

O games 1851

Chapter 1851: Lifting Kuntian City, it was attacked by surprise!

In Kuntian City, most NPCs have certain strength, but even so, it is still extremely difficult to escape before Kuntian City collapses.

"Everyone in Kuntian City, please pay attention! Kuntian City is about to collapse! Everyone, please leave immediately! Everyone, please leave immediately!!"

Below Kuntian City, Lin Tianhao was also a little surprised.

After he took away these stone pillars, Kuntian City actually collapsed.

After sending the message to them, Lin Tianhao did not hesitate to use his sixteen major realms to forcibly support Kuntian City with the sixteen major realms and delay the decline of Kuntian City.

But Kuntian City is too huge and too heavy, and Lin Tianhao's sixteen realms can only barely support it.

"Earth Vision: Xuanhuang Dragon Bone Mountain!!"

A huge dragon-bone mountain rises from the ground, supporting Kuntian City.

Using the saint's vision to forcibly prop up Kuntian City, and adding the power of the sixteen realms, Lin Tianhao finally felt that the pressure was reduced a lot.

In Kuntian City, many people began to flee.

However, Kuntian City is still too big, and it will take some time for people in the core area to escape from Kuntian City.

"I'm in trouble."

At this moment.

A joking voice sounded.

Above Kuntian City, Allens Roman appeared.

One more step.

She traveled through space and arrived at the foot of Kuntian City.

"Xue Di, you can't save the people of Kuntian City."

The words fell.

Allens Roman waved the staff in his hand, the void was torn apart, and cracks in space spread towards Lin Tianhao.

"Golden Vision: The setting sun and golden armor supporting the sky!!"

Lin Tianhao used the Saint Vision again, and a golden armor vision rose from the ground, blocking the space crack.

"Jiuyou, Canghai!"

Lin Tianhao summoned the Lord of the Nine Netherworlds and the Divine Monk Canghai again.

The current situation required the Lord of Jiuyou and the Monk Canghai to take action together. He, like before, devoured the sky and the earth, devouring the spatial origin power of Allens Roman.

"Ding, congratulations, you are devouring unknown power, Space Origin Law Comprehension +1000, Space Origin Law Resistance +1000, Armor +50000, Magic Resistance +50000, Free Attribute Points +50000."

"Ding, you are consuming unknown power..."

.....

"Where's Ku Yue? Doesn't she want to play with you anymore?" Lin Tianhao said coldly.

As soon as he finished speaking, Ku Yue's very annoying voice rang out.

"Xuedi, if you don't die, how can I leave the Galaxy World peacefully?!"

Ku Yue stepped out.

Her whole body turned into a stream of light and in an instant she was close to Lin Tianhao.

Lin Tianhao's sixteen realms unfolded, and under her extraterritorial magic fork, she was completely unable to stop him.

more importantly.

Most of the power of Lin Tianhao's sixteen realms is supporting Kuntian City.

"You've killed so many people, you don't need a city like Kuntian anymore, just let it go."

The extraterritorial magic fork in Ku Yue's hand fell suddenly and chopped towards Lin Tianhao's face.

"clang--"

Lin Tianhao blocked Ku Yue's attack with a carving knife.

But Ku Yue's attack went far beyond that. She kept moving around Lin Tianhao and attacking him continuously.

at the same time.

There were also rune vines that penetrated the void and swept towards Lin Tianhao.

A cold light flashed in Lin Tianhao's eyes, and an eye of destruction opened behind him.

"Vision of the Wind: Destroy the Eye of the Wind!!"

A violent wind that destroyed everything in the world swept towards Lin Tianhao.

But even such a strong wind only made Ku Yue retreat half a step.

There is no doubt about Ku Yue's power.

but.....

Lin Tianhao's Heavenly Divine Thunder had cooled down at this time.

If this Ku Yue remains stubborn, then strike her again.

"Poison Vision: Full House!!"

A fierce look appeared on Lin Tianhao's face. Apart from anything else, the high level of serious injury from Mantanghong would definitely be added to Ku Yue.

"Space Vision: Space Lotus!!"

Although Lin Tianhao used two great saint visions to support Kuntian City at this time, there were still fourteen saint visions to suppress Ku Yue.

"Saint Vision: Sky Blade!!"

Allens Roman jumped up, and a translucent space blade appeared behind her.

The blade of space slashed in front of the Lord of Jiuyou almost in an instant.

The Lord of Jiuyou's expression suddenly changed, and several kinds of rule power were activated at the same time, and he kept retreating.

"call out--"

The sky blade brushed past the edge of the Nine Nether Lord's clothes.

"not good!!"

The moment he avoided the Sky Blade, the Lord of Jiuyou realized that something was wrong.

Allens Roman used this Sky Blade not to kill him.

Her real target is... Lin Tianhao!!

Facts have proved that it is true.

Seeing the Sky Blade coming at high speed, Lin Tianhao's eyes narrowed slightly.

"Fire Vision: Yin-Yang Heaven-Burning Furnace!!"

Lin Tianhao also summoned a vision to block the sky blade heading towards Allens Roman.

"Om-"

The Yin-Yang Burning Heaven Furnace was constantly fighting against the Sky Blade, but Lin Tianhao could see it.

The Yin-Yang Heaven-Burning Furnace is a little underwhelming.

"Nine souls and nine spirits suppress the nine states!!"

Allens Roman's Sky Blade contains powerful spatial origin power.

Just right.

Lin Tianhao's soul vision also possesses the power of origin.

It is not easy to suppress him by using the power of origin.

however.

It is obvious that Allens Roman's original power is superior to his.

When the two collided, Lin Tianhao could only defend himself.

"How dare you get distracted when fighting me!!"

Ku Yue snorted coldly and pointed the extraterritorial magic fork in his hand at the air.

"Absolutely block!!"

Although Lin Tianhao knew that he was unlikely to be able to withstand Ku Yue's attack, he still did not sit there and wait for death. He subconsciously used absolute blocking.

But for weapons at the level of the Extraterritorial Demon Fork, absolute blocking is more like a joke.

"boom--"

Almost in an instant, the absolute block was broken by the extraterritorial magic fork.

Lin Tianhao's expression suddenly changed. He wanted to dodge, but how could Ku Yue give him such a chance?

Almost at the moment when the absolute block was broken, Lin Tianhao saw the extraterritorial magic fork piercing his chest.

Lin Tianhao's health suddenly dropped, and the extraterritorial magic fork was still madly devouring his vitality.

His health was decreasing at a speed visible to the naked eye.

Lin Tianhao no longer hid, and with the power of the origin of space, he moved out instantly.

"You really are thick-skinned!!"

Ku Yue's expression was somewhat solemn.

Lin Tianhao's role is even more embarrassing.

"Ding, you are affected by an unknown force. Your movement speed is reduced by 50%, your attack speed is reduced by 50%, your resistance is reduced by 50%, and the damage you will take is increased by 200%."

"Ding, you are affected by an unknown force. The effects of recovery and lifesteal are reduced by 90%."

"Ding, you are affected by an unknown force and will enter a state of continuous blood loss, losing 1% of your blood per second for 50 seconds."

One negative effect after another appeared on Lin Tianhao.

Chapter 1852 The girl in the blood skirt!

The terrifying degree of this extraterritorial demon fork once again subverted Lin Tianhao's imagination.

From this point, it can be seen that he has a very low understanding of the role of the carving knife.

The carving knife should also have some special effects.

only.....

At his current level, he is simply unable to use these effects.

While thinking this in his mind, Lin Tianhao changed the name in the Book of Life and Death to someone else.

Because the Book of Life and Death attacks the target unit, he can also restore health.

But if the target of the lock is Ku Yue or Allens Roman, they both have ways to prevent the damage from the Book of Life and Death lock.

The negative effects that Ku Yue had just brought to him with the extraterritorial magic fork had a huge impact on him.

"Die!!"

Ku Yue also knew how much damage her previous attack had caused to Lin Tianhao.

therefore.

It can be seen that her attacks are more crazy at this time.

She really wanted to kill Lin Tianhao.

But isn't Lin Tianhao the same? !

Heavenly Thunder!!

Lin Tianhao unleashed the Heavenly Thunder without hesitation.

"Life Vision: The River of Life!!"

This long river of life constantly washes over Lin Tianhao's body, allowing Lin Tianhao to quickly recover his health.

despite this.

Lin Tianhao's health bar dropped too much just now, especially with the added 90% serious injury effect and continuous blood loss effect.

