

Older Man 1421

Chapter 1421 Wishes Come True

Hao Jing brought Feng Di to the kitchen. She squatted down and asked, “Feng Di, Dad and Mom are going to separate. Do you want to go with Dad or Mom?”

Although Feng Di was young, he knew that separating meant that the two of them would not continue to live together.

So he asked, “Why did Dad and Mom separate?”

“Don’t worry about that,” Hao Jing said. “I’m asking you now. Are you going with me or your dad?”

!!

“I...” Feng Di hesitated.

Although Feng Di appeared to be very close to Hao Jing in front of outsiders, in fact, he liked Feng Zheng more in the Feng family.

Although Hao Jing loved Feng Di, no matter what he wanted, Hao Jing would buy it for him. However, Feng Di knew that the money came from Feng Zheng.

Feng Di hugged Feng Zheng’s thigh tightly and said, “If the two of you have to be separated, I want to live with Dad.”

Hao Jing never expected that her son, whom she doted on so much, would choose to live with Feng Zheng.

“Feng Di, I’m your mother!” Hao Jing still wanted to say something to Di, but Feng Zheng simply pulled Feng Di behind him and said, “Enough, Hao Jing! Don’t say any more nonsense to the child. Since you’ve already signed the divorce agreement, go to the Civil Affairs Bureau tomorrow to settle the divorce.”

With that, he brought Feng Di back to his room. Hao Jing was left alone in the kitchen, not knowing what to do.

The nanny had seen everything from the side. Now that she saw Hao Jing standing in the kitchen, she couldn't help but feel sorry for her. She walked over and said, "Madam, go and rest first. I'll make dinner."

Hao Jing laughed at herself. "Don't call me Mrs." she said. "I've already divorced him."

The more Hao Jing thought about it, the more disappointed she felt. She didn't even pack her clothes and went straight back to the Hao family.

After Hao Jing's father found out about her divorce with Feng Zheng, not only did he not reprimand Feng Zheng, he even criticized Hao Jing. "You can only blame yourself for divorcing Feng Zheng! If you hadn't angered Jiang Yu, harmed the Hao family, and even almost implicated the Feng family, Feng Zheng wouldn't have divorced you!"

"Dad, I'm your daughter. How can you speak up for Feng Zheng?" Hao Jing sat on the sofa and cried bitterly. "Do you know that once I get a divorce, I'll get involved with Feng Di?! It's fine if you don't comfort me, but you're scolding me?"

"So what if I scold you? You deserve to bear these consequences. Don't blame me for not standing on your side! If it wasn't for the fact that you're my only daughter. I even want to cut ties with you now!" Hao Jing's father said rudely.

This time, Hao Jing was completely disheartened.

She finally understood that neither the Hao family nor the Feng family welcomed her.

Her temper didn't allow her to stay here humbly, so she went back to her bedroom, packed a few clothes, and went out to find a hotel to stay in.

The next day, she went to the Civil Affairs Bureau to settle the divorce with Feng Zheng. “Feng Zheng, after you divorced me, you lost someone who treated you sincerely.”

After a night of thinking, Feng Zheng also felt that he shouldn't be so heartless to Hao Jing. He had wanted to tell Hao Jing that if she had time, she could come over to see Feng Di, but Hao Jing had already left, leaving him with a lonely back.

Feng Zheng sighed and did not stop her in the end.

Feng Ran only found out about this a few days later. She had always hoped that Feng Zheng would divorce Hao Jing. Now that she knew the news, she was extremely happy.

“That's great. The two of them are finally divorced! I've been waiting for this for too long.” Feng Ran danced happily in the villa. “Although I don't like my dad, as long as he divorces Hao Jing, I can go back and meet him. That's great. When I go back in the future, I won't have to see Hao Jing's sharp and mean face anymore!”

Mei Shuang was also quite happy, but not for herself, but for Feng Ran.

Feng Ran also pulled Mei Shuang's hand and said, “Mei Shuang, when you go back in the future, no one will suppress you anymore!”

Chu Ran stood at the side and sneered. “You really don't mind watching the show. Your parents are divorced.”

“Don't talk nonsense. Hao Jing is not my mother.”

Chapter 1422 Meeting Ji Tang Again

Feng Ran was in a good mood and didn't want to argue with Chu Ran. Although Chu Ran's tone was unpleasant, Feng Ran didn't want to argue with him.

When Chu Ran saw this, she didn't want to embarrass herself. She said to Jiang Yu, "Aren't you going to take a look at the poppy seeds that you sent and the things you asked for in that small workshop?"

"Why are you more anxious than me?" Jiang Yu asked in confusion, "Are you so eager to report my daily whereabouts to Chi Rui?"

"I didn't. Don't talk nonsense." Chu Ran looked around guiltily.

".. Do as you please." Jiang Yu also felt a little helpless. "The seeds of the poppies won't grow much in the next few days. Why don't we go and take a look at that small workshop?"

"Alright, alright!"

