

## Older Man 181

### Chapter 181: Must Have Received Money

Green Vine University.

Jiang Yu returned to class one.

Many students were still discussing about Dai Zhu.

"It seems like Dai Zhu won't be coming back."

"Sigh, it's a pity. Dai Zhu's results are obviously very good, but I didn't expect her to take someone else's script to participate in the competition."

"I heard that the Dai family's stock prices have dropped quite a bit."

"This person has bad character. Don't contact her anymore."

"Right, and Jiang Yu. She's always with Dai Zhu. She must have led people astray."

Everyone looked at Jiang Yu, who had just walked in.

They all knew that Jiang Yu had personally sent Dai Zhu home.

At this time, Jiang Yu was still standing with Dai Zhu. They must have the same bad character. No wonder she would steal someone else's boyfriend.

Jiang Yu was flipping through her phone as if she had not heard any of the discussions around her.

Zhuo Zheng had sent her a message saying that he wanted to invite her to a variety show to ask if she was interested.

Jiang Yu thought for a moment and was about to say something when someone else said, "The filming time is on the weekend. It won't affect your schooling and the pay is quite high."

Jiang Yu immediately said, "Alright."

Since she had to think of a way to earn more money on the weekend, it would be even better if she could go on a variety show. She could earn money while increasing her fame.

Jiang Yu hung up the phone and immediately heard the discussions around her change.

"Eh, there's a reversal on the Internet."

"Let me see. D \* mn, this author actually self-claimed that he plagiarized himself."

"The netizens who were criticizing me just now are all apologizing."

Only then did Jiang Yu pick up her phone to take a look.

As expected, she saw that there were a few new posts on the Internet.

It was the author who claimed to be the original author. Right now, he was putting on a very humble front, saying that he was the one who plagiarized, indicating that he had let Dai Zhu down.

Originally, there were many people who took advantage of this matter, and it had already become a hot topic.

With this revelation, it was immediately promoted.

“D \* mn, I didn’t expect there to be such a reversal. I’m blind.”

“It can’t be. Did the author receive money?”

“Why has his attitude changed so much all of a sudden? Is he trying to clear her name?”

“Does that mean that we have wronged Miss Dai previously?”

“What? This person is too disgusting.”

The spectators were stunned for a moment. Many of them felt that the tables had turned too quickly. Was there someone behind the scenes?

Otherwise, why would the people who was confronting Dai Zhu a second ago suddenly change his tone.

A second ago, he had sent a screenshot of Dai Zhu trying to bribe him. Now, he was apologizing?

For a moment, there were all kinds of guesses.

Jiang Yu also saw these comments.

She knew that it was impossible to completely eliminate the influence on Dai Zhu. She could only try to minimize the misunderstanding.

Jiang Yu opened her fan group.

She shouted in the group, “Everyone, get up and get to work.”

Previously, it was Dai Zhu who had hired the internet trolls to clear Jiang Yu’s name. Now, it was time to protect this loyal fan.

Very quickly, Jiang Yu’s true love fans were led by Jiang Yu to the Weibo comments section.

They immediately joined the discussion.

Jiang Yu also helped forward this clarification post: “The truth may be late, but it will not be absent. Support Dai Zhu. She is a very talented person!”

Once this post was posted, Jiang Yu’s fans all liked it and forwarded it.

“Right, Dai Zhu doesn’t need to plagiarize others at all. Her results in every exam are very good.”

“I know her. She has won many awards before. It is impossible for her to plagiarize the work of an unknown person who suddenly appeared out of nowhere.”

“Strongly support Dai Zhu!”

“Finally, someone has come forward to speak up. Don’t spread rumors, don’t believe rumors!”

“This person even admitted that he is slandering others. Isn’t it obvious enough?”

## **Chapter 182: The Tables Have Turned Once Again**

Many of Jiang Yu’s extremely hateful fans saw that Jiang Yu was actually speaking up for Dai Zhu and immediately found a way to attack Jiang Yu.

Some of the loyal fans of the movie queen were especially happy.

They immediately joined in the attack on Jiang Yu.

Sister Xia immediately gave Jiang Yu a call. “My little ancestor, you are in the middle of a storm right now. It wasn’t easy for the last attack to subside, but you are now in the limelight again.”

At this moment, Jiang Yu was leading her fans to confront those extreme fans who disliked her.

Jiang Yu even took the initiative to reply to the messages left by a few extreme fans who disliked her.

Every time Jiang Yu retorted, those extreme fans who disliked her would immediately jump for joy. No matter what Jiang Yu said, they would just speak in the opposite direction.

Jiang Yu raised her eyebrows when she saw this. She heard sister Xia say from the other side, “Don’t reply anymore. Every word you say has been maliciously trended on the Internet, saying that you have no sense of morality.”

“Sister Xia, don’t worry. I’ll make those extreme fans unable to cry even if they wanted to.”

