Chapter 1891 The power of misfortune!

"Then who do you think is telling the truth among us?" asked the ambitious Taoist priest.

"My master must have told you about the Xuanwu Suantian Armor, so you have a grudge against me, thinking that I have this treasure but didn't tell you."

"A little bit, but I believe you have your reasons."

"My master will tell you about Xuanwu's calculation of Tianjia, which almost confirms my guess." said the ambitious Taoist priest.

"Oh?"

"Is there any explanation for this?"

"Xue Di, you should know that my master was once the most powerful in the Dragon Nation. I am also very powerful. Although my fellow disciples are not as strong as me who have practiced for more than ninety years, they also have some skills."

"But in the end, I was the only one left in the entire gym."

"Five drawbacks and three shortcomings?"

Although Lin Tianhao is a layman, he has heard of things like the five disadvantages and three shortcomings.

Generally speaking, people who tell fortunes for others often have five disadvantages and three shortcomings.

"That's it."

"The Xuanwu Suantian Armor is a tool for prying into the secrets of heaven. Using it will inevitably bring disaster."

"When a disaster becomes unbearable for the individual, it will affect those around them."

Lin Tianhao frowned slightly, but the ambitious Taoist continued:

"I know the drawbacks of Xuanwu's calculation of Tianjia, and my master knows the same."

"This thing is quite taboo."

"Therefore, I am reluctant to say that even my master, who is a god-like figure, could not escape the disaster."

Lin Tianhao understood, "That being said, I still need to check to see if you've been possessed."

"It is good."

Lin Tianhao spoke directly, and the ambitious Taoist priest did not refuse and sent a location to Lin Tianhao.

Take one step.

Lin Tianhao came to the side of the ambitious Taoist priest.

"I'm sorry," Lin Tianhao said.

"It doesn't matter."

The ambitious Taoist smiled and said:

"In troubled times, it's appropriate to be cautious."

Lin Tianhao raised his hand and placed it on the shoulder of the Ambitious Taoist Priest. The power of the origin of his soul invaded into the body of the Ambitious Taoist Priest, examining his soul.

There seems to be nothing wrong with the soul of the ambitious Taoist priest.

"No problem." Lin Tianhao said.

"Where is my master?" asked the ambitious Taoist priest again.

"That's not a problem." Lin Tianhao said, "His soul is full of demonic nature, but his current situation seems to be full of demonic nature, which is reasonable."

Lin Tianhao hesitated for a moment and said:

"Is Xuanwu considered Tianjia?"

"I don't use the Xuanwu to calculate the Heavenly Armor for calculations, I just use it to refine and absorb it."

The ambitious Taoist priest hesitated to speak, "I knew that if I told you about Xuanwu's calculation of the Heavenly Armor, you would definitely want it."

"The Xuanwu Suantian Armor has been used so many times that it has become entangled with a great deal of misfortune. I have sealed it deep in the desert."

"If Ragnarok hadn't merged with reality, my search would have been a waste of effort."

"Let's go." Lin Tianhao said lightly.

"You said your master has a problem. What exactly is it?"

"I can't really put my finger on it, it just doesn't feel right."

Lin Tianhao hesitated for a moment and said:

"Could it be because your master spent too long in Ragnarok and became a demon, that your perception of it has become distorted?"

"do not know."

The ambitious Taoist shook his head. "It's possible, but not very likely, because some feelings are not superficial."

Lin Tianhao nodded without saying anything more.

The two entered the desert area of Dragon Country together.

The desert is not peaceful nowadays, and there are many high-level monsters hidden in it.

This is what happens when Ragnarok merges with reality.

but.....

These high-level wild monsters can be dealt with relatively easily, not to mention Lin Tianhao, even the ambitious Taoist priest can do it.

All the way forward.

Lin Tianhao and Taoist Master Ye Xin came to an area full of yellow sand and without even any vegetation.

"Something seems to be wrong here." Lin Tianhao frowned.

His mental power is so strong that his spiritual awareness can easily cover the entire desert.

But in this area, which is a hundred miles in radius, there is not a single piece of vegetation.

even.....

There is not a single living thing!!

This is wrong, very wrong!!

Although this is a desert, Lin Tianhao's spiritual sense revealed that there are some living creatures in other places except this place.

Whether it is animals or plants.

There is nothing like this place, with no animals or plants within a radius of a hundred miles. It is the only place like this.

"Ah."

"The bad luck of Xuanwu Suantianjia is constantly being released, which will affect everything around it." said the ambitious Taoist priest.

Lin Tianhao launched the Heaven-Swallowing and Earth-Devouring Technique. He wanted to try and see if he could devour this so-called misfortune.

"Ding, you have swallowed the power of doom. Doom comprehension +10, doom resistance +10, magic resistance +1000, soul power +1000, free attribute points +1000."

Lin Tianhao's eyes lit up.

He actually swallowed up the power of doom.

It seems that what the ambitious Taoist said was true, this place is indeed shrouded in misfortune.

"Right down here."

When the ambitious Taoist priest waved his hand, a strong wind blew, the yellow sand parted, and a piece of dead wood appeared.

The ambitious Taoist priest raised his hand and pressed it on the dead tree.

Streams of pure energy were poured into it.

The originally dry tree suddenly regained its vitality, and a green seedling sprouted from it.

"open!"

The ambitious Taoist pressed his palm down suddenly, and the yellow sand in front began to sink, continuing to sink in a vortex.

"This mechanism requires our unique technique to open."

As the yellow sand sank, a passage appeared in Lin Tianhao's sight.

This passage goes down continuously, with no end in sight.

Lin Tianhao probed into it with his spiritual sense and soon found the Xuanwu Suantianjia that Taoist Ye Xin mentioned.

"Found it."

Lin Tianhao smiled faintly, took a step forward, and came to the front of Xuanwu Suantianjia with the ambitious Taoist priest.

Lin Tianhao's Heaven-Devouring and Earth-Devouring Power was unleashed at full force. Before the Xuanwu Suantian Armor, the power of doom was even more intense. The numerical bonus obtained by Lin Tianhao when he devoured these forces of doom was even higher.

"Ding, you have swallowed the power of doom. Doom comprehension +1000, doom resistance +1000, magic resistance +100000, soul power +100000, free attribute points +100000."

The value skyrocketed a hundred times, which was a huge increase for Lin Tianhao.

Especially since swallowing it can increase soul power by 100,000, which is extremely rare.

The Xuanwu Suantian Armor was right in front of him, and that kind of sensation appeared again.

Lin Tianhao knows.

He had come to the right place.

"The bad luck here is too strong, you can't stay here for long." The ambitious Taoist priest reminded.

Lin Tianhao waved his hand and put the ambitious Taoist priest into the map of mountains and seas.

"Senior Ambition, where does this Black Tortoise Suantian Armor's power of misfortune come from?"

The ambitious Taoist said seriously:

"Because I have deduced so many secrets of heaven, I have so much power of misfortune."

Chapter 1892: Use the Xuanwu Tianjia to deduce!

"My master used the Xuanwu Suantian Armor frequently to deal with those Japanese guys, but it ended up bringing him bad luck..."

That's it.

The ambitious Taoist priest seemed to have thought of something and immediately said:

"Xuedi, you wouldn't want to use the Xuanwu Suantian Armor to deduce the secrets of this battle, would you?"

"Why not?" Lin Tianhao asked back.

"These misfortunes..."

After the ambitious Taoist said this, he seemed to have thought of something and asked:

"Xuedi, do you have a way to resolve these forces of misfortune?"

Lin Tianhao smiled and nodded, saying:

"These forces of misfortune are misfortune to others, and they are something they cannot avoid. But for me, they may not be misfortune."

Although Lin Tianhao has not yet comprehended the way of misfortune, the reward he obtained from devouring the power of misfortune is already an astronomical figure.

"How do I use this Xuanwu Tianjia?"

Lin Tianhao doesn't want to destroy the Xuanwu Suantian Armor now. The main reason is that the Xuanwu Suantian Armor can not only deduce the future, but also provide him with the power of misfortune.

This is the best of both worlds.

"I know a little about the usage of this Xuanwu Suantian Armor, but I've never used it before."

"This thing is too special. My master won't let us disciples use it."

Lin Tianhao nodded. "So, if I want to use this thing, I have to go find your master?"

"I guess so. My master is the most proficient in using this thing."

Lin Tianhao picked up the Xuanwu Suantian Armor.

The power of misfortune washed over Lin Tianhao's body madly.

Xuanwu's calculation of Tianjia: special.

