

## Older Man 1191

### [Chapter 1191 Still Not Investigating](#)

"Sigh." The room manager was still sighing.

The hotel manager gave the two men a sum of money and let them go. Then, he turned to Jiang Yu. "Customer, look. All the surveillance cameras are here. You should be relieved now, right?"

Jiang Yu looked at the cameras and said slowly, "I'm assured,"

"As long as you don't worry," the hotel manager smiled.

However, the next second, Jiang Yu asked, "But have you never thought about how this thing was installed?"

"Ah?" The hotel manager was stumped.

Jiang Yu then looked at the room manager and said, "let me ask you, if you were the one who did the renovation, how could you not know that these things were installed behind the TV?"

The room manager said indignantly, "how many years ago was this? I was the one who did the renovation back then, but no one installed this kind of thing behind the TV! And look at these cameras, they're all new. It's obvious that they haven't even been used for a year!"

"Since you're the room manager, who has the opportunity to install these things?" Jiang Yu asked again.

The room manager stammered this time, unable to say anything.

The hotel manager saw this and quickly exonerated the room manager. "Customer, this is our mistake. Please don't be angry. Now that we've found the surveillance cameras, you can rest assured. Let's just let this matter go. If both sides are unhappy, it won't be good for either side."

Jiang Yu looked at the room manager and said to the hotel manager, "Don't tell me you really think that this matter has nothing to do with him?"

The hotel manager frowned and said righteously, "Customer, if you're still angry about this, I can apologize to you again. However, if you insist on being unreasonable, then I won't be polite to you."

The room manager hid behind the hotel manager, not daring to say a word.

Jiang Yu did not expect him to be so protective of the room manager. Those who did not know would think that even the hotel manager was involved in this matter.

"I advise you to investigate this matter properly. It's good for everyone, and you won't wrongly accuse every innocent person." Jiang Yu said, "if we find out that this was done by someone else, the room manager will naturally be cleared of suspicion. But if we find out that it was the room manager who did it, then his life will be a little hard in the future."

"You don't have to tell me. I'll investigate it." The hotel manager's expression was very ugly.

Jiang Yu didn't say anything and returned to Teng Yi's room. She had already decided that she would not leave the hotel until this matter was completely resolved.

If she were to leave, those surveillance cameras might be installed again. At that time, there would still be people who checked into this hotel whose privacy would be invaded.

Teng Yi also stayed here because the task that Mo Long gave him was to stay by Jiang Yu's side and protect her at all times if this matter was not completely resolved.

However, the group of employees who had come to play extras went back to work.

Dai Zhu paced back and forth in the room, mumbling, "Why is the hotel manager so stubborn? He didn't say that the room manager had something to do with this. Why is he so angry as if someone stepped on his tail? Didn't she just want him to investigate this matter clearly? why did she look so unwilling? Those who don't know better might think that this matter is related to him."

This thought was in line with Jiang Yu's.

Although there was not enough evidence, seeing how the hotel manager was so protective of the room manager, there must be some unknown relationship between the two of them.

Could it be that the two of them were relatives?

The more Jiang Yu thought about it, the more confused she became. She asked Teng Yi, "Do you know the relationship between the hotel manager and the room manager?"

"I'm sorry, Madam. This hotel isn't President Mo's property, so I don't know the relationship between the two."

Jiang Yu could understand. After all, no one would be so free as to ask about people they didn't know.

However, the relationship between the two of them was truly extraordinary.

Jiang Yu thought about it and decided to investigate the relationship between the two. Although there was no computer in the hotel, one cell phone was enough. Although the functions were not as comprehensive as a computer, it was easy to find social connections.

Jiang Yu opened an app and swiped it a few times. The specific information of the hotel was displayed.

#### [Chapter 1192 A Scapegoat](#)

However, in the personal relationship column of the hotel manager and room manager, it did not show that the two of them had any interactions.

Jiang Yu frowned and felt that the fog in front of her was getting thicker and thicker.

Could it be that she was wrong? There was really no relationship between the two of them?

They stayed there until night time, but the hotel manager did not come out to give a reasonable explanation. However, Jiang Yu's temper had also flared up. If they did not give an explanation, she would never leave this place.

Dai Zhu and Lu Qi also stayed there, but the next day, they ran back to school because they could not bear it.

Teng Yi stayed by Jiang Yu's side and protected her. As long as Black Dragon did not urge him to return, he did not need to return.

In fact, Mo Long knew that Jiang Yu wanted to solve this problem and it wasn't completely solved yet, so he wouldn't let Teng Yi go back. As for his job, he would temporarily hand it over to his Secretary, Su Guo.

Just like that, she waited until the third day. The hotel manager finally couldn't take it anymore and knocked on Jiang Yu's door.

After Jiang Yu opened the door, she saw the hotel manager and the room manager standing at the door. There was a man wearing a waiter's shirt behind them.

