

O games 1901

Chapter 1901 The power of sacrifice, the mysterious man!

at the same time.

The moment the Nine-Eyed Golden Toad uttered the word "Sacrifice your life", Lin Tianhao felt his heart beat wildly.

The blood pressure also began to rise rapidly during this process. Lin Tianhao felt that his body had become an engine running at super high speed, which could exceed the limit that the body could bear and collapse at any time.

"It's really... troublesome!!"

Lin Tianhao took a step forward and fell into the deep sea of Blue Star.

In the ocean, Lin Tianhao's lost health can be quickly restored.

"The River of Life!!"

Lin Tianhao activated the river of life to protect himself.

"Awesome, hahahaha, so awesome!!"

Lin Tianhao was in great pain at this time, but his face was full of a crazy smile.

Deep under the sea.

Lin Tianhao's demonic energy spread out uncontrollably, and the area within a hundred miles instantly turned into a demonic domain.

After absorbing the evil spirit, the sea beasts became bloodthirsty and violent.

They began to attack nearby creatures frantically. Sea beasts continued to die and their blood dyed the ocean red.

"Swallow the sky and the earth!!"

Lin Tianhao roared angrily, swallowing the sky and the earth, madly devouring the evil energy around him.

The number of troops from the Alethe galaxy that he had just killed was too great.

The demonic energy generated by this almost made even Lin Tianhao, who already had a high resistance to demonic energy, completely possessed by the devil.

"Ding, congratulations, you've successfully killed the Nine-Eyed Golden Toad. Rewards: +1 King-level suit for this class, +2 magical powers for this class, +3 skill books for this class, and +100 million free attribute points."

"Ding, congratulations, you've successfully killed the Nine-Eyed Golden Toad. A server-wide announcement will be made soon. Do you want to hide your name?"

.....

Lin Tianhao ignored it and continued to use all his strength to activate the Heaven-Devouring and Earth-Devouring Skill to devour the evil energy produced by killing at the fastest speed.

"Sword form, open!!"

Lin Tianhao changed the evil sword form into the immortal sword form to give himself some experience.

The last ninth eye of the Nine-Eyed Golden Toad was quite lethal to him.

Even now, Lin Tianhao's heartbeat rate is still rising.

That is, in the ocean. If it were somewhere else, Lin Tianhao would probably not be able to hold on.

But this also prevented Lin Tianhao from leaving the ocean temporarily.

The restriction of this rule power made Lin Tianhao feel a little powerless.

"Ding, congratulations, you successfully killed the Tutian Emperor..."

.....

"Ding, congratulations, you successfully killed Gu Limu Changqing..."

.....

Those who were fighting with those people were all on Lin Tianhao's List of Gods.

The enemy units killed by people on the List of Gods can naturally be counted as killed by Lin Tianhao.

Lin Tianhao frowned. Although Gu Limu Changqing and Tu Tiandi were killed, they were probably not really dead.

Because they have resurrection coins on them, it is very difficult to kill them completely.

Lin Tianhao's heartbeat rate continued to rise. If he left the ocean at this time, his health would decrease at an alarming rate.

Lin Tianhao bathed in the ocean, with the river of life swirling around him, which was able to stabilize the side effects of his accelerated heartbeat.

Just when Lin Tianhao was thinking about how to get Gu Limu Changqing, Nine-eyed Golden Toad and others onto the List of Gods.

above the sky.

Dark clouds gathered, and a tall and majestic figure walked out from the clouds.

Lin Tianhao's eyes narrowed slightly. Another master has arrived.

Nine steel spikes flew out of the phantom's hand. These nine steel spikes cut through the sky and came close to Lin Tianhao in an instant.

"Space Lotus!!"

A huge lotus containing the original power of space bloomed above Lin Tianhao's head, blocking the falling of nine steel cones.

The shadowy figure did not use any other means, but walked towards him slowly and steadily.

Lin Tianhao's face darkened slightly, and he released the Heaven-Swallowing and Earth-Devouring Power, trying to devour the nine steel spikes.

However, when the Heaven-Swallowing and Earth-Devouring Sword landed on these steel spikes, there was no reaction at all.

Before Lin Tianhao could react, he felt his body sink, and cracks appeared on the space lotus.

"Reincarnation Reflects the Six Paths!!"

Lin Tianhao attacked again, "Nine Souls and Nine Spirits Suppress the Nine Provinces!!"

Lin Tianhao's saintly vision kept on attacking, but he found that the circle formed by the nine steel cones seemed to be a cage of heaven and earth, and he could not release his power at all.

Lin Tianhao's face turned pale, and he immediately ordered his masters to be called back.

The person in front of me is too strong!!

It's hard for him to be an opponent alone.

Heitian Aozhen, the Lord of Jiuyou, Qingya Guisha and others came one after another.

The mysterious man who made the move did not attack, but simply stepped into the cage of heaven and earth formed by nine steel cones.

He took out an ancient stone tablet and slammed it on the ground.

The next moment.

Lin Tianhao's saintly vision disappeared, and the mysterious man was there, looking at Lin Tianhao with a smile.

"Divine Talisman Building!!"

The Green-Tooth Ghost Demon took the lead. He summoned the magic talisman in his hand and swept towards the cage of heaven and earth constructed by nine steel spikes.

However, when the Divine Talisman Tower hit the cage of heaven and earth, it made a slight "buzzing" sound and was bounced away.

Heitian Aozhen, the Lord of Jiuyou, Xiumoxu Luwang and others took action one after another.

But none of them could break the cage of heaven and earth constructed by nine steel cones.

"No way."

Lin Tianhao is very familiar with the situation inside the Heaven and Earth Prison.

The Evil Emperor's special skill is his injustice.

However, the Evil Emperor's ruthlessness has no effect on the original laws.

The lawlessness unleashed by this mysterious man made it impossible for him to even use the power of the original law.

Under the influence of the power of Wudao, his heartbeat rate also returned to normal.

"You are not a mortal?" Lin Tianhao looked at the mysterious man coldly.

"The real body is not, but this is just a projection, so it can be considered a mortal."

After hearing Lin Tianhao's words, the mysterious man finally spoke.

"You have no murderous intention, you just want to trap me?" Lin Tianhao asked again.

"No." The mysterious man shook his head.

"I'm here to take you away." said the mysterious man.

"Leave? Not now." Lin Tianhao said.

"Do you think you have a choice?"

The mysterious man took a step forward, and the cage of heaven and earth actually took Lin Tianhao and him with it and flew into the air.

Lin Tianhao was shocked. In the Galaxy World, he could still fight a few.

If he left this world, he would really be a fish on the chopping board, at the mercy of others.

"Whoosh-"

Lin Tianhao arrived in an instant, holding a carving knife.

Although he cannot use the power of Tao, Lin Tianhao's own basic attributes can also be used for fun.

however.

Lin Tianhao thrust his carving knife out and couldn't retract it.

The mysterious man held the carving knife between two fingers, and no matter how hard he tried, he could not pull the carving knife back.

The mysterious man flicked Lin Tianhao's wrist, causing him severe pain. However, Lin Tianhao did not let go of the carving knife. Instead, he endured the pain in his wrist, clenched his left fist, and hit the mysterious man's abdomen.

Chapter 1902 The battle above the source god!

Before Lin Tianhao's fist arrived, the mysterious man threw a steel needle into the back of his shoulder.

In a flash.

Lin Tianhao felt as if his entire arm had been anesthetized and he could not move.

Subsequently.

The mysterious man threw out several more steel needles, which pierced Lin Tianhao's right shoulder and legs respectively.

In an instant.

Lin Tianhao felt that his limbs could not move and he had lost the strength to resist.

The mysterious man exerted force with two fingers and took the carving knife away.

"Master Qingtianyuan, you don't care about this?!"

Lin Tianhao roared angrily.

This guy is obviously not a mortal being.

He was breaking the rules by taking action.

"I didn't even notice you."

The next moment.

The voice of the Blue Sky Source Master rang out in the void.

"To have hidden it from my divine sense and sneaked into the Snow Empress's presence is truly remarkable."

The mysterious man saw the Blue Sky Source Master and spoke calmly:

"The existence of Xue Di is ultimately a variable for you. It's not a bad thing for you if I take him away."

The Azure Sky Origin Master shook his head. "No matter what, the matter of the Galaxy World has already been negotiated. If you have any objections, you shouldn't come here."

"It's troublesome to find those old guys." The mysterious man shook his head.

"How about this, let's have a fight. You call the one from the Alate Galaxy and the one from the Galaxy World together. If you win, I'll take Xue Di away."

"You want a one-on-three fight?" The Source Master of Qingtian stared at the mysterious man, as if he wanted to see some different information from the mysterious man's eyes.

"If you want to fight, then fight. I'm not coming."

