

Older Man 1181

[Chapter 1181 She Really Is Jiang Yu.](#)

However, even though Jiang Yu said that she wanted to buy the villa, the sales assistant still couldn't sell it to her. "Ma'am, I've already made it clear that this villa has already been reserved. Even if you really want to buy it, I can't sell it to you."

"The person who reserved the villa is Mo Long." Jiang Yu said.

"No," the salesman said. "It's the villa that Ms. Jiang Yu has reserved."

Jiang Yu was stunned. She was about to say that she did not book a villa, but she suddenly understood.

It seemed that Mo Long had reserved the villa in her name, which was why the sales assistant felt that 'Jiang Yu' would not come to reserve a villa again. Hence, she did not believe that she was Jiang Yu.

"He reserved the villa under my name." Jiang Yu said with a smile.

The shop assistant looked troubled.

He wanted to expose the clumsy lie of the person in front of him, but she was still a young girl after all. If he exposed her, she would be embarrassed.

However, Wei Hui was not as kind as the sales assistant. She simply pushed Jiang Yu and said: "Why are you still lying at this time? If you're really Mo Long's fiancée, how could you not know that he used your name to book a villa for you? Little girl, don't you need to write a draft before you lie?"

Dai Zhu was so angry that her lungs were about to explode. She retorted: "And which family's heiress are you? Do you have any right to interfere in our business? Those who don't know would think that you know them very well!"

Wei Hui sneered: "Of course, I know them. My brother is Mo Long's Secretary! Did you say I don't understand?"

Secretary? Wasn't that Teng Yi?

But Jiang Yu had never heard Teng Yi mention that he had a sister.

"Your brother is Teng Yi?" She asked with surprise.

Wei Hui also looked at Jiang Yu in surprise. "You know my brother? Even so, it can't prove that you are Jiang Yu! My brother is Mo Long's Secretary, so I'm sure many people know him! So it's not strange for you to know him."

However, Dai Zhu did notice something. "His surname is Teng, and yours is Wei. You said he's your brother? What now? One takes the mother's surname and the other takes the father's surname?"

Wei Hui didn't answer her question. Instead, she asked Jiang Yu angrily: "Do you think that you can prove that you are Jiang Yu just because you said that you know my brother? There are so many people on this street who know me, Wei Hui. Aren't we all strangers?"

Jiang Yu looked at her in confusion and asked: "What are you talking about? Who on the street would know you? If you didn't introduce yourself just then, I wouldn't even know who you are."

Wei Hui's face turned green with anger. Just then, someone came in from the door. The welcoming staff at the door shouted, "Welcome!"

Everyone looked towards the door and saw a handsome man in a suit walking in with an exquisite box in his hand.

When Wei Hui saw the man, she immediately pretended to be aggrieved and ran over, complaining, "Brother! There's a woman here impersonating Jiang Yu! She even said that she knows you!"

Teng Yi ignored Wei Hui and walked straight to Jiang Yu. He handed her the box and said: "Madam, this is the key to the mansion. President Mo told me to pass it to you accurately."

Jiang Yu took the box and smiled. "Thank you for your hard work, Secretary Teng."

"It's nothing, it's what I should do," Teng Yi said.

This conversation made the people around them dumbfounded. Even Wei Hui looked at the two of them in disbelief.

"N-no way? This woman is really Jiang Yu?" Wei Hui asked in shock, "Brother, did you get the wrong person? Maybe she just looks like Jiang Yu?"

People around them were also shocked. "Oh my God! She's really Jiang Yu?!"

"But why does Jiang Yu want to rent a villa? Can't you even afford a villa?"

"This man also calls her Madam... Could she really be Jiang Yu?"

"Could it be that this girl felt embarrassed, so she asked a friend to come over and put on a show?"

Hearing this, Wei Hui quickly grabbed Teng Yi's arm and asked: "Brother, you're just friends with her, right? You only said that she's Jiang Yu's because you wanted to help her resolve this awkward situation?"

Teng Yi still ignored Wei Hui and said to Jiang Yu: "Madam, if there's anything, please contact me again."

Wei Hui was about to go crazy, "Brother, just pay attention to me! Why are you always talking to her!"

Teng Yi kept ignoring Wei Hui and Jiang Yu couldn't stand it anymore.

[Chapter 1182 Mind Your Own Business.](#)

Hence, she pointed at Wei Hui and asked: "Isn't she your sister?"

Teng Yi then looked at Wei Hui and said: "No, she's just the daughter of my parents' friend. We played together when we were young. We haven't been in contact since we grew up, and our relationship isn't as good as before."

Jiang Yu was suddenly enlightened. She looked at Wei Hui and deliberately dragged out her voice, saying: "So that's how it is."

Wei Hui was a little embarrassed and said: "Brother, what are you talking about? Didn't we just contact a few days ago?"

"That's because your family had something to ask of me, so I contacted them." Teng Yi frowned. "I advise you not to mess with the Mo corporation in the future. And this person in front of you is President Mo's fiancée, Jiang Yu. Put away your ignorance and don't meddle in other people's business. Otherwise, you'll only bring shame to the Wei family."

