

Older Man 1171

[Chapter 1171 Instigating A Rebellion](#)

Hu Jing, who had no other choice, went to the police station in Hucheng, saying that she wanted to see Hu Wei and Hu Lei.

In the end, when Hu Wei heard that the Hu group had been divided, he was so angry that he slapped Hu Jing on the spot and said that he would never have this useless daughter again.

Hu Lei couldn't accept the result and fainted. He was still unconscious.

Hu Jing, who was despised by both sides, suddenly realized that she had lost the meaning of her life.

Hence, she walked to the side of the overpass and wanted to commit suicide. She bawled loudly, scaring the passers-by around her so much that they didn't dare to come close.

Jiang Yu happened to be on her way back to the company. When she passed by, she saw Hu Jing standing by the overpass.

She quickly asked the driver to stop the car, then got out of the car and walked to Hu Jing's side, opening her mouth to greet her.

"Hu Jing, long time no see."

Hu Jing turned her head and when she saw that it was Jiang Yu, she immediately pounced over as if she had gone crazy. Jiang Yu grabbed Hu Jing's wrist and twisted it, twisting Hu Jing's arm behind her.

"Ah!" Hu Jing howled in pain.

"Old friend, it's been a long time since we last met. Are you going to fight me the moment we meet?" Jiang Yu asked with a smile.

Hu Jing wailed, "It's all because of you! I have nothing now, not even a home! This is all because of you! How dare you continue to appear in front of me!"

"Your brother has committed a crime, and so has your father. I'm just helping the police and letting them get the punishment they deserve. I'm not doing anything wrong, right?" Jiang Yu retorted, "Do you think that your brother and your father don't have to bear the consequences of their crimes?"

Even if what Jiang Yu said was the truth, Hu Jing still felt that Jiang Yu was the main culprit who caused her to be homeless.

Upon seeing this, Jiang Yu bent down and whispered in Hu Jing's ear, "As long as you agree to one condition of mine, I can help you."

Hu Jing cursed, "Bah! I don't want your kind intentions! If it weren't for you, I wouldn't have become like this today!"

"You can only blame your brother and your father, no one else." Jiang Yu said helplessly, "The video of the court hearing has already been spread online. Everyone knows what happened to the Hu family."

Whether you're in Yangcheng or anywhere else, your life will always be like this. If you don't improve, you'll eventually become homeless in the tunnel."

When Hu Jing heard this, she started to feel afraid, so she cried even more sadly.

She didn't want to sleep in the tunnel! Besides, she was a girl. Who knew what she would experience in the tunnel?

Jiang Yu could tell that she was afraid and said: "If you don't want to become like that, promise me one thing. I promise to help you. Although something happened to your family, you're innocent. Don't think that I'm lying to you now. After all, you don't have anyone else you can trust other than me."

Every word was said in Hu Jing's heart, so after thinking about it, she could only wipe her tears and got up to follow Jiang Yu.

No matter what, it was more important to have someone who was willing to help him.

Hu Jing returned to the company with Jiang Yu. When sister Xia saw Hu Jing, her expression was very strange.

"Jiang Yu, why did you bring Hu Jing back?"

Jiang Yu explained, "It's going to be the weekend soon, and we're going to shoot again. It's unfair to everyone that Sun Miao spent money to hire fake reviewers to vote for her. I can't let this continue."

Hu Jing was shocked when she heard that. She did not know how Jiang Yu knew about this.

Jiang Yu saw her surprise and explained, "Sun Miao's votes are rising rapidly, but not many people online have a good impression of her. So, I can't think of a second reason other than to hire internet trolls to fake votes. Also, according to my investigation, Sun Miao gave you the money to hire internet trolls, right?"

Hu Jing was shocked this time. She said in fear: "How did you know? No, no, I only agreed to her request because I was too short of money! That wasn't my intention!"

She was worried that Jiang Yu would stop helping her because of this matter, so she quickly told her everything that had happened. Moreover, Sun Miao had already drawn a clear line between them, so they naturally couldn't be considered allies. Thus, Hu Jing didn't think there was a need for her to hide the truth for her.

Jiang Yu could not help but laugh, "I already knew about this. You don't have to be nervous. I want you to promise me that you'll be a witness during the next shoot and tell me everything you know."

"But don't you already have evidence?" Hu Jing asked in confusion.

[Chapter 1172 Hong Na Resigns](#)

"Even if there is evidence, it's only written evidence. What if Sun Miao turns the tables and claims that my evidence is forged?" Jiang Yu said, "That's why I wanted you to be a witness. It's just a little insurance."

Hu Jing still didn't trust Jiang Yu. She felt that if she only asked her to do these things, she wouldn't be able to help her get out of the sea of suffering so easily.

Jiang Yu could see Hu Jing's worry and said with a smile: "Don't worry. Since I said I would help you, I will definitely help you. I've also said that you don't have any other choice other than me."

She was always able to easily grasp other people's weaknesses, forcing them to listen to her.

"Alright," Hu Jing could only agree. "I'll go with you when the filming starts."

Jiang Yu smiled in satisfaction. She arranged for Hu Jing to stay in an empty staff dormitory. She planned to help Hu Jing find a decent job after this matter was over.

Sister Xia looked at the door and suddenly remembered something. "By the way, Hong Na has already submitted her resignation letter to the human resources department."

