

## **O games 1881**

Chapter 1881 Qilin Pearl!

After seeing such an introduction, Lin Tianhao couldn't help but frown.

Because for Lin Tianhao, such an improvement is a bit too disappointing.

Two clones.

Everyone can enjoy the effects of his bloodline talent.

but.

But he cannot enjoy the effects of his normal talents.

In other words.

The clone created by the effect 2 of the Heavenly Punishment Detail Talent cannot enjoy this effect.

and.

This clone also has a very fatal flaw, that is, the newly created clone has no attribute bonus.

Although Lin Tianhao felt that this talent was not very good, he still constructed two soul clones in the first time.

Looking at the two illusory soul clones in front of him, Lin Tianhao's face showed curiosity.

Snow Emperor's clone: Level 1.

Health: 170/170.

Mana: 85/85.

Attack: 30.

.....

The attributes of the two Snow Emperor clones were affected by the Beast God Body Effect 3 from the moment they were created, and the ten basic attributes began to improve.

Lin Tianhao did not act rashly. The two clones were still too weak. If he made a slight move, he might kill them.

After waiting for a quarter of an hour, the health points of the two clones were about to exceed two thousand.

This method of standing still while the ten basic attributes and soul power can be automatically improved is quite good.

and.

Lin Tianhao could feel it.

These two clones are in tune with his thoughts, and he can control them with just one thought.

Lin Tianhao began to control the two clones to fight each other, causing them to lose blood, so as to trigger the effect 1 of the Beast God's Body.

"really."

Lin Tianhao saw that the health of his two clones was less than 50%.

The two clones gained more than thirty free attribute points per second.

As their health continues to decrease, the free attribute points they gain per second also increase.

When the health value is less than 20%, the free attribute points gained per second have exceeded 100 points.

It is true that the lower the health value, the higher the numerical bonus obtained.

Next.

It is to let them control their health as much as possible and keep the health value at around 20%.

This way you won't be killed and you can continue to increase your free attribute points.

Lin Tianhao put them into the map of mountains and seas and let them continue to fight each other in the map of mountains and seas.

Their basic attributes are still too low now. Even if they want to change their jobs, they need to wait until their health points are increased.

and.

As his clone, Lin Tianhao doesn't want them to change jobs casually. At the very least, they need a god-level hidden profession to do so.

After arranging the two clones, Lin Tianhao set his sights on the mountain man who had already passed.

"We at Beiweishan have what you want. We can give it to you first. How about you, the Snow Emperor, owe us a favor?"

It's been more than half an hour since this mountain man sent this message.

It is clear.

Lin Tianhao's recent deal with the nine dragon-raising families may not be known to others, but many people in their circle know about it.

"You can owe me a favor, but you can't stop me from doing what I want to do."

Beiwei Zizairen: "Of course, we won't use your kindness to threaten you, Master Xuedi."

"We will exchange this favor for something worth approximately ten dragon eggs."

That's it.

Without waiting for Lin Tianhao to say anything.

Beiwei Zizairen sent another message.

"Master Xuedi, don't think we're asking for too much. You'll know the quality of the item after using it. If you don't think it's worth it, that's fine. We can discuss it again."

Hearing what Beiwei Zizairen said, Lin Tianhao only replied with one word.

"it is good!"

If Beiwei Zizairen's things can satisfy him, it doesn't matter whether the benefits are more or less.

soon.

The other party brought something over for trade.

Qilin Pearl: Special.

Usage requirements: None.

.....

Lin Tianhao didn't check it too much.

Because the moment the Qilin Pearl appeared, that mysterious feeling came to my mind again.

Lin Tianhao raised his eyebrows slightly and a faint smile appeared on his face.

Next.

Let him come and see whether this so-called Qilin Pearl can bring him what he imagines.

"Ding, you used the Qilin Pearl. Your five elements of gold, wood, water, fire, and earth gain +9999 million in comprehension. Your wind element gain +9999 million in comprehension..."

This bonus value is indeed high enough.

"Ding, you have gained special powers, your bloodline is awakening..."

"Ding, because your bloodline is too high, the special power can only awaken part of your bloodline. Current bloodline awakening degree: 40%."

Lin Tianhao's eyes lit up.

This Qilin Pearl actually awakened 10% of his bloodline in one breath.

The four effects of the Immortal Beast Soul are directly maximized.

This can also be seen from the condition of the Qilin Pearl.

His bloodline is indeed related to the four sacred beasts and the Qilin.

The target already has items of three mythical beasts: dragon, white tiger and qilin to awaken their bloodlines.

This process is still very enjoyable.

but.

The Qilin Pearl did not awaken his third bloodline talent.

It seems that the awakening of bloodline talent is related to the degree of awakening of one's own bloodline, rather than using the awakening items of different divine beasts to awaken bloodline talent.

Now the blood awakening degree has reached 40%.

This also means...

As long as Lin Tianhao awakens again, he will gain new bloodline talents.

at the same time.

The four effects of his immortal beast soul were also fully activated at this time.

Immortal Beast Soul: cannot be upgraded.

Effect 1: Your soul power increases by 4 points per second...

Effect 2: You can create two soul clones...

Effect 3: As long as your soul is not annihilated, no matter how serious the trauma is, it can be fully recovered within one month.

Effect 4: All target units with souls that you kill will permanently increase your soul power.

Cost: None.

Cooling: None.

Proficiency: Cannot be upgraded.

The third effect of the Immortal Beast Soul is recovery, and the fourth effect is permanent soul power stacking when a kill occurs.

Light Effect 4

This can already be considered a god-level talent.

The strength of his bloodline continues to manifest itself.

Such a powerful bloodline, if it continues to awaken.

Lin Tianhao even felt that he could surpass his own talent in Heavenly Punishment.

maybe.....

The bloodline talents that awaken later will be similar to those provided by heaven and earth.

Lin Tianhao is not sure yet, but judging by the speed at which his bloodline is awakening, he should know the answer soon.

The reason why it is so easy for him to awaken his bloodline now is because... his reputation as the Snow Emperor has already spread.

Whether it is the dragon-raising family, the beast-leading family, or even the people in the mountains, they are not ordinary forces.

If Lin Tianhao did not have the title of Snow Emperor, it would not be an easy task for him to get so many things from them.

Chapter 1882: The treasure that adds 1 to your luck!

That's right.

Lin Tianhao was able to do all this quickly mainly because of the title of Snow Empress.

Even if he has the ability, without the title of Snow Empress, it will take some effort to achieve all this.

after all.

It is troublesome to have strength but others don't know about it and try to force them to hand over things by intimidation.

"It's a good thing. It's indeed comparable to the bonus of three or four Dragon Balls. But to me, the benefit is only equivalent to two Dragon Balls. That's the truth."

Lin Tianhao replied to Beiwei Zizairen's message.

The Qilin Pearl awakened 10% of his bloodline, which was indeed only equivalent to the awakening level of two Dragon Balls.

"That's a favor equivalent to six dragon eggs. How about that?"

Lin Tianhao thought for a moment, nodded and said:

"no problem."

"I can add a little more too."

"Need not."

Beiwei Zizairen's answer was simple, "We only take what belongs to us."

"If you have any needs, you can tell me." Lin Tianhao said.

"Certainly not for now. Once we figure out how to get Master Xuedi, we will naturally not be polite."

End the chat.

Lin Tianhao glanced at the last person he added, a mountain man, and found that the other party had not yet accepted his friend request.

mainly.

There are no other prompts when adding.

This means that the other party has neither refused nor died.

Lin Tianhao found Beiwei Zizairen and asked:

"Do you know the old Eastern Taoist?"

This is the second mountain man Lin Tianhao added, and his friend request has not been approved so far.

"Old Eastern Taoist?"

Beiwei Zizairen thought for a moment and replied:

"I know. They are about the same as us, but they are more powerful than us. They are like the leaders of us mountain people."

Lin Tianhao frowned slightly. "I added him, but he hasn't been accepted yet. Can you help me ask?"

Beiwei Zizai hesitated for a moment and said:

"Then it's probably useless."

"Now everyone in the circle basically knows what you want, Master Xuedi."

"If you add the Old Eastern Taoist, the other party will be able to guess your purpose, Master Xuedi."