After that, Teng Yi bowed to Jiang Yu and left.

After Teng Yi left, Dai Zhu couldn't help but laugh, "Aiyo, you're still looking down on others? I didn't expect you to be the one who's looked down upon the most! Hahaha!"

Lu Qi couldn't help but laugh as well. "That's right. You even said that you're secretary Teng's younger sister. You said it as if the two of you were very close. In the end, he didn't even take you seriously! Hahaha!"

The way the people around looked at Wei Hui also changed.

Although they didn't say anything and the changes in their eyes were very subtle, Wei Hui still sensed it.

She was both angry and anxious at the same time. Looking at the box in Jiang Yu's hand, she still felt that it was impossible for her to be the real Jiang Yu.

"I don't believe you. If you are really Jiang Yu, you would never rent a villa! Furthermore, the salesman had just said that the person who rented the villa was Jiang Yu! If you're really Jiang Yu, how could you not know that you rented a villa?" Wei Hui retorted, as if she was trying to prove that the person in front of her was the 'fake Jiang Yu'.

Jiang Yu was also a little helpless and said: "I've already explained earlier. Mo Long rented the villa under my name. Besides, I've already decided to buy this villa, so it shouldn't matter who rented it, right?"

Wei Hui was overbearing, "I don't believe it! Didn't my brother say that he'll give you the key? If you have the ability, then take out the key and let the shop assistant see it! In case you use a fake key to lie to us!"

Although she said so, she didn't have much confidence in herself. After all, all the facts had been laid out in front of her. If she continued to pursue the matter, she would only embarrass herself even more.

So, Wei Hui suddenly went back on her word and didn't want the shop assistant to check Jiang Yu's box. However, Jiang Yu had already opened the box and handed the key to the sales assistant.

The shop assistant took the key and confirmed it several times before saying excitedly, "Right! It's our key! This key has a unique pattern and can not be forged! So, this is the key to our villa area!"

As soon as she said that, Lu Qi and Dai Zhu looked at Wei Hui triumphantly, waiting to see how she would end this.

The gazes of the people around her were no longer obscure, and they began to discuss boldly. "She's the real clown after all this!"

"You don't even know her identity and you're already looking for trouble here. Great, now you've been slapped in the face, right?"

"How did she dare to question Jiang Yu? Jiang Yu's status is higher than hers, but she's just like a clown jumping around and shouting. What a disgrace."

"I thought she was some rich young lady, but she's not. The Wei family? I've never even heard of this family. Their daughter is really embarrassing."

Wei Hui couldn't stand it anymore and shouted: "Didn't you all talk about Jiang Yu like that just now? Now that you know you can't afford to offend her, you're turning the blame on me, is that so?"

She was about to die of anger from this group of people in front of her.

The shop assistant was worried that Wei Hui's shouting would affect other people's view of the house, so he used the walkie-talkie to call the security guard and chased Wei Hui out.

When Wei Hui was chased out, she still said to Jiang Yu unwillingly: "Jiang Yu, just you wait and see! You think you've won against me today, but one day I'll make you lose completely!"

Jiang Yu was also very helpless. She only wanted to rent a villa, so how could she meet such a person who was looking for trouble? She sighed and gave Wei Hui a piece of advice, "I'd advise you not to meddle in other people's business in the future. Otherwise, it'll be so awkward every time. Don't you feel embarrassed?"

[Chapter 1183 1.8 Billion](#)

However, Wei Hui didn't hear it because she had already been driven out by the security guards.

"Ms. Jiang Yu, do you still want to buy this villa?" The salesman quickly asked with a smile.

Since she had already said it, Jiang Yu naturally would not go back on her words. She took out a black card and handed it to the shop assistant, saying: "I'm not a member, so I'll just buy it at the original price."

The shop assistant took the card with a flattering face and said: "Okay, I'll return the rent to you afterward!"

With that, he took the card and happily went to settle the bill.

This black card was given to Jiang Yu by Mo Long to prevent her from not having enough money to buy things outside.

Now that Jiang Yu had changed her mind last minute and wanted to buy this villa, she naturally did not have enough money on her. Therefore, she used this card to pay the money.

Five minutes later, the shop assistant returned with the black card and returned it respectfully. At the same time, he took out a bill from his pocket and handed it to Jiang Yu.

"Ms. Jiang Yu, I've finished swiping the card. You are now a member of our club. With this receipt, we can renovate your villa for free for a year to your liking. There's also the best five-star hotel near the villa, and you can stay there for free for the rest of your life."

Jiang Yu took the black card and the receipt and said politely: "Alright, thank you."

"Do you need me to take you to the villa to take a look?" The shop assistant asked.

"Sure." Jiang Yu nodded.

The sales assistant asked the driver to take Jiang Yu and the other two to the villa.

At the same time, the Mo corporation's finance department received an email on their computer. He opened it and was shocked by the number on it, almost falling to the ground.

He quickly told Mo Long this news. "President Mo! Your black card says that you spent 1.8 billion!"

Mo Long flipped through the documents without raising his head and only asked: "What was it spent on?"

