

## Older Man 1391

### Chapter 1391 Benefits Above All

Although this sentence sounded like a question, Jiang Yu said it in a narrative tone. She was 100% sure that there must be a drug transaction in this 15% of the industrial chain.

Chi Rui laughed and said, “As expected of Jiang Yu. I haven’t even shown you the contract for the industrial chain, and you already know what’s inside.”

Jiang Yu said coldly, “You went through a lot of trouble. First, you sent your butler over and gave me a bag of drugs. Now, you have your puppet Chu Ran come to talk to me about the cooperation. I’m afraid you’ve been thinking about this for a long time, right? From the first time we met...No, perhaps you were already planning this before we met. You extended an olive branch to Mo Long and asked him to cooperate with you.

Then, she used the purpose of the cocktail party to get him to bring me over. Your thoughts had already taken root at that time, right?”

“Hahaha!” Chi Rui laughed out loud until he was out of breath. Then, he took a few deep breaths and said, “I have to say, you’re really smart. You and Mo Long are really a perfect match. But when the two of you are together, it’s fine as long as one of you is smart. If both of them are smart, I won’t be able to control them.

Therefore, I can only think of other ways to control you.”

“Is the solution you came up with drugs? How despicable.” Jiang Yu said coldly, “Mo Long is unwilling to take over the drug industry. I’m afraid this matter has always been a barrier in your heart. That’s why he targeted me and threatened me with Mo Long’s personal safety.”

“Yeah, you’re right.” Chi Rui did not hide anything at all and admitted it openly. “Jiang Yu, as Mo Long’s fiancée, I think you should know his business ability better than me, right? Even someone like me, who doesn’t have a deep relationship with

him, knows that if his business ability is ranked second, then no one dares to rank first.”

“But he’s unwilling to take over the drug industry. Do you know how much profit there will be in the drug industry? Jiang Yu, I’m a businessman. A businessman will always put profit first. Moreover, my business is the black market. What kind of proper business chain do you want to find in the black market? Aren’t most of them illegal businesses? Whether it’s drugs or the sale of human organs.”

He spoke very calmly, as if this was a common occurrence for him. Even if he would be discovered and criticized by others, he would never stop.

“.. Your wife probably doesn’t want you to do such a thing, right?” Jiang Yu was silent for a while before she said, “And your daughter. I don’t think you want others to say that her husband and her father are involved in illegal businesses, right?”

Jiang Yu, believe me. No one would dare to say that. “Chi Rui’s tone suddenly became terrifying. Even through the phone, Jiang Yu could already imagine the crazy expression on his face. “My power is huge. My wife and daughter are living well under my protection. If anyone dares to talk about them behind their backs, I’ll send someone to dig out their tongues.”

“You’re really crazy, and you’re hopeless.” Jiang Yu said helplessly, “If you insist, then it’s useless no matter what I say. However, the cooperation I promised you will definitely continue. And Mo Long, since I’ve already promised you, you shouldn’t have any reason to keep him with you, right?”

“I knew it. You definitely wouldn’t forget Mo Long.” Chi Rui smiled and said, “I’ll let him go back tonight. Don’t worry.”

“It better be so.”

After saying that, Jiang Yu hung up the phone without giving Chi Rui a chance to speak.

After Jiang Yu hung up the phone, Teng Yi asked worriedly, “Madam, you agreed to cooperate with him. What about the drug deal? ” What should we do?”

Jiang Yu sighed. Before she could say anything, Chu Jie spoke up. "What else can we do? Since we agreed to cooperate with them, let's do it."

"You're not the one Teng Yi asked. What does this have to do with you?" Feng Ran glared at her. Who are you to talk here?"

## Chapter 1392 Avoiding

Seeing that the two of them were about to quarrel again, Jiang Yu quickly stopped them. "Alright, stop talking. I have my own plans for this matter. You just have to do your own thing."

Even though Feng Ran was still a little unhappy after hearing Jiang Yu's words, she still listened to her and kept quiet.

On the other hand, Chu Jie still had no EQ. Even though Jiang Yu had said so, she still said smugly, "Why are you so obedient to Jiang Yu? She doesn't want you to speak, so you're really not going to say anything?"

Feng Ran glared at her and decided not to argue with her. After saying that she had no EQ, she turned around and went upstairs.

Mei Shuang saw that Feng Ran was not in a good mood, so she followed her upstairs to comfort her.

Just as Chu Jie was about to lose her temper, Jiang Yu glared at her fiercely and said, "Chu Jie, if you continue to be so unreasonable, I'll send someone to send you back to the Chu family. If you don't want to go back, then you don't have to stay here anymore. It's fine if you go out and sleep on the streets. In short, don't appear in front of me again."

The expression on Jiang Yu's face didn't look like she was joking. Chu Jie finally felt a little scared and kept quiet.

Chu Jie probably knew that it wasn't suitable for her to stay in such an occasion, so she opened the door and went out.