Jiang Yu brought Chu Ran to the small workshop, but the boss said that the things that Jiang Yu wanted were not available for the time being. Moreover, there were still a few days left before the week ended. He would definitely be able to get them in a few days.

Therefore, he hoped that Jiang Yu would come back to take a look after a week.

Jiang Yu did not continue to urge him. "Okay, I understand."

He left with Chu Ran. Chu Ran still had a disappointed expression on her face.

"Don't make such an expression." Jiang Yu couldn't stand it anymore.

The two of them walked out of the alley. Chu Ran saw a woman in ragged clothes standing at the entrance of the alley, looking at the small advertisement on the wall.

The small advertisement on the wall had the word "organ" written on it. Chu Ran's eyes lit up. She grabbed Jiang Yu's arm and said, "Jiang Yu, look at the small advertisement on the wall about 'organs.' Is it selling human organs?"

Jiang Yu stopped in her tracks and looked in the direction Chu Ran was pointing. However, her attention was not on the small advertisement, but on the woman in front of the small advertisement.

Although the woman was dressed in rags, her face was very clean. Moreover, that face was very familiar to Jiang Yu.

That woman was Ji Tang.

Wasn't Ji Tang in Hu City? Why would he appear here?

Jiang Yu really wanted to go over and ask, but her feet suddenly felt as if they were filled with lead and she could not lift them up.

However, Ji Tang saw her. However, when Ji Tang saw her, she did not come over to greet her. Instead, she revealed a very vicious expression. She said to Jiang Yu through the air, "You unlucky jinx. Don't let me see you again."

With that, she left.

"You know that woman? What did she say to you just now?" Chu Ran asked.

"It's nothing." Jiang Yu shook her head and also went to the spot where Ji Tang was standing just now to carefully observe the small advertisement.

Although the advertisement did not clearly state that it was selling human organs, Jiang Yu could confirm that the advertisement was selling human organs through the word "organs" and other information.

Ji Tang looked at this small advertisement. It probably meant that she wanted to sell her organs.

Although Ji Tang and Jiang Yu had already gotten into an awkward situation, organ trafficking was illegal after all. Jiang Yu could not just watch Ji Tang degenerate like this.

Therefore, she also memorized the phone number on the small advertisement and planned to contact him when she went back.

“Why did you remember this number?” Chu Ran was puzzled. “Haven’t you already contacted this small workshop? Then why do you still remember this number? Aren’t you stealing their business?”

“If I pay double the price, do you think I’m still stealing business?” Jiang Yu looked at Chu Ran from the corner of her eyes. “Money is king in business. As long as you give enough money, you can do anything.”

Chu Ran didn’t know much.

After returning to the villa, Jiang Yu contacted the owner of the number.

“Hello?” A man with a rough voice answered the phone. “Who are you?”

Jiang Yu made herself look like someone who had a tragic background and couldn’t live if she didn’t sell organs. She cried and said, “I saw this advertisement at the entrance of an alley. I know what you do there. So I want to discuss with you how much I can sell these organs for if I go to your place.”

The person on the other end of the phone was silent for a moment before asking, “How old are you?”

Jiang Yu fabricated some information and told the person on the other end of the phone. She said, “I’m still young. I think these organs on my body should be quite valuable.”

“Indeed.” The person on the other end of the phone said, “I’ll send you the address in a while. When you have time, we’ll talk in detail. Tell me in advance before you come.”

Chapter 1423 I Will Save You

“Alright, thank you.”

After Jiang Yu hung up the phone, she received an unfamiliar address not long after.

Jiang Yu guessed that based on Ji Tang’s current situation, she might go to this place tomorrow or even tonight.

So she quickly called the bodyguards and brought them to this place to wait for the rabbit. As long as they discovered Ji Tang, they would quickly bring her back.

Chu Ran originally wanted to go with them, but she was stopped by Jiang Yu. She said, “This matter has nothing to do with the business that Chi Rui gave me. I just want to save my friend. Don’t follow me. You’ll only cause trouble.”

Chu Ran was unhappy. She could only watch the taillights of the car flicker until they disappeared.

Jiang Yu and the bodyguards were guarding a place not far from the address.

In the middle of the night, a sneaky person walked over from afar. She looked around and made sure that no one was following her before she continued walking forward.

However, Jiang Yu recognized her as Ji Tang at a glance. She quickly jumped out of the car and blocked her way. She asked very seriously, “Ji Tang, do you know that this is a place where human organs are sold?”

Ji Tang was shocked and almost shouted. However, when she saw that the person in front of her was Jiang Yu, Ji Tang sneered and said, “Don’t take me for a fool. I know where this is.”

“You know what this place is, so why did you come? Do you know that this is illegal?” Jiang Yu frowned. “Come back with me now.”

“Why should I go back with you? Don’t tell me you don’t think you’ve caused me enough misery?” Ji Tang took a step back and distanced herself from Jiang Yu. “I’m telling you, you’d better stay out of my business. I have the freedom to do whatever I

want. Don't act like a saint here. Those who don't know might think that you care about me a lot."

