

## O games 1941

Chapter 1941 The monster's transformation!

"If that's the case, then why did they allow the God Chu Tianyuan to take out those precious pearls?" Lin Tianhao said.

"Wealth and wealth are found in danger."

Canzhu Bu Nian Shao said with a smile, "That orb is powerful, but if someone were to take it away, it would also be an important resource."

Lin Tianhao hesitated for a moment, but couldn't help asking:

"According to what you said, Ragnarok involves the planning of many superpowers, but why can't I sense their presence?"

"Can't feel it?"

"Because it's not just adventurers. Think about it yourself. When you revived the Mountain and Sea Empire, how much resistance did you encounter?"

"Those obstacles are not necessarily tasks."

"Also, don't you see how many of these masters around you are normal?"

"I dare not say all of them, but at least one-third of the experts around you are the ones who arranged it."

Lin Tianhao immediately thought of Kui Wei Changtian, who was the owner of a super god-level hidden profession and had even come into contact with the Source God of Tao.

"Moreover, some of them themselves don't even know the ins and outs of this. Just like you, you should be able to see your own uniqueness, but do you know which faction you belong to?"

Lin Tianhao probably understood what Canzhu Bu Nian Shao meant.

"Alright, no matter what, the galactic world must be defended."

"As for what those higher-ups are planning, it's not something a small person like me can know."

Lin Tianhao returned to the sealed place at the center of the earth.

The speed of time here is ten times slower than outside, so we can make the most of our time.

"You all heard what I just said. Do you have anything to say?"

The Dark Angel hesitated for a moment before speaking:

"I think it makes sense. I was once a Heavenly Dao Sage, as was the Lord of the Nine Netherworlds. The Divine Monk Canghai was also at a high level. Kuiwei Changtian is a super-god-level hidden profession, and Heitianao is truly an atavistic black dragon. They are all not simple at all."

Lin Tianhao waved his hand and said:

"So, you all don't know about this so-called layout?" Lin Tianhao asked.

"I don't know." said the Dark Angel.

The others also shook their heads.

Lin Tianhao looked down at the monsters below and murmured:

"If their plan involved these monsters, they wouldn't have to go to such great lengths."

Lord of the Nine Netherworlds: "It's hard to say, or maybe there's something else in Ragnarok that's attracting them."

Lin Tianhao waved his hand and said:

"Don't think about it anymore. These things will eventually be solved."

.....

In this sealed place, we are cut off from the outside world.

Lin Tianhao would go out every once in a while to make sure that those guys from the Alet galaxy did not attack.

after one day.

Lin Tianhao received good news that all the slaves were captured.

The bad news is...

The priest's purification spell, even the spell-breaking spell, the heart-clarifying spell and other messy methods are unable to dispel the spell of Xiu Moxu Mei Wang.

Lin Tianhao took a step forward and came to the place where the three thousand succubi were imprisoned.

"I'll go in and take a look."

It was easy for Lin Tianhao to get in under the name of Xue Di.

However, this made Lin Tianhao think of a question, which is... whether someone could change into his appearance and then sneak in to cause trouble.

and many more.....

Lin Tianhao thought of another possibility. He also had seventy-two transformations. Does this mean that he could transform into the appearance of those guys in the Alate Galaxy and launch a sneak attack on them?

and.

Lin Tianhao once obtained the skills from the God-killing Mark when he killed Orufollan.

He can influence the five senses of those whose mental strength is inferior to his, namely sight, hearing, taste, smell, and perception.

This ability combined with the seventy-two transformations is a bit incredible.

As for Lin Tianhao's mental strength...

Seriously speaking, Lin Tianhao's mental power is now unique among all mortals in the entire galaxy world.

When Lin Tianhao was in Wanglai City before, his soul power experienced a surge.

After refining a large amount of soul jade crystals, Lin Tianhao's soul power was greatly improved.

But what really caused Lin Tianhao's soul power to surge was the Nine Netherworlds!!

The recent improvement that Xuanwu Suantianjia has brought to Lin Tianhao should not be underestimated.

Lin Tianhao walked into the place where these slaves were imprisoned, and they all stared at him ferociously.

"Xuedi, let us out. You are totally acting like hooligans. Why are you arresting us?"

It seems that they are not ready to admit it yet.

Lin Tianhao didn't care and directly enveloped them with his spiritual sense.

"There are indeed some tricks, but the level of power should only be that of a Heavenly Dao Saint."

Lin Tianhao activated the Heaven Devouring and Earth Devouring Technique to devour the power left in their bodies by Xiu Moxu·Mei Wang.

"Ding, you have swallowed an unknown power. Charm comprehension +500, Charm resistance +500, Magic resistance +2000, free attribute points +2000."

"Ding, you have swallowed an unknown power..."

.....

The prompt sounds kept coming in. After Lin Tianhao devoured the power of the Charm King in their bodies, these adventurers began to regain their consciousness one by one, and some people began to panic.

"Xue...Xuedi, we didn't do it on purpose. We were being controlled."

"Yes, we immediately went to the forum to clarify that those previous comments were made after being censored and were not our original intention."

.....

Lin Tianhao glanced at them, turned around and left without saying a word.

They are just charm slaves, and it is almost impossible to get useful clues from them.

If you have this much time, you might as well go to the sealed underground place to develop.

The sealed place underground.

Lin Tianhao continued to kill these monsters as usual.

Although they were still resurrected as usual, Lin Tianhao still felt that killing them like this would definitely be useful.

It is not known whether the Starry Sky Administration and the Temple of Thunder Punishment intervened, but for a whole week, the army of the Alet Galaxy did not make any moves.

Lin Tianhao stayed in the sealed place for seventy days.

Although Lin Tianhao would often return to the ground, it was only to confirm whether there was any problem. The whole process took no more than three seconds.

During these seventy days, Lin Tianhao focused on observing a monster that he kept killing.

The situation of this monster made Lin Tianhao discover a slight abnormality, but it was only a slight abnormality and could not be confirmed for the time being.

"What do you think?" Lin Tianhao asked.

The Lord of the Nine Netherworlds spoke slowly, "I have rules for both birth and death. My perception should be correct. This monster's maximum health is decreasing."

"It's just that the reduction is extremely slight."

Lin Tianhao took a deep breath. "Is this good news? At least, if we keep attacking like this, these monsters will die sooner or later."

"Not really." The Dark Angel shook his head. "I observed carefully, but I couldn't find anything."

"And even after seventy consecutive days of killing, there's only a slight decrease..."

Chapter 1942 The Brain of Heavenly Punishment: 7 Stars!

"This is you, my Lord. If it were someone else, the effect might be even worse."

Lin Tianhao pondered for a moment, "My Brain of Heavenly Punishment seems to have this effect. Any of my attacks can permanently reduce the target unit's maximum health."

This is the evolved form of the Brain of Heavenly Punishment. Lin Tianhao has now upgraded the Brain of Heavenly Punishment to five stars.

"Any of my attacks now can reduce the target unit's maximum health by 10,000 points."

Lin Tianhao checked the level and effect of the Brain of Heavenly Punishment. It would take 10 trillion proficiency points to upgrade from five stars to six stars, and the current proficiency gap is still quite large.

but.....

If he puts all his effort into improving his proficiency here, he should be able to improve it quickly.

Because the proficiency of Brain of Heavenly Punishment can be increased by any attack, not limited to normal attacks.

His sixteen realms were fully deployed, and each monster he attacked would provide a point of proficiency.

"If that's the case, then it might really be the effect of the Brain of Heavenly Punishment." said the Lord of Nine Netherworlds.

Lin Tianhao chuckled, "In that case, I will improve my proficiency in the Brain of Heavenly Punishment."

If the Brain of Heavenly Punishment can reach ten stars, any attack will be able to permanently reduce the target unit's maximum health by one billion!!

in this way.

As long as he is given time, it is not impossible to kill these monsters.

"But... my Brain of Heavenly Punishment should only be at the Saint level..."

Although Lin Tianhao thought it was the brain of heavenly punishment, he still felt that this possibility was not particularly high.

After all, these monsters might be life forms at the eternal level.

"Never mind, let's brush up our proficiency first."

Lin Tianhao expanded sixteen major domains, covering an area of a thousand miles.

The proficiency of the Brain of Heavenly Punishment began to soar like a rocket.

Lin Tianhao turned into a stream of light and shuttled through this sealed place at high speed, increasing the speed of stacking proficiency to the extreme.

Every monster hit by Lin Tianhao's domain gains a point of proficiency.

