

O games 1811

Chapter 1811 The potential crisis of the Heart Demon Ancient City!

Lin Tianhao nodded slightly. It was indeed difficult to increase soul power.

He had previously obtained the Purple Spirit Fruit in the Dragon Cave, which could increase his soul power by 10 million at one time.

Later, he subdued the soul fire and increased his soul power.

The Purple Spirit Divine Fruit can only be found by chance but not by seeking.

Besides.

It is the Soul Jade Crystal of the Heart Demon Ancient City. Lin Tianhao has already conquered the Heart Demon Ancient City, so he can get the Soul Jade Crystal from the Heart Demon Ancient City.

The Soul Jade Crystal Mine in the Heart Demon Ancient City can produce one hundred Soul Jade Crystals a month, which is not a lot.

At least.

It was still a bit difficult for Lin Tianhao to use this to solve the problems of the fat man and the man with glasses.

Besides.

There is also the Soul-Catching Rope that he obtained in the Nine Netherworlds. That thing is a first-grade artifact. When worn, it can increase the soul power by 30 million. The increase is there, but it seems not enough.

In the Nine Netherworld, he also obtained the Ghost Messenger Order and the Soul Orb, which can increase soul power, but the values are still not high.

Besides.

There is also the city of Wanglai.

however.

Given the things Lin Tianhao had done in Wanglai City in the past, it was unknown whether it would be appropriate for him to enter Wanglai City again or how much benefit he could get from it.

As of now, if there is no other way, the soul jade crystals produced in the Heart Demon Ancient City are the fastest way to increase soul power.

"Kui Wei Changtian, let me take you to level up first, and by the way, we'll go to the Heart Demon Ancient City."

Although Kui Wei Changtian now possesses super-god-level mechanical materials, the level is not high enough to proceed to the eleventh level.

Thinking like this.

Lin Tianhao teamed up with Kui Weichangtian, and then nine experience points were allocated to him and one to himself.

Then we use remote headlock to kill these high-level monsters in the no-man's land.

The number of high-level wild monsters in this no-man's land is even greater than Lin Tianhao had imagined. The only pity is that there are not many monsters above level 10,000.

Under the current circumstances, the easiest way to upgrade is to go to the sea.

However, Lin Tianhao has the protection of the starry sky and has set up ten statues in the sea.

These statues can automatically attack enemy units within a million kilometers radius.

Naturally, it can also help Kui Wei Changtian upgrade.

"Sir, you don't have to bring me along. You can go do your own thing. I can kill monsters pretty efficiently on my own."

Kui Wei Changtian knew very well that time was running out.

There are so many things Lin Tianhao needs to do.

Lin Tianhao nodded gently, "Okay, if you have any questions, please contact me as soon as possible."

After separating from Kui Wei Changtian, Lin Tianhao's eyes lit up.

Because his Space Dao has reached the second level of Heavenly Dao Realm!!

This is also a milestone progress.

Next, Lin Tianhao was also thinking about what choice to make.

Continue to improve the way of space?

To comprehend a law to its extreme?

Or should we spread out and comprehend other ways?

Or... comprehend the way of the sword?

The inheritance of the Evil Sword Immortal is still somewhat useful, at least its level is higher than that of the Heavenly Punishment Lock.

However, according to Lin Tianhao's current estimation, there is still some gap between the inheritance of the Evil Sword Immortal and the spatial laws of the Heavenly Dao Realm.

at the same time.

Lin Tianhao was still devouring the bronze fragments.

"Ding, you are devouring unknown metal, comprehension +10000, magic resistance +20000, armor +20000, free attribute points +20000."

"Ding, you are devouring unknown metal..."

.....

No one knew what this ancient bronze coffin was. Lin Tianhao swallowed it all the way, and now he had just finished swallowing the first piece of bronze fragment.

Swallowing increases comprehension, which is very good for Lin Tianhao.

finally.

Lin Tianhao still decided to fight to the death against the laws of space.

If the laws of space can be improved and the visions of the way of heaven can be comprehended subsequently, this will be stronger than many visions of saints.

Moreover, among many attributes, the spatial attribute can be considered to be extremely powerful.

He has improved the laws of space, which will be of endless use in the future.

The ancient city of inner demons.

Lin Tianhao came here again.

Today, the ancient city of Heart Demon is in good order.

Lin Tianhao went straight to Baili Qianrou and told her his purpose.

Baili Qianrou did not hesitate and gave all the soul jade crystals in her hand to Lin Tianhao.

"My Lord, these are the soul jade crystals that I have accumulated over time. There are a total of 4,365 of them."

Lin Tianhao's eyes lit up. This was more than he had expected.

But Lin Tianhao didn't ask any more questions.

"Thank you for your hard work." Lin Tianhao said.

Baili Qianrou smiled and shook her head:

"This is all my job."

"Also, those guys from the Alet Galaxy came to me. They have also set their sights on this place, but I rejected them before. Judging from their appearance, they should be preparing to take action on the Soul Jade Crystal Mine."

Lin Tianhao frowned slightly. He didn't know the answer to this question because he hadn't come here yet.

"A few days ago, there were several adventurers who had become gods wandering outside the Heart Demon Ancient City. Although they did not take action, I could sense hostility from them."

"According to my estimation, they should be planning something. They didn't take any action because they were concerned about your presence, sir."

Lin Tianhao frowned slightly. This was indeed a trouble.

It seems that those guys in the Aleta Galaxy are indeed cultivating gods.

But it takes time for them to cultivate gods.

The number of gods they have cultivated now is not enough, so a large-scale war has not yet broken out.

Once the number of gods they cultivate reaches a certain scale, they will begin to destroy at all costs.

Because... adventurers can be resurrected.

This was originally the amulet for Lin Tianhao and his group, but now it has become the amulet for those guys who have defected to the Alate galaxy.

They became gods under the cultivation of the Aleta Galaxy, and then caused destruction at all costs.

Because for them, even if they encounter fierce adventurers and are killed, they can still be resurrected.

After resurrection, they are still gods and can continue to attack other adventurers.

Or maybe.

Similar to what Baili Qianrou said, they might launch attacks on these important resource locations, destroy important resource points, or destroy territories, barracks and other buildings in advance.

By then.

After Ragnarok merges with reality, their combat effectiveness will inevitably be greatly reduced.

This is a dead end, and it's a dead end that's not easy to target.

Because of the resurrection mechanism, these gods are the most disgusting at this stage.

Take back your thoughts.

Lin Tianhao found the fat man with the Soul Jade Crystal and prepared to give the Soul Jade Crystal to the fat man.

As for glasses.

Can't get in touch with you again.

This seems to have become a routine operation for the glasses, with frequent loss of connection.

"Brother Hao, it's a bit of a waste for you to give us these things."

"I've already inquired about it. The situation between me and Glasses cannot be solved by increasing soul power."

"You should use these soul jade crystals."

Chapter 1812 The Fatty Refuses!

Lin Tianhao frowned and shook his head, "I know that the enhancement of your soul power is of little use, but it can delay time."

"What we lack most now is time. If we have time, everything can be solved easily."

The fat man hesitated slightly and said:

"But what we lack most now is time!"

"How long can we delay this by giving these things to us? One month? Or three months? It's not enough."

"The Battle for the Galaxy World War is ten years. It's impossible to drag it out for ten years."

Lin Tianhao wanted to say something, but the fat man grinned.

"So, Hao, there's no need to lose sight of the big picture. We're all fine."

"Many people will die in the ten-year battle to defend the galaxy. If we are really possessed, replacing our bodies with a powerful soul may be of greater help to you."

Lin Tianhao's face darkened and he scolded: "What nonsense are you talking about!!"

"You are my brothers. I will save you no matter what the outcome."

"Woman's kindness!!"

The fat man's voice also rose a few notches.

"Brother Hao, you're not usually like this."

"You should know the importance of this matter. Instead of wasting so many resources to help us, it's better for you to fight on your own."

"The hope of the galaxy world rests on you."

Lin Tianhao wanted to say something, but the fat man said firmly:

"Brother Hao, even if you give it to me, I won't use it."

