

Older Man 1141

Chapter 1141 A Bad Hot Search

Sun Miao stormed off in a Huff, but she was only pretending to be angry. In reality, she was feeling extremely guilty.

Fortunately, it wasn't a serious matter. Even if there was no evidence to prove that Sun Miao was the one who did it, it didn't matter. In any case, she had to remind Kang Xue to be careful in the future.

After the day's shooting, Jiang Yu returned to the Ink Garden. As soon as she came out of the bathroom, Jiang Yu received a call from sister Xia. "Jiang Yu! Oh my God, we're done for, you're on the hot search again!"

"What?" Jiang Yu was stunned.

Sister Xia's tone was very anxious. I don't know why. It was fine during the day, but when I took a look just now, there were suddenly a lot of posts. They directly pushed your name to the top of the hot search!

"What's the matter?" Jiang Yu was puzzled.

"Many things! For example, you're narrow-minded, nosy, and some people say you don't have evidence to accuse people! They said that you used your status as the movie queen to act like a tyrant. She looks friendly on the surface, but she's very arrogant in private and doesn't put ordinary people in her eyes at all."

The more sister Xia spoke, the more afraid she became. "Oh my God, what is going on? This is all fake! How could anyone believe it? They're obviously paid posters!"

Jiang Yu had already guessed it.

It was Sun Miao again. she had hired an internet water army to post such a post to cause her reputation to plummet.

Sister Xia was still anxious. "I'm so angry. It's so obvious that the post was posted by the water army. how can so many people still believe it?! Some of them even said that they don't like you anymore. I'm so angry, these few brainless people."

"Don't be angry, sister Xia. It's all in the past." Jiang Yu consoled.

"What past? you still have to film in the future. There will be many more posts like this in the future!" Sister Xia said, "if I had known earlier, I wouldn't have let you film this variety show! Sigh, it's all because of that Kang Xue!"

"Hahaha." Jiang Yu laughed and said, "All bad things have a solution."

"You've already thought of a way?" Sister Xia asked, puzzled.

"No," Jiang Yu answered honestly.

"Then what's the point of saying all this!"

Jiang Yu stretched lazily and said, "These posts are all about what happened when I was filming today. Everyone who is watching the live broadcast knows that I had a conflict with Sun Miao today. If you don't believe this post, you'll be able to guess that it was Sun Miao's doing to ruin my reputation. Then, Sun Miao's plan will fail."

"But many people believed it." Sister Xia was heartbroken. what should we do to make them grow their brains?"

Jiang Yu thought for a while and said, "Let the studio release a statement in response to these few matters in my name first. Find more people to repost and suppress those fake posts. If these posts continue to leak during the shooting, I'll have to have a good talk with Sun Miao."

"Sun Miao did this?" Sister Xia was shocked. "Although I knew that Sun Miao wasn't a good person, she still dared to do this at a time like this? She's really bold."

"Yup,"

Not only was she bold, but if the thread was suppressed, Sun Miao would definitely not let it go. They might even find other things or even fabricate facts and continue to post such posts on the internet.

The purpose was to make Jiang Yu's reputation plummet. If the expected effect could be achieved, then Jiang Yu's reputation would be ruined.

If she wanted to stop this from happening, she would have to either stop the posts from leaking out from the very beginning, or find some gossip about Sun Miao before she took any action, write a post, and post it online.

And this gossip had to be big and true.

In that case, he could only look for an opportunity in the singing competition next week.

"I thought that since Sun Miao and Kang Xue are competing together, she would bully Kang Xue." Jiang Yu said helplessly, "I didn't expect Sun Miao to point her finger at me in the end. "

"Are all the Sun family members like this?" Sister Xia was also very angry. On one hand, she was busy getting the studio staff to deal with this matter, while on the other hand, she was busy complaining about the Sun family.

"Sun You had forced a girl who didn't like him to marry him for the sake of business. His sister, Sun Miao, loved to stir up trouble, and she insisted on fabricating facts to ruin other people's reputation. What do you think the Kang family is thinking? how could they let Kang Xue marry someone like Sun You?"

"The Kang family also wants to benefit from the Sun family, but they can't bear to part with Kang He. that's why they married Kang Xue off." Jiang Yu said, "It's a pity that Kang He has suffered such a blow. She's already a little mentally unstable."

[Chapter 1142 Singing Competition](#)

"Their competition is next week, right?" sister Xia asked, "It's your first time being a judge. Don't be nervous when you're giving your comments. just say what's on your mind."

"Alright," she said.

Although Sister Xia was trying to comfort Jiang Yu, she was still nervous.

In her impression, only those with high qualifications could be judges. She was only 20 years old. Even though she had already won the Best Actress award twice, Jiang Yu still felt that she was still a little far from being a judge.

However, from the looks of it, most people still hoped that she would be the judge.

Soon, it was time for the shooting next week. It would also be filmed in the form of a live broadcast, and there would be live audience.

It was Jiang Yu's first time participating in a variety show like this, so she was a little nervous. In addition, she had designed a new accessory this week, so she was busy negotiating with the people in the workshop and had no time to visit Kang Xue.

She wondered if Sun Miao had caused any trouble for Kang Xue.