After she opened the door and left, Jiang Yu said, "We still have to call the police to deal with this matter. Although it's a little troublesome to apply for a cross-city pursuit, we definitely can't not tell the police about this. Even if the police in Qingcheng don't do anything and aren't of much use, this doesn't mean that the police in other places are the same."

"But Chu Ran also said that it's useless to call the police." Teng Yi frowned, "Not to mention how troublesome it is to apply for a cross-city pursuit, Chi Rui's influence in the black market is huge. This black market was run by him single-handedly. It will be difficult for outsiders to take down this black market in one fell swoop."

"No matter how difficult it is, no matter how slim the hope is, we have to give it a try. We definitely can't just sit and wait for death." Jiang Yu's attitude was very firm. "If we do everything as Chi Rui says, won't we be letting him lead us by the nose? Then I'm afraid this matter will never be resolved."

Seeing Jiang Yu's firm attitude, Teng Yi didn't say anything else. Instead, he said, "Madam, no matter what decision you make, I will support you. I believe that it's not just me. If President Mo were here, he would also support your decision."

"Yes." Jiang Yu had always been tense, but after hearing Teng Yi's words, she smiled in relief.

After laughing, she said, "I will find a way to avoid all the illegal industries in this industry chain. I will never let my hands be stained with those dirty things."

However, even though that was the case, the industrial chain that Chi Rui had given Jiang Yu was probably all illegal. There was not a single legitimate industry.

Now, she could only wait for Chi Rui to send someone to send the contract over. Only then would Jiang Yu know what industries were in those industrial chains. If there was a legitimate industry, Jiang Yu would choose to develop that industry and avoid those illegal industries.

If they were all illegal businesses, Jiang Yu would choose the businesses that were the least illegal and focus on the proper procedures without arousing Chi Rui's suspicion.

Even if it was an illegal industry, it did not mean that all procedures were illegal. There were always a few that were allowed.

However, Jiang Yu did not wait for Lai Rui's contract until night time. Instead, she waited for Mo Long.

As soon as Mo Long returned to the villa, he ran towards Jiang Yu who was sitting on the sofa. Chu Jie stood at the side and wanted to say something to him, but he completely ignored her.

"Mister Mo Long..." Chu Jie cried out pitifully.

However, Mo Long completely ignored her.

"Yu 'er, I've already heard from Chi Rui that he asked Chu Ran to come over to discuss a collaboration with you. You promised him, didn't you?" Mo Long sounded a little anxious. "You shouldn't have agreed to it. Even if I'm in his hands, we have a cooperative relationship. He wouldn't dare to do anything to me. You should have directly rejected that cooperation. If you agree to him, won't you be getting yourself involved?"

"It's okay. I have my own considerations for this matter." Jiang Yu patted Mo Long's hand comfortingly. "You don't have to worry about this. Besides, I promised him to cooperate, so you could come back so quickly."

## Chapter 1393 Strategy

As soon as Jiang Yu finished speaking, Chu Jie sneered. "You still have the cheek to say that? When Chu Ran first mentioned this collaboration to you, she already told you that as long as you agree, Mr. Mo Long will be back immediately. But you hesitated time and time again and didn't agree immediately!"

"In my opinion, you don't love Mr. Mo Long at all! If you really loved him, you would have immediately agreed to that collaboration. Why would you have

considered it for so long? If it were me, I would definitely agree to cooperate immediately because I want Mr. Mo Long to return safely as soon as possible.”

At this point, Chu Jie was still planning to win some favor from Mo Long. However, she did not know that she looked like a clown. Whether it was Jiang Yu, Mo Long, or even the other people in the villa, or even the bodyguards outside, they all thought that she looked very ridiculous.

Mo Long couldn't be bothered to ask why Chu Jie was here. Anyway, she must have gotten Jiang Yu's approval, so Mo Long didn't ask too much.

“I'm a little tired. I want to go back to my room to rest.” Mo Long said to Jiang Yu, “Yu ‘er, accompany me back to my room.”

“Alright.”

Jiang Yu held Mo Long's arm and went upstairs. Chu Jie still looked shameless as she followed closely behind the two of them.

However, after returning to the room, Mo Long didn't care about Chu Jie behind him. Instead, he closed the door without hesitation and refused to let Chu Jie in.

Chu Jie looked at the tightly shut door in disbelief. She then looked back at the sofa in the living room and couldn't help but let out a sigh of relief.

She didn't expect that she could only sleep on the sofa even though Mo Long was back. In the end, it was all Jiang Yu's fault! If he could arrange a sofa bed for her, she would not have to sleep so uncomfortably.

Jiang Yu and Mo Long sat down by the bed. Mo Long then asked, “Do you know what industries Chi Rui has given you? Is there any illegal industry related to drugs?”

Jiang Yu was silent for a moment before she said, “That's what he told me. However, I don't know which industries are in the industrial chain. After all, the contract hasn't reached my hands yet. However, I've already contacted Chang Kai about this matter. He's already applied for a cross-city pursuit. After the procedures are completed, he can come to Qingcheng and investigate this matter.”

