

Older Man 1431

Chapter 1431 Help

Jiang Yu's tone sounded as if she really did not take this matter seriously. Even Chu Ran, who had always been a crazy playboy, felt that Jiang Yu was even crazier than he used to be.

How could a person who talked about the sentence and even the death penalty so lightly not be crazy?

Chu Ran suddenly felt a little regretful. If only he had not agreed to Chi Rui's request to spy on Jiang Yu. Now, he felt that standing beside Jiang Yu, no matter how he looked at her, she was very scary. He even felt that he would die at Jiang Yu's hands one day.

Chu Ran did not say anything. While he was still in a daze, Jiang Yu had already returned to her room.

That night, before Jiang Yu went to bed, she received a call from Chang Kai. "I've thought about it carefully. I plan to use the industrial chain in your hands to go deep into the black market."

Jiang Yu paused for a moment. She was a little shocked by Chang Kai's thoughts. "Are you sure? If you use the industrial chain in Mo Long's hands to go deep into this black market, I think it's still feasible. However, if it was through me, I'm afraid that Chi Rui would be extremely wary of you."

"That's why I should use you to enter this black market." Chang Kai said, "Since Chi Rui will be on guard against me, I'll try my best to make him believe me. If I can make Chi Rui trust me through drug trafficking and organ trafficking, then he will trust me in the future. After all, there's no other industry that's more serious than these two illegal industries."

Jiang Yu was silent for a moment. She wanted to persuade Chang Kai to consider it, but Chang Kai said, "You don't have to persuade me. I've made up my mind. You just

need to help me. If this matter is exposed in front of Chi Rui, I will bear the responsibility alone and will never expose you.”

Jiang Yu was not afraid of this. She was afraid that Chang Kai would really be discovered by Chi Rui because of this matter.

Chi Rui said that he was the boss of this black market, but in fact, he was a drug lord. Jiang Yu knew how cruel the drug lords were.

Even though she had never experienced it herself, she had seen it on the news. The undercover agents who were discovered by the drug lords did not have a good ending in the end.

Moreover, he would still be awake and suffer great pain.

Therefore, Jiang Yu was not worried about herself but Chang Kai.

However, Chang Kai had already made up his mind to do so. He had long abandoned his own life and safety. He only wanted to eradicate this black market completely. In this way, no more people would be persecuted because of this black market.

“Jiang Yu, please do me a favor.” Chang Kai begged Jiang Yu.

Jiang Yu opened her mouth but eventually swallowed her words of rejection. She said, “Alright, I’ll help you, but you must hide yourself well and pay attention to your own safety. If you find anything wrong, you must escape as soon as possible.”

“I know, don’t worry.”

Jiang Yu and Chang Kai had arranged a time and place to meet. She planned to let him manage the industrial chain with her as an assistant and then find a way to recommend him to Chi Rui.

Chu Ran was the first person to suspect Chang Kai’s identity.

As he was going to manage the industrial chain with Jiang Yu, Chu Ran had to know Chang Kai's identity. However, this person's appearance was too sudden and inexplicable. Chu Ran could not help but feel a little suspicious.

"Who is this person?" Chu Ran asked, "I've never heard you mention this before. How did he suddenly become your assistant and manage this industry chain with you?"

"Why should my people explain to you?" Jiang Yu's face was cold. "Since I said he's my assistant, then he's a trustworthy person. Besides, it's not too late to introduce the two of you now."

"I am very suspicious of this person's identity. I will tell Mr. Chi Rui about his existence. When the time comes, if Mr. Chi Rui asks about you, you can think of a way to explain yourself." Chu Ran said as she took out her phone and called Chi Rui.

Jiang Yu and Chi Rui were just waiting for Chu Ran to call Chi Rui. There was no need to think of any other way, so Chu Ran called to inform them herself.

Chi Rui was indeed interested in the person Chu Ran was talking about.

Chapter 1432 Assistant

Chi Rui asked Jiang Yu to bring Chang Kai to find him immediately. Chu Ran, on the other hand, said smugly, "I want to see what identity you can make up for this person."

Jiang Yu took Chang Kai to look for Chi Rui but did not see Mo Long. In the huge house, other than Chi Rui, there was only his wife and daughter who were trimming the plants in the backyard, and a nanny who was busy in the kitchen.

Although Chi Rui was only in his forties, he was already wearing presbyopic glasses. He was sitting on the sofa in the living room with a magazine in his hand. People thought that he was reading a magazine, but in fact, he had not flipped the page for more than half an hour.

This was because Chi Rui still held some grudges against Jiang Yu and did not trust the people she had brought with her.

The remaining 20% didn't trust him at all.

It was not until Jiang Yu brought Chang Kai over that Chi Rui finally put down the magazine. A smile appeared on his face again. "Jiang Yu, you're here?"

