

O games 1761

Chapter 1761 The Taoist Ancestor of the Alite Galaxy!

Lin Tianhao raised his eyes and looked over instantly.

What came into view was a familiar figure.

"Autumn Wind Saint!!"

Lin Tianhao was somewhat surprised, and also somewhat... delighted!!

"You didn't leave?"

Lin Tianhao originally thought that Saint Qiufeng would find a way to go to the Divine Realm after he left.

But I didn't expect that Saint Qiufeng was still here.

"You escaped death, why don't you leave? The other saints have already left."

Saint Qiufeng shook his head and said:

"I can't leave now. I didn't die in your hands this time, so I'm lucky."

Lin Tianhao frowned slightly, "Then what are you doing here?"

"Don't you want to see the Taoist Ancestor?" Saint Qiufeng asked back.

"I asked you to take me away before, but you refused. Now, will you agree to take me to see the Taoist Ancestor?" Lin Tianhao said.

Saint Qiufeng smiled and said:

"Why not? You want to see Daozu, and Daozu also wants to see you."

"Let's go, I'll take you to see Daozu."

Lin Tianhao nodded slightly, and Saint Qiufeng led the way in front, and ripples appeared in the space.

After the ripples, Lin Tianhao appeared on a dark planet.

Just landed.

Lin Tianhao began to observe his surroundings. This place felt different from the one that Luosheng Lake gave him.

"Snow Emperor."

Lin Tianhao had just appeared here when a tall monster with a burly figure and horns on its head appeared in Lin Tianhao's sight.

Lin Tianhao glanced at Saint Qiu Feng and his eyes fell on him.

"who are you?"

Lin Tianhao knew that he was most likely tricked by Saint Qiufeng.

Judging from the current situation, this tall monster has come with ill intentions.

"Let me introduce myself. I am from the Alet Galaxy, the Tanfuku family, and I am Tanfuku Libu."

Lin Tianhao's eyes narrowed slightly as he glanced at Saint Autumn Wind.

"Is this the Daozu you were talking about?"

Saint Qiu Feng smiled slightly, "Isn't the Dao Ancestor of the Alet Galaxy also a Dao Ancestor?"

Lin Tianhao smiled and was playing word games with himself.

"Tell me, what do you want from me?" Lin Tianhao asked.

Tanfuku Libu looked at Lin Tianhao very seriously and said:

"You should already know the recent situation in your galaxy world."

"I came here to persuade you to surrender."

Tanfuku Libu was very direct and didn't beat around the bush at all.

"Do you think there is still a chance that I can be persuaded to surrender?" Lin Tianhao asked back.

"Don't be anxious, why don't you listen to my conditions."

Tanfuku Libu said solemnly, "You can choose 10 million people from the Milky Way world and take them away. We will give you a planet with life and protect you so that you can develop on your own."

"Ten million people, your relatives, friends, and even many people you like, can go with you."

Lin Tianhao frowned and shook his head, saying, "There are more than 7 billion people on Blue Star, and I take away 10 million? And how many people are there in Ragnarok? 10 million is too little."

"Snow Emperor."

Tanfuku Libu looked at Lin Tianhao very seriously.

"I can help you save your two friends."

"I can also agree to some other conditions for you."

"Also, I must remind you that the Pangu clan's body possession ceremony should be completed in eleven hours."

"This is your last time."

Lin Tianhao's eyes narrowed slightly. Eleven hours.

If it's true, then his time is really tight.

"What will happen if I refuse?" Lin Tianhao said.

Tanfuku Libu smiled and said:

"You should have the answer in your heart, just like you rejected the Pangu clan's request."

"It was only necessary to sacrifice one person, but in the end both of them died."

That's it.

Tanfuku Libu hesitated for a moment before saying:

"You should be thankful that besides that person, there is also the father and son of Fandian who are looking after you. Otherwise, whether it is Daozu Hongjun, the Pangu clan, or us, none of us would negotiate with you."

"Now, we are still willing to give face to those people behind you, but if we have given you enough face and you still don't want to take it, then you can't blame us."

Tanfuku Libu speaks very directly, without beating around the bush.

Lin Tianhao did not refute.

His talent is indeed strong, but it is not enough for someone at the level of a Heavenly Saint to negotiate with him.

Saint Qiu Feng looked at Lin Tianhao meaningfully and said:

"Xue Di, you can ignore Dao Zu and his people's character, but you can't look down on their vision."

"Daozu Hongjun chose to compromise and cooperate with the Alite Galaxy. You should know what the outcome of the battle between the Alite Galaxy and the Milky Way World will be."

Lin Tianhao was silent. If it weren't for what happened to Fatty and the others, Lin Tianhao would probably still have refused without hesitation.

But seeing Fatty and the others in danger, Lin Tianhao became a little shaken.

to be frank.

That person's departure, Daozu's betrayal, and the attitude of the Pangu clan, all these were impacting Lin Tianhao's beliefs.

It's like...

The top leaders of the entire galactic world are abandoning the galactic world.

And he.

This person who had always wanted to save the galaxy world now looked so insignificant...ridiculous!!

yes!!

He is still holding on, how ridiculous! !

He was afraid that if he compromised, he would end up in an irretrievable situation.

"I'll give you two hours to think about it. Think carefully about whether you want to fight or agree to our terms."

After saying this.

A beam of light descended from the sky and enveloped Lin Tianhao.

In this beam of light, Lin Tianhao's body was unable to move.

The only thing we have is thinking.

Lin Tianhao tried to use the power to swallow the sky and the earth, but failed.

It seems.

This beam of light is, at the very least, an eternal-level means.

Saint Qiufeng looked meaningfully at Lin Tianhao in the beam of light, said nothing more, and quietly retreated to the side.

Lin Tianhao was silent.

After a while, he chose to log off directly.

The top leaders of Longguo have the right to know about this matter, and they should know the current situation.

After going offline.

Lin Tianhao directly dialed the number given to him by the elder.

The call was quickly connected, and the elder's serious voice sounded.

"Xuedi, what's the matter?"

Lin Tianhao hardly ever contacts the elder. Even if there is something, he will communicate with Berserker Blade and make the decision accordingly.

"It's a big deal, I need to ask for your opinion."

Lin Tianhao felt a little heavy.

This was the first time since his rebirth that he considered whether to retreat! !

What happened during this period made Lin Tianhao feel a little sad.

why! !

Why are these top beings in the Galaxy World thinking of giving up the Galaxy World? !

Do they really have no feelings at all towards the galactic world?

In the galaxy world, with so many living beings, are they really just dispensable chips for them? ! !

Chapter 1762: Die once, maximum health points reduced by 1 million!

Meeting room!!

The most important people of Dragon Kingdom gathered here.

The elder's eyes fell on Lin Tianhao and he said seriously:

"Xuedi, tell me."

He had already made some preparations in his heart since he received Lin Tianhao's call.

Lin Tianhao's eyes swept across everyone in the conference room and said solemnly:

"Almost all the powerful people in the Galaxy World have given up on the Galaxy World."

Lin Tianhao's words were shocking, and just one sentence made everyone present change their expressions slightly.

"The God of Creation is missing, Daoist Ancestor Hongjun has betrayed, and Pangu clan members including Hou Tu Niangniang are trying to revive Pangu in the name of saving the Milky Way world, but it is not certain at the moment."

"Someone powerful in the Alete Galaxy took action and imprisoned me with means superior to those of a Heavenly Saint."

Every time Lin Tianhao said a piece of news, everyone present looked a little uglier.

"The situation is more difficult than we thought."

The chief elder said in a deep voice, "Xue Di, you have gone offline this time, so you should have said more than just this."

Lin Tianhao nodded slightly and continued:

"What I just said was bad news, but there is also good news."

"First, our old master of the Fan Palace is a powerful person in the Eternal Realm, and his son, the Lord of Luotian, has become a disciple of a super powerful person in the Divine Realm."

"That superpower is willing to intervene. The final result will most likely be that the saint will not be able to intervene, and the battle will be controlled between mortals and gods."

Hear this.

The expressions of everyone present were still serious. Nowadays, there were powerful adventurers from all over the world who became gods, but how could those who had just become gods compete with the old top gods?

"Besides that, my friends Fatty and Glasses were captured by the Pangu clan. The Pangu clan tried to take over Fatty and Glasses' bodies."

