

## O games 1751

Chapter 1751 Welcome the return of Father God!

Lin Tianhao complained in his heart that these four people were thinking too much.

Although they are all saints of the Heavenly Dao, resurrecting the great god Pangu is still as difficult as ascending to heaven.

"I wonder how the seniors are planning to resurrect the great god Pangu?" Lin Tianhao asked.

The Queen Mother Hou Tu said with a serious expression:

"We have made a lot of preparations over the years to revive the Father. Now, we are only one step away."

When Lin Tianhao saw the current appearance of Hou Tu Niangniang and the others, he had a bad feeling in his heart.

"Which step?"

"What do you need me to do? Please let me know, seniors." Lin Tianhao said.

"We have re-condensed the Father God's essence, but his body has turned into the primitive universe. If we want to revive the Father God, we must find a carrier."

Hear this.

Lin Tianhao realized the problem instantly.

"So, you want me to be the carrier, you want Pangu the Great God to possess me?!!"

Lin Tianhao was shocked. He had heard before that someone wanted to take over his body, but he never thought that this person would be the great god Pangu.

"The great god Pangu is so noble. Even if he wants to seize someone's body, he should seize the body of a saint or a saint of heaven."

"I...you are just a mortal with a little talent. You are not qualified to be the carrier of Pangu the Great God."

Lin Tianhao really wants to curse now.

I have just escaped from the tiger's den and entered the wolf's den.

"Do not."

The Queen Mother Hou Tu shook her head and said:

"The Father God's essence that we have condensed is not much, not enough to support the Father God to take over the body of the saint."

"But...if it's just to take over the body of a powerful mortal, there won't be any problem."

The words fell.

The Queen Mother raised her hand and pointed at Lin Tianhao, saying:

"Xue Di, what you cannot accomplish, Father God will complete for you."

"You are too tired, it's time to rest!!"

The words of the Queen Mother Hou Tu seemed to have magical power, making Lin Tianhao drowsy.

Lin Tianhao tried to struggle and fight back, but to no avail.

The four great saints of the Heavenly Dao attacked almost at the same time.

"We must do this to ensure that everything goes well." Tongtian Jiaozhu said with some guilt.

"what--"

Lin Tianhao let out a heart-wrenching scream, because he could clearly feel that his soul was being cut! !

They...they tried to cut their own souls to weaken their own soul power? To make it easier for Pangu's origin to take over?

Lin Tianhao didn't know, but now Lin Tianhao was really panicked.

If he is really possessed, he will die! !

"Come out!!"

Lin Tianhao was shouting in his heart.

At this time, it seemed that only the unknown coldness in his body could prevent the four great heavenly saints from cutting his soul.

But the result... is of no avail!!

No matter how Lin Tianhao roared or shouted, the cold air seemed to have disappeared without a trace.

at last!

A piece of Lin Tianhao's soul was still cut off.

Followed by.

Then, a black vessel appeared in the hands of Hou Tu Niangniang.

She put the soul fragments cut from Lin Tianhao into the vessel.

Inside the vessel, a cloud of turbid air began to frantically devour Lin Tianhao's soul fragments.

Lin Tianhao frowned, is that the origin of Pangu?

They don't look alike at all?

Are these really the Three Pure Ones and Hou Tu?

Lin Tianhao now begins to doubt their identities.

Although the Taoist Hongjun had said before that Pangu's lineage had the idea of reviving the great god Pangu.

But the scene before me seemed wrong no matter how I looked at it.

Or.

I think too much.

"No problem, the degree of fit is very high." Taishang Laojun showed a satisfied smile on his face.

"After waiting for so long, it's finally going to succeed."

The words fell.

With a wave of his hand, three jade bottles fell into his hands.

"Hou Tu, hold Snow Emperor steady. He is treacherous. Don't let him get away!"

"The three of us will first reshape the Father God's Primordial Spirit."

When the words fell.

Yuanshi Tianzun, Taishang Laojun and Tongtian Jiaozhu each sacrificed a wisp of the original power of their primordial spirit and gathered it towards the turbid air in the vessel.

See this scene.

Lin Tianhao felt disappointed.

Before, he suspected that these people were fake, but after seeing them practicing like this, Lin Tianhao changed his mind.

Because according to legend, the soul of Pangu the Great was transformed into the Three Pure Ones, namely, the Great Pure Daode Tianzun (Taishang Laojun), the Jade Pure Yuanshi Tianzun, and the Upper Pure Lingbao Tianzun (Tongtian Jiaozhu)!!

Now they are using the power of their own primordial spirit to refine the turbid air in the vessel, seemingly trying to reshape Pangu's primordial spirit! !

Oh shit! !

These guys are crazy!!

"Snow Emperor, we have been planning for many years, and now the grand plan is about to be accomplished. You becoming the carrier of Father God can be regarded as a contribution to the destiny."

Empress Houtu said seriously.

The words fell.

Lin Tianhao saw that there were twelve more jade bottles in Hou Tu Niangniang's hands.

"This is the precious blood of our twelve ancestral witches. Your body needs to be refined in order to perfectly carry the original power of the Father God."

The words fell.

One of the jade bottles opened, and a drop of the witch's menstrual blood flew into Lin Tianhao's chest.

Lin Tianhao only felt that a drop of boiling molten lava penetrated his skin and flesh, entered his heart, and then spread throughout his body from his heart.

The horrible burning sensation made Lin Tianhao feel like his blood was boiling and burning.

The intense pain made Lin Tianhao's body tremble.

The Queen Mother Hou Tu continued to take action to refine Lin Tianhao's body.

"Swallow it!!!"

Lin Tianhao was unable to move. All he could do now was to use his full strength to activate the Heaven-Swallowing and Earth-Devouring Technique.

"It's interesting, but not enough."

Queen Hou Tu felt the devouring power emanating from Lin Tianhao, but she looked indifferent and didn't care.

The jade bottles were opened one by one, and drops of the ancestor witch's blood merged into Lin Tianhao's body.

the other side.

The turbid air has gathered into a human figure. This figure has a spirit, but his eyes are empty and lifeless.

"Please bring out the spirit of Father God!!" said the Queen Mother Hou Tu in a serious tone.

"Hurry up, nothing can go wrong."

Taishang Laojun nodded, and three more jade bottles flew out.

The three jade bottles opened and flew towards the turbid figure.

Lin Tianhao frowned slightly. It was rumored that Pangu's spirit and energy turned into the Three Emperors.

Now, the three jade bottles should contain a ray of the original power of the Three Emperors' spirit.

They really want to revive Pangu! !

My dear old master, if you don't come, I will die! !

For the first time, Lin Tianhao felt a deep sense of powerlessness.

The coldness in his body did not react. Facing the four great saints of the Heavenly Dao, apart from this pitiful Heaven-Devouring and Earth-Devouring Technique, his other methods seemed so... ridiculous.

After the fusion of essence, energy and spirit, the turbid spirit regained its spirit. He looked around in a daze, as if he didn't know what was going on.

"Welcome the return of Father God!!"

"Welcome the return of Father God!!"

Chapter 1752 Two Queens of the Earth!

Zhuoqi Yuanshen was still confused, and obviously didn't quite understand why he was called Father God.

"Father God has just condensed, and his memory has not yet revived. Let's complete the possession first!!"

The Queen Mother Hou Tu said seriously.

The words fell.

The four great saints of the Heavenly Dao sent their turbid spirits into the center of Lin Tianhao's eyebrows.

When the second soul entered his body, Lin Tianhao instantly felt extremely uncomfortable and a little panicked! !

"Swallow it!!!"

Lin Tianhao used all his strength to activate the Heaven Devouring and Earth Devouring Technique, trying to devour the turbid soul.

"Father God, devour his soul so that you can achieve the most perfect fit with this body."

The voice of Hou Tu Niangniang came.

Lin Tianhao's eyes narrowed slightly. If he was really possessed, then everything would be over! !

"It's still unclear who will swallow whom!!!"

Demonic patterns appeared on Lin Tianhao's body, and he went into a state of madness. If someone wanted to devour him, he would never agree.

The Heaven-Swallowing and Earth-Swallowing Art was spinning madly, devouring the turbid energy and soul that had entered its body.

When Lin Tianhao was devouring this turbid spirit, this turbid spirit was also trying to devour Lin Tianhao's soul.

An extremely terrifying force fell on Lin Tianhao's soul, causing Lin Tianhao's soul to tremble and fear.