Although he was talking to Jiang Yu, his gaze was always on Chang Kai. Chang Kai also looked back boldly and directly met Chi Rui's gaze.

"Since you brought a friend with you, then introduce me to your friend. I heard from Chu Ran that this is your assistant?" Chi Rui smiled and directly threw this question to Jiang Yu.

"Friends helping each other. That's good." Although Chu Ran was smiling, it was only on the surface and not from the bottom of her heart.

The air was silent for a while. Everyone seemed to be waiting for the other to speak first, so no one moved.

After a long time, Chi Rui said, "It just so happens that I'm lacking an assistant. Why don't you lend me this friend of yours for a while? As for his salary, I'll give him double the amount you give him."

"That's not very good. After all, I'm also short of manpower." Jiang Yu deliberately didn't go along with Chi Rui's thoughts. If she agreed to his request right away, Chi Rui would become even more suspicious.

Chi Rui smiled. "Jiang Yu, no matter what, I was the one who gave you the industrial chain in your hands. If you really lack manpower, just tell me. I'll arrange for someone for you. As for your friend, I think he's a very capable person. If he follows you to manage these two industries, it would be a waste of his talent. He might as well follow me."

“But I’m worried that my friend will make a mistake by your side. After all, he doesn’t have much experience in this area. He still needs me to take care of him step by step.” Jiang Yu was still acting.

“Isn’t that perfect? I know more than you. If he follows me, he will learn more knowledge than you.” Chi Rui said, “Besides, Chu Ran doesn’t know anything either. The person you should be teaching is Chu Ran. You have to teach him more business skills. Otherwise, he’ll really be useless to me.”

“This ... Zhao Lei, what do you think?”

Zhao Lei was the new identity that Jiang Yu had fabricated for Chang Kai.

“Since I’ll be paid double, then I’ll definitely work for Mr. Chi in front of me.” Chang Kai smiled. “Jiang Yu, I’m really sorry. I did intend to come and help you in the beginning. But this gentleman said that he would give me double the salary. In front of money, I really have to bow my head. I’m really short of money now.”

“Alright, I understand. It’s really hard for a hero to win with just a penny.” Jiang Yu shrugged and said helplessly.

She and Chang Kai were echoing each other here. Anyone who saw it would think that this was not an act.

Chi Rui was at the side, unable to judge the authenticity of this. He could only think of a way to keep this man named “Zhao Lei” by his side. If he really had some conspiracy with Jiang Yu, at least with him in the middle, their contact would not be too frequent and smooth.

“Since you’re already here, let’s stay here for a meal.” Chi Rui tried to persuade him to stay.

“No need. I have other things to do.” Jiang Yu refused.

However, Chang Kai agreed. “Since I’m going to work by Mr. Chi’s side in the future, I’ll respectfully accept it. Stay for a meal.”

Chapter 1433 Feeling Unsettled

Jiang Yu left the Chi Family's residence and returned to the villa.

Although their initial plan was to keep Chang Kai by Chi Rui's side. However, now that he had really stayed by Chi Rui's side, Jiang Yu could not feel at ease.

Chi Rui had always acted like an amiable and approachable middle-aged uncle on the surface. But in reality, no one knew how dark his heart was.

Even his wife might not be able to accurately describe what kind of person her husband was.

Moreover, Chi Rui had done all these things behind his wife's back. His wife was still in the dark.

When Jiang Yu returned to the villa, Chu Ran was already impatient.

Chu Ran looked around and confirmed that Jiang Yu was the only one who had returned. She couldn't help but ask curiously, "Where's your friend? Did Mr. Chi Rui leave her behind?"

"Don't worry about it." Jiang Yu said, "Chi Rui told me today to teach you business skills. Then how much of what I taught you these past few days have you remembered?"

When Jiang Yu asked this question, Chu Ran couldn't help but feel a little shy.

Because he couldn't remember anything.

When he first went there, he actually went with the mentality of watching the show. Of course, he didn't learn anything.

Looking at the expression on his face, Jiang Yu knew that he had not learned anything. However, she didn't really want to teach Chu Ran, so she said, "Anyway, I've taught her. It's up to you whether you learn or not. If you make him angry, you'll be the one getting scolded, not me."

Jiang Yu returned to her room while Chu Ran sulked in the living room alone.

What he hated the most in his life was people looking down on him.

Since Jiang Yu had already said so, Chu Ran had to prove herself in front of her! He remembered the poppy seeds that Jiang Yu had sent him some time ago. After such a long time, even if they had not grown, they should have sprouted.

So he went out and went to the village based on his memory.

The villagers still had some impression of Chu Ran, not only because he had come with Jiang Yu last time, but also because of the disrespectful words he had said last time.