"Are you still unwilling to let go of Kuntian City? Do you look down on me so much?"

Ku Yue moved and rushed to Lin Tianhao again.

Countless symbols turned into streams of light and attacked Lin Tianhao.

Lin Tianhao's expression changed slightly. He didn't dare to be negligent anymore and directly used the Golden Body of Merit.

"Heavenly Divine Thunder!!"

While activating the Golden Body of Merit, the Heavenly Thunder was also unleashed.

The opponent is very powerful, and Lin Tianhao does not dare to be careless.

Judging from the current situation, it is not a wise move to use the Heavenly Thunder now.

Because of Ku Yue's current state, relying on the Heavenly Thunder, it is very difficult to kill him.

"Evil Sword Form, Open!!"

"Demonization!!"

Lin Tianhao continued to increase his strength.

There is no other way. If he gives up Kuntian City now, many people in Kuntian City will definitely die.

"Another annoying trick."

Ku Yue's character was a little awkward, "Don't you hate those guys in the Alete Galaxy so much? Why is it always me who gets hacked?!"

Ku Yue really couldn't help it.

Hit her every time.

The key is that she has no good way to deal with Lin Tianhao's Heavenly Thunder.

"You're not ashamed to ask why?"

"So many top experts in the Galaxy World didn't join the guys in the Alite Galaxy. If you did, who would I kill if not you?!"

"There are so many lives in Kuntian City. If I let go, how many people will die?!"

"This is my karma, but it's also your karma!!"

Lin Tianhao no longer retreated, activated the golden body of merit, and took the initiative to kill Ku Yue.

"Nine Heavens Immortal Thunder Clouds!!"

"Chaos Sky Hammer!!"

"Ice Soul Mysterious Rain!!"

Lin Tianhao once again displayed the three great saint visions, and the aura around him continued to rise.

"You guys, do you really have to disgust him at this time?"

At this moment.

A young girl's voice suddenly rang out.

Immediately.

Suddenly, a playful little girl with a red bean on her forehead appeared not far away.

She was wearing a long red and black dress that looked as if it had been soaked in human blood for who knows how long.

"Stop watching the show, attack together and help us kill the Snow Emperor!!!"

When Allens Roman saw the girl in the blood-stained skirt, he immediately urged.

"Kill him?"

"What is the use?"

The girl in the blood-red skirt shook her head. "Even if we kill the Snow Empress now, she can still be resurrected."

"You guys just don't see clearly enough."

"Anyway, there are only four days left. Even if he can become stronger in these four days, how strong can he become?"

Allens Roman's face looked a little gloomy.

"The galaxy is huge. We must seal him before the main force arrives, otherwise it will be very troublesome."

Allens Roman spoke in a deep voice.

"how?"

"We are worried that the Snow Emperor will take the initiative to attack our large forces."

"Too."

"With the Snow Emperor's territory covering hundreds of kilometers at a moment's notice, if they don't follow the rules, the army will indeed suffer a lot of losses."

Hearing what the girl in the blood-red skirt said, Allens Roman's face darkened.

"You're reminding him!!"

The girl in the blood-red skirt smiled playfully and said:

"Why are you so unconfident?"

"A Snow Emperor scared me like this."

Hearing this, Allens Roman's face turned very ugly.

"Even a lion will use all its strength to fight a rabbit. Don't you understand this principle?"

Lin Tianhao saw that they were actually fighting among themselves, which was the best thing for him.

"alright!!"

Allens Roman growled, with a fierce light flashing in his eyes.

"If you don't want to help, just watch the show from the sidelines."

The words fell.

Allens Roman's body turned into a stream of light and appeared in front of Lin Tianhao in an instant.

It's all an illusion!!

She seemed to be talking to the girl in the blood-stained skirt, but in fact she had used a substitute.

The one who was speaking was no longer the real body of Ellens Roman. Her real body had already come near Lin Tianhao, waiting for this opportunity to sneak attack Lin Tianhao.

Seeing this, the girl in the blood-red skirt shook her head and said, "It's no wonder that the Snow Queen looks down on you for doing this."

"A truly powerful person would not bother to resort to methods like yours."

Lin Tianhao can't care about so many things.

Seeing Allens Roman so close, Lin Tianhao no longer hid. He activated the power of the origin of space, and the space lotus also protected himself.

"The Law of the Origin of Space!!"

Feeling the aura emanating from Lin Tianhao, Allens Roman's face showed an expression of disbelief.

Lin Tianhao didn't explain anything.

With the golden body of merit and the power of the origin of space, he escaped in an instant.

Ku Yue followed closely behind, and the Lord of Jiuyou and the Monk Canghai intercepted Allens Roman again.

But the moment Lin Tianhao appeared from the void, a small hand had already slapped his chest.

It's the girl in the blood-stained skirt!!

Lin Tianhao was shocked, but at this time he had no choice but to mobilize the power of the law to block the attack of the girl in the blood skirt.

"boom--"

With a palm strike, Lin Tianhao's body flew backwards uncontrollably.

Fortunately, Lin Tianhao has the golden body of merit to protect him, so his blood loss is not too high.

But before the impact on Lin Tianhao disappeared, he felt a tender little hand grabbing his wrist.

Followed by.

He was kicked hard in the waist and his body was thrown out uncontrollably.

But his wrist was held tightly, forcing Lin Tianhao to start spinning according to the power of the girl in the blood-colored skirt.

"Stop!!"

Chapter 1853 Lulindu·Fumo!

Lin Tianhao let out a low roar, and the demonic energy in his body instantly rushed out, attacking the girl in the blood-red skirt.

The corner of the girl's mouth in the blood-red skirt curled up slightly, "Do you want to transfer the evil spirit in you to me?"

"It's a pity that I'm also a demon cultivator."

The girl in the blood-red skirt absorbed all of Lin Tianhao's evil spirit, and became even more weird.

"Comfortable!!"

"That's what it feels like."

A look of satisfaction appeared on the face of the girl in the blood-red skirt.

She grabbed it in her hand.

This time, her attack missed.

Because Lin Tianhao had already used the Starry Sky Step to move out.

"Oh?"

"It's a bit slippery, but... I've already planted a magic mark in you."

As the blood-skirt girl's voice fell, the hand that Lin Tianhao had just been grabbed by the blood-skirt girl rose up uncontrollably and grabbed his neck.

Lin Tianhao's expression changed slightly. This situation was beyond Lin Tianhao's expectations.

Under Lin Tianhao's observation, a black curse mark appeared on his wrist.

At this moment, his arms were out of control, which should be the effect of the curse.

"Swallow the sky and the earth!!"

Lin Tianhao couldn't just sit there and wait for death, so he used the power of swallowing the sky and devouring the earth without hesitation.

"Ding, you are consuming an unknown curse seal. Spell comprehension +10000, spell resistance +10000, magic resistance +50000, health +50, free attribute points +10000."

"Ding, you are consuming an unknown spell..."

.....

Although Lin Tianhao's arms were out of control, his whole body was still retreating like crazy.

"run?"

"Where can you run to?"

"Are you ready to give up on Kuntian City?"

"It's all because of your own greed that Kuntian City has been ravaged by this catastrophe. Can you leave with a clear conscience?"

The voice of the girl in the blood-red skirt seemed to have magic, and every word she said shook Lin Tianhao's heart.

But in just a breath, Lin Tianhao returned to normal.

"interesting."

The girl in the blood-red skirt showed a look of surprise when she saw that Lin Tianhao was not affected by the magic sound.

"Death Vision: Reincarnation Reflects the Six Paths!!"

The curse mark on Lin Tianhao's wrist began to disappear, and he attacked again.

"Everything that follows will be predicted with the power of tens of thousands of merits. Ku Yue, you must die today!!"

Lin Tianhao's face was ferocious, with arrows shot from his heart and a headlock of heavenly punishment.

And each feather arrow carries with it tens of thousands of merits.

He wanted to kill Ku Yue with all his might!!

In a flash.

Hundreds of feather arrows carrying the power of merit flew towards Ku Yue.

Ku Yue's pupils suddenly shrank. She looked at the feather arrows that were shining with golden light of merit, and billions of Cao Ni horses were galloping through her heart.

"Xuedi, why are you doing this?!"

Ku Yue was horrified and wanted to escape.

But Lin Tianhao has already taken an absolute stance.

He has already used the Heavenly Thunder, and this time, he doesn't want Ku Yue to leave alive.

