

## **Older Man 211**

### **Chapter 211: Actually Sleeping In**

In the car, Wu Ling lowered her head and sent a message.

Her phone would only be confiscated when they reached the filming location. At this moment, Wu Ling hurriedly informed Li Yue about her being in the same team with Jiang Yu and made it clear that she would definitely not help Jiang Yu.

On the other side, Li Yue casually glanced at the message before filming started and instantly sneered.

Wu Ling promised not cooperate and Li Lu also sent a message that she must avenge her past humiliation.

Li Yue guaranteed that Jiang Yu would definitely be isolated in this round.

Li Yue sent an encouraging emoji before throwing away her phone and went to film.

Although Wu Ling only received one emoji, she could not help but smile.

The reason why Wu Ling was so good to Li Yue and listened to her was because when Wu Ling and Li Yue were filming together, it was Li Yue who helped Wu Ling get the role of the second female lead.

Initially, Wu Ling wanted to play the first female lead, but she could not compete with Li Yue in the audition and was rejected. She did not expect to get the role of the second female lead later on. It was said that Li Yue helped her get the role.

At that time, Wu Ling felt that Li Yue was very magnanimous and treated Li Yue very well during the filming. From then on, the two of them became good friends who talked about everything.

Wu Ling looked at the door and saw that the car had entered the zoo. She immediately had an idea.

When she turned her head, she saw Jiang Yu leaning against the car window without any personal image. She was already asleep.

The car stopped and the driver turned around. He was a little confused.

Wu Ling was not in a hurry to get out of the car.

Jiang Yu was sleeping.

Why was this group of guests not motivated at all?

Just as the driver was about to speak, Wu Ling suddenly made a shush gesture.

The driver immediately shut up and looked at Wu Ling in surprise.

Wu Ling whispered, "Let her sleep a little longer. Poor thing. She probably couldn't get used to sleeping at the Mountain Lodge last night."

After saying that, Wu Ling got out of the car and gently closed the door.

She didn't plan to work hard anyways to help Jiang Yu get first place.

Wouldn't it be perfect to watch Jiang Yu sleep now?

Let Jiang Yu go to sleep, let Li Lu's group get first place.

Wu Ling's mind sank, but she looked like she cared about her teammates. She specifically told driver to wait until Jiang Yu woke up naturally.

Then, she walked away.

Jiang Yu had actually woken up when the car arrived. But before she opened her eyes, she heard Wu Ling's caring voice, so she simply kept her eyes closed.

Not long after Wu Ling left, Jiang Yu pretended to stretch.

The cameraman who was debating whether to wake Jiang Yu up was shocked and relieved when he saw Jiang Yu wake up.

The cameraman thought that he would doing the same thing today as he did yesterday. He didn't have anything to do and was just staring at the sky in a daze.

Jiang Yu opened the car door and got off the ground. She took a breath of fresh air and glanced at the zoo sign in front of her. She smiled and said, "Let's go."

The cameraman did not know why Jiang Yu was smiling, but he still followed her obediently. She had already separated from her teammate. What was so funny?

Li Lu and Zhuo Zheng had already gotten off the car in a hurry a few minutes ago.

Then, they began to search for the cards in all the hidden corners of the zoo.

In the end, they really did find one behind a trash can.

Li Lu's eyes lit up when she saw Zhuo Zheng take out the card.

She suddenly felt that today's victory was in Zhuo Zheng's hands.

She had no idea that there were simply too many cards in this zoo.

Just as the two of them carefully put the cards into their bags, Wu Ling walked over unsteadily not far away.

Unlike Zhuo Zheng and Li Lu who took the initiative to look for the card, Wu Ling was like an old lady walking in the park.

Wu Ling walked towards the two of them.

When she found out that Li Lu and the others had gotten a card, she smiled and said, "Congratulations, you guys are really lucky.. Unlike me, my teammate is still sleeping in! I guess I can't compete with you guys today."

## **Chapter 212: Found A Card Hive**

Wu Ling had already thought of the excuse. If she lost today, it was not because she was not good enough, but because her teammate was not good enough.

“What? Jiang Yu is sleeping in? Doesn’t she love to rest too much?”

Li Lu was dumbfounded, but when she came back to her senses, an excited look flashed across her face.

She and Wu Ling looked at each other. Both of them knew tacitly that it was time to teach Jiang Yu a lesson today. They absolutely could not let Jiang Yu get first place.

Li Lu was even more relieved. After confirming with Wu Ling, she excitedly pulled Zhuo Zheng to continue looking for the mission card.

Zhuo Zheng was also very surprised. Why did Jiang Yu make such a serious mistake at this time?

Wasn’t she giving first place to someone else?

Was this because she had earned too much from the thank-you card and didn’t want to work hard anymore?

Wu Ling, on the other hand, continued to pretend to look for the card.

As she walked, she really did find one.

