[Chapter 1251 A Secret](#)

"I see. It's normal for everyone to have such worries." Chang Kai kept consoling Qiao Rui, "but don't worry. Since we promised to help you find the real Qiao Yun, we will definitely work hard. Also, thank you for your cooperation."

"You're welcome," Qiao Rui smiled.

Jiang Yu had been silent the whole time. After entering Qiao Yun's room, she only took a quick glance and said to Chang Kai, "Let's go, there aren't any clues here,"

"Ah?" Chang Kai responded in confusion, but he quickly understood what Jiang Yu meant. "Alright, let's go back first."

Qiao Rui was also puzzled and asked, "You really don't want to watch anymore?"

Jiang Yu laughed and said, "yes, I'm not watching anymore. Thank you very much for your cooperation today. Please leave me an address or contact information after you move out. This way, it will be convenient for us to contact you."

"Alright," he said. Qiao Rui said.

Jiang Yu and Chang Kai did not stay at the Qiao family's residence for too long. They left after saying a few words to Qiao Rui.

The two of them went out and Jiang Yu suddenly felt a chill on her back. She quickly turned around and saw a room upstairs. The curtains were faintly fluttering.

Chang Kai saw that Jiang Yu was still standing there, so he followed her gaze and asked, "What are you looking at?"

Jiang Yu was silent for a while before she turned around and continued walking. "Someone is looking at us from the window."

"Who is it?"

"I don't know," Jiang Yu said, "when we came here today, there was only Qiao Shen and Qiao Rui in the Qiao family. No one else was around. The Qiao family doesn't even have any bodyguards or servants."

"No, that's not right." Jiang Yu frowned. "Qiao Shen and Qiao Rui don't have a good relationship. Why are the two of them the ones who stayed? Also, sister Xia told me before that everyone in the Qiao family is trying to cheat each other for the Qiao family's inheritance. If they really wanted to fight for the property, this house would be one of the properties."

"Isn't that normal?" Chang Kai said, "Qiao Rui said that the Qiao family is planning to move out. Since that's the case, it's normal to have few family members. This means that everyone is prepared to move out."

"No, that's not right." Jiang Yu frowned. "Qiao Shen and Qiao Rui don't have a good relationship. Why are the two of them the ones who stayed? Also, sister Xia told me before that everyone in the Qiao

family is trying to cheat each other for the Qiao family's inheritance. If they really wanted to fight for the property, this house would be one of the properties. If they move out, what about this house?"

"Maybe in their eyes, their lives are far more important than money." Chang Kai guessed.

"They're even willing to kill for the sake of property. Do they really think that their lives are more important than money?" Jiang Yu said.

Chang Kai also realized that something was wrong.

"You're saying that the Qiao family didn't want to move at all, but was just using it as an excuse to get rid of us?"

"Yes," Jiang Yu nodded. After leaving the Qiao family's courtyard, she pulled Chang Kai to hide in the grass at the side. Then, they followed the outside wall and walked step by step to the Qiao family's backyard.

There was a very high wall in the backyard of the Qiao family's house, but there was also a row of grapevines, so the concealment effect was good. Jiang Yu and Chang Kai easily climbed over the wall with the help of the Stone Ridge next to them and hid behind the grapevine.

"Jiang Yu, this is considered trespassing on private property," Chang Kai could not help but whisper.

"If we find out that someone in the Qiao family is the murderer, this wouldn't be considered trespassing," Jiang Yu said softly.

They had been hiding behind the grapevines, and it wasn't long before someone came to the backyard.

Jiang Yu took a closer look and realized that it was Qiao Shen.

Qiao Shen looked around. After making sure that no one was around, he took out his phone and made a call.

"Didn't you say that no one would investigate this matter? Why are the two police officers still investigating?" Qiao Shen sounded very anxious. I don't care, I paid you! I'm telling you now, the two police officers are called Chang Kai and Jiang Yu. If you can't solve this problem, don't even think about getting a single cent from me!"

With that, Qiao Shen hung up the phone.

"Really, you took the money and still can't do the right thing!" Qiao Shen looked really angry and his words were very unpleasant.

He was scolding when he suddenly heard a voice coming from behind the grape trellis.

"Who's there!" Qiao Shen looked at the grape trellis warily. "Get the hell out here, I can already see you!"

Chang Kai, who was behind the grape trellis, looked at Jiang Yu apologetically and mouthed, "I'm sorry, my legs are numb."

Since things had come to this, Jiang Yu could not blame Chang Kai. Just as she was about to step forward, a rat scurried out from her feet.

Fortunately, she wasn't afraid of these things. Otherwise, she would have been frightened by the rat and screamed.

However, the rat frightened Qiao Shen, who was outside. "Ah! Rat!"

[Chapter 1252 Basement](#)

Qiao Shen shouted so loudly that Jiang Yu and Chang Kai's eardrums almost burst.

"It's just a little mouse. Why is he so scared?" Chang Kai covered his ears and complained to Jiang Yu in a low voice.

Jiang Yu also found it unbelievable. After thinking about it, the only explanation was that "the rich young master had never seen such a thing."

Qiao Shen's scream quickly attracted Qiao Rui's attention. She rushed over and asked loudly, "What are you shouting about?"

Qiao Shen was so scared that he hid behind Qiao Rui and stuttered, "Rats! There are rats!"

"A mouse can scare you like this?" Qiao Rui couldn't help but curse, "can you be any more useless? The Qiao family is really unlucky with you around. You don't even have the guts to say that you want to marry Qiao Yun?"

Chang Kai and Jiang Yu, who were behind the grape rack, were stunned when they heard this.

