Chapter 111: Sang The Entire Song

When Jiang Ran heard this, a flash of joy appeared in her eyes.

So she was trying to hold on.

“Next, let’s welcome Zhuo Zheng and Jiang Yu’s public service song, ‘The Mark of Wind And Rain.’ Let’s give a round of applause!”

However, there was barely any applause.

Everyone subconsciously looked at Mo Long.

Jiang Yu was Mo Long’s new girlfriend.

Everyone only saw Mo Long’s calm expression and his deep and bottomless eyes. No one could tell what was going on.

“I’ve never heard of Jiang Yu’s songs.”

“I heard that she’s a newcomer. To be able to sing together with a famous singer, it seems like she’s really popular.”

“Sigh, it can’t be that her singing is terrible, right?”

Jiang Ran smiled. She had never heard Jiang Yu sing any songs before. It should be extremely terrible.

In addition, for safety reasons, she had just given Jiang Yu medicine that affected her throat, so even if it was not a difficult song, Jiang Yu’s singing would still be atrocious.

Jiang Ran curled her lips.

“It seems that the applause was not warm enough. Next, let’s give another round of warm applause to invite Zhuo Zheng and Jiang Yu to sing on stage...”

Seeing that no one had come on stage for a long time, the host immediately smiled to liven up the atmosphere.

Mo Long was originally waiting with great interest to watch Jiang Yu sing. After all, even he had never heard Jiang Yu sing before, so he was also full of anticipation.

But unexpectedly, no one went on stage.

Mo Long frowned and said to Teng Yi, “Go and take a look...”

At this moment, a beautiful figure slowly walked onto the stage.

It was Jiang Yu, who had arrived late.

Seeing Jiang Yu on the stage, Jiang Ran’s expression became even more interesting. She was just waiting to watch a good show.

“Hello everyone, I am Jiang Yu.”

A voice as cold as spring water suddenly sounded.

Jiang Ran’s entire body trembled and her eyes widened...

“Senior Zhuo Zheng suddenly felt unwell and is unable to go on stage. He entrusted me with full authority to sing the entire song. Next, I will bring it to everyone...”

After saying that, Jiang Yu bowed to everyone. The background music slowly played.

At the same time.

On a certain set, Hu Chen was watching the live broadcast.

His assistant urged him, “Brother Chen, it’s almost your turn. You should get ready.”

Hu Chen, who had always been very professional, suddenly said, “Shh, let me finish listening to this song first.”

When the assistant saw that it was Jiang Yu, the new artist that Hu Chen had recommended to the company, on stage, he immediately said, “Brother Chen, let’s watch the replay later.”

It was just a song. What was so strange about it? When famous singers sang, they didn’t see brother Chen care so much.

But now, he was actually looking forward to a new artist’s ordinary song.

“You don’t understand. It’s rare for her to open her voice. Her voice is the most unforgettable I’ve ever heard.”

Others simply could not compare to Jiang Yu.

Hu Chen still remembered that when he was in the orphanage, there was a time when his younger brother Yangyang kept crying. No matter how hard he tried to coax him, he could calm him down. At that time, Jiang Yu sang a very nice song for the first time. Once she opened her mouth, Yangyang immediately stopped crying. He even forgot about his sadness.

Jiang Yu’s singing had the power to soothe people’s hearts.

Unfortunately, after that, Hu Chen kept asking Jiang Yu to sing a few more times, but he couldn’t get her to do it.

That experience was simply unforgettable. Her voice that was as gentle as an angel’s was like a dream.

Hu Chen didn’t expect to see Jiang Yu personally go onstage to sing.

Hence, before Jiang Yu could speak, Hu Chen felt his entire body boiling.

...

The live broadcast room’s bullet screen.

“What? I’m here to watch Zhuo Zheng sing, not to watch you perform.”

“Why isn’t he on stage?”

“Let’s go, let’s go. It’s no fun without him.”

“She’s really a vase. He can’t be compared to our Li Yue. Not only is our Li Yue good at acting, her singing is also very good. She’s completely a class above that little slut Jiang.”

“Why doesn’t she just stop singing? Don’t come and ruin our ears.”

“Everyone, quickly send this live broadcast to more people. Let everyone see just how noob this vase is.”

“I’ve begun recording.. The entire internet will see later.”

Chapter 112: Straight To The Soul

Dazzling Entertainment company.

Sister Xia was busy arranging all sorts of jobs for her artists.

Suddenly, her assistant ran in in a panic. She no longer had her usual calmness.

“Sister Xia, something bad has happened.”

“What’s the big deal?” Sister Xia glanced at her assistant.

“The artist you just accepted, Jiang Yu, has a scandal...”

“Jiang Yu?” Sister Xia was stunned for a moment. She remembered that Jiang Yu was going to a charity event with Zhuo Zheng to sing the same song. If there was a scandal, it should be related to Zhuo Zheng.