Otherwise... this will definitely become a knot in his heart.

"help me!!"

Ku Yue exclaimed in surprise.

"It's not like you don't have the power of merit. Since the Snow Emperor has used the power of merit, shouldn't you also use the power of merit?"

Hear this.

Ku Yue was so angry.

Although he was extremely dissatisfied, Ku Yue still mobilized his power of merit.

She definitely doesn't want to die.

Although she was resurrected last time, she couldn't guarantee that she could be resurrected next time.

"Kuyue, don't be afraid. If the Snow Queen can be resurrected, then why can't we?"

"It's not a bad thing for him to expend so much merit to kill you."

Allens Roman also spoke lightly.

Although there is news that Lin Tianhao may have the means to prevent people from using resurrection coins.

But this news is more of a speculation, not a confirmed one.

Ku Yue frowned slightly. She used the extraterritorial magic fork to resist madly, while also reducing the output of the power of merit.

She actually also felt that if Lin Tianhao killed her, she should be able to be resurrected.

This behavior is more like revenge out of anger.

Lin Tianhao didn't care what Ku Yue thought and continued to release his feather arrows.

In the blink of an eye.

Thousands of feather arrows of the Heavenly Punishment Lock have been released.

This is the power of millions of merits!!

Ku Yue has existed for a long time, and she has the power of merit, which is more than tens of millions.

But she was reluctant!!

Just as Allens Roman said, even if she was really killed, she could still be resurrected.

With this mentality, Ku Yue's health bar began to drop rapidly.

Coupled with the falling of the Heavenly Thunder, Ku Yue's health bar was finally emptied.

however.

This time.

After Ku Yue was killed, the resurrection that Alens Roman and the girl in the blood skirt had expected did not happen.

"How...how could it be possible?!"

There was a look of disbelief in Allens Roman's eyes.

"You...you can prevent people from resurrecting!!"

"Soul Origin Imprisonment?"

Lin Tianhao looked at Allens Roman coldly.

"It does not matter."

"Ku Yue is dead, the next one... is you!!"

Hear this.

Allens Roman's face changed suddenly.

She really didn't expect that Ku Yue could not be resurrected.

One minute.

Two minutes.

three minutes.....

A full fifteen minutes passed.

The withered moon still hasn't resurrected.

"She...she's really dead!!"

Allens Roman still couldn't believe it was true.

She was well aware of Ku Yue's power.

But he is such an extremely powerful existence.

Just like that... it completely fell.

There was a subtle change in the look in the girl's eyes when she looked at Lin Tianhao.

If before, the way she looked at Lin Tianhao was like a hunter looking at his prey.

"This is what makes it interesting. If he were just a loser, the fight would be boring."

The girl in the blood-stained skirt looked at Lin Tianhao with a smile.

"Xuedi, you are the most powerful person in the Galaxy World. My name is Lulindu Fumo. If someone didn't force me to do it, I really don't want to take action against you right now."

Lin Tianhao frowned slightly, "Lulindu Mansion Demon?"

"Okay, I remember."

"It is my honor to die at the hands of a strong man."

Lulindu Fumo smiled noncommittally and said:

"Some of them are bullying the weak."

"But there's nothing we can do. There can't be any variables in this game of chess in the Galaxy World."

"You want to save the people of Kuntian City, I let you do it. Once the people of Kuntian City have evacuated, we will fight each other."

Allens Roman was a little anxious.

"Fu Mo, how to treat the enemy..."

"boom--"

Before Allens Roman could finish his words, Lulindu Fumo slapped him away from the air.

"It's not your turn to tell me what to do."

That's it.

An extremely terrifying smile appeared on Lulindu Fumo's face.

"correct....."

"Just a reminder."

"When Xue Di and I are fighting, you'd better not interfere."

"Because... I'm afraid I'll accidentally kill you!!"

"Hahaha....."

Chapter 1854: Develop the divine treasure and smash the vision with fist!

Lulindu Fumo let out a crazy laugh.

"Let's go. I'll wait for you above Kuntian City."

Lulindu Fumo looked at Lin Tianhao with a smile.

"Don't run, or I'll be extremely cruel."

Lin Tianhao frowned. This Lulindu Fumo... looked like a madman no matter how you looked at him.

Allens Roman looked particularly ugly.

Obviously.

She was very dissatisfied with Lulindo Roman's behavior, but she couldn't even do it.

The withered moon has completely fallen.

She was not quite sure what means Lin Tianhao had used to completely wipe out an existence like Ku Yue.

But she didn't dare to gamble.

She was a little scared when facing Xue Di alone.

Especially since Xue Di just said that she would be the next one.

She didn't think Lin Tianhao was joking with her.

Lin Tianhao ignored them and went forward to touch the corpse.

Ku Yue was a super BOSS. Even if she died, no one knew what could be found by touching her corpse.

"Ding, you obtained the Extraterritorial Demonic Fork +1."

The first thing Lin Tianhao touched on the corpse made his eyes light up.

The extraterritorial magic fork is a very good thing.

after all.

The extraterritorial magic fork is a weapon that can compete with the carving knife.

"Ding, you obtained the True Codex of Enlightenment +1."

"Ding, you got skill book +7."

"Ding, you got special item +5."

"Ding, you get +500 million free attribute points."

"Ding, you got gold coins +795215 million."

"Ding, you got it..."

.....

Lin Tianhao: ???

Everything else is fine, but what the hell is this gold coin?

Seventy-nine trillion?

Ku Yue is really a wealthy woman.

But considering that Ku Yue has existed for such a long time, it doesn't seem to be a big deal that she has such a family background.

The body touching is over.

Lin Tianhao suddenly had a bold idea.

He had ignored this problem before, or rather, this thing itself was easy to be ignored.

That is.

Can he devour the soul essence of Ku Yue?

Do it when you think of it.

Lin Tianhao tried to devour Ku Yue's soul origin, but found that there was no soul origin at the place where Ku Yue died.

He also tried with a feather arrow, but still could not find the soul origin of Ku Yue.

"Is it because of the lack of reincarnation?" Lin Tianhao frowned slightly.

It seems that this is the only way.

After all, Lin Tianhao had killed many creatures before, and after killing them, their soul origins still existed.

Not being able to cross the reincarnation cycle should mean completely obliterating the opponent's soul origin so that they cannot be killed.

While Lin Tianhao was thinking about these things, Tian Shi Di was not idle either. Instead, it began to frantically devour the fragments of the ancient bronze coffin.

at the same time.

Lin Tianhao was also thinking about how to deal with Lulindu Fumo next.

Although he had only had a brief fight with Lulindu Fumo just now, Lin Tianhao could also sense Lulindu Fumo's power.

The sense of oppression she brought was even greater than that brought by Ku Yue and Allens Roman.

Above Kuntian City.

Allens Roman said somewhat displeasedly:

"Fu Mo, you are too arrogant. The Snow Emperor is not as simple as you think."

Lulindu Fumo smiled noncommittally and said:

"Whether he's powerful or not, won't we know after we fight him?"

Allens Roman hesitated and scolded:

"It's unreasonable. You're so conceited, you'll pay the price one day."

Lulindu Fumo chuckled and said:

"So, you're not leaving now, just to laugh at my joke? Or do you want to help me?"

Allens Roman said seriously:

"Although we are not from the same family, we belong to the same camp after all."

"I don't want anything to happen to you. If you're no match for me, I'll save you."

Hear this.

Lulindu Fumo shook his head noncommittally and said:

"In that case, let's wait and see."

"See...if I'm really that bad."

.....

In Kuntian City.

A large number of people began to evacuate frantically.

after an hour.

The people in Kuntian City finally completed their evacuation.

Lin Tianhao soared into the sky, and Kuntian City lost Lin Tianhao's support and began to collapse rapidly.

A once huge city collapsed just like that, and Lin Tianhao felt a little sad.

but.

at this time.

Lin Tianhao still has a big problem that has not been solved.

"Snow Emperor, let's go to heaven for a fight."

The voice of Lulindu Fumo came from the sky.

Lin Tianhao took a step forward and came to the sky

Lulindu Fumo looked at Lin Tianhao standing in front of him with a playful smile on his face.

"Xuedi, use all your strength, otherwise... I will find it very boring."

A cold light flashed in Lin Tianhao's eyes.

This Lulindu Fumo is really too confident. It seems that she is sure that Lin Tianhao cannot be her opponent.