"If they don't agree, it means they don't want to trade."

Lin Tianhao frowned slightly, he also guessed that the other party might not want to trade.

"Everything has a price. I wonder if you could act as a middleman and introduce me."

Now the blood awakening degree has reached 40%. With just one more step, a new talent can be awakened.

"I can ask for you, but Master Xuedi, don't get your hopes up too much, because the thing that the Old Eastern Taoist and his men have is said to be a super treasure that grants +1000 luck."

"Master Xuedi should also understand what luck plus one thousand means. It should be very difficult to ask them to give up such a treasure."

Lin Tianhao was stunned.

Lucky plus one thousand? ?

This.....

Even if it is a divine weapon, there is nothing with such a high bonus.

Lin Tianhao couldn't believe his ears.

This... is definitely not wrong.

"Hahaha, Lord Xuedi is also surprised?"

Beiwei Zizairen saw that Lin Tianhao did not reply, and seemed to have guessed Lin Tianhao's reaction.

"I was also a little dumbfounded when I heard the news."

"I've never heard of this lucky bonus before."

Lin Tianhao hesitated to speak.

After a while.

He replied calmly:

"No matter what, I'm going to give it a try."

Beiwei Zizairen: "I have just contacted the Old Eastern Taoist, and his answer is no deal. I hope Master Xuedi can understand."

Lin Tianhao pondered for a moment. Even if he had a treasure worth a thousand yuan, he would not trade it.

"Do you know which mythical beast the thing in the hands of the old Eastern Taoist is related to?"

"Qilin."

Beiwei Zizai replied quickly, "This is no secret among us mountain people."

Kirin...

Lin Tianhao was even more moved.

If it was something else, Lin Tianhao might not be so tempted.

But if it is a Qilin, it is quite different.

The awakening level of his Qilin beast's item is only 10%.

According to Lin Tianhao's speculation about the four divine beasts and the Qilin, each divine beast can help him awaken 20% of his bloodline.

Qilin is now at 10%, which means it is still 10% short.

According to the information he now knows.

The thing in the hands of the old Eastern Taoist should be of a higher level than the Qilin Pearl given by Beiwei Zizai.

In other words.

As long as he gets the things from the old Eastern Taoist, 20% of his Qilin bloodline will be fully awakened.

However, Lin Tianhao was just thinking about it. It was not the time to take someone's love away yet.

mainly.....

After he fused the Dragon Ball, the White Tiger Mountain Seal and other things, these things disappeared, and their original properties were also gone.

If the treasure related to Qilin in the hands of the old Eastern Taoist priest can really add a thousand lucks.

Even if Lin Tianhao got it, he probably wouldn't use it to awaken his bloodline.

after all.

There are many things used to awaken bloodlines.

However, things that add a thousand to the luck attribute are rare.

"Then do you know if anyone else has something similar to the Qilin Pearl?" Lin Tianhao was still a little unwilling.

"know."

Beiwei Zizairen's answer made Lin Tianhao's eyes light up. "What is it? The price is negotiable. I want to see it."

"I was just about to tell you, the Qilin Pearl has the same properties as the one I gave you."

Lin Tianhao was a little surprised, "You have such a good thing, why didn't you tell me earlier."

"It seems that the Qilin Pearl has been of great help to Master Xuedi."

"I've already contacted them. The price is still up to date. It's equivalent to a favor of six dragon eggs. What do you think, Master Xuedi?"

"no problem."

Lin Tianhao naturally couldn't hesitate.

If he gets another Qilin Pearl, then 20% of the bloodline of his Qilin divine beast will be awakened.

The treasure with a thousand lucky attributes in the hands of the old Eastern Taoist is no longer needed.

wrong.....

Still needed.

After all, a treasure that adds a thousand lucky attributes is so precious.

If it can fall into his hands, it will be very good for his development.

"Master Xuedi, please wait a moment. I am helping you communicate."

"It's mainly because you were too generous in your previous deal with the nine dragon-raising families, and this guy wants a higher price."

Lin Tianhao's mouth twitched, "Are you all taking me for a fool?"

"Not really. The main reason is that the Qilin Pearl is too well-known in the circle..." Beiwei Zizai replied.

Lin Tianhao was not in a hurry and decided to wait a little longer.

Dragon eggs are not ordinary things. If you owe a favor too much, you might have a headache when you have to pay it back in the future.

"Okay, six dragon eggs. They don't want the eggs, they want your favor, Master Xuedi."

Chapter 1883 Summon everyone to besiege Luoman!

Followed by.

Beiwei Zizairen sent a friend to Lin Tianhao.

Lin Tianhao added the other party.

Friend requests are approved in almost one second.

Luo Luo is not soft and naive: "Brother Xue Di, Brother Zi Zai Ren has already told me that the things are for you."

The other party sent a message, followed by a transaction reminder.

Luo Luo is not Nuonuo, he traded for a Qilin Pearl! !

After getting the Qilin Pearl that was not traded from Luoluo to Nuonuo, Lin Tianhao checked its properties immediately.

This property.

no problem.

It has exactly the same properties as the Qilin Pearl that Beiwei Zizai gave him before.

Lin Tianhao took out the Qilin Pearl. When he held the Qilin Pearl in his hand, Lin Tianhao was dumbfounded.

Because this thing was exactly the same as the Qilin Pearl in Beiwei Zizai's hand, but when he held it in his hand, there was no reaction at all.

That special feeling is gone!!

Lin Tianhao felt a little bit unbelievable.

"How is this going?"

The exact same thing, the Qilin Pearl of Beiwei Zizairen allowed Lin Tianhao to awaken 10% of his bloodline in one breath.

But Luoluo was not the soft Qilin Pearl, and she didn't react at all.

There must be something wrong here, a big problem!!

Lin Tianhao took a deep breath and tried his best to calm his emotions.

Have I been fooled?

But I'm not right.

After all, Beiwei Zizairen and Luoluo are not the same Glutinous Qilin Pearl, their properties are exactly the same.

So...what's the problem?

As for the second Qilin Pearl being unable to awaken the bloodline?

Lin Tianhao thought it was impossible.

Because before this, Lin Tianhao had already used a total of nine dragon balls.

Although only the first four dragon balls are effective.

But one thing is the same.

That is the special feeling after obtaining the Dragon Ball.

Luo Luo did not have this kind of sensation because he did not have the Qilin Pearl given to him by Nuonuo. This also means.

The Qilin Pearl that Luoluo has is not Nuonuo. There is an essential difference between it and the Qilin Pearl that Beiwei Zizairen has.

But what is the difference between the Qilin Pearls of the two of them?

Lin Tianhao frowned, but before he could think of the result.

The sky in the distance suddenly darkened.

Followed by.

Lin Tianhao saw a space crack spreading forward.

See this scene.

Lin Tianhao's expression changed slightly. He gave up thinking and teleported out.

Because in Lin Tianhao's impression, there is a small town there.

It was obvious that a strong man had attacked the small town.

and.

Judging from the aura of the space crack, Lin Tianhao already knew who the person was.

Alan's Roman!!

"It's really haunting!!"

A cold light flashed in Lin Tianhao's eyes, and his body disappeared in the mortal palace.

"boom--"

Lin Tianhao had just appeared when he smashed the space crack with the Chaos Hammer.

"Everyone retreat!!"

Lin Tianhao shouted at the town below.

"Alens Roman, you took action near the Mortal Palace, probably to lure me out. What exactly do you want to do?"

Allens Roman's behavior was so purposeful that Lin Tianhao could know the answer with just a little thought.

When Allens Roman heard Lin Tianhao's words, he couldn't help but chuckle:

"Xuedi, you're asking this question even though you already know the answer."

"In the entire galaxy, among so many adventurers, you are the only one with some ability. If we kill you, everything will be fine."

Hearing what Allens Roman said, Lin Tianhao smiled without comment and said:

"In that case, let everyone else come out!"

If you want to kill him, Allens Roman alone is not enough.

however.

Allens Roman snorted coldly and said:

"Let others come out. You are not qualified yet."

The words fell.

Allens Roman clasped his hands together, blocking the space around Lin Tianhao, and chains carrying the original power of space attacked Lin Tianhao.

at the same time.

There was an extra Rubik's Cube in Allens Roman's hand.

