

Older Man 161

Chapter 161: Dressed Up Meticulously

On the weekend, a big event in Hu city was that today Sun You announced his engagement.

Kang family.

When Kang Xue returned home, she saw that her parents had also received an invitation letter from the Sun family.

“Xue’er, you should also attend.”

Although the Kang family was a wealthy family in the capital, Kang Xue’s family was only a branch of the Kang family. Their main activity area was in Hu city.

If they wanted to develop in Hu city, they still had to build a good relationship with the Sun family.

Therefore, Kang Xue’s parents attached great importance to this event.

When Kang Xue heard this, she sighed. Thinking that she was actually going to congratulate Jiang Yu’s sister on her engagement, she suddenly felt very helpless.

...

In a hotel in Hu city, Li Yue was meticulously dressing up.

The assistant brought out a gown that would only be worn at high-end runway shows. “Sister Li, you’re finally going to wear this gown out.”

This gown was personally designed by Li Yue and it had even won an international award.

Whether it was the workmanship or the fabric, it was very exquisite.

This was not just a gown, it also showed Li Yue’s outstanding capability.

The assistant originally thought that this gown would only be worn by Li Yue when she was getting married because it was too dazzling.

But to use it to attend a small ball today was really making a mountain out of a molehill.

“You don’t understand. No matter what, I have to be the most dazzling existence today.” Li Yue had a confident smile on her face and the assistant was dumbfounded.

No matter what, sister Li was always the most dazzling one.

...

The Jiang family.

“It’s here, it’s here. Sun You’s custom-made gown is here.”

Wei Juan was grinning from ear to ear. She took the gown that had just been delivered and carefully sent it upstairs.

It was said that this gown was worth millions. It was the best-looking one that Sun You had specially customized from the gown shop.

Just by looking at this gown, Wei Juan felt that even if Jiang Ran wore a mask to participate today, she would definitely be the most eye-catching presence in the entire venue.

Jiang Hai was usually very busy, so he had specially taken a break today.

At this moment, he was wearing the most ceremonious outfit and sitting on the sofa. His face could not hide the joy on it.

He looked at Wei Juan with gratification as she walked upstairs. He was very satisfied with his son-in-law, Sun You.

The butler smiled and said, "Master, after today, our Jiang family will definitely be able to gain a firm foothold in Hu City. Look at how much importance the Sun family places on Miss Ran Ran. They have invited many business bigwigs to participate today. Moreover, there is also Miss Jiang Yu and Mr. Mo Long. If the two of them participate together, it will be even more amazing."

Upstairs, Jiang Ran was standing at the staircase waiting for Wei Juan to bring up the gown. When she heard the housekeeper say "Even more amazing," she immediately frowned in dissatisfaction.

Downstairs, Jiang Hai also smiled and said, "Of course. Our Jiang family is really blessed."

Both of his daughters brought good fortune to Jiang Hai.

"However, the marriage between the Mo family and our Jiang family is still not settled yet," Jiang Hai suddenly said worriedly. Since Jiang Ran could get the approval of everyone in the Sun family, this marriage was set in stone.

It was different on Jiang Yu's side. Who knew what the capital would think.

However, it was already good enough that they could get the benefits now.

In the future, even if Jiang Yu broke up with Mo Long, the Jiang family's company would probably have a large scale already.

As Jiang Hai thought about it, he suddenly smiled again. He quickly called Jiang Yu and confirmed the schedule on the other side. "Mr. Mo Long will be there, right?"

After receiving the confirmation from the other side, Jiang Hai smiled even more amiably. "That's good, that's good."

Jiang Ran's eyes were filled with hatred.

Even if she was engaged, her father was actually more concerned about Jiang Yu's situation.

It was really too detestable.

But when she thought about the possibility that Li Yue would be attending today, Jiang Ran instantly felt at ease.

When the movie queen appeared, she wanted to see if Jiang Yu could still smile.

Compared with the movie queen, Jiang Yu is nothing.

Chapter 162: Who Is This Woman?

At the beginning of the night, guests gathered at the entrance of a banquet hall in Hu City.

Many famous families in Hu city had gathered here today.

Luxury cars parked in the parking lot at the entrance, immediately attracting the attention of many people.

In the banquet hall, many people had already rushed over with invitations.

Young men and women wearing masks were talking and laughing.

Jiang Ran wore a high-priced gown and an exquisite mask on her face. She slowly walked in from the entrance like a princess.

At the same time, Sun You, who was surrounded by many noble young masters, immediately looked over at Jiang Ran.

When the crowd saw Sun You's reaction, they immediately recognized who the person who came in was.

For a moment, everyone automatically made way for Jiang Ran.

Under everyone's gaze, Jiang Ran slowly walked toward Sun You.