Lin Tianhao suppressed the fear that came from deep in his heart and tried his best to devour the turbid Qi and soul.

But just as Lin Tianhao was about to devour the turbid soul, soul chains flew out from the hands of the four great saints of heaven and wrapped around Lin Tianhao's head.

In a flash.

Lin Tianhao felt that his consciousness had been compressed to the extreme. He could not even feel the turbid energy in his body.

"Xuedi, give up!!"

"You can't save the world. The Father will complete what you haven't done yet."

"Sacrificing yourself to save the entire galaxy, you deserved to die!!"

Lin Tianhao was extremely angry. He could fight to save the world, but he would never be so miserable as to be possessed by someone else.

But now.

Lin Tianhao's head was blocked by the four great saints of heaven with soul chains, and his Heaven-Devouring and Earth-Devouring Power was unable to lock onto the turbid spirit.

All he could do was either devour them indiscriminately or concentrate his strength to devour these soul chains.

But no matter what you do, you can't threaten the turbid spirit.

Indiscriminate devouring will inevitably lead to the dispersion of Lin Tianhao's devouring power, making it difficult to pose a threat to the turbid spirit.

But he seems to have no choice now. If the current situation continues, his fate is doomed.

Because Lin Tianhao could feel that the turbid spirit was devouring his soul.

Once the turbid spirit has completely devoured his soul, it will be too late.

Just as Lin Tianhao was thinking about how to save himself, a chill enveloped his soul. The soul chains on his head were frozen, and the turbid soul that was devouring his soul also stopped.

"How can it be?!!"

Yuanshi Tianzun's somewhat shocked voice sounded.

"Bang bang bang-"

Under the freezing cold, the soul chains began to break, and Lin Tianhao's spiritual sense was finally able to check the situation around him.

at this time.

The turbid spirit had been frozen into an ice sculpture, and the cold air was still spreading towards the four great heavenly saints, as if it was preparing to devour them all.

"How can there be such a strong freezing power? We are completely powerless in front of it!!"

Taishang Laojun was also shocked by the cold air.

Without him.

They are all saints of heaven.

At their level, there are not many things that can affect them.

Even though Lin Tianhao's Devouring Heaven and Devouring Earth could devour their power, it actually did not have much impact on them.

The problem can be seen from the fact that it took Lin Tianhao such a long time to devour Autumn Wind Saint, but he only devoured one third of him.

Even if these four Heavenly Dao saints stood still and let him devour them, it would be difficult for him to devour them completely.

But this coldness is not only of a high level, but the freezing force is also overbearing and unreasonable, so strong that it is unbelievable.

Lin Tianhao breathed a sigh of relief. Hanqi, you finally took action. If you didn't take action again, I might really die.

While thinking this in his mind, Lin Tianhao began to devour the turbid spirit with all his strength.

See this scene.

The four great Heavenly Dao saints were shocked and angry, "Snow Emperor, stop it!!"

Hou Tu Niangniang's extremely angry voice sounded, she thought she might fail this time.

But the only possibility of failure is that other strong people come to the rescue.

But I never thought that something like this would happen.

"Stop it now, it's too late!!"

Lin Tianhao's voice revealed murderous intent.

These four great saints of the Heavenly Dao wanted to take over his body, so how could he possibly give them a good face?

It is said that Dao Zu Hongjun betrayed the source of Dao, and the four great saints of Heavenly Dao before us are no different! !

and.

They are even more hateful than Daozu Hongjun!!

Pangu the Great God has been dead for who knows how long, under such circumstances, they actually want to revive Pangu the Great God!!

Even if they really let this turbid soul take over their bodies, would they succeed?

Lin Tianhao doesn't think so.

After all, is this turbid spirit still the great god Pangu?

It is true that they have gathered the original power of the Three Pure Ones and the Three Emperors, and their bodies have been tempered by the essence and blood of the Twelve Ancestral Witches, but is this Pangu?

If this is Pangu, then if the Three Pure Ones and the Three Emperors divide up a few more strands of the original power, will they be able to create gods?

This is unrealistic no matter how you think about it.

"I told you to stop, can't you hear me?!!"

The extremely angry voice of Hou Tu Niangniang was heard.

Followed by.

Lin Tianhao saw an overwhelming attack coming towards him.

But Lin Tianhao still didn't stop.

Fight! !

Even if you beat him to death, he won't stop.

"Ding, you are devouring the mysterious spirit, turbid air resistance +100, soul resistance +100, magic resistance +100, soul power +100, spirit +100, free attribute points +100."

"Ding, you are devouring the mysterious spirit, resistance to turbid air +100..."

.....

The prompt sound is incessant, the value is not high, but it keeps going, and the accumulated value is still not low.

but.

At this time, Hou Tu Niangniang's overwhelming attack had already reached Lin Tianhao.

Can we still resist the cold?

Just as Lin Tianhao was thinking about this, a roulette wheel appeared in front of him. This roulette wheel actually blocked all of Hou Tu Niangniang's attacks.

"Six Paths Roulette!!"

Seeing the roulette wheel suddenly appear, Hou Tu Niangniang showed a look of horror on her face and subconsciously took a step back.

"In this chaotic world, all kinds of monsters and demons have come out. They even dared to pretend to be the Three Pure Ones and me. Do they really think they can throw any dirty water on us?"

Along with this sound fell.

Lin Tianhao saw the second Queen Mother of the Earth appear beside him! !

Two Queens of Earth!!

Chapter 1753 The Purpose of Queen Hou Tu!

However, from the reaction of the first Hou Tu Niangniang and the words of the newly appeared Hou Tu Niangniang, it can be heard that the Hou Tu Niangniang who appeared later should be the real Hou Tu Niangniang.

Oh shit! !

These four guys are indeed fakes.

Regardless of whether they succeed or not today, I will probably bear a grudge against the Three Pure Ones and the Queen Mother Hou Tu! !

These guys are already so strong, but they still act like old perverts.

"Since you're here, forget it!"

[Hou Tu Niangniang] When she saw the real Hou Tu Niangniang coming, her body flickered and turned into a charming and beautiful prostitute.

"Being impersonated is disgusting enough, but being impersonated by you is even more disgusting."

Queen Hou Tu did not conceal the disgust in her eyes at all.

"Okay, we have things to do, so we'll leave first."

As the prostitute waved her hand, she and the Three Pure Ones disappeared in an instant.

When Lin Tianhao saw them disappear, his eyes couldn't help but fall on Hou Tu Niangniang.

"Senior, who are they?" Lin Tianhao asked.

Empress Hou Tu looked at Lin Tianhao meaningfully and said:

"I originally thought that those people from other worlds just wanted to get a piece of the pie, but now it seems that they are after you."

Hear this.

Lin Tianhao couldn't help but let out a bitter smile, "How could I deserve such a plot against them?"

"You have the luck and blessings of the human race, and you have great merits. There are many people who want to plot against you."

"Does it include your Pangu clan?" Lin Tianhao asked bluntly.

Hou Tu Niangniang nodded gently, "I guess so. What they did is what our Pangu clan also wants to do."

Lin Tianhao's expression changed slightly. This really didn't make him feel at peace.

"Don't worry, we are not coming for you." Queen Hou Tu said with a smile.

"I am here this time to show you enough respect, otherwise, I would not come."

Lin Tianhao frowned slightly, "Give me respect? If you have anything to say, please just speak directly!!"

Now Lin Tianhao doesn't have much good feelings towards these strong men, even though Queen Hou Tu helped him just now.

But who knows if there is another plan behind this.

"We want to revive the Father, this is true, and we need a carrier, which is also true, but the carrier we chose is not you."

"To be precise, it was you at first, but the karma on you was so great that we had to settle for the next best thing."

Lin Tianhao took a deep breath and said:

"I'm not the carrier you need, but you still come to me. This means that the carrier you chose is related to me, right?"

"Ah."

Empress Hou Tu nodded slightly and said seriously:

"The Fat God is invincible, the True God of Physics, or one of them, you can decide."

When Lin Tianhao heard the two names said by Hou Tu Niangniang, he couldn't help but shudder.

Although Pangu God is a male, Lin Tianhao has ruled out Lin Qingqing.

But he never thought that the two names mentioned by Hou Tu Niangniang were both extremely important people to him.

In fact, Fatty Lin Tianhao could understand it.

If the fat man's talent could bind ten Heavenly Saints, then the attribute panel would become extremely exaggerated.