Did Qiao Shen really like Qiao Yun? And Qiao Rui already knew?

Then why did he say he didn't know?

Qiao Shen was still unconvinced, "what does my fear of rats have to do with me wanting to marry Qiao Yun? Could it be that he could marry her just because he was not afraid of rats? Besides, even if I'm not afraid of rats anymore, will you let me marry Qiao Yun?"

Qiao Rui punched him hard and said, "Little brat, don't tell me this! Hurry up and go back to your room to pack your things. We'll take a plane and leave this place immediately tomorrow!"

"What about Qiao Yun? Are we just going to leave her here? And you, aren't you coming with me?"

"You don't have to worry about my business, just mind your own business!" Qiao Rui reprimanded loudly, "and that Qiao Yun. You can't even save yourself now. Why do you still care about her? " Who's more important, you or her?"

She didn't wait for Qiao Shen's reply and went straight back into the house.

Qiao Shen stood there in a daze for a while, then sighed heavily and went back to his room to pack his things.

After they left, Chang Kai said in horror, "Qiao Rui and Qiao Shen are in cahoots? They actually know that Qiao Yun isn't dead?"

Jiang Yu had never expected things to turn out this way.

Was Qiao Rui really Qiao Yun's mother? What was the relationship between Qiao Shen and Qiao Rui?

Why did this matter develop to this point, and become so chaotic?

However, Jiang Yu quickly calmed down and said to Chang Kai, "We need to leave this place. We'll talk about this after we get back."

"Alright," he said.

As they spoke, the two of them came out from behind the grape trellis, planning to leave this place. However, Jiang Yu felt as if she was not stepping on solid ground but something else.

She looked around in confusion and realized that she was standing on a wooden board. Upon closer inspection, Jiang Yu realized that it was the entrance to a cellar.

Chang Kai had already climbed to the top of the wall. He turned around and said to Jiang Yu, "Jiang Yu, hurry up and come up! Quick, I'll give you a hand!"

"Wait a moment!" Jiang Yu called out to Chang Kai, "there's a cellar here!"

"Underground cellar?" Chang Kai was stunned and quickly came down from the wall. He asked, "What cellar?"

Jiang Yu quickly pointed at the cellar under her feet and said, "This is it, and it's locked."

Chang Kai thought for a while and guessed, "it should be something like storing wine, right? After all, the Qiao family is a big family. It's normal for them to have their own cellar."

"If it really is a place to store wine, why would there be two locks?" Jiang Yu retorted, "and you want to hide it under the grape trellis? If I didn't step on this place, I'm afraid I would never know that there's a cellar here."

After Jiang Yu said that, Chang Kai also noticed the abnormality of the cellar.

"Then this cellar ... Is there something that you can't let others see?" Chang Kai asked.

"If it's not the innocent people in the Qiao family, it's probably Qiao Yun," Jiang Yu guessed.

But no matter which possibility it was, this cellar must be hiding Qiao Rui and Qiao Shen's Secret.

"Let's leave this place first, and then think of a way to come in." Jiang Yu said, "we don't have the key. No matter how long we stay here, it's a waste of time."

"Yes."

Chang Kai quickly climbed over the wall and pulled Jiang Yu out with him.

"Let's go," he said. Chang Kai pulled Jiang Yu and jogged out.

Chang Kai only stopped when he was on the road. He panted and said to Jiang Yu, "the Qiao family is too scary. If we didn't come today, I'm afraid we wouldn't have found out about this."

"We've thought of things too simply." Jiang Yu muttered.

[Chapter 1253 Caught In The Act](#)

"What we can be sure of now is that Qiao Shen and Qiao Rui are in cahoots. As long as we bring our men here immediately, even if we can't catch Qiao Shen, we can at least catch Qiao Rui." Jiang Yu said to Chang Kai, "there's also the basement. If Qiao Rui refuses to hand over the key, we'll get someone to force the door open."

Jiang Yu's thoughts were exactly the same as Chang Kai's, so he immediately called his colleague and asked him to quickly bring people over.

"It's an urgent matter. Please come here immediately! If you're a minute late, the murderer might have escaped!" Chang Kai sounded very anxious.

"We'll wait here. If Qiao Shen comes out early, one of us will follow him." As Jiang Yu spoke, she pulled Chang Kai to hide behind the tree.

When Chang Kai saw Jiang Yu's stance, he could not help but feel that Jiang Yu was really a female warrior. Even a man like him would be afraid and careful when it came to such things, but Jiang Yu had always been so brave and forward.

Not long after, Jiang Yu and Chang Kai arrived. However, it was not Chang Kai's colleague, but Qiao Shen, who was dragging a large suitcase.

"Isn't the flight tomorrow? Why are you out now?" Chang Kai was shocked. "Could it be that they changed their signing? You want to leave now?"

"I'm not sure," Jiang Yu stared at Qiao Shen. "How about this? you wait here to pick up your colleagues while I follow Qiao Shen."

"I'll go." Chang Kai stopped Jiang Yu. "If they find out, I can still fight against Qiao Shen. Maybe I can even bring him back. You wait here, at least Qiao Rui is a woman."

Jiang Yu did not refuse and immediately nodded. "Alright, be careful on the road."

Chang Kai followed behind Qiao Shen under the cover of the trees. Qiao Shen didn't call for a taxi. Instead, he dragged his suitcase and left. The suitcase looked heavy and there seemed to be a lot of things inside.

Jiang Yu had been waiting at the entrance. Ten minutes later, five or six people came over on their bikes.

The leader of the group saw Jiang Yu and immediately got out of the car to greet her. "Hello, are you miss Jiang Yu? I'm Chang Kai's colleague, my name is Wang Jun, you can call me brother Wang."

