

O games 1731

Chapter 1731 Strange phenomena occur frequently and divine thunder descends!

"Ding, you swallowed the Soul Refining Yang Fire, Yang Fire Resistance +30, Yang Energy +10, Magic Resistance +10, Free Attribute Points +5."

"Ding, you swallowed the Soul Refining Yang Fire..."

.....

"Is this kid using his innate magical power? He is just a mortal, but he can even devour the methods of a saint."

The Water Saint next to the Fire Saint spoke lightly.

next moment.

He snapped his fingers.

Followed by.

Lin Tianhao felt extremely uncomfortable.

"The blood...the blood is not flowing!!"

He was still using the invincible realm at this time. This was really a bullshit invincible realm!!

In front of the saint, he is so vulnerable.

Although he was in extreme pain, Lin Tianhao still held on, and did not stop shooting arrows from his heart and swallowing the sky and the earth.

"what--"

At this moment.

Lin Tianhao let out a heart-wrenching scream, and the blood flowed backwards, rushing straight to his heart.

Lin Tianhao felt as if his heart was about to be crushed.

In addition to the severe pain, the brain was deprived of oxygen and the whole person's mind became a little unclear.

"The Saint's Vision: The Sky in the Water!"

Lin Tianhao released the Saint Vision without hesitation.

Since the opponent is the god of water, Lin Tianhao will fight back using the laws of water.

"Saint Vision?!"

Seeing the blue sky rising above Lin Tianhao's head, the nine saints present were extremely surprised.

As powerful beings at the saint level, they naturally possess saintly visions.

But among them, the ones who comprehended the saint's vision the fastest were all at the peak of the God King level.

What realm is Lin Tianhao at?

However, even though he is just a mortal, he has already comprehended the visions of a saint.

"This child must not be allowed to stay!!"

Saint Zhenlei gritted his teeth and said:

"Jiu Yan is already scary enough. If we let this kid grow up, our future will be in danger!!"

Saint Qiufeng had a serious expression on his face, and he attacked without hesitation.

Tornadoes enveloped Lin Tianhao.

Lin Tianhao mobilized all the power of his invincible realm to try to stop these tornadoes.

But these tornadoes still easily broke through his invincible field.

"Saint's Vision: Destroy the Eye of the Storm!!"

Lin Tianhao once again triggered the second saintly vision.

A green eye slowly opened in the void behind Lin Tianhao.

The moment this eye opened, the power of the Wind Realm around Lin Tianhao began to spew out, and began to force back the tornado of the Autumn Wind Saint.

"The Second Saint Vision!!"

These guys present have been around for a long time and have seen many geniuses.

It is not entirely impossible for saints to appear in the mortal realm.

But the mortal realm has two kinds of saintly visions. No one can do it unless they are mortals like Ku Yue who pursue the ultimate.

"You don't look very old, but you have mastered two saintly visions. If you surrender now, you may be able to save your life."

Lin Tianhao's face showed a ferocious look, and he said coldly:

"Anyone caught?"

"You guys are not qualified yet!!"

Lin Tianhao looked like a madman, and one domain after another unfolded.

Fire realm, open!!

The Golden Realm, Open!!

The Wood Realm, Open!!

Water realm, open!!

.....

Looking at the domains that Lin Tianhao unfolded, this scene really shocked everyone present.

But Lin Tianhao did not stop after doing all this.

Facing these powerful saints, the superposition of these fields can at most parry their attacks. It is almost impossible to form an effective defense.

In the end, the only ones who could compete with them were the Saint Vision and the Devouring Heaven and Earth.

Because Lin Tianhao discovered it.

The damage transfer didn't seem to have much effect on the True Thunder Saint.

The damage he suffered might have been transferred away, but it was still not enough.

"You are indeed a rare genius that is rarely seen in a million years, but you are only a mortal after all."

"Your opponents are still the nine of us saints!!"

The woman who was surrounded by evil spirit stepped out.

Lines of magic patterns spread out from under her feet and in an instant spread to the edge of Lin Tianhao's territory.

What happened next was beyond Lin Tianhao's expectations.

His sixteen domains were actually being rapidly eroded by this magic pattern.

"Swallow it, swallow it all!!"

Demonic patterns also appeared around Lin Tianhao's body.

Lin Tianhao, who was already a little crazy, became like an ancient demon walking out of hell after demonic patterns appeared all over his body. He was terrifying and horrifying!

But Lin Tianhao was facing powerful men at the saint level after all. His changes could not even cause the slightest ripple among these powerful men at the saint level.

"Vision of the Saint: The Divine Heart of the Sun and Moon!"

Looking at the magic pattern that was still approaching, Lin Tianhao used the saint's vision of light attribute without hesitation.

The holy light fell on the earth, covering all directions and blocking the erosion of the magic patterns.

"Ding, you have swallowed the mysterious magic pattern, magic resistance +50, soul power +50, magic resistance +30, free attribute points +30."

"Ding, you have swallowed the mysterious magic pattern..."

.....

Lin Tianhao used the third saint vision, shocking the nine saints on the scene again.

"You are a demon saint, so I will bring down thunder from heaven to slay the evil! Punish the demons!!"

The words fell.

Behind Lin Tianhao, an image of a saint appeared again.

"The Saint's Vision: The Nine Heavens Immortal Thunder Lord!!"

The appearance of this saint is 90% similar to Lin Tianhao, except that his whole body is purple, and there is thunder wrapped all over his body.

It looks majestic and domineering, full of oppression!

of course.

It is somewhat wishful thinking to want to suppress the powerful saints of the evil path with just this vision of a saint.

Lin Tianhao used the Saint Vision of Thunder Attribute, but more importantly, it strengthened his next attack! !

"Heavenly Divine Thunder!!"

This was what Lin Tianhao had originally planned to use against Daozu Hongjun, but because Daozu Hongjun forced Zhunti and led him into the River of Time, Lin Tianhao did not use this method.

After all, with the lethality of the Heavenly Dao Divine Thunder, it is still too difficult to suppress a saint!
!

Now Lin Tianhao uses the Heavenly Thunder to shock all the saints!

He had to let these guys in front of him know.

He is not someone you can easily mess with.

Even if one is a strong man at the level of a saint, he will have to pay a price if he provokes him.

because.....

Lin Tianhao has his own plan!!

Thunderclouds rolled above the sky.

Divine thunder fell from the sky.

The Heavenly Thunder can strike a target at most nine times a day.

This is the only way Lin Tianhao can achieve a shocking enough effect.

Only in this way can he have a face-to-face conversation with these powerful saints.

"Boom boom boom— —"

Seeing the rolling thunder, the eyes of the Demon Saint revealed a deep fear.

As a powerful person at the Saint level, she could naturally feel the horror of these thunders! !

Chapter 1732 severely injures the Demon Saint and kills him instantly!

Not only the Demon Saint, but the other eight saints could also feel the horror of the divine thunder above the sky.

"This... is this really an attack method that a mortal can muster?"

Saint Gengjin muttered to himself, his eyes fell on Saint Zhenlei.

"True Thunder Saint, is it possible for you to condense this kind of divine thunder?"

The True Thunder Saint's face was extremely solemn. "If I fight to the death, I might be able to condense divine thunder of this level..."

While they were talking.

Thunder was falling from the sky, and instantly struck the Demon Saint.

The Demon Saint appeared from the void.

The moment the divine thunder fell, she had already disappeared into the void.

and.

With her power at the saint level, it should be very easy for her to avoid Lin Tianhao's attack.

But now.

She was hit accurately.

She couldn't dodge, let alone block it!!

"How can it be?!!"

The Demon Saint couldn't believe it. This had completely overturned her three views.

A powerful man at the level of a saint was unable to withstand the attack of a mortal.

If I tell this to others, I'm afraid no one will believe it.

But this unbelievable thing actually happened to her.

"boom--"

The second divine thunder fell.

Without any suspense, the Demon Saint suffered trauma once again.

"Get out of the way!!"

Saint Gengjin said anxiously.

The demon saint's face turned pale and he gritted his teeth and said:

"I can't avoid it... nor... stop it!!"

Her feelings were extremely complicated at the moment. What happened today really overturned her three views.

"How can I not stop it?!"

