Chapter 1781 Double the Enlightenment Talisman!

As the voice fell, Lin Tianhao realized something was wrong.

Followed by.

Lin Tianhao saw a projection of a woman appear behind the child.

"My friend, this is my offspring. For some reason, I have let him live here. Please be kind and don't treat him like a child. When I return to my true form, I will definitely reward him handsomely."

"My son is a divine talisman master who can make a thousand-fold enlightenment talisman. If you would like to spare me a favor, I can let him make a thousand-fold enlightenment talisman for you during this period before I come back. I will also give him a generous reward after I come back!!"

Lin Tianhao looked at the projection of the woman in front of him and spoke lightly.

"I didn't mean to hurt him."

The female projection hesitated for a moment, then said:

"Being restricted by the power of rules and being a slave for life is the greatest harm."

Lin Tianhao was silent.

It seems that the projection of this woman already knows the power of the rule of absolute loyalty.

"My friend, I swear that what I just said will definitely count. Please show some mercy."

The female projection said very sincerely.

Lin Tianhao thought for a moment, nodded slightly, and said:

"Okay, but your son has to listen to me from now on. He can't stay here anymore. I won't hurt him and I will protect him as much as possible."

"Thank you, my friend."

The female projection bowed to Lin Tianhao in thanks, and then said to the child:

"Lulu, from now on you stay by his side, don't cause trouble, be obedient, draw a thousand-fold enlightenment talisman for him, and wait for your mother to come pick you up."

Hearing the words of the projection woman, the child nodded.

"Then mommy has to come pick up Luluyo quickly."

"Mom knows, dear."

The projection woman bowed to Lin Tianhao again and said, "Thank you for your help, my friend."

"No problem." Lin Tianhao said with a smile.

The Xuantian Purple Spirit Jade can contend with the absolute loyalty rule of the Fan Palace.

This alone is enough to prove the extraordinary nature of this child.

His mother should be very powerful, and his father should be even more powerful.

But this child named Lulu is a little strange. His mother calls him "Niangqin", but he has always called her "Mom".

Generally speaking.

Children will learn what their mothers teach them, but this is not the case with Lulu.

However, Lin Tianhao didn't care too much about it. After all, it was just a matter of address and not worth mentioning at all.

At this moment.

Lulu raised his hand and a light blue talisman appeared in his palm.

"Look, mom said few people can resist this thing."

Lin Tianhao took the light blue talisman, and the introduction of the talisman immediately appeared in front of him.

Thousand-fold Enlightenment Talisman: Special.

Usage requirements: None.

Effect: Within one day, the speed of enlightenment increases by a thousand times. You can only use one per day and the effects cannot be stacked.

[Note: This talisman is a one-time use item and will disappear after use.]

Abrasion resistance:100.

Lin Tianhao's eyes lit up. When he heard the name of the Thousand-fold Enlightenment Talisman before, Lin Tianhao realized how extraordinary this thing was.

Now that the Space-Time Cultivation Pagoda is gone, he might be able to use this thing to make up for the lack of time for enlightenment.

But when you think about it, it still can't be compared with the Space-Time Cultivation Pagoda.

The actual difference in the speed of time flow is completely different from this basic multiple increase.

But it is undeniable that this is indeed good stuff.

At least.

Lin Tianhao doesn't mind stocking up more.

"How many thousand-fold enlightenment talismans do you have?" Lin Tianhao asked.

"Three."

"Including the one I gave you, there are three in total." Lulu said.

Lin Tianhao: "???"

As if seeing Lin Tianhao's doubts, Lulu said seriously:

"My mother said that if I draw a lot of enlightenment talismans and put them away, someone else might still kill me if they took them."

"So, I can't have a reserve of Enlightenment Talismans. When Enlightenment is dangerous, I draw them on the spot, and then continue to lay eggs... No, I have to keep drawing talismans to stay alive."

The corner of Lin Tianhao's mouth twitched. Lulu's mother is really great.

"No, you can draw the Ten Thousand Times Enlightenment Talisman, your mother should have told you to judge people by their abilities. If the person you meet is not very powerful, you can use the Hundred Times Enlightenment Talisman. If the person is a little powerful, you can use the Thousand Times Enlightenment Talisman. If the person is super powerful, you can use the Ten Thousand Times Enlightenment Talisman."

"Even... a hundred thousand times enlightenment talisman."

Lulu was stunned for a moment, and then his head shook like a rattle.

"No, absolutely not. I don't know how to draw the Ten Thousand Times Enlightenment Talisman. I'm just a child. How could I possibly draw the Ten Thousand Times Enlightenment Talisman?"

Lin Tianhao moved closer to Lulu, stared at her young face and asked:

"Really not?"

"will not."

"Then how come you have the Ten Thousand Times Enlightenment Talisman on you?" Lin Tianhao asked anxiously.

"I...I...No, how did you get the Ten Thousand Times Enlightenment Talisman from me?"

Lulu was a little nervous, and then asked with a puzzled look on her face.

Lin Tianhao grinned and said:

"Admit it."

When Lulu saw that Lin Tianhao only had the thousand-fold enlightenment talisman that he had just given him in his hand, Lulu realized that he had been fooled.

"No, you lied to me. You are an adult, how can you lie to a child?" Lulu said dissatisfiedly.

Lin Tianhao smiled and said:

"You are wrong. I am still a child too."

That's it.

Lin Tianhao moved closer to Lulu and said:

"Besides, I feel like if I really had to close my eyes, I might not even be as big as you."

This Lulu is most likely a divine talisman master who is able to make a ten thousand times powerful enlightenment talisman. A divine talisman master of this level is still quite powerful.

There's no way he's the same age as he appears now.

Maybe it's a baby over 3,000 months old.

More than 30,000 months is possible.

"I'm five years old, can you be younger than me?"

"I just have a special bloodline. I've been having blood since I was in my mother's womb."

"Five?"

Lin Tianhao looked suspicious, "Even if you started learning since your mother's womb, it's impossible for you to be able to make a ten thousand times enlightenment talisman at the age of five, right?"

Lulu looked very proud and said:

"Is it not possible that I am gifted? To tell you the truth, I could make 10,000 times as many as I could when I was three and a half years old..."

The words end here.

Lulu paused for a moment because he realized something was wrong.

Lin Tianhao laughed maliciously.

"Hehe, admit it, you can make a ten thousand times enlightenment talisman."

Xiao Lulu stared at Lin Tianhao with resentment and scolded:

"How can you be so vicious to plot against a five-year-old child like me."

"No wonder you are so ugly, it turns out you are shameless!!"

Lin Tianhao: "???"

No?

How is shamelessness linked to being ugly?

wrong! !

When did I lose my shame? !

"Okay, Lulu, be good. Your mother told you to listen to me. Take out your Ten Thousand Times Enlightenment Talisman and show it to Uncle."

Lulu reluctantly took out a lavender talisman and threw it to Lin Tianhao.

"No, what did you just say? Uncle?"

Chapter 1782 Huawei mobile phone in Ragnarok!

"You are so shameless. Not only do you take advantage of me, but you also take advantage of my mother." Little Lulu said dissatisfiedly.

Lin Tianhao grabbed Xiao Lulu in the air.

"Alright, stop arguing and draw me the Ten Thousand Times Enlightenment Talisman."

The words fell.

Lin Tianhao threw Xiao Lulu directly into the map of mountains and seas.

"Don't be lazy, or I'll spank you."

Xiao Lulu scolded:

"You are using child labor, it's against the law!!"

Lin Tianhao was a little surprised, "You also know about child labor?"

"I also know that you are a black-hearted capitalist who wants to treat me like a beast of burden."

"You know a lot, kid. Are you an adventurer too?"

Black-hearted capitalists, cattle and horses?

These words are very common on Blue Star, but they are rarely heard during Ragnarok.

especially.

This little Lulu is still in this space crack, so he should have no chance of coming into contact with other adventurers.

therefore.

The biggest possibility is that the other party is also an adventurer.

But the question is, if the other party is an adventurer, how could it be so outrageous?

"I'm not a risk taker, but I have this."

While talking.

Xiao Lulu took out a cell phone.