"Clap, clap, clap, clap." Warm applause soon rang out.

"Such a good-looking person, it must be Jiang Ran!"

"Aiya, these two people standing together are simply a match made in heaven."

"They are both wearing a mask and the two of them can recognize each other at once. This is true love."

Jiang Ran's face was filled with a sweet smile as she walked over shyly.

Before she reached Sun You, Sun You had already rushed forward and grabbed Jiang Ran's hand.

Then, he leaned over and planted a kiss on Jiang Ran's cheek.

For a moment, Jiang Ran felt so happy that she was about to faint.

Jiang Ran looked around proudly and did not see any familiar figures. It seemed that Jiang Yu had not arrived yet.

Heh, Jiang Yu had to come today.

Thinking of this, Jiang Ran took out her phone again and asked Jiang Yu about the situation. "It's already started. Where are you?"

How could she not have Jiang Yu come to witness such a blissful moment?

It was like a stone sinking into the ocean.

At this moment, everyone gasped.

Many people looked towards the door.

They only saw a tall and beautiful figure walk in.

The gown that that person was wearing was obviously not something that an ordinary person could afford. It was even better than Jiang Ran's dress.

Jiang Ran's dress was luxurious but now, this person was dressed like she was walking on a fashion runway.

"Which young lady is this? She's too beautiful."

"I've never heard of such a person in Hu city."

When Jiang Ran saw this figure, others might not know, but she quickly confirmed that the person who came was the top-rated movie queen, Li Yue.

If others knew that this person would actually come to this banquet, the important topic of the night would probably change.

So Jiang Ran smiled and didn't say anything. She didn't say who this person was.

The movie queen probably would not admit that she had come specially to attend her engagement party.

On the other side, Li Yue looked around casually and was a little disappointed.

Because she did not see Mo Long's figure, she walked to the side casually and picked up the cup.

She swayed it from time to time as if she was waiting for someone.

But the surrounding young masters could no longer shift their gazes away from Li Yue.

This was because although Li Yue was wearing a mask, the temperament of a rich young lady was clearly revealed.

There were already young masters walking over carefully. "Miss, are you here alone? Can I invite you to dance later?"

The person who came stretched out his hand and stared at Li Yue with a burning gaze.

However, Li Yue did not even lift her eyelids and casually said, "I'm sorry."

That young master's face was instantly filled with disappointment. However, when he met her gaze, he actually did not dare to act rashly and could only cowardly retreat.

Very quickly, another two or three people invited Li Yue to dance, but they were all rejected by Li Yue.

The others were all dumbfounded.

This person was a little too arrogant. She actually did not even look them in the eye and rejected them one by one.

However, people didn't dare to act rashly. They felt that they were out of reach.

Everyone wondered who this woman was?

Chapter 163: Two Beautiful Ladies

At this moment, a few gasps could be heard from the entrance of the hotel.

"Another great beauty."

"What's wrong with today's banquet? I can't believe I can see so many top-notch beauties."

"Oh my god, each and every one of them is too beautiful."

"Which one do you think is more beautiful, this one or that cold beauty from before?"

"I feel that this one is even more stunning now."

Li Yue heard everyone's discussion and subconsciously looked towards the entrance.

She was also stunned when she saw it.

At the entrance, Jiang Yu was holding the corner of her skirt with one hand as she walked in elegantly.

She stood still near the entrance and did not leave.

She realized that everyone was looking at her.

"This dress seems to be the winner of this year's International Fashion Design Awards!"

"Isn't this one priceless? Why is she wearing it?"

"Who is this person? Could she be from one of the top wealthy families in Capital?"

Jiang Yu looked around and realized that everyone's eyes were on her.

When she came, Mo Long had specially asked the stylist to give her a delicate look.

Even her face had been made up to look good.

When she put on such a gown that was rumored to be priceless, it completely made her look like a celebrity among celebrities.

No wonder she was scrutinized by everyone the moment she appeared.

Li Yue frowned.

She quickly recognized that the person in front of her should be Jiang Yu.

All the photos of Jiang Yu from before were a little shabby.

She didn't expect that she would be dressed so exquisitely for the banquet.

It must be Mo Long's handiwork.

Li Yue subconsciously glanced at her surroundings but she didn't see Mo Long's figure.

Li Yue immediately frowned and sneered. Could it be that Mo Long wasn't willing to accompany this person to attend the banquet?

She originally thought that she would be able to see Mo Long today and attract his attention. She would let him know who was the most suitable person to marry into the Mo family.

But now, it seemed that Jiang Yu had lost the moment she appeared.

So what if she was dressed in dazzling clothes?

She was just putting on a show.

Li Yue knew that once she took off her mask, the entire banquet would become a sensation for her.