The shoot began. the emcee briefly introduced the three judges, then briefly introduced the rules of the competition, and then the official competition began.

After all, there were many contestants, so they couldn't waste too much time.

Moreover, all the competitions were not based on an Elimination System. The results would be stacked.

In other words, every contestant's score would be retained, and the final score would be calculated according to the total score of the remaining dance, song and dance, and acting competitions. The top five would be eliminated as members of the girl group.

The order of each contestant was decided by drawing lots, and Kang Xue's number was 30th.

After the previous contestants finished singing, Jiang Yu and Xu Ye learned from Xue Ran. They first pointed out some shortcomings and then encouraged them, hoping that they would be better in the future.

Next, it was time for the judges and the audience to give their scores, taking the average score.

When it was Kang Xue's turn, she sang the same song from that day, and it seemed to be even more moving.

After Kang Xue finished singing, Xue Ran and Xu Ye both gave Jiang Yu the chance to speak first.

Jiang Yu did not decline. "You sang very well. It's even more moving than a week ago. You've also brought in more emotions. I can tell that you've been practicing hard this week, so I hope you can get a good result and finally become a member of the girl group."

"Thank you, judges." Kang Xue gratefully smiled.

After Jiang Yu finished, Xu Ye and Xue Ran had nothing else to say, so they started to grade her.

After Kang Xue left the stage, she saw Sun Miao preparing for the match.

Sun Miao looked at Kang Xue in disdain and said, "If you really end up as a member of a girl group, it must be an inside story. I didn't think you sang very well, but did you hear what Jiang Yu said about you? Don't tell me you think that others also think that you sing well? They're just pandering to Jiang Yu because she's the best Actress, so they want to leave a good impression in front of her."

"It's your turn soon, you should get ready," Kang Xue turned around.

"Do you need to care?" Sun Miao was even more disdainful. "You don't have the right to meddle in my affairs. If you have the time, you should worry about yourself. Don't let others say that you got in through the back door, and that even your final score was fake."

"I'm not afraid of others saying that, because I have a clear conscience." Said Kang Xue.

Sun Miao laughed. "Even bad people don't say they're bad. Ask yourself. Who would believe you? "

The two of them were in a deadlock, which immediately attracted the attention of other contestants.

"What are you guys whispering about?" A woman in a red evening gown asked.

"It's nothing," Sun Miao replied, "I'm just curious. Movie queen Jiang always says the same thing when she reviews the contestants before her. But when it was Kang Xue's turn, you should have heard it, right? she was full of praise and encouragement. Those who didn't know would think that there was something between them that couldn't be seen."

Someone else also asked, "That's right, why? I know that movie queen Jiang and Kang Xue know each other, but isn't this too blatant favoritism?"

However, some people argued, "No way, the movie queen doesn't seem like someone who would do that kind of thing. Perhaps it was because Kang Xue sang better than a week ago that the movie queen praised her. As for those words of encouragement, didn't the movie queen say it to every contestant? There's nothing strange about that, right?"

[Chapter 1143 Lip-Syncing](#)

"You don't know, do you?" Sun Miao said. "Even if it's encouragement, which contestant did you hear movie queen Jiang say that to before? It's only Kang Xue, doesn't that explain the problem?"

At this moment, the person who was refuting was also somewhat shaken.

Sun Miao then turned to Kang Xue and said, "I think it's still not too late for you to withdraw from the competition. Don't wait until things get out of hand and no one can clean up the mess. That won't be good for anyone."

"I didn't, you guys misunderstood," Kang Xue said nervously.

If this had happened in the past, when she was dominating the school, this group of people would not be her match. They might even have to please her and follow her orders.

However, now that that layer of disguise had faded, this group of people was no longer afraid of her. They even dared to stand in front of her and point at her.

This was the first time Kang Xue experienced what it meant to be 'isolated and helpless'.

At this moment, someone in the crowd suddenly said, "I remember Sun Miao saying that Kang Xue is your sister-in-law?"

"Ah, yes," Sun Miao's patience was running thin. "She's indeed married to my brother, but they're only registering their marriage. They didn't hold a wedding."

"Sun Miao, since she's your sister-in-law, shouldn't you treat her better? What if she goes back and tells your brother?"

"Would she dare?" Sun Miao sneered. "She stole her sister's boyfriend in the first place, and the marriage was so complicated. How dare she complain? My brother doesn't even like her. It's just a business marriage. She was the one who had a one-sided love and begged her family to change the marriage partner to her."

"Really? How could Kang Xue be such a person?" Someone was shocked. "You're even snatching your own sister's boyfriend? "

"Isn't this a little too shameless? How can the movie queen be friends with such a person?"

"She must have lied to the movie queen, right? She pretended to be pitiful, and the movie queen was deceived by her."

Their words were getting more and more unpleasant, and their laughter was getting louder and louder. Kang Xue couldn't stand it anymore and said loudly, "It's not like this! I didn't do it willingly, I was forced!"

"Who would believe that?" Sun Miao narrowed her eyes and said, "My brother and your sister are a couple. They've met each other's parents. Although your family isn't very happy with my brother, you promised to hold a wedding. It was something that they had already agreed on, why did it suddenly change? Wasn't it because of you?"

"It really wasn't me!" Kang Xue was so anxious that she was about to cry.