It is also Huawei's latest tri-fold mobile phone.

"Are you... serious? How come you have something like this?"

In Ragnarok, are there high-end things like mobile phones?

"Let me see it." Lin Tianhao directly reached out and asked for it.

Xiao Lulu immediately hid her phone.

"Bad guy, why are you still so greedy?"

"This is mine. My mother left it to me. Why do you want everything?"

Lin Tianhao said helplessly:

"I don't want it, I want to see, who am I to steal something from a little brat like you?"

"You can."

Xiao Lulu answered very firmly.

Lin Tianhao was immediately speechless.

"What do you know? Give it to me now."

"Look, you're so fierce!!" Xiao Lulu scolded.

Lin Tianhao's eyes were wide open, and he looked like he was going to beat you up if you keep talking nonsense.

"It's agreed, you can only look."

Xiao Lulu reluctantly handed the phone to Lin Tianhao.

Lin Tianhao raised his eyebrows slightly, took the phone and started checking it.

The mobile phone has no password, and the software in the phone are all software that Lin Tianhao is very familiar with.

Lin Tianhao opened a certain audio app and the video popped up immediately.

"Come out, Pika..."

Lin Tianhao: "???"

Lin Tianhao watched several videos in succession, most of which were videos about the existence of Blue Star.

Lin Tianhao clicked on the popular list of a certain audio platform again.

The first thing that comes into view is.

[What should ordinary people do in the current situation? 】

[After the top players become gods and leave, where will the Galaxy world go? 】

[What will Xuedi choose?]

[We can die, but we must die standing!]

[Is there any big guy who can give me a godhead? I have three daughters, all of whom are big internet celebrities.]

.....

Lin Tianhao looked at these hot lists and clicked on one at random.

"The top players in the club are all striving to become gods. They all want to escape from the galaxy world. What should we do? What should we do?"

A blogger who was as thin as a bamboo pole was roaring at the top of his lungs.

"Is the only way waiting for us to end up dead?"

"Should we ordinary people become prey?"

"The entire network calls on all high-level players not to leave. We are united in our determination to fight against those bastards in the Alet Galaxy."

.....

This bamboo-like blogger spoke righteously. Lin Tianhao had some impression of him. He was a big internet celebrity with nearly 10 million fans.

But when Lin Tianhao opened the comment section, he saw that all the comments were cursing the blogger.

"It sounds nice, but you're secretly seeking to buy godhood!"

"What on earth am I paying attention to? Let's not leave and quietly strive to become gods."

.....

Lin Tianhao clicked on several videos in succession, all of which were related to Ragnarok.

The bloggers are basically big bloggers on Tik Tok, and none of them has fewer than five million fans.

Especially the one about Lin Tianhao, who is a blogger with tens of millions of followers.

"Xue Di seems to have disappeared recently. What is he doing? Is he being targeted by those guys in the Alete Galaxy? Or is he planning to run away?"

"The Arlet Galaxy has invaded the Galaxy World, and we are the defending party. Xue Di is the strongest adventurer known to Ragnarok so far. Should he appear to take charge of the situation?"

"With less than seven months left, what should we do? Should we rely on high-level players, or respond to the country's call and mobilize all citizens?"

"My answer is to respond to the call of the country and mobilize all citizens to serve as soldiers."

"To be honest, you should know my level in Ragnarok. It's level nine, level 10,000. To be exact, it's level 10,135. In addition, my rank has been upgraded twice, and I have a godhead in my hand. If I want to leave, I can definitely leave."

"But I don't want to leave. I am from the Dragon Country. I want to stay and live and die with the Dragon Country."

"The land that our ancestors defended with their lives will never be given to the invaders from the Alite Galaxy."

This is also a blogger who speaks righteously.

But his comment section is much better.

Many people are praising him.

Lin Tianhao took a quick look at the content and then returned the phone to Xiao Lulu.

"Did your mother give you this phone?"

Lin Tianhao still didn't quite understand.

He is a mechanic himself, so it is not difficult for him to copy a mobile phone.

Even a fully foldable phone like this is not difficult.

But the most important thing is to access the real-world network, be able to use real-world software in real time, and obtain content from it. This... is the most difficult.

Because although Ragnarok is also a part of the galactic world, the two have not merged.

unless.....

Lin Tianhao thought of Wang Chongfeng, who was able to materialize the things in Ragnarok into the real world in advance.

Since Wang Chongfeng can materialize the Ragnarok things into the real world in advance.

So.....

What about the opposite?

Will someone bring things from the real world into Ragnarok in advance?

The probability is low, but it does exist.

only.....

Even if someone could materialize something from the real world into Ragnarok, why would that thing... be in the hands of such a little boy?

"Draw the talisman well."

Lin Tianhao couldn't figure it out, so he could only give some instructions and prepare to leave the rift in this world.

There were still some residual forces in the rift of this world that had not been cleared up. Lin Tianhao simply swallowed them up and that was it.

After Lin Tianhao left this world rift, this world rift began to heal at a speed visible to the naked eye.

"Ding, congratulations on repairing a world rift. The ten basic attributes increased by 5%, luck +50, free attribute points +500 million."

"Ding, congratulations, you have successfully repaired the world rift. We will announce it to all servers soon. Do you want to hide your name?"

Chapter 1783: The towering tree in the world's rift!

"no."

"Announcement to all servers, congratulations to player Xue Di for successfully repairing the world rift. All adventurers in Ragnarok will be rewarded with +5% experience points for monster hunting, quests, etc. We hereby announce this, and hope that all adventurers will keep up the good work!!"

"Announcement to all servers, congratulations to player Xue Di for successfully repairing..."

.....

The server-wide announcement was made, and this time, everyone benefited.

After all, all experience point rewards from monster hunting, quests, etc. have been increased by 5%, which may not be of much help to low-level adventurers.

But for high-level adventurers, this 5% is not a small amount.

especially.

Ragnarok has been launched for more than four years now. Except for a very small number of adventurers who entered the game very late, most adventurers start at level 2000.

"It seems to be a pleasant surprise."

Lin Tianhao didn't expect to have such a gain.

If there is such a reward for each world rift repaired, does it mean that it will be easier for adventurers to upgrade later?

Think about this.

Lin Tianhao is ready to give it another try to repair the world's rift.

"Senior, please take me to the next world rift." Lin Tianhao said.

The Evil Emperor Wudao nodded gently, "There are a total of six world rifts and nineteen Dao marks in this Heavenly Palace. I will take you to see them all."

"it is good."

The Evil Emperor Wudao led the way in front, and in just a few breaths, he brought Lin Tianhao to a world rift.

Lin Tianhao stepped into the world rift. There were some residual powers in this world rift, but no other living beings or dangers.

Lin Tianhao devoured all the other powers in the world rift, then withdrew from the world rift, and the world rift began to repair itself.

This... doesn't seem to be that difficult.

"Ding, congratulations on repairing a world rift. The ten basic attributes increased by 5%, luck +50, free attribute points +500 million."

"Ding, congratulations, you have successfully repaired the world rift. We will announce it to all servers soon. Do you want to hide your name?"

really! !

There is also a similar reward for repairing this second world rift.

If so.

If he repairs all eighty-one world rifts, how much reward can he get?

Just thinking about it, Lin Tianhao couldn't help but feel a little excited.

It seems.

Killing the Nine-Leaf Fairy was truly the right decision.

If he hadn't killed the Nine-Leaf Fairy, he wouldn't have been able to get such a tempting task.

at the same time.

Lin Tianhao also realized that his understanding of Ragnarok was still not enough.

At least.

In his previous life, he had no idea that repairing the world's rifts would bring such a reward.

"no."

"Announcement to all servers, congratulations to player Xue Di for successfully repairing the world rift. All adventurers in Ragnarok will be rewarded with +5% experience points for monster hunting, quests, etc. We hereby announce this, and hope that all adventurers will keep up the good work!!"

"Announcement to all servers, congratulations to player Xue Di for successfully repairing..."

.....

This second server-wide announcement gave many adventurers a boost.

If one percent is helpful to them but not particularly obvious, the second five percent has a completely different meaning.

Because of two consecutive increases, will there be a third increase?

soon.

They will get the answer.