Hence, even though Jiang Yu had gained the attention of everyone, Li Yue was still indifferent.

She was even a little disdainful.

She was thinking that if Mo Long did not appear, she would leave this boring banquet.

At this moment, another person entered from outside the door.

On the other side, there were already many guests around Jiang Yu who subconsciously approached Jiang Yu.

They sized her up carefully.

There were even people who curiously asked Jiang Yu, "Which family are you from in Capital?"

Jiang Yu shook her head. "I'm not from Capital."

"But your temperament is too good."

Everyone became even more curious. Moreover, when they saw that Jiang Yu was actually so easy going and couldn't be compared to that cold and arrogant woman just now, there were even more people surrounding Jiang Yu.

Some people asked tentatively, "Then do you have a partner for the dance tonight?"

Many people's eyes lit up when they heard this question.

Although they knew that a person who could wear such a gown was not someone they could match up to, what if she just happened to not have a male partner? Then wouldn't that be their luck.

Jiang Yu shook her head and smiled at the crowd. "Yes, my male partner will be here soon."

Mo Long was on the phone just now and asked Jiang Yu to come in first.

Jiang Yu then stood not far away from the door and waited.

As expected, when she said this, everyone let out disappointed voices.

“I wonder what kind of person is worthy of such a beauty.”

“She’s so beautiful even without showing her face. It’s even more unimaginable if she shows her face.”

“Today’s banquet is really filled with talents.”

At this moment, the crowd suddenly realized that another man had entered the door.

It was already surprising that there were two high-level beauties. They didn’t expect such a handsome man to appear..

Chapter 164: This Is My Girlfriend

Li Yue was just about to leave.

Just as she walked to Jiang Yu’s side and was about to brush past her, she was suddenly stunned.

Her gaze could not help but fix on the man who had just appeared.

When she saw Mo Long walking over in such a composed manner, Li Yue subconsciously looked at Mo Long’s leg.

She heard that Mo Long’s leg was almost healed. It seemed like it was real.

She didn’t see any inconvenience on Mo Long’s body.

Li Yue couldn’t help but feel even more delighted. This was the best. Only such a person could be worthy of her high reputation.

And on the other side, Mo Long was walking towards Jiang Yu.

But when he noticed the person standing beside Jiang Yu, Mo Long was stunned for a moment. He clearly recognized who this person was.

Li Yue saw Mo Long walking towards her and smiled faintly. She took out her most beautiful posture and looked at Mo Long.

As expected, Mo Long walked over and stood in front of the two of them. He asked Li Yue, “Why are you here?”

Jiang Yu looked at the woman standing beside her in surprise.

From the start, she had noticed that Mo Long seemed to know this person.

Li Yue pursed her lips lightly and her pair of bright eyes shone brightly under the mask.

Just this pair of eyes was enough to make people unable to take their eyes off her.

She was like the most dazzling celebrity.

"I took a break from my busy schedule and just happened to receive the invitation."

Li Yue heaved a sigh of relief in her heart. As expected, even if Mo Long was dating Jiang Yu now, his gaze was following her.

As expected, as long as she gave off a favorable impression, Mo Long would definitely be with her immediately.

Li Yue thought arrogantly.

She then looked at Jiang Yu and raised her eyebrows. Her voice was slightly raised as she asked, "This young lady is the newbie that you've been supporting?"

She didn't acknowledge the relationship between Jiang Yu and Mo Long.

She only said that she was a newbie.

And she was already standing at the top of the entertainment industry. She instantly assumed the posture of a senior in the entertainment industry inquiring about matters with a junior.

Just as the corners of Li Yue's mouth curled upwards as she looked at Jiang Yu.

Mo Long grabbed Jiang Yu's hand and introduced her, "This is my girlfriend, Jiang Yu."

Mo Long also introduced the identity of the woman opposite to Jiang Yu.

Li Yue?

Jiang Yu didn't expect to see the legendary movie queen here.

And for some unknown reason, although the movie queen had been smiling as she spoke to them, she felt that there were some bad impurities in her eyes which made her feel very uncomfortable.

Li Yue was stunned for a moment. She didn't expect Mo Long to introduce Jiang Yu to her like that.

And from the looks of it, Mo Long didn't seem to have any thoughts about her at all.

But how was that possible.

The people around her, how many men were following her with burning gazes.

When Mo Long appeared just now, he was also staring intently at her.

How could it be that he didn't seem to care about her at all now.

Li Yue was a little surprised, but she quickly hid it under a fake mask.

He had always been perfect.

"Are your leg injuries better now? It seems that after all these years of searching for so many doctors, the treatment has finally worked," Li Yue said intimately on purpose, acting as if she had a good relationship with Mo Long.

