

O games 1921

Chapter 1921 I want to give an explanation to the dead!

"I asked you to come here this time, Xue Di, just to ask if you have any ideas?"

Everyone's eyes were focused on Lin Tianhao.

"There really isn't any good solution."

"In that case, then give up."

The US commander-in-chief spoke in a deep voice, "In the current situation, exchanging so many Lord Hearts for them will have a huge impact on our subsequent defense arrangements."

"The adventurers of Blue Star are watching us now. If we abandon these meritorious individuals who have contributed so much to the defense, we may risk losing morale!"

The commander-in-chief of the Xiong Kingdom spoke in a deep voice.

The US commander-in-chief shook his head and said:

"If we could save them, we would definitely save them, but the problem now is that we can't."

"We can't really hand over the Lord's Heart. It's the foundation of our defense against those guys in the Alete Galaxy."

"We can try to negotiate." Lin Tianhao said lightly.

"Offering something in exchange is unrealistic in itself. Those guys in the Alete Galaxy have plenty of ways to cripple our men."

"Where are they? I'll go talk to them."

"They're at the edge of the solar system."

Xuan Mingyang spoke in a deep voice, "I think they might be trying to lure the snake out of its hole. Their position is too delicate, and it seems they are targeting you."

Lin Tianhao frowned. At the edge of the solar system, he had the Starry Sky Step, which allowed him to take nine steps in a row and cross nine planets.

in this way.

He could have escaped unscathed, but the mysterious stele could even restrict his Starry Sky Step. If those guys from the Alet Galaxy really set up an ambush at the edge of the solar system and used the mysterious stele to restrict his movements, it would indeed be a bit troublesome for him.

"I'll go." At this moment.

Someone next to Xuan Mingyang took the initiative to stand up.

"Xuedi is our pillar. You must not put yourself in danger."

"I used to be a diplomat, so it's my responsibility to go."

Lin Tianhao shook his head and said:

"What if those guys in the Alete system don't follow the rules and capture you?"

"Isn't this good?"

The diplomat smiled. "If those guys from the Alete Galaxy capture me, it means they have no intention of negotiating. We can definitely resort to war."

"In this way, we won't lose the people's support."

Lin Tianhao frowned slightly and shook his head:

"Your idea is good, but this won't work. I'll go."

Lin Tianhao spoke calmly.

He has a second clone, and this kind of thing can be done by the second clone.

"I'll go and give it a try through negotiation."

Lin Tianhao took a step forward and disappeared.

Xuan Mingyang immediately gave the order.

"The order has been passed down. All adventurers enter level one combat readiness. If a battle occurs, provide support immediately."

The boundary of the solar system.

Lin Tianhao ordered his second clone to come here, while he himself observed the situation from a distance.

"Xuedi, you are not afraid of death. You actually came here in person just for these shrimp soldiers and crab generals."

Seeing Lin Tianhao coming, Gu Limu Changqing walked out with a smile.

The words fell.

Gu Limu Changqing waved his hand, and an adventurer appeared beside him.

Lin Tianhao frowned slightly. This adventurer didn't seem very powerful, and he had never heard of him before.

"Turn on the live broadcast." said Gu Limu Changqing.

The adventurer started the live broadcast without hesitation.

"Xuedi, let all the adventurers on Blue Star see how you negotiate with us. Is there any problem?"

Lin Tianhao frowned slightly. What they said sounded high-sounding, but what they wanted to do was obvious.

He just wanted to let everyone see how he gave up those thirty Blue Star heroes!

This is a conspiracy!

From the moment they proposed to exchange ten thousand lords' hearts for one person, they knew that the countries on Blue Star would not agree to such a request.

Lin Tianhao frowned and said calmly, "You asked us to exchange 10,000 Lord's Hearts for one person, but we don't even have a thousand Lord's Hearts for one line of defense."

"Your request is equivalent to asking us to give up the defense line of three hundred spatial rifts. This is impossible."

Lin Tianhao's voice had just fallen.

Gu Limu Changqing said coldly:

"You should still have a reserve of Lord's Hearts. Don't tell me you don't even have a reserve of 300,000 Lord's Hearts."

Lin Tianhao shook his head. "The strategic reserve is our secret, but your request is like asking us to destroy our own walls."

"If you do what I want, can I also capture some masters from your Arlett Galaxy and use them to threaten you?"

"One of the gods from your Gulimu family is still on my Conferred God List. How about I use him in exchange for these thirty people?"

"That Gu Limu Blackheart Dragon should be an ancestor of your Gu Limu family. You shouldn't just sit back and watch."

Gu Limu Changqing frowned slightly and gave Lin Tianhao a playful smile.

"Xuedi, since we from the Alet Galaxy have chosen to come here, we are not afraid of sacrifice."

"Blackheart Dragon is not my elder. In fact, he should be considered my junior. It is his honor to sacrifice himself for the great cause of the Alet Galaxy."

Lin Tianhao smiled noncommittally, "So, you think that all the adventurers from Blue Star are cowards?"

"Your gods from the Arlet Galaxy are willing to sacrifice themselves, but our adventurers from Blue Star don't dare to fight?"

Gu Limu Changqing shook his head and said:

"So, according to you, are you planning to abandon your Blue Star's meritorious officials?"

"That's right, this is in line with your style, Xue Di."

"For the sake of profit, you can sacrifice anyone around you. Besides, these thirty adventurers don't have a good relationship with you."

Hearing Gu Limu Changqing's words, Lin Tianhao said coldly:

"Do you know how many adventurers have died on our Blue Star during this period?"

"Twenty million!!"

"If I agree today, if the Blue Star Alliance agrees today, then will the 20 million adventurers who died rest in peace?"

"From the moment we decided to fight this war, we anticipated that many people would die. Twenty million is probably just the beginning. Another two hundred million, or even two billion, could die later."

"And with the support of Ragnarok's army, how many of them died?"

"I have to be responsible for the living, and I have to give an explanation to the dead."

The words fell.

Lin Tianhao activated his three heads and six arms.

"I know that if you can't reach an agreement this time, you will definitely attack me, but I still came!"

"Because, you want to kill me, and I also want to kill you to vent my anger!!"

Gu Limu Changqing chuckled and nodded, "You are quite self-aware. Let those adventurers from Blue Star watch in this live broadcast how their faith is shattered by us."

Chapter 1922 The mysterious stone tablet is obtained!

Lin Tianhao's eyes were cold, with a hint of coldness in them.

"Okay, if you want to fight, then let's fight!!"

Arrows poured out.

The nine-eyed golden toad appeared immediately.

"Ninth Eye, Sacrifice Life!"

It's this disgusting method again.

at the same time.

The mysterious stone tablet also fell from the sky and enveloped Lin Tianhao.

"Is it still the same old trick?"

Lin Tianhao snorted coldly and immediately retreated.

of course.

At this time, Lin Tianhao has always been his second clone.

The real Lin Tianhao is ready to take action.

"Time paused!!"

This was an effort that Lin Tianhao had planned long ago. His time pause was useless against Xiu Moxu Qing Wang who was holding the mysterious stone tablet, but it might not be useless to others.

One second.

This is enough for Lin Tianhao to do a lot of things.

The first is the Nine-Eyed Golden Toad. His Nine-Eyed Life Sacrifice is too difficult to deal with, and Lin Tianhao cannot let the Nine-Eyed Golden Toad live.

In just 0.2 seconds, the Nine-Eyed Golden Toad was killed by Lin Tianhao.

"Ding, congratulations! You've successfully killed the Nine-Eyed Golden Toad. Rewards: +1 Grandmaster-level suit for this class, +3 skill books for this class, +2 magical powers for this class, and +100 million free attribute points."

"Ding, congratulations, you've successfully killed the Nine-Eyed Golden Toad. A server-wide announcement will be made soon. Do you want to hide your name?"

"no."

"Server-wide announcement: Congratulations to player Xue Di for successfully killing the Nine-Eyed Golden Toad. We are announcing this and hope all adventurers will keep up the good work!"

.....

This server-wide announcement had just sounded when a second, brand-new server-wide announcement sounded.