In this regard, the speed at which the proficiency of the Brain of Heavenly Punishment accumulates is much faster than that of the Hand of Heavenly Punishment.

The Hand of Retribution limits health to normal attacks.

Under Lin Tianhao's high-intensity superposition, in less than a quarter of an hour, Lin Tianhao upgraded the Brain of Heavenly Punishment to six stars! !

Lin Tianhao's attack on the six-star Brain of Heavenly Punishment was enough to permanently reduce their maximum health by 100,000.

but.

This is obviously not enough, Lin Tianhao is still frantically improving his proficiency.

Time passed by bit by bit, and Lin Tianhao's proficiency was still improving at a rocket speed.

While improving his proficiency, Lin Tianhao would also go out to take a look from time to time.

What reassured Lin Tianhao was that those guys in the Alet galaxy were still not making any movement.

Look.

His request for the Lord of the World to recuse himself was not smooth, because only when it was not smooth would the time be prolonged.

If both parties could agree readily, this matter would not have dragged on for so long.

This sealed place underground was a paradise for Lin Tianhao to improve his proficiency. In just over a day, Lin Tianhao's proficiency in the Brain of Heavenly Punishment had reached seven stars!

Although this is because the coverage of Lin Tianhao's sixteen realms is large enough, the more important thing is that these densely packed monsters can be resurrected infinitely and quickly.

The Seven Stars' Brain of Heavenly Punishment, Lin Tianhao's attack has been able to permanently reduce the maximum health by one million.

Lin Tianhao took a deep breath. It would take one hundred trillion to reach the proficiency level of seven stars to eight stars.

Even in this sealed place, it would take about three months to reach this level of proficiency.

Three months here is only nine days in the outside world.

therefore.

As long as those guys from the Alete galaxy don't attack after a while, he can make further progress.

however.

Today, Lin Tianhao had just returned to the super base to check the situation when he was stopped by someone.

"Lord Qingtian Source Master!"

When Lin Tianhao saw the person who stopped him, he immediately bowed.

"After the efforts of the Starry Sky Administration and the Thunder Punishment Temple, they finally agreed to your request."

"We will go to the Divine Realm and watch the battle through live broadcast, but we will not be able to participate in any actions, including giving treasures, commanding subordinates, etc."

Lin Tianhao's eyes lit up, "Are the restrictions so severe?"

"The restrictions this time are indeed great. Work hard. Those guys in the Alet Galaxy are not as simple as you think."

"This negotiation has dragged on for so many days. The Source God of Chutian must have given some instructions and most likely brought out some treasures."

Lin Tianhao's eyes narrowed slightly, "He doesn't want us to live in peace before he leaves."

The Blue Sky Origin Master hesitated to speak, and finally said slowly:

"There are some things I can't say. You'll slowly discover some of the tricks yourself."

"I just hope you will stay true to your original aspirations and protect the galaxy world."

The words fell.

The Lord of Qingtianyuan waved his hand, turned around and disappeared.

Seeing the Blue Sky Source Master disappear, Lin Tianhao's expression couldn't help but become serious.

Take one step.

Lin Tianhao came to the command headquarters of the Blue Star Alliance and directly told them the results of the negotiations.

of course.

Lin Tianhao did not say anything about the planning of the Galaxy World by those big figures.

"Xuedi, according to what you said, the attack from the Alet Galaxy army may be even more fierce, and they may have more treasures like the scarlet beads?"

Luo Qinyun's expression was also extremely serious.

A crimson bead is enough to restrict Lin Tianhao. If there are more such treasures, the impact on them will be very great.

"Don't be afraid. If the enemy comes, we will fight him. If the water comes, we will block it with earth."  
Lin Tianhao said lightly.

"Without the surveillance of the Chutianyuan God and his men, we will be able to do more."

"They can't interfere now. As long as we can hold on for the next period of time, the troubles that follow will be easily solved."

After briefly explaining the matter, Lin Tianhao came to the sealed place underground again.

The most important thing is to seize the time to improve your proficiency in the Brain of Heavenly Punishment.

at the same time.

Lin Tianhao also began to let Allens Roman use the Xuanwu Suantian Armor.

Through the Xuanwu Calculation of Heavenly Armor, Lin Tianhao began to deduce various things.

If the deduction is successful, the power of misfortune will be generated. He can devour the power of misfortune and enhance his soul power.

It's no big deal if the deduction fails.

but.

Lin Tianhao also discovered a problem. He failed when he wanted to deduce the layout of the Temple of Thunder Punishment and the Starry Sky Administration during Ragnarok.

Deducing the layout of those super powers failed, so Lin Tianhao began to deduce the time, lineup, and people who might attack him in the next attack of the Alet Galaxy.

While learning some information, you can also absorb the power of misfortune to become stronger, which is the best of both worlds.

After another month in the sealed area, the army of the Alet Galaxy finally launched a new round of attack! !

Chapter 1943 Cut off the Space Avenue!

As soon as he came out of the sealed place, Lin Tianhao realized that something was wrong.

Because he couldn't use the Star Step to return to the super base.

even.....

His space travel skills were also unusable.

This.....

Lin Tianhao found it somewhat unbelievable. Although he had recently been comprehending the Law of the Origin of Time, his understanding of the Law of the Origin of Space was also as high as the thirteenth level of the Law Realm!

Neither Star Step nor Space Shuttle can be used, which is really unbelievable.

Fortunately, Lin Tianhao had the ability to walk on the earth and the power of the Wind Realm, so he reached the super base in a very short time.

"The space boundary cannot be expanded!!"

Lin Tianhao looked horrified.

"The space avenue of the galactic world seems to have been cut off!!" The dark angel's somewhat horrified voice sounded.

"The methods of those guys in the Alete Galaxy? Can they cut off the Great Dao?"

A cold light flashed in Lin Tianhao's eyes. "Severing the Great Dao? Does this mean that from now on in the Galaxy World, we will not be able to comprehend the Dao of Space, nor will we be able to use the Dao of Space."

"Yes," said the Dark Angel.

"But... as long as the heaven and earth exist, there will be space. As long as space exists, there will be the way of space." Lin Tianhao said.

The Dark Angel hesitated for a moment before answering:

"Sir, severing the Great Dao is not quite what you understand. You should know that the Galaxy World has now been severed into the Divine Road, which is actually similar to severing the Great Dao."

"The Great Dao does not exist, and the realm cannot be broken!"

Lin Tianhao pondered for a moment. This severing of the avenue of space could restrict him, and could also restrict those guys in the Alete galaxy.

Lin Tianhao took a deep breath and said, "Since they have cut off the Way of Space, then there is no need for the Way of Space."

Above the sky, countless missiles fell from the sky like raindrops.

Lin Tianhao soared into the sky, and the sixteen realms were fully deployed. The missiles were destroyed before they fell.

"Whoosh whoosh—"

At this moment.

Lightning bolts fell from the sky and landed all over the blue planet.

Those weren't just lightning bolts, but...living beings!!

"He's from the Giant Lightning Clan."

The voice of Xiumoxu Luwang rang out.

"This race is extremely fast, but their weakness is that they are easily restricted by spatial blockades. If they cut off the spatial avenue and send the giant lightning clan over, it will be extremely difficult to restrict them."

Lin Tianhao's arrow was fired from his heart, and the Heavenly Punishment Lock locked onto these people of the Giant Lightning Clan.

No matter how fast they run, as long as they can't escape Lin Tianhao's arrows, it will not be difficult to deal with them.

"Xuedi, how are you?!"

Xiu Moxu Qin Wang appeared in Lin Tianhao's sight again.

Lin Tianhao ignored her.

Lin Tianhao couldn't deal with the red bead in her hand, so he could only avoid fighting with her.

"You are not the only ones who can transform into thunder."

Lin Tianhao's body turned into thunder and fled into the distance.

Xiumoxu Qin Wang saw Lin Tianhao leaving, but did not chase him, and still sacrificed the red bead.

Those crimson beads emitted strange waves.

Crimson runes flickered on the beads.

"It's time to come back!"

Xiu Moxu Qin Wang continuously urged the scarlet beads.

at this time.

The fat man, the man with glasses and Lin Qingqing who were fighting on Blue Star all had dazed looks in their eyes.

Glasses seemed to sense something and sacrificed several gray-white stone tablets. The stone tablets surrounded his body, emitting extremely mysterious power from the stone tablets and enveloping Glasses.

