

## O games 1741

Chapter 1741 That person is actually the old palace master!

Daozu Hongjun shook his head and said:

"You... forget it, you'll know later."

"Knowing too much now will affect your judgment."

Lin Tianhao nodded and stopped hesitating, but instead set his gaze on Saint Qiufeng.

"Junior Snow Emperor, greetings to Saint Autumn Wind."

"Saint Autumn Wind is doomed to die. If he is devoured by me and listed on the Conferred God List, there is still a glimmer of hope for his survival. I hope Saint Autumn Wind can understand me."

Saint Qiufeng frowned. Once he was on the List of Gods, he would no longer be free.

But compared to death, being listed on the List of Gods can indeed be considered a good result.

"I understand." said Saint Autumn Wind.

He had no choice.

Lin Tianhao was a little excited, and he activated the Heaven Devouring and Earth Devouring Technique, and began to devour the Autumn Wind Saint! !

This is a saint. If I could completely devour him...

Damn it.

Just thinking about it made Lin Tianhao a little excited.

Saint Qiufeng did not resist. He knew very well that if he did not cooperate, he would die a more miserable death.

Not only that.

The force he belongs to, and even the other eight saints, may be destroyed.

after all.....

Daozu Hongjun had already planned to destroy the nine saints.

That person came forward only to let him, the person who extracted the remaining soul of Daozu Hongjun's son, take the place of others to die.

"Let's go fishing. You are a saint after all. It will probably take you some time to devour." Daozu Hongjun said calmly.

Then, like an old monk in meditation, he continued fishing.

Lin Tianhao just activated the Heaven-Swallowing and Earth-Devouring Technique, and with the full cooperation of Saint Autumn Wind, it would not affect his fishing.

In the words of Taoist Hongjun, the things fished out of Luosheng Lake are at least saint-level.

Since he couldn't leave now anyway, he might as well catch more treasures. Saint-level treasures were still very useful to Lin Tianhao.

This fishing trip took a long time.

It took more than half an hour before Lin Tianhao took the bait again.

at the same time.

Lin Tianhao also found something wrong.

Daozu Hongjun, why has there been no movement until now?

Seeing that Lin Tianhao was hooked again, Daozu Hongjun looked at Lin Tianhao with more and more strange eyes.

"I've seen your luck value, it's not very high. Although you have had some opportunities and luck, but..."

That's it.

Daozu Hongjun shook his head, "This may be the destiny of the universe!!"

Lin Tianhao himself also realized that it seemed very difficult to fish anything out of this Luosheng Lake.

Otherwise, Daozu Hongjun wouldn't have fished for so long without any response.

The next step is to play the fish.

It was not known whether it was because Lin Tianhao's fishing skills had improved or for some other reason, but this time, he only fished for more than three hours before he pulled out a ball of light.

Lin Tianhao pinched the ball of light, and he recognized the things in the ball of light.

"Super God-level Talent Awakening Stone?!"

to be frank.

This thing made Lin Tianhao somewhat disappointed. Before, this thing was indeed a rare good thing for him.

But with the awakening of his sixth talent, he wanted to awaken his talent again, and the super god-level talent awakening stone was no longer enough.

Especially in the current situation, this super god-level talent awakening stone is of no use to him.

"You are lucky, this is high-end hard currency." Daozu Hongjun said.

Lin Tianhao shook his head. "But this thing is of no use to me now?"

Hearing Lin Tianhao's words, Daozu Hongjun smiled and said:

"You are a full man who doesn't know the hunger of a hungry man. Look at me. I have been fishing for such a long time, but I have no reaction at all."

As Daozu Hongjun finished speaking.

The woman in long gown who had left earlier suddenly appeared beside Lin Tianhao.

When Daozu Hongjun saw the person coming, a strange look appeared on his face and he asked:

"Are you also interested in fishing?"

The woman in the long gown shook her head and said:

"No, I'll take him away."

While speaking, the woman in the long gown looked at Lin Tianhao.

"If you want to fight with me, just say it directly. There's no need to beat around the bush." Daozu Hongjun's voice was a little colder.

"Forget about the fight. I'm just helping you make the decision. Seeing you're so indecisive, aren't you afraid that you won't be able to accomplish anything?"

"You look like a Taoist now, how can you still be like a Taoist?"

Lin Tianhao gave a thumbs up to the woman in the long gown in his heart.

This woman in the long gown is extremely brave.

Daozu Hongjun frowned slightly and said:

"I am indeed hesitant, but I don't need you to tell me how to make a decision."

The woman in the long gown looked at Daozu meaningfully and said:

"Time is running out. I will take on the consequences that you are unwilling to bear."

Hear this.

Daozu Hongjun was silent for a while, then he said:

"Why do you have to think so much? Such a long time has passed, do you really have to make a scene?"

"He must die!!"

The woman in the long gown looked at Lin Tianhao and said, "If you want him to take action, you must find his weak spot."

"Are you so sure that if you catch Xue Di, he will take action?" Daozu Hongjun said.

When Lin Tianhao heard what Taoist Hongjun said, he immediately understood what was going on.

Does this woman in long gown want to threaten the middle-aged man with her own life?

"Not sure, but you can give it a try." said the woman in the long gown.

Daozu Hongjun landed on Lin Tianhao, then shook his head and said:

"Xuedi, look, even if I don't take action, you probably won't be able to survive until Ragnarok merges with the Galaxy World."

Lin Tianhao's eyes fell on the woman in the long gown.

"Senior, can you please not let the grudges of the previous generation affect us younger generations?"

"Besides, I have never met that senior before, so it is impossible for him to come out for me."

"You are the master of the Fan Palace, the one who will lead the Fan Palace to rise again. He will not watch you die in my hands."

The words of the woman in the long gown made Lin Tianhao realize something instantly.

"That senior is the old master of the Fan Palace?"

The woman in the long gown chuckled and nodded, "Yes, you are in the hands of Daozu Hongjun. He knows that Daozu Hongjun will not really hurt you, so he is not in a hurry."

"But when you are in my hands, it's completely different."

Daozu Hongjun snorted coldly.

"That's enough. This is not the place for you to mess around. I have the final say on whether Xue Di stays or goes."

"If you want to take him away, I won't agree. If you don't want to, you can try it yourself."

The woman in the long gown narrowed her eyes slightly. Daozu Hongjun's sudden anger still made her feel a lot of pressure.

"Do you really think you can beat him? He hasn't fought you head-on because he feels he owes you. If a fight breaks out, even ten of you wouldn't be enough for him!" Daozu Hongjun scolded.

Chapter 1742 The ambition of Pangu clan!

The woman in the long gown frowned and said in a deep voice:

"According to what you said, isn't he stronger than you? But among the Heavenly Dao Saints, how many people are stronger than you?"

Daozu Hongjun shook his head and said:

"You say that as if you can fight me?"

"Besides, who told you that he is a saint of heaven?"

These two sentences from Daozu Hongjun made the woman in long gown silent.

"Let's go, don't disturb me fishing!!"

"Why did I say I couldn't catch any fish today? It turns out you are the unlucky star that brought bad luck to me."

"What are you looking at? Your eyes are about to pop out of your head. Are you trying to kill me with your eyes?"

Daozu Hongjun's blunt words made the woman in the long gown look a little embarrassed.

But seeing that Daozu Hongjun was a little angry, she didn't say anything after all. She took a step forward and disappeared.

"You are already a saint of the Heavenly Dao, but you are still like a child. Some people just don't know how to appreciate the blessings they have." Daozu Hongjun sneered.

Lin Tianhao touched his nose and said:

"Daozu, why do I feel like you are talking about me?"

"if not?"

"As long as you choose to compromise now, you will be able to enter the realm of a saint in thirty years at most."

"Do you know how many people have fought tooth and nail to become gods, but ultimately failed to do so?"

"You just need to take a step back, and the position of a saint is within your reach. There is also hope for you to become a saint of the Heavenly Dao."

Lin Tianhao was silent.

After a while, he said:

"But Daozu, you are already a Heavenly Dao Saint, a Heavenly Dao Saint who is more powerful than the ordinary Eternal Realm strongmen!!"

"Aren't you playing with fire now?"

Daozu Hongjun shook his head, "You are still too young after all, and don't know how to make choices."