The elder stood up immediately. He knew very well that Lin Tianhao had a very good relationship with the fat man and the man with glasses.

the most important is.

The fat man is the most outstanding adventurer among the Dragon Kingdom.

They also wanted to train Fatty, but Fatty is in trouble now.

"This is the current situation in the galaxy world. I came to you today to hear your opinions."

"The people of the Alet Galaxy don't want to really tear their faces with me because of the Dao Source God and the old master of the Fan Palace."

"So they want me to compromise, I can take 10 million people away, and they will give us a planet with life."

"What do you think?"

The elder looked at Lin Tianhao meaningfully and said:

"If it's not a fraud, you can agree to it."

Lin Tianhao was a little surprised. He didn't expect that the elder would respond in such a short time.

"We have considered the Spark Plan before. Based on the information we have, our chances of winning against the Arlet System are very low."

The elder's words were heavy, but his eyes were extremely firm.

"We need to preserve the fire of Blue Star. Dragon Country cannot be destroyed in our hands!!"

Lin Tianhao took a deep breath and said seriously:

"Without me, your chances of winning..."

Without waiting for Lin Tianhao to finish his words, the elder waved his hand.

"Our Dragon Nation's ancestors have accomplished so many incredible battles."

"There were so many battles in the past that those people thought we couldn't win. There were so many people's heroic deeds that even novels dare not write about!!"

"We can still fight this battle even without you, Snow Emperor!!"

"Dragon Country, never give up!!"

This time, the other people attending the meeting were unusually firm and there were no objections.

"The Dragon Nation... will never give up!!"

When Lin Tianhao saw the resolute faces of these old men, his shaken faith became firm again! !

Does he want to save the galaxy world for the sake of Taoist Hongjun?

Is it for the God, the Source of Tao?

neither! !

So, what does what these guys think have to do with him?

Hasn't he always been targeting these guys from Blue Star?

Hasn't it always been for the purpose of continuing the civilization created by our ancestors with their flesh and blood?

If those ancestors hadn't tried their best, there wouldn't be the Dragon Kingdom today! !

In the beginning, they exchanged nine out of ten houses for the present Dragon Kingdom.

As their junior, he shouldn't give up!!

Our ancestors were able to carry on the flame of civilization and sacrifice their lives for the honor of their country.

Why not him!!

"Dragon Country, never give up!!"

Lin Tianhao clenched his fists and spoke in a sonorous and powerful voice.

"Leave the task of continuing the flame to others. I will not retreat!!"

"I went offline this time because I was chilled by what the top powers in the Galaxy World did!!"

"So I want to see what decision our Dragon Country's top leaders will make!!"

"If you don't retreat, I won't retreat either. I will live and die with the Dragon Nation!!"

Lin Tianhao's belief is stronger than ever before!!

In previous lives, countless people fought to protect the galaxy world, but ended up dying in regret.

In this life, he wants to change... instead of being changed!!

The elder was inevitably touched when he heard Lin Tianhao's powerful words.

"come on!!"

"come on!!"

End of the meeting.

Lin Tianhao re-entered the game cabin.

Re-login.

Lin Tianhao was still enveloped by the beam of light.

"It looks like you went to discuss things with someone."

Tanfuku Libu's voice rang out.

"Now, can you tell me your decision?"

Lin Tianhao smiled and said:

"Fight to the death, never retreat!!"

"If you dare to invade, we will kill you without leaving any bones behind!!"

Looking at Lin Tianhao's smile, Tanfuku Libu couldn't help but smile.

"I expected that. I thought your faith would be shaken because of what happened recently."

"I never thought you were still so strong."

"In that case, I wish you a happy demotion!!"

As Tanfuku Libu's life fell, countless tiny threads in the light column pierced Lin Tianhao's body and quickly absorbed Lin Tianhao's life value.

"Ding, you are killed, level -1."

"Ding, your health has been drained, maximum health -1 million."

Lin Tianhao took a breath of cold air.

Is it coming again? !

He himself has the means to reduce the target's maximum health points, so how could those powerful people in the Alete galaxy not have such means?

"I can find someone to take over your body, but I'm not going to do that now. I want you to watch helplessly as your health bar, which you are so proud of, is completely emptied by me!!"

Lin Tianhao's face looked extremely ugly.

Each time he dies, his maximum health points will decrease by 100 million. At this rate, there are still seven months until Ragnarok merges with reality.

How much life will he have left after seven months?

Lin Tianhao didn't know that he could do nothing now and could only wait.

See if you can find a way out! !

"Ding, you are killed, level -1."

"Ding, your health has been drained, maximum health -1 million."

"Ding, you are killed, level -1."

"Ding, your health is being drained..."

Chapter 1763: Escape, younger generation!

The prompt sound continued. Lin Tianhao's health was very high. Even if his maximum health was reduced by 100 million, the drop was not that big.

But the most important thing is.

This is ongoing.

Every time he dies, his maximum health points will be reduced by 100 million. If he dies too many times, his maximum health points will eventually drop seriously.

Lin Tianhao can't do anything now, no...

He can still do something!!

That is...looking for the Dao Ancestor!!

He himself has no way to find Daozu now, but others can! !

After all, Daozu Hongjun is still the Heavenly Dao of the Milky Way World. As long as there are a large number of people looking for Daozu Hongjun during the Ragnarok of the Gods, Daozu Hongjun will definitely feel it.

Think about this.

Lin Tianhao went offline again and told the elder about his desire to find Daozu Hongjun, and told the elder roughly how to find Daozu Hongjun, as well as information such as the characteristics of his current location.

Tanfuku Libu should not have lied.

The Pangu clan's body-snatching ceremony has not yet ended, so he may still have a chance.

Now Lin Tianhao can only gamble that Daozu Hongjun can give him a chance to negotiate.

Otherwise, according to the current situation, seven months later, facing the strong men of the Alete galaxy, their chances of winning will be very, very low.

In Ragnarok.

Many adventurers are looking for Daozu Hongjun.

The sounds of horns from all servers resounded over the Ragnarok.

Daozu Hongjun will definitely feel it, and then it depends on what Daozu Hongjun decides.

"Do you think Patriarch Hongjun will come to save you?"

Tanfuku Libu obviously also knew that many adventurers were looking for Daozu Hongjun. With a playful smile on his face, he said calmly:

"Have you forgotten that Patriarch Hongjun has already cooperated with us? An existence like Patriarch Hongjun will not change his decision just because of a few words from you."

As Tanfuku Libu's life fell, a dead branch pierced through the void and blocked Lin Tianhao's head.

"We, the younger generation of the Fan Palace, cannot be bullied by anyone."

Falling with the sound.

Lin Tianhao saw Bai Linfeng stepping out, and his eyes swept over Tanfuku Libu.

"It is somewhat unreasonable for a being of your level to take action now."

Seeing Bai Linfeng's appearance, Tanfuku Libu frowned slightly and said:

"Master Bai, you finally have some free time now, why do you have to come back and interfere?"

"You should understand that the general trend is irreversible. No matter what you do, you can't change anything."

Hear this.

Bai Linfeng snorted, "I can't stand it anymore!!"

"First it was Daozu, then you. Since the fate has been determined, there are only seven months left. What are you worried about?"

"That person is missing, but you and him should have an agreement not to interfere with adventurers."

"It would be fine if you guys just did some tricks behind my back, but you actually resorted to such shameless means."

That's it.

Bai Linfeng looked at Tanfuku Libu meaningfully and said with a smile:

"You guys, shouldn't you be afraid?"

"afraid?"

"I am indeed scared."

Tanfuku Libu took a deep breath and said, "Bai Linfeng, you are an outsider, so of course you don't care, but there are some things that only we ourselves understand."

"Understand what?" Bai Linfeng asked.

Tanfuku Libu shook his head. "It is unspeakable. It is unspeakable."

"Bai Linfeng, please stop interfering in other people's business. I also have my own frustrations."

Bai Linfeng smiled noncommittally and said:

"But didn't you say it yourself? The trend is irreversible, so what are you afraid of?"

Tanfuku Libu smiled bitterly and said:

"Master Bai, please show some mercy."

Lin Tianhao was a little confused.

I am the victim, but what they are talking about makes me feel like something is not right.

"I want to pretend I don't see it, but I can't."

Bai Linfeng sighed heavily, "Let it go, it's the last seven months, let's leave these things to the younger generations."

"How about this, one month. After one month, I will release Xue Di and will no longer interfere with her growth."