A huge shadow of a demon god appeared behind the fat man. The demon god held a huge axe in his hand and kept swinging it at the void.

The giant axe was clearly chopping at the void, but it seemed as if it was chopping at the iron chains, making a sound of metal clashing.

At this moment, colorful sword energy was all around Lin Qingqing, constantly cutting the invisible iron chains in the void.

They were all top-tier adventurers, and the sudden occurrence of such a situation immediately attracted the attention of their superiors.

This news was also passed to Lin Tianhao at the first time.

Lin Tianhao's spiritual awareness is vast, and he has already discovered the changes in Fatty and the others.

"What's going on?" Lin Tianhao sent a message to Yan Jing.

"It's the runes that the bead planted in our bodies. Those runes want to control us."

Glasses responded in a very solemn voice.

"Whoosh-"

Lin Tianhao turned into lightning and fought his way back to Xiumoxu Qin Wang.

Xiu Moxu Qin Wang showed a playful smile when he saw Lin Tianhao coming back.

"Why are you back again?"

Lin Tianhao's expression was indifferent as he spoke calmly, "The treasure in your hand is indeed very powerful..."

"But you are too reckless."

The words fell.

Lin Tianhao activated the Evil Sword Immortal form, and all eleven books of life and death were filled with the power of Xiu Moxu Qin Wang.

The nine-eyed golden toad was also summoned by Lin Tianhao, and the power of the ninth eye flew towards Xiumoxu Qinwang.

The Lord of Jiuyou stood behind Lin Tianhao, and several kinds of rule power swept out, locking onto Xiu Moxu Qin Wang.

“Heavenly Divine Thunder!!”

Lin Tianhao continuously stacks attack buffs.

Today he had to test the limits of this crimson bead.

The feather arrows of the Heavenly Punishment Lock poured out, and the thunder and fire from the sky and earth in the form of the Evil Sword Immortal continued one after another.

Xiumoxu Qin Wang couldn't help but reveal a mocking look on his face when he saw Lin Tianhao stacking up damage like a buff.

"Xue Di, aren't you a little too naive?"

"Do you think you can break my precious light by stacking your attacks like this?"

Lin Tianhao did not answer. The worst result was to fight to the end, so he used the power of luck.

but.

There's no rush.

Lin Tianhao did this now because he wanted to see if anyone would take action.

After all, according to the information he has now, the Galaxy World is planned by super powers such as the Starry Sky Administration and the Thunder Punishment Temple.

As a superpower, they should not play a simple role in the layout of the galactic world.

It may even be more powerful than Canzhu Bu Nian Shao.

"Xuedi, you can't do anything to me."

Xiu Moxu Qin Wang had a smug look on his face.

But just as she finished speaking, the sound of piano music came from all over the world.

Followed by.

Above the precious light on Xiumoxu Qin Wang's body, blood-red flowers actually bloomed.

Lin Tianhao raised the corner of his mouth. It seemed that he had waited for the person who would take action.

The fact that these blood-red roses can bloom in that crimson precious light speaks for itself.

Lin Tianhao took a deep breath and a faint smile appeared on his face. It was good for him that someone was willing to help him.

Just don't know.

Who is this person who made this move?

He only heard the sound of the piano but did not see who was playing it.

"Without the World Lord's observation, are you guys getting restless so soon? You really are getting anxious!"

Chapter 1944: Exchange injuries for injuries, and attract thunder and lightning!

Xiu Moxu Qin Wang did not show any surprise at the appearance of the person playing the piano.

She looked calm, as if all this was within her expectations.

Just now.

The sound of the piano stopped suddenly.

"Did you find it?"

Xiu Moxu Qin Wang spoke calmly and said:

"It's a pity it's a little late, eh?"

"You can have a share of the pie if you want, but you... are too greedy."

"Greed will come at a price."

As Xiu Moxu Qin Wang's voice fell, the crimson bead in front of her floated above her head.

Followed by.

The crimson beads actually began to turn into light, and these lights condensed into a woman.

A woman in a crimson robe.

Her hair was disheveled, and she looked a bit like the red-clothed female ghost from Dragon Country.

In her right hand, she was holding a blood-stained chain. One end of the chain was in her hand, while the other end was connected to nowhere.

The female ghost in red raised her eyes. They were a pair of empty and weird eyes. The moment she raised her eyes, Lin Tianhao felt that the world had changed.

"Don't look at her." The Lord of Jiuyou sounded anxiously.

Lin Tianhao withdrew his gaze, waved his hand, and once again summoned the thunder and fire from the sky and earth, sweeping towards the female ghost in red.

The female ghost in red waved the iron chain in her hand and wrapped around Lin Tianhao.

Lin Tianhao retreated violently. Before he touched the iron chain, the iron chain in the hands of the red-clothed female ghost had already broken his heavenly thunder and earthly fire.

This iron chain seemed to be able to automatically track Lin Tianhao. No matter how Lin Tianhao dodged, it was useless. The iron chain was flying towards him at a very strange speed.

The reason why it is weird is that from the naked eye, the speed of the iron chain is not very fast.

But in fact, even if Lin Tianhao increased his speed to the maximum, he could not escape the iron chain attack.

"The Law of Time!!"

Lin Tianhao has already mastered the origin of time. Although his level is not high, he can still see at a glance that the law of time is operating on this iron chain.

Previously, Xiu Moxu Qin Wang used scarlet beads to block their attacks. Was this an application of the law of time?

This is entirely possible. After all, the law of time is almost above all other laws. As long as one can comprehend the law of time to the extreme, other laws will be nothing more than subordinates.

Lin Tianhao also felt a little greedy.

If he could defeat the other party and swallow the bead, it would be of great help to his understanding of the way of time.

Lin Tianhao kept dodging the attacks of the iron chains, but soon he realized something was wrong.

That is, wherever the iron chain passed, it left a red light.

These crimson lights lingered for a long time, and restricted the time around them, limiting this world.

and.

What terrified Lin Tianhao the most was that even if he fled thousands of miles away, these red lights could still cover an area thousands of miles away.

The piano music that sounded at the beginning never appeared again, as if it was afraid of the female ghost in red.

Lin Tianhao had a serious expression on his face. He was fleeing while hunting down the army of the Alate galaxy.

If you can't win, avoid direct combat.

However, the red light left by the iron chains can block the spread of Lin Tianhao's domain, thereby limiting Lin Tianhao's attack.

Lin Tianhao took a deep breath and tried his best to calm his emotions.

The power of this crimson gem is more serious than Lin Tianhao imagined.

It doesn't seem to be completely unsolvable.

Lin Tianhao thought of another way to break the deadlock.

Lin Tianhao transformed into thunder and attacked Xiu Moxu Qin Wang again.

Subsequently.

Lin Tianhao asked Allens Roman to deduce Canzhu Bu Nian Shao, the Starry Sky Administration, the Thunder Punishment Temple, as well as the Source God of Tao, the Source Lord of Qingtian, the Source God of Cutian and others.

"Boom boom boom——"

The result of such crazy deduction was that the sky and the earth changed color, thunderclouds rolled above the sky, and it seemed that a thunder disaster was about to fall at any time.

"Continue to deduce!!"

Lin Tianhao's eyes were cold, and he thought, "Evil will be punished by evil." At the same time, he deduced so many undeducible existences.

What kind of thunder would this trigger?

A bolt of lightning as black as ink fell from the sky and struck Alens Roman.

"Follow her."

Lin Tianhao raised his hand and pointed at the female ghost in red.

Since his attack didn't work, he would try to see if the attack of this heavenly tribulation was effective.

When Xiu Moxu Qin Wang saw the black thunder falling from the sky, his face turned very ugly.

"You are really a lunatic. Are you going to die with me?"

Xiu Moxu Qin Wang said angrily.

Lin Tianhao shook his head and said:

"It's not me who wants to die with you, it's Alens Roman!"

Anyway, it was Allens Roman who deduced it, and it was Allens Roman who triggered the thunder.

The moment the thunder fell, Lin Tianhao retreated.

As for Allens Roman, he stuck with the red-clothed female ghost under Lin Tianhao's orders.

"Rumble--"

The black thunder struck the two men, and this terrifying thunder razed the area within a hundred miles to the ground.

This situation was also within Lin Tianhao's expectations.

Before, when Allens Roman deduced that Canzhu was not young, Lin Tianhao had felt the situation of the heavenly tribulation.

Just deducing that Canzhu was not one person younger than him, the heavenly tribulation was already extremely terrifying.