Wu Ling hesitated for a moment. This card was already so obvious. It wouldn’t be good to pretend that she didn’t see it.

It was probably because the morning wind was too strong. The mission card, which was hidden very well, was actually blown down from the roof.

It fell on the ground not far in front of Wu Ling.

It was so bright. Wu Ling bent down to pick it up and pretended to be excited as she jumped. “Great, I finally found one.”

A child at the side pointed at Wu Ling and said in surprise, “Mommy, look. That young lady is so childish.”

Wu Ling: “...”

The child’s mother quickly pulled the child to apologize to the celebrity.

They were all tourists that the program team had deliberately let into the zoo to prevent the zoo from being empty and ugly during filming.

In the live broadcast room, the netizens compared the situation of the two pairs of guests and immediately sympathized with Wu Ling.

“Poor Wu Ling. Even if she finds a card, she probably won’t be able to take first place today.”

“Sigh, Jiang Yu is probably still sleeping at this time.”

“Wu Ling is too miserable. She’s so excited just because she got a card. It’s a waste of her happiness.”

“She has a pig teammate. Her luck is too bad.”

The screen switched between Zhuo Zheng’s side and Wu Ling’s side, while Jiang Yu’s side didn’t have any screen.

Therefore, the audience felt that Jiang Yu was probably still sleeping soundly.

Until...

Zhuo Zheng and Li Lu were originally very happy because they found two cards.

However, in the blink of an eye, they saw several cards hanging on a few trees. Immediately, they rushed forward as if they had seen a beautiful woman in a luxury car.

“There are too many cards.”

“Oh my god, if we can get this, we will definitely be number one today!”

The cameraman was also very emotional. This team was too lucky. They actually directly found a hive of cards.

Previously, the director had deliberately placed a lot of cards in some places to make the show more interesting.

However, these cards could be seen and were very difficult to get.

It was to stir up the emotions of the guests.

As expected, Zhuo Zheng rolled up his sleeves and said to Li Lu, “Wait downstairs. I’ll go up and get them.”

Li Lu said worriedly, “Be careful.”

Zhuo Zheng smiled. “These trees aren’t that tall. They’ll be fine. Besides, I was very good at climbing trees when I was young. This height is nothing.”

After saying that, Zhuo Zheng began to climb up using both hands and feet.

Li Lu was originally very worried, but when she saw that although Zhuo Zheng’s posture was a little ugly, he was actually steadily climbing up bit by bit, she immediately felt relieved. Then, she excitedly cheered him on from below. “Brother Zhuo Zheng, hurry up. Just a little more and you’ll be able to reach it.”

Li Lu immediately had a look of admiration on her face.

Not far away, Jiang Yu rubbed her chin and had been staring at the two of them for quite some time.

Only then did she slowly rummage through her bag and find a tool.

In the surveillance room, the director was also very curious. “Eh, have you checked Jiang Yu’s bag?”

The assistant shook his head. “No.”

Just now, in order to take revenge on Jiang Yu, the director deliberately did not give Jiang Yu any footage so that the audience would think that Jiang Yu was sleeping in.

But now, once the two groups of guests met, this method would probably not work.

### **Chapter 213: Has A Fishing Rod With Her**

Now that the director saw Jiang Yu taking something out of her bag, he immediately became alert.

Damn it, did Jiang Yu bring any tools with her?

On the screen, the audience was staring at Zhuo Zheng who was climbing up the tree.

Just as Zhuo Zheng was about to reach for the card, a fishing hook suddenly appeared out of nowhere.

After the hook hooked onto the card, it began to pull down.

Zhuo Zheng's outstretched hand missed. He watched helplessly as the card in front of him was pulled down by a fishing rod and then slowly moved down.

Li Lu was also dumbfounded. She stared at the fishing rod in shock and saw that the fishing rod was continuously moving down.

Then, it shrunk even shorter. In the end, she realized that it was actually held by Jiang Yu who was behind her.

Jiang Yu smiled magnanimously. "Ah, I got another card."

After Jiang Yu did all this, she did not even look at Li Lu's angry eyes. She turned her head and controlled the fishing rod to retrieve the other cards on the tree.

Li Lu ran to Jiang Yu's side angrily and asked, "Jiang Yu, what are you doing?"

They were the ones who had seen it first. How did one card after another end up in Jiang Yu's hands in the blink of an eye.

It was simply too easy for Jiang Yu to retrieve the cards on the tree.

She could get one every minute without any effort.

Faced with Li Lu's criticism, Jiang Yu said casually, "Oh, I'm doing the mission. Can't you see it?"

"You!" Li Lu was so angry that her lungs were about to explode. She was so jealous.

Zhuo Zheng finally came down from the tree with great difficulty. His expression was ugly as well.

He walked to Li Lu's side and pulled Li Lu, who was about to argue with Jiang Yu. "Forget it. The card belongs to whoever gets it."