The villagers were still carefully taking care of the seeds that Jiang Yu had brought. Seeing this, Chu Ran walked over. "How are the plants growing?" He asked coldly with a condescending expression. "I see that it has already sprouted. It seems to be growing well."

The villagers didn't have a good impression of Chu Ran. Now that they heard him speak, they didn't really want to talk to him. Moreover, Jiang Yu did not come with him today, so there was no need for the villagers to talk to him.

However, he felt very uncomfortable when Chu Ran was ignored like this. "Are you deaf?" He asked angrily. "I'm asking you a question! Why aren't you saying anything? Are you guys mute?"

The villagers remained silent and continued to take care of the flower seeds that had already sprouted.

The sprouts in the nursery were trampled badly by Chu Ran. The men spontaneously pulled Chu Ran out of the nursery while the women carefully picked up the sprouts, trying to save them.

However, those tender shoots had just grown out and were very brittle. Now that they had been stepped on by Chu Ran, they were basically dead for sure.

The women had tried to save them for a long time, but in the end, not a single sprout survived.

The villagers looked at each other. In the end, their gazes fell on Chu Ran.

“It’s all because of you! Now that all these flowers are dead, how are we going to explain this to Jiang Yu when she comes over in a few days?” The villagers questioned.

“You can just say that I stepped on it. What does it matter?” Chu Ran said indifferently. “I’m her immediate superior. So what if these seeds were trampled? Does she dare to yell at me? Hahaha!”

Chu Ran sat on the ground and laughed maniacally. Those who didn’t know better would think that he was crazy.

Zhou Yun and the other cyborgs had originally gone up the mountain to cut down trees. When they returned from cutting down trees, they saw this scene in front of them.

Chapter 1434 Will

Not only the villagers, but Zhou Yun and the others also didn’t have a good impression of Chu Ran. They had once wondered why someone with Jiang Yu’s personality would make friends with someone with Chu Ran’s personality.

However, Jiang Yu was their master after all. No matter how many questions Zhou Yun had, he could not speak rashly. Moreover, at that time, Jiang Yu had hinted at him not to call out the word “Master”. At that time, Zhou Yun knew that Chu Ran’s identity should be quite special.

“Why are you here?” he asked.

“My legs are on my own body. What do you have to do with where I want to go?”
Chu Ran glared at Zhou Yun. “Do I have to report to you where I go?”

Chu Ran stood up, patted the dust off her butt, and turned to leave.

He walked far away before his mind suddenly cleared.

The seeds in the nursery were poppies! Jiang Yu had said that the seeds of Poppy were not easy to buy. There was only one store in the entire City of Qing that had them, and it was only one box! Now that the villagers had finally managed to grow these seeds into sprouts, they had all been crippled by his feet. If Jiang Yu knew about this, wouldn't she go crazy?

.. No, no, it was a small matter if she went crazy. If she told Mr. Chi Rui about this, then she would be dead!

The more Chu Ran thought about it, the more afraid she became, and her feet became heavier and heavier. When he returned to the villa from the village, the sky was already dark.

Although Jiang Yu did not know where Chu Ran had gone, she was not in a hurry to find her. Anyway, Chu Ran was already an adult. She should know that she had to come back at night.

When Chu Ran returned to the villa, everyone had already started eating dinner.

Chu Ran didn't dare to say a word because she felt guilty. She sat down obediently and picked up her chopsticks to eat.

Halfway through the meal, Jiang Yu suddenly received a call. She took out her phone and saw that it was an unfamiliar number.

She picked up the call and asked politely, “Hello, who are you?”

The person on the other end of the phone was silent for a long time before he asked tentatively, “Hello, is this Miss Jiang Yu?”

“Yes, it’s me.” Jiang Yu was a little puzzled. How did the person on the other end of the phone know her name?

“I’m Chang Kai’s colleague. You can call me Lu Yu.”

“Hello,” When Jiang Yu heard that it was Chang Kai’s colleague, she immediately put down her chopsticks and walked out of the door.

“Did something happen to Chang Kai?” Jiang Yu felt as if there was a huge rock in her heart that was hanging high in her throat.

“Not really, it’s just that ... We just found the note he left for us in Chang Kai’s room. Your contact information is on it.” Lu Yu said.

Jiang Yu didn’t understand what Lu Yu meant.

Lu Yu was silent for a moment before he said very seriously, “Because Chang Kai has a will. He wants us to give this will to you.” If he doesn’t come back, he hopes that you can pass this will to his sister and his girlfriend.”

When Jiang Yu heard the words “will”, she could not hold back her expression anymore.

“Will?” Jiang Yu felt a little out of control.

Why would Chang Kai write a suicide note for no reason? Did he not plan to come back alive from the beginning?