“Chang Kai is coming here to investigate the black market. It’s best not to let Chi Rui know.” Mo Long frowned. “Even though Chi Rui is a little too conceited and thinks that he has a lot of power, no matter how powerful the police are, they can’t do anything to him.”

“But he is indeed a lunatic. Even if Chang Kai and the others really have a way to take down this black market in one fell swoop, if they provoke Chi Rui, I’m afraid it will end up with both sides suffering. Before we have a hundred percent confidence in winning this battle, we should try to hide this from Chi Rui.”

“I know. Chang Kai and I said the same thing.” Jiang Yu nodded. “He also knew that this mission was a very tricky one, so he suggested it to me. Before he is 100% sure, he will never risk his and his colleagues ‘safety.’”

“That’s good. No matter what happens, the premise is to protect your own safety first.” Mo Long said.

After the two of them waited in the room for a while, a bodyguard came over and reported, “President, Madam, it’s still the person who claims to be the butler of the Chi family outside. He said that he’s here to deliver a contract to Madam.”

Jiang Yu immediately got up and went out to the bodyguard. “Let’s go. Let me see him.”

The butler was still dressed the same way as when they met today. He was holding a paper contract in his hand. When he saw Jiang Yu come out, he quickly smiled obsequiously and walked forward to hand the contract to Jiang Yu. He said, “Miss Jiang Yu, this is the contract that Mr. Chi Rui asked me to deliver. Please sign it after you have read it.”

Jiang Yu didn’t look at the profit aspect of the contract. Instead, she flipped to the end and looked directly at the industries.

As she had expected, there was not a single legitimate business in there. All of them were illegal. One was related to drugs, and the other was related to human organs.

However, since things had already come to this, Jiang Yu had no room for regret. She took a pen from the butler and signed her name on the contract.

The butler smiled and took back the contract. He asked, “Miss Jiang Yu, don’t you want to take a look at how much profit you can make from these businesses?”

## Chapter 1394 Surveillance

“No need.” Jiang Yu did not even give the butler a serious look. She said, “The profits from drugs are very high. Even if I don’t look, I can guess how much profit I can get. However, drugs are an illegal industry. I don’t care about the profits from an illegal industry.”

“Miss Jiang Yu, you’re really high and mighty. You actually look down on such a high profit.” The butler still had a smile on his face. “By the way, since you’ve signed this contract, it’s effective from now on. Tomorrow, Mr. Chi Rui will send someone to work with you.”

“Work with me?” Jiang Yu sneered. “To put it nicely, this person is a business partner. But in fact, he was sent by Chi Rui to spy on me, right?”

The smile on the butler’s face was a little hard to maintain. However, he still said, “Miss Jiang Yu, you really know how to joke. It’s not like Mr. Chi Rui doesn’t trust you. Why would he send someone to monitor you? This person is just an ordinary business partner. Don’t think too much about it.”

“It better be so.” Jiang Yu didn’t even look at the butler.

The atmosphere was a little awkward now. The butler knew that he would not be able to continue communicating with Jiang Yu if he stayed here. She put away the contract and stopped smiling. “In that case, I won’t disturb Miss Jiang Yu’s rest. I’ll go back first.”

With that, the butler turned around and left. Jiang Yu looked in the direction where the butler had left. She only said to the bodyguard after he had disappeared. “Forget it. You guys have a good rest. I’ll go back first.”

Jiang Yu returned to her room and told Mo Long about what had happened.

“What business partner?” Mo Long sneered. “Isn’t it just surveillance?”

“After all, the cooperation between you and him is a legitimate business, so he doesn’t have other concerns.” Jiang Yu sighed. “However, the businesses that he and I are working on are all illegal businesses. He wants me to make profits for him but he has to be wary of me. He definitely has someone to monitor me.”

It seemed that Chi Rui’s scheme was really big this time.

The next morning, after Mo Long woke up, he went to look for Chi Rui as usual. However, Jiang Yu didn’t need to look for him because Chi Rui’s men had already arrived.

That person was Chu Ran, whom he had met yesterday.

Chu Ran was still the same as yesterday. She treated this place as her home the moment she arrived. He sat on the sofa and crossed his legs.

“Yes.” Jiang Yu replied indifferently and ignored Chu Ran.

Chu Ran felt that she had been ignored, and her expression immediately turned a little ugly. He said, “Jiang Yu, I said that I’m your business partner. Don’t you have any basic etiquette? Don’t you know how to shake my hand and welcome me? With your cold attitude, I think you’re not willing to cooperate with me, right?”

Jiang Yu didn’t bother to feign civility with him. She said, “I really can’t work with you because you don’t seem to have any experience in business, right? How can I work with you if you don’t have any experience?”

“Did you have experience from the start?” Chu Ran did not mind. “Don’t any experienced businessmen start with no experience? So what if I don’t have experience? Since you have experience, why don’t you just guide me? No matter what, I’m still your business partner. Are you just going to leave me hanging? This makes me lose face, do you know that?”