"The destruction of the galaxy world is an inevitable trend. The merit of saving the world is not so easy to obtain."

Lin Tianhao smiled and said:

"You have to give it a try after all."

That's it.

Lin Tianhao hesitated for a moment before saying:

"Daozu, I can see that you are actually hesitant and struggling about how to deal with my problem."

"It's just gambling if you bet on yourself, but isn't it the same if you bet on me?"

Daozu Hongjun waved his hand, "No need to say more, even if this road is a dead end, I will not retreat!!"

"Opportunities like this don't always come along."

Daozu Hongjun had just finished speaking, and Lin Tianhao hadn't opened his mouth yet, when there was a reaction on the fishing rod again.

"There are so many treasures in this Fallen Holy Lake."

The words fell.

Lin Tianhao continued to play with the fish.

Lin Tianhao was also a little puzzled as to what Daozu Hongjun was thinking.

He is now taking me everywhere to look for good things, but he doesn't allow me to improve my realm or gain enlightenment. What exactly does he want to do?

When Lin Tianhao finished fishing, what he caught this time was also a broken stone tablet.

It is somewhat similar to the first stone tablet that Lin Tianhao fished up, both are broken stone tablets.

and.

Looking at the damaged parts, it seems that they can be pieced together.

Lin Tianhao took out the first stone tablet, and the broken ends of the two stone tablets could actually be joined together perfectly.

But...it looks like this.

It takes four such stone tablets to piece them together into their original appearance.

When Daozu Hongjun saw Lin Tianhao putting the stone tablets together, his eyes became more and more strange.

"you....."

Daozu Hongjun seemed to want to say something but stopped himself. In the end, he did not say more. He just shook his head and said no more.

"Daozu, please tell me about the past. It's okay now anyway." Lin Tianhao said.

Sitting here and fishing is somewhat boring.

Daozu Hongjun raised his eyebrows and said, "If you talk about it, there will be a lot to say."

"Then let's start with the Heavenly Dao Grade Talent Awakening Stone. I heard that there are three Heavenly Dao Grade gems in the Galaxy World."

Daozu Hongjun: "???"

"You, you really are always thinking about development."

Daozu Hongjun said helplessly:

"That person created three thousand gods and demons, and constructed the prehistoric world with three supreme gems of the Heavenly Dao level. That was the first era of god creation."

"Later, a woman was chased by a group of supreme powers and fled to the primitive world. A great war broke out in the primitive world. The war broke the primitive world apart and transformed it into the Milky Way world."

"The Milky Way world was successful, and the human race flourished, ushering in a new era of god creation. For the first time, there was a distinction between the Eastern and Western camps, and a group of Western gods such as Zeus and Poseidon were born. This was the second era of god creation."

Lin Tianhao touched his nose. He asked about the Heavenly Dao Level Talent Awakening Stone, but now the other party actually talked about the Age of God Creation. This Taoist Ancestor Hongjun... was really good at changing the subject.

"It seems that for the sake of balance, the Western gods are still too weak compared to our Eastern gods. Therefore, when the third era of god creation began, there were also the gods of the restraining system. They are treacherous and powerful, and the level of rules was forcibly raised."

"As for now, the fourth era of god creation is beginning, which is what you know as Ragnarok."

"The opening of this God-making Era seems to be because the Lord could not bear to see you slaughtered, so he tried to give you some power to resist."

That's it.

Daozu Hongjun looked at Lin Tianhao meaningfully and said:

"But I was also wondering at the beginning, could you be that person's son? He did all this just to make you grow up in a short period of time, and then let you bless the merits of saving the world and prove the great way."

"But now I don't think so, because your merits have been increasing on their own. At this rate, whether or not you have the merits to save the world doesn't seem to be that important anymore."

"So, I think you are an outlier. You are more like a person with destiny. No, you are more outrageous than the average person with destiny."

Lin Tianhao smiled awkwardly and said:

"But Daozu, you said so much, but you still didn't mention the Heavenly Dao Grade Talent Awakening Stone."

Daozu Hongjun smiled and said:

"One of the supreme gems of the Heavenly Dao level is in my hand, one is in the hand of the woman who caused the great war, and the other one fell into the Heavenly Palace, but I guess it was found and hidden by that group of people."

"Which group of people?" Lin Tianhao asked.

This Taoist master Hongjun is so unkind. He always likes to keep people in suspense when he speaks.

"A member of the Pangu clan." Daozu Hongjun said solemnly.

"They think they are the masters of this galaxy and have always wanted to overthrow me."

"But I just won't fall. No matter how angry you are, hahaha." Daozu Hongjun laughed like an old naughty boy.

As Daozu Hongjun's laughter fell, Lin Tianhao's pupils suddenly shrank.

Because a figure suddenly appeared behind Daozu Hongjun! !

The appearance of this figure was so abrupt that even though Lin Tianhao had a very good temperament, he still broke out in a cold sweat the moment the figure appeared.

Chapter 1743 The Woman in Red Dress VS Daozu Hongjun!

Daozu Hongjun seemed to have sensed something as well. He slowly turned around and looked at the woman behind him.

Eyes facing each other.

Daozu Hongjun moved and appeared beside Lin Tianhao, looking at the woman in front of him as if facing a formidable enemy.

Lin Tianhao also frowned slightly because he actually knew the woman in front of him.

Isn't this the Nine Netherworld, the woman in the white dress he met in the mine, who said he saved her husband?

"It's been so long, and you haven't left the Galaxy World yet?"

Daozu Hongjun seemed to know the woman in the white dress and looked at her with a serious expression.

The woman in the white dress raised her hand and pointed at Lin Tianhao, saying:

"After I swallow the Autumn Wind Saint, I will take you away!!"

Daozu Hongjun's eyes narrowed slightly, and he said in a deep voice:

"You take my people away just like that. What do you think I am? Air?!"

Daoist Patriarch Hongjun controls the galaxy world and has the blessings of three thousand great ways. Few people dare to ignore him like this.

The woman in the white dress glanced at Daozu Hongjun indifferently and said:

"Fight?"

These two simple words instantly made the atmosphere tense.

"beat!"

Daozu Hongjun's answer was also very simple.

His voice was calm and without any emotion, but it gave people a strong sense of oppression.

Lin Tianhao couldn't help but take a step back. This woman in the white dress was too strong.

What would happen if she really fought with Daozu Hongjun?

"Let's do it here. Today, one of us will fall into the Holy Lake. How about that?"

The long skirt of the woman in white seemed to be stained with blood and began to turn red rapidly.

"bring it on!!"

The woman in a red dress took a step forward and appeared above Luosheng Lake.

See this scene.

Daozu Hongjun also took a step forward and said:

"Xue Di, remember, this woman died because she saved you. You have to take responsibility for this cause and effect."

Lin Tianhao: "..."

How should Lin Tianhao respond to this?

"Daozu, I don't want to be your enemy, but now we are on opposite sides. If you really fight, I will take action."

"Are you going to use the same method you used to chop the Demon Saint to chop me?" Daoist Patriarch Hongjun said calmly.

"Yes." Lin Tianhao did not deny it.

Daozu Hongjun took a deep breath and his eyes fell on the woman in the red dress.

"bring it on!!"

Even though Lin Tianhao had already said that he would take action, Daozu Hongjun looked like he didn't care at all.

The woman in the red dress raised her hand and pointed, and strange blood-red lotus flowers blossomed between heaven and earth. Above these blood-red lotus flowers, a mysterious and unusual power of rules spread out, enveloping the Taoist ancestor Hongjun.

Daozu Hongjun did not move, nor did he use any magic weapon. He just sat cross-legged in silence.

Those strange blood-colored lotuses were either frozen, burned, or pierced by dead trees.

One blood-colored lotus after another was destroyed, but at the same time, more blood-colored lotuses appeared and enveloped Taoist Ancestor Hongjun.

At this moment.

The body of the woman in the red dress split into two, turning into two identical people, one of whom flew towards Lin Tianhao.

at the same time.

Daozu Hongjun also created a clone to block the woman in red skirt.

Followed by.

It's the second clone... the third clone...

But in just a moment, tens of thousands of women in red skirts and tens of thousands of Daozu Hongjun appeared above the entire Luosheng Lake.

They were attacking each other frantically. The attacks did not seem too intense, but the collision of various paths caused the void to tear apart.

between heaven and earth.