Lin Tianhao raised his hand and the carving knife fell into his hand.

"Dark Vision: The Great Solar Eclipse!!"

Lin Tianhao started with the Dark Vision because of the skill given to him by the Night Spirit God Moirai.

All attributes doubled in darkness!!

"Luo Man, take a good look at how weak the Snow Emperor, who you think is so powerful, really is."

A dark red suit appeared on Lulindo Roman.

Her weapon is...fist gloves!!

The moment he saw the boxing gloves, Lin Tianhao knew the other person's occupation.

Fighter!!

This is a relatively extreme profession.

It can also be said to be the king of single combat in Ragnarok.

In a one-on-one situation, the fighter is almost invincible.

of course.

The gap in hard power is obvious, and it can be made up.

On the contrary...

If the numerical levels are similar, fighters will naturally be stronger than other professions in single combat.

This is the case in Ragnarok, and it should be the same in the Arlate Galaxy.

"Xuedi, you are very talented, but... you have taken the wrong path."

"Enlightenment... What a foolish act."

Lulindu Fumo denied enlightenment as soon as he opened his mouth.

"Everyone's body is an endless treasure trove of divine treasures. If you develop these treasures, you will gain endless benefits."

"Why bother seeking enlightenment? Why bother... relying on those empty-headed teachings?"

As Lulindu Fumo's voice fell, she instantly appeared in front of Lin Tianhao's dark vision.

"As long as the divine treasure is developed to a certain extent, everything in the world can be shattered!!"

"boom--"

As Lulindu Fumo said this, her fist had already fallen.

Amidst the huge roar, Lin Tianhao's Sun-Eating Sword was actually cracked.

"It's good that you can withstand my punch, but what if this is the case..."

Lulindu Mansion Demon began to attack Lin Tianhao's Sun-Eating Sky crazily, showing Lin Tianhao what it meant to "thousand punches in one second"!

But in a breath.

Lin Tianhao's dark vision of eclipsing the sun was shattered into pieces by Lulindu Fumo.

Chapter 1855 Pangu God VS Palace Demon!

Lin Tianhao's eyes narrowed slightly. Lulindu Fumo's method of shattering the vision with one punch really shocked Lin Tianhao.

"You seem to have quite a few visions. Let me see what other visions you have."

Lulindu Fumo looked at Lin Tianhao provocatively.

Lin Tianhao took a deep breath.

"Thunder Vision: Nine Heavens Immortal Thunder Lord!!"

"Vision of Power: Chaos Hammer!!"

Lin Tianhao unleashed a combination of vision skills!!

The Nine-Sky Immortal Thunder Lord, holding the Chaos Hammer, smashed it down towards Lulindu Fumo.

"I have some ideas, but they are still a little weak."

Faced with this shocking hammer, Lulindu Fumo did not dodge, but rushed forward.

See this scene.

Allens Roman's face darkened.

"What a conceited fellow."

Lin Tianhao did not relax at all because of the head-on attack from Lulindu Fumo.

No matter how the other party views him, he will definitely use all his strength when he attacks.

"boom--"

There was another loud noise.

The power transmitted from the Chaos Hammer caused Lin Tianhao to retreat repeatedly.

This guy is so strong!!

It was so strong that Lin Tianhao felt it was a bit unreasonable.

The fusion skills of the two great saints' visions could not do anything to her.

"Come again!!"

This blow.

This made Lulindu Fumo even more excited.

Her body turned into a stream of light and rushed towards Lin Tianhao again.

Lin Tianhao did not dare to delay. While the arrow was shot from his heart, he continued to mobilize the Chaos Hammer and smashed it towards Lulindu Roman.

With Lulindu Roman's speed, she was actually able to avoid the attack of the Chaos Hammer.

But... she didn't avoid it, but instead deliberately collided with Lin Tianhao's Chaos Hammer.

"Crazy, he's just an absolute lunatic!!"

Allens Roman couldn't help but curse under his breath.

She had thought of many possibilities, but she had never imagined that Lulindu Fumo would be so crazy.

She seemed to have no worries about being hurt by Lin Tianhao, and her attacks became more and more crazy.

And the fact... seems to be true.

The damage caused by Lin Tianhao's Chaos Hammer to Lulindu Fumo was very low.

wrong.

The damage value is actually not low, but Lulindu Fumo's health is too high.

And every time, Lulindu Fumo would recover in a very short time.

And Lulindu Fumo will be able to recover soon.

Lin Tianhao had a serious expression. As someone who had fought against Lulindu Fumo, he had a deep understanding of how powerful Lulindu Fumo was.

The degree of transformation of Lulindu Fumo's physical body is extremely high, to an absurd degree.

In Allens Roman's opinion, the damage caused by Lin Tianhao was already quite high.

But Lin Tianhao was very clear that the damage he dealt was very low...very, very low!!

"Boom boom boom——"

After more than a dozen collisions, tiny cracks appeared on the Chaos Sky-Opening Hammer and the Nine Heavens Immortal Thunder Lord.

With a collision of this intensity, it would probably not take many hits for the Nine Heavens Immortal Thunder Lord and the Chaos Sky-creating Hammer to be shattered.

"A great house!"

Lin Tianhao attacked without hesitation, and Mantanghong could inflict serious injuries.

Although judging from the current situation, it is difficult for him to threaten the opponent.

But Lin Tianhao is not someone who will sit and wait for death.

"Soul Vision: Nine Souls and Nine Spirits Suppress the Nine Provinces!!"

"Death Vision: Reincarnation Reflects the Six Paths!!"

"Space Vision: Space Lotus!!"

Lin Tianhao used his three most powerful visions.

These three visions are not only powerful in attributes, but more importantly, they all contain the power of origin.

With the blessing of the power of origin, the power of these three visions is naturally even more terrifying.

Lin Tianhao's Heaven-Devouring and Earth-Devouring Skill also locked onto Lulindu Mansion Demon.

"Ding, you are devouring an unknown creature, Physical Transformation +0.05, Magic Resistance +50000, Armor +50000, Health +100, Free Attribute Points +10000."

"Ding, you are devouring unknown creatures..."

.....

Lin Tianhao narrowed his eyes slightly, and his body transformed? ?

This Devouring Lulindu Mansion Demon can actually directly provide physical transformation.

No wonder Lulindu Fumo is so perverted. Her physical strength has probably reached an unfathomable level.

"Bang bang bang-"

Lin Tianhao realized what Lulindu Fumo was doing next.

Just now, Lulindu Fumo had not yet used his full strength.

Three saint visions containing the power of origin enveloped Lulindu Fumo, and there were also saint visions like Mantanghong assisting on the side.

But even so, Lulindu Fumo showed Lin Tianhao what it means to throw three thousand punches in one second, and each punch shattered the void.

Punch out.

A lot of the poisonous fog in the hall was dispersed.

That is to say, the three saintly visions who possessed the power of origin had only a little power to resist Lulindu Fumo.

But this is not a long-term solution.

"Are you going to use the power of merit again?"

Lin Tianhao murmured to himself.

But even if he used the power of merit, it would still be difficult for him to threaten Lulindu Fumo when the Wheel of Reincarnation was not cooling down.

He has a lot of merit and power, but there are also many masters in the Alet Galaxy.

It would not be a good thing if too much merit and power were wasted now.

"This punch, with nine thousand years of power, can you withstand it?!"

Lulindu Fumo gathered all his strength into one punch and smashed it towards Lunhui Yingliudao without hesitation.

"Boom boom——"

Amidst the violent roar, tiny cracks actually appeared on the Six Paths of Reincarnation.

"interesting."

At this moment.

A deep and domineering voice suddenly sounded.

"If you like this kind of fist-to-flesh combat, you shouldn't look for Xue Di."

When Lin Tianhao heard the voice, he guessed who was coming.

Fat God is invincible!!

but.

Now he should be called... Pangu the Great God.

When Lulindu Fumo heard the voice of Pangu, he stopped attacking and looked towards Pangu.

"An adventurer too?"

Lulindu Fumo was a little surprised, "The aura on you is a little different."

"What is your relationship with the Lord of Luotian? He actually passed on the inheritance to you."

Hearing what Lulindu Fumo said, the great god Pangu couldn't help but laugh.

"Is it possible that it wasn't the Lord of Luotian who passed on the inheritance to me... but... I passed it on to him!?"

"you....."

Lulindu Fumo narrowed his eyes slightly, "I like your arrogance, I hope your fists can be as wild as this!!"

