

Older Man 1331

Chapter 1331 The Hidden Secret

After arranging these matters, Jiang Yu opened an app on her phone and connected it to the bug attached to Jiang Rou.

Jiang Rou did not seem to notice the bug. After comforting Chu Jie, she returned to the living room to look for old master Chu.

“How is she?” Old master Chu spoke, even though Chu Jie was embarrassing and made him angry. However, she was still his granddaughter, and old master Chu still cared about her.

“Much better. Although I’m still a little agitated, I’m no longer seeking death,” Jiang Rou said.

“Hmph,” he snorted. Old master Chu snorted coldly. “What a disgrace. Now that Mo Long is gone, I’ll see what she thinks. You know that he has a fiancée, but you still want to get close to him.”

“But you can’t blame Chu Jie for this.” Jiang Rou put in a good word for Chu Jie. Jiang Yu also said just now that this incident was caused by a fake Mo Long. “Although I don’t know what’s going on with the fake Mo Long, I think this matter is related to the Chi family’s research on cyborgs.”

“The Chi family ...” Old master Chu muttered to himself, and he couldn’t help but recall what Jiang Yu had said.

How could he not know that the Chi family was just using the Chu family?

However, the Chi family’s influence in the black market was too great. They were not so easily shaken.

When the Chi family found him, revealed their identity, and handed him the contract, old master Chu knew that the Chu family had been targeted by the Chi family.

Even if he wanted to refuse, he didn't have the guts to. No matter how powerful the Chu family was, they could not compare to the Chi family. Furthermore, what the Chi family revealed to the outside world was probably only the tip of the iceberg. There were even longer vines curled up underground.

It was because of this that old master Chu had sent the invitation to the Kang and Mo families, hoping to build a good relationship with them. Then, they could rely on their power to fight against the Chi family.

However, Kang family sent someone from the side branch who didn't care about the importance of the Kang family's attitude towards Chu family was clearly not friendly. As such, old master Chu turned his attention to Mo Long.

However, he never expected that it was a fake Mo Long.

In that case, the real Mo Long might have rejected the Chu family's invitation, which was why the fake Mo Long dared to be so ostentatious.

The two big families did not want to be on good terms with the Chu family. In order to protect the Chu family, old master Chu could only try his best to cater to the Chi family.

"Second Grandpa, you wanted the Kang and Mo families to be on good terms from the start. Why don't you take this opportunity to build a good relationship with Mo Long? With the Mo family behind us, maybe the kangs will support us too."

"Not only that, but that Jiang Yu is also the young miss of Kang family. If we take this opportunity to rope them in, we'll have a chance of winning against the Chi family."

"Jiang Yu is the daughter of the Kang family?" Jiang Rou was shocked.

"Yes," Old master Chu said helplessly, "although she extended an olive branch to me, I rejected her."

“Why, second Grandpa?” Jiang Rou thought it was unbelievable. “This is a great opportunity. How can you refuse? Although I can’t stand the two of them, I don’t want Chu Jie to continue to be sad because of that Mo Long. But now, the Chu clan’s future is the most important thing.”

“Of course, I know that the Chu family’s matter is the most important. But since I rejected it, I must have my own considerations.” Old master Chu laughed bitterly. “I originally wanted to give Jiang Yu a taste of her own medicine, but now she’s using her real identity to slap me in the face.”

“Second Grandpa ...” Jiang Rou still wanted to persuade old master Chu, but he waved his hand, indicating for her to go back.

“The weapon research and development department can’t do without you. You’d better hurry back.” Old master Chu said, “find another ore spot. This time, you must be very careful. Don’t be discovered again.”

“I know, second Grandpa.”

Jiang Rou said and left.

After she left the Chu family’s house, she made a phone call. “It’s me. I’m sending an invitation to Jiang Yu in my personal name.”

After hanging up the phone, Jiang Rou took a car back to the weapon R&D base.

Jiang Yu, who was far away in the village, heard the sound of the car starting up. She quickly contacted Xu Yang and Shi Li. “Jiang Rou has gone back. You guys follow her. Don’t lose her.”

“Yes, Madam,” Xu Yang and Shi Li followed the order and hid in the dark, following the car.

Jiang Yu looked at the email on her phone calmly and quietly waited for the email sent by Jiang Rou.

Not long after, Jiang Yu's phone received an email notification.

Jiang Yu opened the email and saw that it was sent under Jiang Rou's name.

Chapter 1332 The Location of The Research

The content was exactly the same as when he invited Jiang Yu to the Chu family, but at the end, it was emphasized that this invitation was sent in the name of Jiang Rou.

The meeting place was set at a coffee shop. However, Jiang Yu replied, "I don't think a coffee shop is suitable for our meeting. We should go to your weapon research and development base."

Jiang Yu could already imagine Jiang Rou's expression when she saw this email.

As expected, Jiang Yu did not receive Jiang Rou's reply email. Instead, she received a call from her.

"You sure have a lot of information. You even found my phone number." Jiang Yu smiled. "Why did you call me?"

"Jiang Yu, stop pretending. Let me ask you, how did you know about the weapon research and development base?" Jiang Rou asked in an unfriendly tone.

"You investigated me, but you don't allow me to investigate you?" Jiang Yu retorted, "this is called giving him a taste of his own medicine."

"Are you really coming to our weapon R & D base?" Jiang Rou asked after a moment of silence.