She also wanted to let these extreme fans know what social death was.

Sister Xia said in disbelief, “Are you really confident?”

Jiang Yu nodded. “Just you wait and see. Since they’re jumping so happily now, they’ll be even happier later.

As expected, in a short while, even more information was revealed.

An even bigger piece of information.

It was the official announcement of the Dai family that they had kicked Dai Zi out of the family and removed her from the household registration.

“I didn’t expect that all this time, Dai Zi had actually poisoned her adoptive father. Is she still human?”

“So, Dai Zi stole Dai Zhu’s manuscript and deliberately framed her younger sister?”

“Oh my God, I had suspected that the person who suddenly apologized took money. Now it seems that Dai Zhu is indeed innocent.”

Jiang Yu raised her eyebrows when she saw this. She also agreed with Director Dai’s actions.

It didn't make sense if his own daughter was attacked on the Internet, and he had to cover up for an ingrate.

It seemed that Director Dai had really come to his senses.

The netizens immediately sighed.

"Oh right, I think I saw many fans scolding Dai Zhu previously. Those people should have stood up and publicly apologized. Their words were too excessive."

"That's right. Jiang Yu helped to say a few words and was even scolded on trending. The screenshots of those comments are still hanging on it."

"Now it seems that these extreme fans are really detestable. They're just doing it for the sake of slander. They're saying that there's nothing good about the rich and powerful. What kind of words is that?"

"Why are the fans of the movie queen so indiscriminate?"

For a moment, they were jumping around even more happily.

Some of the people who were still scolding and fighting under Jiang Yu's Weibo were still enjoying themselves when they were suddenly interrupted by someone.

"Stop scolding. Hurry up and delete the comments and apologize!"

By the time they reacted, they realized that the situation on the internet had been reversed. It turned out that Dai Zhu was really a complete victim.

Even the platform for the screenwriting competition had restored Dai Zhu's work and continued her participation in the competition.

Ah this...

The extreme fans' faces immediately darkened when they saw what they had just cursed.

Was there still time to retract it?

Hurry up and delete it!

Hence, Jiang Yu realized that under her comment section, there were all kinds of extreme fans who were busy deleting posts.

Jiang Yu smiled and posted another Weibo post: "It's useless to delete it. I've taken screenshots."

Those extreme fans immediately wanted to cry but had no tears.

"Great-aunt, I was wrong. Please don't post me. I admit that my comments were inappropriate."

"It's all personal actions. Please don't escalate to our idol. Our idol is innocent."

"We hereby solemnly apologize to Dai Zhu and Jiang Yu for our excessive behavior."

At the same time in the entertainment company, Sister Xia stood worriedly on the news of Jiang Yu, who had been scolded and trended on the Internet.

Just as she was considering whether to get someone to remove these trending topics, she saw a reversal on the internet.

Then, when she looked at Jiang Yu's Weibo, there was no longer comments scolding her, but people kneeling on the ground and begging for mercy.

Sister Xia: "..."

In the end, not only did Jiang Yu not get scolded, but she also gained a lot of fans for upholding justice this time.

### **Chapter 183: 183 was expelled from the fan club**

When the students of class one saw Jiang Yu being scolded on the hot searches, they all watched with great interest.

They did not expect that in the blink of an eye, there would be all kinds of comments begging for mercy and apologizing.

Everyone was dumbfounded. At this moment, they looked over at Jiang Yu and saw that there was no expression on Jiang Yu's face. She was casually propping up her chin and flipping through a book.

She didn't pay any attention to those people on the internet, alright?

At this moment, everyone felt a moment of silence for those people who had scolded Jiang Yu on the Internet.

It seemed that those people would really have to be on trending for a few days.

Jiang Yu wasn't someone who was easy to talk to.

On the internet, those extreme fans felt that they had apologized and said nice things. They were just waiting for Jiang Yu to calm things down.

In the end, the comments that cursed Jiang Yu were still hanging there.

No matter what, no one was going to retract them.

This...

These were all screenshots of the content that Jiang Yu had previously posted that had been cursed at. Furthermore, they had been promoted to the top searches by the extreme fans.

They had lifted a rock to hit their own feet.

Not only were the extreme fans scolded by the netizens, they had even implicated their idols.

"The fans of the movie queen don't seem to be of good quality."

"How can someone say such thoughtless words?"

"I often see the fans of the movie queen making brainless comments."

With that, the fans of the movie queen immediately stood up.

“These extreme fans have already been expelled from our fan club. Please don’t raise their personal behavior to the level of the idols themselves.”

“That’s right. The movie queen is focused on filming and has no time to manage her fans. Please don’t associate these people’s individual actions with our fan club.”

“Our fans will definitely manage their own words well. Those who don’t speak properly will also be expelled from our fan club.”

For a moment, those extreme fans who went to vilify Jiang Yu in order to protect the movie queen were instantly dumbfounded.