"What's the matter?" Jiang Yu asked.

The hotel manager quickly pushed the person behind him forward and said, "We've already found out that it was this person. He secretly installed a camera behind the TV while he was cleaning up the room. They wanted to invade other people's privacy and even wanted to take the opportunity to record a video to extort others."

Jiang Yu tilted her head and looked at the man in front of her. She asked slowly, "Really?"

"Really," the man stammered. "It's all my fault. If I hadn't been blinded by money, I, I wouldn't have done such a thing!"

The hotel manager gave him a hard kick and said angrily, "You still want to defend yourself at this time? To openly admit your mistakes, a man should be able to take responsibility for his actions!"

The room manager chimed in, "what's wrong with admitting it? What's wrong with that? You'll be punished in the end anyway. If you admit it, your punishment will be reduced!"

The man was so frightened that he knelt on the ground and begged Jiang Yu, "I'm sorry, customer. It's all my fault! I was possessed for a moment, that's why I did such a despicable thing! I hope you can be magnanimous and let me go!"

As he spoke, he even kowtowed to Jiang Yu a few times.

"You can get up first." Jiang Yu felt a little helpless when she saw the situation.

She first helped the man up, stared into his eyes and asked, "Did you really do this?"

The man's eyes dodged her gaze unconsciously and he said, "I did it. Didn't I already admit it?"

However, Jiang Yu said, "it doesn't look like you did it. She was so timid that she actually dared to install a pinhole camera in a hotel room? This isn't an ordinary hotel. Do you know what the consequences will be if you're discovered for doing something like this? Being fired is a small matter, but if this gets on the internet, it will be difficult for you to find a job in the future!"

"I'm sorry, I really know my mistake!" The man kept pleading with Jiang Yu, hoping that she could pretend that this had never happened.

"Forget it, you can go back first." Jiang Yu said, "I'll leave this place tomorrow."

In the ears of the hotel manager and room manager, this sentence meant "I will not investigate this matter anymore."

"Alright," they said with a flattering smile. "Then please have a good rest tonight. You can leave tomorrow."

Jiang Yu replied, "it's still too early. That man is obviously a scapegoat they found. He didn't do this at all. This kind of five-star hotel would not tolerate their employees making mistakes. If that man had really done such a thing, he would know the consequences without me saying. How would he dare to?"

With that, they left with the man.

After they left, Teng Yi asked his question, "Madam, is this matter really over?"

Jiang Yu replied, "it's still too early. That man is obviously a scapegoat they found. He didn't do this at all. This kind of five-star hotel would not tolerate their employees making mistakes. If that man had really done such a thing, he would know the consequences without me saying. How would he dare to? He looks like an honest person who earns money to support his family. He wouldn't do such a shameless thing."

"But the man admitted it himself," Teng Yi still didn't understand.

"As long as he has money, it's not surprising that he can admit to anything." Jiang Yu said, "as long as we give him enough money, I'm afraid it's easy to make him admit that he killed someone."

#### [Chapter 1193 They Are Not Good People](#)

"I think they're just after money. They'll do anything!" Dai Zhu spat at the door and then asked Jiang Yu, "Jiang Yu, are we really going back tomorrow? Are we really just going to let this matter go?"

Jiang Yu shook her head and said softly, "of course not. We're just giving them a false impression that we've already given up on this matter. If they slacken because of this, it will be of great help to our investigation."

"Oh, I see." Dai Zhu suddenly realized.

After staying the night at the hotel, they left the next morning.

The hotel manager and room manager watched Jiang Yu and the rest leave. It was only after the car had disappeared that the hotel manager heaved a sigh of relief and said, "He's finally gone. Otherwise, I don't know how long I'd have to stay here."

The guest room manager's heart was finally at ease. "Who is she? why is she still holding on to this matter? Those who don't know might think that I'm prying into her privacy."

At the mention of this, the hotel manager got angry. He gave the room manager a hard punch and said angrily, "What's the matter with you? Did you really install those surveillance cameras? And what's with the waiter from yesterday?"

The room manager said in a low voice, "Brother-in-law, don't be angry. I didn't do anything illegal, so why are you angry?"

The hotel manager was furious. He pointed at the room manager and could not say anything for a long time.

When the room manager saw this, he quickly held his hand and smiled as if he was trying to please him. "Haha, brother-in-law, you're getting on in years. It's not good for your body to be angry. When my sister passed away, didn't you promise her to take good care of me?"

The hotel manager was so angry that his liver hurt. He said angrily, "You still have the nerve to say that? Back then, at your sister's hospital bed, didn't you say that you would behave yourself in the future? If you didn't make that promise, do you think I would let you be the room manager?"

"Brother-in-law, look at what you're saying. How am I not behaving myself? Isn't it just installing a few cameras? I didn't do anything else."

"Shut up! It's best that this matter ends here. If there's a next time, you'll see if I'll help you again!" After saying that, the hotel manager flicked his sleeves and turned around to walk into the hotel.

