

Older Man 1481

Chapter 1481 Investment

“I’ll compensate you for your mental damage, okay?” Papa Lin tried to sound him out.

“Do you think you can solve everything with money?” Jiang Yu asked in return. Then, she narrowed her eyes and made a condition. “How about this? Give me 5% of the Lin Group’s shares. This way, I won’t be angry and I’ll let them go.”

“5% of the shares!” Papa Lin was shocked.

If he really agreed to Jiang Yu’s request, it would be equivalent to handing over the shares from his hands to Jiang Yu.

Although Lin Shi did not know how many shares there were, she was the first to disagree when she heard Jiang Yu’s request. “Why do you want so many shares? Do you have any shame? I’m just scaring you. If you have the guts, call the police and arrest me. Don’t threaten my dad here!”

Jiang Yu ignored Lin Shi and gave Father Lin a look, asking him if this solution was feasible.

Father Lin only had one daughter, Lin Shi. He could not bear to see her suffer, so he could only agree to Jiang Yu’s request. “Okay, I’ll bring the contract over for you to sign after I go back. But you have to let me take my daughter away first.”

“That won’t do. What if you go back and regret it? When I find you again and you directly deny this matter, who will I talk to?” Jiang Yu directly denied Father Lin’s request.

“I’ll go back and print the contract now,” Papa Lin said.

With that, he left.

After Father Lin left, Lin Shi glared at Jiang Yu fiercely and questioned, “Why do you want our family’s shares?”

“That’s none of your business.” Jiang Yu replied perfunctorily. Then, she asked the bodyguard to let go of Yang Hong and asked him “What do you have against Lin Shi?”

Yang Hong lowered his head and twisted his clothes with both hands. After a long time, he said, “I’ve joined a club in school. I can’t let others know. When Lin Shi found out, she threatened me to reveal my identity and kept asking me to help her.”

“Then, did you find out my address and tell her?” Jiang Yu narrowed her eyes.

“Yes.”

Jiang Yu had a rough guess of Yang Hong’s identity, so she directly said, “Are you from your school’s private hacker club?”

Yang Hong was shocked to think that Jiang Yu could guess it.

When Jiang Yu saw his expression, she knew that she had guessed correctly. So she laughed and said, “If you can find out my address, you can also find out my identity. But Lin Shi doesn’t seem to know. Didn’t you tell her?”

“I didn’t find anything.” Yang Hong hesitated for a long time.

“That’s probably because you didn’t crack the firewall code, so you naturally couldn’t find it.” Jiang Yu didn’t continue to discuss this issue with Yang Hong. However, she really wanted to see how good Yang Hong’s hacking skills were. Therefore, she said to him, “Show me. If I think you are very capable, I can let you go.”

If Yang Hong was very talented in hacking, Jiang Yu would be very happy to give him some pointers. Perhaps he could even be of use to her.

Jiang Yu asked the bodyguard to bring the computer over. Then, she said to Yang Hong, “Check the stock situation of the Lin Group now. Tell me the results.”

“You investigated just because she asked you to. Why are you so obedient? Are you her lackey?” Lin Shi shouted, “Usually, when I ask you to do something, you take so long to do it. Why do you agree to it so quickly when she asks you to do something?”

Yang Hongquan pretended not to hear him and focused on searching for information on his computer.

Jiang Yu asked the bodyguard to find a clean white cloth and stuffed it into Lin Shi’s mouth.

“Don’t be too noisy.” Jiang Yu made a shushing gesture.

It didn’t take long for Yang Hong to find out the stock information of the Lin Group. He said to Jiang Yu, “I’ve found everything. Please take a look.”

Jiang Yu took a cursory look and found that it was similar to the information she had found a few days ago. She was impressed by Yang Hong’s hacking skills.

Lin Shi’s eyes widened. He couldn’t believe that Yang Hong would actually find out about the Lin Group. After all, that information was very confidential. Other than the company’s internal staff, outsiders had no chance to know.

Lin Shi was so angry that his eyes were red, but his mouth was stuffed with cloth, so he could only make a “wu wu” sound.

Chapter 1482 Good Judgement of Talent

By the time Father Lin returned to Jiang Yu’s place with the contract, it was already midnight.

He threw the contract in front of Jiang Yu and said, “This is the contract you wanted. Hurry up and sign it.”

After Jiang Yu read the contract carefully and confirmed that there were no problems, she signed it. Then he said to Lin Shi, “This is what happens when you anger me. In the future, you have to use your brain when you do things. Think carefully about the consequences before you do anything.”

Then, she gestured for the bodyguards to let go, and Father Lin quickly left with Lin Shi.

“Jiang Yu, just you wait. This matter is not over between the two of us! I will never let you off!” Lin Shi was dragged out by Father Lin. He struggled and shouted until he was out of the door. Jiang Yu could still hear Father Lin giving Lin Shi a loud slap.

“It’s all because of you! Otherwise, I wouldn’t have given her these shares!”

Jiang Yu didn’t want to listen to others quarrel, so she quickly asked the bodyguards to chase the father and daughter away.