Sister Xia said nonchalantly, “It’s fine. It’s good for Jiang Yu for a small artiste to gain some popularity. We can clarify it later.”

The assistant was extremely anxious. “It can’t be clarified. This is an announcement of a relationship.”

“What?” Sister Xia frowned. “Why is this Jiang Yu so insensible? Why didn’t she tell me about this beforehand? What kind of person is he?”

“Sister Xia... I don’t dare to say. Take a look for yourself.”

The assistant was sweating profusely. Sister Xia took it and looked at it. “Oh, it’s Mo Long. What... Mo Long...”

Sister Xia felt her mind go blank. She felt like she was about to faint.

Wasn’t Mo Long one of the bosses of this company? Previously, the company had received capital investment, and Mo Long had become one of the company’s largest shareholders.

In other words, he was sister Xia’s boss.

“No, Mo Long... Isn’t he the rumored boyfriend of the movie queen?” Sister Xia was confused.

Why did he become Jiang Yu’s boyfriend now?

Sister Xia, who had always been able to handle all kinds of difficult problems with ease, felt that she couldn't think straight this time.

On the internet, all kinds of topics about Jiang Yu and Mo Long were flying everywhere.

However, it was obvious that they had been criticized.

Moreover, the movie queen had actually said that she was friends with Mo Long.

Sister Xia watched all of this with a complicated expression and immediately heaved a sigh of relief. As soon as she heard that there was a live broadcast, she quickly clicked on it.

In the end, she saw that Jiang Yu had asked her to sing "The mark of the wind and rain".

Sister Xia's heart, which had just calmed down, started beating violently again.

"Who asked her to sing alone? Who knows how many people are waiting to get dirt on Jiang Yu, but she just had to stand on stage and sing such a difficult song? Isn't she waiting to be criticized?"

As expected, not only were Zhuo Zheng's fans unhappy, even the fans of the movie queen were waiting to see Jiang Yu make a fool of herself. All kinds of mocking voices occupied the screen.

Sister Xia was sweating again.

Fortunately, Jiang Yu had Mo Long to protect her. Even if she didn't sing well, she shouldn't be in too much trouble.

It was just that she would be labeled as a bad singer.

Sister Xia comforted herself.

Now, sister Xia couldn't do anything. After all, the fans of the best actress were so numerous that she couldn't control them just because she wanted to.

However, it seemed that Mo Long had already taken some measures.

At this moment, the music started playing.

Sister Xia's face was dark as she waited for the audience in the live broadcast room to ridicule Jiang Yu. She had already thought about how she was going to write a whitewash article in the future. She would say that Jiang Yu was still learning and that she would definitely have some shortcomings. She would become better and better in the future.

But at this moment, on the stage, Jiang Yu slowly raised the microphone and sang the first line of the song.

For a moment, sister Xia's pupils constricted as if something had struck her soul. She immediately froze on the spot in disbelief, as if she had become a fossil.

What did she hear? Could that voice just now be an illusion?

At the same time.

The crazy bullet comments on the live broadcast screen came to an abrupt stop.

It was as if the world had suddenly come to a standstill, leaving behind only an ethereal voice.

The imprint of the wind and rain, the medal of the Sun, the most beautiful sleeping position, the food that saved lives... The lyrics that were filled with images were sung from a clean voice, giving people a feeling of great love.

Unknowingly, everyone felt their eyes moisten.

Chapter 113: Peeping

“President Mo, this...” Teng Yi looked at the woman on the stage who was emitting a dazzling light in surprise.

He didn’t expect Miss Jiang to have such talent in singing.

She didn’t lose to Li Yue at all.

Teng Yi thought so and subconsciously looked at Mo Long. He saw Mo Long’s pupils reflecting the light on the stage and staring at Jiang Yu without blinking.

After the surprise, it was immediately replaced by a strong sense of admiration.

Teng Yi was dumbfounded by what he saw.

All along, Teng Yi had always felt that it was because Jiang Yu had accidentally saved Mr. Mo’s life that Mr. Mo had granted her the status of Mrs. Mo...

But today, for the first time, Mo Long revealed a strong sense of curiosity and interest.

“Teng Yi...”

Mo Long suddenly said, “Go and inform that side. No matter what, we must suppress the turmoil of the Mo family this time. Don’t let this matter bring too much pressure on her.”

Teng Yi’s pupils constricted and he felt his hair stand on end.

Sir... he actually wanted to use the power of the Mo family for Miss Jiang.

After the song ended, Jiang Yu bowed to the crowd.

The audience didn’t react in time and were all dumbfounded.

Jiang Ran also gritted her teeth. Her eyes were bloodshot and filled with shock and annoyance.

Why? Why did Jiang Yu sing so well?

It must not be true. She must be lip-syncing.

But lip-syncing? The shape of her mouth was too aligned.