The guest room manager's expression changed when he saw him like this. However, he didn't dare to speak loudly. He only dared to whisper a few words behind his back to express his dissatisfaction. "What are you angry about? Those cameras aren't looking at you. Those who don't know might think that I'm prying into your privacy. I can't stand it. How could my sister like someone like you?"

He stood at the door for a while longer to enjoy the cold wind before he entered the hotel.

He found the waiter from yesterday and threw him a thick stack of money, saying, "This is your payment for yesterday's work."

The man took the money and asked tentatively, "Manager, can I still work here in the future? You don't have to be a waitress! Anything else is fine too!"

The room manager frowned and spat at him, saying, "What are you thinking? Do you still want to stay here after this? It's already good enough that they didn't fire you and let you resign on your own accord, yet you still want to take advantage of them?"

The man immediately lowered his head and said timidly, "Sorry, manager! But compared to this money, I actually need a stable job more... Can you think of a way to arrange a job for me? Anything will do!"

The room manager said impatiently, "I've given you money, so just take it. Why are you still wasting time here? Hurry up and pack your things, then hand in your resignation letter! Otherwise, I'll fire you!"

The man was probably really scared. He didn't dare to say anything more. He quickly packed his things, then wrote a resignation letter and handed it to the room manager.

He didn't look at it carefully, took it, and let the man go. She even despised the man for walking too slowly and gave him a hard kick.

"Walk faster! You're walking so slowly, do you think I'll be soft-hearted and ask you to stay?"

The man could only speed up and leave quickly.

After making sure that he had completely left, the room manager returned to her usual affable look and continued with her work.

All the employees had been fooled by his appearance and thought that he was an affable boss. But in reality, he was just a pervert who liked to peep at other people's privacy.

After the incident, they even spent money to find a scapegoat.

Chapter 1194 The Foreman

Dai Zhu and Lu Qi returned to school, while Jiang Yu followed Teng Yi to the Mo Corporation.

When Mo Long saw Jiang Yu, he was a little surprised. "What are you doing here today?"

"I'm here to see you," Jiang Yu said, smiling.

Although that was what she said, Mo Long knew that Jiang Yu didn't mean it that way, so he asked, "Could it be that this matter hasn't been resolved yet?"

Jiang Yu nodded and told Mo Long everything that happened yesterday.

Sure enough, after Mo Long heard it, he had the same guess as Jiang Yu. "I'm afraid that waiter is the scapegoat they found."

"I thought so too," Jiang Yu said. "But the three of them seem to have come to the same conclusion. No matter how I ask, I can't get the truth out of them."

"Then what do you plan to do?" Mo Long muttered.

Jiang Yu told him her plan, "I plan to find the foreman that the room manager found for inspection that day and let Teng Yi contact him. He's seen me before. I'm afraid he'll be suspicious if I go. But he hasn't seen Teng Yi, so if Teng Yi appears, this matter will be solved faster."

"That's good." Mo Long gave Teng Yi a look, indicating that he had to listen to Jiang Yu's arrangements.

Teng Yi understood and followed Jiang Yu. He would do whatever she told him to do.

Jiang Yu easily found out all the information about the foreman that day, as well as his current home address. Jiang Yu passed the information to Teng Yi and said, "Prepare a small Bluetooth headset. Don't let the foreman find out, but make sure I can hear your conversation. I'll call you now, so you must keep your communication smooth."

"Yes," Teng Yi said.

He took the address given by Jiang Yu and quickly found the foreman's house. The foreman lived in a small bungalow in the suburbs, and there were no other residents around.

"Is anyone home?" Teng Yi knocked on the door.

Soon, a woman carefully opened the door and asked, "Who is it?"

"Hello, I'm Brother Yang's friend," Teng Yi said with a smile.

Brother Yang was what people called the foreman. Only those who had a good relationship with him would call him that.

This was what Jiang Yu had found out, so she told Teng Yi, hoping that it would come in handy.

The woman heard Teng Yi call out “brother Yang” and let down her guard. However, seeing Teng Yi’s glamorous appearance, she couldn’t believe that her husband had such a decent friend.

She poured a glass of water for Teng Yi and asked, “How did you and my husband meet?”

“Didn’t he go to a hotel a few days ago?” Teng Yi explained. “I’m an employee there, and I’m friends with the room manager, so I know brother Yang.”

The woman’s expression kept changing. Teng Yi didn’t know if she believed him or not.

But brother Yang came back soon. He saw Teng Yi sitting on the sofa and asked in surprise, “Who are you?”

The woman heard this and quickly walked to brother Yang’s side, saying, “He said he’s your friend. Don’t you know him?”

“I don’t know him. Why do you believe everything he says? Do you have a brain?” Brother Yang said, baffled. “How could I possibly know such a glamorous person outside!”