Lin Shi left, leaving Yang Hong alone in the villa. It was already so late, and the school’s curfew had long passed. He had nowhere to go now.

Jiang Yu was kind and said to him, “Just stay here for now. I still have something to tell you tomorrow.”

Yang Hong felt that Jiang Yu still had not forgiven him. However, he was the one who had done the wrong thing, so he had no complaints. He had stayed up all night without sleeping, and his eyes were red.

The next day, after everyone had gone to their own places, Jiang Yu looked for him and asked, “Do you want to learn hacking skills?”

“Of course I do!” Yang Hong was a computer nerd. When he heard the word “hacker”, he threw everything to the back of his mind. All he could think about was the computer.

“How about I teach you?” Jiang Yu looked at him with a smile.

Yang Hong did not believe that Jiang Yu would teach him hacking skills.

This was because she looked to be the same age as Yang Hong. Yang Hong's ability in the club was considered to be above average, while Jiang Yu looked like a beginner, or even someone who did not know anything about hacking.

"You don't believe me? Do you need me to show you?" Jiang Yu turned on her computer and typed on it. Soon, she found Yang Hong's identity.

"This is your personal information. I've already found it." Jiang Yu pushed the computer in front of Yang Hong. "Take a closer look. There are a lot of private information on it. If you don't crack the firewall code, you won't be able to find it."

Yang Hong watched from beginning to end. "How did you do it?"

"I'm a hacker too." Jiang Yu snapped her fingers. "If you want to learn, take me as your master. I can teach you."

"Master!" Yang Hong immediately knelt on the ground and kowtowed to Jiang Yu. "From now on, you are my master! As long as you're willing to teach me hacking skills, I'll do whatever you want me to do!"

For the entire day, Yang Hong directly skipped school classes and continued to learn hacking skills from Jiang Yu.

Jiang Yu also explained all the basic knowledge in this area to Yang Hong.

Yang Hong's hacking skills were all self-taught. Regarding the basic knowledge, he actually didn't learn much. He directly skipped the basics and went straight to learning high-end hacking skills.

Now that Jiang Yu had given him all the technical knowledge and asked him to practice more in the future to build a solid foundation, it was a huge improvement for Yang Hong.

“Thank you, Master. When I go back, I will definitely practice strictly according to your requirements!” Yang Hong hugged the computer reluctantly. He didn’t even want to leave Jiang Yu. He wanted to stay here and learn all the knowledge that Jiang Yu had taught him before leaving.

“Remember this place. If you don’t have classes in the future, you can come and find me.”

“Thank you, Master.” Yang Hong thanked him for the last time, then turned around and left.

As for the computer, it was also a gift from Jiang Yu to Yang Hong. This way, she could better grasp his thoughts.

After Yang Hong returned to school, he saw the person he didn’t want to see the most at the entrance-Lin Shi.

“I’ve been waiting for you at school for a day. You still know to come back? Have you been staying with Jiang Yu all this time? What did she say to you? Did you sow discord between us?” Lin Shi’s question was like a machine gun, Yang Hong didn’t know how to answer.

Chapter 1483 The Situation Back Then

Yang Hong kept silent and refused to speak. Lin Shi was not willing to let it go and insisted on asking. “Say something, are you mute? Why? After staying there for a day and a night, you’ve completely become Jiang Yu’s lackey! I don’t think you take me seriously. Aren’t you afraid that I’ll expose your identity?”

“No, she didn’t tell me anything. It was just that it was too late last night, so she took me in.” Yang Hong quickly explained.

Even though he had the intention to cut off all ties with Lin Shi, he still had something to use against her, so Yang Hong didn’t dare to act rashly.

“Then why didn’t you go back to school today?” Lin Shi asked.

Yang Hong definitely couldn't tell her that he and Jiang Yu were already master and disciple, but Lin Shi was standing here and blocking his way.

Yang Hong also felt a little irritated. He simply pushed Lin Shi away and said, "I didn't come back to class because I didn't want to. This matter has nothing to do with you. You'd better stay out of it."

With that, he ran towards the dormitory. No matter how Lin Shi shouted behind him, Yang Hong did not turn around.

Sooner or later, he would have to think of a perfect way to sever all ties with Lin Shi!

Lin Shi felt that there must be something fishy going on in Yang Hong's heart.

After Jiang Yu sent Yang Hong away, she also told Chang Kai about Lu Ting. He told him to be more vigilant in the future. He also had to be careful if Lu Ting went to look for Chi Rui.

Very quickly, Chang Kai replied with a "Roger."

It seemed that he had done a good job of hiding in the Chi family. Although Chi Rui had not given himself away so far, Chang Kai had not given himself away either.

Now, they could only deal with each other and see who could not hold it in first.

However, apart from drug trafficking and human organ trafficking, there was another very serious matter, which was human creation experiments.

Jiang Yu was sure that Chi Rui was still secretly studying this experiment.

However, the group of cyborgs he had sent to the Chu family had been taken away by the police, so Chi Rui would be relatively restrained.

Jiang Yu thought about it and felt that Lei Yuan should know something about this matter, so she called her to ask her out.