Jiang Yu had an impression of Wang Jun. He had gone on a mission with Chang Kai before.

She looked at the people behind him and asked, "You didn't drive here?"

Wang Jun explained, "I was afraid that the police sirens would scare the criminals and cause them to react to it. That's why I didn't drive." There were a lot of people, so I didn't have time to call a taxi, so I simply rode a bicycle here."

"Yes." Jiang Yu nodded roughly and brought them to the Qiao family's residence.

"There's only one person in the Qiao family now," Jiang Yu said as she led the way. "Chang Kai should have told you about the human-making experiment. There's someone in the Qiao family who's related to this experiment."

As she spoke, Jiang Yu brought them into the Qiao family's residence, only to find that the door was wide open.

"What's going on?" Jiang Yu quickly rushed into the house and looked around, but she did not see anyone."

"He ran away?" Wang Jun asked.

Jiang Yu frowned and suddenly remembered the cellar under the grape trellis in the backyard. She quickly ran over and shouted, "everyone, come here. There's a cellar here!"

Wang Jun and the rest followed Jiang Yu to the backyard and found an obvious cellar entrance.

The weeds on it had already been cleaned up, and the two locks had been opened.

"Hurry up! Open this door!" Wang Jun quickly called his men to open the door.

The cellar wasn't deep, and they would reach flat ground after a few steps. Jiang Yu and the others kept walking forward and soon saw a familiar person in the deepest part of the forest-Qiao Rui.

"What are you doing here?" Jiang Yu asked.

Qiao Rui didn't seem to expect someone to appear here. She was so scared that she dropped the things in her hands.

Jiang Yu took a closer look and saw that Qiao Rui had dropped a gun.

"You ... Why are you here?!" Qiao Rui shouted and quickly picked up the gun on the ground. She then pointed the gun at the people in front of her.

"Don't get too excited!" Wang Jun was worried that she would shoot and hurt people in her emotional state, so he quickly stood in front of everyone.

"Don't come any closer, or I'll shoot!" Qiao Rui shouted and pulled the trigger.

However, Jiang Yu stood up and blocked Wang Jun's way. She said to Qiao Rui, "Your gun is out of bullets, so I advise you to surrender."

Qiao Rui's expression changed and she stuttered, "You, you? How did you know?"

"The magazine in your gun is transparent," Jiang Yu said. "It fell to the ground just now. I saw it."

[Chapter 1254 The Person In The Box](#)

The expression on Qiao Rui's face was very interesting, it was green for a moment and then white for a moment.

"What are you doing here?" Jiang Yu asked. "What was this cellar for? What about the rest of the Qiao family? And Qiao Yun, where did you and Qiao Shen lock her up?"

Qiao Rui was stunned and looked at Jiang Yu in disbelief. "You knew about it?"

"I know." Jiang Yu stared at her and said, "don't do it if you don't want anyone to know. Haven't you heard of this before?"

Qiao Rui laughed at herself and said, "Didn't I tell you? The Qiao family is moving away, so they have already bought tickets. Those who need to take the plane will take the plane, and those who need to take the train will take the train."

Such an excuse did not seem to match what sister Xia had said.

"Didn't you say that you were going to fight for the Qiao family's property?" Jiang Yu asked.

"Fight for what?" Qiao Rui laughed out loud. "I'm about to lose my life, who would care about my assets? Qiao Yun's death caused them to panic, so they all rushed to leave."

"... Does that mean that Qiao Yun's death was all planned by you and Qiao Shen? It's not related to the rest of the Qiao family, is it?" Jiang Yu questioned coldly.

Qiao Rui replied indifferently, "you can think so, but who doesn't want Qiao Yun to die? As long as she was dead, the assets that belonged to her would belong to someone else. Qiao Shen and I are helping them, they should be grateful to us."

"She's not my daughter!" Qiao Rui also shouted back, "Qiao Shen is my son! The entire Qiao family only had one descendant, and that was Qiao Shen! Qiao Yun is just a child that I brought back from the orphanage!"

"Qiao Yun is your daughter!" how can you be so cruel?! Jiang Yu shouted.

"She's not my daughter!" Qiao Rui also shouted back, "Qiao Shen is my son! The entire Qiao family only had one descendant, and that was Qiao Shen! Qiao Yun is just a child that I brought back from the orphanage! If my brother didn't go too far back then and insisted on taking Qiao Shen away as his son, I wouldn't have to adopt a child!"

At this point, Jiang Yu already knew the ins and outs of the matter.

Qiao Shen liked Qiao Yun because he already knew that she was adopted.

Qiao Rui seemed to know that she had no way out. Her legs went soft and she fell to the ground.

Jiang Yuhuan looked around and found that the walls were covered with iron chains and a few thick nails. They looked like they were used to lock people up. However, other than them, there was no one else here. Qiao Yun was not here either.

"If that's the case, where is Qiao Yun?" Jiang Yu questioned Qiao Rui.

"If she's not here, who do you think will take her out?" Qiao Rui sneered.

Jiang Yu quickly searched her mind and her memory suddenly stopped at the big suitcase that Qiao Shen was carrying.

"Qiao Shen!" Jiang Yu called out the name and quickly contacted Chang Kai.

Instead of calling Chang Kai, she sent him a message, asking him to turn on the positioning system in his phone.

Fortunately, Chang Kai received the message and turned on the positioning system. Jiang Yu quickly located Chang Kai and Qiao Shen's current location based on the location of his mobile phone.

"I know where Qiao Yun is. Please come with me now!" Jiang Yu said to Wang Jun.

"Take Qiao Rui to the police station!" Wang Jun said to the others.