The cold sweat from the finance department almost gave him a bath. He said: "It shows that it's a villa."

Although he knew that the black card was in Jiang Yu's hands, spending 1.8 billion in one day was not a small amount! No matter how much President Mo doted on his wife, he couldn't possibly let her spend so much money, right?

However, Mo Long only replied with a single word. "Alright."

Then, he asked the finance department to go back to work.

The finance officer walked out with a confused face and ran into Teng Yi, who came back. He quickly pulled him and said: "Madam used President Mo's black card to buy a villa for 1.8 billion. President Mo doesn't look very angry; he's probably trying to suppress his anger. You have to be careful later."

"As long as it's spent by madam, it's fine." Teng Yi said nonchalantly.

"1.8 billion, that's 1.8 billion! Do you think 1.8 billion is a small number? Even though President Mo pays a few billion Yuan for every project, you can't spend so much money like this!" The finance officer said emotionally.

Teng Yi patted his shoulder and consoled, "You don't have to worry. Since President Mo is willing to spend money on the madam, you can just take care of the records. Not to mention the fact that madam only spent 1.8 billion today, even if she spent 8 billion or even 80 billion, President Mo wouldn't care."

"Oh my God!" The accountant's eyes widened in disbelief.

"Alright, hurry back to work." Teng Yi smiled.

"Alright." He said. The finance department could only go back to work obediently.

Teng Yi entered Mo Long's office and reported: "Reporting to President Mo, the key has been successfully handed to the madam."

"Well done." Mo Long nodded. Suddenly, he remembered that Jiang Yu had bought a villa and asked:

"When you saw Yu today, did she like that villa a lot? If she likes it, we can buy a few more villas for her."

"I don't think so." Teng Yi was silent for a long time before he said: "When I went to deliver the key, I saw someone speaking rudely to Madam."

"What?" Mo Long's gaze turned cold. "Who was it?"

"It's Wei Hui." Teng Yi said.

Mo Long had some impression of Wei Hui. When Teng Yi first started working at the Mo corporation, there was a woman called Wei Hui who stood at the door every day waiting for him to get off work.

However, Teng Yi never paid attention to her. After a long time, Wei Hui probably felt bored or had something urgent to attend to, so she never came again.

He didn't expect Wei Hui to return after so many years.

However, Mo Long wouldn't let her go just because she knew Teng Yi. "Go and investigate this Wei Hui," he said coldly. "You know her. It shouldn't be difficult to investigate her."

[Chapter 1184 Pinhole Camera](#)

Teng Yi hesitated but eventually nodded. "Roger."

"You can tell me about the grudge between you and Wei Hui." Mo Long added.

Teng Yi shook his head. "It's okay. There's nothing between us. We can't even be considered friends."

"Alright." Mo Long did not pursue the matter and simply said: "Go back to work, then."

"Roger."

Teng Yi left Mo Long's office, and the disgust in his eyes was clear.

He loathed the feelings Wei Hui gave him. It was as if a person with a serious obsession with cleanliness was covered in dust. It was unbearable.

If it weren't for the Wei family's recent financial crisis, and the thought of him as a life-saving straw, they might not have been in contact for the rest of their lives.

In fact, it wasn't just Teng Yi who couldn't understand Wei Hui. Jiang Yu couldn't understand Wei Hui either.

They clearly didn't know each other, so how could she be so against her the moment they met?

Jiang Yu was puzzled and did not even realize that the car had arrived at the entrance of the villa.

"Jiang Yu, get out of the car!" Dai Zhu called out to her.

Jiang Yu snapped back to her senses and quickly got out of the car.

"This villa is so beautiful!" Dai Zhu couldn't help but exclaim, "And it's especially gorgeous. It has a vintage sense of beauty to it!"

"Yeah, it's the first time I've seen a villa like this!" Lu Qi praised. "Yu, you're so lucky to be able to buy a villa like this at such a young age!"

Jiang Yu smiled. "You guys can come and visit whenever you have time. I'll welcome you anytime."

"Alright!" Dai Zhu was extremely excited, but after her excitement, she pouted and said: "I'm hungry. Didn't the shop assistant say that there's the best five-star hotel nearby? And they could stay there for free! Why don't we go somewhere to have a meal and rest for a while?"

"Alright." Jiang Yu nodded and said.

Lu Qi naturally had no reason to refuse, so she went with them.

The hotel was very close to the villa, about a ten-minute walk. Jiang Yu and the other two walked over, chatting and laughing.

After entering the hotel, Jiang Yu took out the bill and handed it to the front desk, saying: "Hello, I'm a member."

The staff at the front desk carefully inspected the seal on the bill and continued, "Alright, Ms. Jiang Yu. I'll enter your information here."

After entering the information, the staff member handed Jiang Yu a key and said: "The top floor is exclusive to members. You can go there with your friends to rest."

"Alright, thank you."

Jiang Yu and the rest went to the top floor. After opening the door with the key, a large bed that could fit five people was what greeted them. There was also a separate bathroom and bathroom, decorated with fresh roses. It was indeed the top five-star hotel.

"This place is just too good!" Dai Zhu pounced onto the bed and lay down, burying her face in the blanket.

