

Older Man 151

Chapter 151: Withdrawal From Class One

Jiang Ran's face alternated between red and white. She was so nervous that she couldn't take it anymore.

She slowly walked out and pretended to be calm as she asked, "Teacher, what's the matter?"

"Someone reported your exam video to the principal. The school intends to give you a chance to either retake the exam or withdraw back to Class 8. Which one do you want to choose?"

The teacher's gaze was very stern.

When Jiang Ran heard this, her expression changed again and again.

She could either return to class eight and let others treat it as a joke.

Or she could re-take the exam and re-grade. However, if she couldn't pass the exam, it would be even more embarrassing.

Jiang Ran quickly said, "Teacher, I'd better return to class eight. This time, the grading system made a mistake and made me come here for nothing. Can I make a request? When the time comes, the school will say that the grading system made a mistake. Is that okay?"

Jiang Ran pretended to look at the teacher innocently.

The teacher paused. "I'll report it."

Jiang Ran immediately heaved a sigh of relief.

She had not even warmed up her seat in class one when she was about to take her things and walk out in front of everyone.

"See? This is what happens when you try to force your way into class one even though you're not good enough."

"The gap between the two sisters is too big. One of them is the best in class one, while the other can't even touch the edge of class one!"

The other students immediately started discussing about Jiang Ran.

After school in the afternoon.

Dai Zhu immediately rushed in front of Jiang Yu. "Jiang Yu, do you have time to help my dad take a look today?"

Jiang Yu walked out noncommittally with a neutral expression.

Dai Zhu didn't care. She followed Jiang Yu all the way out. "Then when are you free? I'll wait for you."

When they reached the school gate, the car that came to pick up Dai Zhu had already stopped there.

Jiang Yu then said to Dai Zhu, "Let's go."

"What? Jiang Yu, you agree?"

Dai Zhu said in disbelief.

Not far away, a few students looked over in surprise.

They saw Dai Zhu attentively waiting on Jiang Yu's side the entire way. She even opened the car door for Jiang Yu and followed behind with a smile on her face.

"Has Dai Zhu really changed that much?"

"Previously, she even threatened to be irreconcilable with Jiang Yu. Now, she's a completely different person."

"She doesn't even care about being bitten by a snake?"

"Don't you know? Jiang Yu seems to have saved Dai Zhu's father. That's why she fawned over her so much. Maybe she wants Jiang Yu to help treat his illness. I heard that his illness is quite troublesome."

"Are you kidding me? Let a student from the acting department treat her illness. Don't kill her."

"It seems that Jiang Yu's silver needles are very powerful. I heard that once the needles are inserted, the unconscious person will wake up."

"Nonsense."

Jiang Li stood by the roadside and watched the discussions of the surrounding students. When she looked at the school gate again, Jiang Yu and Dai Zhu had already left.

She quickly asked another student, "Student, what did you say? Jiang Yu knows acupuncture?"

"Yes, I heard that she's very good at it."

Another student said, "Don't listen to his nonsense. No one can use silver needles to treat illnesses. There must be some other reason."

"That's true. It must have been an accident."

"Let's wait and see. If Dai Zhu comes to school tomorrow and continues to target Jiang Yu, it means that she doesn't have any ability at all."

In school, many people took this matter as a joke. They said that Dai Zhu was stupid to believe that Jiang Yu could cure and save people. She would regret it sooner or later.

However, Jiang Li supported his chin in thought. Could it be that the doctor that grandpa mentioned who could use silver needles was Jiang Yu?

But Jiang Yu was too young? Could she be that powerful?

Shaking her head, Jiang Li felt that her idea was ridiculous.

If Jiang Yu was so amazing, why did she only enrol in the theory class of the medical department and not learn anything about practice.

How could a person who only learned theory be so amazing?

Thinking of this, Jiang Li threw this matter to the back of her mind and continued walking toward the library.

Chapter 152: Liar

Dai family.

Jiang Yu sat on the sofa and looked at Dai Zhu, who was busy in front of her.

Dai Zhu placed a cup of hot tea in front of Jiang Yu and said, "Jiang Yu, wait for a while. My father will be back soon."

Jiang Yu had just decided to come to the Dai family at the last minute, and father Dai was rushing over.

"There's no rush," Jiang Yu replied indifferently and took out her phone to click on it.

On it was a message from Zhuo Zheng. He said that the music video would be released in the early hours of the night. Zhuo Zheng's Weibo would also forward it by then.

Jiang Yu raised her eyebrows and replied.

Dai Zhu saw Jiang Yu typing and immediately sat to the side, not daring to disturb her.

At that moment, the sound of a car driving in came from outside.

Dai Zhu hurriedly stood up and ran out.

However, she found out that it was not her father who came back, but her mother.

"Mom!" Dai Zhu shouted.

Madam Dai's eyes widened and her gaze fell on Jiang Yu. When she saw that Jiang Yu was the same age as her daughter, she immediately looked disdainful.