If Mo Long's leg had a chance of recovery, the biggest contributor should be herself, who had been busying about for him all this while.

Li Yue originally wanted to see Jiang Yu's jealous expression, but Jiang Yu remained indifferent and stood there calmly.

Mo Long said casually, "All of this is thanks to Jiang Yu. She's the one who let me see the possibility of recovery."

After saying that, Mo Long was moved as he looked in Jiang Yu's direction.

Only Li Yue was left in a mess in the wind.

The expression that was originally well hidden had cracked in an instant?

Why did Jiang Yu take all the credit?

Chapter 165: Give Your Dance Partner To Me

"Oh, in that case, I really have to thank Miss Jiang properly. In the future if my word still matters in the entertainment industry, I will definitely help Miss Jiang introduce more resources. This can be considered my thanks to you." Li Yue secretly took a deep breath, then, she continued to say with a smile.

There was no hostility in her tone.

It was as if she was really thinking for Jiang Yu.

However, the content had an air of superiority, hinting that Jiang Yu's status was not enough in front of herself and Mo Long. She was simply not worthy of Mo Long.

Jiang Yu frowned. She had helped Mo Long to treat his leg injury, and she still needed Li Yue to thank her?

Who did she think she was?

But seeing Li Yue's smiling face, Jiang Yu didn't want to expose it. She only said, "I helped my boyfriend because I love him. Miss Li, you don't have to be polite with me."

At this moment, the surrounding people were all surprised when they saw the three outstanding men and women gathered together.

Could it be that the three most outstanding people in the room actually knew each other?

No wonder everyone felt that these three people were too high-class.

However, no one dared to come forward and disturb them.

As a result, although everyone was surrounding them, they were all standing far away.

Hence, no one heard Jiang Yu address Li Yue as Miss Li.

They also did not know that this cold and arrogant beauty in front of them was actually Li Yue, who claimed to be working hard at filming in order to win the third movie queen award.

"I'm really curious, who are these three?"

"Why do I feel that the figure of that person is somewhat similar to movie queen Li? But it's impossible. How could the movie queen appear here? She should be filming."

"Can't we just go over and ask?"

"But those few people are too imposing and now they're standing together. No one dares to come forward and disturb them."

On the other side.

When Jiang Ran saw that Li Yue was indeed standing together with Mo Long, her eyes lit up with a carefree smile.

She knew long ago that Jiang Yu would definitely not be able to defeat Li Yue.

But Jiang Yu insisted on thinking that she could marry into the Mo family. Now, the real young mistress of the capital had come.

Moreover, her aura was so strong. Jiang Yu must be regretting it now, right?

She must have been completely outclassed by Li Yue.

Jiang Ran saw that it was almost time and said to Sun You, "You can get ready now."

Soon, a host came up to the stage and announced, "The ball will begin in ten minutes. Everyone, get ready first."

Everyone was instantly attracted by this news.

For a moment, they subconsciously looked at Jiang Ran and Sun You.

The most dazzling existences of this ball were definitely Jiang Ran and Sun You. The others were just the background.

When Jiang Ran met the envious gazes of the crowd, she immediately raised her chin.

The stage would be hers now.

Then, she glanced in the direction of Jiang Yu.

She was thinking happily that Jiang Yu would definitely be left out in the cold at the ball later.

Mo Long and Li Yue should be the ones dancing this dance.

Although Li Yue might have stolen Jiang Ran's limelight, Jiang Ran felt very pleased to be able to make Jiang Yu suffer such a loss.

When Li Yue heard the emcee's voice, her gaze immediately fell on Mo Long, she beat Jiang Yu to it and said, "When I was young, I played games with Mo Long and also danced. It's been a while since I've danced. I wonder if I'm rusty. Can Mo Long accompany me to dance this dance again?"

After saying that, Li Yue looked at Jiang Yu and said, "Miss Jiang, it's rare for Mo Long and I to have this opportunity. You won't mind, right?"

The movie queen maintained a decent smile but her words were full of possessiveness.

She actually wanted to compete with Jiang Yu for a dance partner.

Jiang Yu didn't expect Li Yue to speak so naturally and she immediately said, "I'm sorry, my boyfriend has already promised me that he would dance with me. He said that he would accompany me and my boyfriend always keeps his word."

After saying that, Jiang Yu leaned on Mo Long's shoulder intimately and held onto Mo Long's arm.

She looked very sweet..

Chapter 166: Borrow A Knife To Kill

Seeing this scene, Li Yue's eyes were about to pop out of her head. Her eyes were burning with rage.

She wished she could pull Jiang Yu away and throw her out.

She actually dared to touch Mo Long.

She had never dared to be so close to him ever since she was young.

What right did Jiang Yu have?