"Server-wide announcement: Congratulations to player Xue Di for successfully killing the Nine-Eyed Golden Toad. We are announcing this and hope all adventurers will keep up the good work!"

.....

When this second server-wide announcement sounded, when they were killed, Lin Tianhao immediately sent them to the List of Gods.

only.

When Lin Tianhao was about to kill Tris Tafeng, time was running out.

But even so, Lin Tianhao still severely injured Tris Tafeng in an instant.

But this was within Lin Tianhao's expectation.

The moment he realized that he couldn't kill the enemy instantly, Lin Tianhao used the Heavenly Thunder and the Poison Vision without hesitation: Full House!

at the same time.

Lin Tianhao no longer wanted to fight and turned around and ran away.

Time was paused for so many people at the same time, and Lin Tianhao's health bar dropped by one third.

He needed to go back and enlighten Gu Limu Changqing and Nine-Eyed Golden Toad in order to restore some of his health.

Also.

His second clone suffered a life-sacrificing attack and also needed to recuperate for a while.

As for Tris Tafeng, under the current circumstances, Lin Tianhao is not in the mood to put Tris Tafeng on the list of gods.

"Go away!"

At this moment.

An extremely furious voice sounded.

But before he could catch up, the sky and the earth suddenly exploded.

In an instant, the sky collapsed and the earth cracked, as if everything was destroyed in this instant.

The one who made the move was none other than the owner of a super god-level hidden profession: Kui Wei Changtian!!

This is one of Kui Wei Changtian's trump cards: Equality for All!!

Since Lin Tianhao is planning to use his time pause, he naturally has to consider how to get out of this situation safely.

And the equality of all beings is a good choice.

"Ding, congratulations! You've successfully killed Tris Tafeng. Rewards: +1 Grandmaster-level suit for this class, +3 skill books for this class, +2 magical powers for this class, and +100 million free attribute points."

"Ding, congratulations, you've successfully killed Tris Tafeng. A server-wide announcement will be made soon. Do you want to hide your name?"

"no."

"Server-wide announcement: Congratulations to player Xue Di for successfully killing Tris Tafeng. We are announcing this and hope all adventurers will keep up the good work!"

.....

Lin Tianhao raised the corner of his mouth. It seemed that Tris Tafeng, who was in a low health state, was killed by the divine thunder of heaven and the equal damage of all living beings.

This can be described as an unexpected surprise.

It's a pity that I was a little slow, otherwise it would have been great to kill Tris Tafeng together.

"Om-"

Just now.

A loud noise came from the mountain and sea map.

"Can't you get stuck?"

Lin Tianhao frowned.

The reason why it took some time to kill Tris Tafeng was because Lin Tianhao took away the mysterious stone tablet in the middle.

To be sure.

Lin Tianhao put it into the map of mountains and seas, and then asked Hei Tianaozhen to put it into the ancient black tower.

This is enough?

No, that's not enough!!

Lin Tianhao also asked Hei Tianao to put the ancient black tower into the magic talisman building of Qingya Guisha.

With multiple forces suppressing him together, he was determined to suppress this mysterious stone tablet.

"The resistance is quite fierce, but it can be suppressed for now."

Heitian Aozhen's voice sounded.

"I come."

Lin Tianhao didn't care about anything else. He used the Starry Sky Step and quickly returned to the Blue Star, the Fan Palace.

Then Lin Tianhao rushed into the ancient black tower with a carving knife.

Without any hesitation, Lin Tianhao raised the carving knife and chopped at the mysterious stone tablet.

Light flowed on the mysterious stone tablet, blocking Lin Tianhao's knife.

Lin Tianhao remained unmoved and continued to attack. This mysterious stone tablet was indeed powerful, but after all, no one was controlling it now.

The carving knife in Lin Tianhao's hand is not an ordinary thing.

really.

Under Lin Tianhao's crazy attack with the carving knife, the brilliance on the stone tablet began to shatter.

"Are you still struggling?" Lin Tianhao asked coldly.

The stone tablet fell silent, without any response.

"Don't play dead. When I used my luck to attack you before, you ran away. This shows that you are intelligent. Come out and talk."

The mysterious stone tablet did not respond, and Lin Tianhao did not waste any words and raised the carving knife in his hand again.

"stop!!"

At this moment, an old voice sounded in Lin Tianhao's mind.

"What do you want to talk to me about?" asked the mysterious stone tablet.

"What kind of treasure are you? Who is your owner?" Lin Tianhao asked.

"I was originally a tombstone in the Daoyuan Ancient Land, but was dug out by a young man. That young man is my current master: the God of Clustering Heavenly Source."

"You may not have heard of this name, but he is the one from the Arlate Galaxy. Do you understand?"

Lin Tianhao nodded, "Then he is unethical and actually took you out."

"You...how can you be so shameless? The Source of Dao God didn't even give you special treatment. He was giving it to you openly. Otherwise, how could you have grown to this level in just five years?"

Lin Tianhao smiled without comment and said:

"Then do you know who I am?"

"You are the Snow Emperor, very famous. Everyone on Blue Star knows you, and many people in our Alite Galaxy also know you."

Lin Tianhao shook his head and said:

"I'm not asking about my current identity as the Snow Emperor. I'm asking about my past identity."

"once?"

"A mere mortal, Lin Tianhao?" The stone tablet didn't know whether it was really confused or pretending to be confused, and it didn't answer the point that Lin Tianhao wanted to hear at all.

Chapter 1923: Against Zhang Chutianyuan God!

"You know, this is not what I want to hear." Lin Tianhao said lightly.

"I heard that the one from our Galaxy World is more powerful than the one from your Alate Galaxy. So why did you invade us?"

"Some things can't be determined by strength. Just like in our Alite Galaxy, there are many Heavenly Dao Saints. Any one of them can kill you and leave you in disarray."

Lin Tianhao shook his head and said seriously:

"What you said is not what I want to hear. You should know what I want to hear."

Hear this.

The mysterious stone tablet was silent for a few breaths, and then slowly said:

"You are indeed somewhat special. Not only you, but many powerful beings have speculated about your identity. Some have suspected that you are the reincarnation of the Source of Dao God, while others suspect that you are the reincarnation of a peerless powerful being. Some even suspect that you are the descendant of an ancient family."

"But everything has no basis, it's just speculation."

"However, more people still believe that it is because the Source of Dao God does not want the Galaxy World to be destroyed, so he deliberately cultivated you."

Lin Tianhao frowned slightly, "You really don't know my identity?"

"do not know."

"It's not surprising that you would suspect that you have a special identity."

"Then are you willing to recognize me as your master?" Lin Tianhao changed the question.

Because he also realized that this mysterious stone tablet was most likely unknown.

And even if it knew, it probably wouldn't tell.

"Xuedi, since you know who my master is, you should understand that no matter what the outcome of this war between the Galaxy World and the Alite Galaxy is, I will never recognize you as my master."

"The worst-case scenario is that my master will take me back ten years from now."

Lin Tianhao picked up the carving knife and said lightly:

"ten years?"

"Do you think you can hold out for ten years in my hands?"

Seeing Lin Tianhao like this, the mysterious stone tablet fell silent.

After a while.

It then said:

"If you don't use the power of destiny, with your strength, even with a carving knife in hand, it would be difficult to threaten me."

"And using the power of luck is not worth it. Your human race's luck is not high to begin with. If you squander it recklessly, the subsequent battles will be even more troublesome."

That's it.

The mysterious stone tablet paused for a moment before continuing:

"Besides, if you destroy me, my master will never let it go."

"Originally, the war between the Galaxy World and the Alite Galaxy was just a minor skirmish, but if someone goes too far, the conflict will escalate..."

"Pull-"

Before the mysterious stone tablet finished its words, Lin Tianhao had already moved with the carving knife in his hand.

The carving knife only left a tiny white mark on the mysterious stone tablet, without damaging its essence.

"How dare you!!"

Lin Tianhao's sudden move really shocked the mysterious stone tablet.

"Tell me, what is the ultimate pursuit of a person's life?"