“If you don’t have experience, then go ahead and learn. Even if I have experience, I have no obligation to teach you this.” Jiang Yu said, “You don’t have any experience at all. Did Chi Rui send you here so that I could take you hand in hand and shine in the business field? I’m afraid not. When he sent you here, he should have told you that he wanted you to monitor me, right? I just found a nice excuse to say that you’re my business partner.”

Jiang Yu had seen through this matter. Chu Ran’s expression was a little awkward, but he still braced himself and said, “Don’t talk nonsense. Mr. Chi Rui said that I am your business partner! He just wants me to stay with you and learn some business skills from you.”

“Learn some business skills from me? Can you guarantee that this industry will definitely be profitable?” Jiang Yu asked, “It seems like Mr. Chi Rui doesn’t really care about the profits.”

## Chapter 1395 Acquired

“This is Mr. Chi Rui’s plan. What does it have to do with you? Just do your job well.” Chu Ran was getting impatient. “I’m not listening to you question me, nor am I listening to your nonsense. I know what the industrial chain that Mr. Chi Rui gave you is. One is related to drugs, and the other is related to human organs. Then you have to do something today, right?”

You can’t just sit at home and buy drugs or human organs, right? Will money fall from the sky just because you’re sitting at home?”

“Sure,” Jiang Yu got up from the sofa and said to Chu Ran, “Since you’re so enthusiastic, why don’t you go out with me? If he relied solely on purchasing drugs, there would not be much production. Instead of purchasing, it was better to plant it himself. Then come with me to see the seeds of Poppy.”

“Okay, then bring me along.” Chu Ran was so excited that he really thought that Jiang Yu was going to take him out to do something.

Jiang Yu looked at him and was convinced that Chu Ran had no knowledge of business at all.

It seemed that Chi Rui had sent him here purely to monitor the situation. Cooperation and help were just excuses.

However, since Chu Ran didn't know anything, it would be much easier for Jiang Yu to do anything even under Chu Ran's nose.

Anyway, he didn't know anything.

Jiang Yu did manage to find out about the purchase channels of the Poppy Seeds. However, he found it online. That shop not only had poppy seeds, but also other seeds.

"Are you sure you're selling seeds in this shop?" Chu Ran sized up the dilapidated shop in front of her and said with disdain, "No matter how you look at it, this shop doesn't look like a proper place to sell seeds, right? Don't let others deceive you."

"Do you know what kind of seeds we want to buy? Do you want to go to a proper place to buy it? Do you think that kind of place will sell such seeds?" Jiang Yu asked.

Chu Ran was at a loss and stammered.

Jiang Yu stared at him for a while before saying, "This is also a small skill. You should learn it well. Even if Chi Rui sent you here to spy on me, you still have to learn some skills. Otherwise, how are we going to explain it when we go back?"

Chu Ran, who was once again reminded of the main point, had an awkward expression on his face. He whistled and looked around, refusing to look at Jiang Yu. However, the words that came out of his mouth were directed at her. "I told you, Mr. Chi Rui didn't ask me to come here to spy on you. He asked me to come here to learn business skills from you. I'm your business partner. Don't think of me as such a bad person."

"Whether you're here to work with me or not, you know very well. I don't need to make it too clear." Jiang Yu didn't intend to argue with Chu Ran over this matter. "Since you said that you're my business partner, you have to know your place."

“Why didn’t I straighten out my position? You said you wanted to come here to buy seeds, so didn’t I obediently follow you?” Chu Ran hated it when others lectured her, especially when they were talking to him. “Didn’t you want to buy seeds? Hurry up and go in. Do you want me to buy these seeds and put them in front of you?”

Jiang Yu glanced at Chu Ran, but she wasn’t angry at his attitude.

Jiang Yu walked forward and knocked on the door. The shopkeeper opened the door. It was a middle-aged woman who was dressed rather luxuriously.

When she saw Jiang Yu, she smiled and said, “You’re the person who contacted me last night, right? Come on in, I’ve been waiting for you for a long time.”

Chu Ran was surprised. She didn’t expect Jiang Yu to have already contacted this shop last night.

Jiang Yu walked into the shop. It was dark inside. Even though there were two windows on the wall, they were all backlit and there was no sunlight shining into the house at all.

Chu Ran couldn’t help but feel that this shop was a little eerie. She kept feeling a chill crawl up her spine.

However, Jiang Yu acted as if nothing had happened and even started chatting with the female stall owner. She said, “When I contacted you last night, you said that you would leave me some seeds. Where are they?”

The female shop owner smiled and pushed Jiang Yu’s shoulder. She said, “Basically, no one else buys this kind of seed, so there isn’t much stock. I’m saving it for you. Come and take a look with me.”

## Chapter 1396 Flower Seed

Jiang Yu followed the female stall owner to the back room, and Chu Ran followed her in.