On the other end of the phone, Lu Yu continued, “Logically speaking, we should be the ones doing this. But since Chang Kai left us a note that clearly asked you to pass

this will, we have to respect his wishes. When do you have time to come over and take the will? Or you can give us your address and we'll send you this will."

Jiang Yu still couldn't recover from the will.

She didn't know who Chang Kai's girlfriend was, but she knew that Chang Kai's sister was Sister Xia. Jiang Yu and Sister Xia had been friends for a long time. If Chang Kai really lost his life here, what would happen to Sister Xia?

Jiang Yu really couldn't bear it.

But now that things had come to this, she could only agree to Chang Kai's last request and could not do anything else for him.

If she had known that he would cut off her escape route, Jiang Yu would never have agreed to help him and would have stuffed him into Chi Rui's side.

However, it was too late to say that now. Even if he regretted it, it was already too late.

Chapter 1435 How Could This Be?

"I understand." Jiang Yu closed her eyes heavily. "Please send the address to my phone later. I'll go get the will tomorrow."

"Alright, thank you very much." Lu Yu said, his tone filled with gratitude.

After hanging up the phone, Jiang Yu returned to the villa.

Her expression was not very good. Although everyone noticed it, no one dared to say anything. Jiang Yu only told Mo Long about it when she returned to her room at night.

Black Dragon was silent for a long time before he said, "The people's police are worthy of respect. They will throw away their lives for the sake of the people."

“I only hope that Chang Kai will not encounter any danger. If he really encounters danger, not only will I blame myself, but I won’t be able to explain it to Sister Xia either.” Jiang Yu said.

However, Jiang Yu still felt bad.

The next day, Jiang Yu went to the location where Lu Yu had sent Chang Kai’s will and retrieved it. On the way back to the villa, Jiang Yu remembered the flower seeds that she had sent to the village. She called Chu Ran and said, “Do you still remember the village that I brought you to? I’ll send the seeds of the Poppy there. Come with me to see how the seeds are growing.”

When Chu Ran heard this, she was scared out of her wits. She quickly stopped him. “How long had it been? How could it have grown so quickly? It’s useless for you to go now.”

He was clearly very anxious before, so why did he look unwilling now?

The contrast between before and after was really huge. Jiang Yu could not help but feel a little puzzled. “Did you secretly go to that village and cause trouble?”

“I didn’t!” “Why would I drive a car in that village?” Chu Ran denied. “I just thought about what you said before. Anyway, those seeds won’t grow in such a short time. You might as well go to that small workshop to take a look at the organs you want.”

Jiang Yu felt that Chu Ran’s attitude was getting more and more suspicious, so without saying a word, she asked the driver to turn around and go to the village.

During this time, Jiang Yu’s phone was still hanging up. She said to Chu Ran, “I’m going to the village to take a look now. If I find out that you’ve done anything in that village, not only will I be rude to you, but you’ll also die in front of Chi Rui!”

“You! Didn’t I tell you not to go? Why do you still have to go!” Chu Ran shouted.

Jiang Yu had clearly been calm and collected a few days ago. Why was she suddenly excited to go to the village to see the growth of the poppies?

The more Chu Ran thought about it, the more afraid she became. However, she couldn't hang up the phone yet. If she did, she would undoubtedly be admitting her crime to Jiang Yu.

However, when Jiang Yu arrived at the village and saw the miserable state of the nursery, even if she did not admit it, the villagers would expose her.

Just as Chu Ran was hesitating, Jiang Yu had already arrived at the village.

When Jiang Yu walked to the nursery, she saw that it had been stepped on and was in a mess. When the villagers saw that Jiang Yu had come and that she had walked straight to the nursery, they all guessed that Jiang Yu must be very angry.

However, in reality, Jiang Yu was already overjoyed.

There was no need to guess. It was obvious that Chu Ran was behind this. Now, all she needed to do was to get the villagers' statements. Jiang Yu could tell Chi Rui about this matter and push all the responsibility to Chu Ran.

Therefore, she pretended to be extremely angry and asked loudly, "Who stepped on this nursery?!"

Chu Ran felt a chill run down her spine when she heard the angry roar.

"Chu Ran," the villagers said in unison.

"Alright, Chu Ran!" Jiang Yu shouted into the phone, "This is all your fault! Are you crazy? Do you know how rare these seeds are? It wasn't easy for me to find a shop to sell these seeds, but you trampled them all!"

In her panic, Chu Ran quickly explained, "I-I didn't do it on purpose! If those villagers didn't pretend to be mute and didn't answer my questions, I wouldn't have been so angry and rushed into the nursery to trample on those sprouts."

“Is this an excuse? No matter how angry you are, you can’t vent your anger on these things!” Jiang Yu was furious.