They didn’t expect that loyal fans like them would actually be abandoned by the fan club.

This was too tragic.

The extreme fans really wanted to cry but had no tears this time.

By the time Jiang Yu finished school at noon, the discussion on the internet about this matter had already settled down.

In order to create a kinder character for Jiang Yu, sister Xia ultimately removed those trending posts.

Those extreme fans were still silently paying attention to Jiang Yu. However, ever since they were kicked out of the fan club, they no longer had the mood to deal with Jiang Yu.

After all, they had done so for the sake of the movie queen. Now that the movie queen had abandoned them, they could not find their backbone for a moment.

In the end, when they saw that Jiang Yu had quietly removed the trending posts, they were instantly filled with gratitude.

They did not expect that Jiang Yu, who had been scolded so miserably by them, would actually choose to let them off.

For a time, many extreme fans swore that they would never scold Jiang Yu again.

Some even silently joined Jiang Yu’s fan club.

It was probably because they were disappointed with the fan club, so they joined Jiang Yu’s side in a fit of pique.

When Dai Zhu returned to school in the afternoon, Jiang Yu discovered that the number of her fan club members had skyrocketed.

The verification message for joining the group was: “Turning over a new leaf.”

Jiang Yu: “...”

By the time Dai Zhu arrived at school, everyone’s discussion of her had already changed.

“Dai Zhu is too pitiful. She was actually framed by her own family.”

"I heard that the Dai family treated that adopted daughter very well. I didn't expect that it would end up like this."

"If the truth wasn't revealed this time, she would have been expelled from school. She would be stained for the rest of her life."

"Actually, Dai Zhu's grades have always been pretty good. I never believed that she plagiarized."

"The rich are really willing to do anything to seize the family property."

"Dai Zhu actually still has the mood to come back to school right away. She's too hardworking."

"I heard that Dai Zhu has a chance of winning first place in this competition.. Let's go and help her vote."

#### **Chapter 184: Zhuo Zheng's Recommendation**

On the set of a certain movie, Li Yue had just finished filming a scene.

She had just returned to the resting area when she saw her assistant frowning. It was unknown what he was looking at.

"What's wrong?" Li Yue asked.

The assistant said helplessly, "Sister Li, many of our loyal fans have been trended on Weibo."

Li Yue picked up her phone and took a look. She saw that her fans had actually been trended because they had randomly scolded Jiang Yu.

But very quickly, that trending search had actually been withdrawn.

Li Yue instantly heaved a sigh of relief. "Tell those fans to be more careful next time."

If they wanted to scold Jiang Yu, they had to find a good reason. How could they be so brainless and let others easily catch onto them.

In the end, they had even damaged her own image.

The assistant hurriedly said, "These fans won't be able to do it again. They have already been expelled from our fan club."

Li Yue felt that it was a pity. The rule of expulsion was designed by Li Yue to restrict her fans.

As long as the fans didn't cause trouble for her, everything would be fine. Once the fans threatened her image, she would immediately expel them without a second thought.

However, she had many fans anyway. She didn't lack these few loyal fans.

At this moment, Li Yue saw Zhuo Zheng forwarding the variety show that he was going to participate in. Jiang Yu's name was on it.

Li Yue was stunned for a moment before she frowned. "How did Jiang Yu get on such an important variety show?!"

This variety show was only for some of the more famous artistes. Zhuo Zheng's song had been very popular recently, so it was normal for him to be invited. But Jiang Yu... What right did she have?

Li Yue's expression instantly turned cold as she made a call.

"I heard that a variety show has invited you to participate in the show?"

...

On Friday night, Sister Xia passed a document to Jiang Yu.

"This is the guest list for this 'Mountain Cabin'. This time, you can actually participate in such a large-scale variety show. You must seize this opportunity to show your face more often and create good connections."

Sister Xia also didn't expect that the director of Mountain Cabin would personally come to the company and say that he wanted to invite the company's artistes to participate.

Sister Xia originally thought that he wanted to invite another male celebrity who was currently popular under her name.

In the end, the director actually said that he wanted to invite Jiang Yu.

Moreover, the filming of the show could take into account Jiang Yu's time. It would only be filmed on the weekends!

Sister Xia suddenly understood that such a good thing actually happened. It must be because of Mo Long. Otherwise, why would the director have such a clear purpose to invite Jiang Yu to the show.

Unexpectedly, the director said, "It's because Zhuo Zheng strongly recommended her."

Sister Xia:"..." Jiang Yu was actually on such good terms with Zhuo Zheng, and he strongly recommended her?

Wasn't Zhuo Zheng a good friend of the movie queen? He actually helped Jiang Yu so much.

It was unbelievable.

Could it be that Jiang Yu's charm was too great, causing Zhuo Zheng to betray her?

Sister Xia immediately told Jiang Yu about this matter. "This time, Zhuo Zheng fought for the job for you."

