

## Older Man 1401

### Chapter 1401 Disliked

Chu Jie tried it on and found that the sexy lingerie was very suitable for her figure. Coupled with what the salesperson had just said, Chu Jie couldn't help but be tempted. She quickly changed and took the lingerie out. She said to the salesperson, "Pack it up for me immediately."

The salesperson saw that she was so happy that the smile on her face almost reached her ears.

"Okay, take a look. Is there anything else you want to buy?"

"No, just this one. Pack it up for me." Chu Jie said.

When it was time to pay, Chu Jie took out her phone and realized that she only had enough money to buy this bra. If she really wanted to buy a sofa bed, she couldn't afford it. She could only rely on Chu Ran to buy it.

However, Chu Ran's attitude towards her had never been very good. She wondered if Chu Ran would be willing to spend money to buy her a sofa bed.

However, since she could get the lingerie in full, Chu Jie wouldn't delay.

She took the packaging of the lingerie and went to the furniture store. Finally, she saw Chu Ran on the sofa.

Chu Ran was still choosing suitable sofa beds. Chu Jie walked over and imitated him. She sized up the sofa beds. "How much are these sofa beds? Are they very expensive?"

"How expensive can it be? It's only a few thousand yuan." Chu Ran did not mind. "You're the daughter of the Chu family. Can't you even take out a few thousand yuan? You don't want me to spend money on you, do you?"

These words hit Chu Jie's sore spot. Her face was a little awkward, but she quickly returned to normal. She said, "No matter what, you're my brother. As a brother, it's normal for you to help your sister buy something, right?"

"Now you know that I'm your brother. But didn't you refuse to acknowledge my identity when we first met?" Chu Ran sneered. "Now that you don't have the money to buy anything, do you know how to call me your brother when you need my help? I don't usually see you calling me brother."

"Didn't I already know? Now that I know you're my brother, isn't it normal for you to buy something for your sister?" Chu Jie boasted shamelessly.

"Then I have to thank you for acknowledging my identity, right?" Chu Ran sneered even louder. "I'll only buy things for myself today. I won't spend a single cent on you. If you really want these things, then go back to the Chu family and ask them to buy them for you. Anyway, the Chu family didn't acknowledge my identity. Since I'm not your brother, why should I buy things for you?"

Chu Ran's words made sense. Chu Jie couldn't think of any reason to refute her.

Chu Jie stood there with the bag in her hand. She was so embarrassed that she didn't dare to look up. When she finally mustered up the courage to look up, she saw the owner's disdainful gaze.

The owner looked at Chu Jie with disdain, but he looked at Chu Ran as if he was looking at his own parents.

"Sir, do you still need this sofa bed?" The owner asked Chu Ran. "If you place an order now, there will be a discount and we can even deliver the goods to your door for free."

Chu Ran glanced at Chu Jie and smiled. "Okay, I'll buy this. Get someone to send it back for me."

Chu Ran went to pay the bill.

Chu Jie wanted to call out to him, but her voice was stuck in her throat. She couldn't make a sound no matter what.

The shop owner also acted as if he didn't see Chu Jie and served Chu Ran like a lackey.

Chu Jie had never been wronged like this. Her eyes turned red and tears fell like broken beads.

After Chu Ran bought the sofa bed, the shop owner sent someone to send it back to him. He turned around and found Chu Jie still standing there. He couldn't help but show a disgusted expression. "I say, you little girl, how long are you going to stand here? If you want to buy it, then buy it. If you don't want to buy it, then leave quickly. Don't delay my business."

"I'm sorry. I'll leave now and delay your business." This was the first time Chu Jie apologized to someone like this.

The shop owner didn't pity Chu Jie just because she was a girl. Instead, he said, "Hurry up and leave. That young man just said that you are a rich lady. You can't even take out a few thousand yuan. How dare you say that you are a rich lady? How embarrassing."

Chu Jie couldn't stand such words. She lowered her head and quickly took the bag and left. She almost ran.

"Why is this world so hostile to me?" Chu Jie muttered to herself as she ran.

## Chapter 1402 Get Out

Chu Ran went back with the delivery truck, but Chu Jie didn't have a car to sit in. She wanted to take a taxi, but she didn't have a single cent on her.

She couldn't afford a taxi, but she didn't dare to borrow money from the passers-by. Therefore, he could only walk back to the villa based on his impression.

When she walked back to the villa, Chu Ran was already there. She placed the sofa bed in the living room near the heater.

This way, it wouldn't be too cold even if he had to sleep in the living room at night.

To be honest, Chu Jie was a little envious. However, she did not have a sofa bed to sleep on because of her own reasons. Even if she wanted to complain, there was no one to complain to.

Jiang Yu pretended not to see the sofa bed that Chu Ran had bought.

This made Chu Jie feel even more uncomfortable.