As for the glasses...

Before, when Lin Tianhao was slaughtering sea beasts, he encountered a top powerful man.

He told Lin Tianhao that his family elders told him not to provoke the three people.

Two of them are Lin Tianhao and Lin Qingqing, and the third person is none other than Glasses!!

Now Hou Tu Niangniang and other powerful members of Pangu clan want to resurrect the great god Pangu, and the carrier they choose actually has eyes.

to be frank.

There was nothing particularly special about glasses in my previous life.

Even in this life, glasses are not particularly outstanding.

Lin Tianhao's impression of the glasses is tomb robbing, tomb robbing, tomb robbing, and tomb robbing!  
!

It seems that Glasses is either robbing a tomb or on the way to rob a tomb.

Such a person can actually be valued by these big shots.

Although Lin Tianhao was surprised at how much they valued glasses, it was not realistic for him to agree.

"Among the billions of adventurers in Ragnarok, there is no one you like?"

"Besides, there are many other people besides the adventurers. Why must it be these two?"

Empress Hou Tu smiled helplessly and said:

"We can only choose from adventurers. As for the reason, I can't explain it in detail. In addition, we can only choose from adventurers from the East, not from the West."

"Besides that, we have a lot of other restrictions, so there aren't really many options to choose from."

Lin Tianhao hesitated for a moment, thinking for a moment before finally saying:

"We in the East are blessed with talented people and strong men. You may have noticed Fatty and the others because you paid attention to me."

"But I tell you the truth, Senior, Fatty and the others are weak and not worthy of being possessed by Pangu the Great."

Empress Hou Tu frowned and said:

"Xue Di, I am here because I respect you. I don't have to come. I can capture one of them and take him to a place where you can't find him to complete the ceremony."

"Now, you must make a choice. If you don't choose, I will capture both of them. After all, there are quite a lot of people in our Pangu clan who need to be resurrected."

threaten! !

Naked threat!!

"Besides, you don't have much time to make a decision. Daozu may come at any time, and Ragnarok is about to merge with Blue Star. You don't have much time to develop."

Lin Tianhao looked at Hou Tu Niangniang meaningfully.

She planned it carefully and forced herself to make a choice.

"If that's what you said, then I suggest you choose me. If you succeed, everything will be fine. But if I'm still alive, I will definitely become stronger and kill all of you!!"

Lin Tianhao's voice was cold, and the murderous intent from his body spread out without any concealment, pressing towards Hou Tu Niangniang.

Queen Hou Tu felt the murderous intent from Lin Tianhao and was a little annoyed.

"How long have you known each other? At most, it's only about 10 to 20 years. Do you know what brotherhood is?"

"Your choice now is ridiculous. Your relationship is very fragile."

Lin Tianhao stared at Empress Hou Tu and said seriously:

"Whether our relationship is fragile or not is not your concern. This is your choice. As for how you choose, that is your business. I have no control over it."

Hou Tu Niangniang's expression was a little unnatural.

At this moment.

A somewhat angry voice sounded.

"Why did you tell him so much? I told you before that we can just disguise our identities and capture those two people. There is no need to ask Xue Di for his opinion."

As the voice fell, Lin Tianhao saw a fat young man stepping out from the void.

He looked at Lin Tianhao and said in a deep voice:

"Xue Di, we have given you a lot of face, but you are shameless. Don't blame us for being rude!!"

Chapter 1754 Choose one brother to die?

Hear what this fat middle-aged man said.

The beautiful brows of Empress Hou Tu could not help but slightly frowned, "Who asked you to come out? You are so tactless in your words. You will die sooner or later!!"

The fat middle-aged man did not comment, "How come I don't know my limits?"

"I am a saint of heaven. What's wrong with being rude to a mortal? Mortals are nothing but ants!!"

The fat middle-aged man didn't care and continued:

"If you hadn't insisted on coming, he wouldn't even have the right to see me!!"

Lin Tianhao shook his head secretly. It seemed that not everyone among these powerful men had a brain.

"You will kill me sooner or later!!"

The Queen Mother Hou Tu scolded.

The words fell.

Her eyes fell on Lin Tianhao, and she said calmly:

"Xue Di, don't take what he said too seriously. I still respect you very much."

"If it wasn't for the result of our vote, I really didn't want to touch your friend."

"But we don't have a better choice. Those people who pretended to be us were right in one thing."

"Only by resurrecting the Father God can we save the Milky Way. Xue Di, you have an incredible talent, but you are ultimately limited by your realm. If you want to save the Milky Way, you are still a little short of the mark."

The Queen Mother Hou Tu was indeed much more polite when she spoke. Her words seemed to have magical power, which made Lin Tianhao start thinking subconsciously.

Thinking about the fat man and the glasses, who should be possessed by the great god Pangu.

But soon after this thought came to his mind, Lin Tianhao was frightened and broke out in a cold sweat.

How could I have such an idea?

They are brothers who have shared weal and woe and experienced life and death together. How could he think of giving up any of them?

Seeing the change in Lin Tianhao's eyes, Hou Tu Niangniang sighed helplessly.

"I know your choice."

Lin Tianhao remained silent. He really didn't need to say anything at this moment.

"Hou Tu, since he has made his choice, we should also make our own."

The words fell.

Lin Tianhao felt a powerful aura locking onto him.

"Your attitude just now means that we cannot let you go."

The words fell.

The fat middle-aged man raised his hand and patted Lin Tianhao.

Queen Hou Tu frowned, she did not take any action, and watched Lin Tianhao being slapped away by the fat middle-aged man.

"A mortal man, but his health is comparable to that of a saint."

The fat middle-aged man attacked again. This time, he was more decisive, as if countless hands grabbed Lin Tianhao and tried to tear him into pieces.

At this time, Lin Tianhao's Heaven-Devouring and Earth-Devouring Power was still concentrating on devouring the turbid Qi and soul, and he did not spare any strength to fight against the fat middle-aged man.

"enough!!"

Hou Tu Niangniang said in a low voice, "Xue Di, you can't change anything? We will definitely do it, whether it is for our Pangu clan or for the Milky Way world, we must do it."

Lin Tianhao stared at Empress Hou Tu with scorching eyes and shouted:

"Empress Hou Tu, are you so sure that the one you resurrected is the great god Pangu? And not some other life form?"

"Or, you don't care who is resurrected, you only care that your Pangu clan needs a top powerhouse to support the facade?!"

Hearing Lin Tianhao's words, Queen Mother Hou Tu frowned and said:

"We have been planning for many years, so we are certainly confident."

"Xue Di, think about it carefully. How long have you known them? You will not be able to live for ten thousand years or a hundred thousand years. These so-called brothers will change sooner or later."

"Only after experiencing disasters and the baptism of time can one see the true nature of a person."

"They are not that important to you."

That's it.

Hou Tu Niangniang's eyes fell on the fat middle-aged man.

"let's go."

Hear this.

The fat middle-aged man's eyes narrowed slightly.

"Hou Tu, you heard what he just said. With his talent, if this problem is not solved soon, there will be endless troubles!"

Obviously.

This fat middle-aged man didn't want to let Lin Tianhao go so easily.

Queen Hou Tu took a deep breath.

She looked at Lin Tianhao meaningfully and said:

"Can you handle him?"

"It's true that he can be resurrected, but I can kill him back to level one. Then those guys in the Galaxy World will naturally deal with him."

The fat middle-aged man has sharp eyes.

It was obvious that he really wanted to kill.

"But what if he was not dealt with by those guys from the Alate Galaxy?" Hou Tu said.

"Even so, he still won't let us go!!" said the fat middle-aged man very seriously.

"Since we have already provoked this great cause and effect, we have no choice but to take action!!"

The words fell.

The fat middle-aged man waved his hand, turned his back to Queen Hou Tu, faced Lin Tianhao, and said:

"Hou Tu, if you are afraid, you can leave!!"

"Today, I'm going to send this kid back to level one. I want him to know that being arrogant has a price to pay!!"

"No one should give in to him!!"

That's it.

The fat middle-aged man attacked again.

This time.

He came here just to clear Lin Tianhao's health bar.

No matter how strong Lin Tianhao is, it is a foolish dream to hope that he will not be drained of health when facing the Heavenly Dao Saint! !

Health bar is cleared, level -1.

Health bar is cleared, level -1.

.....

Lin Tianhao had just completed the twelfth turn, but now he was in a dilemma of being killed as soon as he was resurrected.

