

Older Man 231

Chapter 231: Have No Money

Jiang Ran's eyes lit up as well. She immediately grabbed Jiang Yu's hand and pretended to be close to her. "Sister, you're so rich. Help me buy a set of jewelry too. Mom, don't you think so?"

Wei Juan quickly nodded and stared at Jiang Yu's wallet.

She almost saw through the wallet.

The waitress stared at the two women with her mouth agape. The change in expression was too fast.

Jiang Yu blinked her eyes and casually glanced at Jiang Ran before saying, "I don't have any money."

For a moment, Wei Juan and Jiang Ran's faces turned black at the same time.

Jiang Ran hugged her shoulders and sneered, "You don't have any money, yet you still want her to pack it up?"

"Yu'er, why are you so insensible? Are you planning to let me pay for you?" Wei Juan could finally see that Jiang Yu was deliberately trying to buy a piece of expensive jewelry. She wanted to pack it up before forcing her to pay for it.

Why was this girl so scheming?

Even the waiter's hands froze.

Wei Juan and Jiang Ran both took a few steps back at the same time. "She wanted to pack this jewelry, but it has nothing to do with us. If you want money, find her."

Then, the two of them stood there and watched the show with cold smiles.

Jiang Yu lowered her head and took out a card from her bag.

When Jiang Ran saw that the card was not a bank card, she sneered, "Are you trying to say that you forgot to bring your card?"

"Sister, are you trying to say that you took the wrong card and that you want to go home to get it?"

She just said that she didn't have any money.

Now, she took out a random card to fill in the bill?

Jiang Ran wanted to capture this historic moment and laugh for years.

She knew they wouldn't pay, so she used this trick.

Jiang Yu turned around and glanced at Jiang Ran and Wei Juan.

Wei Juan's expression became even colder. She put on a cold expression and shook her head resolutely.

At this moment, the waitress took the card from Jiang Yu's hand.

She was stunned for a moment, then respectfully took it to the front desk to swipe the card and pack the jewelry.

“Please wait in the VIP area, we’ll be done in a moment.” Another waiter quickly invited Jiang Yu in.

Jiang Ran and Wei Juan were dumbfounded and quickly went over to take a look.

They only saw that the card was entirely purple, so they couldn’t see anything.

They couldn’t help but ask, “This can be swiped?”

Could it be fake?

The waiter replied, “This is one of three only shopping cards that our shop has given out. Each card has a value of five million. As long as the identity is verified, it can directly offset the purchase amount.”

The reason why the waiter attached so much importance to this card was because that this kind of card was usually used by the higher-ups to build a good relationship.

Since it fell into the hands of that Miss Jiang just now, it meant that Miss Jiang was an important guest of the company.

Therefore, the waiter immediately called the higher-ups to confirm.

When the other party heard Jiang Yu’s name, they quickly replied that there was no problem with the card.

The waiter had a respectful expression on her face. When she heard that she had to treat her well, she was instantly extremely nervous.

Jiang Ran and Wei Juan followed curiously to the VIP room.

They saw Jiang Yu sitting there, drinking coffee leisurely and not saying a word.

Wei Juan probed, “Yu’er, where did you get your card? Do you have any more?”

Jiang Ran nodded repeatedly. She also wanted to buy a piece of jewelry worth five million yuan.

If she could get a card from Jiang Yu...

She would have made a fortune today.

Unfortunately, Jiang Yu shook her head.

Jiang Ran was instantly disappointed.

Wei Juan also looked depressed.

Just then, a waiter happened to walk over and handed over the packed jewelry.

“Miss Jiang, this is your jewelry.”

“By the way, our president said that he wants to come over and personally greet you. He will be here soon.”

Hearing this, Wei Juan and Jiang Ran were both stunned.

Jiang Yu actually knew the boss of such a national jewelry chain company?

Jiang Yu also raised her eyebrows in surprise. President Cai wanted to come over personally?

Thinking about how President Cai was overly attentive and careful to her, Jiang Yu instinctively wanted to reject him.

In the end, before Jiang Yu could say anything, pPresident Cai, who was dressed in a suit and tie, quickly walked in.

“Miss Jiang!”

Chapter 232: Free?

President Cai had been patrolling the area. Recently, he had partnered with Mo Long on a big project and was very happy.

However, when he heard that Jiang Yu actually came to the jewelry store to buy things, he immediately became cautious.

When he thought about how much Mo Long valued Jiang Yu, President Cai immediately put down what he was doing and rushed over.

He was still panting along the way.

A few waiters quickly called out respectfully, “Boss.”

Wei Juan and Jiang Ran looked at each other. When they found out that the other party’s identity was not simple, their expressions changed slightly.

Jiang Ran recognized him at a glance. The other party was the boss who had just chased her out of the restaurant a few days ago. She immediately tugged at Wei Juan’s sleeve subconsciously.