"In the past, ordinary people pursued wealth and power, but now those who can practice cultivation pursue higher powers and better skills."

“But what is the ultimate purpose of pursuing these things?”

"Isn't it for your own good?"

"Like me, if I want to be safe, I can leave the Galaxy World and find a top expert to become their disciple."

That's it.

Lin Tianhao showed a playful smile on his face, waved the carving knife, and looked at the mysterious stone tablet in front of him with a smile.

"You...are looking for death!"

The mysterious stone tablet roared, "Have you ever thought about how much disaster it would bring to your galaxy world if you attacked me?!"

Lin Tianhao smiled without comment and said:

"You are made of stone, it shouldn't hurt."

The words fell.

The carving knife in Lin Tianhao's hand fell again.

On the mysterious stone tablet, light flickered and began to resist Lin Tianhao's carving knife.

Lin Tianhao didn't care, the carving knife in his hand had already left an afterimage.

"Xuedi, you have to think clearly. We don't have any deep hatred. If you destroy me, it is equivalent to destroying the Galaxy World."

"Your Galaxy World still has a chance now. Don't let your own slip of thought destroy the Galaxy World!!"

The voice of the mysterious stone tablet sounded a little anxious.

It was originally certain that Lin Tianhao would not attack it.

But it turned out to be too naive.

Lin Tianhao is truly... a jerk!!

So unreasonable!!

"Well, I'll give you a chance. As long as your Alate Galaxy gives up attacking the Galaxy World, I will let you go back." Lin Tianhao said.

Hearing Lin Tianhao's words, the mysterious stone tablet rejected it without even thinking:

"Xuedi, you know this is impossible."

"The war between the Arlet Galaxy and the Milky Way World is not as simple as you think. Now that the war has begun, it will not end easily."

Lin Tianhao chuckled, "So, you don't have much status in the Alet Galaxy. At least, in the eyes of that God of the Source of the Sky, you are dispensable."

"If you are truly valuable, he should give up attacking the Galaxy World."

"You don't need to sow discord." The mysterious stone tablet said coldly.

"I know my own worth, but compared to the worth of the galaxy world, I am nothing."

Lin Tianhao was talking to the mysterious stone tablet, but the carving knife in his hand never stopped.

The carving knife in his hand turned into an afterimage, and he attacked the mysterious stone tablet frantically.

The light of the mysterious stone tablet is getting weaker and weaker. At this rate, it won't be long before the light completely dissipates.

"That's enough, Xuedi!!"

"What on earth do you want!"

This voice was not from the mysterious stone tablet, but rather sounded a bit like the voice of the...Chu Tianyuan God from the Alet Galaxy.

"The God of Chutianyuan?" Lin Tianhao asked.

"It's me. Set the conditions. You should know that giving up the attack on the Galaxy World is impossible."

Lin Tianhao was also a little surprised. He didn't expect that the God Chu Tianyuan would actually take action personally.

"Answer me some questions and promise not to use this stone tablet against the Galaxy World in the future." Lin Tianhao said.

The God of the Source of Heaven thought for a while and said:

"I can promise, but I can't guarantee to answer all your questions."

Lin Tianhao hesitated for a moment and asked:

"Why did you attack the Galaxy World?"

"Follow orders."

The answer from Chu Tianyuan God surprised Lin Tianhao again.

"You are already the strongest in the Arlet Galaxy. Who can order you around?"

"Could it be... someone from the Divine Realm?"

"I can't answer that. Have you ever seen anyone betray their leader when something bad happened? If I tell you, my good days won't be far away."

Lin Tianhao frowned and asked, "Who is stronger, you or the Source of Dao?"

"That's bullshit. In the Source God Realm, the entire endless starry sky plus the divine realm, there are only a few who can fight against the Source God of Tao."

"Besides, only those at the Source God level can fight and defeat him. I don't know who has this ability."

Chapter 1924: One-year ceasefire!

Lin Tianhao pondered for a moment, feeling a little heavy-hearted.

"So, the Source God of Dao is also acting on orders?"

"Correct."

The God of the Source of the Heavens replied with certainty, "I only know a little bit about the specifics of this, not much. If you ask, I can tell you what I can, but I have no way of telling you what I cannot tell you."

Lin Tianhao frowned, "That's not much to say."

"This little bit of information is not enough."

"For half a year, we in the Alet Galaxy will suspend our offensive for half a year to give you time to develop."

"One year." Lin Tianhao said.

"make a deal."

Chu Tianyuan God didn't waste any time and agreed directly.

Lin Tianhao didn't expect that the other party would agree so readily.

"In your opinion, one year or half a year is about the same."

"Because in your opinion, defeating us is just a matter of one decisive battle."

After hearing Lin Tianhao's words, Chu Tianyuan God did not answer, but controlled the stone tablet and broke away from Lin Tianhao's control.

Lin Tianhao came out of the mountain and sea map and immediately passed the information of a one-year ceasefire to Xuan Mingyang and others.

After learning the news of the one-year ceasefire, Xuan Mingyang was also very excited.

"Announcement to all servers: Due to negotiations between the Snow Empress and the God of the Source of Heaven, starting today, a one-year ceasefire will be declared between the Alite Galaxy and the Galaxy World. We hereby announce this and hope that all adventurers in the Galaxy World will improve themselves and increase their strength as much as possible!!"

.....

A server-wide announcement sounded. This was not issued by Lin Tianhao, but by Ragnarok himself.

"Ding, congratulations! Since you've reached a one-year ceasefire agreement with the Alet Galaxy, you'll be rewarded with +10 Enlightenment Totem Poles and +5 million Free Attribute Points."

Lin Tianhao was slightly stunned. This reward was a bit too generous.

And at this time.

Adventurers all over the Blue Star became extremely excited.

"Fuck, it has to be Boss Xuedi. How on earth did he do it? He actually bought us a year of development time."

"It's really unbelievable. Boss Xuedi killed so many powerful people from the Alet Galaxy, but I didn't expect that they could still negotiate peace."

"Only one year is too short after all. It would be great if I could end this battle. I also want to become a god, travel to the divine realm, or adventure into the endless starry sky."

"Taking a risk? I think you're just going to die. From what I've learned from some secret realms, the gods in the Endless Starry Sky and the Divine Realm are just cannon fodder."

.....

Everyone was very excited. After all, the adventurers had suffered heavy losses in the previous battles.

If a temporary ceasefire can be achieved, it will definitely be good news for them.

As for why Lin Tianhao did not trade with those thirty top adventurers.

This is because the thirty top adventurers are all in the hands of Gu Limu Changqing.

And Gu Limu Changqing has been put on the list of gods by Lin Tianhao.

"Let the person go."

Lin Tianhao summoned Gu Limu Changqing and asked him to release the people.

Gu Limu Changqing had already pledged allegiance to Lin Tianhao at this time, so naturally he did not hesitate at all and directly released the person from the Rubik's Cube.

"very good."

Lin Tianhao discovered.

It seems that these thirty people have not been abandoned, which is a pleasant surprise.

Take back your thoughts.

Lin Tianhao traded his ten enlightenment totem poles to Xuan Mingyang and asked Xuan Mingyang to disperse them.

After doing all this, Lin Tianhao entered the ancient tomb again.

One year! !

This time is extremely important to Lin Tianhao.

Returning to the deep stairs again, Lin Tianhao had already walked up three steps.

There are many steps below.

Lin Tianhao's intuition told him that if he continued on this path, he would definitely reap unexpected rewards.

at last.

Lin Tianhao came to the fourth step.

Same as before.

Lin Tianhao was once again pulled into a perspective that was full of chaos.

In this chaotic fog, there are human figures with their eyes closed, as if they are sleeping.

“Finally succeeded.”

A somewhat joyful voice sounded.

"Who should be the next to create the world?"

.....

[Xiaoyu] seemed to start thinking, and it took a long time.

He made the decision.

"Just you."

"The great way of strength is very suitable for creating the world."

.....

then.

From a God's perspective, Lin Tianhao saw the fight between three thousand gods and demons, and saw the great god Pangu create the world with his own strength.