Sun Miao ignored her, even gloating a little. "And I don't think your family is that dissatisfied with my brother. Didn't you marry your daughter over? Kang Xue, your status in your family is just so-so,"

"It's not ... " Kang Xue stood there without anyone around her.

Just like that, she was alone and everyone laughed at her.

At this moment, the host announced the name of the next contestant, "Let's welcome the next contestant, Sun Miao!"

"I'm going to the competition. If you have any questions, wait for me to come back." With that, Sun Miao went up the stage.

Kang Xue felt that the group of people were looking at her with ill intentions, so she quickly fled.

She was already thinking of withdrawing from the competition.

After Sun Miao went on stage, she gestured to a corner and started singing.

Every line of the lyrics was very clear, and not a single line was out of tune.

After the song ended, Xu Ye was a little embarrassed and didn't know what to say. Xue Ran had watched the replay of the livestream a few days ago, so he knew what had happened to Sun Miao last week. He didn't know what to say about her performance today.

On the other hand, Jiang Yu looked at Sun Miao expressionlessly. No one could tell what she was thinking.

After a long time, Xu Ye finally said, "hmm, contestant Sun Miao has improved a lot. Last week, when I listened to her, she didn't seem to be in tune. I didn't expect her to be in tune today!"

"Yeah, it's not bad," Xue Ran agreed. "To be able to make such progress in a week, it was already very outstanding for non-professionals! Am I right, senior Jiang?"

Jiang Yu was silent for a while before she asked, "Sun Miao, where were you gesturing to just now?"

Sun Miao was stunned. She did not expect Jiang Yu to notice her subtle movements. "I don't know what you're talking about, teacher." She refused to admit it.

"Then I'll change my question. Were you singing live just now? Was she lip-syncing?" Jiang Yu's sharp gaze locked onto Sun Miao.

[Chapter 1144 Capital](#)

"Oh?" Sun Miao froze and laughed dryly. "The judging teacher sure knows how to joke. How could I possibly do something like lip-sync? Wouldn't my reputation be ruined if others knew about this?"

Despite what she said, Jiang Yu still did not intend to let her off. "Really? Then please sing a few lines live."

Sun Miao's palms began to sweat from nervousness, and she almost dropped the microphone.

"Judge, what do you mean by this? Do you think I can lip-sync? You don't trust me. As a judge, how can you doubt a contestant?" Sun Miao threw the question to Jiang Yu.

However, Jiang Yu didn't take it. "This is just for insurance. If you want to prove yourself, then sing a few lines. As long as it's in tune, I'll apologize to you for suspecting you."

Although she really wanted Jiang Yu to apologize to her in front of everyone, Sun Miao did not dare to sing a cappella live.

Because she was indeed lip-syncing, she had first recorded it herself, then spent money to hire a tuner to tune and synthesize it for herself. The final result was that it was completely in tune, and there was absolutely not a single sentence out of tune.

Under normal circumstances, such a situation would not have been discovered. Sun Miao was also sure that she did not rush or slow down. Other than the suspicious hand gestures at the beginning, she could not think of how Jiang Yu could tell that she was lip-syncing.

After waiting for a while, seeing that Sun Miao was still not moving, Jiang Yu asked again, "Didn't you want to prove yourself? Why aren't you singing?"

"... Do you know that this is slander?" Sun Miao couldn't help but ask, "What evidence do you have to prove that I was lip-syncing?"

"You've always had the same expression when you were singing. Even when it came to the chorus, you still had a very calm expression. Moreover, the song that was played was always in the same tone, but you clearly moved the microphone far away when you sang. There are still many obvious points that I won't say." Jiang Yu said coldly, "What about you? is there any evidence to prove that you didn't lip-sync?"

Sun Miao's body froze. After a long time, she said, "Even if I lip-syncing, there's still a reason for it!"

"What's the reason for lip-syncing?" Jiang Yu retorted, "If you're selected because of lip-syncing, it's not fair to the other contestants at all! It'll also give people the wrong impression that lip-syncing is also a good thing in singing competitions!"

"How could it be that serious? I only lip-synced once!" Sun Miao tried to defend herself. "This is my first time doing this. I know I'm in the wrong, okay? I'll just pretend that this never happened. At most, I won't want this score."

"I can't give you any points anyway." Jiang Yu frowned. "Although there's no elimination system in this competition, you're an exception. You'll be eliminated."

"Are you kidding me?" Sun Miao's eyes widened. "I don't see any of you trying to eliminate others even if she doesn't sing well. I was just lip-syncing to make the song sound better. Yet, you still want to eliminate me?"

"The two are not of the same nature." Jiang Yu said, "Don't put the cart before the horse. Singing competitions are all about individual ability. If you're not even willing to show off your own ability, what right do you have to say that those who sing are bad?"

"But I had good intentions!" The more Sun Miao spoke, the more agitated she became. She even started to cry. "Why am I getting eliminated just because I lip-synced? Didn't we agree that this wouldn't be an elimination system? Aren't you guys bullying us? My family lost money and even invested in it, and now you want to eliminate me? This doesn't make any sense."

The moment Jiang Yu heard the word 'investment', she knew that Sun Miao would not be eliminated and would continue to participate in the competition.