Li Yue looked at Mo Long and wanted to say something, but Mo Long's lips curled into a smile and he nodded lightly. "Yes, I promised to accompany my girlfriend."

Li Yue almost vomited blood.

Jiang Yu kept calling him boyfriend.

Mo Long kept calling her girlfriend!

Just when Li Yue was speechless and didn't know how to continue, Mo Long said, "Have fun. Yu'er and I will go over first."

After saying that, Mo Long brought Jiang Yu forward and walked towards the other side.

On the other side, Jiang Hai and Wei Juan were already standing beside Jiang Ran.

Jiang Yu and Mo Long walked over.

When Jiang Hai saw that Jiang Yu was actually wearing such luxurious and beautiful clothes, he was immediately overjoyed.

He knew that Jiang Yu must be very favored by Mo Long, so he immediately smiled and said, "Mr. Mo, our Yu'er will be in your hands tonight."

"I don't know when I will be able to attend your and Yu'er's engagement party," Jiang Hai asked probingly.

Mo Long replied indifferently, "It shouldn't be long."

When he heard this, Jiang Hai's eyes instantly lit up.

Wei Juan was also stunned. Did she hear wrongly? Mo Long actually had the intention to marry Jiang Yu.

Originally, Jiang Ran was being worshipped by the stars, but when everyone heard that Mo Long actually agreed to this, they immediately congratulated Jiang Hai.

Very quickly, those who knew Mo Long and Jiang Yu's identity changed to praise Jiang Yu and Mo Long's talents and looks.

Jiang Ran: "..."

Whose engagement was it today.

On the other side, Li Yue was completely ignored by others, and for a moment, she still couldn't accept it.

Jiang Ran walked to Li Yue's side and deliberately instigated, "Miss Li, why don't you work harder and win Mr. Mo back? In my opinion, you and Mr. Mo are a match made in heaven."

Jiang Yu didn't deserve Mo Long at all and Jiang Ran didn't want Jiang Yu to beat her.

In the face of Jiang Ran's instigation, Li Yue took a deep breath and immediately changed from her initial shock to a proper smile.

She took a sip of wine and said in surprise, "What did you say? I'm just here to relax today. It's not what you think at all. Moreover, I think Jiang Yu is quite an outstanding person."

Jiang Ran rolled her eyes in her heart.

She had chased him all the way here, yet she still pretended to be uninterested in Mo Long.

This movie queen was too good at putting on airs.

When Li Yue saw Jiang Ran's speechless expression, she immediately said, "Say, if Jiang Yu dances with Mo Long today, would you be worried that your sister would steal your limelight? Moreover, you two are sisters. It's hard to guarantee that people won't talk about it. I've heard some unpleasant words just now."

On the other side, there were indeed many people who were complimenting Jiang Yu and Mo Long.

On the contrary, Sun You was being neglected and his expression turned ugly as he stood at the side.

Of course, Jiang Ran was concerned. When she thought of the ball later and the scene of Jiang Yu stealing the limelight, it made her extremely flustered.

"Sigh, that set of clothes is too gorgeous. It won't be good if there's something dirty on it. You should be more careful."

Li Yue intentionally hinted.

Jiang Ran's eyes lit up when she heard that.

That's right. If Jiang Yu's clothes were stained with something dirty, she would definitely change her clothes.

Once she missed the ball later, it wouldn't affect her anymore.

Instantly, Jiang Ran thought of something and immediately ran away.

Meanwhile, Li Yue's gaze was heavy as she looked in Jiang Yu's direction and took another sip of wine.

For a moment, a glint flashed across her eyes, and the corners of her lips curled up slightly. It seemed rather interesting.

She did not expect Jiang Ran to be so stupid as to do whatever she was told to do.

It was just too suitable to borrow her knife to kill..

Chapter 167: Can't Get Out

One of the waiters was so reckless that when he walked to Jiang Yu's side, he suddenly sprained his ankle.

The wine tray tilted, and the wine on it slid down, spilling onto Jiang Yu's dress.

When Mo Long saw it, he subconsciously reached out and wrapped his arm around Jiang Yu's waist.

But it was too late. Jiang Yu's dress was already wet.

The surroundings were filled with exclamations and gasps.

Such good clothes had actually been dirtied.

The waitress apologized profusely.

Jiang Yu frowned. When she saw the other party's fearful expression, she immediately lost her anger.

She only asked, "Is there a place to change clothes here?"

The waitress quickly replied, "Yes, we also provide changing gowns here."

Jiang Yu heaved a sigh of relief and said to Mo Long, "I'll be right back."

Jiang Ran sneered when she saw Jiang Yu leaving.

Even if Jiang Yu had changed into a gown and rushed over, she wouldn't be able to steal the limelight without that dazzling gown.

At the same time, Jiang Yu went to the changing room, found a fitting gown, and went to change.