Wei Juan, on the other hand, had already put on a smiling face and followed.

President Cai quickly greeted Jiang Yu, “Miss Jiang, you can choose whatever jewelry you want from our shop.”

Jiang Yu looked at the jewelry box in her hand and smiled. “Thank you, President Cai, but I’ve already bought it.”

At this moment, Wei Juan smiled and came up to him. She asked tentatively, “Boss, do you know my daughter?”

President Cai turned around and immediately smiled when he heard that the other party was Jiang Yu’s mother. “Yes.”

Wei Juan’s expression changed and she suddenly said, “Oh right, I have a daughter who is also picking out jewelry. Why don’t you help me take a look? I know you must be an expert.”

Wei Juan wanted to rely on Jiang Yu's connections to see if the boss could give the jewelry to Jiang Ran for free.

President Cai nodded. "Sure."

He thought to himself that it would be the same if he didn't give it to Jiang Yu but gave it to Jiang Yu's family.

However, just as he was about to step out, he saw Jiang Ran following behind Wei Juan in the blink of an eye.

President Cai stopped in his tracks.

On the other side, Wei Juan was still pulling President Cai out in a hurry, but she couldn't move him no matter how hard she tried.

President Cai's gaze moved away from Jiang Ran and looked at Wei Juan. "Is this your daughter?"

Wei Juan nodded her head repeatedly.

President Cai's expression changed. He remembered that Jiang Yu had said that she didn't know this young lady, so he had chased her out.

Moreover, there was clearly something wrong between the two of them.

Director Cai looked back at Jiang Yu in confusion. Jiang Yu raised her eyebrows. "President Cai, they just want you to help them take a look. That's all."

Jiang Yu's hint was very obvious.

It was impossible to get benefits from this relationship.

Jiang Ran thought President Cai would give her a cold face, but unexpectedly, the next second, President Cai nodded and walked out coldly.

Wei Juan and Jiang Ran quickly followed him out.

Jiang Ran's heart thumped.

Seeing that President Cai had walked to the jewelry area below a million yuan, Wei Juan quickly said, "These don't seem to be suitable."

President Cai turned around and walked to the more upscale jewelry area.

"What about this?"

Wei Juan swallowed her saliva as if she had seen free jewelry.

Jiang Ran was also a little incredulous. She didn't expect that a pie would fall from the sky today.

Immediately, Jiang Ran smiled and took Jiang Yu's hand. She smiled affectionately and said, "Sister, which jewelry do you think is suitable for me?"

Jiang Ran didn't even care about her face anymore just to get a piece of jewelry.

Jiang Yu didn't say anything.

On the other side, Wei Juan pointed at a few pieces of jewelry that were worth four million yuan.

"President Cai, what do you think of these?"

President Cai nodded. "They're all good."

Jiang Ran picked one of the jewelry and held it in her hand. She was instantly delighted.

"This one suits me the best."

Wei Juan immediately looked at President Cai. "President Cai, look... didn't you just say that you want Yu-er to pick whatever she wants? Can you fulfill your promise now?"

President Cai smiled, but his tone was very cold. "Of course I'll keep my word."

Wei Juan immediately smiled and said, "Alright then, wrap this jewelry up."

The waiter quickly went forward, but President Cai said again, "Pay the bill first."

Wei Juan looked at President Cai in surprise.

President Xai said indifferently, "I said I wanted to gift one to Miss Jiang Yu, but I didn't say I wanted to gift to anyone else."

Chapter 233: Can't Afford It

Wei Juan's expression changed. She immediately turned to look at President Cai and said in disbelief, "What did you say? You're not giving it to us for free..."

Wei Juan almost said what she was thinking. She directly pulled Jiang Ran over and hinted, "She's Jiang Yu's biological sister."

However, President Cai still said coldly, "I won't gift to anyone else."

On the other side, Jiang Yu lowered her head and looked at her toes, the corners of her mouth curling into a smile.

Wei Juan couldn't even speak clearly. "This... this..."

Jiang Ran's face was burning red. The waiter on the other side asked her, "Do you want to pay now?"

Jiang Ran only brought one million today. How could she have so much money.

But this necklace, she had to say that she liked it very much. She had already clearly said that she wanted this one.

For a moment, the air became quiet.

Wei Juan was also thick-skinned. She waved her hand and said, "Forget it. I don't think this necklace is very good."

Jiang Ran also nodded repeatedly. "Yes, yes, yes. I'll look at something else."

This time, she took the initiative to walk towards the area where the prices were cheaper.

In the end, she chose a necklace worth one million and paid for it.

After paying, Jiang Ran glared at Jiang Yu fiercely and walked out angrily.

When Wei Juan saw that President Cai was only enthusiastic about Jiang Yu, she gnashed her teeth in anger. "Hurry up and leave. Your father is still waiting for you to come home for dinner."

