

O games 1821

Chapter 1821: Tiger poison and food!

Seeing Gu Limu Black Heart Moon's anxious look, Lin Tianhao smiled noncommittally and said:

"Okay, just one minute. If your son doesn't make it within one minute, then you will kill him with your own hands. Is that not too much?"

Gu Limu Heixinyue's eyes widened, he even thought he might have heard it wrong.

People say no!!

"Lord Palace Master..."

"has a problem?"

Lin Tianhao frowned and questioned, "Or did you just say one minute to fool me?"

Lin Tianhao did this because the other party was from the Alate galaxy, and Lin Tianhao didn't care about the other party's life or death.

As for the other reason, it is also the most crucial one.

Lin Tianhao wanted to give it a try and see if he could test the other party's bottom line.

Will the power of this rule that requires absolute loyalty once joining the Mortal Palace be broken?

Any force of rules may be broken. The strength of Gu Limu Heixinyue is obviously not enough to break this rule.

But at the same time, Lin Tianhao still wanted to see whether Gu Limu Black Heart Moon would break the power of this rule if he was extremely resistant in his heart.

as far as I can tell.

The power of this rule is not too obvious to the adventurers who join the Mortal Palace.

I don't know if it's because Lin Tianhao didn't test them, or if it's because they are adventurers, so they have a certain immunity to the power of rules that require absolute loyalty once you join the Fan Palace.

When he has time later, Lin Tianhao can give it a try.

Gu Limu Heixinyue should be extremely resistant to himself in his heart now, so... will he break the rule of absolute loyalty required by joining the Fan Palace?

There should be an answer soon.

In less than a minute, a tall middle-aged man arrived.

This tall middle-aged man has a very different body shape from Gu Limu Heixinyue.

Lin Tianhao frowned and asked:

"Are you sure he is your son?"

After all, Gu Limu Heixinyue looked like a child, and the person who came later was tall and his appearance was not very similar.

"You didn't just randomly find someone to come here to please me, did you?" Lin Tianhao asked.

"Master Palace Master, please understand. I have never been perfunctory to you."

Hearing Gu Limu Heixinyue's address to Lin Tianhao, the later Gu Limu Dachu showed a little panic on his face.

"Father, you...what are you doing? Could it be that you have already joined the Mortal Palace?!"

Gu Limu Dachu could hardly believe his eyes.

"Aren't you here to deal with Xue Di? How could this happen?!"

Hearing what Gulimu Dachu said, Gulimu Heixinyue was extremely angry.

"When you talk about it, I'm furious. Those two cowardly guys ran away and left me here alone."

"How can I fight against the Palace Master alone? Naturally, I can only join the Palace Master's army."

Hear this.

Gu Limu Da Chu frowned, "But even so, I shouldn't be lazy, Xue Di!!"

"Didn't you say that? We are already at a dead end with Xue Di."

"But I don't want to die yet." said Gu Limu Black Heart Moon.

Lin Tianhao pondered for a moment and a faint smile appeared on his face.

"Black Heart Moon, it seems that your son is not willing to submit to me."

Hear this.

Gu Limu Heixinyue felt a panic in her heart.

"Fool, why don't you pay homage to the Lord Palace Master? Do you want to die?"

Gu Limu Da Chu snorted coldly, "Father, you are spineless and choose to submit to the Snow Emperor. I, Gu Limu Da Chu, will never compromise."

When Gu Limu Heixinyue heard this, he was immediately furious.

"Hei Xinyue, since your son has such an attitude, please kill your son yourself." Lin Tianhao said lightly.

Gu Limu Heixinyue's expression suddenly changed. After hearing what Lin Tianhao said, he actually hesitated.

"You don't obey my orders?" Lin Tianhao spoke again.

He wanted to see whether Gu Limu Black Heart Moon would, under such circumstances, backlash against the power of the rules to which he had absolutely been loyal since joining the Fan Palace because of his extreme resistance in his heart.

What surprised Lin Tianhao was that Gu Limu Black Heart Moon did not retaliate. The look in his eyes when he looked at Gu Limu Dalu began to become fierce.

See this scene.

Gu Limu Da Chu was a little panicked.

"Father, as the saying goes, even a tiger won't eat its own cubs. We..."

Before Gu Limu Da Chuan could finish his words, Gu Limu Hei Xinyue had already arrived in front of Gu Limu Da Chuan.

Gulimu Dachu was shocked. He did not expect that his father would be so decisive in taking action against him.

Lin Tianhao raised the corners of his mouth, revealing a playful smile.

Next, it's time to watch the show.

Gulimu Blackheart Moon beat Gulimu Big Trout, it was a completely one-sided crushing.

"You're going too far!!"

At this moment.

A cold voice sounded.

Hearing this voice, Lin Tianhao's heart skipped a beat.

Just the sound gave Lin Tianhao a strong sense of oppression.

The owner of this voice must be very, very powerful.

"Black Heart Moon, you are lazy Xue Di, so you won't stay alive with me."

The cold voice sounded again.

"return!!"

Lin Tianhao let out a low growl. He was not going to let the test subject Gu Limu Black Heart Moon be killed just like that.

But the moment Lin Tianhao gave the order, Gu Limu Heixinyue's chest had already sunken.

Gu Limu Black Heart Moon's health bar dropped sharply, but fortunately, Gu Limu Black Heart Moon was not killed instantly.

"The blue sea is rising!!"

Lin Tianhao released his skills without hesitation.

The Rising Sea has now been upgraded to ten stars, and can restore its own health to 100 trillion, as well as % of Lin Tianhao's maximum health! !

One hundred trillion health points are still not enough for Gulimu Black Heart Moon's health bar.

But Lin Tianhao still has 20% of his maximum health! !

This is horrible!!

Almost in an instant, Gu Limu Black Heart Moon was rescued by Lin Tianhao.

Seeing his health bar recover instantly, Gu Limu Black Heart Moon did not dare to delay and wanted to return to Lin Tianhao immediately.

But as soon as he moved, he was fixed in place by an extremely terrifying force.

"I said you should die, you should die!!"

At this moment, the cold voice sounded again.

Followed by.

Then a woman in a dark green dress walked out of the void.

Every step she took created ripples under her feet.

These water waves swept in all directions, causing the space where she was to become sluggish.

"you you....."

When Gu Limu Heixinyue saw this person who suddenly appeared, an expression of surprise appeared on his face.

"You...why are you here?!"

"Shouldn't you come with the main force?!"

Chapter 1822 Allens Roman!

The woman in the dark green dress glanced coldly at Gu Limu Black Heart Moon and said:

"It's not up to you, a piece of shit, to tell me where I am."

Finished.

The woman in the dark green dress looked at Lin Tianhao.

"Are you the Snow Emperor?"

"Before I came here, I had heard all kinds of legends about you. As a native of the Galaxy World, you have achieved what you have today after only four years of development. You are quite capable."

Lin Tianhao's eyes narrowed slightly, and he rebuked:

"Why did you all like to act so superior when you first appeared?"

"You are, and so are many of the people I killed before."

Hear this.

Gu Limu Dachu on the side shouted angrily.

"presumptuous!!"

"Xue Di, do you know the status of this gentleman? You actually spoke to him like this. It seems that you really don't want to live!!"

Lin Tianhao looked at Gu Limu Daluo with a caring look and said with a smile:

"If there is something wrong with your brain, I suggest you go back to the Alite Galaxy and get your brain healed before coming back."

Gu Limu Dachu was a little annoyed by Lin Tianhao's scolding. He wanted to say something but was interrupted by the woman in the dark green dress.

"Xuedi, there's no need for you to be so stubborn."

"I'd love to." Lin Tianhao said.

"I also think that there is no need for your Arlate Galaxy to attack our Milky Way world."

The woman in the dark green dress shook her head. "He is stubborn and unyielding."

"No wonder everyone who has come into contact with you says you're impossible to win over."

"I originally valued talent, but now it seems that you are not worthy!!"

The woman in the dark green dress spoke calmly.