He is currently at level 100,000. To bring him back to level 1, he needs to be killed 99,999 times! !

This fat middle-aged man had a determined look in his eyes and didn't care about anything else.

As long as Lin Tianhao is resurrected, he will kill Lin Tianhao immediately.

Queen Hou Tu seemed to want to say something but hesitated in the end she said nothing.

She didn't want to be an enemy of Lin Tianhao, but the way they were about to do it and the attitude Lin Tianhao just showed told her.

What her partners did was right. Even if they did not take action today, as long as they attacked God Pang Wudi or the True God of Physics, Xue Di would not let them go in the future.

Lin Tianhao tried to resist, but it was useless. The Heavenly Dao Saint was emptying his health bar too quickly.

Moreover, this underground palace itself seemed to be somewhat special, making it a luxury for him to escape.

Lin Tianhao knew that he probably wouldn't be able to escape in a short time.

But was there anything wrong with the decision he just made?

To be honest, Lin Tianhao couldn't choose between the fat man and the glasses to sacrifice.

Maybe one day, they will really sacrifice themselves, fall into crisis or even die in various situations.

But if Lin Tianhao was asked to choose one person from them to die, he really couldn't do it.

Now that Lin Tianhao has been in the resurrection state, there is nothing else to do, so he has to check his twelve-turn skills first.

Chapter 1755: Self-realization, the heart of the world!

In order to save time, Lin Tianhao had not checked his twelve-turn skills yet.

To be precise.

It's not just the twelfth-turn skills, there are also several pieces of Heavenly Punishment equipment that Lin Tianhao had obtained before, and he didn't check the attributes and attached skills.

It's better now.

He kept getting killed, but now he had time to take a good look at the effects of these skills and equipment.

The first is the twelfth-turn skill.

Self-realization: unknown.

Effect 1: Your enlightenment speed increases 1000 times.

Effect 2: As long as you are alive, you will automatically attain enlightenment, it will never stop, and it will have no effect on you.

(You can choose the direction of enlightenment, and you can only understand one path at a time.)

Cooling: None.

Cost: None.

Proficiency: Cannot be upgraded.

When Lin Tianhao saw his twelfth-level skill, he was a little dazed.

Isn't this skill equivalent to a double-hang-up system?

As long as he is alive, he can continue to attain enlightenment.

If it was still a little difficult for Lin Tianhao to attain enlightenment before, now, it seems to have become an extremely simple thing for him.

of course.

Time is still too tight now. Even if he has this skill, it will still be difficult for him to achieve great success if he does not enter the time and space cultivation tower.

While thinking this in his mind, Lin Tianhao also chose to comprehend the way of space on his own.

The Way of Space has reached the twenty-third level of the Dao Realm.

One step further to the Dao realm is the Heavenly Dao realm.

The Dao at the Heavenly Dao level is already able to correspond to the Heavenly Dao Saint.

If Lin Tianhao could possess a higher level of Heavenly Dao laws, I think he would have some ability to resist even when facing a Heavenly Dao saint.

The reason why it is said that there is some strength to defend is that the most important reason is that Lin Tianhao's realm is really too low.

If one's realm is not high enough, having control over the Tao is still a little lacking.

Ku Yue is also a mortal, but she is different from Lin Tianhao.

She has gone through many tribulations and has been tempered. Even if she has not reached the level of a Heavenly Saint, she should be at the peak of a Saint.

However, Lin Tianhao's accumulation is still too shallow.

While thinking this in his mind, Lin Tianhao began to check the Sky Punishment Set he had obtained before.

Lin Tianhao has checked the properties of most of the Tianfa equipment in the Tianfa set obtained from Devil Island.

Newly added items include Sky Punishment Armor, Sky Punishment Shoulder Pads, Sky Punishment Jade Pendant, and two Sky Punishment Wristbands.

Among them, Lin Tianhao had obtained the Heavenly Punishment Shoulder Guard before and was familiar with its effects.

As for the other four pieces of equipment, Lin Tianhao obtained them for the first time.

Because I had been trying to become stronger as quickly as possible, I had not carefully checked the properties of these equipment.

Now I'd like to take this opportunity to check it out.

Sky Punishment Armor: Unknown.

This effect is still effective against gods, but it will be greatly reduced for those at the Saint level and above. The same is true for Effects and .)

Wear resistance: Indestructible, cannot be stolen after wearing, and cannot be dropped.

The attributes of the Sky Punishment Armor are still very strong, all of them are noble percentages.

But even so.

For Lin Tianhao now, it seems that they are not good enough.

The main reason is that the guys Lin Tianhao encountered recently were a bit too outrageous.

He is a saint at every turn, even a saint of heaven.

Followed by.

It's the second one.

Wrath of God's Wrath: Unknown.

Wearing requirements: Sky Punishment Archer.

Effect 1: Sky Punishment attack speed +1, not affected by the phased reduction in attack speed.

Effect 2: Reduce damage by 5%, still effective against god-level attacks.

Effect 9: Extreme Shot (Actively released, your Sky Punishment attack speed increases by 300%, lasts for three minutes, and has a cooldown of one hour.)

Wear resistance: Indestructible, cannot be stolen after wearing, and cannot be dropped.

This Heavenly Punishment Wristband is pretty standard, nothing special about it.

The accompanying skills are also... mediocre!!

The main thing is that when facing a saint, his Heavenly Punishment Headlock is not enough at all.

therefore.

Even if the attack speed of Heavenly Punishment increased by 300%, it didn't seem to be of much use.

As for ordinary gods or mortals.

With Lin Tianhao's current combat power, he can still kill even without using the Heavenly Punishment attack speed.

At last.

It is the Heavenly Punishment Jade Pendant that Lin Tianhao is most looking forward to.

Jade pendants are special equipment, and it is almost impossible for them to appear in most suits.

Heavenly Punishment Jade Pendant: Unknown.

Wearing requirements: Sky Punishment Archer.

Effect 1: Sky Punishment attack speed +1, not affected by the phased reduction in attack speed.

Effect 2: Reduce damage by 5%, still effective against god-level attacks.

Effect 3: Can block a fatal attack, cooldown for one hour.

Effect 4: Luck +100.

Effect 5: Purify the World (Actively used to purify all negative states in the world, including curses, soul trauma, toxins and other negative states. The consumption depends on the purification target and there is no cooldown.)

Effect 6: Maximum health +50%.

Effect 7: Maximum armor +50%.

Effect 8: Maximum magic resistance +50%.

Effect 9: Heart of the World (No active effect, this item is the Heart of the World, you can use it as a foundation to create a world and impact the eternal realm.)

Wear resistance: Indestructible, cannot be stolen after wearing, and cannot be dropped.

Seeing the effect of the Heavenly Punishment Jade Pendant, Lin Tianhao was stunned.

From the surface, it seems that this Tianfa jade pendant only adds more lucky attributes.

The additional skill of purifying the world is somewhat lackluster.

After all, high-quality and high-level priests can also purify negative effects.

What really shocked Lin Tianhao was the Heart of the World!!

The Taoist founder Hongjun fought so hard that he even betrayed the source god of Taoism.

What is its purpose? Isn't it the heart of the world?

But the heart of the world, which even the Taoist Hongjun could not obtain, now fell into his hands.

This is so dreamy!!

Chapter 1756: Escape, Fatty and Glasses were caught!

Lin Tianhao was shocked by the Heavenly Punishment Jade Pendant, but the fat middle-aged man was still decisive in his action.

As soon as Lin Tianhao was resurrected, he would kill Lin Tianhao immediately.

Lin Tianhao knew that no matter what he said now, it would be of no avail.

All he could do now was wait.

Let's see if anything unexpected happens.

The gap between his current strength and those Heavenly Dao saints is really too huge.

Die again and again, and be resurrected again and again.

Repeatedly.

Lin Tianhao couldn't do anything.

I guess the old palace master knows what happened here.

But he didn't intend to take action.

Because he also didn't want Lin Tianhao to continue to be involved in the affairs of the Galaxy World.

In the eyes of these powerful people, the destruction of the galactic world is inevitable and there is no need to worry about it.

Queen Hou Tu looked at Lin Tianhao being killed again and again with a complicated look in her eyes.

"Xuedi, why are you doing this?"

"Just because of two people who have known each other for more than ten years, they are against us. This is ridiculous in the long river of time."

Lin Tianhao shook his head and said nothing.

At this moment.