She turned to look at Director Liu in the distance and saw him looking at her with a troubled expression.

"... Capitalism is really despicable sometimes." Jiang Yu said helplessly.

Sun Miao was still crying, and her voice was getting louder and louder. She had no intention of joining the battle.

The comments in the live broadcast room had completely filled the screen: "No way, can you tolerate lip-syncing? Are we still allowing Sun Miao to continue? It's not fair to the other contestants."

"I really don't understand. Did Sun Miao not recognize herself for last week's shoot? Why is she participating in the competition when her singing is so terrible? Why doesn't she just give up on the competition?"

"That's right. She insisted on coming up to show off, but in the end, she started feeling aggrieved after being exposed for lip-synching by the movie queen. Isn't she just reaping what she sowed?"

"It's not like the girl group has to sing well. If Sun Miao's dancing is good, that's fine too. Why must they be so calculative over something they're not good at?"

[Chapter 1145 They Started Fighting](#)

However, someone else spoke up for Sun Miao, "You guys are just jealous, right? Because Sun Miao's family is rich and invested in this variety show, you guys are starting to be jealous, right?"

"She's rich, what does it have to do with you? If you really hate her, then when the time comes, just don't vote?"

"That's right. Besides, Sun Miao had good intentions. You guys don't know anything and just talk nonsense."

Some people even started to attack Jiang Yu. "I don't know why Jiang Yu is the judge for the singing competition. Wasn't she the movie queen? She's here to evaluate my acting skills, but I don't think I should ask her to sing?"

"You even exposed Sun Miao's lip-synching on the spot. You have no emotional intelligence at all. At the very least, you should have said it in private. You didn't even consider Sun Miao's feelings when you said it in front of so many people."

"She's a movie queen and has gotten into character. She thinks that everyone should listen to her!"

There were many such comments.

Jiang Yu was in the middle of filming, so she did not know about these comments. However, Kang Xue, who was watching the live broadcast in the lounge, saw these comments. She wanted to say a few words to speak up for Jiang Yu, but they were quickly drowned out.

"How did they all get swallowed!" Kang Xue was getting anxious.

The other contestants were also watching the live broadcast. Seeing how flustered Kang Xue was, they couldn't help but laugh, "Are you afraid that no one will help you after Jiang Yu leaves?"

Someone replied to her, "But even if Jiang Yu helped her, she might not be able to do anything, right? With her own strength, not even the gods of the great all-embracing Heaven can help her."

"Hahahaha! Kang Xue, since you're married, why don't you just stay at home and have a baby? Why do you have to show your face in public? Does your husband know?"

The group of people laughed and didn't even care about the live broadcast anymore.

Even if Kang Xue had always been submissive, now that she was being laughed at like this, even a rabbit would be forced to be anxious. Hence, she stood up and said loudly, "What does this have to do with you? It's my own business to participate in the competition. Why do I need to ask for permission from others?"

"Ayo, are you angry?" The woman who spoke at the beginning became even more aggressive. "I'm telling the truth. You're just a pile of mud that can't hold up a wall. Regardless of whether Jiang Yu is there or not, you will still fail in the end and will never be able to become a girl group. And you're even married. Have you ever seen a girl group member who's married? a group of middle-aged women?"

The others laughed even harder. Someone said, "I guess her husband doesn't want to see her. Didn't Sun Miao say that her brother didn't like Kang Xue? I think it's just a marriage in name. Her husband might even be having an affair. I don't know how many green hats he has made her!"

"Hahahahaha!"

Kang Xue clenched her fist. She couldn't take it anymore and punched the woman in the face.

"If I wasn't angry, you guys would really think that I'm easy to bully, right?!" Kang Xue roared.

The others had always thought that Kang Xue was easy to bully, but they didn't expect her to actually hit them.

The woman who was hit was stunned for a moment, but she immediately got up and started fighting with Kang Xue.

"You dare to hit me? You bitch, you actually dare to hit me!" The woman roared as she ruthlessly tore at Kang Xue's hair.

Kang Xue didn't want to be outdone. She pulled harder than the woman and scolded back, "You're the bitch! I'm a righteous person, there's nothing I don't dare to say! Jiang Yu and I are only good friends!"

Those rich young ladies had never seen such a scene before and immediately panicked. Some of them even ran to the stage and shouted, "Not good! Someone's fighting in the waiting room backstage!"

The audience's and stream's eyes lit up instantly. Their attention was no longer on the bawling Sun Miao, but on the two people fighting backstage.

Director Liu was shocked. He couldn't care about anything else and quickly went to the lounge the day after tomorrow. He shouted, "What are you guys doing?!"

Kang Xue and the woman didn't stop, as if they were the only two people in the lounge. If no one came to stop them, who knew how long the fight would last.

When Sun Miao heard the news, she also stopped crying. She wanted to see who had started the fight.

Jiang Yu and the rest could not be bothered with Sun Miao who was lip-syncing and quickly ran to the lounge. The cameraman also followed them. At this time, there was no one else on the stage other than the audience.

However, the live audience was not stupid. If they could not watch the live version, they could just take out their phones and watch the live version. There were always more ways than difficulties.