The fat man was very determined and unwilling to make any concessions.

Lin Tianhao's eyes narrowed slightly, and a solemn look appeared on his face.

He could feel that the fat man was really determined.

No matter what he said, the fat man still wouldn't accept it.

The fat man walked up and patted Lin Tianhao on the shoulder, smiling and said:

"Brother Hao, don't be so pessimistic. Glasses and I are not without a chance."

"After all, our bodies are ours. As long as our will is strong enough, there is still a glimmer of hope."

Lin Tianhao smiled helplessly, "Wouldn't it be better if you could improve your soul power a little bit more?"

"Things like willpower have little to do with soul power."

"Brother Hao, don't worry about it. Life and death are determined by fate, and wealth and honor are determined by God. This defense battle itself will cause many deaths, and we will not be in vain."

Lin Tianhao hesitated to speak, and finally said helplessly: "You are quite open-minded."

"Aren't you afraid of death?"

"Afraid!!"

"But in just these few years, I have reached a peak that I never thought possible. I am already luckier than many, many people."

"I will do my best to maintain my consciousness and kill as many bastards as possible from the Alete Galaxy."

"I didn't participate in the Dragon Country Defense War, but I must participate in the Blue Star Defense War now. I... also want to be a hero."

Lin Tianhao nodded heavily and said very seriously:

"Okay, hero!!"

"I'm optimistic about you!!"

Lin Tianhao turned and left, feeling extremely complicated.

If the fat man doesn't accept his help, he probably won't be able to hold on for long.

After separating from the fat man, Lin Tianhao prepared to continue devouring the fragments of the ancient bronze coffin.

At the same time, Lin Tianhao still wanted to consider how to use the Heavenly Level Talent Awakening Stone.

This thing is crucial.

Whether his talent can be further awakened can have completely different meanings for Lin Tianhao.

Just now.

Lin Tianhao saw countless meteorites falling from the sky not far away and smashing towards a small town.

See this scene.

Lin Tianhao's eyes narrowed slightly, and he took a step forward and arrived above the small town.

"Boom boom——"

As Lin Tianhao's domain expanded, these meteorites crashed into the domain and turned into powder.

"Run... can you run?!"

Lin Tianhao's eyes were filled with anger, because behind these meteorites, there was an adventurer! !

An adventurer who has become a god!!

No need to think about it.

They should be the adventurers who became gods with the support of those guys in the Alete galaxy.

"Come back!!"

Lin Tianhao raised his hand and grabbed in the air, and the return path of the void was moved. In an instant, he caught back the adventurer spirit that had already left.

"Snow Emperor!!"

After this adventurer god was captured by Lin Tianhao, a playful smile appeared on his face.

"Xuedi, you can kill us or chop us up, it's all up to you. We can all be resurrected, you can't do anything to us."

Lin Tianhao smiled jokingly and said:

"Is this the reason why you are so reckless?"

Hear this.

The adventurer spirit shook his head and said:

"Are we being reckless?"

"Compared to you, Xue Di, what do we do count for?"

Lin Tianhao spoke indifferently and said:

"You think I can't do anything to you? But I want to tell you today that you are wrong."

"It is true that you are gods, and you can indeed ascend to the realm of gods after Ragnarok merges with reality."

"But for a first-level god, even if he ascends to the divine realm, the chances of him surviving are not very high."

"Level 1?"

The adventurer spirit sneered, "Snow Emperor, don't threaten us like this, it's useless!!"

"You can kill me back to level one, but can you kill us all back to level one?"

Looking at the arrogant guy in front of him, Lin Tianhao directly used space confinement to bring him back to the mortal palace.

Fandian.

With Lin Tianhao's invincible domain, even gods must kneel under Lin Tianhao's invincible domain! !

"Imprison him here!!"

Lin Tianhao specially set aside a piece of open space, and then let his clone control the invincible domain to suppress this deity.

of course.

Lin Tianhao's target is not just this one god, but all the gods who have joined the Alate galaxy.

"Blade, give me the coordinates of the gods in the Alete galaxy. I want to capture them all."

Lin Tianhao sent a message to Mad Blade.

Aren't these adventurers who have taken refuge in the Alite Galaxy crazy?

Don't they like to stir up trouble?

So!!

Lin Tianhao let them know that there is a price to pay for causing trouble.

"It's not that easy to find their location, but we currently have more and more names on the list. As long as you, Boss Xuedi, kill them remotely and they revive at the resurrection altar, we will be able to locate them."

talking.

Mad Blade sent another list to Lin Tianhao.

Previously, they had found it too difficult to deal with these gods from the Aleta galaxy.

Even though they cultivated some gods, it still didn't have much effect.

Because as an adventurer, being able to be resurrected is a flaw.

"Boss Xuedi, from what you said, can you imprison them?"

"Yeah." Lin Tianhao nodded.

With his current strength, coupled with his invincible domain, it is easy for him to imprison these low-level gods who have become gods.

Next.

Lin Tianhao wrote his name on the eleven books of life and death, and then locked them.

Chapter 1813 Imprisoning the Gods!

at the same time.

Lin Tianhao also released tasks for the entire server.

"All-server mission: All adventurers in Ragnarok, if they find a god who has taken refuge in the Alete galaxy, they can provide his name or coordinates. Those who provide accurate information will receive a free attribute point reward ranging from a minimum of 2,000 to a maximum of 1 million!!"

"All-server mission..."

.....

After the first server-wide mission was completed, Lin Tianhao released the second server-wide mission.

"All-server mission: All adventurers in Ragnarok, if they discover any creatures from the Alate galaxy, they can provide their names or coordinates. Those with accurate information will receive a free attribute point reward ranging from a minimum of 2,000 to a maximum of 1 million!!"

"All-server mission..."

.....

The second server-wide mission is the same. Based on this second server-wide mission, Lin Tianhao wants to target those guys from Alate.

We can't let them cause trouble!!

at the same time.

Lin Tianhao started to lock his head, and then Berserker Blade provided the resurrection coordinates, and he went over and used space confinement to capture Fan Dian back.

Just like that, it was done in one go. Soon, more than 500 gods on the list of Berserker Blade who were supported by the Alate Galaxy were all imprisoned in the square of the Fan Temple.

Many of them tried to resist, but in the invincible realm, and with Lin Tianhao's clone also having the strength of Lin Tianhao himself, it was naturally easy to suppress these gods.

And Lin Tianhao's server-wide mission also took effect at this time.

Under Lin Tianhao's server-wide mission, many people have already provided lists.

even.....

Lin Tianhao suspected that some adventurers who had already defected to the Alite galaxy were secretly providing the list.

Because in just one day, Lin Tianhao received a list of more than three hundred adventurers for his server-wide mission.

There is also a list of more than ten Arlate galaxies, and it also includes the four god-making dens in the Arlate galaxy.

This harvest was somewhat unexpected to Lin Tianhao.

He thought of many possibilities, but he never expected that these adventurers who had already defected to the Alate Galaxy would actually turn against him.

but.

Whatever their reasons for submitting the list as a task, the end result is good.

Lin Tianhao spent a day to eliminate four god-making dens and arrested more than three hundred adventurer gods.

Besides.

Twenty-two of the scum from the Alete galaxy were also killed by Lin Tianhao.

In addition to the dozen or so people on the list, there are new discoveries in these god-making dens.

at this time.

In the square of the Fan Temple, more than nine hundred gods have been imprisoned here.

Looking at these gods, Lin Tianhao had a cold light in his eyes.

"Xue Di, we are all from the Dragon Country. We took refuge in the Alite Galaxy just to survive."

"It's been a ten-year defense war, and it's almost impossible for us middle and lower-level adventurers to survive."

"If you want to survive, you have to become a god."

Lin Tianhao's eyes were cold and he said nothing.

"Yes, Xuedi."

"We are just trying to survive, what have we done wrong?!"

"You are very powerful and fearless. With your strength, even if you lose the final battle to defend the Alet Galaxy, you will be able to escape unscathed!!"

"But we are different. If we fail, we will die and there will be no recovery."

"Let us go, we can promise not to work for those guys in the Alete Galaxy anymore."