Jiang Yu also said in surprise, "There's such a thing?"

She remembered that Zhuo Zheng had said the last time that the two of them did not owe each other anything.

Didn't he already return the favor?

In the end, when Jiang Yu called to inquire, Zhuo Zheng said, "I still owe you a favor. The reason why my song was able to reach the top of the charts was because of your good acting in the music video. It was eye-catching."

Jiang Yu said, "Are you secretly praising me for being beautiful?"

Zhuo Zheng said, "It's because your temperament was just right for the shoot, so I have to thank you. However, after this variety show is over, we are even."

Jiang Yu:"..." Why did this sentence sound so familiar.

Oh right, when he said that he wanted her to film the female lead of the MV, Zhuo Zheng had said the same thing.

They were even.

Hur hur, in the end...

Jiang Yu looked through the list of guests. One of them was Zhuo Zheng. This person had acted in movies before and became a professional singer. Jiang Yu basically knew all the information about him.

Then, she looked at the next one. Li Lu...

It was really a narrow road for enemies.

There was also an actress from the same company as the movie queen.

### **Chapter 185: The Enemy Is Too Strong**

That night, Jiang Yu arrived at the apartment.

She happened to see that Mo Long had already prepared his luggage.

Jiang Yu asked in surprise, "Are you going on a business trip?"

Mo Long nodded. "I have something to take care of overseas."

Jiang Yu understood and said, "Then I'll wait for you to come back."

Mo Long reluctantly planted a kiss on her forehead. Knowing that she was going to go on a variety show tomorrow, he immediately said, "I'll watch your live broadcast."

Tomorrow's "Mountain Cabin" was broadcasted live all day.

Even if Mo Long went overseas, he could still see Jiang Yu's performance through the internet.

Mo Long thought for a moment and said, "See if there are any other men who take the initiative to approach you. If there are, I'll immediately fly back."

Jiang Yu blinked. "I know. You're so worried about me."

"It's because you're too charming," Mo Long said helplessly.

Jiang Yu didn't even know that when she became confident, she was more charming than any other celebrity.

Even Li Yue wasn't as dazzling as Jiang Yu.

Given time, Jiang Yu would definitely gain a foothold in the entertainment industry.

Just by shooting a few scenes in the music video, she was able to make that song stay at the top of the charts for a few days.

It was enough to show that this person had great potential.

After sending off Mo Long, Jiang Yu got into the car arranged by the company the next day and headed to the filming location of the variety show.

As soon as Jiang Yu got into the car, there were already live cameras aimed at her.

When the audience in the live broadcast room saw Jiang Yu, they immediately started discussing crazily.

“Why is it getting more and more remote outside? Could it be that the filming location this time is in a remote mountain area?”

“Jiang Yu can actually participate in this program? Jiang Yu doesn’t have many works, right?”

“Aiya, Jiang Yu’s looks are really too perfect.”

“I saw Li Lu. Li Lu is also participating in this program.”

“And Zhuo Zheng. Zhuo Zheng has already arrived.”

“It’s actually in such a beautiful place.”

“Goddess Wu Ling is also here.”

“I feel like Jiang Yu is going to be isolated this time. The people who are here are all Li Yue’s good friends.”

Zhuo Zheng was Li Yue’s good friend, Li Lu was Li Yue’s biological sister, and Wu Ling was Li Yue’s best friend.

These few people gathered together and appeared on the show together with Jiang Yu.

Jiang Yu’s loyal fans all expressed that Jiang Yu was in danger!

“Aiya, I thought it was a good thing for sister to appear on this show. I didn’t expect it to be this lineup!”

“Sister will not be bullied and isolated on the show, right?”

“Goddess Jiang can still read calmly. I’m really worried for goddess Jiang.”

“Aiya, Zhuo Zheng has already greeted Wu Ling. The two of them are having a good conversation.”

“Jiang Yu, wake up quickly. You’re still so calm.”

In the footage, Jiang Yu’s car was slowly approaching the filming location.

Only then did Jiang Yu realize that the filming location this time was in a rural area in a relatively remote mountainous area.

Upon reaching the destination, Jiang Yu alighted from the car and saw that the other guests had already arrived.

Li Lu looked at Jiang Yu mockingly. She didn't expect Jiang Yu to actually dare to come.

Meanwhile, Wu Ling's cold gaze casually swept across Jiang Yu. She had specially received a call from Li Yue before coming over. Wu Ling was already very famous and she was even filming the female lead of another movie. She simply couldn't spare much time to film variety shows. But Li Yue had just called and said that her fans had been snatched by Jiang Yu and she had even been scolded for no reason during filming. They said that her fans had bad moral and this caused Li Yue to be very depressed.

Hence, Wu Ling had specially come over to participate in this program. She wanted to teach Jiang Yu a lesson.

Zhuo Zheng turned his head to look at Jiang Yu.