The goods were placed in an exquisite box by the female stall owner, which was covered with a red cloth.

“It can’t be, right? It’s just some seeds. Why do you have to hide them so well?” Chu Ran was puzzled.

Jiang Yu said seriously, “What did I tell you outside? What seeds are we buying? You have to know that this kind of seed can’t be placed on the surface. Moreover, these seeds could not be exposed to the sun. Otherwise, they would lose their vitality. That’s why I can only leave it like this.”

Chu Ran was stunned by Jiang Yu’s words and actually believed her completely.

Little did he know that Jiang Yu had contacted the owner of this shop last night and that the seed she wanted was not a poppy seed at all, but a flower seed. Moreover, she had specially instructed the shop owner to store the seeds in this way.

Although the shop owner didn’t know why Jiang Yu would do that, Jiang Yu gave her a sum of money and even doubled it. She was a shop owner, and her goal was to earn money. As long as someone gave her money, no matter what kind of request the other party made, as long as it was not too much, she would do it.

Therefore, even though Jiang Yu was spouting nonsense in front of her, she did not question her. She even thought that the boy in front of her was the girl’s younger brother and that the girl was deliberately saying this to him.

Therefore, the female shop owner only smiled and handed the box to Jiang Yu. She said, “I have stored the seeds according to your request. You can take them back. If you can’t plant a seed, come to me. I’ll compensate you in full.”

“Thank you, shop owner. I wish you a prosperous business.” After Jiang Yu said that, she took the box and left.

Seeing this, Chu Ran quickly followed Jiang Yu out.

After leaving the shop, Chu Ran kept staring at the box in Jiang Yu’s hand. She asked curiously, “Are the seeds inside really poppies?”

“Of course it’s true. Would I lie to you?” Jiang Yu was so serious that Chu Ran could not tell that she was lying to her.

“Then where are you going to plant the seeds? You can’t just buy a flower pot to plant it, right?” Chu Ran said, “I’ve seen what Poppy looks like after it grows up. A small flower pot can’t withstand such a large volume.”

“You don’t have to worry about this. I have my own place to plant them.” Jiang Yu said.

Jiang Yu took the box and hailed a taxi from the roadside to take Chu Ran to a place.

Chu Ran was very unfamiliar with that place, but Jiang Yu was very familiar with it because it was the village where Teng Yi was first found.

“This place is really dilapidated. How did you find this place?” Chu Ran frowned, and the disdain in her eyes was obvious. And that shop is also very dilapidated. Jiang Yu, I really couldn’t tell that you were quite talented in contacting the dilapidated shop owner.”

“There’s a place here that’s more convenient for planting. What do you know?” Jiang Yu glared at Chu Ran.

When Jiang Yu walked into the village, the villagers were all focused on farming, including Zhou Yun and the other cyborgs.

The villagers still had an impression of Jiang Yu, so when they saw her coming over, they all came over to greet her enthusiastically. “When you left, we didn’t send you off properly.”

“Yes, I have been. Moreover, after you left, you still left Zhou Yun and the others behind to help us with the farm work. Thank you so much.”

Jiang Yu smiled and said, “You don’t have to be polite with me. I’m in an awkward situation now. If Zhou Yun and the others follow me, they won’t have a good place to

go either. It's better to stay here and help you with the farm work. At least you can provide them with a place to go."

Zhou Yun and the others also walked over and looked at Jiang Yu with a hint of nostalgia in their eyes. Just as he was about to call out "Master", Jiang Yu gave him a look, indicating that he should not call her that.

Although Zhou Yun didn't understand, he still obediently didn't call her by her name. Instead, he mimicked the villagers and stiffly called out the name "Jiang Yu."

Jiang Yu smiled in relief. She handed the box in her hand to one of the villagers and said, "I have a box of seeds here. Please help me plant them."

"What seed?" the villager asked.

"It's nothing. It's just a seed of a flower." As Jiang Yu spoke, she glanced at Chu Ran who was behind her.

Chu Ran did not notice Jiang Yu's gaze.

## Chapter 1397 Didn't Fancy Him

The villagers completely believed Jiang Yu's words and did not pursue the matter further. Instead, they put the box away and said, "Jiang Yu, don't worry. We don't know anything else, but we do have some skills when it comes to planting crops. Although this is a flower, we used to grow poppies. There shouldn't be any difference between the two, right?"

"There's no difference. Just grow whatever you want. It doesn't matter if you don't feed them." Jiang Yu said with a smile.

Chu Ran had walked over at some point in time. When she heard Jiang Yu's words, her expression immediately turned ugly. "How is it unrelated?" She asked. "How much did these seeds cost? Not only were the seeds expensive, but there were also very few seeds. This was already the entire stock. If you can't grow it, you have to compensate in full!"

This was the first time the villagers had seen Chu Ran. When they saw him standing behind Jiang Yu, they thought that he was one of Jiang Yu's lackeys.