Usage requirements: None.

Effect: Consume a certain amount of luck value to deduce things in the past and future. The bigger the thing being deduced and the longer the time interval, the greater the consumption.

When luck is not enough, the power of bad luck will be generated, which will bring bad luck to people.

Abrasion resistance: Indestructible.

Lin Tianhao frowned.

He seemed unable to use this thing.

Because his own luck is not high, but he has the luck of the human race.

If he were to use this thing and consume the luck of the human race, it would be totally not worth it.

"It seems that this thing still needs to be used by your master." Lin Tianhao said.

"He uses this thing, and I will deal with the power of doom."

The ambitious Taoist shook his head and said:

"When my master came to see me before, he mentioned this Xuanwu Suantian Armor, but he said that he now has the luck of the demon clan. If he uses the Xuanwu Suantian Armor, he is afraid that it will damage the luck of the demon clan."

Lin Tianhao hesitated for a moment, "What about you?"

The ambitious Taoist pointed at himself, smiled awkwardly, and said:

"I've been cultivating diligently for many years, and finally I've regained some luck..."

Lin Tianhao frowned slightly, "By the way, can people from the Alet Galaxy use this Xuanwu Suantian Armor?"

While speaking, Lin Tianhao summoned out Allens Roman.

"Luo Man, come and take a look. Use this to deduce when the next attack on the Alet Galaxy will occur."

Allens Roman took over the Xuanwu Suantian Armor.

When she saw the attributes of the Xuanwu Suantian Armor, her expression suddenly became a little unnatural.

"Don't stand there, use it." Lin Tianhao said with a smile.

Allens Roman reluctantly picked up the Xuanwu Suantian Armor and began to activate it.

Patterns of the Five Elements and Eight Trigrams appeared on the Xuanwu Suantian Armor, and within the patterns, there were various star images and texts.

Allens Roman subconsciously closed his eyes and began to deduce the consequences.

After a while.

Allens Roman opened his eyes and shook his head:

"I can't calculate the exact time, but I know it's at night, and... the next attack will be much more ferocious."

Lin Tianhao was not worried that Allens Roman would deceive him.

night?

"It seems that this Xuanwu Tianjia is not as powerful as imagined."

"Then think about it again. How are the people from the Alate Galaxy going to deal with me?" Lin Tianhao asked.

Allens Roman was a little helpless, but he could only follow Lin Tianhao's instructions and start using the Xuanwu Tianjia to calculate.

Not long after.

Allens Roman opened his eyes, a look of horror in his eyes.

"The three figures I saw were so majestic and unparalleled that they didn't seem like ordinary people."

"Do you know their identities?" Lin Tianhao asked.

Allens Roman thought for a moment, then nodded and said:

"know."

"They...are all extremely powerful beings who have been famous for a long time, but they all fell in the course of time. I don't know why they are still able to appear here."

Fallen in the years?

Lin Tianhao frowned slightly. Could this... be the same existence as Pangu and the others?

They discovered that the fat man and the man with glasses had souls beyond mortals, so they wanted to use the same method to deal with themselves?

"The first is a super-powerful being who has been famous in our Alite Galaxy for over three million years. His true form is a nine-eyed golden toad. He practiced diligently for millions of years and ultimately achieved the status of a saint. It is rumored that his nine eyes can see through everything in the world and possess nine laws. Each eye represents a world."

"Some people once said that the reason he fell was because his nine eyeballs were the embryos of nine world hearts, something that even the saints of the Heavenly Dao would envy."

"He has been dead for over a million years. If it weren't for my special identity, it would be difficult to identify him."

"Go on." Lin Tianhao said.

"The second one is from the same era as the Nine-Eyed Golden Toad. He can be considered the ancestor of the Gulimu family."

"His name is Gu Limu Changqing, also known as the Changqing Saint. His body is a piece of pear wood. Influenced by the aura emitted by another saint when he attained sainthood, he was given spiritual wisdom."

"The saint felt a connection with him, so he accepted him as his disciple and taught him the cultivation method."

"Then he disappeared without a trace, and some time later, it was reported that he had died."

"There are rumors that the Evergreen Saint's true form is made of innate Chaos Pear Wood, which can be used to refine divine weapons that surpass the Heavenly Dao Saint level."

"Someone extremely powerful took a fancy to his true form and killed him."

"After his death, the Gulimu family was still quite powerful, but as time went by, the Gulimu family became increasingly weak. Otherwise, they wouldn't have come here as an advance force to serve as cannon fodder."

Lin Tianhao took a deep breath and said, "The saints of your Alete Galaxy are in a miserable state. Their bodies have been targeted."

"But they are all saints from your Galaxy World. Isn't there anyone who can protect them?"

Allens Roman shook his head and said:

"I don't know. Although I'm powerful, I'm still just a mortal. These things happened many years ago, so I don't know the specific process."

Lin Tianhao nodded slightly and asked:

"What about the third person?"

"The third one... is you humans!!"

"It is said that this human race fled to the Alite Galaxy. After arriving in the Alite Galaxy, they were taken in by an assassin organization and trained to become a super assassin."

"Speaking of which, this person is truly a legend. In just 30,000 years, he has reached the peak of pseudo-sainthood and initiated the calamity of becoming a saint."

Chapter 1893 False deduction!

Lin Tianhao frowned slightly and asked:

"and then?"

Allens Roman pondered for a moment before saying:

"This killer is known as the Great Emperor Tutian. He often says, 'My fate is in my own hands, not in the hands of God.' He teaches his disciples to obey the rules and become ordinary, while disobeying them will lead to immortality."

"Finally, under the fate of the saint, he could only withstand the first three attacks, and the fourth attack was shattered into ashes."

"Some say it's because of his philosophy that the Heavenly Dao is dissatisfied, and that's why they don't want him to reach the realm of a saint."

Lin Tianhao's mouth twitched. This really proved what was said.

God knows what you did!

Don't always say things like going against the will of heaven and killing the heavens and the earth.

The way of heaven is spiritual and responsive.

Unless you really have the ability to destroy the heavens and destroy the Tao, it is better not to be so arrogant.

Otherwise... you wouldn't even know how you were beaten to death.

"Senior Ambition, tell me, is there anything else you want to deduce? Don't be afraid of anything going wrong, just deduce it freely." Lin Tianhao said to Taoist Master Ambition.

When Allens Roman heard this, his face turned pale.

This really doesn't treat her as a human being.

"Then let's deduce the situation of my master." said the ambitious Taoist priest.

Lin Tianhao nodded and asked Allens Roman to make the deduction.

The ambitious Taoist priest also told Allens Roman some information about his master, asking him to deduce his master's situation.

Allens Roman could not refuse and could only deduce.

But this time.

When she used the Xuanwu Suantian Armor to start deducing, thunderclouds rolled over the desert and thunder rumbled.

"What's going on?!" Lin Tianhao looked up and saw that Taoist Priest Motivated's expression also changed slightly.

"Stop the deduction." Lin Tianhao said.

really.

When Allens Roman paused the deduction, the thunderclouds dissipated, the thunder stopped, and everything returned to calm.

Lin Tianhao and Taoist Ye Xin looked at each other, their eyes revealing deep shock.

"Let me try to deduce it." said the ambitious Taoist priest.

He was a little unwilling.

It is not good news to deduce that his master would actually trigger a heavenly thunder tribulation.

Allens Roman was still a little frightened. She looked at Lin Tianhao, obviously asking for his opinion.

"Deduction." Lin Tianhao said.

Allens Roman sighed and could only deduce.

When Allens Roman was deducing the ambitious Taoist priest, there was no change in the sky.

When the ambitious Taoist saw that there was no change in the sky, his expression became more and more solemn.

It can be deduced that he has not changed, but his master has changed. How can he accept this?

"The deduction is complete."

Allens Roman spoke slowly.

"What have you deduced?" Lin Tianhao asked.

Allens Roman pondered for a moment before saying:

"I saw thunder and fire. I saw him pierce the sky with thunder..."

Lin Tianhao frowned slightly. What's the difference between seeing it and not seeing it?

Thunder, flames, piercing the sky?

Isn't this just a little bit of battle footage?

"Then you can deduce how I died." asked the ambitious Taoist priest.

"Deducing life and death is the most taboo, you still have to be strong." Lin Tianhao said.

Lin Tianhao himself has the Tianji Pavilion, and he can also use the Tianji Pavilion to deduce some things.

But Lin Tianhao has hardly ever used the Tianji Pavilion. The biggest reason is that the Tianji Pavilion would consume Lin Tianhao's own energy or some other costs to deduce everything he wants to know.