As Saint Gengjin waved his hand, a huge golden shield appeared in the void.

however.

When the divine thunder hit the golden shield, it actually penetrated the golden shield and hit the Demon Saint.

See this scene.

Saint Gengjin's expression changed drastically. He turned and looked at Lin Tianhao with sharp eyes.

"Boy, I'll kill you!!"

When the words fell.

Lin Tianhao saw a palm-sized flying sword flying towards him at a high speed.

"Absolutely block!!"

The speed of the flying sword was so fast that Lin Tianhao had no chance to come up with any other countermeasures.

Absolute blocking is already a quick reaction.

otherwise.

With the speed of the flying sword, he couldn't even use absolute blocking.

"Ka-ka-ka-"

However, the absolute block only lasted for a moment.

"Pfft-"

The flying sword pierced through Lin Tianhao's heart, and millions of densely packed sword qi exploded the moment the flying sword entered Lin Tianhao's heart.

These millions of sword energies crushed Lin Tianhao's internal organs, bones and meridians in just a breath.

"Boom boom boom— —"

Lin Tianhao's fifteen pieces of heavenly punishment equipment and fifteen lethal defenses were all activated at this moment.

But even so, it's still useless.

Lin Tianhao's health bar was instantly emptied!!

One hit!!

Just one hit!!

Lin Tianhao was in the invincible realm, using absolute blocking and fifteen fatal defenses, but he was still killed instantly! !

Is this... the true strength of a powerful saint?

In fact, if Lin Tianhao reacted faster and used a carving knife to block it, he might have a chance to block the sword.

But now, no matter how much I say, it's of no use.

Lin Tianhao is dead!!

But Lin Tianhao was resurrected on the spot!!

And it seems that Lin Tianhao can only be resurrected on the spot.

Because he discovered that here, there was an extremely powerful force that imprisoned him, preventing him from returning to the resurrection altar to resurrect.

In other words.

Even if Lin Tianhao does not use the on-site resurrection method, he will be resurrected here.

It only takes three seconds to resurrect on the spot, but now he has to wait for a full thirty minutes to be resurrected.

The main reason is... Lin Tianhao's level is too high.

The higher the level, the longer the resurrection time.

Above the sky, divine thunder was still falling.

Lin Tianhao was not in a hurry to use the on-the-spot resurrection.

He used the divine thunder of heaven not to kill the saint of evil.

What he wants is deterrence, what he wants is an opportunity for dialogue.

Or.

He hoped that these nine saints would have a certain degree of trust in him.

because.....

He's going to make an attempt.

If this attempt succeeds, he will gain unimaginable benefits.

at last.

The nine divine thunders fell completely, but the Demon Saint did not die.

But when he saw his current state, the Demon Saint felt a chill in his heart.

Lin Tianhao's terrifying level was beyond her imagination.

To be precise.

It subverts their imagination! !

"Now, can we have a good talk?" Lin Tianhao performed the on-the-spot resurrection and resurrected in front of everyone.

Seeing Lin Tianhao resurrected, everyone present looked even more gloomy.

But as powerful people in the realm of saints, they have been able to access some secrets of this world, and naturally they can guess the reason why Lin Tianhao was resurrected.

"What to talk about? How to make Jiu Yan hand over the nine original laws?" Saint Zhen Lei said in a deep voice.

Lin Tianhao shook his head and said seriously:

"I told you before, I am not Jiuyan's son, I am his prisoner."

"As for why I became his captive, it was because we had different positions and my talent was just too good, so he captured me."

Hear this.

Saint Qiu Feng shook his head and said:

"What you said is unreasonable. If you have different positions, why didn't he seal you or kill you directly?"

"Because there is a big shot behind me who he can't afford to offend, so he doesn't dare to kill me."

"I know what you will ask. That big shot has temporarily left. Jiu Yan was originally his subordinate, but now Jiu Yan has betrayed him."

"But he didn't dare to do anything too extreme."

"Of course, the real reason is that he can't kill me, nor can he seal me."

The Demon Saint stepped out. As a powerful person at the saint level, her recovery speed was very fast.

Moreover, there are saints with water and wood attributes here, so it is not difficult to help her recover.

After all, the damage caused by the Heavenly Thunder is more of a health bar.

It is not easy to restore the health bar.

"You are able to devour our attacks. Conventional means cannot seal you."

That's it.

The Demonic Saint paused for a moment before continuing:

"But you said you wanted to talk to us. I don't know, what do you want to talk about?"

Lin Tianhao said seriously:

"Do you know why you couldn't dodge or block my divine thunder just now?"

The Demonic Saint said solemnly:

"The rules are at a higher level, and should be blessed by the power of heaven."

Lin Tianhao remained silent. Is this the blessing of the power of heaven?

maybe!

Anyway, even the Heavenly Dao Saints cannot dodge his Heavenly Dao Divine Thunder.

"I have another skill here, which is also of a very high level. I want to use it to make a deal with the nine seniors!!"

Chapter 1733 Invite 9 great saints to enter the mortal palace!

"trade?"

The nine saints were a little surprised. They were fighting to the death just now, but now Lin Tianhao changed the subject and actually said he wanted to make a deal with them.

"You want to trade with us? Can you give us your skills?" said Saint Gengjin.

Lin Tianhao shook his head and said:

"Of course that's not possible."

"But my skill can help you become stronger, and even increase your chances of becoming a Heavenly Dao Saint."

Hear this.

The nine saints were all a little uneasy.

"What did you say?!"

"Can it help us increase the probability of becoming a Heavenly Dao Saint?!"

Heavenly Saint!!

For those ordinary strong men at the saint level, this is the realm they dream of.

just.

They didn't dare to think about it at first.

There is only a difference of two words between the Heavenly Saint and the Saint, but there is a world of difference in strength.

If they want to reach that level, they cannot do so without great opportunity, even if they practice hard for millions of years.

Perhaps by going to the divine realm or the endless starry sky, this time can be shortened, but it is not that simple.

"good."

Lin Tianhao nodded heavily.

"This skill of mine can permanently increase all of your attributes by 300%."

Hear this.

The nine saints were all slightly surprised. They had already reached the saint realm, and all their attributes were already very high.

If all attributes were increased by 300%, it would indeed be a huge improvement for them.

"It is indeed useful, but even so, it cannot increase our chances of becoming a Heavenly Dao Saint." Saint Zhenlei said.

"This skill has two more effects."

"The second effect is to permanently increase the speed at which your skills, mystical arts, magical powers, secondary occupations, etc. improve in proficiency by 300 times."

The Demon Saint shook his head and said:

"It's also a very good effect, but it's still not enough to help us increase the probability of becoming a Heavenly Dao Saint."

The Fire Saint shook his head and said seriously:

"Not necessarily. With a 300-fold proficiency bonus, with my qualifications, it is possible for me to reach the Heavenly Dao level alchemist within a million years."

She is an alchemist of a very high level, and she is also proficient in fire, which makes her even more adept at alchemy.

"If you say so, then it seems to be of some use." The Demon Saint nodded.

The Fire Saint said solemnly:

"This is more than useful. Heavenly Dao-level alchemists are even rarer than Heavenly Dao saints."

"and."

"With this bonus, I may be able to reach a higher level of alchemy in the future."

The Demon Saint nodded slightly and his eyes fell on Lin Tianhao.

"You just said there is a third effect?"

"Yes."

Lin Tianhao directly stated the third effect.

"The third effect is to increase your understanding by 300 times!!"

"This is the effect I mentioned that can improve your chances of becoming a Heavenly Dao Saint."

Increasing your comprehension three hundred times and increasing your enlightenment speed three hundred times are two different concepts.

The nine saints present should all have the means to increase their speed of enlightenment, but improving their understanding is too difficult.

If a person's enlightenment is 1, with the blessing of a hundredfold enlightenment, his enlightenment speed will be 100.

At this time, even if he is given 300 times the speed of enlightenment, it will only be 400 times the speed of enlightenment.

But what if he was given three hundred times the understanding?

If the enlightenment level is raised from 1 to 300, and the enlightenment speed is increased by 100 times, then the enlightenment progress is 30000! !

One is 400, the other is 30,000, that's the difference!!