Jiang Yu then turned to Zhuo Zheng and smiled. "Zhuo Zheng is the most reasonable one."

Zhuo Zheng looked away awkwardly when he saw Jiang Yu's bright smile. He had used up all his strength, but in the end, he could not compare to Jiang Yu, who was standing under a tree with a fishing rod.

Zhuo Zheng's gaze swept deeply over Jiang Yu's backpack.

It was strange. Why did she bring the fishing rod over?

Then, he looked at Jiang Yu's backpack, which was bulging. He did not know what else was in it.

He immediately felt a sense of admiration for Jiang Yu.

It turned out that Jiang Yu had already prepared so many things in advance, in order to adapt to the changing circumstances.

"What other tools did you bring?" Zhuo Zheng could not help but ask.

Jiang Yu held a handful of cards in her hand. There were already five or six cards. It seemed that all the cards on the tree would fall into Jiang Yu's hands.

Jiang Yu finished harvesting the last card and said, "This is my money-making tool. I can't reveal it."

After saying that, Jiang Yu immediately turned around and put the cards into her bag.

It was as if she was guarding against thieves.

Such a cautious look was really too cute.

Zhuo Zheng didn't know whether to laugh or cry. He realized that he couldn't throw a tantrum.

When Li Lu saw Jiang Yu's stingy look, she said sarcastically, "You only know how to exploit loopholes in the program. It's not fair."

"If you have the ability, you should go and do it too." Jiang Yu didn't mind. She packed her backpack and turned around. She whistled in her heart. It was unknown how arrogant her back view was.

Li Lu clenched her fists and shouted, "Jiang Yu, just you wait. I'll definitely get first place for you to see."

Jiang Yu did not even turn her head.

Li Lu was so angry that she spun around on the spot.

Meanwhile, in the monitoring room.

The director's face was already pale. "Can anyone tell me why she is still carrying a fishing rod!"

The director had forgotten that Jiang Yu loved to exploit loopholes in the shows. They had even forgotten to check their personal belongings.

The main thing was that a few of the guests would bring their backpacks along with them. However, the others would either bring a water bottle or an umbrella. Who would have thought that Jiang Yu would bring these?

Wasn't this another slap in the director's face?

“Director, we can’t let them bring any more tools next time,” the assistant quickly said.

Jiang Yu seemed like a school bully with how arrogant she seemed on the screen.

The director only felt a headache coming on. “Inform the everyone to check all the guests’ backpacks. We can’t let them bring any more tools.”

The director immediately became alert and ordered to check Jiang Yu’s backpack rigorously.

#### **Chapter 214: Sanctioned?**

Jiang Yu had only taken a few steps when she saw a few staff members in uniform running towards her.

They were in a hurry, as if they were afraid that Jiang Yu would run away.

Jiang Yu subconsciously stopped in her tracks.

She started running.

Zhuo Zheng and Li Lu happened to see this scene and immediately grinned.

Li Lu said, “Jiang Yu must have violated the rules of the show and is about to be punished.”

Zhuo Zheng thought about it and agreed. The other guests were doing missions with their bare hands. Jiang Yu had brought a bunch of things and a big backpack. She was walking around the zoo like a tyrant. What was this?

It was likely that the director was also angry and had to give Jiang Yu a good punishment.

Jiang Yu ran back and shouted at Li Lu as she ran, “Run! What are you waiting for?”

Jiang Yu thought that the program team had added some rules and wanted to snatch her card, so she immediately held onto her backpack tightly.

At the same time, she noticed that there was another group of uniformed people walking towards Li Lu not far away.

Jiang Yu knew that their target was also Li Lu.

Li Lu saw Jiang Yu shouting loudly as she whizzed past her. She immediately made a funny face and stuck out her tongue.

There was a sense of schadenfreude.

However, before Li Lu could be happy for long, she was blocked by the uniformed man. The uniformed man said sternly, “Give me your backpack.”

“What?”

A man in uniform stood in front of Zhuo Zheng and stretched out his hand with a serious face.

The man in uniform had received a mission. He said that a guest had brought tools with her. He had to check every artist’s backpack carefully.

In an instant, Zhuo Zheng and Li Lu looked at each other and immediately regretted it.

Zhuo Zheng probed, "Why should I give you a backpack?"

"To check if there are any tools," The uniformed man said with a serious expression.

Li Lu and Zhuo Zheng heaved a sigh of relief.

They immediately handed the backpack to the uniformed man and said provocatively, "Did you see the person who ran over just now? She was carrying all kinds of tools. We only brought the items that we needed for the trip."

Sure enough, after checking, the uniformed man quickly returned the backpack to Li Lu and Zhuo Zheng.

On the other side, Jiang Yu ran for some distance, but was surrounded by the uniformed man who surrounded her from all sides. She was carried to a corner and had her backpack checked.