During dinner, Chu Ran specially bought a box of wine and said, "No matter what, this is my first time here. Please give me some advice. Although I have a bad temper, we will still get along for a period of time. I bought some wine tonight. Everyone, drink a little. We won't go home until we're drunk."

He looked like he wanted to build a good relationship with everyone, but no one knew how sincere he was.

After dinner, Chu Ran said to Jiang Yu, "Jiang Yu, come out for a while. I have something to tell you."

Jiang Yu glanced at Mo Long and said, "If you have anything to say, say it here. Are you afraid that others will listen?"

Chu Ran also glanced at Mo Long. "Mr. Chi Rui specifically instructed me to tell you this. I can only tell you this. If you insist on making things difficult for me, I can also say these words. However, when the time comes, you can explain it yourself in front of Mr. Chi Rui."

Just as Jiang Yu was about to speak, Mo Long said, "It's okay. You can go. We'll talk about it when you come back."

Only then did Jiang Yu follow Chu Ran out.

After they left, Chu Ran crossed her arms and looked at Jiang Yu with a cold smile on her face. “Actually, I specifically called you out just for formality. I know. I’ve told you about this. You’ll definitely tell Mo Long when you get back.”

“Why did you call me out since you already know?” Jiang Yu frowned and asked.

Chu Ran shrugged and said indifferently, “This is what Mr. Chi Rui specifically instructed me to do. Of course, I have to do it. Anyway, this is my mission. I’ve completed my mission. As for what you will do, it has nothing to do with me.”

Jiang Yu was silent for a while before she said, “You really listen to Chi Rui.”

“Of course. Mr. Chi Rui is the person who gave me a second life. His words are like the heavens to me! Of course I have to listen to him.” Chu Ran said as if it was natural.

“If you have something to say, hurry up and say it. It’s quite cold outside.”

Chu Ran stared into Jiang Yu’s eyes and said everything that Chi Rui had asked him to say.

Inside the house, Mo Long was sitting on the sofa in the living room, drinking tea silently and flipping through the magazine in his hand.

He was engrossed in reading a magazine when a pair of hands suddenly touched his shoulders.

Mo Long paused and looked in the direction of the pair of hands. He saw Chu Jie wearing sexy lingerie. Her face revealed a lustful expression as she looked at him deeply.

“Mister Mo Long...” Chu Jie called out softly, “Why are you only reading magazines? I’m right beside you. Look at me.”

“How much did you drink tonight?” Mo Long frowned. He got up and shook Chu Jie’s hand off.

“There’s not much!” Chu Jie covered her mouth and laughed. “It’s just that what happened today made me too sad, so I unknowingly drank a little more. Mr. Mo Long, you won’t be angry with me because of this, right?”

“I have nothing to do with you, so I won’t be angry. Just don’t use drinking too much as an excuse to do things you shouldn’t have done.” Mo Long patted his shoulder in disgust, as if Chu Jie had touched him.

“Chu Jie, I’ve already respected you enough. If you still don’t know what’s good for you, I’ll throw you out of here.”

Chu Jie thought that Mo Long was joking with her, so she took another step forward and pressed her entire body against Mo Long’s. Just as she was about to speak, Mo Long pushed her away.

“It seems like you didn’t remember my reminder just now.” Mo Long’s expression was very cold. He grabbed Chu Jie’s wrist and threw her out of the villa.

#### Chapter 1403 Invite Me Back

Outside the villa, Chu Ran was still talking to Jiang Yu. When he suddenly saw the scantily dressed Chu Chu Jie being thrown out of the villa by Mo Long, he was so shocked that he didn’t know what to say.

At first, Jiang Yu’s back was facing the entrance of the villa, so she didn’t know about this scene. However, when she saw Chu Ran’s shocked expression, she turned around in surprise and saw this scene as well.

After Mo Long threw Chu Jie out, he closed the door without a word.

Chu Jie was blown by the cold wind outside, and her consciousness barely recovered. She looked at her exposed skin and then looked at Jiang Yu and Chu Ran who were staring at her. Her face instantly turned as red as a monkey’s butt.

She quickly knocked on the door and shouted, "Is there anyone who can help me open the door! I want to go in and put on my clothes. It's too cold outside!"

However, no matter how long she shouted, no one came to open the door for her.

Chu Jie still didn't give up. She kept shouting until her voice was hoarse, but no one came to open the door for her.

Moreover, Chu Ran and Jiang Yu were standing outside. They were the people she hated the most. Now that the person she hated the most had seen her most embarrassing side, Chu Jie even wanted to die.

She clutched her chest and stood up. She glared fiercely at Jiang Yu and Chu Ran and shouted, "What are you looking at?! Have you never seen a beauty before?"

Chu Ran sneered. "I've never seen a beautiful woman wearing sexy lingerie in front of so many people. Besides, you're not a beautiful woman, are you?"