"Could it be fake? Do I look like someone who would joke around?" Jiang Yu said, "I can guess that you're going to meet me. It must be because of house Chu and house Chi, and they want to use house Kang and house Mo's power, right?"

Jiang Yu's words hit Jiang Rou's heart, and this made her feel a little embarrassed.

Jiang Rou did not say anything, so Jiang Yu did not continue to ask. Instead, she said, "give me the location of your weapon research and development. I'll go over now. This matter isn't urgent for me, but it should be urgent for you, right?"

Jiang Rou was silent for a long time before saying, "okay, I'll give you the address. Come over. You can only come here by yourself. You can't bring anyone else."

"This request of yours really makes one's imagination run wild. Those who don't know better might think that you're trying to do something to me." Jiang Yu said with a smile.

Jiang Rou retorted, "shouldn't I be the one asking you that? Why do you have to meet me at my weapon research and development base? I should be the one being wary of you, but you're being wary of me?"

"You're quite good at distorting the truth." Jiang Yu said, "you should have found out about my true identity from old master Chu, so I'm not afraid of you playing tricks. Since you want me to go alone, then I'll go alone."

After that, Jiang Yu hung up the phone.

Jiang Rou quickly sent the weapon's research and development address over in a private email.

Jiang Yu immediately set off.

The place was also very remote, but it was well-equipped. Moreover, the thatched house on the surface was just a cover. The real place where weapons were developed was underground.

When Jiang Yu arrived at the location, she found Xu Yang and Shi Li in the dark and gestured to her.

This meant that the address Jiang Rou had given her was real. Even if something happened, Xu Yang and Shi Li would be waiting for her outside.

Jiang Yu gave Jiang Rou a call. "I'm here. Aren't you going to send someone to pick me up?"

"I know. Wait there. I'll come and pick you up personally." Jiang Rou said.

Jiang Yu hung up the phone and waited for less than five minutes before Jiang Rou came out of the thatched house.

"Follow me."

Jiang Rou led the way in front while Jiang Yu followed behind. Seeing this, Xu Yang and Shi Li also secretly followed behind them.

Jiang Rou took Jiang Yu all the way underground and Jiang Yu realized that the weapons research and development base was far larger than she had imagined.

"Stop looking, you won't understand even if you look." Jiang Rou sneered. "You're the young miss of the Kang family. Do you think you can understand this technology? It was probably just that his ten fingers didn't touch the water of spring. No, you've stayed in the orphanage before, so you should have done some odd jobs."

"You called me here just to make fun of me?" Jiang Yu did not get angry at Jiang Rou's words. "If I'm not wrong, you'll have something to ask of me next, right? You're so arrogant in front of me, and you still expect me to agree to your request?"

Jiang Rou paused, and her arrogance instantly disappeared.

She had originally wanted to use Jiang Yu's miserable past to dampen her spirit. She did not expect that not only did Jiang Yu not feel inferior because of this, but she had also exposed her own scheme with one sentence.

"It was my fault," she said. "I hope you don't mind."

“That’s right. If you want to ask for help, you should have the attitude of asking for help.” Jiang Yu smiled.

He still wanted to dampen her spirit? In your dreams!

“Alright, tell me your conditions.” Jiang Yu said, “I’ll think about it and see if I can agree to it.”

Chapter 1333 The Alliance

“Conditions?” Jiang Rou looked at Jiang Yu in confusion. “You were the one who suggested working with the Chu family. Now that I’ve agreed to your request, you’re asking me about my conditions?”

“I think you’re mistaken.” Jiang Yu opened her eyes wide and looked at Jiang Rou innocently. “It’s true that I suggested this first, but old master Chu has already rejected me. Then this proposal was invalid. But now that you want to cooperate with me, if you don’t come up with some attractive conditions, why should I agree to it?”

“You! You’re taking advantage of him!” Jiang Rou’s face was red with anger.

“This is a trade between merchants.” Jiang Yu smiled slyly. “The businessmen will not agree to a cooperation without any benefits.”

“You!” Jiang Rou glared at Jiang Yu fiercely. It took a long time for her to calm down. “I don’t know how greedy you are. Why don’t you make your conditions?”

“My conditions are very simple. I only have three.” Jiang Yu raised three fingers. “First, let Mo Long and I stay in the Chu family and help us hide our whereabouts. Second, you must let me have a look at your new weapon once it’s developed. Third, this matter was carried out in secret and could not be known by the Chi family. As for old master Chu, I’ll leave it to you to convince him.”

“Jiang Yu, you’re asking for too much, right?” Jiang Rou couldn’t believe it. “Other than the last thing, who do you think can fulfill the other two conditions? Chu Jie

can't see you and Mo Long now, and you still want to live with him in the Chu family? And this weapon, we developed it, why should we let you have a look first?"

Jiang Yu shrugged and said, "which do you think is more important, the Chu family's safety or Chu Jie's emotions? Let's not talk about anything else first. If you can't even distinguish the priority of this, then I think we should stop our cooperation and end it here."

With that, Jiang Yu got up and was about to leave.

Jiang Rou hesitated for a few seconds before calling out to her, "wait!" I'll agree to your request, alright? But you have to give me a reason for that weapon. Why should we let you have a look at the weapon we developed first?"

"Because house Kang and house Mo are way more powerful than house Chu. If they want to protect house Chu, they have to rely on us. Jiang Yu's gaze turned cold. furthermore, there's poison on your weapons. If I don't take a look at them personally, what if you use them to harm others?"