She said to Dai Zhu, "Zhu Zhu, you are still young. You don't know that some people can be scamming. How can such a person know medical skills? Quickly get her to leave. Such a person is obviously a liar."

"Mom, Jiang Yu is not a liar," Dai Zhu said anxiously. "That day, the chauffeur saw Jiang Yu cure dad with his own eyes."

On the other side, Jiang Yu immediately stood up when she heard Madam Dai's rude order to leave.

Since the other party did not believe her, she was not going to plead to treat her dad.

When Dai Zhu saw that Jiang Yu was about to leave, she became anxious. She quickly grabbed Jiang Yu and said, "Jiang Yu, please don't leave. My dad will be back soon. My mom doesn't understand the situation."

On the other side, madam Dai said, "Even the doctors in the Chinese medical hospital are helpless. How can she possibly cure him? Then let me ask you, which professor is she a student of? How many years has she studied medicine?"

Dai Zhu was dumbfounded. She really didn't know about this.

The two of them looked at Jiang Yu in unison. Even Dai Zhu was a little shaken. "Jiang Yu? You..."

Jiang Yu threw up her hands. "I'm self-taught."

"You don't even have a master!" Madam Dai raised her voice. "Go away, go away!"

Dai Zhu looked at Jiang Yu awkwardly. Why did she feel that Jiang Yu could really save her father?

The last time he had an episode, only the driver was by his side. The driver was old and dizzy. Perhaps her father had recovered on his own?

"Since all of you don't believe me, then I'll..." Jiang Yu was about to leave when another car drove in from outside.

Madam Dai's face lit up and she hurriedly went out to welcome him.

Dai Zhu also walked out awkwardly.

She had invited Jiang Yu over, but she might not really be able to save him.

At this moment, the driver got out of the car and looked flustered. "Not good, master is having an episode again."

Madam Dai's expression changed and she quickly went forward. "Then send master to the hospital. Quick."

The driver looked at Jiang Yu as if he had seen his savior. "Miss Jiang, can you please save master?"

The driver knew that Jiang Yu was at the Dai family home, so he drove the car straight back.

He thought that with Jiang Yu around, nothing would happen.

"Pa!" Madam Dai slapped the driver's face in excitement. "You're trying to kill master!"

At this time, he was still trying to bring the master inside home.

Shouldn't he be sent to the Chinese Medical hospital? He was still counting on that swindler?

In the car, Director Dai had already lost consciousness. His entire body was the same as what Jiang Yu had seen last time. It was a strange red, and he seemed to have a fever.

Dai Zhu's heart ached. She had originally wanted to send her father to the hospital.

However, when she met Jiang Yu's calm gaze, Dai Zhu was suddenly stunned.

"Jiang Yu, please save my father." This time, Dai Zhu suddenly had an idea. Perhaps Jiang Yu could really save his father?

Last time she could, but what about this time?

Chapter 153: Treatment

Madam Dai quickly stopped her, "No."

At that moment, Jiang Yu suddenly said, "If he doesn't receive treatment immediately, he will not live for more than three days. His situation will deteriorate immediately."

Madam Dai looked flustered. Of course, she did not believe what Jiang Yu said.

However, when her gaze landed on Director Dai, she was suddenly stunned because director Dai's condition seemed to have worsened today.

Immediately after, he spat out a mouthful of blood.

Director Dai suddenly woke up, but he didn't have any strength left in his body. He only looked at everyone subconsciously. When he saw Jiang Yu, he immediately said, "Miss Jiang."

The pleading look in his eyes was so intense.

Everyone panicked. They didn't expect director Dai to spit out blood this time.

Dai Zhu didn't care anymore. She quickly pulled Jiang Yu over and said, "Quick, save him. Please save him."

Jiang Yu's words actually came true.

Dai Zhu couldn't care less about her mother's attempts to stop her. She quickly asked Jiang Yu to go forward.

Jiang Yu thought for a moment before taking the silver needle and starting to treat CEO Dai.

When Madam Dai saw CEO Dai vomit blood, she was completely dumbfounded.

She looked at Jiang Yu blankly, wondering if her husband would really be done for this time?

It was actually this serious.

At this moment, Dai Zhu let out a surprised voice, "It's done."

Boss Dai, who was originally red all over, suddenly turned back to normal.

And now, Boss Dai's face also turned a little ruddy, as if he had suddenly recovered.

This change stunned everyone present.

"He really woke up?"

"Isn't that amazing?"

When Madam Dai saw this, she looked at Jiang Yu in disbelief.

She was actually so amazing.

But Jiang Yu took a step back and said, "Send him back to rest first."

After doing all this, Jiang Yu looked at Dai Zhu. "Your father's condition has stabilized this time. I'll be leaving first."

Dai Zhu looked at her gratefully and said, "Jiang Yu, it's my fault for not trusting you before. Please treat my father well. I'll do anything you want me to do."