The reason why Lin Tianhao hardly used the Tianji Pavilion was because he was unwilling to pay the price.

The consumption is a bit too great.

If he doesn't want to waste his energy, he needs to permanently lower his basic attributes.

And Lin Tianhao has tried to deduce some things.

Naturally, I have also tried to deduce life and death.

He tried to deduce the life and death of himself, Lin Qingqing, Monkey and others.

Although there was no formal deduction, Lin Tianhao was able to sense it just by trying.

If he were to deduce in this way, the cost to him would be enormous.

The ambitious Taoist priest waved his hand and said, "Forget it."

"But Snow Emperor."

"Deducing that my master would attract heavenly thunder, this further confirms that there is something wrong with my master."

"How about letting me try to deduce it?" Lin Tianhao said with a smile.

Taoist Priest Motive shook his head and said, "You don't even need to think about it. It will definitely attract thunder."

"Not necessarily. Didn't we deduce before who would attack me?" Lin Tianhao asked back.

Lin Tianhao really wanted to give it a try.

"Deduction, anyway, it can be ended in time after triggering the thunder."

Ellens Roman nodded, she had accepted her fate.

She knew very well that in this situation, no matter what she said, it would be of no use.

Taoist Priest Ambitious had a serious expression on his face. He really hoped that when he was deducing Lin Tianhao, the sky and the earth would change color.

"The deduction is complete, no problem."

The voice of Alens Roman sounded.

"How can it be!!"

The ambitious Taoist priest said in disbelief: "With the strength of the Snow Queen, it is impossible for her not to react."

"Besides, you, Xue Di, have many treasures on you, so you should also have something to prevent deduction."

"Otherwise, those gods from before would definitely be able to deduce something important."

Lin Tianhao was not surprised by the ambitious Taoist priest's reaction.

His gaze fell on Alans Roman and he asked, "Tell me, what have you deduced from me?"

"The health bar, the health bar that you can't see the end of."

Lin Tianhao looked strange, "And then?"

"There is no more."

Lin Tianhao looked at the Xuanwu Suantian Armor in Allens Roman's hand, and his expression became more and more strange.

"Actually, what Senior Ambition said makes sense. Normally, it's impossible to deduce the information about the Xuanwu Heavenly Armor."

Although Lin Tianhao didn't know why the Xuanwu Suantianjia could deduce him.

However, when he was deducing the master of the ambitious Taoist priest, he actually triggered heavenly thunder.

"Could it be... that this thing is related to your master? We can't use it."

"What it just deduced seems a bit ridiculous no matter how you look at it."

"Can this thing be used to deduce the saints?"

Just now, Allens Roman deduced his three opponents, two of whom were powerful people at the saint level.

There was another one who was at the level of a half-step saint, but he failed when he was trying to pass the tribulation.

Can such an existence really be deduced by this small Xuanwu Suantianjia?

It is said that saints and strong men transcend the Three Realms and are not within the Five Elements.

It's that easy to deduce them.

"It's indeed a little unlikely." The ambitious Taoist said.

Allens Roman hesitated for a moment and said:

"Then what happened just now? Could it be that this Xuanwu Suantian Armor peeked into my memory, and that's why... those three saints appeared?"

"What about the ambitious Taoist priest who made the deduction?" asked Allens Roman.

"Master Ambitious is also a well-known figure in Ragnarok. Many people know his more common methods."

"Besides, this Xuanwu Suantian Armor is not completely useless. The fact that it can peek into your memory shows that it is still somewhat useful."

Chapter 1894 Jin Delan escapes death!

The ambitious Taoist nodded slightly and said:

"Xue Di, what you said makes sense, but is there another possibility..."

"So, is this Xuanwu Suantianjia really that powerful?"

Lin Tianhao frowned slightly and said in a deep voice:

"What you said is not impossible, let's wait and see."

If the things calculated by Xuanwu Suantianjia are true, it will undoubtedly be even more terrifying.

What kind of existence could the ambitious Taoist master be? He could actually trigger heavenly thunder.

"Let's go, wait and see the result."

Lin Tianhao took a step forward and returned to the Shanhai Empire.

He did not return to the mortal palace directly, because there was still a strong force of misfortune on the Xuanwu Tianjia.

No matter what, we need to first absorb most of the power of misfortune on the Xuanwu Suantian Armor.

As Lin Tianhao swallowed it, the misfortune power of the Xuanwu Suantian Armor was rapidly diminishing.

Night falls.

Lin Tianhao was lying on a big tree, looking up at the sky.

Although Ragnarok and reality have now merged, the onslaught of the Alete Galaxy has not yet arrived.

Now they can still barely hold on.

While devouring the Xuanwu Suantian Armor, Lin Tianhao was also reading the Ragnarok forum.

There is more content in the forum now, and everyone is discussing this defense battle.

This has just begun. What will happen next? How many people will die?

Just when Lin Tianhao was thinking this, a message came in the group.

The army of the Alet galaxy launched another attack.

Moreover, this attack was obviously more ferocious than the previous two.

Lin Tianhao frowned slightly. The content that Allens Roman had calculated using the Xuanwu Tianjia before seemed to be the same.

The army of the Aleta galaxy will attack at night, and the attack will be more fierce.

The first calculation made by Xuanwu Tianjia has come true, but what about the rest?

Lin Tianhao, like before, did not act rashly.

There are ten automatically attacking statues, so he doesn't need to take action himself for the time being.

"Is the Huang Chi Tribe's Fifth Legion coming out in full force?"

Lin Tianhao frowned.

There are many live broadcast images transmitted from various positions in the group, and one problem can be seen in these live broadcast images.

Lin Tianhao's eyes narrowed slightly. This scene was becoming more and more like the real thing.

No way.....

Lin Tianhao frowned.

From Lin Tianhao's own heart, he didn't want what Xuanwu had deduced from Tianjia to be true.

Because if what Xuanwu Suantianjia deduced were all false, then he would not feel any burden in his heart when he absorbed Xuanwu Suantianjia to awaken his bloodline.

in contrast.

If what Xuanwu Suan Tianjia deduced was true, it would be a lot of trouble for Lin Tianhao.

Awakening bloodline is a small matter, but the master of an ambitious Taoist priest may become a big trouble.

If it was anyone else, it would be easy for Lin Tianhao to just kill them directly.

But the other party is the master of the ambitious Taoist priest, a hero who once made great contributions and shed blood in the fight against Japan.

If he rashly kills the ambitious Taoist master without sufficient reasons, the impact will be significant.

Especially since the ambitious Taoist master has a special identity, if he is killed, the demon cave will riot, which will also be troublesome.

Lin Tianhao rubbed his head. In the current situation, he could only take one step at a time.

This time.

The army of the Alet Galaxy was attacking in a scattered manner, and he probably didn't seem to have thought about breaking through the defense line.

This style of fighting is more like a war of attrition.

They are intentionally depleting the strength of the major defense lines.

Given the current situation, it is almost certain that the real masters from the Alet Galaxy have not arrived.

Just now.

Xuan Mingyang sent a message in the group.

Xuan Mingyang: "The latest developments: If you support the defense line, you must stay inside and don't act rashly. We suspect they've figured out our tactics the last two times."

"This time they will most likely kill you on your way back to the Mortal Palace."

After seeing the message sent by Xuan Mingyang, Lin Tianhao also felt that this was possible.

Lulindu Fumo, the birdman and the mysterious middle-aged man.

If they were to attack themselves, they would most likely have no chance of winning.

But if they attack other adventurers, there will be few people who can withstand their attack, except for freaks like Fatty and Glasses who have saint souls in their bodies.

Xuan Mingyang's message had just arrived, and he immediately sent out another message.

Xuan Mingyang: "The latest news is that the United States was attacked by the top masters of the Alite Galaxy. Jin Delan was surrounded and killed. He used two resurrection coins to hold on until reinforcements came."

"Just the Nine-turn masters who came to support us, the death toll exceeded one hundred."

Lin Tianhao narrowed his eyes slightly. When he saw this message, he was a little worried.

Jin Delan was considered a pretty awesome adventurer. It would be a pity if he died within two days of the fusion.

"They have already withdrawn and are not lingering on, but with this style of play, it is difficult for us to judge when they will strike."

Shura Yize: "Damn it, we haven't even started a guerrilla war yet, but they're already playing guerrilla warfare with us."

Putuo Tianlong: "Amitabha, the best defense is offense. I think we can also take the initiative to attack."