Tanfuku Libu made concessions.

"No, I really want to know why you are targeting Xue Di so much." Bai Linfeng asked curiously.

"Xuedi is your junior, and I also have juniors."

"My junior will be among the first group of people to deal with Snow Emperor. Snow Emperor is too strong, and I am worried that something will happen to my junior."

"More importantly, this is related to the status of a Heavenly Saint. It is of great significance for our Tanfuku family to have one more Heavenly Saint."

Bai Linfeng smiled helplessly, "So you're going to go down and weaken the Snow Emperor's fighting power yourself?"

"We can weaken them as much as possible. After all, we won't be able to do anything and can only watch these youngsters fight each other."

That's it.

Tanfuku Libu glanced at Lin Tianhao.

"and."

"It's all this guy's fault. If it weren't for him, I wouldn't have to suffer this shame."

Lin Tianhao: "???"

He got beaten up badly and ended up having to take the blame himself.

Is there any justice in this world?

but.

Lin Tianhao remembered it.

When the catastrophe comes, among those who come to deal with me, there will be people from the Tanfuku family.

At that time, we must take special care of it.

"Let him go. You can't let him go after fighting him, right?" Bai Linfeng said calmly.

Tanfuku Libu glanced at Lin Tianhao and said, "You are so lucky. Even though that person is gone, he still can't do anything to you."

The words fell.

The beam of light disappeared.

Bai Linfeng put one hand on Lin Tianhao's shoulder.

The next moment.

Lin Tianhao and Bai Linfeng appeared outside the City of Disaster.

"Go in. There are seven months left. It's safer in the City of Disaster."

Lin Tianhao bowed to Bai Linfeng and said, "Old Palace Master, I still have..."

Before Lin Tianhao could finish his words, Bai Linfeng raised his hand and interrupted him.

"Tanfuku Libu is from the Alete galaxy. It is unreasonable for him to attack you. I can help you, but I don't want to get involved in the affairs of the Pangu clan and Daozu Hongjun."

"Daozu Hongjun should be on his way. You can make your own choice."

Lin Tianhao sighed, "Thank you, old Palace Master, for your help!!"

Although the old palace master did not agree to rescue the fat man and the man with glasses, Lin Tianhao could not say anything.

The old palace master was not his subordinate, and the fact that he saved me was already a great favor. How could I ask for more?

Lin Tianhao stepped into the City of Disaster.

Just after entering the City of Disaster, a figure appeared at the gate of the City of Disaster.

The person who came was none other than Daozu Hongjun. When Daozu Hongjun saw Lin Tianhao, he asked directly:

"Xue Di, you came to me with such fanfare, but what's the matter?"

Chapter 1764: Please ask Daozu to take action!

Lin Tianhao pointed to the interior of the City of Disaster and said with a smile:

"I want to ask Daozu to help save my friend."

Daozu Hongjun looked at Lin Tianhao standing in the City of Disaster and said:

"The Pangu clan is not easy to mess with? Why should I help you?"

"Make a good connection." Lin Tianhao said.

Daozu Hongjun laughed dumbly, "No."

"If that's the case, then there's no need to talk about it."

Lin Tianhao said quickly:

"I wonder what the Taoist wants?" Lin Tianhao asked.

"I hope you will accept Tanfuku Libu's request. It will be good for you and for all of us."

"Why?" Lin Tianhao asked.

"Everyone who was killed can be resurrected, so what are they afraid of me doing?"

Daozu Hongjun hesitated for a moment before finally saying:

"You can imprison and devour the essence of souls. After losing the essence of souls, it is extremely difficult to resurrect. Even such an existence will choose to give up resurrecting those who have lost their soul essence."

Lin Tianhao smiled, "This is the real reason why they are willing to negotiate with me."

"I guess so, but not completely."

"Your devouring skill is too overbearing. No one can guarantee that they will be able to suppress you even after you devour to the end."

Lin Tianhao thought for a moment, "Daozu, how about I enlighten you? This way you can gain great benefits."

"You mean you can get great benefits, right?" Daozu Hongjun asked back.

Lin Tianhao smiled awkwardly and said:

"Isn't this a win-win situation?"

Daozu Hongjun shook his head, "Xuedi, I can't help you."

"The strong men from the Pangu clan of the Divine Realm and the Endless Starry Sky have joined in. Even if you can really come up with something that impresses me, I can't help you."

Lin Tianhao's eyes fell on Bai Linfeng.

Bai Linfeng shook his head and said:

"Daozu is not necessarily weaker than me. He has already said so. It is useless for you to see me."

That's it.

Bai Linfeng paused for a moment before saying:

"and....."

"You should be prepared for this. If you fight against those guys in the Alete Galaxy, your family, friends, and even your country will be destroyed."

"Your devouring ability, if you devour it to the end, may indeed change the situation, but it's not possible now."

Lin Tianhao was silent, and Bai Linfeng continued:

"Practice well. You need to adapt to the separation of relatives and the death of friends."

"Because the battles between star regions are always cruel, and countless people will inevitably die in the end."

Lin Tianhao nodded and clenched his fists involuntarily.

he knows.

Even though what they said was not nice to hear, it was true!!

Even if Daozu Hongjun or Bai Linfeng really have the ability to save Fatty and Glasses, he can pay them to do it, but what about next time?

When the catastrophe comes, it will be a question whether he can save himself, so how can he save them?

"Daozu, I want to know, is it true that you can't save my friend, or do you not want to save him?" Lin Tianhao asked very seriously.

"There must be a way to save him, but I don't want to, and it's not worth it."

"What if I can give you a heart of the world?!" Lin Tianhao said.

Hear this.

Daozu Hongjun was stunned on the spot.

Not only Daozu Hongjun, but even Bai Linfeng, who had already reached the eternal realm, showed an expression of disbelief on his face.

Daozu fought desperately, even betraying that person, just for the heart of the world.

But now.

Lin Tianhao actually said that he has a heart for the world.

Daozu Hongjun stared at Lin Tianhao meaningfully.

"Let's not talk about whether you have the Heart of the World or not. Even if you do, do you think it's worth it to use it to save your two friends?"

"You have seen how much I have suffered over the years, so you should understand how precious the Heart of the World is!!"

Lin Tianhao was silent for a while before he said:

"I know, but I still want to save them!!"

If it was just a friendship of one lifetime, it would be difficult for Lin Tianhao to use the Heart of the World to save them.

But Lin Tianhao and Fatty have a friendship that spans two lifetimes, a friendship that spans life and death!!

Perhaps other people would think that Lin Tianhao's behavior was stupid.

indeed.

This behavior is indeed stupid in a peaceful and prosperous era, but they are friends with their lives at stake! !

Lin Tianhao has absolute trust in them!!

"You...are such a stupid lunatic."

Daozu shook his head, "I shouldn't advise you, but I still hope you think about it carefully."

"I've been thinking about it recently, and now I've made up my mind."

"Okay, can you let me see the heart of the world you mentioned?" Daozu Hongjun saw that Lin Tianhao was so determined, so he directly stated his request.

"it is good."

Lin Tianhao took out the Heavenly Punishment Jade Pendant.

When Daozu Hongjun saw the Heavenly Punishment Jade Pendant in Lin Tianhao's hand, a strange look appeared on his face.

"You, hahahaha, I am the way of heaven, it seems that I can't say that the way of heaven is unfair,"

Daozu Hongjun smiled bitterly.

He had existed for a long time, but he had always been seeking something but could not get it. However, he never thought that Lin Tianhao had already obtained it in just a few years.

"Okay, I'll give it a try, but I can't guarantee success. For the Heart of the World, I'll fight to the death."

That's it.

Daozu Hongjun looked at Bai Linfeng and said, "How about helping me once?"

"If I can get the World Heart in the hands of Xue Di, there is no need for me to keep an eye on the World Heart of the Galaxy World."

Hear the words.

Bai Linfeng pondered for a moment, but finally shook his head.

"The karma I've been involved in recently is already serious enough, so please don't make things difficult for me."

"Besides, I don't think Xue Di is right to do this."

"gone."

The words fell.

Bai Linfeng took a step forward and disappeared.

"I won't go with you. I'll stay here...wait for Daozu to return victoriously!!"

Lin Tianhao was not sure whether he would be targeted by Daozu Hongjun if he left here.

after all.

Daozu Hongjun had imprisoned himself before.

"it is good."