Meanwhile, Madam Dai took a step forward and said guiltily, "Miss Jiang, please come in and take a seat. I've wronged you previously."

However, Jiang Yu did not go in. "I still have something to do. I'll be leaving first."

Dai Zhu did not dare to force her to stay, so she had to personally send Jiang Yu back.

Mother Dai was filled with regret. "Miss Jiang, I apologize to you. Please treat my husband."

In the car.

Dai Zhu looked nervously at Jiang Yu.

Jiang Yu did not say a word.

When they reached their residence, Jiang Yu got out of the car.

Dai Zhu looked at her guiltily. "Jiang Yu, are you angry with me?"

Jiang Yu shook her head. "I'm too young. It's normal that you don't believe me. Go back."

After saying that, Jiang Yu left without looking back.

Dai Zhu bit her lip, wishing she could slap herself.

Jiang Yu had saved her father's life twice, and she had almost chased Jiang Yu out just now.

This was too inhuman.

Even the doctors in the Chinese medical hospital would be helpless with today's situation, but Jiang Yu had managed to stabilize her father's condition so quickly.

It seemed that other than Jiang Yu, no one else could do anything about her father's condition.

No matter what, she had to make amends to Jiang Yu.

...

At night.

When Dai Zhu returned home, Director Dai almost fainted from anger when he found out that the people in the house had ordered Jiang Yu to leave.

He hurriedly asked Mother Dai to make amends to Jiang Yu tomorrow.

At that moment, Dai Zhu received a message.

It was from Jiang Yu.

Dai Zhu opened it immediately and exclaimed, "Dad, Jiang Yu sent the prescription. She said that you will recover in a month."

"What?" Director Dai was also stunned.

He didn't expect Jiang Yu to not mind their previous rudeness under such circumstances.

Chapter 154: Fan Comments

"Zhu Zhu, you must repay her well in the future," Director Dai said seriously.

Dai Zhu nodded heavily. At this moment, for some reason, her eyes were a little red.

She was touched.

She didn't expect Jiang Yu to be so kind.

...

That night, the news that Zhuo Zheng would release a music video at 12 o'clock was sent out.

Many of Zhuo Zheng's fans were waiting online for the music video.

Perhaps they were bored from waiting, many of Zhuo Zheng's fans went to Jiang Yu's Weibo to leave comments.

When Dai Zhu found out about this, Jiang Yu's Weibo comments had already been attacked by Zhuo Zheng's fans.

"If the music video this time isn't good quality this time, it must be because the female lead's acting isn't good enough."

"Brother's songs are all so good. Don't ruin the entire music video just because of you."

"If we let Li Lu Act, it will definitely be much better. I'm really worried that the music video will be released and it'll be an eye sore."

Dai Zhu immediately gripped her phone tightly. Her anger was rising.

There was actually someone who dared to attack Jiang Yu.

She couldn't bear it.

Very quickly, Dai Zhu organized in the fan group: "Everyone, quickly go to Jiang Yu's Weibo and control the comments."

At the same time, Dai Zhu posted a message in another group. "There's a mission. Everyone, quickly go to Jiang Yu's Weibo to control the comments."

This group was the net army group that Dai Zhu had used to help Li Yue with her ranking.

Everyone in the group had received benefits from Dai Zhu and had to help Li Yue with her promotions every month.

Hence, when Dai Zhu posted this, the people in the group immediately said, “Are we finally going to criticize Jiang Yu this time?”

Dai Zhu was stunned for a moment and immediately replied, “No, we’re going to help Jiang Yu this time. Everyone, hurry up and speak up for Jiang Yu!”

The people in the group exploded, “You’re not wrong, right?”

Dai Zhu immediately changed Li Yue’s name to Jiang Yu’s name in the group.

Then, she directly sent a big red packet to the group, “From now on, this group will be used to maintain Jiang Yu’s reputation.”

Immediately, the people in the group received the red packet and immediately became active: “Got it, I’ll go right away.”

Very quickly, a large number of trolls flooded into Jiang Yu’s Weibo.

“This music video hasn’t even come out yet, and you guys are already spouting without any evidence. Are you brainless?”

“Jiang Yu’s acting is so good, can’t you guys see it?”

“Our goddess has an outstanding temperament. Your idol must’ve prayed and burned incense for her to be the female lead. Yet, you actually repaid kindness with enmity.”

“Jiang Yu is the most talented actress I have ever seen.” The internet trolls were quite modest. They did not dare to say that she was a movie queen, but they only dared to say that she was the most talented.

“Those who don’t know what acting is, look here. My Goddess is ranked first in the grade.”

“Maybe your brother is thinking of how to thank our goddess Jiang. Our goddess performed so well and was even slandered by you.”

Very quickly, the atmosphere was reversed.

Zhuo Zheng’s fans were dumbfounded. Since when did Jiang Yu have so many loyal fans?

But when they saw these people’s nicknames, they were instantly confused.