Xiao Xiaojian: "Alright, alright. Fight our way out of Blue Star and kill all the enemies that come to attack us."

Team Dragon: "We are not very clear about their strength right now. It is not wise to rush into the starry sky."

.....

The group started talking.

Many people feel that we should take the initiative.

Some people also think that we should delay the time. The battle to defend the Galaxy lasted for ten years. If we can delay it, we will have a chance.

"If you delay, you will only be beaten passively. Our Dragon Nation's previous banner is not that anyone who offends our Dragon Nation will be punished no matter how far away they are."

"Do you remember when we went abroad to support other countries?"

"That person once said, we must fight, because only if we win will there be hope for the Dragon Nation."

"Today, the same thing!!"

Lin Tianhao looked at the messages in the group. Jin Delan escaped death this time, but it cost the lives of hundreds of ninth-level professionals. This loss is already huge at this stage.

Xuan Mingyang: "I understand everyone's feelings. This passive defense is a helpless move. Let's wait."

"You've been growing for five years, but it's still too short."

As Xuan Mingyang's voice fell, someone else spoke up:

"But we still have Xuedi!!"

Unpoet: "@Xuedi, big man, please come out and say something. Should we continue to defend or counterattack?!"

Lin Tianhao's mouth twitched and he threw this question to himself.

"Give me some more time. My current strength is still a little short of..."

"Calm down, too. Now, even if I were to step into the starry sky rashly, it would be difficult to escape unscathed."

"When I can escape safely, I will naturally attack them."

Chapter 1895: Only play as a mage and raid the Huangchi tribe army!

Lin Tianhao's answer calmed the excited chat group down a little.

The main reason is that among many adventurers, Lin Tianhao has become an insurmountable mountain.

Lin Tianhao has already said so.

No matter how unwilling they are, there is nothing they can do.

Lin Tianhao knew it clearly in his heart.

If he wanted to take the initiative, he would have to wait until the origin law of space broke through to the Dao realm.

Lin Tianhao now has the ability to resurrect on the spot and is immortal, so he is not worried about being killed.

But if he takes one step forward, those guys from the Alete Galaxy will be sure to tear his body and soul into pieces.

Even if he possesses immortality and the ability to resurrect on the spot, it is almost impossible for him to achieve unlimited resurrection.

The Unpoet: "Alright, since the Snow Emperor says that we are not strong enough, then let's defend."

Lin Tianhao closed the group message and found Jin Delan.

"I heard you were surrounded and attacked. Are there any battle footage?"

Jin Delan didn't waste any time and directly transmitted the battle footage to Lin Tianhao.

After seeing the battle scene, Lin Tianhao was slightly surprised.

Because the two people revealed in the battle scene were Lulindu Fumo and the birdman.

"I know both of them. You are quite powerful to have survived from them," said Lin Tianhao.

"I've died twice, and you're still strong?"

"If it weren't for the hundreds of ninth-level professionals attacking together, I would have been dead."

"Even so, hundreds of ninth-level professionals died."

Jin Delan was somewhat helpless. "Also, according to my estimation, they were probably worried that you would attack, so they didn't fight to the end. Otherwise, our losses would be even greater."

Lin Tianhao asked: "How do you feel about fighting with them?"

"What does it feel like? It's completely different. When they beat me, it's not like a father beating his son, it's like a grandfather beating his grandson."

Lin Tianhao sighed. Jin Delan was also an extremely powerful existence among the adventurers.

But now, facing the real strong men of the Alate Galaxy, he didn't even have the strength to fight back.

No wonder many people said before that they had no chance of winning against the Alate Galaxy.

Fat people and glasses can both be considered variables.

The strength of these two people is actually a bit of cheating.

Because much of their power does not belong to them at all, but to the former saints of heaven.

"After today's game, do you have any thoughts?" Lin Tianhao asked.

"idea?"

Jin Delan hesitated to speak, "Can you really tell me?"

"Speak." Lin Tianhao said.

"As for ideas, I definitely have some. I actually hope that you, Xue Di, can take the initiative to attack. I don't care how many people you kill, but at least you can attract the top experts in the Alete Galaxy."

"Otherwise, if it's me today, it could be someone else tomorrow. When all of us top adventurers are dead, it will be hard for you to hold on."

Hear this.

"I want to, but it's not enough right now."

"Yes, I know."

"Those guys in the Alete Galaxy should be keeping an eye on you. If you take action, you will definitely be besieged."

"I'll take action."

Lin Tianhao replied, ending the conversation.

He comes next.

We really should do something.

There will be a dispute in the group today, and the fundamental reason is the same as what Jin Delan said.

Today is the raid on Jindelan, what about tomorrow? The day after tomorrow?

Most of the adventurers in the group are not as strong as Jin Delan in combat. How long can they last in front of the masters of the Galaxy World?

In other words.

The one who dies tomorrow might be someone else in the group.

This kind of feeling of grief for the other party will make them want to rebel.

The battle ended quickly.

All the defense lines were held and no one line was breached.

But the casualties this time were more serious than ever before.

Almost all of the Huangchi tribe's Fifth Legion came out, including all the generals. The result is naturally predictable.

On the Ragnarok forum, casualties were tallied up one by one.

Lin Tianhao looked at the casualty information, feeling helpless.

The death toll this time has exceeded two million!!

Three attacks, nearly three million adventurers died! !

And their opponent was just a legion of the Huangchi tribe.

Xuan Mingyang: "The casualties this time are quite heavy, but those bastards of the Huang Chi tribe are also not doing well. We have killed more than 5,000 Huang Chi tribe masters above the seventh level."

"and."

"This time, the Huangchi tribe's entire army should be dispatched. If no new troops arrive, we should be able to breathe a sigh of relief."

.....

The galaxy world, deep in the starry sky.

A figure raised his eyes and looked towards where Lan Xing was.

He is Huang Chi Longfu, the commander of the fifth legion of the Huang Chi tribe.

"If we keep fighting like this, our losses will be too great. In the last battle, we almost lost a third of our troops."

Lulindu Fumo chuckled and said:

"In war, sacrifice is inevitable."

"The very existence of your Huang Chi tribe serves this purpose."

Huang Chi Longfu hesitated to speak, and finally just sighed.

"Our Fifth Legion alone isn't enough. How about we wait a little longer?"

"No need to wait."

"Before noon tomorrow, your Huangchi tribe's Seventh and Eighth Legions will arrive."

"The third and sixth legions of the White Maple Clan will also arrive."

"At that time, your five legions will unite and launch a general attack."

"What about Xue Di?" Huang Chi Longfu asked in a deep voice.

"As long as the Snow Emperor is alive, it will be useless even if we kill some adventurers."

Huang Chi Longfu had just finished speaking when a huge magic circle appeared in the sky.

"Forbidden Spell Formation: Burning the Sky and Boiling the Sea!!"

A wizard waved his staff, the sky and the earth changed color, flames rose from the ground, burning 30% of the area where the Fifth Legion of the Huangchi Clan was stationed.

"Forbidden Spell: Dark Sky Soul Eater!!"

The wizard cast two forbidden spells in succession, and a large number of Huangchi soldiers and small leaders were killed.

As the mage made a series of moves, a server-wide announcement resounded over the Blue Star.

"Server-wide announcement: Congratulations to the player who only plays as a mage for successfully killing Huang Chi Zhentu. We are announcing this and hope all players will keep up the good work!"

.....

"Server-wide announcement, congratulations to the player who only played as a mage for successfully killing..."

"All-server announcement..."

.....

Announcements were issued frequently throughout the server, but the Huangchi army did not come to attack.

"not good!!"

After hearing these server-wide announcements, many people realized the problem.

Someone secretly ran out to attack the Huangchi army.

"Only playing mages?"

"This seems to be one of the top magicians in our Dragon Nation. How could he be so impulsive?!"

"I think that's how it should be. Why should we just passively take a beating? We can also take the initiative and let these bastards in the Alet Galaxy know how powerful we are!!"

.....

Many people looked up into the depths of the starry sky, although they could not see the battle scenes.

Chapter 1896 The army arrives again, Snow Queen takes action!

As for the behavior of only playing as a mage, some people think it is too risky and irrational.

Some people also think that it should be so.

"I know her. It seems her husband was killed by the Huang Chi tribe in a previous battle. She... is going to avenge her husband."

"Alas, I have her as my friend, but... her profile picture has turned gray."

"She's a hero. Salute to her. She used her life to tell those bastards in the Arlet Galaxy that we don't just defend, we can also take the initiative to attack."

.....

Only play the mage, die!!

This is not something to be surprised about.