Chapter 1436 Rage

However, Jiang Yu was very happy. She could already imagine what would happen to Chu Ran.

“Your behavior is really too evil! Just you wait, I’m going to tell Chi Rui about you and let him punish you!”

After saying that, Jiang Yu hung up the phone.

Jiang Yu knew that Chu Ran must be very scared now, so she didn’t call Chi Rui to tell him about it for the time being. She just wanted to hang onto Chu Ran and make Chu Ran afraid.

In the villa, Chu Ran’s hands and feet were cold. Her phone had fallen to the ground, and the camera had been broken.

He knew that Jiang Yu would definitely call Chi Rui and push all the responsibility to him.

Chu Ran had seen how vicious Chi Rui’s methods were, so he was so afraid. Even though what he did would not threaten Chi Rui’s safety, nor would it affect Chi Rui’s interests, but if he did such a thing out of anger, Chi Rui would definitely be very angry.

Chu Ran was restless in the villa. In the end, he made up his mind to explain things to Chi Rui. However, when he walked into the Chi family’s residence, Chi Rui had just put down his phone.

Chi Rui’s face darkened when he saw Chu Ran. You know that I want to look for you, right?”

Chu Ran’s heart skipped a beat.

He knew that Chi Rui had learned everything from Jiang Yu.

So he knelt on the ground with a thud and wailed, “Mr. Chi Rui, this is indeed my fault! But I was too angry at that time, so I did that! Please forgive me this time. I promise I won’t do it again!”

“You still want a future?” Chi Rui flew into a rage. He stood up from the sofa with a whoosh and threw the teacup on the coffee table to the ground.

The teacup shattered into pieces, and the broken pieces flew everywhere.

“Mr. Chi Rui!” Chu Ran closed her eyes in fear, and her sharp voice echoed throughout the entire house.

Chi Rui’s wife and daughter also heard the noise in the living room.

“Mommy, the living room is so noisy. It seems like Daddy is throwing a tantrum.” The little girl was only three or four years old, and her childish voice did not fade away.

“Alright.” Chi Ruo obediently climbed into bed and waited for her mother to tell her a bedtime story.

Chi Rui, who was in the living room, didn’t know what was going on in the room. He was still angry because of Chu Ran. If Jiang Yu had not called him, he would probably never have known. Chu Ran was actually such a person.

To think that he had treated Chu Ran as his most obedient puppet and even handed over the task of monitoring Jiang Yu to Chu Ran! Now that he thought about it, he had really overestimated Chu Ran back then!

Trash is trash, and will never become great! He couldn’t even do something as simple as surveillance!

The more Chi Rui thought about it, the angrier he got. He kicked Chu Ran’s shoulder.

Chu Ran was kicked to the ground, but he did not dare to complain.

After Chi Rui kicked him, he still felt that it wasn't enough to vent his anger. He grabbed Chu Ran's collar and lifted him up, giving him two slaps.

Every slap that Chi Rui gave was very powerful. Soon, Chu Ran's face swelled up.

However, he was still apologizing to Chi Rui even though he had already become like this. This matter is indeed my fault. I promise there won't be a next time!"

His face was swollen like a pig's head, and his voice was a little muffled.

"There won't be a next time, you piece of trash!" Chi Rui roared, "Actually, if you had a reasonable reason for doing such a thing, I wouldn't be so angry. However, you destroyed the only seedling of the Poppy Seed just because you were angry and caused me to lose such a large amount of profits. How could I not be angry? Chu Ran, I only kicked you and slapped you twice. This punishment is too light for you!"

What he said was true. Chu Ran had once seen Chi Rui's most vicious method. It was to cut off all the limbs of a person and turn him into half a human pig.

So now, he only slapped her twice and kicked her at the same time. It was indeed the lightest punishment.

"I know," Chu Ran quickly said. "Thank you, Mr. Chi Rui, for sparing my dog life!"

Chapter 1437 Concealing

Jiang Yu was determined to chase Chu Ran away and did not intend to give him any chance. He had already asked the bodyguards to pack Chu Ran's sofa bed and was ready to throw her out together with her.

Chu Ran finally knew fear.

Just a second ago, he was begging for mercy in front of Chi Rui, and now, he was begging Jiang Yu to continue taking him in.

“I know what I did in the past was wrong. Please forgive me and don’t hold it against me anymore!” Chu Ran begged. “How about this, as long as you are willing to take me in, I will tell you everything I know about Chi Rui!”

“Your performance makes you look like a fence sitter.” Jiang Yu really didn’t like Chu Ran’s behavior. “If you make me angry one day, I’ll do the same to Chi Rui. At that time, as long as you find the next person who is willing to take you in, you will tell that person everything about me, right?”