[Chapter 1146 Want To Withdraw From The Competition](#)

When Jiang Yu and the rest rushed to the lounge, they found that Kang Xue had been pulled away from the person who was fighting.

Director Liu was furious. He didn't care if the person in front of him was some rich man's daughter or not. He immediately rebuked, "What's wrong with you guys? What kind of conflict can't be resolved? And it had to be resolved today? Don't you know that there's a competition today? If you do this, will the competition still be held? Who's going to take responsibility for the delay?"

"Of course it's Kang Xue!" the woman pointed at Kang Xue. "She was the one who started it!"

"You were the one who provoked me first!" Kang Xue said, "If you didn't keep saying those nasty things, I wouldn't have been so angry to hit you!"

"How are my words unpleasant? Am I not telling the truth?" The woman was furious. "Aren't you not married? Which girl group members were married? It's impossible for you to step out, so what's wrong with me persuading you to withdraw?"

"Who said that you can't be a girl group member just because you're married? It's not the end yet. How do you know I won't succeed?" Kang Xue asked.

"Don't tell me you're still thinking of using Jiang Yu to get in through the back door?" The woman's eyes widened, and her voice rose a few octaves. "Kang Xue got in because of her relationship with Jiang Yu, and she also achieved such good results because of Jiang Yu! that's what I just said. I was telling the truth, but I stepped on Kang Xue's tail!"

"You're talking nonsense! I relied on my own hard work!" Kang Xue retorted loudly.

Director Liu couldn't take it anymore and shouted, "Enough! Don't quarrel!"

Only then did Kang Xue and the woman shut up.

"I don't want to pursue this matter. If you still want to stay here and participate in the competition, then you'd better behave. It was fine if they were fooling around normally, but today was a competition! You guys don't value it, but I do! There are still other things that have not been resolved yet, and I don't want to worry about you guys!" Director Liu was panting heavily as he spoke.

He was talking about Sun Miao's lip-syncing, and since Jiang Yu had already found out, he had to admit it openly. The Sun family had invested in this variety show, so he would never disqualify Sun Miao.

But in this case, he needed to think of a compromise.

Just as Director Liu was trying to think of a way, Kang Xue said, "Director, I'm willing to forfeit my qualification to compete."

"Ah?" Director Liu was shocked.

Jiang Yu was also very surprised.

"I'm not suitable for this. I've overestimated myself." Kang Xue lowered her head and said after a long time.

The woman who was fighting with her also said, "wouldn't it have been better if this had happened earlier? Today's matter wouldn't have happened."

Kang Xue ignored her and said to Jiang Yu, "I'm sorry to disappoint you. but I really don't have the talent for this. I'm not suitable for this."

"May I know the reason?" Jiang Yu asked as she looked at her.

Kang Xue was about to shake her head when the woman said, "It must be because she did something wrong and we found out. she's worried that we'll laugh at her in the future, so she wants to withdraw from the competition, right? but we're telling the truth. you don't have to be so weak. Didn't Sun Miao provoke you before? Didn't she say the same thing when she provoked you? Why didn't you say you wanted to withdraw from the competition then?"

Jiang Yu frowned and said, "You laughed at her? Sun Miao even provoked her?"

Sun Miao, who was standing at the outermost edge, immediately retorted, "I didn't! I'm telling the truth. If you don't believe me, you can ask her yourself!"

Even though she said that, Sun Miao still wanted to knock the woman unconscious with a punch so that she would shut up and not be able to say anything. How brainless! How dare she say something like that in front of Jiang Yu and the director?!

Kang Xue kept her head down and remained silent. Jiang Yu could not see her expression and could not guess what she was thinking.

However, Xue Ran's sense of justice came up and he scolded, "You're all contestants from the same batch, so you should be friends. Why did you do such a thing? when I first participated in the competition, everyone got along very well, and this kind of situation never happened! What's wrong with you guys?"

All the contestants were silent. The dark crowd was silent together, making the atmosphere particularly depressing.

When Director Liu saw the murderous look on Jiang Yu's face, he knew that the always gentle movie queen was angry. So, he said to Kang Xue, "Kang Xue, think about it again. If there's anything, just tell me. Don't withdraw from the competition. You're really good. It doesn't matter if you're married, you can still win over the audience with your strength."

After hearing this, Kang Xue wavered, "Alright... I'll reconsider, director."

[Chapter 1147 White Heat](#)

Kang Xue's heart wavered. She wanted to come back, but the woman who had argued with her didn't agree. "Director, there's never been a girl group that's married! It's useless even if you let her come back and continue to participate in the competition. The audience won't like a married female idol!"

"This matter has nothing to do with you. You'd better mind your own business." Director Liu's face was serious. "If you apologize to Kang Xue now, I'll let you continue to participate in the competition. If you insist on not apologizing, then I'll have to disqualify you from the competition."

"On what basis?" The woman was also a little shocked. Sun Miao didn't even get disqualified for lip-synching, so why should I be disqualified?"

"Is lip-synching more dangerous than fighting?" Director Liu's eyes widened in anger.

"Even if it's a fight, it was Kang Xue who started it!" The woman shouted, "Why didn't you disqualify Kang Xue? Instead, you want to disqualify me?"

Director Liu didn't want to explain, "Don't say so much. As long as you apologize, I'll let you continue to participate in the competition."