Lin Tianhao remained silent, his eyes sweeping over them.

After a while.

It was the Berserker Blade next to Lin Tianhao who spoke:

"Tell me the names of the guys in the Arlate Galaxy, and tell me everything you know about the Arlate Galaxy."

"This is your chance to redeem yourself from your crimes, don't be ungrateful!" Mad Fighter Blade scolded.

These gods looked at each other in bewilderment.

"Can we detain them separately next time?" Mad Blade looked at Lin Tianhao.

he knows.

There may be people here who want to betray the people of the Alata Galaxy, but they can't say it here.

"Let them all add you as a friend." Lin Tianhao said.

Berserker Blade slapped his head and said, "Why didn't I think of that?"

"Now, everyone add me as your friend. If you don't, just wait until you return to level 1 and lose all your equipment."

The expressions of the more than nine hundred gods were somewhat grim, but they could still accept it if it was just to be added as a friend.

Although they had already guessed the purpose of Mad Blade and Lin Tianhao's actions.

But for them, no matter what Lin Tianhao does, they have no control over it.

however.

Just at this time.

Berserker Blade seemed to have received some news, and his face instantly darkened.

Seeing his expression, Lin Tianhao's face darkened slightly, and he immediately asked, "What's going on?"

Berserker Blade did not speak, but sent a message to Lin Tianhao.

Obviously.

Berserker Blade didn't want these gods in front of him to know what had just happened.

"Japan has held hostage more than 19,000 people from our Dragon Country who are traveling, working, or studying in Japan, and they are demanding that we release the arrested gods, otherwise they will choose to fight us to the death."

When Lin Tianhao saw the message sent by Berserker Blade, his expression suddenly changed.

Are these guys in Japan crazy? ! !

What benefits did those guys from the Alet Galaxy promise them?

If they had attacked Zhongfen Country before, it was just a test, but now they are directly holding people from Long Country hostage, which is playing with fire.

"We already have a list of these gods, so it's not impossible to release them." Lin Tianhao replied.

As long as the issue with Japan is resolved, he can capture these gods back at any time.

After all, the lock of the Book of Life and Death is not something that these gods who have refined their divine nature can withstand.

"Well, the chief is communicating with Japan face to face. This time, I'm afraid they're going to fight."

"We have been waiting for an opportunity, but because of our former status as a great power, it has not been convenient for us to take action."

"But now that Japan is courting death, it's not our fault."

Hearing what Berserker Blade said.

Lin Tianhao knew it instantly.

The higher-ups must have wanted to take action against Japan a long time ago, but they just never had a suitable reason.

Now this may be an opportunity.

"Just wait and see, they won't be able to jump around for long." said Berserker Blade.

Lin Tianhao frowned. Lin Tianhao had no doubt that Long Kingdom could easily control Japan.

What Lin Tianhao really couldn't understand was what benefits the Alate Galaxy promised Japan.

Lin Tianhao could actually understand why these adventurers chose to join the Alate galaxy.

The resurrection wit, coupled with the fusion of Ragnarok and reality, will force you to ascend to the realm of gods.

With the support of these two factors, they chose to take refuge in the Alate Galaxy, which was actually a chance for themselves to survive.

But what about Japan?

He is offline! !

Chapter 1814 Go and capture Xue Di!

Offline, there are coordinates.

The Dragon Kingdom can easily destroy the Japanese Kingdom.

Even for the other two superpowers on Blue Planet, it would be very easy to destroy Japan.

unless.....

It's not just Japan that has defected to the Alate Galaxy, there's also... the United States!!

Or... those guys from Earth World!!

To put it more directly, that is...

The one who defected to the Alate Galaxy is most likely Lord Shi.

After all, the country and power controlled by Lord Shi are large enough, and only Lord Shi would dare to do things so unscrupulously.

But if it really is Lord Shi, then I will undoubtedly be adding insult to injury for the entire galaxy world.

"Have you investigated clearly why Japan did this?" Lin Tianhao asked.

Berserker Blade shook his head and said seriously, "I don't know for now."

"But it seems that the higher-ups have spoken to the top leaders of the United States, and the top leaders of the United States responded that it was Japan's behavior, and they didn't know either."

"Also, the United States previously published an article criticizing Japan's attack on the country of Nakafu."

Lin Tianhao took a deep breath and said:

"Now we can only take one step at a time."

Lin Tianhao knows.

The top leaders of Dragon Country are basically people-oriented.

The Dragon Kingdom will not easily give up on these more than 19,000 people.

As for what Longguo will do, Lin Tianhao still doesn't know.

"Let's see the outcome of this matter. If necessary, we can let them leave temporarily." Lin Tianhao said.

"Ah."

Mad Blade nodded slightly, then sent another message to Lin Tianhao.

"We have obtained some useful clues. Shall we take action?"

When Lin Tianhao saw this message, he immediately knew what the clue was.

Just now Lin Tianhao asked Berserker Blade to add these adventurers who had defected to the Alite Galaxy.

Now there are clues.

Obviously.

Among these adventurers who have taken refuge in the Alate galaxy, there are still people who are willing to provide clues to Lin Tianhao and his team.

"action!!"

Lin Tianhao will definitely not hesitate.

"This time, we got more than a hundred names, the names of seven Alite star systems, and three god-making dens." Mad War Blade sent a message.

Lin Tianhao showed a look of satisfaction on his face.

"Okay, then act."

Anyway, the negotiations are still going on, so he should do what he should do first.

As for the rest, we will discuss it after the negotiations above have a result.

Thinking like this.

Lin Tianhao used the same method as before and started to lock the head.

"Ding, congratulations, you have successfully killed Gu Limu Xuanyan, and you will be rewarded with +5000 free attribute points."

"Ding, congratulations, you have successfully killed Gu Limu Xuanyan. We will announce it to all servers soon. Do you want to hide your name?"

"no!!"

"Announcement to all servers, congratulations to player Xue Di for successfully killing Gu Li Mu-Xuan Yan. We hereby announce this and hope all adventurers will keep up the good work!!"

"All-server announcement..."

.....

"Ding, congratulations, you have successfully killed Gu Limu Xuanlong, and you will be rewarded with +5000 free attribute points."

"Ding, congratulations, you have successfully killed Gu Limu Xuanlong. We will announce it to all servers soon. Do you want to hide your name?"

"no!!"

"Announcement to all servers, congratulations to player Xue Di for successfully killing Gu Li Mu Xuan Long. We hereby announce this and hope all adventurers will keep up the good work!!"

"All-server announcement..."

.....

Lin Tianhao continued to kill these guys from the Alete galaxy, and notifications from the entire server continued to appear.

At this moment.

In a dark underground palace, a tall middle-aged man with an extremely sinister face appeared.

He said nothing, just sat there quietly, but he frightened the dozen or so men under him.

What happened recently was too much of a loss for them.

"Sure enough, these pariahs in the Galaxy World are unreliable. We used threats and inducements, but they still betrayed them easily."

The woman next to the tall middle-aged man spoke with some annoyance.

"Sir, I suggest that you send out all the gods under your command to directly and indiscriminately attack the territories established by those damned untouchables."

"These territories are the key to their future resistance against us. As long as we destroy these territories, it will be much easier for us to deal with them later."

Obviously.

The woman knew that her boss was very angry and could only try to change the subject.

"What bullshit!!"

The tall middle-aged man shouted angrily:

"come over!!"

Hearing this, the woman moved closer with some fear.

"Kneel down!!"

The woman understood what he meant and immediately knelt down and crawled under the table.

The tall middle-aged man reacted, and the sinister look on his face eased a little, and then he slowly spoke.

"You are all capable men who have followed me for many years. It is not a good idea for Xue Di to continue like this."

"I'm giving you a task now."

Hear this.

The dozen or so people under his command immediately said respectfully:

"Please give me your orders, sir. I will go through fire and water without hesitation."

The tall middle-aged man hummed comfortably, and the woman then stepped out from under the table.

As he stood up, he wiped the corners of his mouth.

"Please tell me what you want, sir. If there is anything you want, we will definitely do it for you."

The tall middle-aged man nodded with satisfaction, "You don't have to go out on the field. I have other things to arrange for you tonight."