One after another, the torn black holes devoured the power of this world, and even tried to pull Lin Tianhao into the black hole.

The battle between Daozu Hongjun and the woman in red skirt seemed to have reached a stalemate.

Lin Tianhao took a step forward. Since Daozu Hongjun was unable to free himself, he could indeed run away now.

As for Saint Autumn Wind, he has already devoured one third of Saint Autumn Wind's power. If he continues to devour, his gains will be considerable.

But now Lin Tianhao just wants to escape from here.

He needs to go to the City of Disaster.

Lin Tianhao didn't even dare to think about changing his job for the time being, as he was no longer eligible to do so.

Because if the battle between Daozu Hongjun and the woman in red skirt is over, she may come to capture him at any time.

Now it seems that the only place that can protect himself is the City of Disaster.

Take one step.

Lin Tianhao discovered that he was still in the same place and could not move away.

Lin Tianhao has the Starry Sky Step, which allows him to reach many places in one step.

But now, he failed.

Think about this.

Lin Tianhao used the Kunlun Mirror again, but the result was the same.

"Don't waste time. Anyone below the level of a saint cannot come here, nor can they leave here." The voice of Saint Qiufeng sounded.

"You are a saint, can you take me away?" Lin Tianhao asked immediately.

Under the current circumstances, Lin Tianhao definitely wants to leave.

"As long as you take me away, you will have a chance to survive."

Hear this.

Saint Qiufeng shook his head and said:

"I can't take you away. If I leave, the eight saints will die, and all the strong men in my lineage will die."

"This is my karma, and I have to bear it."

Lin Tianhao frowned. He could only swallow it with all his strength while attacking Saint Autumn Wind.

He wants to send Saint Qiu Feng to the list of gods! !

"it's useless."

Saint Qiufeng shook his head and said:

"If I were to be listed on the Conferred God List, my cultivation level would be suppressed to the peak of the Divine Emperor."

"By then, I will no longer be a saint. Even if you want to leave, I still cannot take you away."

Lin Tianhao's face looked a little ugly. Daozu Hongjun brought him to Luosheng Lake, and he probably had thought of this step a long time ago.

"He can't take you away, but I can!!"

At this moment.

The woman in long gown who had left before appeared again. She looked at Lin Tianhao with a smile, which made Lin Tianhao feel a little uneasy.

"You have bad intentions towards me. I would rather stay with you than with Daozu." Lin Tianhao said.

This woman in long gown wanted to use herself to threaten the old master of Fan Palace, which seemed very stupid.

Simultaneously.

Lin Tianhao also didn't think that he would have a good ending if he followed her.

No matter how bad this woman in long gown is, she is still a saint of heaven.

and.

Lin Tianhao didn't want to become a tool for the other party to threaten the old master of Fan Palace.

"You can refuse, then you can wait."

The woman in the long gown spoke jokingly.

"By the way, I must remind you that Daozu is not that kind. He seems to be helping you now, but in fact, he has not really made up his mind what to do."

"If he is determined to rebel, do you think he will let you go? Don't be stupid!!"

"You are so talented, your future achievements are limitless. He is also against you, so he must be worried that you will take revenge on him when you grow up. So, if he succeeds, you will definitely die!!"

Chapter 1744 The Heavenly Saint who tried to enslave Lin Tianhao!

Lin Tianhao's eyes narrowed slightly. Will Daozu Hongjun really kill him?

It seems that this is indeed possible.

After all, eliminating him is the most reliable approach.

after all.

Now no matter how much benefits Daozu Hongjun gives, he cannot change their opposing positions.

"Now I am just a prisoner of Daozu Hongjun! !"

The long-gown woman's voice continued, "Just because Daozu Hongjun treats you better, are you shaken?"

"If that's the case, then I can only say that you are really stupid, stupid beyond belief!!"

Lin Tianhao frowned and shook his head, "I won't go with you. If there is really no other way, then I will join forces with this senior in red skirt to defeat Daozu!!"

Daozu Hongjun is very strong.

Most of Lin Tianhao's attack methods were useless.

However, the divine thunder of the Heavenly Dao is an effective means of attack against the saints of the Heavenly Dao.

therefore.

As long as the woman in red can consume a certain amount of Daozu Hongjun's health, he may be able to end Daozu Hongjun with the Heavenly Thunder.

just.

Looking at the tens of thousands of battle scenes above Luosheng Lake, Lin Tianhao couldn't hold it anymore.

How long will they continue to fight?

"Don't look at it."

"Given their current situation, the war could last for hundreds of years."

"You can't leave unless a new saint appears."

That's it.

The woman in the long gown smiled slightly and said, "To be precise, even if a new saint appears, you can't leave."

"Because I'm here, other saints don't dare to take you away."

Lin Tianhao frowned and said nothing.

"Don't think I'm weak in front of Daozu. He is Daozu. Even the strong men in the Eternal Realm may not be his opponents."

"If you don't count Daozu, I'm already one of the top saints among the Heavenly Dao saints."

Lin Tianhao still said nothing.

The current situation really made him feel a little overwhelmed.

"Well, it seems that you are unwilling, so I can only accept this karma by force."

The words fell.

Iron chains flew out from the void and quickly wrapped around Lin Tianhao.

Lin Tianhao silently took out the carving knife, and the visions of the sixteen great saints unfolded at the same time. The power of merit surged out and enveloped his whole body.

With Lin Tianhao's current strength, it is still unrealistic for him to rely on the Swallowing Heaven and Devouring Earth to swallow up the attack of the woman in the long gown in a short time.

But with the help of the carving knife and the power of merit, Lin Tianhao easily cut off the iron chains.

The woman in the long gown frowned slightly, but she did not give up. She raised her hand and grabbed it.

Lin Tianhao instantly realized that the space around him was frozen and his body was unable to move.

"Break it for me!!"

now.

Only the hand holding the carving knife was still able to move.

But that's all.

He could move only one hand, but it was not enough to support him out of the predicament.

"Let's go!!"

The woman in the long gown took a step forward, and the next moment, Lin Tianhao appeared in the starry sky.

"From now on, I will help you clear the levels. I will stop when he shows up."

As soon as the woman in the long gown finished speaking, she attacked without hesitation.

Lin Tianhao saw that his health bar was disappearing at a speed visible to the naked eye, and then... it was emptied.

then.

It's just a cycle of killing over and over again.

Lin Tianhao's level kept dropping.

“Heavenly Divine Thunder!!”

Lin Tianhao used the Heavenly Thunder just after he was resurrected.

Even though his Heavenly Dao Divine Thunder could not kill the Heavenly Dao Saint, it was enough to give the other party a hard time.

Thunders fell one after another, and the health bar of the woman in the long gown continued to decrease.

But after her health bar dropped, it recovered quickly.

By the time the second thunderbolt fell, the damage caused by the first thunderbolt had almost recovered.

Is this the strength of a Heavenly Saint?

Lin Tianhao was secretly shocked, but he was not a soft persimmon. Even if his level was cleared, he would teach the woman in the long gown a lesson.

“If someone attacks you, and you rely on your Heavenly Thunder, it will be difficult for you to survive.”  
Lin Tianhao said in a deep voice.

"Let me go, and consider it a good relationship."

The woman in the long gown glanced at Lin Tianhao coldly and said:

"At such a young age, you already know how to threaten others."

"I saw you use the sixteen saint visions before. I wonder if you can use them again now and let me see them."

Lin Tianhao frowned and said:

"What do you want to see the saint's visions for? Do you want to observe my visions and understand my visions?"

"Yes, not all."

The woman in the long gown looked at Lin Tianhao coldly, "You don't have any more choices now."

"No, I do!!"

Lin Tianhao answered confidently, "Daozu Hongjun and the senior in red skirt should not have any casualties. They have even stopped because you took me away."

"Next, you may face the wrath of two super powers at the same time, and offend me, a person with unlimited potential."

"If they try to kill you, how confident are you that you can survive?"

Lin Tianhao's words silenced the woman in long gown.

"I have already said before that you are no match for our old master of the Fan Palace. Why do you have to fight to the death?"

"Let me go, Daozu Hongjun won't pursue you, and the cause and effect between you and me will be over, isn't that good?"