Because there were no major problems with the third and fourth world rifts that Lin Tianhao repaired, they were easily repaired.

therefore.

It didn't take long before they heard another server-wide announcement.

"It has been increased four times. We can now gain an additional 20% of experience points. Xue Di is too powerful."

"Didn't someone say before that Xue Di might run away? What about now? Xue Di is working hard to improve all of us adventurers."

"Indeed, these world rifts sound difficult to repair, but Xue Di repaired them one after another, and all of us adventurers benefited from it."

.....

Many adventurers were talking about it, and this helped to restore the morale which had been low recently.

After all, with the recent Ragnarok, many high-level players are striving to become gods, which makes adventurers from all over the world worried.

After all, they all know.

A high-level player of Ragnarok could defeat a hundred or even a thousand at the same time.

If all these adventurers strive to become gods, they will ascend to the realm of gods after Ragnarok merges with reality.

Blue Star left these ordinary adventurers to face the invaders from the Alate Galaxy, and the result was self-evident.

therefore.

They are under a lot of pressure.

But now.

The pressure on them has been greatly reduced.

Because, Xuedi is still here!!

nowadays.

Many adventurers already regard Xue Di as their spiritual support.

at this time.

Lin Tianhao has arrived at the fifth world rift in the Heavenly Palace.

As soon as he entered the fifth world rift, Lin Tianhao realized something was wrong.

Because he had just come in, in front of him was a towering tree.

Lin Tianhao looked up and realized that he was as small as an ant in front of this giant tree.

"who are you?"

Lin Tianhao did not act rashly, but spoke with some doubt.

At this moment.

The ground cracked, and countless tree roots emerged from the ground. The roots gathered into a human figure, and then a light flashed, and it turned into a woman in a long green leaf dress.

Her green eyes were grayish-black, her hair was black with a hint of yellow, her skin was snow-white, and there was not a single worldly air about her, as if she was a fairy who had lived in a fairy palace for a long time.

"Should I be asking you this?"

The woman in the green leafy dress spoke like a lark.

"No one has been here for a long, long time, so long that I can't even remember how long it has been. Who are you? What are you doing here?" asked the woman in the green leafy dress.

Lin Tianhao bowed and said, "I am the junior Snow Emperor. I have accepted the mission and come here to repair the world rift. I wonder if you are willing to move to another place."

Hear this.

The woman in the green leaf dress shook her head and said:

"Haven't you heard that a man who moves lives, a tree who moves dies?"

Lin Tianhao answered confidently: "I haven't heard of it."

The woman in the green leafy skirt was stunned for a moment, obviously not expecting Lin Tianhao to answer like this.

"Have you never heard of it, or do you really want to force me to death?" the woman in the green leaf dress said coldly.

Lin Tianhao shook his head and said:

"Senior, you are so powerful, how dare I force you? I am willing to choose a good place, and I hope you will help me."

"Complete?"

The woman in the green leafy dress smiled jokingly and said:

"I'm afraid I'll disappoint you. I can't do anything about it."

Lin Tianhao sighed helplessly and said:

"Senior, since you have said so much, then let's fight."

The moment Lin Tianhao finished speaking, countless roots broke out of the ground, and the sharp root tips pierced straight towards Lin Tianhao.

However, these root tips all stopped when they were less than one meter away, as if there was an invisible wall that completely blocked these root tips.

Chapter 1784 The endless power!

When the woman in the green leafy dress saw this scene, an expression of disbelief appeared on her face.

Before she could react, the roots close to Lin Tianhao began to wither rapidly.

"Ding, you are devouring an unknown creature, health recovery +500/second, health +10, free attribute points +2000."

"Ding, you are devouring unknown life..."

.....

It was indeed beyond Lin Tianhao's expectations that devouring the roots of this giant tree would bring him such a reward.

Blood recovery, this is a rare attribute

Lin Tianhao has swallowed a lot of things, but there is basically nothing that can increase his blood recovery speed.

Just as Lin Tianhao was thinking this, countless green leaves in the sky flew towards him at a high speed.

"Shhhhhh-"

The sharp and intensive sound of breaking through the air makes people's scalp tingle.

But Lin Tianhao remained unmoved and continued to devour.

"Ding, you are devouring unknown leaves, wood attribute comprehension +500, health +10, free attribute points +2000."

"Ding, you are devouring unknown leaves..."

.....

Lin Tianhao discovered.

By devouring these leaves, he gained different properties.

How much benefit would he get if he could devour this towering tree?

Lin Tianhao got a little excited just thinking about it.

The heavenly-level spatial realm is truly awesome.

It was obvious that the woman in the green leafy dress was no ordinary person, but her attacks were still unable to break through Lin Tianhao's spatial domain.

"No wonder there is a saying about the ultimate mortal. If one pursues the Tao to the extreme, even a mortal can still possess extremely terrifying combat power."

Lin Tianhao thought secretly.

Simultaneously.

Lin Tianhao was also thinking about what methods those guys from the Alate Galaxy would use to deal with him.

With the strength he has shown now, even a master like Ku Yue would find it difficult to compete with him.

To know.

Ku Yue was able to compete with him, but that was because he had the extraterritorial magic fork in his hand.

Other extreme mortals may not have weapons of the same level as the Extraterritorial Demonic Fork.

If we fight with him, the gap is quite obvious.

Lin Tianhao was not in a hurry to kill the woman in the green leaf skirt. He protected himself with the space domain blessed by the heavenly laws, and then continued to devour.

Lin Tianhao would naturally not let go of such a good target to devour easily.

The devouring was still going on. Lin Tianhao looked at the woman in the green leafy dress with a faint smile, without saying a word.

The woman in the green leafy skirt was not panicked when she saw Lin Tianhao like this, but just frowned.

After a while.

The woman in the green leafy dress finally couldn't hold on any longer. She said calmly:

"You are very powerful. I can't kill you in a short time. Let's call it a truce."

Lin Tianhao was slightly startled, then shook his head and said:

"You should know that I don't have to agree to you. You are no match for me."

The woman in the green leafy dress frowned slightly and said in a deep voice:

"You don't think that this is the limit of my methods, do you?"

Lin Tianhao smiled without comment and said:

"Even if you have other means, what can you do? Do you think you can defeat me?"

During this period of time, Lin Tianhao has witnessed the power of the heavenly-level space laws.

Even though he is only at the first level of the Heavenly Dao Level's Space Law, its strength is still somewhat frighteningly high.

"Okay, since you like playing like this, then go ahead and play. I... don't care."

"Ding, you are devouring an unknown creature, health recovery +500/second, health +10, free attribute points +2000."

"Ding, you are devouring unknown creatures..."

.....

The reminder sound continued, but Lin Tianhao remained unmoved, and neither did the woman in the green leaf dress.

But soon.

Lin Tianhao couldn't sit still anymore.

Because a whole day had passed and the woman in the green leafy dress had not changed at all, and the towering tree behind her had also not changed at all.

It was as if she had devoured the entire day and it had no effect on her at all.

then.

The next day passed.

The woman in the green leaf dress remained calm and composed, without any change.

If it weren't for the system prompt sound of swallowing in his mind and the constantly rising attributes, Lin Tianhao would even doubt whether he had successfully swallowed the other party.

How could the other party be so outrageous? !

Lin Tianhao was surprised. He had only had this feeling when he devoured the Saint Autumn Wind.

But he is a saint after all!!

Although the person in front of him is also unfathomable, the fighting power he has currently demonstrated is completely not what a saint should have.

Three days passed in a blink of an eye.

Lin Tianhao finally couldn't sit still anymore.

His time is limited and he can't waste it here forever.

If the stalemate continues, it will be very bad for him.

Although it is true that he can become stronger by swallowing continuously, compared to this, Lin Tianhao hopes to get the Heavenly Level Talent Awakening Stone.

There is still some time before Ragnarok merges with the real world.

But it didn't last long.

He can't stand this kind of exhaustion now.

"Still fighting?"

The woman in the green leafy dress seemed to notice the change in Lin Tianhao's expression, and spoke slowly.

"I said before, you are very strong and it is hard for me to defeat you, but at the same time, it is also hard for you to defeat me."