"If I didn't care about you, why do you think I would be here?" Jiang Yu held Ji Tang's hand. "Come back with me now. I can't watch you destroy yourself."

"Stop pretending to be a saint!" Ji Tang flung Jiang Yu's hand away fiercely. "It's all thanks to you that I've become like this! If it weren't for you, I wouldn't have been fired or divorced! All of this is because of you. You're an unlucky jinx!"

As Ji Tang spoke, she began to cry bitterly. "I have nothing now. I don't have a single cent on me. My mother is even sick! If I don't come over and sell the organs, where am I going to get the money to treat my mother's illness?"

"Even if you really don't have money, you can't do such a thing!" Jiang Yu shouted, "This is illegal! Once you're caught, not only will your mother not be taken care of, but you'll also have to go to prison!"

"This matter has nothing to do with you. I advise you to stay out of it!" Ji Tang shouted crazily, "Stay away from me. I don't want to see you now!"

Although Jiang Yu had never experienced such a thing before, she could not bear to see Ji Tang so sad.

Hence, she patted Ji Tang's shoulder and said, "I'll help you think of a solution for your mother's illness. But you have to promise me that you won't do anything illegal. Don't let yourself fall into the abyss."

"You're helping me? Why are you helping me?" Ji Tang's eyes were red and swollen from crying. She looked at Jiang Yu in disbelief. "Do you still want to take the opportunity to laugh at me? I've already become like this, why won't you let me go?"

"You misunderstood. I really want to help you." Jiang Yu sighed. "Since we both grew up in an orphanage, I will definitely help you with this matter. I just hope that you can live a good life. No matter what kind of difficulties you encounter, don't think about selling organs. Not only is it illegal, but it's also not good for your health."

Ji Tang originally wanted to refuse, but when she saw Jiang Yu's pained expression and firm gaze, the words that she wanted to say were swallowed back.

After a long while, she nodded and said, "Alright, I'll believe you this time. If you can really help me save my mother, then I'll apologize to you for what happened before."

"That's not necessary." Jiang Yu brought Ji Tang into the car and asked the bodyguards to drive the car back to the villa.

Actually, Ji Tang did not trust Jiang Yu 100%. It was just that she felt that Jiang Yu was more trustworthy than the organ trafficking.

Chapter 1424 Taoist Doctor

Jiang Yu brought Ji Tang back to the villa and took out a few sets of clothes. She handed them to Ji Tang and said, "Go take a shower first and change into your clothes. If there's anything, we'll talk about it when we wake up tomorrow morning."

"Thank you." Ji Tang took the clothes and hesitated for a long time before saying.

Jiang Yu did not expect to hear these two words from Ji Tang's mouth. She could not help but smile. "You're welcome."

Ji Tang took a shower, changed her clothes, and fell asleep on the sofa in the living room. Chu Ran was still rather curious about this person, but Ji Tang's expression had always been 'keep strangers away' so Chu Ran did not plan to go over and ask for a snub.

The next morning, after everyone had breakfast, they went to do their own things. "My mother is in Qingcheng now. Come with me," Ji Tang said to Jiang Yu.

"Alright."

Although Chu Ran wanted to go with them, Jiang Yu still left him in the villa and said, "You won't be of any help if you go. Don't add to the mess."

Chu Ran was unhappy. Even if Jiang Yu didn't take him out, he would have plenty of places to have fun.

Ji Tang sat in the car and guided the bodyguards. After passing through several winding paths, they finally arrived at the place Ji Tang mentioned.

In fact, compared to the houses in the bustling area, that place was indeed dilapidated, but it was not dilapidated. At the very least, the people who lived here should be able to wear normal clothes, unlike Ji Tang, who was dressed in rags.

The more Jiang Yu looked at it, the more confused she became. She could not help but ask, "Is this your first time here with your mother?"

"No." Ji Tang opened the car door and got out. As she led Jiang Yu inside, she said, "This is the hometown where my parents got married. When they adopted me, we lived here for a period of time. Later, my father became successful in business, so we moved to another place."

"But my father passed away early, and there was not much left in the family fortune to pay off the debts. Fortunately, I got married at that time and had a relatively rich husband. Thanks to him, we can continue to live like before. But because of you, I was fired by the Green Bird and my husband divorced me! I left with nothing and didn't have a single cent on me. I had no choice but to bring my mother back to my hometown."

Jiang Yu did not expect Ji Tang to experience such a huge change after she was fired.

However, she did not feel that this matter was her fault. If Ji Tang had not done anything to frame her in the beginning, then today's incident would not have happened.

However, it was a good thing that the two of them had a tacit understanding and did not mention this matter again. Jiang Yu felt that it was time to let this matter go.

Ji Tang brought Jiang Yu into the innermost room. This room looked relatively clean and exquisite.