Daozu Hongjun nodded slightly, then disappeared on the spot.

In the City of Disasters, Lin Tianhao was not in a hurry to attain enlightenment or do other things.

According to Tanfuku Libu, Fatty and the others were possessed by other bodies for only a little over ten hours.

He can't wait too long for results.

Lin Tianhao closed his eyes and rested in the City of Disaster, waiting silently.

Lin Tianhao didn't have to wait too long before huge space cracks appeared in the sky.

"Is this... a fight?"

This level of battle fluctuations instantly attracted a lot of people's attention.

but.

Lin Tianhao remembered.

In the past, when these powerful men fought, they would choose the outer space as the battlefield.

But this time...

Why would the battlefield be moved to the sky above Ragnarok?

unless.....

The place where Fatty and Glasses were possessed was during Ragnarok! !

"What's going on? Why are there so many space cracks in the sky..."

Chapter 1765 Hope has arrived, the Lord of the Blue Sky has appeared!

"I don't know. Looking at the current situation, there must be someone fighting in the sky. The sky is even cracked!!"

"Could it be that those adventurers who have become gods are fighting? It seems that only those adventurers who have become gods can burst out with such terrifying power."

.....

Lin Tianhao did not leave the City of Disaster, he just watched quietly.

This level of battle fluctuations was indeed somewhat beyond Lin Tianhao's expectations.

suddenly.

A sword energy flew across, and a thousand-mile-long space rift was created above the sky.

their fight.

too horrible! !

It was so terrifying that even Lin Tianhao found it unbelievable!!

Before the thousand-mile crack closed, a huge hand covering the sky and the sun slapped down towards Lin Tianhao from above the sky.

Lin Tianhao frowned slightly.

"What...what on earth is happening? Who is fighting? Why do I feel like...the sky is about to fall down?"

"Have the super powers from the Alet Galaxy come to kill us? But that shouldn't be the case. Don't they have to wait until Ragnarok merges with reality before they can officially merge?"

"Is this level of battle really something that little Karami like us can participate in?"

"After Ragnarok merges with reality, when we face those guys in the Alete Galaxy, how many of us will be able to survive?"

.....

This battle took place in the sky above Ragnarok, attracting a lot of attention.

At this moment.

above the sky.

Golden lotus flowers are in full bloom.

“Golden Lotus of Merit, all of them are Golden Lotus of Merit!!”

A familiar and surprising voice sounded.

Lin Tianhao glanced sideways and found that the person who spoke was none other than his old acquaintance Yue Hu.

“Is this the foundation of Daozu Hongjun?”

That’s it.

Yue Hu glanced at Lin Tianhao and said, "You are crazy too. You are willing to use the Heart of the World to save your friend."

Lin Tianhao smiled and said:

"If you want to save people, you must pay a price."

"What's more, if Daozu gets the Heart of the World, he might not imprison me anymore."

Although he could be saved in the Land of Disasters, Lin Tianhao still had to look for that Heavenly Grade Talent Awakening Stone.

Lin Tianhao's intuition told him that if he wanted to save the galaxy world, the Heavenly Dao-level Talent Awakening Stone was crucial.

and so.

Lin Tianhao will definitely continue to look for it.

The battle continues.

Above the sky, a shadow appeared that blocked out the sun.

He seemed to be about the same size as the vast continent. As soon as he appeared, the entire vast continent was plunged into darkness.

At this moment.

In the sky, twelve suns and twelve moons appeared at the same time.

These twelve suns and twelve moons form twelve Tai Chi patterns.

These twelve Tai Chi patterns were rotating above the sky, and countless rules of power were rippling between heaven and earth, as if to tear the heaven and earth apart.

The next moment.

Purple air came from the east for thirty thousand miles, and all the living beings bathed in it seemed to sense something and entered a state of enlightenment.

This also includes... Lin Tianhao!!

Lin Tianhao sat cross-legged and began to have an epiphany.

The power of space was surging around his body, and the twenty-third level of space in the Dao Realm, in this state of sudden enlightenment, finally took another step forward and reached the Heavenly Dao Realm.

The power of the Heavenly Dao Realm space surged out, causing Yue Hu on the side to be slightly startled.

"As expected, you are able to break the limit of mortal enlightenment. From now on, you are qualified to pursue the ultimate mortal."

Lin Tianhao was slightly startled. The qualification to pursue the ultimate mortal...!!

Ku Yue seems to be the ultimate mortal being pursued.

But with the power of merit, Lin Tianhao still defeated Ku Yue.

It cannot be said that he defeated Ku Yue, but rather that Ku Yue was unwilling to expend a large amount of merit and power to fight him.

at this time.

The battle above the sky continues.

All kinds of huge and strange phenomena appeared, the space collapsed, and black holes that seemed capable of destroying the world appeared one after another.

Lin Tianhao looked at the battle situation above the sky with a complicated expression.

The battle is so fierce, could it be that even the Taoist Ancestor cannot deal with those masters of the Pangu clan?

Daozu Hongjun is an existence more powerful than ordinary strong men in the eternal realm. How could he be in a stalemate with the strong men of Pangu clan?

Is it possible?

The Pangu clan also has strong people in the eternal realm.

"It seems that Patriarch Hongjun can't save your friend."

"Why?" Lin Tianhao asked with a frown.

"Wait, the battle is almost over." Yue Hu said.

Hear what Yuehu said.

Lin Tianhao looked a little ugly.

Daozu was defeated?

Just as Lin Tianhao was thinking this, Yue Hu looked up at the sky as if he had seen a ghost.

Above the sky, two figures fell rapidly and crashed into the ground.

Lin Tianhao saw one of them clearly.

That person was none other than Daozu Hongjun! !

Daozu Hongjun was smashed down from the sky! !

Who on earth could be so ferocious? !

At this moment.

An erratic voice suddenly sounded.

"From now on, all saints and beings above them will leave the Milky Way World. Anyone who enters the Milky Way World again will be killed without mercy!!"

"Continue to implement the rules left by the Source of Tao. The gods cannot take action. All gods will ascend to the divine realm when Ragnarok merges with reality!!"

Lin Tianhao looked solemn. This voice... was from the Blue Sky Source Master!!

"Does it also include our City of Disaster?"

At this moment.

An elegant and easy-going voice was heard from the tall building in the center of the City of Disaster.

"include!!"

The voice of the Blue Sky Origin Master was calm, without any emotion.

"I, can't leave. I... haven't waited for the master to return yet."

At this moment.

An old voice resounded throughout the universe, startling Lin Tianhao slightly.

Who is it?

He actually challenged an existence like the Blue Sky Source Master.

however.

Something even more incredible happened to Lin Tianhao.

"From now on, Devil's Island is blocked. All living beings in the galaxy world are not allowed to set foot on Devil's Island again!!"

The voice of the Blue Sky Source Master sounded.

It is clear.

The person who just spoke is from Devil's Island.

It is really unbelievable that a super powerful person like Qingtian Yuanzhu would actually give in on the matter of Devil Island.

Devil's Island, what kind of force is this and why is it so terrifying?

but.....

The appearance of Lord Qingtianyuan this time is a great thing for the entire galaxy world.

The Galactic World faced off against the Aleta Galaxy, and the gods were not allowed to take action, so the battle was once again controlled by the mortal realm.

Then the Galaxy world will have a certain chance of winning.

Because Lin Tianhao had fought with Ku Yue before, he couldn't guarantee whether there would be an existence like Ku Yue in the Alate Galaxy, or even... an existence stronger than Ku Yue.

"Snow Emperor."

"We are leaving. If you can come to the Divine Realm alive, you are welcome to find me in the City of Disaster again." Yue Hu smiled at Lin Tianhao.

The next moment.

The entire City of Disaster disappeared in an instant.

Chapter 1766: Entering the Heavenly Palace again, the old Heaven!

at this time.

Like Lin Tianhao, those who were expelled from the City of Disaster all had bitter smiles on their faces.

"Without the City of Disasters, it will be much more difficult for us to attain enlightenment." An adventurer shook his head helplessly.

Daoist Patriarch Hongjun walked out of the pit and bowed to the sky:

"Can I go, too?"

"Yes. From now on, you will no longer be subject to the laws of the Galaxy World. I will give you your freedom. Since your contributions to the Galaxy World outweigh your faults, I will reward you with a fourth-level world heart."

Hear this.

Daozu Hongjun was overjoyed.

