

Older Man 1321

Chapter 1321 Who Is The Fiancée?

“It’s convenient for me,” Mo Long quickly said. “If you need anything, come in.”

“Alright, I’ll come in then.” Chu Jie opened the door and walked in with the porridge.

Jiang Rou watched this scene from behind and couldn’t help but frown. Chu Jie was a rich missy. How did she become like Mo Long’s nanny? how embarrassing.

After saying this, Jiang Rou left, not paying any attention to Xu Yang who was behind her.

“This woman is really arrogant and despotic!” Shi Li couldn’t help but say, “Xu Yang, you have such a good personality. She already said that, but you’re actually not angry with her.”

“Didn’t you hear what she just said?” Xu Yang frowned. “She said that old master Chu is her second grandfather. That means she has a high status in the Chu family. If we start a fight with her, President Mo will be the one in a difficult position.”

“Hmph,” he snorted. Shi Li lowered his head unwillingly. “Chu Jie looks pretty good. How can she have a sister like this?”

“This isn’t something we should be concerned about,” Xu Yang said. In fact, he didn’t have a good impression of Jiang Rou.

He didn’t know why she had suddenly come to the Chu family today.

After Jiang Rou left Xu Yang’s room, she didn’t leave the Chu family. Instead, she went to old master Chu’s study.

“Jiang Rou, you’re here.” When old master Chu saw Jiang Rou, he smiled so widely that his face was full of wrinkles.

“Second Grandpa, I was just thinking that I haven’t seen you in a long time. That’s why I’m here to visit you and Chu Jie.” Jiang Rou said with a smile. Her attitude was completely different from when she was talking to Xu Yang.

“It’s hard for you to still remember this old man.” Old master Chu sighed and said, “Chu Jie’s thoughts are all on that Mo Long now. She doesn’t care about me, her grandfather, at all.”

“Second Grandpa, that Mo Long isn’t a good person.” Jiang Rou said, “I know that you want to have a marriage alliance with the Mo family and want to make use of the Mo family’s power to strengthen the Chu family. However, there are other choices besides the Mo family.”

“However, no other family can compare to the power of the Mo family. Other than Kang family, no other family can be on the same level as Mo family.” Old master Chu sighed, “but the Kang family only has one son, and something happened not long ago, so I had no choice but to marry into the Mo family. However, from the looks of it, Chu Jie really likes Mo Long. If the two of them can really get married, then this old man can be considered to have made a beautiful thing happen.”

“But second Grandpa, I heard that Mo Long already has a fiancée.” Jiang Rou said, “since he already has a fiancée, why did he still agree to the marriage?”

“He has a fiancée?” Old master Chu was shocked. “How did you know about this?”

“When I first heard that you were going to marry into the Mo family, I went to investigate.” Jiang Rou’s expression was extremely serious. “Although I only managed to investigate a superficial layer of information regarding Mo Long, I managed to find out about his fiancée on this superficial layer. His fiancée’s name is Jiang Yu, and she’s the movie queen.”

“Jiang Yu ... The movie Queen ...” Old master Chu muttered to himself.

“So, second Grandpa, this marriage must be canceled.” Jiang Rou said, “you don’t want Chu Jie to be mistreated when she marries him, right?”

Old master Chu's expression became uglier and uglier as he said, "bring Chu Jie over quickly. I have something to ask her!"

Jiang Rou asked the servant to call Chu Jie over.

Not long after, Chu Jie came over with an empty bowl.

"Grandpa, I heard you called me." Chu Jie entered the house and felt that the atmosphere was not right. "What's wrong, grandpa? What happened?"

Old master Chu looked at her and then at the empty bowl in her hand. He was instantly furious. "You're a young lady from a rich family. How can you hold such a thing in your hand?"

"This is the porridge I made for Mr. Mo Long. He finished it." Chu Jie explained.

Old master Chu was even angrier when he heard the words 'Mr. Mo Long'. He said loudly, "Your marriage with Mo Long is canceled!"

"What?" Chu Jie was taken aback. "Grandpa, why did you make such a decision for no reason?"

"Because he has a fiancée!" Old master Chu glared at him. "Are you going to be the third party? If this kind of reputation gets out, I don't think you can be my granddaughter anymore!"

"Grandpa, what nonsense are you talking about?" Chu Jie was anxious. "Aren't I Mr. Mo Long's fiancée? Didn't he already agree to the marriage with the Chu family? Then I'm his fiancée!"

"His fiancée is not you, but someone else." Jiang Rou walked to Chu Jie's side and whispered.