They had thought that this lackey's personality would be the same as Jiang Yu's and that he would be kind to others. However, she did not expect him to have such an attitude as soon as he opened his mouth to speak. Not only was she a little dumbfounded, but she was also a little stunned.

"Don't listen to him," Jiang Yu advised. "Just listen to me. It doesn't matter if these flowers don't grow well. I bought these just to cultivate my character."

"How much did you spend on these seeds?" Chu Ran retorted loudly. "You spent so much money, but you told them that they could just take care of it? Then why did you spend that money?"

"I didn't spend your money either. Don't say anything." Jiang Yu's expression also turned cold.

"Me!" Although Chu Ran wanted to defend herself, Jiang Yu was telling the truth. Chu Ran had nothing to say and could only shut her mouth resentfully.

Jiang Yu said to the villagers, "Don't worry about him. Just listen to me."

As she spoke, she turned around and was about to leave when Zhou Yun stopped her. He swallowed the words "Master" and said, "Jiang Yu, you're back. Aren't you going to stay here for a meal?"

When Zhou Yun said this, the rest of the villagers also tried to persuade Jiang Yu to stay. They said, "That's right, Jiang Yu. Stay for a meal. It's not easy for you to come back."

Before Jiang Yu could say anything, Chu Ran beat her to it. She said in disdain, "Why don't you take a look at how dilapidated your village is? You still want us to stay here for dinner? What kind of food can you make? I don't even need to look to know. Who would eat that kind of food? If you leave it by the roadside for dogs, they won't even eat it."

The expressions on the villagers' faces were very awkward. Each of them was more difficult than the other.

In fact, they also knew that the food in their village could not compare to the delicacies in the city. However, this was also a token of their appreciation for Jiang Yu. Now that they were being insulted like this, they felt very uncomfortable.

However, they had no choice but to admit that the words of this man with a sharp and mean attitude were the truth.

However, Jiang Yu did not speak up for Chu Ran. Instead, she spoke up for the villagers. "Chu Ran, you'd better stay by my side. It's best if you know your place. Don't say such things. They are the villagers who saved me before. You'd better treat them with more respect."

"The person they saved was you, not me! It's fine if you're respectful to them, but why should I be?" Chu Ran gritted her teeth. "If you want to eat here, I won't stop you. I won't eat here anyway! I'm going back. If you want to go back, go back alone. Don't expect me to go with you!"

After saying that, Chu Ran turned around and left, completely ignoring Jiang Yu who was behind her.

When the villagers saw this, they looked at each other. In the end, the old village doctor stood up and said to Jiang Yu, "Jiang Yu, why don't you go back? The young man is right. The food in our village can't be compared to the seafood and abalones in your city. It's normal that you don't like it."

Jiang Yu frowned. Just as she was about to say, "That's not the case," the old village doctor said again, "Jiang Yu, it's fine. We know that you don't despise us. It's enough for us to know your intentions."

"That's right, Jiang Yu. You should go back with that young man."

Although Zhou Yun wanted to persuade Jiang Yu to stay, he was too embarrassed to say anything since the villagers had already said so. He could only stand at the side in silence.

## Chapter 1398 You Are Feng Ran.

Jiang Yu actually wanted to stay in the village for dinner, but the villagers had already said so. Moreover, it was not suitable for her to stay too far away from Chu Ran in the current situation. Otherwise, if Chu Ran contacted Chi Rui behind her back and accidentally revealed something, it would be bad.

Therefore, Jiang Yu could only say to the villagers, "Alright then. I'll go back first. You guys have to be safe here. As for these seeds, just plant any one of them."

"Alright, I got it. Let's go. That young man is going far away."

"Yes." Jiang Yu nodded, turned around, and left in the direction Chu Ran left. Zhou Yun did not say a word from the beginning to the end. He only sighed silently as he watched Jiang Yu leave.

Jiang Yu followed behind Chu Ran. After walking for a while, Chu Ran suddenly stopped and turned to look at Jiang Yu. "Aren't you going to stay there for dinner?" She asked. "Why did you leave with me?"

"You can't interfere in this matter." Jiang Yu didn't mind.

"I can't be bothered with you. By the way, during the time we work together, I'll be staying at your place. Do you have any spare rooms?" Chu Ran said.

"No, I haven't." Jiang Yu rejected him straightforwardly. "Chu Jie is also staying at my place. She doesn't even have a room, so she can only stay on the sofa in the living room. If you insist on staying at my place, then the two of you can squeeze on the sofa in the living room. Anyway, the two of you are siblings. You shouldn't dislike each other, right?"

"You want me to sleep on the sofa in the living room with her? You don't even have a spare guest room in such a big villa?" Chu Ran's eyes widened.

“Indeed not.” As Jiang Yu walked, she said, “Only the sofa in the living room can accommodate people. If you’re willing to stay here, you can share a sofa with Chu Jie. If you don’t want to stay here, then go home and find a place to sleep.”

“The villa you live in is really small.” Chu Ran said disdainfully.