"If this stalemate continues, it will not be a good thing for you, and for me..."

"In a few months, I will leave the Milky Way World and head to the Divine Realm. I will be able to escape naturally then."

Lin Tianhao narrowed his eyes and said:

"You can leave the galactic world now and go to the divine realm."

"But... you didn't do that, so you had a purpose that made you not want to leave so soon."

That's it.

Lin Tianhao had a smile on his face.

"Even if you are devoured by me like this, you are unwilling to leave."

"Can you tell me, what on earth is it that makes you insist on staying in the Galaxy World?"

Hearing Lin Tianhao's words, the woman in the green leaf dress smiled and said:

"I don't seem to have any obligation to tell you. After all, you can't do anything to me."

Lin Tianhao remained silent, with a cold light flashing in his eyes.

"If you think so, then I can only say that you are too naive."

"Come on, let me see how much you weigh."

The words fell.

Lin Tianhao's arrows were fired from his heart and feather arrows poured out.

at the same time.

Lin Tianhao also took out the carving knife and walked towards the woman in the green leafy dress.

"Are we finally going to fight?"

"I am also very curious about how capable you, a mortal, are."

The words fell.

Countless roots completely entangled Lin Tianhao, blocking Lin Tianhao's feather arrows.

"Bang bang bang-"

There is no doubt about the power of Lin Tianhao's feather arrows. Any roots that the feather arrows hit will be shattered.

But there were still endless roots entwined around him. He could not devour them all, and the feather arrows could not completely break through them.

"This should be the power of endless life?"

At this moment.

Ned Liv's voice rang in Lin Tianhao's ears.

Chapter 1785: Fierce Battle: Chaos Hammer!

Lin Tianhao frowned slightly.

"Eternal life?"

Ned Liv nodded and said seriously:

"I have been paying close attention to your battle for the past three days. The aura of this towering tree has not faded because of the battle."

"In other words."

"Your devouring did not reduce her own strength."

Lin Tianhao's eyes narrowed slightly. No wonder the woman in the green leaf dress was so calm and composed. It turned out that his Heaven Devouring and Earth Devouring Power had no effect on her at all.

"now what?"

Lin Tianhao shot arrows from his heart with all his strength, and a large number of feather arrows shattered these roots.

According to the speed at which Lin Tianhao is crushing the roots now, it should be difficult for the woman in the green leaf dress to continue to live.

Ned Liv shook her head and said:

"I can't see the real body of this towering tree now, so I'm not sure what's going on."

Lin Tianhao chuckled, "Since you can't see it, then kill it!!"

When the words fell.

Lin Tianhao's sixteen saint visions appeared at the same time. Each saint vision contained tremendous power, tearing the roots into pieces layer by layer.

Especially the vision of fire: the Yin-Yang Burning Heaven Furnace, which ignited these roots, and the raging fire spread forward.

"Since the flames worked, let's try these."

"Dahe Diyan!!"

When Lin Tianhao raised his hand, a long river rushed out.

It looked like a long river, not like a flame.

But only after touching it do you know that this river fire has a high temperature and can melt flesh and blood.

The Great River Earth Fire was as vast as a large river, washing and burning these roots madly.

"Ice Spirit Ancient Flame!!"

"Thunder Flame!!"

"Soul Fire!!"

"Golden Fire!!"

"Ghost Fire of the Underworld!!"

.....

Lin Tianhao threw out all the flames controlled by Shenyang Jiulian in one breath.

Several kinds of flames cut through the sky. If these flames were used against other living creatures, their lethality might not be particularly great.

However, if it is aimed at wood creatures, the lethality can be greatly improved.

"boom--"

Just now.

The roots were blown away by Lin Tianhao's flames.

And at the moment when the flame broke through the roots, a dark green seed actually broke through the defense of Lin Tianhao's heavenly level space law and flew towards Lin Tianhao.

"Absolutely block!!"

At this critical moment, Lin Tianhao had no time to dodge and could only raise his hand to block.

"boom--"

After being blocked for a moment, Lin Tianhao immediately moved out using the heavenly level space law.

Because this dark green seed can break his heavenly-level spatial laws, it will definitely be able to break his absolute block.

therefore.

In this situation, he had no choice but to avoid it.

Although Lin Tianhao has a strong physique and a high health bar, he still doesn't want to be hit by this dark green seed.

Because anyone with a little common sense would know that this should be the last resort of the woman in the green leaf long skirt.

If hit by this dark green seed, even Lin Tianhao would not feel good.

however.

The moment Lin Tianhao moved out, the space behind him began to crack.

“Kacha...kacha...kacha...”

The space continued to crack, as if it would completely shatter in the next moment.

The woman in the green leafy dress appeared behind Lin Tianhao at some point.

She didn't use any massive attack.

She just raised her slender hand and placed it on the edge of Lin Tianhao's space boundary.

then.

His heavenly-level spatial realm actually began to crack.

This woman in the green leaf long skirt is indeed not simple! !

"boom--"

Just now.

Lin Tianhao's spatial realm was actually shattered.

"Realm of Fire!!"

"Yin Yang Heaven Burning Furnace!!"

Lin Tianhao opened up a new realm, and the vision of fire also smashed down in the direction of the woman in the green leafy dress.

however.

Lin Tianhao had just turned around to face the woman in the green leafy dress when he heard a sound of breaking air behind him.

Followed by.

An incredible scene happened to Lin Tianhao.

Behind him, a woman in a green leafy dress exactly like the one in front appeared.

The art of clones, this doesn't seem surprising.

But the most important thing is.

The woman in the green leafy dress raised her hand and slapped the edge of the Fire Realm.

then.....

Countless green leaves are actually absorbing the power of the Fire Realm.

If there were only a few green leaves, Lin Tianhao would naturally not be afraid.

The green leaves covered the entire Fire Realm, and in just a breath, these green leaves drained the Fire Realm's flame power.

"Wow—"

The green leaves that absorbed the power of the Fire Realm instantly burned up, creating a sea of fire that looked beautiful... and terrifying! !

The woman in the green leafy dress gave Lin Tianhao a strange smile.

Followed by.

The third one, the fourth one...

Twelve women in green leafy dresses appeared around Lin Tianhao one after another. They raised their hands and slapped Lin Tianhao's Yin-Yang Burning Heaven Furnace.

Seeing this, Lin Tianhao secretly thought that this was not good.

What do they want to do?

Could it be that he wanted to defeat the saint's vision by reversing the attributes?

"Space Lotus!!"

Lin Tianhao blocked them with a spatial phenomenon. A spatial lotus blossomed under the Yin-Yang Burning Heaven Furnace, blocking the twelve women in green leafy long skirts outside.

Lin Tianhao breathed a sigh of relief, and immediately activated the Great River Earth Flame again, using the Great River Earth Flame to wash towards the towering tree.

This should be the true identity of the woman in the green leaf dress.

As long as he could destroy this towering tree, the woman in the green leafy dress would naturally be defeated as well.

But the dense and countless roots broke out of the ground again, continuously blocking the impact of the river fire.

"Vision of Power: Chaos Hammer!!"

The huge black hammer was raised suddenly with a strong sense of oppression, and then smashed down with the force of thunder.

The space was shaking, and before the Chaos Hammer fell, its powerful force had already caused the ground to sink.

Countless roots shot up into the sky, trying to block the Chaos Hammer that was smashing down from the sky.

These roots intertwined and entangled in the air, finally forming a huge root shield.

The Chaos Hammer fell down violently as if it was falling from the sky.

"boom--"

With a loud bang, a powerful shock wave spread out instantly.

The turbid air in the cracks of this world was dispersed by this terrifying shock wave.

To be precise.

It's not just the turbid air, but also the air and some other forces floating between heaven and earth.

The shock wave instantly turned the area within dozens of miles around the collision center into a vacuum zone.

The shield was shattered into pieces, but Lin Tianhao refused to give in and controlled the Chaos Hammer to drop it again.

At this moment.

Three women in long green leaf skirts flew up into the sky, their arms transformed into countless roots that wrapped around the Chaos Hammer.

They also knew that it would be difficult to withstand the powerful destructive power of the Chaos Hammer by blocking it head-on.

therefore.