When the words fell.

Lulindu Fumo rushed in front of Pangu God like a cannonball.

"boom--"

The great god Pangu didn't accumulate any strength at all, he just raised his hand and punched.

The moment their fists touched, space exploded and time distorted.

The great god Pangu and Lulindu Fumo retreated almost at the same time.

"After all, the time of awakening is too short, and this body has not yet been developed to its full potential." Pangu shook his head.

Chapter 1856: The Palace Demon is just an external incarnation?

There was no fear on Lulindu Fumo's face after this collision with the great god Pangu.

Some are surprises, and some are crazy.

"Something interesting."

"Are you really an adventurer?"

"No, no, you're not an adventurer..."

"Hahaha, it doesn't matter. It's rare to have an opponent as interesting as you, so let me test your abilities."

The words fell.

Lulindu Fumo's body turned into a stream of light and rushed towards the great god Pangu.

Lin Tianhao had a strange expression on his face, but he didn't stop swallowing the sky and the earth.

As for whether the great god Pangu could defeat Lulindu Fumo, Lin Tianhao was not quite sure.

But just now, after listening to the conversation between Lulindu Fumo and Pangu God, they seemed to have revealed an incredible piece of news.

The Lord of Luotian seems to have inherited the legacy of the great god Pangu.

This is quite extraordinary.

"You've met the Lord of Luotian and even fought against him. You're from the Alet Galaxy, and you're still here alive. This is enough to show how powerful you are."

Lulindu Fumo laughed crazily and said:

"Don't talk about this nonsense. Right now I just want to...beat you to death, or...be beaten to death by you!!"

When the words fell.

Lulindu Fumo attacked again.

This time she did not hold back at all, and each attack was extremely fierce.

"Bang bang bang-"

air.

The great god Pangu and Lulindu Fumo kept colliding with each other, and there was a huge roar with each collision.

The two continued to collide like this.

that's it.

The two of them collided tirelessly for hundreds of thousands of times, and the void above Kuntian City was shattered, but the two were still inseparable.

See here.

Lin Tianhao finally understood the power of the great god Pangu.

Although the fat man's basic attributes are very high due to his talent, it is by no means an easy task to achieve this.

"What a joy! What a joy! Hahahaha!!"

The two fought hard, but the excitement on Lulindu Fumo's face became more and more intense.

As she became more excited, her fighting ability seemed to continue to increase.

"Xuedi, you're going a bit too far."

however.

Just at this time.

Lulindu Fumo instantly set his sights on Lin Tianhao.

"I'm having a huge fight with this friend here, and you're stabbing me in the back. That's not very polite!!"

Lin Tianhao sneered and said:

"polite?"

"What qualifications do you have to be polite to me?!"

"You guys from the Arlet Galaxy invaded our Galaxy World, and now you're trying to be polite to me?"

Lulindu Fumo showed a playful smile on his face.

"It doesn't matter. I'm just curious. The Lord of Luotian didn't become the Lord of a Mortal Palace. How can a young boy like you be qualified to be the Lord of a Mortal Palace?"

"Now it seems that you have some background."

That's it.

Lulindu Fumo's gaze fell on the great god Pangu.

"Your aura is very special. We will meet again. I hope that by then, we can determine the winner."

Hear this.

A strange look appeared on the face of Pangu, the great god.

"really?"

"Then I guess I'll have to ask your real body to come over. Although this clone was made using an innate treasure, it will be difficult to make significant improvements in such a short period of time."

Hearing what Pangu said.

A faint smile appeared on Lulindu Fumo's face.

"You mean you can become very powerful in a short time?"

The corners of Pangu's mouth rose, revealing a meaningful smile on his face.

"hey-hey."

"I told you, the Lord of Luotian is one of my many successors. You've fought him before, so you should know of my existence."

"Is that you?"

Lulindu Fumo's face showed excitement.

"If that's the case, that would be great."

Finished.

Lulindu Fumo waved his hand, took a step forward, and disappeared into the void.

Seeing Lulindu Fumo leaving, Allens Roman did not stop and left directly.

Only then did Lin Tianhao look at the great god Pangu.

"Senior, is the Lord of Luotian your successor?"

"Yes, but not completely. I am a successor, but I cannot be considered a successor."

Lin Tianhao was slightly startled, then bowed and said:

"No matter what, thank you for your help this time."

The great god Pangu waved his hand and said:

"Don't be so polite. I've already said that my determination to defend the galaxy world is stronger than yours."

Lin Tianhao hesitated for a moment, then said:

"Senior, I want to leave the Milky Way world and enter the endless starry sky. Do you have any suggestions?"

"Leave the galactic world? Enter the endless starry sky?"

Pangu frowned slightly, "Do you want to go out and use the Heavenly Dao Level Talent Awakening Stone?"

"good."

Lin Tianhao nodded heavily. He had obtained the Heavenly Dao-level Talent Awakening Stone, but he was unable to awaken his talent. This was always a knot in Lin Tianhao's heart.

Especially after coming into contact with Alens Roman and Lulindu Fumo.

Lin Tianhao was deeply aware that his strength was still not enough to defend the Galaxy World.

"It's difficult. Very, very difficult."

The great god Pangu said very seriously:

"Leaving the Galaxy World?"

"Do you know how many people are watching the Galaxy World right now? If you leave, the Heavenly Dao Level Talent Awakening Stone will definitely be snatched away by others."

"With your current strength, you can't protect the Heavenly Dao Grade Talent Awakening Stone without help."

"What's more, those guys from the Alet Galaxy must have arranged some super-powerful people on the outskirts of this world. I estimate that there are at least three super-powerful people from the Eternal Realm."

After hearing what Pangu said, Lin Tianhao fell into silence.

"Unless someone is willing to help you."

"However, that would offend the Alite Galaxy."

That's it.

The great god Pangu looked at Lin Tianhao meaningfully again.

"Besides, you have to consider what happens next."

"Is it to become a disciple, or something else?"

"The ten-year defense war is both dangerous and an opportunity."

"If you can become strong enough within these ten years, you won't have to worry. But if not, even if the Alet Galaxy doesn't destroy us, you will still be in danger."

Lin Tianhao pondered for a moment, then said calmly:

"I see."

The words of the great god Pangu made Lin Tianhao think of the ancient god Tianyuan.

The realm of Gu Tianyuan God is strong enough. If Gu Tianyuan God is willing to take action, he may be able to successfully use the Heavenly Dao-level Talent Awakening Stone.

just.

Will the ancient Tianyuan God agree?

While thinking this, Lin Tianhao also began to call upon the ancient Tianyuan God.

Because the ancient god Tianyuan said it before he left.

If Lin Tianhao wanted to find him, he just had to call his name.

as predicted.

After Lin Tianhao called out to the God of Ancient Tianyuan several times, the God of Ancient Tianyuan actually appeared in front of Lin Tianhao.

Chapter 1857 Knot in the heart, calm mind, enlightenment!

"You don't seem to have changed your mind. You asked me to come here. There must be something else."

Ancient Tianyuan God spoke lightly.

Lin Tianhao nodded slightly. From what Gu Tianyuan God said, it could be seen that Gu Tianyuan God did not seem to be spying on him.

Otherwise, the ancient Tianyuan God should know about his previous conversation with the great God Pangu, and would naturally guess the purpose of his calling him down.

"Senior, I want to use the Heavenly Dao-level Talent Awakening Stone. According to me, to use the Heavenly Dao-level Talent Awakening Stone, I need to enter the Endless Void."

Hear the words.

Ancient Tianyuan God pondered for a moment and said, "Your determination to fight against the Alate Galaxy has not changed, so... you want me to protect you?"

Lin Tianhao nodded seriously, "Please help me, senior."

"This kindness will be remembered by the younger generation."

Ancient Tianyuan God waved his hand and said:

"Xuedi, I can take you away, but helping you become stronger is against the rules."

"If I really did that, not only would the person from the Alite Galaxy, but even major organizations like the Starry Sky Administration and the Thunder Punishment Temple would hold me accountable."

That's it.

Ancient Tianyuan God looked at Lin Tianhao meaningfully and said:

"Xuedi, you can consider my previous proposal."

Lin Tianhao shook his head and said seriously:

"Thank you for your kindness, Senior. I have made up my mind. Sorry to bother you."

"It doesn't matter."

The ancient Tianyuan God disappeared in front of Lin Tianhao.

The attempt to use the Heavenly Dao Level Talent Awakening Stone failed again.