The two of them met at a snack bar at the entrance of the hospital. The surroundings were rather noisy, and the voices of the two of them were relatively soft. Outsiders could not hear them.

“Lei Yuan, you have been with Chi Rui for a few years. How much do you know about the human-making experiment?” Jiang Yu asked.

As Jiang Yu had expected, Lei Yuan also had some understanding of this matter.

“Twenty years? So long.” Jiang Yu was shocked and suddenly remembered Lanna, whose organs had been dug out in the hospital.

If Lanna’s organs were in Chi Rui’s hands, then a new Lanna would appear soon.

Moreover, this Lana would help Chi Rui unconditionally and become his lackey.

” Then do you know where the experimental base is? ” Jiang Yu asked again.

“I really don’t know about that.” Lei Yuan shook his head. “Chi Rui said that he trusts me, but he doesn’t trust me 100%. In his eyes, the relationship between us is maintained by money and is not strong.”

Jiang Yu sighed. With Chi Rui being such a cunning person, who would he have 100% trust in? The only people he loved deeply were his wife and daughter, but he had kept some secrets from them.

“Then tell me about the few researchers you know.” Jiang Yu said as she took out her phone to record their information.

Lei Yuan briefly mentioned a few people and Jiang Yu recorded them one by one.

“Alright, I have nothing else to ask. You can go back and take care of Lei Hao first.” After saying that, Jiang Yu left first.

After all, there were too many people here. If someone found out that she had such an intimate conversation with Lei Yuan in private, it would probably reach Chi Rui’s ears.

After Jiang Yu returned to the villa, she used the computer to find out the information about those people. However, their personal information was very comprehensive. Jiang Yu guessed that they were only the low-level personnel in this experiment and probably had not gone deep into this experiment.

“This matter is really troublesome.” Jiang Yu muttered to herself.

She could only start with these low-level researchers and slowly get to the inside of the experiment.

This was a very difficult and time-consuming task.

Chapter 1484 Western Doctor

Moreover, she still had one more thing on hand, which was to help Ji Tang’s mother contact a doctor.

She didn’t contact the local hospital in Qingcheng, but had Teng Yi contact a foreign doctor in a top hospital in Hu City.

The foreign doctor’s name was Mark.

Mark had heard of Jiang Yu before. He knew that she was the fiancée of the CEO of the Mo Corporation and was also the most eye-catching movie queen in the entertainment industry.

Since she was the one who sent someone to invite him to see a doctor, Mark would definitely go.

Jiang Yu brought Mark to Ji Tang's residence. After knocking on the door, Ji Tang saw that it was Jiang Yu with an old man behind her, so she let them in.

After entering the room, Jiang Yu said, "This is the doctor I introduced to you. He's here to treat your mother."

"Thank you..." Before Ji Tang could finish speaking, Ji Feng came out of the room and pulled Mark's hand. As they walked, he said, "Sorry to trouble you. Come and help my mother. Although my mother has already woken up, her body is still very uncomfortable and she can't eat."

Ji Tang looked at Jiang Yu awkwardly. However, Jiang Yu did not care. She said, "It's okay. I understand. I also brought silver needles over. If necessary, I can help Mark."

Ji Tang's mother lay on the bed with a pale face, looking as if she was malnourished. The equipment that Mark had brought was relatively complete. He took out a stethoscope and carefully examined Ji Tang's mother.

However, other than a weak heartbeat, he could not find any other problems.

"The patient looks like she's malnourished. Pay more attention to your diet and supplement more nutrients." Mark said in broken Chinese.

"But my mom can't eat at all!" Ji Feng said anxiously.

Mark had no choice but to tell him the truth. "But with your mother's current physical condition, the only thing I can detect is malnutrition. There was no other major illness. It was possible that the patient was in a bad mood. That's why my appetite has decreased."

"My mother is in a bad mood. Then treat her!" Ji Feng said, "To think that you're a foreign doctor. Can't you even cure these illnesses?"

Ji Tang pulled Ji Feng back and berated him. “The doctor already said that Mom is in a bad mood. How do you want me to treat her? ” No matter how brilliant a doctor is, he can’t manage the patient’s emotions.”

Ji Feng was angry and even vented his anger on Jiang Yu.

“What kind of doctor did you find? You can’t even treat the simplest illness.”

Jiang Yu pushed Ji Feng away and sat by the bed. She took Ji Tang’s mother’s pulse and said, “Your mother’s blood is blocked because of her depression. These illnesses can only be solved with acupuncture. Unblocking blood and qi can make your mother look better and have an appetite to eat.”

“Then why didn’t you find a traditional Chinese medicine doctor in the first place? Why did you have to find a foreign doctor? You did it on purpose!” Ji Feng was aggressive. “Don’t try to fool me and expect me to pay you back!”

“Think whatever you want.” As Jiang Yu spoke, she took out silver needles from her bag and inserted them into the acupuncture points all over Ji Tang’s mother’s body.

“What did you do to my mother?” Ji Feng wanted to stop her, but he was pulled back by Ji Tang. At the same time, he was reprimanded. If one step went wrong, someone would die! Stop fooling around!”