Chu Jie, who had been thrown out by Mo Long, was already very upset. Now, Chu Ran was still attacking her like this. It was undoubtedly rubbing salt on her wound.

However, Chu Jie was a girl after all. Although Jiang Yu didn't like her behavior, she still couldn't bear to see her like this.

So he took off his coat and handed it to Chu Jie. "It's cold outside. Put it on. After I'm done talking to Chu Ran, I'll bring you in."

"I don't need you to pretend to be good to me here!" Chu Jie slapped Jiang Yu's hand and the coat fell to the ground, covered in dust. "Why did you give me a coat? If you want to see me make a fool of myself, just say it! I don't need you to mock me like this!"

She really treated her good intentions as ill intentions. Jiang Yu was so angry that she laughed.

“It’s true that a person’s heart depends on his personality. It’s precisely because you’re such a person that you think I’m such a person, right?” Jiang Yu smiled. “I gave you a jacket because I was afraid that you would catch a cold, not because you were mocking me. However, if you insist that I’m mocking you and that I just want to see you make a fool of yourself, then I don’t care. Anyway, I already gave you the coat. You didn’t want to wear it. In that case, you can stay outside.”

“Even if I freeze to death outside, I will never accept your kindness!” Chu Jie still had a haughty look on her face. “Put away your hypocritical kindness! I will never go in with you! It was Mr. Mo Long who threw me out. If you want me to go in, then get Mr. Mo Long to personally come and bring me in!”

“You’re ugly, but you think too highly of yourself.” Chu Ran smiled and said to Jiang Yu, “That’s all I want to tell you. As for this Chu Jie, I advise you to ignore her. She has always been using her identity to lord it over here. Those who don’t know better might think that she is the mistress of this place. Although I don’t like you and the others, I seem to hate her more.”

“Chu Jie is your sister.” Jiang Yu reminded him.

“Sister? I don’t want to acknowledge this cheap sister. She didn’t treat me as her brother. She said that she would never let me return to the Chu family. In the end, when he went shopping today, he realized that he had no money on him, so he lowered his head and called me brother.”

Chu Ran told him about Chu Jie’s embarrassing incident today.

“When she’s rich, she’s high and mighty. When she’s poor, she’s humble. However, she doesn’t seem to have such an attitude towards you. I really don’t understand if she’s cultured or not.”

#### Chapter 1404 Staying Outside For A Night

Chu Jie was already shivering from the cold, but she was still unwilling to pick up Jiang Yu’s jacket and put it on.

In fact, Jiang Yu had already planned to bring her back to the villa. However, because of Chu Jie's attitude just now, Jiang Yu felt that it was better to let her stay outside. After all, she asked for it.

Chu Ran and Jiang Yu prepared to return to the villa, but Chu Jie looked at them eagerly. Even though she said that she wouldn't go in with them, she still hoped that they would pull her along when they went in.

However, even when someone opened the door, Chu Ran and Jiang Yu walked in and closed the door, no one gave Chu Jie a look.

!!

"What do you people mean?" Chu Jie leaned against the door and shouted, "Don't you know that I'm still outside? Didn't you know to bring me in when you went in? I said I'm not going in, are you really going to ignore me? Do you people have any compassion?"

When Chu Jie said this, her teeth were shivering from the cold. However, she waited for a long time, but no one came to open the door. Chu Jie had no choice. She stared at the coat on the ground for a long time. In the end, she lowered her head in front of the low temperature, picked up the coat, and put it on.

However, the jacket could only cover Chu Jie's upper body. Her lower body was still exposed to the air.

She huddled in the corner of the door, hoping that someone would open the door and let her in.

However, only half of her wish came true. Someone did open the door, but he did not let her in. Instead, he said to her, "Don't think about kidnapping us with morals. As long as I have no morals, you will never be able to kidnap me."

The person who said this was Feng Ran. She had long disliked Chu Jie. Now that she finally had a chance to mock her, Feng Ran would never miss it.

After Feng Ran finished speaking, she didn't give Chu Jie a chance to speak and directly closed the door.

Chu Jie stared blankly at the closed door. She swallowed all the words that were about to come out of her mouth. She stood outside alone, enduring the cold wind. Even the bodyguards who took turns standing guard at the gate had a warm duty room.

She was a rich young lady, but she didn't expect to end up wearing revealing lingerie and being blown by the cold wind outside a villa.

"You guys just watched me freeze outside, right?!" Chu Jie shouted into the villa, "If no one opens the door for me today, I'll keep shouting outside! I'll make sure none of you can rest well!"

However, the soundproofing effect of this villa was quite good. Even if Chu Jie shouted outside, the people in the house could only vaguely hear the sound.

Even Chu Ran, who was sleeping in the living room, couldn't hear what Chu Jie was saying outside. She could only vaguely hear her howling.