Jiang Ran thought in a daze. She really could not understand. Jiang Yu should not have been able to sing at all. Why did it turn out like this.

“Clap clap clap!”

“She sang so well!”

“I’m crying from listening to her!”

At this moment, Jiang Ran realized that the audience behind her was clapping enthusiastically. A handsome figure walked past Jiang Ran and headed backstage.

It was Mo Long, who had no reason to stay after Jiang Yu’s performance.

Teng Yi, who was following behind Mo Long, had a grim expression on his face. No one knew what he was saying over the phone. It was as if he was about to take action.

Backstage.

Zhuo Zheng looked at Jiang Yu in surprise.

Previously, Zhuo Zheng had chosen to be a singer because when he was an actor, he was deeply impressed by Li Yue’s acting skills. He felt that he would never have such an achievement in his life, that was why he chose the path of a singer.

But now, Zhuo Zheng had encountered the same difficult problem.

He asked himself in his heart how great the difference between his singing skills and Jiang Yu’s was.

The answer was discouraging.

Zhuo Zheng felt that no matter what, he would never be able to perform the feeling of being able to reach people’s soul.

So Zhuo Zheng was lost. He felt that he had lost hope for the path of a singer.

He still remembered that Li Yue had said to Zhuo Zheng before, “A real actor needs to put in all his effort and be able to pull the emotions of the audience with every move.”

But now, Jiang Yu had conveyed her ability to pull the emotions of the audience with just her voice.

“Zhuo Zheng, let’s go to the hospital to have a look first.”

Seeing that Zhuo Zheng had suffered a blow, the assistant immediately suggested.

Zhuo Zheng glanced at Jiang Yu, turned around and left.

When Jiang Yu came out of the changing room, she found Mo Long already sitting on the chair outside. When he saw her come out, he casually took Jiang Yu’s handbag and said, “Let’s go.”

Jiang Yu naturally followed him out.

Just as they left the room, Jiang Yu saw Jiang Ran and her assistant standing outside the door sneakily.

No one knew how long they had been peeping at her.

When she saw the two of them coming out, Jiang Ran immediately pretended to be passing by. "Sister, you sang really well just now. Mr. Mo, I'll leave my sister to you. I hope you can protect her well. I still have something to do, so I'll take my leave first."

Jiang Ran smiled sweetly at Mo Long and then pretended to be very friendly as she left.

However, the little assistant beside Jiang Ran kept turning her head back nervously, as if she was afraid that a tiger would catch up to her.

Not far away, the little assistant asked in confusion, "Sister Ran Ran, why did you treat Jiang Yu so well just now?"

Chapter 114: Couldn't Sing

Jiang Ran had just exposed the matter between Jiang Yu and Mo Long, and... Her little assistant had been ordered by Jiang Ran to buy medicine damaged the throat.

If Mr. Mo found out about these two things, Jiang Ran's career would come to an end.

The little assistant had been trembling in fear, afraid that the matter would be exposed.

"What are you panicking for? I did it so secretly that no one would find out," Jiang Ran said nonchalantly.

At that moment, Jiang Ran's phone rang.

Sun You said, "You even dared to provoke Mo Long?"

Jiang Ran was stunned for a moment and looked at her little assistant.

The little assistant quickly waved her hand, indicating that she didn't say anything.

"The internet is so big. You know that if I didn't help you erase the traces, you would have already been sent to the police station by Mo Long."

Jiang Ran only felt her breathing tighten. "How did you know it was me?"

"In short, don't target Jiang Yu in the near future. We don't have the strength to go against the Mo family yet."

After Sun You finished speaking, he asked her again, "Other than this matter, what else did you do? Did you leave any evidence?"

Jiang Ran thought about how she had sneaked into Jiang Yu's dressing room and said guiltily, "No..."

"That's good." Sun You heaved a sigh of relief. "If you want to do anything in the future, you should discuss it with me first. Don't get yourself involved if you don't succeed."

Jiang Ran was extremely touched. Sun You was actually thinking of her. "I understand. I'll listen to you."

...

In the hospital.

The doctor was examining Zhuo Zheng's throat. After he was done, he shook his head. "The situation is very serious. You won't be able to sing for half a year."

"Doctor, can you think of a way? We still have a concert to attend." The assistant held the doctor's hand nervously.

However, the doctor shook his head. "The medicine you are taking is extremely harmful to the throat. Moreover, the dosage is very high. You can only rest for half a year and can not use your throat. Otherwise, it will become more serious."

"Medicine?" Zhuo Zheng muttered these words and immediately narrowed his eyes.

Could it be that his throat was uncomfortable and someone had tampered with it?

Zhuo Zheng's assistant suddenly said, "I remember now. Brother Zhuo drank the water on Jiang Yu's table before, and then..."

"Could it be that Jiang Yu went on stage to sing for herself, so..."

The biggest beneficiary of this matter was none other than Jiang Yu.