Although it is impossible to obtain the Heart of the World in Lin Tianhao's hand, this reward seems to be better.

"Thank you, senior!" Daozu Hongjun bowed.

The voice of the Blue Sky Source Master continued to sound.

"After consultation with the Starry Sky Administration, the God Realm Sky Monitoring Department, and the God Realm Thunder Punishment Temple, the Alet Galaxy will invade the Milky Way World for ten years. If the Milky Way World is not invaded after the time is up, it will enjoy a five-hundred-year recovery period."

Hearing what Master Qingtianyuan said, Lin Tianhao's eyes lit up.

ten years!!

This is easier than fighting to the death with those guys in the Aleta Galaxy.

This world defense battle!!

Ten years. As long as they can hold on for ten years, the galaxy will still be theirs.

Lin Tianhao felt a bit complicated, as if a heavy stone weighing on his heart had finally fallen.

to be frank.

The recent events have put Lin Tianhao under a lot of pressure, extremely, extremely great.

Lin Tianhao was even under so much pressure that he couldn't breathe.

Lin Tianhao didn't know how to deal with those things. It seemed that everything that had happened before was telling him that there was no hope for the Galaxy world.

But now.

The situation in this world improved instantly.

The Starry Sky Administration, the Divine Realm Sky Monitoring Bureau, and the Thunder Punishment Temple, these three organizations sound no simple matter.

The disappearance of the Lord of the Blue Sky Source and even the God of the Source of Tao is most likely related to this incident.

"Daozu, where is my friend?" Lin Tianhao asked immediately.

Daozu Hongjun glanced at Lin Tianhao meaningfully, "Adventurers cannot leave now, but the Pangu clan has a powerful person in the eternal realm who has taken action and forcibly injected the soul seeds of Pangu and Dijiang into the bodies of your two friends."

"What will happen next depends on the luck of your two friends."

Lin Tianhao's expression changed slightly, "In other words, they can still be possessed?"

"There is at least a 90% chance that your two friends not only have the soul seeds of Pangu and Dijiang in their bodies, but also the means left behind by the powerful people in the Eternal Realm."

"If you are not taken into consideration, it is inevitable that they will be possessed. You should understand what I mean."

Lin Tianhao's heart skipped a beat.

In other words.

He only has a 10% chance of saving the fat man and the glasses.

"Everything has its destiny, but some people are born extraordinary and can break the destiny."

"You are such a person, and so are your two friends."

Lin Tianhao grinned, "Daozu, you are about to leave, let me enlighten you?"

Daozu Hongjun is about to leave, and it is estimated that we will not be able to fleece the sheep anymore.

"Need not."

Daozu Hongjun shook his head, turned away and left.

Lin Tianhao felt deeply regretful. Without the City of Disasters, it would be somewhat unprofitable for him to attain enlightenment in the last seven months.

In this situation, the most effective place for Lin Tianhao is to look for that Heavenly Dao Grade Talent Awakening Stone! !

Only when his talent is further awakened will it be possible for his strength to receive a huge boost.

Heavenly Palace!!

The information Lin Tianhao received all pointed to the Heavenly Palace.

Now that everything has settled down, he should go to the Heavenly Palace to look for the Heavenly Level Talent Awakening Stone.

During the Ragnarok of the Gods, streams of light shot up into the sky and headed towards the heavens.

Lin Tianhao knew that some guys were starting to leave the Galaxy World.

In this regard.

Lin Tianhao didn't care, but launched a national bounty mission again.

"A national bounty is on offer. Any adventurer who reaches the ninth, tenth, or even higher level in the last seven months will receive a generous reward!!"

.....

Lin Tianhao issued a national bounty as the Lord of the Fan Palace, which was actually a bit against the rules.

But Lin Tianhao had no choice. Time was limited, and he definitely hoped that the adventurers from Blue Star would be as strong as possible.

Not only that.

Lin Tianhao also found the Mad Blade and gave the elixirs he got from the Xuanxu Kingdom to the Mad Blade, asking the Mad Blade to distribute them.

Lin Tianhao himself came to the Heavenly Palace again.

I arrived at the Heavenly Palace again, and the situation here was similar to last time.

Not long after Lin Tianhao arrived in the Heavenly Palace, the Evil Emperor Wudao appeared beside Lin Tianhao.

"I heard what that powerful person said. Just as she finished speaking, you came to the Heavenly Palace. It should be for the Heavenly Dao Level Talent Awakening Stone, right?"

The Evil Emperor Wudao spoke straight to the point.

Lin Tianhao nodded gently, "You have the highest control over the Heavenly Palace. Have you gained anything during this period?"

"No."

The Evil Emperor Wudao shook his head heavily, "If you have gained anything, I would have given you the Heavenly Dao Grade Talent Awakening Stone now."

Lin Tianhao glanced at the Evil Emperor Wudao suspiciously.

Regardless of whether there is one or not, Lin Tianhao doesn't think that the Evil Emperor Wudao will offer it with both hands.

But in the final analysis, he and the Evil Emperor Wudao are friends, not enemies.

"I want to find a Heavenly Level Talent Awakening Stone. I wonder if Lord Evil Emperor can give me some advice?" Lin Tianhao asked.

"From the look of you, you are certain that the Heavenly Dao Grade Talent Awakening Stone is in the Heavenly Palace."

"In that case, we can go to the old heaven and take a look."

"The Old Heaven?" Lin Tianhao asked with a frown.

"good."

"The old heaven was the core area of the heavenly palace. It was destroyed a long, long time ago and was infected by an extremely terrifying force, causing many creatures to be afraid to set foot there."

"You didn't mention anything about the old heaven before." Lin Tianhao said.

The Evil Emperor Wudao smiled helplessly, "You didn't ask, but I still think that thing is no longer in the Heavenly Palace. It's obvious that you won't give up easily this time, so I have to say something."

"Besides, you shouldn't get nothing by going to the Old Heaven."

Lin Tianhao gave the Evil Emperor Wudao a meaningful look.

"Then what do you think? If the Heavenly Dao-level Talent Awakening Stone is not in the Heavenly Palace, then where should it be?"

"In the hands of the Pangu clan."

The Evil Emperor Wudao said very seriously.

His answer was the same as what Daozu Hongjun had said before.

Daozu Hongjun also said before that the Heavenly Dao Grade Talent Awakening Stone might have fallen into the hands of Pangu clan.

But what Daozu Hongjun said was not certain, that is, there is a certain probability that it exists in the Heavenly Palace.

"Take me to the old heaven."

No matter what, he should give it a try. What if he finds it?

Chapter 1767 Octopus monster and regeneration ability!

The evil emperor Wudao leads the way in front.

Both of them were moving very fast, and soon Lin Tianhao arrived in front of a staircase connecting to the clouds.

This staircase is extremely wide. According to Lin Tianhao's estimation, the width should be more than three thousand meters.

On this wide staircase, there are deep pits caused by impact, as well as sword marks and scratches that exude a sense of destruction.

It seemed as if an extremely terrible battle had once taken place here.

Lin Tianhao launched the Heaven-Devouring and Earth-Devouring Skill, swallowing up the destructive aura in the sword and claw marks.

"Ding, you have swallowed unknown energy, free attribute points +10000."

"Ding, you have swallowed unknown energy, free attribute points +10000."

"Ding, you swallowed the unknown..."

.....

The reminder sound continues.

This unknown energy is also a bit strange.

Because after swallowing this thing, it does not give any other attributes, all are free attribute points.

"Have you been there?" Lin Tianhao asked.

"I tried to go up, but the best I could do was to get to the gate of the old heaven. I couldn't go any further."

Lin Tianhao frowned slightly, "Then accompany me up there to take a look."

"it is good."

The Evil Emperor Wudao did not refuse, and even agreed very readily.

Lin Tianhao didn't say much and walked in front.

It swallowed up the sky and the earth, continuously consuming the aura of destruction in front of it.

This staircase did not seem to be as dangerous as expected.

If there is anything, it is the aura of destruction.

If these destructive auras rush into the human body, they will quickly destroy the internal organs, tendons, veins and bones.

"It seems that my guess is correct. You have a chance to enter the old heaven, and you can absorb these destructive auras." The Evil Emperor Wudao said with a smile.

Lin Tianhao nodded slightly and walked forward.

After consuming these destructive auras, the free attribute points given are extremely generous.