Jiang Yu paused, only then remembering the spy Kang He had planted beside her, Hong Na.

Speaking of which, it had indeed been a long time since she had heard any news about Kang He. Ever since Kang He had caused a scene at the entrance of Green Vine University, Jiang Yu had not heard from Kang He.

Kang Xue didn't want to see her father, so she didn't come home. She didn't know how Kang He was doing.

However, Jiang Yu didn't have the time to care about the living conditions of her opponent. As long as Kang He didn't come to her door to make trouble, Jiang Yu would definitely not care about Kang He.

Moreover, since Hong Na had taken the initiative to resign, she had no reason to disagree. Hence, she got the human resources department to approve it and thought of giving Hong Na's job position to Hu Jing.

Anyway, this position was not important, and anyone could do it.

On the day of the shoot, Hu Jing and Jiang Yu took a car to the shooting site. The driver who came to pick Jiang Yu up was not her full-time driver, but the one that Director Liu had specially prepared for her.

Therefore, the driver was familiar with Hu Jing and knew that she was the contestant who had withdrawn from the competition in a fit of anger.

After picking her up, the driver hesitated for a long time before asking: "Miss Jiang Yu, are you sure you want to bring Hu Jing along? According to the rules, a contestant who has withdrawn from the competition can not re-sign up to participate in the competition."

Jiang Yu smiled and said: "It's okay. She didn't re-sign up. You'll just need to take us there, and don't need to worry about anything else."

The driver had no choice but to shut up and drove Jiang Yu and Hu Jing to the filming location obediently.

It was rare that Hu Jing did not refute her. She sat quietly and did not say a word.

When they arrived at the filming location, Hu Jing followed behind Jiang Yu and endured the strange looks from the others.

Because the other contestants had seen the video of the trial on the internet, they all wanted to stay far away from the Hu family. Now that they saw Hu Jing, who had withdrawn from the competition, came back again, their expressions turned ugly and they began to talk about her behind her back.

"Oh my God! Why is Hu Jing back?"

"And you came back with movie queen Jiang? Is it because she has no other choice but to rely on movie queen Jiang?"

"Who knows? Is she going to beg movie queen Jiang to let her come back and participate in the competition?"

"That's impossible. The director will never agree to this. If he agrees, then the director doesn't want the views and popularity."

Of course, there were also people who saw Jiang Yu's heroic bearing in the video and could not help but admire her even more. A few passer-by contestants had already become her fans, and a few contestants who were not satisfied with her had also successfully become her fans.

"If only I had half of movie queen Jiang's boldness."

"She's too cool! My God, how can there be a woman who is so cool?"

"If she didn't get involved with Hu Jing, then movie queen Jiang would be perfect."

Jiang Yu ignored their discussion, and Hu Jing could only swallow her anger and pretend not to hear it.

When had she ever suffered such grievances in this place?!

But now, she had no choice but to lower her head. Hu Jing understood this, so she could only listen to Jiang Yu's words and do her best as a little follower.

When Director Liu saw Hu Jing, the expression on his face also became unnatural.

He said to Jiang Yu: "Jiang Yu, why did you bring Hu Jing here? Was she trying to plead for her to participate in the competition again? I've set the rules since the beginning."

"No, director." Jiang Yu replied with a smile, "I brought her for something else."

[Chapter 1173 Strange Votes](#)

Director Liu studied Hu Jing up and down, and saw that she really didn't look like she wanted to come back and continue participating in the competition. Hence, he decided to do Jiang Yu a favor and said: "Alright, as long as it doesn't disturb the competition and recording, you can bring her in."

"Thank you, director."

Jiang Yu brought Hu Jing to the judges' lounge and instructed, "You can rest here first. I'll let you know when you're going out."

"Got it." Hu Jing nodded obediently.

Jiang Yu went out of the lounge, simply tidied up her style, and then began to shoot.

The dance competition this time was much more organized than the singing competition last time. This was because there wouldn't be any fake dance in this competition, and no one would find a substitute to dance.

Therefore, if anyone danced well, then they danced well. If they didn't, then it was bad.

It was Sun Miao's turn. According to her, she was performing her own original dance and had already given up on the dance she had practiced last week. Instead of practicing other people's dances, it was better to create your own and amaze the audience.

Jiang Yu waited patiently to see how Sun Miao's dance would amaze the audience.

The music started, and Sun Miao began to twist her body. However, her so-called 'original dance' was difficult to describe in a few words.

Her movements were always out of rhythm, and her limbs were very stiff. She would even forget her movements halfway through the dance.

The audience was too embarrassed to stop her, so they could only endure the discomfort and watch Sun Miao dance. Only the audience in the bullet screen could say: "What is she dancing?"

"You call this an original dance? Even my sister's third grade dance is better than hers!"

"How can you participate in the girl group competition with this level of skill? Are there really people who are blind and like this kind of thing?"

"With just this bit of strength, it's better to go home and practice for a few more years. Don't embarrass yourself."

The bullet comments were all scolding Sun Miao, so it didn't seem like anyone would vote for her.

Sun Miao didn't know what they were thinking, but she wasn't worried at all. Even if she had lost contact with Hu Jing, the internet trolls would still vote for her after they had taken the money.

Therefore, Sun Miao had a smug smile on her face.

Jiang Yu didn't comment much on her dance. She just asked her to go down first and let the other contestants come up to continue the competition.