Lu Qi's legs were sore from walking, so she also lay down on the bed to rest.

Jiang Yu was walking around the house. After all, it was her first time staying in such a hotel. She looked at the screen as she walked. Suddenly, she noticed a slightly blinking red dot behind the television on the wall.

The red dot was very small and flickered very subtly. If one didn't look carefully, one wouldn't be able to see it at all.

Jiang Yu frowned and stared at the red dot. She took out her phone and turned on the flashlight. She found a thin wire reaching into the TV.

"Wait a moment, you guys get up first." Jiang Yu hurriedly called for Lu Qi and Dai Zhu to get up. "There seems to be a pinhole camera here."

Lu Qi and Dai Zhu immediately jumped to their feet when they heard that.

"Jesus! A pinhole camera! This is too scary!" Dai Zhu shouted.

Without saying a word, Jiang Yu asked Lu Qi to help her get the TV down and informed the room service to get a pair of pliers.

After getting the pliers, Jiang Yu removed the outer shell at the bottom of the TV and saw a camera that was half the size of her palm.

"There really is one!" Lu Qi covered her mouth in surprise.

Dai Zhu was also quite frightened, and she said in a trembling voice: "This ... Why would this hotel have this thing? Isn't this considered as peeking into someone else's privacy?"

Jiang Yu frowned. "I don't know if there are such cameras in every room. We have to inform the hotel manager quickly and ask him to check all the rooms."

As she spoke, Jiang Yu called the front desk and asked them to get the hotel manager.

Although the front desk was confused, she still called the hotel manager over.

The hotel manager knew that the people who stayed on this floor were all members, so his attitude was particularly good. "Ma'am, may I help you?"

"There's a pinhole camera in your hotel room." Jiang Yu said in a deep voice.

Chapter 1185 Is This The Only One?

The hotel manager was also shocked by these words.

This was a pinhole camera, something that would peep into other people's privacy! If the member in front of him were to call the police in a fit of anger, his hotel would probably have to close down!

The hotel manager quickly asked the front desk to call the room manager and ask him what was going on.

The room manager was a middle-aged man who looked very simple and honest. When he heard the news of the 'pinhole camera', he was also quite surprised.

!!

"How is this possible?!" The room manager was shocked. "I was the one who supervised the renovation. How could someone install a pinhole camera behind the TV?"

"Now isn't the time to worry about that. The main point is, other than this room, are there any other cameras in the other rooms?" The hotel manager asked.

"I don't know," the room manager replied. "How about this, I'll contact a professional team and check all the rooms in the hotel to see if there are any other cameras."

"Alright, hurry up then." The hotel manager nodded.

Then, he looked at Jiang Yu and asked with a smile: "I'm really sorry, customer. Please wait for a moment. After the inspection is over, we'll transfer the three of you to another room."

Jiang Yu nodded, meaning that she could wait.

"This is so unfortunate. How could we encounter such an incident?" Dai Zhu frowned and muttered unwillingly.

“Don’t be afraid,” Lu Qi comforted her. “We’re all here. The room manager also said that he’s going to check and will change us to a room without a camera.”

“Really? Didn’t they supervise the renovation carefully?” Dai Zhu was still very angry. “How could they let someone take advantage of the situation and install that kind of thing in the room?”

The hotel manager didn’t dare to speak and could only stand there awkwardly. He rubbed his hands back and forth, so that he had something to do to pass time.

Jiang Yu did not vent her anger on the other people in the hotel because of the camera. She was just a little worried that there were cameras in other rooms as well. In that case, the privacy of the people who had stayed in this hotel before them had been completely invaded.

Two hours later, the room manager came over with a man in work clothes and said: “This is the boss of the professional team I contacted. After his investigation, he found that there are no cameras in the other rooms.”

The man nodded in agreement, saying: “Yes, only that room has a camera.”

“Fortunately, only one room has a camera.” The hotel manager heaved a sigh of relief and quickly said to Jiang Yu: “Ma’am, I’ll get you a new room right away. Please wait a moment!”

As he spoke, the room manager quickly led the front desk staff to get a new key for Jiang Yu.

When the room manager saw this, he was also about to leave with the staff, but Jiang Yu suddenly called out: “Wait a moment.”

The room manager stopped in his tracks and turned back to ask: “Customer, is there anything else?”

Jiang Yu studied the person up and down and saw that he kept looking around. He obviously had a guilty look.

“Are you sure there’s only one camera?” Jiang Yu approached the man and looked him in the eye.

The man felt guilty for a moment, but he still stood beside the room manager and said: “Yes, this is the only room with a camera.”

Jiang Yu could tell that he was lying, but she did not expose him. Instead, she said: “Then we’re really unlucky. There’s only a camera in one room, but we still ran into it. Forget it, I have nothing else for you. You guys can go.”

“Alright.” He said. After the room manager bowed respectfully, he left with the foreman.

Not long after they left, the hotel manager brought a new key and handed it to Jiang Yu.

“Here are the new keys. I’ll take you to your new room.” The hotel manager brought Jiang Yu and the rest to the new room.