It was like a dead end, he couldn't break it, and no one could help him.

Lin Tianhao returned to the mortal palace.

The next step is to devour as many fragments of the ancient bronze coffin as possible.

As for the rest.

It doesn't seem to be of much use.

There are not many good things left in the Ancient Mysterious Realm, and the things in the Dragon Cave are not as valuable as the fragments of the ancient bronze coffin.

Or... he could consider going to the Demon Cave.

Maybe he could gain something there.

Tiangong is also fine.

Lin Tianhao had a lot of thoughts.

But he was standing in the mortal palace at this moment, and he didn't want to go anywhere.

He has been too busy along the way.

Especially in recent times, his heart seems to rarely be at peace.

To attain enlightenment, shouldn't one calm down and be mindful?

His mind is so confused. Even if he has the bonus of understanding, how fast can he attain enlightenment?

Sit cross-legged.

Lin Tianhao did not gain enlightenment, nor did he think about those things.

He... is sleeping!

Five years!!

If the time spent in the time and space cultivation pagoda is included.

That's thousands of years!!

tired!!

I'm so tired!!

After changing to a comfortable position, Lin Tianhao lay on the big bed in Fandian and fell into a deep sleep.

In his sleep, Lin Tianhao felt an inexplicable panic.

He seemed to have returned to his previous life. He was just a small person with no talent, relying on being despicable enough to survive in the cracks.

The army of the Alet galaxy is attacking again.

The lord died in battle, the barracks were destroyed, and a large number of adventurers were slaughtered.

He was like a drowned dog, running away frantically for a glimmer of hope.

Feather arrows and magic are flying all over the sky.

In this chaotic world, Lin Tianhao is as insignificant as dust.

If you take a wrong step, you will die.

I don't know how many times.

Lin Tianhao felt as if the sharp knife of the Alate Galaxy was about to pierce his chest and end his humble and difficult life.

I don't know if I really slept for that long, or if time passed quickly in my dream.

From the past life to the present life, everything seems like a passing cloud.

Unexpected.

Lin Tianhao felt inexplicably anxious.

because.....

He was afraid, very, very afraid.

I am afraid that this so-called past and present life is all fake.

perhaps.....

He was just a helpless and delusional middle school boy who couldn't raise enough money for his sister's medical expenses.

perhaps.....

He was just a low-level adventurer who was stabbed in the back by Wu Xiaodao. Everything now was just his fantasy before death.

Or maybe...

All kinds of thoughts flooded into Lin Tianhao's mind, making him shrouded in fear.

He is really scared!!

He was afraid that when he opened his eyes, he would see his sister's cold body.

He was afraid. He was afraid that when he opened his eyes, he would still find the cold dagger of that bastard Wu Xiaodao stuck in his chest.

He fears.....

"I'm scared of you!!"

Lin Tianhao cursed in his dream.

The fear in my heart gradually faded away.

Lin Tianhao's eyes became increasingly firm.

Does he need to care about those nonsense?

Just like the Blue Planet back then, some people say that humans do not really exist and are just designed programs.

Some people say that the blue planet is a cage and they are ants in the cage.

Some people even say...

But are those important?

Do those have anything to do with him?!

It doesn't matter!!

Who is he? He is Lin Tianhao!!

Who is he? He is Xuedi!!

What is he going to do?

Defend the galaxy world and crush all those bastards in the Arlet Galaxy!!

This may be an illusion, or a Truman Show, or even if it is really his fantasy, so what?!

He is determined to destroy those bastards in the Alite Galaxy!

No matter who comes, it won't work!!

Lin Tianhao's belief became stronger and stronger, and the fear in his heart receded like a tide.

He is still the resolute and ruthless Snow Emperor!!

The firm belief and the dispelling of fear finally calmed Lin Tianhao's heart.

at this time.

Lin Tianhao lying on the bed.

His breathing gradually became steady, as if he was just an ordinary person sleeping soundly.

And right now.

An extremely mysterious force enveloped Lin Tianhao.

It was as if a gap had opened up between heaven and earth, and countless Dao rhymes began to converge towards Lin Tianhao.

Translucent lotus flowers bloomed around Lin Tianhao.

The original power of space gathered towards Lin Tianhao.

Even with a single breath, Lin Tianhao, who was in deep sleep, could mobilize the power of the origin of space.

Such a vision.

Naturally, this also alarmed the other people in the mortal palace.

Ouyang Wenlong came to the door of Lin Tianhao's palace and looked at the situation inside the store in some surprise.

In addition to Ouyang Wenlong, many people in the hall were attracted here.

"The Lord Palace Master's level of enlightenment is surprisingly high. Just enlightenment alone has caused such a strange phenomenon."

"God bless our Fan Palace. With the Palace Master here, we have nothing to fear from those guys in the Alet Galaxy!!"

"Hurry up and realize the truth. Opportunities like this don't come around all the time."

.....

In the mortal hall, many people began to visualize the Dao pattern fluctuations caused by Lin Tianhao.

They bathe in the avenue, visualize the Dao patterns in it, and their efficiency in understanding the Dao will be greatly improved.

And at this time.

Lin Tianhao in the room was completely unaware of the commotion he had caused.

He was sleeping very peacefully at this moment. If it weren't for his faint breathing, he would have looked like a dead person.

This avenue of gathering lasted for a full six hours before gradually dissipating.

However, during these six hours, Fandian and even many professionals within hundreds of kilometers of Fandian gained considerable benefits.

Chapter 1858 North Wind and South Snow!

on the bed.

Lin Tianhao slowly woke up, the strange phenomena around him dissipated, but the condensed power of the origin of space did not dissipate.

"Comfortable....."

Lin Tianhao felt relaxed all over. After being reborn, he hadn't felt so relaxed for a long time.

"This....."

The next moment,

Lin Tianhao's eyes showed disbelief.

"The Origin Law of Space... Ninth Level!!"

"How long have I been asleep?"

Lin Tianhao immediately checked the time.

2037年5月17日， 上午9时31分！！

He...slept for more than ten hours, not as long as he had imagined.

More than ten hours...

The law of the origin of space has reached the ninth level of the law realm.

Is this...reasonable?

"Is it really because my mind isn't calm enough that even though my understanding has increased a lot, my enlightenment speed is still slow?"

He had a good sleep and his mind calmed down, so... his enlightenment speed increased to the maximum?

Lin Tianhao didn't know.

But the improvement of his spatial origin laws is real.

Had a good nap.

Much more comfortable.

Perhaps it was because of the dream, or perhaps it was because the knot in his heart had been untied, but Lin Tianhao did feel that now that he had realized the truth on his own, his improvement on the path of Taoism was more obvious.

wake up.

Lin Tianhao is preparing to do two things, which can be regarded as a way to settle the grudges of his previous life before Ragnarok merges with reality.

First.

Of course Wu Xiaodao must die.

Even Jesus couldn't save him!!

the second.

The silly woman who once risked her life to save him.

Actually, to this second person.

Lin Tianhao was in a very complicated mood.

Because their relationship is not as good as imagined, and they have not even known each other for very long.

But even so, she still risked her life to save him.

He wants to repay this kindness.

But treat her.

Lin Tianhao didn't know what to do.

Give them equipment? Give them skills? Give them professions?

Help her become stronger during Ragnarok?

Lin Tianhao didn't do that, but that doesn't mean Lin Tianhao didn't care.

just.

She seemed to be doing well in this life.

after all.

People who did not awaken their talents in their previous lives will not be too bad if they can awaken their talents in this life.

Just like Wu Xiaodao.

In the previous life, I was just like him, without awakening talent.

In this life, under the influence of his time and space butterfly, his talent was awakened.

This awakening is a god-level talent.

That person...seems to be the same.

mainly.

Everyone in Ragnarok has talents. If one's talent is not awakened, it only means that the talent is too high and ordinary talent awakening stones cannot awaken the talent at all.

just.

In the previous life, it was not until the fourth year after Ragnarok merged with reality that this matter was gradually confirmed.

At that time, due to the attack from the Alet Galaxy, it had become extremely difficult to obtain high-level talent awakening stones.

Or.

If Lin Tianhao had not activated the resources of Ragnarok in this life, there would not be a small number of people who could not awaken their talents in this life.

"Find me someone."

Lin Tianhao sent a name to Berserker Blade.

That person was none other than Tiankou Qianren, Wu Xiaodao!!