Sun Miao left the stage triumphantly, as if she could already see the light of victory.

When the match ended, the host began to announce the scores of each contestant.

Sun Miao's results were still at the bottom, but she wasn't nervous at all.

After announcing the scores, the host began to announce the votes cast by the audience. The votes were also counted in the score, but there was a unique way of conversion.

When the host read out Sun Miao's vote count, his eyes widened as he read out the number in disbelief: "1.2 million votes!"

This number of votes immediately pushed Sun Miao into the top 20!

Jumping from the bottom of the top 100 to the top 20 was an unimaginable result!

The emcee finished reading the votes for the others and began to ask the routine questions. She directly turned the question to Sun Miao and asked: "Contestant Sun Miao, what are your thoughts on your votes?"

"Nothing much." Sun Miao replied triumphantly. "I just think that there are still many people in this world who appreciate art."

The emcee was rendered speechless by her words. She could only laugh dryly and say: "Indeed, the dance you performed was quite artistic."

Then, she turned to the three judges and asked: "Do the three judges have any words of encouragement or suggestions for our contestants?"

Xu Ye and Xue Ran both followed the script and said a few words of encouragement, then they handed the right to speak to Jiang Yu.

This time, Jiang Yu did not say anything more formal than before. Instead, she looked at Sun Miao and asked: "Contestant Sun Miao, don't you have anything to say about your votes?"

Sun Miao was taken aback, not understanding what Jiang Yu meant by that. "What do you mean by that? That was the audience's vote for me, what do I have to explain?"

Jiang Yu said: "Your dance is difficult to describe in a few words. Whether it's us or the audience, no one can appreciate your dance. As for the audience outside the stadium, I suggest you watch the live broadcast replay. Most of the comments in the bullet screen say that they don't intend to vote for you. Then don't you think that the number of votes you've gotten is a little strange?"

"What's so strange about that?" Sun Miao asked, not thinking much of it. "You don't appreciate art, but you don't allow others to appreciate it?"

[Chapter 1174 Identify](#)

When Jiang Yu saw this, she simply took out the information and evidence that she had sorted out and said: "This is all the evidence that I've found about you hiring internet trolls to fake votes. It's useless even if you don't admit it. The evidence is already here."

Sun Miao was shocked, not knowing where Jiang Yu had gotten the evidence from.

However, in the midst of her shock, Sun Miao immediately steadied her mind and retorted, "Do you think that you can say that I hired internet trolls just by randomly printing a few pieces of paper? Who knows if your evidence is fake? Do you think I've really hired internet trolls just because you said so? Do you want everyone to believe your words with just a touch of your lips?"

Jiang Yu smiled and said: "I knew you wouldn't admit it, so I specially found someone to help you. She has all the records of her transactions with you, so the credibility of her words should be very high, right?"

As she spoke, Jiang Yu called Hu Jing, who was in the lounge, and asked her to come to the stage.

Sun Miao, on the other hand, was shocked. Even though Jiang Yu did not say who the person was, she could guess who it was.

Other than Hu Jing, there couldn't be anyone else.

Sure enough, Hu Jing, who had answered Jiang Yu's call, came to the stage from the lounge.

Everyone was shocked.

The audience was surprised since Hu Jing had already withdrawn from the competition, so how could she still return to this place? The rest of the contestants were surprised that Hu Jing was still here.

Sun Miao's voice couldn't help but tremble. "You, why are you here? Didn't you already withdraw from the competition?"

Hu Jing looked up at her and then at Jiang Yu, as if waiting for Jiang Yu to help her explain.

"You contacted Hu Jing before and gave her a large sum of money," Jiang Yu said. "You wanted her to help you find Internet trolls to fake votes, right? "

Sun Miao gritted her teeth and refused to admit it. "If you say that, then you must have evidence? If you don't have any evidence, then don't say that! Do you think that you can just find someone to collude with you and frame me?"

"Whether or not I'm framing you, just let Hu Jing say it." Jiang Yu said, amused.

Hu Jing took a deep breath and told everything about how Sun Miao had contacted her to find internet trolls.

Everyone else present gasped.

Everyone knew that the entertainment industry was a chaotic place, but everyone had a tacit understanding and no one said it out loud.

Now that Jiang Yu had exposed all these shameful things and was not willing to suffer such grievances, everyone followed her and began to boycott such behavior.

"What else do you want to explain?" Jiang Yu asked.

Seeing that the matter was about to be exposed, Sun Miao quickly pointed her finger at Hu Jing and said loudly: "You're just going to listen to her nonsense? She was the one who took the initiative to look for you, wasn't she? Jiang Yu, to think that you've been in the entertainment industry for so long. Can't you tell that Hu Jing is trying to frame me?"

Hu Jing quickly retorted: "No! I'm telling the truth! Sun Miao was the one who asked me for everything. I still have our chat records and bank transfer records! I have evidence, you must believe me!"

Sun Miao's mouth was almost twisted in anger. "Hu Jing! What's the meaning of this? Who did you get to fabricate this record?"

"This is all true!" Hu Jing explained. "There was no fabrication at all! I've already withdrawn from the competition. Even if I really wanted to frame Sun Miao, it wouldn't do me any good!"

Sun Miao wanted to continue to push the blame on Hu Jing, but the audience clearly did not believe her.