These scenes, a bit like slides, kept switching in Lin Tianhao's sight.

It was unknown how long it took before Lin Tianhao's perspective returned to his original form.

"Keep devouring."

Lin Tianhao knew something about the myths and legends of the Dragon Kingdom.

After the chaotic period, it entered the primitive period.

The ancient times was an era when gods and spirits roamed everywhere.

but.

In the ancient times, the position of saints was fixed, and it was almost impossible for ordinary people to achieve the status of saints.

"Who are you?!"

The moment Lin Tianhao stepped onto the fifth step, an angry shout was heard.

The voice was still [Xiaoyu]'s, but this time, there was a hint of panic in [Xiaoyu's] voice.

"Me? Of course I'm here to replace you. Why are you, the people of an ancient family, born with unlimited resources and the ability to own the main world that others only dream of?!"

A hoarse, sharp voice filled with resentment sounded.

"Don't come over here. If I die, my father will not let you go."

"You will definitely die!!"

"threaten me?"

The hoarse, resentful voice had a hint of coldness.

"I may disappoint you, but I can steal your memory and transform into your appearance. Then, I will be you!!"

"no no....."

"You can't pretend, my father will definitely find out..."

This time the scene was very short. After Xiaoyu's last voice fell, the scene ended and his perspective was pulled back to reality.

But this time.

Lin Tianhao's expression became extremely solemn.

This was the first time Lin Tianhao felt a little panic.

[Xiao Yu] is already able to create three thousand gods and demons, which means that [Xiao Yu] at this time should be extremely powerful.

However, it is not difficult to judge from the conversation between [Xiaoyu] and the other party that the other party is much stronger than [Xiaoyu].

of course.

It is also possible that [Xiao Yu] created three thousand gods and demons, which consumed too much energy, which led to him being no match for the person with the resentful voice.

Thinking like this.

Lin Tianhao became more anxious.

He was eager to know what else he could see on the steps behind.

[Xiaoyu], has he been killed?

If [Xiao Yu] has been killed, then who is the Source of Tao now?

During the conversation, the owner of the resentful voice mentioned that he could replace [Xiao Yu], so... who is the owner of the resentful voice and who is the current God of the Source of Tao?

Lin Tianhao was not sure. If he wanted to know the answer, he had to keep going.

at last.

Lin Tianhao absorbed the original power of space and time in front of him and could take another step forward.

Chapter 1925 Is he really his biological son?

Go one step further.

When Lin Tianhao reached the sixth step.

His perspective was filled with endless darkness. He could not see any light, nor could he sense anything around him.

The surroundings were terribly quiet, and Lin Tianhao couldn't even hear the most basic breathing sounds.

This... Is [Xiaoyu] already dead?

Lin Tianhao felt a little uneasy, but before he could think more, his consciousness was pulled back to reality.

Did the owner of that resentful voice succeed?

Lin Tianhao didn't know.

He still swallowed as much as he could and then walked forward.

Next.

Lin Tianhao continued to step onto new levels, but all he could see was endless darkness.

eighteen.....

nineteen.....

.....

Thirty-one...

Thirty-two...

Darkness, still darkness.

Lin Tianhao no longer had any hope in his heart.

Judging from the dark perspective of these steps, [Xiaoyu] may really be dead.

He completely fell!

however.

Just as Lin Tianhao was thinking this, a turning point occurred at the 33rd step.

A light appeared in Lin Tianhao's sight.

Followed by.

It was a long-lost voice.

"you lose."

The voice belonged to Xiaoyu. His voice was extremely calm, and there was even a hint of relief.

Lin Tianhao was slightly startled. According to the situation of the first few steps, each step took a long time.

The current situation was somewhat beyond Lin Tianhao's expectations.

"Alas, I still can't stand up to you, the children of aristocratic families. If you had less good things on you, I wouldn't lose this game."

"The one who loses is you." Xiaoyu said indifferently, "For a casual cultivator like you to be able to cultivate to this level is truly commendable."

"Acknowledge me as your master, and I will help you break through the realm of the Source God."

The owner of the resentful voice was silent for a long time, and then said:

"You can devour me, so that you can maximize your gains and subjugate me. With your prominent status, you don't need a subordinate like me."

Xiaoyu shook her head and said:

"I need it, because I have something to do, and someone needs to be here to watch over me. Not only to watch over the world, but also to watch over you."

Hearing Xiaoyu's words, the owner of the resentful voice instantly realized something.

"You want me to pretend to be you and attract attention here."

"Ah."

"Take care of my world by the way." said [Xiaoyu].

The owner of the resentful voice hesitated for a moment, then finally nodded and said:

"it is good."

From Lin Tianhao's perspective, the owner of the resentful voice walked out of the darkness.

He was a young man covered in inscriptions, filled with resentment and emitting a terrifying aura.

[Xiaoyu] stretched out a slender hand and pressed it on the young man's head.

A grayish-white inscription appeared above the young man's head.

.....

The screen ends.

Lin Tianhao had a strange look on his face. Xiaoyu had won, but he didn't know who the Source of Tao in the Galaxy World was now.

Lin Tianhao continued to devour and move forward.

On the thirty-fourth step, Lin Tianhao saw endless brilliance falling.

"It's finally done."

"Congratulations, Master, for successfully entering the realm of Source God."

Lin Tianhao's eyes lit up.

"Next, I will help you enter the realm of the source god."

.....

At the thirty-fifth step, this resentful young man also entered the realm of Source God.

On the thirty-sixth step, [Xiaoyu] left.

then.....

Lin Tianhao looked forward again, and there were no more steps in front.

There are only thirty-six steps in total, but these thirty-six steps feel extremely long to Lin Tianhao.

at this time.

Lin Tianhao came to a tomb chamber. In the center of the tomb chamber, there was a faint golden light.

"I can actually see it?"

Lin Tianhao was a little surprised.

Because time and space are disordered here, he couldn't see some things in front of him before.

Or.

What you can see is very close.

but.

Here, Lin Tianhao can see the layout of the entire tomb clearly.

Lin Tianhao tried to swallow it again.

"Ding, you have absorbed the power of the origin of space. Your understanding of the origin of space is +5000, and your resistance to the origin of space is +5000..."

"Ding, you have absorbed the power of the origin of time. Your understanding of the origin of time +5000, your resistance to the origin of time +5000..."

.....

The attributes of Devouring Heaven and Devouring Earth have not been reduced, everything is normal.

"Could it be that the space here is normal?" Lin Tianhao thought secretly.

Thinking like this.

Lin Tianhao walked inside.

Lin Tianhao walked a hundred meters and didn't feel anything unusual.

Lin Tianhao continued to move forward until he reached the pale golden coffin, but he still didn't sense any problems.

"Strange, the power of space and time here has actually stabilized. This... is a bit too unbelievable."

"I don't find anything special about this tomb."

Heitian Aozhen's voice sounded.

Lin Tianhao frowned and said:

"It might be because of the coffin in the middle."

Now Lin Tianhao's understanding of the origin of space and the origin of time have reached very high levels.

Therefore he can see things that ordinary people cannot see.

"Space and time are still in chaos. Look at the end of the tomb. There is a passage in front of it. Time and space in the passage are still in chaos."

The Lord of the Nine Netherworlds also showed up.

"I once traveled through the starry sky and heard of some very terrifying beings. Wherever they passed, the power of Tao would return to normal, and places without Tao would also be restored to Tao."

"This coffin should have such an existence."

Lin Tianhao raised his hand and touched the light golden coffin. The next moment, light flashed above the coffin, and countless light golden runes gathered together to form a golden figure.

"You finally came."

The pale golden figure spoke softly. Lin Tianhao stared at the pale golden figure in front of him and spoke slowly.

"who are you?"

"You walked up the steps and saw my perspective, and you still don't know who I am?"

"Xiao Yu?"

"Well, to be precise, I am Lin Xiaoyu, the original owner of this world."

Lin Tianhao was shocked, "Then the current Source of Dao God, is he your subordinate?"

"Ah."