"You're right. It's about increasing your comprehension by three hundred times, not increasing your enlightenment speed by three hundred times?!"

The demon saints all looked a little excited.

"It increases your comprehension by three hundred times!" Lin Tianhao said.

After the nine saints got the definite answer from Lin Tianhao, they all showed surprise on their faces.

But they had experienced a lot, and after a brief surprise, they all calmed down.

"You said trade, what do you want?"

"The spiritual fruit that Jiu Yan mentioned before, 10,000 per person, I want every attribute."

Hear this.

The expressions of the nine saints all changed slightly, and Saint Qiu Feng said in a deep voice:

"Xue Di, it's not that we don't agree to your request. Jiu Yan is so powerful and he took out nine kinds of origin laws, but we didn't agree to it, let alone you?"

Lin Tianhao shook his head and said with a smile:

"This is different."

"Increasing your comprehension by three hundred times is not enough to reach the Heavenly Dao Sage realm. If you have other opportunities, it is entirely possible to reach a higher realm."

Lin Tianhao was not joking.

but.

Lin Tianhao also knew.

Given his current situation, it was unrealistic to expect them to really give him so many spiritual fruits.

Lin Tianhao said this to retreat, and Lin Tianhao also had his own plans.

What he wanted was not only spiritual fruit, but also something more.

"Then how many spiritual fruits are you willing to give?" Lin Tianhao asked.

The nine saints were all lost in thought, apparently communicating via telepathy.

"We will each give you 3,000 spiritual fruits of different attributes. You are not Jiu Yan. If you were, we could also consider 4,000. You should understand what we mean." Saint Qiufeng said.

Lin Tianhao naturally understood what the other party meant.

Lin Tianhao hesitated for a moment.

"Three thousand is not impossible, but I have two conditions."

"two?"

The expressions of the nine saints were not very good. After all, they felt that giving three thousand coins to each of them was already giving Lin Tianhao a lot of face.

otherwise.

They took action directly.

of course.

They were willing to give three thousand coins because they realized how extraordinary Lin Tianhao was.

And if it is true as Lin Tianhao said, after they have improved so much, Jiuyan will most likely not be their opponent.

after all.

In the eyes of these nine saints, this battle was a back-and-forth fight.

"One, and we may not be able to agree to it." said the Demon Saint.

Lin Tianhao sighed and said:

"You can listen first."

"First, after the deal is done, you must let me go and not hurt me again."

Hear this.

The Demon Saint agreed without hesitation.

"no problem."

"Second, I want you to join my faction: the Fan Palace!"

"Become the Supreme Elder of our Mortal Palace."

This second requirement is what Lin Tianhao most wants to implement.

The rule that joining the Fan Palace means being absolutely loyal to him is at a very high level, and it is very likely to be from the hands of the God of the Source of Tao.

therefore.

Lin Tianhao is ready to give it a try and recruit them to join the Fan Palace to see if the power of the rule of absolute loyalty will be useful.

Take a step back.

Even if the power of the rule of absolute loyalty is of no use to them after they join the Fan Palace, he will still make a profit.

Chapter 1734 The Stunned Fatty!

First, when Lin Tianhao enlightens others, he can obtain 30% of their attributes and 30% of their understanding of Tao.

Second, by inviting strong people to join the Fan Palace, he can obtain the contribution value of the Fan Palace.

If he invites the nine saints to join the Mortal Palace, the contribution value he can get from the Mortal Palace will be an astronomical figure.

There are indeed no extremely powerful treasures in the mortal palace.

But there is no problem in exchanging for a set of nine-turn high-level equipment.

If the Alete system really invades on a large scale, it will also be very important to have a strong army.

therefore.

Large batches of standardized high-quality equipment are still necessary.

These days, Lin Tianhao's clone has also been using the enlightenment of the Heavenly Dao.

It's just the overall attributes of an ordinary adventurer, and the improvement on Lin Tianhao is too low.

after all.

This increase is 30% of the basic attribute. The increased attributes of equipment and props cannot be fed back to Lin Tianhao.

With Lin Tianhao's current attributes, only the monkey and the adventurer with god-level talent can improve Lin Tianhao's attributes a little bit.

But this improvement is not much.

However, 30% of the understanding of Tao is still very useful.

This is also the reason why Lin Tianhao plans to go to the Time and Space Training Tower to attain enlightenment after completing the twelve turns.

But for the time being, he doesn't have the chance to practice in the Space-Time Training Pagoda.

but.

Today's fortune seems to be good.

If he could enlighten the nine saints before him, all his attributes would surely be greatly enhanced.

After hearing Lin Tianhao's second request, the nine saints couldn't help but reveal embarrassed expressions on their faces.

"Xue Di, the nine of us saints all have our own forces. We will not easily join other forces and get involved in unnecessary causes and consequences." Saint Qiufeng said.

The Demonic Saint nodded slightly, took over the conversation, and continued:

"good."

"Besides, with our participation, Jiu Yan won't dare to do anything to you."

"This is a good thing for you, but the number of spiritual fruits will be reduced by half."

The number of spiritual fruits is halved?

Lin Tianhao frowned, somewhat hesitant.

Because for him, if he can succeed, he can get a lot of benefits.

The contribution value that can be obtained from recruiting them alone will be an astronomical figure.

"My dear seniors, 1,500 pieces are too few. This skill consumes a lot of my energy."

"How about this, let's all take a step back and give up two thousand coins?"

Hearing Lin Tianhao mention the price of two thousand pieces, the nine saints pretended to be in deep thought.

Finally, the Demonic Saint nodded and said, "Then we won't waste time. Here are 2,000 Demonic Spiritual Fruits. You can upgrade them for me first, so that we can verify whether what you said is true or not."

Lin Tianhao waved his hand and accepted the two thousand magic fruits. Now he had no time to check the authenticity of these magic fruits. Instead, he directly used the Heavenly Enlightenment on the Demon Saint.

The next moment.

Lin Tianhao saw that his blood bar had visibly increased.

The original health value of 300,000 trillion directly exceeded 500,000 trillion.

Attributes such as attack speed, movement speed, magic resistance, armor, attack power, and magic power have also been greatly improved.

at the same time.

The fat man who was gaining enlightenment in an ancient tomb suddenly opened his eyes.

He looked at his own 500 trillion health points and was not too shocked.

What really shocked the fat guy was his dual resistance and attack power.

"75123 billion attack power!!"

More than 750 billion attack power, is this the attack power that a normal person can possess?

There is also double resistance.

It also reached the trillion level.

"what happened?"

The monkey also slowly opened his eyes.

The fat man hesitated for a moment and said:

"I... seem to be a little bit stronger now."

Monkey couldn't help but roll his eyes, "You are bound to Brother Hao, so aren't you always strong?"

"This time is different, I... my attack power has exceeded 750 billion!!"

Hear this.

The monkey was stunned.

He even felt like he might have heard it wrong.

"No, how much did you say???"

"How much did you just say your attack power has broken through?"

The fat man did not answer, but directly sent his attribute map to the monkey.

When the monkey saw the fat man's attributes, he was completely stunned.

The next moment.

He then exclaimed:

"You...you are too outrageous!!"

"With over 750 billion attack power and 1 trillion dual resistance, who can beat you except for real damage?"

The monkey had just finished speaking.

The fat man was stunned again.

Seeing the change in the fat man's expression, the monkey guessed something.

He hesitated for a moment before saying:

"What? Your attributes have skyrocketed again, haven't they?"

The fat man said nothing, but silently re-cut his attribute panel and gave it to the monkey.

The monkey saw the fat man's new attribute panel and fell silent again.

Because on the attribute panel of the fat man's picture, it clearly showed that the health value was 680 trillion, the attack power was 128 trillion, the magic resistance was 220 trillion, and the armor was 260 trillion.

"This... is this an attribute panel that humans can possess?"

The monkey felt that his three views had been pressed to the ground and rubbed wildly.

"You...you are too outrageous!!"

"How could your attributes have improved so drastically in such a short period of time?"

however.

Just when the monkey was shocked by the fat man's improved attributes, he saw that the fat man was stunned.

No way, no way, it can't be that outrageous!!!

The monkey had already started shouting wildly in his heart. The answer seemed to be obvious, as it could make the fat man react like this.