Today, Wei Juan had made an agreement with Jiang Hai that she would bring her two daughters to buy jewelry and bring them home for dinner at night.

The purpose was to humiliate Jiang Yu and let her rent a cheap piece of jewelry.

Moreover, Jiang Hai was originally angry that Jiang Ran was kicked out of the restaurant, so he would definitely give Jiang Yu a good beating.

The three of them returned to the Jiang family home together.

Wei Juan walked in with a sullen face.

Jiang Ran stared in Jiang Yu's direction and pinched her jewelry box hard.

She knew that Jiang Yu could be so arrogant today because of Mo Long.

If President Cai didn't know Mo Long, he wouldn't have treated Jiang Yu so well.

The more she thought about it, the angrier Jiang Ran got. She thought of something and stormed in.

Jiang Hai only came back when it was time to eat.

When he saw that Jiang Yu had indeed come back, his face immediately darkened. He glanced at his two daughters' jewelry.

When he saw that Jiang Yu's jewelry box was quite exquisite, even more exquisite than Jiang Ran's jewelry box, he immediately understood.

Previously, Wei Juan had said that she would teach Jiang Yu a lesson, so she would only rent jewelry for her today.

Now, it seemed that Jiang Yu's jewelry was definitely rented.

Because Wei Juan couldn't possibly buy her anything too expensive at this time.

Jiang Hai sat down at the dining table, and Jiang Yu looked at him. "Dad, why did you call me back?"

Jiang Hai immediately threw his chopsticks down and said with slight annoyance, "Ran Ran is right. Your heart is wild. Does there have to be something for me to call you back for dinner?"

The corners of Jiang Ran's mouth curled up and she said, "Dad, I told my sister to come home more often last time, and she..."

As she said that, Jiang Ran lowered her head.

She looked as if she had suffered a great grievance. Her shoulders twitched as if she was trying hard to hold back something. She deliberately suppressed her voice and said, "She treated me like that."

After saying that, Jiang Ran stopped moving and just lowered her head without saying anything.

Jiang Ran looked at Jiang Yu's performance and frowned.

Wei Juan patted Jiang Ran's shoulder with a heartache and looked at Jiang Hai. "You have to discipline her properly. Yu'er's attitude has been very bad recently."

Jiang Hai was so angry that blue veins popped out. In the past, Jiang Yu was very obedient, but ever since school started, she had become very difficult to discipline.

She would always find trouble with Jiang Ran and refused to admit her mistakes.

Jiang Hai immediately said, "Quickly apologize to Ran Ran!"

Jiang Yu looked up and sneered. Without saying anything, she took out her phone from her pocket and played the recording from that day.

When Jiang Ran saw Jiang Yu's actions, she instantly felt uneasy and immediately stood up to stop her.

Unfortunately, it was already too late..

Chapter 234: Apology

The contents of the conversation from that day suddenly sounded from Jiang Yu's phone.

Moreover, Jiang Yu had added some additional things. At first, Jiang Yu recorded the nice words she said for Jiang Hai. The content was to allow Mo Long to take care of Jiang Hai in the future.

Then, she also said good words for Jiang Ran, saying that she would ask Jiang Ran out for a meal one day.

Of course, Jiang Yu had deliberately recorded and added these things.

It was just to form a comparison between the two.

When Jiang Ran heard this, she was stunned for a moment.

Before she could react, the sound changed into Jiang Ran's sarcastic voice.

"Sister, you haven't been home for a few days. You can't just leave home after getting a boyfriend, right?"

"As your sister, I have to talk about you. I heard that you're very close to Li Yue's best friend on the show. It seems that you don't care about Mr. Mo at all. Otherwise, you would have been jealous long ago. You didn't do well on this. You have to listen to me in the future..."

"What? Am I wrong? I'm worried about my sister. She doesn't care enough about her family or her boyfriend."

When Jiang Hai heard the conversation at the beginning, he instantly felt very comfortable.

But when he heard that Jiang Ran deliberately said bad things about Jiang Yu in front of Mo Long, his face immediately darkened.

In Jiang Hai's opinion, Mo Long had already been trying to help the Jiang family with Jiang Yu's efforts. However, because of Jiang Ran's interruption and sarcasm, Mo Long's opinion of the Jiang family became worse.

However, when he heard this, the events of that day were already clear at a glance.

Jiang Hai's gaze darkened as he looked at Jiang Ran, who was already dumbfounded. She was still surprised that Jiang Yu would speak well of her. However, when she turned around and saw a cold smile flash in Jiang Yu's eyes, she immediately quivered.

She immediately realized that she had been tricked by Jiang Yu.

"Ran Ran, how could you do this?"

Jiang Hai pinched his temples. Why was even Jiang Ran so worrisome?

Jiang Ran opened her mouth and subconsciously said, "No, this recording is definitely fake."

With a slap, Jiang Hai directly threw the chopsticks on the table.