Now that Allens Roman is calculating so many uncalculated existences at the same time, the thunder he triggers is even more terrifying.

The facts did not disappoint Lin Tianhao. After the first thunder, Allens Roman looked very embarrassed, and his health bar dropped by two-thirds.

As for the female ghost in red, her condition was not very good either, and her whole body had faded a little.

But before they could react, the black thunder transformed into a giant black sword, fell from the sky, and stabbed towards Allens Roman.

"Get away!!"

Xiu Moxu Qin Wang's face turned pale. She wanted to force Allens Roman to retreat, but Xiu Moxu Lu Wang had already taken action and intercepted her.

"You traitors!!"

Xiu Moxu-Zin Wang was helpless and furious.

This female ghost in red seemed to have no consciousness and was only controlled by Xiu Moxu Qin Wang.

Seeing the giant sword formed by black thunder, she still did not dodge and faced it together with Alens Roman.

"boom--"

There was another loud noise, and Lin Tianhao saw that the name of Alens Roman on the List of Gods faded.

This means... Allens Roman has been killed.

The thunder dissipated, and only a little residual breath remained at the place where Allens Roman was.

She... was struck to pieces, her body and soul completely destroyed!!

The effect of sacrificing Alens Roman was also very significant.

The female ghost in red was in a very miserable state at this time. Her clothes were tattered and her soul was dim, as if it would collapse at any time.

"Ding, you have swallowed an unknown power. Weird Origin Comprehension +10000, Weird Origin Resistance +10000, Magic Resistance +50000, Free Attribute Points +50000."

"Ding, you have swallowed an unknown power. Time Origin Comprehension +10000, Time Origin Resistance +10000, Magic Resistance +50000, Free Attribute Points +50000."

Chapter 1945: Use your body to refine instruments and transform your body into musical instruments!

Lin Tianhao's eyes lit up. After the red-clothed female ghost was weakened by the heavenly calamity, his Heaven-Devouring and Earth-Devouring Skill could actually devour the red-clothed female ghost's power.

The Origin of Weirdness and the Origin of Time!!

The key is.

This is a lot of blessing!!

"hiss--"

Xiu Moxu Qin Wang gasped, because the red-clothed female ghost was too weak, she had lost the protection of the precious light, and the life-saving power of the nine-eyed golden toad fell on her.

There is also the power of rules of the Lord of the Nine Netherworlds, and the attack methods of the Dark Angel, the Green Fang Ghost, Heitian Aozhen and others, all following one after another.

Lin Tianhao started the crazy devouring mode. This was an opportunity. If he missed it, it would be difficult to find such an opportunity again.

"help me!!"

Xiu Moxu Qin Wang was extremely anxious. At this moment, figures rose into the sky and rushed towards Lin Tianhao and others at a high speed.

Lin Tianhao frowned slightly, because these people were NPCs in Ragnarok, and their levels were not low.

Lin Tianhao expanded the fifteen major realms, trying to prevent these NPCs from approaching.

But these NPCs seemed to be ready to die, and they would self-destruct as soon as they entered the scene.

"Boom boom boom——"

That is Lin Tianhao's fifteen major realms, otherwise he really couldn't withstand the self-destruction of these NPCs.

However, because he no longer had a spatial boundary, Lin Tianhao was unable to seal off the space, and a hole was still torn in his fifteen major boundaries.

But Lin Tianhao was still not worried, as he still had the heavenly thunder and earthly fire, the heavenly punishment lock and the visions of the fifteen great saints.

It is almost impossible for these guys to break through his defense by self-destructing.

Dozens of people blew themselves up one after another, and finally no one continued to attack.

however.

It was at this time.

The female ghost in red turned her head and looked at Lin Tianhao, and there was a hint of color in her originally empty eyes.

There was surprise, unexpectedness, and a little excitement in the eyes when he looked at Lin Tianhao.

"Forest....."

She opened her mouth slowly, but just as her voice came out, she seemed to want to call out Lin Tianhao's name.

But as soon as she said this word, a mysterious law enveloped her whole body.

Her eyes returned to their original empty and lifeless state.

Lin Tianhao frowned. The change in the red-clothed female ghost's eyes just now made Lin Tianhao feel that she might know him.

even.....

The relationship between them should be quite good.

But Lin Tianhao did not stop his power to swallow the sky and the earth.

Just one look was not enough to shake Lin Tianhao.

"Hahaha, hahaha, Xue Di, if you kill her, you will regret it, you will definitely regret it."

Xiu Moxu Qin Wang laughed wildly, her aura rising, and her clothes were shattered by her.

Without the cover of clothes, what was revealed was not a normal body.

It was a body... riddled with holes.

Xiu Moxu Qin Wang's body was like a piece of dry wood with holes all over it.

"The wind is coming!!"

Xiumoxu Qin Wang raised his hand and a strong wind blew.

The strong winds blew through her battered body, making a teeth-grinding sound.

It's not just toothache!!

When Lin Tianhao heard the piercing sound, his heart stopped beating and his blood stopped flowing.

The whole body began to become numb and stiff.

Lin Tianhao activated the power of the Dao Realm of Life and continuously cleansed his body.

"Xuedi, you can't kill me. My body has been refined into the most perfect musical instrument in the world. As long as there is wind, my voice will be able to spread throughout the earth!!"

Xiu Moxu Qin Wang's face showed madness, pride, as well as deep resentment and resentment.

seem.....

It wasn't his idea that his body was refined into a musical instrument, but she couldn't change it.

Lin Tianhao slashed out heavenly thunder and earthly fire in his hands, but Xiu Moxu Qin Wang did not block it and just endured Lin Tianhao's attack.

"It's useless, hahaha!!"

Xiumoxu Qin Wang was very proud.

"My body is integrated with the Immortal Dao Stone and the Water Heaven Realm Wood. It is impossible for your level of means to kill me."

Lin Tianhao frowned, "You worked hard for the Alate Galaxy, but they turned you into this half-human, half-ghost appearance."

"How about you submit to me and I train you to become stronger?"

Xiu Moxu Qin Wang laughed wildly with his head thrown back as if he had heard something extremely ridiculous.

"Hahaha, Snow Emperor, what are you dreaming of? You want me to submit to you?"

"Do you think you deserve it?"

Lin Tianhao remained silent and said:

"I'm just giving you a choice."

"choose?"

Xiu Moxu Qin Wang snorted coldly, "How did Allens Roman die just now?"

"You're talking as if joining you will lead to a good ending!!"

Lin Tianhao shook his head. "There's a fundamental difference between voluntarily surrendering to me and being killed by me and then being put on the Conferred God List."

"The choice is up to you."

"As for you saying I can't kill you? There were many people who were as confident as you before, but they all died!!"

While Lin Tianhao was talking to Xiu Moxu Qin Wang, Tian Tian Shi Di also locked onto her.

"Ding, you have swallowed an unknown power. Qindao Comprehension +2000, Qindao Resistance +2000, Magic Resistance +10000, Free Attribute Points +10000."

.....

Lin Tianhao was a little surprised, because he really couldn't devour the body of Xiu Moxu Qin Wang.

"I have a mechanic by my side. He's not from the Galaxy World either. He came to me and I promised to help him become stronger."

"I have a super god-level hidden profession of Mechanic myself, but I still gave all the Mechanic resources to him."

"You should be able to tell that my mechanic skills are not very high."

While speaking, Lin Tianhao also called out Kui Wei Changtian.

Kuiwei Changtian made great efforts in the fight against the army of the Alet Galaxy, and Xiumoxu Qin Wang still had some impression of Kuiwei Changtian.

"Xuedi, you think too much. We have different positions and are in a state of constant conflict."

"Whether I surrender to you or am killed by you, I will not die completely. You are reluctant to kill me."

Hearing what Xiu Moxu Qin Wang said, Lin Tianhao nodded and said:

"You are right about that, but if that happens, you might be the next Alan S. Roman."

"You saw it too. I need someone to help me attract the thunder. Even if you are really powerful, if I find a few more people to come and attract the thunder to strike you a few times, do you think you can still withstand it?"

"Humph, find a few people? That's easy to say, but who would be willing to sacrifice a few people for no reason?"

"There are trillions of us Ragnarok beings. Do you think I can't kill you even if I find a few people to chop you down?"

Xiu Moxu Qin Wang was silent for a moment, then she gritted her teeth and said:

"Xue Di, you don't need to say anything. I, Xiu Moxu Qin Wang, will never surrender voluntarily in this lifetime. Kill me if you want!"