After entering the new room and waiting for the hotel manager to leave, Jiang Yu took out her phone, turned on the lighting system, and checked the room. After making sure that there were no cameras, she sat down on the bed with a peace of mind.

"What the hell was that? How did we get caught up in this?" Dai Zhu was still brooding over this matter. "Their supervision work back then was too simple and crude. And after the renovation was completed, didn't they check it carefully?"

Lu Qi consoled her, "it's alright. Haven't they arranged a new room for us? And there are no cameras."

Chapter 1186 Room Manager

Only then did Dai Zhu's anger subside a little, "At least they're tactful. But I just don't understand. There are so many rooms without cameras. There's only one room, how did we come across it?"

Although Lu Qi also found it unbelievable, she still said, "Sigh, forget it. Maybe we're just unlucky."

"I'm so annoyed."

Jiang Yu pondered for a while before saying, "The worker seemed to be hiding something from us and seemed a little scared, but I didn't ask further. I suspect that it's not only that room that has a camera, but the other rooms as well. It's just that this room we're in doesn't have one."

"Ah!" Dai Zhu jumped up in shock again. then what should we do? What if more customers come and stay in the rooms with cameras?"

"But we don't have any evidence right now." Jiang Yu frowned. "And the room manager said that the person is a professional team. The hotel manager seems to trust him completely."

Lu Qi thought for a while and suddenly thought of a possibility. She said, "Could it be that the renovation team from back then knew that person? Then, he secretly colluded with the renovation team and installed cameras in the room. That's why he was a little scared when he was found today?"

"That's possible!" Dai Zhu slapped her thigh. "He tricked everyone, even the room manager!"

"But the room manager could also be on the same side as the foreman." Jiang Yu guessed.

Lu Qi and Dai Zhu, "Hmm..."

Although they felt that the room manager was not that kind of person, they had to admit that what Jiang Yu said may be 50% true.

"No matter what, this is just a hypothesis." Jiang Yu consoled them. "I'll think of a way to go to a few more rooms at night. If there are cameras, it means that the person is lying to us."

"Okay, then we'll go with you tonight." Lu Qi said.

"Yes, let's rest first." Jiang Yu said with a smile and told Mo Long about this.

At that time, Mo Long's thoughts were to get Jiang Yu to come back quickly and not continue staying in that hotel. Because this hotel was not under Mo Long's name, he could not investigate it as it should be.

Jiang Yu consoled him. "Don't worry. We've already changed rooms for the time being. There are no cameras in this room."

"That won't do either." Mo Long's tone was unquestionable. "Regardless of whether you did or didn't change rooms, all of you should come back quickly. Don't stay in that hotel anymore. If you really don't want to come back, I'll help you book another hotel."

Seeing that Mo Long wasn't willing to give in, Jiang Yu could only go along with his wishes. She planned to wait until the next day to find a way to continue the investigation.

Lu Qi and Dai Zhu did not want to stay here any longer, so when they heard Jiang Yu say that they could go back at night, they almost jumped up in joy.

Before they left, Jiang Yu found the hotel manager and returned the key. She pretended to say casually, "This room is really not bad. You have good tastes."

"I'm glad you liked it," the hotel manager said with a smile. "Actually, the room manager recommended this room to me. He's in charge of the rooms, and he said that the lighting in that room is good, so I brought you there."

"I see. Then I really have to thank him." Jiang Yu smiled and said, "Please help me thank him."

"Alright." The hotel manager agreed and said.

On the way back, Dai Zhu and Lu Qi kept joking around, while Jiang Yu kept silent.

Lu Qi was worried that Jiang Yu had something on her mind, so she said, "Yu, don't worry too much about it. That room will definitely be taken care of. Don't worry about it anymore."

"That's right," Dai Zhu also said, "I'll go back and rest tonight. We'll go to the villa tomorrow!"

"No, there's no way that there's only one camera in that room." Jiang Yu frowned and said, "When I asked that person, he subconsciously hid behind the room manager. That means that the room manager was someone who could protect him in that situation. If he really had a clear conscience, why would he hide behind others?"

Jiang Yu's words made sense, but Dai Zhu still felt that the customer service Manager and that person did not seem to be in the same group, so she said, "Maybe that person is just too timid to talk to strangers? Out of everyone present, he only knew the room manager. That's why he was hiding behind the manager."

Lu Qi, on the other hand, maintained a neutral stance and was not biased towards Jiang Yu or Dai Zhu.

However, what Jiang Yu and Dai Zhu said was only their own hypothesis.

[Chapter 1187 The Renovation Team Back Then](#)

"Let's investigate this first." Dai Zhu said, "Why don't we call the police?"

"The police usually don't deal with these kinds of things." Lu Qi said, "Unless we or other customers' privacy gets peeped on, the police will not treat this as a criminal case. But we're fine right now, and the room manager even got a professional to check, saying that there were no cameras. The police would only come to ask the hotel manager to apologize to us, and there wouldn't be any other punishment."

"Then what should we do? If what Jiang Yu said is true, then the other customers will be in trouble!" Dai Zhu was a little worried.