"You...have your attributes skyrocketed again?" asked the monkey.

The fat man said nothing, just nodded slightly.

monkey:"....."

This really leaves Monkey speechless.

The monkey organized his words, but found that no matter what he said, it seemed insufficient to express his current mood.

Next.

The fat man saw his attributes skyrocketing again and again, and his health points had exceeded 1.5 trillion.

In today's Ragnarok, some low-level adventurers might not even have 1.5 million health points.

however.

This is not the end.

The fat man's health is still increasing at a speed visible to the naked eye.

finally.

The fat man looked at his 20.5 trillion health points, 72.35 trillion attack power, and more than 10 trillion dual resistances, and fell into deep silence.

“Brother Hao...Brother Hao is too fierce!!”

"It's a pity. I heard from Daofeng that the gods can take action. Otherwise, with Hao's attributes, it would not be our galaxy world that would be in trouble, but those bastards in the Alet Galaxy."

The fat man was really shocked.

Lin Tianhao's attributes have skyrocketed many times, but not even once has the impact as strong as today! !

Chapter 1735: All 6 visions are activated!

Lin Tianhao's attribute improvement this time is so huge that it is unbelievable. Even someone like Fatty, who has already gotten used to the sudden increase in Lin Tianhao's attributes, can't accept it.

And at this time.

Above Xuanxu, Lin Tianhao saw the improvement of his attributes, and his mood was somewhat complicated.

The degree of improvement in my attributes is really too outrageous.

As for the 30% of the nine saints' comprehension, it does not bring such a big improvement to Lin Tianhao.

Although their comprehension is much higher than that of ordinary professionals, there is still a limit.

Even if their comprehension is 10,000 times that of ordinary people, the improvement they give to Lin Tianhao is only equivalent to enlightening 3,000 ordinary professionals.

"The next step is to join the Fan Palace."

"This is our identity token for our mortal palace. From now on..."

"and many more!!"

Before Lin Tianhao could finish his words.

The Demon Saint's face darkened and he interrupted Lin Tianhao's words.

Not only the Demon Saint, but everyone else was also staring at Lin Tianhao with unfriendly eyes.

Lin Tianhao frowned slightly. Their reaction made him feel that something was not right.

"What do you mean?" Lin Tianhao frowned.

"I have already helped you improve your attributes. Do you really want to go back on your word?"

Hearing Lin Tianhao's words, the Demon Saint said coldly:

"Xue Di, are we going back on our word, or are you up to something? Don't you have any idea?"

Upon hearing the words of the Demon Saint, Lin Tianhao realized that something was wrong.

Could it be that they discovered someone who had joined the Mortal Palace?

"What do you mean?" Lin Tianhao frowned.

Even at this point, he couldn't admit it.

"There is something wrong with this token, and there is also something wrong with joining the Mortal Palace. Joining the Mortal Palace should be restricted by some kind of rule power."

Saint Qiu Feng spoke coldly, and a strong murderous intent emanated from his body, locking onto Lin Tianhao.

really.....

They discovered the problem of joining the Fan Temple.

"Xue Di, you are just an ordinary mortal, but you want to plot against us nine saints. You... are really brave." The Demon Saint questioned.

Lin Tianhao shook his head and said in a deep voice: "It can't be called a plot!!"

"Didn't you say that before?"

"If I were Jiu Yan, I could negotiate for four thousand spiritual fruits."

"This means that the level of improvement I have helped you achieve is worth at least four thousand spiritual fruits."

Hearing Lin Tianhao's words, the Demon Saint couldn't help but snorted coldly:

"We said that you are Jiu Yan, so you can get that price, but you are not!!"

Lin Tianhao did not comment, "You agreed to join the Fan Palace. This rule power does exist, but this is the rule power of joining the Fan Palace."

"You didn't ask before, but now you go back on your word. Is this what a saint does?"

The nine saints before them have weighed the pros and cons of joining the Mortal Palace.

They are willing to agree, of course they have their considerations.

But now they have gone back on their word and want to put the blame on Lin Tianhao. How could Lin Tianhao agree to that?

"You are a silver-tongued person. No matter how much you say, you are the one who schemed against us nine saints today."

"It's impossible for you to join the Mortal Palace. The spiritual fruit has already been given to you. We are going back now. You should take care of yourself!!"

The words fell.

They actually already had the idea of leaving.

Lin Tianhao's eyes narrowed slightly, and he said in a cold voice:

"You can leave, but can the forces behind you leave? If you don't join the Mortal Palace, then we will pay you the original price of 10,000 Spiritual Fruits!!"

"Or... let's just keep fighting!!"

Lin Tianhao has never been a soft persimmon. Even if the nine people in front of him are powerful saints, it is impossible for him to compromise.

of course.

There is another reason why Lin Tianhao refused to compromise.

This time is his chance. If he cannot gain enough benefits for himself, he will still have to deal with it when facing Daozu Hongjun next time.

Although Lin Tianhao didn't know why Daozu Hongjun wanted to do this to plot against him, this was indeed a good opportunity for him.

"Are you threatening us?"

There was a fierce light flashing in the eyes of the True Thunder Saint.

Who are they?

saint!!

Where is Lin Tianhao?

Just an ordinary person.

How ridiculous it is for a mortal to threaten a saint.

especially.....

This mere mortal threatened the nine saints at the same time. This was simply arrogant.

"You can understand it this way. You are powerful people in the realm of saints. I can't stop you, and I can't kill you in a short time."

"But I just don't know if everyone in your power is a saint!!"

After hearing Lin Tianhao's words, the Demon Saint's eyes became more ferocious.

"Xue Di, you think too highly of yourself. You are an adventurer, and we really can't do anything to you in the short term."

"But don't forget that you also have power. If the nine of us saints join forces to attack your Mortal Palace, I wonder how long your Mortal Palace can hold out?"

Lin Tianhao smiled without comment and said:

"You can give it a try!!"

"The magic world can exist or not. I am already possessed by the devil. I dare to kill all the creatures in the magic world. Do you... dare?"

"Can you... handle this cause and effect?!"

Lin Tianhao's body was once again covered with magic patterns, and he looked like he had walked out of a sea of blood and corpses, which made people shudder.

"It seems that we have no choice today. We must eliminate the demons and defend the Way!!"

The True Thunder Saint spoke indifferently, a staff wrapped in thunder appeared in his hand, and his aura continued to rise.

Not only the True Thunder Saint, the aura of the other eight saints is also rising.

"Okay, great!!"

"A powerful person at the level of a saint actually went back on his word to a mortal. It really couldn't be better!!"

Lin Tianhao laughed in anger, and the devilish nature in him became even stronger.

True Thunder Saint snorted coldly, "You are so stubborn that you refuse to change your ways. Heaven will not tolerate your punishment if you don't!"

Lin Tianhao laughed grimly, "Hahaha, OK, OK, OK!"

"bring it on!!"

The words fell.

Strange visions kept appearing behind Lin Tianhao.

Space Vision: Space Lotus!!

Bright Vision: The Sun and Moon Divine Heart!!

Dark Vision: Solar Eclipse!!

Death Vision: Reincarnation Reflects the Six Paths!!

Vision of Life: The Long River of Life!!

Vision of Power: Chaos Hammer!!

Soul Vision: Nine Souls and Nine Spirits Suppress the Nine Provinces!!

Poison Vision: Full House!!

Wind Vision: Destroy the Eye of the Wind!!

Thunder Vision: Nine Heavens Immortal Thunder Lord!!

Ice Vision: Mysterious Rain of Ice Soul!!

Golden Vision: The setting sun and golden armor support the sky!!

The Strange Phenomenon of Wood: Wanliqing!!

Water Vision: The Sky in the Water!!

Vision of Fire: Yin-Yang Burning Heaven Furnace!!

Earth Vision: Xuanhuang Dragon Bone Mountain!!

The visions of the sixteen great saints are all revealed!!

Chapter 1736 The 9 Great Saints Compromise!

Looking at the images of saints rising up behind Lin Tianhao, the faces of the nine saints changed again and again.

They thought that Lin Tianhao might be a little difficult to deal with, but they never imagined that Lin Tianhao would be so difficult.