"I heard that if you know someone's name, you can remotely lock their head. My name is Aarons Roman."

"You can lock your head now."

Hearing what Allens Roman said, Lin Tianhao couldn't help but laugh.

"You are very brave."

"Then it's as you wish!!"

Lin Tianhao directly changed the name on the eleven books of life and death to Allens Roman.

After Lin Tianhao changed his name, the woman in the dark green dress in front of him began to have injuries on her head...

wrong! !

immunity!!

immunity!!

immunity!!

.....

All that appeared above Alens Roman's head were prompts of immunity.

Lin Tianhao frowned. He could still accept it if Allens Roman could block the damage from his Book of Life and Death.

After all, based on what Allens Roman just showed, it was obvious that he was not an ordinary person.

But she was not blocking the damage from Lin Tianhao's Book of Life and Death, but... immune to it!!

This is worth pondering!!

Immunity and blocking are completely different.

"How about it?"

"What other methods do you have? Use them all."

Lin Tianhao frowned and silently transferred the damage to Aarons Roman.

Whether it helps or not, he has to do it.

Because as it stands now, this Alans Roman will inevitably become his number one enemy.

Swallowing the sky and the earth!!

Lin Tianhao released the Heaven Devouring and Earth Devouring Force without hesitation.

He wanted to try whether his Heaven-Devouring and Earth-Devouring Power could have any effect on Aarons Roman.

If swallowing the sky and devouring the earth are useless, then those Alens Romans are a little too terrifying.

"Ding, you are devouring an unknown creature, health +200, armor +20000, magic resistance +20000, free attribute points +20000."

"Ding, you are devouring unknown creatures..."

.....

Lin Tianhao's eyes lit up, because Swallowing Heaven and Devouring Earth was useful, which meant that Alans Roman was not a completely unbeatable existence.

His Heavenly Thunder must also be useful.

Just don't know.

Is his damage transfer useful?

However, just looking at the Book of Life and Death is useless. Considering the level of damage transfer, it should be difficult to take effect.

however.

Just now.

Lin Tianhao's Heaven Devouring and Earth Devouring Power has changed.

"Ding, you are swallowing the air, health +5."

"Ding, you are swallowing the air..."

.....

Lin Tianhao's eyes narrowed slightly. Such a change made Lin Tianhao a little surprised, even a little unacceptable.

Because an air wall appeared around Allens Roman, he swallowed the air wall and was unable to effectively cause damage to Allens Roman.

"really!"

A faint smile appeared on Allens Roman's face.

"Your devouring ability is at a very high level, but... it can also be easily blocked."

"Swallowing the air, what a good harvest!!"

Allens Roman even mocked Lin Tianhao in the end.

Lin Tianhao took a deep breath and said with a smile: "Then you are awesome, okay!"

The words fell.

Lin Tianhao changed the name in the Book of Life and Death to Gu Limu Daluo! !

Allens Roman seemed to sense something and raised his hand to create a protective shield over Gulimu Dachu.

"You are trying to kill me right in front of me. Do you think too highly of yourself?!"

See this scene.

Lin Tianhao spread his hands and said with a smile: "You are awesome, you are amazing, okay!!!"

Allens Roman smiled noncommittally and said:

"It's not me who is great, it's you who is great."

"It's already this time, and you can still be so calm."

"Why? You think that if you can be resurrected, I can't do anything to you."

"How could that be?" Lin Tianhao shook his head.

"Senior is so powerful, isn't it easy to deal with me?"

The words fell.

A space lotus bloomed instantly.

This Allens Roman is indeed very powerful, but this is not enough to make Lin Tianhao compromise.

"The vision of the saint is truly extraordinary!!"

"But if that's all, it's not enough!!"

The words fell.

Allens Roman raised his hand and slapped Lin Tianhao's space lotus.

A mysterious force gathered in the palm of Allens Roman.

"Om-"

The power of Allens Roman collided with Lin Tianhao's space lotus, making a violent buzzing sound.

The space lotus also trembled slightly, and was actually forced back a little by Aarons Roman's palm.

But after this palm strike, Alens Roman's expression became a little more solemn.

"You are really terrifying. If you were given more opportunities to develop in the world, I don't know how much you would be able to grow."

Lin Tianhao didn't care about that. He controlled the space lotus and hit it again.

at the same time.

Devouring Heaven and Devouring Earth is activated.

"Ding, congratulations, you are devouring unknown power, Space Origin Law Comprehension +1000, Space Origin Law Resistance +1000, Armor +50000, Magic Resistance +50000, Free Attribute Points +50000."

"Ding, you are consuming unknown power..."

.....

Hearing the prompt tone, Lin Tianhao couldn't even believe his ears.

Chapter 1823 You do have reason to be proud!

Lin Tianhao narrowed his eyes slightly. Is this the strength of Allens Roman?

The Law of the Origin of Space!!

But this seemed like an opportunity.

If he could devour more, his understanding of the laws of the origin of space would also be enhanced.

in this way.

This also means that he can comprehend the fundamental laws of space.

Lin Tianhao is currently mainly cultivating the law of space. If he can comprehend the law of the origin of space, then the improvement in Lin Tianhao's combat effectiveness will be enormous.

Ellens Roman also sensed that Lin Tianhao was consuming her power, but she seemed unable to stop it.

If it is isolated by an air wall, how can it collide with Lin Tianhao's space lotus?

As long as it collides with Lin Tianhao's space lotus, Lin Tianhao will definitely find an opportunity to swallow it.

In the current situation, all she can do is to resolve the issue quickly.

Allens Roman struck again.

This time.

She avoided Lin Tianhao's space lotus.

To be precise.

He used part of the power of the origin law of space to hold back Lin Tianhao's space lotus, and then rushed towards Lin Tianhao with his own body.

Lin Tianhao smiled playfully.

Close combat?

Lin Tianhao is not afraid at all.

The surrounding space was constantly torn apart, forming black holes, and Lin Tianhao was wrapped in these black holes.

It was difficult for Allens Roman to get close to Lin Tianhao, let alone kill Lin Tianhao.

not to mention.

Lin Tianhao also has the Starry Sky Step that allows him to move quickly.

Take one step.

Lin Tianhao came to Gu Limu Hei Xinyue and threw Gu Limu Hei Xinyue into the map of mountains and seas.

This Gu Limu Black Heart Moon must be alive.

Because Gu Limu Black Heart Moon is alive, he can provide himself with more lists.

The list previously provided by Gu Limu Heixinyue was obviously incomplete.

At least.

There was no such person as Allens Roman on the list provided by Gu Limu Heixinyue before.

"court death!!"

When Allens Roman saw this scene, he couldn't help but yelled angrily. Nine translucent beads flew out of his hand and flew towards Lin Tianhao at a high speed.

Lin Tianhao subconsciously took a step back and activated the Starry Sky Step at this time, trying to create distance.

These nine transparent beads exude a heart-pounding aura; they must be extraordinary.

But just when Lin Tianhao tried to leave with the Starry Sky Step, the surrounding space was blocked at this moment! !

The origin law of space blocked the space, and Lin Tianhao took out the carving knife almost instantly.

The carving knife might be able to break the blockade of the original laws of space, but there simply isn't enough time.

Because nine transparent beads have come close to Lin Tianhao.

Lin Tianhao was sure that it would only take a moment for these nine beads to fall on him.

Thinking like this.

Lin Tianhao held the carving knife in his hand and faced the nine transparent beads head-on.

"Dang-dang-dang-dang——"

In a flash.

Lin Tianhao collided with these nine transparent beads hundreds of times.

The speed of this transparent bead is very fast, and the impact force is also very impressive.

Fortunately, Lin Tianhao's attack power is equally terrifying, otherwise he might not be able to withstand the attack of these nine transparent beads.

There was a hint of surprise in Alans Roman's eyes.

She clasped her hands together, and the nine beads emanated an extremely mysterious power. The space seemed to begin to freeze under this power.

Lin Tianhao looked serious and he didn't dare to be careless.