Lin Tianhao had locked Wu Xiaodao's head with the Book of Life and Death before, but after developing himself, Lin Tianhao did not continue to lock Wu Xiaodao's head.

now.

He wants to break this knot in his heart.

Wu Xiaodao awakened a god-level talent in this life and is considered a great master among adventurers.

"Tiankou Qianren?"

"Now that you mention it, I remember that we previously gathered all the known possessors of divine talents, but this Tiankou Qianren is currently out of contact."

"We asked some of Tiankou Qianren's friends, but they didn't know the details of Tiankou Qianren's situation. It's as if he has disappeared from the face of the earth."

Lin Tianhao was a little surprised by Berserker Blade's answer.

Tiankou Qianren is a possessor of god-level talent after all. As long as he is still active in Ragnarok, it will be difficult for him not to leak information.

"I'll try a headlock."

Lin Tianhao wrote Tiankou Qianren's name in the Book of Life and Death.

then.

There is no kill prompt.

Except for a very few people, no one in the mortal realm should be able to withstand his current Book of Life and Death.

"What is Tiankou Qianren's talent?" Lin Tianhao asked.

God-level talents are generally able to permanently stack one or more attributes.

"It seems to be a talent that permanently stacks attack speed and movement speed. I'm not sure what it's called."

Permanently stack attack speed and movement speed?

This talent is considered pretty good among god-level talents.

just.

With such talent, there is no reason why he could withstand the Book of Life and Death.

"Forget it for now if you can't find it."

I don't know where Tiankou Qianren is doing. Could it be that he was ripped off offline?

If that were the case, it would be a pity.

after all.....

Lin Tianhao also wanted to kill Tiankou Qianren with his own hands.

Now it seems that there is no such opportunity.

The second thing.

Lin Tianhao was very conflicted and struggling inside.

"Forget it, let's talk about it next time."

Lin Tianhao still gave up.

He didn't want to have any ties, but he still chose to add the other person as a friend.

Lin Tianhao searched for the long-lost name in the friend list: [North Wind and South Snow].

Then... I chose to add as a friend.

Although Lin Tianhao didn't know how to face his savior in his previous life.

but.....

He can still give some good things to help the other party improve.

The friend request was approved quickly.

The other party sent a curious emoticon.

Lin Tianhao hesitated for a moment, then said:

"Ragnarok and reality are about to merge. I have a set of royal-grade mage suits here that should suit you."

Lin Tianhao traded a set of royal-level mage suits that he had in stock.

I saw the royal mage suit that Lin Tianhao traded for.

The north wind and the south snow were both dumbfounded.

what?

Royal level?

Suit?

After all, she is a possessor of god-level talent. Now, except for her staff and boots, which are star-level, everything else on her body is only diamond-level.

This was a complete set of royal-level suits, and Beifeng Nanxue almost fainted from the sudden feeling of happiness.

“Arrogant!!”

The other party still sends emoticons.

A voice message was attached to the emoticon package.

"Boss Xuedi, is this... not a good idea?"

As soon as the voice message was sent, Lin Tianhao saw the prompt.

[North Wind and South Snow] accepted your Demonic Apocalypse Set.

"Thank you, Boss Xue Di. Although I'm sorry, I know you're not a mage and can't use this set of equipment. I will make sure this set of equipment flourishes in my hands."

"Kuku fiercely killed those bastards from the Alete galaxy, hahaha."

Lin Tianhao: "..."

Still a familiar taste.

Although they had just started to meet in this life and were not particularly familiar with each other in their previous lives, this feeling still made Lin Tianhao extremely familiar.

"Alright, I'm waiting to see you, Kuku, slaughter those bastards from the Alet Galaxy!"

Chapter 1859 Wild monsters that won't refresh!

End the conversation.

Lin Tianhao took a step forward, activated the Starry Sky Step, and came to a place where the Nine-Transformation wild monsters refreshed.

This is where the level 10,000 Iron Tower Gravity Monkey spawns.

There are quite a few adventurers here killing monsters, and the outer tower gravity monkeys have been almost cleared out.

Lin Tianhao casually killed a bronze-level Iron Tower Gravity Ape.

A wild monster at level 10,000 doesn't necessarily mean it's of a high grade.

No matter how high the level of a wild monster is, there will always be lower-level monsters.

after all.

The number of ordinary adventurers is still very large, and not everyone is like Lin Tianhao, who can easily hunt high-quality and advanced wild monsters.

Lin Tianhao came here this time.

I just want to try and see if there will be any special reaction when using the Heaven Devouring and Earth Devouring Technique to devour the essence of the soul.

After killing the Iron Tower Gravity Ape, Lin Tianhao began to devour.

"Ding, you are devouring the soul essence of the Iron Tower Gravity Ape. Soul Essence Comprehension +100, Soul Comprehension +500, Soul Essence Resistance +100, Soul Resistance +500, Soul Power +1000, Free Attribute Points +200."

.....

Lin Tianhao's eyes lit up. This... seemed pretty good.

He seemed to have found a brand new loophole.

But there's still a problem.

If he devoured the soul essence of the Iron Tower Gravity Ape, would the corresponding Iron Tower Gravity Ape still be able to be refreshed?

Most wild monsters in Ragnarok can be refreshed after being killed.

Especially the wild monsters at this leveling point, not only can they be refreshed multiple times, but the refresh speed is also relatively fast.

There are many adventurers here, so Lin Tianhao plans to test in another place.

Using the Starry Sky Step, Lin Tianhao arrived at an isolated island.

There are also wild monsters of level 10,000 on this isolated island.

Wind Red Dragon Turtle (Elite): Level 10000.

Health: 799 million/799 million.

Attack power:19521.

Skills: Chain Water Balls, Water Dragon Impact, Wind and Fire Chain...

As an elite wild monster, it is level 10,000 and has a health value of less than 8 million.

Lin Tianhao couldn't help but feel a little amused.

The opponents he faced before were too strong.

Now facing such a weak opponent all of a sudden, Lin Tianhao felt a little uncomfortable.

Lin Tianhao unfolded the realm of fire, and almost in an instant, all the wind red dragon turtles within a hundred miles were killed by Lin Tianhao.

There were continuous prompt sounds, but Lin Tianhao didn't care. Instead, he started to devour the sky and the earth.

It's similar to the gravity gorilla that just swallowed the iron tower. It has bonuses to the soul's origin and soul comprehension.

Then the next step is to see whether the Wind Red Dragon Turtle whose soul essence was devoured by him can be refreshed.

The refresh time for an ordinary level 10,000 wild monster should be between one hour and six hours.

If it is a leveling location in an important area, the refresh time will be shortened to half an hour.

Lin Tianhao did not waste any time, and the time he waited began to devour the fragments of the ancient bronze coffin.

An hour later...

Not a single Wind Red Dragon Turtle has refreshed.

Two hours...

Three hours.....

Until six hours passed.

Still not a single Wind Red Dragon Turtle has refreshed.

"Cool cool."

Lin Tianhao smiled bitterly. The wild monsters whose soul essence he had devoured would no longer refresh.

This is not good news.

Although he could get a good harvest by devouring the soul essence of wild monsters.

But this approach is tantamount to killing the chicken to get the eggs.

It will have a relatively large impact on the entire ecology of Ragnarok in the future.

but.

If we are killing creatures from the Aleta galaxy, there will be no such concerns.

in this way.

Lin Tianhao was actually looking forward to the arrival of the Alet Galaxy army.

Sitting under the rocks on the beach, Lin Tianhao looked at the endless ocean, his eyes becoming increasingly calm.

Do not know why.

The closer he got to the arrival of those bastards from the Alata Galaxy, the calmer he felt.

"There are still three days left..."

Lin Tianhao murmured to himself.

This time... I wonder how many people will die?

It is possible to be resurrected during Ragnarok, but after three days, it will be impossible to be resurrected.

As for the resurrection coins, only a few people have them.

Ten Years of Defense...

It seems like another long wait.

Lin Tianhao took a step forward and arrived at Sunset Town.

This is also where Lin Tianhao has many memories.

As a border town of the Shanhai Empire, many things happened in Sunset Town.

Now that he has come to Sunset Town again, Lin Tianhao feels that the past was just a dream.

At this moment.

Lin Tianhao saw a woman walking towards the front of Sunset Town.

She also saw Lin Tianhao.

When their eyes met, a look of shame appeared on her face.

Lin Tianhao is no longer hiding himself, so it is not surprising that the other party can recognize his identity.