"I'm not apologizing!" The woman yelled, "Because the sun family invested, you didn't eliminate Sun Miao. Because Kang Xue and Jiang Yu are good friends, you didn't eliminate Kang Xue because you were afraid of offending Jiang Yu, right? Just because my family has no investment and I'm not friends with Jiang Yu, you want to eliminate me?"

Director Liu's face turned pale and he said sternly, "Don't talk nonsense! It's because you started it first that we started fighting! And after the fight, you don't even know how to apologize and only know how to shirk responsibility!"

"You only know how to find excuses for yourself, right?" The woman laughed coldly. "Sure, I, Hu Jing, won't be participating in this competition. But remember, it wasn't this useless director who disqualified me. I couldn't stand the dirty dealings, so I withdrew from the competition!"

With that, Hu Jing broke free of the two people's hands, stood up, flipped her hair, and left.

Before she left, Hu Jing didn't forget to turn around and say, "Director, I advise you to be careful in the future. You've provoked me, Hu Jing, which means you've provoked the Hu group."

Director Liu had never heard of the 'Hu group', so he naturally didn't take Hu Jing's words to heart.

Now that the matter had been resolved, he felt that Jiang Yu would not be bothered about the lip-synching anymore. However, Jiang Yu did not intend to let the matter be resolved just like that. She said, "Now that this matter has been resolved, it's time to resolve the issue of lip-synching as well."

Director Liu raised his eyebrows and said, "Jiang Yu, this is a live broadcast. There's also a competition. Can you put this matter aside for now?"

"We can let go of it, but there must be a reasonable solution in the end." As Jiang Yu spoke, she returned to the judges' seat on the stage.

The match went on as usual, as if the two events earlier had not happened. Everyone still had to compete and give marks.

In the end, all the contestants' scores were out. The host took the stage book and began to announce the results of each contestant.

From the beginning to the end, he only read Sun Miao's results at the end. However, her results were not at the bottom, but in the middle.

After Jiang Yu heard the number, she frowned. "Wait a moment. Sun Miao is lip-synching, so why are you still giving her marks?"

The emcee did not know either. He only said, "I'm not sure. there's a string of numbers at the bottom of the script. "

Jiang Yu knew that Director Liu was not willing to punish Sun Miao, so she said, "Director, if you let the lip-synching incident slide, I won't be staying here as a judge anymore."

Only then did Director Liu feel a little flustered. He quickly turned the camera to another direction and walked over to Jiang Yu, whispering, "Jiang Yu, can you stop making things difficult for me? The Sun family is the investor, so not only can I not disqualify her from the competition, but I also have to ensure that she will be selected in the end. You've acted before, so you should know that directors listen to investors. There are many things that we can't do as we please."

"But there must be a punishment for Sun Miao's lip-synching. Are we just going to let her off the hook because of the investor?" Jiang Yu said, "Even if we can't disqualify her, we can't give her results either. Moreover, her results are only average. this is simply unfair to those contestants who sing for real."

"If we don't give her results, Sun Miao won't be selected in the end." Director Liu looked embarrassed. "Jiang Yu, just treat it as being kind. Don't dwell on this matter anymore."

[Chapter 1148 Invalid Results](#)

Jiang Yu did not agree with Director Liu's words and said, "If she's good enough, the audience will definitely see her. If she wasn't outstanding, it wouldn't matter even if she was selected to become a monk. The audience wouldn't buy it. When this girl group steps out, they'll end up being scolded. This isn't what you want to see, is it, director?"

Director Liu was moved by Jiang Yu's words. After much thought, he decided to void Sun Miao's results.

When the host received the result, although he was a little surprised, it was still within reason, so he read out the result very calmly.

The people present seemed to have expected this result, so they were not too surprised. Some people were even snickering.

Sun Miao was the only one who couldn't accept this result. "Why? The score has already been given, why was it still invalid?"

Jiang Yu replied, "Do you really think you can get a score by lip-synching? Then why don't we just lip-sync instead? We can get high marks by lip-synching anyway, so why would anyone still put in the effort to practice singing?"

"You!" Sun Miao was exasperated. "You're being unreasonable! the audience doesn't think there's a problem and even gave me a score, so why are you standing here all by yourself and still insisting on it?"

Jiang Yu shrugged and asked helplessly, "How do you know that the audience gave you the score?"

"Of course I know!" even if I lip-sync, the audience will still support me." Sun Miao said.

In fact, she knew that Director Liu had given her this score so that she could be selected smoothly. Because of her lip-synching, her score was not high and was only in the middle.

Then tell the audience who supports you to restrain themselves. If they really want to support you, they can do so in the later matches. Jiang Yu said as she crossed out Sun Miao's results on the report card in front of her.

"You!" Sun Miao was so angry that she wanted to defend herself loudly, but from the corner of her eye, she saw Director Liu giving her a look, indicating that she should not act rashly and that she should not anger Jiang Yu.

Even though Sun Miao wasn't convinced, this was a stage, after all. There were judges and a director in front of her, so no matter how unconvinced she was, she had no choice but to swallow her anger.

"Alright, I was wrong for lip-synching this time. I accept the punishment of having my results nullified." Sun Miao lowered her head and said this.