This Alans Roman is no simple person, therefore, Lin Tianhao used the golden light of merit to protect his body without hesitation, and then attacked Alans Roman frantically.

at the same time.

Lin Tianhao was still madly devouring the power of Aarons Roman.

"Ding, congratulations, you are devouring unknown power, Space Origin Law Comprehension +1000, Space Origin Law Resistance +1000, Armor +50000, Magic Resistance +50000, Free Attribute Points +50000."

"Ding, you are consuming unknown power..."

.....

The prompt sounds kept coming out, and it was precisely because of these prompt sounds that Lin Tianhao's attacks became more and more ferocious.

He could clearly feel that this was an opportunity, a very good opportunity.

As long as he does it well, it will not be a problem for him to comprehend the laws of the origin of space later on.

At this moment.

Rays of light emanated from the nine transparent beads, which turned into light spots and fell around Lin Tianhao.

Lin Tianhao could clearly feel that the space around him became sticky.

He seemed to be stuck in a quagmire, which hindered his movements and slowed down his speed.

"You are just a mortal, yet you have such a strong incense power."

Lin Tianhao was a little surprised.

He also possessed the power of incense, so he could naturally see at a glance that Allens Roman had just injected a large amount of incense power into these nine beads.

Even though he was protected by the golden light of merit, he was still affected to a certain extent.

Lin Tianhao didn't care. He had the support of heaven and earth. Now, his power of merit had accumulated for more than four thousand years.

It was just maintaining the golden body of merit, which did not consume much energy at all for Lin Tianhao.

especially.

Lin Tianhao is still increasing his merit power all the time.

Coupled with the occasional feedback of merit from rewarding good and punishing evil, Lin Tianhao's merit is still sufficient.

"Space cutting, circle cutting technique!"

Aarons Roman raised his hand and drew a circle.

The next moment.

Lin Tianhao felt a tearing pain in his body, and a damage number appeared above his head.

-856 million! !

-855 million! !

-855 million! !

.....

A playful smile appeared on Lin Tianhao's face.

"As a mortal, you are really strong to be able to knock off so much of my health. No wonder you were so arrogant before."

After hearing what Lin Tianhao said, Allens Roman's face turned pale and he could hardly believe his eyes.

immunity!!

immunity!!

immunity!!

.....

Immunity prompts continued to appear above Allens Roman's head. Lin Tianhao's damage transfer did not cause any substantial harm to Allens Roman.

This Alens Roman is really strong!!

But when Allens Roman heard what Lin Tianhao said, his expression couldn't help but become gloomy.

It is clear.

She felt that Lin Tianhao was mocking her.

But how could she know.

Lin Tianhao was not mocking her, but he really felt that she was very strong.

after all.....

Lin Tianhao's physical transformation, coupled with the damage reduction and damage transfer of the Heavenly Punishment equipment.

Under normal circumstances, it is extremely difficult for a mortal to knock down Lin Tianhao's eight or nine hundred billion health points.

The key is.

This Allens Roman is still causing Lin Tianhao to lose so much health points continuously, which is already very terrifying.

"The Snow Emperor is indeed a monster." Gu Limu Dachu's expression became extremely solemn, and there was a bit more fear in his eyes when he looked at Lin Tianhao.

Chapter 1824 Force Luo Man to retreat!

Originally, Gu Limu Datu thought that as long as Allens Roman took action, it would be inevitable to capture Lin Tianhao.

But now.

Gu Limu Otsu's faith began to collapse.

The strength displayed by Lin Tianhao was somewhat beyond his expectations.

just now.

Gu Limu Dachu could probably understand why his father chose to join Lin Tianhao.

Because judging from the strength that Lin Tianhao has shown now, it really makes people feel despair.

At least Gu Limu Dachu felt somewhat desperate deep down in his heart at this moment.

This is because of Alens Roman.

If he were facing Lin Tianhao alone, he couldn't even imagine such a scene.

Lin Tianhao had no idea what Gu Limu Dalu was thinking.

He was still swallowing continuously at this time.

It would not be bad for Lin Tianhao if today's battle dragged on.

As the battle continued, Alens Roman's character became more gloomy.

She had thought that Lin Tianhao might be a little difficult to deal with, but she had never expected that Lin Tianhao would be so difficult.

Lin Tianhao was devouring her strength, but she couldn't do anything to him.

If Lin Tianhao was not protected by the golden light of merit, she would be able to reduce Lin Tianhao's health bar bit by bit.

But Lin Tianhao was protected by golden light, and she couldn't control Lin Tianhao at all.

Moreover, Lin Tianhao's health points were too high, and his health recovered too quickly. The damage she caused to Lin Tianhao now was not enough to kill him.

If this continues, she will only become the target of Lin Tianhao's devouring.

"Walk!!"

After thinking clearly about the current situation, Allens Roman has given up the idea of continuing to fight with Lin Tianhao.

"Want to go?"

Lin Tianhao frowned slightly.

He does have some means to imprison the other party, but...

Faced with the laws of the origin of space, how many of his methods of confinement are still useful?

The answer seems to be obvious.

All Lin Tianhao could do was to devour as much as possible in the last bit of time.

"Ding, you have swallowed an unknown power, your understanding of the origin of space law +1000, your resistance to the origin of space law +1000, your armor +50000, your magic resistance +50000, and your free attribute points +20000."

"Ding, you have swallowed an unknown power..."

The reminder sounds are incessant.

Lin Tianhao felt a little helpless. After hearing the last prompt tone, Lin Tianhao knew that he could not continue to devour.

"pity."

Lin Tianhao was a little disappointed. Why didn't Alans Roman fight for a while longer? !

If he continues to do this, it will be a huge improvement for him.

Take one step.

Lin Tianhao returned to the Fan Palace.

Then Alans Roman is obviously not a mechanic.

Who was the mechanic who sent that robot to target him before?

Like Ku Yue, is he a native strongman of the Milky Way world, or is he a top strongman from the Alate galaxy?

Lin Tianhao didn't have the answer in his mind, but he could ask Gu Limu Black Heart Moon.

Lin Tianhao released Gu Limu Black Heart Moon from the Mountain and Sea Map.

Seeing Lin Tianhao, Gu Limu Heixinyue became more humble than before.

"Thank you for your help just now. If it weren't for your help, I would have died long ago."

Lin Tianhao smiled without comment and said:

"You are dishonest. If you had given me the list, this disaster wouldn't have happened."

Hear this.

Gu Limu Black Heart Moon smiled bitterly, "Master, it's not that I'm hiding something, but because according to the plan, Alens Roman should only appear after Ragnarok merges with reality."

"I didn't know she had come to the Galaxy World."

Lin Tianhao waved his hand and asked:

"What about the robot? And what about the Rubik's Cube?"

That robot is not weak, and the Rubik's Cube it uses is even more powerful.

If Lin Tianhao's Starry Sky Step was not so abnormal, he would probably not be able to get out of the Rubik's Cube in a short time.

"Master, that robot was made by a madman in our Alete galaxy. The Rubik's Cube is also a mechanical item he researched."

"But because he is a research madman, he usually does nothing but research. If there is no order from above, he probably won't care about other things."

Hearing what Gu Limu Hei Xinyue said, Lin Tianhao couldn't help but be shocked.

"According to what you said, this mechanical madman you mentioned is capable of mass-producing Rubik's Cubes, right?"

"Yes, but not completely."

"The Rubik's Cube is extremely difficult to make, even for this mechanical madman."

"First of all, the materials. I heard that the materials used to make this Rubik's Cube are very precious and valuable. It is a bit of a waste to use them to make a treasure like the Rubik's Cube that can trap people."

Lin Tianhao frowned slightly, "Then how did you convince Ku Yue to help you?"

"Ku Yue... She actually took the initiative to find us and asked for cooperation, saying that she had some grudges with you, Lord Palace Master, so she wanted to join us in dealing with you, Lord Palace Master."

"For this, we also gave her some precious materials and thirty resurrection coins. After the task is completed, we will give her another 120 resurrection coins."