"Ten...sixteen visions of saints!!"

"He...he's just a mortal!!"

"How could he... could he be the reincarnation of some super powerful person? What he said about there being a super powerful person behind him that even Jiu Yan is afraid of... is all true!!"

"It is also possible... He is just like Ku Yue, a super mortal who pursues perfection. He has existed for a long time and cannot be guessed by common sense."

The nine saints were all shocked.

The visions of the sixteen saints had a huge impact on them.

They thought of many possibilities, but they never thought that Lin Tianhao could actually use the sixteen great saints' visions.

"But...but he's an adventurer!!"

"The time he existed should be..."

Saint Zhenlei spoke weakly, his voice a little low.

Because he knows.

There are so many things behind his words.

This made them all a little unable to believe that this was true.

This... is too unbelievable.

Even though they are saints who have lived for a long time, they are still at a loss when faced with the current situation.

It's not because Lin Tianhao used the sixteen saintly visions that they can't defeat Lin Tianhao.

in contrast.

No matter how strong Lin Tianhao is, he is just a mortal after all.

The realm gap between them is really too big.

among them.

Any one of them can overpower Lin Tianhao's sixteen saintly visions.

But thinking about what happened today and some of the things Lin Tianhao said before, the nine saints already had some guesses in their minds.

"Jiu Yan is so vicious that he actually threw such a hot potato to us." Saint Qiufeng said angrily.

Lin Tianhao is an adventurer. With such achievements now, if someone says there is no super power behind him, they will not believe anything he says!!

The nine saints can indeed suppress Lin Tianhao if they join forces, but what if the super powerful person behind Lin Tianhao takes action?

and.

The galaxy world is in danger. Does someone like Lin Tianhao have the responsibility to save the world?

If there is, the consequences they will have to bear for suppressing Lin Tianhao will be unimaginable.

But what can they do now?

Since we can't fight, does that mean we have to compromise?

"Xue Di, we admit that we were all tricked by Jiu Yan, but you asked for 10,000 spiritual fruits, which is indeed a bit too much."

"We said before that if it's Jiu Yan, we'll give you 4,000 coins. Now, we'll give you an extra 2,000 coins each. How about that?"

They are saints. Although they have their own pride, they also know the vastness of the world. Sometimes, they have to give in when they should.

Especially with what Lin Tianhao is showing now, if they are not careful, they might all die.

"Another 3,000 coins for each person!!"

Lin Tianhao also knew that if he really fought, he would definitely not be able to defeat the nine saints in front of him.

Therefore, if we can extort more, we will definitely extort more.

Hearing Lin Tianhao's words, the nine saints all frowned slightly.

But they didn't hesitate for too long and nodded in agreement.

"it is good."

The words fell.

The Demon Saint took the lead and took out three thousand Demonic Fruits.

The remaining eight saints did not waste any words and each took out a spiritual fruit with corresponding attributes.

"Xue Di, you really made a lot of money this time."

"You help us improve, and your own overall attributes have also been greatly improved." The Demon Saint smiled.

Even though they were almost tricked today, their improvement is real.

and.

They saw that Lin Tianhao was extraordinary, and if they could establish a good relationship with him, it might be helpful to them in the future.

Lin Tianhao smiled and said:

"This is a win-win cooperation for us. I hope we can continue to cooperate if there is an opportunity in the future."

Hear this.

The Demon Saint was also slightly relieved.

Lin Tianhao hesitated slightly, but still asked:

"Jiu Yan's son recognized you as his foster father?"

"good."

Saint Zhenlei nodded, "That kid has good talent. Jiuyan took away the nine origin laws of our world. Naturally, we have to think of a countermeasure."

"Then do you know that Jiuyan's son now only has a remnant soul left? Moreover, this remnant soul has controlled the body to provoke Jiuyan. From the looks of it, it seems that he wants to provoke a war between you and Jiuyan."

"What did you say?!"

The Demon Saint narrowed his eyes slightly, and a fierce light flashed in his eyes.

"Is there only a remnant soul left in Lusheng?"

Lin Tianhao knew it by looking at their reactions.

The previous speculation was correct. Jiuyan's son, also known as Lusheng by the Demon Saint, was plotted against by others.

"I want to ask, do you know who is plotting against you and Jiuyan behind the scenes?" Lin Tianhao asked.

"Jiu Yan said that the person behind this was trying to take his son's life and threaten him to kill you!!"

Hear this.

The nine saints looked at each other. Saint Zhenlei did not think for too long before he said angrily:

"It must be Ku Yue. I've noticed recently that she seems to be almost reaching her peak and about to reach the divine realm."

"Given her personality, she will definitely focus on the nine origin laws in Jiu Yan's hands."

really.

The first person the nine saints suspected was Ku Yue.

In fact, even Daozu Hongjun himself suspected Ku Yue.

Although Ku Yue explained, it seemed that there was no suspicion.

But to use the words of Taoist Master Hongjun, the fact that a person who is the biggest suspect can easily get rid of suspicion is a problem in itself.

But Lin Tianhao actually felt that something was not quite right.

Ku Yue does meet the requirements, and among the people currently known, she is the most likely suspect.

But Ku Yue is different from the nine saints in front of her. She and Daozu Hongjun are from the same era.

This also means that she should know the identity of Daozu Hongjun.

In this situation, does she still dare to plot against Daozu Hongjun?

She has practiced hard for such a long time, she shouldn't be so reckless.

If this were discovered by Daoist Patriarch Hongjun, wouldn't he be dead?

and so.

There is a high probability that the person who plotted against Daozu Hongjun did not know the identity of Daozu Hongjun.

The other party should only know the identity of Taoist Ancestor Hongjun Jiuyan.

With the fighting power displayed by Daoist Ancestor Hongjun Jiuyan, if he were to go head-to-head with the nine saints, both sides would most likely suffer losses.

At this time, someone will be able to reap the benefits.

"Don't you and Jiuyan have a conflict? Why are you still helping Jiuyan investigate these things?" Saint Qiufeng asked with a frown.

"I've said before that Jiu Yan is a subordinate of the person behind me. Jiu Yan and I are now in opposition, but it's just because of different objective standpoints, not a direct contradiction."

Chapter 1737 Everyone is doubting Ku Yue!

The Demon Saint said in a deep voice:

"But Jiuyan wants us to kill you today."

Lin Tianhao shook his head and said seriously:

"First, you can't really kill me. I can be resurrected."

"Second, as long as I use the sixteen Saint Visions, you will definitely not attack me again."

Hearing Lin Tianhao's words, the nine saints nodded secretly.

"Just now, Saint Zhenlei said that if there is someone behind this, then this person is most likely Ku Yue."

"In our world, the only one who has the ability to plot against us is Ku Yue."

Lin Tianhao looked at the Demon Saint and said:

"When I arrived at Xuanxu, Jiuyan told me that there was once a princess here. It was she who discovered the devil attribute and became a devil saint."

Lin Tianhao thought for a moment and asked:

"Then... could it be that she is not dead yet?"

If someone was plotting against Daozu Hongjun, that person must be some other powerful person, if not Ku Yue.

When Daozu Hongjun mentioned the princess before, Lin Tianhao had some guesses.

After all, no one could prove that the princess was dead.

The only evidence is that a new magic saint has been born.

"A new demon saint has been born, she must be dead." said the True Thunder Saint.

Lin Tianhao shook his head and asked:

"One path can only give birth to one saint?"

"Yes."

Saint Zhenlei's answer was very affirmative.

"The number of saints that can be born in each small world is limited, and the sainthood is relatively fixed."

Saint Qiufeng hesitated for a moment and said:

"Unless... new attributes appear."

Lin Tianhao hesitated for a moment, then asked:

"Then how did Jiu Yan become a saint?"

"He doesn't seem to be one of your nine attributes, but he has also become a god."

The Demon Saint said with a serious expression:

"Jiu Yan is talented, but more importantly, it's his chance."

"He relied on his disguise to join the nine of us under different identities, combining the strengths of nine attributes. He eventually became a saint after stealing the nine original powers of this world."

Lin Tianhao was slightly startled. "If that's the case, will anyone be able to replicate Jiu Yan's method of becoming a saint?"