The Queen Mother Hou Tu seemed to have sensed something, and looked at Lin Tianhao again and said:

"You don't have to make a choice now. We've already taken them both away!!"

"Originally, only one person had to be sacrificed, but now, both of them have to be sacrificed."

The Queen Mother Hou Tu's tone was calm, and it was impossible to tell whether she was happy or angry.

Lin Tianhao's face darkened. His hesitation seemed to have harmed one more person.

"You are too arrogant. This world is huge. There is an even bigger world outside this world. You... are really as small as dust."

"But because of the invincible road in the past few years, you can no longer recognize yourself."

"If it weren't for the resurrection mechanism, you wouldn't even be qualified to see us."

The fat middle-aged man looked at Lin Tianhao indifferently. He formed seals with his hands and array patterns appeared around him.

It seemed that they had already caught the fat man and the monkey, so they were ready to leave, but they did not want to let Lin Tianhao go.

Lin Tianhao was not panicked, as he was not completely without chance now.

If his knowledge of space could be further advanced from the Dao realm to the Heavenly Dao realm, it would be possible for him to break the confinement of the Heavenly Dao Saint and escape from here.

As the formation patterns fell one by one, iron chains blocked Lin Tianhao and countless sword energies enveloped Lin Tianhao.

As long as Lin Tianhao is resurrected, these sword energies will be able to crush Lin Tianhao.

Each of the sword energies left behind by the Heavenly Dao Saint was extremely powerful, and the number of sword energies that enveloped Lin Tianhao far exceeded one million.

The fat middle-aged man left behind the formation and then left with Hou Tu Niangniang.

Before leaving.

Empress Hou Tu looked at Lin Tianhao meaningfully and said:

"Xue Di, you should think about your future. I know you can escape, but with your devouring power, it will probably take three months to escape."

"We will also take that person's feelings into consideration and not take things too far."

"But those guys in the Alete Galaxy won't do that. You'd better take care of yourself!!"

After saying this.

Only then did the Queen Mother Hou Tu disappear completely.

Lin Tianhao used all his strength to unleash the power to swallow the sky and the earth.

"Ding, you have absorbed the sword energy, sword perception +10, armor +500, magic resistance +500, free attribute points +1000."

"Ding, you have absorbed the sword energy, sword perception +10, armor +500..."

.....

Lin Tianhao had attained enlightenment on his own, so there was no need for him to divide his attention to enlightenment.

What he should consider most now is to escape from this predicament.

In this situation, he had to wait until the absolute shuttle cooled down.

After the time just now, the absolute shuttle is almost cooling down.

Lin Tianhao took off the Sky Punishment Suit. He wanted to wait for the lethal defense of the suit to cool down.

In today's situation, if we want to get out of this predicament, we must make sure everything is in place.

Just right.

During this time, he can also devour the sword energy and weaken the power of the sword energy and the chains. Only in this way can he escape from here.

Thinking like this.

Demonic patterns began to spread on Lin Tianhao's body. When in the demonic state, Lin Tianhao found that all of his methods would be enhanced, which naturally included swallowing the sky and devouring the earth.

In order to ensure that everything went smoothly, Lin Tianhao put all his preparations on hold. He still spent another half a day before he was ready to take action.

If Lin Tianhao was not worried about Daozu Hongjun or Hou Tu Niangniang making a comeback, he would have swallowed for another three days.

"Body-protecting divine armor, invincible realm!!"

Lin Tianhao immediately put on the Heavenly Punishment Suit, and at the same time, several methods were launched simultaneously! !

he knows.

He must go all out, only in this way can he have a chance of survival.

"Absolutely block, absolutely shuttle!!"

Lin Tianhao did not hesitate at all and used his method again.

The Sky Punishment Suit, a full fifteen lethal defenses, only lasted for one second! !

This is because of the protective armor, otherwise he probably wouldn't be able to hold on for even a second.

The Heavenly Saint is so terrifying!!

And the absolute block can't even last for 0.1 seconds.

But at this critical moment, Lin Tianhao's absolute shuttle was successful! !

The spatial force of the 23rd level of the Dao Realm, combined with the invincible domain and the blocking of the previous means, finally gave Lin Tianhao a glimmer of hope.

As long as the shuttle is successful, the rest of the things will be much easier.

The key is.

Now that he is using absolute teleportation, where will he teleport to?

If we can't go back to Ragnarok, then everything is just empty talk.

Besides.

What about fat people and glasses?

They were taken away by the strong men of the Pangu clan. If he couldn't save them, it seemed that they were doomed to die.

But what can he do now?

He tried every trick in the book and just barely managed to escape from the formation. Even if he found Fatty and the others, what would be the outcome?

Can he save Fatty and the Monkey from Hou Tu Niangniang and her gang?

Why do these things have to happen to me? ! !

Lin Tianhao was really angry!!

But more of it is still aggrieved!!

This feeling of helplessness and frustration made Lin Tianhao angry and desperate! !

all the time.

Lin Tianhao felt that as long as he could deal with those guys in the Aleta galaxy, he would be able to save the galaxy world.

But now it seems.

He was still a little too naive.

The galactic world was far more chaotic than he had imagined.

After that person left the galactic world, all kinds of problems in the galactic world began to emerge.

What should I do? What can he do?

Give up fat people and glasses?

Lin Tianhao had a lot of thoughts in his mind. The most sensible thing for him to do now was to give up the fat man and the glasses, and then enter the City of Disaster to meditate and gain enlightenment.

If he could upgrade the sixteen saint visions to sixteen heavenly visions, then when facing the saints of heaven, he would at least have some resistance.

Chapter 1757 Please ask the True Thunder Saint to come out and see me!

"Sorry....."

Lin Tianhao felt a little painful.

This was the most painful time for him since he entered Ragnarok.

Whether it was his sister becoming a vegetable, or being plotted against in the chaotic land, or recently being detained by Taoist Hongjun.

Lin Tianhao has never experienced any real pain emotionally or sentimentally! !

Because he still has the ability to solve everything he encountered before.

But now...

The strong men from Pangu clan captured the fat man and the monkey.

He actually felt a deep sense of powerlessness.

What can he do? The body possession ceremony may only take a few days, or even shorter.

Or...

Fatty and the others have been possessed by someone else.

Think of this.

Lin Tianhao couldn't help but feel a sharp pain in his heart.

He has grown rapidly in this life. In just over four years, he has grown to the point where he can fight with the strong ones at the saint level.

But even so.

He...still has to face such a desperate moment!!

"No, I still have a chance. I still have a chance to save them!!"

There was a hint of madness in Lin Tianhao's eyes.

As long as the fat man and the monkey have not been possessed by others, he will definitely have a chance.

Falling Holy Lake!!

He is going to Luosheng Lake!!

The only ones who could possibly save Fatty and the monkey from the super-powerful Pangu clan were the two who were fighting in Luosheng Lake!!

Think about this.

Lin Tianhao ended the absolute shuttle.

It seemed like God was helping him and he appeared in the magical world.

The easiest way to identify a world is to explore the cultivation system of that world.

Lin Tianhao was in no mood to do anything else.

Lin Tianhao used the Starry Sky Step and began to frantically search for the traces of the nine saints.

Starry Sky Step allows you to move freely on the same planet without any distance limit.

As long as he is fast enough, he will be able to find the traces of the nine saints.

especially.

He could ask other people.

Lin Tianhao took a step forward and landed outside a huge mansion.

In this house, Lin Tianhao felt the aura of dozens of gods.

"Nie Family!!"

Looking at the plaque of the mansion, Lin Tianhao didn't know much about the Nie family, but he could clearly see that the status of the Nie family in this magical world should be very high.

especially.

Lin Tianhao felt the aura of two God Kings.

Take one step.

Lin Tianhao appeared outside the courtyard of one of the gods.

Nie Yufei, who was drinking tea in the courtyard, suddenly changed his expression and looked towards the door.

Don't wait for him to get up.

There was a figure beside him.

The figure was none other than Lin Tianhao, who had moved in directly using the Starry Sky Step.

"What do you call me, little friend?"

When Nie Yufei saw Lin Tianhao breaking in, he did not treat him with disrespect just because he was a mortal.

He knew it.

Such a mortal, who dared to break into their Nie family and come directly to him, the God King of the Nie family, must not be a simple person.

"Take me to find the nine saints." Lin Tianhao said in a deep voice.

Although he had threatened the nine saints before, he really didn't know where those nine people were.