At this moment.

A calm voice sounded.

Lin Tianhao had heard this voice before. It was the voice of the incarnation of the God of the Source of Tao when he was in the God-killing Academy.

"You know his identity? Don't you care about it?" said the Lord of Qingtian Source.

"He's not touching your rebuilt body, why bother to meddle in his business?" Another voice sounded.

The Azure Sky Origin Master frowned and said, "You actually hope that the Snow Queen can leave. This way, the price you pay to take over the Galaxy World will be much lower."

Hearing what the Lord of the Source of the Blue Sky said, Lin Tianhao could guess that the person speaking behind the Source of the Tao should be the one from the Alate Galaxy.

Unexpectedly, he came too.

I just don't know whether he came as a clone or his real body.

"This fight is interesting only when the Snow Empress is here. If the Snow Empress leaves, then this fight will be boring." said the Lord of Qingtianyuan.

What's the highlight?

Do you really think this is a place to watch a show?

Lin Tianhao felt bitter in his heart. After all, he was still too weak.

Facing these truly powerful men, he was still powerless to resist.

"Whether to take Xue Di with you or not seems to be up to me."

The mysterious man spoke lightly.

"If you don't want to, my real body is outside the galaxy. Welcome to fight."

The Source of Qingtian did not respond, and her eyes looked at the mysterious man more and more deeply.

"Although I won't fight, I still have to say that you can't bear the consequences of taking Xue Di away."
The voice of the God of the Source of Tao sounded.

"That's it, let's go."

"I'm leaving too, you guys have fun."

The voice of the person from the Alet Galaxy also sounded.

now.

Only the Lord of Qingtianyuan is left here.

Lin Tianhao frowned. The God of the Source of Dao from the Alate Galaxy was there.

But none of them took action just because their own masters got into trouble.

They are all watching the show!

"Can you tell me why you want to take Xue Di away?" asked the Lord of Qingtian Source.

"No matter why, someone of his level shouldn't interfere in the affairs of the Galaxy World."

"This is the rule we agreed upon. If he comes in and takes people away like this, he's slapping the face of our Thunder Punishment Temple."

Another voice sounded, and then a general wearing purple armor and holding a golden sword appeared not far away.

Lin Tianhao didn't expect that this place would be so lively.

The Temple of Thunder Punishment is here, but what about the Starry Sky Administration?

After all, the battle between the Galaxy World and the Alite Galaxy was jointly decided by these two organizations.

"You shouldn't have intervened."

At this moment, another voice sounded.

She was a woman of extraordinary beauty. When she stood there, people dared not look directly at her. It seemed that just looking at her would be a blasphemy to her.

Seeing this woman, the mysterious man, who had always been calm, finally showed some ripples on his face.

"You want to stop me too?"

The mysterious man didn't say any unnecessary words and just spoke lightly.

"My real body has also gone beyond the Milky Way. If you want to fight, then let's fight." The peerless man's tone was also calm, but the oppressive feeling emanating from his body was suffocating.

The battle that broke out between strong men of their level was so casual.

If they really disagree, they will fight.

"Then let's fight. After all, the Alite Galaxy has stationed so many troops at the border of the Milky Way. If they are all killed by accident, it will end this dispute early."

As soon as the mysterious man finished speaking, he sat down cross-legged.

"what ever!"

The stunningly beautiful woman didn't care at all.

Lin Tianhao frowned, "Can you tell me why you must take me away now?"

"I don't sense any murderous intent from you. You must have other motives in seeking me out."

The mysterious man hesitated for a moment before saying:

"I was asked to do this. Someone doesn't want you to get involved in this dispute."

"Who? The Lord of Luotian?" Lin Tianhao asked in surprise.

"No."

The mysterious man shook his head and looked up at the sky.

"here we go."

As soon as the mysterious man finished speaking, Lin Tianhao felt as if this world was forbidden.

Lin Tianhao looked around. Heitian Aozhen, the Lord of the Nine Netherworlds, Xiumoxu·Furnace King...

All the people around, all the grass and trees, seemed to have been paused.

"Time stopped?" Lin Tianhao looked at the man next to him in disbelief.

The man shook his head and said:

"It doesn't count."

"This is a normal manifestation of the battle affecting the River of Time. In order to prevent the normal timeline of nearby worlds from being affected by this level of battle, the River of Time will temporarily freeze the time of nearby worlds."

"Once the battle is over, it will recover naturally."

Lin Tianhao: ???

"Is this the battle to reach the first level of Source God?"

Hear the words.

The mysterious man shook his head and said:

"No, it's still difficult for ordinary Source Gods to achieve this."

The words fell.

The mysterious man sighed, "It seems that I can't take you away."

"You lost?" Lin Tianhao asked.

"It's over so quickly?"

"After three thousand years of fighting, it's all right." said the mysterious man.

Lin Tianhao: ???

"You will know it later, from the past, to the future, and then back to the present."

"When a battle spills over into the long river of time, it's possible that it will appear in other timelines, which will naturally be different from your own."

Lin Tianhao was shocked.

He originally thought that his return to ten years ago might be fake.

But today's battle made Lin Tianhao feel that it was not impossible for him to return to ten years ago.

"Since we're going to fight anyway, I'll just be a good person to the end. When the starry sky is torn apart, I'll use your Heavenly Dao-level Talent Awakening Stone!"

Chapter 1903: Disaster, purgatory, and the animal realm!

Hear this.

Lin Tianhao was overjoyed!

What does it mean?

Is the other party planning to create an opportunity for himself to use the Heavenly Dao Level Talent Awakening Stone?

"Thank you, senior," said Lin Tianhao.

The mysterious man raised his hand and waved, and the steel needles on Lin Tianhao's body disappeared, and the nine steel spikes that blocked the sky and the earth were also taken away by him.

at this time.

Heitian Aozhen and others, who had just recovered from the time freeze, attacked again.

"No!!"

Lin Tianhao stopped him immediately. The mysterious man was his favorite now, and he would not allow anyone to attack him at this time.

Hei Tian Aozhen and others didn't know what was going on, but they still carried out Lin Tianhao's orders unconditionally.

"How dare you do this!!"

At this moment.

An extremely angry voice sounded.

It seems to be the voice of the person from the Arlate Galaxy.

Look.

He was very dissatisfied with what the mysterious man was going to do.

"Are you just not going to do anything about it?!"

The man from the Alete Galaxy was a little furious, but it seemed that he was not willing to fight with the mysterious man. He was just furious and helpless.

The mysterious man smiled and said, "Just yelling won't do it. If you're dissatisfied, you can come down on me yourself."

Lin Tianhao's mouth twitched. This mysterious man was really domineering.

"Speaking of which, senior, what realm is above the Source God?" Lin Tianhao asked.

The mysterious man smiled and said:

"Don't you know, Source Master?"

Lin Tianhao was slightly startled. "Is the Azure Sky Source Master much more powerful than the Source God of Dao?"

The higher the realm, the greater the gap between each realm.

It is extremely difficult for a mortal to kill a god, but if a god wants to kill a saint, it is much more difficult than a mortal killing a god.

"In terms of realm, this person from your world is indeed not as good as the Azure Sky Source Master, but in terms of strength, it's hard to say."

"After all, this person from your world is considered a rare monster since the Starry Sky Era. It is not difficult for him to fight against a higher level person."

Lin Tianhao was shocked. Mortals killed gods because there were many weaklings among the gods.

For example, one can become a god through incense or divine nature. Although they are gods, they are not too powerful.

The reason why it was so shocking when the Lord of the Mortal Palace killed the Ice and Snow Goddess with his mortal body was because the Ice and Snow Goddess not only attained enlightenment and became a god, but also mastered a certain amount of the original power of ice and snow.

And those who can reach the level of Source God are no rookies.

Being able to fight against opponents of higher levels at the level of Source God, the combat power of the Source God of Tao should not be underestimated.

"coming."

At this moment.

The mysterious man smiled faintly and spoke.

The next moment.

Lin Tianhao's eyes widened as the sky above him was instantly torn apart.

The hole was extremely huge, and inside the hole was the endless starry sky and countless star fields.

A vast and powerful force of rules surged from the endless starry sky, filling this world.

"Right now." said the mysterious man.

Lin Tianhao took out the Heavenly Dao-level Talent Awakening Stone.

"use!!"

"Ding, you are using the Heavenly Dao Level Talent Awakening Stone, are you sure?"

"confirm!!"

"Ding, because your talent is too high, the Heavenly Dao-level Talent Awakening Stone can only awaken part of your talent..."

"Boom boom boom——"

Just now.

In the starry sky, the sound of the great way was heard, the power of rules swirled around heaven and earth, and mysterious runes lit up, forming a huge formation.