When he saw that Jiang Yu was carrying a large backpack and a large suitcase, he immediately frowned.

She didn't bring her assistant?

Therefore, Zhuo Zheng subconsciously walked towards Jiang Yu and took her suitcase in a gentlemanly manner. "Let me help you."

At that moment, Zhuo Zheng didn't know that the two female guests behind him had their eyes wide open.

## **Chapter 186: Rough House Scam**

Jiang Yu paused. She didn't expect Zhuo Zheng to be such a gentleman.

The audience in the live broadcast room exploded.

"Why is Zhuo Zheng treating Jiang Yu so well? Whose side is he on?"

"What's The big deal? Zhuo Zheng has always been a gentleman. When he saw a woman carrying so much luggage, he would take the initiative to help her, right?"

"This Jiang Yu is too pretentious. She brought so much luggage. Those who don't know would think that she's going to stay here for a year or so."

"Wu Ling and Li Lu only brought a small luggage. It's not as exaggerated as Jiang Yu's."

"Those who don't know would think that Jiang Yu is some big shot celebrity. In the end, she's the worst among the few guests present."

"That's why Jiang Yu is too pretentious. I don't like pretentious."

"So what if our goddess Jiang has more luggage? Who knows, she might be useful for the upcoming program?"

"That's right, the program doesn't have any rules saying that you can't bring too much luggage. Don't be so brainless and scold her again."

For a moment, a few of Li Yue's fans were speechless.

The brainless scolding had been applied to Li Yue's fans recently. They were still in a sensitive period recently.

The fan club members had issued a notice to remind their fans that they had to pay attention to their words and actions recently. If they wanted to scold them, they had to scold them with evidence. Otherwise, there would be no reason.

For a moment, Li Yue's fans restrained themselves.

In the live broadcast, the four guests were present.

Only then did the director start to announce the program's rules.

"We have prepared four rough houses. The things that need to be added to them will need to be exchanged by obtaining a thank-you card. Each thank-you card can be exchanged for a type of furniture. You can help each other or fight alone. In the end, the person with the best decorated house and the person gets the most votes from the villagers will be the winner of this episode."

"The first episode will be filmed for two days," said the director.

Zhuo Zheng asked subconsciously, "Then what if we don't have enough furniture? Will we have to stay in this room for the next two days?"

The director smiled and said, "Yes, we will initially provide tents and food, but for the other things, you will have to rely on getting thank-you cards to get them."

"How do we obtain the thank-you cards?" Li Lu was eager to try. She had to win against Jiang Yu on the show. Her eyes immediately lit up.

The director said, "The thank-you cards can be obtained through your help. There are also hidden cards that you need to find yourself."

The few guests immediately fell into deep thought. There were actually hidden cards. They did not know the contents of the cards for the time being?

"Alright, you can now move into the small room and carry out the task of obtaining the thank you card and hidden card today. We have already listed out the items that can be exchanged and placed them in their respective rooms."

After saying that, the few guests turned their heads and pushed their luggage into the few rough rooms.

On the screen, when Li Lu saw that the few rooms inside were really empty, her face immediately turned green.

Zhuo Zheng also walked into one of the rooms, and the corners of his mouth could not help but twitch.

He only saw a tent in the middle of one of the rooms. There was no furniture at all. How was one supposed to live like this?

Wu Ling pushed the door open and walked in. Then, she backed out again. She looked at the cameraman and asked, "There's not even a table or chair?"

Wasn't this too much of a scam?

The cameraman nodded, and Wu Ling was immediately horrified.

This show was too much of a scam. She had originally thought that the guests were just casually doing missions, but she had never expected that they would go so far as to really start from scratch.

On the other side, Jiang Yu pushed open the door to a room in the corner. After entering, there was no expression on her face.

She placed her luggage and backpack down.

Then, she took out a compressed quilt from the inside, shook it open, and spread it out.

She spread it across the tent. It was obvious that it was extremely warm.

Then, the audience saw Jiang Yu take out an axe from her backpack and walk out without looking back.

The audience: "What is this person trying to do?"

### **Chapter 187: What Is She Doing With An Axe**

The audience in the live broadcast room saw that the other guests had gone to get the album that was placed in the room.

There was furniture that could be exchanged on it. It stated how many thank-you cards were needed to exchange for each piece of furniture. The guests were looking at the photos of the furniture and considering which type of furniture to exchange for first.

Zhuo Zheng: "What I want to exchange for the most is the piano. When I have time, I can play and compose in the small room."

Li Lu: "If only I had a princess bed first. I really don't want to sleep in a tent."

Wu Ling: "To exchange for the bookshelves in the study, I need three thank-you cards. Looks like I have to work hard."

In the live broadcast room: "Zhuo Zheng is indeed a music talent. Is he thinking of composing songs at this time?"

"Li Lu actually wants a princess bed the most. As expected of someone born into a good family. She can't endure the hardships here."