Chapter 1946 The seal is loosened again, new speculation!

Lin Tianhao raised his hand and activated the power of the Wind Dao Realm. The wind around Xiu Moxu Qin Wang's body instantly stopped.

"Xiu Moxu Qin Wang, we don't have any deep hatred in essence. It's all just a matter of different positions."

"What will you gain by continuing to fight me now?"

Xiu Moxu Qin Wang stopped talking, his eyes were determined, and he had no intention of compromising.

Lin Tianhao knew Xiu Moxu Qin Wang's attitude and continued to devour.

"Xuedi, you can't kill me in a short time. If you waste time with me here, many of you will die."

Xiu Moxu Qin Wang frowned.

"Then I have to kill you. Besides, my domain covers a thousand miles in radius, so there are still many places that I can take care of." Lin Tianhao said.

He could tell from Xiu Moxu Qin Wang's words that she didn't want to die either.

This was her last struggle.

Lin Tianhao looked at the female ghost in red. At this time, the female ghost in red was taken into the Divine Talisman Tower by the Green Tooth Ghost, cutting off her connection with Xiu Moxu Qin Wang.

Xiumoxu Qin Wang lost the red-clothed female ghost and was besieged by Lin Tianhao's men, completely losing his chance to escape.

Lin Tianhao continued to devour, but all he received was the blessing of Qin Dao.

As time passed, the battles in other places also entered a white-hot stage.

The fighting situation in various places is extremely brutal. The death toll on both sides has exceeded 10 billion, and the casualty figure is still increasing.

Just as Lin Tianhao continued to devour, an old voice suddenly sounded.

"Xuedi, can you hand her over to me?"

The person who spoke was none other than the still young candle.

"I haven't killed her yet. She's still very dangerous right now."

The body of Xiu Moxu Qin Wang is indeed quite special. Canzhu is not young and he took the initiative to speak, so he must have some abilities.

as predicted.

Then I saw Canzhubnian holding a sword in his hand, and a ball of faint blue flame appeared in his hand.

With a wave of his hand, the blue ghost fire enveloped Xiu Moxu Qin Wang.

"Ahhh-"

Xiu Moxu Qin Wang screamed miserably, "What kind of flame is this?!!"

"How could they even burn my body?"

Canzhu Bu Nian Shao did not answer, but smiled at Lin Tianhao and said:

"How about I owe you a big favor this time?"

Lin Tianhao raised his eyebrows slightly and his eyes fell on Canzhu Bunian Shao.

"Your flame is of a high level."

Canzhu Butian Shao smiled at Lin Tianhao and said, "Anyone who can come to this Galaxy World in advance to make arrangements must have some tricks up their sleeves."

"Unless you're like me, you don't know anything."

Lin Tianhao nodded slightly, and had some ideas in mind.

Is it possible for him to start with these guys and seize their background?

At least.

Lin Tianhao looked at the flame in Canzhubudian's hand and felt that it had a connection with him.

"How are you going to repay me for this favor?" Lin Tianhao asked.

Canzhu Butian Shao thought for a moment and said, "How about I give you three of the pills she made?"

"Oh?"

"What elixir?"

Lin Tianhao had also taken some elixirs, but even if they were from Xuanxu Country, there were more than just Xiu Moxu Qinwang.

If he could send Xiu Moxu Qin Wang to the list of gods, the benefits he could get would be immeasurable.

"Immortality Pill." A smile appeared on Canzhubunian's face.

"After taking the Immortal Pill, he can't be killed by means within the Saint level. At this stage, he can almost be considered invincible."

Lin Tianhao was a little surprised, "There is such a pill?"

"There are so many strange and bizarre things in the endless starry sky. Look at her. A living person has been transformed into this thing that is neither human nor ghost. And she cannot be killed by conventional means."

"Her body cannot be harmed by the methods of a Heavenly Dao Saint. The elixir you refine can only reach the Saint level?"

Canzhu Bu Nian Shao gave a bitter smile and said:

"Actually, it's not that powerful. My flame is also a Heavenly Saint-level thing. It's just that all things are interdependent and my flame can just restrain her."

Xiu Moxu Qin Wang's screams became quieter and quieter, and were eventually refined into three beams of light by the flames.

"It may take me some time to refine the pill. I will give it to you after it is refined."

Lin Tianhao nodded, then expanded the boundary and began to slaughter Alet's army crazily.

However, the battle here is over, and those guys from the Alet galaxy are also retreating one after another.

Next.

Lin Tianhao now has time to devour the female ghost in red.

Underground, the sealed place.

Lin Tianhao came here again, ready to devour the red-clothed female ghost so that his interests could be maximized.

only.

Lin Tianhao discovered something unusual as soon as he arrived here.

The seals on these monsters in the sealed land have loosened a little.

This is not much looser than last time, and is not even as loose as last time.

But it is indeed loose.

"what happened?"

"Once the army from the Alet Galaxy attacks, the seal here will be loosened?!"

Lin Tianhao's previous judgment was that it might have nothing to do with the Alata Galaxy.

After all, releasing these monsters is not good news for the Alete galaxy.

"Do you remember the results of Allens Roman's deduction?"

"It's a sea of blood. Could it be that the seal started to loosen after absorbing blood?"

"During these two periods of unrest, tens of billions of lives were lost on the Blue Planet."

The Dark Angel expressed his guess.

"There is such a possibility, but it cannot be confirmed now." Lin Tianhao said.

The seal has loosened again. Although it is not loose by much, it must be taken seriously.

At this rate of loosening, if it loosens eight or ten times, these monsters might break the seal and come out.

His current abilities are not enough to deal with these monsters.

"Today, Canzhu Bu Nian Shao reminded me that the fact that I was able to kill these monsters means that their life force level has not yet reached the eternal realm."

"Otherwise, they should be like Xiu Moxu Qin Wang, and I can't kill them at all."

Lin Tianhao looked at the densely packed monsters below and had new guesses in his mind.

"So, the problem is not their life level, but their resurrection."

Lin Tianhao also has the ability to resurrect on the spot.

But even his resurrection on the spot, and even the immortality that Lin Tianhao obtained later, are actually limited.

But these monsters are different, they seem to have no restrictions and can be resurrected!!

Three seconds. During Ragnarok, the time it took him to resurrect on the spot was also three seconds!!

Could it be that.....

Do these monsters have the ability to resurrect on the spot?

And this so-called sealed place is a special space similar to Ragnarok!!

Chapter 1947 The charming slave self-destructs!

The God of the Source of Tao can allow so many adventurers in Ragnarok to be resurrected infinitely.

If there is another strong person who is not weaker than the God of the Source of Tao who exerts power on these monsters.

Does that mean they can also be resurrected infinitely?

and so.

Their infinite resurrection is not because they are so powerful.

The core key is that there is a super being who gives them the ability to resurrect infinitely.

Who is the super powerful being who can give them the ability to revive infinitely?

and.

According to the Lord of Qingtian Source, they were going to be expelled.

There are no top-notch experts in the Galaxy World or even in its surrounding areas.

I have many thoughts.

Lin Tianhao was unable to get an accurate answer in the end.

He ordered the Green Tooth Ghost to summon the Talisman Tower and began to devour the power of the red-clothed female ghost.

During the process of Lin Tianhao devouring, the red-clothed female ghost's eyes no longer showed the previous changes.

and.

The female ghost in red had completely given up resisting at this time and just stood there, allowing Lin Tianhao to devour her.

Xiu Moxu Qin Wang had said before that he would definitely regret killing the female ghost in red.

This female ghost in red must have some connection with me.

The look in her eyes when the red-clothed female ghost recovered seemed to prove this point.

If this girl really has a close relationship with me, wouldn't it be bad if I just swallowed her like this?

However, Lin Tianhao didn't know how to control this female ghost in red. Even if she knew him, she should have been enslaved by someone else by now.

This is a disaster for Lin Tianhao.

and so.

Lin Tianhao still decided to devour the female ghost in red.

Devouring this female ghost in red can quickly improve his understanding of the way of time, which is of great help to his understanding of the way of time.

Given the potential crisis and huge benefits, Lin Tianhao did not hesitate and swallowed it directly.

Even if he didn't devour her completely, he had to at least devour the red-clothed female ghost to the point where she no longer posed a threat to him.

While devouring the female ghost in red, Lin Tianhao was also improving his proficiency in the Brain of Heavenly Punishment.

After the Brain of Heavenly Punishment reaches seven stars, the difficulty of further advancement increases sharply.