"How can I not recognize your voice?"

Jiang Hai was furious. He could recognize his daughter's voice at once. It was definitely Jiang Ran's voice. It could not have been synthesized.

Jiang Ran looked at Jiang Hai with a defeated expression.

Wei Juan quickly pulled Jiang Hai's hand. "Husband, Ran Ran meant well. It's just that she was too anxious and spoke in the wrong way."

Jiang Hai's face darkened and he did not speak.

On the other side, Jiang Yu said coldly, "Father, do I still have to apologize to Ran Ran? If you insist..."

After he said that, Jiang Yu's eyes turned red, and her voice was filled with sobs and tremulous tones.

She had put on a full show in an instant.

Jiang Ran, who was originally going to act aggrieved today, suddenly gnashed her teeth in hatred.

Wasn't she the one who usually acted aggrieved? To think that Jiang Yu had also learned this trick.

When Jiang Hai saw Jiang Yu's aggrieved look, he looked at Jiang Ran with dissatisfaction. "Why aren't you apologizing to your sister? Our Jiang family must work together. How can we do such a thing of tearing each other down?"

It seemed that Jiang Hai was not stupid. He could tell that Jiang Ran had said those words because she wanted to tear Jiang Yu and Mo Long apart.

Jiang Ran immediately looked at Jiang Yu unwillingly. She gritted her teeth and finally said, "I'm sorry."

Jiang Yu smiled. "Don't do such things to slander others in the future and even complain behind their backs. It's not good."

Jiang Hai frowned when he heard that. He was also a little unhappy that Jiang Ran was still gossiping with him.

Did she think he was a fool?

But in the end, she was still his own daughter.

In addition, Jiang Hai was still doing business with Sun You recently, so he was much more tolerant towards Jiang Ran. He quickly said, "Let's not talk about it anymore. Let's eat."

This matter was over just like that.

Chapter 235: Misunderstood As Mrs. Shi

After dinner, the few of them sat down in the hall.

Jiang Hai was still thinking about how he had misunderstood Jiang Yu today and felt a little guilty. Even his tone became warmer than usual. "Yu'er, have you bought your jewelry today? If you haven't, look for a chance to buy another one tomorrow."

Thinking about how Jiang Yu was still asking Mo Long about helping the family, Jiang Hai felt that Jiang Yu's heart was for the family so he was prepared to treat Jiang Yu better.

After all, both of them were his daughters, and they might be able to help him in his career in the future.

Jiang Hai was very satisfied with the profits he would get from working with Sun You in the future. If he could do business with the Mo family... the benefits would be even greater.

Jiang Yu took a sip of tea and felt that Jiang Hai was exceptionally kind.

She took out the jewelry box and opened it.

Jiang Hai went over to take a look. The jewelry inside was dazzling and luxurious. He said in surprise, "You can rent such good jewelry?"

After saying that, Jiang Hai looked at Wei Juan in surprise. He thought that Wei Juan was reluctant to spend money and would deliberately make things difficult for Jiang Yu.

But what was going on now?

Jiang Yu deliberately blinked her eyes and said innocently, "Rent? Dad, what are you talking about? You can still rent jewelry?"

Jiang Yu pretended that she didn't understand at all.

When Jiang Hai, who was looking at Wei Juan, heard that, he coughed awkwardly and couldn't say anything.

Jiang Ran said in frustration, "Dad, this jewelry is not rented, but bought. The jewelry owner mistakenly thought sister was Mrs. Mo, so he gave her a shopping card."

When she said this, Jiang Ran's heart was filled with anger.

All the grievances and awkwardness she had suffered in the jewelry store suddenly filled her mind.

Just as Jiang Hai was stunned, he heard Jiang Ran say again, "I heard that the owner secretly called sister Mrs. Mo, but sister didn't deny it. Isn't she deliberately causing a misunderstanding? The jewelry store owner is fawning over Mo Long, not her."

Jiang Yu lowered her head and put down the teacup. The corners of her lips curled up slightly. Jiang Ran could only comfort herself like this.

"Yu'er, what's going on?" Jiang Hai was also confused. "Have you and Mr. Mo reached that stage?"

After saying this, Jiang Hai was even more excited. He imagined that if he became Mo Long's father-in-law, those people who fawned over him would go crazy with him.

If Mrs. Mo was given such a high-value jewelry, then his father-in-law should be able to earn a lot of money.

Jiang Hai also thought that even if it was a misunderstanding, it shouldn't be a misunderstanding for no reason. Could it be that Mo Long really doted on Jiang Yu?

Otherwise, others wouldn't have misunderstood.

Jiang Yu looked up at her father's excited expression. After a pause, she said, "We're not married yet, but he likes to address me that way. What can I do?"

Jiang Hai immediately understood that the boss had really misunderstood.

Perhaps he had made a wrong judgment when he saw Mo Long and Jiang Yu walking together.