"Wu Ling has been studying very hard. The first thing she wants is a study room. You have to work hard."

"Eh, where did Jiang Yu go?"

"I think she went out with an axe."

Only the camera footage of Jiang Yu's room was empty.

When Jiang Yu's cameraman saw Jiang Yu leave, he immediately followed her unsteadily.

When he saw Jiang Yu walking further and further away, the cameraman was a little surprised.

Then, he saw Jiang Yu stop in front of him.

He saw Jiang Yu propping up her chin and looking at a tree in front of her. Then, she turned around and asked the cameraman, "Can these trees be used?"

The cameraman nodded and said, "These trees can be used."

When Jiang Yu heard this, she looked as if she really wanted to make a move on the tree in front of her.

The people in the live broadcast room burst into laughter. "Jiang Yu is too whimsical. Is she planning to make her own furniture? Isn't she going to die from exhaustion?"

"Does she know that it takes a lot of effort just to cut down a tree? Look at her tiny arms and legs. She can't even play with them."

"The other guests are following the program's rules and thinking of ways to get a thank-you card to exchange for furniture. Only Jiang Yu is so maverick. Is she deliberately setting up a persona on the program to make herself seem different from the rest?"

"Let's go watch the other guests' live broadcast. Jiang Yu's live broadcast isn't interesting at all. We're not here to watch a small actor."

For a moment, many people went to watch the other guests' live broadcast.

Meanwhile, the number of people online in Jiang Yu's live broadcast room had decreased.

The live broadcast room was cut to Zhuo Zheng's side. Zhuo Zheng's piano required three thank-you cards to exchange for it. At this moment, Zhuo Zheng was asking the villagers which families had thank-you cards and was collecting information.

The audience watched with great interest. "Write it down. This is all useful information."

"I feel that Zhuo Zheng is very meticulous in his work. He will definitely get the most thank-you cards."

"The other female guests are still running around aimlessly. Only Zhuo Zheng has started to make his move."

"Li Lu is still fiddling with her cosmetics."

At this moment, someone in the main stream room suddenly said, "Everyone, come and take a look. There's a Hercules monster here!"

The audience was dumbfounded.

The main director was also stunned for a moment. Then, when he heard that Jiang Yu was actually cutting down trees, he immediately switched the scene to Jiang Yu's broadcast room.

Immediately, there was a "Boom".

Jiang Yu's axe struck down, and the tree that originally needed a strong man to chop a few times actually fell to the ground.

Everyone could feel that the cameraman was trembling as well.

"Am I seeing things? This should be the result of a long time of chopping. It's impossible for it to be broken by one swing of an axe."

"You're wrong. It was really broken by a single strike. I watched it online the whole time. There's no mistake."

The cameraman was no longer in a lazy state.

When Jiang Yu chopped down a tree, he was already in high spirits. At this moment, he was focusing on Jiang Yu.

Then, she saw Jiang Yu reach out and carry the tree on her shoulder.

Like a Hercules, she carried the entire tree away.

The cameraman: "..."

The audience: ".... Ah ah, there's a Hercules monster here."

### **Chapter 188: She's A Carpenter**

For a moment, many of the new viewers were dumbfounded.

They saw the delicate and weak Jiang Yu carrying such a big tree and walking straight back.

Everyone was already in a mess.

"Damn, this tree is actually a prop, right? Made out of sponges?"

"That's absolutely impossible. I saw her cut down the tree with my own eyes. It's real."

"So, isn't this a show where you exchange a thank-you card for furniture? What is Jiang Yu doing?"

"I think she wants to make her own furniture!"

"That's impossible, okay? Could she be a carpenter?"

"It will take at least a few days to make a whole house of furniture, right? It's better to help the villagers and exchange the thank-you card."

Soon, Jiang Yu carried the tree into the yard.

Then, she chopped the tree into small pieces effortlessly.

Then, Jiang Yu went to the villagers and borrowed some tools to make furniture.

Then, she began hacking away on the wood.

Li Lu and Wu Ling had just come out of the room.

They saw Jiang Yu casually placing the cut wood on the floor.

“What are you doing?”

Even Li Lu and Wu Ling, who had seen too much of the world, were stunned by Jiang Yu’s actions.

At this moment, Jiang Yu was actually doing carpentry?

Jiang Yu knocked on the boards with her head and quickly finished making the four small chairs.

Li Lu and Wu Ling:” ...”

She had actually succeeded.

Li Lu walked over in disbelief and sat down on a chair, wanting to see if Jiang Yu’s work could be used.

In the end, it turned out to be very practical.

“Jiang Yu, can you give me one of your chairs?”

“I need a bed in my room.” Li Lu had already forgotten that she was on bad terms with Jiang Yu. When she thought about how Jiang Yu had actually made so many pieces of furniture, her eyes immediately lit up.