“This is the place.” She looked at Jiang Yu and then at the bodyguards behind her. She said, “My mother is getting on in years. You can go in with me alone. These bodyguards can guard the door. Is that okay?”

“Sure.”

Jiang Yu followed Ji Tang into the room. There was only a big bed in the room, and a white-haired woman was lying on it. Her eyes were tightly shut, as if she could no longer sense the sound of the outside world.

Beside her bed, there was a very young and beautiful woman and a middle-aged man in a Taoist robe.

“Who are you? Why are you at my house?” Ji Tang looked at the middle-aged man in surprise.

The young and beautiful woman quickly grabbed Ji Tang’s sleeve and explained, “Sister, this is the Taoist doctor I specially invited for our mother! He’s the 38th generation successor of the Jia family’s Taoist doctor, and he’s very famous in the martial arts world!”

The middle-aged man nodded and said proudly, “Yes, you can call me Master Jia.”

“What master? My mother is sick, not possessed! Why did you find a Taoist priest?” Ji Tang was angry. “They are all liars. How can you believe them?”

“What are you talking about?” Master Jia raised his voice. This was the first time he had been called a swindler.

“Sister, don’t talk nonsense!” The woman also spoke up for Master Jia. “This master’s medical skills are very high. As for you, you didn’t come back for an entire night. Why did he bring back a strange woman today? Is she also a Dao doctor?”

“I’m studying traditional Chinese medicine acupuncture. I can’t compare to such a scammer.” Jiang Yu glanced at Master Jia coldly.

Chapter 1425 Evil Qi Entering The Body

“You! If you call me a swindler again, I won’t see this patient today!” Grandmaster Jia flung his sleeves and turned to leave.

The woman grabbed Grandmaster Jia’s sleeve and begged, “Grandmaster, don’t go yet! At least help me see what’s wrong with my mother first!”

“Du Wei, this is a liar. Can you not be so silly as to believe him?!” Ji Tang grabbed Du Wei’s arm, wanting her to let go.

“Sis, I’ve already given the money to Master Jia. If you don’t let him take a look, won’t the money be wasted?” Du Wei said.

“You gave him all the money?” Ji Tang’s body stiffened. She felt all her blood flow backward and rush to her brain. “Do you know how much money we have left at home? You actually gave all that money to this swindler?”

“He’s not a swindler. He’s a very famous Taoist doctor!” Du Wei explained while crying.

However, although she was crying, it did not rain. Jiang Yu watched from the side and did not see a single tear in Du Wei’s eyes.

The more he looked at it, the more it seemed like he was putting on an act.

Grandmaster Jia also took a step back and said, “I don’t need you to apologize. Seeing that your sister-in-law has given me the money, I won’t argue with you. I’ll take care of this patient too. Just stay by the side and keep quiet. Don’t disturb me.”

Du Wei also quickly said, “That’s right, Sis. I’ve already spent the money. Let Master Jia take a look. It’s not a loss for us anyway. If he takes good care of our mother, then she won’t have to do anything to this friend you brought back.”

Du Wei also looked at Jiang Yu with some scrutiny. “She looks like she’s in her early twenties. How good can her medical skills be? So what if he studied acupuncture? At such a young age, I’m afraid he’s only at the beginner level. Can he compare to Master Jia’s medical skills?”

“Won’t you know if you can compete later?” Jiang Yu crossed her arms in front of her chest and looked at Grandmaster Jia provocatively. “Just nice. I want to see how good your medical skills are as a Taoist doctor!”

Master Jia did not take Jiang Yu seriously at all. He felt that a little girl in her early twenties could not compare to him even if she studied traditional Chinese medicine.

“Alright, then you can watch from the side. I’ll let you broaden your horizons!”

Jiang Yu pulled Ji Tang to the side and whispered to her. “Let’s stand here and see what he can find out.”

Master Jia was determined to show off in front of Jiang Yu, so he also took out a compass from his bag with a lazy attitude. Then, he muttered something and walked around the house with the compass.

Du Wei pretended to be on tenterhooks at the side, as if there was really something unclean in this room.

Jiang Yu and Ji Tang stood at the side and watched the show.

Master Jia walked a few rounds and suddenly stopped at the end of the bed. The compass pointed straight at the woman on the bed. Then, Master Jia shouted, “This is evil energy entering your mother’s body. She’s not sick!”

“What? It was really evil energy entering his body! Master, is there any way to save my mother?” Du Wei sounded like she was about to cry.

“What time is it? Why is it popular to say that evil qi enters the body?” Jiang Yu couldn’t stand it anymore. “Master Jia, even if you want to make money, you should have a limit when it comes to lying, right? This is the era of science and technology,

and you're saying that evil energy has entered the body? Even if you say that she was bewitched, I still think it's credible."

"You're just a little girl. What do you know? Don't cause trouble here! You're not the one who gave me the money!" Master Jia shouted angrily. "I don't need to report the results of my examination to you!"