Their nicknames were labeled as Li Yue’s fans.

They were all Li Yue’s fans and came to give Jiang Yu good reviews?

What was going on?

Why did Li Yue’s fans want to help Jiang Yu?

At the same time, Zhuo Zheng had also received the news. When he heard that his fans were attacking Jiang Yu, he immediately rushed over.

In the end, he saw many Li Yue's fans speaking up for Jiang Yu.

What the hell was going on?

Zhuo Zheng hurriedly wanted to clarify but after thinking for a while, he decided that it was better to release the music video in advance. At the same time, he tagged a comment at Jiang Yu to express his gratitude.

On the other side, the fans on both sides were still doubting their lives. Suddenly, Zhuo Zheng posted his words of thanks to Jiang Yu, causing both sides to be stunned.

When Zhuo Zheng's fans saw that the music video had been released, they immediately stopped scolding and went to listen to their brother's song.

Meanwhile, the Internet trolls hired by Dai Zhu also clicked in curiously. At the same time, they felt very guilty.

They were worried that Jiang Yu's acting would really be terrible, so they would have to spend more effort to help Jiang Yu clear her name.

It was so tiring.

They actually had to help so many artists clear their names.

Chapter 155: Defected?

In the other fan groups of the movie queen.

Many people had heard that Jiang Yu had been slandered and made an ugly MV, resulting in her being besieged by Zhuo Zheng's fans.

They immediately rushed over to join in the fun.

However, when they saw so many fans of the movie queen trying to clear Jiang Yu's name, they were also stunned.

"Why is the movie queen's number one fan sister actually speaking up for Jiang Yu?"

"And the active accounts that I saw in the fan group previously have all switched sides?"

The group leaders of the few movie queen fan groups all knew Dai Zhu.

They hurriedly sent a private message to Dai Zhu. "Sister, what's wrong? Did you attack the wrong target? You should have attacked Jiang Yu instead. Why did you attack Zhuo Zheng's fans?"

Dai Zhu had the title of number one fan and had helped Li Yue to update her ranking. She had already gotten along well with the fans of the movie queen. They were all good friends in private and they often chatted together.

Now that she had been asked, Dai Zhu felt a little embarrassed, but she still replied righteously, "Actually, Jiang Yu is a very good person. We were the ones who misunderstood her previously. Look at her acting skills. She's not a pretty face at all."

"But even if she's not a pretty face, there's still something wrong with her character. Have you forgotten that she stole the movie queen's boyfriend?"

Dai Zhu felt a little guilty when she said this. Actually, she didn't dare to ask Jiang Yu why she was with Mo Long.

However, since Jiang Yu had saved her father, she had to support Jiang Yu to the end. "What nonsense are you spouting? The movie queen herself said that everyone misunderstood her. It's all nonsense..."

As she said this, Dai Zhu felt an inexplicable sense of guilt.

She forced herself to find all sorts of reasons. No matter what, she could not believe that Jiang Yu was so kind to actually do such a thing. The only explanation was that she did not do it at all.

The person on the other side seemed to be very speechless.

It could be said that Dai Zhu had already become a fan of someone else. She was no longer the true love fan who was willing to sacrifice a lot of money for the movie queen.

Countless fan club leaders came looking for Dai Zhu.

In the end, they were all very surprised by Dai Zhu's betrayal.

For a moment, the various fan groups of the movie queen were in a mess. They were all discussing this matter.

The most loyal fan had actually become a fan of Jiang Yu. It was really a huge blow.

"I think the number one fan must have been blind. She actually commented on Weibo that Jiang Yu's acting is very good!"

"She must have been brainwashed by Jiang Yu's fans. I hope the number one fan will wake up and wait for his return."

On the other side, Zhuo Zheng and Jiang Yu's fans were fighting. The fans of the movie queen were furious and immediately joined the battle. They cursed Jiang Yu for being shameless and stealing her fans.

At that moment, Zhuo Zheng's MV was posted.

In an instant, everyone flooded Zhuo Zheng's Weibo.

Zhuo Zheng saw that the thanks had been posted and the music video had been posted. The fans should not have any more misunderstandings, so he decided to wash up and go to sleep.

At the same time, the music video received an astonishing amount of views due to the collective influx of fans.

There were also many loyal fans of the movie queen watching it.

Zhuo Zheng did not know that his music video had been pushed onto the hot searches.

Zhuo Zheng's fan: "I'm here to listen to my idol's song. As for the female lead in the music video, I'll just pretend that I'm blind and can't see it."

The movie queen's fan: "No matter how good Jiang Yu's performance is, her acting skills definitely can't compare to our goddess. My Goddess is the best."

The troll hired by Dai Zhu: "Let me make it clear first. Our Jiang Yu is still a newbie. It's already pretty good that she can reach an average standard. Everyone, don't be so stubborn. It's too much to compare to a certain someone."