Although the scandal on the internet had caused a stir, the clip of Jiang Yu's heavenly voice singing was also on the top of the trending searches.

The people who had previously called Jiang Yu a vase was instantly slapped in the face by this video. They could only find other black spots to criticise, but they could not find many at the moment. It was just her being a mistress and stealing another person's boyfriend.

Those who had watched the video were tired of it. They expressed that Jiang Yu was quite good-looking and sang very well. Perhaps she and Mo Long were true love?

Moreover, the movie queen herself had said that everything was a misunderstanding. There was no such thing as a third party.

Only the movie queen's fans were still unwilling to let it go. They were clamoring online to get Jiang Yu out of the entertainment industry.

Hence, the number of Jiang Yu's fans continued to increase. In an instant, it rose to 500,000 fans. Half of them hated her.

The other half were attracted by Jiang Yu's looks and singing skills.

At the same time, Jiang Yu did not expect to receive a call from Zhuo Zheng.

"You mean, you drank the mineral water on my table?" Jiang Yu was a little surprised.

Mo Long raised his long and narrow eyes and finally looked Zhuo Zheng in the eye.

Zhuo Zheng's assistant said, "I have already obtained the bottle of mineral water for testing. This is the result."

The results showed that there was indeed a medicine that caused discomfort in the throat.

The assistant said angrily, "Jiang Yu, how do you explain this?"

Jiang Yu walked up to Zhuo Zheng and took a look at Zhuo Zheng's expression. Then, she reached out and took Zhuo Zheng's hand to check his pulse.

Then, she frowned.. "It's quite serious, but I can make you recover in a week."

Chapter 115: Tell That To The Police

After saying that, Jiang Yu looked at Zhuo Zheng. "As for the person who drugged you, he should be targeting me. He accidentally implicated you. I will investigate thoroughly and give you an explanation."

Zhuo Zheng frowned. "You mean, you didn't do it?"

"Did I give the mineral water to you? Did I instruct your assistant to take the water?" Jiang Yu said lightly.

Hearing this, Zhuo Zheng was stunned.

Indeed, if his assistant hadn't taken the mineral water from Jiang Yu's table, he wouldn't have been in trouble.

"Okay, I'll give you a day to find out," Zhuo Zheng said.

The assistant was also a little confused. She thought Jiang Yu was bluffing when she said he would recover in a week.

Mo Long quickly made a call and asked people to investigate the matter thoroughly.

In less than an hour, the two women were invited over by the bodyguards.

"Don't push me. You stopped me from my car. You're kidnapping me, do you understand? I'm going to sue you..." Jiang Ran followed a few burly men over with trepidation. She was still pretending to be calm and threatening them.

However, these people were very fierce. They pushed her over. "Just move, stop spouting nonsense."

The little assistant beside Jiang Ran was already trembling with fear. She could only obediently follow them into the hospital.

In the ward, Zhuo Zheng sat on the bed while Jiang Yu and Mo Long sat on the chairs at the side. Both of them crossed their arms in unison, looking cold and arrogant.

When Jiang Ran entered the room and saw Jiang Yu, she immediately said with a guilty conscience, "Why did you call me here?"

Zhuo Zheng's assistant coldly stepped forward and said, "Let's see if the person who was sneaking around the door of the dressing room is you!"

Jiang Ran did not expect that she would actually be caught on camera.

"I, I was just going to check on my sister. What's wrong?"

The assistant asked again, "Did you change the mineral water on the table?"

When Jiang Ran heard this, her pupils constricted. "What water? I don't know what you're talking about."

The little assistant was so scared that her lips were trembling. She didn't even dare to raise her head.

At this moment, Jiang Yu suddenly said, "We collected some fingerprints on the mineral water. We will know very soon if it's something you touched."

"What fingerprints?" Jiang Ran said nervously.

At this moment, the little assistant suddenly panicked. "It's none of my business. Jiang Ran asked me to buy the medicine."

On the mineral water bottle, there was not only Jiang Ran's, but also the assistant's fingerprints.

The assistant knew that the matter could not be hidden anymore, so she could only confess.

"What did you say? You bought the medicine? How could you do such a thing?" Jiang Ran refused to admit it. "Jiang Yu, you have to believe me. I didn't know that the assistant would do such a thing. She said that she had an upset stomach and wanted to go out of the car to buy medicine, so I let her go. I didn't expect that she would harm you. It's all because I didn't discipline her properly."

Jiang Yu calmly watched Jiang Ran put on an act.

"Did I misjudge you? Tell it to the police."

Jiang Ran's heart tightened. "There's no need to alert the police for such a small matter. I know now. My assistant is Li Yue's fan. That's why she has ill intentions towards you."

Zhuo Zheng frowned when he heard that and looked at the little assistant who was trembling all over.

Was she a fan of Li Yue?

If that was the case.