"You! We developed this weapon for the Chu family!"

"I know that you're working with me behind old master Chu's back for the Chu family." Jiang Yu said, "in that case, be obedient and do as I say. Even if something really does happen, house Kang and house Mo will be the ones holding it up."

Jiang Rou bit her lower lip. After a long time, she said, "okay, I promise you."

"Alright, I'll wait for your news then."

After saying that, Jiang Yu went back the way she came.

Xu Yang and Shi Li had been waiting in the dark. They only felt relieved when they saw Jiang Yu coming out of the thatched house unscathed.

The two of them escorted Jiang Yu back to the village. Teng Yi's injuries were much better and he could barely get out of bed and walk.

However, he still needed someone to support him to walk.

During this time, Feng Ran acted as Teng Yi's walking stick.

Jiang Yu said to Teng Yi, "if everything goes well, I'll go to the Chu family soon. I'll send someone to take care of you. When you've recovered, you can come back and join us."

Although Teng Yi really wanted to go with Jiang Yu, he knew that he would only be a burden. Hence, he could only nod and say, "yes, Madam. Please stay in the Chu family and don't worry about me. "

Feng Ran quickly stood up and said, "I'll help you take care of Teng Yi!" If you go to the Chu family, the bodyguards here will leave too. Then, there's no point for me and Mei Shuang to stay here. It would be better to follow them. Plus, Mei Shuang and I are girls. We can take better care of Teng Yi than those men."

Jiang Yu looked at Feng Ran with a complicated expression and asked, "aren't you going back to the Feng family?"

"I'm not going back." Feng Ran quickly shook her head. I don't want to go back and see my stepmother and Feng di. It annoys me. If it's possible, I'd love to continue wandering outside like this."

Jiang Yu paused for a moment. alright, this is your decision. I respect it. she said.

"Yes, yes!" Feng Ran nodded excitedly.

At ten o'clock in the evening, Jiang Rou sent a message to Jiang Yu. "It's done."

The corners of Jiang Yu's lips curled up slightly as she replied, "alright. Then, I wish that our future Alliance will be even more pleasant."

Chapter 1334 Chased Out

The next morning, after Jiang Yu and Mo Long packed some things, they went to the Chu family.

Only old master Chu and Jiang Rou were sitting in the living room of the Chu family. Chu Jie was nowhere to be seen.

“Miss Jiang Yu,” old master Chu was the first to speak. “Jiang Rou told me everything yesterday. After much consideration, I’ve decided to agree to your request.”

“That’s great.” Jiang Yu clapped her hands. “But, can you tell me why you rejected me yesterday?”

!!

“There’s a chip in Chu Jie’s head,” old master Chu said after a moment of silence.

“What?” It wasn’t just Jiang Yu and Mo Long, even Jiang Rou was stunned. “Second Grandpa, when did this happen? Why have you been hiding this from me?”

“I’m the only one who knows about this. It’s been a few years.” Old master Chu was dejected. “Back then, Chu Jie went out to play with her parents and got into a car accident on the road. Other than the couple’s bodies, the police did not find Chu Jie’s body. so, I sent people to look for her. One day, the Chi family sent Chu Jie over. It was then that the Chi family had their eyes on the Chu family.”

“If there’s a chip, why didn’t you bring Chu Jie to the hospital for a checkup?” Jiang Rou asked, “if they find out, can’t they just get it out after surgery?”

“You think I’ve never thought about it? However, they threatened me that if this chip were to receive an X-ray, it would self-destruct! The chip will also be affected by Chu Jie’s anger level. If her anger level reaches a certain level, the chip will explode!” Old master Chu was clearly agitated. “I’d rather believe it than not! In any case, I won’t joke around with Chu Jie’s life.”

“Is that why you rejected me? You think that as long as you obediently follow the Chi family, you can protect Chu Jie?” Jiang Yu retorted, “but Chu Jie was so angry when you canceled the engagement. I wonder how angry she was. Fortunately, the A. I. Chip didn’t explode. Otherwise, this matter would have been unmanageable.”

“That’s why I let you stay in the Chu family without telling Chu Jie.” Old master Chu sighed. “I still insisted on doing things my own way yesterday. After thinking about it, I still feel that it’s better to have help. That’s why I agreed to your conditions. As for Chu Jie, you don’t have to worry about her. I’ll hide you well ...”

Before he could finish his sentence, Chu Jie pushed the door open and entered, “Grandpa!” What are you hiding from me? Let Jiang Yu and Mr. Mo Long stay here and torture my eyes every day?”

“Why are you awake?” Jiang Rou was shocked. “Weren’t you asleep just now?”

“I was pretending.” Chu Jie said, “you haven’t coaxed me to sleep in a long time. When you suddenly coaxed me today, I knew something was wrong. I didn’t expect to hear this kind of news when I secretly followed you.”

“I ...” Jiang Rou had nothing to say.

Chu Jie walked over and said to old master Chu, “grandfather, I’ll take care of the chip in my brain. You don’t have to worry about this. In short, I won’t allow Jiang Yu to live in the Chu family. If she dares to move in, I’ll definitely chase her away!”

“Chu Jie, don’t mess around!” Old master Chu said, “this concerns your life. How can you be so reckless!”

“Will my chip disappear if I let Jiang Yu live here?” Chu Jie asked calmly.

It could be seen that she was trying very hard to suppress her emotions.

Because she was also afraid, afraid that she would lose her life.