But she didn't expect that when she came out, the door couldn't be opened no matter how hard she tried.

"Is there anyone outside?"

Jiang Yu hurriedly knocked on the door. The waiter had already left and there wasn't any movement outside.

...

The ball outside was about to begin.

Li Yue had been observing Jiang Yu the entire way.

When she saw that Jiang Yu had indeed left, she secretly made a call.

Very quickly, the person on the other side received the order and went to carry it out.

Li Yue sneered. When she saw that Mo Long was alone, she immediately walked over with a smile.

"Next, it's tonight's dance party."

A beautiful melody suddenly came and the familiar dance music began to ring throughout the entire banquet hall.

Li Yue extended her hand towards Mo Long. "Can I invite you to dance? I don't think Miss Jiang is here yet, why don't you let me dance with you on her behalf? I don't think she would mind."

Li Yue smiled appropriately and the people around her subconsciously looked at Li Yue and Mo Long.

They were very curious about who this beautiful woman wearing a mask was.

However, Mo Long did not move. Instead, he placed his wine glass on the tray of the waiter passing by and said calmly, "Sorry, I want to go over and take a look."

After saying that, Mo Long walked towards the direction where Jiang Yu had just left.

Li Yue's outstretched hand froze in mid-air. Her eyes were filled with disbelief as she followed the direction where Mo Long had left.

There were already people who had slipped onto the dance floor.

Li Yue had never expected that Mo Long would be so disrespectful to her even though she had already invited him?

Could it be that he was still angry at her for being cold to him all these years?

Li Yue frowned. The few young masters saw that Li Yue had suffered a setback and immediately mustered up their courage, wanting to invite Li Yue to dance with them.

In the end, Li Yue put away her previous dejection and in the blink of an eye, she turned cold and aloof again. "I don't want to dance."

Her ice-cold and bone-piercing words made the man who came to invite her look embarrassed and he could only walk away resentfully.

At the same time on the dance floor, Jiang Ran and Sun You became the focus of the entire venue.

Those who didn't dance turned their eyes to Jiang Ran and Sun You.

“These two people are too compatible.”

“I didn’t expect Jiang Ran to dance so well.”

“As expected, she was chosen by the Sun family. Miss Jiang is too dazzling.”

Without the comparison between Jiang Yu and Li Yue, Jiang Ran was like a fish in water on the dance floor. She danced elegantly and enjoyed the attention of everyone.

That was it. It would be fine without Jiang Yu.

Now, she was the most dazzling young miss of the Jiang family and the queen of tonight’s dance.

Jiang Ran thought beautifully.

Li Yue didn’t care about the discussions around her. She just kept looking in the direction where Mo Long had left. Her eyes were filled with unwillingness.

But the nobility of the movie queen told her that it was best to leave now.

She couldn’t stay behind and watch how close Mo Long and Jiang Yu were, right?

Wasn’t the embarrassment earlier enough?

Li Yue thought for a moment before she turned around and walked out. Today’s matter wasn’t over yet.. She had to make Jiang Yu pay the price.

Chapter 168: Framing

The waiter had received Jiang Ran’s order to take Jiang Yu away.

As soon as he sent Jiang Yu to the changing room, he immediately left.

However, he did not know that the door outside would suddenly be locked.

When Jiang Yu realized that the door was locked, she immediately became anxious.

However, she realized that the phone that she had placed outside was nowhere to be found.

At that moment, a voice came from outside the door, “This is the room. Let’s go in and take a look.”

“That person is too generous. She actually spent so much money. After this is done, we will be rich for the rest of our lives.”

The sound of the door opening came from outside.

Jiang Yu frowned.

A few hooligans walked in. When they saw Jiang Yu in the room, their eyes immediately shone with a wretched light.

“It’s her.”

"It must be her. There's no one else in the room."

"She's still young. Let's end this quickly. You guys play, I'll guard the door. Hurry up."

With that, a hooligan walked out and guarded the door.

The other two walked towards Jiang Yu.

Jiang Yu immediately understood what she wanted to do to them.

"Who told you to come!"

"You don't need to know about this. Just enjoy it," The hooligan said in a wretched manner.

He quickly reached out his hand towards Jiang Yu.

Just as his hand was about to touch Jiang Yu's arm, he felt a pain in his arm.

The man's hand suddenly went numb and then he lost all feeling.

It was as if he had lost all his vitality.

The hooligan was shocked.

The other hooligan quickly said, "Why are you scared? Let me do it."

He did not see his companion's frightened look. He quickly stepped forward and wanted to tie Jiang Yu up.

However, the next second, there was a scream.

The silver needle in Jiang Yu's hand was emitting a cold light.

The two men's hands could not feel anything.