But for now, it is still within the acceptable range for Lin Tianhao.

Like before, Lin Tianhao would go out every once in a while to see if anything had happened.

On the third day, Lin Tianhao received a message from Xuan Mingyang.

That is, Xiumoxu Meiwang started to do things in secret, using his own means to confuse others and create charm slaves.

Then these charm slaves will attack the Lord's Heart, the advanced barracks, or even directly destroy the Lord's Heart and the advanced barracks by self-destructing.

Lin Tianhao came to the Blue Star Alliance Headquarters and asked directly:

"How is the situation now?"

"Not good. These slaves are basically above level 2,000, and they might even be the territory's own people."

"They acted decisively and fearlessly, regardless of success or failure. They would simply self-destruct."

"In the past twenty-four hours, there have been more than seventy-nine suicide explosions."

"Among them, thirty-eight Lord's Hearts were destroyed, and twenty-one advanced barracks were destroyed."

"Not only that."

"And the lords were sacrificed in the process of their destruction."

That's it.

Xuan Mingyang hesitated for a moment before continuing:

"We originally wanted to ask you, Xue Di, to deduce the location of the Mei Nu."

"But now I feel that even if we get rid of this group of charm slaves, we won't be able to solve this problem completely."

Lin Tianhao understood Xuan Mingyang's meaning. This was only a temporary solution, and if he wanted to completely deal with the issue of Mei Nu's self-explosion, he could only start with Xiu Moxu Mei Wang.

Lin Tianhao waved his hand and summoned Gu Limu Changqing.

"You come and use the Xuanwu Suantianjia."

Allens Roman is dead, so Lin Tianhao naturally needs a new tool.

Gu Limu Changqing is obviously a very suitable candidate.

Hearing Lin Tianhao's words, Gu Limu Changqing's expression became somewhat unnatural.

But he could not disobey Lin Tianhao's order, so he could only follow Lin Tianhao's instructions and start using the Xuanwu Suantianjia to calculate.

Just as he began to calculate, a strong force of misfortune surged out from the Xuanwu Suantian Armor.

Lin Tianhao immediately took Gu Limu Changqing out of the capital and appeared in the suburbs.

It would not be a good thing if those people in the command center were to be infected by such a strong force of doom.

Lin Tianhao activated the Heaven Devouring and Earth Devouring Power to devour these forces of misfortune, and at the same time asked:

"How about it?"

Gu Limu Changqing said seriously: "Sir, the deduction result is just four words: [Vast Continent]."

Lin Tianhao: ???

Although he was surprised, Lin Tianhao understood it instantly.

There must be a treasure on Xiumoxu Meiwang, which is why Xuanwu Suantianjia cannot calculate her exact location.

"Luo Wang, do you have any way to find her?"

Xiu Moxu·Lu Wang should be more familiar with Xiu Moxu·Mei Wang.

She is in the Shanhai Empire, so Xiumoxu Luwang might be able to find her.

"Well... I only know that it takes time for the Charm King to charm the Charm Slave. It can't be done in just a few words."

"Especially for those who have reached the seventh level of Charm and have strong soul power, they only need to be in contact for more than a quarter of an hour to be completely charmed."

Lin Tianhao raised his eyebrows slightly, and after a quarter of an hour...

This is also difficult to find.

A quarter of an hour is fifteen minutes, and it is very easy for Xiu Moxu Mei Wang to change his shape, lurk in the crowd, and find opportunities to charm others.

"What else?" Lin Tianhao asked.

Xiumoxu Luwang thought for a moment before saying:

"From what I know, when the Charm King charms others, strong mental fluctuations will appear around them."

"The stronger the target of the charm, the stronger the mental fluctuations will be."

Lin Tianhao's eyes lit up. This was a good clue.

Lin Tianhao told Xuan Mingyang this clue as soon as possible.

As long as you search through mental fluctuations, it will not be difficult to find Xiu Moxu Mei Wang.

With the clues provided by Lin Tianhao, the search was indeed much easier.

In just two hours, someone discovered the whereabouts of Xiu Moxu Mei Wang.

After Lin Tianhao learned that Xiumoxu Meiwang had appeared, he rushed over immediately.

However, because the space avenue was cut off, although Lin Tianhao was very fast, he was still one step late.

When Lin Tianhao arrived, he only saw the bodies of two ninth-level adventurers.

They were the ones who discovered Xiu Moxu Mei Wang, but they didn't wait for the reinforcements to arrive.

A ninth-level adventurer is considered quite powerful among adventurers.

Although Xiu Moxu Mei Wang's major was in the art of charm, it was still very easy for him to deal with two ordinary ninth-level adventurers.

Chapter 1948: Encircle and kill the Charm King!

Lin Tianhao sighed. It was true that the range of his spiritual awareness was large, but it was not enough to cover the Shanhai Empire.

and.

As long as his spiritual sense covers it, Xiu Moxu Mei Wang will definitely be alerted.

unless.....

He had a relatively high level of attainment in the laws of the origin of the soul, which made it possible for him to cover Xiu Moxu Mei Wang with his spiritual consciousness without being discovered by him.

The issue is.

Even if Lin Tianhao comprehended the laws of the origin of the soul now, it would not be easy for him to achieve relatively high achievements in a short period of time.

But there was no other way around it, he had to find Xiu Moxu Mei Wang.

Lin Tianhao spread out his spiritual sense, and without any surprise, he could not find any trace of Xiu Moxu Mei Wang.

Time passed little by little, but Lin Tianhao still could not find any trace of Xiu Moxu Mei Wang.

"Changqing, continue the deduction."

Lin Tianhao summoned Gu Limu Changqing. In the current situation, he could only let Gu Limu Changqing deduce.

A strong force of doom surged out from the Xuanwu Suantian Armor again. Gu Limu Changqing said with a bitter face:

"Sir, it's still the same as always, the vast continent."

Lin Tianhao frowned slightly, "Then deduce the person who has recently become a charm slave."

If you can't directly deduce the location of Xiu Moxu Mei Wang, then change your way of thinking.

"There's a result. I'll give you the list."

"Deducing the positions of these people on the list."

Lin Tianhao felt that if he did not deduce Xiu Moxu Mei Wang, he could also deduce the location of Xiu Moxu Mei Wang from other directions.

Based on the places deduced by Gu Limu Changqing, Lin Tianhao began to look for Xiu Moxu Meiwang in a targeted manner.

Lin Tianhao brought a few ninth-level adventurers with him and asked them to use their mental power to search.

Xiumoxu·Mei Wang will not be too vigilant against the Ninth Revolution Adventurers, so it will be easy to be exposed.

But to Lin Tianhao's disappointment, he still couldn't locate Xiu Moxu Mei Wang's position using this method.

It seems that after being exposed last time, Xiu Moxu Mei Wang has been hiding.

"Changed position."

Gu Limu Changqing was still using the Xuanwu to calculate the Tianjia to calculate the newly born Mei slaves, and at the same time he was also calculating their positions.

The name and position of the latest charm slave just calculated have changed.

The location appeared on the edge of the Western Regions.

That location also belongs to the Haomiao Continent, but it is still some distance away from the Shanhai Empire.

Xiu Moxu Mei Wang was quite alert. He knew that he might be exposed, so he ran away directly to such a far place.

Lin Tianhao chased all the way, and this time, the two ninth-level adventurers he brought with him finally locked onto the location of Xiu Moxu Mei Wang.

Xiu Moxu Mei Wang was not afraid of the consciousness of this ordinary ninth-level adventurer at all. He did not escape immediately and seemed to be planning to attack as before.

But how could Lin Tianhao give him a chance?

Take one step.

Lin Tianhao cut off Xiu Moxu Mei Wang's retreat.

One after another masters under Lin Tianhao appeared and surrounded Xiu Moxu Mei Wang.

"Xue Di, I underestimated you." Xiu Moxu Mei Wang looked a little solemn.

Lin Tianhao smiled without comment and said:

"So, are you ready to die?"

Hearing Lin Tianhao's words, Xiu Moxu Mei Wang sneered.

"Welcoming death?"

"Xue Di, you think too highly of yourself."

"Nine-eyed golden toad!!"

Lin Tianhao was still the same as before, and directly asked the Nine-Eyed Golden Toad to use the power of its ninth eye to sacrifice its life.

Xiu Moxu Mei Wang's expression darkened. She raised her hand and a black box appeared in her palm.

