

Older Man 1051

Chapter 1051 Seized

Chief Zhang's features were twisted together, looking as ugly as a pig that had been scalded by boiling water.

"Are you still not going to resolve this matter?" Jiang Yu released her hand and said coldly.

"Solve what?!" Chief Zhang kept rubbing his wrist and shouted to the door, "Men! Hurry up! Get these two troublemaking women out of here!"

In an instant, a few people rushed in from outside the door. Although they were not security guards, they were all male employees. In terms of figure and strength, they definitely crushed Jiang Yu and sister Xia.

"What are you doing?" Jiang Yu looked at director Zhang coldly. are you feeling guilty? "

"Why do you care if I'm guilty or not!" Chief Zhang shouted, "Hurry up and chase them out!"

The staff reached out to pull Jiang Yu away, but she dodged them by turning her body sideways.

Since things had come to this, Jiang Yu didn't need to continue wasting time with such a person. She might as well solve it openly.

"Zhang, as the director of the industrial and commercial Bureau, you ignored the complaints of the store owner and were so frivolous to a girl you don't know. Do you still want to be the bureau chief?"

When Chief Zhang heard this, his face twisted again. "You're being very arrogant. I think you don't want to stay in Shanghai anymore, right? You said you're Jiang Yu, right? Alright, you just stand here and don't move. Just you wait, I'll immediately seal your shop!"

As he spoke, Director Zhang quickly ordered his subordinates to seal up Jiang Yu's shop.

Jiang Yu crossed her arms and sat on the single sofa at the side. "Alright, then get your people to seal it up. I want to see if you have the ability."

When Chief Zhang heard this, there was a moment of uneasiness on his face, but he just thought that Jiang Yu was being harsh and didn't take her seriously.

Moreover, he had been paid to do this, so it was only right and proper for him to do this. Since the person who paid him had asked him not to interfere in Jiang Yu's affairs, he definitely could not break the agreement.

Not long after, the person who went out came back with a look of horror. He leaned over to director Zhang's ear and said, "Director Zhang, Jiang Yu's store is a subsidiary of the Jiang jewelry.

"Jiang jewelry?" Of course, Chief Zhang knew what had happened to Jiang jewelry. So, he laughed and said, "Jiang Yu, is your store a subsidiary of the Jiang jewelry? Don't you know what happened to this company recently? You actually dare to use this company's name to open a shop? Aren't you a little too bold?"

Chief Zhang smiled happily, but the man whispered in his ear again, "Director Zhang, Jiang Yu is the current boss of Jiang jewelry. She was the one who bought the company from the bank."

Chief Zhang's smile froze on his face.

How could this be? The Jiang jewelry company owed so much money. With Jiang Yu's ability, there was no way she could take out that much money!

Jiang Yu looked at director Zhang calmly and sneered, "What do you think, chief Zhang? Can my shop be seized?"

Cold sweat broke out on Director Zhang's forehead.

Whether it was someone backing Jiang Yu up and helping her buy the Jiang's jewelry, or Jiang Yu paying off all the debts of the Jiang's jewelry on her own, it all showed that Jiang Yu was not someone to be trifled with.

But after a while, Director Zhang was relieved.

In Shanghai, the Mo Corporation was the only one that they could not afford to offend. As for this Jiang Yu, compared to that person, she was just a small character and was not worth mentioning at all.

Moreover, he had someone backing him up. Why would he be afraid of Jiang Yu?

Thinking of this, Chief Zhang started to smile wretchedly again. "Jiang Yu, do you think I won't dare to seal you just because you're the current boss of the Jiang jewelry? Aren't you overestimating yourself? You're just the boss of a small jewelry company. Do you think you're some big shot?"

"Then it seems that director Zhang is very confident in closing down my shop?" Jiang Yu sneered and asked, "You can give it a try then."

In Director Zhang's ears, these words sounded like provocation. He couldn't stand it at all.

"Jiang Yu! Stop putting on airs here! I'm not only going to close down your shop, I'm also going to close down your company!"

However, it was easy to seal up a shop, but it was difficult to seal up a company. In addition to having irrefutable evidence, they also had to go through a very troublesome judicial process.

Director Zhang had encountered similar incidents in the past few years, but because it was too troublesome and those companies were willing to give him gifts to beg him not to pursue it, he was happy to turn a blind eye to it.

Chapter 1052 Her Identity

This was also the first time he had met someone like Jiang Yu who was unmoved by force or persuasion. Therefore, he was furious and threatened to seal up Jiang Yu's shop and company.

He immediately ordered, "seal up all of Jiang Yu's shops and companies! We'll just say that she's selling fake goods and that she's cheating the consumers!"

Sister Xia couldn't take it anymore and said, "do you even have a bottom line? We've already said that the product is a replica from the start. Now you're saying that we're selling fake goods. Do you think your reason is valid? He's already an adult, don't tell me he doesn't even have this bit of brain? Besides, you're the Bureau chief. Don't you know Jiang Yu's identity?"

"What do I know? Isn't she just a jewelry boss?" Chief Zhang said disdainfully, "Do you think her status can be so high? "

"She's the movie queen!" Sister Xia's face was red with anger.