"After all, strictly speaking, Jiu Yan left behind the totem heritage of Tianxing Tower. If there is a gifted person, there is still a high probability that he can comprehend the nine attributes and then become a saint."

Hear this.

The nine saints all nodded repeatedly.

"impossible."

"Even if someone really achieves sainthood through this, the heavenly tribulation that comes with becoming a saint cannot be hidden from our eyes."

"Since Jiu Yan, no new saint has been born in this world."

Saint Qiu Feng said solemnly:

"So, if the one who plotted against Jiuyan and us wasn't Ku Yue, then he could only be an outsider from another world, or maybe..."

That's it.

Saint Autumn Wind's gaze swept over the other eight people.

"Or maybe one of us."

Saint Qiufeng is quite direct. He even doubts his own people.

"None of us nine actually want to be enemies with Jiu Yan. It would be best if we can resolve the battle in a peaceful way."

"But there may be people who like to be clever."

Hearing what Saint Autumn Wind said, Saint True Thunder felt somewhat unhappy.

"Qiu Feng, the nine of us are now on the same boat. When you say this, aren't you afraid that there will be a rift between us and that others will benefit?"

Saint Qiu Feng said solemnly:

"If I don't say anything, everyone will speculate about it behind my back, which will easily cause estrangement."

Lin Tianhao watched the changes in their eyes and was guessing in his heart.

Take back your thoughts.

Lin Tianhao knew in his heart that when dealing with these saints, it would be difficult for him to find out useful information from them.

"Have you ever had contact with people from the Alate galaxy?" Lin Tianhao asked.

This magic world is a parallel world to the Milky Way world. If the Alite galaxy invades the Milky Way world on a large scale, will this magic world also be included?

"I know, but I have never come into contact with it." said the Demon Saint.

"Aren't you worried that those guys from the Alate Galaxy will invade you as well?" Lin Tianhao asked.

"Don't worry. There's no point in worrying. If they really want to attack our world, we saints can't do anything about it."

"The worst outcome is that we go to the divine realm or the endless starry sky. Even if the one in the Alate galaxy is willing, we will become prisoners."

Lin Tianhao pointed to the sky and asked:

"Does the Way of Heaven exist here?"

"No."

The True Thunder Saint answered with certainty, "In our world, there is no way for a Heavenly Dao Saint to be born. The most fundamental reason is that we do not have the Heavenly Dao."

"In other words, we share the laws of nature with the Milky Way. We are completely dependent on the Milky Way for our survival."

Saint Qiu Feng said from the side:

"So, if the Galaxy World is really completely conquered, it is inevitable that we will be affected."

Lin Tianhao said with a serious expression:

"Then can you guys protect the galaxy together? You may not be able to take action at that time, but you still have people under your command."

Hear this.

The nine saints shook their heads and said:

"We can't agree to this."

"Because we all have space magic weapons, even if we take billions of people away, it won't be a problem."

"therefore....."

"There's no reason for us to help you fight those guys in the Arlet system."

Lin Tianhao was silent. Before he could speak, the Demon Saint continued:

"You don't have to worry too much. There is someone behind you who is more powerful than Jiu Yan. I guess it's the Heavenly Dao Saint."

"You were able to comprehend sixteen saint visions in a short period of time. The Heavenly Dao Saint behind you is no ordinary being."

"There is only one person in the entire galaxy who can mobilize such huge resources to support you."

"Who?"

"Daozu Hongjun!!"

The Demon Saint said very seriously:

"Daozu Hongjun has already merged with the Heavenly Dao, and his authority in this world is very high. Even other Heavenly Dao saints who have walked out of the Milky Way World, or even several super powers who have walked out of the Eternal Realm as rumored, are within his reach."

"They have all received the favor of Daozu Hongjun to some extent. If Daozu Hongjun wants to train someone, he can even ask the super powerful people in the Eternal Realm for help."

"Do you know Taoist Hongjun?" Lin Tianhao asked.

The Demonic Saint shook his head, "How can we know such a great figure as Daozu Hongjun?"

"It's Ku Yue, who should know Daozu Hongjun. Although she is a mortal, she relies on her age and doesn't take us seriously. Naturally, she won't say much to us."

Lin Tianhao hesitated for a moment and said:

"What if I said..."

Chapter 1738 Swallowing the spiritual fruit, the attribute affinity skyrocketed!

Just when Lin Tianhao was about to say that Jiu Yan was Daozu Hongjun, he found that a powerful aura was locking onto him.

"You are lucky you didn't hurt my son, otherwise I would have crushed you to ashes!!"

Daozu Hongjun suddenly appeared, as if he had always been there, but because of some means, no one present could see him.

"Jiu Yan!!"

Seeing the person coming, the nine saints simultaneously protected Lin Tianhao.

The Demonic Saint directly transmitted the message:

"Xue Di, the divine thunder you just used to attack me, can you still use it?"

Obviously.

The Demon Saint wanted to use Lin Tianhao's divine thunder to kill "Jiu Yan".

of course.

It certainly wouldn't work just relying on the Heavenly Thunder, they would also need to make up for the damage.

"It can't be used today." Lin Tianhao responded via voice transmission.

The Demon Saint had a solemn expression on his face. Without Lin Tianhao's Heavenly Thunder, they still couldn't deal with the "Jiu Yan".

"Let my son go now, and I can forgive him for what happened. Otherwise... don't blame me for fighting you to death."

Hear this.

The Demon Saint said coldly:

"Xuedi has already told us that he is not your son. You force Xuedi to stay with you and imprison him."

"As a saint, I feel ashamed for you!!"

Daozu Hongjun smiled without comment and said:

"It seems you must fight."

Daozu Hongjun looked serious, "Although I am no match for you, if I really fight to the death, the result is still unknown!!"

The nine saints hesitated.

Their recent collaboration with Lin Tianhao wasn't actually very pleasant.

Now, fighting for Lin Tianhao and Jiu Yan is not worth it no matter how you look at it.

not to mention.

They also discovered that Lin Tianhao was too special, and the cause and effect on his body might not be something they could bear.

I have the answer in my mind.

But they would not agree to let the nine saints leave in such disgrace.

"Jiu Yan, we can ignore it, but shouldn't you return the nine origin laws?"

"Yes, but the conditions remain the same as before." Daozu Hongjun said.

"Impossible, the maximum is 5,000. If you still don't agree, then we have no choice but to fight."

"Fight hard? You're not the only one who dares to fight hard!!"

Daozu Hongjun looked at Lin Tianhao, pondered for a while, and then said:

"it is good."

"As you wish, the origin law will be returned to you. Bring me the spiritual fruit."

Under Lin Tianhao's gaze, Daozu Hongjun completed the transaction with the nine saints.

Lin Tianhao just watched throughout the whole process without saying a word.

Simultaneously.

Lin Tianhao was also observing the nine origin laws that were stolen by Daozu Hongjun.

But these things are all in the box, and Lin Tianhao wants to observe them, but he doesn't have the chance.

"Xue Di, come with me." Daozu Hongjun said lightly.

Lin Tianhao frowned slightly, but still followed Daozu Hongjun away.

It is still somewhat unrealistic to expect these nine saints to help him deal with Daozu Hongjun.

"Where are we going?" Lin Tianhao asked.

"Let's go fishing."

"I've prepared a fishing rod for you. You might like it."

Daozu Hongjun smiled and spoke.

With a wave of his hand, a fishing rod fell in front of Lin Tianhao.

Lin Tianhao: "???"

"Really fishing?"

"certainly,"

Daozu Hongjun took a step forward, and the next moment, Lin Tianhao found that the sky had darkened, and he appeared in a Gobi desert with a sky full of stars.

In front of the Gobi Desert is a huge lake.

The lake water was as dark as ink, seemingly able to swallow up the light, making it completely impossible to see what was in the lake.

"These spiritual fruits are no longer of much use to me, so I'll just give them to you."

Daozu Hongjun gave all the spiritual fruits that the nine saints had just given him to Lin Tianhao.

Only at this time did Lin Tianhao have the opportunity to observe these spiritual fruits.

Fire Spirit Fruit: Special.

Usage requirements: None.

Effect 1: After eating, fire resistance +100 million.

Effect 2: After eating, free attribute points +100 million.