The woman still wanted to say something but Teng Yi stood up and said, “Brother Yang, don’t be so fierce to sister-in-law. We met when you went to the hotel a few days ago. Have you forgotten?”

Brother Yang paused and looked at Teng Yi. He could guarantee that he didn’t know the man in front of him, but how did this man know that he had been to the hotel a few days ago?

Teng Yi saw the confusion on his face and said, “We met a few days ago when you were talking to the room manager. Don’t tell me you don’t remember?”

Brother Yang still had no impression.

However, since the man in front of her could say that he had been to the hotel a few days ago and had even met with the room manager, did that mean that he was from that hotel? Perhaps it was the room manager’s men?

Brother Yang coughed a few times and said, “I’m sorry, I really don’t know you. But from what you’ve said, you should be working for the room manager, right?”

“He’s my boss, don’t you think I work for him?” Teng Yi smiled.

Brother Yang didn’t doubt him and said to the woman, go and cook a few dishes. I’ll have a few words with this brother.

Seeing brother Yang like this, the woman also felt relieved and went to the kitchen to cook.

Brother Yang asked Teng Yi to sit down and asked, “Did you come this time because the boss is looking for me?”

Chapter 1195 Instigating A Rebellion

“Boss!” That was how Brother Yang addressed the room manager.

“Yes,” Teng Yi nodded.

Brother Yang thought it was another job that paid him and was happy. He asked, “What is it?”

“The manager told me to ask you something. You didn’t tell anyone about what happened a few days ago, did you?” Teng Yi asked.

Brother Yang slapped his thigh and said, “what are you saying? I know something’s wrong with that. How could I dare to tell others?! If someone’s mouth isn’t honest and spreads this matter, everyone will be in trouble!”

Teng Yi nodded. “I’ve heard the manager mention you before. He said that you’ve learned how to check surveillance cameras. I was a little surprised.”

Brother Yang smiled in embarrassment and said, “I just work at a construction site. I don’t know how to check the surveillance cameras. It was boss who found me and asked me to pretend to be a technician. He also said that he would give me a sum of money, so I went. Otherwise, no matter how good my relationship with him is, I wouldn’t have done such a thing to deceive people.”

His words were all transmitted to Jiang Yu through the small Bluetooth headset in Teng Yi’s ear.

Jiang Yu already had a judgment on this matter, so she said to Teng Yi, “Don’t reveal your identity yet. We’ll probe him. If you can, try to sow discord between him and the room manager.”

Teng Yi heard this and said to Brother Yang, “However, there’s a customer who has seen through your tricks and has even found more professional personnel to investigate. I heard that they found more than 30 surveillance cameras in the end.”

“Aiyo, more than 30?” Brother Yang was shocked when he heard the number. “When boss joined the renovation team, he did say that he wanted to install something in the room, but I didn’t expect it to be a pinhole camera! And there are more than thirty of them?”

“Yup,” Teng Yi pretended to sigh and said, “the customer said that if you don’t give a reasonable explanation, she’ll call the police. When the manager heard that, he was scared and pushed all the blame to you. The customer was very angry and said that he would find you no matter what.”

“What?” When Brother Yang heard this, he immediately got angry. “How can he frame me like this! How can he blame me for something that has nothing to do with me?”

“Yeah, I feel bad for you too,” Teng Yi said, “that’s why I found a way to your house to tell you about this. You have to be wary of our manager in the future. Otherwise, you might unknowingly become his scapegoat. I heard that yesterday, he caught one of our waitresses and made him his scapegoat.”

“This is too much!” Brother Yang gritted his teeth in anger. “You don’t have the guts to admit what you did? He even wanted someone else to take the blame for him, bah! You’re really not a good thing!”

Teng Yi saw that he had achieved his goal and said, I think you’re an honest man. I’m worried that you’ll be used by him, so I came here to remind you.

Brother Yang was very touched that Teng Yi came all the way here to remind him.

He held Teng Yi's hand and said gratefully, "Big brother, thank you. If you didn't remind me, I'm afraid I would have been kept in the dark! Thank you for letting me see his true colors. As expected, once people have money, they will turn bad! He would even push his former brothers into the fire pit without mercy!"

"No need to thank me. Be careful these few days, no one knows if that manager will kill you to silence you. However, that customer has already called the police. If the police find you, you just have to tell them the truth and they will protect you."

"Thank you, big brother!" Brother Yang was very touched and wanted to have dinner with Teng Yi.

Teng Yi couldn't take it anymore and quickly found an excuse to leave.

After returning to the Mo Corporation, Teng Yi took off his headphones. No matter how small the Bluetooth headset was, it would still hurt after wearing it in the ear for a long time.

"Thanks for your hard work, Teng Yi." Jiang Yu said, "I'll help you apply to President Mo to give you a few more days of annual leave."