The woman in the long gown waved her hand and said:

"Don't try to play tricks on me. Since I dare to catch you, I am not afraid that I won't be able to catch you."

"Daozu is hesitant. He doesn't know whether he should really deal with you, but I'm different!!"

The woman in the long gown looked at Lin Tianhao indifferently and continued:

"I am not afraid of that person. I have my own goals. I dare to do things that Daozu dare not do."

"We really can't kill you completely, but don't underestimate the methods of the Heavenly Dao Saints!!"

As the woman in the long gown finished her words, she formed seals with her hands, and mysterious runes flew out and sank into Lin Tianhao's body.

As these mysterious runes entered his body, Lin Tianhao discovered that he had an indescribable sense of intimacy with the woman in long gown in front of him.

Not only that.

Lin Tianhao even felt that this woman in the long gown was his master, and that he should listen to her, crawl at her feet, and completely obey her orders.

"No... No way!!"

Lin Tianhao was frightened by the thought in his mind.

"You...you want to enslave me by force!!!"

Lin Tianhao was furious, "You are such a lunatic!!"

The woman in the long gown sneered and scolded:

"You say I'm crazy, but what are you? Have you enslaved few souls?"

"You not only targeted the living, you even spared the dead. How dare you call me a lunatic!!"

Listening to the words of the woman in long gown, Lin Tianhao frowned, but did not dare to be negligent.

"Starry Sky Step!!"

His Starry Sky Steps are also at a very high level. There is a starry sky here, so he has a chance to cross the starry sky and escape from the hands of the woman in long gown.

Think about this.

Lin Tianhao fixed his gaze on the most distant planet and activated his Starry Sky Step! !

Chapter 1745 Absolute travel to the world of immortal cultivation!

When Lin Tianhao took this step.

"Click... click... click click..."

The space around Lin Tianhao began to tear apart, and Lin Tianhao actually succeeded in walking out with this step.

The next moment.

Lin Tianhao appeared on a dry planet.

No one knew how huge this planet was. Within the range that Lin Tianhao's spiritual sense could cover, all he saw were dead trees.

It seemed that this planet had no soil or rocks, and everything was just dry wood.

Although he was surprised by the peculiarity of this planet, Lin Tianhao did not dare to stop at this time and had already taken the second step of the Starry Sky Step.

This time.

It is still the farthest planet within my sight.

"Come back!!"

The somewhat angry voice of the woman in the long gown sounded in Lin Tianhao's mind.

Lin Tianhao's eyes narrowed slightly. He felt a mysterious law enveloping him, as if dragging him back.

"Ka... ka ka... ka ka ka..."

The surrounding space began to collapse layer by layer. Lin Tianhao instantly activated the invincible field and used the invincible field to quickly repair the collapsed space around him.

The woman in the long gown must have been careless just now, otherwise she would not have been able to escape.

After the third step was successfully completed, Lin Tianhao did not dare to neglect it and went straight to the fourth and fifth steps...

The woman in the long gown has a very strong tracking ability, and Lin Tianhao doesn't know whether he can completely get rid of the woman in the long gown by constantly crossing the planet over extremely long distances.

Most likely it won't work!!

After all, the Starry Sky Step currently only crosses planets, not star fields.

In this situation, Lin Tianhao could only take nine steps in succession to get himself a chance to perform absolute teleportation.

That's right.

After traveling across nine planets in a row, Lin Tianhao still couldn't get rid of the woman in the long gown.

The only thing he can do is to travel through time and space to other parallel worlds.

The ideal situation would be to be able to travel directly to the land of China, so that he could directly enter the City of Disaster.

The ninth step falls.

Lin Tianhao could no longer sense the other party's breath, but he still did not hesitate and directly used absolute shuttle.

The next moment.

The space barrier was broken by Lin Tianhao's body, and Lin Tianhao also completely escaped into the space barrier.

Just three breaths after Lin Tianhao escaped into the space barrier, the woman in the long gown appeared where Lin Tianhao disappeared.

"Passed through the space barrier?"

The woman in the long gown looked a little unhappy.

"The aura is completely gone, damn it!!"

The woman in the long gown was a little annoyed.

Of course, the reason why Lin Tianhao's aura completely disappeared was not because the opponent was weak, nor because Lin Tianhao himself had extraordinary means.

This is entirely because the Source of Tao God had intentionally concealed Lin Tianhao's aura before.

This time, Lin Tianhao almost used all his strength to activate the Absolute Shuttle.

He himself didn't know where he would be transported to.

Theoretically... he should be unable to leave the galactic world.

at last.

Lin Tianhao felt that he could no longer move forward, so he was forced to come out of the space barrier.

The moment he came out, Lin Tianhao looked around vigilantly.

Without him.

The one chasing him is a Heavenly Saint. Even if he passes through the space barrier, there is still a high probability that he will not be safe.

When Lin Tianhao looked around, there was some surprise in his eyes.

Because of the pavilions and towers all around, it looks like a fairyland, which makes people yearn for it.

Above the sky, there are cranes flying back and forth, and there are also monks flying on swords, constantly cutting through the sky and flying back and forth across the horizon.

"Is this... a world of immortal cultivation?"

Generally speaking, flying with swords and riding cranes are common things in the world of cultivating immortals.

I am passing through the space barrier and entering the world of cultivating immortals.

If Lin Tianhao had come to this world of cultivation before, he would definitely have thought about exploring it.

After all, there are still many good things in the world of cultivation.

But now.

Lin Tianhao no longer had any thoughts of exploring.

Lin Tianhao now just wants to return to the Galaxy World as quickly as possible.

He knew very well that only by entering the City of Disaster would he be safe.

Otherwise, he would not be able to feel safe in the parallel world to which the galaxy world belongs.

"What are you doing here? The entrance exam is over here."

At this moment.

A young man in a fiery red robe appeared at the intersection ahead.

Entrance examination?

It seems that the other party treats himself as a disciple who is taking the entrance examination.

The absolute shuttle still needs to cool down, and now Lin Tianhao is ready to integrate here first.

As Taoism ancestor Hongjun said, the Source of Tao had used some means on him to hide his aura.

If he hides himself well, he'll be fine.

Think about this.

Lin Tianhao responded and walked in the direction the young man pointed.

Not long after.

Lin Tianhao saw thousands of people crowded in the square in front of him.

Some people are already doing entry-level testing.

"Dual spiritual roots of water and fire. Not bad, not bad. Go to the side to register your information." A young girl was tested to have dual spiritual roots, which made many people show envy.

However, as Lin Tianhao walked along, he discovered that the dozens of people being tested behind him all had no spiritual roots.

The spiritual root test was quite fast, and there were more than thirty areas testing spiritual roots at the same time, so the test would not take long even for thousands of people.

Not long after.

Lin Tianhao also came to the place for testing spiritual roots. Following the example of those people before, Lin Tianhao placed his hand on the crystal stone for testing spiritual roots.

The next moment.

The crystal stone flashed with dazzling light, instantly attracting the attention of many people in the field.

"Such a strong light, could it be a spiritual root?!" someone was surprised.

Can be followed immediately.

Orange, yellow, blue, green, cyan, yellow, purple...

It is colorful, with lights of all colors, making people look colorful.

"This... this... is this a top-grade mixed spiritual root?!"

The middle-aged man in charge of the test shook his head and said, "Although you have spiritual roots, they are too complicated. It will be difficult for you to embark on the path of immortality. Please retreat."

Lin Tianhao raised his eyebrows slightly. Facts have proved that these people have poor vision.

But is my spiritual root really so complicated?

"etc?!"

At this moment.

A cold female voice came.

"Since you have spiritual roots, you have a destiny to be an immortal. People with such spiritual roots are even rarer than those with heavenly spiritual roots. It would be better for you to stay in the Immortal Sect and become a mascot."

Lin Tianhao was slightly startled. What? Let him stay as a mascot?

This mascot of mine will attract the saints of heaven.

"Boy, you are lucky. You can stay in the Fire Feather Immortal Sect. Please register." said the middle-aged man.

Lin Tianhao nodded and registered the information.

of course.

He used his pseudonym.

After registering his information, Lin Tianhao was assigned a small room with one bedroom and one living room, which was fully equipped. He finally settled down temporarily in this world of cultivating immortals.