“No, I promise I won’t mention you to anyone!”

“Don’t. I don’t believe a person like you can make a promise.” Jiang Yu didn’t have the slightest bit of sympathy. She directly asked the bodyguards to throw the sofa bed out. Then, she said to Chu Ran, “Alright, your bed is already outside. You can go outside too. If you really have nowhere to go, there’s a small warehouse at the entrance of the villa. You might as well stay there, but you’re not allowed to enter the house again.”

“With my identity, you want me to sleep in the warehouse?” Chu Ran almost couldn’t hold it in anymore.

“If you don’t want to sleep in the warehouse, then go out and find a place to sleep. You’re worthless to me now. Do you still expect me to take you in? Actually, I didn’t want to take you in in the first place. It was only because of Chi Rui’s face and the so-called ‘business partner’, that I let you stay here.”

Chu Ran was still in a daze on the spot. Seeing this, Jiang Yu immediately asked the bodyguards to throw him out.

At this moment, whether Chu Ran was alive or dead outside had nothing to do with Jiang Yu.

Jiang Yu thought that he had gotten some information. However, it was not Chang Kai’s voice on the other end of the phone. Instead, it was a woman’s voice. “Miss Jiang Yu, hello. I am Chi Rui’s wife.”

“Madam Chi?” Jiang Yu didn’t expect Chi Rui’s wife to call her on Chang Kai’s phone. She suddenly felt that something was wrong.

“It’s me. Is it convenient for you now? I have a few questions to ask you.”

“It’s convenient for me. If you have any questions, just ask me.”

“Alright, I’ll do it. I know that Chi Rui, Mo Long, and you are working together. I know about the businesses that Mo Long is working with. But I’ve asked him about the business you’re working with, but he stammered and refused to tell me.”

Chi Rui’s wife hesitated for a moment, as if she was trying to organize her words. “So I want to know what business he is working with you on? I don’t think it’s a legitimate business.”

She guessed the crux of the matter.

However, Jiang Yu couldn’t tell her rashly that Chi Rui was working with her on drugs and human organs. If Chi Rui’s wife knew about this, the Chi family would be in chaos.

Therefore, Jiang Yu thought about it for a long time before she said, “Madam Chi, you’ve misunderstood. The businesses that Mr. Chi and I are working on are all very serious. He’s not willing to tell you. It might be because these businesses are just starting out and he’s worried that he won’t be able to make money, so he didn’t tell you. When the time comes, you can ask him again. He will definitely be willing to tell you.”

“Is that so? Alright, thank you. I have nothing else to do, so I’ll hang up first. I won’t disturb you anymore.” After that, Chi Rui’s wife hung up the phone.

Although Jiang Yu felt that it was ridiculous, this was someone else’s private matter after all, so she couldn’t interfere.

On Chang Kai's side, Chi Rui's wife returned the phone to him, but her face was still frowning.

"Madam Chi, Jiang Yu has already said that the businesses are all very serious. They are just starting out. Don't let your imagination run wild."

"But I won't believe it." Chi Rui's wife smiled bitterly. "A woman's intuition is very accurate. Since Chi Rui didn't tell me, it means that there's something wrong with this business. It's definitely not like what Jiang Yu said."

Chapter 1438 His Identity

The two of them were sitting in the backyard of the Chi family's house. Chi Rui was in the bedroom on the second floor and could be seen through the window.

He naturally believed that there was nothing going on between his wife and her man, but he had always suspected that Chang Kai had suddenly appeared.

He appeared under the name "Zhao Lei". Chi Rui had doubted the authenticity of this name from the beginning, so he never believed it. He had gotten someone to investigate this person's identity behind his back.

However, the information he obtained in the end was pitifully little.

The only information Chi Rui had about Zhao Lei was that he was an unemployed vagrant without parents.

Chi Rui had no other information.

Although Chi Rui had also thought of getting more information about "Zhao Lei" from Jiang Yu, he understood that if there was really some conspiracy between "Zhao Lei" and Jiang Yu, he would definitely raise Jiang Yu's guard if he revealed his suspicion towards "Zhao Lei".

Although Jiang Yu was already very guarded, Chi Rui had never thought that she was sincerely helping him manage these two businesses.

Thus, Chi Rui went downstairs and walked to the backyard to ask Chang Kai, "Are you used to staying here? If you're not used to it, you must tell me. After all, you are Jiang Yu's friend. You were planning to be her assistant in the beginning, so I'm snatching her away. If I don't take good care of you, Jiang Yu will be angry with me."

He smiled and said, "How can that be? I was willing to stay here at the beginning. After all, you said that you would give me double my salary."

"That's true. After all, I can tell from your face that you're a capable person. If I don't give you double the salary, I really won't be able to keep you." Chi Rui smiled like an old fox.