The two hooligans started to panic and wanted to run away.

At the same time.

Outside, Mo Long walked to the door of the changing room and saw a person standing outside the door sneakily.

Mo Long walked over.

"You can't go in here," The hooligan said fiercely.

At this moment, a scream came from inside.

Mo Long frowned and immediately subdued the hooligan and opened the door.

In the room, two hoodlums were lying on the floor, wailing in pain. Jiang Yu's foot was stepping on the hoodlum's chest as she said with a ruthless expression, "Who sent you here?"

"Someone called us and told us to come over. That person sent us a sum of money, but we don't know who it was."

Mo Long heaved a sigh of relief when he saw that Jiang Yu was fine.

He then walked over and said, "There was something wrong with the waiter just now."

Very soon, the waiter was caught by Mo Long's men.

The waiter looked at the situation in the changing room and was so scared that his face turned black. "I was only ordered to dirty Miss Jiang's clothes and send her to the changing room. I don't know anything else."

The waiter was scared silly. Although he had just received a large sum of money, he wouldn't dare to touch the woman in front of him even if he had a few guts.

"Who asked you to come?" Jiang Yu frowned.

The waiter quickly said, "It's Miss Jiang Ran."

Jiang Ran?

Jiang Yu didn't expect that Jiang Ran would treat her like this at this time. She immediately frowned and asked, "Are you sure?"

Today was Jiang Ran's engagement day. If something happened to her here...

Jiang Ran's engagement would definitely be ruined.

"It's Miss Jiang Ran. If you don't believe me, you can go check the surveillance cameras. She was the one who came over and told me," the waiter said in fear and trepidation.

"What's going on?" Jiang Hai walked over from the other side.

He saw Mo Long's men capture a waiter just now, so Jiang Hai followed them.

He didn't expect to see such a situation at the scene.

Chapter 169: Steal The Limelight

"Speak!" Mo Long said coldly to the waiter.

The waiter immediately told him what Jiang Ran had told him.

Jiang Hai frowned. "There must be some misunderstanding. Yu'er, today is the big day. Can we talk about it after today?"

Jiang Hai looked at Jiang Yu pleadingly.

No matter what, the scandal today could not be known by the people outside.

It was even more important that no one knew that Jiang Ran and Jiang Yu had a conflict.

Of course, Jiang Hai did not think that Jiang Ran would do anything bad.

"This waiter might be Jiang Ran's troublemaker, but these few hooligans might not be Ran Ran's doing. Yu'er, for my sake, let's forget about this matter."

Jiang Yu looked at Jiang Hai. She did not expect Jiang Hai to protect Jiang Ran so much.

"Do you know what they are going to do to me?" Jiang Yu said coldly.

Jiang Hai's face stiffened. "Yu'er, stop fooling around. You can send these people to be interrogated secretly, but now is the time for Ran Ran to get engaged. You must not make a scene at this time."

Mo Long said, "Alright, then let's investigate who is behind this."

After saying that, Mo Long walked out with Jiang Yu.

Mo Long's bodyguards quickly took the hooligans away.

Jiang Hai heaved a sigh of relief.

Mo Long and Jiang Yu walked outside.

They discovered that Jiang Ran and Sun You were dancing vigorously in the middle of the dance floor.

Jiang Yu immediately understood. "It seems that Jiang Ran doesn't want me to go up and dance."

However, when Jiang Yu thought that those hooligans might have been sent by Jiang Ran, she immediately thought of an idea.

It was only halfway through the dance song.

Jiang Yu suddenly stretched out her hand toward Mo Long.

The two of them clasped their hands and quickly slid onto the dance floor.

On the other side, the voice of flattery toward Jiang Ran gradually became softer.

Soon, everyone exclaimed, "They danced too beautifully."

"I didn't expect someone to dance so elegantly!"

"In this way, the others are just the background."

"This should be Mo Long and Jiang Yu, right?"

"Oh my God, these two people are too dazzling."

Jiang Ran and Sun You realized that something was wrong. They turned around and looked at the crowd. They saw Jiang Yu and Mo Long dancing on the dance floor.

The others looked at them in amazement.

Jiang Ran's heart suddenly tightened.

No one paid attention to her side anymore.

She immediately stopped together with Sun You.

Jiang Ran said unhappily, "Whose engagement party is this?"

She didn't expect that Jiang Yu, who had already changed into an ordinary gown, could still rely on her dance moves to become the center of attention.

Kang Xue and her parents were also looking at the middle of the dance floor.

When Kang Xue heard that the person dancing was Jiang Yu, her eyes instantly widened.

This Jiang Yu actually liked to show off so much.

Jiang Hai walked to Jiang Ran's side with a dark expression. Jiang Ran immediately seized the opportunity to complain to her father, "Dad, Look at my sister. She actually stole my limelight."