When Zhuo Zheng returned with a thank-you card, he saw that Li Lu and Wu Ling were already petrified on the spot.

Tables, chairs, beds, and closets were all ready in front of them.

These were the simplest things. If one exchanged them with the film crew, they would have to spend at least one thank-you card for each item.

But now, Jiang Yu... had saved at least a dozen thank-you cards.

Everyone: “...”

“What did you just say?” Jiang Yu looked up at Li Lu.

At this moment, Li Lu was stunned by Jiang Yu’s carpentry skills.

Moreover, the bed made by Jiang Yu was not a simple bed. It was actually as beautiful as the one sold in the mall. Li Lu was seeing stars.

“Jiang Yu, can you make a bed like this for me?” Li Lu asked.

Jiang Yu nodded. “Sure.”

Immediately, Wu Ling also said, “I want a bed too.”

Zhuo Zheng’s thank you card could at most exchange for a table. He needed three thank you cards to exchange for a bed.

Now, he was also looking at Jiang Yu with envy.

Just as Zhuo Zheng said that he wanted a table from Jiang Yu...

Jiang Yu said, "A bed, three thank you cards, and a table, one thank you card."

Instantly, the other guests were dumbfounded.

"What's the difference between this and us exchanging with the program team?"

"That's right. The furniture that the program team exchanged for is even better looking." Li Lu also frowned.

Jiang Yu spread out his hands. "I'm different. My furniture can be given at a loan and I can give it to you first. In the future, when you have a thank-you card, you can pay me. Think about it. You can use the tables, chairs, and beds today. You don't have to squeeze into the tent today. Isn't it worth it to enjoy the furniture in advance?"

The other guests' eyes lit up when they heard that especially Zhuo Zheng. He had just been busy for half a day before he was able to exchange for a thank-you card.

He reckoned that he wouldn't be able to exchange for many things today.

However, they would be staying in rough house tonight.

It would indeed be very inconvenient if they didn't have everything.

## **Chapter 189: Lending**

"Alright, I want a bed." Li Lu gritted her teeth and said.

Wu Ling Thought for a moment and said, "Then can you help me get a desk? I'll borrow it."

Jiang Yu smiled and said, "Sure."

Therefore, Wu Ling and Li Lu each owed five thank-you cards to Jiang Yu. Even Zhuo Zheng owed three thank-you cards to Jiang Yu.

This meant that Jiang Yu already had thirteen thank-you cards even though she had yet to obtain these thank-you cards.

The program team was already stunned by Jiang Yu's actions.

According to their design, it would take at least half a day for a guest to get a thank-you card. At most, she could only get one thank-you card a day.

But now, after only half a day, Jiang Yu had already received thirteen thank-you cards.

This...

"I thought Jiang Yu would be isolated on the show, but I didn't expect her to be the biggest winner."

"13 thank-you cards? I remember that Zhuo Zheng just got one thank-you card, but it took him half a day to get it after working in the vegetable field!"

"So, in the future, all the thank-you cards that the other guests get will be given to Jiang Yu?"

“That can’t be helped. We can’t really let these guests stay in the roughcast house tonight, right? We still have basic furniture.”

At the same time in the director’s studio.

“Director, why don’t we let loan as well? Otherwise, if the guest’s get thank-you card, it’ll all be Jiang Yu’s.”

The director looked at the live broadcast screen helplessly.

Seeing the other guests happily moving the furniture to their respective rooms, looking very satisfied, he felt very helpless.

Originally, this first episode was meant to create all sorts of awkward situations for the guests in order to attract the audience.

Who would have thought!

“Director, Jiang Yu’s live broadcast room is full now!”

Just now, when Jiang Yu was making furniture, she actually attracted a large number of viewers.

The director was originally worried about the program’s rules, but when he saw the number of viewers, his mood instantly improved.

“In the future, when Jiang Yu is making furniture, switch to Jiang Yu’s live broadcast room.”

“Yes,” The assistant quickly said.

After Jiang Yu finished her business, she went into the room and took out her suitcase.

Soon, Jiang Yu tidied up the room neatly.

The bed, the table, the chairs.

Only Jiang Yu’s room had a wardrobe.

It was already very lively.

The other guests were already tidying up the room.

But...

When it was time for lunch, the guests were worried because they didn’t even have a stove.

But they did have the materials provided by the program team, all kinds of vegetables and rice.

The director liked to see the guests’ conflicted expressions.

“Because your pots and pans haven’t been exchanged yet, you have to think of a way for this meal,” the staff said mercilessly.

Li Lu and Wu Ling were already starving.

Zhuo Zheng and Jiang Yu had been busy for a long time in the morning and were already hungry.

In the end, they could only look at the vegetables and rice. There was no kitchen equipment to cook them.

"I do have an idea!" Jiang Yu said.

The other guests looked at Jiang Yu in surprise.