They directly wrapped their roots around the Chaos Hammer, not giving it the chance to accumulate power and smash it down.

"Open it!!"

Chapter 1786: Forcing the giant tree away!

Lin Tianhao used all his strength to activate the Chaos Hammer, a phenomenon of force that was famous for its strength.

Under Lin Tianhao's full force, the roots entangled with the Chaos Hammer began to crack and break.

But the three women in green leafy dresses continued to release roots, and soon they entangled the Chaos Hammer into a race.

"Arrows shoot from the heart!!"

Lin Tianhao's feather arrows poured out, and the feather arrows of the Heavenly Punishment Lock locked onto the twelve women in green leafy long skirts one by one.

at the same time.

Lin Tianhao once again activated the saint's vision.

"Poison Vision: Full House!!"

With Lin Tianhao as the center, everything in the world began to be dyed red.

It was as if a red sticky liquid covered the sky and the ground.

The red color spread towards the towering trees at a speed visible to the naked eye.

On top of the towering trees.

Countless green leaves gathered together and condensed into a huge fan.

As the fan was waved, the sky and the earth changed color, and a fierce wind swept in, as if it was going to blow Lin Tianhao away.

The green leaves of the towering tree seemed to think that Lin Tianhao's Mantanghong was a gas, and wanted to use this method to blow it away.

But it thought it was too simple.

Lin Tianhao's Mantanghong is not a gas, but a special [domain].

A domain that is different from the conventional domain.

Although the wind was fierce, it was completely unable to blow away the poison in the hall.

However, a huge green leaf fan has already been formed, and this towering tree does not seem ready to stop. It flaps even more wildly, and the wind is getting stronger and stronger.

Lin Tianhao frowned slightly. This strong wind was blessed with divine power. With his current state, he was actually a little unstable.

"Vision of the Wind: Destroy the Eye of the Wind!!"

A huge eye of the annihilation storm appeared behind Lin Tianhao.

The wind of annihilation was not violent, but wherever it passed, the strong winds generated by the waving of the green leaf fans actually annihilated everything.

Moreover, this wind of annihilation was still attacking the towering trees.

This towering tree seemed to have no more means, and its endless roots broke out of the ground, trying to block Lin Tianhao's Full House and Wind of Annihilation.

As soon as the roots of Mantanghong came into contact, they began to wither at a speed visible to the naked eye.

The effect of the Wind of Annihilation was equally good. When it blew on these roots, they quickly decayed and then... turned into ashes and flew between heaven and earth.

"Your methods seem a bit simple." Lin Tianhao said lightly.

Hear this.

The twelve women in green leafy long skirts all looked unhappy.

One of the women in the green leafy dress couldn't help but say:

"Not everyone is like you, a freak."

"I have many methods, very, very many..."

That's it.

The woman in the green leaf dress sighed heavily.

"It's a pity that I don't have many ways to block your attacks."

Lin Tianhao's attack level is too high. It is really a pipe dream to try to block these attacks of Lin Tianhao with ordinary means.

"but....."

"It's hard for you to kill me in a short time, so why do you have to do this?"

"If we continue to fight like this, you won't get any benefit. I can't hold on any longer. I can choose to forcibly ascend to the divine realm. You will get nothing."

Lin Tianhao smiled slightly and said:

"How about this, as long as you join my Mortal Palace, I will give you the position of elder, and we won't fight anymore."

If you can fool as many people as you can, then do it. No matter if it works or not, just try to fool them first.

This towering tree grows in the cracks of this world, and may not know much about Ragnarok.

in this way.

She most likely didn't know the rule of absolute loyalty in the Fan Palace.

"My roots have long since spread to the land of Shenzhou. I also know some of the things going on in Shenzhou. Do you think I will still join your Mortal Palace?"

Lin Tianhao narrowed his eyes and said:

"Since you refuse, I have no choice."

Hear this.

The woman in the green leaf dress said seriously:

"My leaving the world rift will not affect your completion of the mission. This is a good thing for both of us."

"Keep fighting. How much time can you waste here?"

Lin Tianhao stared coldly at the woman in the green leafy dress.

"Then tell me, why do you have to stay in the Galaxy World?"

"There are only a few months left. What can you gain from these few months?"

According to the Lord of Qingtianyuan, in more than six months, all the gods will ascend to the divine realm.

What reason is there that would warrant such a powerful god to stay?

Hearing Lin Tianhao's words, the woman in the green leafy dress frowned and did not respond.

See this scene.

Lin Tianhao spread his hands and said:

"Since you don't want to talk, then fight me!!"

"Thunder Vision: Nine Heavens Immortal Thunder Lord!!"

A huge phantom surrounded by thunder appeared, and when he raised his hand, he attracted thousands of divine thunders.

Countless divine thunders descended from the sky and headed towards the towering trees.

The woman in the green leafy dress had a slightly changed expression. While urging her roots to block it, she continued:

"What I'm going to do in the Galaxy World has no impact on you, so why bother forcing me?"

Lin Tianhao said coldly:

"Since what you are going to do has no impact on us, why can't you tell us?"

"Or does it have an impact on us?!"

The woman in the green leafy dress shook her head, "The secret cannot be revealed."

"Then fight!!"

Lin Tianhao's answer was still simple.

"Soul Vision: Nine Souls and Nine Spirits Suppress the Nine Provinces!!"

"Ice Vision: Mysterious Rain of Ice Soul!!"

“Heavenly Divine Thunder!!”

The woman in the green leafy dress was right about one thing.

That is.

He couldn't bear to continue like this.

and so.

Let's make it quick!!

The woman in the green leafy dress looked extremely grim when she saw the divine thunder gathering in the sky.

She can feel it.

The divine thunder gathered above the sky at this time was countless times more powerful than the thunder unleashed by Lin Tianhao's thunder vision.

If Lin Tianhao's other saintly visions could hurt her, then... this divine thunder of heaven could really threaten her life.

"Ugh....."

The woman in the green leaf dress sighed heavily.

"Xuedi, why are you doing this?!"

"You provoke karma like this, and one day, you will be bitten by this karma!!"

The words fell.

Twelve women in green leafy dresses merged into one.

Then a green light descended from the sky, and the towering trees in front of them began to disappear.

Lin Tianhao knows.

The other party is ascending to the divine realm.

Lin Tianhao did not stop it, because with the recovery ability of this towering giant tree, it would be difficult for the Heavenly Thunder to kill it.

After a few breaths, the towering tree disappeared.

Looking at the place where the towering tree disappeared, Lin Tianhao frowned.

Because this towering tree chose to ascend to the divine realm, it did not tell him why it had to stay in the galactic world for the last few months.

They were even willing to fight a great battle with him rather than leave the Galaxy World.

This is wrong, extremely wrong!!

Chapter 1787 Half-month results!

However, this towering tree has already left, so it is difficult for him to know.

The top priority now is to repair the world's rifts.

After the towering tree left, the rest of the things became much simpler.

Not long after.

The crack in this world was repaired by Lin Tianhao.

"Ding, congratulations on repairing a world rift. The ten basic attributes increased by 5%, luck +50, free attribute points +500 million."

"Ding, congratulations, you have successfully repaired the world rift. We will announce it to all servers soon. Do you want to hide your name?"

"no."

"Announcement to all servers, congratulations to player Xue Di for successfully repairing the world rift. All adventurers in Ragnarok will be rewarded with +5% experience points for monster hunting, quests, etc. We hereby announce this, and hope that all adventurers will keep up the good work!!"

"Announcement to all servers, congratulations to player Xue Di for successfully repairing..."

.....

After repairing this world rift, there is still one last world rift left in this heavenly palace that needs to be repaired by Lin Tianhao.

This last world rift was repaired smoothly by Lin Tianhao in just a few minutes.

All six world rifts in the Heavenly Palace have been repaired.

There are still nineteen traces left.

Lin Tianhao has not repaired the Dao Mark yet, and he is not sure about the difficulty of repairing this Dao Mark.

"Come on, I'll take you to where the Dao Mark is."

The Evil Emperor Wudao didn't waste any words and led the way directly.

Not long after.