"Aiyoyo, the movie queen? I'm really scared." Chief Zhang laughed out loud, and so did the other people in the room. "I don't care if you're the movie queen or the movie king. As long as you provoke me, I don't care what kind of hat I'll put on you. I'll make sure you can't get up. Do you understand? Hahahaha!"

He laughed arrogantly and completely looked down on Jiang Yu.

Sister Xia was even angrier and simply revealed Jiang Yu's other identity. "She's the president's wife! She's the president's wife of the Mo Corporation that none of you can afford to offend!"

When these words came out, those people were first stunned, then they laughed even more happily.

Chief Zhang's smile was so wide that the wrinkles on his face were squeezed together. The words that came out of his mouth were also very unpleasant. "Can any random person be the wife of a CEO now? She didn't even take a look at her own status and dared to call herself the president's wife? Do you think President Mo would like someone like you? Ahahahaha!"

Their laughter grew louder and louder, and for a moment, the entire room was filled with their laughter.

When sister Xia saw this, she was so angry that her breath was stuck in her throat.

However, Jiang Yu's lips curled up slightly and she slowly asked, "You guys don't believe me?"

"Do you think we'll believe you?" Chief Zhang laughed so hard that he was on the verge of tears, "if you want to prove yourself, why don't you call President Mo over? "

He was no longer in a hurry to seal up Jiang Yu's company. He wanted to see her make a fool of herself for a while longer.

However, he did not expect Jiang Yu to actually take out her phone and make a call.

"Are you busy now?" Jiang Yu's tone was very gentle.

On the other end of the phone, Mo Long replied, "I'm not busy. There's one last document. You can go home after you sign it. What's wrong?"

Jiang Yu immediately changed to a wronged tone and said, "Someone bullied your fiancée and said that I'm not good enough for you. So, you must come to me immediately after you're done."

"Alright, give me the address." Mo Long's voice turned cold.

"Alright, you can go back to your work."

After hanging up the phone, Jiang Yu sent her current location to Mo Long.

Chief Zhang's face gradually stiffened.

When Jiang Yu was on the phone just now, director Zhang couldn't hear what the person on the other end of the line was saying because the volume of the phone was too low. However, from Jiang Yu's words, the person opposite her should be a man.

"I'd like to see what kind of people you'll call over!"

20 minutes had passed, but Mo Long still had not arrived. Director Zhang and his staff couldn't wait any longer. They thought that Jiang Yu was just being pretentious, so they laughed and said, "It's been twenty minutes. Why isn't the person you called here yet?"

"That's right. I say, you're a little girl. You can do anything, but why have you learned to lie? "

"Is the person you're calling for President Mo? I think he's just a random gangster on the side of the road! Hahaha!"

"Do you want to call and urge him again? Otherwise, he wouldn't be here even after we get off work!"

As they laughed, the office door was suddenly kicked open, and a gust of cold wind blew in from outside.

Chief Zhang shivered in fear and turned his head to look at the person at the door.

The man at the door was dressed in a black trench coat and a pair of brown sunglasses. Just by standing there, his tall figure already gave off an invisible sense of oppression.

Mo Long walked straight towards Jiang Yu and wrapped her in his arms. His tone was extremely gentle as he said, "They didn't do anything to you, right?"

Jiang Yu was about to shake her head, but she saw the panic on Chief Zhang's face from the corner of her eye. She sniffed and said, "They threatened me to seal up my shop and company. They even said that I'm just a nobody and that I'm not worthy of you."

Chapter 1053 Betraying The Sugar Daddy

Frowning, Mo Long took off his sunglasses and swept his cold gaze across this group of people.

He didn't say a word, but chief Zhang was so scared that his legs went weak.

Although he had never seen Mo Long in person, he had seen photos of him on the internet and in the newspapers. Moreover, there were many legends about Mo Long in Shanghai, so it would be difficult for Chief Zhang not to know.

"President Mo, why are you here? " Chief Zhang broke out in a cold sweat and hurriedly brought his office chair over for Mo Long to sit on.

However, Mo Long gave up his office chair to Jiang Yu and leaned on the sofa beside her.

Upon seeing this, anyone with eyes could tell that Mo Long doted on Jiang Yu a lot.

"Tell me, what happened?" Mo Long's nonchalant words scared Chief Zhang so much that he almost peed his pants.

"H-Hello, President Mo! There's nothing going on here, please don't misunderstand." Director Zhang's cold sweat was enough for him to take a shower, but he still refused to admit it.

He thought to himself, no matter what, I'm still a bureau chief. Even if my power and influence can't compare to Mo Long's, I'm still a 'bureau chief', so there's no need for me to be so afraid of Mo Long.

Therefore, he coughed a few times and said, "Actually, there's a small problem with your wife's shop. Due to my negligence, I didn't solve it in time. Your wife must have been too anxious, so she came to visit in person. However, this matter is indeed my fault."

Jiang Yu looked at him in amusement and exposed him mercilessly. "That's not what you said just now."

Chief Zhang choked and smiled apologetically. "Madam, I was blind just now. Please be magnanimous and don't hold it against me. How about this, I'll help you solve this problem right now, how about it?"