However, why not take the jewelry if it was free.

It was better if she didn't explain.

Jiang Hai immediately smiled and said, "Yu'er, you have to listen to Mr. Mo's words."

Wei Juan and Jiang Ran's faces were filled with disdain.

Wei Juan said, "Yeah, the Mo family isn't that easy to get into. You have to work harder."

Jiang Hai's eyes lit up when she heard that. That was true. It was better not to have too much hope for a wealthy family like the Mo family. At the moment, he should only look at the benefits that he could get and not think too much about it.

Jiang Ran was the most reassuring. The two families were already connected by marriage, and Sun You was helping the Jiang family's business. The benefits were real.

As for Jiang Yu, it was just a misunderstanding that gave her an extra piece of jewelry.

The two couldn't be compared at all.

Thinking of this, Jiang Hai immediately looked at Jiang Ran with a smile. "Ran Ran, don't fight with Yu'er anymore. The two sisters should help each other, understand?"

Jiang Ran curled her lips and pretended to be obedient.

Jiang Hai immediately reached out and touched Jiang Ran's head gently.

Chapter 236: Sending The Invitation

Jiang Ran deliberately glanced at Jiang Yu, her eyes full of pride.

Just like that, she wanted to monopolize Jiang Hai's fatherly love so that Jiang Yu could only watch helplessly.

But in the next second, Jiang Hai said to Jiang Yu, "Yu'er, stay here for the night. Don't always stay outside, okay? This will always be your home."

Jiang Hai only wanted to comfort Jiang Yu with a few words, but there was only a hint of concern in his tone.

Jiang Yu nodded obediently. "Dad, I'll go up first."

Jiang Hai smiled. "Study hard. Both of you."

Jiang Yu curled her lips faintly. What both of them are the same. Jiang Hai had always been most concerned about Jiang Ran's results.

However, she did not say anything more. She just stood up and went upstairs.

There was a room on the second floor for Jiang Yu, but Jiang Yu didn't usually come back.

There were only a few clothes in the wardrobe.

Jiang Yu entered the room with a cold expression. She was curious as to why Jiang Ran spared no effort to invite her to the banquet?

Jiang Ran smiled gently and went upstairs.

When they reached the second floor, Jiang Ran's gaze changed and she glared at Jiang Yu's room with hatred.

She didn't expect that not only did she fail to trick Jiang Yu today, she even brought Jiang Yu home to stay.

It was really annoying.

Jiang Ran angrily entered the room. After closing the door, she sat down on the bed, took out her phone, and made a call.

"How is it going?" Jiang Ran asked through gritted teeth.

Her best friend on the other side was stunned. "Ran Ran, what's wrong with you? Why are you so aggressive?"

"It's all because of Jiang Yu. Did you deliver the invitation?"

Her best friend quickly replied, "What's wrong with me? It was delivered today. Just like you said, that Li Xiao's face turned black the moment he received the invitation. He even gritted his teeth and said that he would definitely go."

Jiang Ran immediately narrowed her eyes. Li Xiao was a relative of the Li family's branch family line and had been thinking of ways to build a good relationship with the Li family.

That day, after Jiang Ran and Sun You were kicked out of the restaurant, the two of them went to another restaurant to eat.

When Jiang Ran passed by the private room, she heard Li Xiao watching a variety show live broadcast and bragging that he was Li Lu's relative. He even scolded Jiang Yu for a long time, saying that if he met her, he would definitely teach Jiang Yu a lesson.

Jiang Ran paid attention at that time. After asking about the other party's identity, she asked Sun You for a few invitation letters.

She said that she wanted to invite Jiang Yu over, but she didn't say who the other one was for. Sun You didn't ask either, so he just gave the two unnamed invitation letters to Jiang Ran.

"It's good that you can go. When the time comes, it will be lively." Jiang Ran sneered, her eyes shining with the light of success.

"I also think that there will be a good show. You won't know how rich Li Xiao's expression was when he received the invitation letter."

When Jiang Ran heard this, she immediately felt a lot better and could not help but sneer, "Who asked her to offend someone she shouldn't have offended? If she was to lose face, she would be the one who deserves it."

Jiang Ran thought for a moment and immediately said with a wicked sense of humor, "You have no idea that today, Jiang Yu actually admitted that she is Mrs. Mo. She is just a plaything. Does she really think that she has married into the Mo Family?"

The other side chimed in, "Yes, a woman who likes to dream should have a taste of losing everything. We'll just wait and see."

Jiang Ran felt relieved when she heard her best friend's compliment.

Although Li Xiao was only a branch of the Li family, it was still very easy to teach Jiang Yu a lesson.

She just wanted to see if Jiang Yu would cry and say that she was madam Mo when she was slapped in the face.

That would be funny. Li Xiao had specially slapped Jiang Yu in the face for that.