Chang Kai couldn't grasp his thoughts, so he didn't act rashly and just laughed along.

The only outsider present was Chi Rui's wife.

Naturally, she did not understand the business world. However, she had been with Chi Rui for so many years, so she thought she knew him very well. But now, when she looked at Chi Rui again, she felt a little unfamiliar.

The two of them seemed to be very far apart. Even though Chi Rui could touch her face with his hand, she felt as if there was a thousand mountains and ten thousand rivers between them.

After all, Chi Rui was a middle-aged man and had always been careless. Naturally, he would not notice that there was something wrong with his wife.

"I have something to talk to Zhao Lei about business. You should go back and take care of Chi Ruo first." Chi Rui said to his wife.

"Alright, I'll do it. She should still be sleeping now, but she should be waking up soon. I'll go back and take a look." Chi Rui's wife said as she walked into the house.

Her back was facing Chi Rui. From the looks of it, her back was no different from before, but in fact, her eyes had already turned red.

She knew that Chi Rui was hiding something from her.

Chi Rui sat across from Chang Kai and didn't say anything. He just kept smiling at him. It seemed like he wanted Chang Kai's psychological defense to collapse.

However, Chang Kai was not that kind of young man. After all, he had been a police officer for many years. If he lost his mind because of Chi Rui's smile, then he would not be a police officer anymore.

Moreover, he was going to be a spy by Chi Rui's side now, so he couldn't give himself away.

Based on the principle of "I won't move if the enemy doesn't move", as long as Chi Rui kept smiling and refused to speak, Chang Kai would continue to smile at him and not speak.

In the end, Chi Rui was defeated. He said, "You've known Jiang Yu for a long time, right?"

"Actually, it hasn't been that long. I've only known her for about a year."

"It's only been a year and Jiang Yu trusts you so much. It seems that you're really capable." Chi Rui patted Chang Kai on the shoulder. "It seems that I made the right choice to keep you around. If it weren't for your outstanding abilities, Jiang Yu probably wouldn't have asked you to come over and be her assistant to help her manage her business."

"Actually, I'm not that powerful. The skills that I know are actually all learned from Jiang Yu. If you really want to talk about it, Jiang Yu is still the best."

"You don't have to be so humble. Since Jiang Yu thinks so highly of you, it means that you have extraordinary abilities. Since I've kept you by my side now, I'll definitely put you in an important position." Chi Rui observed Chang Kai's expression as he spoke, trying to find some flaws.

But Chang Kai was still smiling.

Chapter 1439 The Whereabouts of His Younger Brother

The two of them sat in the backyard and pulled for a long time. Chi Rui did not find any clues from Chang Kai's face.

After receiving the information, Chi Rui had already planned to investigate this person personally, but the premise was that he had to have a flaw.

"I have nothing else to do. You can go and rest." Chi Rui returned to his room after he finished speaking.

"It seems that Chi Rui is still suspicious of me. Even though I'm your friend, he doesn't trust me completely."

Jiang Yu smiled and said, "Not only did he not trust you, but he also has a grudge against me now. If he really believed me, then he wouldn't have suspected you too much. But from what happened today, he also suspected me."

"But he didn't get any useful information from me today."

"I know. After all, you've been a police officer for many years. If Chi Rui just smiled in front of you and your psychological defense collapsed, then it would really be a disgrace to your identity."

"Haha. Jiang Yu, you're being sarcastic." Chang Kai laughed bitterly.

"It's not sarcasm. I'm just telling the truth." Jiang Yu chuckled and hung up the phone.

Naturally, she believed in Chang Kai's disguising skills in front of Chi Rui. However, Jiang Yu couldn't guarantee how smart Chi Rui was.

After getting rid of the trouble of Chu Ran, Jiang Yu felt that the entire world was much quieter. Even though Chi Rui's wife noticed that something was wrong, the

person who needed to deal with it was Chi Rui, not her. Therefore, Jiang Yu felt that her current life was quite relaxed.

However, she did not relax for long. After dinner, Jiang Yu was ready to rest when she suddenly received a call from Ji Tang.

She thought that something had happened to Ji Tang's mother again, but Ji Tang called her this time in the hope that she could help find her brother's whereabouts.

"I was able to contact my brother a few days ago, but recently, no matter how many times I called him, he wouldn't pick up. Jiang Yu, you're very capable and resourceful. Can you help me investigate where my brother went?"

Ji Tang sounded like she was already crying. Jiang Yu quickly comforted her and asked, "Don't cry first. What's your brother's name?"

"My brother is called Ji Feng." Ji Tang cried as she said, "Jiang Yu, actually, I don't plan to ask you for help anymore. But after thinking about it, I feel that no one else can help me except you."