Ji Feng could only remain silent. It was not until Jiang Yu had inserted the silver needles into all the acupuncture points that he finally spoke in anger. “Did you do it on purpose? What is your motive?”

Jiang Yu wiped her hands and avoided Ji Feng’s question. Instead, she asked him, “If I cure your mother, how will you repay me?”

“If you can really cure my mother, I’ll do anything for you!” The reason why Ji Feng said that was because he did not believe that Jiang Yu could cure his mother at all.

“Alright.” Jiang Yu snapped her fingers. “We’ll see the results in half an hour.”

Ji Feng was skeptical. Half an hour later, Jiang Yu removed all the silver needles and Ji Tang's mother slowly opened her eyes.

"Mom!" Ji Feng shouted and was about to rush over to check on his mother's injuries when he was stopped by Jiang Yu.

"There's still a pool of blood in your mother's body. It'll be fine after she pukes it out," she said.

Ji Feng was a little surprised. Then, he saw his mother spit out a mouthful of black blood.

Chapter 1485 Underestimated

Only then did Jiang Yu let go of her hand. "Alright, you can go see her now."

Ji Feng rushed over to make sure that his mother didn't have any external injuries before comforting her to sleep. Then, he said to Jiang Yu, "I didn't expect you to really cure my mother! I'm sorry, I underestimated you before."

"There's no need to apologize, but don't forget what you promised me." Jiang Yu reminded Ji Feng.

"Alright, as long as it's something you want me to do, I'll do it. Even if I have to go through a mountain of knives and a sea of fire, I won't hesitate."

"That won't be necessary. I just need you to provide my police colleagues with all the information about your stronghold and your former accomplices." Jiang Yu said.

"Alright." Ji Feng agreed without hesitation.

When Jiang Yu went back, she specially brought Ji Feng back. She said, "Stay with me for a while. When I need your help, I will naturally look for you."

"Got it." Ji Feng said lightly.

He did not stay in the villa. Instead, he went to squeeze with the bodyguards.

Jiang Yu was waiting for Lu Ting's action. As long as he reported to Chi Rui, there would be a new mission at the stronghold. At that time, with Ji Feng's help, Lu Yu and the others would be able to take down that stronghold better.

Moreover, they had already applied to the higher-ups for reinforcements.

Fortunately, God was on Jiang Yu's side and helped her. In less than three days, Lu Ting had already taken action and reported the latest batch of goods to Chi Rui.

Chang Kai also took the opportunity to eavesdrop on their conversation from outside.

After Lu Ting left, Chang Kai found an empty corner and called Jiang Yu. "Lu Ting came to look for Chi Rui. He told him about the latest batch of goods. Moreover, this batch of goods seems to be very important. If nothing goes wrong, Lu Ting will soon bring people to personally pick up this batch of goods."

"Alright, I understand." Jiang Yu quickly hung up the phone and immediately contacted Lu Yu. She asked Ji Feng to bring them to the stronghold.

The people that Lu Yu and the others had requested to deploy had already arrived. A group of people were guarding outside the stronghold. As long as there was any movement, they would immediately take action and capture all of them.

Jiang Yu also came along. She was dressed in casual clothes and her hair was tied up high.

"This time, we have to think of a way to detain that batch of goods as much as possible," she said while hiding in the dark.

This idea coincided with Lu Yu's. He said, "I think so too."

After hiding in the dark for a while, Jiang Yu soon saw a very familiar figure. It was Lu Ting.

He walked into the room and said something to the person inside. Soon, he came out again.

It was only when Lu Ting's figure disappeared that Lu Yu gave the order, "Arrest him!"

A group of people rushed into the house and arrested everyone inside.

When the group of people saw Ji Feng, their faces were filled with shock.

Some people even cursed, "Good job, Ji Feng! We thought something had happened to you when you were not back for so long. In the end, you colluded with these police officers? You're betraying us!"

"We were so worried about you, but you brought the police here to catch us all! Are we still brothers?"

"I..." Ji Feng also treated these people as his brothers. If they weren't doing illegal work, they might be the best brothers.

Lu Yu didn't give them a chance to speak anymore and directly got people to take them all away.

Lu Yu and the others directly brought him back to their residence and sent people to guard him strictly. At the same time, he asked his colleagues to disguise themselves as them and return to the stronghold to wait for Lu Ting.

Ji Feng also went with them. With him around, they didn't have to worry about saying something wrong that would arouse Lu Ting's suspicion.

Jiang Yu didn't go, but as Lu Ting's colleague, she kept in touch with him.

Lu Ting did not know that the people behind him had already changed. He even told Jiang Yu about this matter smugly in an attempt to get praise from her.

Lu Ting did not suspect Jiang Yu until he was detained by the police behind him.

Even before he was caught, Lu Ting shouted into the phone, “Hide! I’ve been caught by the police!”

Jiang Yu only had time to hear this sentence before the voice on the other end of the phone stopped abruptly.

It seemed that they had succeeded and captured Lu Ting.

Jiang Yu absolutely could not make a move. Otherwise, Lu Ting would suspect her.

Chapter 1486 Suspicion

Proxy Connection Failed!