"It seems that the Rubik's Cube is your real weapon. After I cracked the Rubik's Cube last time, you brought more Rubik's Cubes this time."

Lin Tianhao's Starry Sky Step can solve the Rubik's Cube, but the problem is that even with the Starry Sky Step, it still takes some effort to solve the Rubik's Cube.

When Allens Roman took action alone, Lin Tianhao had already contacted Berserker Blade.

Since the only person who took action was Allens Roman, it is almost certain.

The Alet Galaxy sent Alens Roman to hold him back.

As for why they wanted to hold him back, there must be a bigger conspiracy.

really.

Lin Tianhao had just fought with Allens Roman when Berserker Blade sent a message to him. The content of the message was very simple.

That means his super base was attacked.

"really."

"Your target is not me, but the super base. It seems that you want to destroy my ten statues."

After Lin Tianhao learned the information from Berserker Blade, he had already guessed the true purpose of the Alet Galaxy.

The Huang Chi tribe did not gain much advantage in their first attack because the support from Lin Tianhao's ten statues was too strong.

Not everyone can withstand the normal attacks of those statues.

Once hit, the target will be killed instantly without any chance of fighting back.

Lin Tianhao glanced at Allens Roman and said coldly:

"Since they sent you to hold me back, then... there's no need for you to leave."

Lin Tianhao snorted coldly.

It's time for him to let the other party see his team.

Heitian Aozhen stepped out, and the ancient brown sugar in his hand flew into the air, and infinite mysterious power enveloped Allens Roman.

"Poison Vision: Full House!!"

If it has a serious injury effect, then you must hang up.

"Green Fang Ghost!"

Lin Tianhao spoke again, and the Green-fanged Ghost was summoned out.

"Lord of the Nine Netherworlds!!"

If you want to hold him back, you must be prepared to make sacrifices.

"The Divine Monk of the Hidden Sea!!"

Lin Tianhao did not reveal all his cards.

He still has the Poison Emperor of Sand Sea, Burning Heart Nightmare, Pluto Bai Xiaofeng, the young general and others who have not been used.

These people are all extremely powerful. If they join forces, even Aarons Roman, who has the power of the origin of space, will be doomed.

really.

When everyone surrounded him, the double injury effect of Lin Tianhao's Mantanghong and the serious injury effect of the Sand Sea Poison Emperor made it difficult for Allens Roman to resist in an instant.

"Divine Talisman Building!!"

The Green Tooth Ghost Demon raised his hand and summoned his own talisman tower.

His Divine Talisman Tower is a rule-based treasure. After it is sacrificed, it gives off a strong sense of oppression.

"Heavenly Divine Thunder!!"

If Allens Roman were to hold him back alone, Lin Tianhao would not be able to let him escape unscathed.

otherwise.....

In the future, those bastards in the Alata Galaxy will continue to use this method to hold him back.

Chapter 1884 Send Luo Man to the List of Gods!

When Allens Roman saw the masters around her attacking her, her face turned very ugly.

"how come....."

"When did so many top mortals appear in the Galaxy World?"

Allens Roman could hardly believe his eyes.

at this time.

above the sky.

Thunderclouds rolled.

This was not the first time that Allens Roman had fought against Lin Tianhao.

When he saw the thunderclouds above the sky, Allens Roman knew that Lin Tianhao had used the strange and powerful power of thunder again.

One of the main reasons why Ku Yue was killed before was because of this power of reincarnation.

especially.

If she was killed, would she still have a chance to survive?

Previously, Lin Tianhao prevented Ku Yue from resurrecting, which was a big blow to Allens Roman.

However, later Allens Roman discussed it with several masters from the Alete Galaxy.

Lin Tianhao's ability to make people unable to be resurrected after death must be some kind of extraordinary skill.

The cost of using a skill of this level should not be low, and the cooldown time should not be too short.

But nevertheless.

Allens Roman didn't dare to gamble either.

It is extremely difficult to reach her level.

If she wanted, she could even raise her realm to the peak of pseudo-sainthood in a short period of time.

If you are lucky and have a little bit of opportunity, you can directly enter the realm of sainthood.

Her foundation is completely sufficient, but due to some special reasons, she has not been able to improve her realm.

She has great talent and high rank, and she absolutely does not want to die here.

"No more fun!!"

Allens Roman waved his hand and immediately wanted to use the power of the origin of space to leave this place.

See this scene.

Lin Tianhao instantly released his absolute stance.

Even saints can block the absolute stance. Even if Allens Roman has some ability, it is not an easy task for him to leave the space covered by the absolute stance.

"Absolutely weak!!"

Lin Tianhao used another absolute skill, and Allens Roman was bound to die.

Allens Roman was obviously a little panicked.

An absolute stance is a bit too overbearing. If she was only facing Lin Tianhao, she would not be afraid.

With her power of the origin of space, it is not completely impossible to break the power of absolute position.

But the people surrounding her were too strong.

Although there is still some gap in individual combat effectiveness compared to hers.

But even if they joined forces, she still found it difficult to fight against them.

the most critical.

The most serious problem is Lin Tianhao's Heavenly Divine Thunder.

The Heavenly Dao Divine Thunder is too domineering!!

"Absolutely sluggish!!"

After being absolutely weakened, Lin Tianhao continued to release an absolute skill.

Aarons Roman became more and more frightened.

Because she found that she had nowhere to escape and was doomed to die under this siege.

"Boom boom boom—"

As thunder fell, Alens Roman's health bar was finally emptied.

"Do not--"

Aarons Roman roared in despair.

Lin Tianhao used his List of Gods the moment Allens Roman died.

no way.

The cycle of reincarnation has not cooled down yet.

A one-month cooling-off period is still a bit too long.

But as long as Allens Roman is put on the list of gods the moment he is killed, it will be fine even if there is no reincarnation.

"Om--"

Just after Lin Tianhao used the List of Conferred Gods, the List of Conferred Gods actually began to tremble slightly.

Lin Tianhao raised his eyebrows slightly.

This must be Allens Roman's crazy resistance.

"Ding, congratulations, you've successfully killed Alens Roman. You'll be rewarded with +100000 free attribute points, +1 Royal Class suit, and +3 magical powers."

"Ding, congratulations, you've successfully killed Alens Roman. A server-wide announcement will be made soon. Do you want to hide your name?"

"no."

"Server-wide announcement: Congratulations to player Xue Di for successfully killing Allens Roman. We are announcing this and hope all adventurers will keep up the good work!"

.....

The server-wide announcement resounded through the sky.

At this moment.

A battle is still going on above the space rift of Blue Star No. 510.

"I told you that if you don't show up in your true form, you can't beat me."

The great god Pangu, whose whole body was shrouded in mysterious laws, spoke indifferently.

In front of him was the somewhat embarrassed Lulindu Fumo.

Lulindu Fumo's face looked a little gloomy.

"Okay, okay, that's great, that's how you play it, right?!"

the other side.

The birdman was also beaten all over his body. If the beating continued, his life would be in danger.

above the sky.

The middle-aged man looked at the two people below with a biting coldness in his eyes.

"Great God Pangu, Demon Ancestor Rāhu!!"

"Hahaha, good, that's great, that's great!!"

There was a chill in the middle-aged man's laughter.

"We agreed that only mortals are allowed to take action. They all know how to play."

"withdraw!!"

The middle-aged man waved his hand, a strong wind blew up, and the sky and the earth changed color.

Pangu and Yanjing, who still wanted to give chase, were abruptly dismissed.

The great god Pangu looked at the middle-aged man, with a solemn look in his eyes.

"Is he... also a mortal?"

"should be."

Glasses said calmly, "If not, you can't be here, right?"

"His power is even greater than what was once considered the ultimate mortal in our time."

Glasses nodded slightly and said:

"There's no such thing as a perfect mortal. It just depends on whether the world can bear your power."

The great god Pangu took a deep breath and said nothing more.

This time they held on, but the middle-aged man's reaction made Pangu realize that things would probably not be so easy in the future.

.....

In Ragnarok.

The amplitude of the trembling of the List of Gods is constantly decreasing.

at last.

After a moment, the List of Gods stopped shaking.

Lin Tianhao immediately opened the Conferred God List, and on it, Allens Roman was prominently listed! !