Lin Xiaoyu nodded gently and said, "I have been waiting for you here, because I know that one day you will definitely come here."

Lin Tianhao was surprised. "Senior's surname is Lin, and mine is Lin too. Is there any connection between us?"

"Ah."

Lin Xiaoyu nodded gently. "When I left the Galaxy World, I sensed that I was destined to face a catastrophe, so I left a seed behind."

"This seed, in your human understanding, can be said to be left behind."

Lin Tianhao's mouth twitched. He always felt that he was somewhat like the biological son of the God of the Source of Tao.

I didn't expect it to be true!

Chapter 1926 The innate Taoist fetus and Lin Xiaoyu!

"Am I that seed?"

Although Lin Tianhao already had such a guess in his mind, he still couldn't help but ask.

"No."

Lin Xiaoyu's answer was somewhat beyond Lin Tianhao's expectations.

"That seed was destroyed by my men, the one you see as the Source of Tao."

"After my death, the contract on him loosened. Therefore, he wanted to replace me, completely."

Lin Tianhao pointed at himself and asked:

"Then what kind of identity do I have that is worth you waiting for me here?" Lin Tianhao asked.

"My family is too powerful. That impostor underestimated my family. They enslaved that impostor again and used this Spacetime Origin Coffin as their Yin to extract fragments of my soul from different time fragments."

When Lin Tianhao heard this, he subconsciously took a step back.

"Did you guess it?"

Lin Xiaoyu looked at Lin Tianhao with a calm expression, without any ripples on her face.

"To reach the end of life, a soul alone is not enough."

"Therefore, my family searched for a very long time and finally found a congenital Dao fetus. If this congenital Dao fetus has sufficient resources, it can grow to an incredible level in a short period of time."

Lin Tianhao's hair stood on end. After hearing what Lin Xiaoyu said, the answer was obvious.

Lin Tianhao wanted to leave, but found that there was no way to go. The power of the origin of space and the power of the origin of time imprisoned him there, making him completely unable to move.

"I am the innate Taoist fetus?!" Lin Tianhao said.

Lin Xiaoyu nodded gently, "Yes, in order to make our compatibility even better, our spirits are actually already merging."

Hear this.

Lin Tianhao's face changed drastically, and he realized something in his heart.

"In Ragnarok, each talent I awakened is not mine. Those talents are all yours!!"

"And in the real world, the talent you awakened is the one that belongs to me, the innate Dao fetus, right?"

"Correct."

Lin Xiaoyu's answer remained calm. "You could have fought those guys in the Alite Galaxy to the death and continued to grow stronger."

"Finally, I took over your body again, but I never expected that something unexpected would happen. I discovered this place in advance and brought you here."

"Glasses?"

Lin Tianhao frowned. Was the glasses a sudden change?

"I don't believe what you said, including what I saw on the stairs. Everything was fake. Everything was done to fundamentally break my psychological defenses. You... must be an alien species from another domain, trying to take over my body."

The power in Lin Tianhao's body was running wildly, and the Heaven-Devouring and Earth-Swallowing Power was also being activated frantically.

"You don't want to believe it?"

"That's right. You've experienced some illusions, so it's understandable that you think these are all illusions."

That's it.

Lin Xiaoyu shook her head and said:

"But you are wrong about one thing. I don't intend to take over your body."

"Even though I'm trapped here, I still see the world from your perspective."

"I think it's cruel to destroy two small worlds to make me successful."

Lin Tianhao frowned, "Thank you very much, Senior. Could you please let me leave?"

Lin Tianhao used all his strength, but still couldn't break free from control.

"You shouldn't have told him that."

"This is the innate Dao fetus that Father prepared for you. It is your body."

Just now.

The voice from before sounded again.

Lin Tianhao instantly recognized the owner of the voice.

【Xiaoyu】's father!!

Lin Tianhao's face turned pale. He knew that if what Lin Xiaoyu had just said was true, it would be a disaster for him.

Lin Tianhao had doubted his own background before, but he had never thought about it.

It turned out that he was just a body cultivated by someone else in order to help another person resurrect.

"Father."

Lin Xiaoyu's voice became a little firmer.

"forget it."

"never mind?"

"Your talent has already been merged with him, so why not now?"

The middle-aged man's voice was filled with anger. "Who made who successful?!"

"Father, I'm about to remarry. If my mind is not stable, it will cause big problems."

Lin Tianhao listened to their words but was not moved.

He always felt that it was all an illusion and he had been deceived.

The contents of those thirty-six steps were fake. Everything that Lin Xiaoyu and the middle-aged man in front of him told him was fake.

after all.

If what they said was true, it would be too unbelievable.

Lin Tianhao would rather believe that they are some kind of alien species in the starry sky, and their purpose is to kill him or gain benefits from him.

"Think it over carefully!" The anger in the middle-aged man's voice rose significantly.

"I've thought it through."

"I've been watching Lin Tianhao grow up, and I've been thinking about it."

"Every innate Dao fetus has its own unique meaning in their existence."

"I always believe that they should not be possessed or replaced. They have their own unique lives."

That's it.

Lin Xiaoyu paused for a moment before continuing:

"As for my talents, just give them to me. I don't care. Without these powerful talents, perhaps I wouldn't have so many ideas."

The middle-aged man hesitated to speak, and finally just sighed heavily.

Subsequently.

He waved his hand and looked at Lin Tianhao:

"You're such a bargain, kid."

"Remember, you have the talent of my son Lin Xiaoyu. You have to bear this karma. In the future, if my son is in trouble, I hope you will not stand idly by."

After saying this.

The middle-aged man turned and left.

The moment the middle-aged man took Lin Xiaoyu and the coffin away, Lin Tianhao found that he was teleported back to the snowy world.

The ancient tomb in front of him has disappeared.

Lin Tianhao revealed his life story, but he couldn't find the location of the ancient tomb at all.

"The ancient tomb is gone."

Lin Tianhao contacted Yan Jing immediately.

"How much do you know about this ancient tomb? This tomb may be more difficult to solve than we imagined."

Lin Tianhao stood in the snow with a very serious expression.

He couldn't find the ancient tomb, and the double confinement of the original power of time and the original power of space made Lin Tianhao feel incredible.

He was completely unable to break free from the restraining power of the two forces.

"Brother Hao, I don't know much. It's just the professional guidance of a tomb raider." The answer from the man with glasses was not the answer Lin Tianhao wanted.

Lin Xiaoyu said before that the glasses were the cause of the accident.

But since the current God of the Source of Tao, and even the God of the Source of the Sky in the Alet Galaxy, are all members of Lin Xiaoyu's family.

How could they... allow such a change to occur in the galactic world?

Or maybe it was Lin Tianhao's initial guess that all the information in the ancient tomb was false and was used to confuse him!

Chapter 1927 The three-year period has arrived!

Lin Tianhao himself can't explain the ins and outs of this now.

But in Lin Tianhao's heart, he still didn't want to believe that what he saw in the ancient tomb was the truth.

The current Dao Source God is just a servant of the Lin Xiaoyu family, and he is the innate Dao fetus...

The war between the Galaxy World and the Alite Galaxy was all about cultivating this Dao Fetus and letting Lin Xiaoyu take over...

These.....

It's all a bit too crazy.

Lin Tianhao looked up at the sky. If that was true, and Lin Xiaoyu refused to devour him, then would the war between the Alate Galaxy and the Milky Way World be over?

however.

There doesn't seem to be any announcement.

Again.

Lin Tianhao felt that Lin Xiaoyu had given all of her talents to him, and neither he nor his father had any reason to let go of this body so easily.

The answer is no!!

therefore.

Lin Tianhao would rather believe that the scenes and things he saw in the ancient tomb were all fake.

As for why the other party only restrained himself and did not actually take action.

That is most likely because... the other party is stronger than himself and has reached the realm of eternity, or even a higher realm.

However, because there are powerful people outside the galaxy world paying attention, those who take action dare not be too arrogant.

It is undeniable.

Lin Tianhao felt that his current speculation was entirely possible.

Anyway, no matter what, Lin Tianhao didn't believe the information that Lin Xiaoyu revealed to him.