Jiang Yu's loyal fan said, "I'm just here to see sister's good looks. As long as it's a music video that sister shot, even if it doesn't have any lines, it's still very good to look at."

In the end, everyone watched Zhuo Zheng's music video at the same time. There was even a special effect at the beginning. Immediately after, the scene changed and a figure wearing a black and white dress slowly walked out..

Chapter 156: Stunning

All the netizens were shocked. "What did I just see? This person's acting skills are too good. With just one look, she could even express the soul of the song!"

"Is this really Jiang Yu? Could she be possessed by a soul? Does Jiang Yu have such acting skills?"

"Isn't she someone who doesn't know anything? Why is her gaze so immortal? This is too amazing. If I were Mo long, I would be together with her too."

"Oh no, I feel that Jiang Yu's acting skills are actually not bad. Is there something wrong with my eyes?"

"In this day and age, could it be that fake girls' acting skills are already so powerful?"

"I, goddess Jiang Yu, am indeed the most powerful. Goddess Jiang Yu just lacks the opportunity. In the future, she will definitely be able to rise up in a role with more scenes."

"Why do I feel that her acting skills are on par with Li Yue's?"

"Back then, Li Yue's first MV wasn't even this stunning, alright?"

The Internet trolls that Dai Zhu hired were still holding back and thinking of ways to praise Jiang Yu. In the end, when they saw the video, they were all stunned. Wasn't this too good to watch? Weren't all sorts of flattering materials coming? Hence, all of them praised her enthusiastically.

Zhuo Zheng's fans were also speechless. "I didn't expect brother's MV to be so good. Jiang Yu didn't drop the ball either!"

"It seems like we wronged her previously. Brother even specially thanked Jiang Yu, but we were slandering her instead. I feel a little sorry for Jiang Yu."

“Indeed. This MV was supported by Jiang Yu’s acting skills. The pairing was flawless. I actually watched and listened to it over and over again.”

“I’m in love. I hope that Jiang Yu can still be the female lead of our brother’s MV next time.”

“Let’s go apologize to Jiang Yu. We’ve deleted all the previous insults.”

“Right, right, right. We were too reckless.”

Who would have thought that Jiang Yu’s performance would be so good? The originally terrible performance did not appear at all.

In the end, when Zhuo Zheng appeared, he was slightly suppressed by Jiang Yu’s aura.

Hence, many of Zhuo Zheng’s fans silently deleted the comments under Jiang Yu’s Weibo.

The one who had scolded Jiang Yu the most was in trouble. He had to delete thousands of negative comments, and his hands were sore from doing so.

The more he deleted, the more he felt guilty. In the end, he even silently liked Jiang Yu’s Weibo and followed her.

It was a form of compensation.

So, the next day.

When Zhuo Zheng woke up, he was surprised to find that it had appeared on the trending MV.

When he clicked on it, he saw that all sorts of loyal fans were praising Jiang Yu for her good looks and acting skills.

Zhuo Zheng was stunned for a moment. He knew his fans the best. Previously, they had been scolding Jiang Yu because of the matter between Jiang Yu and the movie queen.

Why was there something wrong with the scene now?

When he saw the comments, Zhuo Zheng immediately understood. Initially, it was because the fans saw Zhuo Zheng expressing his gratitude to Jiang Yu and felt that it was difficult for their idol.

Hence, many people gave Jiang Yu a last-minute compliment.

Moreover, there were people who urged them to pay attention to Jiang Yu and give her some support.

Zhuo Zheng felt that there was no need for that. He had just thanked her casually and told the fans not to attack Jiang Yu. He did not want them to like Jiang Yu at all.

If Li Yue found out about this...

Zhuo Zheng looked through Jiang Yu’s Weibo awkwardly.

In the end, he found out that many of his fans had gone over and Jiang Yu’s fans had increased by one million overnight.

Such an astonishing growth rate...

Jiang Yu, I have completely repaid the favor you've given me. From now on, we won't owe each other anything.

Zhuo Zheng immediately thought of this and silently scrolled through the movie queen's Weibo to see how the filming of the movie was going.

Speaking of which, the movie queen was really too dedicated. Her fans had already caused such a ruckus, yet she did not make a single move.

As expected, she was that workaholic who only wanted to focus on filming seriously.

It was admirable.

Chapter 157: Quit Being A Fan

On the other side, the movie queen called for her assistant early in the morning. "Get the number one fan to help with early stage promotion of the movie."

The movie was half way through filming and it was time to warm up the movie.

Hence, Li Yue immediately thought of her loyal fan.

Every time she needed to promote the movie, she only needed to get her assistant to inform the number one fan and the publicity would be done quickly.

With such a rich and obedient fan, it was really very useful.

She really hoped that there will be more such people in the future.

There was no need to spend money on publicity. It was too awesome.

The assistant looked at the movie queen hesitantly. "Sister Li, it might not be possible to get the number one fan to help with the publicity. Why don't we change to the leader of another fan club?"