It seems like it would be nice to just swallow it like this.

This step was higher than Lin Tianhao had imagined. Because they had to absorb the aura of destruction, the two of them did not move forward very fast.

After walking for another half a day, Lin Tianhao took a look and found that the accumulated free attribute points had exceeded 100 million.

This was indeed wonderful, but he still seemed some distance away from the gate of the old heaven.

Lin Tianhao was not in a hurry and continued to swallow and move forward.

After walking for more than six hours, Lin Tianhao and the Evil Emperor Wudao finally arrived at the gate of the old heaven.

Above this gate, there is a badly broken plaque.

Although it is severely damaged, one can still vaguely see the three words "Nantianmen" on the plaque.

Nantianmen!!

Isn't this the heaven in mythology and legends?

just.

How could the Heavenly Palace be in such a dilapidated state today?

Daoist Patriarch Hongjun had said before that the Heavenly Palace had encountered a great disaster and the Great Emperor Haotian was nowhere to be found.

Let's look at it now.

The extent of the damage to the Heavenly Palace was greater than he had imagined.

and.

The Heavenly Palace should be the most core area of the Heavenly Palace.

But in this heaven, there is a terrible aura of destruction.

If you use your body to resist these destructive auras, your body will probably be destroyed by them.

Lin Tianhao's physique is now strong enough that he can withstand these destructive auras.

And absorbing these destructive auras will also be helpful to Lin Tianhao.

"The South Heaven Gate is right in front of us. What's there to worry about?" Lin Tianhao looked at the Evil Emperor Wudao.

With the strength of the Evil Emperor Wudao, it should not be difficult for him to withstand the destructive aura and pass through the South Heaven Gate.

The evil emperor Wudao looked solemn and said calmly:

"You will find out soon. The Heaven Palace is gone, but this place has become a paradise for some evil demons from outside the domain. They have established the so-called New Heaven Palace here, also known as the Infinite Heaven Palace."

As the evil emperor's voice fell, a hoarse, dull voice suddenly sounded.

"why is it you again?"

A sharp voice sounded.

Followed by.

Lin Tianhao saw an octopus monster flying towards him, waving its tentacles.

The evil emperor Wudao glanced at the octopus monster and said:

"My friend and I came here to look for something." said the Evil Emperor Wudao.

The octopus monster's ink-black eyes looked at Lin Tianhao.

A hint of murderous light flashed in those calm eyes.

"Looking for something? What do you think our Infinite Heaven is?"

The octopus monster shouted, and the moment the words fell, its tentacles covered with black suction cups slapped down towards Lin Tianhao.

At the same time that Lin Tianhao launched the Heaven-Devouring and Earth-Devouring Skill, the arrow was also shot from his heart.

The feather arrow cut through the sky and hit the octopus's tentacles.

The feather arrow instantly pierced through the octopus monster's tentacles, and the burning force attached to the feather arrow instantly burnt the octopus monster's tentacles.

After losing a tentacle, the octopus monster immediately grew a new tentacle.

"Ding, you devoured the tentacle of the alien octopus, alien energy resistance +10000, armor +500, magic resistance +500, free attribute points +2000."

Alien energy?

This was also the first time Lin Tianhao heard of this kind of thing.

Look.

In the old heaven, he was able to gain unexpected gains.

Thinking like this.

Lin Tianhao continued to attack with feather arrows.

He was not in a hurry to kill the octopus monster because its tentacles seemed to be able to grow infinitely.

He can fully utilize the octopus monster's regenerative ability to continuously strengthen himself.

"Ding, you devoured the tentacle of the alien octopus, alien energy resistance +10000, armor +500, magic resistance +500, free attribute points +2000."

"Ding, you devoured the tentacle of the alien octopus, alien energy resistance +10000, body regeneration ability +5000, armor +500, magic resistance +500, free attribute points +2000."

.....

During the process of devouring, Lin Tianhao discovered that the tentacles of this octopus monster would occasionally give him the ability to regenerate his body.

His body's regeneration ability should not be underestimated either.

Because if Ragnarok merges with reality, he can still be resurrected on the spot.

But the resurrection on the spot at that time was a weakened version.

The body needs to recover before it can be resurrected.

And this body regeneration ability may be able to speed up Lin Tianhao's body recovery and regeneration after his death.

Less than a minute.

The octopus monster discovered Lin Tianhao's thoughts.

"You're going too far. You actually treat me as an infinite blood bag for you to devour!!"

"You are such a big swallower, aren't you? I want to see how much you can swallow!!"

The octopus monster was very angry. After all, it hated being treated as food the most.

In the endless starry sky, their clan was often used as food by some powerful races because of their terrifying regenerative ability.

He was also caught and used as food, and even...

He even fried his own tentacles. The double torture of mental and physical pain still makes him a little scared.

And what Lin Tianhao is doing now.

They are treating him as food too!!

Chapter 1768 Visitors from outside the domain, defying the will of heaven and defeating the gods!

The octopus monster's body began to grow larger, and its tentacles grew to the thickness of buckets, slapping towards Lin Tianhao madly.

at the same time.

Countless black holes appeared between heaven and earth, and thick tentacles stretched out from these black holes and slapped towards Lin Tianhao.

Lin Tianhao's eyes narrowed slightly. Although he had already activated Heaven Devouring and Earth Devouring Technique with all his strength, it was indeed impossible for him to devour so many tentacles in such a short period of time.

"It's too much, but I can eat it slowly."

Lin Tianhao did not continue to use the arrows shot from the heart. Instead, he took out a carving knife, cut off the tentacles, and then swallowed them one by one.

These tentacles released by the octopus monster in a rage will reward Lin Tianhao with regenerative abilities after being swallowed by him.

Lin Tianhao's face was full of smiles.

Let the storm come even more violently!!

He also wanted to see how much this octopus monster could swallow.

The octopus monster was also a little frightened.

His tentacles are extremely tough and cannot be cut off by ordinary means.

But Lin Tianhao's feather arrow and the carving knife in Lin Tianhao's hand were both outrageous and unreasonable.

His tentacles broke as soon as they touched Lin Tianhao.

It's not just the octopus monster.

The Evil Emperor Wudao, who had fought with the octopus monster before, couldn't help but show a look of surprise on his face when he saw Lin Tianhao unilaterally crushing the octopus monster.

He had fought with the octopus monster before and knew very well that the octopus monster's strength was far more than that.

But why is the octopus monster so vulnerable in Lin Tianhao's hands?

The answer is also very simple.

That's because the octopus monster's tentacles pose no threat to Lin Tianhao at all.

As soon as these tentacles grew out, they were cut off and devoured by Lin Tianhao! !

The point is not just to cut it off.

He was also able to cut off these tentacles, although not as fast as Lin Tianhao.

What really prevented the Evil Emperor Wudao from entering the South Heaven Gate was that these severed tentacles would continue to attack.

But Lin Tianhao cut off these tentacles and swallowed them directly.

This means that these severed tentacles cannot launch an effective attack.

"Demon Touch Realm, open!!"

A boundary unfolded, and a large number of tentacles grew out of the boundary and continued to hit Lin Tianhao.

Realm?

Not bad.

Ordinary people gain enlightenment and gain realization, and when realization is blessed by divine power, it evolves into the divine realm.

The divine domain becomes a realm, and it also becomes a realm!!

But...if the realm goes one step further, it will become a vision, and if the vision goes one step further, it will become a saint's vision!!

Realm...

Compared with Lin Tianhao's saintly vision, the difference is really not even a little bit.

However, this octopus monster has a special bloodline, and its tentacles' regeneration ability is unique.

Lin Tianhao also roughly judged the realm of this octopus monster.

It seems that the seventh to ninth rank gods have not reached the realm of God King.

Not even...a seventh-grade deity.

But no matter what, this octopus monster is somewhat inferior to Lin Tianhao.

Lin Tianhao had a faint smile on his face.

Still devouring tentacles, continuously brushing free attribute points and regeneration ability.

"This is too much, this is too much!!"

The octopus monster was furious. He felt that he was being fooled by Lin Tianhao, but...

He had no way to deal with Lin Tianhao.

"A mere mortal is so difficult to deal with."

The octopus monster retreated into the Nantianmen. All kinds of strange runes lit up above the entire Nantianmen. Waves of destructive aura swept towards Lin Tianhao.

Lin Tianhao did not retreat but advanced instead. He took in all the destructive aura and swallowed it all.