"But we still overestimate her. In front of you, Lord Palace Master, she is just a worthless rookie."

Hear this.

Lin Tianhao just smiled and said, "You also know how to flatter?"

"of course not."

Gu Limu Black Heart Moon waved his hands repeatedly, "My words are from the bottom of my heart, and I am not the kind of person who brags and flatters others."

"Ku Yue is very strong, but I don't know him well enough."

"But I have heard a lot about how powerful Alans Roman is. The fact that she had to flee in panic in front of you, Lord Palace Master, speaks volumes about the problem."

Lin Tianhao frowned slightly and said:

"Your Gulimu family is considered the vanguard of the attack on our Galaxy World. You have no idea about the decision made by the higher-ups."

Hearing Lin Tianhao's words.

Gu Limu Black Heart Moon couldn't help but laugh bitterly.

"To put it nicely, they are the vanguard troops. To put it bluntly, they are the death squad, coming here specifically to test your capabilities."

"Originally, this isn't a big problem. According to the original plan, no matter how evil someone in your Galaxy World is, they won't be able to achieve much in five years."

"But I never expected that this galaxy world would produce a figure like you, Lord Palace Master, who is unrivaled in ancient and modern times."

"To be honest, it's hard to say whether the large army from the Alete galaxy can compete with you in the future."

Lin Tianhao smiled jokingly and said:

"Stop the flattery. I want to hear something more realistic. How many people like Alens Roman are there in your Arlet Galaxy?"

Gu Limu Black Heart Moon thought for a moment and said, "About a dozen or so. There should be more powerful ones, but some people are too disdainful to take action against this world."

Chapter 1825: Black Heart Moon was almost killed!

"More than a dozen?"

Lin Tianhao felt a little pressure.

especially.

There are beings more powerful than Alens Roman.

"Master Palace Master, you really don't need to worry too much. Our Alet Galaxy has never thought of going all out in our actions against your Milky Way world."

"If it weren't for you, someone like Alens Roman wouldn't have appeared."

Gu Limu Black Heart Moon said very seriously:

"The original plan was for our Gulimu family and a few other families to attack you. I don't think there would be any strong forces coming."

"You have single-handedly broken this situation, forcing our Alet Galaxy to arrange some powerful characters to come here."

Lin Tianhao twitched his lips, "No wonder many people say that our Milky Way world has no chance of winning against your Arlate Galaxy."

Gu Limu Black Heart Moon shook his head and said:

"To be honest, the Lord Palace Master can contend with Alens Roman. As long as those few lunatics don't take action, the Lord Palace Master can check and balance the high-end combat power."

"The rest depends on the fight between the people under my command."

"Overall, I am still very optimistic about the Palace Master."

Lin Tianhao shook his head and said:

"If you think highly of me, give me all the important lists of the Arlate Galaxy that you know of. You should know what I want to do."

Gu Limu Black Heart Moon nodded and said:

"Can your Book of Life and Death cross the galaxy and lock up the people of our Alite Galaxy?"

Lin Tianhao frowned and said:

"Probably not."

"But if you are close to the people in the galaxy world, you should..."

Before Gu Limu Hei Xinyue could finish his words, he felt extremely miserable.

He pinched his neck, holding it in a ferocious manner, as if there was something in his throat.

Lin Tianhao frowned slightly, and the law of life was activated instantly. As long as something went wrong, he would help the other party recover blood.

at the same time.

In the invincible realm, Lin Tianhao's power instantly enveloped Gu Limu Black Heart Moon.

Someone must have done something to Gu Limu Black Heart Moon.

He would never allow Gu Limu Black Heart Moon to die in front of him.

Under the power of the invincible field, the character of Gu Limu Black Heart Moon looks a little better.

"What's going on?" Lin Tianhao asked in a deep voice.

"It's a spell!!"

"It must be that bitch Allens Roman. She left a space spell on me!!"

Lin Tianhao frowned slightly. If that was the case, it would indeed be a bit troublesome.

"Let me try."

Lin Tianhao asked Kui Wei Changtian to give him a few names, and then wrote their names in the Book of Life and Death.

The end result is no response.

I don't know if it's because the distance is too far, or if this Book of Life and Death is really only useful in the galaxy world.

"Who else has joined you in the Galaxy World?"

"Adventurers, or natives of Ragnarok, tell me."

Now that Gu Limu Black Heart Moon has been captured, Lin Tianhao will definitely need to make use of Gu Limu Black Heart Moon as much as possible to resolve some internal conflicts in the Galaxy World.

Especially the traitors, they must be dealt with.

The existence of traitors is extremely dangerous to the galactic world.

Enemies in front of you are scary, but you also have to be on guard against those who stab you in the back.

"There are very few natives who have surrendered to us. Our monitoring results show that most of these natives in Ragnarok can leave the Milky Way world."

"This time, our Arlet Galaxy's invasion of your Milky Way world is more like an action against your Blue Planet."

"There should be other planets with life in the galaxy world." Lin Tianhao asked.

Someone had speculated about this in the previous life.

Some people even think that there is a very important factor that allowed Blue Star to survive in the hands of the Aleta Galaxy for such a long time.

That is, there are other planets with life in the galaxy world that are fighting against the Aleta galaxy.

"As far as I know, there are indeed some, but they are basically hiding. It seems that our invasion this time is not aimed at them."

"To be honest, this is very strange. According to my speculation, other planets with life should have people on them."

"The reason why you, Blue Star, were able to seize the opportunity to compete with us this time is because someone from above was negotiating with us."

"But the big shots above don't seem to want to protect you. They are just giving you a chance. I don't know the specific reason."

Lin Tianhao took a deep breath. If they had to rely on Blue Planet to fight against the Alate Galaxy, the difficulty would undoubtedly increase greatly.

"As for the adventurers who have joined us, you might be a little angry if I tell you this, but based on the information I have so far, the number of adventurers who have agreed to join us has exceeded one million."

"And we only have an internal recommendation system, we don't deliberately recruit people."

"This is the information I have. Other families may also be doing the same. Therefore, the number of people who may agree to join us should be no less than three million."

"Then how many gods have you created using the divine power?" Lin Tianhao asked with a frown.

"It's not that easy to create gods with godheads. Although we have experience in creating gods in batches, the number of godheads is a major flaw. The number of godheads I have distributed is only more than 10,000, and most of them are unlikely to become gods in a short period of time."

Lin Tianhao really felt the pressure was enormous.

More than 10,000 pieces!!

This is still a Gulimu Black Heart Moon!!

What about the rest?

"How much do you know about other families?" Lin Tianhao asked again.

"As far as I know, the vanguard troops are mainly our Gulimu family, the Belit family, the Mu Yunli family, and the Saibolin family. They are mainly these four families."

"It is possible that someone from another family like Alens Roman may come here, but I don't know. I have very little information like this."

Lin Tianhao nodded gently and said with a smile:

"So, how many people do you know about these four major families? Give me the list."

"Give me the names of the adventurers and natives who have joined you. I'll give you the list of the four major families I just mentioned first."

Gu Limu Heixinyue looked solemn, but finally nodded.

"We have already given all the members of the Gulimu family to the Lord Palace Master. As for the remaining three big families, although we usually have some cooperation, I only know the names of some of the more important figures among them."

Lin Tianhao smiled and nodded, "Write down as much as you know, and don't hide anything. Understand?"

"Understood, Lord Palace Master."

Gu Limu Black Heart Moon said respectfully to Lin Tianhao.

Without further ado, he took out a pen and paper and began to quickly write down the names.

Soon, all three pages were filled with names.

Maybe it's because the names of the Aleta galaxy are relatively long, only more than a hundred names are written on three pages.

Chapter 1826: Massacre of the three major families of Arlate!

Lin Tianhao did not use the Book of Life and Death immediately.

Because Allens Roman was able to remotely lock up Gu Limu Black Heart Moon.