Her sneak attack was successful, but she died.

It is extremely difficult to escape unscathed in the starry sky.

The fact that she was able to successfully launch a sneak attack actually speaks volumes about her strength.

Can.....

Lin Tianhao couldn't comment on anything, he also saw some of the discussions.

My husband, who only played as a mage, died at the hands of the Huangchi army.

She attacked in anger.

This was not a strange thing in the previous life.

Dragon Nation officials released an announcement on Ragnarok.

"Only playing a mage is a hero, but everyone should still remain calm."

"It's not the time to take the initiative yet, really... give us a little more time."

.....

If she only plays the mage and fights a positional battle, she should be able to cause greater casualties to the Alete galaxy.

The mage's proactive attack caused some ripples, but not a big one.

Some people admire her, some feel sorry for her, and some think she was too impulsive and her sacrifice was not worth it.

Lin Tianhao withdrew his thoughts and began to look for what he needed to awaken his bloodline.

Only the real world ones work.

Lin Tianhao basically found everything he could find through the help of Taoist Master Zhixin.

In addition to the treasure worth one thousand extra luck in the hands of the old Eastern Taoist.

Lin Tianhao has basically obtained everything else he could get.

But his current blood awakening level is only 45%.

Xuanwu's ability to calculate the heavenly armor is still under trial.

During this period, Lin Tianhao was not idle either, and asked Allens Roman to continue to deduce various things.

There are two reasons for doing this.

First.

It is to more accurately verify whether the deductive ability of the Xuanwu Suantianjia is true.

the second.

Lin Tianhao wanted to see whether the Xuanwu Suantian Armor would continue to produce the power of misfortune in the hands of Allens Roman.

Under this high-intensity deduction, Xuanwu Suantian did begin to produce the power of doom.

Lin Tianhao can greatly enhance his soul power by absorbing the power of misfortune.

Just this point made Lin Tianhao not want to use the Xuanwu Suantian Armor easily.

The next day, noon.

The sun is shining brightly.

Originally, many adventurers thought that because the Huangchi army suffered heavy losses in the last encounter, coupled with the fact that only mages launched sneak attacks.

In the past two days, those guys in the Alete galaxy are unlikely to take any action.

But the result was contrary to expectations.

Only thirteen hours had passed since the mage died.

The army of the Alate galaxy came again.

This time.

The armies of the Alet Galaxy are even larger in number.

"It seems that the army from the Alete galaxy has arrived one after another. Their numbers this time are quite large."

"Compared to the previous life, their lineup this time is more luxurious."

Although it was more luxurious, it was not as powerful as Lin Tianhao had imagined.

The Huangchi Clan is at the bottom of the list among the many races in the Alite Galaxy.

Lin Tianhao took a step forward. Through the live broadcast, he had already locked onto the area where the Huangchi tribe had the largest number of troops.

With a heart as one with the heaven and earth, and with the realm of fire, wherever Lin Tianhao passed, he instantly harvested the lives of a large number of people from the Huangchi tribe.

at the same time.

Lin Tianhao was also constantly observing the names of the Huangchi tribe's armies in more distant places.

He wanted to record all these names. He couldn't be too radical for the time being, but there was no problem in recording the names.

at the same time.

Lin Tianhao launched the means of enslaving the undead. The Huangchi tribe troops killed by Lin Tianhao were enslaved into undead by Lin Tianhao and driven by Lin Tianhao to counterattack.

"Xuedi, everything was fine up front, how could you come out and break the rules?"

Lin Tianhao had just made a move when a cold voice rang out.

Followed by.

Lulindu Fumo stepped forward and punched Lin Tianhao through the air.

The space in front of Lin Tianhao was frozen layer by layer.

"Boom boom boom——"

The energy fist continued to shatter the space frozen by Lin Tianhao and hit Lin Tianhao.

finally.

After shattering seven frozen space shields in succession, the energy fist finally collapsed.

See this scene.

Lin Tianhao had a faint smile on his face.

"If I don't take action, how can you take action?"

The words fell.

Lin Tianhao's eleven books of life and death locked Lu Lindu Fumo at the same time.

The arrow shot from the heart also locked onto Lulindu Fumo.

Such means.

It is difficult to kill Lulindu Fumo, but it is possible to restrain her.

Lin Tianhao's real killer move is the Heavenly Thunder.

"Want to kill me like you killed that loser Luoman?" Lulindu Luoman sneered.

"You look down on me too much."

"boom--"

Just now.

A figure appeared in an instant, exchanged punches with Lulindu Fumo, and knocked him away.

"Didn't you ask your real body to come over? What? Has your real body already broken through to the divine realm?"

The person who took action was none other than the fat man who was possessed by the great god Pangu.

When Lulindu Fumo saw the great god Pangu, he couldn't help but laugh grimly.

"You really are haunting."

The great god Pangu chuckled and said:

"It's rare to meet someone who can fight me with real fists, so naturally I want to fight for a while longer."

"Poison Vision: Full House!"

Lin Tianhao unfolded the vision of poison, this Lulindu Fumo should not be alone.

Before, Allens Roman was killed by him in a weak way, and Lulindu Fumo was not much stronger than Allens Roman.

It was naturally impossible for her to compete with Lin Tianhao alone.

"trouble."

Lulindu Mansion Demon glanced at Lin Tianhao and said, "You guys deal with the Snow Empress, I'll have some fun with Pangu."

The words fell.

Another person appeared next to Lulindu Fumo.

This person looks exactly like her, but the aura he exudes is as deep as the ocean. Just one glance at him gives people a strong sense of oppression.

"it is good."

The great god Pangu laughed out loud, "Only when your true form appears can I be interested."

Lulindu Mansion Demon snorted coldly, "Pangu, although you are powerful, you are ultimately fighting in the body of an adventurer. How much of your skills can you really use?"

Hearing Lulindu Fumo's words

The great god Pangu wanted to laugh.

If the fat man was just an ordinary adventurer, then he really couldn't show much of his strength.

But are fat people normal?

In the entire Ragnarok, he is the one with the highest basic attributes!!

Chapter 1897 comes true, three top masters arrive!

Even the Snow Empress's basic attributes are inferior to those of the Fatty.

The fat man bound Lin Tianhao, and he could bind ten people!

With the support of Lin Tianhao, each of the ten people bound by the fat man has a very top-notch basic attribute among the adventurers.

The great god Pangu fought against the two Lulindu Fumos.

At this time, Lin Tianhao was also surrounded by three people.

No way! !

Lin Tianhao's face turned pale! !

The aura of these three people was equally strange and powerful.

Allens Roman had previously deduced that there were three people.

coincidence?

Lin Tianhao really couldn't believe it!!

If these three people are really the ones deduced by Xuanwu Suantianjia, then... he must reconsider Xuanwu Suantianjia.

same.

He also had to reconsider his view of the ambitious Taoist master.

Even saints can deduce the Xuanwu Tianjia, but they can't deduce the master of the ambitious Taoist priest. Is this... reasonable?!

Although he had a lot of thoughts in his mind, Lin Tianhao showed no mercy when he took action.

Waves of power of laws rushed towards the three people. This was a test.

at the same time.

The swallowing of heaven and earth also enveloped the three of them.

In addition to being able to devour the power of others, Devouring Heaven and Earth can also judge the opponent's power system through the power it devours.

"Ding, you have swallowed an unknown power. Wood attribute comprehension +5000, Wood attribute resistance +5000, HP +200 million, HP recovery +5000/second, free attribute points +5000."

.....

Lin Tianhao raised his eyebrows slightly. The first person he devoured was of wood attribute.

Subsequently.

Lin Tianhao tried to devour the other two.

Just by relying on devouring, it was difficult for Lin Tianhao to determine whether they were the three people mentioned by Allens Roman.

"Luo Man, please help me observe them and see if they are the three people you mentioned."

Lin Tianhao reminded Allens Roman.

Then he performed the Saint Vision again.

Saint Vision: Nine Heavens Immortal Thunder Lord!!

Saint Vision: Chaos Sky-Opening Hammer!!

Lin Tianhao released two saint visions in succession. These two saint visions can form a combination skill, and with this combination skill, the power is even stronger.

The Immortal Thunder Lord of the Nine Heavens held the Chaos Hammer and brought it down with a fierce blow.

The leader had a serious expression on his face, "No wonder they asked us old guys to come out. This Snow Emperor is really too strong."

The words fell.

An eye opened behind the man in gold.

"First sight: blind sky!"

As the man in gold finished speaking, Lin Tianhao felt his consciousness being compressed at an extremely fast speed.