"He can't sing for half a year and you think this is a small matter? Even if I won't pursue the matter, Zhuo Zheng's fans will be able to spread this matter to the heavens."

Jiang Ran didn't expect Zhuo Zheng to be so serious.

At that moment, there was a knock on the door and the door opened. A few people in uniform walked in. "We've received a report and we're here to take the suspect away."

Jiang Ran quickly pushed her assistant out, but the police grabbed her hand. "Both of you, come with us!"

"No, you're mistaken. It's not me. I'm innocent."

"It has nothing to do with me.. Don't arrest me."

Chapter 116: The Prescription Must've Been Written Wrong

Jiang Ran didn't know the seriousness of the matter until she was taken away by the police.

If there was really a stain on her life because of this matter, then her career would be in trouble.

She really didn't want anything to go wrong at this time.

Therefore, her gaze fell on the little assistant who was also trembling in fear.

At this moment, she must not panic.

In the ward, Zhuo Zheng said to Jiang Yu, "I'm sorry, Miss Jiang. I suspected you earlier."

Jiang Yu slowly walked over. "I've implicated you today. How about this? I'll write a prescription for you. After you take it, you'll be able to recover in a week."

Zhuo Zheng looked at Jiang Yu in surprise. "What did you say? A week?"

The doctor had just said that he would need at least half a year to recover.

If he could be cured in a week, he would be able to make it in time for his concert.

The hope in Zhuo Zheng's eyes dimmed when he thought of Jiang Yu's age.

What a joke. Jiang Yu did not look like a doctor no matter how he looked at her.

But at that moment, Jiang Yu had already taken a piece of paper and pen. Her fair hands were scribbling something on the paper. After she finished writing, she put the pen down and placed the paper on the table in front of Zhuo Zheng.

Jiang Yu did not say anything when she saw Zhuo Zheng and his assistant looking at her in disbelief.

Anyway, she had already written down the prescription. Whether she needed it or not was up to the other party.

Mo Long looked at the prescription meaningfully. He knew in his heart that Jiang Yu was definitely not joking when she said that he would be able to recover in a week. Now that Jiang Yu was reading more and more medical books, her confidence was also growing.

Jiang Yu walked to Mo Long's side. The two of them looked at each other, and then Jiang Yu walked out.

Mo Long smiled and immediately followed.

In the ward, the assistant picked up the prescription and looked at it. He immediately frowned. It was well written, but it was useless.

"Zhuo Zheng, I heard that the miracle doctor of the Jiang family recently came to Hu city to visit his granddaughter. The Jiang family is a famous medical family. Maybe they can find a way to treat you so that you can perform on stage in half a month's time at the concert."

Zhuo Zheng's concert tickets had already been sold, and it was a tour in many cities. Such a big event being cancelled at the last minute? would definitely disappoint the fans.

Zhuo Zheng also thought of this and nodded. "Then let's go find the miracle doctor of the Jiang family."

"Then let's go to Green Vine University," The assistant said. If they found the granddaughter of the Jiang family, they would also be able to find the Miracle Doctor.

As for the prescription written by Jiang Yu, the assistant frowned and threw the prescription into the trash can.

...

At the same time.

In the police station, Jiang Ran was waiting to be interrogated. At that moment, a figure walked toward them.

When Jiang Ran saw who it was, she seemed to have found her backbone. She immediately rushed over and said, "Young Master Sun, I'm Innocent. You have to help me."

Sun You said, "Don't worry. I'm here."

When Sun You came, he was so angry that he almost died. He didn't expect Jiang Ran to do something stupid again. However, when he thought of the wealthy families in the capital, Sun You endured it and came here to clean up her mess.

An hour later, Jiang Ran finally came out of the police station. When her nervous mood relaxed, she immediately felt exhausted.

"Brother Sun, you are really too good to me."

"I said that I will protect you from now on."

Jiang Ran automatically leaned into Sun You's arms, feeling very happy in her heart.

She didn't expect that such an extraordinary person would listen to her every word. She was simply too happy.

At the same time, Jiang Ran also made up her mind to marry Sun You.

"Young Master Sun, I'm so tired. Take me to the hotel to rest for a while," Jiang Ran said in a low voice.

Sun You's eyes flashed, and a smile of success flashed across his eyes.

Chapter 117: Stocks Rise Back Up

In an apartment near Green Vine University, Jiang Yu and Mo Long had just returned to their apartment when Teng Yi and Mo Long went back to their rooms to deal with business.

Jiang Yu looked at the two of them as they left in a hurry, and a hint of worry flashed in her eyes.

After returning to her room, the first thing Jiang Yu did was to check the Mo group's stock.

The result was obvious. The Mo Group's stock had dropped by 10% today.

Tens of billions of yuan had evaporated into thin air.

Jiang Yu frowned, feeling uneasy.

In another room.

Teng Yi said to Mo Long, "Sir, are we starting the acquisition now?"