If he were to use the Book of Life and Death to slaughter the people of the Alete Galaxy right now, there's no guarantee that Alens Roman would not become desperate and use forbidden techniques to cast spells.

If so.

It is a question whether his invincible domain can still protect Gu Limu Black Heart Moon.

Gu Limu Black Heart Moon didn't think much about it and continued writing his name.

After writing the names of those guys in the Aleta galaxy, here are the names of the natives who surrendered to them.

The number of natives who have taken refuge in the Aleta galaxy is much smaller.

There were less than thirty people in total, and the list didn't even fill up a single page.

"There are quite a lot of people who have come to us, and it would be a bit troublesome for me to record them all."

"I'd better record as many adventurers as possible who have obtained the godhood."

Lin Tianhao nodded slightly and continued:

"Well, not only that, but also, write down all your contact information, the God-making den, and the dens of other families."

"Okay, Lord Palace."

have to say.

The power of the rule that one must be absolutely loyal once joining the Mortal Palace is still useful.

Only after Gu Limu Heixinyue had written down the entire list did Lin Tianhao prepare to write his name in the Book of Life and Death.

however.

Before Lin Tianhao started writing his name, a reminder sound suddenly rang out.

"Ding, congratulations, you have successfully killed Gu Limu Daluo, and you will be rewarded with +20000 free attribute points."

"Ding, congratulations, you have successfully killed Gu Limu Dalu. We will announce it to all servers soon. Do you want to hide your name?"

"no!!"

"Announcement to all servers, congratulations to the player Xue Di for successfully killing Gu Li Mu Da Chu. We hereby announce this and hope all adventurers will keep up the good work!!"

"Announcement to all servers, congratulations to player Xue Di..."

.....

When this server-wide announcement sounded, Gu Limu Hei Xinyue was completely stunned.

Lin Tianhao had previously written Gu Limu Dalu's name in one of the eleven books of life and death.

Just before.

Gu Limu Dalu is protected by Alens Roman.

therefore.

Lin Tianhao's Book of Life and Death had no effect.

But now it seems.

It is not known whether Allens Roman did not continue to protect Gulimu Dalu, or whether he did protect him but was unable to do so.

Anyway, Gu Limu Dalu had already been killed by Lin Tianhao.

"thump--"

Gu Limu Heixinyue knelt down directly in front of Lin Tianhao.

"Master Palace Master, please spare my son for my loyalty."

"I will persuade him to join the Fan Palace and serve under the command of the Palace Master."

Seeing Gu Limu Heixinyue kneeling and kowtowing, Lin Tianhao frowned slightly.

He had no sympathy for Gu Limu Black Heart Moon.

but.....

It seems that if I leave Gu Limu Da Chuan behind, I can get some information from him later.

Just like today's Gu Limu Black Heart Moon.

"it is good."

Lin Tianhao altered the Book of Life and Death and changed the name on the Book of Life and Death to that of a person from the Saibolin family.

"Ding, congratulations, you have successfully killed Sai Bolin·Diaoao, and you will be rewarded with +10000 free attribute points."

"Ding, congratulations, you have successfully killed Sai Bolin·Diaoao. We will announce it to all servers soon. Do you want to hide your name?"

"no!!"

"Announcement to all servers, congratulations to the player Xue Di for successfully killing Sai Bolin·Diao Ao. We hereby announce this and hope that all adventurers will continue to work hard!!"

"Announcement to all servers, congratulations to player Xue Di..."

.....

Next.

It was Lin Tianhao's massacre moment.

Eleven books of life and death began to record names frantically.

None of the people whose names were written by Lin Tianhao could last more than three seconds.

To be precise.

Almost all are instant kills.

With Lin Tianhao's current health points, he was able to avoid being killed instantly, which could be considered an incredible feat in the realm of mortals.

The reminder sounds are incessant.

The entire sky above Ragnarok was filled with the server-wide announcement that Lin Tianhao had killed those guys from the Alate Galaxy.

Such intensive killing of guys from the Alete galaxy also brought a great boost to the morale of the adventurers on Blue Star.

"Xuedi, the eternal God!! I, Liangkun, will not accept any rebuttal!!"

"The battle between the Galaxy World and the Alite Galaxy has not even begun yet, and there are already a lot of people who are pessimistic about it. Some even sold out their country for personal gain and joined the Alite Galaxy. I heard that many of them were captured by the Snow Emperor. They really deserve it!!"

"That's right. Now those traitors should have seen how those guys in the Alete Galaxy, whom they defected to, were slaughtered like ants by the Snow Emperor. That's great."

"Especially those bastards from Japan, who have defected to the Alet Galaxy and dared to challenge our Dragon Country. They really overestimate their own capabilities!"

.....

Lin Tianhao slaughtered many powerful people from the Alete galaxy not long ago.

But at that time, the number was not too large.

But now it's different, the server-wide announcements almost never stop.

A vast continent.

In a secret place.

Allens Roman raised his eyes and looked in the direction of Fan Dian, the murderous intent in his eyes had almost solidified into substance.

"Gu Li Mu·Black Heart Moon!!"

"You are really good, betraying our compatriots in the Arlate Galaxy like this!!"

As Allens Roman finished speaking, a member of the Belit family immediately spoke up:

"Lord Luoman, we can't just sit there and wait for death. The Snow Queen is too rampant. No matter what, we need to find a way to deal with her!!"

Hear this.

Ellens Roman frowned. She was naturally angry at Lin Tianhao for slaughtering people in the Alate galaxy.

But the biggest problem is that it is too difficult for her to deal with Lin Tianhao on her own.

"Can you contact Ku Yue?"

Aarons Roman asked a robot not far away.

The robot nodded, "We should still be able to get in touch."

"Ku Yue has already taken action against the Snow Queen. Even if she leaves the Galaxy World, the Lord of Luo Tian will probably come after her."

"She should still be willing to cooperate with us and continue to fight against Xuedi."

As soon as the robot finished speaking, ripples appeared in the space in front, and then Ku Yue stepped out from the void.

"I am indeed willing to join you in fighting the Snow Emperor, but I hope you can come up with something real."

"Instead of... letting Xue Di retreat every time."

See the withered moon.

Allens Roman felt more confident.

"Ku Yue, if we join forces, we should have a chance to hold back the Snow Emperor, and then find a way to seal him."

Hearing what Allens Roman said, Ku Yue just smiled jokingly.

"This big-headed robot also assured me before that his magic cube would definitely be able to trap Xue Di."

"The results of it?"

"Less than a quarter of an hour after Xue Di entered the Rubik's Cube, cracks appeared in the Cube."

"Gu Limu Black Heart Moon who went with us was even more of a good-for-nothing. He was manipulated by the Snow Queen and even turned to the Snow Queen."

Chapter 1827 Randy Robot!

The big-headed robot scratched his head awkwardly and said:

"The incident with Gu Limu Black Heart Moon was an accident. The last operation was mainly dependent on the Rubik's Cube in my hand."

"I really underestimated Xue Di's strength. I actually broke the Rubik's Cube."

"I've already been scolded by my master. Xue Di has returned my master's Rubik's Cube. My master will also come up with something more powerful."

"What is it?" asked Ku Yue.

she felt.

It is necessary for you to carefully evaluate what the other party has brought out.

No matter what the other party said or how awesome it was, she was unwilling to believe it easily.

The robot directly took out a mobile phone, turned it on, and a photo of a robot appeared on the phone.

"What is this?" Ku Yue frowned.

A mobile phone and a photo of a robot, what use can this be?

"My parents said it's a Tamagotchi, and it exists based on the underlying logic of Ragnarok."

"Although Ragnarok is very similar to the real world, it cannot change the nature of its virtual world."

"Since it is a virtual game world, other electronic products can be used here."

"Then what?" asked Ku Yue.

The big-headed robot raised his cell phone and shouted in a very childish tone.

"Come out, Randy Robot!!"

As the big-headed robot finished speaking, a beam of light burst out from the phone in its hand.

A robot condensed in the beam of light.