Once the absolute shuttle cools down, he can try to return to the galactic world.

Thinking like this.

Lin Tianhao closed his eyes and began to meditate.

But just as he closed his eyes, a familiar voice suddenly sounded:

"What are you doing here? The entrance exam is over here!"

Chapter 1746 The eternal world!

Lin Tianhao raised his eyes and looked in the direction where the voice came from.

When his eyes fell on the person who was speaking.

He saw the young man in the fiery red robe.

Isn't this the young man who reminded him before?

And now, he is not in that small room.

But it was at the place where he had landed before.

The same scene, the same youth, the same words...

Lin Tianhao's expression changed slightly. How could this happen?

Could it be that this outsider like him was discovered by the Fire Feather Immortal Sect, and they used some means to trap him?

wrong! !

With his current strength, who in the Fire Feather Immortal Sect can trap him?

Lin Tianhao had sensed the realms of these people from the Fire Feather Immortal Sect before, and they were not high.

There are more disciples in the Qi training stage and the foundation building stage. There are also disciples in the Golden Core stage and the Nascent Soul stage, but they are very few.

Going further up, there are cultivators in the Spirit Transformation Stage, the Void Refining Stage, and even the Tribulation Crossing Stage and the Mahayana Stage.

But these realms are too weak for Lin Tianhao now and are not enough to trap him.

If so...

Lin Tianhao suddenly had a bad guess.

That is.....

He didn't get rid of the woman in the long gown.

Now he has been plotted against by the woman in the long gown and is trapped here.

Lin Tianhao was not sure about his guess, but he still followed to the square to test his spiritual roots.

There are still thousands of people testing their spiritual roots, and it is still the girl with the dual spiritual roots of water and fire.

Even after he finished testing his spiritual roots, the cold woman's voice was exactly the same.

What on earth is going on? Why is this happening?!

Lin Tianhao was once again assigned to a small room with one bedroom and one living room.

This time.

Lin Tianhao did not close his eyes. Nothing had changed. Everything seemed normal.

until.....

Lin Tianhao blinked, and then...

"What are you doing here? The entrance exam is over here!"

It's still that familiar voice.

Lin Tianhao knew that he was trapped.

I just don't know who trapped him.

Woman in long gown?

There is a certain probability, but not all of it.

Think about this.

Lin Tianhao started to devour the sky and the earth. As long as he devoured this world, he would be able to discover the abnormality here.

But Lin Tianhao's plan to devour the sky and the earth had just begun when a scene that made Lin Tianhao horrified and shocked appeared.

His ability to devour the sky and the earth was actually unable to devour this world.

He could not swallow the pavilions and towers before him, nor could he swallow the bluestone road beneath his feet.

"How... how is it possible?!"

Devouring the Heavens and Devouring the Earth is a Heaven-level talent...

Lin Tianhao realized something instantly.

What is the thing that cannot be devoured by Heavenly Level Talent?

Just by thinking about it, Lin Tianhao already had the answer in his mind.

Only things at the eternal level may not be able to be swallowed by his Heaven-Devouring and Earth-Devouring abilities.

but.....

How could these things here be of the eternal level?

What are the methods of the woman in long gown?

It doesn't seem impossible that the Heavenly Dao Saint possesses the means to reach the eternal realm.

After all, he, a mortal, already possesses heavenly-level means.

But now.

Whether it was the woman in the long gown or someone else who trapped him, he had to find a way to leave here.

Think about this.

The arrow was shot from the heart, and he wanted to see if his attack could affect the things here.

When Lin Tianhao's feather arrow cut through the sky and accurately hit the red-robed young man, the feather arrow merely created a few ripples on the red-robed young man's body, and then the feather arrow dissipated.

The feather arrows of the Heavenly Punishment Lock could not cause any damage at all.

He...seemed completely trapped.

Think about this.

Lin Tianhao took a step forward, and his spiritual awareness spread out unscrupulously.

He wanted to go looking for something different in this world.

"I don't know which senior made the move. Could you please show up and see?" Lin Tianhao's voice was loud, but there was still no response.

As Lin Tianhao's spiritual sense spread, an area of a million miles was covered by Lin Tianhao's spiritual sense, and everything... was so normal.

This place... seems to be the world of cultivating immortals.

Lin Tianhao took a step forward, and the next moment, he appeared above an endless mountain range.

The Heaven-Devouring and Earth-Devouring Technique was activated, but it still couldn't devour anything.

Another step.

Lin Tianhao came to the endless ocean.

The result was the same. No matter how hard he swallowed, he couldn't swallow even a drop of sea water.

Lin Tianhao began to run at a very fast speed here. He wanted to find the flaws in this world.

But the result is... no flaws.

"Open it!!"

Lin Tianhao mobilized the power of the 23rd level of the Dao Realm, trying to break through the space ahead with the power of the 23rd level of the Dao Realm.

But the result disappointed Lin Tianhao.

Although he tried his best, the space in front of him was still very stable without any cracks.

The woman in the long gown did not appear, nor did anyone else. He seemed to be completely trapped here.

Just when Lin Tianhao wanted to go somewhere else, he felt dazed for a moment.

The next moment.

That somewhat familiar voice sounded again.

"What are you doing here? The entrance exam is over here!"

It was still the young man in the fiery red robe, and he still asked me to take the entrance examination as he did when he first saw me.

"Where is this place?!" Lin Tianhao asked.

"Fire Feather Immortal Sect, you come to participate in the entrance examination, but you don't even know where this place is."

"I'm not here to take the entrance exam." Lin Tianhao said indifferently.

Immediately.

Various Taoist rhymes flow around Lin Tianhao.

"Answer me, where exactly is this place?!"

There was a hint of coldness in Lin Tianhao's voice.

It's so weird here.

Lin Tianhao is considered to be well-informed, but this is the first time he has encountered something like this.

"This is... Fire Feather Immortal Sect."

"I know. Then who are you? Do you really not remember me?" Lin Tianhao stared at the young man.

He didn't know whether this young man was real or imaginary.

Everything here may be virtual.

Everything he saw might be fake.

He may not be trapped in the eternal space now.

Maybe this is a dream.

But Lin Tianhao still found it difficult to convince himself.

If it was really the woman in the long gown who trapped me.

So.....

Judging from the methods used by the woman in the long gown, she should continue to come out and forcibly enslave him.

But now.

He seemed to be trapped in the cycle of time, and no matter what he did, he could not change the environment around him.

"Senior, have we met before?" Seeing the Tao rhyme emanating from Lin Tianhao's body, the young man spoke with some suspicion.

Lin Tianhao tried to confine the young man, but he failed.

His power collapsed the moment it came into contact with the young man.

Lin Tianhao took a step forward and appeared on an uninhabited mountain.

"Ned Leef, do you know what's going on?" Lin Tianhao asked.

Chapter 1747 Old Palace Master...is that you?

Ned Liv shook her head and said:

"I don't know. If I knew, I would speak out."

"At least it doesn't seem like the method used by the Heavenly Saint who is chasing you."

Lin Tianhao nodded secretly, he actually thought so too.

The situation here is indeed not something that the woman in the long gown would do.

But the key is how he should leave here.

"Maybe it was the work of the old hall master of your Mortal Hall. Daozu once said that the old hall master of your Mortal Hall is very likely to be a strong man in the Eternal Realm."

"If he is really a strong man in the Eternal Realm, there is a certain possibility that he was the one who did this."

Niedlifu analyzed seriously:

"The Taoist master captured you, but the old hall master did not take action. This means that he probably does not want you to interfere in the affairs of the Alite Galaxy."

"He has trapped you now, which can be considered as protecting you."

Lin Tianhao frowned and asked, "Do you also think I should protect myself?"

"Ah."

Ned Liv nodded and said:

"Too hard to break!"

"You are indeed very powerful, but I am sure that those guys in the Alete Galaxy must have made a perfect plan to target you."

"They know you, but how well do you know them?"

"They were able to convince Daozu, which is enough to show how deep their foundation is."

"This disaster in the galaxy world cannot be stopped by you alone."

Lin Tianhao frowned slightly and said:

"At this moment, I suspect you are all fake."

"But what you said makes sense. My current situation could indeed be caused by the old Palace Master."

Lin Tianhao was a little depressed.