When Nie Yufei heard Lin Tianhao's words, his expression suddenly changed.

"My friend, if you want to die, don't..."

Before Nie Yufei finished speaking, he froze, with an expression of disbelief on his face.

Because behind Lin Tianhao, or to be more precise, above their Nie family, sixteen terrifying visions appeared. It seemed that in just a moment, these sixteen saintly visions would be able to wipe out their Nie family.

"Take me to find the nine saints!!"

Lin Tianhao's voice was cold! !

He directly unfolded the sixteen visions of the saints because he did not want to waste time.

He still had no idea what the situation was with the fat man and the monkey.

But they could be possessed at any time. If people below the level of saints could not reach Luosheng Lake, he would have gone there himself. Why would there be so much trouble?

"Okay...okay."

Nie Yufei's forehead was covered with cold sweat.

Even though he was a powerful saint, he still felt a little panicked when facing the oppressive feeling from Lin Tianhao.

Sixteen visions of saints, this sense of oppression is still too strong! !

Even though Lin Tianhao was just a mortal, Nie Yufei was a little nervous at this time.

"My Lord, the nine great saints are like dragons that can only be seen from the tail but not the head. I may not be able to ..."

"To bring it or not?" Lin Tianhao interrupted Nie Yufei.

Nie Yufei looked at the sixteen saintly visions used by Lin Tianhao and finally compromised.

"bring."

"The closest place to our Nie family is the True Thunder Holy Land where the True Thunder Saint lives."

"You point the direction." Lin Tianhao said.

Under Nie Yufei's guidance, Lin Tianhao took two steps and arrived outside the True Thunder Holy Land.

Seeing Lin Tianhao's fast speed, Nie Yufei was shocked.

He couldn't understand why the person in front of him was so powerful when he was just a mortal! !

What did he want to do by looking for the saint?

If there is a conflict between him and the nine saints, will it affect him?

But before Nie Yufei could think about it, a loud voice exploded in his ears.

"Junior Snow Emperor, I pay my respects to Saint True Thunder, please see me!!!"

Lin Tianhao's voice was so loud that it could be heard within a hundred miles.

Such a roar stunned Nie Yufei who was standing aside, and shocked many people in the True Thunder Holy Land and even the surrounding areas.

Who would ask to see a saint in this way?

"Who dares to be so presumptuous and come to our True Thunder Holy Land to make a scene?!"

An angry roar was heard, and then a powerful pressure fell on Lin Tianhao and Nie Yufei.

Nie Yufei groaned in his heart, and a look of fear appeared on his face.

"God... the power of the God Emperor!!"

Nie Yufei subconsciously took two steps back and retreated behind Lin Tianhao.

Not everyone can fight against opponents of higher levels like Lin Tianhao and Lord Luo Tian.

There is a huge gap between the God King and the God Emperor, there is a huge gap between them.

not to mention.

The other party is the God-Emperor in the Holy Land, and is only stronger than ordinary God-Emperors.

In this world, evildoers are a minority after all, and most others are relatively ordinary beings.

Facing the power of the Divine Emperor, Lin Tianhao frowned slightly.

Without the help of external forces, he would still feel some pressure when facing the God Emperor directly.

"Junior Snow Emperor, please ask the True Thunder Saint to come out and see me!!"

Lin Tianhao didn't want to have a head-on conflict with the powerful God Emperor of the True Thunder Holy Land. What he wanted to do was to talk to the True Thunder Saint and let the True Thunder Saint take him to Luosheng Lake.

When the God Emperor Lei Ke saw that Lin Tianhao actually ignored him like this, his expression couldn't help but darken slightly.

"How dare you, a mere mortal, ignore me!!"

The God Emperor Lei Ke brought down a palm with such force that it seemed as if it would crush Lin Tianhao to pieces.

Lin Tianhao frowned slightly, neither dodging nor evading.

See this scene.

Nie Yufei was horrified.

crazy! !

This guy must be crazy!!

What is he doing?

He was actually prepared to use his body to withstand the attack from the God Emperor Lei Ke.

When the God Emperor Lei Ke saw that Lin Tianhao was exactly the same as before, he was also a little surprised.

"court death!!"

Chapter 1758 The withered moon with the lion's mouth wide open!

The God Emperor Lei Ke did not stop just because Lin Tianhao did not dodge. Instead, he launched a stronger attack and hit Lin Tianhao.

"boom--"

The huge palm wrapped in rolling thunder slapped Lin Tianhao.

The thunder exploded, and Nie Yufei had already escaped far away.

In this situation, if he had any hesitation, it would be a disrespect for his own life.

Everyone looked towards the center of the explosion.

"If a mere mortal were to withstand the attack from the Great Elder, he would probably have been blown into pieces."

"Too crazy! He wants to meet the True Thunder Ancestor, without even checking if he has the qualifications!!"

.....

A group of disciples from the True Thunder Holy Land started discussing.

But the expression on the face of the God Emperor Lei Ke was not good.

Others couldn't sense it, but he could still sense it.

At the center of the explosion, there are fluctuations of vitality.

That person...is not dead!!

as predicted.

After the explosion, Lin Tianhao was still standing there.

His health bar dropped a little, but he...didn't die!!

Even the health value didn't drop by even 1%.

As for the reason.

Fifteen pieces of Sky Punishment equipment reduce damage, damage transfer reduces damage, plus physical transformation and lightning resistance, as well as Lin Tianhao's current terrifying dual resistance.

This attack caused minimal damage to Lin Tianhao.

This was also due to the fact that the God Emperor Lei Ke did not use his full strength.

But what's more important is... Lin Tianhao is too strong now.

When the God Emperor Lei Ke saw that Lin Tianhao had only lost a little blood, his expression couldn't help but slightly stiffen.

"Who are you?"

The God Emperor Lei Ke did not continue to attack, but looked at Lin Tianhao with a gloomy face.

"I told you, my name is Xue Di, where is the True Thunder Saint?"

Hearing Lin Tianhao's casual words, the God Emperor Lei Ke's eyes became uncertain.

"The ancestor has already left. If you want to see him, you can only go to the Divine Realm."

Hear this.

Lin Tianhao was startled, "Except for Saint Qiufeng, have all the others gone to the Divine Realm?"

"you know?"

The God Emperor Lei Ke was a little surprised.

Ancestor Zhen Lei had told him before that the nine saints had done things that they shouldn't have done. Saint Qiufeng was the one who did it, so he should be punished. And the eight saints also needed to leave and go to the divine realm.

"Where is Saint Autumn Wind?"

Lin Tianhao did not devour Saint Autumn Wind to death at that time, so Saint Autumn Wind is probably still alive.

"I don't know." God Emperor Lei Ke shook his head.

Lin Tianhao's expression changed slightly. The current situation made Lin Tianhao even more desperate.

Without the nine saints, it would be almost impossible for him to go to Luosheng Lake.

wrong! !

He still has a glimmer of hope.

That is... the withered moon!!

Although Ku Yue is also a mortal, the power he possesses is no weaker than that of a saint.

"Do you know where Ku Yue is?" Lin Tianhao asked again.

Emperor Lei Ke shook his head again and said:

"Ku Yue has been alone for a long time. Apart from the ancestors, we can't find her at all, and she won't interact with us."

Lin Tianhao took a deep breath. It seemed that he would have some trouble going to Luosheng Lake.

Lin Tianhao flew up into the sky, gathering all his strength in his body, and shouted:

"Senior Ku Yue!!"

no way.

There is no such thing as a server-wide loudspeaker in the magical world. If he wants to find the Withered Moon, he can only use this thankless method.

“Senior Ku Yue!!”

Lin Tianhao's voice shook the sky, and many people in the magic world paid attention to Lin Tianhao.

The God Emperor Lei Ke burst into laughter.

He also didn't expect that Lin Tianhao would use this method to find someone.

But I have to say that this method is still useful.

As long as Ku Yue was in the magic world, there was a high probability that he would be able to hear Lin Tianhao roaring like this.

"Withered Moon..."

"okay."

Before Lin Tianhao shouted the third time, Ku Yue's voice sounded in his mind.

"come on."

Ku Yue transmitted a location to Lin Tianhao.

Lin Tianhao used the Starry Sky Step and took one step forward, arriving at where Ku Yue was.

This is an island in the middle of a lake. It is full of greenery and there are many small animals on the island.

There is a small lake in the center of the island.

at this time.