"What's wrong? Is the number one fan not free recently?"

But the other fan club leaders did not have as much charisma as the number one fan.

The movie queen immediately frowned. "Why don't I contact her personally?"

She firmly believed that as long as she made a move, no matter what important matters the other party had, she would put them aside first and then work hard for her wholeheartedly.

The assistant said fearfully, "The number one fan has already quit being a fan."

"What?" The movie queen could not believe it and quickly took out her phone to take a look.

In the various fan groups, everyone was discussing this matter.

"The number one fan really won't be coming back. She has even promoted Jiang Yu to the top of the trending searches."

"Sigh, but to be honest, I didn't expect Jiang Yu's acting to be so good."

Li Yue's eyebrows twitched as she tried her best to accept the information in front of her.

The number one fan had gone to Jiang Yu?

Moreover, Jiang Yu's acting had actually gained the approval of her sharp-eyed fans?

A huge sense of crisis spread in Li Yue's heart.

She hurriedly went to check the trending searches.

As expected, she saw a music video hanging high up on it.

The number of views was shockingly huge and the number of reposts was also ridiculous.

It was obvious that this video had become popular.

Li Yue took a deep breath. It was probably due to Zhuo Zheng's charisma that it was trending. She didn't believe that Jiang Yu could have such influence.

Very quickly, Li Yue clicked into the MV.

But when she saw Jiang Yu's performance, she fell silent.

She asked her assistant, "Tell me, who do you think is better, Jiang Yu's performance, compared to when I debuted?"

The assistant looked at Li Yue awkwardly. "Sis, your acting skills are acknowledged to be good now. How can Jiang Yu be better than you? Her eyes just happened to match the theme of the movie. How can a few actions without any lines compare to your movie?"

Li Yue paused and sneered. "That's true. Although this scene is good, it should only be pieced together after a few NG's."

No matter what, Jiang Yu had never played an important role before. How could she be compared to someone as important as her.

Li Yue put down her phone and was about to go back to filming.

But a call came.

It was from Li Yue's mother. "Yue'er, why are you still filming? Come back quickly and snatch Mo Long back. How can acting be as important as the marriage between two families?"

Li Yue frowned. "But Mo Long's legs aren't convenient. I originally..."

"That was in the past. Now that I've just received the news, Mo Long's legs will recover very soon. When that time comes, who else in the country can be compared to Mo Long? Are you going to miss out on such a good person?"

"What?" Li Yue was stunned. "Isn't even the godly doctor helpless with his condition?"

"Who knows what's going on? I heard that he was almost cured by some unknown doctor."

Li Yue's eyes lit up instantly. If that was the case, Mo Long would be the most honorable man in the entire Hua nation.

If that was the case, other than herself, who else would be worthy of this man?

A few years ago, when the two families intended to have a marriage alliance, Mo Long had also tacitly agreed and didn't oppose it at all.

However, when he was preparing for it, he suddenly had an accident and Li Yue had rejected the marriage alliance in the name of filming.

Now, Mo Long had chosen Jiang Yu on a whim..

Chapter 158: Acting Skills Comparison

As long as she returned to his side, Mo Long would definitely choose her again.

Thinking of this, Li Yue's heart was filled with all sorts of emotions. "Mom, I got it. Help me send my regards to uncle and Auntie Mo."

After saying that, Li Yue hung up the phone.

She turned on Jiang Yu's music video again and looked at it again and again.

It had to be said that Jiang Yu's music video was the only one that appeared in the end. It was actually comparable to her own music video back then.

Back then, Li Yue had also polished her music video for a long time before gaining the support of her fans.

But now, the one who was also being supported was Jiang Yu.

A look of disdain flashed across Li Yue's eyes and she immediately said to her assistant, "Isn't the production team going to do a promotion recently? Go and communicate with the director and use my Weibo to post the footage I shot. Remember to pick the most exciting ones."

Even if it was just a short clip that was less than four minutes long, she wanted people to know that Jiang Yu could not compare to her.

The assistant quickly ran out.

Very soon, Li Yue's Weibo released a trailer.

She added, "After working so hard for so long, I really want to give my best work to my fans. I will not let my fans down and I will not let anyone else catch up to me. Please don't worry, my fans."

When the fans saw this sentence, they immediately felt very heart warming.

The movie queen actually worked so hard for herself, and they actually praised the other artistes' acting skills. This was really too much.

Moreover, the movie queen said that someone else would catch up to her. Wasn't she talking about Jiang Yu?

When they saw this, the fans immediately understood and immediately planned to unite against Jiang Yu.

They would definitely not be fooled by Jiang Yu's acting skills.

The goddess' acting skills were the best.

Very quickly, everyone clicked on it. When they saw Li Yue's performance, they were all deeply impressed.

This was the work that the goddess had meticulously polished. It was really too stunning. It was even better than the previous work.

...

Green Vine University.

Many people were discussing about Jiang Yu's MV.