Du Wei was also extremely impatient with Jiang Yu. She reprimanded, "Stop talking nonsense here, okay? I saw that you were a friend invited by my sister. You kept talking nonsense just now, so I didn't stop you! Don't make things worse now. The master has already said that my mother has evil energy in her body, but you're still making sarcastic remarks!"

"It's up to you. If you insist on believing him, then I won't say anything." Jiang Yu shrugged. "However, it seems like you don't believe in Master Jia. Instead, you seem to be on the same side as Master Jia. I'm starting to suspect that all of this is just a temporary setup."

Chapter 1426 Jade

"Don't frame me! This is also the first time I've met Grandmaster!" A hint of panic appeared on Du Wei's face, but she quickly calmed down. "I've already paid for it, and the results of the examination are here. Sis, just let your friend go back quickly. There's no use for her to stay here."

"Aiya, Sister, Master Jia is not a liar. He is a famous Taoist doctor!" Du Wei once again defended Master Jia.

Grandmaster Jia cleared his throat and said, "Let me tell you. If this was in the past, and you called me a swindler, I would have long flung my sleeves and left! But this time, I'll stay here on account of you being my sister-in-law. I won't argue with you. As for your mother's physical condition, I've already checked it out. I have a treasure now. I'll give it to you. As long as you put it on the bed, it can suppress this evil aura. After a long time, this evil qi will automatically leave."

Without waiting for Jiang Yu and Ji Tang to speak, Du Wei hurriedly nodded and bowed. "Thank you, Master!"

Master Jia took out a piece of jade from his bag. It was cylindrical and looked a little like a cork.

He put the jade on the bedside table and said, “This treasure has a great background. If I wasn’t being kind, I wouldn’t be willing to give you such a treasure.”

“If you can’t bear to give it to me, then take it back!” Ji Tang said unhappily.

“Little girl, why are you throwing a tantrum here again? I’m being kind!” Grandmaster Jia was furious.

Jiang Yu listened from the side and laughed. If you were really kind-hearted, why would you take out this jade artifact and give it to someone else?”

She walked to the bedside and picked up the jade piece, looking at it carefully. He said, “Not only is this jade not a good thing, but it’s also a fake. You gave a fake jade to someone and said that it can suppress evil energy. Aren’t you blatantly lying?”

Master Jia was a little frightened at this moment, but he still forced himself to lie. “You said that my jade is not good, and you said that my jade is fake? Aren’t you framing me? My jade is a high-grade suet jade. How can it be a fake?”

“Alright, let’s not talk about whether this jade artifact is fake or not. Let’s talk about the use of this jade artifact. This thing was also called a jade plug. Since ancient times, this jade plug had been used for the dead. Now you’re taking it out and saying that it’s to suppress evil qi. Are you sure it’s not to attract evil qi?”

Cold sweat broke out on Grandmaster Jia’s forehead. He hurriedly wiped it off and questioned. “Why are you framing me like this?”

Jiang Yu took out her cell phone and waved it around. “Whether I framed you or not, can’t you just check it online? Let’s see what this jade stopper is used for.”

Of course, Master Jia couldn’t let Jiang Yu investigate the function of the jade stopper because what Jiang Yu said was right. This jade was not only a fake, but it was also not a good thing.

Master Jia had also been cheated a few years ago and spent a lot of money to buy this thing. In the end, because of this thing, he had been unlucky for the past few years. He didn't know at first, but after receiving guidance from an expert, he realized that his defeat in the past few years was all because of this jade plug.

He wanted to throw the jade stopper away, but he had spent money on it after all, so he was a little reluctant to part with it. Therefore, he hoped that someone would invite him to see the feng shui or practice. At that time, he would have an excuse to throw the jade to that family.

He was doing this purely to take revenge on society.

"Who exactly are you? How do you know about these things?" Master Jia's emotions were getting out of control. "You're so young, how can you know so much?"

"It's just average. Actually, I don't know much." Jiang Yu smiled. "However, you're a conman who lies and wants to harm others. Have you ever thought about what will happen to you in the future?"

When Grandmaster Jia saw this, he couldn't care less about anything else and ran away. "Master, don't leave me here alone!" Du Wei shouted from behind him.

He hurriedly followed them out.

"Du Wei!" Ji Tang shouted.

"This sister-in-law of yours has an affair with Grandmaster Jia." Jiang Yu had already seen through everything. She walked to the door and shouted at the bodyguards outside. "Stop them! Don't let them escape!"

Master Jia and Du Wei had just run to the door when they were stopped by the bodyguards guarding the door.

"Let go! Do you know who I am? How dare you be so disrespectful to me!" Grandmaster Jia roared.

Chapter 1427 Sanction

“I don’t care who you are! Since my wife has already spoken, we definitely won’t let you leave.” The bodyguard who was holding Master Jia said.

In the room, Jiang Yu opened Ji Tang’s mother’s eyelids and took a closer look. The expression on her face was also a little heavy.