"Use the Heavenly Dao-level Talent Awakening Stone, and the Starry Sky Dao will bring down a calamity. You will have to bear this calamity yourself." said the mysterious man.

Lin Tianhao frowned slightly and looked up at the sky.

But the next moment.

Everything around him disappeared and he was in endless darkness.

There was nothing around him, his consciousness was gone, his skills were gone, and he seemed to have turned back into an ordinary mortal.

"You are already dead and should not be here."

Lin Tianhao took a step forward, and heavy shackles suddenly appeared on his body.

"Snow Emperor, you have committed heinous crimes and killed countless people. I now sentence you to the eighteen levels of hell, to be punished by the mountains of knives and the cauldrons of oil."

Faint light appeared around him, and he was pushed before the judge by the Ox-Head and Horse-Faced Demons.

The judge's eyes were wide open, looking very scary.

Lin Tianhao tried to struggle, but all his strength had disappeared. The heavy shackles made it difficult for him to lift himself up, let alone break free.

Fake, all fake!

Lin Tianhao kept telling himself that he was Lin Tianhao, he was the Snow Empress, he was not dead yet, this was just a disaster.

Available soon.

Lin Tianhao was a little overwhelmed because time seemed to be very long and he couldn't break free no matter how hard he tried.

then.....

Five hundred years in the oil pot, five hundred years on the mountain of swords...

at this time.

Lin Tianhao walked out of the mountain of swords covered in wounds.

who am I?

where am I?

After thousands of years, Lin Tianhao's belief is no longer firm.

Is he...really dead?

A thousand years, it sounds simple, but during this thousand years, he was tortured in purgatory every minute and every second, and the inner torment was constantly destroying his faith.

"When will it end?!"

"I'm not dead, I'm not dead!!"

"It's fake, it's all fake!!"

Lin Tianhao roared and roared.

He kept telling himself here that this was all fake.

"Stubborn!!"

The judge's majestic voice rang out, "Suppress it, and be burned in the flames for another five hundred years!!"

"Get out of here!!"

Lin Tianhao tried to struggle, trying to break the illusion.

But he has tried countless times in these thousand years, but to no avail.

The raging fire burned the skin, flesh, and even the soul.

The severe pain was unbearable for Lin Tianhao.

Lin Tianhao gritted his teeth. His faith must not collapse. Once it collapsed, everything would be in vain.

Five hundred years later, another five hundred years!

Lin Tianhao had already forgotten how long he had been tortured, five thousand years, or ten thousand years, or even longer.

Under the torture day after day, Lin Tianhao's consciousness has become extremely fragile.

"The sentence has been served, and you will be sent to the animal realm!"

The Ox-Head and Horse-Faced Devil strode over, and two iron hooks pierced into Lin Tianhao's scapula, dragging Lin Tianhao like a dead dog.

Lin Tianhao was trapped in the cycle of reincarnation.

When he opened his eyes again, he felt strange.

He became... a little puppy.

Lin Tianhao struggled to stand up, but his limbs felt weak and he could hardly support his body.

Lin Tianhao did not struggle, his consciousness was becoming increasingly fragile.

Lin Tianhao was already a little confused about whether everything that happened here was true or false.

Time has passed so long that Lin Tianhao can no longer tell what is happening here, whether it is an illusion or reality.

If it is true, then everything that happens here is too real, so real that it makes people feel unbelievable.

Galaxy world, blue planet.

The mysterious man looked at Lin Tianhao beside him, then raised his eyes to look up at the ninth heaven.

"You guys still like to play tricks behind my back. Even if I have to be partial, I wouldn't be as partial as you guys!!"

Chapter 1904 Son of the East China Sea!

"If you can break through the endless starry sky, can't we increase the difficulty?"

The great general of the Thunder Punishment Temple stepped out. This time he did not back down and his expression was firm.

"What's more, the tribulation of refining the heart is like this. His foundation is too shallow, so he has to suffer the pain of refining the heart."

The mysterious man frowned and said nothing more.

In fantasy.

Lin Tianhao did not experience the life of a dog because his consciousness was still resisting. He fought with his will, and as a result, he starved to death in less than three days.

Second life, duck.

The third life, chicken.

The fourth generation, pig.

The fifth generation, cat.

.....

In life after life, Lin Tianhao died quickly every time.

"This is the hundredth life. If you die again, you will be condemned to eternal damnation!"

The judge's voice rang out.

this time.

Lin Tianhao unexpectedly became a dragon!!

He became the son of the Dragon King of a certain world. From the moment he was born, he attracted strange phenomena and was worshipped by thousands of dragons.

"The last life?"

Lin Tianhao felt a little panicked, thinking about the eternal purgatory and the hundred reincarnations.

Lin Tianhao was already struggling and hesitant inside.

"If I die again, will I really be forever without reincarnation?!"

In this life, he is the son of the Dragon King and has a special physique. If he develops well, his achievements will definitely be great.

Everything he had experienced in the past had eroded a lot of Lin Tianhao's willpower.

even.....

Lin Tianhao felt that everything that happened in the Galaxy World was more like a dream, and what was happening now was real.

"My son, Long Hao, has the potential to become an emperor."

The Dragon King laughed heartily, "From today on, Long Hao is the Young Master of the East China Sea. Everyone should respect Long Hao."

The Dragon King looked at Lin Tianhao with eyes full of love, "My son, Long Hao, this is your father's dragon ball. You have just been born, and your father will use it to help you temper your body."

"The Dragon King of the West Sea sent the ten thousand year old blood ganoderma to help the young master of the East Sea temper his body!"

"The Dragon King of the South China Sea sent a peach from the Heavenly Palace to help the young master of the East China Sea to become an immortal soon."

"The Dragon King of the North Sea sent..."

.....

At this moment, Lin Tianhao was the focus of everyone's attention.

He was bathed in divine light.

At this moment, he seemed to be the center of the ocean.

Dragon Balls nourish the body, making it warm and comfortable.

Lin Tianhao closed his eyes comfortably and soon fell asleep.

When I opened my eyes again, I saw my mother's meticulous care, my brothers' care, and my father's concern...

Lin Tianhao felt... very happy.

This feeling.....

Lin Tianhao felt that it would be nice to stay here.

What's wrong with saving the world and being the young master of the East China Sea?

Lin Tianhao's nostalgia for the Galaxy World is becoming less and less, and even... his memory of the Galaxy World has begun to fade.

As time goes by, Lin Tianhao has become more and more accustomed to his identity as the young master of the East China Sea.

In this East China Sea, he was free and happy.

With the accumulation of various resources, Lin Tianhao's realm is also rising like a rocket.

Nowadays.

The Qingqiu Fox Clan is coming, and it is said that the little princess of the Qingqiu Fox Clan is also coming.

The little princess was gifted and very pretty.

It is said that.

This time, the Qingqiu Fox Clan came here to match him with the little princess.

Lin Tianhao was also looking forward to this matchmaking.

The women of the fox clan are all good-looking, not to mention this little princess of Qingqiu, whom he had heard of a long time ago.

At the reception banquet.

Lin Tianhao saw the little princess of Qingqiu, and at first sight, he felt that he had fallen in love with her.

He had never understood what it meant to give birth exactly the way he wanted.

It wasn't until he saw the little princess of Qingqiu that Lin Tianhao understood.

This little princess of Qingqiu completely met his aesthetic standards. Her figure, face, temperament, even her every frown and smile, Lin Tianhao could not find any flaws.

With the introduction of the elders of the two tribes, the two got to know each other.

The little princess of Qingqiu seemed to have a good impression of Lin Tianhao and took the initiative to ask Lin Tianhao to take her to visit the Dragon Palace.

Lin Tianhao naturally would not refuse.

Looking at the lovely and charming Princess Qingqiu beside him, Lin Tianhao suddenly thought of the idea of being happy and not thinking of leaving his hometown...

Yes, I don't want to leave when I am happy...

Galaxy World...

Lin Tianhao shook his head. Does the Galaxy World really exist? Perhaps it's just his imagination.

Even if not, after thousands of years, the conflict in the galactic world should have ended.

Even if he went back, what could he do? What could he change?

Fatty...sister...monkey...glasses...

Lin Tianhao smiled bitterly. If they succeeded, they would have become gods and saints. If they failed, they might have died.

After all, this was only ten thousand years ago. What did that insignificant twenty years of friendship mean?

Compared with his current life as an immortal, he may have been in seclusion for more than twenty years.

Here are his loving parents, his elder brother who takes care of him, and... this little Princess Qingqiu.

Cement seal?

There's no point in sealing your heart with cement. It's just that you haven't met the person who truly makes your heart beat.

Lin Tianhao and the little princess of Qingqiu chatted about everything from all over the world to family matters, from the past to the future.