The woman's pretty face blushed slightly and she bowed in response.

"You guys, make some arrangements and capture Xue Di tonight." said the tall middle-aged man.

He had just said this.

The dozen or so people present looked at each other in bewilderment.

They...they went to capture Xue Di???

"Is there a problem?"

The tall middle-aged man glanced over them.

"Don't make it difficult. The Snow Queen can imprison the gods we cultivated, so why can't we imprison the Snow Queen?"

This.....

"Sir... given the strength of the Snow Emperor, we should... imprison him, right..."

Finally, someone brave enough to speak up. Can you take this task?

If they could imprison the Snow Emperor, there wouldn't be any need to go through so many twists and turns.

If we just capture Xue Di, wouldn't everyone be happy?

"I think it's not impossible to imprison the Snow Emperor."

At this moment.

A childish voice rang out.

Followed by.

In the hall, a strange child with a hideous face but less than one meter tall appeared.

Saw someone coming.

The tall middle-aged man sitting in the main seat immediately stood up and trotted over respectfully.

"Father, why did you come here in person?"

"If you have anything to say, you can just report it. Why bother..."

"Snapped--"

Before the tall middle-aged man could finish his words, the young child slapped him in the face from a distance, sending him flying.

"idiot!!"

"How could I have a son as stupid as you?!"

"If you hadn't been schemed against by that old woman before and couldn't have children now, I would have sent you back to school to be retrained long ago!!"

Chapter 1815 Goodbye Lord Shi!

Hearing his father's angry voice, the tall middle-aged man was timid and didn't dare to speak.

"Alright, you let these good-for-nothings under your command go and capture Xue Di? Are you crazy, or do you think they really have the ability to do that?"

"Don't you know the strength of the Snow Emperor?"

The tall middle-aged man opened his mouth and said awkwardly:

"I know, but even if we try our best, we can't do anything to Xue Di. But we can't just do nothing."

"What's more, we can just wait a few months until the main force arrives. No matter how powerful the Snow Emperor is, she won't be able to make any progress. We just need to slightly slow down the development of the other adventurers."

The strange child shook his head and said:

"If we do it, the credit will be ours. Snow Emperor is a trouble, but also a great achievement."

"We are the vanguard and have the best chance of taking the credit for this achievement."

"This..." The tall middle-aged man hesitated to speak.

"Father, we..."

"Hmph, look at what you have accomplished!!" the strange child scolded.

"Our strength is indeed insufficient, but don't you know that we represent the Alet Galaxy?"

"What we are doing now represents the Alata Galaxy, so naturally there will be people who want to cooperate with us."

Hear this.

The tall middle-aged man was still a little confused.

"Even if someone in the Galaxy World is willing to help us, it is unlikely to imprison the Snow Emperor."

"If the Saint doesn't come out, with the Snow Queen's current strength..."

"You don't necessarily have to be at the level of a saint, just having the strength of a saint is enough."

A smile appeared on the strange child's face, and his eyes looked towards the palace entrance.

At the palace gate, a woman in gorgeous clothes walked over.

If Lin Tianhao were here, he would be able to recognize that this person was none other than Ku Yue.

"mortal?"

Feeling the breath of the person coming, the tall middle-aged man couldn't help but frowned.

As soon as he finished speaking, an invisible pressure fell on him.

"thump--"

Under this pressure, the tall middle-aged man knelt down without even a second of resistance.

"Hmph, do you think everyone is a good-for-nothing like you?" the strange child snorted coldly.

Ku Yue glanced at everyone present and said slowly:

"I agree to help you deal with the Snow Emperor, but I also need you to have the strength to match."

"If you are all at this level, then I think it's better to forget it."

Ku Yue's voice was cold and clear, and he seemed ready to turn around and leave at any moment.

The strange child said quickly:

"Senior Ku Yue, our Alet Galaxy naturally cannot send out such useless people. They are only responsible for supporting the gods and causing destruction."

"There is someone else targeting the Snow Empress. Senior Ku Yue, please follow me."

.....

at this time.

Lin Tianhao came to the Earth Star World and found Gui Ye Wuqing from the Earth Star World.

Now, these adventurous gods who defected to the Alate galaxy have basically been captured.

Next.

Lin Tianhao needs to investigate carefully to find out what is going on in Japan.

"Xuedi, I heard about what happened in Japan. I also asked my father and others, and the conclusion is that it has nothing to do with us."

Gui Ye Wuqing naturally knew the purpose of Lin Tianhao finding her this time.

"As for Lord Shi's lineage, we have also investigated it, and there is no definite information yet. However... your existence has affected Lord Shi's lineage's status on Blue Star."

"Especially after the fusion of Ragnarok and reality, your existence will greatly reduce the status of Lord Shi's lineage. It is not ruled out that they will cause trouble."

Lin Tianhao looked solemn.

"That's what I'm most worried about."

If the actions of Japan were instigated by Lord Shi, then things would be very troublesome.

"However, my father analyzed that the probability of Lord Shi Zun taking action is very low, because they are invaders from the Alet Galaxy, and Lord Shi Zun is unlikely to pin his hopes on them."

"Although you are powerful, Xuedi, if the defense of Blue Star is over, you will definitely choose to leave the Galaxy World."

"Therefore, the status of Lord Shi's lineage on Blue Star may be impacted, but it won't be devastating."

Lin Tianhao thought for a moment, then said:

"Okay, it looks like I still have to go meet Lord Shi in person."

Lin Tianhao had added Lord Shi as a friend before, but because they had little interaction, the two had almost no contact on a daily basis.

and.

If something like this happened, it would be somewhat inappropriate for Lin Tianhao to ask directly.

But given the current situation, Lin Tianhao couldn't care less.

If Lord Shi really defected to the Alate Galaxy, he would still have to persuade him if he could.

Lin Tianhao opened his friend list and found Luo Qinyun.

This is the famous Lord Shi.

"Can we chat?" Lin Tianhao sent a message directly.

Luo Qinyun quickly replied to Lin Tianhao's message and sent a coordinate directly.

Lin Tianhao used the Starry Sky Step and appeared directly at the coordinates sent by Luo Qinyun.

At this time, Luo Qinyun was refining the crystal. When she saw Lin Tianhao coming, she immediately opened her eyes.

"Are you here for the Japanese matter?" Luo Qinyun asked straight to the point.

Lin Tianhao nodded slightly and said:

"Indeed, at this critical juncture, if a war really breaks out offline, it will be devastating to the entire galaxy."

Luo Qinyun stared at Lin Tianhao for a moment, hesitating slightly:

"I got some news, it's probably true. Do you want to hear it?"

"Of course." Lin Tianhao replied.

"What Japan has done recently was premeditated. However, it wasn't Japan that planned it, it was your Dragon Country that planned it."

Lin Tianhao was slightly startled, "What do you mean?"

"The scars that Japan once left on your Dragon Nation are something that many people in your Dragon Nation will never forget."

"Although you advocate peace, those who have had their entire families, villages, and wives and daughters raped by Japan don't think so."

"For them, the world can be at peace, but Japan must be destroyed."

Hearing what Luo Qinyun said, Lin Tianhao frowned.

"You mean, we in Dragon Country will direct and perform this drama ourselves?"

"It's not a self-directed or self-acted operation, but rather a group of people who spent decades and a lot of manpower and material resources to infiltrate Japan."

"Then... they created this conflict to give Longguo a logical reason to destroy Waguo."

Lin Tianhao was silent. If what Luo Qinyun said was true, then this seemed to be the best outcome of this matter.

As for those who infiltrated Japan and deliberately provoked conflicts, it didn't matter to Lin Tianhao. The worst that could happen was that Japan would be destroyed.

Chapter 1816: Feud!

Lin Tianhao himself is not a good man, and he is a person who will avenge himself.

Japan deserves death for what it has done.

As for these people, they provoked war and destroyed the peace between the two countries.

Lin Tianhao just wanted to say, peace is your uncle! !

When those bastards attacked Dragon Kingdom, didn't they think about peace?

When they were doing evil things on the land of Dragon Kingdom, didn't they think about peace?