"Ding, you have swallowed the aura of destruction, free attribute points +20000."

"Ding, you have swallowed the aura of destruction..."

.....

The destructive aura released by the octopus monster at the South Heaven Gate was of a higher level than the destructive aura that Lin Tianhao had swallowed on the steps before, and it also gave more free attribute points.

Comfortable! !

Is this person here to receive welfare?

More than 100 million free attribute points were collected from the steps alone, and now here at the South Gate of Heaven, I have gained so many things again.

OK.....

If he could swallow up all of this so-called boundless heaven, how much benefit would he get?

however.

Just as Lin Tianhao was happily devouring the destructive aura, the void above the Nantian Gate opened up, and two figures, a man and a woman, walked out of the space crack.

"This is it!"

The woman's cold voice sounded, and she looked down and saw Lin Tianhao and the octopus monster fighting.

"A mortal defeating a god? Even though he's just a small octopus, he's still quite talented."

Lin Tianhao was absorbing the aura of destruction, but he still took the woman's words into his ears.

Am I... just someone with good talent?

"Who is so bold as to trespass into the South Heaven Gate?!"

Seeing the two people in the air, the octopus monster roared angrily.

When the Evil Emperor Wudao heard what the octopus monster said, he silently gave the octopus monster a thumbs up.

Lin Tianhao also found it funny. Could it be that this octopus monster couldn't understand the situation?

The man and woman in the void are obviously not good people. They dare to provoke a strong enemy even though they are already struggling themselves.

"I told you that we can't eat the alien octopus monster. Its brain will affect our development if we eat it." The man said lightly.

"I eat tentacles. If anyone eats the brain, it will be full of ink." The woman waved her hand.

Listening to the conversation between the man and the woman in the void, the octopus monster became furious.

"Food, they all treat us as food. We are also creatures of the myriad races in the starry sky, and we are even more of an alien species..."

however.

Before the octopus monster could finish his words, his body was cut into pieces and then disappeared into thin air.

"Noisy."

The man was a little unhappy, "Food, but I don't have the awareness of food."

Lin Tianhao frowned, "He is my prey."

Hear this.

The man glanced at Lin Tianhao with disdain, "Your prey?"

"boom--"

As soon as the man finished speaking, a terrifying force exploded in Lin Tianhao's chest.

Lin Tianhao's body flew out, but while he was still in the air, a huge force swept in all directions and dragged Lin Tianhao back to the front of Nantian Gate.

"what--"

The man was slightly surprised to see that Lin Tianhao was not dead and was not even seriously injured.

"There are some tricks. No wonder he can fight against a fourth-grade divine realm alien octopus monster at such a young age."

Although the man was surprised that Lin Tianhao was fine, his words were still very arrogant, as if he didn't think there was anything wrong with what he did.

"Brother, forget it. There is no grudge or hatred. There is no need." The woman landed beside the man and spoke to comfort him.

The man glanced at him contemptuously and scolded:

"You are lucky, my sister has pleaded for you, but you should be careful with your words in the future. Don't think that you are so powerful just because you can defeat gods in adversity as a mortal."

Chapter 1769 Kill the arrogant siblings!

"I can kill gods at level nine, and even level four gods at level ten."

"You've already reached the twelfth level, yet it's still so difficult for you to defeat a fourth-level divine spirit. You really should reflect on yourself instead of being so arrogant and insolent!!"

Listening to the man's words, Lin Tianhao looked a little strange.

"Compared to you, I am also called arrogant and insolent? Then what should you be called? Blind?"

The Evil Emperor Wudao almost couldn't hold back his laughter.

But he couldn't help but give Lin Tianhao a thumbs up.

This is really extraordinary madness.

"Little sister, did you see that? You want to save him, but he himself doesn't want to live anymore."

Hear the words.

The woman also looked at Lin Tianhao angrily and scolded:

"I've seen stupid people, but I've never seen anyone as stupid as you. You can survive if you just keep your mouth shut, but you insist on talking. Now I can't save you."

Lin Tianhao glanced at the woman and smiled without comment.

"You should say this to your brother."

"you--"

The woman was speechless for a moment, and the man laughed out of anger.

"Hahaha, good, very good, very good!!"

As soon as he finished laughing, a huge bell emitting golden light fell from the sky and enveloped Lin Tianhao.

As Lin Tianhao's Heaven and Earth Devouring Power was fully activated, feather arrows poured out.

"boom--"

With just the first arrow, cracks appeared on the golden bell.

When Lin Tianhao's second arrow fell, the golden bell shattered into pieces.

"how come?!"

The man was a little surprised.

How could he understand the terrifying killing power of Lin Tianhao's arrow? If it hit the target, even a saint would lose a layer of skin.

of course.

The saint's physical transformation is extremely high, and he is blessed with various Taoist powers. Even if he takes on Lin Tianhao's arrow, he won't have much trouble.

"It's your turn!!"

Lin Tianhao's Heaven-Devouring and Earth-Devouring Power instantly enveloped the opponent, and the feather arrow also locked onto the opponent.

This time.

Lin Tianhao did not unleash his arrows, mainly because... he was worried that his current attack speed of more than 200 would kill the opponent directly.

In the previous battle against Ku Yue, although Lin Tianhao increased his attack speed to nearly two thousand, that was an ordinary attack speed, not the heavenly punishment attack speed.

Lin Tianhao used the Heavenly Punishment Headlock, but still tried to suppress as much as possible.

"Ding, you are devouring an unknown creature, health +10, armor +1000, magic resistance +1000, free attribute points +1000."

"Ding, you are devouring unknown creatures..."

.....

The reminder sounds are incessant.

Devouring the sky and the earth, the rewards for devouring these creatures outside the galaxy world are quite generous.

Seeing Lin Tianhao's feather arrow flying towards him, the man did not dare to delay. He made a gesture with his hands and a seal floated above his head.

A golden light flew out from the seal and collided with Lin Tianhao's feather arrow, making a loud noise.

Lin Tianhao's second arrow followed, but was still blocked by the golden light in the seal.

There are some tricks!!

That seal.

It should be at least a saint-level treasure, or maybe even higher, otherwise it would not be possible to block his feather arrow attack so easily.

But Lin Tianhao didn't care and switched the Heaven-Devouring and Earth-Devouring Skill to the golden seal.

"Ding, you are devouring the unknown seal, Buddhist wisdom +1000, armor +1000, magic resistance +1000, free attribute points +1000."

"Ding, you are devouring the unknown seal..."

.....

Buddhist enlightenment?

This seal was created by a Buddhist monk?

Judging from the appearance of this man, he does not seem to be a Buddhist, but he is using a saint-level or even higher Buddhist treasure.

"Your feather arrows are indeed powerful, but the frequency is less than one arrow per second. If that were the case, you would still... die today."

The man seemed to have discovered Lin Tianhao's weakness, and his solemn expression relaxed a little.

Lin Tianhao: ???

I was afraid that I would kill you and have nothing to devour, but you ended up imagining me like this?

Lin Tianhao was really speechless. This seal was a saint-level item. He swallowed it to increase his Buddhist enlightenment, which was somewhat of a waste for him.

If it is snatched and given to the powerful Buddhists of Dragon Country, it may be of greater use in the fight against the Alate Galaxy.

Think about this.

Lin Tianhao put his focus on the man again.

Next.

The man activated the seal, and it emitted three golden lights at the same time. One golden light blocked Lin Tianhao's feather arrow, and the remaining two golden lights flew towards Lin Tianhao.

Lin Tianhao smiled playfully, and the feather arrow shot later but arrived first, hitting the two golden lights.

"I was just playing with the octopus monster just now, and you insisted that you were a loser. I was playing with you, but you thought I couldn't do it in one second."

"If that's the case, then watch carefully and see how many arrows I can shoot in one second."

There are many things that this old heaven can devour, so Lin Tianhao simply doesn't want to waste time on this guy.

See the more than two hundred feather arrows that burst out from Lin Tianhao in this second.

A look of horror appeared on the man's face.

"It's fake. How could you possibly shoot so many terrifying arrows in one second?!"

"Brother, let's go!!"

A disc flew out of the woman's hand. On the disc, Buddha's light reflected the sky and the earth, and golden Buddha's hands slapped towards the feather arrow.

"Absolute stand!!"

Lin Tianhao acted without hesitation, sealing off the heaven and earth with an absolute stance.