This robot looks somewhat similar to the big-headed robot, and it looks exactly like the robot in its hand just now.

"My parents said that this Randy robot is a simulation, which means that all the properties of this Randy robot can be adjusted manually."

"He has adjusted the value of this Randy robot to infinity."

"of course."

"My parents also reminded me that it won't be true infinity."

"It is the maximum value that Ragnarok can accept at the mortal level."

"These include important attributes such as attack, attack speed, movement speed, penetration, etc., which can make up for the lack of damage."

"In addition, the critical damage of this Randy robot is also fully increased, which can effectively prevent Xue Di from recovering health."

"And attributes such as health, dual resistance, and mana are all infinite."

That's it.

The big-headed robot paused for a moment before speaking with a somewhat smug tone:

"The most important thing is that this is a digital pet, and it is data. In theory, this Randy robot will be resurrected quickly after death."

Hear these introductions of Big Head Robot.

Ku Yue frowned and said:

"Based on your introduction, I think this Landy robot you mentioned is not very reliable."

The big-headed robot seemed to have guessed what Ku Yue would say, and it immediately said:

"If you doubt the power of the Randy robot, you can give it a try by fighting it."

"Practice makes perfect. After you have practiced, you will know the answer."

Hear this.

Ku Yue smiled and said:

"That's exactly what I meant!!"

The words fell.

Ku Yue raised his hand and grabbed the Landy robot through the air.

however.

Before Ku Yue's attack landed, the Landy robot had already disappeared.

"By the way, the Landy robot also has unlimited displacement capabilities and a super control-free mechanism."

The big-headed robot was quite proud.

Ku Yue did not make any move, but spoke lightly.

"It's really good."

"But if my guess is correct, the value of this Randy robot is very high, but the higher the value it uses, the greater the load on the phone in your hand."

"If Xue Di goes all out, the phone in your hand will be like the Rubik's Cube, overloaded and shattered."

Hearing Ku Yue's incisive words, the big-headed robot nodded slightly.

"As expected of an old monster who has lived for a very long time, he saw the key point at a glance."

"This Randy robot is data, and data means computing power. Its infinite data is based on the computing power of the phone in my hand."

"But after the failure of the Rubik's Cube, my parents have modified this phone, even if..."

The big-headed robot wanted to continue speaking, but was interrupted by Ku Yue raising his hand.

"I think your phone can't withstand Xue Di's relentless pursuit."

"If you want to refute me, then give it a try and see if the phone in your hand can withstand my full effort."

Computing power is something that is very difficult for mechanics to improve.

It is difficult for a robot to surpass a living human in combat capability. The most fundamental reason is the computing power issue.

Because the battle situation changes rapidly, timely response measures must be taken when facing emergencies in different scenarios during battle.

Especially in a battle between masters, they may fight hundreds or even thousands of times in one second.

And every response method needs to be carefully considered.

Don't think that you only need to make a few hundred calculations for hundreds of fights. In fact, every collision requires several, even dozens or even more calculations before responding.

With hundreds of collisions per second, the actual number of battles that need to be simulated may be thousands or even tens of thousands!!

And because the battle is changing, the opponent's moves are also changing, and after the calculation, you still need to respond. If the computing power is not enough, even if the attack method is calculated, but it is a little slow, it may lead to direct defeat.

Ku Yue has lived long enough, so naturally she has come into contact with many mechanics and naturally understands the weaknesses of robot combat.

Ku Yue launched a crazy attack on the Landy robot without holding back at all.

Every attack was extremely crazy, as if it wanted to crush Randy Robot Lin completely.

Moreover, Ku Yue attacked according to the robot's combat weaknesses, that is, crazy attacks and all-round suppression.

As long as the attack frequency increases, even if the opponent has high computing power, it will not be able to maintain this high-frequency deductive combat for a long time.

especially.

All the properties of this Randy robot also rely on computing power, which makes the Randy robot more prone to collapse.

Ku Yue attacked like crazy for five minutes, and the phone in the big-headed robot's hand had become a little hot.

Holding the phone, it can clearly feel the temperature of the phone rising.

"Well, you're right."

"The phone has started to get hot."

The big-headed robot knew that he couldn't be careless when dealing with Xue Di.

therefore.

Without any hesitation, it directly mentioned the fact that the phone was hot.

Ku Yue nodded slightly and said seriously:

"This is inevitable, but considering how hot the phone is now, five minutes is not the limit."

"It should be limited to ten to fifteen minutes."

"For a robot to last this long in the hands of a strong man of my level is already very impressive."

Chapter 1828 Traitor of the Shanhai Empire!

"The biggest problem is that Xue Di has the ability to devour. His devouring ability is very strong, which I cannot compare with."

"If he uses his devouring power to devour the Randy robot, the time the Randy robot can last will be greatly reduced."

Hear this.

The big-headed robot nodded and said:

"This does seem to be a bit of a hassle."

"It's a problem, but it doesn't mean we don't have a chance."

That's it.

Ku Yue's gaze fell on Alens Roman.

"I can sense how powerful you are. Your methods should not be limited to those you have shown before. Your Alet Galaxy should have arranged more than just you to deal with the Snow Emperor."

Ellens Roman thought for a moment, and then she slowly said:

"Except for the matter of Gu Limu Black Heart Moon, I can't disclose any information to you right now."

"But there is one thing I can tell you. We did make a plan against Xue Di, but we did not take his devouring ability into account."

"The Snow Queen's devouring ability is too strong. I have applied to the headquarters for an eternal treasure to seal the Snow Queen. Only an eternal treasure can withstand the Snow Queen's devouring ability."

Ku Yue hesitated for a moment, then she said calmly:

"Is there a possibility that she could take over the Snow Queen's body?!"

"As long as we can seize the body of the Snow Queen, this big trouble will be easily solved."

Allens Roman nodded slightly and said with a smile:

"You are right about this. According to our plan, we want to seize the body of the Snow Queen."

"The Snow Emperor is too strong and too special. Taking over his body is the best choice."

That's it.

Allens Roman hesitated for a moment, then said:

"However, taking over the Snow Queen's body is more difficult than imagined."

"Many big shots above are optimistic about Xue Di. There are even rumors that some top big shots have the idea of taking Xue Di as their apprentice."

When Ku Yue heard what Allens Roman said, his face turned very ugly.

Because if that were the case, it would mean that she would not be able to solve the problem of Xue Di.

Her previous attack on Xue Di was a very stupid act.

Seeing the change in Ku Yue's expression, Alens Roman guessed what he was thinking and said with a smile:

"It's hard to say right now. The big guys up there are still negotiating, and little people like us can only watch."

"We also have super strong people in the Alete Galaxy. We can't let Xuedi do whatever he wants."

"According to my estimation, if there really is a super boss who has taken a fancy to Xue Di, he should have negotiated with Xue Di about accepting him as his disciple before Ragnarok merged with reality."

"And the top leaders of our Alet Galaxy will probably make some concessions. It all depends on how the negotiations go in the end."

Ku Yue frowned. This situation was worse than she had imagined.

"If Xue Di chooses to become my disciple, then I guess she will take away her relatives from the Galaxy World, or even more."

"Given the size of the Galaxy World, even if he wants to take away tens of millions, or even hundreds of millions of people, we can negotiate."

"Ultimately, it still depends on the bigwigs above to discuss it."

Hear this.

Ku Yue immediately asked:

"What if Xue Di refuses to become my disciple and insists on protecting the Galaxy World?"

Alans Roman was stunned for a moment, "This probability... exists, but it shouldn't be too high."

"There are super strong people who accept disciples and can take away tens of millions of people. Almost all important people can be taken away, or even the elites of the Dragon Country where he is."

"When he moves to another place, he can develop better."

"If he fights to the death, his chances of winning are almost zero."

Ku Yue looked at Aarons Roman meaningfully.

"I advise you not to be so careful."

"The existence of the Snow Emperor is much more special than you think."

Allens Roman nodded heavily and said seriously:

"We have never underestimated the Snow Emperor. Otherwise, we would have waited until Ragnarok merged with reality before taking action, instead of doing these thankless tasks now."