"Thank you, Madam." Teng Yi smiled. However, if I were to leave during the holidays, my work would be handed over to Su Guo. She's already coming back to work early, and her body hasn't recovered yet. Now, with my work, her body really can't take it. "

"I know." Jiang Yu said.

"Why don't I be a matchmaker?" Mo Long said. "I'll help you tie a red string with Su Guo. I can see that you're quite concerned about her."

#### [Chapter 1196 Pretend](#)

Teng Yi's face turned red. President mo, " he said, " you must be joking.

Mo long smiled and turned his gaze back to Jiang Yu.

Jiang Yu thought about everything in her heart and finally said, " "I'll go find Chang Kai and ask him for a favor."

"Alright," Black Dragon nodded.

Therefore, Jiang Yu gave Chang Kai a call and explained the matter to him.

Jiang Yu, " Chang Kai said, feeling a little troubled. you have to have evidence before we can arrest them.

"Trust me, I'll show you the evidence," Jiang Yu said firmly.

Chang Kai hesitated for a moment before he said,"alright, I promise you." But I'm helping you as a friend, not a police officer, do you understand? That's why I can only bring a few police 'friends' with me. "

"Okay, thank you." Jiang Yu said.

After hanging up the phone, Jiang Yu waited for Chang Kai to come to her.

After Chang Kai arrived, Jiang Yu took him to brother Yang's house.

The sky was already dark, and brother Yang's family was ready for dinner. His heart started to beat faster when he suddenly heard someone knocking on the door.

Could Yingluo be a police officer?

Brother yang went to open the door, trembling. He saw a woman standing at the door with a few men behind her.

They were all in plain clothes, so brother yang couldn't tell if they were police or ordinary people.

However, he thought about it again. If it was an ordinary person, he probably wouldn't come to find him at this time. Moreover, he didn't know them at all, nor did he know what they were here for.

Brother yang stood at the door and asked, "Who are you guys? What's the matter?"

Jiang Yu looked at him and said, 'you're the foreman from the other day, right? I was one of the guests who checked into the hotel.'

Brother yang suddenly remembered. No wonder he said that the woman in front of him looked familiar. She was a customer from that time.

"What's the matter?" He stammered and looked at the men behind him. He was even more certain that they were the police, just in plain clothes.

"The room manager told us to look for you regarding the incident that day." That's why we're here. Please give us a reasonable explanation."

"It wasn't me, it really wasn't me!" Brother yang quickly said. This has nothing to do with me, you have to believe me! I'm not a good person, but I won't do anything illegal like this!"

Jiang Yu pretended to be angry and said, "According to what you said, we have wronged you?"

Brother yang quickly defended himself, "this was all done by the manager, it had nothing to do with me!" I can tell you everything, and when the time comes, I can be a witness! Just don't arrest me, otherwise, my family's days will be very hard."

alright, " Jiang Yu said. then tell us everything. We'll consider if we should arrest you or not.

"Good, good! You guys can come in first." As he spoke, brother yang opened up a path for them.

Jiang Yu and Chang Kai entered the house but did not sit down-there was no place to sit at all.

Brother yang gave the woman a look, signaling her to take the child and quickly give up their seat to this man.

Jiang Yu stopped them and said, "there's no need. We don't intend to stay any longer." You just need to tell us everything that happened that day. Once you're done, we'll leave."

As she spoke, Jiang Yu took out a recording pen and said, "I advise you not to lie, because I will record every word you say. If you lie and it's found out, you should know what the consequences will be."

"I know, I know!" Brother Yang cried and told him everything that the room manager had asked him for.

At the end of the story, Brother Yang even said, "There's a big brother here today. He's a good man and he came to remind me. That's why I knew you would come to me, but I didn't expect it to be so early."

Jiang Yu turned off the recording pen and said without any expression on her face, "Alright, thank you for your cooperation in our investigation. You'd better stay at home for the next few days to avoid that manager from doing anything to you or your family. I don't want you to get hurt either. I'll get people to guard your house and protect you."

"Alright, thank you!" Brother Yang thanked him profusely.

Jiang Yu and Chang Kai then left.

On the way back, Chang Kai asked Jiang Yu, "Are we really going to get someone to stand guard near his house?"

No," Jiang Yu replied. I just said that as an excuse to keep him at home.

#### [Chapter 1197 Service Staff](#)

Jiang Yu wanted to keep Brother Yang at home because she was worried that he would contact the room manager again.

Although Teng Yi had already sowed discord between them and Brother Yang seemed to believe him, Jiang Yu couldn't guarantee how much he believed.

If the two of them met and the room manager said a few words, Brother Yang might be like a grass on the wall again. As long as the wind blew, his head would tilt to the other side.

"But with Brother Yang's testimony, I'm not afraid that the room manager won't admit it." Chang Kai said, "although his final punishment will just be detention for a few days, he can't keep his job."