He could understand that Daozu Hongjun didn't want him to interfere in the affairs of the Galaxy world. After all, Daozu Hongjun had his own plans.

But if even the old master of the Fan Palace tried to stop him, is the destruction of the Galaxy World inevitable?

"Old Palace Master, is that you?"

Lin Tianhao raised his eyes to the sky. It was obvious that the old palace master and the woman in long gown had a relationship.

The old palace master probably knew that the woman in the long gown was chasing him, so it was entirely possible that he saved him from the woman in the long gown.

however.

There was no response to Lin Tianhao's question.

It was as if Lin Tianhao was really just talking to the air.

"It turns out there really are outsiders here."

Unexpected.

A man's voice sounded behind Lin Tianhao.

Lin Tianhao turned around in an instant, and saw a young man with sharp eyebrows, bright eyes, and gorgeous clothes appeared in his sight.

"who are you?"

Lin Tianhao and the young man asked almost in unison.

The people I met in the Fire Feather Immortal Sect before were just like the NPCs in low-end games. They had basically no thinking ability of their own and seemed to be just a set program.

If he does something beyond the set procedure, he will be forcibly reset to the time when he first arrived here.

"I, Bai Linfeng, originally belonged to this world. After I became a god, I ascended to the God Realm, rose in the God Realm, and achieved the realm of quasi-saint. However, because I was tied down in this world, I was unable to glimpse the opportunity to become a saint. That's why I returned to this world to try to find an opportunity to break through."

Bai Linfeng said directly, "But in the end, I seem to be trapped here. I can't leave here no matter what."

Lin Tianhao didn't know whether what the other party said was true or false.

"Then you are a senior."

"I am just an ordinary person. I was hunted by someone. In order to avoid being hunted, I forcibly broke through the world barrier and came here."

That's it.

Lin Tianhao asked:

"How long have you been here? Do you have any useful clues?"

Hear this.

Bai Linfeng seemed to be thinking, but finally shook his head, "I don't know."

"It's been so long, so long that I have forgotten the time."

"but....."

"When I was trapped here, I was at the Quasi-Sage level. Now, I have reached the level of a Heavenly Saint."

Lin Tianhao: "???"

"You have entered the realm of Heavenly Saint here?!"

Lin Tianhao was very surprised, and he couldn't help but be surprised.

The gap between them is really too big.

The time required to go from a quasi-saint to a Heavenly Saint would be immeasurable if one did not accumulate knowledge over time.

"I have only just broken through to the Heavenly Dao Saint realm. It is too boring here. If this was not my home, where I could still find joy in misery, I would have gone crazy long ago."

Lin Tianhao hesitated to speak, but finally asked:

"You are already a super powerful person at the level of Heavenly Saint, but you still can't leave here?"

Lin Tianhao wanted to leave here. He still had a lot of things to do. If he was trapped and died here, everything would be over.

"No." Bai Linfeng shook his head.

"If I could leave here, I wouldn't be here."

Lin Tianhao frowned. If even the powerful ones at the level of Heavenly Saint could not leave here, then it would be very troublesome for him to use absolute teleportation to leave here.

"Senior, do you really not know what is going on here?" Lin Tianhao asked.

Bai Linfeng thought for a moment and said:

"There have been some speculations, but nothing certain."

"What guess?" Lin Tianhao asked.

"There is a person here who is extremely important to the super powerful in the Eternal Realm, but that person is dead, and even the powerful in the Eternal Realm cannot revive him."

"So, he fixed this world and made the entire world constantly reset, making this place an eternal world!!"

"Here, everything is constant. Unless our realm surpasses that, it is almost impossible for us to leave here."

Lin Tianhao was slightly startled, "Why did the relative of that powerful person in the Eternal Realm die?"

"Because the cost of this method is unimaginable, it will not be used easily unless it is absolutely necessary."

Lin Tianhao was silent. If this guy's speculation was true, then it would be difficult for him to leave.

"If it is reset, where can I find you?" Lin Tianhao asked.

"Fire Feather Immortal Sect."

Bai Linfeng said calmly, "You should be too."

"That should be the core location of the Eternal Realm's powerful force. All resets will be done there."

Lin Tianhao nodded gently, "Senior, if you have a way to leave, please tell me. I really need to leave here."

Bai Linfeng sighed, "I also want to leave here. Being trapped here for too long is really boring sometimes."

That's it.

Bai Linfeng shook his head and continued:

"But it's not completely without benefits here. It seems that enlightenment here is faster than enlightenment in the divine realm."

"Since we can't leave anyway, we can gain enlightenment here together."

Listening to Bai Linfeng's words, Lin Tianhao felt more and more that something was wrong.

"Old Palace Master...is that you?!"

Chapter 1748 The old palace master's advice!

Hearing Lin Tianhao's words.

Bai Linfeng was slightly startled and shook his head:

"What are you talking about? What old palace master?"

Lin Tianhao frowned, "Old Palace Master, there is no one else here, can't we have a good chat?"

Lin Tianhao was very sure that the other party was the old master of Fan Palace.

The old palace master couldn't just sit there and watch when the woman in the long gown grabbed him.

These are the methods used by the strong ones in the Eternal Realm, and the old palace master seems to be a super strong one in the Eternal Realm as well.

If this is the case, then everything is closed.

Coupled with what Bai Linfeng just said, it was obvious that he hoped he would stay here to gain enlightenment and did not want to leave by himself.

The intention is also very clear, that is, the other party does not want to get involved in the battle between the Milky Way World and the Alate Galaxy.

Seeing Lin Tianhao's determined eyes, Bai Linfeng finally nodded slightly.

"I am Bai Linfeng, and I am also the old master of Fan Palace." Bai Linfeng said.

In Lin Tianhao's impression, there was only one master of Fan Palace before him, and he was the second one.

in this case.

The old hall master in front of him is most likely the father of Lord Luotian.

"Old Palace Master, do you want to stop me from saving the galaxy world?" Lin Tianhao asked.

"The Galaxy World has already become a victim. This is about a higher level of gaming."

"If you intervene, you will be like a mantis trying to stop a chariot."

Lin Tianhao took a deep breath and said seriously:

"Old Palace Master, what you mean is that... the galaxy world will definitely be destroyed, and no matter how strong I become, it will be useless?"

Bai Linfeng nodded slightly, sighed helplessly, and said:

"I can understand how you feel right now, but this is the fact."

Lin Tianhao's face darkened slightly, and he said seriously:

"What if that person comes back? What if the gods can't help? I should be considered very powerful among mortals."

Bai Linfeng shook his head and said:

"You are indeed very powerful among mortals, but you have also seen Ku Yue, she... is also a mortal."

"I can tell you clearly that Ku Yue's fighting ability is not much weaker than that Heavenly Dao Saint who is chasing you."

"I can also tell you that, among the people I know of, there are at least six mortals in the Galaxy World who pursue perfection like this."

"There must be such beings in the Alet Galaxy as well. Because of your existence, the superiors in the Alet Galaxy may even increase their efforts to cultivate the ultimate mortals in their world."

"That is to say, there is a high probability that there is a mortal who is more powerful than Ku Yue in the Alet Galaxy. That person is equivalent to a Heavenly Saint. Do you think you can really contend with him?"

That's it.

Bai Linfeng paused for a moment before continuing:

"More importantly, he is unlikely to come back. His departure at this critical moment is very telling."

"And the Galaxy World has become a mess. Daozu is ambitious and wants to take this opportunity to achieve eternity."

"The Pangu clan wants to restore the great god Pangu. If nothing unexpected happens, the Three Pure Ones have already found a way to deal with the Fallen Saint Pill."

"Because of the internal troubles, in addition to the great enemy of the Alet Galaxy, there are also some other worlds that want to take advantage of the opportunity to get a piece of the pie."

Lin Tianhao remained silent and said nothing.

Bai Linfeng's words made Lin Tianhao realize many problems.

To be precise.

He had thought about these issues before, but Lin Tianhao always believed that everything depends on human efforts.

Bai Linfeng stared at Lin Tianhao very seriously and said:

"Xuedi, I know what you are thinking."

"You have experienced some difficulties along the way, but no matter whether there are gods or demons ahead, or what kind of conspiracy and calculations are there, you are the ultimate winner."

"So, you think that even though there may be difficulties in the matter of the Alete Galaxy, you can still be the final winner."