Since Lu Ting was arrested, this batch of goods was naturally detained. Since the delivery party did not receive the goods, they would naturally contact Chi Rui.

It was only then that Chi Rui found out that Lu Ting had been caught by the police.

Although he knew that Lu Ting would never expose himself in front of the police with his loyalty, the business chain in Lu Ting’s hands was the only one that could make a profit. Now that Lu Ting had been arrested, this industrial chain had to be forced to stop. In this way, only the one in Jiang Yu’s hand was left.

In fact, he did not have much hope for the industrial chain that Chi Rui had given Jiang Yu in the beginning. Firstly, he did not believe that Jiang Yu could make a profit. Secondly, this business was just a cover for him to tie Jiang Yu and Mo Long down.

However, in the current situation, if he still wanted to rely on this business to make money, he had to let Jiang Yu develop her business or let her take over Lu Ting's work.

After thinking about it, Chi Rui felt that it would be too troublesome to start a new business, so he decided to let Jiang Yu take over Lu Ting's business chain.

Therefore, he called Jiang Yu and asked, "Do you have time now? Come and see me. I have some things to discuss with you face to face."

Jiang Yu guessed that it had something to do with Lu Ting, so she agreed. However, she did not expect Chi Switzerland to actually plan to hand over Lu Ting's industrial chain to her.

Jiang Yu was indeed shocked. "Are you sure you want to hand over Lu Ting's business chain to me?" She asked. "After all, he had been in control of this industry chain for a long time, and all the goods had passed through his hands. Moreover, everyone related to this industry chain believes in him as their boss. If I go, not only will that group of people not be satisfied with me, but the goods will also be in my hands."

"This is not what I need to worry about, but you. You need to do this well to prove that my judgment of people is not wrong." Chi Rui boasted shamelessly.

"Alright, then let me prove it." Jiang Yu gladly accepted.

In fact, taking over Lu Ting's industrial chain was a good thing for Jiang Yu. Because this industry was operating normally, he could get a lot of clues from it. In this case, Chang Kai's task in the Chi family would be relatively easier.

Moreover, she could also use this opportunity to gain Chi Rui's trust. At that time, the investigation of the human-making experiment could be further improved.

However, Lu Ting's business was purely black-hearted, so Jiang Yu had to think of a way to wash it clean. Otherwise, she would have to go to jail the day Chi Rui collapsed.

Jiang Yu left.

Chi Rui looked at her back as she left, and the suspicion in his heart grew.

Although Chi Rui was prepared from the beginning and Lu Ting would be caught sooner or later, how could it be so coincidental that he had just reported the latest news of the goods to him a few days ago and was caught by the police on the day of the shipment?

How did the police find out about this?

It was definitely impossible for Lu Ting to tell the police himself. Then, who else would have the chance to know about this news?

Chi Rui thought for a long time before his gaze finally fell on “Zhao Lei” and Jiang Yu.

On the day Lu Ting came to report to her, “Zhao Lei” somehow heard the news and told Jiang Yu about it. Jiang Yu then told the police.

This was the most likely method that Chi Rui could think of.

It had to be said that he was quite smart. He could guess it right away. However, he could not confirm it without evidence.

As for letting Jiang Yu take over Lu Ting’s work, it was just a last resort. If he had a suitable candidate, he would definitely not let Jiang Yu go.

Chi Rui called Lei Yuan and asked, “Have you been staying by Jiang Yu’s side recently? Did she do anything unusual recently?”

“She’s the same as before. There’s nothing wrong with her.” Lei Yuan said.

She had long been sick of Chi Rui and wished that she could leave Chi Rui’s side and have nothing to do with this person. However, when she thought about how she could

personally send this man to prison and make him unable to make a name for himself, Lei Yuan's heart was faintly happy.

Chi Rui deserved all of this. This was his retribution.

Chi Rui didn't doubt Lei Yuan's words. He still said to her, "I've already asked Jiang Yu to take over Lu Ting's work. You should still stay by her side. If she does anything unusual, report to me immediately. As for your brother, don't be too sad. As long as you continue to help me, I will continue to provide you with financial help."

Chapter 1487 Interrogation

"Thank you, Mr. Chi Rui." Lei Yuan expressed her gratitude to Chi Rui, but in fact, she was already extremely annoyed.

Chi Rui was so disgusted that he wanted to throw up when he mentioned the name Chi Rui.

After hanging up the phone, Lei Yuan told Jiang Yu what Chi Rui had told her. After Jiang Yu heard this, she couldn't help but laugh. "He still doesn't trust me. I'm afraid that it's only the worst plan for him to let me take over Lu Ting's job."

Lei Yuan had heard of Lu Ting's name and knew that he was related to the drug trafficking industry. In fact, Chi Rui had once sent Lei Yuan to help Lu Ting with his work, but it was only to manage the finances. Other than that, there was nothing else.

"I understand. Thank you." Jiang Yu said sincerely.

"You're welcome. This is what I should do."

After hanging up the phone, Jiang Yu contacted Lu Yu and asked, "How was it? Did you interrogate Lu Ting? Did you get anything out of the interrogation?"