Chu Jie did what she said. She did shout outside for the whole night, but she didn't curse all the time.

In the first half of the night, she cursed Jiang Yu and everyone else, but she did not curse Mo Long. In the latter half of the night, her voice was already hoarse and she did not have the strength to continue cursing. She could only squat at the door and cry timidly.

Moreover, her phone was still in the villa. She couldn't go in now, nor could she contact Old Master Chu.

"If I had known earlier, I wouldn't have followed you so impulsively. I should have at least brought a credit card." Chu Jie sobbed and muttered to herself, "Now that I've fallen into such a state here, if my grandfather finds out, I don't know if he'll feel sorry for me or scold me. Sob, sob, sob. Mr. Mo Long, if you're by my side now, it doesn't matter even if I'm freezing in the ice and snow now. But you're not by my side now."

Even though she had already fallen into such a state, Chu Jie still missed Mo Long in her heart. Fortunately, Jiang Rou wasn't by her side. If Jiang Rou heard Chu Jie say such words, she would probably slap her directly. Then, she would scold, "You're really a love brain. What time is it? You still won't forget this Mo Long!"

But now, everything was just a hypothesis. Jiang Rou, Mo Long, and even Old Master Chu were not by Chu Jie's side. Therefore, she could only sit here and complain to herself, crying and muttering to herself.

The night passed just like that. Chu Jie sat at the door. Although she was extremely sleepy, she was also extremely cold, so she couldn't sleep at all.

## Chapter 1405 Heart In Despair

Chu Jie was afraid that she would freeze to death outside if she fell asleep.

So early in the morning, Mei Shuang woke up and opened the door. She found Chu Jie sitting at the door with two big dark circles under her eyes, looking at her very sadly.

Chu Jie wanted to say something, but because she shouted too loudly last night, her throat was already hoarse. In addition, she didn't have a good rest last night, so her throat was completely unable to speak.

"Aiyo, you scared me!" Mei Shuang was shocked. "Why are you still here? It's quite cold outside. You've been freezing outside for the entire night. You'd better come in quickly to warm up."

Chu Jie didn't expect Mei Shuang to be the first person she targeted. In the end, the first person who helped her was Mei Shuang.

Chu Jie couldn't help but be moved. She stood up and followed Mei Shuang into the villa. Mei Shuang went to get her a cup of hot water and a set of clothes. She said to her, "No one is up yet. You should change quickly. Drink this cup of hot water and come over for dinner later."

Chu Jie held the glass of water for a long time before she asked, “You let me in just like that. Aren’t you afraid that Jiang Yu will blame you?”

“Sister Jiang Yu won’t blame me. She has a good temper.” Mei Shuang smiled and said, “Actually, Sister Jiang Yu wanted to let you in last night at midnight because she was worried that you would freeze outside. However, Mr. Mo Long said that you’ve always been so unreasonable and had to teach you a lesson. That’s why he didn’t let you in.”

Chu Jie never expected Jiang Yu to let her in. However, Mo Long was unwilling to let her in.

She laughed self-deprecatingly. “I didn’t expect that the person I’ve always hated would actually have the heart to let me in for warmth. And the person I’ve always placed in my heart doesn’t care about my safety outside.”

Mei Shuang looked at her and couldn’t help but comfort her. “Miss Chu Jie, you shouldn’t think that way. Mr. Mo Long did this because he only has Sister Jiang Yu in his heart. He can’t tolerate other women. And you’ve always wanted to gain his favor, which is why Mr. Mo Long hates you. If you don’t like him anymore and don’t appear in front of him, Mr. Mo Long won’t hate you so much.”

“I understand.” It was rare for Chu Jie to not get angry when someone said that “Mo Long doesn’t like you” in front of her. Instead, she accepted it with a dead heart.

In fact, Chu Jie had already given up.

Chu Jie had been lying to herself all along. She felt that Mo Long had feelings for her, but because Jiang Yu was here, it was inconvenient for her to express it. However, after what happened last night, she finally understood that Mo Long really did not have any feelings for her.

Even though she had saved Mo Long and sent the fake Mo Long to prison, she still couldn’t capture Mo Long’s heart.

He did not even have the slightest bit of emotion from Mo Long.

“He really is a heartless person.” Chu Jie mocked herself and started crying. “I used to love him so much, and I wished that he could have the same feelings for me. However, I realized that I was overthinking it. He will never like me. He will only have Jiang Yu in his heart.”

“Why must you be so obsessed with Mr. Mo Long? You clearly know that he doesn’t like you, so why won’t you give up? You’re so young and so beautiful. You can find someone who truly loves you.” Mei Shuang consoled.

“Of course I know. Even if I was like a fool at first, I should be like a smart person now.” Chu Jie placed the cup of hot water on the coffee table and said, “I’ll leave this place in a while. When Jiang Yu and the others wake up, tell them that I came back on my own accord because I understood what was going on.”