"Alright." Jiang Yu raised her eyebrows. "Kang He's store stole my product's creativity. After they were found out, not only did they refuse to apologize, but they also refused to take the products off the shelves. You can just seal up her shop and I won't argue with you about this."

Hearing that it was Kang He, director Zhang's expression immediately changed.

He didn't even take a look at the two complaints that Jiang Yu submitted and deleted them. He didn't even know what the contents were. But after listening to her, director Zhang realized that Jiang Yu wanted to file a complaint against Kang He!

But the one who gave him money and asked him not to get involved in Jiang Yu's matters was also Kang He!

To be precise, it was Kang He and another man.

If he did not do anything now, he would be offending Jiang Yu and Mo Long. However, if it was seized, it would offend the financial backer Kang He.

No matter which side he chose, it wasn't a good choice for director Zhang.

So he hesitated.

Jiang Yu could see his hesitation. She pretended to be nonchalant and asked, "What's wrong? Could it be that there's something you're not willing to tell me?"

"Madam," Chief Zhang said, trying to please her, "Why don't I try to get her to take the goods off the shelves and not seal her shop? "

"Why?" Jiang Yu said, "When you talk to me, you sound like you're going to die. You must seal up my shop and company. Why did your thoughts change as soon as Kang He was involved? Did Kang He give you money?"

This sentence hit where director Zhang's guilty conscience was.

He didn't dare to look at Jiang Yu and stammered, unable to say a word.

"It really is so?" Jiang Yu laughed. "How much did Kang He pay you? Is it worth it for you to do this for her?"

Chief Zhang was still stammering and didn't dare to speak.

"You're worried about offending Kang He, but aren't you afraid of offending the Mo Corporation?" Jiang Yu said.

Although she was smiling, she was cold and sneering.

This made director Zhang angry but he didn't dare to say anything.

Mo Long slowly said, "I heard that you're the Bureau chief of a branch. You don't want your corruption and bribery to be exposed, right? Close down Kang He's shop and company, and I'll pretend that this never happened."

Jiang Yu said, "there's no need to seal up Kang He's company. Just seal up the shop. We're all businessmen, and it won't be good for anyone if things get too ugly."

"Alright, I'll listen to you," Mo Long said with a dotting smile.

Director Zhang, who had been ignored all this time, was now at the peak of his anger.

"I don't care if you're the president or Madam of the Mo Corporation. So what if you're powerful? Would he dare to go against the Industry and Commerce Bureau?"

So, Director Zhang tidied his tie and said, "I can't seal Kang He's shop. I can only try my best to persuade her to take the goods off the shelves, but if she doesn't want to, then I can't do anything."

"Doesn't that mean that this matter hasn't been resolved?" Jiang Yu retorted.

Chapter 1054 Fired

"Then how do you want to solve this?" Chief Zhang said impatiently, "do I have to go to her personally and tell her that I'm going to close down her shop? I've already done what you wanted, but I can't guarantee the final result. Can you not be so aggressive?"

"Chief Zhang, it seems that Kang He gave you quite a large sum of money." Jiang Yu couldn't help but sneer. "The words 'corruption and bribery' are already hanging over your head, and you still dare to speak up for Kang He? "

Chief Zhang was furious. He roared, "So what if I'm speaking up for Kang He? Do you think you're all that just because you're the president and the president's wife? Let me tell you, I'm the Bureau chief of the industrial and commercial Bureau! Even if you don't care about my identity, don't you care about the Industry and Commerce Bureau?"

"You're the one who doesn't care about the Industry and Commerce Bureau, right?" Jiang Yu said, "If you were really self-conscious, you wouldn't have done such a thing. With the charge of 'corruption and bribery', you still have the nerve to say that you work for the industrial and commercial Bureau?"

"So what if I've been corrupted and bribed? What can you do to me?" Chief Zhang was so angry that he pulled off his tie and threw it on the table.

"You're simply unreasonable." Jiang Yu frowned.

Mo Long took out his phone and said, "it seems like you don't value this job too much. If that's the case, then don't blame me for contacting your superior."

"How do you think I got to where I am today?" Chief Zhang asked nonchalantly. "Do you think I'm the only one who has to maintain a good relationship with you? There are honest and upright officials, but there are also greedy and corrupt officials! Do you think you can just get rid of me? Stop dreaming, without me, there will be thousands of people like me!"

He looked a little crazy now. Jiang Yu could only sigh when she saw him.

Without another word, Mo Long directly called the provincial Bureau of Industry and Commerce.

The person who answered the phone was an old man. Judging from his voice, he was about 50 years old and should be in good health.

Mo Long put his phone on speaker so that chief Zhang could hear what the old man had to say.

"You mean little Zhang from the Shanghai branch? What's the matter? did something happen to him?"

"It's nothing big." Mo Long looked at Chief Zhang and said, "It's just corruption and bribery.

"What? Corruption?" The person on the other end of the phone seemed to be very surprised. "He's usually a very quiet young man. How could he do something like corruption? "

Jiang Yu stood up and said, "Don't doubt us, we have evidence."