"We haven't started the interrogation yet," Lu Yu replied. "Is there anything you need?"

Jiang Yu told Lu Yu about the cyborg experiment and then said, “During the interrogation later, please ask Lu Ting about this. Although drug trafficking and cyborgs are two completely different chains, we can’t guarantee that Lu Ting has nothing to do with the cyborgs. As long as we can get some relevant information from him, then we will be one step closer to cracking the cyborg experiment. Chang Kai’s undercover work in the Chi family will also be easier.”

“Alright, I understand. Thank you for your reminder.” Lu Yu said.

After hanging up the phone, Jiang Yu decided to look for Zhou Yun. He was the product of the cyborg experiment. If Jiang Yu wanted to know anything, she could ask Zhou Yun directly.

Thinking of this, Jiang Yu took a car to the village and found Zhou Yun.

Jiang Yu was very angry the last time she came. Although Zhou Yun wanted to comfort her, he never had the chance to say anything. Now that he had finally gotten a chance, Zhou Yun definitely had to perform well and not make Jiang Yu angry again.

Jiang Yu also knew that if she mentioned this cyborg experiment again, it would cause Zhou Yun to feel uncomfortable. However, in order to solve this experiment and save more people, Jiang Yu could only comfort Zhou Yun and tell him not to take these problems to heart.

However, Zhou Yun was in a good mood. He had long treated the previous experiment as a joke. He said, “Master, no matter what questions you ask me, I will tell you everything I know.”

Jiang Yu then asked, “When we were conducting the artificial human experiment previously, do you know who were among the experimenters? Even if it’s just one person.”

Zhou Yun thought about it carefully and said, “I remember a person. His name is Xue Ping.”

Since Zhou Yun could recall this person’s name, Jiang Yu’s hope of seeing him grew.

“Other than his name, do you remember anything else about him?”

“I remember. He was the one who operated on me at that time. I remember that he had a mole on his left eyebrow, and he was short and fat. From his accent, he should be a local of Qingcheng.”

“Then in your impression, this Xue Ping should be an intermediate or above researcher, right?” Jiang Yu asked.

“Yes, because I heard someone call him ‘Brother Xue’, and he can also order many low-level laboratory staff around.”

Zhou Yun recalled that this information was enough for Jiang Yu.

“Zhou Yun, thank you for the information you provided me today.”

“You are my master, this is what I should do. You saved me from danger and even specially made a signal jammer to let us live our lives in this village safely. I only provided you with this information. It’s actually far from enough.”

However, this was enough to move Jiang Yu.

After Jiang Yu returned to the villa, she immediately checked on everyone named Xue Ping in Qingcheng. Combined with the appearance information provided by Zhou Yun, Jiang Yu quickly filtered out the only person who met all the requirements.

Based on this information, Jiang Yu also found Xue Ping’s contact information and his home address.

Jiang Yu only brought one bodyguard with her and went to Xue Ping’s residence. The two of them only took a glance from afar and could smell the choking fragrance.

“Madam, what is this place? Is this a temple hall?” The bodyguard couldn’t stand the smell. He covered his nose and spoke in a muffled voice.

“It’s not a temple hall. It’s just an ordinary independent residence.” Jiang Yu smiled.

The bodyguard was confused. Since it was an ordinary independent house, why was Jiang Yu in such a hurry?

Chapter 1488 Taking the Opportunity to Go Further

Jiang Yu found it funny. Xue Ping had clearly participated in such a cruel experiment, but he was still burning incense at home in an attempt to be blessed.

The two of them stood there for a while more. Jiang Yu turned around and said to the bodyguard, “It’s alright now. Let’s go back.”

After returning home, Jiang Yu received a call from Lu Yu. He said, “Lu Ting is too tight-lipped. We couldn’t get any useful information from him.”

Jiang Yu thought for a moment and a perfect idea appeared in her mind.

She said, “I’m going to look for you now. Treat me as a criminal and take me in. You must let Lu Ting see me. Then, he had to create the illusion that they were using a private punishment against him. With this foundation, I think you should be able to get something out of him if you interrogate him.”

“Why?” Lu Yu was confused.

Jiang Yu gave a simple explanation. She avoided her own hands because of the drug trafficking industry chain. After Lu Yu heard this, he did not doubt it. Moreover, Jiang Yu had mentioned Chang Kai, so he definitely trusted his colleague unconditionally.

“Alright, then come over.”

Jiang Yu immediately went to Lu Yu’s stronghold. He and his colleagues were already waiting at the door.

They tied Jiang Yu up and escorted her into the house, just in time to pass by Lu Ting.

Lu Ting's eyes widened in disbelief as he watched Jiang Yu walk past him. However, he thought that he had seen wrongly, so he called out tentatively, "Jiang Yu?"

Not only did Jiang Yu turn around to look at him, but she also looked aggrieved.

At this moment, Lu Ting's heart felt as if a heavy stone had fallen. He had never expected that Jiang Yu would be arrested as well.

After they brought Jiang Yu into the room, they untied the ropes around her.

Jiang Yu stretched her body and said, "Let's begin. You guys follow me too. Make as much noise as you can."