Done! !

Lin Tianhao's face showed excitement.

Although it took some time, he finally managed to get Allens Roman on the list of gods.

Lin Tianhao did not summon Allens Roman here.

This card can be very useful if used well.

Thinking like this.

Lin Tianhao first returned to the Mortal Palace, then entered the Ancient Black Tower, and then summoned Allens Roman.

After Allens Roman came out, he looked around in a daze.

Subsequently.

Her eyes fell on Lin Tianhao.

The moment she saw Lin Tianhao, her eyes were struggling, then complicated... and finally... a hint of compromise.

Seeing the change in Allens Roman's eyes, Lin Tianhao was almost certain that the effect of this List of Gods on her was not as good as its effect on the local strong men in the Galaxy World.

"I've met my lord."

Allens Roman bowed to Lin Tianhao.

See this scene.

Lin Tianhao just showed a faint smile on his face, "Alan Si Luoman, you have always wanted to kill me. Now how do you feel about this ending?"

Chapter 1885 Kill General Huang Chi!

A hint of struggle flashed in the depths of Allens Roman's eyes, but the struggle lasted less than a second before disappearing.

"To be honest, I have mixed feelings. I'm also stupid. I actually thought that I could hold you back, Xue Di, by myself."

Aarons Roman gave a bitter smile and said, "Now I have paid the price for my arrogance."

Lin Tianhao smiled without comment and said:

"Now that you've made it onto the Conferred God List, can you tell me about the situation in outer space?"

Lin Tianhao doesn't know much about the situation in outer space.

However, judging from the previous attacks, there are already troops from the Aleta galaxy stationed in outer space.

"Currently, the closest to Blue Star is the Huang Chi Tribe's Fifth Legion, which has a strength of 100 million men. They also possess 5,000 Huang Chi barracks, from which they can continuously recruit Huang Chi soldiers."

Lin Tianhao was slightly stunned. This was really troublesome.

According to Allens Roman, if no one destroys the Huangchi tribe's barracks, they will continue to recruit Huangchi tribe soldiers.

"So how many masters have come this time, who are similar to you?" Lin Tianhao said.

"There's one who's about the same as me, but there are two more. One is stronger than me, and the other is a little weaker than me."

"As for those below, there are also some capable people, but look at your subordinates. They are probably far inferior to your subordinates."

Lin Tianhao's mouth twitched, "Do you look down on us so much?"

Allens Roman hesitated to speak, and finally said slowly:

"It's not that I look down on you. The original plan was for us to come and deal with you, the True God of Physics and Gui Ye Wuqing and the others."

"As for the others, although there are experts, there are more than just the Huang Chi Tribe's Fifth Legion coming from our Alete Galaxy."

Lin Tianhao nodded gently, "And then?"

"We attempted to take action against the True God of Physics, but failed. As for our actions against you, sir, you know the situation."

"As for Gui Ye Wu Qing, we discovered that there is more than one Gui Ye Wu Qing on Blue Star, and they are all very special."

"We suspect it is the reincarnation of some powerful being, so we haven't taken any action against it yet."

Lin Tianhao's mouth twitched.

It seems that Allens Roman and the others don't know about the Lord of the Blue Sky Source.

But here comes the problem.

If they later found out about the relationship between Gui Ye Wuqing and Qingtian Yuanzhu, would they still dare to attack Gui Ye Wuqing?

Perhaps returning to Ye Wuqing is the safest.

"Okay, how much do you know about the generals of the Huangchi tribe's Fifth Legion? I want their names." Lin Tianhao said lightly.

After hearing what Lin Tianhao said, Allens Roman instantly knew what Lin Tianhao wanted to do.

"Our mission is to deal with you, so I don't know the general of the Fifth Legion."

"Don't be ridiculous. With your ability, you can form an impression just by looking at it. Think about it carefully."

Allens Roman nodded slightly and said:

"The commander of the Fifth Legion is Huang Chi Longfu. He also has three powerful generals under him: Huang Chi Qingti, Huang Chi Baifu, and Huang Chi Zilin."

Lin Tianhao raised his eyebrows slightly and took out eleven books of life and death at the same time.

Five of them were inscribed with Huang Chi Longfu's name, and the other six, with each two inscribed with the name of a general.

"Ding, congratulations, you have successfully killed Huang Chi Bai Fu. You will be rewarded with +10000 free attribute points, +1 diamond-level suit for this profession, and +1 skill book for this profession."

"Ding, congratulations, you've successfully killed Huang Chi Bai Fu. A server-wide announcement will be made soon. Do you want to hide your name?"

"no."

"Server-wide announcement: Congratulations to player Xue Di for successfully killing Huang Chi Bai Fu. We are announcing this and hope all adventurers will keep up the good work!"

.....

Server-wide announcements sounded one after another.

Along with this, the voices of two other generals under Huang Chi Longfu also rang out.

but.

Huang Chi Longfu's reminder sound did not come yet.

"How strong is Huang Chi Longfu?" Lin Tianhao asked.

"Demigod realm, the rank is at the peak of Star Glory, not yet at the Grandmaster level."

Hearing what Allens Roman said, Lin Tianhao couldn't help but frown.

With this level of strength, there is no reason why his Book of Life and Death cannot kill instantly.

Since he was not killed, it is likely that someone was protecting him.

outer space.

On a huge warship, Huang Chi Longfu stood beside the middle-aged man, somewhat frightened.

He also knew that three of his generals had been killed.

"How could this be?"

"Even though Xue Di has the ability to remotely lock our heads, he still needs to know our names."

Huang Chi Longfu looked solemn.

"My name is known to the Snow Queen. If I'm not careful, I might be killed by her."

The feeling of being killed remotely at any time is the most terrifying.

"No adventurers have come here yet, and with us here, they might also know the information here, let alone the names of the core members of the Huang Chi clan."

A cold light flashed in Lulindu Fumo's eyes. "According to my speculation, it is probably related to Allens Roman."

The middle-aged man frowned, "You mean..."

"The List of Gods."

Lulindu Fumo said in a deep voice, "Alens Roman was killed. He might have been sent to the Conferred God List by the Snow Emperor."

"This is the only way to explain why Lin Tianhao knows our list."

Just as Lulindu Fumo finished speaking, more than a dozen server-wide announcements were issued.

They are all generals of the Huangchi tribe.

"As expected!!"

Lulindu Fumo snorted coldly, "These people are not far away from us. I have an impression of them in the past two days."

The middle-aged man's eyes narrowed slightly, "It seems that we still need to solve the problem of Xue Di first."

The words fell.

The middle-aged man looked at Lulindu Fumo and said calmly:

"Since the great god Pangu has told you to come with your real body, then come with your real body."

Lulindu Fumo chuckled and said, "Okay."

"I've already passed on the news of the situation here. We need to come up with some countermeasures to their cheating behavior."

.....

Fandian.

The Qilin Pearl that Luoluo was not given by Nuonuo appeared in Lin Tianhao's hands again.

Lin Tianhao has basically killed all the people on the list given by Allens Roman.

now.

Lin Tianhao began to study the Qilin Pearl again.

The Qilin beads are exactly the same in appearance and properties, but they cannot be used.

"The previous White Tiger Left Eye is also useless, and this Qilin Pearl is also useless."

Lin Tianhao frowned. The White Tiger's Left Eye and the Qilin Pearl seemed to be... the most precious treasures in Ragnarok.

"Is it because of this?"

Lin Tianhao felt like he had found the answer.

Because Lin Tianhao had obtained a lot of good things in Ragnarok before, but none of them gave him that special feeling.

Chapter 1886 The location of the Vermillion Bird's blood!

In fact, some problems can be seen from the dragon balls given to him by the nine dragon-raising families.

Even though the dragon ball can no longer awaken his bloodline, the special feeling in his heart still exists.

Even if the White Tiger's left eye is not as good as the White Tiger's heart and cannot awaken his bloodline, it should not be unable to sense it.

The existence of the Qilin Pearl further confirmed Lin Tianhao's guess.

These things in Ragnarok cannot awaken his bloodline.

Here comes the problem.

Ragnarok and reality have merged. What are the essential differences between these things in Ragnarok and these things on Blue Star?

Lin Tianhao found the ambitious Taoist priest again.