The more Jiang Ran thought about it, the more happier she became.. Even her dreams at night were beautiful.

Chapter 237: Take Out The Ruler

Early in the morning, Jiang Yu came out of the room and happened to see Jiang Ran coming out of the room next door. The two of them looked at each other.

The way Jiang Ran looked at Jiang Yu was no longer the same as yesterday. There was not so much resentment in her eyes. On the contrary, she was much calmer.

Moreover, Jiang Ran said to Jiang Yu, "Sister, what kind of gown are you going to wear tonight? Have you chosen it?"

Jiang Ran wanted to make sure that Jiang Yu would attend.

Jiang Yu said lightly, "Aren't you afraid that I will steal your limelight?"

Jiang Ran shook her head. "How can that be? We are a family. If you dress well, I will also feel proud."

Unlike yesterday's aggressive attitude, Jiang Ran actually had the mood to say nice things today.

Jiang Yu's heart skipped a beat. She was very surprised that Jiang Ran would be so well-behaved.

When Jiang Yu went downstairs, Jiang Ran sneered and hummed happily.

Jiang Yu, who had walked to the middle of the stairs, narrowed her eyes when she heard Jiang Ran's cheerful voice.

She knew that Jiang Ran was holding back her big move.

After breakfast, Jiang Yu left the house.

The program team of the 'Theme of Youth'.

Jiang Yu was here today to audition for a supporting role as the second female lead's deskmate.

Jiang Yu had already memorized all the lines that belonged to her. She did not have many scenes, and every scene was to act with the second female lead.

She was completely a tool to provide intelligence and guide the second female lead.

After Jiang Yu learned that the female lead of this movie was Wu Ling, she was even more certain that the person who recommended her to the crew was Wu Ling.

"Director, the actor who sits at the same desk is here." The staff brought Jiang Yu to the director.

The introduction was also very casual. After all, it was just a small role.

The director glanced at Jiang Yu casually and asked, "I heard that you are a freshman. How's your performing arts class going?"

Jiang Yu said indifferently, "My grades are okay."

The director sighed in his heart. If it weren't for Wu Ling's recommendation, he really didn't want to find a freshman to play this role.

After all, this deskmate had several scenes. Although it wasn't important, she always stayed by the second female lead's side and had many opportunities to show his face.

There were many outstanding actors who were fighting for this role, and they had all acted in some roles before.

The director nodded when he heard this and turned his head to wave at a teacher who was acting at the side. "Teacher Zhang, I'll leave this person to you."

Teacher Zhang nodded and immediately understood. One look at Jiang Yu and she knew that she didn't have much experience. After arriving at the set, she was still looking around curiously.

She was truly a newbie.

"Follow me." After teacher Zhang said that, without waiting for Jiang Yu to follow, she turned around and left.

She was extremely impatient. She knew what the director meant. This newbie didn't know anything. He wanted her to help him teach her first and wait for most of her acting skills to pass before she auditioned.

If she couldn't even teach her properly, then the director would have a headache. He would probably think of a way to reject her.

Jiang Yu looked at teacher Zhang's back and was stunned for a moment before she quickly followed her.

When they reached the room, teacher Zhang hugged her shoulders and sat down on the chair, waiting for her.

After Jiang Yu entered, she heard teacher Zhang say, "Just stand there. Read the lines right now. I want to see how good you are."

After saying that, teacher Zhang rubbed her forehead with a headache and said impatiently, "I've seen a lot of people with connections like you. Perform well. If you can't pass, everything you've done before will be in vain."

Jiang Yu frowned and immediately felt angry.

However, she still endured it and nodded. She opened her mouth and said the first line.

However, after saying less than three words, teacher Zhang sneered, "If you recite the wrong line, show me your hand. I'm very strict."

After saying that, teacher Zhang took out a ruler.

Jiang Yu held it in and asked directly, "I just need to recite it?"

"Say it if you can recite it.." Teacher Zhang seemed ready to hit her at any moment.

Chapter 238: Play Two Roles

In the room, the sound of Jiang Yu reciting her lines could be heard.

Surprisingly, Jiang Yu had memorized every word of her lines.

Not only did she memorize her own lines, but she had also memorized the second female lead's lines.

Teacher Zhang pushed up her glasses. Her eyes were stunned for a moment, but she quickly said with a straight face, "Show me your hand!"

After saying that, she used the ruler to push the back of Jiang Yu's hand.

The meaning was obvious.

Jiang Yu asked in a deep voice, "Which sentence was wrong?"

Jiang Yu had a good memory. She knew that it was impossible for her to recite it wrongly.

"I told you to give me your hand so you give it to me. You didn't even have any emotions when you read the lines. Which teacher taught you that?" Teacher Zhang said angrily and was about to hit the back of Jiang Yu's hand.