However, no matter how much he despised Jiang Yu’s villa, he still obediently followed Jiang Yu back. This was because one of the missions that Chi Rui had given him was to stay in Jiang Yu’s villa and keep an eye on her.

Chu Ran originally thought that Jiang Yu would reject him when he mentioned this to her. He even thought of a reason to refute her. However, he did not expect Jiang Yu to not reject him and only told him that she had no place to stay.

Chu Ran followed Jiang Yu back to the villa. Feng Ran and Mei Shuang were already preparing lunch in the kitchen.

When Feng Ran saw Jiang Yu return, she greeted her warmly. “Sister Jiang Yu, you’re back!” She shouted. However, as soon as she finished speaking, she saw Chu Ran following behind Jiang Yu.

Chu Ran and Feng Ran had never met each other, but they knew each other’s names. Now, Feng Ran knew that his name was Chu Ran, but Chu Ran didn’t know that her name was Feng Ran.

Chu Ran stood behind Jiang Yu for a while, thinking that Feng Ran would also greet him. However, after waiting for a long time, he still did not hear her greet him. He could not help but cross his arms over his chest. He sneered and said, “Hehe, how rude.”

Feng Ran was unhappy when she heard this. She said, “You have the right to say that others are rude? Are you very polite yourself? This isn’t your home. Why did you come back?”

“Although this isn’t my home, it isn’t Chu Jie’s home either. If she can be here, why can’t I be here? You’re treating me differently.” Chu Ran retorted, “I really don’t

know how Jiang Yu can be friends with you guys. Although I think her personality is terrible too, I think your personalities are even worse. She's probably been led astray by you guys."

"I advise you not to spread rumors. Our personalities are very good. At least compared to you, we are normal people." Feng Ran threw the things in her hands on the kitchen stove and whispered, "I really don't understand what's so good about a person like you. I don't know what my father sees in you that he wants me to marry you."

Chu Ran's ears were sharper than ordinary people's. Even though Feng Ran's voice was very soft, he still heard it.

"Marry me? Are you Feng Ran from the Feng family?" Chu Ran said with a disgusted expression.

#### Chapter 1399 Her Identity

"What's that expression on your face?" Feng Ran looked at Chu Ran's expression and became even more unhappy. "Do you think I want to marry you? That's because my dad made the decision on his own! I didn't know about this at all! Anyway, my father has already broken off the engagement. I don't have to marry you, and you don't have to marry me. This is good for all of us."

"That'd better be the case. Who knows if you're just trying to be brave and saying that because the engagement was broken off? But we'll be staying in the same villa now. You should stay away from me. I'm afraid you'll fall in love with me if you're too close to me. I will never fall in love with you. If you fall in love with me, you can only have one-sided love."

"Don't flatter yourself. I don't like you. Who do you think you are?" Feng Ran sneered. "You don't have a noble status, and you don't have a prominent status. Do you think I'll take a fancy to you? Let me tell you, even if all the men in the world die, I will never fall for you! Just give up."

"You!" Chu Ran was so angry that her face turned red as if it was filled with blood. "Your words are so unpleasant. As expected of Jiang Yu's friend! I already knew that with her ability, she wouldn't be able to make any decent friends! See, your words are so unpleasant!"

“So what if my words are unpleasant? If you find my words unpleasant, then don’t talk to me! Cover your ears and don’t listen to me!” Feng Ran did not stand on ceremony. “I haven’t said anything yet. Do you really think of yourself as a VIP? You and Chu Jie are the same. It’s already good enough for you to stay here!”

Don’t you guys not know what’s good for you!”

“Don’t go too far!” Chu Ran couldn’t care less about her gentlemanly demeanor. She pointed at Feng Ran and scolded, “Do you know who I am? Do you know why I’m here? Even Jiang Yu doesn’t dare to talk to me like this, and you dare to talk to me like this?”

“That’s because Sister Jiang Yu is kind, so she doesn’t talk to you like that. Otherwise, who do you think you are? You really think you’re something.” Feng Ran said, “I’ll tell you the truth. Even if the person who came today wasn’t you but Chi Rui himself, he would still receive the same treatment. So don’t put your status too high.”

“Don’t go too far. Don’t think that just because you’re a woman, I won’t dare to argue with you!”

“Aiya, I’m really scared when you say this.” Feng Ran pretended to be scared. “Alright, stop trying to make yourself look good. Since you’re here, you have to listen to us.”

As Feng Ran spoke, she picked up the things that she had thrown away again. “Hurry up and pack up for dinner. Are you waiting for us to put food in your mouth?” She said. “Since you have hands, hurry up and come over for dinner.”

Feng Ran and Mei Shuang brought the dishes to the table.

The rest of the people consciously came over to eat. Even the bodyguards at the door came in to eat. Even Chu Jie sat on the other side of the table.

Chu Ran suddenly felt that she didn’t know whether to sit or not.