"If Long Country really fights with Japan, what will you do?" Lin Tianhao asked.

"You guys settle the feud, I won't get involved."

That's it.

Luo Qinyun shook her head and laughed:

"It's impossible for us to participate. If we get involved, it will be a world war. I guess we won't even need those guys from the Alite Galaxy to get involved. We will destroy the Blue Planet ourselves."

"What's more, if we really cause trouble and cause Blue Star to merge into the Land of Eternal Doom, you will definitely destroy us as soon as Ragnarok merges with Blue Star."

Lin Tianhao smiled without comment and said:

"I hope what you said is true."

"Your reaction is similar to what I thought. You seem to agree with the destruction of Japan."

"If not?"

"I am not qualified to forgive them on behalf of the countless compatriots they have killed."

"What I can do is to help my country and avenge my compatriots who were killed by them!!"

Luo Qinyun hesitated for a moment, then said:

"I know you have the Godhead in your hands, can you give us some?"

"You should be able to become a god." Lin Tianhao asked.

"Could it be that you still want to leave with your family?"

"I do want to send a few important people away, but I don't plan to leave."

"I want to join forces with you."

"Join forces?"

"Didn't we agree to join forces in the previous meeting?"

"As long as your determination to deal with the Arlet Galaxy remains unchanged, we will be allies."

Lord Shi smiled and nodded, saying:

"Do you have any suggestions? For example, how should we fight this defense battle?"

"Opinion?"

Lin Tianhao thought for a moment and said:

"Don't limit your focus to Blue Star. This defense war is a defense war for the galaxy. If the war has already spread to Blue Star, it is estimated that the defense war is almost over."

"So, we need to set up defenses on other planets in the galaxy." Luo Qinyun said with some surprise.

"good."

"You will know later. Developing the territory well and building barracks will be the foundation."

"Top-notch combat power is also indispensable, but it is something you can only encounter by chance."

Luo Qinyun nodded, "I roughly understand."

"Also, Ragnarok is so big and Blue Star is so small, how will the two merge by then?"

Lin Tianhao thought of his previous life. The way Ragnarok and Blue Star merged in his previous life was not that the continents were directly connected.

"It's not a continental connection, but a space rift."

"There will be many space cracks on the blue planet. Through these space cracks, you can enter and exit Ragnarok."

"Blue Planet will also undergo some changes. The planet will become more massive, normal beasts will mutate, and so on."

Luo Qinyun nodded, "If that's the case, the main battlefield will still be in Ragnarok?"

"I guess so, but not necessarily. We can also extend the battle line and prevent them from entering Ragnarok."

In the previous life, the battle line was not extended because the overall combat effectiveness of the adventurers was not particularly high, and they did not have the foundation to extend the battle line.

"There are strong people in the Alete galaxy, but not all of them are strong. They are differentiated by race, and there are also differences in combat power between them."

Luo Qinyun nodded, "Okay."

"Knowing some information will be much more useful for what we are going to do later."

Lin Tianhao smiled and said, "Let's contact each other when we have time."

The information that Luo Qinyun told him today should not be passed on to others.

It all depends on what the top management will do next.

After returning to the Mortal Palace, Mad Blade brought Lin Tianhao a very explosive news.

That is.....

The top leaders of Longguo took action.

Special forces were dispatched to carry out landing operations. The battle went extremely smoothly and in less than three hours, the Japanese capital was taken control.

This result.

Lin Tianhao was dumbfounded. This... was too fast! !

"Now the large army has surrounded Japan. It is estimated that before dawn tomorrow, the entire territory of Japan will be occupied."

When Berserker Blade said this, he was extremely excited.

Perhaps any Dragon citizen would be extremely excited when hearing such news.

however.

Lin Tianhao's excitement didn't last long, as the ground suddenly shook violently.

Followed by.

Lin Tianhao saw a mushroom cloud rising in the distance.

It's a technological weapon!!

Lin Tianhao's eyes narrowed slightly. This was one problem after another.

Now that the fusion of Ragnarok and reality is getting closer and closer, these guys in the Alete Galaxy are causing trouble more and more frequently.

Taking a step forward, Lin Tianhao appeared at the place where the explosion had just occurred.

Lin Tianhao had just landed when a golden protective shield suddenly rose up around the sky and earth, covering Lin Tianhao.

Deliberate!!

Make some noise to lure him over.

These guys finally couldn't sit still anymore and were ready to take action against him?

"Snow Emperor."

A hideous, weird-looking child stepped out.

He stared at Lin Tianhao with a sinister look and said:

"You said you have such a great talent, why don't you go to the God's Domain to develop? Why do you have to go against us?"

Lin Tianhao's eyes narrowed slightly. He couldn't see any information about this strange child, but since he dared to come to him now, he must be somewhat confident.

"You want to invade my home, so? Should I give my home to you?" Lin Tianhao asked.

The strange child laughed grimly, "This is the general trend."

That's it.

The strange child waved his hand and said:

"I know you won't change your mind. I'm not coming here to ask you to change anything."

"Then what are you here for? To gain experience points?" Lin Tianhao asked back.

"Give me experience points?"

The strange child sneered, "We are here to deal with you, of course."

Lin Tianhao didn't waste any time and just shot the arrow from his heart.

This trick is no longer effective against real masters.

But it can effectively consume the enemy's strength.

after all.

Even if you can block the feather arrows of his Heavenly Punishment Lock, it will still consume energy.

The results were not beyond Lin Tianhao's expectations.

That is, the feather arrow of the Heavenly Punishment Lock hovered in the air after approaching the strange child.

Subsequently.

The strange child snapped his fingers, and then all of Lin Tianhao's feather arrows shattered.

"What? Are you still using these feather arrows? Don't you have any new tricks?"

Chapter 1817: Fight with Ku Yue again!

Lin Tianhao smiled and said:

"You want to see new moves, right? Then try my new moves!!"

The words fell.

Lin Tianhao raised his hand and the Heavenly Thunder appeared! !

I don't know how you will respond to my ultimate move!!

"Space Confinement!!"

"Swallow the sky and the earth!!"

Lin Tianhao gave it his all every time he made a move.

This strange child must be extraordinary to be able to attack him.

The sooner the Heavenly Thunder is used, the sooner it will cool down.

"Ding, you are devouring an unknown life, health +20, magic resistance +2000, armor +2000, free attribute points +2000."

"Ding, you are devouring unknown creatures..."

.....

Unfortunately.

I can't see the other person's name, otherwise, with the damage of Lin Tianhao's eleven books of life and death, if he locked one person at the same time, most people could be killed.

"If you can bear it, you can survive. If you can't bear it, you will die."

At this moment.

A voice that Lin Tianhao was somewhat familiar with sounded.

"Withered Moon?"

Lin Tianhao raised his eyes and looked over.

"You really are haunting."

"You ran away last time, why are you here again this time?"

Ku Yue smiled faintly and said:

"You can't blame me for this. If you want to blame someone, blame those guys in the Alete Galaxy for giving too much."

Lin Tianhao smiled playfully and said:

"You have to be alive to get it, right?"

"boom--"

Above the sky, thunderclouds rolled, and a bolt of lightning as thick as a bucket fell from the sky.

The strange child held up a gray slab of stone in his palm and raised it above his head. Above the stone slab, a large number of gray-white arms stretched out.

These gray-white arms exuded a strange aura, and gray-white air currents flew out from these arms and coiled around the thunders.

however.

The speed of the divine thunder from heaven did not slow down at all, and it passed through the stone tablet and hit the strange child accurately.

The strange child's health bar dropped by more than 40%.

And above the sky, the second thunder was about to fall.

"boom--"

When the second divine thunder fell, fear was revealed in the strange child's eyes.

"Senior, save me."

Ku Yue frowned, she clasped her hands together, and a green light rose from the strange child's body.

The strange child's health was restored to 90%! !

After all, Ku Yue is an ultimate mortal, and his strength is comparable to that of a saint. His method of recovering blood is still quite terrifying.

and.

Lin Tianhao could see that Ku Yue was not giving his all.

If Ku Yue puts his all, he can probably restore the strange child's health to full in an instant.