She clasped her hands together and the black box quickly unfolded. At the same time, the sky, the earth, and even the surroundings seemed to be covered by a huge black box.

Lin Tianhao's body turned into lightning and rushed out when the black box completely covered him.

A fierce light flashed in Xiumoxu Meiwang's eyes, and three tortoise shells flew out of his hands. Mysterious runes were engraved on these tortoise shells.

These ancient and mysterious runes lit up one by one, and Lin Tianhao instantly felt that the great road of this world was cut off.

Unrighteous?

Lin Tianhao is now unmoved. Wudao can restrict him, but it is not enough.

"Xuedi, I know you have mastered the laws of the origin of space, but the avenue of space has been cut off. Without the power of the origin, how can you keep me?"

The words fell.

Xiu Moxu Mei Wang began to retreat quickly.

But she had just retreated when her movements became extremely slow.

Lin Tianhao rushed forward quickly. His law of the origin of time had now reached the fourth level.

Although the level is not enough compared with the original law of space, it is not difficult to break the unjust blockade of Xiu Moxu Mei Wang.

Feeling the original power fluctuating around him, Xiu Moxu·Mei Wang's pupils dilated.

"This is....."

"The power of the origin of time!!"

If Lin Tianhao used the second kind of original power, Xiu Moxu Mei Wang would not be so surprised.

The key is.

The second source of power Lin Tianhao used was time!

Time is respected and space is king.

Destiny is not determined, cause and effect are king.

I'm not just saying this as a joke.

There are three thousand great ways and tens of millions of small ways, but time, space, destiny, and cause and effect are the absolute top ways.

Lin Tianhao has already mastered the laws of the origin of space, which is already very powerful.

Just look at Allens Roman.

"You answered correctly, and I'll give you a reward. Now you die!"

Lin Tianhao grinned, activated the Evil Sword Immortal form, and summoned thunder and fire from heaven and earth to kill Xiumoxu·Charm King.

Just now.

Lin Tianhao's message came out.

"Boss Xuedi, something big has happened. Come quickly if you see us. The front line can't hold on any longer."

When Lin Tianhao saw the news, his face darkened.

"It looks like they've already started to act. Come on, come and kill me."

Xiu Moxu Mei Wang looked at Lin Tianhao provocatively, and then a Rubik's Cube appeared in his hand.

Lin Tianhao is not unfamiliar with this kind of Rubik's Cube.

just.

Xiu Moxu Mei Wang took out the Rubik's Cube not to use it on Lin Tianhao, but she herself entered the Rubik's Cube.

Thunder and fire from the sky fell and shattered the Rubik's Cube.

however.

This Rubik's Cube had just been shattered, and a brand new Rubik's Cube appeared in front of Lin Tianhao.

"Matryoshka?"

Lin Tianhao smashed the Rubik's Cube again. Just as he thought, Xiu Moxu Mei Wang was indeed putting up layers of Rubik's Cubes one after another.

"Boom boom boom——"

Lin Tianhao attacked frantically, and the new Rubik's Cube was shattered as soon as it appeared.

"My lord, something is wrong." The voice of the dark angel sounded.

Lin Tianhao's eyes narrowed slightly as he looked around, with a hint of coldness in his eyes.

Lin Tianhao calmed down. Although the mysterious mechanic in the Alet Galaxy could mass-produce this Rubik's Cube, it was still a very precious item and it was impossible to consume so many of them at once.

He unknowingly fell into the illusion of Xiumoxu Meiwang and fell into a fantasy world.

"Break it for me!!"

Lin Tianhao let out a low roar, and the laws of the origin of his soul were activated, impacting his spiritual sea of consciousness.

Chapter 1949: Crazy Fighter Blade Dies!

But in the blink of an eye, Lin Tianhao felt his mind clear, and the Rubik's Cube in front of him disappeared and turned into a gorgeous rose.

Lin Tianhao chopped the enchanting rose into pieces, but before he could look for Xiu Moxu Mei Wang, Xuan Mingyang called him.

Lin Tianhao knew that Xuan Mingyang would not call him unless it was absolutely necessary.

Pick up the voice call.

Lin Tianhao heard Xuan Mingyang's slightly anxious voice.

"Xuedi, come back quickly, there's a big problem on Blue Star."

When Lin Tianhao answered the voice call, he had already rushed towards the direction of the space rift.

The avenue of space was cut off, and he could no longer teleport to Blue Star as before.

Even with the power of the three realms of wind, thunder, and light added to his body, it still took Lin Tianhao a full five minutes to reach the nearest space rift.

When Lin Tianhao came out of the space crack, he saw the sea water in front of him rolled up tens of thousands of meters high, pressing down towards the earth in a form that covered the sky and the sun.

Lin Tianhao flew into the sky and looked into the distance.

The distant places have been submerged by the ocean, and the sea water that blocks out the sky is still submerging the continent at an extremely fast speed.

In the depths of the ocean, Lin Tianhao saw a series of human figures.

They clasped their hands together and the sea water flew up under their control, covering the sky and the sun and flooding the continent.

at the same time.

Huge blue figures exploded in the territory one after another. Wherever adventurers or troops gathered, people would explode from time to time.

"Who else can control people?!"

Lin Tianhao was a little annoyed.

Xiumoxu Luwang immediately spoke up, "Sir, in the Alet Galaxy, there are many masters who can control people..."

Lin Tianhao took a deep breath. Judging from the current situation, the number of enslaved people was quite large, at least more than 50,000.

Xiu Moxu Mei Wang does not have that ability, so there must be many masters from the Alate Galaxy participating.

It is almost impossible for one person to enslave so many people in a short period of time.

Now Lin Tianhao can't do anything about these people who commit suicide.

He immediately mobilized the power of the Water Dao Realm with all his strength.

Lin Tianhao pushed the power of the nineteenth level of the Water Dao Realm to the extreme, but it was unrealistic for him to block the sea water by himself.

Since we can't resist it, we have no choice but to solve this problem from the root.

Lin Tianhao turned into thunder and rushed forward.

As long as the masters of the Alate galaxy who are mobilizing the sea water are killed, the sea water will naturally recede.

Just as Lin Tianhao was about to approach the blue giants that were mobilizing the sea water, the black box rushed out from the sea water and enveloped Lin Tianhao again.

Xiu Moxu Mei Wang appeared right after him. She sacrificed four tortoise shells, covering this piece of heaven and earth, instantly forming a space without law, causing the law around Lin Tianhao to disappear again.

At the same time as Xiu Moxu Mei Wang made his move, countless arrows appeared from all directions like a tide, surrounding the position where Lin Tianhao was.

Lin Tianhao swung the carving knife in his hand and sprinted quickly, trying to break out of the range covered by Wudao.

"Snow Emperor..."

"Who do you think this is?"

Just as Lin Tianhao broke the feather arrow, a human head was thrown in from outside.

When Lin Tianhao saw the head, he recognized the other person's identity at a glance.

Berserker Blade!!

This person is already an old acquaintance to Lin Tianhao.

Because he had just been deceived by Xiu Moxu·Mei Wang, Lin Tianhao has been using the power of the origin of his soul to protect his spiritual sea of consciousness.

In other words.

This is really the head of Berserker Blade.

Lin Tianhao glanced at his friend list, and sure enough, Berserker Blade's avatar had turned gray.

In the current situation of Ragnarok, the avatar has turned gray, which means that it is dead.

Anger rose in Lin Tianhao's heart. He had a good relationship with Berserker Blade.

It's a pity that Berserker Blade died so quickly.

"boom--"

Just as Lin Tianhao was thinking this, Mad Blade's head exploded instantly.

The power of the head explosion was extremely terrifying. Lin Tianhao felt as if he was hit by a meteor and his body was knocked away.

While still in the air, Lin Tianhao's black box had already enveloped him.

Use Berserker Blade's head to create a hole in his mind, and then detonate Berserker Blade's head.

Use the explosion and Wudao's power to force him into the black box.

These guys really put a lot of effort into dealing with him.

Lin Tianhao mobilized the law of the origin of time with all his strength, and the falling speed of the black box was significantly reduced.

This also gave Lin Tianhao a chance to catch his breath and allowed him to rush out of the range of the black box.

Just as he rushed out of the range of the black box, countless arrows enveloped Lin Tianhao again.

Lin Tianhao summoned Heitian Aozhen, the Dark Angel and others to break the feather arrows, allowing Lin Tianhao to break out of the siege.

The moment he came out, Lin Tianhao did not retreat, but continued to rush towards those blue giants.