He followed Jiang Yu to look for her.

Chang Kai finally stopped at a hotel. It seemed that Qiao Shen was planning to rest there for the night.

Wang Jun and Jiang Yu found Chang Kai based on the location and found him squatting in the corner of the hotel's entrance.

"How is it?" Jiang Yu quickly ran over and asked, "Qiao Shen didn't notice you, right?"

Chang Kai shook his head. "I don't think so. Qiao Shen went in with his luggage and hasn't come out yet. He probably plans to rest here."

"There's someone in Qiao Shen's suitcase. It's Qiao Yun!" Jiang Yu said to Chang Kai, "we're going in to save her now!"

"Ah? Are you sure?" Chang Kai said in surprise, "that box is indeed very big, but it's still a little difficult to fit a person in, right? If there's no one inside, then this is a big misunderstanding."

"You have to believe me!" Jiang Yu urged.

Seeing how anxious and determined Jiang Yu was, Chang Kai decided to trust her and go in with Wang Jun to find her. The two of them were police officers, and as long as they showed their police badges, it would be easy for them to find anyone.

Qiao Shen's room was the first one on the third floor. When he heard someone knocking on the door, he went to open the door. "I already said don't come ..."

Jiang Yu, who was outside the door, rushed in without a word. After finding the big suitcase, she quickly opened it.

As expected, there was a person curled up inside. It was Qiao Yun!

[Chapter 1255 Sent To The Hospital](#)

Seeing that his secret had been discovered, Qiao Shen suddenly panicked and shouted, "What are you guys doing? Do you know that this is harassment? I'll call the police!"

"Shut up, you stinky brat!" Chang Kai threw Qiao Shen over his shoulder and subdued him. "We're the police. If you have anything to say, come with us to the police station!"

"Argh!" Qiao Shen shouted in pain.

Jiang Yu checked Qiao Yun's injuries carefully and then shouted to Chang Kai and Wang Jun, "Ambulance! Call the ambulance, Qiao Yun can't hold on much longer!"

Chang Kai was about to make a call when Qiao Shen, who had fallen to the ground, shouted like a madman, "Don't touch her! You bastards, don't touch Qiao Yun! She's mine, mine and mine alone!"

As he shouted, he wriggled his body frantically to break free from Wang Jun's grasp. Then, he quickly ran to Qiao Yun's side and pushed Jiang Yu to the ground.

"What are you doing?" Jiang Yu chided Qiao Shen. "Don't you know that she's going to die soon? You even brought her out like this?"

"You're talking nonsense! Nonsense!" Qiao Shen held Qiao Yun in his arms, not allowing anyone to get close to him.

"Quickly let go. Otherwise, Qiao Yun will really be beyond saving!" Jiang Yu advised, "you can't bear to see Qiao Yun leave this world just like that, can you? Didn't you still want to marry her?"

"As long as you guys aren't here, I can marry her." Qiao Shen said matter-of-factly, "if it wasn't for you guys, we might have already gotten married."

"Crazy ... You're really crazy!" Jiang Yu's tone was really angry, but the situation could not be delayed any longer. If this continued, Qiao Yun might really be beyond saving.

Hence, she took out her phone and called for an ambulance.

However, even when the ambulance arrived, Qiao Shen was still unwilling to let go. He even wanted to jump out of the window with Qiao Yun in his arms.

"Are you crazy?" Jiang Yu shouted. "This is the third floor. If you jump down, you'll be crippled. If Qiao Yun jumps down, she'll die!"

"I don't care! All of you, get lost!" Qiao Shen walked to the window step by step. "If you don't leave, I'll jump down from here. Don't think of getting out of this alive!"

"Damn it, I'm really convinced." Jiang Yu cursed in a low voice, "this is the first time I've seen such a lunatic in my life. How did Qiao Rui give birth to such a brainless son?"

The doctors also stood at the door, feeling helpless.

the person in his arms is about to die, "one of the doctors said. if we don't do something, I'm afraid it'll be too late."

But no one could get close to Qiao Shen.

Chang Kai and Wang Jun were also very impatient. this madman, his brain is really not normal. Does he have some mental illness? "

Jiang Yu's eyes were fixed on Qiao Shen, trying to find a chance to take Qiao Yun back from him.

Fortunately, Jiang Yu had put silver needles in her bag before she went out today just in case. Now, they could be put to use. She secretly took out two, then walked closer to Qiao Shen step by step and whispered, "Qiao Shen, how about this, I'll make a deal with you, how about it?"

"What deal?" Qiao Shen looked at Jiang Yu, but he had no intention of letting go.

"This deal is simple. Come closer and I'll tell you." Jiang Yu waved at him.

However, Qiao Shen didn't get that close. Instead, he took a step back alertly and asked, "Are you trying to snatch Qiao Yun away? I'm telling you, it's impossible!"

His mental state was getting worse and worse, and Qiao Yun was also getting more and more dangerous. Jiang Yu could not delay any longer. Hence, she took a step forward and said as she walked, "This is the secret that Qiao Yun wanted me to tell you!"

"What secret?" Qiao Shen was attracted.

"It's just ..." Jiang Yu spoke and took advantage of the moment when Qiao Shen let his guard down to stab the silver needle in her hand into the acupuncture point on Qiao Shen's neck.

"Ah!" After Qiao Shen screamed, he fell limply to the ground.

Jiang Yu caught Qiao Yun and said to the doctor at the door, "Come quickly! Send her to the hospital!"

Qiao Yun was then successfully sent to the hospital, but because Qiao Shen took too long, he missed the best time to save her. Therefore, whether Qiao Yun would be safe and sound was still an unknown.