At last.....

His spiritual experience was compressed to less than a hundred meters.

"This... seems to be the method of the Nine-Eyed Golden Toad. The first eye of the Nine-Eyed Golden Toad is Blind Sky, an extremely domineering power of rules."

"After using Blind Sky, the enemy's consciousness and vision will be greatly affected, making it difficult to exert their true strength."

After hearing what Allens Roman said, Lin Tianhao knew that what Xuanwu Tianjia had deduced was most likely true.

However, Lin Tianhao no longer had time to think about those things.

Another person stepped out.

"Xuedi, you have slaughtered so many people from our Gulimu family. Today, you will finally pay the price for what you have done."

The middle-aged man in a long robe also spoke in a cold voice.

Of the Gu Li Mu family!!

Combined with the results of Allens Roman's previous deduction using the Xuanwu Calculation of the Heavenly Armor, his identity seemed to be revealed.

"Gu Limu Changqing?" Lin Tianhao said lightly.

"You know me?"

"Did that traitor Luo Man tell you?"

"That's not right. She doesn't know I'm coming either."

Now that the identity of the second person has been confirmed, the results of Xuanwu's deduction of Tianjia are no longer questionable.

Then the third young man with ordinary appearance should be the human race who is at the peak of pseudo-sainthood: Emperor Tutian!!

"You were all saints once, but now you come to bully a junior like me. It's not reasonable." Lin Tianhao said lightly.

Hear this.

Gu Limu Changqing snorted coldly, "Xue Di, there's no need for us to waste time talking."

"Since the grudges and grievances cannot be resolved, this battle will be decided by life and death."

Lin Tianhao hesitated to speak, then slowly said:

"it is good."

Lin Tianhao nodded gently, "Then it's as you wish."

The words fell.

Sixteen major realms and sixteen major saints' visions unfolded simultaneously.

"What doesn't kill me makes me stronger."

Lin Tianhao activated the sixteen great visions and began a crazy attack.

Gu Limu Changqing frowned, but was not willing to be outdone.

Behind him, a dry old tree appeared.

This was his vision of the saint.

A dagger appeared behind the Great Emperor Tutian, which was his saintly vision.

None of them thought of letting Lin Tianhao go. This battle was aimed at destroying Lin Tianhao.

"It's not good to bully the minority with the majority."

At this moment.

A figure stepped out.

This person is none other than Glasses.

He exuded an extremely violent aura, and his pressure impacted everything in the world.

"Rahu, your opponent is me."

At this moment.

The birdman took a step forward, and with every step she took, endless feathers appeared between heaven and earth.

These feathers covered the glasses like an overwhelming force, and it seemed that in just a moment, these feathers could shatter the glasses.

The man with glasses narrowed his eyes slightly, and the bloody murderous aura around him was also overwhelming, tearing the feathers apart.

"If this is all you have, then... you might die."

The words fell.

Glasses took a step forward, and countless swords and weapons appeared under his feet. These swords and weapons were like a lotus, strangling the birdman.

the other side.

Lin Tianhao, Gu Limu Changqing, Emperor Tutian and the Nine-eyed Golden Toad have also started fighting.

"Dead trees bloom, life is plundered!!"

Gu Limu Changqing raised his hand and touched the dead tree in front of him. The dead tree grew new leaves, but Lin Tianhao's health bar began to decrease.

It seems... this dead tree is plundering Lin Tianhao's health to absorb nutrients.

Lin Tianhao's eyes narrowed slightly, and a solemn look appeared on his face.

This method is somewhat similar to the lock on the Book of Life and Death.

"The River of Life!!"

Lin Tianhao condensed the vision of life above his head, using the long river of life to block the plunder of the dead tree.

"Xuedi, you are only a mortal after all. Even if you have mastered the Saint Vision, there is still a gap between you and the Saint Vision I can display."

A smug smile appeared on Gu Limu Changqing's face.

"Aren't you just a mortal now?" Lin Tianhao said lightly.

Gu Limu Changqing shook his head and said, "You don't understand, hahahaha!"

The words fell.

Gulimu Changqing began to frantically urge the dead tree.

There are more and more green leaves on the dead tree, and Lin Tianhao's health is constantly decreasing.

-9521 million! !

-9595 million! !

.....

Huge damage numbers appeared above Lin Tianhao's head.

Lin Tianhao chuckled, "I really don't understand, how can such low damage kill me?"

Chapter 1898 Fighting against three powerful men alone!

Looking at the damage numbers that appeared above Lin Tianhao's head.

Gu Limu Changqing's face turned ashen.

He really didn't expect why... why his attack could only cause such little damage to Lin Tianhao.

Is his damage low?

Not at all!!

Even though Lin Tianhao has so many damage-reducing BUFFs, he still loses nearly one trillion health points, which is already very terrifying.

"Second Sight: Gray World!"

The Nine-Eyed Golden Toad used his power again. If he did not take action, Gu Limu Changqing would not be able to withstand the attack of Lin Tianhao's sixteen saints' visions.

Lin Tianhao's pupils suddenly shrank, because after the Nine-Eyed Golden Toad used its second eye, his whole world turned gray.

The characters are gray, the visions are gray, everything in heaven and earth is gray.

at the same time.

The dagger vision of Emperor Tutian was also frantically attacking Lin Tianhao's vision of the sixteen saints.

Lin Tianhao did not give in at all. The repeated collisions of the saints' visions made Lin Tianhao realize a problem.

That is his saintly vision, and its power seems to be not as strong as the saintly visions of the three people in front of him.

Lin Tianhao took a deep breath, and a hint of coldness appeared in his eyes.

What was wrong with his saintly vision?

The level of Tao?

But Lin Tianhao's level of Taoism is not low, and in each stage, he has gone a long way.

But why...

The saintly vision he condensed was not as good as that of the three guys in front of him.

As a result, his sixteen great saint visions could not gain any advantage.

If you ask what is the biggest advantage for Lin Tianhao now.

That would undoubtedly devour the heavens and the earth.

For Lin Tianhao, the longer this battle is delayed, the better.

Because his Heaven-Devouring and Earth-Devouring Power can absorb all kinds of power from these guys.

"This guy is really troublesome."

Gu Limu Changqing frowned slightly, obviously realizing that Lin Tianhao was devouring his power.

"Nine Eyes!!"

Emperor Tutian let out a low roar, and his body turned into a stream of light and rushed towards Lin Tianhao.

"Sixth Eye: Tenfold damage!!"

This time.

The Nine-Eyed Golden Toad didn't use its third eye as planned, but directly used its sixth eye!!

Just by hearing the name and considering the behavior of Emperor Tutian, Lin Tianhao guessed something.

Although Emperor Tutian had the lowest realm among the three, according to Alans Roman, Emperor Tutian died before he could become a saint.

But Emperor Tutian is the only killer among the three! !

The killer is responsible for killing.

But Lin Tianhao also wanted to see how powerful the killing methods of Emperor Tutian were.

Close combat?

Is he afraid?

"Heavenly Divine Thunder!!"

Lin Tianhao used the Heavenly Thunder on Emperor Tutian without hesitation.

Then he took out the carving knife and let the golden light of merit protect himself.

He just needs one chance!!

As long as he could strike the Great Emperor Tutian with his carving knife, and then with the help of the power of the Heavenly Thunder, he would be sure to kill the Great Emperor Tutian.

Not everyone can withstand the damage that Lin Tianhao is inflicting now.

"You are not the only one who has the power of merit." Emperor Tutian snorted coldly, and the power of merit was also shrouded in the vision of his dagger.

Lin Tianhao frowned slightly, but before he could react, Emperor Tutian had disappeared.

"Invincible Field, Open!!"

Lin Tianhao deployed the invincible domain without hesitation, even though it was not enough for a strong man at the level of Emperor Tutian.

The next moment.

Emperor Tutian appeared again, and his dagger appeared on Lin Tianhao's neck.

"Absolutely slow!!"

Lin Tianhao has already grasped absolute slowness in his hands.

This time.

Lin Tianhao did not dodge and attacked with the carving knife in his hand instantly.

He bet that the damage from Emperor Tutian could not kill him instantly.

and.

The worst result is that even if the damage of Emperor Tutian is really outrageous, Lin Tianhao's Tianfa equipment still has lethal defense.

therefore.

anyway.

Lin Tianhao is not afraid because he has a way out.

not to mention.

With the carving knife in his hand, as long as he can attack Emperor Tutian, he will be able to recover his health quickly.