He still needs to continue awakening his bloodline, and the things in Ragnarok are useless, so he can only continue looking for the ambitious Taoist priest.

"Xue Di, I've already told you everything I know. The things you mentioned should still be there, but I don't know where they are."

Lin Tianhao was not too surprised by the ambitious Taoist's answer.

Looking at the Qilin Pearl in his hand, Lin Tianhao felt a little painful.

It had no effect, but he definitely owed the favor.

"What about Bureau 749?"

"They should have a lot of important information."

The ambitious Taoist priest was silent for a while before he said:

"The old director might know some information, but I'm not sure. You can add him and ask about the situation."

The ambitious Taoist priest pushed another friend to Lin Tianhao.

Lin Tianhao hesitated for a moment, then asked:

"Where is your master?"

"Master..."

The ambitious Taoist hesitated for a moment, then said:

"I feel like there's something wrong with him, but I can't put my finger on it."

"People at my level trust their intuition."

Lin Tianhao thought of the scene when he first met his ambitious Taoist master.

to be frank.

Some of them are too bizarre.

Enter Ragnarok early, still as an NPC.

This is somewhat unbelievable.

The candle is not young.

Lin Tianhao opened his friend list, and this person was the master of the ambitious Taoist priest.

Lin Tianhao still believed what Taoist Priest Motivation said.

But the problem is.

If the other party is not the master of the Ambitious Taoist Priest, with the Ambitious Taoist Priest's ability, he should be able to expose the other party.

But what the ambitious Taoist priest was talking about was...feeling!!

I feel like there is a problem, but I have found no substantial evidence.

Is it possible to say...

"Senior Ambition, do you think it's possible that Canzhu Buniang was originally your master, but later on he was possessed by someone else's body. This is why he has your master's memories, but you feel he's not your master."

"I don't know. Very few people know about this. Xue Di, please don't tell anyone else, and don't let my master find out."

"My master now commands an army of billions of monsters, which is of great help to us in our fight against the Alite Galaxy."

"Without conclusive evidence, there's nothing to say."

"I understand." Lin Tianhao said.

"Have you communicated with Luo Qinyun?" Lin Tianhao asked.

Luo Qinyun and Taoist Ye Xin's master are from the same era.

even.

Luo Qinyun also said that the ambitious Taoist master once lost to her by half a move.

of course,

I don't know whether this is true or not. After all, the master of the ambitious Taoist priest is known as the number one person on Blue Star.

But this is not certain, maybe he is the number one person in Dragon Country.

But no matter what, Luo Qinyun has fought with Taoist Master Ye Xin's master, so Luo Qinyun should have some understanding of Taoist Master Ye Xin's master.

"No."

"Luo Qinyun is a thoughtful person. Although we have established an alliance, we still cannot fully trust her."

"What's more, I'm the closest person to my master, and I haven't found any substantial evidence, let alone others."

After hearing what Taoist Priest Moxin said, Lin Tianhao gave up the idea of asking Luo Qinyun.

"Let me add the old director of Bureau 749 first."

Lin Tianhao added the old director of 749, and the other party quickly accepted Lin Tianhao's friend request.

I think the ambitious Taoist priest has consulted with the old director.

"Xuedi, Taoist Priest Ambition mentioned to me that the thing you want should have been sealed in our 749th Bureau."

"That was a drop of Vermillion Bird's blood. It was because of that drop of Vermillion Bird's blood that caused such a disaster that it was sealed."

Lin Tianhao's eyes lit up. This thing should be useful.

After all, according to Lin Tianhao's original speculation, it was the four divine beasts plus the Qilin.

The Vermilion Bird is also among the four sacred beasts.

"Can you give it to me?" Lin Tianhao asked.

"Of course." The old director answered straightforwardly.

"This thing is of no use to us, so giving it to you, Xue Di, is the best way to put it to good use."

"only....."

"The sealed place is deep under the sea, far from land. If we leave rashly, I'm afraid those guys in the Alete galaxy will take the opportunity to attack us."

Now their defenses are set.

One of the main reasons why they were able to withstand the attack from the Alet Galaxy was the teleportation array mechanism.

If either side's defenses collapse, the top adventurers in the Mortal Palace will be able to provide support.

Today, there are a large number of top adventurers from the Dragon Kingdom in Fan Palace.

The top adventurers from other countries also gathered in the imperial capital of the Shanhai Empire.

Lin Tianhao set up enough teleportation arrays, so they can provide support at any time.

The only downside is...

These teleportation arrays are one-way and it takes time to get back.

However, for top adventurers, although it takes time to come back, it won't be too long.

According to what the old director said now, if he wants to get that drop of Vermillion Bird's blood, he needs to stay away from the defense line and cross the sea.

"It's not impossible."

Lin Tianhao replied directly.

"If my guess is correct, the number of strong men from the Alete Galaxy is still small. It will not be easy for them to deal with us now."

"Give me a coordinate and I can move there instantly."

Seeing that Lin Tianhao was so confident, the old director didn't waste any words and sent a coordinate to Lin Tianhao.

"Let me go with you, Xue Di. There's something special beneath the sealed area. It seems to have once been a cultivator's cave. We sealed that drop of Vermillion Bird's blood by borrowing some of the power from that cave."

Lin Tianhao raised his eyebrows slightly, but without any nonsense, he took a step forward and arrived at the coordinate location sent by the old director.

"Snow Emperor."

The old director was not surprised to see Lin Tianhao suddenly appear.

It is no secret that Lin Tianhao can move quickly.

"Let's go, I've sent you the new coordinates." The old director sent another coordinate to Lin Tianhao.

Lin Tianhao nodded slightly and put the old director into the map of mountains and seas.

"Senior, you will be safer in the mountain and sea map. You just need to guide me in the mountain and sea map."

Lin Tianhao took a step forward and came to the vast ocean.

"Dive down. There is a trench at the bottom. Deep in the trench, there is a hidden cave entrance."

Chapter 1887: Immortality, blood awakening degree 45%!

Lin Tianhao took another step and arrived at the bottom of the trench.

The trench was not as deep as he had imagined.

It is only more than 4,000 meters away from the sea surface.

Lin Tianhao has the title of Son of the Sea. He feels at ease and comfortable in this ocean.

With his spiritual sense spreading out, Lin Tianhao quickly found the hidden cave entrance.

"is it here?"

Lin Tianhao did not go in because this place... seemed to be the entrance to a secret realm.

"This...this seems a little wrong."

The old director's voice sounded somewhat surprised, "It's true that this is the location, but how did it become the entrance to the secret realm?"

"It should be the fusion of Ragnarok and Blue Star, which changed some things on Blue Star." Lin Tianhao said lightly.

Since the old director has already said that the place is correct, there is no need to hesitate.

Lin Tianhao stepped into the secret realm.

As soon as I stepped into the secret realm, the prompt sound rang.

"Ding, you have entered the Land of Sorrow. You can choose the difficulty level: Normal, Hard, Nightmare, Hell. Please select the difficulty level."

"hell."

Lin Tianhao was not worried about it. The hell-level difficulty was already a common occurrence for him.

"Ding, the Hell-level secret realm is too difficult. It is not recommended for single entry. Please confirm to enter?"

"Enter."

Lin Tianhao's choice was very decisive.

After Lin Tianhao made his choice, he finally entered the Di Shang Secret Realm.

As soon as he came in, Lin Tianhao spread out his spiritual sense.

There is a certain suppression of spiritual consciousness here, but despite this.

Lin Tianhao's spiritual sense can still easily cover an area of a thousand miles.

it's here.

There are bare reefs everywhere.

These reefs are quite ordinary, with some wild monsters around them.

Reef Bear (Gold): Level 10000.

Lin Tianhao just took a glance and lost interest.

Is this the intensity of a hell-level secret realm?

Lin Tianhao shot arrows from his heart and easily killed these giant reef bears.

Wherever you go.

All the giant reef bears were killed by Lin Tianhao.

"Xue Di, your monster-killing efficiency is a bit too fast." The old director couldn't help but sigh.

Lin Tianhao smiled without comment and said:

"It's all hard work and sweat, there's no numerical value."

The old director hesitated to speak, with a faint smile on his face, which would have been very abstract without the sweat.

Not long after.