"But you have to know that you were able to succeed in the difficult times in the Galaxy World because someone was backing you up. Many people know that you are the one they value, so even if they could really deal with you, they wouldn't really do that."

"But the Alet Galaxy is different. They won't... spoil you!!"

Bai Linfeng emphasized the tone on the three words "spoil you".

It was obvious that he hoped Lin Tianhao could understand something.

Lin Tianhao remained silent.

He could understand the meaning of Bai Linfeng's words.

The reason why he was able to succeed again and again during Ragnarok was not entirely because of him.

And because there are other people behind him!!

As for the other people, there is no doubt that they are all gods of the source of Tao.

It is similar to the Investiture of the Gods, bestowed by the God, the source of Tao.

And the carving knife in his hand now is also something from the God of the Source of Tao.

Even when he had used the blessings of the gods to obtain the blessings of the saints, it was not a problem of mechanism, but...that person was watching.

Those saints, even the saints of heaven, must give face to that person.

but.....

Those guys in the Alate Galaxy won't give that person any face.

"Now, do you still want to save the galaxy world?" Bai Linfeng looked at Lin Tianhao meaningfully.

Actually before.

He should have understood when the Alate Galaxy sent out hundreds of gods at once.

Those guys in the Arlate Galaxy weren't playing house with him.

He had been successful many times before, but this time, he might really fail.

"If the saint can't do it, I still have a chance."

"The Taoist said before that someone does not allow people of too high a level to participate in the battle in the galaxy world." Lin Tianhao said.

Although Bai Linfeng's words were cruel, Lin Tianhao did not deny it.

Because he himself is able to realize some problems.

just.

Lin Tianhao was still unwilling to give in.

He really didn't want to give up the galaxy world.

"Let me tell you straight, the one who issued this decree was the master that the Lord of Luotian found in the Divine Realm."

"But our own person in the Galaxy World has disappeared. It's hard to say whether the master of the Lord of Luotian is really willing to fight against the one in the Alite Galaxy."

That's it.

Bai Linfeng sighed and said:

"and."

"As I said, even if that person comes back and only allows mortals to attack, you... have a chance of winning."

Lin Tianhao took a deep breath and said seriously:

"My chances of winning are indeed slim, but they are not completely zero. If I can find a Heavenly Dao-level Talent Awakening Stone, if I can reach the sixteenth level, if I can upgrade the Saint Vision to a Heavenly Dao Vision, then everything will still have a chance!!"

Lin Tianhao's eyes were burning.

He really felt that he was not without any chance.

"There are only seven months left. Do you really think you can do what you said?" Bai Linfeng stared at Lin Tianhao.

Lin Tianhao bowed to Bai Linfeng and said, "Please grant me your blessing, old Palace Master."

Bai Linfeng hesitated to speak, and said helplessly:

"Even if I help you, Daozu will probably still take action. The one who helps you may not be able to hold Daozu back for seven months."

Chapter 1749: Break away from control and return to the vast continent!

Lin Tianhao said seriously:

"A little delay is a little delay."

"There are only seven months left, I'm going to give it a try no matter what."

Bai Linfeng hesitated to speak, and finally nodded slightly.

"Okay, since you have made up your mind, I will fulfill your wish."

"I have already explained to you the most important part. The rest depends on your luck."

The words fell.

Bai Linfeng raised his hand and slapped Lin Tianhao on the center of his eyebrows.

The next moment.

Lin Tianhao's body couldn't help but fly backwards.

Behind Lin Tianhao, space ripples spread out, and Lin Tianhao seemed to have fallen into a lake, with his entire body submerged in the space ripples.

When Lin Tianhao was completely swallowed up by the space ripples, the space around him began to collapse, and finally turned into a palm-sized disc and fell into Bai Linfeng's hands.

Bai Linfeng had just put away his magic weapon when he noticed a figure not far away.

The extra person was none other than the woman in long gown.

"You...you have actually reached the realm of eternity!!"

"I have been hunting you down for all these years, but I never thought that I was just a joke."

Hearing the words of the woman in long gown, Bai Linfeng shook his head and said:

"You can't kill me. If I don't run, your mind will collapse."

"Yes, you are a strong man in the Eternal Realm. Even if you don't fight back, it will be difficult for me to kill you."

"Can....."

There was resentment, resentment, and deep anger in the eyes of the woman in the long gown.

"But I will never forgive you!!"

"She was so kind, so kind to you, and so kind to everyone, but in the end, you forced her to death, just for your so-called path to becoming a strong person!!"

The woman in the long gown was furious, and seemed to want to vent all the anger in her heart.

"But your determination to be a strong man is truly firm. You have done so many wrong things, but you are still able to enter the realm of eternity without being affected."

Bai Linfeng was silent.

After a while, Bai Linfeng sighed, "I was too young back then."

"Those who took action at the beginning are all dead!!"

"Yes, if you kill those people, will your conscience feel better? But weren't they instigated by you to do it?"

Bai Linfeng shook his head. "I did push that matter forward, but even without me, they would have done the same thing."

The woman in the long gown said angrily:

"Why do you have to deceive yourself like this? They will take action, but if you give me a little more time, how could those eight saints force me into a desperate situation?!"

"You didn't do it, but you are the culprit. You thought that if you killed the eight saints and supported your sister's confidants and daughter to take the position of the nine saints, you could pay off the debt you owed back then!!"

"I'm telling you, it's not enough, not even close to enough!!!"

"If you give me the eternal realm, then I will impact the eternal realm. If you don't kill me, one day, I will kill you!!"

After hearing what the woman in the long gown said, a hint of murderous intent flashed in Bai Linfeng's eyes.

"You know I am in the Eternal Realm, yet you still dare to threaten me. How stupid are you!!"

The words fell.

Bai Linfeng reached out with one hand, and saw the space around the woman in the long gown collapse layer by layer, and the woman in the long gown was also grabbed by an invisible big hand.

"I don't deny that what I did was somewhat unfair to your sister, but this is the rule of this world."

"Survival of the fittest!!"

"We were like this in the past, and the galaxy world is still like this today."

The woman in the long gown sneered, "Kill me, kill me, and I won't have to work so hard."

Hear this.

Bai Linfeng didn't take any action after all.

"I'll wait for you, wait for you to enter eternity!!"

The words fell.

Bai Linfeng disappeared.

The woman in the long gown clenched her fists and made crackling sounds. "Damn it, damn it!!"

Bai Linfeng left, and a figure shrouded in demonic energy appeared next to the woman in the long gown.

"Aunt, forget it."

If Lin Tianhao was present, he would definitely be able to recognize that the person who spoke was none other than the Magic Saint among the nine saints in the magic world.

Saw someone coming.

The woman in the long gown couldn't help but take a deep breath and said:

"He killed your mother, don't you hate him?"

"I hate it, but can I really blame him for what happened in front of me?"

"Even if he didn't instigate, the eight saints would still attack my mother, and the outcome might be worse than it is now."

"Although my mother died, he killed the eight saints and helped us become new saints. Aunt, you were able to become a saint of the Heavenly Dao, perhaps with his secret help."

Hear this.

The woman in the long gown said angrily:

"According to what you said, I should be grateful to him?"

The Demon Saint wanted to say something but stopped himself, and finally just sighed.

"Aunt, really, forget it."

"You should be able to feel that he just wanted to kill you. Really wanted to kill you."

"He was not the one who killed my mother. He avenged her and helped me and my mother's confidant to become saints. He has a clear conscience. Otherwise, how could he have entered the realm of saints?"

The woman in the long gown gnashed her teeth and said, "If he hadn't instigated discord between us, with my sister's growth rate, how could the eight saints have killed her!!"

"Auntie...you also said that they are saints. They can't give mother time."

.....

In the vast continent, outside the city of disaster.

Seeing the familiar City of Disaster, Lin Tianhao finally smiled.

Finally home.

Lin Tianhao felt relieved.

The experiences of the past few days made Lin Tianhao feel suffocated.

Although he had received a lot of promotions in the past few days, he was still uncomfortable.

but.

Lin Tianhao first entered the City of Disaster. Because of Taoist Hongjun and the woman in long gown, Lin Tianhao was still a few levels away from changing his job.

No way.

He can only complete the upgrade in the City of Disaster first.

and.