Then, she took out her phone and played the recording.

When the old man heard the words "So what if I'm corrupt and bribed ", he choked and almost fainted.

Director Zhang also looked at the phone in Jiang Yu's hand in horror.

"W-when did you record this?!"

Jiang Yu waved her phone. "I recorded it just now when you weren't paying attention. "

Chief Zhang's legs went soft, and he felt that he would not end well.

The old man on the other end of the phone had also recovered at this time. He said resentfully, "He actually dared to embezzle! He is working for the government, yet he still dared to be greedy! What's wrong with this kid, is he crazy about money?"

"I've already found the person for you, and I've also given you the evidence. Now, it's up to you how you want to resolve this matter." Mo Long said in a low voice.

The old man heaved a heavy sigh and said, "Got it. I'll fire him immediately and send him to the Supreme Court.

"Yes, sorry to trouble you."

After hanging up the phone, Mo Long looked at Chief Zhang. "This is what you brought upon yourself. You can't blame anyone else."

Chief Zhang's legs were completely soft. He fell to the ground and no one could help him up.

Mo Long continued, "although you're only a branch Chief, you're still a government employee. When the court has tried you, the entire internet would know that you had embezzled money. And with this crime on you, it's enough to make you unable to turn over a new leaf for the rest of your life."

When director Zhang heard this, he felt even more desperate and broke down.

He could only blame himself. He was blind to not recognize Jiang Yu and had the guts to provoke the president of the Mo Corporation.

So he deserved to end up like this.

Seeing that their boss was in such dire straits, the employees were at a loss.

After all, they had just laughed at the CEO's wife without restraint.

Chapter 1055 Taking The Enemy's Money

However, Jiang Yu didn't blame them for director Zhang's mistakes. She only asked them to seal up Kang He's shop. In this way, he could let bygones be bygones.

The employees quickly did as they were told.

After all, they didn't receive any money from Kang He, so they weren't afraid of offending her.

In less than five minutes, Kang He's shop was seized.

Chief Zhang was also sitting in the chair with a blank look, waiting for the police to take him away.

After the matter was resolved, Mo Long drove Jiang Yu back to Jiang jewelry.

Jiang Yu invited Mo Long into the company to take a look. let's go in and take a look. Even though it can't compare to the No Corporation, it's barely on par with some ordinary companies.

However, as soon as she entered the door, a hand waved at Jiang Yu.

Mo Long quickly grabbed the wrist of the hand and threw him out.

Kang He slammed into the wall and howled, "Argh! Mo Long!"

"What are you doing here?" Mo Long asked coldly.

"Of course, you have to ask your virtuous fiancée!" Kang He stood up with a ferocious expression and glared at Jiang Yu. "What do you mean? We're both businessmen. What good would it do you if you complain about me and cause my shop to be sealed? Or are you saying that as long as there's something that's disadvantageous to me, you'll be very happy?"

"The last sentence was referring to you, right? As long as there's something that's disadvantageous to me, you'll be very happy." Jiang Yu said coldly.

"If you really like Diana's idea, you can totally hire her to be your designer. I don't want her to steal the idea without my or her permission. After all, I bought this idea from her at a high price. It's not good for you to get it without taking anything, right?"

"Is your name written on this idea? If you spend money, then I should spend money too, right?" Kang He said, "Even if you don't agree, it shouldn't be you who doesn't agree. It should be Diana herself!

Jiang Yu was so angry at Kang He's IQ that she almost laughed. sure, didn't you want to spend money? Okay, I'll give you Diana's contact information now. If you want any ideas, you can buy them from her!"

As she spoke, Jiang Yu took out a business card from her bag and threw it at Kang He.

Kang He naturally didn't believe that Jiang Yu would be so kind as to give her Diana's contact information. But when she picked it up, she realized that it was really Diana's name.

"You're not lying to me, are you? You're trying to trick me with a fake name card?" Kang He looked at Jiang Yu with vigilance.

Jiang Yu sneered. "Do you think everyone is like you? If you don't believe me, then you don't have to contact her. "

After saying that, Jiang Yu ignored Kang He and went to her office with Mo Long.

Sister Xia also followed behind the two of them. When they entered the office, sister Xia asked, "Jiang Yu, you just gave them your business card like that?"

"Yes." Jiang Yu nodded. Didn't she already say that? She was willing to spend money to buy Diana's creativity. Since that's the case, I'll just have to fulfill her wish."

Mo Long knew about the gem creative event that Jiang Yu had started, and this Diana was the first author at the time, so Mo Long had some impression of her.

"But..." Sister Xia looked at Mo Long, then at Jiang Yu. Seeing that Jiang Yu had no intention of stopping her, she continued, "But this Diana is you. By doing this, isn't it the same as designing for Kang He?"

Mo Long was a little surprised when he heard this.

"Yu 'er, you're that Diana?"

"Yes." Jiang Yu nodded shyly. it's not a big deal. Diana isn't a famous designer to begin with. Since someone is willing to buy 'her' ideas, why not? There were many creative ideas for small accessories, so what if he sold a few to Kang He? Besides, she doesn't know that I designed it and is willing to give me money. This is a great thing."