"Brother Long Hao, do you have any dreams?" asked the little princess of Qingqiu.

Lin Tianhao thought for a moment, "Dream..."

"Counterattack Arlate..."

The first thing that came to Lin Tianhao's mind scared him.

Shouldn't he hope to lead the dragon clan to become stronger?

But after the idea of counterattacking the Alete galaxy came into being, Lin Tianhao's consciousness began to gradually become clear.

Fatty, sister, monkey...

Their figures, which had gradually become blurred in Lin Tianhao's mind over the past ten thousand years, now became clearer and clearer.

"Brother Hao, don't worry, we will get the money together to save your sister."

"Brother Hao, don't forget, we are brothers, brothers for life."

"Brother, come and try this. This is the sweet and sour pork ribs I made..."

"elder brother....."

Lin Tianhao's eyes gradually widened, and his memory began to recover rapidly.

"What's wrong with you?" asked the little princess of Qingqiu.

Lin Tianhao took a deep breath and looked back in the direction of the Dragon Palace.

His eyes were hesitant, then determined, and then he rushed into the Dragon Palace Hall.

at this time.

In the main hall of the Dragon Palace, the Dragon King and his wife of the East Sea were entertaining the immortals of the Qingqiu clan.

Seeing Lin Tianhao's arrival, the Dragon King of the East China Sea smiled and said:

"Long Hao, why are you rushing here in such a hurry? This is not like you normally."

"Could it be that you want to ask father to help you propose marriage?!"

Hearing what the Dragon King of the East China Sea said, the gods of the Qingqiu Fox Clan also laughed.

This time they came here with this intention in mind.

however.

Lin Tianhao fell to his knees with a thud.

"Father, Mother, Big Brother..."

"Thank you so much for taking care of me over the years."

Lin Tianhao knelt down and kowtowed.

The Dragon King of the East China Sea was a little surprised. "Hao'er, what are you doing? Isn't it our responsibility to take care of you?"

Lin Tianhao kowtowed repeatedly and solemnly, "Thank you, thank you so much..."

"But I don't belong here, I want to leave..."

Lin Tianhao's consciousness became more and more determined. He wanted to return to the Galaxy World.

Everything here is fake.

His parents, elder brother, and the little Princess Qingqiu were all fake.

"Hao'er, what nonsense are you talking about? You are my son. If you don't belong here, then where do you belong?"

"I belong to the galactic world."

"Over there, there are people I need to protect, and over there, there are enemies I must defeat!!"

As Lin Tianhao's consciousness completely recovered, this world began to break apart bit by bit.

Chapter 1905 Reality or Illusion?

The Dragon King of the East Sea, the God of Qingqiu and others all looked at Lin Tianhao with smiles on their faces, their expressions were indifferent.

"Go back, it's good to go back. I just hope you don't forget that we are all your family." The Dragon King of the East China Sea said lightly.

Lin Tianhao remained silent and said nothing.

The little princess of Qingqiu was behind Lin Tianhao. She watched the world crumble with a smile on her face.

"farewell."

Under everyone's gaze, the world completely collapsed.

Lin Tianhao opened his eyes.

He appeared in the Blue Star Sea, with the mysterious man beside him, Heitian Aozhen, the Lord of Jiuyou and others, all by his side.

It's like...

The ten thousand years of purgatory and the hundred reincarnations he experienced were all fake.

But that experience was too real.

But when Lin Tianhao was about to recall these hundred reincarnations, his memory began to become blurred.

What was frozen in his mind were only the last smiles of his parents and elder brother.

And... the little princess of Qingqiu's.

"Ding, congratulations, you have successfully awakened the eternal talent: the body of all laws."

The prompt sounded, interrupting Lin Tianhao's thoughts.

Everything he experienced seemed to be just an illusion, and the present him was the real him.

Lin Tianhao looked around, but he didn't check his new talent immediately.

because.....

After experiencing purgatory for thousands of years and reincarnation for hundreds of years, Lin Tianhao's thoughts have begun to waver.

at this moment.

He was already doubting whether the galactic world he was in now was real.

Or.....

Just like what he had experienced when he just passed the tribulation, it was just a dream!

Or perhaps...

He has not yet walked out of the illusion, and everything he sees now is still within the illusion.

He thought he had walked out of the illusion, but in fact, he had not walked out of the illusion! !

Lin Tianhao shook his head and felt a severe headache. His confused thoughts made Lin Tianhao's emotions a little out of control.

Is this true or false?

Is this illusion really that easy to break?

Lin Tianhao looked at the mysterious man in front of him, his eyes were vicissitudes, deep, and a little wild.

"Pfft-"

Lin Tianhao, holding a carving knife, instantly attacked the mysterious man.

The mysterious man did not move, but when Lin Tianhao's carving knife approached him, it was blocked by an invisible force and could not move forward any further.

"What are you doing?"

"The illusion is over, don't think too much about it."

The mysterious man smiled at Lin Tianhao.

Seeing the mysterious man's smile, Lin Tianhao retracted the carving knife and looked at everything in the world.

Swallowing the sky and devouring the earth!!

Lin Tianhao was madly devouring everything in the world.

"It's really over!"

The mysterious man's voice became more serious. "This is the real world. You are the Snow Emperor. The illusion has been broken by you."

Lin Tianhao still remained silent. He raised his hand, trying to attract the divine thunder of heaven, but he... failed.

It seemed that he had used the Heavenly Dao Divine Thunder on Emperor Tu Tian not long ago, so the Heavenly Dao Divine Thunder had not cooled down well.

Lin Tianhao's eyes became more and more crazy, and the Evil Sword Immortal form unfolded instantly, with sword energy running across the sky and earth.

"Ugh....."

The mysterious man sighed heavily, "The heart-refining calamity is still too difficult for you after all."

"I helped you awaken your talent, but it actually hurt you."

After saying this, the mysterious man turned and left.

Lin Tianhao tried to stop it, but the power gap between the two was too great, and Lin Tianhao was completely unable to stop it.

The illusion... is it really over?

Lin Tianhao asked himself in his heart.

Everything here is so real that Lin Tianhao finds it unbelievable.

"My lord, the illusion is really over. This is the real world. You must cheer up."

Heitian Aozhen stepped forward and bowed to Lin Tianhao.

Lin Tianhao frowned and looked at the others.

The Lord of the Nine Netherworlds, the Green-Tooth Ghost Demon and others were telling Lin Tianhao that this was the real world.

Lin Tianhao walked out step by step, shaking his head as he walked.

"Haven't you had enough fun yet? How long do you plan to keep me trapped?"

Lin Tianhao stepped on the void and roared at the sky.

"Sir, calm down. The galaxy world still needs you to save it. You can't stay so depressed."

"Yes, my lord. The armies of the Alet Galaxy are still stationed at the border of the Milky Way. More and more armies will come in the future. If you are like this, what will happen to the Milky Way?"

Voices rang out around Lin Tianhao.

Fatty, Monkey, Sister and others appeared one after another.

Lin Tianhao returned to the Fan Palace and looked at everything familiar around him. He still didn't believe that this was real.

He didn't feel anything wrong with the other worlds.

But Lin Tianhao was too familiar with Ragnarok.

Lin Tianhao could sense that this world was not the real galaxy world.

"Boss Xuedi, those bastards from the Alet Galaxy are attacking again. This time they're coming out in full force. We can't hold on."

Berserker Blade sent a voice message to Lin Tianhao.

In the big group, there is a live broadcast.

All the defense lines are struggling to hold on and seem to be on the verge of collapse at any moment.

Lin Tianhao watched everything happening in the world, indifferent.

"Boss Xuedi, wake up, this is not an illusion anymore, it's not an illusion anymore."

The roar of Berserker Blade was heard, and Lin Tianhao remained indifferent when he saw him being killed by several generals of the Alet Galaxy.

Under the attack of the army of the Alate Galaxy, the defense lines of the Blue Planet were broken one after another.

"Xue Di, what are you thinking about? The number of adventurers who died today exceeds 30 million. If this continues, Blue Star will really be gone." The angry voice of the ambitious Taoist priest sounded.

Lin Tianhao still sat in the mortal hall, unmoved.

He sat cross-legged, constantly trying to calm his heart.

at the same time.

He also began to understand the truth.

This is an illusion. Lin Tianhao doesn't know whether the results of his enlightenment can be reflected in the real world, but this experience should not disappear.

"Brother Hao, Monkey died in the battle. He died right in front of me. I wanted to rescue him, but I couldn't get away."

"If you don't take action now, do you want to watch us all destroyed?!"

The voice of the glasses was filled with trembling, anger, and wildness!!

"it is good!"

"If you don't defend this world, I won't defend it either. Let those bastards from the Alate Galaxy take over the Milky Way world!"

Glasses yelled angrily.