Sun Miao felt as if she had lost all her face in front of everyone, and this was all because of Jiang Yu. If it wasn't for her, she would definitely have gotten a very high score. As long as she performed steadily in the next two rounds, she would have gotten a good result and would have been selected.

However, because of Jiang Yu, all her plans have been ruined.

After the shoot, Jiang Yu did not return to the company but went straight back to the Ink Garden to rest.

She had never thought that filming an indoor variety show would be so tiring.

After taking a shower, she had originally planned to sit on the sofa and read a magazine, but because she was too tired today, she fell asleep without realizing it.

By the time she woke up, it was already dark outside, and Mo Long had yet to return.

She unlocked her phone and saw a message from Mo Long: "The company is a little busy, so I went on a business trip in the afternoon. It's in the neighboring city, and I'll be back in about three days. Take care of yourself during this time."

After Jiang Yu replied, "Okay, take care of yourself too," she saw more than 30 messages from sister Xia.

Jiang Yu clicked on them one by one and found that she was on the hot search again. But this time, she wasn't alone. She was tied together with Kang Xue and took up three headlines at once.

The hot search was, 'Because of the movie queen Jiang Yu, contestant Kang Xue was not disqualified even though she hit someone. the contestant from the same batch, Hu Jing, was reprimanded by the director for telling the truth, so she abandoned the competition in a fit of anger.'

The hot search at the bottom was: 'Kang Xue's results were retained even though she hit someone. Contestant Sun Miao's results were invalid because she lip-synced. All of this was actually planned by Jiang Yu.'

The third hot search was: 'The movie queen and the movie king are in the same frame. They act very close. There seems to be something between the two that can't be told to others. '

Jiang Yu looked at the three Hot Searches. The first two were still okay, but the third hot search made her feel uncomfortable.

She and Xu Ye had not contacted each other for a long time, and this meeting was also because of work. As for the comment about "Two people behaving intimately", it was just that the pen Jiang Yu used to grade had fallen at Xu Ye's feet, and he had helped pick it up.

The truth was not as outrageous as what was written on the hot search.

However, the attached picture was a picture of Jiang Yu smiling at Xu Ye. The netizens would probably believe this hot search because of this photo.

[Chapter 1149 Things Of The Past](#)

Jiang Yu sighed and gave sister Xia a call. "Sister Xia, I'm sorry. I was sleeping just now and my phone was on silent mode."

Sister Xia's tone was very anxious, "Oh my god, Jiang Yu, did you see the hot search? This time, it's even worse than the last time. Not only did it occupy the top three hot search headlines, but there's no good news at all!"

"I know, I saw it." Jiang Yu sighed with a headache. Are the netizens so free now? Why do you always like to ask about such things?"

"Let's not talk about whether he's free or not. The first two hot searches can't be explained because this is a fact that all the viewers have seen. Kang Xue will continue to compete, and Sun Miao will be disqualified." Sister Xia said, "It's mainly about the third hot search. How long ago was the scandal between you and Xu Ye? how can you still bring it up now?"

"I don't know. We just happened to meet due to work." Jiang Yu said.

"But the netizens don't believe it." Sister Xia said, "They can't wait for something to happen between you and Xu Ye. This way, not only will it satisfy their desire for gossip, but it will also allow them to see a relationship crisis between you and Mo Long.

Speaking of Mo Long, Jiang Yu did not know if he had seen the hot search this time. Although he usually doesn't pay much attention to the internet and lets Teng Yi do such things, ever since the two of them got together, Mo Long would pay attention to the news on the internet all the time for her.

He would see the hot search this time sooner or later.

The more Jiang Yu thought about it, the more her head hurt. She knew that Mo Long would not suspect her, but if such Hot Searches appeared too often, Mo Long would not be happy to see it.

"This group of people really have nothing better to do." Jiang Yu said irritably, "Today was already a tiring day, and now something like this has happened."

As she spoke, she clicked on the third hot search, wanting to take a closer look at the content of the post. But from the beginning to the end, Jiang Yu didn't see anything. She just smiled at Xu Ye.

Jiang Yu was speechless that even a smile could be used to make an issue out of.

"Let's get the studio to issue a clarification statement first." Jiang Yu said helplessly, "The truth is that when Xu Ye helped me pick up the ballpoint pen, I only smiled out of gratitude."

"Yes." Sister Xia immediately contacted the people at the studio and released this statement overnight.

The studio staff did not expect to be so busy recently.

At the same time, Xu Ye's studio also issued a statement, and the content was exactly the same as the one released by Jiang Yu's studio.

Both studios issued the same statement, but it made the netizens more convinced of the authenticity of the news, it must have been an excuse in advance, otherwise how could they have issued the same statement at the same time?

There were even people who commented below; "I can do this pair! Can't you just lock down the combination of the best actress and best actor?"

"Even though I know the best actress has a fiancé, I still think the best actor is more attractive than President Mo."

"Best actor and best actress are a match made in heaven, President Mo can be beautiful alone. Or he could find someone more suitable for himself and give up on the best actress."

"And the movie queen even smiled at the movie king, it's so sweet! Think about it, if the best Actress smiled at President Mo, would President Mo respond with the same smile? Definitely not!"