“Eat breakfast before you leave.” Mei Shuang still wanted her to stay.

However, Chu Jie refused. “I won’t eat. With my status, I don’t have the right to stay here for dinner. Besides, I don’t know what kind of expression I should use to face Mr. Mo Long.”

“This ... Alright then.” Seeing Chu Jie’s firm attitude, Mei Shuang didn’t continue to ask her to stay.

Chu Jing expressionlessly changed his clothes, picked up his phone, and left.

## Chapter 1406 Organs

After Chu Jie left for a while, Jiang Yu and the others came out of the room.

Jiang Yu went downstairs and saw Mei Shuang busy in the kitchen, but she didn’t see Chu Jie. She felt that since Mei Shuang had already woken up, she probably wouldn’t let Chu Jie continue to stay outside in the cold, so she asked, “Mei Shuang, where’s Chu Jie?”

Mei Shuang then told Jiang Yu about Chu Jie’s departure and what she had said before she left.

Jiang Yu didn't expect Chu Jie to figure this out in one night. She thought that Chu Jie would still be unreasonable today. She didn't expect her to let it go and leave.

Although Chu Ran slept in the living room, he slept like a dead pig. He had no idea what had happened in the living room in the morning.

He didn't see Chu Jie until breakfast time. He asked in confusion, "Where's Chu Jie? Could he still be outside? Don't tell me you're freezing to death?"

"She went back to the Chu family," Jiang Yu said. "Don't worry."

Chu Ran pursed her lips and said, "I'm not worried about her. I'm just afraid that if she dies here, this villa you're renting will become a haunted house!"

"If you don't know how to speak, then shut your mouth." Feng Ran glared at Chu Ran. "It's so early in the morning, and you're already saying such unlucky things."

"My mouth is mine, you don't have to care!" Chu Ran was happy to quarrel with Feng Ran.

"If you continue to be like this, I'll ask Sister Jiang Yu to kick you out!"

"Then you can try and see if she will chase me out." Chu Ran looked at Feng Ran proudly. "You don't seem to understand the current situation. I'm living here now. Do you think Jiang Yu would dare to chase me out?"

"You!"

Jiang Yu stopped them in time. "Alright, stop talking. Just eat your food."

Only then did Feng Ran quiet down and eat. Chu Ran also felt that it was boring, so she began to eat obediently.

After breakfast, Mo Long went out as usual. Although Jiang Yu didn't know what he had talked about with Chi Rui, it was probably not a pleasant topic.

After Mo Long left, Chu Ran stared at Jiang Yu for a long time before asking her, "Are you just going to stay at home and read magazines? Aren't you going to take a look at the seeds given to the villagers? Also, aren't you going to prepare for the business related to human organs?"

"Why are you so anxious? I have to handle both businesses alone, so don't worry about it." Jiang Yu poured cold water on Chu Ran.

"But you can't just stay at home and do nothing, right?" Chu Ran scratched her head. "If you don't do anything, how are you going to explain to Mr. Chi Rui?"

Jiang Yu paused for a moment before putting down the magazine. She then said to Chu Ran, "Since you're in such a hurry, why don't you go out and do something?"

"Do what?" Chu Ran's eyes lit up.

"The seed of Poppy has just been planted and will not grow. Then go and take a look at the human organs. I see that you're quite anxious about this." Jiang Yu said.

"Alright, then let's hurry up and leave!" Chu Ran was very excited, as if he would have to do it himself.

"Do you know where human organs are sold?" Jiang Yu asked.

"I don't know," Chu Ran said.

"Since you don't know, then don't be so agitated." Jiang Yu didn't give Chu Ran any face at all. "Be good and follow behind me. I'll take you there. No matter what, no matter what I say to the boss, don't interrupt. Just listen from the side."

"Oh, I see. Is this also a business skill?"

“Yes ... If you can understand the meaning behind it, then it can be considered a skill. If you can’t understand it, then this is just an ordinary conversation.” Jiang Yu lied in all seriousness.

However, Chu Ran was fooled by these lies.

He obediently followed behind Jiang Yu. Jiang Yu hailed a taxi and their destination was a relatively remote place. However, she did not ask the driver to drive the car inside. Instead, she stopped the car outside.

Chu Ran got out of the car with Jiang Yu. “Why didn’t you let the driver drive the car in?” She asked in confusion.

“This place is obviously not a proper place. If that driver drives in, what if he reports us?”

#### Chapter 1407 Selling

Jiang Yu’s expression was very serious, scaring Chu Ran so much that she didn’t dare to breathe loudly.

In fact, Chu Ran had always thought of herself as the boss. She felt that Jiang Yu was just a little girl of the same age as her, so how many skills could she have in business?

When Chi Rui had asked him to learn business skills from Jiang Yu, Chu Ran had been very disdainful. However, in just two days, Jiang Yu had already gained a place in Chu Ran’s heart.

