

## Older Man 1330

### Chapter 1330 Weapon Blueprint

Jiang Yu went upstairs and asked the nanny to take her to Chu Jie's room.

"You can just stand here. If she sees you, she'll lose control of her emotions again." Jiang Yu said to Mo Long, "I'll go in and take a look. I'll say a few words and come out immediately."

"Alright," he said. Mo Long replied softly.

Jiang Yu knocked on the door. "Miss Chu Jie, it's me. Is it convenient for me to go in for a while?"

Not long after, the door was ruthlessly opened.

Chu Jie looked at Jiang Yu with a face full of resentment. "What are you doing here? Are you here to announce your victory?"

"You've misunderstood. I'm just worried about your mental state, so I came to see you. I'm afraid you'll do something stupid." Jiang Yu shrugged her shoulders. "This matter has been a farce from the beginning. I'm very sorry for the harm that I have caused you."

"Sorry?" Chu Jie sneered. "Do you think I'll forgive you just because you apologized? We're clearly the same kind of people, and I'm even younger than you. Why does Mr. Mo Long like you but not me? I don't think I'm worse than you!"

"Feelings are different from person to person." Jiang Yu did not know how to comfort Chu Jie and could only say, "There are a lot of men in this world. You'll eventually meet one who's true to you."

"Don't make such sarcastic remarks here." Chu Jie sneered in disdain. "If you came to me just to say this, then you can leave now."

She then slammed the door shut.

Jiang Yu touched her nose and raised her hand to knock on the door again, but the door was opened again. However, the person who came out was not Chu Jie, but Jiang Rou.

“Jiang Yu, don’t take advantage of me.” Jiang Rou frowned. “If you want to leave, then hurry up and leave. What are you doing here?”

“Didn’t I already tell you? I’m worried that she’ll do something stupid.” Jiang Yu unintentionally leaned into Jiang Rou and quickly stuck a small bug on her clothes.

“You don’t need to worry about her. Just mind your own business.” Jiang Rou said unhappily, “if you want to leave, leave quickly. You’re not welcome here. And those two private doctors, take them and get out of here.”

“Alright, alright, let’s go.” Jiang Yu waved her hand and found Mo Long, saying, “I will contact Xu Yang and Shi Li. They will naturally meet up with us.”

“Alright,” he said.

The two of them walked out of the Chu family’s gate and took in some fresh air.

“The atmosphere in the Chu family is really depressing.” Jiang Yu grumbled, “the house is so big and there are so many windows, but once I go in, it’s like it’s dark. It’s very depressing.”

Mo Long had stayed in the Chu family for a long time and was more or less used to it.

However, there was something more important than this-why was old master Chu still unwilling to give up on the cooperation with the Chi family even though he knew that he was being used?

“I’m afraid the Chu clan is not just being used.” Jiang Yu frowned. “The deal between the Chu family and the Chi family is like a game of chess. One wrong step and they would lose everything. And I’ve already told old master Chu just now that the Chu family is more like a shield for the Chi family. However, old master Chu’s attitude seems very firm and he doesn’t intend to give up on the cooperation with the Chi family.”

“Rather than making use of them, I think the Chu family is more likely to be threatened by the Chi family.” Mo Long said, “if that’s not the case, I can’t think of a second reason. If they made the wrong move, the entire Chu clan would be in trouble. Old master Chu has been in business for many years. Why would he risk it all in a battle like this when he has no confidence?”

“Moreover, the Chi family is hiding very deeply now. Old master Chu is not willing to let go. We have no other way to get information about the Chi family.” Jiang Yu was calm. “The most important thing now is the Chu family’s new weapon. It’s hard to say whether the development of this new weapon is for the Chu family or for the Chi family.”

If it was for the Chu family, then old master Chu’s motive was unknown.

However, if it was for the Chi family, then once this weapon was developed, the consequences would be out of control.

At the thought of this, Jiang Yu quickly contacted Xu Yang and Shi Li, saying, “The two of you, don’t come back for the time being. Find a place near the Chu family and keep an eye on them. Remember, your mission is the weapon blueprint. As long as you get the blueprint, you must quickly retreat.”

“Yes, Madam,”

Mo Long did not return to the village with Jiang Yu. Instead, he returned to the inn he had once rented. After packing up his things, he quickly moved to another place.

Jiang Yu returned to the village and ordered some of the bodyguards to go back and protect Mo Long.