She was so angry that she gritted her teeth and said to Jiang Yu: "Alright, even if what you said is true, don't you want to know why I found her? That's because she was the one who posted all the posts that defamed you! I found her because of this! She clearly did something wrong to you, so why do you always put the blame on me?"

Hu Jing didn't even dare to breathe.

She was not sure if Jiang Yu knew what Sun Miao was talking about.

It would have been better if she had known. It meant that Jiang Yu had not taken this matter to heart from the beginning. If she didn't know, Hu Jing was worried that Jiang Yu would be disappointed in her and take back her promise to help her.

Hu Jing was very nervous and did not dare to look at Jiang Yu.

However, Jiang Yu said: "I knew it a long time ago. It doesn't matter if it's her post or yours. I don't plan to argue this issue with you for the time being, because we're talking about you deliberately buying fake votes. If the efforts of other players were outdone by your money, it would be unfair to them. Even if you succeed in the end, how many people will like you?"

[Chapter 1175 Additional Investment](#)

Sun Miao grimaced in pain and said: "I have money! What's wrong with that? If they're not convinced, then let them spend money to buy internet trolls as well. You don't have money and you're still disdaining me for buying fake votes? What kind of logic is this?"

Jiang Yu frowned and said: "If that's what you think, then I'm out of words. However, regarding your lip-synching in the last competition and your buying of fake votes this time, I think you should withdraw from the competition."

"I won't! Why should I withdraw from the competition?" Sun Miao's eyes were red with anger. "My brother is the investor of this variety show. Do you think I'll withdraw just because you want me to? If I leave, my brother will withdraw his investment!"

As she spoke, she glared at Director Liu, signaling him to come over and help her.

For the sake of his show, Director Liu could only compromise.

The Sun family was the biggest investor. If they withdrew their funds, then the variety show wouldn't be able to continue to shoot, and all his efforts for so long would be in vain.

Therefore, Director Liu had no choice but to stand up and say to Jiang Yu: "Jiang Yu, about withdrawing from the competition..."

Jiang Yu immediately interrupted him and said with a cold face: "I'll double the Sun family's investment. Order Sun Miao to withdraw from the competition immediately."

Director Liu was so shocked that he forgot to speak.

Sun Miao stood rooted to the ground in shock as she looked at Jiang Yu in disbelief. "What are you saying? Do you know how much my brother invested? You actually said you'll pay double? Jiang Yu, even if you have money, you shouldn't spend it like this. Besides, you're willing to invest, isn't it all for Kang Xue? If she didn't participate in this competition, would you be a judge? Would you be willing to invest twice the amount?"

Jiang Yu smiled and replied: "Who knows? However, since it's already the truth, it's useless for you to ask any more questions."

"No!" Sun Miao's expression turned savage. "I've already been here for a month. Do I have to withdraw from the competition just because you want me to?! I want to call my brother!"

As she spoke, she quickly took out her phone from the pocket of her inner shirt and gave Sun You a call.

The moment the call connected, Sun Miao put the phone on speaker and pointed the receiver at the speaker.

"Brother! Help me quickly, Jiang Yu wants me to withdraw from the competition!"

Sun You's surprised voice was heard: "Jiang Yu asked you to withdraw from the competition? Why?"

"She said I bought fake votes! She even said that I lip-synced in the last singing competition!" Sun Miao complained, thinking that Sun You would definitely stand on her side.

Sun You was silent for a while before saying, "You were indeed lip-synching in the previous competition. I thought that after the previous lesson, you would restrain yourself. I didn't expect you to actually buy fake votes this time. What's wrong with you? Are you trying to embarrass me on purpose?"

Sun Miao was shocked. She did not expect Sun You to be on Jiang Yu's side.

"Brother, what's wrong with you? I'm your sister. It's fine if you don't speak up for me, but why are you scolding me on Jiang Yu's behalf?"

Sun You said: "I'm not helping Jiang Yu, but I didn't invest in this show for you to embarrass yourself! I admit that I do have selfish motives, but I'm not letting you do whatever you want! First, you lip-synced, then you manipulated the votes. The Sun family's face is about to be completely lost by you!"

Sun You was about to hang up.

"Brother!" Sun Miao quickly called out to him. "Jiang Yu even told you to withdraw your investment and she will double the amount!"

Sun You was silent for a moment, then said: "Whatever. If that's really her decision, then I'll withdraw my investment. As for the competition, you can continue if you want to, but I won't give you any more help! If you don't want to participate, then hurry up and come back. Don't embarrass yourself outside!"

This time, Sun You hung up the phone completely.

Sun Miao, who had just been lectured, was at a loss for what to do.

She thought that Sun You would stand on her side and denounce Jiang Yu, but she didn't expect him to help Jiang Yu teach her a lesson. He even planned to withdraw the investment and let Jiang Yu invest in this show.

Wouldn't that mean that Kang Xue would have a better chance to debut?

Did she have to give such a good opportunity to Kang Xue?

The more Sun Miao thought about it, the angrier she got. She turned to look at Hu Jing.

"It's all because of you! If not for you, there wouldn't be so many things happening today! You unlucky thing, the Hu family was harmed by you, do you know that?" Sun Miao cursed.

The thing that Hu Jing could not listen to the most right now was the Hu family's affairs, and Sun Miao just had to step on Hu Jing's reverse scale.

Hence, the two of them started quarreling on stage.

"Even if it wasn't me today, this matter would have been exposed!" Hu Jing said.