Chu Ran was actually willing to listen to Jiang Yu.

He obediently followed behind Jiang Yu. When Jiang Yu walked forward, he followed her. He stopped when Jiang Yu stopped. Although he was very puzzled, he did not dare to make a sound when he saw Jiang Yu’s solemn expression.

The two of them walked and stopped. Finally, they stopped in front of a small workshop.

The signboard above the workshop had pork hanging on it. The two of them lifted the curtain at the door and walked in. They could also see pig heads or pig legs hanging on the wall.

“Isn’t this a pork shop? Did you come to the wrong place again?” Chu Ran asked softly.

“Are you doubting me?” Jiang Yu asked coldly.

Chu Ran was about to speak when he suddenly remembered the flower shop that sold poppy seeds. He felt that perhaps this workshop was just selling pork under the guise of selling human organs.

The boss walked out of the house and saw that Jiang Yu and Chu Ran were dressed rather luxuriously. It was obvious that they were from rich families.

“What would you like to order?” The boss asked with a smile.

“I need a pig’s heart, liver, and lungs,” Jiang Yu said seriously.

The boss frowned and said, “This customer, the things you want are not available in this shop. Moreover, these things are internal organs. They are very expensive.”

“Yes, I want these expensive things. If you don’t have these things in your shop, I can buy them elsewhere.”

After saying that, Jiang Yu turned around and was about to leave.

Of course, the boss would not miss this good opportunity to earn money. He quickly stopped Jiang Yu and said, “Hey, customer, don’t leave yet! We don’t have these things for the time being. Come back in a few days and I’ll definitely prepare everything you want.”

“In that case, I believe you. I can give you a deposit first. I’ll come back to take a look a week later. If you don’t have what I want, then you can wait to close the door.”

“Aiyo, don’t worry! As long as you give me the money, I’ll think of a way to get you whatever you want!” The boss flung the rag around his neck and threw the kitchen knife in his hand onto the chopping board. “Customer, don’t worry. Come back in a week. I’ll definitely have everything you want!”

“Alright, since that’s the case, I’ll believe you.” Jiang Yu took out a check, wrote a number on it, and handed it to the boss. “This is the deposit. I’ll come back in a week. Don’t even think about running away with the deposit.”

The boss took the check with a smile and said, “Customer, what are you talking about? My shop has been open for more than ten years. It’s considered an old brand. If I run away and give up my shop for this money, wouldn’t I be a fool?”

Jiang Yu snorted coldly and did not say anything else. She left with Chu Ran.

“Are those professional terms in this industry?” Chu Ran asked after they left the shop.

“Yes, you’re not hopelessly stupid.” Jiang Yu started to lie again. “I’m afraid that the walls have ears. If the owner of the workshop is caught, we will be implicated.”

“I see.” Chu Ran came to a realization.

Jiang Yu looked at Chu Ran’s expression and felt a little sad for some reason.

In Chi Rui’s eyes, he was just a puppet. If the Chu family was used by Chi Rui in the end, Chu Ran would have no value.

Chi Rui had probably sent Chu Ran to monitor him this time because Chu Ran’s identity as a puppet made him feel that Chu Ran would not betray him. That was why he had sent Chu Ran to monitor him.

However, Chu Ran's IQ seemed to be a little low. Whether it was the flower seeds she bought previously or the pig's internal organs she bought this time, Chu Ran did not find any problems. He thought that Jiang Yu was buying poppy seeds and human organs.

## Chapter 1408 Stepmother

Jiang Yu brought Chu Ran back.

Jiang Yu's status in Chu Ran's heart was rather awkward now. He felt that Chi Rui was the person who gave him a new life, so he was willing to listen to Chi Rui.

However, Jiang Yu was very decisive and straightforward. Moreover, she was the same age as Chu Ran. This made Chu Ran jealous of her, but at the same time, she also began to admire her.

Therefore, he now felt that what Jiang Yu did was right, correct, and useful. Therefore, he was willing to follow Jiang Yu and help her.

Jiang Yu didn't know how Chu Ran felt about her, but if she knew, she would probably be shocked. He didn't expect that he would be able to make Chu Ran willing to be his lackey by doing these few things.

After returning to the villa, Feng Ran helped Teng Yi walk back and forth. This way, he could speed up the recovery of his ankle injury.

When Chu Ran saw this, she didn't know why but she started to feel uncomfortable.

Even if he didn't like Feng Ran, even if the engagement between him and Feng Ran had been annulled, Feng Ran was still someone who had been engaged to him before this.

How could she take care of a stranger?

“You really think of yourself as a nanny. Will he be grateful if you take care of him like this?” Chu Ran sneered. “I think he’ll think you’re a nanny too! They will think that it’s only right for you to do such a thing.”