Li Lu almost died from laughter when she saw this scene. Let's see how Jiang Yu will continue to take advantage of the situation.

Wu Ling also met the uniformed men, but she still cooperated and handed the backpack over. There were only umbrellas and sunscreen in it.

She also didn't understand why they suddenly wanted to check the backpack.

After asking, Wu Ling found out that someone had used tools, but she didn't take it seriously.

She was still wondering if Jiang Yu was awake now. Could it be that she wanted to spend the whole morning laying down?

"Big brother, be careful. Don't break the things in my backpack."

When Jiang Yu saw the man in uniform rudely throw the backpack on the ground and squat down to open the zipper, her heart instantly ached.

She was going to use all of these today.

"I really didn't bring any tools," Jiang Yu said as she waved the retractable fishing rod.

In the next second, the fishing rod was confiscated.

Jiang Yu was dumbfounded.

She couldn't help but roll her eyes in her heart. The director had learned his lesson. He finally knew how to check the tools.

However, Jiang Yu curled her lips again. She looked worried, but she didn't stop them from going through the things. Instead, she stood there with her arms crossed.

She had thought that the director was going to take all the cards that she had gotten, so she ran away. Now that she saw that it was about the tools, she didn't have to worry anymore.

She had already used the fishing rod anyway, so it was fine for them to take it.

As for the items in her backpack, hehe...

The man in uniform originally thought that there would be some tools in her backpack, but after taking them out one by one, his expression immediately relaxed.

What? What did he think it was? They were all useless things.

## **Chapter 215: Hurting Me With Your Grab**

When the director in the monitoring room saw Jiang Yu being caught, he immediately slapped his thigh and jumped up. He excitedly watched the scene of Jiang Yu being taken to the corner to check her backpack.

He was just waiting to slap Jiang Yu in the face.

When he saw that the fishing rod was confiscated, the director felt that he had finally regained his face.

In the end, when he saw what was taken out of his backpack.

An umbrella.

A bottle of sunscreen.

Some fruits.

A fruit knife.

A cushion.

A book.

A bag of candy.

A box of lunch.

There was even a folding chair.

The director was stunned for a few seconds. He blinked and blinked again.

Where were the cheating tools in his imagination?

How did things become like this?

In the scene, Jiang Yu's wet eyes blinked as well. She said innocently, "I already said that there was nothing else in my backpack that you guys were looking for, but you guys didn't listen. You even chased me for so long, and you're hurting me with your grab."

As she said that, Jiang Yu rubbed her arm that had just been grabbed. She pouted and stared at the uniformed men as if she had been wronged.

The uniformed men's faces instantly turned red.

This was awkward.

But that wasn't right. They hadn't confiscated the fishing rod yet.

They weren't wronging the other party.

Who knew that Jiang Yu pointed at the fishing rod and said, "I was originally thinking of finding a place with beautiful scenery and eating delicacies while fishing at the same time."

She was lying through her teeth. The director was so angry that he almost flipped the table. Was it used to fish? Was it not used to fish for cards?

Jiang Yu was very skilled at fishing for cards just now.

The assistant said carefully, "Director, did we wrongly accuse her this time? The things she brought seemed to really be for camping."

The director coughed and said, "But it was also true that she cheated with the fishing rod just now."

What was with the sudden guilty conscience.

The director had seen the scene of Jiang Yu fishing cards, but the man in uniform didn't know anything about it.

Hearing Jiang Yu's explanation, he was instantly embarrassed.

They had thought that Jiang Yu was really going to take the fishing rod to find a beautiful place to camp.

In the end, they chased after her and confiscated her tools.

The uniformed man had no choice but to tidy up her backpack. He dusted off the dust beneath him and returned the backpack to Jiang Yu with a red face. "We were indeed overreacting just now. I apologize to you."

"We were just following orders. I hope you can understand."

Under Jiang Yu's gaze, the uniformed man's face turned as red as a monkey's butt.

Just a moment ago, he was enforcing the law impartially. Who would have thought that he would have to apologize to Jiang Yu in the end?

Jiang Yu stared at her fishing rod without saying a word. Her eyes were filled with heartache. "Sigh, without this, how can I fish? Camping isn't perfect anymore."

The audience in the live broadcast room was also speechless.

Many people hurriedly sent bullet comments and shouted, "Little brother, don't be fooled by her acting. That fishing rod is used to cheat."

"Yes, yes, yes. I saw it with my own eyes. Don't believe it."

"Don't be fooled by her. Don't return the fishing rod to her."

"Warning, warning. This is a cunning artiste. Don't believe a single word she says."

Only then did the production team realize that the man in uniform was actually wavering. They hurriedly made a call.

Just as Jiang Yu was about to return her fishing rod, the phone rang. Jiang Yu sighed.