He began to lie down in the mortal hall just like Lin Tianhao.

The attack from the Alet Galaxy became more and more fierce, one line of defense after another was breached, and the number of casualties increased day by day.

until.....

The army of the Alet galaxy reached the capital of the Shanhai Empire, but Lin Tianhao remained indifferent.

"Failed, completely defeated!"

Xuan Mingyang looked at the current situation with a dejected expression.

He looked at Lin Tianhao, who had been sitting in the mortal hall with his eyes closed, and said nothing, but just sighed.

"Those who are still alive and still have the will to fight, join me, Xuan Mingyang, and fight our way out!!"

"Even if I die, I will kill as many bastards from the Alet Galaxy as possible!!"

Chapter 1906 Eternal Level: The Body of All Laws!

Lin Tianhao finally opened his eyes, with the aura of Tao flowing around him and a calm expression.

He raised his eyes to the sky and said lightly:

"Aren't you going to end it yet?"

Lin Tianhao today.

His emotions were extremely calm, and the calmer his mind was, the clearer he saw things.

This world is fake.

Ever since the so-called little princess of Qingqiu expressed her dream, she has been waiting for him here.

No matter how comfortable his life was in the Dragon Palace under the sea, he never forgot the galactic world in his heart, nor did he forget to fight against the Alate Galaxy.

It was just that under the influence of this disaster, his consciousness was affected.

But as long as his heart remains unchanged, he will definitely break the illusion.

This disaster is to temper my heart!

The greater his inner emotional fluctuations, the lower the probability of successfully refining his mind.

therefore.

What Lin Tianhao can do is to keep his mind steady and calm his heart as much as possible.

Also.

This may also be related to his mastery of the original power.

In the illusion, the original power is slightly different.

"If it doesn't end, I will stay here to gain enlightenment for ten thousand years."

Lin Tianhao's voice remained calm.

As Lin Tianhao finished speaking, the world began to collapse.

Everything happened just as Lin Tianhao expected. This world was also illusory.

"You...are you so sure?"

The mysterious man's voice rang out, "Aren't you afraid... that if this world is real, everything you want to protect will be destroyed."

"Nothing unexpected."

Lin Tianhao smiled and said:

"In a fantasy world, questioning your own decisions is a foolish act."

The mysterious man smiled and said:

"Looking forward to meeting you again."

"With you, this dispute might not have lasted ten years."

Lin Tianhao smiled without comment and said:

"I don't know."

"I've experienced too little of this kind of heart-refining tribulation."

The mysterious man waved his hand and said:

"You'll gradually get used to it. When your realm reaches a higher level, the calamity you face won't be a simple lightning strike or fire burn."

"Okay, now that you've awakened your talent, I should leave."

The words fell.

The mysterious man took a step forward and disappeared.

The tribulation of refining the heart!

Lin Tianhao smiled bitterly.

Looking at the people around him, he spoke lightly.

"Return to the Mortal Palace."

Today's battle is over, and he can take a good look at what his eternal talent is.

It is exactly the same as the one he awakened in the illusion, and it is called the Body of All Dharmas.

This may be the truth and falsehood in the legend that makes it difficult to grasp.

Body of All Laws (Eternal Level): cannot be upgraded.

Effect 1: Your resistance to all fundamental laws will continue to increase at a rate of one point per second.

Effect 2: Your understanding of all fundamental laws will continue to increase at a rate of one point per second.

Cost: None.

Cooling: None.

Proficiency: Cannot be upgraded.

Lin Tianhao's eyes narrowed slightly.

The two effects of the body of all laws are simpler than Lin Tianhao imagined.

But... this effect is somewhat incredible!!

To all the fundamental laws!!

All ah !!

He now has mastered the visions of the sixteen saints, which is already very impressive.

These sixteen visions of the saints are just ordinary laws, not the original laws.

As for the original laws of space that he controlled, he could only integrate a little into the saint's vision.

And now.

This body of all laws allows him to gain the understanding and resistance of all the original laws, or it is increasing every moment.

This... is even more outrageous than Lin Tianhao imagined.

Lin Tianhao only sensed it slightly and found that his affinity with various original laws was increasing.

This feeling is so wonderful.

This.....

As long as he is given enough time, he can master all the original laws, and he can also be immune to all the original laws and rules.

The law of origin is superior to ordinary laws.

Lin Tianhao's resistance to the original law is also effective against ordinary laws.

but.

There is also a new problem this time.

This Heavenly Dao-level Talent Awakening Stone also failed to fully awaken his talent.

So.....

Does this mean that he still needs to find a more advanced talent awakening stone?

Not to mention the more advanced ones.

Even if it is a Heavenly Grade Talent Awakening Stone, it would be extremely difficult for Lin Tianhao to find it.

There are three Heavenly Dao-level gemstones in the entire Milky Way world, and the only Heavenly Dao-level talent awakening stone he used was the one he used!

Although the other two are both heavenly-level gems, they are not awakening stones.

In other words.

In the galaxy world, he theoretically could not find the Heavenly Dao-level Talent Awakening Stone.

If I must find it... it seems the only way is to leave the Galaxy World.

but.

Even if you leave the Galaxy World, it is not so easy to find the Heavenly Dao Level Talent Awakening Stone.

not to mention.

In his current situation, he cannot leave the Galaxy World.

Take back your thoughts.

Lin Tianhao decided to wait until the end of the Battle for the Galaxy World.

at this time.

Lin Tianhao missed the Time and Space Cultivation Pagoda again.

correct! !

Lin Tianhao suddenly realized a problem. He seemed to have overlooked something very important.

That's what the fat man said before, Glasses seemed to have found ancient tombs with time differences.

Think about this.

Lin Tianhao found his glasses immediately.

Even if the ancient tomb that Yan Jing found is not as good as the Time and Space Cultivation Pagoda, as long as there is a time difference, he will have more time to gain enlightenment.

not to mention.

No matter it is the body provided by heaven and earth or the current body of all laws, they are all automatic and have no attributes added.

If he had more time to practice, this talent that automatically increases attributes would also bring him greater rewards.

The reason why he has so much merit and power is not because he rewards the good and punishes the evil, but because he has practiced in the pagoda of time and space for thousands of years.

The support from heaven and earth that he received was equivalent to several thousand years of growth.

In fact, after coming out of the illusion, Lin Tianhao checked his merit power and enlightenment points.

The result was that there was no extra increase.

But this is normal. No matter how real the illusion is, it is just an illusion after all. In reality, only a few minutes have passed.

After seeing the news about Lin Tianhao, Yan Jing immediately came to the Fan Palace.

Now half of the masters of Ragnarok are in the imperial capital of the Mountain and Sea Empire, so it is naturally easy for them to come here.

"Brother Hao, do you want to go to the place where I once attained enlightenment?" asked Yan Jing.

Lin Tianhao nodded gently, "I heard Fatty mention it before, saying that the place where you gained enlightenment has a different flow of time than the outside world."

Glasses nodded slightly and said:

"Indeed, it is an ancient tomb. I haven't explored it much because the time inside is chaotic and not as stable as the time and space cultivation pagoda."

Lin Tianhao frowned slightly, "What exactly is going on?"

"The speed of time there ranges from two to a hundred times faster than outside. Of course, I haven't gone deep into it. If I had, the speed would probably be even higher."

"With your ability, Brother Hao, you should have a chance to get deeper into it."

Chapter 1907 A treasure land of chaotic time and space!

"Take me to see it."

If it is really as Glasses said, then this place is a treasure trove.

more importantly.

Are there some special treasures in such a place?

"Brother Hao, this place is indeed nice, but there is also a problem, that is, you can't contact the outside world from inside."

"Before, when I had something to do in there, I could call them offline, but now Ragnarok has merged with reality, and I can no longer call them offline."

Hearing these words, Lin Tianhao couldn't help but frown.

Now that Ragnarok and reality have merged, those guys from the Arlate Galaxy are threatening the galaxy again.

If he is not here, or even if no one else can contact him, it will be very troublesome if those guys in the Alete galaxy do something big.

"The key is."

"That place isn't just chaotic in terms of time; space is also extremely chaotic. Once you enter, with both time and space in such a state of chaos, even if you want to escape unscathed, it will be extremely difficult."

Lin Tianhao pondered for a moment, then said calmly:

"Take me there. Tell me the coordinates and we'll go."

Lin Tianhao has the Starry Sky Step, and he can reach almost any place in the entire Ragnarok in one step.

The glasses sent a coordinate to Lin Tianhao. Lin Tianhao took a step forward and appeared on the endless ice field.

Wherever Lin Tianhao looked, there was ice and snow, as well as some ice and snow monsters, but these were not what Lin Tianhao cared about.