“Your mother’s symptoms don’t seem to be sick. Instead, it’s more like poisoning.”

“Poisoned?” Ji Tang was shocked by Jiang Yu’s words.

“Although I’m not sure, the symptoms are 80% similar to poisoning.” As Jiang Yu spoke, she looked around and finally found a potted plant by the window of the inner room.

“Where did you get this plant?” Jiang Yu asked.

Ji Tang followed Jiang Yu’s line of sight and recalled that Du Wei had brought back a pot of plant from somewhere a few months ago. She said that it could purify the air and help her mother’s illness, so she was allowed to stay.

Now that Jiang Yu asked this question, it seemed that there was something wrong with this plant.

Hence, Ji Tang replied, “Du Wei brought this plant back from outside a few months ago. She said it can purify the air. Is there a problem?”

“What air purification? This plant is poisonous!” Jiang Yu quickly threw the plant out. “This plant is called Heartbreak Grass. I’ve seen it in an ancient medical book in the school library before. However, it was said that such plants had already been cut off and no one was planting them anymore.

Where did Du Wei get it?”

“I don’t know.” Ji Tang shook her head.

She felt a lingering fear in her heart. If she had not brought Jiang Yu here today and had really gone to sell her organs and listened to Master Jia’s words, her mother would probably never have been able to receive real treatment.

“Fortunately, this plant was only brought back for a few months, and it’s still quite far from your mother. Your mother didn’t absorb much poison. I’ve also thrown the plant out. Take good care of it as usual. In less than a month, your mother’s immune system will be able to clear the poison.”

” Don’t you need additional treatment? ” Ji Tang asked.

Jiang Yu replied, “Of course I do. It’s just that your mother has been poisoned and her bodily functions are declining. If I were to apply the silver needles now, I’m afraid it would affect her health. So I want to wait until the poison in her body is completely removed before applying the silver needles.”

If it was in the past, Ji Tang might have said ” thank you ” to Jiang Yu because of her feelings or because she was just putting on an act. However, this time, she said it from the bottom of her heart.

“You’re welcome. Take good care of your mother here. Don’t ever think about selling your organs again. It just so happens that you know where I live now. If you really encounter any difficulties that you can’t solve, come find me. I’ll think of a way to help you.” Jiang Yu said.

Ji Tang really did not expect Jiang Yu to be willing to help her so openly after what had happened previously. This made Ji Tang feel ashamed.

“Jiang Yu, thank you so much. I thought you would hate me for what happened before, but you were willing to help me like this. I shouldn’t have done that, and I shouldn’t have been jealous of you. We should have been very good friends.” Ji Tang really realized her mistake this time.

“As long as you recognize your mistakes, it’s not too late for us to be friends.” Jiang Yu smiled.

“Alright, then let’s be friends again. Although I know that my family background can’t compare to yours, if you really encounter any difficulties, as long as you tell me, I will definitely do my best to help you.”

“Alright.” Jiang Yu did not reject Ji Tang’s good intentions.

“Then I’ll take care of my mother. You go back first. I won’t send you off. I’m sorry.”

“It’s okay. It’s only a few steps from here to where I am.” After saying that, Jiang Yu left. She walked to the door. Master Jia and Du Wei were still detained there.

“Madam, how should we deal with these two people?” the bodyguard asked.

“One of them is a swindler, and the other is a vixen who doesn’t keep her morals.” Jiang Yu sneered. “That swindler should be handed over to the police. It just so happened that Chang Kai had already applied for a cross-city pursuit, and he was about to come to Qingcheng. Take these two people back first. When Chang Kai comes, I’ll hand these two people over to him.”

“Yes, Madam.” The bodyguard responded and gathered Master Jia and Du Wei up before stuffing them into the trunk.

Chapter 1428 Catching An Affair

“Don’t hand me over to the police!” Master Jia begged before he was stuffed into the trunk.

Jiang Yu brought them back to the villa. There was a basement in the villa. Because it was not used often, it was already a little old and there was a faint moldy smell.

The bodyguard threw Master Jia and Du Wei into the basement and prepared to close the door.

“Wait a minute! You have no right to lock us up here!” Master Jia roared, “This is illegal imprisonment. Do you know that?”

“Who said I imprisoned you illegally? I’ve already told the police. They’ll come and take you away in a few days.” Jiang Yu was standing at the entrance of the basement.

Because she was standing against the light, Master Jia could not see her face clearly. But from her tone, Master Jia knew that she was not joking.

This time, he was really afraid. He quickly begged, “This lady, I was blind. I know I was wrong. Please let me out! I didn’t lie willingly. It’s all her fault. It’s all this woman’s fault! She gave me money and said that she wanted me to come over and cheat people!”

Master Jia was really too afraid. He actually pushed all the responsibility onto Du Wei.

When Du Wei heard what he said, she was also shocked. She shouted angrily, “You old fart, how dare you frame me like this? You were the one who suggested this. How dare you push all the responsibility to me?”