"He really is a bastard." Jiang Yu looked at Qiao Shen and couldn't help but scold, "You like Qiao Yun but you won't let anyone save her? You really are a shameless bastard."

Qiao Shen didn't have any strength and couldn't even speak. He could only look at Jiang Yu fiercely and exhale at her.

Chang Kai and Wang Jun also brought Qiao Shen back to the police station.

[Chapter 1256 Cannot Be Saved](#)

Qiao Shen and Qiao Rui were locked together, the mother and son hugging each other tightly.

When Qiao Rui found that Qiao Shen couldn't move, she thought that Chang Kai and the others had done something to him. She couldn't help but curse, "you bunch of bastards, are you even fit to be a police officer?"

"Something that's not human! What about Jiang Yu? Did you call Jiang Yu out because she asked you to do this?" Qiao Rui shouted madly, "hurry up and get her out!"

"Stop shouting. At least we're more like a human than you." Chang Kai said.

"You animal! What about Jiang Yu? Did you call Jiang Yu out because she asked you to do this?" Qiao Rui shouted madly, "hurry up and get her out! Apologize to my son!"

Jiang Yu came in from the door and looked at Qiao Rui calmly, saying, "You, as his mother, know very well what your son has done. I don't need to tell you what will happen to him. This is already the lightest punishment for him."

"But you can't use private punishment!" Qiao Rui's eyes were red with anger and she was about to cry.

"Don't frame us. We didn't do anything." Jiang Yu said, "I only pricked his acupuncture points so that he can't move for a while. He'll be fine after a while."

Qiao Rui looked at Qiao Shen in her arms doubtfully.

"It's true, " Jiang Yu said helplessly. I don't have to lie to you anymore.

Only then did Qiao Rui relax a little.

However, Jiang Yu's eyes turned cold and she said, "As for the two of you, your crimes are very serious. Imprisonment and intentional murder, do you know what the sentence is?"

"We didn't kill anyone!" Qiao Rui shouted, "that's not even a human, it's just a cyborg! Besides, if she didn't have any thoughts of resisting, she wouldn't have died, right? How can you blame us?"

"Cyborgs are still humans!" Jiang Yu said, "it's obviously a living person who underwent plastic surgery and then put a chip in his brain. How is he not human?"

"You can't blame us for that!" Qiao Rui couldn't help but cry. "Besides, we're definitely not the only ones who bought the cyborgs. Why do you have to keep an eye on us? Could it be that the Qiao family has some sort of grudge with you?"

Qiao Shen had also regained some of his strength at this time. He shouted in a trembling voice, "Mom ..."

Qiao Rui could not help but cry even louder.

Jiang Yu's head hurt from her crying. Just as she was about to speak, Wang Jun came in from outside and said, "the hospital just called. They said that Qiao Yun can't be saved anymore and they want us to contact her family."

"There's no hope at all?" Jiang Yu asked unwillingly, "did you try harder?"

"I've tried," Wang Jun said helplessly. "The doctor said that we've used the most advanced equipment, but there's really no other way."

When Qiao Shen heard the news, he was in a daze and kept shouting, "Qiao Yun, Qiao Yun ..."

"You still have the nerve to shout?" Jiang Yu got angry the moment she heard his voice. "If it wasn't for you, Qiao Yun might still be alive!"

Jiang Yu sighed. "I'll go to the hospital with you," she said to Wang Jun. "Just say that I'm her family."

"Yes, I am. Chang Kai, I'll leave this place to you." Wang Jun said.

Wang Jun brought Jiang Yu to the hospital where the doctor was already waiting for Qiao Yun's family to sign the papers.

"Doctor, is there really no other way?" Jiang Yu walked over and asked.

"Really," the doctor said, feeling a little troubled. "That person had been dragging the time and had long missed the best time for emergency treatment. I've already used the most advanced equipment in our hospital, but there's nothing I can do. So, it's better for the family members to sign here and prepare for the funeral."

Jiang Yu could only say that she was Qiao Yun's sister and sign the document.

"Can I go in and see her?" Jiang Yu asked after she had signed the form.

The doctor didn't say anything and only nodded.

Jiang Yu and Wang Jun rushed into the ward. Qiao Yun was lying on the bed with her eyes closed and her lips pale.

The device beside her showed that there were not many fluctuations in her electrocardiogram. It seemed that everything was telling her that Qiao Yun really had no way of living.

"She's a good girl." Jiang Yu's eyes turned red. "When I saw the photo of the summer camp, she smiled very happily. He's also on good terms with his friends around him. A good person shouldn't just leave like this."

Wang Jun did not know what to say. He could only pat Jiang Yu's shoulder gently and comfort her, "Everyone has their own fate."

Jiang Yu stared at the electrocardiogram for a few more seconds before finally taking out the remaining silver needles from her bag.

Wang Jun knew that those were needles used for acupuncture, so he could guess what Jiang Yu was thinking-she wanted to try to save Qiao Yun.

"Jiang Yu, wait a moment!" Wang Jun quickly stopped Jiang Yu.

[Chapter 1257 Another Miracle](#)

"What's wrong?" Jiang Yu turned around and looked at Wang Jun in surprise. "It's a critical time to save people now!"

Wang Jun said, "but the doctors have already used the most advanced equipment and said that Qiao Yun has no hope. I'm afraid you can't save him with just the silver needles in your hand, right?"

"Brother Wang, you have to believe me." Jiang Yu said, "as long as there's a chance, we can't give up."

"This ..." Wang Jun was also a little hesitant.

Although the doctor had also said that Qiao Yun could not be saved, he was worried that the hospital would push the blame to Jiang Yu if she were to make a move. They would say that it was her rash move that caused Qiao Yun to be unable to be saved.