"This is too amazing."

"It's very likely that our school will have a second movie queen."

"Oh my God, if all of Jiang Yu's movies in the future are of this quality, then she will definitely win the Movie Queen Award."

"The quality of the movies definitely won't be as good as the MV. Isn't everyone flattering Jiang Yu too much? It's just a few scenes, what kind of acting skills can you see?"

"Eh, why isn't Dai Zhu here today? Did something happen at home?"

When class one saw that Jiang Yu was already in class, but Dai Zhu was still not here, they immediately made guesses.

Usually, Dai Zhu would arrive at class ten minutes earlier.

It was already more than five minutes past class time, yet she was still not here.

It was very likely that something big had happened.

Could it be that Jiang Yu had really caused an accident when she was treating someone?

At that moment, everyone looked at Jiang Yu suspiciously.

At the same time.

Dai Zhu was rushing towards the class with a pair of panda eyes.

Last night, Dai Zhu had been working hard all night in order to rank Jiang Yu.

She had never worked so hard and personally for the movie queen.

She was really going all out for Jiang Yu.

Finally, after pushing Jiang Yu onto the hot searches, Dai Zhu could finally sleep in peace.

However, she did not expect that when she woke up this morning, she would see many fans of the movie queen leaving comments on Weibo, saying that Jiang Yu was only so so.

Only then did she realize that Li Yue had posted a trailer for the movie.

However, after Dai Zhu saw it, she was full of admiration for the movie queen. She felt that her acting skills were really great.

However, she still wanted to organize a troll army to speak up for Jiang Yu.

After all, Jiang Yu was still a newcomer. Compared to the movie queen, she would be at a disadvantage.

That was why she had been delayed for a while. Now, she rushed over and pushed open the class door.

As expected, she saw Jiang Yu already sitting there, taking out her phone.

Dai Zhu panicked and immediately rushed over.

When everyone saw Dai Zhu's aggressive look, they immediately felt that something was wrong.

Dai Zhu was about to have a big fight with Jiang Yu.

Chapter 159: Was The Formula Written By A Deity

"This time, Jiang Yu is definitely going to suffer!"

"Look at how anxious Dai Zhu is. The problem must be very serious."

"If you don't have the ability, don't show off. It's fine now."

"This is a desperate look."

The students looked in horror at Dai Zhu who had rushed in front of Jiang Yu. When they saw Dai Zhu raise her hand, many of them subconsciously covered their faces.

Although Dai Zhu looked refined and gentle, she was actually very violent when she was ruthless.

In the past, there was a lackey who had bullied Dai Zhu. Dai Zhu had personally beaten that person's face until it was swollen. That person had only recovered after a week.

Now, when everyone saw Dai Zhu's stance again, they all agreed that Dai Zhu was going to slap Jiang Yu.

Jiang Yu was about to flip through her phone when a hand suddenly reached out. Before she could react, Dai Zhu had already taken her phone away.

"Don't watch the news now."

Dai Zhu hurriedly slammed her phone onto Jiang Yu's desk.

She had originally wanted to look for Jiang Yu to take credit for her work today, saying that she had helped her become a trending topic.

However, all of a sudden, the fans of the movie queen went crazy and attacked Jiang Yu.

They actually said that Jiang Yu had never acted in a movie before. It was nothing to be proud of.

Dai Zhu hurriedly got someone to control the comments.

The situation had not been turned around yet. She was worried that Jiang Yu would be in a bad mood if she saw it?

Jiang Yu raised her eyebrows and looked at her.

The surrounding classmates also looked at Dai Zhu in surprise. What was going on? Wasn't she going to hit someone? Was she just going to take out her phone?

Dai Zhu looked embarrassed when Jiang Yu looked at her. She quickly said, "I've already asked people to control the comments. Those bad comments will be deleted by me very soon."

Dai Zhu's eyes fluttered when Jiang Yu looked at her. She panicked and her face turned red.

Jiang Yu was her savior, but as an important member of the fan club, she actually didn't do a good job.

Dai Zhu felt extremely ashamed.

However, Jiang Yu said calmly, "I'm just checking my messages."

It was almost time for class, so why would she still be reading the news.

Dai Zhu's heart relaxed when she heard that. She immediately smiled and sat down beside Jiang Yu. "I'll treat you to lunch. What do you like to eat, Chinese or Western food?"

The other students were dumbfounded.

Why was Dai Zhu still chatting and laughing with Jiang Yu.

One of the students who was close to Dai Zhu immediately pulled Dai Zhu over and asked, "Could it be that Jiang Yu really knows medicine?"

Dai Zhu nodded. "Of course. She gave me a prescription and said that my father would recover in a month. She's a godly doctor."

The students looked at Dai Zhu with a strange expression. No matter how they looked at it, they felt that Dai Zhu had been tricked. "He can recover by taking a prescription?"

Was this prescription written by a deity?

Dai Zhu couldn't have been duped, right.