"Puff puff puff——"

Lin Tianhao's carving knife turned into an afterimage in his hand, and it was even difficult to see Lin Tianhao's movements clearly.

Emperor Tutian's body instantly dispersed, turned into smoke, and then disappeared.

The reaction of Emperor Tu Tian was quite quick.

But the problem is...

He had been hit by Lin Tianhao's carving knife.

"Since you're here, don't leave!!"

Lin Tianhao used the power of the origin of space to tear through the void and arrived in an instant.

"Absolute stand!!"

Lin Tianhao took an absolute stance and rushed towards Emperor Tutian again.

Emperor Tutian frowned slightly, the rolling thunder in the sky made him feel oppressed.

"No wonder Luo Man fell into your hands. There are some tricks."

"Nine flowers bloom, and life lasts for ten thousand years!"

Gu Limu Changqing spoke softly, and a blue and white flower bloomed above the head of Emperor Tutian.

Emperor Tutian's health bar recovered at a speed visible to the naked eye.

"Nine eyes."

Gu Limu Changqing shouted in a low voice.

Hear this.

The Nine-Eyed Golden Toad could not help but curse:

"This Snow Emperor is not that easy to kill. Don't call me. If I could open all nine eyes now, would I still need you?"

"Stop talking nonsense! We have no choice. Do you still want to go back?!"

Gu Limu Changqing scolded angrily.

The words fell.

Gu Limu Changqing slapped his chest, and a mouthful of blood spurted out of his mouth, sprinkling on his dead tree vision.

Above the vision of the dead tree.

"Withered trees become a forest, and all paths remain!!"

The words fell.

Lin Tianhao's face darkened because saplings grew on each of his saint visions.

Even above the strange phenomenon of fire, the Yin-Yang Burning Heaven Furnace, saplings grew.

"Could it be that his is a vision of a Heavenly Saint?"

Lin Tianhao secretly guessed, but he felt that something was not right.

If Gu Limu Changqing and the others had the vision of you being at the level of a Heavenly Saint, then it would be much easier to deal with him.

But now.

Lin Tianhao could feel the power of their saintly visions, but it was not as powerful as he had imagined.

Could it be that the power of the Nine-Eyed Golden Toad's rules can weaken my saintly vision?

Just as Lin Tianhao was thinking this, thunder continued to fall from the sky.

The health bar of Emperor Tutian was constantly being suppressed.

But every time the blood bar of Emperor Tutian was suppressed, a flower would bloom above his head.

then.....

His health bar will recover at a speed visible to the naked eye.

See this scene.

Lin Tianhao knew that it was unlikely to kill Emperor Tutian.

But it is absolutely impossible for Lin Tianhao to be so presumptuous.

"Whoosh-"

Lin Tianhao's body turned into a stream of light and rushed in front of Emperor Tutian.

Before Lin Tianhao could attack, vines came towards him one after another.

Lin Tianhao kept waving the carving knife in his hand, and soon tore all the vines into pieces.

"Seventh Eye: Dislocated Space!!"

Chapter 1899 Threaten me? Then kill as much as you want!

Translucent threads appeared in the sky, which seemed to cut the space. The originally whole space was cut into countless pieces.

Lin Tianhao took a step forward and tried to attack Emperor Tutian again.

But just as he took a step, he appeared a hundred meters away.

"Dislocated space?"

Lin Tianhao launched the Heaven-Devouring and Earth-Devouring Technique, devouring it with all his might.

"Ding, you are absorbing special power, spatial origin comprehension +1000, spatial origin resistance +1000..."

.....

Lin Tianhao now realized that these three people were not simple people. His Heavenly Thunder had already been used, and it would be very difficult to kill them next.

That being the case.

All he could do was to delay these people as much as possible and then devour as many as possible.

"not good."

suddenly.

Lin Tianhao's face darkened because someone had taken action in the Heart Demon Ancient City.

Their purpose this time seemed to be to destroy his ten statues in the Ancient City of the Heart Demon.

I want to hold them back, and they do the same.

"Did you sense it?"

Gu Limu Changqing said calmly, "Xue Di, you are very powerful. It is indeed not easy for us to kill you."

"But what about the other adventurers? Not all of them are as powerful as you."

Lin Tianhao used the power of the origin of space to forcibly break open the dislocated space.

"You go."

Seeing Lin Tianhao trying to support the Heart Demon Ancient City, Emperor Tutian couldn't help but sneer.

He ignored Lin Tianhao and rushed directly towards the defense line not far away.

The dagger behind him suddenly slashed down, the blade light raged across the sky and earth, and the energy shield of the defense line was instantly shattered.

The sword's power remained undiminished as it slashed towards the adventurer inside the defense line.

"You're looking for death!!"

Want to use adventurers to hold him back!

"It will do you no good to anger me!!"

Demonic patterns appeared on Lin Tianhao's body, and his evil sword form was activated! !

at the same time.

The power of virtue envelopes the entire body!!

"If you want to play like this, you must die here."

Lin Tianhao rushed forward again with a carving knife in hand.

The dislocated space wanted to dislocate Lin Tianhao back, but Lin Tianhao had the Starry Sky Step. No matter how dislocated he was, Lin Tianhao could appear around Tu Tian in the next moment.

The carving knife swung out countless sword auras, which tore through the void and also tore through the threads of the dislocated space.

"Give me some more!!"

Lin Tianhao added all his free attribute points.

Lin Tianhao, whose attack speed had already reached 2,000 after using it, now increased his attack speed regardless of the cost, and his attack speed directly exceeded 3,000!

Three thousand cuts in one second, or the sword energy cut out by using a carving knife in the evil sword form.

Coupled with the crazy attacks of Lin Tianhao's sixteen saints' visions at all costs, Emperor Tutian immediately broke out in cold sweat.

"What a lunatic!!"

Emperor Tutian couldn't help but curse angrily. He himself was a madman, but he didn't expect that he would meet someone crazier than him.

"You like playing like this, right? Then go a little crazier!!"

Lin Tianhao waved his hand and summoned Alans Roman!!

"kill!!!"

Subsequently.

Lin Tianhao summoned the Lord of Jiuyou, Heitian Aozhen and others.

"Come on, come on everyone!!"

"Bullying the minority with numbers?!"

"Do you really think I have no one?"

Lin Tianhao continued to attack Emperor Tutian like crazy.

Emperor Tutian was forced to retreat continuously by Lin Tianhao. In such a high-intensity battle, he actually felt that he was a little overwhelmed.

"withdraw!!"

Emperor Tutian was hit by the sword energy, and his health bar dropped by a quarter.

With this level of damage, he only needed three more blows to die on the spot.

"withdraw!!"

"Then you should retreat!!"

Lin Tianhao's arrows were shot from his heart and no longer locked onto the people in front of him, but onto the Huangchi tribe army nearby that was attacking the defense line.

Passive effects such as lightning jumps and skyfire meteors were constantly triggered. Wherever Lin Tianhao's feather arrows passed, the Huangchi army was ruthlessly harvested by Lin Tianhao like harvesting wheat.

"Who wouldn't do this?"

Lin Tianhao laughed wildly and his attacks became more and more ferocious.

Emperor Tutian felt his scalp tingling. He was surrounded by dense sword lights. If he was not careful, he might die.

"Snow Emperor!!"

At this moment.

The middle-aged man standing in the void said calmly, "Let's retreat. If no one takes action, let these little guys fight. How about that?"

"No way."

Lin Tianhao spoke indifferently.

The middle-aged man was neither happy nor sad. He took a step forward, appeared above a territory, and then slapped it down with one palm.

The next moment.

The entire territory was actually taken down.

A huge palm appeared in the territory.

All living creatures in the territory were destroyed by this palm.

"now what?"

The middle-aged man looked at Lin Tianhao indifferently. While speaking, he took another step forward and arrived above the second territory.

After seeing what the middle-aged man had done, the adventurers in the territory all showed horror on their faces.

"Run, run quickly!!"

These adventurers' faces were filled with fear as they fled frantically.

"Hahaha, you're forcing me by killing me, right?!"

"Well, let's see who kills faster."

Lin Tianhao showed no fear, nor compromise, his eyes only filled with the desire to kill! !

"Sixteen major realms, open them for me!!"

"My heart is as strong as the heaven and earth, open it for me!!"

Lin Tianhao's territory began to expand wildly, and in a blink of an eye it covered an area of a thousand miles.

"Come on, kill, let's slaughter as much as we want!!"

With Lin Tianhao as the center, the Huangchi tribe's army within a thousand miles was all strangled by the sixteen major realms.

