

Older Man 1328

Chapter 1328 Don't Offend If You Can't Afford To.

“Hahahaha.” Old master Chu chuckled and suddenly retracted his smile. He said, “I’ve invited miss Jiang Yu here today for another important matter besides the annulment of our engagement.”

“What is it?” Jiang Yu raised her eyebrows.

“Miss Jiang Yu, let’s be straightforward and not resort to insinuations. You’re the one behind our ore mine being seized by the police, aren’t you?” Old master Chu said in a deep voice.

Jiang Yu did not want to hide it and admitted it openly, “Yes, I did it. But I didn’t do anything behind the scenes, I just let the police come over to seize it. ”

“Why are you doing this?” Old master Chu’s expression was very ugly. “You’re cutting off our source of income.”

“Old master Chu, you’re really good at joking.” Jiang Yu couldn’t help but laugh. “It’s just an ore mine that has been seized. How is that cutting off your source of income? Besides, this is illegal mining. If the circumstances are serious, you’ll have to go to jail. It’s only a seizure, so the punishment is already very light.”

The expression on old master Chu’s face was dark and unclear. He said, “Miss Jiang Yu, I don’t think you should meddle in other people’s business. It seems like you still don’t understand the Chu family’s power in the Qingcheng. You’ve offended the Chu family, so you won’t have a good life in the Qingcheng in the future.”

“What are you saying, old master Chu?” Jiang Yu couldn’t help but laugh. “I’m not from Qingcheng. So what if I’m not having a good time here? Anyway, I’m going back to Shanghai in a few days. No matter how powerful the Chu family is, they can’t extend to Shanghai, right?”

“Miss Jiang Yu, before you speak, I hope you can carefully consider the situation you are in now.” Old master Chu said, “you’re in the Chu family’s territory now. It’s better for you to watch your words.”

“Was what I said just now very impudent? But I’m just telling the truth.” Jiang Yu shrugged. “And it’s not just in Shanghai. There’s also the Kang family in the capital. Could it be that old master Chu thinks that his influence is so great that he can go against the two great family?”

Two great family?

Old master Chu was stunned. Could it be that Jiang Yu was related to both the Kang and Mo families?

Looking at his slightly surprised expression, Jiang Yu couldn’t help but ask, “You don’t think that my identity was so easily exposed by you, do you? I’m afraid that you’ve only found some surface information. I’m afraid that you haven’t investigated the deeper information, right?”

Old master Chu’s body shook.

The information that Jiang Rou had given him back then really didn’t mention the relationship between Jiang Yu and the Kang family.

Therefore, he took it for granted that Jiang Yu was just an ordinary movie queen and also Mo Long’s fiancée.

“.. You’re from house Kang?” Old master Chu asked uncertainly, “I’ve never heard of you before, when did house Kang have someone like you?”

“Old master Chu, there are many things you don’t know.” Jiang Yu shrugged. “I’ve already said all that. If you don’t believe me, then I can’t do anything about it. I can only say that I don’t intend to lie to you about this matter. After all, if a lie like this is exposed, not only will I not get any benefits, I might even offend Kang family.”

Old master Chu frowned and pondered for a long time. In the end, he believed Jiang Yu’s words.

It was because she really didn't look like she was lying.

If the Kang and Mo families were to join forces, the Chu family would not be their match.

Seeing that old master Chu did not speak for a long time, Jiang Yu tilted her head and looked at him. "What's wrong? Do you believe what I said now?"

Old master Chu cleared his throat and said, "it's a little presumptuous of me to invite you here today."

"You're welcome. I also wanted to come and take a look." Jiang Yu smiled, then her eyes turned cold and she asked, "since old master Chu has finished asking all his questions, can I also ask what I want to ask?"

Old master Chu paused. "What do you want to ask?"

"Of course it's about the ore points." Jiang Yu said, "not only did you mine illegally, but you also hid a large number of cyborgs in the cellars of the villagers' houses. What is the reason for this?"

"Man-made humans?" Old master Chu was also stunned when he heard this. "I've never hidden artificial humans in the cellars of those villagers' houses. Miss Jiang Yu, what makes you say that?"

"Don't you know about this, old master Chu?" Jiang Yu paused and carefully observed old master Chu's expression.

The expression on his face was very serious, but at the same time, it revealed a faint confusion. It seemed that he really did not know about this matter.

Could it be that this matter really had nothing to do with the Chu family?

It seemed like the Chu family had been used.