Li Lu and Wu Ling also remembered that they were on bad terms with Jiang Yu and immediately looked at her disdainfully.

"Don't tell me that you can still make pots and pans?"

"You're not going to say that you want everyone to freeload off the villagers, are you?"

"That's right. Why do you always want to be in the limelight?"

Now, the guests were feeling a little uncomfortable because they owed Jiang Yu a thank-you card.

They immediately began to criticize Jiang Yu.

Zhuo Zheng raised his eyebrows and was very curious about what ideas Jiang Yu had. "What ideas do you have?"

Jiang Yu said, "We can grill something and eat it."

However, there were only vegetables and no chicken, duck, or fish. It was not that easy to control.

The audience in the live broadcast room was instantly amused.

"This is too whimsical."

"Is she going to grill vegetables?"

## **Chapter 190: No Food To Eat**

"I feel like Jiang Yu is going to make herself awkward this time. She likes to show off the most!"

"I just feel that this person loves to show off. Let's see what she can do?"

"I bet that she will definitely make herself awkward this time."

"It's better to do the mission honestly and get a thank-you card to exchange for pots and pans. It should be fine to be starved just a meal."

The executive director was also laughing like crazy.

When he saw the depressed faces of a few guests, he felt that the design this time was very interesting.

Moreover, the executive director had also arranged for the villagers to come over later to make requests. Only when the guests helped the villagers with a small favor could they go to the villagers' place to eat.

However, this would only be mentioned by the staff after the audience had seen the depressed guests.

Now, they still needed to film more scenes where the guests was at a loss and see what stupid things they could do.

This way, they would have the material for the show.

To be honest, the fact that the program team only provided vegetables and rice was really too ridiculous.

“What are you grilling?” Zhuo Zheng continued asking.

Jiang Yu did not answer. Instead, she walked out and said, “I’ll be back very soon.”

When they saw that Jiang Yu was going to think of a way, Li Lu and Wu Ling were disappointed.

They did not think that Jiang Yu could think of a way.

“I think I’ll go around and see if I can help the villagers and get a thank-you card! At least exchange for the wok. With the wok, it’ll be easier to cook,” Li Lu said to the camera. “At least everyone will have something to eat, right?”

The audience instantly had a good impression of Li Lu. This was what real work was all about.

Wu Ling also sighed helplessly and said, “I’ll go with you.”

When Zhuo Zheng saw Jiang Yu leave, he couldn’t help but be curious and chased after her.

The audience was instantly dumbfounded.

“Eh, why did Zhuo Zheng leave with Jiang Yu?”

“No, could it be that these two people had friendship after filming that MV? I thought Zhuo Zheng would have more topics to talk about with Wu Ling and Li Lu.”

“My Jiang Yu is finally not isolated. That’s great.”

“My Jiang Yu is the best.”

“Director, at this time, which guest should we focus on?” The assistant quickly asked.

The guests were divided into two groups.

Many of the audience also expressed that they wanted to see how Li Lu and Wu Ling would help the villagers. They did not want to see that little transparent actress, Jiang Yu.

Hence, the director said, “Cut to Wu Ling’s side.”

In the live broadcast, it quickly changed to Wu Ling and Li Lu’s side.

As for Zhuo Zheng, because he was following Jiang Yu, he was taken away from the scene.

He could only be seen in their respective live broadcast rooms.

The fans in the live broadcast room immediately sighed. “Give me back brother Zhuo Zheng.”

“It feels like my Zhuo Zheng has been kidnapped by Jiang Yu.”

"It's all because of Jiang Yu's mischief that my brother Zhuo Zheng's camera scene is gone. Looks like I can only go to my brother's broadcasting room to take a look."

"Sigh, Jiang Yu just cheated my brother out of a few thank-you cards. It's really infuriating."

"Just to be clear, the furniture that Jiang Yu just made is indeed very practical and very beautiful."

"What's the use of knowing how to make furniture? If she has the ability, then make food. All she knows is bragging!"

"Let's wait and see how things become awkward for Jiang Yu."

On the other side, Wu Ling and Li Lu asked a few villagers what tasks they needed to complete.

However, the tasks that the villagers mentioned would take several hours to complete.

For a moment, the two female guests were very disappointed.

On the other side, the director was preparing to let the villagers who had been arranged to go on stage and invite them over for dinner. However, they needed to help with some small tasks.

Just as the director was about to announce the results, he saw the fans in the live broadcast room seething with excitement.

"She really found food casually. It's so exciting. Quick, go and watch Jiang Yu's live broadcast room."

"Oh my God, I've never seen someone with such good aim."

"D \* mn, what happened again? I want to go and see."

For a moment, everyone was attracted to Jiang Yu's live broadcast room.

The director was puzzled for a moment, then he decisively went to watch Jiang Yu's live broadcast room.

When he saw the scene at the scene, the director's mouth was so wide open that he couldn't close it.