Countless system prompts sounded, and server-wide announcements resounded throughout the world.

Lin Tianhao also didn't have time to touch the corpse. These guys, only those who were lucky enough could touch the corpse.

With the activation of the Starry Sky Step, Lin Tianhao traveled thousands of miles in an instant, and a large number of corpses of the Huangchi tribe army fell from the sky like beans being scattered.

"Damn it, damn it, damn it!!"

The middle-aged man had a ferocious look on his face. When he saw Lin Tianhao's sixteen realms covering a thousand miles, he realized that something was wrong.

Under the effect of killing, the demonic energy on Lin Tianhao became more and more intense.

at this time.

Lin Tianhao's eyes had turned blood red, making people shudder.

The middle-aged man took a step forward and chased after Lin Tianhao.

"Kill me!!"

"Kill to stop killing. If he can kill, we can kill too!!"

Emperor Tutian, Gu Limu Changqing and others looked at each other in surprise.

There are also masters in front of them. The Lord of Jiuyou, Heitian Aozhen and others are not ordinary people.

It is not easy for them to deal with the Lord of Nine Netherworld and his men in a short time.

Especially with the presence of Alens Roman, who controls the fundamental laws of space, it becomes even more difficult for them to break through and kill the attacking adventurers.

"Xuedi, do you really want to fight to the death?!"

The middle-aged man chased Lin Tianhao frantically, and lines of rule power descended from the sky and enveloped Lin Tianhao.

Chapter 1900 Time Stop: Kill the Furnace King!

Lin Tianhao smiled contemptuously, wanting to use the power of rules to stop his Starry Sky Step?

If it were normal times, it might succeed.

But now, no!!

Lin Tianhao hates being threatened!

Especially since... the people threatening him are those bastards from the Alet Galaxy!!

"You shouldn't have threatened me!!"

Lin Tianhao poured the power of merit into the carving knife and slashed several times with the golden light of merit.

With the might of the carving knife and the power of virtue, he forcibly broke through the middle-aged man's power of rules, then used the Starry Sky Step to soar away! !

When the middle-aged man saw this scene, his face became extremely gloomy.

Under Lin Tianhao's sixteen realms, even a general at the Nine-Revolution Star-Shining level could not hold on for more than a few seconds.

A Nine-Turn Grandmaster could hold on for twenty to thirty seconds, but he couldn't withstand the feather arrows that Lin Tianhao used to lock his head.

The Ninth Revolution King level was already able to slightly resist the feather arrows of Lin Tianhao's Heavenly Punishment Lock.

But once the Saint Lin Tianhao's vision appeared, not to mention the Nine-Turn King level, even the Nine-Turn Emperor level, or even the Emperor level, would find it difficult to withstand it.

This is a massacre!!

One-sided massacre!!

"Eye of the Galaxy!!"

The middle-aged man looked extremely ugly as he watched Lin Tianhao continue to chase him like this.

Lin Tianhao's sixteen realms covering an area of a thousand miles are really too abnormal, so abnormal that they are outrageous.

Being able to cover a realm of thousands of miles under the power of a god is a fantasy in itself.

But how would he know?

This is not Lin Tianhao's limit at all. If Lin Tianhao is willing, he can continue to expand the realm.

but.

There is no need for that now.

Lin Tianhao achieved his purpose of playing.

Above the sky, an eye opened.

The next moment.

A galaxy fell from the sky.

Lin Tianhao's eyes narrowed slightly, and he tried to use the same method as before, using the power of the carving knife and the strength of merit to destroy the Eye of the Galaxy.

But when he swung the carving knife, it only slowed down the falling speed of the galaxy a little.

"Space Lotus!!"

Lin Tianhao crashed into it with the space lotus.

The power of the space lotus, which contains the original power of space, should not be underestimated.

When the middle-aged man saw this, his pupils turned grayish-white, and the space around him seemed to be frozen at this moment, and the sky and the earth became dim.

Lin Tianhao clenched his fists, "Is this how you play it?!"

"Hahaha, good, very good, very good!!"

Lin Tianhao was already in a demonic state, and now he generated a large amount of demonic energy because of the large-scale slaughter of the Alet galaxy army.

Now he makes a decision without any hesitation!!

"You are their leader, right? So... are you ready to die?!"

Lin Tianhao looked ferocious and insane, like a peerless demon that had broken free from the shackles in the depths of hell.

When the middle-aged man saw Lin Tianhao like this, he couldn't help but be stunned.

But before he could react, Lin Tianhao had already moved.

Time stopped!!

Using time pause to pause an unfathomable strong man cannot be underestimated in terms of the consumption on Lin Tianhao.

For an instant.

Lin Tianhao's mana was drained.

The health bar also dropped sharply at this moment.

But Lin Tianhao didn't care at all. He teleported to the middle-aged man's side and activated the "Three Thousand Knife-a-Second" mode!

With Lin Tianhao's current damage, even if a Heavenly Dao Saint came, he would not be able to withstand Lin Tianhao's damage of three thousand cuts per second.

"Ding, congratulations, you've successfully killed Xiumoxu Furnace King. Rewards: +1 Imperial Class Suit, +5 Class Skill Books, +1 Class Divine Power, and +1000 million Free Attribute Points."

"Ding, congratulations, you've successfully killed Xiumoxu Furnace King. A server-wide announcement will be made soon. Do you want to hide your name?"

.....

Lin Tianhao ignored it and used the List of Gods the moment he killed Xiu Moxu Lu Wang.

This time.

The Investiture of the Gods didn't even react at all; it was successfully included!!

It didn't take Lin Tianhao even half a second to kill Xiu Moxu Lu Wang, so when he put him into the List of Gods, the other party didn't resist at all.

And when the one second of time pause ended, the List of Gods began to tremble violently.

A terrifying force of rules surged out, as if trying to tear Lin Tianhao's List of Gods into pieces.

Lin Tianhao frowned slightly, and he also released the power of laws to protect the List of Gods.

The shock did not last long and everything returned to calm.

at the same time.

The server-wide announcement of Lin Tianhao's killing of Xiu Moxu Lu Wang was also heard in the sky.

"Server-wide announcement: Congratulations to player Xue Di for successfully killing Xiu Mo Xu, the Furnace King. We are announcing this and hope all adventurers will keep up the good work!"

.....

Gu Limu Changqing and Tutian Emperor, who were fighting with the Lord of Jiuyou and his men, showed an expression of disbelief on their faces.

"run!!"

Almost in an instant,

Gu Limu Changqing and Emperor Tutian began to flee.

"Isn't it too late to run away now?!"

Lin Tianhao's cold voice sounded.

Subsequently.

They saw Lin Tianhao cutting off their retreat.

And there were a few other people around Lin Tianhao.

They are the Canghai Divine Monk, the Shapai Poison Emperor, the Qingya Ghost Demon and others!

These people did not cause much reaction from Gu Limu Changqing and Tu Tiandi.

But until they saw Xiumoxu Luwang walking out from behind, Gulimu Changqing and Tutian Emperor's faces finally darkened.

"Do it!!"

This time, Lin Tianhao mobilized all the masters he could use.

Nowadays.

All these masters of the Alet Galaxy must die here! !

The List of Gods can help him snowball his success, and now is a perfect opportunity, so he naturally cannot let these people leave.

"World-destroying Shura: Slaughter the Heavens!!"

The dagger vision of Emperor Tutian actually pierced directly into his heart.

although.

The dagger vision seemed to have life and began to quickly absorb the blood of Emperor Tu Tian.

"If you don't fight now, you will surely die!!"

Gu Limu Changqing roared, stretched his right hand behind him, and then a long whip made of dead wood was pulled out from his spine.

The bloody dead wood whip exuded a strange aura, giving everyone present a strong sense of oppression.

"Hahaha, good, very good. It's fun only when you try your best."

Lin Tianhao laughed wildly. At this moment, he seemed to have been completely possessed by the devil, and his words were filled with bloodthirsty and violent aura.

"kill!!!"

Lin Tianhao no longer had any extra thoughts. In his heart, there was only the purest murderous intent.

Xiumoxu Luwang sighed helplessly and followed Lin Tianhao to kill.

The war is about to start.

The Nine-Eyed Golden Toad clenched his fists, and no one knew what method he used, but his skin began to crack.

"Ninth Eye: Sacrifice Life!!"

After uttering the last two words, the Nine-Eyed Golden Toad shattered instantly, and only a soul escaped at a high speed.

However, this soul was intercepted by the Lord of the Nine Netherworlds, preventing it from escaping.