Lin Tianhao and the Evil Emperor Wudao appeared in front of a slope.

"There are seven Dao marks under this earth slope. It is the place with the most Dao marks in the Heavenly Palace." said the Evil Emperor Wudao.

As Lin Tianhao waved his hand, the power of the Earth Realm was exerted, and the earth slope in front of him was moved away in an instant.

As the earth slope moved away, Lin Tianhao saw seven sword marks appearing below the original earth slope.

Cracks began to appear in the space around the sword mark, and then were slowly torn apart.

Subsequently.

The space began to heal slowly, then was torn apart again, and healed again, over and over again.

"This scar has been destroying this world. Although the world has the ability to repair itself, it will continue to consume the power of the galaxy world."

Lin Tianhao narrowed his eyes slightly, and began to swallow the sky and devour the earth.

"Ding, you are devouring unknown sword marks, sword comprehension +1000, armor +1000, free attribute points +1000."

"Ding, you are devouring the unknown sword marks..."

.....

A strange smile appeared on Lin Tianhao's face.

This mark seemed to be tailor-made for him.

Because if these Dao marks were not swallowing up the sky and the earth, it would be very difficult to erase them using other methods.

However, the existence that can swallow the sky and devour the earth can solve these Dao marks very easily.

Not only that.

While solving these Dao marks, Lin Tianhao can also strengthen himself.

If the remaining Dao traces are like this, then it will be much easier for him to complete the task of defeating the Evil Emperor Wudao.

"Ding, congratulations on repairing a world mark. The ten basic attributes increased by 1%, luck +10, free attribute points +100 million."

"Ding, congratulations, you have successfully repaired the world's Dao scar. We will soon announce it to all servers. Do you want to hide your name?"

"no."

"Announcement to all servers, congratulations to player Xue Di for successfully repairing the world's Dao scar. All adventurers in Ragnarok will be rewarded with +1% experience points for monster hunting, quests, etc. We hereby announce this, and hope that all adventurers will keep up the good work!!"

"Announcement to all servers, congratulations to player Xue Di for successfully repairing..."

.....

Repairing Dao Scars can also provide attribute bonuses and allow everyone in the server to gain extra experience points.

However, this value is obviously too low.

The world rift is 5%, and the world trace is only 1%.

But this doesn't matter to Lin Tianhao.

After all, these are all free gifts.

Not long after.

As Lin Tianhao swallowed it, the remaining Dao marks were also swallowed up.

Server-wide announcements continued to sound.

Although it's just to gain extra experience points.

But it still makes many adventurers very excited.

Now Lin Tianhao is able to allow everyone in the server to gain an additional 37% experience points.

That is to say.

It will take them one-third less time to upgrade.

In this case, they can use that one-third of their time to do something else.

But soon.

They will know.

The increase that Lin Tianhao brought to them was far more than one third.

The server-wide announcement is still ongoing.

The nineteen world traces in the Heavenly Palace did not cause any major trouble to Lin Tianhao.

Everything was completed smoothly.

After solving the world rifts and Dao marks in the Heavenly Palace, the Evil Emperor Wudao then took Lin Tianhao to continue searching for world rifts.

The first thing to do is definitely to start from the nearby land of China.

In just one day, Lin Tianhao repaired fifteen world cracks.

This progress is not particularly fast.

The main thing is that among the fifteen world rifts, seven have living beings, and three of them are resisting stubbornly.

Therefore, it will inevitably take some more time.

On this day, fifteen world rifts were repaired. The successive server-wide announcements were constantly washing the minds of the Ragnarok adventurers.

Extra experience points means a higher level.

A higher level means higher level equipment and tasks, and the improvements that can be brought about are still enormous.

For the next half month, there was a constant stream of announcements from the entire server.

Under the leadership of the Evil Emperor Wudao, Lin Tianhao repaired the cracks and traces of the world everywhere.

Lin Tianhao's ten attributes of sacrifice are constantly improving.

The luck value is also constantly rising.

As for free attribute points.

The free attribute points nowadays are not that important to Lin Tianhao.

During this half month, Lin Tianhao repaired fifty-eight world rifts and two hundred and eighty-nine world traces.

Including the twenty-one world rifts that were repaired before, Lin Tianhao has now repaired a total of seventy-nine world rifts, with only two world rifts left to be repaired.

As for why there are still two world rifts that have not been repaired, it is mainly because there are things in these two world rifts that are a bit tricky for Lin Tianhao to deal with, so he has no choice but to start with the world traces first.

In the process of repairing the world's Dao marks, Lin Tianhao also encountered some obstacles.

The main reason is that some races or forces regard the World Dao Mark as a gift from God to them, or as a treasure to protect their clan.

Because many of these Dao marks contain the power of Dao.

Observing these traces of the Tao can help them attain enlightenment.

but.

Lin Tianhao's name, Snow Emperor, has a huge influence in China.

Most people did not resist much, and the few who resisted compromised after seeing Lin Tianhao's saintly vision.

There are also a very small number of people who are tired of the world and hope that Lin Tianhao will send them to paradise to pursue a better life.

Chapter 1788 The soul seed in the fat man's body!

The overall process of repairing the Dao Marks went smoothly. Together with the 19 Dao Marks repaired previously, Lin Tianhao has now repaired 308 Dao Marks.

Sunset Town, Zuixian Tower.

Lin Tianhao still has some feelings for this place. The reason he came here is because a secret realm appeared outside Sunset Town.

of course.

This secret realm was not Lin Tianhao's target, but it attracted many adventurers.

The fat guy is also here.

Lin Tianhao came here just to see how the fat man was doing.

The soul seed has been planted, but Lin Tianhao doesn't know whether Fatty can withstand it.

And this soul seed, can he deal with it?

"Brother Hao, what do you want to talk to me about?" The fat man was also a little surprised.

He is very clear.

If there is nothing particularly important, Lin Tianhao generally will not take the initiative to look for him.

"Someone has planted a soul seed in your body." Lin Tianhao spoke slowly.

"Come back to the Fan Palace with me. I'll ask some friends to help you."

The fat man seemed to know that he had been planted with a soul seed. He sighed helplessly and said:

"Brother Hao, I know that too, but that soul seed disappeared without a trace after entering my body. No matter how hard I searched, I couldn't find any trace of it."

Lin Tianhao raised his hand and placed it on the fat man, activating his spiritual sense and Fiery Eyes and Golden Pupils at the same time.

Trying to find out what's special inside the fat man's body.

The result was just as the fat man said, he did not find anything abnormal in the fat man's body.

wrong.

There are still exceptions.

A black hole actually appeared in the fat man's dantian.

"What's going on with the black hole in your dantian?" Lin Tianhao asked.

The fat man grinned, looking quite proud.

"The final reward for a series of tasks. This is a super magical power. After practicing it, I can absorb and exhale the energy of heaven and earth, allowing me to recover quickly."

Lin Tianhao raised his eyebrows slightly, a faint smile appeared on his face, and he said slowly:

"That's not bad."

"It's more than good."

The fat man explained excitedly:

"This black hole is like a mobile fountain. It's outrageous. The maximum amount of health it restores per second can reach my level multiplied by 10 million."

"I am now over level 13,500, and my HP can be restored to over 130 billion per second!!"

"As long as this black hole is here, I am basically invincible. Of course, you are an exception, Hao. I definitely can't compare to you."

Lin Tianhao was also a little surprised, "Not interrupted by attacks?"

In Ragnarok, most recovery methods will be interrupted or their health recovery will be greatly reduced when being attacked.

Most of them rely on healing, bloodsucking and other means to quickly recover health in battle.

"It definitely won't be interrupted. If it could be interrupted by an attack, then what kind of super power would this be?"

"With this magical power, I am an all-around warrior with high attack, high defense, high health, and high blood recovery."

"The attributes I have now only need to be added to my attack speed and movement speed."

Looking at the fat man's endless excitement, it seems that he is not worried at all about the soul seed being planted in his body.

"You are really careless. The matter of soul seeds is no trivial matter." Lin Tianhao said.

The fat man waved his hand and said:

"So what if it's a big deal? I can't even find the soul seed now, what can I do?"