Lin Tianhao possesses the laws of life, wood, and water.

These rules can help others recover quickly.

Similarly, it can also help you recover blood quickly.

"have a finger in the pie!!"

A spatial phenomenon appeared behind Lin Tianhao.

"Space Lotus!!"

The space lotus of the second level of the Heavenly Dao Realm rippled out, as if it could completely crush this world.

“Becoming stronger again!!”

A solemn look appeared on Ku Yue's face. She moved and appeared beside Lin Tianhao.

But Lin Tianhao was not afraid at all, the space around him exploded instantly! !

This is also the method that Lin Tianhao learned in Tongtian River civilization not long ago.

Using a black hole to protect oneself is a bit like taking advantage of the world's rules.

The space exploded and black holes appeared one after another. These black holes had extremely strong destructive power.

and.

Under normal circumstances, the attack would be sucked away by the black hole. It would be almost impossible to cross the black hole and attack Lin Tianhao.

therefore.

Using a black hole as a defense, if you resist it you will be hurt by the black hole, and if you attack it will be absorbed by the black hole. This method is somewhat shameless.

However, Ku Yue had rich combat experience. When she noticed that Lin Tianhao wanted to use the black hole to stop her, she had already returned to the strange child, ready to help the strange child recover his blood.

Lin Tianhao's eyes narrowed slightly, and his absolute determination was released slowly, followed by his absolute stance.

He had to delay Ku Yue as much as possible. If that didn't work, he could also use the power of incense and merit.

The speed dropped suddenly, Ku Yue frowned slightly, and an unparalleled powerful force burst out from his body in an instant.

The absolute slowness was actually a little too much to hold on to. With a loud bang, Ku Yue actually broke Lin Tianhao's absolute slowness.

But in the moment when she broke Lin Tianhao's absolute slowness, Lin Tianhao had already arrived in front of Ku Yue with a carving knife in his hand.

With the golden body of merit protecting him, Lin Tianhao, like last time, turned on the workaholic mode and fought to the death.

Ku Yue's expression changed slightly. He naturally knew the purpose of Lin Tianhao's doing this, which was to delay her and then kill the strange child.

"Help!!"

Ku Yue let out a low roar. Facing Lin Tianhao's rogue style of play, she had no choice but to take out the extraterritorial magic fork to fight against Lin Tianhao.

Judging from the amount of damage that the first divine thunder from heaven had just caused to this strange child.

The remaining divine thunder of heaven is enough to kill the strange child.

"It's okay. I won't die."

The strange child said very confidently.

Lin Tianhao did not comment. He naturally knew why the strange child said that.

Because he has the resurrection coin.

Of course, there may be other means.

But for Lin Tianhao, it doesn't matter.

Anyway, he has been unable to find a way to continue improving recently. For him, it is the best thing that these people are willing to come out and fight with him.

In a fight, who is afraid of who?

Lin Tianhao ignored everything and started to attack Ku Yue frantically.

Ku Yue had no choice but to fight Lin Tianhao head-on.

"Xuedi, you are still the same as before, a lunatic."

"Rampage has not yet merged with reality. If you continue to use the power of merit, aren't you afraid that you will run out of power when you really fight those guys from the Alete Galaxy later?"

Lin Tianhao smiled without comment and said:

"The younger generation doesn't need the seniors to tell them how to do things."

"But you, Senior, are obviously a super strong person in our Galaxy World. Instead of helping the Galaxy World fight against these bastards in the Alite Galaxy, you actually joined them."

Ku Yue sneered, "Xue Di, you are still young, so you have such meaningless feelings."

"When you live longer, you will understand my thoughts."

"I don't understand shit!!"

Lin Tianhao couldn't help but curse.

Lin Tianhao had just finished speaking when the system prompt sounded.

"Ding, congratulations, you have successfully killed Gu Limu Black Heart Moon, and you will be rewarded with +20000 free attribute points."

"Ding, congratulations, you have successfully killed Gu Limu Black Heart Moon. We will announce it to all servers soon. Do you want to hide your name?"

"no!!"

"Announcement to all servers, congratulations to the player Xue Di for successfully killing Gu Li Mu Black Heart Moon. We hereby announce this and hope that all adventurers will continue to work hard!!"

"All-server announcement..."

.....

The strange child was killed in the end.

Chapter 1818 Rubik's Cube!

Gu Limu·Black Heart Moon?

This is similar to the name Gu Limu Black Heart Dragon that Lin Tianhao had previously submitted to the List of Gods.

just.

Now Lin Tianhao has a broader vision.

This Gu Limu Black Heart Moon is not qualified to be on the List of Gods.

If one person must be put on the list of gods, it would definitely be Ku Yue.

Just as Lin Tianhao expected, Gu Limu Black Heart Moon was resurrected soon after being killed.

"I said, you can't kill me." Gu Limu Heixinyue had a smug look on his face.

however.

Just as he was feeling proud, his health bar suddenly dropped.

Followed by.

The health bar began to drop at a speed visible to the naked eye.

But in the blink of an eye, Gu Limu Black Heart Moon's health bar was emptied again.

A playful smile appeared on Lin Tianhao's face.

He just wanted to kill Gu Limu Black Heart Moon just to know his name.

As long as we know the name, we can write it in the Book of Life and Death and lock it with the Book of Life and Death.

With Lin Tianhao's current health, the damage from the Book of Life and Death is already extremely terrifying.

In one second, Gu Limu Black Heart Moon was killed again! !

Lin Tianhao looked at Ku Yue with a smile.

"You are probably not the only one here. These guys from the Alete Galaxy want to deal with me. It won't work if you and a loser like this are involved."

Gu Limu Black Heart Moon had just been resurrected when he heard what Lin Tianhao said. He was so angry that he almost vomited blood.

But before he could react, he was killed again by Lin Tianhao's Book of Life and Death.

Gu Limu Black Heart Moon was too weak, so weak that she had no power to resist Lin Tianhao's Book of Life and Death.

"You're right. Ku Yue plus a loser can't deal with you without money."

A mechanical voice sounded, and then a Rubik's Cube fell from the sky.

Lin Tianhao's eyes narrowed slightly, preparing to avoid the Rubik's Cube falling from the sky.

But just when Lin Tianhao was about to dodge, Ku Yue rushed in front of Lin Tianhao and forcibly blocked the space around Lin Tianhao with the power of merit.

The Rubik's Cube fell and turned into countless pieces, wrapping Lin Tianhao in it.

Inside the Rubik's Cube.

Lin Tianhao looked around and found himself in a vast void.

There is nothing in this void. Even if Lin Tianhao's consciousness spreads out completely, he cannot find the edge.

"Hallucination?"

"Or is it some method similar to the Buddha Kingdom in the Palm?"

Lin Tianhao frowned slightly. The current situation made him feel a little uneasy.

But Lin Tianhao was not worried. He activated the Starry Sky Step and took a step forward.

The next moment.

Lin Tianhao is still in this vast void.

Just now, Lin Tianhao tried to leave here using the Starry Sky Step, but he didn't expect that he was still here.

"What kind of super treasure is this?" Ned Lifu popped up.

"Xue Di, you are still too ostentatious. These guys in the Alete Galaxy really do everything they can to you."

Lin Tianhao was also somewhat helpless and said:

"I don't want to either, but I can't help but become stronger, right?"

So far,

Lin Tianhao showed a faint smile on his face and said calmly:

"This Rubik's Cube is a good thing, but I don't know if it can be swallowed."

The words fell.

Lin Tianhao swallowed the sky and devoured the earth.

"Ding, you swallowed the air, free attribute points +2."

"Ding, you swallowed the air, free attribute points +2."

.....

Lin Tianhao: ? ? !

Air?

In other words.

He was really trapped here now, and he couldn't leave at all.

even.

His Heaven-Devouring and Earth-Devouring abilities were no longer useful.

The Starry Sky Step was activated again.

One step, two steps, three steps!!

Lin Tianhao kept taking steps forward, but he always found himself in the boundless void, surrounded by darkness.

"return!!"

Lin Tianhao tried to use this old skill of his.