"Space Cage!!"

Although the absolute stance has strong restrictive measures, it may still be broken if it encounters saint-level means.

therefore.

Lin Tianhao added the space cage without hesitation to seal off the heaven and earth.

The heaven and earth are sealed with the spatial force of the first level of the Heavenly Dao Realm. It is still difficult to break through with ordinary means.

"Boom boom boom——"

One golden Buddha's hand after another was crushed by the feather arrows, and meteors fell from the sky.

It is the Skyfire Meteor!!

"Youngster, stop it!!"

At this moment.

A solemn and majestic shadow of Buddha appeared above the brother and sister's heads.

"The saint's hair?"

Lin Tianhao narrowed his eyes slightly.

Even if a saint himself came, he might not give this face.

Now that the saint has shown his appearance, it is somewhat wishful thinking to expect him to stop.

"Do not--"

A look of horror appeared on the man's face. He could not block Lin Tianhao's feather arrows, nor could he break the blockade of the heavenly-level spatial force.

In the tide of arrows, the brother and sister were drowned and completely perished.

"Young man, you have caused a huge disaster!!"

The Buddha's shadow was enraged and raised his hand to slap Lin Tianhao.

Lin Tianhao was not afraid at all and continued to fight back with a large number of feather arrows.

The Buddha's shadow is just a shadow after all. It is far from enough to compete with Lin Tianhao!

Under the baptism of Lin Tianhao's feather arrows, the Buddha's shadow dissipated and disappeared completely.

"Ding, you successfully killed an unknown creature, experience points +1085 billion, free attribute points +100000."

"Ding, you successfully killed an unknown creature, experience points +1011 billion, free attribute points +100000."

Chapter 1770 1 Godheads!

After dealing with the arrogant brother and sister, Lin Tianhao began to search the corpse.

First is the Godhead.

This is a good thing. It can quickly cultivate gods. Although it cannot be used for the time being, it will definitely be useful in the future.

There is an octopus monster, and there is this pair of brother and sister.

There are three godheads in total.

Besides.

And their space magic weapon.

This octopus monster's space magic weapon seems to be pretty good, and it contains quite a few... magical artifacts!!

When Lin Tianhao saw the magical artifacts in the octopus monster's space magic weapon, he was also a little surprised.

Because these artifacts are a set of artifacts!!

Artifact...suit!!

These two combined together are extremely attractive even to Lin Tianhao.

However, most of these artifact sets are damaged, which is a flaw.

However, the spatial treasures of the brother and sister surprised Lin Tianhao.

This level of wealth... is beyond imagination.

The first thing that caught my eye was a large number of... Godheads!!

The colorful divine powers were piled there like ordinary stones.

Lin Tianhao made a rough calculation and concluded that the number of these hill-like godheads should be no less than one million! !

One million godheads!!

What does this mean? It means the fall of one million gods! !

Not only that.

Lin Tianhao also discovered the Enlightenment Card and a variety of other treasures.

Seeing so many treasures, Lin Tianhao was overjoyed.

This is... a super big customer!!

This can be considered as a chance for him to win the gold belt by killing and setting fire.

Naturally, the Buddhist seal and CD were also taken by Lin Tianhao.

The man was so arrogant just now that Lin Tianhao thought he would be a tough guy, but he turned out to be so weak.

Even what appeared in the end were just the images of saints, which didn't seem like an existence with a big background at all.

However, these millions of divine powers still gave Lin Tianhao a bit of shock.

After putting away all the things, a young man in a dark green gown appeared in front of me.

"I didn't know you were coming. I'm sorry for not welcoming you. I hope you will forgive me."

Lin Tianhao glanced at the octopus monster's body.

"Shouldn't you be held accountable for the killing of the gods of your Infinite Heaven?"

"Hasn't the culprit who killed the Nantianmen gatekeeper been killed by you, young master?"

The young man in the dark green robe bowed to Lin Tianhao and said, "After all, we should thank you for eliminating the foreign enemies for our Wuyin Tianting."

Lin Tianhao waved his hand and said angrily:

"So there are people in your Wuyin Heaven Court. I just arrived and this octopus monster attacked me. Now you come out and say a few words casually, and you want to divert the blame?"

Lin Tianhao's angry rebuke surprised the Evil Emperor Wudao.

He originally thought that Lin Tianhao would take advantage of the situation and inquire about the Heavenly Level Talent Awakening Stone.

But no one would have thought that Lin Tianhao would actually take the initiative to stir up conflict. It seemed like he was trying to break off relations with the Wuyin Heavenly Court.

The young man in the dark green gown remained calm and composed, showing no emotion at all due to Lin Tianhao's angry words.

"You are joking, sir. This little octopus is the guard of the South Heaven Gate. It is reasonable for him to stop the arrival of people from outside the Infinite Heaven Court."

Lin Tianhao snorted angrily, "Guardian of the South Heaven Gate? He is not worthy of it!!"

"When did this Heavenly Palace change its name to the Infinite Heavenly Palace? When did the South Heavenly Gate Guardian become this ugly octopus monster?!"

The young man in the dark green gown remained very calm, and even had a faint smile on his face.

"Young Master is so angry, he must be from the old Heaven Court. I wonder which one of the old Heaven Court you are from?"

Lin Tianhao snorted coldly and scolded:

"Who the hell do you think you are? How dare you ask my name?!"

When the Evil Emperor Wudao saw Lin Tianhao's attitude, he had already guessed something in his mind.

Lin Tianhao is...trying to destroy the entire Wuyin Heavenly Court! !

What he wants is not only to find the Heavenly Level Talent Awakening Stone.

By using the name of the old heaven, they can reasonably suppress the infinite heaven.

"Now that you put it like that, I know what I should do."

The young man in the dark green gown was so calm that even Lin Tianhao felt a little uneasy.

"Don't blame me for not reminding you that occupying the Heavenly Palace is a serious crime. Kneel down and kowtow now, and I might consider not killing you!!" Lin Tianhao shouted.

"You are really kind-hearted, sir."

"I just don't know... whether the young master's ability is so good!"

As the young man in the dark green gown finished speaking, Lin Tianhao felt his heart suddenly stop.

He... is poisoned!!

When did it happen?!

Although he was surprised, Lin Tianhao didn't care.

"Ding, you are poisoned and will continue to lose blood."

"Ding, you are poisoned. All treatment and recovery effects are reduced by 50%."

-11 million! !

-11 million! !

.....

Damage figures popped up one after another from Lin Tianhao's head.

Lin Tianhao looked a little strange.

Is this injury serious?

"You gave me such a strong poison, are you trying to poison me to death?"

Looking at Lin Tianhao's weird smile which was somewhat teasing, and then looking at the health bar above Lin Tianhao's head which was almost not noticeably decreasing.

And...the damage value is only 1.1 billion.

The young man in the dark green gown had been calm all this time, but finally something changed.

Shocked, shocked, incredible.

All kinds of complicated emotions gathered on the face of the young man in the dark green gown.

His poison can do more than 10 trillion damages!!

This god must have been poisoned and will be severely damaged.

Even if Lin Tianhao had some skills, he couldn't weaken his damage to this extent.

But how could he know that Lin Tianhao himself possessed extremely high poison resistance, plus damage transfer, a whole set of Heavenly Punishment equipment with percentage damage reduction, and... more than five hundred physical transformations.

Taking all these into consideration, the young man in the dark green robe used poison on him, which showed that he looked down on him to some extent.

"Is this the method used by the Infinite Heaven? Poisoning secretly, and with such a weak poison." Lin Tianhao said contemptuously.

Lin Tianhao's voice was not loud, but it made the young man in the dark green gown look sinister.

The young man in the dark green robe retreated, with a green flute in his hand.

He wanted to activate the green flute in his hand, but Lin Tianhao's feather arrow had already locked onto it.

The power that swallowed the sky and devoured the earth even enveloped the young man in the dark green robe.

"Ding, you are devouring unknown creatures, poison resistance +10000, poison comprehension +2000, magic resistance +10000, free attribute points +10000."

"Ding, you are devouring unknown creatures..."

.....

The existence of the Sky-Devouring and Earth-Devouring Power even made Lin Tianhao feel that it was more terrifying than the Hand of Heavenly Punishment.

If the talent he awakened at the beginning was Devouring Heaven and Devouring Earth, instead of the Hand of Heavenly Punishment, his current achievements might be even higher.