"Brother Wang, just believe me!" As Jiang Yu spoke, she raised her hand and was about to apply the acupuncture.

If this dragged on, Qiao Yun might not be able to be saved!

However, just as Jiang Yu was about to insert the needle, someone grabbed her wrist and shouted, "Stop!"

The person who stopped her was an old man with half a head of white hair. The anger on his face had not dissipated. He frowned and looked at Jiang Yu, questioning, "Do you know what you're doing?"

"I'm trying to save someone! If we continue to delay, she might really be beyond saving!" Jiang Yu explained anxiously.

"Nonsense! Are you a doctor?" The old man's eyes widened in anger. "You're not a doctor. How do you know how to save people?!"

"But I ..." Jiang Yu hurriedly tried to defend herself.

However, the person behind the old man said, "Aren't you the patient's family member? This is our hospital's most authoritative professor. You'd better stop your nonsense."

The person who spoke was Qiao Yun's chief surgeon. Although he said that there was no way to save Qiao Yun, he was not willing to see a life disappear. Therefore, he decided to invite the most authoritative professor in the hospital to take a look. If the professor also said that there was no cure, he would really give up on Qiao Yun.

"I'm not messing around!" Jiang Yu said, "okay, I can take a step back now. Please take a look at Qiao Yun."

As she spoke, she automatically retreated to Wang Jun's side.

The old professor didn't argue with her. He first examined Qiao Yun carefully, then sighed and shook his head, "Forget it, there's no hope. She must have lived in the enclosed space for too long and no one was taking care of her, so her wounds had festered. Even if she's saved now, she won't be able to last more than a week, and she'll still have to suffer in pain while she's conscious."

"Al." The chief surgeon also sighed and said to Jiang Yu, "Family member, I'm sorry. I've already thought of many ways, but this time, I really have no way."

".. I know, thank you." Jiang Yu lowered her head and walked to Qiao Yun's side.

Then, while everyone was unprepared, she raised the silver needle in her hand and quickly inserted it into the acupuncture point on Qiao Yun's face.

"Ah! What are you doing!" The old professor shouted, "I already said it can't be cured. Why are you still so stubborn?! Aiya!"

Even though the old professor said so, the silver needle had already been inserted into the acupuncture point on Qiao Yun's face. If it was pulled out rashly, it might cause a situation of massive bleeding.

"You ... Aiya!" The old professor shook his hand helplessly and said, "the consequences of this matter will be borne by your family members! I already said that this is not allowed!"

"I know." Jiang Yu responded calmly.

The old professor didn't intend to stay here any longer. The patient wouldn't wake up anyway.

However, when he turned around and was about to leave, he heard the person on the bed cough.

"What?" The old professor was dumbfounded. He looked at Qiao Yun in disbelief. "She's really awake?"

Qiao Yun furrowed her brows and her lips were chapped. She tried her best to open her eyes and shouted in a hoarse voice, "Water, water ... I want to drink water ..."

Jiang Yu quickly poured a glass of water, carefully dipped a bamboo stick on the table in the water, and applied it on Qiao Yun's lips. As she had just woken up, there were still remnants of the drug in her body, so she couldn't drink water for the time being.

The old professor quickly walked over and stared at Qiao Yun.

The people around them were also shocked. They could not believe that Jiang Yu could bring Qiao Yun back to life with just a few silver needles.

"This, this is a miracle!" The old professor was so excited that his face turned red. "I thought she was beyond saving. I didn't expect there to be a way to wake her up!"

But the chief surgeon was not convinced and said, "What kind of miracle is this? I'm afraid it's just the final radiance of the setting sun."

[Chapter 1258 Temporary Memory Loss](#)

His words were strange, but the nurse behind him still echoed him.

"Even our hospital's advanced equipment couldn't save this patient. How can he be cured with just a few silver needles?" The young nurse said, "I think it's most likely just a momentary recovery of consciousness before death."

The old professor carefully examined Qiao Yun's physical condition and discovered that her body was gradually returning to normal.

So, he scolded the nurse loudly, "Don't talk nonsense! The patient's bodily functions are already recovering. This isn't the final radiance of the setting Sun!"

As he spoke, he looked at Jiang Yu and asked, "Family member, are you a Chinese medicine practitioner?"

"No. I'm a performer," Jiang Yu answered honestly. "As for acupuncture, I learned it by myself in my spare time."

"Self-study!" The old professor was shocked. "I didn't expect you to have such an achievement by self-study!"

The chief surgeon was even more indignant. He sneered and said, "How good can self-taught acupuncture be? Professor, this isn't a miracle at all, this is the final radiance before death! Even the recovery of the patient's bodily functions would probably be temporary. Don't be fooled by her little tricks!"

"Doctor, what are you saying?" Wang Jun couldn't stand it anymore and stood up for Jiang Yu.
"Shouldn't you be happy that someone your hospital couldn't cure has been cured?"

"What are you happy about?" The nurse said disdainfully, "if you really want to be happy, you have to wait until the patient is completely cured. If it's just a momentary recovery, what's there to be happy about?"

"Why are you guys so unreasonable?" Wang Jun frowned.

"You ..." The young nurse wanted to refute, but Jiang Yu's words suddenly rang out.

"Qiao Yun! Are you alright?" Jiang Yu asked carefully, "do you feel uncomfortable anywhere?"

Qiao Yun stared blankly at the ceiling and only asked after a long time, "Who's Qiao Yun?"

"Huh?" Jiang Yu was stunned. "You're Qiao Yun?"