Master Jia was still trying to shirk responsibility. “You seduced me from the beginning. Otherwise, how could I be with you?”

Du Wei still wanted to say something, but Jiang Yu stopped them and asked, “Wait a moment. Don’t quarrel. I only have one question. Who gave Du Wei the pot of plants that she brought back a few months ago?”

Du Wei glared at Master Jia before turning to Jiang Yu. “It’s all because of this old fart beside me!”

Jiang Yu’s sharp gaze swept over Master Jia. Although Master Jia couldn’t see clearly, her gaze was like a knife that cut into his body.

Master Jia knelt on the ground and explained, "I gave this plant to her. It's true, but she came to me for it! Previously, she came to me and said that her mother-in-law was sick. She asked me to think of a way to make that old woman die quickly. I thought for a long time before deciding to give this plant to her!"

After Master Jia finished speaking, Du Wei suddenly fell silent. She cowered and did not dare to speak.

"Do you give it to her just because she wants it from you? This plant is poisonous. If Du Wei's mother-in-law really died because of this, you'll be a murderer!" Jiang Yu said sternly.

"That's why I went for a checkup today! If that woman really died in the end, then to the outside world, it could be said that it was caused by evil energy entering her body!" Fortunately, Master Jia was a middle-aged man. He did not expect that he would be so scared that he would cry in front of Jiang Yu.

"How many people do you think will believe your reason?" Jiang Yu could not help but sneer. "The two of you are quite interesting. Du Wei, you gave all the money in the family to Master Jia. Don't tell me you still have hope that he will be able to take you away in the end?"

Du Wei had been silent all this while. Now, Jiang Yu's words had hit a sore spot in her heart. Suddenly, she shouted crazily, "He will take me away! Compared to Ji Tang's useless younger brother, at least Master Jia can really let me see hope! As long as he says he will take me away, he will definitely take me away. I don't have to stay in this dilapidated place anymore! Back then, when I was walking outside in a glamorous manner, anyone who saw me would have to curry favor with me! But now?

As Du Wei spoke, she began to cry.

Jiang Yu had always felt that Du Wei had trusted Master Jia, the swindler, too much, so much so that she had handed over all her people and the last of her family's money.

"You're still too naive. This Master Jia is obviously unreliable. You gave him everything, but he will definitely leave you behind and run away alone." Jiang Yu said, "If you don't believe me, you can take a look. If I can let one of you go now, do you think he wants to leave or will he let you go?"

When Master Jia heard this, he quickly straightened his back and said loudly, “If you’re really willing to let a person go, then let Du Wei go!”

Chapter 1429 Surrender

Master Jia acted like a real man in front of Du Wei because he knew that Jiang Yu would not really let them go. That was why he dared to say such words.

However, Jiang Yu insisted on doing the opposite. She said, “Alright. Since you’ve said so, I’ll let Du Wei go.”

She asked the bodyguards to go in and untie Du Wei. She said, “Since Master Jia is so loyal and wants me to let you go, then I can only fulfill his wish. Come out. I’ll hand him over to the police alone.”

Du Wei’s face was filled with disbelief. Before she could even speak, she was taken out by the bodyguards.

Master Jia’s face was even more stunned. He watched as Du Wei was taken away by the bodyguards. He was so anxious that he could not speak clearly. “No, no, are you serious? Why did you really let her go?”

Jiang Yu shrugged and looked at him mockingly. “Didn’t you just ask me to let Du Wei go? I’m just respecting your opinion. Why, are you going back on your word again?”

Master Jia nodded vigorously. “I thought you were joking. That’s why I said that! If I had known that you would really let someone go, how could I have given this opportunity to that Du Wei? Is it too late for me to go back on my word now? Can you let me go?”

Anyone who saw Grandmaster Jia like this would be unable to help but curse at him.

Jiang Yu didn't want to continue talking to him either. She felt that it would lower her status, so she asked the bodyguards to lock the basement door tightly while she went to look for Du Wei.

Du Wei had just stood at the door and had already heard Master Jia's words. She was disheartened and didn't want to see that swindler again.

The bodyguard brought her to the living room and let her sit on the sofa to rest. Du Wei sat on the sofa, feeling disheartened. At the same time, she was also in disbelief. She could not believe that Jiang Yu would really let her go.

It was only when she saw Jiang Yu walking over that she asked her in a trembling voice, "Will you really let me go?"

"Of course not. Both of you have done something illegal. If I let you go, wouldn't I be helping the evil?" Jiang Yu said, "I just wanted you to see Master Jia's true colors. That's why I said that."

Du Wei smiled bitterly and said, "That's true. I should have seen the true face of this old fart earlier. I should have known from the beginning that he was lying to me. It's a pity that I gave him all the money in the family. How will my mother-in-law and Sister Ji Tang live?"

"You don't have to worry about this. I'll help you. As long as you really realize your mistake, it'll be fine. When the time comes, the two of you will go to the police station together and tell the police everything you know about Master Jia. You might get a reduced sentence." Jiang Yu comforted her.