"Also, I've checked it out. Soul seeds are like bargaining chips used by old monsters to take over other people's bodies. As long as my mind is strong enough, they won't be able to take over my body."

Lin Tianhao raised his eyebrows slightly. This fat guy...

He didn't know what to say for a moment.

"You'd better come with me. I'll find someone to help you."

Lin Tianhao's fighting ability is extremely strong, and the level of his soul law is not low either.

But Lin Tianhao knew too little about these things.

"alright."

The fat guy doesn't talk nonsense either.

He also knew that Lin Tianhao did this for himself.

Fandian.

Lin Tianhao found Jiang Ziya, Shen Gongbao and Jin Wuzui.

None of the three of them have reached the level of a saint, so they are still staying in the Mortal Palace.

"Snow Emperor."

"You came to see me, but do you have any instructions?" Shen Gongbao asked.

Lin Tianhao nodded slightly, pointed at the fat man beside him, and said:

"My friend has had his soul seed planted by someone from the Pangu clan. I would like to ask a few seniors to help."

"Pangu clan?"

"Soul seed?"

After hearing what Lin Tianhao said, the three of them did not refuse and started to circle around the fat man.

After turning around, Monk Wuzui took the lead and put his hand on the fat man's shoulder.

After a while.

The innocent monk said in a deep voice:

"It's hidden so deep that if I weren't so experienced, I probably wouldn't have found it."

Hear this.

Lin Tianhao immediately said:

"I wonder if you have any solution?"

Jin Wuzui shook his head and said:

"Xue Di, you think too highly of me. The level of this soul seed should be at least at the Saint level, and the one who planted the soul seed is at the Eternal level."

"Under this circumstance, do you think I can deal with this soul seed?"

That's it.

Jin Wuzui said somewhat impolitely:

"It's just me. If it were anyone else, I'm afraid few people below the level of a saint would be able to discover the existence of this soul seed."

"If you don't believe me, let them try it."

Shen Gongbao smiled helplessly and said:

"Xue Di, Lao Jin didn't lie to you, because Lao Jin is good at this."

In addition, Lao Jin was once just one step away from becoming a saint, and in terms of realm and strength, he is far superior to us.

Lin Tianhao nodded.

"Senior Jin, you can't solve it, but do you know anyone or any method that can solve it?"

Jin Wuzui nodded, "There are many ways to deal with soul seeds, including devouring them, killing them, and transferring them."

"But it's impossible to kill or transfer the soul seed in your friend's body, because it can't be found at all."

"Only your friend can devour you."

That's it.

Jin Wuzui paused for a moment before continuing:

"But the problem is, the soul seed is at the saint level, maybe even at the heavenly saint level. How can your friend devour it?"

"The essence of this soul is too high, and your friend's soul is too low."

Lin Tianhao frowned. This situation was more difficult than he had imagined.

"Is there no other way?"

"Yes, ask the strong people from the Eternal Realm for help." Jin Wuzui said.

Lin Tianhao: "..."

The old master of Fan Palace, Bai Linfeng, is a powerful person in the realm of eternity.

But now Bai Linfeng has left the Galaxy world.

"When will this soul seed explode?" Lin Tianhao asked.

"This is uncertain, because if your friend's soul power is strong, the time for the soul seed to explode will be extended. On the contrary, if your friend's soul power is weak, the time for the soul seed to explode will be shortened."

"According to my observation, your friend's soul power is okay among mortals, but it is far from the soul species itself."

"If there is no change, in half a year to a year, the soul seed will explode."

Chapter 1789 The last 4 marks!

Lin Tianhao's eyes narrowed slightly.

Half a year! !

Half a year later, Ragnarok has yet to merge with reality.

As for a year later...

During the ten-year defense war, only mortals are allowed to participate, and the path to becoming a god will be cut off.

From a certain perspective, this is somewhat unsolvable.

unless.

He can drag!!

It took ten years!!

To be precise, it was delayed until the end of the Battle of the Galaxy.

"Xue Di, if you must save your friend, there are two other ways," Jin Wuzui said.

Hear this.

Lin Tianhao's eyes lit up and he asked:

"what way?"

"First, enlightenment, the law of the origin of the soul reaches the realm of Tao, at least the realm of Tao, or the law of the soul reaches the realm of the Great Dao."

When Lin Tianhao heard Jin Wuzui's words, he was stunned.

Whether it is the soul origin law reaching the Tao realm, or the soul law reaching the Dao realm, it is not an easy task.

"Or maybe, the Dark Law has no chance of reaching these two levels." Jin Wuzui said.

Lin Tianhao hesitated for a moment, "Is there another way?"

This first method is feasible, but it is still difficult to achieve in the short term.

But it does have strong feasibility.

Because when Lin Tianhao enlightens others, he can also gain enlightenment.

"What about the second method?" Lin Tianhao asked.

"The second method is to drag it out until the Galaxy World Defense War is over. By then, with your strength, Xue Di, you can ask the strong men from the Eternal Realm to take action. That is not impossible."

Lin Tianhao nodded slightly. He had thought about the second method.

"alright."

"Three seniors, I have a method that can help you improve your attributes. I wonder if you are willing to give it a try."

"Don't worry, there won't be any side effects."

Hearing Lin Tianhao's words, the three of them looked at each other and nodded in agreement.

Lin Tianhao enlightened them.

Next.

Lin Tianhao plans to set aside some places every day to enlighten some top NPCs in Ragnarok.

Because of enlightening adventurers, Lin Tianhao found that it was not cost-effective.

In the past few days, most of the top adventurers have been enlightened, and those who continue to be enlightened now are also the elites among the adventurers.

However, the attribute bonuses that these adventurers can bring to Lin Tianhao are no longer enough.

"bring it on."

Lin Tianhao used the Heavenly Dao to enlighten the three of them.

After being enlightened, they felt the changes in their own attributes and couldn't help but show excitement on their faces.

"I am sorry to bother you three seniors. If you have nothing else to do, I will take my leave first."

Lin Tianhao took the fat man away and sent him back to Sunset Town.

"Fatty, you also know your current situation. I still have a task to complete. You also have to hurry up and improve your own soul power as much as possible."

"I understand." The fat man nodded heavily.

Lin Tianhao stopped talking nonsense, turned around and left, found the Evil Emperor Wudao, and asked the Evil Emperor Wudao to take him to continue repairing the Dao Mark.

As for the two more difficult world rifts, Lin Tianhao plans to solve them all first.

Devouring the power in these Dao marks allowed Lin Tianhao to gain the understanding of the corresponding Dao, which made it easier and faster for Lin Tianhao to realize the Dao.

Especially when the Dao realm impacts the Heavenly Dao realm, the difficulty increases a lot.

In the absence of a time and space cultivation pagoda, Lin Tianhao could only improve his understanding as much as possible.

"Ding, you devoured the unknown trace, fire attribute understanding +2000, magic resistance +2000, free attribute points +2000."

"Ding, you swallowed the unknown trace..."

.....

Lin Tianhao swallowed all the way, surprisingly smoothly.

Originally, according to Lin Tianhao's estimation, he wondered whether those guys from the Alate Galaxy would come out to stop him.

But the result was absolutely nothing.

It's possible that these guys from the Arlate Galaxy have given up on targeting him during Ragnarok.

After all, they had targeted Lin Tianhao many times before, but failed every time.

"There are 355 Dao Marks left. There are only 14 Dao Marks left. 369 Dao Marks will be swallowed up completely."

Lin Tianhao had a smile on his face.

It seemed as if the dawn of victory was already waving at him.

"The remaining fourteen Dao marks are in one place."

The evil emperor's words made Lin Tianhao even more excited.

Because if the remaining fourteen Dao marks were in one place, then he could save some time.

now.

For Lin Tianhao, what he lacks most is time.

"Let's go."

The Evil Emperor Wudao didn't say any nonsense along the way.

He also knew that Lin Tianhao was short on time, so he took Lin Tianhao to the destination as quickly as possible.

"here....."

Lin Tianhao's expression changed slightly. Although he had not yet reached his destination, Lin Tianhao couldn't help but frown.

This is the Devil's Sea!!

Lin Tianhao had been to the Devil's Sea before and knew a little about it.