Take back your thoughts.

Lin Tianhao returned to Blue Star.

This time.

Lin Tianhao changed his position and dived down at an extremely fast speed.

finally.

Lin Tianhao finally arrived at the area where the monsters were crowded together.

"It seems that there are monsters like this under the entire Blue Star."

Lin Tianhao shuddered.

There are so many monsters, they are completely crowded together.

If all these monsters were placed on Blue Star, they could instantly fill up every piece of land on Blue Star, including the sea.

Lin Tianhao didn't quite understand why there were so many monsters sealed under the Blue Star, but this was no longer what Lin Tianhao was most concerned about.

After coming out of the ancient tomb, Lin Tianhao's understanding of the two original laws of time and space had reached a very terrifying level.

In addition, the enlightenment of the Heavenly Dao will continue to increase Lin Tianhao's understanding, which makes Lin Tianhao comprehend the laws of the origin of space faster and faster.

Lin Tianhao began to study the origin laws of space in this sealed area.

As time goes by, Lin Tianhao's level of the origin law of space is also steadily improving.

The eighth level of the Law Realm!!

The ninth level of the Law Realm!!

The tenth level of the Law Realm!!

.....

Like ordinary laws, Lin Tianhao's law of the origin of space also broke the basic limit of the ninth level.

Just don't know.

Can you break the limit of the twelfth floor?

Lin Tianhao didn't have to wait too long before he got the answer.

The limit of the twelfth floor has been broken!!

Lin Tianhao raised the corners of his mouth. After entering the thirteenth level of the law of the origin of space, Lin Tianhao felt that the world had become clearer.

The flow of space laws, and even the most basic operating rules of space, are not complicated things in Lin Tianhao's eyes.

before.

Lin Tianhao can feel the existence of space, but he cannot have a deep understanding of it.

But now it was different. Lin Tianhao could clearly feel the composition of the space.

Raise your hand and flip it.

Lin Tianhao took out the novice wooden sword, and the power of the origin of space surged out.

The next moment.

Strands of the majestic power of the origin of space began to transform the novice wooden sword.

"It's done!"

A smile appeared on Lin Tianhao's face. In less than an hour, Lin Tianhao had transformed the novice wooden sword into a storage equipment.

And the internal space exceeds one million cubic meters.

This area is naturally incomparable to some truly powerful storage equipment.

But this was made by Lin Tianhao in less than an hour, so it is still very valuable.

Lin Tianhao exited the sealed area and glanced at the time.

Only half a year has passed outside now.

There is still half a year until the truce ends.

The flow of time in the sealed place and the outside world is indeed much more stable.

In the past six months, the speed of time flowing in the sealed area and the outside world is exactly ten times different.

Half a year has passed outside, and Lin Tianhao has stayed in this sealed place for five years.

Returning to the sealed place, Lin Tianhao began to ponder his next choice.

The law of the origin of space has reached the thirteenth level, which is basically enough.

Next, should he consider comprehending the fundamental law of time?

After all, once the law of the origin of time is comprehended, it will be of the greatest help to Lin Tianhao.

especially.

Now when Lin Tianhao is fighting against the high-end combat forces of the Alet galaxy, he still relies on time suspension.

If he could infuse the law of the origin of time into time pause, would that mean that the divine skill of time pause could become even more powerful?

The previous time pause was ineffective against Xiu Moxu Qing Wang, which meant he lost both the wife and the army.

After a slight hesitation, Lin Tianhao changed the automatic enlightenment into the law of the origin of time.

Because Lin Tianhao has a foundation, and his understanding of the laws of the origin of time is indeed high.

therefore.

In less than three months, Lin Tianhao had comprehended the first level of the law of the origin of time.

Next the speed will be reduced a bit.

But it should not be underestimated.

After all, Lin Tianhao's enlightenment from the way of heaven is still continuously increasing Lin Tianhao's understanding.

Enlightenment takes no time.

unconsciously.

Five years have passed!

"The Law of the Origin of Time, the Seventh Level!"

Lin Tianhao frowned slightly. He was still a little dissatisfied with the progress.

His efficiency in understanding the laws of the origin of time is even slower than that of the laws of the origin of space.

"It's time to go out."

Lin Tianhao glanced at the monster below that he had just killed and resurrected, and his expression became more solemn.

In this sealed place for ten years, he has been continuously hunting these monsters in order to maximize his profits.

But the final result was that for ten years, no matter how Lin Tianhao killed them, they could be resurrected within three years.

The only good news is that these monsters show no signs of breaking the seal.

Return to the Mortal Palace.

Lin Tianhao opened Ragnarok and used it to learn about what had happened in the past year.

The army of the Alet Galaxy, or even individuals, never appeared on Blue Planet or Ragnarok again.

Just as if.

It was as if they had already left.

a year.

With the tragic sacrifices in the previous defense battles, the adventurers of Blue Star began to grow stronger like crazy, as if they had been injected with chicken blood.

Those who seek enlightenment seek enlightenment, while those who seek to kill monsters kill monsters.

The Blue Star Alliance is also running like a high-density machine.

"The one-year period has expired, and global war preparedness has begun!"

Chapter 1928 A new round of attack begins!

This is the most popular post on the forum.

One year has passed!!

The army from the Alete galaxy could arrive at any time.

Lin Tianhao raised his eyes and looked up at the sky. In this year, his all-powerful body and the nourishment from heaven and earth had greatly improved him.

In other words, Lin Tianhao was obsessed with the two fundamental laws of space and time, which were extremely difficult to comprehend.

If Lin Tianhao had comprehended other fundamental laws, he might have broken through the level of laws.

"All servers, the one-year deadline has expired. The world has entered a state of war readiness. All adventurers, please prepare and return to the defense line!!"

"Everyone, the one-year deadline has come..."

.....

Speakers throughout the server kept blaring.

Lin Tianhao remained unmoved. In fact, it would probably take some time for the army of the Alate galaxy to attack.

If he wants to maximize his benefits, he must choose to enter the sealed area.

This sealed place, and even the ancient tomb before it, are actually quite good.

The biggest problem is that the outside world cannot contact him directly.

It was fine in the ancient tomb before, and Glasses could come to inform him.

But this sealed place is too special.

You can ask someone to notify him, but that person won't be able to do anything.

And the person you find should preferably be an adventurer who can be absolutely trusted.

Slightly pondered.

Lin Tianhao still felt that he needed to find adventurers.

After all, his time is extremely precious, and the sealed place can maximize the use of his time.

Think about this.

The first thing Lin Tianhao thought of was glasses.

"Glasses, I'll take you somewhere."

Lin Tianhao didn't waste any time, found his glasses, and then went underground wearing them.

When Yan Jing followed Lin Tianhao through the barrier and saw the densely packed monsters that looked like a vast ocean, he couldn't help but gasp.

"The speed of time here is also different from that in the outside world, about ten to one."

Glasses' eyes lit up, and he looked at the sealed monsters and asked:

"What are these monsters?"

"I do not know either."

"During the previous year of truce, I hunted these monsters here for ten years. These monsters can resurrect within three seconds."

Hear this.

Glasses was also surprised.

"You can't kill him either?"

He has come into contact with many powerful people and explored many ancient tombs, so he knows a lot of information that ordinary adventurers don't know.

All kinds of power are hierarchical.

Over the years in the galactic world, there have appeared creatures with titles such as the Immortal Demon Lord, the Immortal Immortal Emperor, and the Immortal Demon King.

The reason these creatures are called immortal is that they cannot be killed by conventional means.

This is actually just like the power level cannot harm the life source of a higher level.

It's like using a knife to cut water. The moment the knife falls, it seems that the water is separated, but in fact it does not cause any substantial damage to the water.

Glasses obviously knew that Lin Tianhao's power level was very high. If Lin Tianhao couldn't kill these monsters despite repeated attacks, it could only mean that these monsters had a higher power level.

"I have existed for a very long time, but I have never heard that there are so many powerful monsters beneath this blue planet."

Another voice sounded from within the body of Glasses.