On the market, there were many shares of the Mo group that the retail investors had thrown out.

Now, all they had to do was wait for Mo Long's order. They had already prepared the funds.

Even the Mo family did not know that Mo Long had previously established a company overseas. Furthermore, it was now large enough to contend against the Mo Corporation.

Now, Mo Long actually wanted to use the funds from that side to restore the stability of the stock market.

"Buy!"

Mo Long sat on the sofa with one hand on the armrest. He tapped it repeatedly, appearing extremely calm.

Teng Yi's heart trembled. This was tens of billions. Very quickly, the Mo group's stocks showed new fluctuations. The stocks that were originally falling suddenly rose.

At the same time, a phone call came.

Mo Long took a look, but there wasn't much surprise in his eyes.

It was a call from the capital family.

"Grandfather. "After Mo Long answered, his voice was no longer as cold as usual.

On the other side, the old man said angrily, "Get the hell back to the capital now. Immediately cut off all ties with that woman and come back to apologize to the Li family. Yue'er is so good. You don't know how many lifetimes of good fortune we have been blessed to have the chance to become in-laws with the Li family. You still don't know how to cherish it."

Li Yue was also someone that the old man had watched grow up. He knew her very well. Li Yue was so outstanding and she was the perfect match for Mo Long.

Now that Mo Long's legs were inconvenient, it was already good enough that the Li family did not dislike him. They even said that when Li Yue received three movie queen awards, she would come back to get married.

Who would have thought that Mo Long's side would be the one causing trouble in the end.

Now, the directors of the Mo Corporation were all panicking when they saw that the stock price had dropped by 10% very quickly.

At this time, elder Mo had no choice but to personally make a move.

“Grandfather, don’t be rash. The doctor said that you can’t be too agitated!” Mo Long hurriedly said, “Don’t worry, the company’s stock won’t have any impact.”

The old man said angrily, “How is it not affected? Now it’s...”

A man’s voice sounded from the other side, “Our stock has actually risen...”

The old man gave a surprised and doubtful cry. The old man asked in puzzlement, “Why has it recovered?”

Mo Long smiled and said, “Grandfather, since the company is not affected, can you stop meddling in the matter between Jiang Yu and me?”

The old man’s anger subsided a lot. “Are you really not going to marry the Li Family?”

“Grandfather, in the past three years, the Li family has never mentioned marriage again. Don’t you understand?” Mo Long said calmly, “There is no possibility of marriage between the Li family and me. Don’t think about setting me up with Li Yue anymore. We only have the relationship of growing up together.”

The old man was stunned, “The relationship of growing up together, is it still not comparable to that lass you’ve only known for a month?”

Mo Long said calmly, “Grandfather, no one can compare to Jiang Yu.”

The old man was silent for a long time, then, he sighed, “Alright, I will not interfere in this matter, but the business between the Li family and the Mo family still has to continue. In order to compensate the Li family, for this development project, I will let the company give the Li family all the benefits.”

Mo Long said, “I don’t object.”

These were all worldly possessions.

The old man said again, “When will you return to the capital? I haven’t seen you for two years. Don’t tell me you plan to stay in a small place to recuperate? Next month, that old man’s birthday is coming up. Don’t miss it again.”

Mo Long said, “I understand.”

After saying that, Mo Long hung up the phone.

Chapter 118: Such A Strong Background

Jiang Yu did not expect that the Mo group’s stock price would actually rise in the next second.

At the same time, many media outlets were crazily reporting on the stock market turmoil of the Mo group.

In the end, just as the news was reported, the Mo Group's stock price actually rose. Moreover, it even rose by 2% from its original price.

The news media was dumbfounded.

They quickly changed their tone, "It seems that even though people have been selling the Mo Group shares, there are still capitalists who have full confidence in the Mo group. This time, the crisis of the Mo group seems to have been resolved."

Jiang Yu was stunned for a moment. The stone in her heart was finally relieved.

She also made up her mind that she had to climb to a higher position. She couldn't do what she did just now. She clearly knew that Mo Long was in trouble, but she couldn't do anything.

This feeling of helplessness made Jiang Yu feel very uncomfortable.

After she was relieved, Jiang Yu finally relaxed. She picked up her clothes and went into the bathroom. Just as she was about to wash up, she received a call from her father.

Jiang Hai smiled and said, "Jiang Yu, it seems that there is still a possibility between you and Mr. Mo. You have to seize this opportunity well. You and Ran Ran are both successful. The future of the Jiang family will depend on you two."

Jiang Yu was stunned for a moment. She did not expect Jiang Hai to still be able to smile. Could it be that Jiang Ran had already returned home?

"Dad, Ran Ran's side..."

Jiang Hai smiled and said, "You don't have to worry about your sister's matter. She is currently with Sun You. The relationship between the two of them is very good."

In other words, Jiang Ran was saved by Sun You?