This was the first time Jiang Yu knew that Ji Tang had a younger brother.

"Explain this matter clearly first. What's wrong with your younger brother? Was your mother also adopted from the orphanage?"

Ji Tang cried for a while before explaining, "No. My mother only got pregnant with Ji Feng a few years after she adopted me. My parents didn't have the heart to send me back to the orphanage, so I've been living there. Moreover, after Ji Feng grew up and found out about my background, he didn't despise me as his sister. Instead, he treated me even better, so I took extra care of this younger brother of mine."

"Although I was the one who introduced Du Wei previously. I admit that I was wrong to introduce my brother to such a vixen, but I really wanted the best for my brother. Now that I can't contact him, I'm more anxious than anyone else. I don't dare to tell my mother about this."

“Okay, okay, okay. Don’t be anxious.” When Jiang Yu heard Ji Tang’s voice, she felt that she was almost out of breath from crying. “Don’t worry, I’ll help you with this. Tell me about your brother first.”

“My brother found a proper job some time ago. His monthly salary is also very high. He would send me the full amount of his salary at the beginning, saying that he wanted me to take my mother to the doctor. In the end, there wasn’t much savings left in the family. In the end, Du Wei, that stupid woman, gave all of it to that charlatan.”

Ji Tang said, “Moreover, I’ve always been in contact with Ji Feng. But recently, when I sent him messages, he didn’t reply to me. When I called him, he didn’t pick up either.”

Chapter 1440 What Job?

“Do you know what your brother does for a living?” Jiang Yu asked Ji Tang, “Tell me more about your brother’s work.”

Ji Tang was about to say something when her mother moaned in pain on the bed. As she was getting on in years, her bodily functions had deteriorated. Even though Jiang Yu had thrown the plant out, her physical condition was still very poor and she had been suffering from illness.

At this moment, Ji Tang was no longer in the mood to tell Jiang Yu about Ji Feng. She said to her, “Jiang Yu, how about this? Come to my place tomorrow. I’ll tell you the details. Is that okay?”

“Alright, have a good rest tonight. I’ll look for you tomorrow.”

The next morning, Jiang Yu went to Ji Tang’s house.

Jiang Yu walked into the house and saw Ji Tang helping her mother turn over. When Ji Tang saw Jiang Yu enter, she quickly greeted her. “Jiang Yu, sit down first. I’ll come and find you after I wipe my mother’s body.”

“There’s no hurry. You go ahead and do your thing.” Jiang Yu sat down on the chair at the door. While Ji Tang was wiping her mother’s body, she looked around and carefully sized up the interior of the house.

Although the house looked dilapidated from the outside, it was clean and exquisite inside.

There were still a few shelves over there, but they were all empty. From the looks of it, Ji Tang probably sold all those small items to treat her mother’s illness.

Jiang Yu sat there for a while before Ji Tang walked over. She wiped her hands on her clothes uneasily.

Ji Tang was clearly only a few years older than Jiang Yu and was not even thirty years old, but her hands were already rough beyond recognition, as if she was sixty years old.

“I’m sorry. My mom said that she was sweating and the sweat stuck to her clothes. She was a little uncomfortable, so I helped her wipe her body.” Ji Tang explained.

“It’s okay. I didn’t wait long. Just in time. Tell me everything about your brother. You told me last night that he found a proper job. Do you know what this job is?”

Ji Tang shook her head. “I don’t know what this job is. I asked him at that time, but he didn’t tell me. I asked him many times, but he always used other excuses to cover it up. Although I was very puzzled, he did send a lot of money home every month. He did need money to treat my mother’s illness, so I didn’t ask anymore.”

“Since it’s a serious job, why would he find an excuse to cover it up?” Jiang Yu was very puzzled. “If he really found such a job, why didn’t he tell you? I’m afraid they’ll be happy to tell you that they’ve found a very suitable job, right?”

“Actually, I’m also suspecting that he’s hiding it from me because this job isn’t that good. But the money he sends home every month is limited. If he really didn’t find such a good job, where did he get the money?”

Ji Tang was also very puzzled. “Actually, at the beginning, I also suspected that he went to sell his organs. But he has been sending so much money to his family for several months. No matter how many organs he has, it’s impossible for him to sell them for so much money, right?”

“What?” Ji Tang was shocked. “But no matter which possibility it is, I’m very worried! It didn’t matter if he earned less money. At least he had to find a safe job. But if it’s illegal, what should we do?”

Jiang Yu pondered for a while before saying, “Send me your brother’s photo. I’ll go back and check his information for you. I’ll see what his current job is.”

“Alright, thank you, Jiang Yu.” Ji Tang was very grateful and immediately sent Ji Feng’s photo to Jiang Yu’s phone.

“I’ll go back first. Wait for my news.”