[Chapter 1176 Forced To Withdraw From The Competition](#)

Sun Miao, on the other hand, said: "If it weren't for you, how could there have been no room for negotiation? The papers in Jiang Yu's hands were obviously randomly printed and could not be used as evidence at all! If you didn't step in, do you think things would have turned out like this? I said you're the main culprit, is there a problem?"

Hu Jing was not to be outdone, "Stop talking nonsense! Do you still think it's right to spend money to buy fake votes?"

"I have money, so I can spend it however I want. What can you do about it?"

The two of them quarreled so much that the audience went from being excited at the beginning to being impatient at the end, and then they got up and left the filming set.

It was indeed fun to watch others quarrel, but it would be meaningless if they kept on quarreling.

Xu Ye and Xue Ran didn't want to listen to the two ladies quarreling, so they left after saying goodbye to Jiang Yu.

Jiang Yu, on the other hand, sat there with interest as she watched Hu Jing and Sun Miao argue with each other until their faces and ears were red.

The cameraman was too engrossed in watching the fight and forgot to turn off his camera.

As such, the livestream's viewers were still able to see the scene of Sun Miao and Hu Jing quarreling.

After Sun You hung up on Sun Miao, he started to watch the live broadcast of the variety show. Now that he saw Sun Miao arguing with someone else in the live stream room, he felt humiliated.

Jiang Yu had been listening to their quarrels and felt annoyed after a long time, so she said: "I advise you to quarrel somewhere else if you want to. It's not good to be seen by others like this, right?"

"You don't need to care!" Sun Miao had already lost her mind. "You want me to withdraw from the competition? Sure, I can withdraw from the competition, but I can't let Kang Xue stay here. Didn't you do all this for her? I can't hire internet trolls, but you can collude with her, is that so?"

As she spoke, Sun Miao pounced on Kang Xue.

"Ah!" Kang Xue screamed as Sun Miao pushed her to the ground.

"If I'm not good, no one will be good!" Sun Miao roared and reached out to grab Kang Xue's face.

Fortunately, the people around them were holding Sun Miao back. Otherwise, Kang Xue's face would have been scratched to a pulp.

Sun Miao was still shouting when someone suddenly said to her: "Sun Miao! Stop shouting! Your brother just called you!"

Hearing this, Sun Miao quickly picked up the call and said: "Brother! Are you going to tell the director to let me continue to participate in the competition?"

However, Sun You didn't say what Sun Miao was anticipating. Instead, he said: "You bastard! How many times do I have to tell you, Kang Xue is your sister-in-law, you have to show her some respect! Just how much do you want to embarrass me before you're satisfied?"

Sun Miao was taken aback and said in disbelief: "Brother, you called just to tell me this? But it's a business marriage between you and Kang Xue. I thought you didn't like her?"

"No matter how much I don't like her, she's still my lawful wife and your sister-in-law! By doing this to her, other than embarrassing me, what else do you get?" Sun You roared in anger.

This was the first time Sun You had yelled at Sun Miao so angrily in her entire life. Normally, he would dote on her like a baby.

"Brother... You've changed. You're actually shouting at me for another woman!" Sun Miao broke down in tears.

Director Liu couldn't take it anymore and quickly got the security to drag Sun Miao away.

"Are you alright?" Jiang Yu asked as she helped Kang Xue up.

Kang Xue shook her head and said: "I'm fine."

As they were talking, Kang Xue's phone rang- it was Sun You.

"What's up?" She answered the call.

Sun You was silent for a long time before he said: "I'm sorry..."

Kang Xue was surprised. She didn't expect Sun You to apologize to her for Sun Miao's incident.

But even though she was surprised, she didn't want to get closer to Sun You because of this, so she said: "It's alright, I'm not angry. She's your sister and you've spoiled her since she was young. I can understand."

"I really didn't know she would do something like that." Sun You said, "Otherwise, I wouldn't have agreed to let her participate in the competition."

"It's okay, I don't mind." Kang Xue said, "Besides, she has already withdrawn from the competition. You don't have to apologize for her."

"You're my wife, yet you still suffered such a great grievance. It's my fault."

Kang Xue was taken aback. She didn't expect Sun You to say something like that.

However, she did not know how sincere or fake his words were.

Kang Xue wasn't stupid enough to be moved by Sun You's words. She said: "If there's nothing else, I'll hang up first. I still have things to do."

"Alright, rest well." With that, Sun You hung up the phone.

Chapter 1177 The Results of The Preliminary Round

Kang Xue didn't think that Sun You had any feelings for her, so she told Jiang Yu about it. Jiang Yu felt that Sun You wanted to take the opportunity to get closer to Kang Xue and stabilize his position.

After Kang Xue heard this, she felt a chill in her heart and said: "I knew that the Sun family was up to no good. Whether it's Sun You or Sun Miao, 'birds of a different feather don't flock together'."

"But we can't be 100% sure that Sun You has bad thoughts in his mind." Jiang Yu continued, "Anyways, be careful in everything. You don't like Sun You anyways, so just try to keep your distance from him in the future."

In fact, Jiang Yu did not want to judge Sun You from the perspective of an evil person. However, after seeing what he had done to Jiang Qi in the past, Jiang Yu felt that it would be very difficult to make Sun You turn over a new leaf.

!!