Ku Yue was fishing, and there were drinks and snacks available nearby.

"Senior Ku Yue also likes fishing?" Lin Tianhao said.

Hear the words.

Ku Yue waved his hand and a bamboo stool appeared beside him.

"You are looking for me so high-profile, is there something going on?"

Lin Tianhao hesitated for a moment before saying:

"Senior, I want to go to Luosheng Lake to look for Daozu."

Hear this.

Ku Yue was a little surprised and said:

"You finally escaped from Daozu's control, but now you don't want to think about how to hide, but want to go looking for Daozu?"

"I have something very important to do and need to find Daozu. I hope Senior Ku Yue can help me."

Hear this.

Ku Yue shook his head and said:

"It's not that I don't want to help you, it's mainly because I can't go to Luosheng Lake."

"Only saints can reach that place. I hope you can understand."

Lin Tianhao looked unhappy, but he was unwilling to give up and continued:

"Senior Ku Yue, you have existed for a long time, but do you know who can take me to Luosheng Lake?"

Ku Yue thought for a while, and finally said:

"I do know some saints, but you are Daozu's prey. What benefit can I get if I ask other saints for help?"

Lin Tianhao was slightly stunned. Before, he was the one who asked others for favors, but now someone asked him for favors.

"I wonder what Senior Ku Yue wants?" Lin Tianhao asked.

"I have recently gained some insights. Please help me pay for the enlightenment points required for practicing in the Space-Time Pagoda for a thousand years."

Lin Tianhao took a deep breath. This... was a bit too much.

A thousand years of enlightenment, the third level!!

This is an astronomical figure.

"Senior Ku Yue, you really think highly of me. Even in a thousand years, I can't come up with so many enlightenment points."

"Besides, a thousand years means more than three million years in the Space-Time Training Pagoda. What kind of person would you become if you were trained there?"

With this number of enlightenment points, even Lin Tianhao would have to bleed heavily.

"You don't have to worry about this. Just say whether you agree or not." Ku Yue looked at Lin Tianhao with a smile.

"The Taoist has been moody lately. If I help you, the risk I need to take is extremely high."

"If you are not careful, your life may be in danger."

Lin Tianhao hesitated to speak, this guy really wants to take advantage of the rich.

Is it easy for him to earn some enlightenment points? How dare he do this to him.

"Senior Ku Yue, when you mentioned this number, I can only say that you think too highly of me." Lin Tianhao said.

Ku Yue smiled slightly and said:

"Xue Di, I have already given you the conditions. As for how to choose, it is up to you. I will not force you."

Chapter 1759 Lin Tianhao VS Ku Yue!

Lin Tianhao stared at Ku Yue for a while.

This woman asked for a huge price right away, and she was very calm and composed, not giving him any chance to bargain.

Could it be that she knew the purpose of my search for the Taoist Ancestor?

I guess this is the only way to explain why she asked for such a high price.

"One hundred years, if it works, it works, if not, forget it. I will find the Dao Ancestor in my own way."

A thousand years of enlightenment is simply impossible!!

Judging from previous situations, there is a high probability that Luosheng Lake is still in the Milky Way world.

As long as he is in the Galaxy World, Lin Tianhao is confident that he can find Daozu Hongjun using other methods.

But the price he would have to pay would be quite high.

therefore.

Lin Tianhao was unwilling to do so unless it was absolutely necessary.

"Three hundred years."

Seeing that Lin Tianhao seemed to really be planning to leave, Ku Yue immediately spoke.

however.

As soon as she finished speaking, Lin Tianhao bowed and said:

"Senior Ku Yue, I am sorry for disturbing you just now. I hope you will forgive me."

The words fell.

Lin Tianhao turned around and prepared to leave.

But right now.

Lines of array patterns rose from the surface of the lake, covering the entire island in the middle of the lake.

"Senior Ku Yue, what do you mean?" Lin Tianhao frowned and spoke.

Ku Yue showed a meaningful smile on his face and said calmly:

"Xue Di, since you have found me, I will give it to you whether I do it or not!!"

"Just as you said, I will let you go after you have gained a hundred years of enlightenment points on the third floor of the Space-Time Cultivation Pagoda."

Lin Tianhao's eyes narrowed slightly, and murderous intent surged in his heart.

"The Heavenly Saint bullied me, the Saint bullied me, and now, even you want to bully me!!"

"Do you really think that now that he's gone, I'll be a lamb to be slaughtered, and any of you can come and bully me?!"

Lin Tianhao was really angry!!

Facing the Heavenly Saint, even if he tried his best, it would not be of much use.

But facing the withered moon, it's different.

"Without that protection, wouldn't you be a lamb to be slaughtered?"

"Many of the things you have now are beyond your means. Sharing some of them will be good for you and for all of us!!"

Ku Yue looked at Lin Tianhao coldly. She seemed not afraid of offending Lin Tianhao at all, or she was worried that he would settle the score with her when he came back.

"The Alet Galaxy hasn't attacked us yet, but we've already started fighting among ourselves. How ridiculous, really ridiculous!!"

There were magic patterns wandering around Lin Tianhao's body, and his aura was constantly rising.

A large amount of incense power gathered around the body, and the arrow was shot from the heart at this moment.

Normal feather arrows of heavenly punishment may not pose any threat to Ku Yue.

But if it is a feather arrow of heavenly punishment that is wrapped in the power of incense, it would be different.

The key is.

Lin Tianhao also has the Heavenly Thunder.

What he had to do was to deplete Ku Yue's health bar and then severely damage him with the Heavenly Thunder.

"You have already offended the Pangu clan, and now you are going to war with me. From now on, you will have no place to stand in this world!!"

Ku Yue looked at Lin Tianhao in his demonized state, his expression still cold, with a playful smile on his face.

really! !

Ku Yue knows about the Pangu clan!!

"Now that that person has left, you all think you can bully me, hahahaha, good, good, very good!!"

Lin Tianhao laughed wildly, and a large number of sky punishment feather arrows carrying the power of incense flew out into the air and headed towards the withered moon.

Ku Yue's expression remained unchanged, and water arrows flew towards the feather arrows that were locking the head of Lin Tianhao's heavenly punishment.

"Boom boom boom——"

The unstoppable arrow of heavenly punishment was finally blocked.

As long as the level of power is high enough, all rules can be broken.

But Lin Tianhao didn't care.

Evil Sword Immortal form activated!!

At the same time as the arrow was shot from his heart, Lin Tianhao swung the long sword in his hand. As the sword energy spread, thunder rolled in the sky and fire burned on the ground.

Thunder and fire from the sky and earth enveloped the entire island in the middle of the lake.

Ku Yue's eyes narrowed slightly, she actually felt a trace of pressure from Lin Tianhao's thunder and fire.

“There is some trick!!”

Ku Yue was slightly surprised, but not too shocked.

“Human King’s Sky-Breaking Technique!!”

Lin Tianhao once again condensed the majestic destiny of the human race. This Human King Heaven-Breaking Technique was an application of the destiny of the human race.

Feeling the human luck emanating from Lin Tianhao, Ku Yue couldn't help but frown slightly.

The luck of the human race is three times stronger than that of other races.

Although the catastrophe of the Conferred Gods suppressed the fortune of the human race.

But now.

Lin Tianhao re-condensed the human race's luck, which was not complete compared to his own, and still put pressure on Ku Yue.

Gathering the destiny of the human race on the sword energy, Lin Tianhao's already powerful heavenly thunder and earthly fire became even more terrifying.

The same goes for the Feather Arrow of Heavenly Punishment.

"Saint Vision, open!!"

Lin Tianhao unfolded the sixteen visions of the saints without hesitation. With the blessing of incense and luck, these sixteen visions of the saints appeared even more terrifying, making people dare not look directly at them.

"What a monster!!"

"I don't know how many resources that person used on you to be able to cultivate a monster like you in such a short time."

"Swallow the sky and the earth!!"

Lin Tianhao ignored Ku Yue and his attacks continued.

Because he knows it very well.

He cannot hold back. Once Ku Yue finds the opportunity, he will be controlled endlessly.

The two men fought, using various methods.

Lin Tianhao was fighting desperately regardless of the cost.

He wants to resist!!

He wanted to let those who treated him as a soft persimmon see.

He, Xue Di, has never been a soft persimmon.

“Golden Body of Merit!!”

Lin Tianhao took action again.

Countless merits enveloped his entire body, making Lin Tianhao shine with golden light.