The feather arrows of the Heavenly Punishment Lock also flew towards them.

But Xiu Moxu Mei Wang was like a dog-skin plaster, holding Lin Tianhao back and not giving him a chance to attack.

There was a fierce light flashing in Lin Tianhao's eyes. If the delay continued, the sea water would submerge the entire blue planet.

“Stop him!!”

Lin Tianhao asked Xiu Moxu Lu Wang to take action.

If pressed to the limit, Lin Tianhao might even sacrifice Gu Limu Changqing.

Fight to the death, who is afraid of who!!

"die!!"

The moment Xiu Moxu·Lu Wang was holding back Xiu Moxu·Mei Wang, Lin Tianhao took another step forward and finally approached these blue giants.

He swung the carving knife in his hand and charged towards the blue giant closest to him.

The blue giant did not dodge or resist, but continued to mobilize the sea water.

The carving knife fell and the giant's body was cut open.

But his body was like sea water. After Lin Tianhao cut his body with a carving knife, the damage quickly merged together.

However, after this blow, the blue giant's body became obviously shorter and smaller in size.

This means that it is not immune to Lin Tianhao's attack.

As long as you are not immune to Lin Tianhao's attack, you will definitely die.

Lin Tianhao strikes a thousand times in one second. No matter how strong the blue giant is, he will surely die if he just stands there for a short while.

"Ding, congratulations, you've successfully killed the Ocean Giant! Rewards: Health +500 million, Health Regeneration +5000 per second, Free Attribute Points +5000."

"Ding, congratulations, you've successfully killed the Ocean Giant. A server-wide announcement will be made soon. Do you want to hide your name?"

"no."

"Server-wide announcement: Congratulations to player Xue Di for successfully killing the Ocean Giant. We are announcing this and hope all adventurers will keep up the good work!"

.....

The sound of the server-wide announcement rang out, but Lin Tianhao didn't care and continued to hunt other ocean giants.

In just a few breaths, seven ocean giants were killed by Lin Tianhao.

Just as Lin Tianhao was about to continue hunting these sea giants, a man stepped on the sea water, took a step forward, and stood in front of Lin Tianhao.

Chapter 1950 Marshal Fatian!

Lin Tianhao frowned slightly. The man was wearing a blue robe with a blue rune between his eyebrows.

The blue rune seemed to be a stream of water, and it was still flowing.

"Xuedi, I can sense that you also possess the power of the ocean's rules. If we were to fight in this ocean, it would be impossible to tell who would be the better."

The blue-robed young man's voice was flat, and no emotion could be detected.

Lin Tianhao raised the carving knife in his hand:

"Whether or not there's a winner, this match must be fought."

"Continuing the fight might be good for you, but it will definitely not benefit the Galaxy World."

The young man in blue robe said calmly, "Not many people have died yet, there is no need to continue fighting."

"I don't want to fight either, so are you going to retreat?" Lin Tianhao asked.

The young man in blue robe shook his head. "Like you, I don't want to fight either, but there are some things we have no choice about."

"That's it. You want to attack, but you want us to give up the attack. Is that possible?"

That's it.

Lin Tianhao stared at the young man in blue robe and asked:

"I can tell you're not ordinary. Can you tell me why you must attack the Galaxy World?"

"The decision from above is a death order. There is no choice." The young man in blue robe said helplessly.

Lin Tianhao shook his head. "How can we not have a choice? The Lord of the World has already left. We can sit down and negotiate whether to fight or not."

"That's not something you would say. Before... it seemed like you had a deep hatred for our Arlet Galaxy. You killed anyone you met without mercy."

The blue-robed youth stared at Lin Tianhao with interest. "I don't think the recent battle has defeated you."

"Stop attacking, I'll take you to a place." Lin Tianhao said.

The young man in blue robe shook his head. "We are on opposite sides. It's very dangerous for me to go with you."

"Don't worry, I won't do anything rash."

"Don't you want to know why I changed my attitude?" Lin Tianhao said.

The young man in blue robe thought for a moment before giving the order, "A temporary truce."

Lin Tianhao also sent a message to Xuan Mingyang, asking them to temporarily cease fighting.

"Let's go."

Lin Tianhao took the blue-robed young man into the underground.

All the way to the sealed place.

The young man in blue robe looked at the barrier in front of him with a little surprise.

"I really can't believe that there is such a barrier in this place."

The young man in blue robes became interested. "I can't seem to get in? That's even more interesting."

Although the blue-robed youth did not try, his power and consciousness had already touched the barrier, so he naturally knew some of the problems with the barrier.

Lin Tianhao didn't waste any time and took the blue-robed young man directly into the barrier.

Looking at the monster sealed in the barrier, the young man in blue robe was a little surprised.

Lin Tianhao's Fire Realm unfolded, easily killing tens of thousands of monsters.

Subsequently.

These monsters all resurrect within three seconds.

"These monsters are extremely powerful and can be resurrected infinitely. If we let them out, the Galaxy World will be completely destroyed."

Hear the words.

The young man in blue robe frowned and said:

"This should be considered the weakness of your galaxy world. Telling me the weakness of your galaxy world, isn't that like courting self-destruction?"

Lin Tianhao waved his hand and said:

"Great Marshal Fatian, you come to attack us. You don't want a world without life, do you?"

The young man in blue robe was not surprised that Lin Tianhao knew his identity, because Xiu Moxu Lu Wang knew his identity.

and.

If Lin Tianhao didn't know his identity, he would never have brought him here.

"I have killed these monsters many times, and they can all be resurrected after three seconds." Lin Tianhao said.

Marshal Fatian took a step forward, and all the monsters within a hundred miles were shattered.

The power of this kick is so terrifying!

"Resurrection mechanism?"

Marshal Fatian was thoughtful for a moment before he slowly said:

"The seals on these monsters are loosening. You came to me, don't you want me to help you strengthen the seals?"

"It would be great if that were the case."

"But I came to you to tell you that every time someone dies in a war, the seal here will loosen."

Marshal Fatian glanced at Lin Tianhao and asked:

"You want a truce..."

"wrong....."

Marshal Fatian looked at Lin Tianhao with some horror and said:

"You...you are testing me!!"

Lin Tianhao smiled and said:

"There's a bit of a tentative idea in there, but if it can stop the war, that would be the best thing."

Lin Tianhao brought Marshal Fatian here, and stopping the war was only a small part of the reason.

The real core reason is still testing.

Because Glasses had said before that he couldn't enter the barrier.

Even... he couldn't find the barrier.

Later, Lin Tianhao tried again using Xiu Moxu Lu Wang, Dark Angel and others.

The result was the same. Without Lin Tianhao around, they couldn't find the barrier.

Even if Lin Tianhao was around, they could see the barrier, but they couldn't get in.

and so.

Lin Tianhao wanted to see if Marshal Fatian was the same.

Marshal Fatian had tried it before, but it seemed that he couldn't get in.

"You want to bring the creatures of Blue Star and Ragnarok into this place and stay here until the ten-year period is up?"

Lin Tianhao nodded, "If I can't stop the war, I have no choice but to do this."

"If we keep fighting, it's inevitable that these monsters will break free."

Marshal Fatian hesitated for a moment, "You... really leave me a little bewildered."

"It's impossible to stop the war. This is a death order."

Lin Tianhao sighed helplessly, "It seems I have no choice."

"There are still options..."

Marshal Fatian looked at Lin Tianhao, "You told me the plan, do you think you can still leave?"

Lin Tianhao smiled and said:

"It seems you don't understand me."

"Do you think I am really the Snow Emperor?"

Marshal Fatian's expression changed, and his powerful spiritual sense instantly locked onto Lin Tianhao.

"There's absolutely no flaw."

"Do you still want to take action?" Lin Tianhao asked.

"Go out and see."

Marshal Fatian took a step forward and disappeared.

Lin Tianhao followed closely behind and left.

As for the fact that he is now a clone?

of course not.

It's his true form!!

He said this just to deceive the Great Marshal Tian.

Sometimes, who can tell what is true and what is false?

After coming out.

Marshal Fatian did not continue the attack. "I'm not sure if this is your true form, but regardless of whether it is or not, I will temporarily stop the war."

"The situation here is somewhat serious. I still need to think about it."

The words fell.

Marshal Fatian left with his army.

As soon as they left, Lin Tianhao immediately notified everyone.

Send everyone into the Shanhaitu, take away all the barracks, temporarily abandon the land of China and the Blue Star, and wait until the ten-year period is up before coming out.