"Yes." Kang Xue nodded, then looked at Hu Jing and asked in a low voice, "Why are you with Hu Jing? She's not a good person, and that kind of thing happened to the Hu family recently. Many people want her to stay away from them."

Jiang Yu then told Kang Xue about how she saved Hu Jing on the overpass and said: "You don't have to worry. We're just taking what we need."

"It's good that you don't have any deep relationships with her." Only then did Kang Xue relax.

Hu Jing had been standing at the same spot the whole time, and no one was willing to come over and talk to her.

She was very embarrassed, so after standing for a while, she quickly left the stage and ran back to the lounge.

At this time, the rest of the contestants walked up to Jiang Yu and took out their mobile phones, wanting to take a photo with her.

“Movie queen Jiang, I saw the video of the court trial. You’re so cool! Can I take a picture with you?”

“Movie queen, I’m your fan! Take a picture with me too!”

“Movie queen! Can you give me an autograph?”

“Movie queen...”

More than a hundred people surrounded Jiang Yu. They were all impressed by Jiang Yu’s heroic bearing in court and had become her fans.

Jiang Yu took a picture with them and signed her name before she could get away.

Kang Xue had already gone back to rest. Jiang Yu also packed her things and found Hu Jing. They went back together.

“I’ve already done what I promised you. What about what you promised me?” Hu Jing asked on the way back.

Jiang Yu said: “Someone just resigned from my company a few days ago. You can take over her position. It’s not tiring, it’s simple. Even if you have no experience, you can do it.”

Hu Jing’s eyes widened as she questioned: “All you promised me was just to find me a job?”

“Then what do you think it was?” Jiang Yu asked as she looked at her.

Hu Jing said matter-of-factly, “The thing I helped you with was no small matter, and you’re just going to give me a very casual job? Shouldn’t you be giving me some money?”

Jiang Yu could not help but laugh. “Sure!” she asked, “How much do you want?”

Hu Jing thought for a moment and said: “I stepped forward to testify. In the end, Sun Miao withdraws from the competition, and the Sun family will withdraw their funds. This will only benefit you with no harm in it. So, a million Yuan wouldn’t be too much, right?”

Even the chauffeur in front of her couldn’t help but choke on his saliva at her exorbitant demand.

She really dared to ask.

Jiang Yu said: “I’ve said it before. I asked you to be a witness for my own safety. It’s not that my evidence is invalid without you. So, your testimony isn’t even worth a million. And even if I give you the money, what do you plan to do in the future? You don’t want to live a muddled life and have no one to rely on after your father and brother are released from prison, do you?”

Hu Jing was silent.

She was indeed the only one left in the Hu family who had hope. If she continued to live like this, wouldn't she still have to sleep on the streets when the family was reunited in the future?

Therefore, after thinking for a long time, she agreed with Jiang Yu's opinion. "Alright, I promise you that I'll work at your company."

Jiang Yu smiled in satisfaction and did not say anything else.

After returning to the company, she first asked sister Xia to bring Hu Jing to familiarize herself with the work. She then returned to the office to deal with work.

There was a new email in her mailbox. Jiang Yu opened it and saw that it was the result of the preliminary round of the International jewelry competition- Jiang Yu had passed it successfully.

In her excitement, she thought of Mi Fei. When Mi Lan was forced to sign up for the competition, Mi Fei had been the one who helped her design.

So is the reason Mi Fei helped Mi Lan that she wanted to stay in the Mi family? Or did she really want to participate in this competition, but she could only use this method to pretend that she was participating?

[Chapter 1178 Re-Entering The Competition](#)

Jiang Yu knew that such a hypothesis was meaningless, so she called Mi Fei over and asked her directly, "Do you want to participate in the International jewelry competition this time?"

Mi Fei's eyes lit up but quickly dimmed. "But I wasn't the one who signed up in the beginning, and now that Mi Lan has forfeited the game, even if I wanted to participate in this game, I have no chance.

"Don't worry." Jiang Yu consoled her. "The rules of this competition do not say that you can't participate in the competition again. If you want to continue participating in the competition, we can try to talk to the organizer."

"Really?" Mi Fei was instantly excited. "Thank you, President Jiang!"

"It's fine." Jiang Yu smiled.

The International jewelry competition indeed did not have a rule that forbade one from re-participating, but if one wanted to re-participate, one could only submit an application to the organizer. Moreover, after going through various processes, the applicant had to design a design draft that met the organizer's requirements within a month. Otherwise, the application would not be successful.

Jiang Yu contacted one of the organizers according to the contact information on the competition poster and got permission to have a video conference with him.

As Mi Fei did not understand foreign languages, Jiang Yu accompanied her and acted as a translator.

The organizer's name was Durza, and he was a rather famous designer in the jewelry design industry. He had once designed a piece of jewelry called 'Doomsday Sun', which was bought for 300 million Yuan.

The piece of jewelry was in Jiang Yu's jewelry box at this time.

Back then, Mo Long only felt that this piece of jewelry was very beautiful and was designed by a famous designer. He felt that it was not a loss to buy it, so he bought it for 300 million.

Everyone at the auction was shocked. Although this piece of jewelry was indeed the best product, it was far from worth 300 million. And among the people present, there were only a few who could take out 300 million.

Later on, Mo Long met Jiang Yu and gave her this piece of jewelry. However, Jiang Yu felt that it was too expensive, so she had always kept it in her jewelry box and never took it out.