Lin Tianhao, holding a carving knife, rushed towards Ku Yue without hesitation.

He wanted to injure Ku Yue, but relying on these long-range output methods was obviously unrealistic.

Eleven books of life and death!!

Lin Tianhao wrote Ku Yue’s name on all of them.

Perhaps the current level of the Book of Life and Death is not good enough for Ku Yue, but if Ku Yue's name is written in eleven books of life and death at the same time, it will be a great achievement for Ku Yue.

There will still be some trouble.

Lin Tianhao charged forward with his golden body of merit, just because he didn’t want to be controlled by Ku Yue.

The power of merit is at an extremely high level, especially when Lin Tianhao gathers a huge amount of merit power throughout his body.

When Ku Yue saw the carving knife in Lin Tianhao’s hand, she also took out her own extraterritorial magic fork.

Seeing the extraterritorial magic fork in Ku Yue's hand, Lin Tianhao's expression changed slightly, but he still did not retreat.

"Dang Dang Dang——"

Lin Tianhao fought with Ku Yue in close combat, but the battle had just begun when Lin Tianhao realized that something was wrong.

Although he had great fighting skills, he still seemed too fragile when fighting with Ku Yue in close combat.

Ku Yue has existed for too long, so how could her fighting skills be compared with Lin Tianhao's half-baked Zhe Hong?

"Your stupidest choice is to fight me in close combat!" Ku Yue sneered.

Chapter 1760 Ku Yue escapes!

"If you use the three high-level powers of incense, luck, and merit to fight a tug-of-war with me, you might be able to cause me some trouble, but in close combat, you have no chance of winning."

Lin Tianhao had a solemn expression. He was indeed a little too arrogant in close combat.

But there is nothing we can do about it.

If he really keeps on wasting time, he won't stand a chance of winning.

Close combat, this is his only chance.

Maybe his fighting skills are not as good as Ku Yue's, but his health bar must be thicker than Ku Yue's, and his blood recovery should not be underestimated.

With the added protection of the Golden Body of Merit, Lin Tianhao was not afraid of exchanging injuries for injuries.

and.

In the worst case scenario, even if Lin Tianhao was killed, he could still be resurrected.

Seeing Lin Tianhao's desperate fighting style, Ku Yue frowned slightly. She vaguely guessed the purpose of Lin Tianhao's crazy attack.

just.

She didn't think she would lose, which showed her confidence in her own strength.

But as the battle continued, Ku Yue suddenly discovered that Lin Tianhao was even more terrifying than she had imagined.

First of all, his health points were actually no lower than hers.

Second.

It's the ability to recover.

His lethality is not low, but Lin Tianhao's blood bar decreases too slowly, and his continuous blood recovery ability is too terrifying.

"What kind of monster are you?!"

Ku Yue was horrified.

"You don't dare to fight, but I do!!"

Lin Tianhao roared angrily and directly added all the free attribute points he had obtained recently to attack speed.

He used the Golden Body of Merit to avoid control, but it was still difficult for him to cause effective damage to Ku Yue.

Attack speed 500!!

Attack speed 1,000!!

Attack speed 1500!!

Lin Tianhao's attack speed soared all the way to 1988 before stopping! !

To know.

As the attack speed increases, the required free attribute points will increase for every ten points of attack speed increase.

But Lin Tianhao still managed to increase his basic attack speed to 1988! !

"So fast!!"

Feeling the sudden increase in Lin Tianhao's attack speed, Ku Yue's expression changed abruptly.

The only martial arts in the world that cannot be defeated is speed!!

This is not a joke.

Her fighting skills did indeed crush Lin Tianhao, but with the attack speed that Lin Tianhao was currently displaying, she was even unable to resist.

"Monster, what a monster!!"

"You are using the power of virtue without regard for the cost. Aren't you afraid that one day you will be completely destroyed?"

Ku Yue finally became a little anxious.

When she saw the Pangu clan attacking Lin Tianhao, she thought about getting a piece of the pie from Lin Tianhao.

The result was unexpected.

Before, when facing Daozu Hongjun or the strong men of Pangu clan, he didn't show much strength, but this time he was so crazy! !

This is to vent all the anger that has been accumulated during this period on me! !

Ku Yue felt depressed, but at this time she was completely suppressed by Lin Tianhao.

The health bar also began to decrease.

If she didn't change the situation of the battle, she might really fall into Lin Tianhao's hands.

Lin Tianhao didn't care about Ku Yue's mood at all, and his attacks became more and more fierce.

The attack speed is getting faster and faster.

Lin Tianhao himself has the skill to stack attack speed.

Now he used the free attribute points to increase his attack speed, allowing Lin Tianhao to continuously injure Ku Yue in a head-on collision.

not enough!!

Lin Tianhao knew very well that Ku Yue's recovery ability was also extremely good.

He must at least reduce Ku Yue's health bar to below 50% before using the Heavenly Thunder. That would be the safest option.

Not only that.

During the battle, Lin Tianhao's Heaven Devouring and Earth Devouring Art was also operating at full capacity.

"Ding, you swallowed the extraterritorial magic fork, magic resistance +500, magic resistance +500, armor +500, free attribute points +500."

"Ding, you swallowed the extraterritorial magic fork, magic resistance +500, magic resistance +500..."

.....

The surface of this extraterritorial magic fork seems to be similar to the carving knife of the God of the Source of Tao.

But under Lin Tianhao's Devouring Heaven and Devouring Earth, the gap between the two can be clearly seen.

Lin Tianhao's Devouring Heaven and Devouring Earth cannot devour the carving knife.

But it can devour the extraterritorial magic fork! !

This indicates that.

The strength of the extraterritorial magic fork is actually not as good as that of the carving knife.

The reason why it can compete with the engraving knife may be the difference between silver equipment and bronze equipment.

The two are one grade apart, but it is impossible for silver equipment to damage bronze equipment easily.

This carving knife and the extraterritorial magic fork seem to have the same relationship.

At this time, Lin Tianhao concentrated the power of swallowing the sky and the earth to devour the extraterritorial magic fork.

If the carving knife could break the extraterritorial magic fork, then Ku Yue would have no power to fight back in front of him.

Lin Tianhao invested all of his newly acquired free attribute points into movement speed.

Attack speed alone is obviously not enough.

Although Lin Tianhao's movement speed is already very fast, it is still somewhat inferior to Ku Yue.

"You are a lunatic. You are wasting your merit to maintain your golden body. Even if you have more merit, you will squander it all!!"

Ku Yue was really getting anxious.

She could feel that the extraterritorial magic fork was being damaged.

Especially after Lin Tianhao's attack speed increased.

The damage to the extraterritorial magic fork began to increase.

If this continues, not only will she fall, but even the alien magic fork in her hand will be broken here.

"I won't fight you anymore, you're really crazy!!"

Withered Moon was surrounded by golden light of merit, and he forcibly broke through the void and disappeared! !

Lin Tianhao released his absolute position, but still couldn't stop Ku Yue from leaving.

Watch Ku Yue leave.

Lin Tianhao swallowed the sky and the earth and continued to devour everything on the island in the middle of the lake.

Ku Yue was too decisive. He directly used the power of merit to leave, which did not give him any chance to use the divine thunder of heaven.

Now that Ku Yue's line is broken, there is not much Lin Tianhao can do.

"There are such violent fluctuations of merit power here, why doesn't the Dao Ancestor come?" Lin Tianhao thought secretly.

This was his second method of finding Daozu, which was to use the power of merit to attract Daozu Hongjun to appear.

Such a powerful fluctuation of the power of merit would alarm even the Taoist Hongjun.

But the result disappointed Lin Tianhao, as Taoist Ancestor Hongjun did not appear.

"I...seem to have no choice..."

Lin Tianhao has mixed feelings

In the current situation, without a saint, he cannot go to Luosheng Lake.

Ku Yue had a falling out with him, and the saints of the magic world had already left. Who else could he find in the galaxy world?

and.

The longer you delay, the more unexpected things may happen.

Lin Tianhao was hesitant to speak. If Daozu Hongjun didn't show up, who could help him?

seem.

There is only the old palace master!!

but.

Lin Tianhao didn't know how to start.

and.

Lin Tianhao was not sure whether the old palace master would help him if he asked.

"No wonder Daozu is so polite to you. It turns out that when you go crazy, even Ku Yue has to stay away from you."

At this moment.

A voice without any emotion suddenly sounded.