"Brother Hao, this token is the key to entering this mysterious ancient tomb. You must follow me closely. Although the outer space-time disorder is not too serious, it should not be underestimated."

Glasses handed an ice-blue token to Lin Tianhao.

The token was still warm when I received it.

On the front of the token, is a strange rune.

On the back of the token, there were strange words that Lin Tianhao didn't recognize. He even asked the Lord of Jiuyou, Heitian Aozhen and others, but still got no answer.

"Ned Levee, do you know this place?"

Glasses took Lin Tianhao into a cave and walked along the cave for more than ten minutes.

Subsequently.

Glasses led Lin Tianhao through an ice wall.

The moment he passed through the ice wall, Lin Tianhao clearly felt that the time and space around him began to become chaotic.

"Now, we have officially entered this mysterious ancient tomb. Since I haven't explored this place much, I'm not sure about the identity of the tomb owner."

"I call this ancient tomb the Tomb of Time and Space."

Ned Lev's projection floated out and she looked around.

"I've never heard of this place before. Time and space are confused, and the flow of time is different from the outside world..."

"Anywhere where there is a difference in flow rate is a treasure trove, even for saints."

Lin Tianhao released some of the power that could swallow the sky and the earth.

Through the power of Devouring Heaven and Devouring Earth, Lin Tianhao can detect some power.

"Ding, you have absorbed the power of the origin of space. Your understanding of the origin of space is +100, and your resistance to the origin of space is +100..."

"Ding, you have absorbed the power of the origin of time. Your understanding of the origin of time +100, your resistance to the origin of time +100..."

.....

Lin Tianhao's eyes lit up. It was just as he imagined. This place possessed the two original forces of space and time.

and.

Lin Tianhao can now be sure of one thing: if he cultivates the power of the origin of time to a certain level, he can create a place with a difference in the flow of time.

Then use this difference in time flow rate to practice.

"Is it possible that this is the territory of Ancestor Shichen?" Lin Tianhao asked.

The God of the Source of Tao created three thousand gods and demons. Among them, the god and demon who mastered the way of time was the Ancestor of Time.

However, Lin Tianhao felt that it was unlikely. Although the Old Ancestor Shichen was powerful, this place also had the power of the origin of space.

not to mention.

Lin Tianhao has always felt that the three thousand gods and demons created by the God of the Source of Tao, and the three thousand great ways they mastered, should be just ordinary ways, rather than the ways that directly point to the origin.

after all.

If the Source God of Tao can really create gods and demons who master the original Tao, then how terrifying should the Source God of Tao himself be?

The information Lin Tianhao currently has is that after the Eternal Realm is the Source God, and after the Source God is the Source Master.

The Source God of Tao is a very powerful one among the Source Gods, with strength equivalent to that of the Source Master.

of course.

Even so, Lin Tianhao still felt that the three thousand gods and demons created by the God of the Source of Tao were most likely not masters of the original Tao.

"do not know."

Ned Lifu shook his head. "If Ancestor Shichen and Ancestor Yangmei work together, they might be able to create this space."

Lin Tianhao waved his hand and said:

"Let's go in and have a look."

Glasses hesitated for a moment and said:

"Brother Hao, the further we go inside, the more chaotic time and space will become. It will be very difficult to come back then."

Lin Tianhao frowned, he naturally knew the ins and outs of this.

The chaotic space could cause him to take a step forward, not just one meter, but a hundred meters, or even... a million meters! !

same.

Disorganized time can also make people lost.

"Brother Hao, after coming here, I didn't dare to take a single step. The first time I came here, I took three steps forward, and it took me half a month to get back here."

"Of course, half a month is the time in the outside world. I have actually been here for three years."

"I'll come here again later, so what? You stand against the wall and don't move a step!"

"This way, I can leave immediately after I finish my training."

"At our location, the speed of time varies from 2 to 100 times that of the outside world."

When Yan Jing said this, he actually wanted to tell Lin Tianhao that he could just stay here.

"Brother Hao, you practice hard here. If anything happens outside, I can quickly inform you."

Lin Tianhao pondered for a moment. Ragnarok and reality had only recently merged, and the attack method of the Alet Galaxy was still unclear.

If he really stayed here for ten days, half a month, or even longer, it would be possible for the Alate Galaxy to reach the Fan Palace.

"it is good."

Lin Tianhao felt that it would be better to be cautious.

not to mention.

He has a body of all laws.

Once he has comprehended the two fundamental laws of space and time, it will be safer for him to delve deeper into them.

"Then I'll trouble you." Lin Tianhao said.

Subsequently.

Lin Tianhao sat cross-legged and began to realize the truth.

Glasses retreated because they couldn't receive any news from the outside world here and someone needed to be outside.

and.

The people guarding outside cannot be too weak.

Otherwise, if the masters from the Alate Galaxy came, they might not even have the chance to notify Lin Tianhao.

However, this place seems to be really good. Some middle and lower-level adventurers from Blue Star can be placed here, allowing them to gain enlightenment and practice cultivation, thereby improving their own strength.

Chapter 1908 The mysterious stone tablet, the pursuit of the Green King!

Lin Tianhao began his journey of enlightenment.

Still choose to comprehend the original law of space.

At present, what Lin Tianhao needs to improve most are the laws of the origin of space and the laws of the origin of time.

but.

Lin Tianhao's understanding of the law of the origin of time is really too low.

If we comprehend the fundamental law of time now, the efficiency will be very low.

Lin Tianhao began to gain enlightenment here, but this enlightenment did not last too long. Only three months later, Glasses came in and interrupted Lin Tianhao's enlightenment.

"We just received news that the Alet Galaxy has begun an all-out attack. This time, they've sent out an army numbering over 10 billion, and many powerful individuals are among them to ambush our elite adventurers."

"Defense lines in many parts of the world are now at risk."

Lin Tianhao didn't waste any time and went straight to his super base wearing glasses.

"How long was I in there?"

Lin Tianhao only knew that he had been in there for three months, but he had no idea how long he had been outside.

"Half a month." said Glasses.

Lin Tianhao frowned slightly. Half a month, so the time difference is six.

It seems that the time difference is 2-100 times, but it is still difficult to achieve a 100-fold time difference in the marginal areas.

According to Lin Tianhao's estimation, the deeper you go, the greater the time difference will be.

When Lin Tianhao arrived at the super base, he saw feather arrows being intercepted one after another.

Outside the super base, the fighting was in full swing.

Lin Tianhao did not hesitate. He coordinated with the heaven and earth to deploy the sixteen realms at the same time, instantly covering a thousand miles and killing all the soldiers of the Alate Galaxy within a thousand miles.

"call out--"

Just as Lin Tianhao made his move, a stone tablet fell from the sky.

Lin Tianhao took a step forward and disappeared.

He didn't know what the stone tablet was, but he was sure of one thing.

That is, those guys from the Alet galaxy launched such a large-scale battle, so they must have the means to deal with him.

He had just made a move when the stone tablet flew towards him. It was obviously a means to deal with him.

therefore.

The moment he saw the stone tablet, Lin Tianhao had already left.

This time.

Lin Tianhao came to the Bear Country and still opened his own thousand-mile territory to carry out a crazy massacre.

But less than a second after Lin Tianhao finished the massacre, the void in front of him broke open, and the stone tablet was still attacking him.

“Absolutely sluggish!!”

Lin Tianhao didn't expect the stone tablet to come so quickly.

and.

Facing the stone tablet up close this time, Lin Tianhao became more certain of his guess.

This stone tablet contains extremely mysterious power.

If Lin Tianhao had not been on guard, he might not have been able to escape.

With the help of Starry Sky Steps, Lin Tianhao came to Japan, to be precise, it is now called Dragon Country, Japan Province.

It was still a thousand-mile boundary, and the massacre happened in an instant.

Lin Tianhao still didn't dare to stay, not even for a second.

The stone tablet came too fast, and after just a wave of damage with its boundary, Lin Tianhao disappeared.

"Xuedi, when did you become such a coward that only knows how to run away?"

An old man's voice came from Lin Tianhao's mind.

Just as Lin Tianhao landed again, a short old man appeared in front of him.

He raised his palm and the sky darkened instantly.

Lin Tianhao tore through the void and disappeared again.

This time.

Not Star Step.

Because Lin Tianhao discovered that the moment the short old man appeared, his Starry Sky Step was unable to be used.

Although the Starry Sky Step cannot be used, the power of the origin of space can still be used.

You can tear the void and use the power of the origin of space to escape, but it is still not as direct as the Starry Sky Step.

"boom--"

There was a loud bang.

Lin Tianhao only felt an endless force falling on him.

The enormous force knocked Lin Tianhao out of the void.

"Ninth Eye: Sacrifice Life!!"

The moment Lin Tianhao was knocked out of the void, that familiar voice rang out.