But the Devil's Sea at this time is completely different from the previous Devil's Sea.

There are a lot of monsters here!!

These monsters have occupied many islands around the Devil's Sea, although they have not yet entered the outer areas.

But the scale of these guys is not small at all.

And according to Lin Tianhao's observation, the levels and grades of these monsters are not low. Basically, there are no ones above level 2,000, and the grades all start from silver.

When Lin Tianhao and the Evil Emperor Wudao arrived here, these monsters all looked up at them.

No monster attacked rashly, but being stared at by so many people at the same time still made Lin Tianhao feel uncomfortable.

"Shen Gongbao filled the Demon Cave. Now Shen Gongbao has gone to the Mortal Palace. The door of the Demon Cave is wide open, and these monsters from the Demon Realm are starting to come out."

Ned Liv's somewhat solemn voice sounded.

"The saint can no longer take action, but Shen Gongbao has not returned here. I'm afraid he intentionally released these monsters." Lin Tianhao said.

"The emergence of so many monsters will increase the pressure on the already devastating Galaxy World."

Ned Lev was still a little worried.

Lin Tianhao smiled without comment and said:

"That's not necessarily the case."

"These monsters may be a threat, or they may be our experience packs."

It is rare to see so many high-level and high-quality experience packs.

"Is the person coming Snow Queen?"

At this moment.

A monster covered in black scales flew up.

He is very unique, with no face, no nose, no eyes, a big head, and no nails.

His entire body was covered in inky black scales.

Every inch of skin is covered with scales.

"Are you coming out of the devil's cave to start a war?" Lin Tianhao asked coldly.

Hear this.

The scaly monster waved his hands repeatedly, "Master Xuedi has misunderstood. We also know that those guys from the Alite Galaxy are going to attack our galaxy world."

Chapter 1790 The candle is still young!

Lin Tianhao narrowed his eyes slightly and said nothing.

The monster covered in scales continued:

"Although we are all monsters, we are also living beings in the galaxy. The galaxy is facing such a crisis, so we should unite and deal with those guys in the Alite Galaxy."

Lin Tianhao stared at the scaly monster. He had no face and no eyes.

Lin Tianhao tried to judge whether he was lying by looking at the changes in his facial expression and eyes, but it was difficult to succeed.

"Lord Snow Emperor, our Demon Lord has also heard of your great name for a long time. Our Demon Realm army is willing to follow Lord Snow Emperor."

"Let's fight against those guys in the Arlet Galaxy together!!"

Lin Tianhao did not respond that he did not know much about these monsters.

therefore.

Lin Tianhao, I don't dare to completely believe what this monster said.

"Your Lord Demon is very thoughtful. I wonder where your Lord Demon is. Can I meet him?"

Lin Tianhao thought there might be a trick, but with his current fighting strength, he was not afraid even if there was a trick.

As for this so-called Demon Lord's false surrender, is he actually trying to stab them in the back when they are fighting with the army of the Alate galaxy?

Lin Tianhao is not afraid because if the Demon Lord is really willing to surrender, then the high-level monsters must join the Mortal Palace.

"Lord Snow Emperor, Lord Demon Lord is still in the Demon Cave. Lord Snow Emperor, you can follow me into the Demon Cave."

The scaly monster spoke in a very respectful tone.

Lin Tianhao was wondering whether these monsters in the cave would have any way to deal with him.

But after thinking about it, Lin Tianhao decided to go.

Without him.

Because the Evil Emperor Wudao had already told him that the remaining fourteen Dao marks were all in this demon cave.

and so.

Lin Tianhao no longer had any choice; he had to go to this devil's cave.

"Let's go."

Lin Tianhao has never been into the devil's cave here, and he doesn't know what the real devil's cave looks like.

"Master Xuedi, follow me."

The scaly monster led the way.

"Those guys in the Alet Galaxy are really abominable. They actually want to attack the Milky Way World. They really don't take the many lives in our Milky Way World seriously."

"We monsters are of high level and grade, and our combat power is naturally stronger than that of professionals of the same level and grade."

"If the gods don't take action, the combat power that we monsters can exert is immeasurable."

.....

The scaly monsters were constantly instilling the power of their monsters, and were also telling Lin Tianhao.

If these monsters took part in the battle to defend the galaxy, they would play a huge role.

Although his tone was very respectful and sincere, Lin Tianhao's suspicion increased a bit.

Lin Tianhao still felt that.

Have these monsters reached an agreement with those guys in the Alate galaxy?

During this period of time when Lin Tianhao was repairing the world rifts and these Dao marks, those guys from the Alate Galaxy did not take any action.

Lin Tianhao would never believe that they had a change of heart.

therefore.

The biggest possibility is that they are planning something big.

After all, they have been dealing with each other for several years.

Over the past few years, those guys in the Aleta Galaxy should have gotten to know him a little bit.

They should know that ordinary means cannot deal with him.

Since we are holding back a big move, where is this big move?

The answer seems obvious now.

The answer should be in the devil's cave.

Fourteen Dao marks are concentrated in the devil's cave.

Then he arrived at the Devil's Sea and encountered so many monsters.

The monster, which was supposed to be extremely vicious, actually said it wanted to cooperate with him right from the start.

No matter how you look at it, this is problematic.

"The Lord Demon said that he knows you."

"He also said that you would doubt whether entering the Demon Cave was a trap. He said that if you doubt it, you can let me join the Fan Palace first. With the blessing of the Fan Palace's absolute loyalty, you will be able to trust me."

Lin Tianhao stared at the scaly monster with a complicated expression.

finally.

He still took out a disciple token of the Fan Palace.

indeed.

He was suspicious.

"Are you willing to join the Fan Palace?" Lin Tianhao asked.

"willing."

The scaly monster took the disciple token from Lin Tianhao without hesitation.

Under the influence of the power of rules, the scaly monster did not resist, so in just a breath, the scaly monster bowed to Lin Tianhao.

"Master Demon Lord has not cooperated with the people of the Alete Galaxy. Master Palace Master can rest assured about this."

"I am not sure about the specific purpose of the Demon Lord's search for the Palace Master, but I don't think he has any bad intentions, because I know that the masters under the Demon Lord have all been dispersed."

Lin Tianhao frowned. This didn't seem to be any useful information.

It doesn't matter anyway.

Even if the devil's cave is a den of dragons and tigers, he will still try to break in.

Enter the devil's cave.

Everything went smoothly. In just a few minutes, Lin Tianhao saw the so-called Demon Lord in a dark palace.

This demon lord looks exactly like a human being, and overall he looks like an old man in his eighties or nineties.

Although he looked very old, the power he exuded in his every move gave Lin Tianhao an invisible sense of oppression.

"You are more talented than me, no wonder there was such guidance from the unknown."

The Demon Lord's eyes were kind and gentle, and he didn't look like a big devil at all.

"You said you knew me, but I don't know you." Lin Tianhao said.

The Demon Lord smiled and said:

"I know you, but it's just me. Didn't Ambition tell you why he appeared at the door of your sister's operating room?"

Hear this.

Lin Tianhao showed a little surprise on his face.

"You are the Demon Lord, so it's not surprising that you have the means to steal other people's interests."

"Are you trying to say that that was your guidance?"

"Correct."

The Demon Lord nodded and said, "I am also from Blue Star, but I was born a hundred years earlier than you."

"To be more direct, I'm also an adventurer. If you don't believe me, add me as a friend."

Add... add a friend!!

Lin Tianhao subconsciously took a step back! !

If he knew that the ambitious Taoist priest appeared at the hospital door to save his sister through other means, then this... how to explain this.

Add friends! !

This is an act that can only occur between adventurers.

"You should block adding friends. Why don't you add me? My name is: Canzhu Bu Nian Shao."

Lin Tianhao took a deep breath, tried his best to calm himself down, and chose to add Canzhubuniansha as a friend.

Added successfully.

Subsequently.

Canzhu, who was not young, opened the video call to Lin Tianhao.

Lin Tianhao answered the video call, and the face of the Demon Lord appeared on the other side of the video.

He also raised his hand and waved to Lin Tianhao.

Lin Tianhao took a deep breath. Record in advance? Cooperate in acting?