"He's so cunning, he's already found a scapegoat," Jiang Yu said, "even if we bring Brother Yang in front of him and confront him, he will not admit it. He might even continue to push the blame on the waiter and make him take all the blame for himself."

"It seems that we still need to find that waiter." Chang Kai said.

Jiang Yu nodded and said, "and that waiter must have been fired. I'll have to trouble you to go to that hotel and help me investigate that waiter's information. I'm afraid I don't have the authority to investigate it with my identity, so I can only ask for your help."

Chang Kai agreed without a second word.

After Jiang Yu brought them to the hotel, the hotel manager came out to welcome them. When he saw Jiang Yu, he thought that these people were her friends, so he smiled and asked, "Gentlemen, what can I do for you?"

At this point, Chang Kai and the others no longer hid their identities. They took out their police badges and said, "I'm a police officer, and I need you to cooperate with our investigation."

The hotel manager was shocked. He didn't know who had committed a crime to provoke the police. However, the moment he saw Jiang Yu, he suddenly understood. It seemed that she had not given up on pursuing this matter.

However, since there was already a scapegoat to take responsibility, he was not worried that the police would find out anything.

"What do you need to investigate?" he asked.

"I need to know the information of all the staff in your hotel," Chang Kai said.

The hotel manager asked the front desk to get all the information of the waiters on the computer and said, "Please."

Chang Kai and Jiang Yu walked over and saw the information of each waiter on the computer—a photo, the specific time of employment, and even the academic qualifications.

Jiang Yu looked at them one by one and finally found the waitress from that day in the last "fired" list.

She silently memorized the waiter's name and contact information, then said to Chang Kai, "It's him! He installed cameras in several rooms! It's a good thing he's been fired now. Otherwise, who knows how many people would be harmed by him!"

Chang Kai knew that Jiang Yu was acting, so he went along with her. It seems that this person is quite bold. I'll definitely take him to the detention center and lock him up for a few days!

Then, he turned to the hotel manager and said, "Thank you."

The hotel manager felt that something was wrong, but he couldn't figure out what it was. Now that Chang Kai was talking to him, he could only say, "It's okay. It's every citizen's duty to assist the police in handling cases."

"Alright, we don't have anything else to do, so we'll take our leave." Chang Kai smiled. "I wish you a prosperous business in the future."

"Thank you," he said. The hotel manager thanked them politely and sent Jiang Yu and the rest out the door.

"Thank you," Jiang Yu said as she walked out of the door. "You've really helped me a lot today."

"It's alright. We've known each other for so long, and we're all friends," Chang Kai said with a smile. "If you need my help in the future, just call me."

"Alright," he said. Jiang Yu nodded in thanks. "Probably the day after tomorrow. Please continue to come to this hotel with me."

"Alright," he said.

After Chang Kai sent Jiang Yu back to the Mo garden, he returned to the police station.

Jiang Yu used the information she had and found the address of the waiter.

So the next day, she took Teng Yi to find the waiter.

The man had some impression of Jiang Yu. When he saw that she had brought a strange man to the door and the expression on her face was not very good, he immediately panicked.

Could it be that she had seen through my lies?

"W-what's the matter?" He asked, trembling with fear.

"The hotel camera incident has nothing to do with you right," Jiang Yu said directly.

### [Chapter 1198 Can't Hide Anymore](#)

What Jiang Yu said was a statement, so the man didn't even have a chance to refute it.

Seeing that the man was not speaking, Jiang Yu did not press him for an answer. Instead, she asked softly, "How much money did they give you to make you so willing to take responsibility for their crimes? Could it be that in your eyes, this sum of money is more important than a stable job?"

This sentence touched the man's heart.

He had been blinded by this sum of money back then, so he had agreed to the room manager's request on impulse. However, after a night of careful consideration, he suddenly felt that the money was not that important.

As long as he continued to stay in that hotel, he would be able to earn that sum of money in less than five years. However, he had already accepted the money at that time, so it was too late to regret it.

The man hesitated for a while and decided to keep it a secret, so he said, "I was the one who did that. I was the one who installed the camera. Because I thought that the people who could stay in that hotel must be rich and powerful, so I had a wicked idea. I wanted to secretly record their private videos and then take the opportunity to extort a sum of money from them."

After all, he had received the money. He had to handle the follow-up work well. Otherwise, she would definitely cause trouble for the room manager.

However, Jiang Yu did not believe him at all. She asked him, "Okay, then tell me, how many videos did you record? How many people have you extorted?"

The man could not come up with an answer to this question.

Hence, he stammered for a long time before saying, "Not a single person. Business hasn't been good in recent years. Since I installed the camera, no one has checked into that hotel. You and your friends are the first batch."

"Is that so?" Jiang Yu pressed on. "If that's the case, do you still have the video of us entering the room before we found the camera?" She asked.

The man looked at Jiang Yu and said in a low voice, "I've already destroyed it."

Jiang Yu nodded, but her thoughts couldn't be read from her expression.