It's the Nine-Eyed Golden Toad!!

Lin Tianhao's eyes narrowed slightly. Although the Nine-Eyed Golden Toad had been killed before.

But it is not strange for a strong man like him to have resurrection coins.

Without the help of a saint or by using the Book of Life and Death directly, it would still be difficult for him to deal with the opponent.

"Luo Wang, who is this old man?"

The sacrifice fell on him, and Lin Tianhao knew that he would not feel good next time, so he could only go into Ragnarok.

"Xiu Moxu Qing Wang is about the same strength as me, but the stone tablet in his hand is not his. Someone of a higher level must have intervened and given him an incredible treasure."

Lin Tianhao's eyes narrowed slightly, "From the same family as yours?"

Xiu Moxu Lu Wang shook his head. "No, the title Xiu Moxu is a special title of the Alait Galaxy and cannot be considered a family surname."

"It's a gift. It's a title that can only be obtained after one's strength reaches a certain level. It's a symbol of potential."

Lin Tianhao frowned slightly.

He was about to use time stop.

There is no other reason.

He had previously used the time stop on Xiu Moxu·Lu Wang, which consumed 150 trillion of his health points, but after enlightening Xiu Moxu·Lu Wang, he increased it by nearly 300 trillion, which was simply doubling his profit.

If he could use the time stop to kill Xiu Moxu Qing Wang, then the cost of using the time stop would be a huge profit.

especially.

He has been attacked by the sacrifice. If he doesn't find a way to break the deadlock, he will have to hide in the sea just like before.

The key is.

This time, Xiu Moxu Qing Wang is also chasing him.

Lin Tianhao widened the distance again, but Xiu Moxu Qing Wang followed him like a shadow.

Time stopped!!

Lin Tianhao noticed that only Xiu Moxu Qing Wang had caught up, so he used Time Pause without hesitation!

Just like the last time he used it on Xiu Moxu-Lu Wang, Lin Tianhao's mana was instantly emptied and his health bar also dropped sharply.

After performing the time stop, Lin Tianhao rushed to Xiumoxu Qingwang in an instant, holding a carving knife.

"not good!!"

Lin Tianhao's face changed drastically because he saw that Xiu Moxu Qing Wang, who should have been affected by the time stop, actually had a smug smile on his face.

"The Dao Monument Suppresses the Heavens!!"

As Xiu Moxu Qingtian raised his hand, endless darkness locked onto Lin Tianhao.

Lin Tianhao's face changed drastically. At such a close distance, it was impossible for him to avoid the falling stone tablet.

This stone tablet was obviously extraordinary. Lin Tianhao did not dare to resist it head-on, so he immediately summoned Luo Man to block the way.

Lin Tianhao himself also tore through the void and escaped.

Allens Roman's face turned pale, but she did not dare to be negligent and mobilized the power of the origin of space to resist.

Lin Tianhao waved his hand and summoned Xiumoxu-Luwang to stop Xiumoxu-Qingwang.

The battle was about to break out, and Lin Tianhao fled instantly.

In this situation, he has no choice but to sacrifice the car to save the driver.

As for whether the power of the stone tablet is that strong?

When restricting his Starry Sky Step's displacement, Lin Tianhao had no doubt about it.

Chapter 1909: Kill the Green King!

"Do you like running so much?" Xiu Moxu Qing Wang said coldly.

The runes on the stone tablet in front of him lit up, and the mysterious power in the runes poured towards Lin Tianhao.

Lin Tianhao's eyes narrowed slightly, and his invincible domain unfolded instantly.

But there was no surprise. The invincible realm was shattered after just a moment of enlightenment.

The gap in power levels makes the invincible field seem so fragile.

Lin Tianhao's sixteen realms were rapidly compressed under the power of the stone tablet's runes.

This is not a lawless force, but a pure, higher-level, more domineering and powerful force.

Lin Tianhao took a deep breath, and the Evil Sword Immortal form was instantly activated, and the carving knife in his hand was swung wildly.

The feathered arrows shot from the heart also poured out.

Time stop failed, Starry Sky Step was blocked, the invincible domain was instantly shattered, and the sixteen major realms were completely compressed...

Among all the enemies Lin Tianhao has faced, only a few could force him to this point.

As for the mortal who pushed him to this point, Xiu Moxu Qing Wang should be the only one.

“Golden Body of Merit!!”

Lin Tianhao let out a low roar, and the golden body of merit enveloped his entire body. The carving knife attracted thunder and fire from the sky and earth, and attacked the stone tablet.

“Like a moth to a flame!!”

Seeing Lin Tianhao's actions, Xiu Moxu Qing Wang showed a disdainful sneer on his face.

In his opinion, Lin Tianhao's current behavior was so... ridiculous!!

Lin Tianhao's face turned ashen, but he still refused to give in and became more and more crazy.

"Whether it's a mantis trying to stop a chariot or not, you don't get to decide!!"

Lin Tianhao teleported in front of Xiumoxu Qing Wang.

"If you want to fight, then fight!"

As soon as he finished speaking, Lin Tianhao raised his hand, and a terrifyingly powerful force gathered on the carving knife.

"You're crazy!!"

Xiu Moxu·Qing Wang's character was ashen as he sensed the power used by Lin Tianhao.

"You're right, I'm crazy!!"

Lin Tianhao's face was ferocious and the carving knife in his hand fell.

Xiumoxu Qingwang instantly retracted the stone tablet, trying to use it to block Lin Tianhao's knife.

"Can you withstand this sword that carries the destiny of the human race?!"

Lin Tianhao's carving knife fell, and the stone tablet seemed to sense the threat. It turned into a stream of light and flew away from Xiu Moxu Qing Wang at a high speed.

"return!!"

Xiu Moxu Qing Wang showed a look of horror on his face.

He also didn't expect that Lin Tianhao could use the power of human luck to scare away the gemstone.

Without the protection of the stone tablet, Lin Tianhao's sword, which contained the destiny of the human race, fiercely slashed at Xiumoxu Qingwang.

"Heavenly Divine Thunder!!"

Xiumoxu-Qing Wang's health bar dropped significantly in an instant, leaving less than one-fifth!!

Seeing Lin Tianhao triggering the divine thunder of heaven, Xiu Moxu Qing Wang wanted to withdraw immediately.

"You...can't leave."

Lin Tianhao summoned out the Green Tooth Ghost, the Lord of the Nine Netherworlds and others, and began to besiege Xiumoxu Qingwang.

Without time stopping, Lin Tianhao was a little hesitant about whether to use the Saint's Crossing.

Because Xiu Moxu Qing Wang definitely has the resurrection coin, if the timing of using the List of Gods is wrong by even a little bit, it may lead to the successful resurrection of Xiu Moxu Qing Wang.

He used the power of the human race's destiny to severely injure Xiu Moxu Qing Wang with a single blow, and now he has mobilized the Heavenly Thunder and so many masters.

If Xiumoxu Qingwang is successfully resurrected, then all previous efforts will be in vain.

Lin Tianhao hesitated for only a moment before deciding to use the Saint's Transmigration Technique!

This Xiu Moxu Qing Wang is very powerful, but it is difficult for him to turn the tide of the battle.

Just like the combat effectiveness of Xiumoxu·Luwang and Xiumoxu·Qingwang is not particularly different under normal circumstances.

However, when Xiu Moxu·Qing Wang used the stone tablet, Xiu Moxu·Lu Wang's combat effectiveness was far inferior to that of Xiu Moxu·Qing Wang.

"Ding, congratulations, you've successfully killed Xiumoxu Qingwang. Rewards: +1 Imperial Grade Set, +5 Skill Books, +1 Divine Power, and +1000 million Free Attribute Points."

"Ding, congratulations, you've successfully killed Xiumoxu Qingwang. A server-wide announcement will be made soon. Do you want to hide your name?"

.....

"Server-wide announcement: Congratulations to player Xue Di for successfully killing Xiu Mo Xu Qing Wang. We are announcing this and hope all adventurers will keep up the good work!"

.....

Lin Tianhao used the Saint's Unrivaled Skill, so Xiumoxu Qing Wang will not be resurrected.

But in the same way, Lin Tianhao can also touch the corpse.

"Ding, you got skill book +25."

"Ding, you got equipment +152."

"Ding, you get a resurrection coin +50."

"Ding, you got it..."

.....

As the prompt sounds rang out, a satisfied smile appeared on Lin Tianhao's face.

"Bang bang bang..."

Lin Tianhao's heart beat faster and faster, which was the effect of the life-sacrificing skill of the ninth eye of the Nine-Eyed Golden Toad.

Lin Tianhao looked towards the place where the stone tablet disappeared. Without any hesitation, he turned around and disappeared.

Sea area.

Lin Tianhao could only resist the power of life sacrifice by bathing in the ocean.