Jiang Yu was a little surprised. Sun You actually cared so much about Jiang Ran.

"I got it."

Jiang Yu didn't say much. She hung up the phone, washed up, and went to bed to rest.

The next day.

Jiang Yu went to Dazzling Entertainment.

Along the way, many people had their eyes on her.

Sure enough, Jiang Yu had become a celebrity in the company.

"Xiao Yu, not bad. I didn't expect you to have such a strong backer," sister Xia said with a sigh.

Jiang Yu smiled and said, "Sister Xia, look at me. I'm still a rookie. I still need you to help me find resources."

Sister Xia said in surprise, "Shouldn't that person have already planned out how many awards you will win in the future?"

"I need to rely on myself," Jiang Yu said with a smile. All this while, Mo Long had not interfered in her matters in the entertainment industry.

Sister Xia looked at Jiang Yu in surprise and said, "That's right. I heard that the movie queen relied on her own strength to climb up to the position of movie queen bit by bit. She hasn't used her family's strength yet."

When it came to the movie queen, Sister Xia was full of praise. "You have to work harder. In the future, many people will compare you to that movie queen."

Jiang Yu sighed. "I know. My goal is to get four movie queen trophies."

Sister Xia thought Jiang Yu was joking. "I don't know about your acting skills, but your singing skills are pretty good. I've planned out a path for you to become a singer!"

Sister Xia said, "Zhuo Zheng has a national tour soon. I'll let you use this charity song to show your face at the concert and sing with Zhuo Zheng. What do you think?"

Jiang Yu said, "I'm afraid Zhuo Zheng won't agree."

Sister Xia was stunned for a moment before she said, "Did you offend him?"

That shouldn't be the case. Zhuo Zheng had even taken the initiative to introduce the performing resources to Jiang Yu. In that movie, Jiang Yu had acted as a patient and performed exceptionally well.

Sister Xia had thought that Jiang Yu had a good relationship with Zhuo Zheng.

Jiang Yu said helplessly, "He's Li Yue's good friend. What do you think?"

"Ah!" Sister Xia was stunned. "Alright then. I'll look for a few new songs for you. When the time comes, I'll come up with a few songs for you to release."

Jiang Yu nodded. "Thank you, Sister Xia."

Sister Xia hurriedly waved her hand. "Don't thank me. I can't afford it.. You're still my lady boss."

Chapter 119: Study The Movie Queen's Acting Skills

Jiang Yu smiled and did not comment.

Her sudden announcement of her relationship with Mo Long was too fast. In fact, she did not know much about Mo Long and did not even know what Mo Long's family looked like.

Hence, sister Xia arranged a schedule for Jiang Yu to attend classes in the company today. There were dance, music, performances, and many other aspects.

In the evening, Jiang Yu returned to school.

Everyone in the dormitory had fallen asleep, but the light in the room in the corner was still on.

This was the room of the genius girl Yuan Zhen from the computer science department.

All this while, this Yuan Zhen had rarely appeared. It was said that she was a geek, and didn't even need to attend university classes because she had already finished all her other homework ahead of time.

Jiang Yu had no intention of befriending this computer genius.

She returned to her room and switched on her computer. She started watching some classic movies to learn about acting.

Jiang Yu only found out after she switched on a movie that had a score of 9.8 that the main lead of this movie was actually Li Yue.

She opened the comments page and saw that they were all filled with praises.

"This is my goddess' first movie that won the Movie Queen award, reliving the classics."

Jiang Yu raised her eyebrows. From the looks of it, this movie should be pretty good and she could learn a lot from it.

As the movie started, Jiang Yu watched it with great interest.

But all of a sudden, the computer screen turned black and a line of words appeared, "Tsk tsk tsk, I didn't expect you to watch a movie that won the Movie Queen award. How do you feel?"

Jiang Yu was silent. She didn't expect that her computer would be hacked by someone else.

However, the other party didn't seem to have any ill intentions. She was probably curious about the recent scandal that was trending on the hot search rankings, so she followed the clues and hacked.

"I advise you to leave immediately." Jiang Yu typed on the keyboard.

The other party sent a funny emoji. "You're quite arrogant."

Very quickly, Jiang Yu opened a software on the computer. The hacker obviously did not intend to stop her.

However, there was a saying that curiosity killed the cat.

Just as Jiang Yu clicked on the icon of one of the software, the computer's defense system suddenly opened and the other party was immediately chased out.

Jiang Yu pursed her lips. This defense software was made by a friend she knew previously. It was more than enough to deal with ordinary hackers.

Then, she clicked on the movie and continued to watch Li Yue's weeping face in the movie.

In this movie, Li Yue played a woman who had a hard life. After going through all kinds of hardships, she gradually became stronger. The emotional levels in the movie were very high and needed to be carefully analyzed.

Jiang Yu watched with relish.