As expected, when the man in uniform picked up the call, his attitude immediately hardened. "Miss Jiang, I can return your backpack, but we have to confiscate your fishing rod! Please go ahead."

Jiang Yu pretended to be generous and said, "Forget it, I won't fish."

After saying that, she carried her backpack and left, leaving the man in uniform with a lonely back view.

At the same time, she made them feel guilty again. Of course, these feelings of guilt were only temporary.. When they realized that they had been tricked by Jiang Yu, their faces turned even redder.

## **Chapter 216: 216 was really here on vacation**

### **Was Really Here On A Vacation**

Li Lu and Zhuo Zheng had been waiting to see Jiang Yu make a fool of herself.

To their surprise, they saw Jiang Yu continue walking over with her backpack.

She even greeted the two of them and walked over to the empty space at the side.

Li Lu stared fixedly at her backpack as if she wanted to see a hole in it and take a good look at what was inside.

Why didn't the uniformed man confiscate Jiang Yu's things even after he left.

It didn't make sense.

Zhuo Zheng also took a deep look at Jiang Yu, full of curiosity.

Only the audience knew the answer.

"Stop looking at it. It's all useless stuff."

"It's just a lovely packed lunch."

"She actually brought a book with her. Is she really here for a vacation?"

"Could it be that it was just a coincidence that Jiang Yu used a fishing rod to catch the card? She was going to the river to fish in the first place, so she caught the card by chance."

"Wake up. Why don't I believe that Jiang Yu is really that chill? She must be going for the first place."

"This backpack must be to confuse others."

"I just want to see if she's really going camping."

Zhuo Zheng and Li Lu looked at each other. The two of them tacitly walked in Jiang Yu's direction.

Then, they saw Jiang Yu take out a cushion, then a folding chair and put it away.

Seeing this, the corners of Zhuo Zheng and Li Lu's lips twitched.

They really thought highly of Jiang Yu. They didn't expect her to bring these out.

They watched as Jiang Yu took out a book, fruits, and snacks.

Zhuo Zheng and Li Lu did not want to continue looking anymore. They were worried that they would taint their eyes. Jiang Yu was really too undisciplined. She did not have any fighting spirit at all.

Zhuo Zheng and Li Lu left very quickly. They were anxious to find more cards while Jiang Yu slacked off. That way, they could catch up to Jiang Yu.

At this moment, they felt that there was hope for victory.

Wu Ling stumbled and miraculously picked up two cards.

She was in a good mood. Unexpectedly, as she walked, she saw an artist leisurely reading a book under a parasol.

She even picked up a fruit to eat. She was really enjoying it.

Wu Ling rushed over in a huff at the first glance, her whole body exploding.

"Jiang Yu!"

Jiang Yu took off her sunglasses. When she saw Wu Ling, she smiled and waved at her. "Come and rest for a while."

Wu Ling rushed over and shook the two cards in her hands up and down desperately. "I worked hard on the mission for our group, and you are actually slacking off here?"

Wu Ling mistakenly thought that Jiang Yu had slept enough in the car, so she came here to rest.

Seeing that Jiang Yu didn't have any cards on her, she subconsciously thought that Jiang Yu didn't do the mission at all.

However, Wu Ling herself didn't do the mission seriously. She was just acting and looking for an opportunity to discredit Jiang Yu.

The cameraman who followed Jiang Yu twitched the corner of his mouth. The person who had the most cards right now was Jiang Yu.

She had poked the entire card nest.

Jiang Yu was not angry. She took a fruit and handed it over. "Don't be so angry. Come, come, sit down. Let me tell you, I found cards too, and..."

However, before Jiang Yu could finish, Wu Ling slapped Jiang Yu's hand away and said righteously, "It's my misfortune to be with a pig teammate like you."

After saying that, Wu Ling turned around and ran away. She ran like a lively animal.

Jiang Yu blinked innocently and looked at the cameraman. “Why is she so angry?”

The cameraman’s mouth twitched and he shook his head. He didn’t know anything, so don’t ask him.

On the bullet screen in the live broadcast room, when they saw Wu Ling lose her temper, none of them blamed Jiang Yu as Wu Ling had expected.

Instead, they were speechless. “Is Wu Ling sick? Can’t she speak properly?”

“I remember that Jiang Yu has more than a dozen cards now. Can’t she take a break?”

## **Chapter 217: Not Doing A Proper Job**

“Aiya, I feel that Jiang Yu is also very friendly. Wu Ling’s temper is too explosive. She didn’t wait for Jiang Yu to explain clearly before she started yelling. Previously, I thought she was gentle and kind. Now, it seems that her temper needs to be changed.”

In the video, the audience saw Jiang Yu taking a break, but they couldn’t say a single word of complaint.

After all, Jiang Yu was indeed number one right now.

Otherwise, why would Zhuo Zheng and Li Lu work so hard to complete the mission?