“But with the help of house Kang and Mo, our chances of winning against house Chi will be higher.” Old master Chu persuaded her patiently, “you don’t want the Chu family to be dependent on the Chi family in the future, do you? Moreover, if he could defeat the Chi family, he might be able to find a way to take out the chip from them. There are two benefits that are worth our gamble.”

Chu Jie took a deep breath and said, “anyway, Mr. Mo Long can stay in the Chu family, but Jiang Yu can’t! Otherwise, if you make me angry, I don’t know when the chip in my head will explode!”

She threatened him with her death again, and old master Chu and Jiang Rou looked at each other.

However, Jiang Yu was not afraid of her.

“A person who doesn’t even dare to cut his own wrist with glass shards, and he still says that he doesn’t know when he will die?” Jiang Yu walked in front of Chu Jie. “I can see that you cherish your life. Even if I do move in, you won’t let yourself be too angry. If that’s the case, then I’ll have to trouble you to control your emotions during this period of time. However, we won’t appear in front of you often, so you just need to be at ease.”

Chapter 1335 Looking For Trouble

“You!” Chu Jie was infuriated. She quickly walked in front of old master Chu and complained in a coquettish manner, “Grandpa, look at her! She’s obviously asking our Chu family for a favor, yet she’s still saying such things! Grandpa, are you going to keep her here even if she’s like this?”

Old master Chu patted Chu Jie’s hand and said, “right now, we’re the ones who need Jiang Yu’s help. She’s not the one who needs our help. Chu Jie, just bear with it. I’m thinking for the Chu family.”

“Grandpa, have you gone senile?” Chu Jie was shocked. “Who is she? why would the Chu family need her help?”

“She’s the young miss of the Kang family,” old master Chu said as he looked at her.

!!

“So what if they’re from house Kang?” Chu Jie did not understand. “Could it be that he’s more powerful than our Chu family?”

“Of course. Otherwise, why would old master Chu ask for my help?” Jiang Yu looked at Chu Jie calmly. “That’s why I’d advise you to stay out of this. After all, you can’t help much.”

“Jiang Yu! This is the Chu family!” Chu Jie’s voice became extremely sharp. “You’re an outsider. How dare you speak to me like that!”

“Don’t get too excited. What if your anger explodes the chip?” Jiang Yu said, “you won’t be able to help here. You should hurry back and rest.”

Chu Jie started to panic after hearing what Jiang Yu said.

Her grandfather was right, it’s better to believe than not. Regardless of whether this chip would explode because of anger, she had to control her emotions and not get angry over some minor things.

It just so happened that if Jiang Yu stayed here, Mr. Mo Long would also stay here. As long as he was here, Chu Jie’s emotions would calm down.

“Alright, I’ll allow you to stay here,” she said. “But this is because I’m being kind and not because of anything else. It’s not worth it for me to get angry with someone like you.”

With that, Chu Jie turned around and left.

“Miss Jiang Yu, please don’t take it to heart.” Old master Chu smiled awkwardly. “I’ve spoiled her too much.”

“It’s okay. If I keep minding people like this, my days won’t be easy.” Jiang Yu said indifferently, “it’s getting late. Mo Long and I will go and rest first. If there’s anything else, we’ll talk about it tomorrow morning.”

“Alright,” he said. Old master Chu responded.

Jiang Rou brought the two of them to the room that had been prepared. There was a double bed inside and the decorations were quite warm.

“You two can stay here for the time being. Second Grandpa and I will help you hide your whereabouts.”

“Thank you.” Jiang Yu nodded her head lightly and placed all of her and Mo Long’s belongings in the closet.

“Have a good rest, then. I’ll be next door. Call me if you need anything.” Jiang Rou said.

“Many thanks.” Jiang Yu smiled.

Jiang Rou left and returned to her room. Jiang Yu and Mo Long made their beds and planned to have a good rest.

Not long after they laid down, the rumbling of thunder came from outside the house.

“The weather hasn’t been very good recently.” Mo Long hugged Jiang Yu tightly in his arms. “Remember to stay warm. Don’t get sick.”

“I know.” Jiang Yu also obediently snuggled into Mo Long’s arms.

However, the silence didn’t last long before someone knocked on the door.

“It’s so late, who is it?” Jiang Yu didn’t know what was going on. “Could it be Jiang Rou?”

“I’m not sure. I’ll go take a look.” With that said, Mo Long got off the bed to open the door.

However, the person outside the door was not Jiang Rou, but Chu Jie.

She was hugging a pillow, and the lace nightdress on her body kept sliding down, deliberately revealing her impressive curves.

When she saw that it was Mo Long who opened the door, she was elated. She quickly pretended to be aggrieved and cried. Mr. Mo Long, there was a huge Thunder outside just now. It scared me to death. I’m so scared, can I squeeze in with you guys?”

“Don’t! Mr. Mo Long!” Chu Jie quickly stopped Mo Long. “I’m really afraid of thunder! I’m alone in the room, and I’m really scared ... I swear, just this once today, okay? As long as there’s no more Thunder tomorrow, I won’t come.”

“No.” Mo Long still rejected Chu Jie.

“Mr. Mo Long ...” Chu Jie was still shouting, unwilling to give up.

Jiang Yu had also gotten out of bed at this time. She walked to the door and looked at the pitiful Chu Jie. “What’s wrong? the eldest miss of the Chu family is afraid of Thunder. Do you want to go to someone else’s fiancé to ask for comfort?”