The grade of the giant reef bear began to improve.

Even after being promoted from gold level to platinum level, it still couldn't stop Lin Tianhao's progress.

Sweep all the way.

No pressure.

"There aren't many wild monsters in this secret realm, and their quality is pretty good."

Lin Tianhao saw a diamond-level giant reef bear appear.

A giant reef bear of this strength is already more powerful than most adventurers.

But for Lin Tianhao, it was still the same as before, sweeping all the way.

When the last giant reef bear was killed by Lin Tianhao.

The earth began to crack and the temperature around it began to rise continuously.

The cracked fissures revealed scarlet magma, which looked like magma, but also like the blood of some living creature.

The magma is boiling.

then.

A giant reef bear over a kilometer tall appeared in front of Lin Tianhao.

Mutated Lava Giant Bear (King Level): Level 10000.

Lin Tianhao raised his eyebrows slightly, this gap is a bit too big.

Directly promoted from diamond level to king level.

The king-level mutated lava bear shouted at Lin Tianhao from behind, and three domains unfolded one after another, crushing towards Lin Tianhao.

Lin Tianhao chuckled.

"crack!!"

The power of the origin of space was activated, and the body of the mutated lava bear in front began to be torn into pieces.

Scarlet damage numbers appeared above the head of the mutated lava bear.

However, within a few breaths, the mutated lava bear was killed by Lin Tianhao.

"interesting."

The mutant lava bear's health bar was emptied, but it did not fall down. It was still attacking Lin Tianhao like crazy.

Lin Tianhao chuckled, with a hint of amusement on the corner of his mouth.

"freeze!"

Lin Tianhao uttered another word, and endless freezing power gathered together, freezing the mutated lava bear.

"The empty blood is immortal, could it be that it has merged with the blood of the Vermillion Bird?"

"should be."

Lin Tianhao spoke lightly, and then... then the other person's body began to melt continuously.

This is exactly the power that Lin Tianhao uses to swallow the sky and the earth.

If you don't die even when your health is low, I will swallow your body.

really.

After the body was devoured by Lin Tianhao, a drop of blood appeared at the original location of the mutated lava giant bear.

"Ding, congratulations, you've successfully killed the mutated lava bear. A server-wide announcement will be made soon. Do you want to hide your name?"

"no."

"All-server announcement..."

.....

"Is this the Suzaku blood essence?"

Lin Tianhao raised his hand, and the Vermillion Bird's blood fell into Lin Tianhao's hands.

That special feeling appeared again.

Lin Tianhao did not hesitate at all and directly merged the Vermillion Bird's essence and blood.

"Ding, you've gained the Suzaku Blood Essence bonus: Divine Attribute Perception +100 million, Fire Attribute Perception +100 million, Health +100 billion..."

"Ding, you have gained the power of the Vermillion Bird, and your bloodline is awakening..."

"Ding, because your bloodline is too high, the power of the Vermillion Bird can only awaken part of your bloodline..."

"Ding, congratulations, your bloodline awakening is successful, and the current awakening level is 45%."

"Ding, congratulations, you have awakened your bloodline talent: immortality."

Immortality: Unknown.

Effect 1: Your body is immortal, your soul is indestructible, and you will enter a state of immortality. No matter how much damage you suffer, you will be able to recover. The time required to recover depends on the severity of the injury.

Effect 2: Not yet activated (activates when bloodline awakening reaches 30%)

Effect 3: Not yet activated (activates when bloodline awakening reaches 35%)

Effect 4: Not yet activated (activated when bloodline awakening reaches 40%).

Cost: None.

Cooling: None.

Proficiency: Cannot be upgraded.

Lin Tianhao: ???

This.....

Doesn't this mean that he will never die?

but.

Resurrection on the spot seems to have the same effect.

just.

See the skill introduction.

This effect of immortality seems to be even more overbearing than the effect of resurrection on the spot.

My bloodline is becoming more and more outrageous.

It would be fine if I could become stronger just by lying down.

This immortality...

Doesn't this mean that as long as time is long enough, he will sooner or later be invincible in the world?

"This trip has been fruitful, let's go."

Lin Tianhao left the secret realm.

The secret realm begins to calculate rewards.

For Lin Tianhao, these rewards are very ordinary.

After coming out of the secret realm, Lin Tianhao first sent the old director back.

"Old Director, do you know of any other such things?"

Those guys in the Alet Galaxy haven't launched a large-scale attack yet, which is an opportunity for Lin Tianhao.

He needs to take advantage of this opportunity to make himself as strong as possible without having to do anything himself.

"You can ask Luo Qinyun and Taoist Ye Xin's master. They may know some useful information."

Chapter 1888 The clue of Xuanwu calculating Tianjia!

Lin Tianhao narrowed his eyes slightly. Didn't he tell the old director that there was something wrong with the ambitious Taoist priest's master?

"it is good."

The old director might know about this, so he asked me to go find the old director, maybe just to test him in this regard.

Lin Tianhao opened the friend list, found Canzhu Buniangshao, and sent him a message.

"Senior, do you know the dragon-raising family?" Lin Tianhao turned the question.

"You want to ask me if there are any dragon balls here?" Canzhu replied.

"I don't need the Dragon Balls right now. I need the other beasts' things now."

"Suzaku, Xuanwu, Baihu, Qilin, etc."

At present, Lin Tianhao has not obtained any of Xuanwu's.

"Have you ever found ambition?" Canzhu Bu Nian Shao asked.

"I did look for it, and he provided me with some clues."

Lin Tianhao told Canzhubunian Shao all the information that Taoist Motivated provided to him.

"Didn't he tell you that Xuanwu is considered a heavenly armor?" Canzhu Bunian couldn't help but ask after seeing Lin Tianhao's message.

"No." Lin Tianhao replied.

Judging from the name, this Xuanwu Suantianjia should be what he needs.

"I really say that I am selling my apprentice a bit. The Xuanwu Suantian Armor is in his hands."

"But since he didn't say it, he must have his considerations."

"The Xuanwu Suantian Armor is a legacy of our lineage and holds extraordinary significance."

Seeing the messages sent by Canzhubunian Shao, Lin Tianhao couldn't help but frown.

Xuanwu Suantianjia is in the hands of the ambitious Taoist priest?

Is the ambitious Taoist priest intentionally concealing something?

This doesn't seem like the ambitious Taoist's style of doing things.

"really."

"Senior, you've sold your apprentice. Normally, shouldn't you ask the ambitious Taoist first?"

The ambitious Taoist priest is the other party's apprentice. Under normal circumstances, he would discover that his apprentice had cheated.

I should probably ask in private first.

after all.....

It's just a matter of sending a message.

"Because...I think there's something wrong with him right now."

"Although I haven't found the problem yet, my intuition is right."

Lin Tianhao:.....!

"It's impossible that the ambitious Taoist priest has been possessed by someone else, right?" Lin Tianhao replied.

"I'm not sure, but I can't rule out the possibility."

Lin Tianhao couldn't help but hold his forehead and said, "This... I have already asked Senior Ye Xin. You are his master, could you please ask Senior Ye Xin for me to see if he is willing to bear the pain and let go."

"The price is negotiable."

Canzhu Bu Nian Shao took a long while to reply:

"Row."

"Xuedi, you are giving my disciple a way out."

"I'm going to talk to my disciple now."

Looking at the chat box, Lin Tianhao fell into deep thought.

The ambitious Taoist priest said that there was something wrong with him. He said that the ambitious Taoist priest had something wrong with him.

So... who is the one with the problem?

and also.....

Does this so-called Xuanwu Suantianjia really exist?

It should really exist, it just depends on how this young Canzhu communicates.

then.

It's Luo Qinyun.

Lin Tianhao was already a friend of Luo Qinyun, so naturally he sent a message to her directly.

"Senior Luo, do you know what I've been looking for recently?"

"know."

Luo Qinyun quickly replied to Lin Tianhao's message.

"The nine dragon-raising families are a secret to others, but not to us."

Lin Tianhao said straight to the point:

"Since Senior Luo knows what I'm looking for, it will be easy."

"Senior Luo, do you have what I'm looking for?"

Hear this.

Luo Qinyun said directly:

"We do have some old stuff, but it doesn't quite match what you're looking for."

