imprison himself anymore? So he lets someone else imprison him?

Or.

Daozu Hongjun wanted to use himself to fish.

After all, his son in the world has been plotted against.

Now that a son has come to inherit the mantle, the person behind the scenes will inevitably take action against him.

As long as the person behind the scenes takes action, Daozu Hongjun will definitely notice it.

seem.

This explanation is the most reasonable.

But expecting Lin Tianhao to surrender is unrealistic in itself.

He even dared to fight Daozu Hongjun, let alone these unknown saints! !

While performing the Heaven-Swallowing and Earth-Devouring Technique, Lin Tianhao also activated the Arrow Shooting from His Heart.

The arrows under the Heavenly Punishment Lock are shot from the heart, although it is difficult to threaten the strong people in the Saint Realm.

But if we can hold them back a bit, that won't be a problem.

"Invincible Field, Open!!"

Lin Tianhao activated the skill he gained from the seventh level of Heavenly Punishment without hesitation: Invincible Domain.

The invincible field unfolds, and Lin Tianhao is invincible in this field.

Although Lin Tianhao has not tested it yet, he is still unsure whether the invincible domain of the Sky Punishment Cloak is stronger or the invincible domain obtained from the seventh transformation is stronger.

But now.

Lin Tianhao himself had no more choices.

After releasing the invincible field, Lin Tianhao did not take it lightly.

After all, the scope of the invincible field is too small, and it is not enough to cover the nine saints around it.

To develop an invincible field, what is more important is to stop the attacks of the nine saints.

His health bar is now thick enough, and he has the bonus of hundreds of physical transformations, as well as a complete set of Heavenly Punishment equipment to reduce damage.

And damage transfer!

But at this time.

Lin Tianhao transferred the damage to the True Thunder Saint.

I don't know whether this damage transfer will be useful when facing a saint.

At least.

Lin Tianhao's Sky Punishment Feather Arrow seemed to be completely useless.

Any of the nine saints could crush all of Lin Tianhao's feather arrows with just a little effort.

"It's really extraordinary."

A fierce light flashed in the eyes of the True Thunder Saint, and he raised his hand and pointed.

The next moment.

Above the sky, thunderclouds rolled, and thunder dragons descended from the sky and flew towards Lin Tianhao.

"swallow!!"

Lin Tianhao used his invincible field to reduce the flying speed of these thunder dragons, giving himself time to devour the thunder dragons.

"Ding, you devoured the Thunder Dragon, Thunder resistance +10000, Magic resistance +10000, Free attribute points +1000."

"Ding, you devoured the Thunder Dragon, Thunder resistance +10000..."

.....

Dozens of thunder dragons were swallowed by Lin Tianhao's Devouring Heaven and Devouring Earth, turning into strength, strengthening Lin Tianhao.

"It can even devour my Thunder Dragon."

Saint Zhenlei's expression changed slightly.

As soon as he finished speaking, Lin Tianhao saw countless flying swords attacking him.

Lin Tianhao's expression changed slightly, and he activated his invincible domain. Mysterious forces fell on these flying swords, blocking them.

His invincible domain can block the attack of saints! !

"It seems I won't lose either!!"

Lin Tianhao secretly thought that as long as these saints could not break through his invincible domain, he would be invincible.

"Ding, you swallowed the Gengjin Flying Sword, metal resistance +10000, armor +10000, free attribute points +1000."

"Ding, you swallowed the Gengjin..."

.....

The reminder sound continues.

These methods were swallowed up and did not provide much combat power to Lin Tianhao.

This also made Lin Tianhao realize a problem.

That is... Could it be that these saints did not use much power?

Could it be that they are afraid that they will be defeated completely, so they are letting us win?

Or...

Daozu Hongjun has just severely injured them?

Not right either.

A saint is a saint after all. Even if he is seriously injured, he should not be so miserable.

"He has some skills in this area. He can even block your attacks."

The woman with long fiery red hair took a step forward.

The next moment.

Lin Tianhao actually saw the space around him begin to burn.

"not good!!"

Lin Tianhao tried to use the power of his invincible domain to block the flames, but found that it was useless.

"Oh shit!!"

Lin Tianhao cursed inwardly, a saint is a saint after all. It seems that the two saints just now had let him win.

Or.

I was afraid that I would beat him to death.

"Swallow it!!"

These flames can ignore the invincible field, but the Fire Saint seems to be worried about killing Lin Tianhao completely, so the flames have no effect on Lin Tianhao.