Chapter 1336 Fell Sick

Chu Jie sat at the door for the entire night, but Mo Long and Jiang Yu did not open the door for her.

In the latter half of the night, the temperature dropped sharply. It was so cold that Chu Jie’s teeth were chattering.

However, she was still waiting, hoping that Mo Long would open the door for her.

The night passed, and Chu Jie caught a cold, but Mo Long did not open the door.

!!

She stood up in disappointment, feeling a little light-headed. She turned around and was about to leave when the door was opened from the inside.

“Mo Long ...” Chu Jie shouted in surprise, only to realize that the person in front of her was not Mo Long, but Jiang Yu.

“Don’t tell me you’ve been waiting here all this time?” Jiang Yu looked at her and knew that she must have been waiting here for a long time.

“Why do you care?” Chu Jie’s voice was a little hoarse. “Why did you come out alone?” Chu Jie looked into the house unwillingly. “Where’s Mr. Mo Long?”

“You’re really persistent.” Jiang Yu shrugged her shoulders. “You waited at the door of someone else’s room all night just to see someone else’s fiancé for the first time in the morning?”

When she said that, she emphasized the pronunciation of ‘someone else’s fiancé’.

Chu Jie was furious. Even though her voice was hoarse, she still wanted to quarrel with Jiang Yu. “Why do you keep bringing this up in front of me?”

“But I feel that if I don’t mention this, you won’t take it to heart.” Jiang Yu frowned. “You’re coveting someone else’s fiancé every day. What are you thinking?”

“You!” Chu Jie was so angry that she could not help but cough.

“You look sick. I suggest you go back to your room and rest.” Jiang Yu said coldly, “don’t infect us with the virus.”

“Don’t go too far!” cough! Chu Jie roared in anger and started coughing again.

This time, she coughed a little louder. Jiang Rou also came out from the room next door. “It’s so early in the morning. You really can’t let me sleep!”

“Sister Jiang Rou!” When Chu Jie saw Jiang Rou coming out, she thought that she had found someone to back her up. She immediately walked over and said aggrievedly, “sister Jiang Rou, you don’t know how much Jiang Yu went overboard just now!”

“Did you wait here the whole night?” Jiang Rou asked, ignoring her.

“Yup,” Chu Jie felt wronged again. “Who knew that Jiang Yu would be so petty? She didn’t let Mr. Mo Long open the door and didn’t let me in for a night.”

“.. You’re amazing.” Jiang Rou didn’t know how to describe Chu Jie.

“Oh right, there’s one more thing.” Jiang Yu reminded him, “Chu Jie is sick. I suggest you stay away from her. Don’t let her infect you with the virus. If you’re sick, the weapon research and development will be delayed.”

When Jiang Rou heard this, she immediately distanced herself from Chu Jie. She said, “Chu Jie, you should hurry back and rest. I’ll get the nanny to send you your medicine later.”

Seeing Jiang Rou’s attitude, Chu Jie’s heart couldn’t help but tighten. She turned around angrily and went upstairs.

“Don’t give me medicine, just let me die!” Chu Jie shouted, “anyway, I think all of you can’t wait for me to die!”

Chu Jie stormed back into the house and slammed the door shut.

“I’m sorry, she has always been like this.” Jiang Rou said apologetically, “I’m sorry to have caused you trouble.”

“It’s okay. We don’t see each other much anyway. I don’t have to be angry over her.” Jiang Yu said indifferently, “as long as she doesn’t always appear in front of me, I can guarantee that I won’t appear in front of her.”

“Yes.” Jiang Rou nodded. “I’ll explain this to her. I’m going to the weapon research and development base later, do you want to come with me?”

“Alright, I was just worried that I would have nothing to do.” Jiang Yu smiled and nodded.

Meanwhile, Mo Long was putting on his clothes in his room. He was preparing to head to old master Chu’s study after breakfast to ask him about the Chu family.

After Jiang Yu and Mo Long had their breakfast, they each went to do their own things.

Jiang Yu followed Jiang Rou to the weapons research and development base, while Mo Long went to old master Chu’s study.

Chu Jie lay in the room for a while and felt her headache getting worse. She quickly asked the nanny to bring her medicine and fell asleep after taking it.

When Jiang Yu and Jiang Rou arrived at the weapon R & D base, everyone inside seemed to know Jiang Yu. They all nodded and bowed to her with a very respectful attitude.

Some people even started to call her “boss.”

“You don’t have to call me that.” Jiang Yu smiled. “Jiang Rou and I are only in a cooperative relationship. She is also your boss.”

“Forget it. I was the one who told them to call you that.” Jiang Rou said, “since we’re working together, I’ll have to let you have a look after the weapon is developed. I’ll let you have the boss then.”

Chapter 1337 Can’t Bear It

“Then it would be impolite of me to refuse.” Jiang Yu smiled. “Are there any weapons that have already been developed? Let me see.”

“There’s one, boss.” One of the researchers said as he took out a weapon that he had successfully developed.

“It’s not poisoned yet, boss. Don’t worry.”

The researcher said.

“Yes.” Jiang Yu nodded and said, “show me. I’d like to see how powerful this weapon is.”

“Okay, boss.”

The researcher took the small gun and fired it at the steel plate in the distance.

With a “bang,” the silver needle was completely inserted into the steel plate.

Jiang Yu walked over and was shocked by the scene in front of her.

“This weapon’s power is that great?!” Jiang Yu sighed in shock. “Indeed, if it is mass-produced, it will be a weapon that will make the enemy tremble in fear.”