Ku Yue took a deep breath and said slowly:

"I think you should think it over carefully. It's better to deal with Xue Di as soon as possible than to delay it."

Allens Roman smiled and said, "Kuyue, we are just workers. We will do whatever the higher-ups tell us to do."

"I also didn't expect that a galaxy world would cause so many weird things."

Ku Yue looked serious and said calmly:

"Anyway, you should be very clear about the relationship between Xuedi and your Alite Galaxy and their attitude towards you."

Allens Roman nodded and said:

"If the sky falls, there are tall people to hold it up. But don't worry, since I have come so far to the Galaxy World, I will not give up easily."

"So, let's discuss how to seal the Snow Emperor."

Hear this.

Ku Yue spread his hands and said:

"What can we do in this situation? We can only wait for the eternal-level item you mentioned."

"It's a pity that the Rubik's Cube is useless, otherwise we could use it to hold back the Snow Emperor."

Ku Yue was a little helpless. The Rubik's Cube was useless. This was a fatal flaw.

.....

Fandian.

Lin Tianhao handed the list he got from Gu Limu Black Heart Moon to Berserker Blade.

of course.

Lin Tianhao didn't want to let Berserker Blade work in vain, but issued a task, asking Monkey and others to assist Berserker Blade in capturing these people.

As for those NPCs who defected to the Alete galaxy, there were more than a dozen of them besides Ku Yue.

These dozen or so people are no ordinary ones, so it would be somewhat inappropriate to let Mad Blade and his men deal with them.

therefore.

Lin Tianhao needs to do it himself.

Vast Continent, Luoxuan City!!

This is a medium-sized main city in the Shanhai Empire. It is not very eye-catching, but there are quite a few NPCs here.

According to the list provided by Gu Limu Heixinyue, Lin Tianhao was the first to arrive in Luoxuan City.

"It seems that I still know too little about the people under my command."

This traitor from Luoxuan City was not the remnant of the holy land that was previously wiped out by Lin Tianhao, but a native of Luoxuan City.

This is also the reason why Lin Tianhao chose to come here first.

More than half of the traitors on the list were the remnants of the holy land that he had previously wiped out, and some were from other continents.

But the old lord of Luoxuan City is the only one who belongs to the native land of their Shanhai Empire.

Lin Tianhao could more or less accept the rebellion of others, but he could not accept the rebellion of his own people in the Shanhai Empire.

Before coming, Lin Tianhao also got a general understanding of the old city lord of Luoxuan City.

He is considered an elder in the Shanhai Empire, and even holds an official rank of second grade.

Unfortunately.

It seems that he had some disagreements with the previous emperor of the Shanhai Empire in governing the country, so he was demoted to govern Luoxuan City and became the lord of Luoxuan City.

This practice is also called marginalization.

Chapter 1829 Luo Xuanren!

It was probably because of this marginalization that this senior official, who had the opportunity to be promoted to the highest official rank, embarked on the path of betrayal.

of course.

Lin Tianhao is not quite sure about the specific reason for the betrayal.

The only thing that is certain is that Gu Limu Heixinyue did not lie and he really betrayed.

There is a very important reason why Lin Tianhao made the trip in person.

It is because Lin Tianhao felt that the old city lord of Luoxuan City had rebelled. What about the other people in Luoxuan City?

Did he rebel too?

Although Gu Limu Hei Xinyue said that they did not interfere in the affairs of Luoxuan City, Gu Limu Hei Xinyue also said that the old city lord of Luoxuan City was still very cooperative.

Take one step.

Lin Tianhao appeared in the City Lord's Mansion of Luoxuan City.

Lin Tianhao was in no mood to go on an incognito visit. He came here today to call for justice.

Inside the city lord's palace.

Luo Yanbing, who was handling official business, suddenly raised her eyes and her gaze fell on Lin Tianhao.

If it was any other adventurer, she might not recognize him, but she had seen Lin Tianhao's projection many times, so she naturally recognized him at a glance.

"You are... the Palace Master?!"

Luo Yanbing immediately stood up and came to Lin Tianhao respectfully.

Lin Tianhao threw out a disciple token of the Fan Palace.

"Join the Fan Palace."

Luo Yanbing was a little surprised. She didn't expect that Lin Tianhao would ask her to join Fan Palace as soon as he came.

If this had happened in the past, she would have been ecstatic.

But now.

The fact that joining the Mortal Palace would entail absolute loyalty was no longer a secret among the high-ranking officials of Ragnarok.

Although he had some resistance in his heart, Luo Yanbing took the token immediately.

"Disciple Luo Yanbing greets the Palace Master."

Lin Tianhao nodded slightly and asked:

"Where's your father?"

Luo Yanbing was slightly startled, and replied subconsciously: "Father is fishing in the garden."

"Take me there." Lin Tianhao said lightly.

Luo Yanbing was still a little confused as to what Lin Tianhao's purpose was in coming here and why he wanted to see her father right away.

In the back garden of the City Lord's Mansion, next to a not-so-big lake, a sturdy middle-aged man was fishing.

"Your father doesn't look very old, but why did he choose to step down and let a girl like you manage Luoxuan City?"

Lin Tianhao had just finished speaking.

Before Luo Yanbing could answer, the middle-aged man who was fishing spoke lightly.

"Master Palace Master, do you look down on women?"

"This Luoxuan City is under Yanbing's control, and it is well governed."

Lin Tianhao smiled without comment and said:

"Luo Xuanren, can you tell me why you want to join the Alet Galaxy?"

Luo Yanbing was shocked when she heard Lin Tianhao's words.

Almost subconsciously, she plopped down on her knees in front of Lin Tianhao.

"Master Palace Master, please know clearly that my father would never defect to the Alite Galaxy."

Luo Yanbing knew the current relationship between the Haomiao Continent and the Alate Galaxy. Those guys who defected to the Alate Galaxy were seeking death.

"Yan Bing, the Palace Master did not wrongly accuse me."

Luo Xuanren sighed and put away his fishing rod.

"When I heard that you killed a large number of guys in the Alete Galaxy, I guessed that you would find out about me."

"only."

"I thought you would let that stupid emperor deal with me, but I didn't expect you to come here in person."

Luo Xuanren's voice was not loud, but to Luo Yanbing it made her feel as if the sky was about to fall! !

Her most respected father actually betrayed the Shanhai Empire and defected to the Alite Galaxy! !

"Father, why?!"

Luo Yanbing asked through gritted teeth.

She really didn't understand and found it hard to accept.

She really didn't understand why her father did this.

Luo Xuanren shook his head and said:

"This world has always been a place where winners take all. Since I failed, there is nothing to say."

"Just like before, I was exiled here."

The words fell.

Luo Xuanren looked at Lin Tianhao calmly.

"Master Palace Master, you could have killed me remotely, but you didn't do that, which means you also want to know something, right?"

"Correct."

Lin Tianhao nodded. "Like your daughter, I want to know why."

"You ask why? There is no reason. I just think that following the Alate Galaxy has a better future."

"The Shanhai Empire has long been rotten. I no longer see any hope here."

Lin Tianhao was slightly startled. "Isn't the Shanhai Empire pretty good? Under my leadership, we have expanded our territory. Now the entire Haomiao Continent, and even the entire Shenzhou, is under our control."

Hear this.

Luo Xuanren sneered, "Palace Master, you are so high up, how can you know the sufferings of the world!!"

"Do you know what life is like for ordinary people?"

"In the Shanhai Empire, powerful people in various places have used their power as a weapon to oppress the people."

"They used to be a little more restrained, but now, knowing that the Alite Galaxy is about to attack, they have intensified their efforts!!"

"In order to become stronger, they occupied the resources that originally belonged to the people and the resources that originally belonged to the Shanhai Empire. But who cared?"

"It's not enough for them to seize resources. They also try every possible way to squeeze resources from the common people. Their goal is to make themselves stronger so that they can have the strength to leave this world before the Alet Galaxy arrives."

