Chapter 1323 Developing Weapons

“Second Grandpa, don’t be too angry.” Jiang Rou consoled her, “Chu Jie is your granddaughter. Don’t you know her temper? She’s just too emotional right now. I’ll talk to her later. She’ll figure it out in a few days. I’ll let that Black Dragon stay for the time being. If we were to chase him away now, Chu Jie’s resistance would only be more intense.”

Old master Chu calmed his emotions and said, “Alright, we’ll do as you say. Jiang Rou, you’re so considerate. If only Chu Jie was half as considerate as you, I wouldn’t have to worry so much. Just now, she even dared to shout at me. She really disrespects me as her grandfather.”

“Hasn’t Chu Jie always been like this?” Jiang Rou smiled. “Don’t be angry. Other than visiting you, I have two things to tell you.”

“What is it?”

!!

“It’s about the new weapon we’ve developed.” Jiang Rou said.

She was also a member of the research and development of new weapons.

“What happened to the weapon?” Old master Chu’s heart tightened.

Jiang Rou’s expression also began to become serious. “Second Grandpa, you know, this new weapon needs to be made with good ore. But now, the police have sealed up our ore point, and we have no more ore sources.”

“What?” Old master Chu was shocked. “When did this happen?”

“It happened a few days ago,” Jiang Rou said with her head lowered.

“It happened a few days ago, and you’re only telling me today?” Old master Chu’s calmed anger was now reignited. “How did you know about our ore points? Is there a mole among you?”

“It’s not like that.” Jiang Rou quickly explained, “I heard from our people that the police knew about this ore location because of a group of black-shirted bodyguards.”

“A black-shirted bodyguard?” Old master Chu was taken aback. “It’s just a few bodyguards. Would they do this if there were no instructions from anyone else?”

“That’s the second thing I wanted to tell you.” Jiang Rou said, “it’s not just our mining site. The poppy flower field was also seized by the police because of those black-shirted bodyguards. The leader of the group of black-shirted bodyguards was a very young girl. I’ve sent someone to investigate. That young lady is Jiang Yu.”

“Jiang Yu?” Old master Chu paused and could not help but sneer. “I haven’t even thought of looking for her, but she actually delivered herself to my door.”

“Second Grandpa, what are you going to do?” Jiang Rou asked.

“The matter of the poppy flower field is not under our jurisdiction. We were only entrusted by someone to help out with a task. Even if the police take the cyborgs away, they won’t rat us out. There’s also a chip in their heads. If they try to resist, the chip will automatically explode.”

Old master Chu’s eyes turned cold. “But I will definitely not let Jiang Yu off for the ore. Wasn’t she Mo Long’s fiancée? Then invite her over and let the two of them meet.”

“Second Grandpa, are we really going to do this?” Jiang Rou was worried about Chu Jie’s current mental state. “If Chu Jie sees Jiang Yu, I’m afraid her emotions will be very unstable.”

“I’ll let her see!” The moment old master Chu heard the two words ‘Chu Jie’, he could not help but burst out in anger. “If she really saw the person, she might give up. What

would it look like if word got out that she was muddleheaded over a man? You're really an embarrassment to the Chu family!"

"Yes, second Grandpa, I'll go back and get it done immediately."

"Alright," he said. Only then did old master Chu smile in relief. you're still the most efficient. I'm very assured to leave everything to you. If only Chu Jie was half as considerate as you. I wouldn't be so angry."

"Second Grandpa, please don't be angry. After all, Chu Jie is your granddaughter. How could there be overnight hatred between a family? Please give her some time to calm down for a few days. She'll figure it out on her own." Jiang Rou said.

"Alright, I'll give her a few days to calm down."

"Second grandpa, if there's nothing else, I'll take my leave."

"You can go back first." Old master Chu rubbed his temples.

"Alright," he said.

With that, Jiang Rou left.

Actually, before she left, she still wanted to look for Chu Jie and persuade her. But on second thought, she probably wouldn't listen to him with her current mood.

Since that was the case, Jiang Rou didn't need to do anything.