Effect 3: After eating, fire attribute affinity +1.

(Note: This item is a one-time use item. You can consume multiple Fire Spirit Fruits without reducing their effects.)

Abrasion resistance:100.

Lin Tianhao raised his eyebrows slightly. The effect of this spiritual fruit seemed to be even stronger than he had imagined.

The improvement from one spiritual fruit is not that big, but with ten thousand spiritual fruits, the improvement he can get is quite significant.

"This thing should be useful to you, Daozu, right?" Lin Tianhao asked.

After all, the affinity of a certain attribute is still a very useful thing.

"It is said that it can be consumed multiple times without reducing the effect, but in fact, after consuming 10,000 pills, there is no effect anymore."

"So that's how it is." Lin Tianhao nodded secretly.

"I got 5,000 for each attribute, and you got that much too."

"This way, I can pull it full."

Daozu Hongjun chuckled and nodded, "Yes, this is also a little compensation for me imprisoning you."

"But you are pretty impressive. With the help of those nine little guys, you have improved so many attributes."

Lin Tianhao smiled awkwardly and said:

"Daozu, did you plan to leave to this extent?"

He had cursed Daozu Hongjun before, but now it seems that Daozu Hongjun might have good intentions.

"Not all of them. I even suspected that the person who plotted against me was among these nine people."

"In fact, the most ideal situation is that I fight them both to a draw. Then maybe the person behind the scenes will show up on his own initiative."

"But later I thought that since the other party's goal is the origin law, I might as well hand over all nine origin laws and see what the mastermind behind the scenes will do."

Lin Tianhao directly swallowed these spiritual fruits.

"Ding, you swallowed the Fire Spirit Fruit, Fire resistance +100 million, free attribute points +100 million, Fire affinity +1."

"Ding, you swallowed the Fire Spirit Fruit, the fire attribute..."

.....

Lin Tianhao was still swallowing continuously, this feeling was extremely wonderful.

Among the sixteen great ways, Lin Tianhao's way of space has reached the twenty-third level of the Dao realm.

The other fifteen great ways are only the nineteenth level of the Dao realm.

Lin Tianhao had speculated before whether it was because of the spatial affinity that the Silver Eyes brought him.

It seems that only this can explain why his way of space can break through the limits and reach the 23rd level of the Dao realm.

now.

Because of the enlightenment of the Heavenly Dao, Lin Tianhao's understanding has become extremely terrifying.

Coupled with the effects of the Sky Punishment Set and the attribute affinity improved by the spiritual fruits he has obtained now, if Lin Tianhao can find an opportunity to attain enlightenment in the future, the improvement will be enormous.

Three hours later.

Lin Tianhao finally devoured all 90,000 spiritual fruits.

But the further he went on, the more surprised Lin Tianhao became.

Because Lin Tianhao discovered that the place where they were fishing... did not have any of the properties he was familiar with!!

Chapter 1739 Daozu's murderous intention, unknown elders!

There is ground under your feet, so there should be earth element or gold element.

There is a lake ahead. Although the color of the lake is black, it is still water.

But he... couldn't sense the presence of water element at all.

"where is this place?"

Seeing Taoist Patriarch Hongjun who looked like an old monk in meditation, Lin Tianhao couldn't help but ask.

But before Daozu Hongjun could answer, a somewhat turbid voice suddenly sounded.

"This is Luosheng Lake."

"The saint is extraordinary. It is not easy to kill a saint. But if the saint is thrown into this Fallen Saint Lake, he will perish and his sainthood will be abandoned."

Hearing this somewhat muddy voice, Lin Tianhao looked over immediately.

Daozu Hongjun is right beside him, who will appear at this critical moment?

In Lin Tianhao's sight, a middle-aged man with an untidy beard appeared. His clothes were a little dirty, but not tattered.

He was holding a bamboo pole in his hand, and from the looks of him, it seemed that he was here to fish as well.

"Don't mind if I fish nearby." The middle-aged man with a turbid voice said lightly.

Daozu Hongjun glanced at the middle-aged man meaningfully and said:

"If I say I mind, will you leave?"

The middle-aged man shook his head and said:

"You, like me, are too murderous. The nine have already been given spiritual fruits, but you insist on killing them all?"

Lin Tianhao was slightly stunned.

I am a junior?

Too murderous?

Nine?

This amount of information is a bit too much.

What does this middle-aged man mean by saying these words?

Could it be that Daozu Hongjun wants to kill the nine saints of the magic world?

and also.

What does this middle-aged man mean by "younger generation"?

Could it be that I am his junior?

But the question is, I have never met him, so how can I say that I am his junior?

Is it because of my human identity?

If it is because of my human identity, who is the other party?

One of the Three Emperors?

"I say you have a strong desire to kill, but do you not have a strong desire to kill?"

"If you hadn't killed so many people, you wouldn't be like this now."

Daozu Hongjun's words left Lin Tianhao silent.

Killing intention?

Among the Three Emperors, is there anyone with a particularly strong desire to kill?

"This is my principle. I owed that person a favor, so I had to come."

The middle-aged man spoke calmly.

"But she is already dead!!" Daozu Hongjun said coldly.

"It's such a pity to kill the nine great saints." The middle-aged man said again.

Lin Tianhao remained silent. He couldn't interrupt now.

The specific identity of this middle-aged man is unknown, but the fact that he dared to challenge Daozu Hongjun is enough to show his extraordinaryness.

"I'm afraid you want to save this junior of yours, so you're taking advantage of this opportunity." Daozu Hongjun said.

Hear this.

The middle-aged man shook his head and said:

"Save him? Why should I save him? You never intended to harm him. Besides, aren't you hesitant about how to treat him?"

Daozu Hongjun was silent for a while, then he said:

"I should give you face, but the one who did it must die. You go and tell him."

The middle-aged man took a deep breath and finally nodded, "It's better to die one person than to die all nine together."

The words fell.

The middle-aged man shook his head and said, "It seems that we can't catch this fish today."

Lin Tianhao opened his mouth and wanted to ask something, but the middle-aged man had already left.

"Daozu, this senior is..." Lin Tianhao still spoke.

He really couldn't guess this person's identity.

Daozu Hongjun shook his head, "He didn't say it, so I can't say it either. He should tell you when the time is right."

Lin Tianhao nodded. Why is he still keeping it a secret?

"Neither Zhunti nor Jie Yin made you compromise, Daozu. This person actually made you give in. He is truly extraordinary." Lin Tianhao said.

Daozu chuckled and said, "Don't try it."

Lin Tianhao grinned and said:

"No temptation."

"But from your conversation just now, Daozu, you have murderous intentions towards the nine saints? Is it your son that they are plotting against?"

"Ah."

Daozu Hongjun nodded slightly. They were doing the opposite and putting the suspicion on Ku Yue.

"And they also calculated that if I wanted to lure out the mastermind, he would most likely hand over all nine origin laws."

"Unfortunately, they miscalculated. I am Jiu Yan, and also Daozu Hongjun!!"

Lin Tianhao nodded. He was not too surprised that Daozu Hongjun was able to find the person behind the plot against his son.

It seems now.

If Daozu Hongjun is really just Jiuyan, it seems difficult to find out the truth.

Finally, if the nine original laws were taken out, the nine saints would get what they wanted, and they wouldn't even have to pay much.

"Since you have already found out the real culprit, why do you still want to return the nine origin laws to them?"

"This is the karma I owe them. Once I pay it back, the karma will naturally be gone. Killing them again won't be a burden."

"After all, they were the ones who plotted against my son first, so it's only reasonable for me to kill them."

That's it.

Daozu Hongjun shook his head and said helplessly:

"But I didn't expect that he didn't show up for your problem, but showed up for the problem of the nine saints."

Lin Tianhao smiled awkwardly and said:

"From what you said, Daozu, I mean this senior and I are very close?"

"I guess so." Daozu Hongjun said with a smile.

"I asked you to come here to fish, not to ask questions."

"It would be a lot less fun if a man didn't fish."

Lin Tianhao prepared the fishing rod and started fishing by imitating others.

just.

Lin Tianhao had only cast his fishing rod for two minutes when he felt something take the bait.

"No, there really is a fish?!"