“This one hasn’t been dipped in poison.” Jiang Rou said, “when the research results are out, I’ll get someone to show you.”

“That’s good.” Jiang Yu walked around the base again and watched them develop weapons. It was already night time.

“It’s getting late, let’s go back.” Jiang Rou said to Jiang Yu, “the researchers should go back and rest.”

“Alright. Although weapon development is a major event, you must also take care of your health.” Jiang Yu said, “if you can’t even take care of your own body, how will you have the energy to develop weapons?”

“Alright, boss!”

Only then did Jiang Yu return with Jiang Rou, satisfied.

The two of them had just arrived at the Chu family’s residence when they heard the sound of glass shattering from the house.

Jiang Rou was shocked. She quickly pushed the door open and saw Chu Jie squatting on the ground, reaching out to pick up the glass shards.

“Don’t move! There’s a nanny at home!” Jiang Rou shouted.

it’s fine. I was careless. There’s no need to trouble the nanny with such a small matter. Chu Jie sobbed, and Mo Long, who was standing beside her, was also very meticulous.

Jiang Yu saw Mo Long and knew that Chu Jie was up to no good.

So she walked over and squatted down. “Forget it. I’ll help you pick it up.”

“Stop!” Mo Long stopped her and frowned. “Be careful not to cut your hand.”

“It’s fine.” Jiang Yu smiled. “It’s just a few glass shards. If miss Chu Jie isn’t afraid, why should I be?”

Seeing Mo Long and Jiang Yu like this, Chu Jie was extremely jealous.

Hence, she pushed Jiang Yu away and said angrily, “go away! I don’t need your help! You just need to do your job, why do you care about me?”

“You’ve misunderstood. It’s not that I want to interfere with your business.” Jiang Yu said, “I’m just being kind. I want to help you.”

“I don’t need your fake kindness.” Chu Jie said disdainfully, “it’s all because of you that I’m sick. Now, you’re saying that you’re worried about me? Jiang Yu, you’re really a two-faced person. You’re one in front of others and another behind others.”

“You fell sick because you didn’t go back to your room to sleep at night. You just had to sit in front of someone else’s room.” Jiang Yu stood up and looked at Chu Jie with a sharp gaze. “According to your self-abuse method, if you don’t get sick, who will? You brought this upon yourself, you can’t blame anyone else!”

“You’re still trying to twist your words!” Chu Jie was furious. “If you weren’t so petty and didn’t allow me to go in, I wouldn’t have fallen sick! I told you I’m afraid of Thunder, but you don’t have any sympathy! You still have the nerve to say that?”

“You’re afraid of Thunder?” Jiang Yu could not help but laugh. “Last night, I don’t know who told Jiang Rou that they were never afraid of Thunder.”

“You, you heard it?” There was a moment of panic on Chu Jie’s face. She hurriedly stammered and explained, “I ... I didn’t say that. You heard wrong!”

“It better be that I misheard.” Jiang Yu crossed her arms and her tone was frighteningly cold. “Chu Jie, I’ve been tolerating you for a long time. Don’t always step on a mine. If one day, you force me to the point where I can’t bear it anymore, I won’t be polite to you anymore.”

Chu Jie was shocked by Jiang Yu’s reaction, but she still braced herself and said, “sure! I’d like to see what you can do to me! If you can’t do something, I’ll look down on you!”

“Alright, you asked for this.” Jiang Yu was so angry that she laughed. “Chu Jie, you’re the daughter of the Chu family. It’s not good for you to always be a third party and do such despicable things, right? Mo Long isn’t used to losing his temper at women, but do you think I won’t lose my temper too?”

“You, you shut up!” Chu Jie’s face turned red with anger. “Don’t you slander me!”

Chapter 1338 Threatening With Death

“What are you saying?” Chu Jie frowned unhappily. “I’m just too scared. Mr. Mo Long can only give me a sense of security. Why do you make it sound like I’m here to seduce Mr. Mo Long on purpose?”

“Isn’t it?” Jiang Yu asked, “you’ve been struck by lightning before, right? Weren’t you afraid at that time? However, Mo Long didn’t appear at that time.”

“At, at that time, I had sister Jiang Rou with me, so of course I wasn’t afraid.” Chu Jie made up a random excuse. “But she’s not here now. How am I supposed to find her to accompany me?”

“She’s here. She’s just next door.” Jiang Yu went out and pointed to the room next door. “If you’re really afraid, you can continue to find your sister Jiang Rou to accompany you.”

“It’s already so late, she’s already gone to bed.” Chu Jie continued to lie. “I won’t disturb her rest. But now, since you’re already awake, let me go in and squeeze in. Jiang Yu, you won’t be so stingy, right?”

“I’m sorry, I’m not generous.” Jiang Yu pushed Chu Jie outside. “When you came, we were already resting. Didn’t you come over to disturb us? Also, we were resting at the same time as Jiang Rou, so she shouldn’t be asleep yet.”

“Jiang Yu! I really didn’t expect you to be so petty!” Chu Jie was so angry that she sat at the door with a pillow in her arms. She had a look that said, “I won’t leave no matter what you do.”

“If miss Chu Jie insists on this, then I won’t force you.” Jiang Yu said as she closed the door.

Chu Jie did not expect Jiang Yu to really close the door and was stunned for a moment.

She waited at the door for a while and realized that Jiang Yu had no intention of opening the door. She couldn't help but cover her face and cry.