The skill level of Return is not as good as Starry Sky Step, and Lin Tianhao is just trying it out now.

But the result was not suspenseful, Lin Tianhao was still trapped in this vast void.

"I seem to be really trapped." Lin Tianhao frowned.

Lin Tianhao started running, directly running using the Starry Sky Step.

His Devouring Heaven and Devouring Earth power could not devour the magic cube, which meant that this place should be similar to the Buddha Kingdom in the palm of your hand.

The best way to break the Buddha Kingdom in the Palm is to run.

Lin Tianhao felt that there was every chance that the Buddha Kingdom in his palm could escape.

outside world.

When Lin Tianhao started to run wildly using the Starry Sky Step, the blue-gray Rubik's Cube in front of Ku Yue and a robot began to spin wildly.

"Isn't your Rubik's Cube going to be unable to withstand the pressure?" Ku Yue asked with some concern.

The robot shook its head and responded in a very mechanical voice: "Probably not."

"The Snow Queen should be moving at a high frequency at this time. Every time the Rubik's Cube rotates, the Snow Queen will be reset to the center of the Rubik's Cube world."

"The Rubik's Cube is spinning so fast now, it can only mean that Xue Di is moving frantically."

Ku Yue frowned and said:

"I know everything you said. What I want to know is whether your Rubik's Cube can withstand it."

Hear this.

The robot said confidently:

"This magic cube is a treasure specifically designed for the Snow Queen. It will definitely have no problem trapping the Snow Queen, so you don't have to worry at all."

As soon as the robot finished speaking, the speed of the Rubik's Cube's rotation suddenly increased.

Seeing this scene, Ku Yue frowned, and worry was revealed in his eyes.

Obviously.

The current rotation speed of the Rubik's Cube makes Ku Yue feel pressured.

The robot stared at the Rubik's Cube spinning rapidly in front of it.

"How is it? The speed of this rotation is a bit too fast. I'm afraid I can't bear it."

Hearing what Ku Yue said, the robot shook its head.

"It shouldn't be a problem. The wear and tear of this Rubik's Cube caused by rotation is very low. Normally..."

Before the robot could finish his words, the speed of the Rubik's Cube's rotation increased again.

This time.

The Rubik's Cube has already attracted a storm due to its high rotation speed.

"Is this Snow Emperor so stubborn?"

The robot's voice was no longer as calm as before.

Especially in the current situation, no one knows what kind of changes will happen if we persist.

Ku Yue's expression became more and more solemn. Although the robot's expression would not change, some tiny reactions could still reveal a lot of things.

"Running away?" asked Ku Yue.

The robot shook his head again. "The Rubik's Cube is not mine. If I run away, the owner of the Rubik's Cube will kill me."

Ku Yue sneered and said:

"If that's what you say, then I have to run away by myself?"

The robot was stunned for a moment before saying:

"What about the cooperation we agreed on? Even if Xue Di comes out of the magic cube and wants to kill you, it's unlikely that I can do that."

Chapter 1819 List, Massacre!

Hear the robot say this.

Ku Yue showed a playful smile on his face and said:

"If you like to fight with a lunatic like Xue Di, then you can fight him. I don't want to fight him."

The robot was silent for a while, then he said calmly:

"Don't worry, this magic cube is not an ordinary item. Although Xue Di is very powerful, it is not an easy task to break this magic cube."

"Kaka...kaka..."

As soon as the robot finished speaking, tiny cracks appeared on the Rubik's Cube.

Ku Yue saw this scene, cupped his hands and said:

"May the best of luck to you!!"

The words fell.

Ku Yue turned around and disappeared here.

Seeing Ku Yue disappear, the robots also began to retreat.

"I'm sorry, Xue Di is too scary. He is a monster. The magic cube can't trap him. I can only run."

The robot seemed to be comforting itself by saying this.

After saying this, he turned and left without hesitation.

"Kaka...kaka..."

The robot had just left, and more and more cracks appeared on the Rubik's Cube.

at last.

After the cracks covered the Rubik's Cube, it shattered with a loud bang.

Lin Tianhao escaped from the trap, looked around and found that there was no one around.

wrong.

one left.

Gu Li Mu·Black Heart Moon!!

Because at this time, Gu Limu Black Heart Moon was resurrected.

"It seems that Ku Yue and the others don't care about you." Lin Tianhao said lightly.

While speaking, Lin Tianhao collected the fragments of the Rubik's Cube and tried to swallow them.

"Ding, you are devouring unknown metal fragments, spatial comprehension +10000, health +200 million, magic resistance +20000, armor +20000, free attribute points +10000."

"Ding, you are devouring unknown metal fragments, spatial comprehension +10000, health +200 million, magic resistance +20000, armor +20000, free attribute points +10000."

"Ding, you are swallowing unknown metal fragments..."

.....

Hearing the prompt tone, Lin Tianhao showed surprise on his face.

He devoured the fragments of the Rubik's Cube and gained so much.

It directly improves spatial comprehension, increases health and dual resistance, and adds free attribute points.

And the added values are not low.

After collecting all the pieces of the Rubik's Cube, Lin Tianhao looked at Gu Limu Black Heart Moon who had been resurrected again.

"Do you want to join the Mortal Palace? If you agree, take the token I give you next time you are resurrected."

"You only have this one chance. If you don't take it, no matter how many resurrection coins you have, you will definitely die."

This Gu Limu Heixinyue has some abilities, but there is still a big gap between him and Lin Tianhao's current requirements to be on the List of Conferred Gods.

Waited for a while.

The dead Gu Limu Black Heart Moon is resurrected again.

Lin Tianhao directly threw out a token of a disciple from the Mortal Palace.

When Gu Limu Heixinyue saw the token thrown by Lin Tianhao, he caught it without hesitation.

Seeing Gu Limu Black Heart Moon catch the token, Lin Tianhao showed a satisfied smile on his face.

Gu Limu Heixinyue was quite appreciative. If he wasn't, Lin Tianhao would have left immediately.

Change all the names in the eleven books of life and death to Ku Yue.

This time.

After Gu Limu Black Heart Moon was resurrected, he did not die.

Lin Tianhao smiled and recited poetry as he looked at Gu Limu Black Heart Moon. The effect of absolute loyalty should have been successful.

Because Lin Tianhao himself also felt it.

"Your subordinate Gu Limu Black Heart Moon pays homage to the Lord Palace Master."

"List."

Lin Tianhao spoke calmly.

There is nothing much to say. As long as he gets the list, his eleven books of life and death will teach those guys in the Aleta galaxy a lesson.

Gu Limu Black Heart Moon hesitated for a moment, then said:

"Master Palace Master, most of the people I know are my descendants, or people from the same clan."

"I can go and persuade them to surrender. Please give them a chance, Lord Palace Master."

"Persuade to surrender?"

Hearing Gu Limu Heixinyue's words, Lin Tianhao just smiled and still said those two words.

"List!!"

Gu Limu Heixinyue has already joined the Fan Palace, so naturally he has to obey Lin Tianhao's orders and write down a list.

While Gu Limu Hei Xinyue was still writing the list, Lin Tianhao had already started writing in the Book of Life and Death.

None of the people on the list are as good as Gu Limu Hei Xinyue. After being on the List of Gods, they will die even faster than Gu Limu Hei Xinyue.

"Ding, congratulations, you have successfully killed Gu Limu Sagu, and you will be rewarded with +10000 free attribute points."

"Ding, congratulations, you have successfully killed Gu Limu Sasuke. We will announce it to all servers soon. Do you want to hide your name?"

"no!!"

"Announcement to all servers, congratulations to the player Xue Di for successfully killing Gu Li Mu Sa Gu. We hereby announce this and hope that all adventurers will continue to work hard!!"

"Announcement to all servers, congratulations to player Xue Di..."

.....

"Ding, congratulations, you have successfully killed Gu Limu Luo Zu, and you will be rewarded with +10000 free attribute points."

"Ding, congratulations, you have successfully killed Gu Limu Luo Zu. We will announce it to all servers soon. Do you want to hide your name?"

"no!!"