“What does it have to do with you? Just take care of yourself.” Feng Ran didn’t even look at Chu Ran. “There’s nothing between us. Who I want to take care of and how I do it has nothing to do with you. Keep your mouth shut and be a mute here.”

“You! You are the daughter of the Feng family, how can you say such a thing? You really have no manners! I really don’t know how the Feng family could have such an uneducated daughter like you!” Chu Ran pointed at Feng Ran’s nose angrily.

“I was wondering why the Chu family would have such a brainless illegitimate child like you.” Feng Ran retorted without hesitation, “Why do you care if I’m educated or not? At least I’m not an illegitimate child! You’re just an illegitimate child. Your name isn’t even on the Chu family’s genealogy. What right do you have to criticize me here? Even the younger brother of my illegitimate son, Feng Di, is stronger than you. At least his name has already appeared in the Feng family’s genealogy.”

The thing Chu Ran hated the most in his life was others calling him an “illegitimate child”. Although this was a fact, he always felt that anyone who said these words was looking down on him.

Even in the past, when Feng Zheng discussed his engagement with Feng Ran, he had never been so disrespectful. He had always called him “Mr. Chu Ran.”

“Feng Ran, you are courting death, do you know that?” Chu Ran was completely angry this time. “Since you put it that way, don’t blame me for being rude.”

“Aiyo, I’m really scared. If you have the ability, then let me see just how impolite you want to be to me.” Feng Ran said.

When she said this, she never expected Chu Ran to contact Feng Zheng and ask him to send Feng Di over.

The next afternoon, when Feng Ran saw Feng Di and Hao Jing at the door, her expression instantly twisted.

Hao Jing was Feng Di's mother and Feng Ran's stepmother.

"What are you guys doing here? Who told you to come?!" Feng Ran shouted, "I'm already so far away from home. Why are you guys still following me?"

"Aiya, Feng Ran, what are you talking about? I'm your mother and Feng Di is your brother. We're here to see you." Hao Jing had a very beautiful face, but it was the kind of beauty that came from the dust. She looked a little sarcastic.

Therefore, when Feng Zheng decided to marry her, Feng Ran could not figure out why her father's taste was so low that he would fall for such a woman.

"Who said you're my mother? Who said he was my brother? Who admitted it?" Feng Ran was on the verge of breaking down. "Hurry up and go back! " Does my dad know that you're here?

If he knew, he definitely wouldn't have let you come!"

"Of course your father knows," Hao Jing said with a smile. "He was the one who asked us to come over."

## Chapter 1409 I'm An Elder

"Impossible, absolutely impossible! He clearly knows that I hate you guys. How could he let you guys come and look for me!" Feng Ran could not believe it.

"What do you mean?" Hao Jing was unhappy when she heard this. She frowned and said, "Feng Ran, what do you mean? I am your elder! Can you say something like that in front of me?"

"Why can't I say something like that? You've never respected me. Do I have to respect you?" Feng Ran grabbed her hair. "What is my dad thinking? Why did he ask you to come over? Are you deliberately looking for trouble with me?"

“Child, how can you say that? Do I look like such a person?” Hao Jing gently pushed Feng Ran and walked in with Feng Di.

Although the Feng family was considered a middle-class family, they could not afford to live in such a luxurious villa. Therefore, when Hao Jing entered the villa, her eyes lit up.

“Aiyo, this villa looks really grand! Did you buy this?” Hao Jing looked at the interior of the villa and reached out to touch the leather sofa. She even asked Feng Di to sit on the sofa and asked him, “How is it? Isn’t this sofa very comfortable?”

Feng Di quickly nodded and said, “Yes, Mom! This sofa is very comfortable. When we go back, let sister buy one like this and bring it back.”

“Okay, okay, okay. As long as you like it, I’ll buy it for you.” Hao Jing doted on her son unconditionally, completely ignoring Feng Ran’s feelings.

“Why should I buy him a sofa? Who was he? I’ll buy whatever you want?” Feng Ran pointed at the door. “I’m telling you, you’d better leave this place now! Otherwise, I’ll get the bodyguards to chase you out.”

“If you have the ability, call those bodyguards over and ask them to chase us out!” Hao Jing placed her hands on her hips. “Feng Ran, I think you’ve really grown up. How dare you speak to your elders like this!”

Just as Feng Ran was about to say something, Jiang Yu came out of the room. “Who are you?” She stood at the staircase and looked at Hao Jing and Feng Di, who were beside the sofa.

Hao Jing did not know who Jiang Yu was. She only thought that she was Feng Ran’s friend. “I’m Feng Ran’s stepmother. This is my son. This should be Feng Ran’s villa, right? Why are you here?”

“This is my place.” Jiang Yu said, “You didn’t get my permission to come here, did you?”

“What is it? This is your villa?” Hao Jing looked at Feng Ran in shock. “Isn’t this your villa? Then why did you tell your dad that you bought a villa here? I just brought Feng Di here to take a look. Why did you lie to your father?”