This was because he felt that if he sat down and ate with them, they would really feel like a family. However, he and Jiang Yu were not on the same side. However, if he did not sit in and eat with them, he would seem out of place.

Chu Ran was conflicted. In the end, he locked his gaze on Chu Jie. He walked over and said sarcastically, "This is not the Chu family. Why are you sitting here so peacefully? How dare you eat Jiang Yu's cooking? Aren't you afraid that it's poisoned?"

"I'm not staying here to eat. Why do you care if I'm sitting here or not?" Chu Jie didn't want to talk to Chu Ran at all, but there were so many people present. In order to show her upbringing as the daughter of the Chu family, she still answered Chu Ran's question. "If you want to stay here, then you can stay here. If you don't want to eat this meal, then don't eat it. Anyway, when you're hungry, no one will cook for you."

Chu Ran didn't expect Chu Jie to be on Jiang Yu's side. She couldn't think of anything else to say.

He stood where he was, his lips trembling in anger, but he still sat down and ate obediently.

## Chapter 1400 Sexy Lingerie

After lunch, everyone went back to their own work. Jiang Yu had nothing to do at the moment, so she sat on the sofa in the living room and read a magazine. Chu Jie was sitting next to her.

Chu Ran sat beside them. Seeing that Jiang Yu was doing nothing but reading a magazine, Chu Ran couldn't help but feel uneasy.

"Are you just going to sit here and read a magazine?" Chu Ran asked.

"Is there anything I can do?" Jiang Yu asked as she flipped through the magazine. "The seeds had been bought and distributed to the villagers for them to plant. What we need to do now is to wait for the poppies to grow before we go and buy them."

“But drugs are not the only industry in the industry chain that Mr. Chi Rui gave you.” Chu Ran said, “There’s another industry related to human organs. Don’t you want to do anything about this industry? Just sit here and do nothing. Money doesn’t fall from the sky.”

“Money doesn’t fall from the sky, but there’s a saying that you have to know. It’s called ‘impatient, you can’t eat hot tofu’.” Jiang Yu lowered her head so Chu Ran couldn’t see the expression on her face clearly. “Everything was handled by me. You just watched from the side and didn’t help at all, so you have no right to lecture me.”

“You...” Chu Ran was about to speak when Chu Jie interrupted him.

“Don’t say anything. If you stay in Jiang Yu’s villa now, it’s equivalent to her taking you in. If you talk to your benefactor like this, be careful that she might get angry one day and chase you out.”

Chu Jie crossed her arms and glanced at Jiang Yu from the corner of her eyes. She continued, “When I first came over, she said that she was willing to take me in. However, she didn’t even arrange a sofa bed for me. Instead, she let me sleep on the sofa in the living room. If you insist on staying here, I think you can only squeeze on the sofa in the living room with me.”

“I’m not going to squeeze in here with you. You can’t sleep on the sofa bed. I want to sleep on it.” Chu Ran said, “I’ll buy it myself.”

When Chu Jie heard that he was going to buy a sofa bed, she quickly stood up and said, “You want to buy a sofa bed? Then bring me along. I want to go with you.”

“Why are you following me? Didn’t you despise me?” Chu Ran looked at Chu Jie nonchalantly. “I advise you not to go with me, lest you tarnish your reputation as the eldest daughter of the Chu family.”

“I can go out with whoever I want. You can’t control me. Are you going to buy a sofa bed?” Chu Jie also lost her temper. “Since you want to buy a sofa bed, I’ll go with you. Why can you sleep on the sofa bed while I have to squeeze on this sofa?”

“Suit yourself. Anyway, your legs are on your body. I can’t stop you.” Chu Ran was not in the mood to argue with her cheap sister.

Chu Ran went out, and Chu Jie followed closely behind.

After the two of them left, Jiang Yu's ears became much quieter. She could finally read a magazine in peace.

Chu Jie followed Chu Ran to the mall. Chu Ran went straight to the furniture city, while Chu Jie walked and stopped behind him. Finally, her attention was attracted by the lingerie shop at the side.

In fact, she didn't lack clothes to change into, but what caught Chu Jie's attention was the sexy lingerie in the innermost part.

She walked over and carefully examined the sexy lingerie. Seeing her like this, the salesperson quickly introduced her enthusiastically. "This bra is the latest model in our store. It's just new and we're planning to use it for a test sale. You saw it at a glance, which means you have good taste."

"Your lingerie is indeed not bad. It's quite nice." It was rare for Chu Jie to praise such a thing. "Take this down and let me try it. If I can wear it, I'll buy it."

"Alright, I'll bring it down for you now." The salesperson took the underwear down excitedly and then took Chu Jie to the changing room.

In fact, this bra was not from a big brand. It was just that the shape and fabric were good. He thought that it would be best if there was a sucker who was willing to spend money to buy it. If it really couldn't be sold, he would throw it away.

Coincidentally, Chu Jie was the victim.

Chu Jie was changing her clothes in the changing room while the sales assistant was standing at the door.