After she was done, she took the initiative to attack. She picked up the chair and threw it heavily on the ground.

As she fell, she said, "Don't be in a daze. Make some noise. Otherwise, it'll be too fake."

Only then did the group of people wake up from a dream. One by one, they shouted, "Are you going to tell me or not? If you don't say anything, I'll beat you to death!"

Soon, the entire room was filled with such noisy sounds.

Not long after, someone opened the door from the outside and said, "Alright, Lu Ting said he's willing to confess."

Lu Yu was a little surprised. In fact, they had only done this in the beginning to give Lu Ting and those people some deterrence. In this way, he could get more useful information during the next interrogation. However, she did not expect Lu Ting to be afraid so quickly and was prepared to confess everything he knew.

Lu Yu went out. He wanted to put on a threatening act in front of Lu Ting, but he met Lu Ting's teary eyes.

Lu Ting said, “No matter what questions you ask me, as long as it’s something I know, I’ll definitely tell you everything! Don’t treat Jiang Yu like this anymore. She only knows me and has nothing to do with this! You’ve caught the wrong person!”

Lu Yu was a little dumbfounded. He did not expect Lu Ting to be willing to confess because of Jiang Yu.

Jiang Yu did not expect this either.

It seemed like Lu Ting was quite attentive to Jiang Yu.

Lu Yu and the others brought Lu Ting to a new room and asked him everything about the drug trafficking chain.

And Lu Ting did as he said just now. He told everything he knew from top to bottom without hiding anything.

After asking these questions, Lu Yu thought of Jiang Yu’s question. He thought that he could take the opportunity to delve deeper into Lu Ting’s mental state.

So he asked, “I heard that you have some artificial human experiments over there? How much do you know about that experiment?”

“I don’t know much, but I know where the experimenters came from when they did those experiments! They went to the orphanage to adopt the children in the name of adoption. There are also wanderers outside. They will even reach an agreement with some wealthy families to help them eliminate the disasters within their families!”

Lu Ting’s saliva flew everywhere as he spoke. He was afraid that there was a piece of news that he did not convey to Lu Yu.

“At least you’re tactful. Seeing that you’ve admitted your mistake so well, I’ll reduce your sentence appropriately when the time comes.” Lu Yu said.

However, Lu Ting said, "I only ask that you treat Jiang Yu better."

Chapter 1489 Hacking The System

Lu Yu and the others went out and even sighed. "I didn't expect Lu Ting to be such a sentimental person. For Jiang Yu, he even exposed the information of the people behind him."

"What a pity. There won't be a good outcome if you're too emotional." Lu Yu sighed.

He passed on all the information he had learned from Lu Ting to Jiang Yu. After Jiang Yu received this information, she already had a basic idea in her mind.

"Thank you." Jiang Yu thanked Lu Yu and the others before she got up and returned to the villa.

After Jiang Yu put all the information together, she planned to make a move on Xue Ping. Through that observation, Jiang Yu could basically imagine Xue Ping's personality.

He was quite superstitious. He thought that after participating in the artificial human experiment, as long as he offered incense at home, he would be blessed.

In that case, Jiang Yu had already thought of a plan to deal with his weak personality.

Jiang Yu used the system to create a fake number. Then, she used this number to hack into Xue Ping's cell phone system and sent him a message as the victim. "It's been so long. Do you feel guilty towards me?"

When Xue Ping received this message, he was so shocked that his phone fell to the ground.

He was still at the experimental base. When the people around him saw him like this, they thought something had happened to him. They asked, "Brother Xue, what's wrong? Are you alright?"

Xue Ping's hands trembled. He bent down to pick up the phone and pretended to be fine. "It's fine, it's fine. My hand slipped just now and I dropped my phone."

Only then did the people around them leave. Xue Ping wiped his cold sweat and was about to put his phone back into his pocket when he received another message.

This time, the message was, [Why didn't you reply to me for so long? Did you also notice that I was looking at you from the sky?]

Xue Ping was really frightened this time. He looked up at the sky, but he could not see anything except the ceiling.

He kept consoling himself in his heart, saying that everything was fake and that this message must be someone's prank.

However, the next second, he received another message. "Don't look up at the sky like a fool. All you can see is the ceiling. You can't see me at all."

Xue Ping was completely shocked this time. His phone fell to the ground, and the screen shattered.

He fell to the ground and pointed at the phone with a trembling finger.

When the people around him saw him like this, they all came over to help him up and asked with concern, "Brother Xue, what's wrong with you? Is there anything in your phone?"

"Yes, yes ..." Xue Ping's lips trembled. After a long time, he finally shouted, "It's the person who died because of my mistake during the surgery! He's back, he's back for me!"

The people around him were baffled, thinking that Xue Ping had been provoked by something.

Someone wanted to pick up the phone, but Xue Ping stopped him, saying, “Don’t pick it up! There’s something unclean in this phone!”

“There’s something dirty in this phone. Clean it up.” That person thought that Xue Ping was talking about the rubbish advertisements on the phone.