Sister Xia couldn't help but give him a thumbs up. you're amazing. You've even managed to get this deal into the enemy's house.

"A businessman should always put profit first." Jiang Yu smiled slyly. "And I'm excited just thinking about how I can take the enemy's money into my own pocket."

As she was speaking, a notification sound came from the tablet that Jiang Yu had placed on the table.

Jiang Yu opened it and saw that Kang He had added her as a friend.

“Didn’t she just take the bait?” Jiang Yu’s eyes curved into crescents as she smiled and clicked ‘agree’.

This was the alternate account that Jiang Yu had specially applied for for Diana. The contact information of this account was printed on the business card.

Chapter 1056 Completely Ignorant

After Jiang Yu agreed to Kang He’s request, she saw a message from her quickly: “Hello, are you Diana?”

“Yes,” Jiang Yu replied with a smile.

Kang He directly revealed her identity. “I’m Kang He, the boss of Kang Corporation. I’ve seen your jewelry designs on the internet, and I think your creativity is very good. I’m thinking of opening a jewelry store now, can you come to my company to design jewelry?”

Even though she had hired someone to help design the jewelry, Kang He’s tone was still very proud. If one didn’t know, one would think that Diana owed her money and wouldn’t return it.

However, Jiang Yu did not care about these small details. She replied to Kang He, “Sure, but I’m a freelance designer and I won’t work for any company. However, I can design it according to your requirements and then give you the draft.”

Kang He wasn’t happy to hear this. “So you’re saying that you’ll design jewelry for other companies other than my company? For example, the Jiang jewelry that has a bad reputation?”

Jiang Yu replied, “I’ve said it before. I’m a freelance designer. There’s no such thing as designing jewelry for only one company. As for the Jiang jewelry, as long as boss Jiang is willing to give me money, I can naturally design jewelry for her. And she also gave me the prize money for the first place in the gem competition.”

Kang He sent another message, “how much did Jiang Yu give you?” I’ll pay double.”

When sister Xia saw the message from Kang He, she couldn’t help but sigh. “Looks like she’s really planning to poach Diana to her company.”

“She’s not that obsessed with Diana. She just doesn’t want Diana to design jewelry for me.” Jiang Yu smiled and rejected Kang He’s request again.

Kang He saw that Diana was not listening to her and didn’t dare to lose her temper at her. She could only give up on the idea of recruiting Diana into the company.

After all, she still wanted to rely on Diana to design jewelry for her so that she could steal Jiang Yu’s limelight, so she didn’t dare to push her too hard.

“Alright, in that case, design a piece of jewelry for me now.” Kang He stated her request again.

Jiang Yu replied, “I’m not a professional designer, so I can only design small accessories and such. I don’t know how to design big jewelry like the company you run. No matter who comes and how much money they offer, I won’t design it. ”

"Then design small accessories." Kang He took a step back. "But I want something new and creative. It must be more creative than the one you designed for Jiang jewelry. As for the price, you don't have to worry about it. If I'm satisfied, I'll definitely give you some benefits."

"Okay, what's the time limit you're giving me?"

"One week."

"Sure, no problem."

After Jiang Yu replied, Kang He didn't speak to her again.

Sister Xia, who had watched the entire conversation from the side, was still a little angry. "This Kang He, she's clearly asking you to help her design jewelry, but why doesn't she have the attitude to treat you properly? She even asked you to design something more creative. Does she really think that she can do anything with money?"

"Hasn't she always been like this?" Jiang Yu smiled and turned to look at Mo Long. "Let's go, I'll show you around."

The corners of Mo Long's lips curled up. alright.

Jiang Yu brought Mo Long around the company a few times, but sister Xia tactfully didn't follow them. She just sat in the office alone and sulked.

Even though Jiang Yu wasn't angry, sister Xia still didn't like Kang He's condescending attitude.

After sending Mo Long off, Jiang Yu returned to the office and began designing accessories for Kang He.

"You really designed it for her?" Sister Xia looked at Jiang Yu, who was engrossed in designing, and was even more unconvinced.

"Yeah, didn't she say she would pay?" Jiang Yu was all smiles and quickly drew a draft on the paper.

"Then, you have to design for her and your own shop during this period of time. How tiring must it be?" Sister Xia frowned worriedly. "You're also someone who's serious about work and refuses to rest. I'm worried that your body won't be able to take it."

"Sister Xia, you don't have to worry about that. They had received orders a few days ago, and the finished products were still in production, so the customers had not paid the rest of the money. I'll design a new style when the customers have made the final payment. As for the design for Kang He, it's not anything too creative. It's just an ordinary design."

"Alright," She said. Sister Xia couldn't persuade Jiang Yu, so she could only let her be.

Chapter 1057 New Style

However, sister Xia thought of Hong Na. "Hong Na should be involved in this, right? I think you should fire her. Otherwise, she'll continue to be a hindrance here. For example, this time, she must have leaked the information. Otherwise, how could Kang He know so quickly?"

Jiang Yu had also guessed that it was Hong Na who contacted Kang He, but she didn't care about this. On the contrary, she had to thank Hong Na.