Jiang Yu immediately raised her hand to dodge. She knew that the person in front of her wanted to establish her teacher's dominance first, but she didn't want to be bullied for no reason.

"Teacher Zhang, you just asked me to memorize it," Jiang Yu said coldly.

"How dare you talk back to me!" Teacher Zhang stood up and said angrily, "Your script skills are too bad. I can't teach you anymore. I think it's better to change the person."

After saying that, teacher Zhang walked out in large strides and went to look for the director.

In the past, those newbies were very respectful towards teacher Zhang. At the beginning, they were hit in the hands a few times.

Today, she showed no respect at all.

Jiang Yu looked at teacher Zhang's back view as he left. She narrowed her eyes and walked out.

As expected, when she reached the outside, she heard teacher Zhang complaining to the director, "Her speaking skills are too poor. She doesn't have show any emotions at all. Her basic skills aren't solid. Furthermore, she doesn't accept discipline. I really can't teach her."

The director frowned and looked at Jiang Yu behind him.

After teacher Zhang finished speaking, she stood there and looked at Jiang Yu coldly.

Both of them had dissatisfied expressions.

However, the director still had to give face to Wu Ling. Since she was already here, he had to give it a try. Otherwise, he wouldn't be able to explain to Wu Ling why he rejected her.

"You, go and try the first scene. I'll see how it works."

The director had already given up on the idea of relying on temporary training to improve Jiang Yu's acting skills.

Now, he completely believed what teacher Zhang said. He thought that Jiang Yu was a good-for-nothing and definitely wouldn't be able to act well.

Therefore, he just put on an act and casually pulled a chair to sit down.

He didn't even help find an actor to act with Jiang Yu.

He just wanted to see Jiang Yu act in a random scene and immediately rejected her.

The director sighed in his heart. It wasn't that he didn't want to give Wu Ling face, it was just that this newcomer was too bad.

Jiang Yu saw teacher Zhang's vicious gaze and her heart turned cold.

However, she didn't have any power or influence in the production team, so she could only obediently walk up to the director.

"Director, Do you want me to act alone?" Jiang Yu said in a low voice, her attitude respectful.

The director looked at the time and frowned. "You act alone first. The second female lead isn't here yet, so you'll have to deal with it first."

Jiang Yu nodded in understanding, thinking that she understood what the director was implying.

Then, Jiang Yu directly started acting. The first line that she said stunned both teacher Zhang and the director.

What surprised teacher Zhang was that Jiang Yu was acting very emotionally. It was completely different from the expressionless look when she was reciting the lines just now. She actually acted very naturally.

The director was surprised that Jiang Yu had actually acted all the parts of the opposite scene, and she had even acted so well.

The director looked at the script. Jiang Yu had acted as the second female lead and her deskmate. She had played two roles by herself, and she had switched between them very naturally.

Immediately, the director's eyes lit up, and he watched with interest.

Jiang Yu had played two roles by herself, acting like a double act. After acting one role, she walked to the other side and acted the other.

When the busy staff saw Jiang Yu's novel performance, they all stopped and surrounded her.

Chapter 239: Complaint

The acting teacher was sweating all over as she watched.

Meanwhile, the director was getting more and more engrossed in Jiang Yu's performance. By the time Jiang Yu's performance was over, the surrounding people were still immersed in Jiang Yu's performance.

Suddenly, someone applauded and said, "Your acting was too good."

Only then did the director regain his train of thought.

The director looked at Jiang Yu in surprise. Jiang Yu walked over with her hands behind her back and asked modestly, "Director, do I need any adjustments that should be made?"

When the director saw that Jiang Yu was neither arrogant nor impatient, he became more and more satisfied. "Very good. How did you memorize the lines for both roles? There are very few people who work as hard as you."

The director could not help but nod his head.

Jiang Yu was clearly just an audition for a supporting role, but she had even perfectly displayed the lines and actions of her opponent's second female lead.

Jiang Yu paused for a moment and looked at the teacher who was teaching her acting. She smiled and said, "Teacher Zhang just asked me to memorize all the lines. I thought that was a basic thing to do."

It was impossible for Jiang Yu to memorize all the lines in such a short period of time. She was just deliberately targeting the teacher.

The director looked at the teacher in surprise and frowned. Only then did he remember that the teacher had come out to complain to him, saying that Jiang Yu's acting was terrible and that she could not be taught.

But now it seemed that it was not the case at all.

The director looked at him suspiciously and teacher Zhang immediately wiped the sweat off her forehead. She even deliberately accused Jiang Yu and said, "She did not study hard on purpose. That's why I asked her to memorize all the lines."

When Jiang Yu heard this, she immediately lowered her head nervously and looked like a good student. "The teacher said that if I got it wrong, she would hit me. I was just a little nervous. I didn't mean to not study hard on purpose."

When the surrounding people heard this, they immediately felt sorry for Jiang Yu.