Besides, Jiang Yu didn't really like to wear jewelry.

Durza was a kind person. After asking Mi Fei the reason for wanting to compete again, he said: "As long as you can design a piece of jewelry that meets the organizer's requirements within a month, I'll agree to your application to re-participate in the competition. As for the theme, I'll have to discuss it with the other organizers, and I'll send you the results by email later."

Jiang Yu translated Durza's words, and Mi Fei was very grateful. "Thank you!"

Durza also noticed Jiang Yu and asked: "Miss, may I ask if you're also one of the participants in this competition?"

Jiang Yu thought about it and felt that it didn't matter if she told the organizer her identity. After all, if they passed the semi-finals in the future, they would have to meet the organizers.

"Yes." Jiang Yu nodded and said, "My name is Diana."

Unexpectedly, when Durza heard this name, he instantly became excited. "You're that Diana?"

"Yes, I am."

"All of our organizers have seen your designs. They're excellent!" Durza said excitedly, "May I ask if you've studied jewelry design before?"

"No." Jiang Yu replied politely. "I learn performance."

"Performance?" Durza was shocked. "Are you referring to the one acting in front of the screen? God, I didn't expect you to be able to design such good pieces even though you've never studied jewelry design before!"

Jiang Yu was embarrassed by the praise and said: "Mr. Durza, my designs aren't actually that outstanding. Compared to the other participants, my designs should only be considered average."

"No, no, no, you can't think of it like that! Your designs are excellent, and it has been recognized by all the organizers! More importantly, you've never learned jewelry design! My God, I'm looking forward to your next work more and more!" Durza was even more excited.

After hanging up the video conference call, Mi Fei said to Jiang Yu gratefully, "President Jiang, thank you so much! If it wasn't for you helping me, I'm afraid I wouldn't have been able to participate in this competition!"

"It's okay. I'm happy to be able to help you."

"I'll definitely work hard and not let you down!" Mi Fei said.

"Alright," she said. Jiang Yu smiled and patted Mi Fei's shoulder.

In fact, Mi Fei was older than Jiang Yu, but the way the two of them got along made it seem as if Jiang Yu was the older sister.

Chapter 1179 Booking a Villa

Everyone had a goal to fight for and they were all working hard for this goal — Except for Lu Qi and Dai Zhu.

The two of them were still stuck in school and didn't know what their future path was.

Moreover, both Mr. Lu and Mr. Dai wanted their daughters to go home for a blind date recently. They were clearly two people who did not know each other, but they had the same idea.

As a result, Lu Qi and Dai Zhu snuggled up to each other in school all day long. They felt that the world was simply too unfriendly to them.

After being passive for a week, Lu Qi and Dai Zhu decided to hang out with Jiang Yu.

It just so happened that her variety show had just finished filming, so she had a lot of time. Therefore, they told Jiang Yu about this idea. Jiang Yu also thought that it was a good idea and agreed.

She had been working in the company for the entire week and had to film a variety show on the weekends. She had not rested at all. Now that she had the opportunity, it was good to go out and relax.

Lu Qi and Dai Zhu planned to go out and book a villa to throw a party. At the same time, they wanted to call for more people as it would be more lively with more people.

Therefore, Jiang Yu gave all the employees a break and invited them to have fun together. Everyone was very willing. Except for a few who had family matters to attend to and were not free, the rest of the employees signed up.

The main point was that this trip was fully covered by President Jiang, who wouldn't want to go?

Seeing that so many people were looking forward to this holiday, Jiang Yu decided to book a villa personally.

Lu Qi and Dai Zhu couldn't stay idle in school, so they followed Jiang Yu.

"Yu, is Mo Long going?" Lu Qi asked.

"He said he would come." Jiang Yu said, "But he has been a little busy with work recently. I'm not sure if he will have time to come that day."

Lu Qi laughed and said: "Of course! Even if he really doesn't have time, he'll definitely create time for himself!"

"Who knows?" Jiang Yu was also smiling so widely that her eyes narrowed.

They went to the largest real estate company and were led to the villa area by the sales assistant.

The salesman saw that they were all dressed up and was very attentive. He said: "According to your request, you want to rent a villa, right? The villas in this area were specially rented, and the rent changes according to the size of the villa. The cheapest one is 50,000 Yuan an hour, and the most expensive one is 100,000 Yuan an hour. May I ask how big of a villa you need?"

Dai Zhu did a rough count of the number of people and said: "There should be around 40 people. You can consider 50 people and give us some recommendations."

The shop assistant's face seemed to be blooming with a smile as he said: "Okay, This villa would be great. It's 200 square meters and has two storeys. It can accommodate 50 people without a problem! There's even a swimming pool in the back garden!"

"...It's indeed not bad." Jiang Yu looked at the model of the villa and asked, "How much is the rent?"

"The rent is 100,000 Yuan per hour." The shop assistant said.

Lu Qi frowned and said: "It's only a 200 square meter villa, and the rent is 100,000 Yuan an hour? Do you have a bigger villa here? Otherwise, I'll feel like we're at a disadvantage."

"That's right." Dai Zhu chimed in. "We might as well book the biggest villa. It's 100,000 an hour anyways."

"I'm sorry, but the biggest villa has already been booked by someone else. This 200 square meter villa is already the biggest one. Moreover, the rent for that villa was not 100,000 Yuan per hour, but 150,000 Yuan per hour. It's just that it's already been reserved by someone else, so I didn't introduce it to you."