Her cries were a little shrill, and coupled with the occasional lightning outside, it was inevitably creepy.

Jiang Yu and Mo Long pretended not to hear anything, but Jiang Rou couldn't take it anymore. After opening the door, she saw Chu Jie crying at the door.

"What are you doing here?" Jiang Rou rubbed her eyes. "It's already so late and it's still raining outside. Why are you crying here instead of sleeping? Don't you know how scary that is?"

"I'm also scared!" Chu Jie said, "I just wanted to look for Mr. Mo Long for a sense of security. I didn't expect Jiang Yu to be so petty and not let me in at all!"

"Are you crazy?" Jiang Rou's eyes widened. "When have you ever been afraid of Thunder? No, even if you're afraid, you shouldn't have come to look for Mo Long and Jiang Yu!"

"Sister Jiang Rou! I have a chip in my brain, and I don't have much time left. Why are you still talking about me like that?" Chu Jie cried even more sadly. "I just want to find someone to protect me in my final days. Can't I even do this?"

"Don't talk nonsense. You're in good health. Why do you think the remaining time is not enough?" Jiang Rou frowned. "Don't scare yourself. As long as you don't go to the hospital for an X-ray and try to control your emotions, you'll definitely be fine."

"There's a Jiang Yu at home, and she's so close to Mr. Mo Long. How can I be in a good mood?" Chu Jie cried and sobbed, pushing all the blame to Jiang Yu.

"Listen to yourself, what are you saying?" Jiang Rou was helpless. "Alright, if you're really afraid, come to my place and sleep with me. I really don't understand you. You've never been afraid of Thunder, but now you're suddenly afraid of Thunder?"

“I’m not going to sleep with you.”

Chu Jie turned her head. I’ll wait here for a while. Mr. Mo Long might come to open the door.

“Don’t be silly.” Jiang Rou was almost angered to death by Chu Jie. “It’s night time now. It’s not suitable for daydreaming. I advise you to stop and go back to your room to sleep.”

“No, I’m going to wait here,” Chu Jie still did not believe that Mo Long could bear to see her suffer from the cold outside. “Go back and rest. Don’t worry about me. I’m going to wait here tonight. No one should bother about me.”

“You think I want to care about you?” Jiang Rou was really angry this time. “Why aren’t you sleeping at night? you’re scaring people here? I don’t care about you, but if you freeze to death outside, don’t blame me.”

“My life or death has nothing to do with you!” Chu Jie said impatiently, “as long as I hold on a little longer, Mr. Mo Long will open the door and let me in.”

“As you wish!” Jiang Rou angrily closed the door.

Chu Jie was still sitting at the door, covering her face and crying. However, no matter how loudly she cried, Mo Long and Jiang Yu had no intention of opening the door.

Chapter 1339 First Clue

“So, I plan to go to the address that old master Chu gave me tomorrow morning.” Mo Long said, “he said that the Chi family would choose to do business with him there.”

“Wouldn’t that be dangerous?” Jiang Yu was worried. “I’ll go with you tomorrow.”

“Since it’s dangerous, all the more you shouldn’t go.” Mo Long patted Jiang Yu’s shoulder and comforted her. “I can handle this matter myself. It’s just to check the situation, so it’s not that dangerous.”

“Since it’s not that dangerous, why don’t you let me go?” Jiang Yu looked straight into Mo Long’s eyes. “If it’s really not dangerous, let me go with you.”

Seeing how determined Jiang Yu was, Mo Long had no choice but to agree and said helplessly, “alright, you can come with me. However, you have to promise me that if you sense any danger, you must escape at once. You must not stay there.”

“I know,” Jiang Yu said.

However, even though she said that, in reality, if they were really in danger, she would definitely not leave Mo Long there alone.

Even if she wanted to escape, she would not escape alone.

After a night’s rest, Jiang Yu and Mo Long got up early and went to the address given by old master Chu without even eating breakfast.

Chu Jie woke up slightly later. By the time she woke up, Jiang Yu and Mo Long had already left.

She gritted her teeth in anger. it must be that Jiang Yu. She won’t let Mr. Mo Long rest properly!

When Jiang Yu and Mo Long arrived at the place, the sky had just turned bright. The surroundings were silent, not even the sound of the wind.

Even though this place was in the basement, there were windows all around, and the light from outside could also pass through. However, for some reason, it gave people a dark and terrifying feeling.

“Let’s take a look around first.” Mo Long said softly.

There seemed to be no one here, but no one knew if there was someone hiding in the dark.

Jiang Yu nodded and split up with Mo Long to look for her.

After searching for a while, the two of them heard footsteps coming from outside. There were also several people's voices. The goods last time didn't seem to work. I wonder how the ones today are.

"If the goods this time are the same as the last time, I'm going to wring that kid's head off."

The few of them talked as they stepped into the basement.

"Why is the door open?" Someone was puzzled. "Could it be that the kid is here?"

"But it's not the appointed time yet." Someone asked, "could it be that someone else has entered?"

"Let's look around. If you find someone, don't hesitate. Just attack."

"Yes, big brother."

Just as the underlings were about to start looking for him, the man in the lead stopped them. "Forget it, stop looking. Our mission today is to get the goods. Don't do anything else. It's not enough to waste time."