"Okay, since the video is destroyed, you must have some equipment at home to control the camera, right?" She said.

"I've also thrown away the equipment." The man shook his head again.

Jiang Yu could not help but sneer and said, "There are more than 30 cameras, and at least ten devices that can control them. 10 machines is not a small sum of money. Are you really willing to throw them away? I advise you to tell me the truth instead of lying to me. At that time, your punishment will be lighter."

The man was still stubborn and insisted on taking the responsibility. He said, "I did it. No matter how you ask, I'll always give you this answer."

When Jiang Yu saw this, she simply used her trump card. "As long as you tell me everything, I can guarantee that you can go back to the hotel to work without any punishment."

The man's eyes lit up. It was obvious that he was moved by Jiang Yu's words.

He struggled in his heart for a long time, but he still felt that his own interests should be the first, so he told Jiang Yu everything.

If a man didn't do it for himself, the heavens would punish him!

After the man finished speaking, Jiang Yu took out a business card and handed it to him, saying, "Tomorrow at this time, go to the hotel."

The man looked at the business card and realized that the person in front of him was the boss of a jewelry company. He was so scared that his legs went soft. He quickly said, "I know! Thank you!"

"I'm fine."

Jiang Yu and Teng Yi went back. What they needed to do next was to go to the hotel the next day and rip off the fake masks of the hotel manager and room manager.

The next day, Jiang Yu first called Chang Kai and asked him to bring brother yang to the hotel, then she went to the hotel herself.

Teng Yi was still following Jiang Yu and protecting her.

The hotel manager still looked at them with a puzzled expression, not knowing why they were here again today.

The room manager was even more confused. Those who didn't know would think that they were going to have another party here.

It was not until he saw a police officer coming over with brother yang, followed by the waitress he had fired, that the room manager began to panic.

How did the few of them get together!

The room manager watched as those people got closer and closer to him, and he became more and more flustered.

Jiang Yu walked up to him and asked, "I wonder if you still recognize these two people?"

The room manager bit the bullet and said, "I do. One is my friend. The other is an employee I fired."

### [Chapter 1199 A Secret Relationship](#)

"It's good that you still know them. I was just afraid that you would pretend not to know them at this time." Jiang Yu smiled and said to Chang Kai, "he's the one. He installed a camera in the hotel room. He tried to invade someone's privacy."

Her voice wasn't loud, but everyone around her could hear her. No matter which staff member or the customer who was preparing to check in in the hall, they all turned their eyes to the room manager.

"Peeping at other people's privacy?!" A customer who was in the middle of procedures screamed, "Oh my God, this is too scary!"

As she said that, she quickly took her things and left. Before she left, she said, "I will never come to this hotel again!"

The hotel manager had wanted to make her stay, but looking at the situation in front of him, he knew that unless this matter was completely resolved, Jiang Yu would never let go of this hotel.

He got a little angry at the thought of this and loudly questioned Jiang Yu, "Didn't I already give you an explanation for this? Why are you still being so overbearing? Do you only feel happy when our business falls?"

Jiang Yu pretended to be surprised and said, "what are you saying? Your hotel is connected to the largest real estate company in Shanghai, right? I bought the biggest villa there and I'm a VIP member! I'm also one of the victims in this matter. Can't I say a few words?"

The hotel manager was speechless.

He only knew that Jiang Yu was a member, but he did not expect her to be the one who bought the biggest villa! That kind of identity could not be described as an ordinary "member". When they saw her, they had to treat her like a boss!

Seeing that he was silent, Jiang Yu continued. "I already have evidence to prove that the room manager was the one who did this. Whether it's the foreman or the waitress, they are just pawns that he deceived and used."

As soon as she said that, the room manager quickly explained herself, "You're talking nonsense! I didn't do that! Didn't I already bring the culprit to you? Why are you still targeting me?"

"How are you going to explain what happened to brother Yang?" Jiang Yu asked as she tilted her head.

The room manager was anxious and said without a care, "Didn't I already tell you? He lied to me first! This has nothing to do with me, it's all his fault!"

His look of trying to push the blame onto someone else was really ridiculous. It was completely different from the honest and amiable look that he had put on.

After brother Yang heard his words, he couldn't help but say, "You bastard! We've been brothers for so many years, and you're framing me like this? If you didn't ask me to help you and give me a large sum of money, do you think I would help you with this kind of scam? Now that we've been exposed, you've pushed all the blame away and made yourself look clean."

When the male waiter heard brother Yang's words, he felt more confident and said loudly, "It is! If it wasn't for the money, I would never have agreed to this! At most, I don't want the money, but I want to prove my innocence!"

When the room manager saw that brother Yang and the waiter were pointing fingers at him, he knew that he couldn't escape this. He could only ask the hotel manager for help at the last moment, "Brother-in-law, please save me! This group of people wants my life, you have to save me, brother-in-law!"