"These monsters have a very high life level, and each one's combat power should have reached the ninth level of diamond or above, and some have even reached the tenth level or above."

"Plus such a huge number of people here, it's really scary."

Lin Tianhao smiled helplessly, "I've thought about it, but I still can't figure out what these monsters are."

"I asked you to come here, Glasses, because I need to practice here, but the outside world can't contact here."

"I understand. I'll wait for you outside the barrier. I'll let you know as soon as I have any news."

The glasses withdrew from the barrier, and Lin Tianhao continued to comprehend the truth and hunt these monsters.

Lin Tianhao slaughtered people here for seven days before he was ready to go out and take a closer look.

just.

As soon as he left the barrier, Lin Tianhao received the message from Glasses.

"Brother Hao, I can't seem to enter the barrier myself, or even... I can't find the barrier."

Yan Jing was outside the barrier at this time, and his answer surprised Lin Tianhao.

Lin Tianhao looked down and saw the barrier right in front of him. Why couldn't his glasses get in?

"Can't you see the barrier?" Lin Tianhao pointed at the barrier in front.

"I see. That's because you, Hao, are here, so the barrier appears."

Lin Tianhao was slightly startled. "Could it be that the barrier disappeared because I went in?"

"Yan Jing, you go in first, I'll watch outside." Lin Tianhao said.

Glasses didn't waste any time and took a step forward, but he was bounced back by the barrier.

"Can't get in..."

Glasses was a little puzzled. "Is it the same as the ancient tomb? A token is required to enter it?"

Lin Tianhao shook his head, "But I don't have a token either."

"Is it because of something on my body?" Lin Tianhao took a step forward and successfully entered the barrier.

Subsequently.

Lin Tianhao was also able to enter the barrier with his glasses on.

The glasses can leave the barrier, but cannot enter it on their own.

Not only that.

If Lin Tianhao was inside the barrier, or at a certain distance from it, the barrier would disappear within the time of the glasses.

Even with his ability, he couldn't find the barrier.

Even if we continue to go deeper into the ground, we still can't find any trace of the barrier.

Could this barrier be a secret realm similar to Ragnarok, an independent space with the entrance underground on Blue Star?

And he.

Perhaps it was because of something on his body, or perhaps it was because of some other reason, that allowed him to see the barrier and move freely between the two sides of the barrier.

After the experiment, Lin Tianhao had even more headaches.

Because no matter what the reason was, it was unlikely that he would be able to get someone to notify him from outside.

after all.

After he went in, no one else could get in at all.

"Let's go up and have a look."

Lin Tianhao returned to the super base wearing glasses.

What surprised Lin Tianhao was that those guys from the Alet galaxy had not arrived yet.

Even though it's been less than 24 hours...

All adventurers are on high alert; they don't think those guys from the Alete galaxy won't take action.

But three days passed and there was no movement in the starry sky.

"No way....."

Lin Tianhao had a bold guess in his mind.

That is, what Lin Xiaoyu said was true, and after they gave up on taking over his body, they naturally would not let those guys from the Alet galaxy come to "deliver resources".

Lin Tianhao was not sure, all he could do now was wait, wait for the next move from those guys in the Alate Galaxy.

"coming!!"

At this moment, the alarm sounded simultaneously around the world.

Chapter 1929: A life-saving sacrifice for attack and defense!

Lin Tianhao knew that during this year, in addition to development, the adventurers of Blue Star also installed some mechanical equipment on other planets that could detect the situation in outer space from ultra-long distances.

If the armies from the Alata galaxy come over, they can be detected from a long distance.

"The Arlit fleet is approaching the solar system. Preliminary estimates put the fleet's strength at 10,000 ships. Based on past experience, the number of troops on a single star-level spaceship can exceed one million."

"The number of their troops this time may exceed 10 billion."

"The overall number of troops has not increased much compared to before, and has even decreased a bit."

Blue Star Alliance Command.

The commanders-in-chief of various countries gathered here.

After a year of truce, they had previously judged that the Alata galaxy would launch a violent attack.

But the result was like this, which surprised them quite a bit.

Lin Tianhao was not in a hurry when he heard the alarm.

He was not surprised at how many people from the Alata Galaxy came this time. What he really cared about was how these guys from the Alata Galaxy were going to deal with him this time.

After all, his existence is too special. If no one checks and balances him, with his ability, it doesn't matter whether those guys in the Alata galaxy send an army of 10 billion or 100 billion.

Under Lin Tianhao's sixteen realms, it is only a matter of time before they are slaughtered.

The army of the Alet galaxy continues to destroy various mechanical objects.

The fleet was moving very fast and reached outer space of Blue Planet in less than two hours.

Countless missiles fell from the sky, and at the same time, a blood-red rain fell from the sky and fell towards the blue planet.

Lin Tianhao raised his eyebrows slightly and waved his hand, and the rain was drawn towards him.

"Ding, you swallowed the unknown rainwater, Berserk Comprehension +100, Berserk Resistance +100, Magic Resistance +200..."

.....

Lin Tianhao frowned slightly. Judging from the results of the swallowing, these rain water can make people violent.

This is not good news.

All over the world.

After being drenched by the red rain, the wild monsters became extremely violent, roaring and starting to attack the nearby humanoid creatures.

Lin Tianhao's spiritual sense spread out, and he naturally noticed this situation.

Even the wild monsters near the super base took the initiative to leave the scope of their territory and began to attack the super base frantically.

If it was just a few wild monsters attacking, it wouldn't be a big deal, but this is what almost all the land monsters on Blue Star are doing together.

but.

What Lin Tianhao was really worried about was whether some unknown changes would occur to people after being drenched in the blood-red rain.

Lin Tianhao took a step forward and arrived above the sky.

He found the source of the rain, which was blood-red shells.

The shells exploded in the sky, releasing thick red smoke.

Then the red smoke spread to other places.

There were so many shells that Lin Tianhao had no time to stop them.

The moment Lin Tianhao appeared, another person also stepped out.

She said calmly, "Xuedi, have fun in my world!"

As the voice fell, the scene around Lin Tianhao changed drastically, and he appeared in a manor with beautiful mountains and rivers.

A melodious sound of piano was heard, and a woman in a light red long dress was seen playing the piano in the pavilion.

"Space Lotus!"

Lin Tianhao didn't care about that and just used the Space Lotus.

The space lotus hit the woman, but the woman did not dodge and was shattered into pieces by the impact of the space lotus.

But the woman had just been killed by Lin Tianhao when the sound of the piano rang out again.

It was still the woman in the light pink dress.

She looked calm as she sat on the roof playing the piano, and there didn't seem to be anything wrong.

"Swallow the sky and the earth."

"Ding, you are absorbing unknown power, spatial understanding +1000, spatial resistance +1000, magic resistance +2000..."

"Ding, you are absorbing unknown power, Earth Perception +1000, Earth Resistance +1000, Magic Resistance +2000..."

"Ding, you are consuming an unknown power, the enlightenment of the wind..."

.....

When Lin Tianhao swallowed this breath, it was as if he opened the door to basic attributes.

Gold, wood, water, fire, earth, wind, thunder, ice, space, darkness, light, life!!

He can absorb all twelve attributes here, and the attribute bonuses provided to him by each attribute are almost the same.

"Xuedi, you can't protect the Galaxy World."

"I'm using this copy of my world to exchange for the destruction of the Galaxy World. You won't be at a disadvantage."

"You can devour me at will, or try to kill me, or try using those displacement methods of yours."

Lin Tianhao's face was gloomy. The visions of the sixteen realms and sixteen saints unfolded at the same time, madly destroying everything around him.

Kunlun Mirror, Return, Starry Sky Step...

Lin Tianhao used all the means of displacement he could think of, but he still couldn't leave here.

"You are only a mortal. Even if you created the world, you are still only a mortal."

"But even so, you were still able to trap me. This means there must be one or more treasures here."

Lin Tianhao looked around and said lightly:

"This should just be your projection. If my guess is correct, your projection appears here just to attract my attention."

Lin Tianhao took a step forward, and everything around him shattered.

When Lin Tianhao landed again, he appeared in the courtyard again.