Li Lu and Zhuo Zheng were really working hard.

They kept running around the zoo and didn’t find it tiring.

“Let’s split up. This way, the chances of finding it will be higher,” Li Lu suggested.

She gritted her teeth and looked like she was going to give it her all.

They only had five cards on them, while Jiang Yu had fifteen.

They were ten cards short.

They had to change to a more efficient strategy.

Zhuo Zheng nodded and agreed, “Alright, let’s meet up on the grass field after we find some.”

It was the grass field where Jiang Yu was camping.

Li Lu understood. They had to go and see if Jiang Yu was still slacking off so that they could rest assured.

Ten minutes later.

Jiang Yu found Zhuo Zheng standing not far in front of her. He was looking in her direction from afar.

Jiang Yu even waved at him.

Zhuo Zheng’s eyes darkened. He was surprised that Jiang Yu was so calm.

Zhuo Zheng lowered his head and looked at the card he found. The corners of his mouth curled up and he looked very confident.

Very soon, Li Lu also walked over. As she approached, she said in annoyance, "Brother Zhuo Zheng, I only have six cards in total."

Both of them were sweating profusely.

She did not expect Zhuo Zheng to smile as he took out a pile of cards from his pocket.

Li Lu's eyes lit up. "So many."

The two of them counted. There were a total of seventeen cards.

They had already won against Jiang Yu.

"Did you poke a nest of cards as well?"

Zhuo Zheng smiled. "I was lucky."

The two of them heaved a sigh of relief and looked at Jiang Yu, who was still clueless.

Zhuo Zheng said cautiously, "We have to work even harder. You have to know that Wu Ling also has cards."

"You're right."

This time, Li Lu had the victory in her hands. How could Wu Ling be as efficient as the two of them?

At that moment, the sound of children's laughter could be heard from the other side. When they looked up, they saw a group of children on Jiang Yu's side. Jiang Yu was smiling and interacting with them.

She wasn't not doing a proper job.

Li Lu and Zhuo Zheng rolled their eyes and went to continue with their missions.

In the monitoring room, when the director saw that Jiang Yu was really lying on the ground and waiting for her death, he immediately felt relieved. "It seems that Jiang Yu has nothing to do with today's reward."

However, Jiang Yu was quite caring. Instead of completing the mission, she was actually playing games with those children.

However, the children were so noisy that they could not hear what Jiang Yu was saying to them.

The director did not care.

Seeing that it was about to be the end of the filming in half an hour, the director immediately took a cup of ginger tea and drank it slowly. There would be no more changes during today's filming.

It was also time to dampen Jiang Yu's spirits. She thought that the cards she had on her would definitely allow her to win.

Little did she know that there were so many cards in the zoo that you would doubt your life.

It was just that the guests had not discovered it yet.

What they found was only the tip of the iceberg.

In the picture.

The audience also thought that Zhuo Zheng's team was going to win, until...

Zhuo Zheng finally gained experience of looking for the cards. He easily walked towards a place where the cards might be hidden.

Just as he was about to look for it, he saw a gust of wind blowing in front of him.

A child excitedly rummaged through the grass and took out a card.

He immediately screamed excitedly, "Found it."

Zhuo Zheng was stunned and quickly walked over. He squatted down and coaxed, "Child, can you give this card to uncle?"

### **Chapter 218: Exchange Cards**

Zhuo Zheng had a smile on his face as he affectionately went to touch the little boy's head.

However, the little boy pursed his lips and turned around to protect the card.

Then, he ran far away as if he was guarding against a thief and said, "No."

Zhuo Zheng stood rooted to the ground with a dumbfounded look on his face. When he turned his head, he could no longer see the little brat.

The bullet screen in the live broadcast room was also confused.

When they saw that Zhuo Zheng was defeated, they could not help but discuss it with heartache.

"Zhuo Zheng is truly pitiful. The card was actually taken away by a little child."

"It's alright. Zhuo Zheng has already found a lot of cards. He will definitely win today."

"Eh, don't you guys think that the little brat just now is very strange? It's as if he came specially to look for the card."

"Maybe he's just fooling around."

Zhuo Zheng didn't pay too much attention to it.

He continued to walk along the corridor, constantly checking if there was any place with hidden cards.

In the end, he just happened to see a card. It was in the corner, revealing a sharp edge.

Zhuo Zheng's eyes lit up, and he immediately ran over.

This time, there was another figure who was faster than Zhuo Zheng.

He only saw a little girl running over quickly and taking the card directly.

The little girl's face was filled with excitement and she excitedly prepared to run away.

When she passed by Zhuo Zheng, Zhuo Zheng could not help but stretch out his hand and pull the little girl's shoulder. He frowned fiercely. "Little friend, what do you want this card for?"

The little girl said, "Little sister said that there will be a reward for getting the card."

With that said, the little girl ran off excitedly.