"Of course, Jiang Yu's medical skills are very good."

But the other students didn't think so.

In other words, her dad's illness had not been cured. Jiang Yu had just thrown out a prescription, and Dai Zhu had been duped by Jiang Yu again?

And she actually wanted to encourage the internet trolls to help Jiang Yu control the comments?

If she was not mistaken, those who were criticizing Jiang Yu right now were all fans of the movie queen.

Was Dai Zhu trying to go against her former idol?

Everyone could not accept this at once.

Jiang Yu picked up her phone and saw a text message on it.

It was from Jiang Ran. "Sister, you must attend tomorrow's masquerade ball. I have invited many students from school to attend. Sun You and I will announce our engagement at the ball. Sun You is very good to me. I will be very happy."

Jiang Yu took a quick glance and was about to put down her phone.

Jiang Ran's engagement party was too grand. The Sun family had actually invited so many people to attend. Even Jiang Ran's classmates were invited.

Not long after, Jiang Yu received a call from Jiang Hai.

"Yu'er, you will be attending the engagement party tomorrow. Remember to invite Mr.. Mo Long to attend the engagement party."

Chapter 160: Invite The Movie Queen

The Jiang family's engagement party shocked the entire Green Vine League university.

Sun You was too high-profile. Basically, those who had some power in Hu city were invited by the Sun family to attend.

Moreover, all of Jiang Ran's classmates were invited by the Sun family.

For a time, many people in the school were discussing this matter.

"Jiang Ran is really too lucky to be engaged to the Sun family."

"I heard that Sun You and Sun Miao are very good to Jiang Ran. This is a blessing that has been cultivated for eight lifetimes."

"I really couldn't tell that a person from such a small place would fly to the top and become a Phoenix."

Jiang Ran and Sun Miao went in and out together. They were discussing about the masked ball tomorrow.

"You are the most dazzling existence tomorrow. You must wear the best."

"My brother specially customized a dress worth millions for you. If you wear it, you will definitely be the most dazzling."

Jiang Ran was beaming with joy. Although it was a little embarrassing for her to return to class eight, once the engagement was announced, many students came to curry favor with her.

No one dared to mention in front of her that she had been kicked out of class one again.

Not far away, Li Lu walked over. Sun Miao quickly went up to her. "Sister Li, this is the invitation to the masquerade ball tomorrow. Remember to come and attend it tomorrow."

As Sun Miao spoke, she exchanged glances with Jiang Ran.

Li Lu was a little surprised. After all, she had only met Sun Miao at a few parties. They did not have a deep relationship at all.

Why did she invite her to attend?

Li Lu did not accept the invitation. Instead, she said arrogantly, "I may not be free tomorrow..."

"Is that so? I heard that your sister happened to be free recently. This filming is too tiring. Shouldn't she take some time out to relax? Tomorrow's masked ball will be very lively. Jiang Yu and Mo long will definitely be going."

When Li Lu heard this, she immediately changed her mind and immediately accepted the invitation. "In that case, let's see if we are free that day."

After saying that, Li Lu left arrogantly.

Jiang Yu wanted to attend this party with Mo Long, so she had to tell her sister.

Her sister had half a day of rest recently, so wasn't she able to go to this party?

Mo Long was so outstanding, so her sister had to snatch him back.

With this thought in mind, Li Lu's footsteps became faster and faster. She couldn't wait to give the invitation to Li Yue.

In the hotel, Li Yue had just taken a break.

As she had already finished filming her scenes in the scenic area, she would only be filming other people's scenes the next day, so Li Yue could finally take a break.

She picked up her phone and took a look. She was shocked to find that many of her fans were ridiculing Jiang Yu on the internet. She was instantly in a good mood.

No matter how many flashy things Jiang Yu came up with, it wouldn't be able to compare to her, who had already won two awards for movie queen. At the same time, she had countless movies.

Thinking of this, Li Yue completely relaxed.

At this moment, Li Yue saw the message that Li Lu had sent five minutes ago.

Opening it, she saw that there were two invitation letters for the Masked Ball.

"What's there to participate in the Sun family's Ball?" Li Yue replied disdainfully.

No matter how high the Sun family's status was in Hu City, it was nothing compared to the Li family in Capital city.

Li Yue sneered. She deliberately let Li Lu go to Hu city to study and sure enough, her status was getting lower and lower.

She even had to attend such a low-class party.

"Sis, this is not an ordinary party. I heard that Jiang Yu and Mo Long will also be attending!"

Li Yue's hand, which was removing her make-up, suddenly paused and then carefully looked at the invitation letter.

The venue was the banquet hall of a certain large restaurant.

The time happened to be tomorrow.

What a coincidence? It happened to be at a time when she was free?

Li Yue suddenly thought of something and a smile flashed across her eyes.

Well, it was about time for her to show her face at Mo Long's place.

Li Yue also wanted to see what Jiang Yu was capable of..