"You must have traveled to Dragon Country quite a bit over the years, but didn't you gain anything?"

Luo Qinyun: "Xue Di, we often go to Dragon Country, but that doesn't mean we can get treasures of the same level as Dragon Ball."

"Really not?" Lin Tianhao asked.

"No." Luo Qinyun answered with certainty.

"Then do you know who has it?" Lin Tianhao asked.

"This... I do know, but what I know, those people you know basically all know, so there's nothing much to say."

Lin Tianhao immediately said:

"No, you better tell me and see how much I don't know."

Seeing this message, Luo Qinyun couldn't help but smile.

"It seems that you, the savior, don't deserve such high treatment."

Lin Tianhao raised his eyebrows slightly, "Letting others cut your flesh is not an easy thing in itself."

"From what I know, they're not being asked to cut their flesh. Those things aren't very useful to them right now."

Lin Tianhao said: "Senior Luo, I still want to know how much you know."

"If someone is really hiding it, I'd like to ask about it."

Luo Qinyun had fought with Taoist Master Yexin's master, so she should know some important information.

"it is good."

Luo Qinyun began to send over the information she knew.

Lin Tianhao took a quick look and already knew most of the information.

"Is that all?" Lin Tianhao frowned slightly.

Because he was a little curious about Xuanwu's calculation of Tianjia.

"Where is Taoist Motivation's master? He is so powerful, doesn't he have this kind of treasure?" Lin Tianhao asked.

"do not know."

Luo Qinyun shook her head. "Master Mo Xin's master has a special status. A lot of his information is beyond my reach."

"The leaders of Dragon Country are not fools. The more powerful they are, the more difficult it is for us to obtain their information."

"What's more, Taoist Ambition's master has been dead for so long that our investigation into him has already ended."

"No." Lin Tianhao didn't quite believe it.

"The master of the ambitious Taoist priest is dead, but the ambitious Taoist priest is still alive. Moreover, the status and strength of the ambitious Taoist priest's master were similar to yours."

"It's impossible for you not to investigate such an existence."

Luo Qinyun: "We were indeed investigating him in the two years immediately following his death, but we gave up after a few years."

"We are not good-for-nothings. We were investigating when he was alive, and we are still investigating after he died. We have investigated everything we can."

That's it.

Luo Qinyun seemed to have thought of something and said:

"But you reminded me that the master of Taoist Master Motivation has a tortoise shell-like treasure in his hand. That thing is very powerful and can deduce some of our actions."

Lin Tianhao's eyes lit up. What Luo Qinyun was talking about should be the Xuanwu Suantianjia.

"and then?"

"And what happened next? Who got the tortoise shell?"

"do not know."

"There's been no news of that thing since then, and I haven't seen Taoist Master Mo Xin use it, so I don't know if that thing was taken to the grave by that old man."

Lin Tianhao frowned slightly. The ambitious Taoist didn't mention the fact that Xuanwu was the Heavenly Armor. Was it because he himself didn't have one?

But even if he himself doesn't have it, it's still worth mentioning this kind of thing.

Chapter 1889 The Divine Slave Sect and Forbidden Figures!

Judging from the current situation, if Luo Qinyun did not lie.

Xuanwu Suantianjia is real.

Lin Tianhao has a certain degree of trust in the ambitious Taoist priest. He didn't mention it, but it shouldn't be because he forgot.

Then there must be other reasons.

"What else?" Lin Tianhao continued to ask.

"besides?"

Luo Qinyun fell into deep thought. After a while, she said, "The people in the mountains may have what you want. Have you asked them?"

"I asked." Lin Tianhao said.

"Then I have basically told you everything I know." Luo Qinyun said.

"Basically?" Lin Tianhao asked back.

"You really didn't let go of anything. There is indeed one thing I didn't mention, but it is a taboo for your Dragon Nation, and even the entire world."

"Oh?"

Luo Qinyun's words piqued Lin Tianhao's interest.

"Your Dragon Country's 749-yuan department was only established in modern times. Before the establishment of the 749th Bureau, there were actually similar organizations."

Lin Tianhao frowned slightly. He was not quite sure about this.

However, there are indeed some people in history who have been given a certain mythological color.

For example, Guiguzi, Zhuge Liang, Liu Bowen, Yuan Tiangang and others.

Whether it is the legend of Zhuge Liang's seven stars extending life, the story of Liu Bowen slaying the dragon, or the Tui Bei Tu of Li Chunfeng and Yuan Tiangang, they all have a certain mythological color.

"I'd like to hear the details." Lin Tianhao said.

"Typing is inconvenient. If we have time, let's meet and talk."

Luo Qinyun sent Lin Tianhao a location, which was in the imperial capital of the Shanhai Empire.

Lin Tianhao used the Starry Sky Step and took one step to where Luo Qinyun was.

"Please come in."

Luo Qinyun sensed Lin Tianhao's presence, opened the door, and invited Lin Tianhao in.

"Tell me."

With a wave of Lin Tianhao's hand, the space around the room was blocked to prevent others from snooping.

There must be something about it that Luo Qinyun calls it a taboo.

"Your Dragon Nation has a long history. Since the Conferred God Tribulation, the human race has no longer had a human king, only an emperor. Now that the Twilight of the Gods has arrived, you should also know that it may not be a legend."

Lin Tianhao nodded gently. "Humanity, Heaven, and Earth. In the past, the three paths coexisted, but humanity declined and became the nourishment for the immortals and gods, providing them with incense."

This is the myth and legend of the Dragon Kingdom, and Lin Tianhao knows something about it.

"good."

"The Later Qin Dynasty ruled for six generations, and with the help of Zulong, it attempted to restore humanity and establish a human king again."

Lin Tianhao did not interrupt Luo Qinyun, but let Luo Qinyun continue.

"And it was at that time that a mysterious organization was born. They were commanded by heaven to prevent humanity from reviving. They called themselves the Divine Slaves, and the faction they belonged to was also known as the Divine Slaves Sect."

"The death of your unparalleled emperor, and even the fall of the Second Qin Emperor, are all related to this Shennu Palace."

Lin Tianhao frowned slightly. He had never heard of this so-called Shennu Palace.

"After the Chu-Han contention, Liu Bang emerged victorious. However, his subordinate Zhang Liang discovered the existence of the Shennu Sect and began secretly establishing an organization to counter the Shennu Sect: the Shouhan Guard."

Lin Tianhao frowned slightly.

"But it's just a joke after all. Since the First Emperor Ying Zheng, none of your Dragon Kingdom's dynasties have lasted more than three hundred years."

Luo Qinyun's words made Lin Tianhao's heart skip a beat.

"I know what you're thinking, that's why I'm telling you this is a taboo subject."

"If it weren't for the fusion of Ragnarok and reality, and the attack from the Alet Galaxy, no one would have mentioned this taboo again."

Lin Tianhao took a deep breath and said:

"what do you mean....."

"Does this Shennu Sect have what I want?"

"The Divine Slave Sect?"

Luo Qinyun smiled and shook her head, saying:

"The Divine Slave Sect no longer exists."

Lin Tianhao was a little surprised. "A force that has existed for so long and has intervened in so many dynasties shouldn't just disappear like that, right?"

"Because a taboo has emerged."

Luo Qinyun seemed to have thought of something, with a hint of fear in the depths of her eyes.

"We don't know who that person is. We only know that he is very strong, extremely strong. Even the masters of the Shennu Sect are powerless in his hands."

"You mean... one person destroyed the Shennu Sect?"

Although Lin Tianhao did not know how powerful the Shennu Sect was.

But the Shennu Sect has been able to exist for such a long time and has done so many things, its power should definitely not be underestimated.

"Yes."

"That's why we say that person is a taboo."

"My master and I, the ambitious Taoist priest, are already considered the most powerful beings in the world, but when facing the powerful ones from the Divine Slave Sect, we have to temporarily hide from them."

"Some people suspect that it was an old monster among the mountain people. Only by practicing ancient immortal arts could he have grown to that level."

Lin Tianhao nodded gently, "You mean... this forbidden strongman has something I want."

"Yes."

"He destroyed the Shennu Sect and took away all the good things from the Shennu Sect."

"His own strength means that he must have valuable treasures on him. Add to that the treasures of the Divine Slave Sect, and he will naturally be even richer."