"Can't you get out?"

Lin Tianhao had a calm expression, his heart was as powerful as the heaven and earth, and the sixteen realms expanded wildly.

"It seems that your copy of the world is not that big."

That's it.

Lin Tianhao activated the space lotus.

The spatial lotus turned into streams of light, tearing everything around it into pieces.

"open!"

Lin Tianhao used the power of the origin of space to tear open the space in front of him.

"goodbye!"

Lin Tianhao stepped into the space rift, and then used absolute teleportation to successfully return to the sky above Blue Star.

Seeing that Lin Tianhao actually broke out of his own little world, the woman in the light red dress showed an expression of disbelief on her face.

"The Law of Origin of Space...Thirteenth Level!!!"

"In just one year, you've grown to this point!!!"

The woman in the light pink dress couldn't help but shudder.

Because he never expected that Lin Tianhao would be so difficult to deal with.

"Ninth Eye, Sacrifice Life!"

The moment Lin Tianhao appeared, he released the Nine-Eyed Golden Toad.

He can't just take the beating alone, he has to let these bastards from the Alete galaxy experience the power of life sacrifice.

and.

There is another benefit to the Investiture of the Gods, which is... even if the body is destroyed, it can be slowly restored in the Investiture of the Gods.

and so.

The Nine-Eyed Golden Toad's release of the life-sacrificing law that would result in the body being sacrificed was nothing compared to the List of Gods.

Chapter 1930 Blood Rune!

The corners of Lin Tianhao's mouth raised, and a faint smile appeared on his face.

now.

Offensive and defensive types have changed!

The woman in the light red dress couldn't help but frown when she saw the sacrifice that was about to fall.

Immediately.

A crimson bead flew out of her hand. The crimson bead was wrapped in infinite light, blocking the power of life sacrifice.

The life-saving power released by the Nine-Eyed Golden Toad after sacrificing its body was blocked so easily.

But Lin Tianhao didn't think much about it. The moment the sacrifice was blocked, his space lotus swept over.

The space around the woman in the light red dress was quickly frozen. Wherever the space lotus passed, the void did not collapse, but became more solid.

but.

Lin Tianhao's attack still couldn't break the precious light emitted by the crimson bead.

In this regard.

Lin Tianhao was not surprised.

He took a step forward and disappeared.

With the sixteen major realms and the heart as one with heaven and earth, Lin Tianhao began to frantically slaughter the armies of the Alet galaxy.

however.

The woman in the light red dress seemed to have anticipated this. She did not chase Lin Tianhao, but instead turned into a stream of light and rushed towards the nearby defense line in an instant.

As she waved her hand, more than twenty people appeared around her. These twenty people had powerful auras, and the weakest one was at the tenth level.

When they appeared, they started slaughtering people indiscriminately.

Lin Tianhao also sensed their attack, but if he turned back at this moment, he would definitely be restrained.

All he could do was to eliminate the army of the Alata galaxy in the shortest possible time.

As for using time pause?

Lin Tianhao didn't plan to use it for the time being, as he had already used time pause several times before.

Those guys in the Alete galaxy will definitely be on guard. If we use the time pause again now, we will most likely lose both the battle and the money.

The man with glasses and the fat man could not just sit there and watch. They took action one after another, trying to stop the woman in the light pink dress.

When Lin Tianhao saw them taking action, he thought to himself that something was wrong.

The woman in the light red dress obviously has some background. Although the fat man and the monkey are both very powerful, they may not be able to withstand each other when they face each other.

Lin Tianhao was observing from a distance. As long as Fatty and Monkey couldn't hold on, Lin Tianhao would attack without hesitation.

Lin Tianhao continued to attack and kill the army of the Alate galaxy.

at the same time.

The woman in the light red dress had a scroll in her hand.

The scroll unfolded, and the word "Zhen" flew out from it.

As soon as the word "Zhen" was uttered, the sky and the earth changed color. In just a moment, the fat man and the monkey were trapped in mid-air.

"Om-"

Just as Lin Tianhao was about to make a move, a sword beam streaked across the sky, tearing a hole in the void.

The person who took action was none other than Lin Tianhao's sister Lin Qingqing.

"go!!"

Lin Tianhao ordered Xiu Moxu Luwang and Allens Roman to attack together.

But the result was of no avail.

The two of them joined forces, but still couldn't break the precious light of the red bead.

"The God of Chutianyuan really has no dignity left at all!!"

Lin Tianhao couldn't help but curse.

It is obvious that a treasure of this level must have been taken out by the God of Heaven Source in the Alet Galaxy.

Lin Tianhao frowned, the man with glasses and the fat man were trapped in place, and the woman in the light red dress used her killing move without hesitation.

Lin Tianhao did not dare to delay, and the space lotus instantly hit it.

Although there is the Heavenly Punishment Guardian, it can only block attacks below the level of Saints.

Although the woman in the light red dress is at the level of a mortal, the treasures in her hands and the methods she uses may have surpassed the level of a Heavenly Saint, and even surpassed the Eternal Powerful One.

Lin Tianhao didn't dare to gamble. The moment the space lotus was activated, Lin Tianhao's Heavenly Thunder was also activated.

however.

Something happened that Lin Tianhao felt was absurd and unreasonable.

His divine thunder of heaven still could not break the precious light of the pearl of the woman in the light red dress.

"Damn it!!"

Lin Tianhao couldn't help but swear.

This is totally unreasonable!!

"Chu Tianyuan God, do you still have any shame?"

Lin Tianhao really wanted to greet the ancestors of the God Chu Tianyuan for eighteen generations.

The level of this crimson bead is even higher than the level of the carving knife in his hand.

of course.

It is also possible that he has never truly unleashed the true power of the carving knife.

That's it for now.

Lin Tianhao has always used the carving knife as a sharp short knife.

As for other abilities, Lin Tianhao has not developed any of them yet.

"Thorn-"

The carving knife in Lin Tianhao's hand fell, tearing a hole in the precious light.

But the hole that had just been torn was instantly covered by a new light.

Lin Tianhao took a deep breath and raised his hand. Millions of undead armies from the Alet galaxy appeared and rushed towards Baoguang.

The woman in the light pink dress snorted in disdain when she saw this scene.

"It looks like you're going to watch your brother die in front of you."

The woman in the light red dress slapped out with her palm, and the crimson pearl shone brightly, and actually began to rapidly devour the power of the fat man and the monkey.

Lin Tianhao's face turned pale and he didn't care about anything else.

Use the power of luck again.

The power of human destiny is gathered on the carving knife.

The knife fell suddenly, tearing through the precious light and slashing towards the woman in the light red dress.

The woman in the light red dress felt the terrifying power contained in Lin Tianhao's knife. Instead of retreating, she advanced and collided with the fat man in an instant.

Her palm pierced the fat man's chest, and the crazy attack tore his body apart.

"The blue sea is rising!!"

Lin Tianhao was extremely angry and concentrated all his strength on this one knife.

The woman in the light red dress tried her best to kill the fat man, probably because she wanted to mess up the situation.

Lin Tianhao broke through the precious light at this time and used his method again without hesitation.

"Absolutely sluggish!!"

"Absolutely weak!!"

Lin Tianhao knew very well that ordinary methods would have no effect on the woman in the light pink dress.

All he could do was to stop it as much as possible.

"It seems that you also have someone you care about."

The woman in the light pink dress had a playful smile on her face.

"As long as a person has a weak spot, he will definitely lose!"

The words fell.

The woman in the light red dress entered the crimson beads.

Subsequently.

Nine blood-colored runes flew out of the bead and flew towards the eyes, the fat man, Lin Qingqing and others.

Lin Tianhao's eyes narrowed slightly, and before he could do anything, the crimson bead had already cut through the sky and disappeared before his eyes.

Glasses resumed his movement, forming seals with his hands, trying to block the blood-colored rune.

But the blood-colored rune seemed to be of a very high level, and it hit his forehead in an instant.

Fatty and Lin Qingqing also tried to stop it, but it was useless in the end. The blood runes invaded their bodies.