Xue Ping crawled over and threw the phone away. “He’s in this phone. He knows that I’m still doing this. He’s looking at me from the sky now!”

No one understood what Xue Ping was talking about.

“Brother Xue, did something happen to you?”

However, Xue Ping did not respond at all. He got up, took off his clothes, and ran out.

Someone shouted at him from behind, “Brother Xue, don’t go! You still have a surgery to perform!”

However, Xue Ping did not listen at all. He only cared about running forward, as if there was a ghost chasing him from behind.

In fact, in his heart, there was indeed a ghost behind him.

Xue Ping’s residence was quite close to the experimental base. He ran all the way home, jumped on the bed, and wrapped himself in the blanket.

When his wife saw him like this, she thought that he had caused some trouble outside. She quickly came in and asked, “What are you so anxious about? Do you have any enemies outside?”

“Of course! It’s not just an enemy, it’s simply a ghost that has come to kill me!” Xue Ping said in a trembling voice. Then he got up from the bed and offered three incense sticks to the Buddha statue at the door.

“Please bless me. It wasn’t my intention to take this job in the first place. I had no choice! If someone really hates me because of this, please help me put in a good word and absolve me!”

Chapter 1490 Internal Personnel

When Xue Ping’s wife saw him like this, she also felt that it was baffling, as if she was looking at a freak. She walked over and said, “What’s the use of begging for these things? If someone really comes looking for you, will these things protect you?”

“What do you know! Shut up!” Xue Ping shouted to stop him. “As long as I continue to worship them piously, they will be able to see my sincerity one day! At that time, those who died because of me won’t hate me anymore!”

“I told you back then that you definitely couldn’t take this job.” Xue Ping’s wife was disappointed. “So what if you give me more money? I already said that this is a matter of harming people’s lives! But you didn’t listen. Now, are you being chased by someone?”

“Stop talking! Do you know that there are already dead people coming back for me?” Xue Ping was so scared that he was about to cry. “He said he was looking at me from the sky! Do you know?”

“Don’t believe these strange things. They’re all fake.” Xue Ping’s wife said, “Harmonious society? Why are you always doing these superstitious things?”

“It’s not fake, it’s real!” Xue Ping was a grown man, but at this moment, he was as anxious as a child in kindergarten who couldn’t eat candy. Tears flowed down his face.

“You...” Just as Xue Ping’s wife was about to speak, her phone rang. She took it out and saw that it was also a message.

That message was also sent by Jiang Yu. “I know that he must be by your side now, right?”

“Is this a prank?” Xue Ping’s wife had always been a person who could not tolerate things. She directly called the number back and pressed the speaker button at the same

time. She said to Xue Ping, "Listen to me today and see who's on the other end of this number! This must be a prank!"

The phone rang a few times before it was picked up, but no one spoke.

Xue Ping was like a helpless animal, hiding behind his wife. His wife said sternly, "Who the hell are you? Who are you trying to scare with these illusory things?"

Very soon, a vague voice came from the other end of the phone. "Don't you remember who I am?"

When Jiang Yu said this, she even used a voice changer. She used the "ghost" version to make her voice sound even more frightening.

"Ah! I told you it was a ghost!" Xue Ping was so frightened that he jumped up and down from the sofa.

Xue Ping's wife was also shocked when she heard this. However, she still managed to stay calm and asked, "According to what you're saying, since you died because of Xue Ping, which one are you? He has performed so many surgeries and killed so many people. Which one of them are you? Do you dare to say your name?"

Jiang Yu smiled. "I dare to say it, but does he dare to admit it?" She asked.

"If you really die because of Xue Ping, then we will definitely admit it. At that time, we will also appease your family." Xue Ping's wife said.

She was certain that this was a prank.

Jiang Yu said, "I'm just a vagrant who has no one to rely on. Unfortunately, I became a victim of your experiment. And you're telling me to appease my family? Do you think I'm lying to you?"

When Xue Ping heard this, his heart almost stopped beating. He kicked the phone to the ground and said to his wife, "It must be one of those dead people! It must be. Believe me!"

“These are all fake, you piece of trash!” Xue Ping’s wife picked up the phone and said to the person on the other end, “If you’re really capable, come out and meet me.”

“Have you forgotten?” Jiang Yu continued. “I’m already dead. I’m only a spirit now.”

“Spirit my ass!” Xue Ping’s wife cursed.

At this moment, Xue Ping had already run to the front of the Buddha statue and kept kowtowing to it. However, when he kowtowed for the tenth time, the incense burner that was used to offer incense accidentally fell down and landed on Xue Ping’s head.

The incense ashes scattered all over the ground, and the three incense sticks that had yet to burn were also broken.

“It’s over. My life is over...” Xue Ping muttered to himself as he sat on the ground like a fool. “They didn’t hear my plea, they wouldn’t bless me.”

Xue Ping’s wife walked over and kicked him. “Don’t put on this useless act with me!” She said.

However, Xue Ping did not respond.

He got up from the ground and turned to look at his wife. He smiled like a silly person. Saliva flowed out from the corner of her mouth.

When his wife saw this, she was also shocked. She did not expect Xue Ping to be so frightened.