"Announcement to all servers, congratulations to the player Xue Di for successfully killing Gu Li Mu Luo Zu. We hereby announce this and hope all adventurers will keep up the good work!!"

"Announcement to all servers, congratulations to player Xue Di..."

.....

Every time Gu Limu Hei Xinyue wrote down a name, Lin Tianhao would write their name in the Book of Life and Death.

"Palace Master, this last one is my son. I only have this one son, Palace Master..."

Gu Limu Heixinyue knew that Lin Tianhao would kill them all, so she seemed to be persuading Lin Tianhao to show mercy.

But Lin Tianhao glanced at Gu Limu Black Heart Moon coldly and said:

"You're just daydreaming. Write quickly."

Lin Tianhao has no sympathy for these guys in the Alate Galaxy.

What's wrong with my son?

That is to say, your son is not in front of me, otherwise, I would let you kill your son with your own hands.

Lin Tianhao was not a good man to begin with, and coupled with what the Alate Galaxy had done to Blue Star and Dragon Country, it was even more impossible for Lin Tianhao to forgive him.

"Gulimu·Big Trout."

"Is this your son's name? Your son should have a resurrection coin on him."

"Yes, Lord Palace Master, I gave my son five resurrection coins."

"What a waste." Lin Tianhao scolded.

Hear this.

Gu Limu Heixinyue felt a little distressed.

"Lord Palace Master..."

Gu Limu Heixinyue still refused to give up and tried to make Lin Tianhao change his mind.

"My son is really amazing. I beg you to give me a chance. I can give all the five resurrection coins in my son's hand to you."

Chapter 1820 Robbery of Black Heart Moon!

Lin Tianhao looked at Gu Limu Black Heart Moon with a smile and said:

"Then ask your son to come over now. I will wait here for fifteen minutes. If your son doesn't show up with the resurrection coin in fifteen minutes, then I won't wait any longer."

"Okay, okay, I'll contact my son now." Gu Limu Heixinyue said quickly.

The words fell.

Without any hesitation, he used a secret method to contact his son.

After a few breaths, Gu Limu Black Heart Moon said to Lin Tianhao:

"Master Palace Master, I have already notified my son."

Lin Tianhao smiled without comment and said:

"Gu Limu Black Heart Moon, right? You gave your son five resurrection coins. I wonder how many resurrection coins you have on you?"

"Hand over all the resurrection coins you have."

Gu Limu Black Heart Moon smiled bitterly. He was somewhat reluctant to hand over the resurrection coin in his hand.

But after seeing Lin Tianhao's eyes, he nodded and took out all the resurrection coins on him.

"I still have 325 resurrection coins on me. My Lord Palace Master has worked hard for me. I will give you these 320 resurrection coins as a token of my filial piety?"

While talking.

Gu Limu Black Heart Moon left five resurrection coins and gave the remaining three hundred and twenty resurrection coins to Lin Tianhao.

"Ok?"

Lin Tianhao stared coldly at Gu Limu Black Heart Moon, "You know how hard I've worked, but you're so insincere?"

"How dare you hide something like the Resurrection Coin!!"

Hearing Lin Tianhao's words.

Gu Limu Heixinyue's heart was bleeding, but he still obediently handed the remaining five resurrection coins to Lin Tianhao.

"Snapped--"

Lin Tianhao slapped Gu Limu Heixinyue in the face with his backhand.

"I asked you to hand over the resurrection coins, why are you so reluctant?"

"What's the point of holding the resurrection coins? If I hadn't shown mercy today, would these 325 resurrection coins be enough to save your life?"

Gu Limu Black Heart Moon opened his mouth, and finally said in a very flattering tone:

"What the Lord Palace Master has taught me is that I am of low ability and indeed do not have the qualifications to receive the resurrection coin."

Lin Tianhao sneered, "It's good to know."

"There is an old saying in our Dragon Country: A man is innocent but guilty of possessing a treasure!!"

"You are so weak, yet you hold something so valuable in your hands. It's impossible for you not to be robbed."

"If you are not careful, you will be killed."

"So...you still have some other stuff on you, hand it all over."

Hearing what Lin Tianhao said, Gu Limu Heixinyue couldn't help but take a step back.

Seeing Gu Limu·Hei Xinyue's reaction.

Lin Tianhao knew that this was probably because the rule of absolute loyalty required of one to join the Fan Palace did not have such a strong binding force on the creatures in the Alite Galaxy.

Because Lin Tianhao discovered it.

The life forms in Ragnarok, after joining the Mortal Palace and being influenced by the rule that one must be absolutely loyal to the Mortal Palace, not only have absolute loyalty to Lin Tianhao, but also a sense of belonging from the bottom of their hearts.

Gu Limu Heixinyue is also absolutely loyal. He is willing to give his son or resurrection coins to him.

but.....

He doesn't have such a strong sense of belonging to himself that he would keep begging for mercy and even show a reluctant expression.

seem.

The absolute loyalty of Gu Limu Heixinyue is not the absolute loyalty that comes from the heart, but the absolute loyalty that is obtained through the forced constraints of the power of rules.

Gu Limu Black Heart Moon still has some ideas of his own in his heart.

therefore.

He is still seeking benefits for himself.

"Master, I don't have many valuable things on me. Please be merciful."

"Snapped--"

"Clap clap--"

When Lin Tianhao heard what Gu Limu Heixinyue said, he immediately gave him a lecture.

Although Lin Tianhao did not use much force, these slaps still left Gu Limu Heixinyue with a bruised nose and swollen face.

In other words, Lin Tianhao is not a fighter, otherwise his slap should also be considered a normal attack.

If that were the case, Gu Limu Black Heart Moon should have died long ago.

of course.

Lin Tianhao can actually make his slaps cause damage similar to normal attacks, but there is no need for that.

After all, Lin Tianhao doesn't plan to kill Gu Limu Black Heart Moon yet.

After receiving a few slaps from Lin Tianhao, Gu Limu Heixinyue became somewhat obedient and started to take out all the good things he had.

Weapons, equipment, props, skill books, magical powers, various ores, crystals, and even... Godhead!!

"I almost forgot that you are currently working on a god-making project. You should have a lot of godhood in your hands."

Lin Tianhao looked at Gu Limu Black Heart Moon with ill intentions.

Gu Limu Black Heart Moon waved his hands repeatedly, "Master Palace Master, there aren't many, there really aren't many."

"Hand them all over!!"

Lin Tianhao spoke coldly. He didn't care how much Gu Limu Heixinyue had in his hands, as long as he handed it all over.

Gu Limu Hei Xinyue had a bitter face, but finally handed over all his godhood.

Seeing the more than 20,000 divine powers that Gu Limu Heixinyue took out, Lin Tianhao's expression couldn't help but become serious.

"You are really ambitious. You have prepared so many divine powers? What do you want to do?" Lin Tianhao asked in surprise.

"Create a god, and then create some trouble." Gu Limu Black Heart Moon said.

Lin Tianhao smiled without comment and said:

"You are too despicable. I order you to hand over everything you have now, immediately, right now!!"

Gu Limu Heixinyue was extremely reluctant, but after seeing Lin Tianhao's expression.

he knows.

No matter how reluctant he was, he couldn't change anything.

"Lord Palace Master..."

Gu Limu Heixinyue looked at Lin Tianhao eagerly, as if hoping that Lin Tianhao would let him go.

But Lin Tianhao didn't say anything, just responded with a cold look.

Seeing Lin Tianhao's eyes, Gu Limu Heixinyue compromised.

He took out all his things and handed them to Lin Tianhao.

Lin Tianhao looked at the mountains of treasures and finally a smile appeared on his face.

"Very good, very good. Where's your son? Why hasn't he come yet? My patience is limited. If he doesn't come..."

At this point, Lin Tianhao had already taken out the Book of Life and Death.

Seeing the Book of Life and Death in Lin Tianhao's hand, Gu Limu Black Heart Moon said quickly:

"Don't panic, Master. I will urge him right away. It will be done very quickly. Please give me a little more time."

The words fell.

Gu Limu Black Heart Moon once again performed the previous secret technique and began to train his son.

"Right away, Lord Palace Master, just one minute, just one minute!!"