"But we have no choice." Lu Qi shrugged helplessly. "Besides, Mo Long doesn't want Yu to stay there to investigate anymore."

Dai Zhu secretly took a glance at Jiang Yu and noticed that she had been silent the entire time. She whispered, "Why don't we just forget about it? This has nothing to do with us. If there are cameras in the other rooms, then let the customers deal with it themselves."

Lu Qi also glanced at Jiang Yu and whispered to Dai Zhu, "Actually, I think so too."

However, Jiang Yu still heard their conversation.

She said, "Don't worry about this. I'll look into it. You guys can have fun tomorrow and don't worry about anything else."

"Alright," Lu Qi and Dai Zhu replied.

Lu Qi and Dai Zhu returned to school, while Jiang Yu returned to the Mo Garden.

As soon as she returned to the Mo garden, Jiang Yu locked herself in her room and began to investigate the details of the hotel on the internet-- The time it was established and the construction and renovation team that year.

By the time Mo Long returned from work, Jiang Yu had already checked all the information related to that hotel.

When Mo Long saw Jiang Yu sitting safely on the sofa in the living room, he heaved a sigh of relief and said, "It's a good thing you're back."

"Of course." Jiang Yu smiled. "You're so worried about me. How could I still stay there?"

Mo Long took off his coat and walked over to Jiang Yu's side. He saw several pages of information on the computer in front of her.

He took a closer look and realized that it was some information about a hotel. "Is this the hotel you went to today?" He guessed.

"Yes." Jiang Yu nodded and turned the computer towards Mo Long, saying, "Look, I've already found the construction team and the renovation team. Their information is all here."

After looking through it carefully, Mo Long said, "You're worried that there's more than one camera in that hotel room?"

"Yes. If there's really only one camera, it's naturally a good thing because it's already been taken care of." Jiang Yu said after some thought. "But if it wasn't, then who knew how many people would still be kept in the dark. And the person in charge of this construction team is the same person as the foreman I met today. The room manager said that he was a professional inspector, so how could he be from the construction team?"

Mo Long immediately understood what Jiang Yu meant. "You mean, the room manager and the construction team are in cahoots?"

"And it's not just the construction team. I'm afraid there are people in the renovation team who are with them." Jiang Yu said, "We have to find the renovation team from back then to find out who colluded with the room manager."

"Okay, I'll get Teng Yi to find one for you."

As he spoke, Mo Long called Teng Yi.

Jiang Yu wanted to stop him, but the call went through.

After Mo Long explained the whole story, Teng Yi said, "Alright, I'll give you the results in ten minutes."

"Yes." After saying that, Mo Long hung up the phone.

Jiang Yu: "...It's already time to get off work. You should let him rest."

Mo Long laughed. "It's alright. He has so many missions on him. One more won't make a difference. He'll find out about it in no time."

Sure enough, in less than five minutes, Teng Yi sent the results to Jiang Yu by email.

Jiang Yu opened the email and found that it was a photo. She enlarged the photo and looked through it one by one. She actually saw two people who looked extremely familiar.

They were the room manager and the test staff.

"This room manager was actually a member of the renovation team back then? This examiner is also one of them?" Jiang Yu was shocked. "No wonder the two of them acted as if they knew each other. They were in the same renovation team back then."

Moreover, the face belonged to both the construction team and the renovation team, guess their business was quite extensive.

The two of them must be involved in this matter.

[Chapter 1188 Scheme](#)

"It seems like the truth of this matter is about to surface." Jiang Yu laughed. "After this holiday is over, they will have to pay for this."

"You're really a worrywart," Mo Long leaned on Jiang Yu's shoulder and greedily sniffed the fragrance on her body.

Jiang Yu smiled. "Don't be idle. I'll still need your help when the time comes."

Mo Long did not ask what help she needed and only said, "Alright, just tell me when the time comes. I'll agree to anything."

"Alright," she said.

The next day was the time they had agreed on for the party. Everyone went to the villa according to the address given by Jiang Yu.

At first glance, those people didn't even dare to enter the rich and beautiful villa.

"Heavens! Are we really going to party here this time? This is too gorgeous!"

"Such a big villa, let alone the dozens of us, I'm afraid it can accommodate hundreds of people!"

"Heavens, how much does it cost to rent an hour? Looking at the size, I'm afraid it'll cost tens of thousands of Yuan an hour!"

"You're the best, Director Jiang! I think we'd better stay here for only for a bit. Otherwise, Director Jiang will be spending too much money!"

Dai Zhu was walking in front. She could not help but turn around and say, "It's more than that. The rent for this villa is 150,000 Yuan per hour!"

"Heavens! One hundred and fifty thousand!" The employees were all shocked.

To them, this number was a sky-high price. They didn't know how many years of hard work they would have to put in to save up so much money.

They did not dare to walk out openly, for fear that they would step on something and cause Jiang Yu to pay.

Dai Zhu couldn't bear to see these people cowering, so she said loudly, "Aiya, can you guys not be so reserved? This villa has already been bought by Jiang Yu. You can just treat it as your own home. Be more generous! If you're so timid, then what are you doing here? Wouldn't it be a waste of vacation?"