"I'm not?" Qiao Yun was a little anxious, but Jiang Yu's Silver needle was still on her face. Therefore, her face would hurt whenever she did intense exercise.

Moreover, because Jiang Yu had only activated the acupuncture points on Qiao Yun's face, the area below her neck was still very stiff. She still needed to continue to activate the acupuncture points.

"It hurts!" Qiao Yun shouted, "hurry and save me! My face hurts!"

After the silver needles were removed, the pain on Qiao Yun's face lessened. She tried her best to look around and asked, "Is this the hospital? There was the smell of disinfectant. Who are you guys?"

"Don't move!" Jiang Yu quickly held Qiao Yun down and then gently removed the silver needles from her face. "How do you feel now?"

After the silver needles were removed, the pain on Qiao Yun's face lessened. She tried her best to look around and asked, "Is this the hospital? There was the smell of disinfectant. Who are you guys? I don't know you, but do you know me?"

"What's wrong with her?" Wang Jun was very surprised. "How come you don't even recognize yourself? Did he lose his memory?"

The old professor looked at it for a while and explained, "I'm afraid it's temporary traumatic memory loss. She's unwilling to face her past, so she chose to forget it, including her name."

The chief surgeon at the side smiled and said, "I told you, self-taught acupuncture can't save people! How can we save the patient when the patient's memory is gone?"

"Shut up!" The old professor stopped him. "Traumatic memory loss is a very common illness. Even if the patient was saved by the hospital's equipment today, he would still be in this state!"

The chief surgeon was reprimanded and was very unconvinced. He said, "If her acupuncture is really that good, then I'll let her treat this patient!"

With that, he flicked his sleeves and left.

Seeing this, the nurse quickly followed behind him and left.

"What's going on with this doctor and nurse?" Wang Jun was baffled. The patient is saved. Shouldn't they be happy? What are they being so weird about?"

"Because I saved the person he couldn't." Jiang Yu said, "that's why I'm not convinced."

"It's really baffling." Wang Jun said.

The old professor's attention was completely focused on Qiao Yun's body. As he examined her, he praised, "This family member, your acupuncture is really amazing! I didn't expect you to have such medical skills at such a young age! He's a genius in the medical world!"

"You're overpraising me," Jiang Yu said humbly, "but since Qiao Yun has woken up, I'll need your help with other things. We still have other things to do. I'll leave you my contact information, and I hope you'll contact us in the future."

"Alright, leave the rest to me." The old professor said.

Jiang Yu and Wang Jun left the hospital.

On the way back to the police station, Wang Jun said, "since it's a temporary memory loss, she should be able to remember it soon, right?"

"Not necessarily," Jiang Yu sighed and said, "it's said to be temporary, but it means that there's a possibility of curing this illness. As long as Qiao Yun was willing to face the past, she would be able to recall those memories. However, if Qiao Yun is unwilling to face the past, then she might never remember it."

"Sigh ... I don't know what kind of suffering she has suffered in the Qiao family." Wang Jun felt that it was not worth it for Qiao Yun. "I can only hope that she can face her past and recover soon."

The two of them returned to the police station. Qiao Rui and Qiao Shen were still hugging each other tightly, as if they would never be separated.

"Stop hugging me. I'm going to bring you to the interrogation room now." A police officer walked over and said to Qiao Rui, "Your son is still injured, so you go first."

Qiao Rui refused to go, so a few police officers came over and took her away.

"Mom!" Qiao Shen shouted, but his legs were weak and he could only watch as Qiao Rui was taken away.

After Qiao Rui was taken away, Qiao Shen was the only one left in the cell. He was timid and afraid of the dark. At this time, in this dark cell, he was so afraid that he could only hold himself tightly.

Jiang Yu walked over and gently patted Qiao Shen's shoulder.

"Ah!" Qiao Shen was shocked. When he looked up and saw that it was Jiang Yu, he heaved a sigh of relief and said, "So it's you, you scared me. By the way, did you take Qiao Yun away? How is she now?"

"I've saved him." Jiang Yu said, " but she lost her memory."

"Amnesia?" Qiao Shen was stunned. "That means she doesn't remember me now?"

"I, I ... I didn't want this to happen! If she had agreed to marry me from the start, all these wouldn't have happened!" Qiao Shen broke down and shouted, "I really didn't do it on purpose!"

"Yes, not only you, but also her." Jiang Yu stared at Qiao Shen. "All of this is because of you. If you hadn't imprisoned her, she wouldn't have suffered so many injuries and lost her memory. Qiao Shen, you've let her down."

"I, I ... I didn't want this to happen! If she had agreed to marry me from the start, all these wouldn't have happened!" Qiao Shen broke down and shouted, "I really didn't do it on purpose! I just want to marry her!"

As he spoke, Qiao Shen buried his head in his knees and cried bitterly.

Jiang Yu got up and said to Wang Jun, "I'll leave the matters here to you. I still have some matters to attend to at the company. I'll go back first. If there's anything else, just contact me."

"Alright," he said. Wang Jun nodded.

He looked at Qiao Shen in front of him and didn't know what to say. It could only be said that this person was timid and a little perverted.

Jiang Yu returned to the company. As soon as she left the police station, she met a man in a suit.

The man turned a blind eye to her and walked straight inside.

Jiang Yu didn't feel that anything was wrong at first and went straight out the door. However, after she left the room, she heard the two police officers at the door discussing, "This person is really rude."

"That's right, he's asking for directions with this attitude? No wonder they're here to visit Qiao Shen. I think they're all the same."

When she heard the name 'Qiao Shen', Jiang Yu stopped in her tracks and asked, "sorry to interrupt, who were you talking about?"