Before, Daozu Hongjun fished for three hours, but there was no response at all.

There was movement in less than three minutes.

Although Lin Tianhao himself has never gone fishing, he has watched some fishing videos.

Seeing the right opportunity, Lin Tianhao lifted the rod directly.

But as soon as he lifted the rod, Lin Tianhao realized that something was wrong.

Because the fishing rod instantly broke into a crescent shape, it seemed as if the fishing rod in his hand would break at any time.

Lin Tianhao knew that using brute force would not work, so he simply stopped pulling up forcefully, and instead continued to exert force and began to try to slip the fish away.

When he was watching the videos at first, it didn't seem very difficult for the bloggers to fish, but when it really happened to him, Lin Tianhao found that fishing was a bit difficult.

especially.

He didn't know what kind of fish was in this black lake, and why was it so difficult to deal with?

Daozu Hongjun stood aside, watching Lin Tianhao playing with fish with a strange look in his eyes.

While Lin Tianhao was trying his best to play the fish, he also asked:

"Daozu, what kind of fish is that underneath?"

The dirty middle-aged man said before that this is the Fallen Saint Lake. Any saint who falls into it will die. So what kind of fish can there be in this Fallen Saint Lake?

Chapter 1740 Mysterious Stone Tablet, 4 Unknowns!

"Won't you know what kind of fish it is when you catch it?"

Daozu Hongjun did not give Lin Tianhao an accurate answer.

As a last resort.

Lin Tianhao could only continue to play with the fish in his own way.

As Lin Tianhao fished, time passed by little by little.

An hour...

Two hours...

Three hours...

.....

Lin Tianhao's forehead was already covered with sweat, but the fish that had taken the hook seemed to have endless energy and was struggling frantically.

"Daozu, is my method wrong?" Lin Tianhao asked.

"Yes, that's how you fish."

This time.

The one who answered Lin Tianhao was not Daozu Hongjun, but the middle-aged man who had left earlier.

There was another person who came back with the middle-aged man.

Lin Tianhao also knew this person.

The Autumn Wind Saint among the nine saints.

When Saint Qiufeng saw Lin Tianhao playing with the fish, a look of shock appeared on his face.

"You are a saint, yet you are still so uncalm. What's so surprising about that?" the middle-aged man scolded.

Saint Qiufeng smiled bitterly and nodded, then his eyes fell on Daozu Hongjun.

"I didn't know Jiuyan was the incarnation of Daozu. I'm sorry for offending you before." Saint Qiufeng bowed to Daozu Hongjun.

Daozu Hongjun waved his hand, "There is no need to worship him. He should have told you my attitude."

Hearing Daozu Hongjun's words, the middle-aged man continued:

"Daozu, it was not easy for him to achieve the realm of a saint. It is a bit aggrieved for him to go to this Luosheng Lake to feed the fish."

Hear this.

Daozu Hongjun did not say anything, but frowned slightly, with murderous intent fluctuating from his body.

The middle-aged man immediately said:

"Of course, I'm not asking you to let him go, Daozu. I just think that since you are a saint after all, I wonder if you can give him a chance to enter the long river of time."

Daozu Hongjun shook his head, "If you are a Heavenly Dao Saint, I will give you this opportunity, but Saint, forget it!!"

After hearing what Daozu Hongjun said, the middle-aged man wanted to say something, but Saint Qiufeng raised his hand to interrupt him.

"Senior, you have done a great favor to our magical world. We cannot make things difficult for you anymore."

The words fell.

Saint Autumn Wind strode towards the Falling Holy Lake with big strides.

"Wait!!" Daozu Hongjun spoke.

Hear this.

A hint of joy flashed in the depths of Saint Qiufeng's eyes. Could it be that Daozu Hongjun had changed his mind and was willing to give him a chance to enter the River of Time?

Although entering the long river of time is a life-threatening experience, most of the memories of this life will disappear.

But if you enter Luosheng Lake, you will be dead for sure. There is really no chance at all.

"You are all saints, don't you have this little bit of vision?"

"Didn't you see my little brother was playing with the fish? Jump again later." Daozu Hongjun scolded.

The corner of Saint Autumn Wind's mouth twitched slightly.

really.

He thought too much.

It is still somewhat unrealistic to expect Daozu Hongjun to let him go.

"It would be a shame to kill him. If he must die, I have a favor to ask."

Lin Tianhao said as he was playing with the fish.

This is a saint!!

How can you kill him directly?

"Wait until you catch something."

"thing?"

"Isn't it that the thing that took the hook was not a fish?" Lin Tianhao asked.

"You'll realize after you fish it out that not everyone can catch anything from this Luosheng Lake." Daozu Hongjun said.

Lin Tianhao stopped talking and concentrated on fishing.

The more he fished, the more frightened Lin Tianhao became.

What on earth is this fish?

If it was some powerful being, it should have broken free.

If it was very weak, it should have been fished out.

What is going on now?

Just as Lin Tianhao was guessing, the struggling force gradually weakened, and soon, a ball of light was pulled out of the water by Lin Tianhao.

The thing that fell up was very unique. It was just a ball of light, and it was impossible to tell what it was.

Lin Tianhao raised his hand and grabbed the ball of light. The light of the ball of light disappeared, and a broken stone tablet appeared in his hand.

Broken stone tablet: unknown.

Requirements for use: Unknown.

Effect: unknown.

Abrasion resistance: Unknown.

Lin Tianhao was speechless. What was this?

He knows nothing when asked.

"Daozu, what is this?" Lin Tianhao asked.

Daozu Hongjun shook his head and said, "I don't know, but nothing caught in Luosheng Lake is lower than the saint level."

"I can't see the effect of your thing. It's at least at the level of a Heavenly Saint, or maybe even higher."

Lin Tianhao looked a little strange.

According to Taoist Hongjun, this stone tablet is indeed a good thing, but there is a problem.

So how do you use this stone tablet? Throw it out to hit someone?

But right now.

The middle-aged man asked:

"Xue Di, you said that it was a waste for Saint Qiu Feng to be thrown into the Falling Saint Lake. I wonder what you want to do with him?"

Lin Tianhao hesitated slightly, but still spoke:

"Since Saint Qiu Feng must die, why not let me kill him? After killing him, I can also send him to the Conferred God List."

That's it.

Lin Tianhao's gaze fell on Daozu Hongjun.

"I also ask Daozu Hongjun to help me."

Daozu Hongjun smiled playfully and said:

"Do you want to kill Saint Autumn Wind, or do you want to devour Saint Autumn Wind?"

Lin Tianhao smiled awkwardly, "Daozu is worthy of being Daozu. How could I not be able to hide my thoughts from Daozu?"

Daozu Hongjun waved his hand and said, "You dare to think of devouring a saint? Look at your elder. He has been contaminated by too many causes and conditions, which is why he has become what he is now."

As soon as Daozu Hongjun finished speaking, he seemed to sense something and couldn't help laughing.

"It seems like you don't need your elder's consent. It's time for him to leave!!"

Lin Tianhao was a little confused, but found that the middle-aged man had disappeared.

In the void, there is still the voice he left behind.

"It doesn't matter. If you want to swallow it, just swallow it!"

As the middle-aged man's voice fell, a beautiful figure suddenly appeared in the void ahead.

Even though Lin Tianhao already possessed the power of the 23rd level of Dao Realm.

But he still didn't feel the other party's breath at all, nor did he realize how the other party appeared.

"I've met Dao Ancestor."

After the woman in the long gown appeared, she bowed to Taoist Hongjun.

"You are still so persistent." Daozu Hongjun said helplessly.

"He owes me this." The woman in the long gown spoke in a calm tone, and it was impossible to tell whether she was happy or angry.

After she finished speaking, her gaze fell on Lin Tianhao again.

"Are you the Snow Emperor?"

Lin Tianhao was slightly startled, "Snow Queen greets the senior."

The woman in the long gown shook her head and said, "Sometimes there is no need to try to stop a chariot with one's arms. In the face of the general trend, we should just go with the flow."

The words fell.

Without waiting for Lin Tianhao to respond, the woman in the long gown disappeared.

It goes without saying that the woman in the long gown was chasing after the dirty middle-aged man.

"Who is this?" Lin Tianhao asked.