"Shut up! Trash!" The hotel manager cursed.

Everyone present was shocked when they heard the word "brother-in-law". Whether it was outsiders like Jiang Yu or the hotel's internal staff. They had been working here for so many years, but they had never realized that the relationship between the two managers was actually brothers-in-law.

Jiang Yu was also very surprised. She had investigated them before, but there was no evidence to prove that the two of them were related. Then how did this inexplicable relationship come about?

She was still in shock when she heard the hotel manager say, "Who is your brother-in-law? You still have the cheek to call me brother-in-law after what you've done? If you want to embarrass yourself, don't bring me along!"

When the room manager heard this, he couldn't bear it and scolded loudly, "You bastard, just because you didn't get a marriage certificate with my sister, you don't want to acknowledge me as your brother-in-law anymore? Why don't you think about it yourself, when you were down and out, didn't you rely on our family to help you? Now you want to turn your back on us?"

It suddenly dawned on Jiang Yu that this was the reason why she had not found out about their relationship.

### [Chapter 1200 New Director](#)

However, no matter what the room manager said, the hotel manager decided to ignore him and said to Jiang Yu, "I'm sorry. I've been deceived by him all this time. If you didn't come here today, I'm afraid I would still be in the dark."

Jiang Yu sized him up and asked, "do you really not know about this? He's been calling you brother-in-law for years, right? If something like that happens, you'll be the first person he'll look for, right? How could you not know?"

The hotel manager broke out in a cold sweat and couldn't say a word to defend himself.

Jiang Yu continued, "I think you've been in the know all along, right? But because he's your brother-in-law, you've been covering for him, am I right?"

The hotel manager's expression was very ugly, and he didn't say a word. However, the room manager started to shout, "He didn't report what he knew, so he's also guilty of sheltering! If you really want to take me away, then you can't let him go!"

Chang Kai handcuffed the two men expressionlessly and said to Jiang Yu, "Then I'll take them away first."

"Alright, be careful on the road."

After Chang Kai left, Jiang Yu told Teng Yi, "This matter ends here. As for the final result, let's see how the police will deal with it. But I don't think they'll be able to come back to work in the end. If we want to keep this hotel, we'll have to get two new managers. You can go back first. If there's any change in this matter, I'll call you again."

"Yes, Madam." Then, Teng Yi went back.

However, this matter had already been set in stone, and there was no turning back.

The hotel manager and room manager were locked up for a few days, then compensated more than 100000 Yuan, and finally fired by the hotel Chairman.

Jiang Yu went to the chairman of the hotel and wanted to plead on behalf of the male waiter to let him return to work.

Unexpectedly, the chairman grabbed Jiang Yu's hand and said gratefully, "Thank you. If it wasn't for your help, I wouldn't have known that my hotel had such a person! You've really helped me a lot. If you have any requests, just tell me. As long as it's within my ability, I'll agree to it!"

Jiang Yu smiled and told him her purpose. At the same time, she also thought of Brother Yang, who had not had a stable job, so she planned to ask for a job for him.

The chairman agreed readily, saying, "No problem at all! It just so happens that the garage needs a security guard, so let Brother Yang go."

"Then I'll thank you on their behalf." Jiang Yu said with a smile.

"It's okay, I should be the one thanking you!" The chairman also smiled.

Jiang Yu told the news to Brother Yang and the waiter. Both of them were very touched and felt that Jiang Yu was their benefactor.

"It's okay, as long as you work hard in the future and don't do any more cheating." Jiang Yu persuaded her patiently.

"Don't worry, we won't do such a thing again!"

After this matter was resolved, Jiang Yu felt that the burden on her body had been unloaded and she was relieved.

However, when she thought about the variety show that she had to film in a few days, she suddenly felt that it was not easy. However, since Sun Miao had already withdrawn from the competition, the following recording shouldn't be too difficult.

When Jiang Yu returned to the company, she heard sister Xia say to her, "The director for this variety show has changed."

"How could this be?" Jiang Yu asked in shock.

It was common for a variety show to have a change of contestants or judges in the middle of the show, but it was very rare for a change of director. Unless a season's show finished recording and the director changed for the next season's show. This was the first time in the entertainment industry that such a situation had occurred.

Sister Xia shook her head and said, "I don't know the exact situation. I also heard that not only did the director change, but a few new contestants have also been added."

"The show's recording has already reached this point, so why are there still new contestants? How will their scores be calculated?" Jiang Yu was puzzled. "Don't tell me he's like Sun Miao, who also brought money into the crew?"

Sister Xia nodded her head in embarrassment and said, "I'm afraid that's the case. Moreover, those contestants are male. They're not participating in a girl group competition, but a newly added boy group competition. Even the judges have invited a few more."

After hearing this, Jiang Yu's tightly furrowed brows finally relaxed a little.

Although the change of director was a little sudden, it was not unacceptable.