“When did I lie to my dad? Can you not spout nonsense here? I never told him that I bought a villa here. Who knows where he heard it from?” Feng Ran said unhappily, “Since you already know that this villa isn’t mine, can you take Feng Di and leave this place?”

“Why should I leave this place? Since you live here, it means that you have a share of this villa.” Hao Jing sat down on the sofa. “Since you have a share in this villa and I’m your stepmother, it means that I have a share in this villa too! Why can’t I continue to stay here?”

“Do you have any shame? This villa has nothing to do with me. It’s just that my friend saw that I had nowhere to go, so she kindly took me in!” Feng Ran was almost defeated by Hao Jing’s shamelessness. “Hurry up and take Feng Di away from here and go back to the Feng family! Then, tell my dad that the rumors are all fake and that I didn’t buy a villa at all!”

“If you really didn’t buy a villa, why would someone call your father and tell him that you bought a villa here?” Hao Jing glared at Feng Ran. “Could it be that someone would make such a joke?”

#### Chapter 1410 Don’t Believe

“How would I know if someone would make such a joke? Anyway, everything is fake. Hurry up and leave this place.” Feng Ran no longer had the patience to continue talking to Hao Jing.

However, Hao Jing was determined not to leave.

Even Feng Di grabbed the sofa tightly and refused to let go.

“I say, you guys are really shameless. I’ve already made it so clear. Are the two of you pretending to be stupid or are you really stupid?” Feng Ran was on the verge of breaking down. “Tell me, who called my dad and told him that I bought a villa here?”

“Don’t ask me about this. I don’t know. You have to ask your father.” Hao Jing sat on the sofa and even crossed her legs. It was obvious that she treated this place as her home. “Anyway, I don’t believe that this villa has nothing to do with you. As long as this villa has something to do with you, it has something to do with me. Then, I can stay here rightfully.”

“Can you not be so shameless! The owner of this villa is standing at the top of the stairs looking at you. Even if you really want to stay here, you have to get his permission, right?”

Hao Jing was too lazy to look at Jiang Yu. “Isn’t she your friend?” She asked. “I’m your stepmother. What else can she say if I stay here?”

Feng Ran really had no choice but to look at Jiang Yu for help.

Jiang Yu walked down the stairs and said, “Since Madam really wants to stay here, then let her stay here. After all, they were guests who had come from afar. If I let you go back like this, it won’t be good for my reputation.”

“That’s right. After all, I’m your elder. You should treat me well.” Hao Jing boasted shamelessly.

“We really should treat you well.” Jiang Yu smiled. “However, there are no vacant guest rooms. If you really want to stay here, you can only sleep in the living room.”

As Jiang Yu spoke, she looked at Feng Di, who was grabbing onto the sofa and refusing to let go.

“What is it? You don’t even have a guest room here? Then where do you want me to stay? You want me to sleep in the living room?” Hao Jing looked at Jiang Yu in surprise. “Did you lie to me that you didn’t have a guest room because you didn’t welcome me?”

“It’s because there are really no more guest rooms.” As Jiang Yu spoke, she pointed at Chu Ran’s sofa bed. “Look, there’s already a sofa bed in the living room. This means that someone has to sleep in the living room because there’s no guest room.”

“But I’m an elder. Can’t you juniors squeeze out a room for me?”

“This is my villa. I definitely have to sleep in the bedroom. I have a friend who is injured. If he sleeps in the living room, his injuries won’t heal. You can’t help me take care of him, so he has to sleep in the guest room too. Feng Ran is helping me take care of my friend, so I have to give her a guest room to sleep in. This way, there won’t be any extra guest rooms for you guys to sleep in.” Jiang Yu said.

Hao Jing held it in for a long time, but she couldn’t say a complete sentence. Finally, she said, “Then Feng Di and I will sleep on the sofa bed.”

“If you want to sleep on the sofa bed, you can discuss it with the owner of the sofa bed when he comes back. However, his temper is not very good. I think even if you discuss it, he probably won’t agree.” Jiang Yu shrugged.

Feng Ran remembered that the sofa bed belonged to Chu Ran and couldn’t help but be overjoyed.

She really wanted to see Hao Jing and Chu Ran quarrel.

“Why would he disagree? I’m an elder, so he should let me sleep on the sofa bed! This way, he will appear to be well-educated.” Hao Jing said it as if everything in the world had to give way to her.

“Do whatever you want. I didn’t buy this sofa bed anyway.” After saying that, Jiang Yu turned around and went back to her room.

Feng Ran wanted to watch a good show, so he didn’t urge Hao Jing to go back. Instead, he returned to his room.

Hao Jing sat in the living room with Feng Di for a long time until Chu Ran came back from outside.

“Who are you?” Chu Ran asked.