"Forgive me for being direct, but President Mo seems to have a poker face. On his face, other than his emotionless face, I can't see any other expression."

Comments like this were everywhere, as if they were certain that there was something going on between Jiang Yu and Xu Ye.

"It's time." Sister Xia was a little annoyed. If I had known, I would have posted it later.

"It's the same whether I post it earlier or later. The netizens won't think that Xu Ye and I are fake just because of the time." Jiang Yu said, "The first two hot Searches have not been resolved. This trending search is already a little tricky, and there's no extra time to deal with those two things."

Sister Xia added, "And the first two hot searches have questioned your character. Now, many people are saying that you're acting like a big shot and that you used your identity to protect Kang Xue. They're saying that there's something shady about this competition. There's no truth to it at all. Some people even started to sympathize with Sun Miao and support her."

"It's a blessing in disguise." Jiang Yu said slowly after a pause.

"The more I think about it, the angrier I get. who would lip-sync in a singing competition? If that's the case, why are you still participating in the competition? you should just become a singer!" Sister Xia was very angry, and her voice was raised a few tones.

"But Sun Miao thinks that it's a small matter that should be overlooked." Jiang Yu said mockingly.

[Chapter 1150 Proposal Ring](#)

"I think the Sun family invested in her. They're planning to send her to the Taoist world at all costs." Sister Xia said, "But everyone already knows about her lip-syncing, so why are there still people supporting her?"

"Singing is a very sacred dream for some people. If we allow lip-syncing to continue, it's unfair to those people, and it's also unfair to those who struggle hard on the path of singing." Jiang Yu emptied her mind. "But money is the best path now. As long as you're willing to spend money, anyone can step out of the way."

Sister Xia sighed and did not continue. She continued to read the posts and thought of a way to deal with them.

However, compared to the first two hot searches, the third hot search was gradually gaining popularity because of the two statements. In just an hour, it had risen to second place.

It seems that the two statements didn't have any suppressing effect. Instead, they helped to boost its popularity. Sister Xia looked at the sky helplessly. "What should we do? ... Jiang Yu, do you want to avoid suspicion? You're not going to the recent filming?"

"If I don't go, won't it just confirm this matter? We still have to film, just like how we usually do."

"But the netizens will definitely use this as a pretext to make a fuss. They will say that the two of you are getting along as usual because someone found out about the matter and you don't care anymore. Perhaps some people will say that your actions are even more intimate than before." Sister Xia guessed what the netizens were thinking.

Jiang Yu had also guessed it. "If I try to avoid suspicion, the netizens will say that this matter must be true. It's just that the parties involved are unwilling to admit it. That's why they're avoiding suspicion. If we really had a clear conscience, why can't we continue filming? They'll definitely say that, so whether I go or not, as long as the netizens think it's true, they'll come up with a thousand reasons to say it's true."

Jiang Yu looked at the post. The smile she gave Xu Ye on the screen was just an ordinary smile. She didn't even look at him.

She really didn't know how the netizens could tell that she was smiling at him with extreme gentleness.

"I'll discuss this with Mo Long. Sister Xia, you don't have to worry about it." Jiang Yu said.

"That's good." Sister Xia heaved a sigh of relief. If Mo Long sees this trending topic, he probably won't be happy either.

How could Jiang Yu not know that? However, the internet was like this. If they said that you were black, then you were black.

After hanging up, Jiang Yu wanted to call Mo Long, but she was afraid that he was busy with work, so she did not contact him.

However, five minutes later, Mo Long sent a picture.

Jiang Yu opened it and saw a photo of a ring. There was also a line of words in the inner circle; 'JY married me.'

Jiang Yu was shocked. Although she already vaguely knew what it was, she couldn't help but ask, "What is this?"

"It's my proposal ring," Mo Long quickly replied.

At this time, Jiang Yu only felt that her heart was beating faster and faster, and the sound was also getting louder and louder. Soon, it covered the sound of her breathing.

She forced herself to calm down and asked, "Why are you showing me this all of a sudden?"

Mo Long replied, "It's not just you, there are others as well. If I don't show them and show them who's in charge, they won't know who's the real master."

Then, Jiang Yu received a notification.

She clicked on it and saw that it was a picture of the proposal ring sent by Mo Long with the caption: 'My Four Seasons at Dusk ', and then tagged Jiang Yu.

Jiang Yu's heart felt warm and she was about to overflow with emotions.

The comments below also instantly increased: "Heavens! Is this a proposal?"

"I told you the best actress and President Mo are the best couple! What best actor? he's not as good as President Mo!"

'I hope the best actress and President Mo will always be together! We'll never part!"

Although there were some people who spoke rudely, saying, "You only came to declare your sovereignty at this time? Who knows how many times you've been cuckolded?", They were quickly drowned out. There were even some people who were not afraid of trouble and scolded those people.

After a long time, Jiang Yu finally calmed down and replied, "Alright, my every day."

This kind of interaction was so sweet that the netizens quickly forgot about Jiang Yu and Xu Ye and only focused on Jiang Yu and Mo Long.

A handsome man and a beautiful woman were the perfect match! Although Xu Ye was the best actor and his status wasn't bad, he was still a little inferior to Mo Long.

After this incident, the hot search was resolved.