When Zhuo Zheng turned around again, he saw many children rummaging in the bushes not far away. Some of them were walking back and forth in the corridor, seemingly looking for the card.

Zhuo Zheng's face darkened as he hurriedly followed the little girl.

The more he walked, the more familiar he became with this road. Wasn't the place where Jiang Yu was camping not far ahead?

Zhuo Zheng followed her and saw the little girl pass the card to Jiang Yu.

Jiang Yu even smiled and rubbed the little girl's shoulder.

The little girl reached out her hand and Jiang Yu took out a chocolate candy from the bag. She handed it over and encouraged, "You did well. Keep up the good work!"

The little girl immediately beamed with joy.

Zhuo Zheng was completely petrified. He had never expected Jiang Yu to actually use these children.

She didn't have to do any missions, but she could still have cards.

He thought about how he felt like he had a lot of cards in his pocket just now.

When he looked at the cards beside Jiang Yu, Zhuo Zheng nearly fainted from anger.

He was as angry as he was serious.

When Jiang Yu saw Zhuo Zheng standing at the side, she immediately called Zhuo Zheng over to have some tea.

In the end, Zhuo Zheng simply stopped struggling and sat there. He ate the delicacies prepared by Jiang Yu.

What was there to compare?

In the monitoring room, the director had already jumped up from his chair. His movements were so big that even the ginger tea on the table was knocked over. The table was wet, but the director did not bother to wipe it off.

"Why are there suddenly so many children?"

"That's not right! Why do these children look so familiar?"

The director quickly recognized him. He was holding a card and running around happily. wasn't he the little brat who was surrounding Jiang Yu just now?

"Director, the card that was hidden very well here has been found."

“Director, even the card in the soil has been dug out.”

“Director, the card under the rock is gone too.”

“Director...”

For a moment, all the staff in the monitoring room were shouting.

Although some of the cards were more eye-catching and were found by the guests, most of them were still hidden.

They were just waiting to see the guests scurrying around like headless flies.

But now, one card after another was found.

And they were all found by some brats.

This...

On the screen, seeing those brats exchanging the cards with Jiang Yu for only one chocolate candy, the director rolled his eyes.. He couldn't catch his breath and almost choked.

## **Chapter 219: Risk One's Life**

Li Lu was also looking for the card.

However, she saw a child with a card in his hand whizzing past.

Li Lu immediately rushed over excitedly, wanting to coax the child to give the card to her.

However, the child glared at her and said that the card was going to be given to another young lady.

Li Lu immediately understood.

In the end, as more and more children took away the cards, Li Lu stomped her feet and wanted to settle the score with Jiang Yu.

When they arrived at Jiang Yu's campsite, the corners of Zhuo Zheng's eyes twitched. He watched as Jiang Yu received one card after another. His mood had calmed down and he was no longer as angry as before. However, he still felt that Jiang Yu was an eyesore.

At that moment, Zhuo Zheng had already stopped struggling.

When Li Lu came over, her eyes were also red. She pointed at Jiang Yu and scolded, “Jiang Yu, you are too shameless. How can you trick children into doing things for you?”

Jiang Yu raised her head and glanced at her. “You can do it even if you have the ability.”

Li Lu immediately choked.

She had already thought about it on the way over. If she could also coax these children into doing things for her, wouldn't it be beautiful.

However, she realized that she didn't have anything on her to coax the kids.

When she came over and saw a big bag of chocolate candies beside Jiang Yu, she immediately understood everything.

When Zhuo Zheng saw that Li Lu's face had turned green, he immediately sighed. "Li Lu, forget it. We won't be able to win today."

Li Lu's face alternated between green and white. She pointed at Jiang Yu and was unable to say a single word.

This time, Jiang Yu wasn't trying to exploit the show's loophole. She could only be considered to have outwitted her.

What else could she say.

Li Lu was so angry that she sat down on her butt.

She hugged her shoulders and didn't say a word.

Jiang Yu pursed her lips. Come on, the two guests had been angered by her.

She just didn't know where Wu Ling had gone to.

Jiang Yu saw that she had almost collected all the cards. After a few minutes, no kid found any more cards.

She immediately stood up and said, "I'll go look for my team members."

...

Wu Ling was originally hiding in a corner to enjoy the shade. She thought to herself, since Jiang Yu was resting there, why should she work so hard.

Hence, she found a pergola to hide in.

In the end, she only strolled out when she was almost done resting.

However, after circling around, she did not find a single card.

She only had two cards in her hands. In order to show that she was not so weak, Wu Ling had no choice but to continue searching.

In the end, she found a card in a pen that was closed to a tiger.

The tiger was still sleeping soundly at the side.

The card fell to a place not far in front of the tiger.

Wu Ling was already very annoyed after looking around. When she saw the card, her eyes lit up.