One of the police officers recognized Jiang Yu and said, "Miss Jiang Yu, did you see the man in the suit who just entered the door? He said he came to visit the prison to see Qiao Shen and even asked us for directions. In the end, his attitude was so arrogant. Not only did he not say 'thank you', but he also looked down on people with his nose in the air!"

Jiang Yu's attention was focused on the sentence 'Qiao Shen was the one looking'. She asked in confusion, "Visiting Qiao Shen in prison?"

"Yeah," The two police officers were also very confused. "Didn't they say that the Qiao family had moved away? Why is there someone here to visit? I really didn't expect that someone like Qiao Shen would miss him in prison."

"No... It doesn't seem right." Jiang Yu felt that something was amiss.

She suddenly thought of something and ran back, shouting, "Wait a minute! Don't let that visiting person in! Otherwise, Qiao Shen will be in danger!"

Wang Jun saw how anxious Jiang Yu was and could not help but ask, "What's wrong? what happened?"

"Ask that prisoner to come out!" Jiang Yu panted and said, "Qiao Shen is in danger! The people from the Qiao family had already left, so no one should have come over! If someone is coming, it must be someone related to the human-making experiment!"

[Chapter 1260 Horror On The Street](#)

When Wang Jun heard this, he was shocked and quickly opened the cell where Qiao Shen was locked up. The people inside were still there. When they saw Wang Jun and Jiang Yu standing at the door, they got up and dusted off the non-existent dust, putting on the appearance of someone from the upper class.

"Who are you?" Jiang Yu stared at him. "What's your purpose in looking for Qiao Shen?"

The man looked at Jiang Yu with a smile and said, "Lady, this is not something you should care about."

As he spoke, he walked towards the door and said, "Alright, I've seen the person I wanted to see, so I'll be going back first. If you have something to do, then go do it. There's no need to stay here to guard me."

The man paused, and his eyes immediately lit up. He looked at Jiang Yu as if he had seen a rare treasure. "Lady, so you know about this experiment? Hey, aren't you afraid?"

"Stop!" Jiang Yu stopped him and said bluntly, "You're from the human-making experimental team, right?"

The man paused, and his eyes immediately lit up. He looked at Jiang Yu as if he had seen a rare treasure. "Lady, so you know about this experiment? Hey, aren't you afraid? Any ordinary girl would be so scared that they would cry!"

"Shut up! I'm the one asking you the questions!" Jiang Yu glared at him and said, "answer my question!"

"Madam, if you say that without any evidence, I can sue you for slander." There was no panic on the man's face. "If you really don't believe me, you can ask Qiao Shen. He definitely knows, and he's in your hands now. If you really want to know, why don't you just ask him?"

Jiang Yu glanced at Qiao Shen and said, "how would I know if he's telling the truth?"

When the man heard that, he smiled even more happily and said, "At a time like this, he shouldn't have any reason to lie to you, right?"

Wang Jun went in to check on Qiao Shen. However, she realized that his eyes were tightly shut and he had long lost his vitality.

"Qiao Shen! Qiao Shen's dead!" Wang Jun shouted, "hurry up and capture this man!"

"Aiya, I've been discovered." The man revealed a distressed expression and shouted as he ran back, "miss Jiang Yu, we'll definitely have the chance to meet again in the future!"

After that, he quickly rushed out of the police station.

"Chase! Don't let him get away!" At Wang Jun's command, the police moved out.

Jiang Yu was stunned on the spot.

What was going on? How did he know her?

Wang Jun instructed Jiang Yu. Jiang Yu, you stay here first. I'll send you back after we've caught the person.

With that, Wang Jun also went out to arrest them.

Jiang Yu glanced at Qiao Shen, who was no longer breathing, and suddenly started to worry about Mo Long.

At this moment, she couldn't care less and quickly gave Mo Long a call.

The call was quickly picked up, and Mo Long's voice came through. "Yu'er?"

He sounded tired, probably because he hadn't had a good rest in the past few days.

Jiang Yu tried her best to control her emotions and asked, "Where are you now? Is it convenient for you to speak?"

Mo Long said, "it's alright. You can speak. My phone has an encryption system, no one can eavesdrop on our conversation."

"Alright," he said. Jiang Yu said, telling Mo Long about what had just happened.

"Qiao Shen is dead?" Mo Long frowned. "That gang is planning to silence us? But Qiao Shen was just a small chess piece. You went through so much trouble to kill him and even caused yourself to show your face in front of so many people. Isn't that a little too big?"

"I don't know, but since there was this one time, there will be a next time. I'm really worried about you now that you're in Qingcheng." Jiang Yu's tone was very anxious. "You must not let the bodyguards stay more than five meters away from you."

"Yes, I know ..." Before Mo Long could finish his sentence, a shrill scream came from nearby.

Jiang Yu also heard it and her heart immediately clenched. She quickly asked, "What happened?"

Mo Long quickly walked over and saw a headless man lying on the ground, surrounded by a large pool of blood.

"There was an explosion on the street," he said in a deep voice.

"Another explosion on the street?" Jiang Yu felt even more uneasy. "Go back first. Don't stay there. The police will take care of it. Since that group of people created your cyborgs, that means you're also one of their targets."

"Okay, I'll be careful." Mo Long said as he quickly left the crowd.

His place in Qingcheng was rather remote, and he had to walk through many alleys to get there. Even if someone was following him, they would lose him in such an intersecting alley.

He had been on the phone with Jiang Yu and returned to his residence in the shortest time possible.

"I'm home," Mo Long said.

"It's good that no one is following you." Only then did Jiang Yu feel a little more at ease. "There's also Qiao Yun. She should be the witness. It's a pity that she has lost her memory."