Lin Tianhao has to speed up the progress.

Without him.

If Daozu Hongjun finishes the battle with the woman in red skirt, it will be very troublesome if he is not in the City of Disaster at that time.

After his level was upgraded, Lin Tianhao went to the Buzhou Holy Land as soon as possible.

This trip is to the sacred land of Buzhou.

In addition to changing his job, Lin Tianhao also has another purpose, which is to release those people in the mountain and sea map.

Back then in the coffin world of the Suspended Kingdom on the Devil's Island, Lin Tianhao brought out 600,000 people.

If he were to bring these 600,000 people into the Space-Time Training Pagoda, his enlightenment points would be overwhelmed.

but.

Lin Tianhao was going to take the thirty-nine alchemists with him. After all, in the time and space cultivation pagoda, they would have more time to make alchemy.

Lin Tianhao came to the Buzhou Holy Land, and at the same time he separated a wisp of his consciousness to communicate with the thirty-nine alchemists.

After all, alchemy requires materials.

These things must be done together. After all, Lin Tianhao's time is too tight and he cannot waste even a minute.

Seven months is too short!!

In the ancient land of Buzhou, Lin Tianhao began his job change! !

Chapter 1750 2th turn!

Having already had the experience of changing jobs many times, Lin Tianhao couldn't help but smile.

Above the sky, thunderclouds rolled and the mighty power of heaven descended, as if it wanted to completely suppress Lin Tianhao.

Lin Tianhao had a calm expression and possessed sixteen kinds of saintly visions. This kind of thunder tribulation could not give Lin Tianhao a sense of oppression.

Above the sky.

The rolling thunder poured down like a purple thunderstorm, pouring down towards Lin Tianhao.

"Swallow the sky and the earth, swallow it for me!!"

Lin Tianhao was bathing in the thunderstorm, and he used the Heaven-Devouring and Earth-Devouring Technique to its full potential to devour the thunderstorm.

"Ding, you swallowed the thunderstorm, lightning resistance +100, magic resistance +50, free attribute points +50."

"Ding, you swallowed the thunderstorm, lightning resistance +100, magic resistance..."

.....

The prompt sounds kept coming out, Lin Tianhao was devouring like crazy, and the improvement he got was also significant.

As the thunder was swallowed by Lin Tianhao, the owner of the thunder above the thundercloud seemed a little angry.

A purple eye tore through the void and suddenly opened.

Being stared at by the purple eyes in the sky, Lin Tianhao felt his heart beat half a beat slower.

Followed by.

A lightning sword flew out from the huge purple eyes.

The lightning sword carried the power to destroy the world and was close to Lin Tianhao in an instant.

Under this thunder sword, Lin Tianhao couldn't help but become a little serious.

This attack obviously did not belong to the twelve-turn attack. It was an attack launched by the master of the thunder tribulation because he was furious because he had swallowed the thunder tribulation.

Lin Tianhao took a deep breath and raised his hand to point to the sky.

In a flash.

The heaven and earth were frozen, and space was frozen.

The powerful icy force instantly enveloped the sky in front, trying to swallow it.

"Boom bang bang-"

The lightning sword was unstoppable and broke Lin Tianhao's icy power.

Lin Tianhao did not retreat but advanced. Visions of saints appeared behind him and attacked towards the thunder sword.

at the same time.

Lin Tianhao's Devouring Heaven and Earth was also madly devouring the power of the Thunder Sword.

Above the sky.

When the huge eyes saw that Lin Tianhao actually blocked his thunder sword, a look of shock appeared in the eyes.

The next moment.

A giant purple hand that covered the sky and the sun descended from the sky and slapped towards Lin Tianhao.

At this moment.

Lin Tianhao felt as if the sky was about to collapse.

This feeling of oppression made Lin Tianhao's body bend slightly.

"How...how could it be so horrible!!"

Lin Tianhao was shocked, but more of it was anger.

The person who brought down the thunder tribulation was obviously using his power in violation of the regulations.

How could an ordinary twelfth-level professional withstand an attack of this level?

"Om-"

At this moment.

A golden whip broke through the void and hit the purple giant hand fiercely.

The giant purple hand quickly retreated, perhaps out of pain or fear.

Above the sky.

The Thunder Sword was also taken away, and only the endless and increasingly violent thunderstorm continued to fall.

Lin Tianhao swallowed up the thunderstorms without hesitation, even though he knew that this would make the owner of the thunder tribulation angry.

But based on what the master of the thunder tribulation had just done, there was no way he would treat him well! !

soon.

Lin Tianhao discovered that the thunderstorm he swallowed was a little different.

"Ding, you swallowed the thunderstorm, lightning resistance +1000, soul resistance +1000, +500, soul power +200, free attribute points +200."

.....

In the thunderstorm, soul attacks were added.

But Lin Tianhao still didn't care. He resisted the thunder tribulation and devoured it madly.

The owner of the thunder tribulation seemed unwilling to be swallowed by Lin Tianhao, and the thunderstorm did not last long and stopped.

And Lin Tianhao also completed his job change smoothly.

"Ding, congratulations, you have successfully completed the twelve turns."

Finally the twelfth turn!!

This can be considered a step up to a whole new level.

Think about this.

Lin Tianhao didn't even check his Twelve Revolution skills, he just took a step forward and headed towards the Fan Palace.

The next moment.

Lin Tianhao appeared in the Fan Palace.

The first thing Lin Tianhao did after returning was to exchange materials for alchemy.

Today, Lin Tianhao's contribution value is frighteningly high, and the amount of alchemy materials that can be exchanged is an astronomical number.

In addition to exchanging alchemy materials, Lin Tianhao also brought with him the three clones that were created from his One Qi Transforming into Three Purities.

After doing all this, Lin Tianhao headed to the City of Disaster.

But Lin Tianhao had just appeared at the gate of the City of Disaster when a group of four people blocked Lin Tianhao's way.

Seeing the four of them, Lin Tianhao's expression changed slightly.

Because among these four people, Lin Tianhao knew three of them! !

The first one was the Taishang Laojun whom Lin Tianhao met when he just came out of Wanglai City! !

The second one is Yuanshi Tianzun who I met not long ago!!

As for the third person, Lin Tianhao had never seen him before, but judging from his attire and position, it was not difficult for Lin Tianhao to guess who he was.

He should be Tongtian, one of the Three Pure Ones.

The fourth person was also someone I had met not long ago... Queen Hou Tu!!

From the information we learned before, they are all Heavenly Saints!!

Lin Tianhao pretended not to see them, and with his invincible form activated, he rushed directly towards the City of Disaster.

This City of Disasters is really something. Even his Starry Sky Steps cannot allow him to enter the City of Disasters directly. He has to go to the entrance first.

"Snow Emperor."

Taishang Laojun spoke slowly.

The next moment.

After a long time, Lin Tianhao appeared in an ancient palace.

Oh shit! !

Lin Tianhao really wanted to curse, this was simply too outrageous!!

Is there no one to take care of it?

I am just a mortal, a mortal!!

Why do these old monsters have to cause trouble to me? !

"Seniors, I wonder if you brought me here because you have some instructions for me?"

Lin Tianhao was already curtsying about their ancestors in his heart, but on the surface his attitude was still very humble.

Taishang Laojun smiled at Lin Tianhao and said:

"Don't worry, we don't mean any harm."

Lin Tianhao cursed in his heart, no ill intentions?

Did you bring yourself to this place without any ill intention?

"Senior, if you have anything to say, please just tell me," Lin Tianhao said.

"Do you know Pangu?" asked Laozi.

"I know." Lin Tianhao nodded.

"Father God transformed himself into the universe, and his achievements were comparable to those of creation. After his death, he merged with the Way of Heaven and became the Lord of the Way of Heaven in this world."

"But Patriarch Hongjun got there first and cut off the Father God's path, causing the Father God to wander away from heaven and earth and become difficult to condense."

Lin Tianhao was a little surprised, "Are you trying to revive the great god Pangu?"

"That's right." Queen Hou Tu nodded heavily.

"Ancestor Hongjun only cared about himself, and that person disappeared without a trace. Although you, Xue Di, are gifted, your realm is too low. It is almost impossible to turn the tide."

"Under such circumstances, only by reviving the Father God can the galaxy world be saved!!"