Lin Tianhao frowned. "According to what you said, how can I find him?"

"I don't know that."

"I dare not explore the whereabouts of this taboo figure."

"However, we have discovered some traces of this forbidden figure in other operations. He should still be on Blue Star."

Lin Tianhao sighed, "It seems that there is no point in saying so much."

"This forbidden figure exists, but there are no other clues. If we can't find it, everything is in vain."

"If he hasn't left the Galaxy World, with your current strength, it shouldn't be difficult to find him."

Lin Tianhao hesitated for a moment and said:

"Have those guys in the Arlet Galaxy tried to incite you to rebellion?"

"No."

Luo Qinyun shook her head and said with a smile:

"Perhaps there aren't many people in this galaxy worth recruiting to rebel."

Lin Tianhao shook his head. "That's hard to say."

"Better be careful. The enemy in front of you is certainly powerful, but the one who stabs you in the back is the truly despicable one."

Luo Qinyun smiled and said:

"I don't know what other people will choose, but I won't stab them in the back."

"I hope so."

Lin Tianhao said calmly, "When the stakes are high enough, anyone can stab you in the back."

"Including you, Xue Di?" Luo Qinyun asked back.

Lin Tianhao smiled without comment and said:

"include."

"But the Alet Galaxy can't give me what I want."

"So do I." Luo Qinyun said.

Lin Tianhao waved his hand and said:

"That's it for today. The armies from the Alete galaxy will arrive one after another, and things will get more and more difficult later on."

Chapter 1890 The second attack, casualties reduced!

"If they move slower, we will have more time to make some preparations." Luo Qinyun said.

Lin Tianhao stood up and waved his hand, saying, "Let's go."

Back in the mortal palace, Lin Tianhao looked up at the sky.

Although he could not see the Fifth Legion of the Huangchi Clan, Lin Tianhao knew the approximate location of the Fifth Legion of the Huangchi Clan from Allens Roman.

"here we go again."

Just now.

Someone in the group sent a message, and then live broadcasts started one after another.

This can record and allow all parties to see the situation of each position.

This time.

It was still the Huangchi tribe's army.

There were still various missile sneak attacks, giving the Huangchi army time to land.

Lin Tianhao watched silently and did not act rashly.

To Lin Tianhao, these Huangchi tribe armies were just a small fight.

These adventurers from Blue Star need to be tempered, and now is the best time to temper them.

With the experience of fighting against the Huangchi army last time, it was a little easier for them to deal with the Huangchi army this time.

The biggest change is that the mortality rate is not high.

The number of adventurers who died last time was too much.

This is inevitable.

Ragnarok and reality have just merged, and most adventurers find it difficult to adapt to the mechanism of not being able to resurrect.

Lin Tianhao kept switching the screen.

Each defense line is very solid, and there are very few adventurers supporting from the capital of the Shanhai Empire.

Judging from their appearance, they can defend themselves.

This battle was similar to the previous one, and was even a little inferior to the first one.

But even so.

This battle lasted for more than an hour, and more than 200,000 adventurers died.

Although priests can learn resurrection, there is still a gap between being able to learn and having learned.

Resurrection is an advanced skill for priests, and only a few priests can learn it.

Moreover, the probability of resurrection by the resurrection spell itself is not high, which means that most of the dead adventurers cannot be resurrected.

Such sacrifices are inevitable.

Lin Tianhao did not take action, but just watched the battle from beginning to end.

This time.

There were not many high-ranking Huangchi generals who showed up. Lin Tianhao saw that the most powerful ones in each defensive position were only at the ninth-level platinum level.

Lin Tianhao sat in the Fan Palace until nightfall.

Canzhubunian Shao finally found Lin Tianhao again.

"Xue Di, I have communicated with him, and he said that he did not obtain the Xuanwu Suantian Armor, but disappeared with my death."

Lin Tianhao was not too surprised by Canzhu's answer that he was not young.

"But when I died, I passed the Xuanwu Suantian Armor to him."

Lin Tianhao asked, "Did you hand it to him personally?"

"That's not the case. Because of the turmoil during that period, I hid the Xuanwu Suantian Armor."

"There are two other things hidden together with the Xuanwu Suantian Armor."

"Ambition means that the other two things are present, but the Xuanwu Suantianjia is missing."

Lin Tianhao changed the subject and asked, "Where are you, Senior? I have something to discuss with you in person."

The ambitious Taoist said that there was something wrong with Canzhu because he was not young, and Lin Tianhao had now mastered the laws of the origin of the soul.

If Canzhu had not been possessed at a young age, he would most likely have been able to detect it.

Canzhubudian Shao sent a location to Lin Tianhao.

Lin Tianhao took a step forward and came to where Canzhu Buniang was.

"I've met senior."

Seeing that Canzhu was not young, Lin Tianhao bowed to him.

"No need to be so polite."

"Nowadays, the wise are the teachers. You are very capable, so you are the senior." Canzhu Bu Nian Shao said.

Lin Tianhao waved his hand indifferently and said:

"I recently heard about a force called Shennumen."

This time, Lin Tianhao came to see Canzhu not because he was young, but because he had something to do.

"The Divine Slave Gate!!"

"It's all in the past. Did someone tell you that Shennumen has what you need?" Canzhu Bunian asked.

Lin Tianhao shook his head and said:

"Not really."

"Someone told me that the Shennu Sect was destroyed by one person. That person was called... Taboo."

Hear the words.

Canzhu is not young and his expression becomes serious.

"It's not that he is called a taboo, but his existence is a taboo."

"It seems that the world has changed so much that someone dares to talk to you about this topic."

Lin Tianhao did not comment and asked:

"How much do you know about this taboo, Senior?"

Canzhu was not young, so he smiled helplessly and said:

"Since it is a taboo, how can we possibly understand it?"

"Is he from Blue Star? If so, I believe you should have some information."

Canzhu was not young, and hesitated to speak, saying:

"According to the information we have learned, this taboo should have originated in the Qin Dynasty, around the same time as the First Emperor."

"He has survived from the Qin Dynasty to the present day. Some people speculate that it was the elixir of immortality that Qin Shi Huang sought that allowed him to live for so long."

"For these two thousand years, he has been hiding in the dark, accumulating strength, and then destroying the Shennu Sect to avenge the First Emperor."

Lin Tianhao frowned slightly. This statement...

It seems to make sense.

"Then what? Were you able to contact him?" Lin Tianhao asked.

Canzhu Bu Nian Shao shook his head and said, "Let's not talk about the fact that I've been dead for so long. Even when I was alive, I wouldn't have been able to find this taboo."

Lin Tianhao nodded. "I came to see you, not only to ask you about taboos, but also for another matter."

"Check if I have been possessed by another body?" Canzhu Bu Nian Shao asked.

Lin Tianhao nodded slightly.

Canzhu Bu Nian Shao spread out his hands and said seriously:

"That's how it should be."

"I checked me, and I also hope that you, Xue Di, can check my disciple."

Canzhu looks not young, but seems to be very confident.

He seemed not to be worried at all about Lin Tianhao finding any problems.

Lin Tianhao raised his hand and placed it on Canzhu Buniansha's shoulder, and the power of the origin of his soul enveloped Canzhu Buniansha.

Lin Tianhao felt it carefully, isn't there something wrong with the young age of this Canzhu?

some.

The origin of his soul is the devil!!

But he himself seems to be a demon, and it is reasonable that the origin of his soul is demonic.

"How is it?" asked Canzhu Bu Nian Shao.

"The origin of your soul is the devil."

"But I am a demon myself."

"I know. I'll check on Ambition-senpai."

Lin Tianhao bowed and said goodbye.

now.

Lin Tianhao was somewhat suspicious of the ambitious Taoist priest.

After all, Luo Qinyun also said that the ambitious Taoist must know that Xuanwu is considered the Heavenly Armor.

But the ambitious Taoist priest did not mention a word.

Lin Tianhao opened his friend list, found Taoist Master Yexin, and made a voice call directly.

"Senior Ambition, your master told me about Xuanwu's calculation of the Heavenly Armor."

"He also told me, he said, he thinks there's something wrong with you."

Lin Tianhao spoke straight to the point without beating around the bush.