"Alright..." Lu Qi and Dai Zhu were both a little disappointed.

Jiang Yu was helpless and could only book this villa.

Just as she was about to pay the deposit, Jiang Yu's phone rang. She picked up her phone and saw that it was a call from Mo Long.

"I told Teng Yi to bring you the keys. Why aren't you in the company?" Mo Long asked.

Jiang Yu paused and asked: "What key?"

Mo Long replied: "The key to the villa. I guessed that you guys haven't booked a villa yet, so I booked one for you."

Jiang Yu could not help but laugh: "It's a good thing you called me in advance. Otherwise, I would have to pay the deposit."

"You're already in that company? Okay, wait there for a while, I'll get Teng Yi to find you there."

"Alright." She said. Jiang Yu hung up the phone and said to the sales assistant, "I'm sorry, but we're not booking."

"Ah?" Lu Qi and Dai Zhu looked at Jiang Yu in surprise. "Why aren't you booking the villa?"

"Mo Long has already booked it for us." Jiang Yu said with a smile.

"Alright, he's actually that fast."

[Chapter 1180 Just Buy It](#)

Although the shop assistant knew of Mo Long's identity, he didn't know that he was the person who had reserved the largest villa.

This was because when Mo Long made the reservation, he had left Jiang Yu's name. However, the salesman did not know that Jiang Yu was one of the three people in front of her. He thought that they were just three daughters from rich families.

Now that someone said that they were not going to book a villa, the sales assistant was of course very unhappy.

However, he still adhered to the principle of 'customer is God' and asked Jiang Yu with a smile: "You really don't want to reconsider?"

Jiang Yu smiled and shook her head. "No, it's fine. Someone has already made a reservation for us."

As he was speaking, a voice sounded behind Jiang Yu. "Aiyo, did Mo Long help you book a villa? Who do you think you are? Just because you're pretty, you think you can casually mention Mo Long's name?"

Jiang Yu turned around in surprise and realized that she did not know the woman in sunglasses at all.

"I'm sorry, may I know who you are?" She asked in surprise.

The woman sneered and took off her sunglasses, saying: "I'm Wei Hui. Who are you?"

Jiang Yu was sure that she didn't know Wei Hui. She didn't know why she suddenly came to talk to her and why her words had a hint of sarcasm.

The people who were looking for houses all turned their eyes to Jiang Yu.

Lu Qi and Dai Zhu were a little angry and said: "Do you know who she is? She is Jiang Yu, Mo Long's fiancée! What's wrong with Mo Long booking a villa for her?"

Wei Hui laughed and said: "You said she's Jiang Yu? This was too laughable. Anyone on the streets could be called Jiang Yu by her name. Could it be that everyone was Mo Long's fiancée? Since you said that she is Jiang Yu, why don't you show us the evidence? Even if she really was Mo Long's fiancée, she probably wouldn't be doted on, right? Otherwise, why would he just rent a villa to you and not buy one for you?"

Wei Hui laughed loudly. Although the people around them didn't laugh, they were still judging the three of them.

"It really does look like it. Although she does somewhat look like Jiang Yu, she also doesn't really look like her."

"That's not the case. Jiang Yu is the movie queen and Mo Long's fiancée. How could she not be able to afford a villa?"

"That's right, you can't afford a villa, so you came here to rent it? She's even using Jiang Yu and Mo Long's names. Isn't this embarrassing for them?"

"That's right, how can such a person come in here?"

The sales assistant heard the words around him and felt that they made sense. He knew that the biggest villa had been reserved by Jiang Yu. In that case, the real Jiang Yu would not appear here and would have to continue to reserve villas.

Therefore, what they had just said must have been false. None of the three of them was the real Jiang Yu.

Hence, he stood up and said to Jiang Yu: "I'm sorry, customer. If you still want to reserve the villa, I'll welcome you with open arms. If you regret it and don't want to reserve it anymore, I can send you off. However, please don't pretend to be Ms. Jiang Yu here because you're not her at all."

Lu Qi was anxious and said: "So you know Jiang Yu? If you knew her, how could you not recognize that the person in front of you is Jiang Yu!"

"Are you in cahoots with this Wei Hui, sales assistant?" Dai Zhu chimed in.

The salesman's face instantly turned ugly.

Wei Hui said: "Don't make things difficult for a shop assistant. I'm just here to look at the houses. I simply can't stand you lying. Looking at the way you're dressed, you should be the daughters of some rich family. How did you learn to lie?"

She laughed as she spoke, as if this was a very funny thing.

Jiang Yu looked at Wei Hui and suddenly said: "Alright, I won't rent it then. I'll just buy it. Tell me the price and I'll buy the biggest villa."

Wei Hui's smile froze on her face. Her expression was as ugly as if she had just eaten a fly. "What?"

The shop assistant was also shocked and said: "Customer, that villa has already been reserved! Even if you want to buy it, the price is not something you can afford!"

"Just tell me the price." Jiang Yu said indifferently. "I will give you what you deserve. Not a single cent less."

The salesman was embarrassed, but he still said the price. "The price is 1.8 billion. If you're a member, it'll be 1.65 billion."

"No, I'm not a member. I'll just buy it according to the price." Jiang Yu said with a smile.