"Secret? What kind of secret is this?" The man in the lead laughed. "So what if the police come? do they dare to go against the black market? The police in Qingcheng are a bunch of bumpkins. I don't even bother to look at them. Especially that police officer Zhang inside. He was clearly the lowest level police officer, but he put on an expression of superiority every day. He doesn't even look at how many embarrassing things he's done, and he still dares to shamelessly accuse others?"

The more the man spoke, the more agitated he became. However, it was not the agitation of anger, but the agitation of wild laughter.

“Hahaha! A bunch of useless trash. Do they really think that we’re afraid of them by making this kind of secret deal?” The man laughed so hard that his tears were about to flow out. “I was just afraid of trouble, so I chose the simplest method. But they’re good. They actually shamelessly think that we’re afraid of them?!”

The few underlings also laughed along, and as they laughed, they said, “you’re indeed big brother! If we were to face this kind of thing, we might even be scared to the point of peeing our pants. Hahahaha!”

The few of them laughed for a while before a person walked in from outside, dragging two large boxes with great effort.

“You’re here? Not bad, I’m not late today, and I’m on time.” The man patted the young man’s face. “Huang Ze, out of so many batches of goods, I only have high hopes for your company. But the goods you gave me last time, aren’t they a little too low-class?”

“I’m sorry!” Huang Ze said, trembling. “There was a small accident with the last batch of goods. It rained a few days ago, and the warehouse leaked, so, so the goods were like that ...”

Chapter 1340 Invited To Meet

“I see ...” The man walked around the two boxes a few times, then opened them and found that the goods this time were much better than the last time.

“Yes, yes. The goods this time are not bad.” The man clapped his hands. “Alright, give him the money and let him go.’

The underling threw a thick stack of cash into Huang Ze’s arms and said, “that’s enough. Get lost.”

“Yes, yes!” Huang Ze quickly took the money and ran away.

The man continued to look down at the goods, only to find that the things below were wet.

“Motherf * cker, you dare to lie to me!” The man was furious. He took out the gun in his pocket, walked out of the house, and shot Huang Ze’s back.

Huang Ze groaned and fell heavily to the ground.

“Go and get the money back.” The man spat fiercely. “No one who dares to lie to me will have a good end! I’ve already shown him the greatest mercy by allowing him to live for so long.”

The Lackey hurriedly went to get the money back. The few pieces of paper on the surface were stained with blood.

“Big brother, what about these goods? It’s already so wet, if it’s dried, the effect would be greatly reduced, right?” Someone asked.

The man said, “what do you know? Even if these things weren’t dried, there would be people fighting to buy them, let alone sun-dried them! A bunch of heavy smokers. As long as it had something to do with drugs, how could they not want it? As long as you can sell a little of these things to them, you can make a lot of money. They will even see you as their second parents!”

The man kicked the box and said, “take the box away.”

“Alright, big brother.”

The underlings carried the box out, and the man followed closely behind. Jiang Yu and Mo Long only came out of their hiding place when there was no more sound.

Jiang Yu smelled the unpleasant smell in the air. She could not help but frown. “I didn’t expect the Chi family to develop a black market. It actually includes drugs.”

“It’s a normal phenomenon.” Mo Long said, “things like drugs are strictly investigated. Apart from the black market, there was basically no other place that could buy it. If the Chi family wants to earn money, selling drugs on the black market is the fastest way.”

“I’ll contact Chang Kai and ask him to apply for a cross-Bureau investigation. Since the police in Qingcheng didn’t do anything, we can only do it on their behalf.” Jiang Yu said.

“Let’s leave this place first,” Mo Long said as he held Jiang Yu’s hand and was about to leave.

However, as soon as she went out, she met a few unfamiliar men.

“You two are the ones who sneaked into the basement, right?” The man in the lead sized Jiang Yu up. “I didn’t expect you to really come out after waiting for me.”

“.. You’ve been wanting to catch us for a long time. So, you said those words on purpose for us to hear?” Jiang Yu asked.

“Little beauty, you’re quite smart.” The man reached out and wanted to touch Jiang Yu’s chin. However, Jiang Yu dodged to the back and the man’s hand missed.

However, the man wasn’t angry. Instead, he was even more excited. “Little beauty, how do you know that big brother likes someone like you?”

“Take back your claws.” Mo Long’s eyes turned cold, and the surrounding temperature suddenly dropped. Those lackeys were so cold that they didn’t know what to do.

The man couldn’t help but be frightened, but as the Big Brother, he still had to maintain his status.

Hence, he calmed himself down and asked, “Who are you?” What business do you have with what I do?”

“You’re asking who I am?” Mo Long snorted. “I’m Mo Long, her fiancé.”

As soon as he said this, the group of people were shocked.

“M-Mo Long?” The man called out the name in fear and trepidation as he sized him up. “You’re really Mo Long?”

“Am I a fake?” Mo Long’s temperament gave people a feeling of authority without being angry.

The men exchanged glances before the man said, “since you’re really Mo Long, we can let you go. But before I let you go, you have to come with us to a place.”

“What place?” Mo Long looked at them coldly.

“You don’t have to worry about that. Just come with us.” The man said carefully, “our boss said that if we meet someone called Mo Long, we must bring him to him.”

“Who’s your boss?” Mo Long asked.

“Chi Rui.” The man said.

This was the first time Mo Long had heard the name Chi Rui. However, since his surname was Chi, he must have a great relationship with the Chi family. Since that was the case, there was no harm in taking a look.

And looking at the attitude of these people in front of him, it didn’t seem like they would do anything bad behind his back.