The power of the Ninth Eye of Life Sacrifice is too strong.

Although Lin Tianhao had just eliminated a large number of troops from the Alete galaxy, he was still a little short of the mark.

Today, the battles on all sides are still going on and the situation is not very good.

Lin Tianhao was affected by the sacrifice and could not take action for the time being.

but.

This is not absolute either.

Because his territory covers more than a thousand miles, and most of the Blue Star is ocean.

Lin Tianhao can still cover a large area while bathing in the ocean, and can still deal with a large number of monsters from the Alet galaxy in the ocean.

Lin Tianhao approached the coastlines of various countries and used his heart to provide long-distance support.

As for exceeding the scope of the Heart and Heaven, Lin Tianhao was not worried. He still had the Heavenly Punishment Lock. With his spiritual sense, covering the Blue Star would have no problem.

Just as Lin Tianhao continued to attack, the stone tablet fell from the sky again.

“It’s really haunting!!”

Lin Tianhao's face darkened and he changed positions instantly.

"Xuedi, come on, let me see how strong your power of destiny is."

Lin Tianhao's eyes narrowed slightly, the power of luck was not his own.

He had previously used the power of destiny of the human race, a method that was taught to him by the Human King Emperor Xin.

But the luck of the human race is very difficult to accumulate, and now it is a time of war, so Lin Tianhao cannot use it casually.

They wanted to kill him by using the power of the stone tablet.

of course.

It doesn't necessarily mean killing him, it could also mean sealing him.

Whether it was killing or sealing, this was something Lin Tianhao could not accept.

Lin Tianhao started the parkour stage again.

While running, he slaughtered the army of the Alete galaxy.

Even if Lin Tianhao was given 0.5 seconds, he would be able to ease the defense in several places.

Because these defense lines are rarely more than three hundred kilometers apart.

Lin Tianhao went specifically to the area with dense defense lines.

Chapter 1910 The Divine Realm and the Endless Starry Sky are open!

"Run, run, run! When did you become the Snow Emperor? You little piece of trash who only knows how to run away."

The people chasing behind were furious.

Lin Tianhao was unmoved.

In Lin Tianhao's mind, killing prompts came one after another.

"As expected, your strength is not as good as Xiu Moxu Qing Wang."

Lin Tianhao glanced at the old man who was chasing him, and a playful look appeared on his face.

Lin Tianhao already knew the other party's identity from Xiumoxu Luwang's mouth.

Tris Tower Peak!

His strength is very strong among mortals, but compared with Xiu Moxu-Lu Wang and Xiu Moxu-Qing Wang, the gap in strength is still quite obvious.

It is at least 1.5 levels lower than Xiu Moxu Qing Wang.

The mysterious stone tablet is indeed very powerful, and it is not easy for Lin Tianhao to deal with it.

The person who can use the mysterious stele also determines the upper limit of the mysterious stele.

At least.

Judging from the current situation, Tris Tafeng's use of the mysterious stone tablet does not pose much threat to Lin Tianhao.

Before, even if Lin Tianhao used the Starry Sky Step, he could not escape from Xiu Moxu Qing Wang's pursuit.

And now.

Lin Tianhao discovered that he only needed to stay for no more than 0.3 seconds, and Tris Tafeng would have no way to do anything to him.

Under Lin Tianhao's crazy slaughter, a large number of troops from the Alet galaxy were killed.

Lin Tianhao was also affected by the killing, and the demonic energy in his body became stronger and stronger.

only.

These evil spirits now have little impact on Lin Tianhao.

Because Lin Tianhao had swallowed the demonic energy before, what he gained was not only the understanding of the demonic attributes, but also the resistance to the demonic attributes.

In addition to the body of all laws, it is also constantly improving Lin Tianhao's resistance to the original magic attributes.

This leads to.

At the current level of slaughter, the demonic energy cannot affect Lin Tianhao.

It was just this power of life sacrifice that Lin Tianhao still found difficult to resist.

If it hadn't happened in the ocean, this sacrifice alone would have cost Lin Tianhao half his life.

Starry Sky Administration, in the virtual world.

A live video feed was playing on the screen ahead. "This is the battle of the Alet Galaxy's attack on the Milky Way. The battle has been going on for over a month now, and I think everyone has formed their own judgment."

"Now, the market is opening, you can come and place your bets."

In front of the light curtain, a translucent woman was explaining.

"The Galaxy World is in a ten-year defense war. For those who can hold out for ten years, the odds are fifty to one. For those who can hold out for five years, the odds are twenty to one. For one year, the odds are two to one. For less than a year, the odds are 1.2 to one."

From the depths of the starry sky, people from different worlds are watching.

"How do you think we should bet?"

"I think that with the Snow Emperor in this Galaxy World, defending it for a year shouldn't be a problem."

"I can't tell the level of that stone tablet, but I'm guessing it's a Half-Step Source God-level treasure. Even a treasure like that couldn't do anything to the Snow Empress, which shows how powerful she is."

"Having said that, the supplies in the Galaxy World are not enough. Have you checked the supply situation in the Alet Galaxy?"

"Indeed, fewer people died in the Galaxy World. In places like the Alite Galaxy, the soldiers were all produced on an assembly line."

"They can mass-produce soldiers, but the Galaxy World can only recruit soldiers from the barracks, and the number is limited."

.....

There were many people discussing it, and many were hesitant.

There are many places like this for betting in the Starry Sky Administration.

"It's hard to judge the outcome of a fight between these small worlds. I think you could go and take a look at the individual arena."

"Today is the day when the Barbarian King's genius challenges for a thousand wins. The personal arena will probably send out an incredible warrior to compete with him."

.....

It's not just the Starry Sky Administration.

Holy area.

The All Saints Chamber of Commerce also opened the odds and began to let people bet on the outcome of the defense battle of the Galaxy World.

at this time.

In a corner of the All Saints Chamber of Commerce, a young man looked up at Lin Tianhao, who was constantly switching positions to kill the soldiers of the Alet Galaxy in the video, with a complicated look in his eyes.

"You've already done a lot for the Galaxy World. Now, you should prepare to practice in the Transcendental Pool."

"With your talent, practicing well is the right way."

Hear the words.

The Lord of Luotian stood up and bowed, "Yes, Master."

"Xuedi is not bad, but unfortunately, I can't see through him."

"Some people say that the catastrophe in the Galaxy World and the Alite Galaxy was caused by someone who wanted to cultivate the Snow Emperor."

After hearing this, Lord Luo Tian's expression became extremely solemn.

"Master, if that's the case, do you know who can be so generous?"

The middle-aged man shook his head. "Does it make sense?"

"This kind of thing has nothing to do with us."

"In this divine realm, and with the endless starry sky, how many people die every day?"

"It's estimated to be larger than the total population of the Arlet Galaxy and the Milky Way World combined."

"These things are not our business."

Lord Luo Tian fell silent. He had been in the Divine Realm for some time, and he also knew that it was common for some powerful people to slaughter billions of lives and even destroy a small world in order to improve their realm.

"But Master, that is my home after all."

"Home is where there are people. I, your master, am in the Divine Realm, and your father is also in the Divine Realm. The Divine Realm is your home."

"You still have thoughts about the Galaxy World. Is it because of Fan Dian? Because of that woman?"

"Or is it because of Xuedi?"

The Lord of Luotian sighed, "All of them."

"But Master has already promised you that woman will protect Master. As for Xue Di, his situation is clear. No one would really want him dead unless it's absolutely necessary."

"And Fan Dian, where Fan Dian is, isn't it up to you and your father to decide?"

The Lord of Luotian was silent for a while before he said:

"Master, you also said that a tree that stands out in the forest will be destroyed by the wind."

"What Xue Di is showing now is really too dazzling."

"Some want to win him over, while others want to kill him. After all, no one wants to see a super-powerful person grow up in the hostile forces."

The middle-aged man frowned slightly, "Master has already promised you to protect that woman, you shouldn't ask for more."

"Xuedi's situation is really too special."

The Lord of Luotian took a deep breath and said:

"Master, I understand what you said."

"Let's go to the Transformation Pool..." said the middle-aged man.

"Master, wait a moment."

The Lord of Luo Tian came to the front of the Wansheng Chamber of Commerce and said:

"I'm betting one million enlightenment points on victory in the Galaxy World Defense War."

Hearing what Lord Luo Tian said, the woman in charge of registration was a little surprised.

Someone behind Lord Luo Tian couldn't help but give Lin Tianhao a thumbs up.

"Hahaha, brother, you're really courageous. What do you call this? Take a gamble and turn a bicycle into a motorcycle!!"

The Lord of Luotian smiled, said nothing more, placed his bet, and prepared to leave.

"Place a bet on me, too. Ten million Enlightenment Points."