"I know. Actually, I asked for it. Sigh, when will the police come? I might as well turn myself in. In that case, there might be a lighter sentence."

Seeing how sincere Du Wei was in admitting her mistake, Jiang Yu said to her, "If you really want to turn yourself in, I can take you there."

"It's okay. As long as you recognize your mistake and don't make it again in the future, it's fine."

Churan could not stand such a heartwarming scene. She said, “Jiang Yu, you’re used to doing good things. You’re the good person.”

Churan crossed her arms in front of her chest. “You’re so good to her. Do you think she’ll be grateful to you? And that friend of yours. Will she really be grateful to you? Don’t let yourself be touched in the end.”

“This matter has nothing to do with you. Just mind your own business.” Jiang Yu didn’t even look at him.

Chu Ran was stumped by Jiang Yu’s words and almost choked on her own saliva.

“In the end, if people gossip about you behind your back, it has nothing to do with me. You asked for it. Don’t blame me for not reminding you.”

“Don’t use your malice to judge others. Just because you’re such a person doesn’t mean that others are.” Jiang Yu said coldly.

Chang Kai successfully arrived at Green City the next morning. This time, he only brought a small team with him.

Jiang Yu brought Du Wei and Master Jia to find him. “This is the swindler I told you about the other day,” she said.

“I’m not a swindler!” Grandmaster Jia was still resisting.

Chapter 1430 Strategy

“Stop resisting. You have no right to speak here!” The bodyguard held Master Jia down and took out a rag to cover his mouth.

“It’s fine as long as they admit their mistakes and have a good attitude. It’s even better if they can turn themselves in. However, in this situation, it’s useless to say that they’ll turn themselves in,” Chang Kai said. “However, their matters are small matters. There’s a bigger matter now. It’s the matter you contacted me about previously.”

Chang Kai asked his team members to bring Master Jia and Du Wei back. Then, he went to a nearby tea shop with Jiang Yu and booked a private room.

“The procedures for the cross-city pursuit are a little troublesome, which is why it has been delayed until now.” Chang Kai said apologetically, “I don’t know. How far have things progressed?”

Jiang Yu told the truth and explained, “Those seeds are just ordinary flower seeds. No matter how stupid Chu Ran is, she should have checked the pictures of Poppy. When the flower seed grows, Chu Ran will realize that something is wrong.”

“There’s also that small workshop. I told Chu Ran that this workshop was only selling human organs under the guise of selling pork, but if I really got the pig’s internal organs in the end, I’m afraid this matter won’t be able to be hidden. Therefore, we must try to take down Chi Rui and the black market before these two things happen.”

Chang Kai looked troubled. “Actually, I’m quite anxious too, but we don’t know much about the black market. Just based on the two industrial chains in your hands and the industries in Mo Long’s hands, I can’t judge how big the entire black market is for the time being. So I need to think of a way to enter this black market and investigate it carefully.”

Jiang Yu also understood Chang Kai’s thoughts. If the black market was too big, they would need to apply for support from the headquarters before they could take action. After all, they had too few people now. If they acted rashly, there might be unpredictable dangers.

“Then I’ll do my best to delay Chu Ran for a while. Try not to let him contact Chi Rui before you sneak into the black market.”

“Yes, but you have to pay attention to your safety. No matter how stupid a person is, they will still be on guard. If you continue to play Tai Chi with him, he will probably realize that something is wrong. At that time, you won’t be able to explain yourself in front of Chi Rui.”

In fact, Chang Kai was also more worried about Jiang Yu's safety. Although Mo Long was by Jiang Yu's side now, they were not in Hu City and did not have many bodyguards with them. They could not compete with Chi Ruixiang.

As for the Kang family, Jiang Yu had once thought of asking for help, but in the end, she gave up the idea because she did not want to involve the Kang family.

"I'll be careful with everything. You just have to trust me. You go do your thing, I don't need to worry." Jiang Yu reminded.

"Alright, I trust that you will handle this matter well." Chang Kai said.

Having said that, there was nothing else to say between the two of them, so they left. Chang Kai returned to their base in Qingcheng, and Jiang Yu also returned to her villa.

Chu Ran sat on the sofa in the living room and her eyes were fixed on Jiang Yu. From the moment she entered the room until she was about to return to her room, Chu Ran's gaze never left.

Although Jiang Yu knew that Chu Ran was just observing her and did not know about her and Chang Kai's plan, Jiang Yu still felt a little uncomfortable being stared at by Chu Ran.

"You've been staring at me for a long time. Just tell me what you want to ask me," she asked Chu Ran before returning to her room.

"What's there to be afraid of? I just went to buy the seeds of the poppies and asked some villagers to help me plant them. I didn't do anything else. The situation isn't very serious." Jiang Yu shrugged her shoulders and said indifferently, "It doesn't matter even if the police find out. With the things I've done, even if I'm sentenced, it's definitely not the death penalty."