If Hong Na hadn't told Kang He about the online store, she probably wouldn't have stolen her idea and opened another store. In that case, the next thing would not happen. Jiang Yu would lose an opportunity to make money from Kang He instead.

Hence, she said, "Speaking of which, I should thank Hong Na. It was all thanks to her that so many things had happened. I'll leave her here and see what other benefits she can bring me."

"But you already know her identity, and she also knows that you have discovered her identity. She's thick-skinned now and is willing to stay here to continue sending messages to Kang He. But as time goes on, she won't be able to take it and will take the initiative to resign."

"Then let's keep her until the day she resigns." Jiang Yu said, "When Kang He stops threatening Hong Na, she'll take the initiative to resign."

"A threat?" sister Xia was taken aback.

"Yes." Jiang Yu nodded.

Hong Na's "undercover" identity had been discovered. A normal person would have taken their things and fled with their tails between their legs.

However, Hong Na stayed here and refused to leave no matter what. She even threatened to continue sending messages to Kang He.

This was obviously not in line with the logic of ordinary people. Other than a 'threat', Jiang Yu could not think of a second possibility.

And the only person who could make Hong Na stay here willingly was Kang He.

"Why would Kang He threaten Hong Na?" Sister Xia was puzzled. "And Hong Na looks like she's completely willing. She doesn't look like she was threatened at all. If it wasn't for the fact that she could still talk and walk normally every day, I would have suspected that there was something wrong with her brain."

"Kang He must have something against Hong Na. Perhaps it's something she did in the past or it's because of money." Jiang Yu was editing the picture she had just drawn while guessing, "But no matter what the reason is, Kang He won't let Hong Na go back. She'll only let her stay here to monitor me."

"Why?" Sister Xia was even more confused. even Hong Na knows that her identity has been exposed. Does she not know? It's already like this, but she still let Hong Na stay here. I don't think Kang He's smart."

"Kang He has something on Hong Na, so she'll be obedient. If it was someone else, they might not be so obedient. That's what Kang He was worried about, so she let Hong Na stay here." Jiang Yu explained.

"Didn't Kang He ever think that you would fire Hong Na? If you fire Hong Na, all of her plans will be ruined."

"Her plan won't fail. Even if I fire Hong Na, there's still other people in Kang He's hands. Someone will come in without anyone knowing. If that's the case, I might as well keep Hong Na around. It'll save Kang He the trouble of sending people over. Moreover, it's all thanks to Hong Na that I'm able to do this. I might as well keep it and see what other good things it can bring me in the future."

"That's good." Sister Xia nodded. "But you have to be careful of Hong Na too. Try not to appear in her sight. I'm really afraid that Kang He will be like Li Jing and Li Lu, wanting to harm you when she hates you to the extreme."

"No matter what, Kang He is a member of the Kang family. She wouldn't dare to do anything to me." Jiang Yu consoled her. so, sister Xia, don't worry.

"Okay, you have to be careful too."

"Alright," she said. Jiang Yu smiled and showed sister Xia the revised drawing. "How is it? This is a new style I designed for Kang He."

Jiang Yu's design this time was a combination of the sun and moon.

This kind of combination had happened before, but because the idea was too unpopular, it was not liked by the public. Now that a few years had passed, such a design would probably be very popular again.

"I think it's not bad." Sister Xia praised, but her expression turned ugly. "I just don't know if that Kang He will pick a bone."

"It's normal for her to pick on him. Just change it for her."

Jiang Yu sent the drawing to Kang He and quietly waited for her to pick on it.

Chapter 1058 Equally Matched

But this time, Kang He surprisingly didn't pick on it. On the contrary, she liked the idea. She immediately asked for Jiang Yu's account and transferred a sum of money to her.

Kang He also sent a message. "Diana, your design is very good. This money is to buy your idea."

Jiang Yu looked at the message and did not come back to her senses for a long time.

Sister Xia was also puzzled, "Isn't she nitpicking? It doesn't seem like her."

"Maybe she doesn't care about my creativity at all," Jiang Yu guessed with a complicated expression. she just needs an idea to make an accessory and then compete with my shop for the market in this area.

"It's not a good thing to be too competitive." Sister Xia sighed slightly.

When Kang He received the new design, she immediately found someone to make the jewelry. The materials used were still the low-quality jewelry in the warehouse. She had also arranged for someone to open a new online store, still called "He's Store".

Kang He had learned her lesson this time. She also wrote the author's name "Diana" under the display accessories.

Now, no one would say that she had stolen the idea or disrespected the original author.

The price of the accessory was still very cheap. In addition, the accessory this time was personally authorized by the original author, so it attracted many orders. Some people even shifted their attention from Jiang Yu's shop to Kang He's shop for a cheaper price.

No one would reject such a cheap and good-looking accessory, right?

However, they only cared about the price and appearance, and ignored the most important quality. Such a low-quality product would probably be spoiled in a few days.

At the same time, the first batch of finished products ordered by Jiang Yu's store was almost done. Therefore, she made arrangements to open a channel to make up for the remaining payment, and then chose remote areas to ship the goods.

As the first batch of orders was about to end, Jiang Yu began to collect the second batch of orders.