Jiang Hai questioned, "Did you get the waiter to dirty Yu-er's clothes?"

Jiang Ran panicked and quickly said, "No, I didn't do anything."

"No? I've seen the surveillance footage." Jiang Hai took a deep breath.

Jiang Ran's face was pale as she looked at her father aggrievedly. "But who told my sister to wear such beautiful clothes and steal my limelight?"

"Then did you send anyone else into the changing room?" Jiang Hai asked again.

Jiang Ran was stunned. "What other people? This really has nothing to do with me."

When Jiang Hai saw Jiang Ran's anxious look, he immediately sighed. "In short, after the ball ends, you can apologize to Yu'er and let this matter pass."

Jiang Ran immediately looked at her father with a defeated expression.

She really didn't do anything else. She only dirtied Jiang Yu's clothes.

Who did it? She was actually made to take the blame..

Chapter 170: Invitation Letter To The Birthday Banquet

On the other side, the dance ended.

Mo Long and Jiang Yu also stopped.

Jiang Ran and Jiang Hai walked over.

Jiang Ran reluctantly said to Jiang Yu, "It was my fault just now. I shouldn't have dirtied your clothes."

Jiang Yu looked at her coldly.

In that case, Jiang Ran didn't admit to the other matter.

"Yu'er, Ran Ran really didn't do anything else." Wei Juan heard the news and came over, hurriedly speaking up for Jiang Ran.

Jiang Ran was also very innocent. If she had known earlier, she would not have sent a waiter over. Now, the limelight was still stolen and she had even gotten herself into trouble.

"I will find out if it was you," Jiang Yu said coldly.

She had no intention of staying any longer and left with Mo Long.

When the other guests saw that Jiang Yu and Mo Long had left so early, they immediately started discussing.

"What's wrong?"

"It seems that Jiang Ran did something wrong just now. Haven't you heard that she apologized to Jiang Yu?"

"I heard that Jiang Ran was jealous of her sister's beauty..."

For a moment, everyone was discussing Jiang Ran.

Jiang Hai also felt a little embarrassed.

He hurriedly took the microphone and announced to everyone that Sun You and Jiang Ran were engaged.

...

Outside, Jiang Yu took off her mask and stood at the entrance, waiting for Mo Long to drive over.

Not far away, Kang Xue also came out with her parents.

When Kang Xue's parents saw Jiang Yu's profile, they immediately said in surprise, "Why does this person look a little familiar? Master, don't you think so?"

Kang Xue's father also looked over and immediately frowned. "We have indeed seen her somewhere before."

Kang Xue immediately explained, "That should be on the tabloid news. This person stole the movie queen's boyfriend. You should have seen this news."

Kang Xue's parents finally understood.

At this moment, Sun You and Jiang Ran walked over.

Sun You said to Kang Xue's parents, "I have something to tell you in private."

Sun You and Kang Xue's parents walked not far away before asking, "I heard that Old Master Kang is having a big birthday party and he's inviting a lot of people. Can you get an invitation for me?"

Sun You knew that Kang Xue's parents were distant relatives of that wealthy family in capital, so he deliberately came over to ask.

Kang Xue's parents said, "We can only get the invitation letter to the banquet hall outside, but we can't enter inside."

"It's fine. As long as there's an invitation letter, it's fine." Sun You immediately smiled.

The two of them originally wanted to build a good relationship with Sun You, so they immediately agreed.

"Oh right, I heard that the old man once lost his favorite daughter. I wonder how she is now?"

Kang Xue's parents immediately said, "Sigh, I heard that they are still looking for her. How can you find a needle in a haystack? However, if you can find her, I reckon that the situation in our family will change. The old man will definitely dote on this little daughter."

Sun You's eyes lit up when he heard that.

In that case, once the news that Jiang Ran and Jiang Yu were the daughter of that lost young miss spread out, he would also be able to bask in the glory.

When that time came, the Sun family would definitely be able to gain a foothold in the capital.

Not far away, Jiang Ran saw Jiang Yu and Mo Long get into the car together. Her expression immediately darkened.

She had just been accused by her father. Jiang Yu must have set her up. She had clearly not done anything, yet Jiang Yu had taken the opportunity to shift the blame onto her. It was simply detestable.

Sun You walked Kang Xue and the others away before walking back.

He took Jiang Ran's hand. "From today on, you are my fiancée."

Jiang Ran blushed when sun you looked at her gently. She answered softly.

Sun You asked tentatively, "Do you know the Kang family in the capital?"

Jiang Ran looked at Sun you confusedly. "I don't know them."

"Of course you don't know them now, but you will soon," Sun You said with a smile.

Jiang Ran was suddenly confused.