She ignored the cameraman's obstruction and found a wooden stick. She reached into the pen and tried to hook the card.

Everything was going smoothly. When the card was about to be moved to Wu Ling's feet, the Tiger suddenly opened its eyes.

When it saw Wu Ling's movement, it immediately pounced toward Wu Ling.

Wu Ling was shocked and quickly tried to pull her hand back.

However, because her clothes were stuck, she couldn't pull it back for a moment.

In an instant, Wu Ling was so scared that her face turned ashen.

The tiger was ferocious and pounced toward Wu Ling's hand.

At this critical moment, a stone from God knows where hit the tiger's knee, and the tiger instantly fell to the ground.

A voice said angrily, "Do you want to die?"

Wu Ling was scared stiff. Jiang Yu was so angry that he had to go over and pull Wu Ling's hand out.

The tiger got up from the ground and kept circling around, glaring at Jiang Yu.

## **Chapter 220: Gratitude**

Jiang Yu had come to look for Wu Ling in the first place.

After all, the zoo was only so big, and Wu Ling did not walk back, so Jiang Yu was a little worried.

She did not expect to see Wu Ling dare to put her hand into the fence.

If she had not reacted quickly and directly took a stone to beat the tiger down, Wu Ling would have lost her hand.

"Don't you see that it says that the tiger is wild? Don't go close."

Jiang Yu pulled Wu Ling out and pointed at the warning board beside her.

Wu Ling was already scared out of her wits and was trembling all over. Now that she was reprimanded by Jiang Yu, she couldn't help but cry.

The cameraman was also scared. If something happened to the guest during the recording, the show would be over.

At the same time, in the control room.

The director had just calmed down and accepted the news that Jiang Yu was the big winner today.

In the blink of an eye, he saw a thrilling scene. His mood for the whole day was up and down like a roller coaster.

However, Jiang Yu appeared in time.

The director also let out a sigh of relief. He really had to thank Jiang Yu properly today. Otherwise, the entire show would have stopped recording.

At this moment, the director's feelings towards Jiang Yu were very complicated. On one hand, he was still angry, but on the other hand, he was grateful.

He did not know how to describe it.

Wu Ling's gaze towards Jiang Yu was less impatient than usual. Instead, it was mixed with gratitude.

Jiang Yu reached out and pulled Wu Ling's hand. Her clothes had been cut because she had used too much force. She rolled up her sleeves and saw that there was a scratch on her arm.

Jiang Yu said bitterly, "You don't want your life anymore. If I hadn't appeared earlier, your arm wouldn't have been just been cut. It would be gone."

Although Wu Ling could hear that Jiang Yu was trying to claim credit, she didn't feel disgusted. Moreover, Jiang Yu was telling the truth.

Therefore, Wu Ling could only lower her head and watch as Jiang Yu took out the medical kit from her bag and helped her treat her wound.

She sniffed and suddenly felt a warmth in her heart.

It seemed that Jiang Yu had a sharp tongue but a soft heart.

At this moment, the audience in the live broadcast room was crazily posting bullet comments.

"Luckily, Jiang Yu appeared. That was too close."

"Jiang Yu's bag is really a treasure chest. How can she take out everything?"

"I thought Jiang Yu was too arrogant before, but now I like her a lot more."

"Woo woo, my goddess Wu is frightened."

"I suddenly feel that Jiang Yu is a nice person. She is so positive."

Jiang Yu helped Wu Ling to treat her wound. It was actually just a small cut. She just needed to apply some medicine.

After the treatment, the corners of Wu Ling's eyes were still red, but at least she stopped crying.

She grabbed Jiang Yu's clothes with one hand and explained embarrassedly, "I also want to do something for our team. Although we might not be able to get first place, but..."

Jiang Yu rolled her eyes. Was it worth it just for a card?

At that moment, the cameraman received a call and asked the guests to gather.

The shoot for the morning was over.

Wu Ling's face fell and she lowered her head, feeling guilty.

Jiang Yu probably didn't know that she was deliberately slacking off and only got two cards.

If she had known that Jiang Yu was a good person, she wouldn't have gone against her. She would have completed the task properly and even exchanged for furniture. Wouldn't that be good?

Wu Ling's emotions were very complicated.

The two of them walked towards the meeting point, but Wu Ling noticed that Li Lu and Zhuo Zheng were expressionless.

They did not look pleased at all.

Look, this was an artist who was neither arrogant nor impatient.

Jiang Yu still had to learn from them.

After the four of them gathered and stood still.

The director looked at Wu Ling with a complicated gaze. First, he consoled Wu Ling with her injuries. After knowing that there was nothing serious, he said, "Then please take out all the cards!"

Zhuo Zheng and Li Lu immediately took out more than ten cards from their pockets.

Wu Ling's gaze wavered as she took out two cards with a guilty conscience.

She thought to herself, it's over.. Their team only has two cards.