"Such a Shanhai Empire has long been corrupt!!"

"Even if the Alet Galaxy doesn't come, the Shanhai Empire will be a time bomb. It will explode at any time!!"

Lin Tianhao frowned slightly, he knew.

There is definitely a corruption problem in the Shanhai Empire.

But he didn't know how serious it was.

After all, the Shanhai Empire is too big, and he doesn't have the time or the energy to govern it.

"This is the first time I've heard that the Shanhai Empire has become so rotten." Lin Tianhao said lightly.

Luo Xuanren sneered, "You don't care about things, so of course you don't know."

"Go down there and see how many people have no complaints against the local officials?"

"Go down there, take a look, ask, and listen, and you will understand everything."

"Master Palace Master, you are very powerful, very powerful, but even though you are powerful, you cannot save the Shanhai Empire."

"Those people are wicked to the core. They are the blood-sucking worms of the mountains and seas."

"If the Shanhai Empire is an apple, then... this apple is already riddled with holes."

Lin Tianhao shook his head, "I don't think you are right."

"Moreover, no matter whether what you said is true or false, this is not a reason for you to betray the Shanhai Empire and defect to the Alet Galaxy!!"

"You should find a way to change instead of being so bad!!"

Chapter 1830: 1 Leaf Blindness, Execution!

"Not even... a traitor to the Shanhai Empire!!"

Hearing what Lin Tianhao said, Luo Xuanren sneered.

"Who am I? Change?"

"Haha, how ridiculous! The highest I ever reached was only a second-rank official. I tried to change, but ended up being demoted to this level."

When Luo Xuanren said this, his expression became extremely ferocious.

"But am I not changing now?!"

"The Shanhai Empire is rotten to the core, so we have no choice but to establish a new order."

Lin Tianhao shook his head and his eyes fell on Luo Yanbing.

"What do you think of what your father did and his ideas?"

Luo Yanbing was silent for a while, and finally let out a long sigh.

"I know that my father was demoted because he repeatedly gave advice and tried to change the status quo of the Shanhai Empire."

"But have you ever thought that among the problems your father mentioned, Luoxuan City is the most serious."

"The higher-ups sent your father here in the hope of finding a breakthrough?"

"Or is this the path your father took to advance to the first rank?"

Lin Tianhao's words were simple, but they left Luo Xuanren stunned.

Luo Yanbing wanted to say something, but before she could open her mouth, Luo Xuanren said angrily:

"impossible!!"

"If it could be solved, the higher-ups would have solved it long ago. How could it have been delayed until now?!"

Lin Tianhao smiled without comment and said:

"The focus is different, but the things you thought you weren't doing are actually what you're doing all the time."

"It's just that you are blinded by your own shortcomings. You can't even handle this small Luoxuan City properly."

"Why don't you ask your daughter how many corrupt officials she has arrested since she took office?"

Luo Yanbing took a deep breath and said:

"Father, you may really be wrong."

"Impossible. I can always hear people saying that people in various places are dissatisfied, complaining, and privately complaining about the administrators."

Lin Tianhao sneered and said:

"Is it possible that the people under your command know what you like to hear, so they tell you that!!"

Luo Xuanren shook his head again, "No, it's impossible, I know a lot..."

"you do not know!!"

Lin Tianhao interrupted Luo Xuanren harshly.

"It was serious at the beginning, but it's not like that anymore."

Luo Xuanren still didn't believe it. "You are so high up. When have you ever managed these things in the Shanhai Empire? What qualifications do you have to say this?"

This time.

It's not Lin Tianhao who is explaining.

Instead, it was Luo Yanbing who said with tears in her eyes, "Father, you are really wrong!!"

"Do you know how many corrupt officials have been arrested in the past four years? In the revived areas of the Shanhai Empire alone, more than 170,000 corrupt officials have been arrested."

"you do not know?"

"If we count all the areas directly under the jurisdiction of the Shanhai Empire, the number of corrupt officials executed is as high as 590,000."

"There may still be corrupt officials, but it's much better than before."

"You really don't know this?"

Luo Xuanren shook his head and stepped back. "No, no, no, some corrupt officials were arrested, but why are there so many? And most of those who were arrested were arrested for standing in the same camp."

Luo Yanbing took a deep breath and said:

"Father, what the Palace Master said is right. You have been blinded by hatred. You have not personally learned about it, but have only heard from your subordinates."

"Besides, sometimes the complaints are not as exaggerated as you think."

"I, Luo Yanbing, have always been working diligently, but there are still many people who are dissatisfied with me. If you go down and listen, there are still people who have complaints about me."

"Look at the Luoxuan City I took over from you, and then look at the Luoxuan City now. Did I manage it badly? Did I squeeze the people's money?"

Luo Xuanren was silent.

"But people's hearts are complicated. When I develop East City, West City, North City, and South City, there will always be people who are dissatisfied. When I distribute welfare, they think it is their due, or even think it is too little, or they suspect that someone is taking advantage of their welfare and complain."

"I don't know if you know about an incident a few months ago that even reached the City Lord's Mansion."

"It means that you haven't done well enough. It also means that even though you are working hard, there are people below who pretend to obey you but actually disobey you."

Luo Yanbing nodded, "There are people who pretend to obey but actually disobey. If we kill a few more of them, there will naturally be fewer such people."

"The core cause of the last incident was a family factional dispute."

"I vigorously developed East City, and a branch of the Chen family that was not well-received made a huge profit from it. Another branch of the Chen family became jealous and resentful, and deliberately spread rumors everywhere. Many people even said that I had my eyes on the youngest son of the Chen family."

"Under the rumors and instigation of another branch of the Chen family, the incident escalated and all kinds of conspiracy theories emerged, which led to the incident in which the people came to the City Lord's Mansion to cause trouble."

"Father, I don't deny that the Shanhai Empire did have many problems back then, but that was in the past."

"You...are really wrong!!"

Luo Xuanren stepped back and fell back onto the bench.

"What you saw and heard may not be the truth," said Luo Yanbing.

Luo Xuanren spoke in a somewhat crazy tone.

"I was wrong?"

"How can I save it?"

"Am I... am I really wrong?!!"

Lin Tianhao glanced at Luo Yanbing and spoke lightly.

"Your father has joined the people of the Alete galaxy. This is something that cannot be tolerated."

Luo Yanbing hesitated to speak, but finally nodded.

"Luo Xuanren, it's time to get going."

Lin Tianhao spoke calmly. He came here just to understand why Luo Xuanren rebelled.

When Luo Xuanren heard what Lin Tianhao said, he fell to his knees with a thud.

"Palace...Palace Master, will my affairs implicate my daughter?"

"Even if you die, she will still be the Lord of Luoxuan City."

"You deserve to die!!"

Luo Xuanren felt relieved, "Indeed, I deserve to die, damn it..."

Lin Tianhao shot the arrow from his heart and killed Luo Xuanren instantly with one arrow.

"Ding, congratulations, you have successfully killed Luo Xuanren, and you will be rewarded with +10000 free attribute points."

"Ding, congratulations, you have successfully killed Luo Xuanren. An announcement will be made to all servers soon. Do you want to hide your name?"

"no!!"

"Announcement to all servers, congratulations to player Xue Di for successfully killing Luo Xuan Ren. We hereby announce this and hope all adventurers will keep up the good work!!"

"Announcement to all servers, congratulations to player Xue Di..."

.....

After Lin Tianhao dealt with Luo Xuanren, he set his sights on Luo Yanbing.

"There are villains around your father, so little can stop him from seeing the truth. You should take this as a warning. At the same time, you should not let such people go unpunished."

"I will keep in mind what the Palace Master said." Luo Yanbing bowed.

Lin Tianhao turned and left.

This time, the list given by Gu Limu Heixinyue was quite large, and he would continue to massacre the people.

however.

Just now.

Lin Tianhao suddenly received a message.

Gu Limu Black Heart Moon is dead!!

Killed from a distance in his invincible realm!!