When she said that, the employees were shocked again.

After all that, director Jiang had actually bought this villa! She was really too rich!

Only then did they dare to play freely. They first walked around and then went to the pool in the backyard to swim. At noon, Jiang Yu and a few female employees also took on the role of chefs and prepared a scrumptious lunch for them.

"Mr. Jiang, you are my Goddess! You're young, promising, beautiful, and most importantly, your cooking skills were good! It's President Mo's good fortune to have you as his wife!"

"Director Jiang, I really admire you!"

The group of people turned into Jiang Yu's fangirls.

On the other hand, Jiang Yu was eating at the side with a smile and was extremely gentle.

"She's really a gentle and powerful person." Mi Fei couldn't help but praise.

Although she had praised Jiang Yu in the past, she couldn't help but say this every time she was taken care of by her.

When the party was over in the afternoon, everyone took a taxi home.

After Lu Qi and Dai Zhu helped Jiang Yu clean up the mess, they also planned to go back together.

"You guys can go back first," Jiang Yu said. "I still have things to do."

"What's the matter?" Lu Qi asked, "If I can help, I'll help you. That way, you can go home earlier."

"I'll help too," Dai Zhu said.

Jiang Yu told Lu Qi and Dai Zhu that she wanted to investigate all the rooms in the hotel.

"Ah? Are you really planning to investigate all the rooms in that hotel?" Dai Zhu found it hard to believe.

"There are so many rooms. How long will it take for you to check them all by yourself? Besides, we're not staying there, so the hotel manager might not let us check, right?"

Jiang Yu smiled and said, "I have my own way of solving this problem. Don't worry. I'll take care of it. However, if you want to continue staying here with me, that's fine too."

Dai Zhu and Lu Qi's curiosity was piqued by Jiang Yu, and they wanted to stay with her no matter what.

Jiang Yu took them to the vicinity of the hotel and called Teng Yi. Dozens of people in black suits came out and followed Teng Yi into the hotel.

"Oh my God, when did they hide here?" Dai Zhu jumped in shock.

"I borrowed some employees from Mo Long." Jiang Yu explained, "After they enter, everyone gets a room. This way, we will have a reason to check every room. Besides, they had some experience in this area, so they could check if there were any cameras in the room. As long as we can find a camera, we can prove that the person yesterday was lying to us."

Chapter 1189 Unprofessional

"Your method is still the best!" Dai Zhu could not help but give her a thumbs up.

Teng Yi led the group of people into the hotel and everyone asked for a room.

The hotel manager was naturally grinning from ear to ear and quickly asked the front desk to prepare the keys.

It was the first time the staff at the front desk had seen so many people, and her hands were trembling as she prepared the keys.

!!

After getting the keys, Teng Yi took everyone to their respective rooms and then sent his room number to Jiang Yu.

After Jiang Yu received the news, she walked into the hotel and said to the hotel manager, "Hello, I'm here to look for someone."

The hotel manager had some impression of Jiang Yu and asked with a smile, "Hello, may I know who you are looking for?"

Jiang Yu said the house number Teng Yi sent and said, "I'm looking for this person."

“But we have a rule,” the hotel manager said. “If you want to go in, the person you’re looking for must come down to pick you up or call to prove it. Only then we can let you in.”

“Okay, I’ll give him a call and ask him to come down to pick me up.” Then, Jiang Yu called Teng Yi and asked him to come down to pick her up.

Dai Zhu mumbled in a strange tone, “As expected of a five-star hotel. They’re so careful. They even need personal proof to find a person.”

The hotel manager pretended not to hear her.

After Jiang Yu finished the call, Teng Yi came downstairs and said to the hotel manager, “She’s my sister. She’s looking for me.”

The hotel manager smiled in a flattering manner and said, “Then you guys can go in first.”

Then, he made way for Teng Yi and Jiang Yu.

He had never seen Teng Yi before and didn’t know the real relationship between him and Jiang Yu. He really thought that the two of them were brother and sister.

Jiang Yu followed Teng Yi into the room, took out her phone, turned on the lighting system, and checked the room. She found that there were no cameras in Teng Yi’s room.

“This room doesn’t have it.” Jiang Yu said, “Ask the others. see if they have it in their rooms.”

Teng Yi asked those people again and soon got some replies –Some of them found hidden pinhole cameras in their rooms, but those who didn’t know how to check didn’t know if they had them in their rooms.

But even so, it was enough to prove that the person was lying.

Therefore, Jiang Yu went to the hotel manager and explained the matter to him.

The hotel manager was shocked, “That’s impossible! Didn’t they already check the place that day? Didn’t they say that only that room had a camera? How can there be more in the other rooms?”

“If you don’t believe me, I can take you there now.” Jiang Yu said.

Her expression was very serious, and her tone was very determined. She didn’t look like she was joking at all. The hotel manager was also panicking at this time. He quickly found the room manager and asked him what was going on.

The room manager seemed to be very surprised by this and said, “That’s impossible. That person checked all the rooms and told me that only one room had a camera!”

“Did you get scammed?” the hotel manager asked with a frown.