Some of the customers who came to place their orders preferred Diana's design, while some had never worn jade jewelry before, so they wanted to come over to satisfy their curiosity.

Even though the precious stone was a fake, there were probably not many genuine ones in this world.

Therefore, they were very willing to spend this money.

For a time, the popularity of Jiang Yu's store and Kang He's store were on par. It was difficult to say whose store was better, because each store had its own benefits.

Kang He was very proud of this. She even posted a screenshot of her store's daily sales on the internet and tagged Jiang Yu.

There was a line of text below the screenshot: "Diana's creativity is really great! Boss Jiang, we have to work hard together in the future! Please don't be unhappy just because Diana designed it for me!"

It was full of sarcasm. When sister Xia saw it, she was so angry that she gritted her teeth. "This Kang He, it's just an online store opened by itself. It's a little more popular, but it's so smug that it doesn't know its place. If she finds out that this accessory was designed by you, let's see if she can still be proud of herself!"

"Sister Xia, there's no need to get angry with her." Jiang Yu consoled her. "When I agreed to help her design, I knew this day would come. But don't worry, I have my own plans."

"You're so stubborn. Forget it. You know how to solve your own problem. I won't say anything more." Sister Xia sighed and continued to read the news on her phone.

Jiang Yu also saw Kang He's message. Although Kang He's original intention was to show off, the final result was completely different from what she had expected.

The comments below were basically: "Oh my God, is this movie queen Jiang's shop? Such a beautiful bracelet was actually so cheap! I must buy it!"

"Precious stone is also a gem, right? Although I've never seen it before, the bracelet made from it is really beautiful!"

"It's pretty and cheap, and the quality of the Luo Jade is also very good! Although the movie queen said that these Luo Jade are counterfeits, I've checked and the counterfeits are tougher and less easily damaged!"

"It's true, my sisters! I bought that bracelet from Kang He's store a few days ago. The diamond on it fell off and disappeared a few days after I brought it home. The quality was really bad! It's such a pity that Diana designed this. I really liked it!"

As a result, a large number of people moved from Kang He's shop to Jiang Yu's shop, and a large number of them were very interested in Diana.

Kang He saw that things were very different from what she had thought, so she contacted "Diana" again. "Diana, design another set of jewelry for me immediately!"

Chapter 1059 International Jewelry Creativity

"Chief Kang, this has nothing to do with my design," Jiang Yu replied unhurriedly. "If you're willing to use good quality jewelry to make this accessory, I'm sure there will be many people willing to buy it."

Kang He replied without mercy, "what do you know? Do you know business better than me? If we were to use high-quality jewelry to make accessories, it would not be this price! I'll lose money, you know? These people want cheap and pretty accessories, yet they also want them to be of good quality. Are they daydreaming?"

Jiang Yu replied helplessly, [but if you keep doing this, no one will come to buy your accessories.]

"Why do you care so much? I told you to design it, so design it! What, are you worried that I won't pay?" This time, Kang He was really anxious and couldn't control her tone.

Of course, Jiang Yu would not spoil her and did not give her a good look. forget it. "I can't agree with your way of doing business, so I can't help you design jewelry in the future."

After replying to this message, Jiang Yu deleted Kang He from her list of friends.

After that, Kang He sent a message and found out that she had been deleted. She was instantly furious and kept re-applying.

However, Jiang Yu had already blacklisted her and could not see her application at all.

"Aiya, now my ears and eyes are clear." Jiang Yu stretched lazily. "I've already deleted Kang He and even earned a sum of money from her. I'm really happy just thinking about it."

"You should have deleted her long ago." Only then did sister Xia feel a little better.

Her eyes were fixed on the screen of her mobile phone, and she suddenly saw eight large words- international jewelry creative competition.

"Jiang Yu! Look at this competition!" Sister Xia jumped up in excitement and held the phone in front of Jiang Yu. "This is also a jewelry design competition. Do you want to give it a try?"

Jiang Yu took a closer look at the competition's news. It was actually jointly organized by the International jeweller, devildare company, and the brand ambassador of devildare.

“Why would they suddenly hold a competition?” Jiang Yu was puzzled. “I heard that they’re releasing a new style. As soon as it’s released, it will definitely shock the world. There hasn’t been any news about them for the past few years, and I thought they were researching a new style. Why did a competition suddenly pop up?”

After Jiang Yu said that, sister Xia also began to suspect that the competition was fake.

However, after asking around, she was sure that the competition was real.

“It’s true, and I heard that several designers from jewelry companies have signed up for the competition.” Sister Xia asked, “Jiang Yu, do you want to try it too?”

“Forget it, I won’t try.” Jiang Yu shook her head. I’ve never learned design before. Wouldn’t it be embarrassing if I went? All I need to do now is to design new small accessories. I don’t have the confidence to participate in such a big piece of jewelry.”

“Jiang Yu, you must have confidence in yourself!” Sister Xia encouraged her, “So what if you have never learned design? You didn’t learn business before, but you still managed the company very well! At that time, you wanted to prove yourself and run a business. Don’t tell me you don’t dare to prove yourself now?”