At the same time, in the dormitory not far away, the computer genius Yuan Zhen frowned.

Originally, she had only wanted to go and greet her new roommate, and at the same time, she wanted to check if this person was as scheming as the rumors on the internet. Unexpectedly, after she went there., she realized that there was no personal information on Jiang Yu's computer. Jiang Yu was watching a movie starred by her love rival. Therefore, she had a conversation with Jiang Yu out of curiosity.

She did not expect that her conversation would be blocked by the other party's defense system after talking for less than three sentences.

Yuan Zhen was instantly excited. She was very curious what kind of defense system Jiang Yu had used to be able to work so quickly.

Hence, Yuan Zhen started typing again and began to frantically test the defense system. Very quickly, she found an opening and disguised herself as normal and harmless data before attacking again.

Jiang Yu was halfway through when the screen turned black again.

A few lines of words appeared on the screen. "We meet again. Your defense system isn't that good. I cracked it in three minutes."

Jiang Yu frowned. It seemed that the defense system she had casually found was useless against the other party.

Moreover, it was certain that the other party was no ordinary hacker.

Chapter 120: Be My Master

To be able to crack this defense system, she had to be at least one of the top 20 hackers.

Jiang Yu stretched her muscles, and when the other party saw Jiang Yu's movements through the camera, she couldn't help but become interested.

She were very curious. Jiang Yu had clearly lost, but she was still so calm.

It seemed that this roommate was quite interesting.

However, Yuan Zhen's expression changed very quickly. She saw that Jiang Yu had actually switched the screen directly. The original system interface had become the interface for hackers.

When Yuan Zhen was truly stunned, the next second, she saw Jiang Yu type a line of words on the interface.

She had actually accurately found the loophole that Yuan Zhen was using. A single line of code had blocked this loophole.

Yuan Zhen could not help but exclaim in surprise. Immediately after, she was forced out of the connection. She hurriedly began typing again, attempting to attack again. However, at this moment, a line of words appeared on her computer. "Are you still going to continue?"

The other party had already completely taken control of Yuan Zhen's computer.

Yuan Zhen was completely stunned. Impossible. Her own defense system had been meticulously designed by her. No other hacker had ever been able to break through her system.

It was even more impossible for her to seize the right to use her computer so quickly, without her defense system raising a single alarm. It was as if it was useless.

Yuan Zhen was depressed. This was like kicking an iron plate.

On the other side, Jiang Yu also saw Yuan Zhen's tearless expression through the camera. It was really her roommate, Yuan Zhen.

Thinking that the other party did not have any ill intentions, Jiang Yu did not mind. She only said, "Don't bother me anymore. However, you won't be able to enter even if you want to."

Yuan Zhen quickly said, "Jiang Yu, you're actually so amazing. Be my master."

Jiang Yu's voice was transmitted through the microphone. "I won't accept it. Goodbye."

On the other side, Jiang Yu quickly retreated.

While she was at it, she copied Yuan Zhen's defense software. This software was quite sophisticated. Jiang Yu patched up the flaw in this software and used it directly to protect her computer.

On the other side, Yuan Zhen had already stood up from her seat.

She walked around the room and tried to contact Jiang Yu. However, she found that the defense system looked so familiar and was speechless.

Her own defense system had been modified so that even she could not enter it.

This... This was a big shot.

Thinking of this, Yuan Zhen's blood boiled. She originally thought that her strength had already reached the top level in the country. She did not expect that there was still the inconspicuous Jiang Yu.

On the other side, after Jiang Yu finished watching a movie about the movie queen, she suddenly felt that she had gained a lot. After writing a review, she went to sleep.

Little did she know that Yuan Zhen was already close to getting the hang of it, but all the clues on the other side were cut off. She was instantly depressed.

She could not take the test even if she wanted to. She was so frustrated that she could not sleep the whole night.

The next day, Yuan Zhen came out with large dark circles under her eyes. She glanced at Jiang Yu's room and realized that she had probably gone to class.

The performance department had a big class today.

As Jiang Yu walked from her dormitory to class, she received many gazes along the way.

"That's Jiang Yu!"

“Ah, this is too beautiful. Actually, in terms of looks, Jiang Yu doesn’t lose out to Li Yue. She’s too beautiful.”

Someone took a photo of Jiang Yu with his phone.

Jiang Yu was walking leisurely when she suddenly lowered her head and saw a message that added her as a friend. “I’m Yuan Zhen, your roommate.”

Jiang Yu smiled and stood at the same spot. She accepted her friend request.

Not far away, a few male students saw Jiang Yu’s smile and their eyes widened.

It turned out that these male students were Li Yue’s fans and wanted to cause trouble for Jiang Yu. However, they instantly forgot what they were here for and were completely won over by Jiang Yu’s temperament.

On the other side, Yuan Zhen sent a message over. “Student Jiang, let’s have lunch together.. I’ll wait for you.”