"Snow Emperor."

Zhu Meng Yanxue bowed to Lin Tianhao and said with some guilt:

"I didn't expect to meet you here. I'm sorry for what happened before."

Lin Tianhao shook his head and said, "I've almost forgotten it."

Zhu Meng Yanxue hesitated to speak, "It's not just because of what I did, but also because... Li Haitao fired you..."

Lin Tianhao's real identity is no longer a secret. It is not surprising that Zhumeng Yanxue knows that Lin Tianhao was once a member of their Zhumeng Club.

"You can't say that. Even if Li Haitao wasn't there, I would probably have resigned."

Lin Tianhao doesn't like Zhu Meng Yanxue, who is a bit scheming and nepotistic.

But they didn't have much hatred, so Lin Tianhao didn't take it to heart.

"Li Haitao regretted it. After he found out your identity..."

Before Zhu Meng Yanxue could finish her words, Lin Tianhao raised his hand to interrupt her.

"unimportant."

"If I were still brooding over what happened back then, I would have put you on the Book of Life and Death long ago."

"I just hope that your Dream Chasing Club can stand on the same side with us when it comes to the issue of the Arlet Galaxy."

"That's natural." Zhu Meng Yanxue answered with certainty.

"I can still distinguish right from wrong."

"I am now the lord of Space Rift No. 512, Territory No. 146921, and on the first line of defense."

Lin Tianhao nodded gently, "Do your best."

"Yeah." Zhu Meng Yanxue nodded slightly.

Lin Tianhao said no more and walked towards Sunset Town.

Looking at Lin Tianhao's back as he left.

Zhu Meng Yanxue had mixed emotions, but in the end, he just sighed.

Coming out of Sunset Town.

Lin Tianhao took another step.

Arrived at the ancient city of Heart Demon.

Baili Qianrou sensed Lin Tianhao's presence and immediately appeared in front of him.

"grown ups."

Baili Qianrou bowed to Lin Tianhao.

"Ragnarok and the real world are about to merge. I want to move the Ancient City of the Heart Demon to the side of the Mortal Palace."

The Heart Demon Ancient City is a town-type rule monster.

Lin Tianhao had previously taken great pains to conquer the Ancient City of Heart Demon, because he wanted to build the Ancient City of Heart Demon as his core area.

Chapter 1860: Move the Ancient City of the Inner Demon!

"But the Soul Jade Crystal Vein..."

Baili Qianrou hesitated slightly.

After all, if we move away from here, it will be more troublesome to mine soul jade crystals.

"Let's arrange for people to come over depending on the situation. If we can fight a tug-of-war with them outside of Ragnarok."

The most ideal situation is to intercept those scum in the Alete galaxy outside Ragnarok.

But ideals are beautiful, but it is not easy to truly achieve this.

"alright."

Baili Qianrou was a little reluctant, but she still nodded and agreed.

Baili Qianrou clasped her hands together, and the ancient city of the Heart Demon in front began to shrink.

finally.

The ancient city of the Heart Demon turned into the size of a palm and fell into Baili Qianrou's hands.

Lin Tianhao brought Baili Qianrou back to the Fan Palace.

Naturally, there is no place inside the mortal palace to accommodate such a huge ancient city of the Heart Demon.

But there is still enough open space next to the imperial capital of the Shanhai Empire.

Thinking like this.

Lin Tianhao chose a huge open space closest to the Fan Palace.

Baili Qianrou threw out the Heart Demon Ancient City in her hand.

The ancient city of Xinmo continued to grow in the air, and eventually returned to its original size, located next to the imperial capital of the Shanhai Empire.

The establishment of the Heart Demon Ancient City has given this core area some depth.

Besides.

Lin Tianhao was still thinking about whether to move his ten statues to another place.

After all, the ten statues can attack automatically and are absolutely used for defense.

A good choice.

In particular, the attack range of the ten statues is large enough, and if the statues receive incense, faith, etc., they can receive ten times the blessing.

"Blade, give me a distribution map of space rifts, preferably with the distances between them marked."
Lin Tianhao sent a message to Mad Fighter Blade.

The statue's attack range is as high as one million kilometers, which covers a very large area.

The distance between those space cracks should be less than one million kilometers.

This is still considering the vast land of China.

If we only consider the Blue Planet, given its size, one statue can cover the entire world, or even a wider area.

The five continents of China all have a diameter of over five million kilometers.

Now that the five continents have merged together, their scope is even larger.

This is also the reason why the higher-ups chose to build a defensive position with the Shanhai Empire as the core.

Because the land of China is so vast, and even if all the people on Blue Star were mobilized as soldiers, the number would not exceed 10 billion.

Although you can recruit soldiers through the barracks, there are also some NPCs from the land of China who will assist in the battle.

To be precise.

Now more people prefer to call the NPCs in China professionals.

Now that it has come to this, how can anyone not know that the so-called NPCs are real people with flesh and blood.

Berserker Blade quickly sent a blueprint to Lin Tianhao.

"The space rifts on Blue Star haven't appeared yet. Now the main problem is the space rifts on the land of Shenzhou."

"Also, a spatial rift has appeared in the inner world. This needs to be taken seriously, because we are not sure whether there are also spatial rifts in the vast ocean."

"Or are there spatial rifts in other secret realms or special areas?"

What Berserker Blade said made sense, so he asked, "It was said before that there would be 1,688 spatial rifts. How many are still missing?"

"There are currently 1,679 marked rifts, and nine spatial rifts have yet to be found."

There is a space rift in the inner world of the earth, so...what about the heavenly palace?

Compared with other secret realms, Lin Tianhao prefers the Heavenly Palace.

"Okay, I'll go and help look for it."

If you don't find one or two, you may have missed it.

But nine...

It is most likely in Tiangong.

I clicked on the drawing sent by Berserker Blade, which marked the location and some other information.

The map is very large, with national flags on each position, which should represent the countries that are defending.

But here comes the problem.

How do they determine where these space rifts will connect to on the blue planet in the future?

Or maybe.

Internal defense has already been fixed in this way, and external defense is each country's defense against spatial cracks within its own territory.

This thought only came to mind for a moment, and Lin Tianhao began to check the distance between the various space cracks.

At a glance, there were more than a thousand space rifts on the edge of the Mountain and Sea Empire, which was somewhat similar to the previous life.

In other continents, there are only more than 600 space rifts in total.

There are also fourteen paths in the inner earth world.

In the previous life, the inner world of the earth was directly invaded by monsters.

therefore.

In their previous life, the inner world of the earth not only did not help them, but monsters continued to emerge to attack them.

This problem was solved in this life because of Lin Tianhao's intervention.

And there are more than 1,600 space cracks in the land of China.

If every world rift needs to be covered, ten statues will not be enough.

But if you only want to cover the area around the Shanhai Empire and its spatial rifts, you only need seven to cover it completely.

"Have you ever considered abandoning those distant spatial rifts and using the Shanhai Empire as the core to block the attack from the Alet Galaxy?"

Lin Tianhao sent a message to Berserker Blade again.

Because according to the current distribution of space rifts, there are space rifts on all five continents.

Although the five continents were connected together because Lin Tianhao repaired the world rift, the extremely long distance made it too easy to stretch the battle line.

"We have considered this issue, but if that were the case, the defensive pressure on the Shanhai Empire would be enormous."

"What we want is to delay the battle. We haven't fought yet, and we are not sure about the overall combat strength of the Alete Galaxy's army."

"In addition, we need to have a layout on all five continents. This is the key to the final guerrilla war."

Lin Tianhao nodded slightly. These should be the results of joint discussions among many countries.

Lin Tianhao is unlikely to interfere with these major strategies. After all, his ideas alone are difficult to be comprehensive.

Compared with this, it would obviously be more reliable to leave such a layout to the think tanks of various countries.

especially.

The current defense measures should be the result of joint discussions among many countries.

"alright."

Seven statues can be used to protect the Shanhai Empire, and the other three can be used to defend the Blue Star position.

wrong.....

Lin Tianhao felt that he seemed to have fallen into a misconception.

He... should consider placing the Ancient City of Heart Demon in the Blue Star Dragon Kingdom.

The ten statues can also be placed in the Ancient City of the Heart Demon.

With the statue's attack range, those bastards from the Alet galaxy will be attacked as long as they get close to Lanting.

And then.

There are ten statues, each of which can radiate to all the space cracks on the blue planet.

"This... seems to be really feasible."