“I’ll do it.” Jiang Yu hesitated.

It was true that she had wanted to prove herself, so she had tried to run a business. However, running a company required a management system, which was completely different from designing.

Jiang Yu was confident that she could manage most of the people in the company, but she was not confident that she could design something that everyone would like.

Sister Xia saw her hesitation and did not force her. She only said, “I’m not saying this because I want you to participate in the competition. I just think that you’re really talented in design. I don’t think your talent should stop here. You should go out and be seen by more people.”

Of course, Jiang Yu knew that sister Xia had good intentions. Moreover, she was a little shaken and wanted to try to participate in the competition.

So she hesitated again and again, and finally said, “Sister Xia, let me think about it. There’s still a month before the registration deadline. I’ll think about it during this time.”

“Okay, but don’t put too much pressure on yourself. As long as you’re happy, it’s fine.” Sister Xia consoled.

“Yes.” Jiang Yu nodded.

Although she said ‘consider’, in Jiang Yu’s heart, her desire to participate in the competition was getting stronger and stronger.

Hence, she signed up the next day.

Sister Xia smiled and said, “I knew you’d definitely participate. The Jiang Yu I know has always been a person who has the courage to prove herself.”

Chapter 1060 Participating

There was still a month before the deadline for the competition, so Jiang Yu was not in a hurry to prepare for the competition.

She was now designing her second accessory. This time, it was no longer a bracelet, but a pinky ring.

The reason why Jiang Yu designed the pinky ring was also because this type of accessory was not only for girls but also for boys.

"This pinky ring is really pretty." Sister Xia looked at Jiang Yu's design, which incorporated elements of the universe and galaxy.

"I've been thinking about it for the past few days, and I feel that if we only make bracelets, the scope of our business will be too narrow. After all, only most girls liked to wear bracelets. There were only a few boys. So, I wanted to design an accessory that could appeal to the male and female audience. After thinking about it, I felt that a pinky ring was the most suitable." Jiang Yu explained.

"I see." Sister Xia suddenly realized.

After Jiang Yu finished drawing the design, she began to make her own sample. However, the ring was more difficult to make than the bracelet, so Jiang Yu spent three whole days to make the sample.

The gemstone in the middle was blue, representing the vastness of the universe.

She placed the sample on the display board of the store and wrote the name "Diana" below it.

When she saw Diana, sister Xia asked, "Jiang Yu, are you still going to use the name" Diana "for the competition this time?"

"Yes." Jiang Yu nodded. "Don't tell anyone that I'm Diana for now. If I pass the final, then this identity will naturally be known by others. But if I didn't pass the competition, then no one would know, and the media wouldn't have hyped it up."

Jiang Yu's worry was not without reason because she knew what the media and paparazzi were thinking.

This was the movie queen! If the movie queen didn't go into acting and instead went to participate in a jewelry design competition, then she overestimated herself and didn't make it to the finals. If this wasn't big news, then what was big news?

Although the news of Jiang Yu starting a business had spread, and some media wanted to publicize it, many artistes in the entertainment industry had their own companies and stores under their own names.

There were clothing stores, hot pot restaurants, and even real estate companies. There were simply too many to count. Therefore, Jiang Yu's business was not big news at all.

Moreover, those artistes were only in name. They had never participated in any internal affairs of the company or the store, so the media took it for granted that Jiang Yu was just in name. The so-called 'business' was just spending money to hire others to run the company.

Therefore, most of the media didn't pay attention to Ge Li lipstick company and Jiang jewelry. In their eyes, these two companies were able to rise again not because of Jiang Yu, but because of the people she hired.

They had always been concerned about the private lives of artistes.

Sister Xia was also a veteran in the entertainment industry. Of course, she understood Jiang Yu's worries. "Then let's use the name 'Diana'," she said. "It'll save us a lot of trouble."

"Yes."

The registration deadline was getting closer and closer, and Jiang Yu had also designed the latest pinky ring.

And this pinky ring was also very popular with the public. Its popularity and sales kept rising, which made Kang He very jealous.

She didn't know that Jiang Yu was Diana, nor did she know that Jiang Yu had signed up for the competition. She only knew that Jiang Yu's shop was more popular than her.

The more she looked, the more jealous she became. She was about to go crazy from anger. She shouted at her Secretary beside her, "Go and check it now! Find out who this Diana is! After you find her, you have to bring her here no matter what!"

"Yes, yes!" The secretary ran away in fear.

Kang He was so angry that her breathing became heavier and heavier.

"Damn you, Jiang Yu. How much money did you give to Diana to make her design jewelry for you so willingly?" Kang He was so jealous that she was about to go crazy. "What's your relationship with Diana?"

She couldn't bear it and started smashing things in the office. The sound of things shattering spread outside, scaring the group of employees so much that they didn't even dare to breathe.

Although they had long been used to Kang He's mood changes, it was still their first time smashing something in anger. Therefore, they were even more afraid than before. Some of them were even thirsty, but they didn't dare to get water from the water dispenser.

Kang He was still shouting in the office, "Jiang Yu! Jiang Yu! You b * tch! You're a complete and utter b * tch!"