The room manager’s attitude was also very firm. “Impossible. I’ve known him for so long. How could he lie to me?” he said.

By saying this, he admitted that he had known that person for a long time.

Jiang Yu did not see any guilty expression on the room manager's face. At that moment, it was difficult to judge whether he was in cahoots with someone else or if he had been deceived by someone as the hotel manager had guessed.

Therefore, Jiang Yu thought for a moment and said, "You've been deceived. The person you found isn't a professional, right? If they were professionals, how could they not be found? You've known him for so many years. Don't you know if he's a professional in this field?"

The room manager was stumped by Jiang Yu's words and only said after a long while, "He told me himself. He said that he's learned some skills in the past few years, and it's not difficult for him to check for cameras. That's why I looked for him yesterday."

"You believe everything he says. It seems like you two have a good relationship." Jiang Yu narrowed her eyes and looked at the room manager. "But he did lie to you. What do you think of this?"

The room manager hesitated for a while before saying, "What else can I think? At most, I'll just break off our friendship in the future. As for the cameras, I'll get a few more professional inspectors to check it."

The hotel manager glared at him and said, "Then hurry up and go!"

"Yes, yes! I know, I know!" The room manager left in a hurry.

[Chapter 1190 Something Isn't Too Right](#)

The hotel manager smiled apologetically and apologized to Jiang Yu and the rest, "I'm sorry, this is our hotel's negligence, causing you all inconvenience. How about this, you can stay here for a few days, all the food will be free, what do you think?"

"We're members!" Dai Zhu said disdainfully, "we're allowed to stay in this hotel for life. There's no point in you giving us a free meal."

Teng Yi had also listened to Mo Long's instructions and brought people to help Jiang Yu today. The travel and room booking fees were all covered by Mo Long, so in a sense, it could be considered free.

However, Jiang Yu's attention was not on this. She was now focused on the room manager and that person.

"I heard that this room manager used to be part of your hotel's renovation team?" She asked the hotel manager.

The hotel manager was stunned. He did not know how Jiang Yu found out about this, but he still nodded and said, "yes, I saw that he was working hard and had a unique understanding of house decoration, so I kept him as the room manager."

"So that's how it is." Jiang Yu pretended to be enlightened and nodded. She then asked, "So, the installation and placement of the appliances in every room was planned by him?"

The hotel manager was a little baffled and said, "Yeah, is there a problem?"

"There's no problem," Jiang Yu smiled. "In that case, we'll go back to our room to rest first."

Jiang Yu turned around and went upstairs.

Dai Zhu and Lu Qi followed closely behind her and went back to Teng Yi's room.

"It seems like the room manager was really deceived by the foreman," Dai Zhu said after they returned to the room. "I didn't expect that there would be so many lies between good friends."

"That's right!" Lu Qi also said indignantly. "He even cheated his own good friend for that little money!"

Teng Yi didn't know the whole story, so he couldn't express his opinion. He could only wait quietly for Jiang Yu to speak.

However, Jiang Yu did not think that the matter was that simple.

"Since the room manager was the one who installed all the furniture in the room, how could he not know that someone had installed a camera inside the TV?" Jiang Yu frowned.

Dai Zhu and Lu Qi looked at each other. In the end, Lu Qi guessed, "Could those surveillance cameras have only been installed in recent years? After all, the one we saw yesterday was very new, and it looked like it had been used for less than a year. If it was installed in recent years, it's normal for the room manager to not know about it. "

"Then who had the chance to install it?" Jiang Yu raised a new question. "Could it be that the customers who live in those rooms installed it? The people who can stay in this hotel are either rich or noble, they won't have such a hobby."

"Isn't it normal for rich people to have weird hobbies?" Dai Zhu asked.

Jiang Yu shook her head and said, "even if that's the case, based on the current situation, there are surveillance cameras in rooms that we don't know about. How can there be so many customers who have such a habit? Moreover, this is considered a violation of other people's privacy. Once discovered, they will be arrested. There aren't that many people who have the guts to do such a thing."

Dai Zhu was convinced and stood on Jiang Yu's side. that is to say, the room manager and the foreman were actually lying to us together? "

"There's such a possibility." Jiang Yu said, "let's see what the professionals he found this time can find out."

Half an hour later, the room manager brought in two men. They each carried a box and began to check the rooms on each floor.

Three hours later, the two men threw out all the surveillance cameras they had found. There were a total of 30 cameras.

Dai Zhu looked at the cameras that were wrapped in tiny wires and was shocked. "Oh my God, how many are there? There are only a hundred rooms in the hotel, and there are so many surveillance cameras?"

The hotel manager did a rough count and was shocked. "Oh my God, there seems to be nearly thirty of them! There were so many surveillance cameras, and the man from yesterday said there wasn't a single one? It was indeed a lie!"

The room manager was also helpless and said, "Sigh, it's all my fault. I trusted him too much. He said he would investigate this thing, so I let him come. Who knew he was lying to me! I'm sorry, this is all my fault. I'm willing to compensate you."

The hotel manager patted him on the shoulder as if to comfort him, saying, "I don't blame you. You were tricked because you trusted your friend too much."