The other staff members had also seen this teacher teaching before. She did indeed hit minor actors' hands so they immediately believed Jiang Yu.

When they saw how hardworking and humble Jiang Yu was, they immediately felt sorry for her. Looking at how frightened Jiang Yu was, she must have been scared out of her wits just now.

When the director saw the expressions of the staff around him, he immediately understood what was going on.

"What's going on?" The director asked in a deep voice.

Jiang Yu continued to lower her head, treating herself as a newbie who did not know anything. However, her shoulders trembled slightly, showing her nervousness.

At this moment, a staff member could not stand it any longer. He stood up and said, "When I passed by the dressing room just now, I heard the teacher say that she wanted to hit her hand..."

The acting teacher's expression froze. "I was just joking. I was just joking."

She had never expected Jiang Yu to reveal all these things.

She had never seen such a rookie who did not know understand the subtle rules.

The teacher seemed to be embarrassed as she tried to put the matter behind her. "Director, I will teach her well in the future."

The teacher thought to herself that she would settle the score with Jiang Yu in the future.

However, when Jiang Yu heard this, she subconsciously avoided the teacher who was about to pull her hand.

Then, she turned around and hid behind the young man who was in charge of the props.

The prop guy immediately felt extremely protective, he took the initiative to say to the director, "Director, I wasn't interested in this kind of thing originally, but look at how scared this girl is. In fact, this teacher used to beat up rookies very fiercely and always bullied them behind peoples's backs."

With that said, two more people came forward to confirm his words.

The director immediately understood what was going on.

Teacher Zhang was still frozen in place. She stretched out her hand towards Jiang Yu, but could not reach her. She was already extremely anxious.

She did not expect that the things she usually did would be said in person.

The director slammed the script in his hand onto the table.

Chapter 240: Teach Her A Lesson For You

"I asked you to teach the newcomers, not to scare them!"

The director's tone was a little harsher than usual. Those who knew him well knew that he was really angry at this moment.

Teacher Zhang was also shocked and quickly said, "Director, I also want to establish good rules. This is part of my teaching."

Jiang Yu, who was lowering her head, raised her eyebrows. At this time, she was still trying to quibble.

She just didn't know if the director would calm things down. After all, she was only a newcomer. If the director were to just let it go, Jiang Yu wouldn't be able to do anything about it.

However, in the days to come, she would have to be wary of this teacher.

Jiang Yu thought to herself. At this moment, the director said, "You can leave the production team now. I will invite another teacher over."

Jiang Yu raised her head in surprise and saw the director's serious expression.

The teacher looked at the director in shock with an embarrassed expression.

She turned around abruptly and looked in Jiang Yu's direction. Coincidentally, she and Jiang Yu met each other's eyes.

Teacher Zhang immediately understood that Jiang Yu had dared to talk back to her in the dressing room. Why was she so submissive outside? It was all on purpose.

Teacher Zhang was furious. She glared at Jiang Yu and said, "Just you wait!"

She turned to the director and said, "You actually fired me for a newcomer! You will regret it."

Teacher Zhang had taught many students and knew many people.

Usually, some directors had to find actors through the teacher's connections.

Even if he didn't compliment her, he shouldn't have offended her too harshly.

But today...

After the teacher finished speaking, she flung her hands angrily and left in a huff.

After teacher Zhang left, only then did Jiang Yu walk out from behind the prop guy and let out a sigh of relief.

"Director." Jiang Yu walked up to the director.

The director smiled kindly with a hint of guilt in his smile. He patted Jiang Yu's shoulder and said, "You did very well. Go prepare the costumes later and prepare for the shoot."

Jiang Yu's eyes lit up. She nodded at the director and left silently with the props teacher.

The director looked at Jiang Yu's back and nodded. She was good at her job, modest and usually did things quietly. People like her were too likable.

The director did not think that it was a bad thing to fire teacher Zhang because of Jiang Yu.

Teacher Zhang left the production team in a huff. When she reached the parking lot, she heard someone calling her name.

"Teacher Zhang?"

Teacher Zhang stopped and looked up. She saw the second female lead, Qin Yuan, walking towards her with a smile.

Qin Yuan was introduced to the production team by teacher Zhang. She was one of teacher Zhang's former students.

"Teacher, why don't you look well?" Qin Yuan looked at teacher Zhang in surprise.

Teacher Zhang was usually in high spirits in the production team. Moreover, shouldn't she be in the production team at this time, waiting to teach the newbies how to act?

Why would she leave at this time?

Teacher Zhang was depressed when she thought of what had happened just now. "It's all because a newbie who refused to be disciplined came to the production team. Moreover, she is very good at stirring up trouble!"

Teacher Zhang told her about Jiang Yu's refusal to be disciplined and how she deliberately targeted her.

Qin Yuan was very surprised. "A newcomer actually dares to treat you like this."

Teacher Zhang's face was livid. She also felt very embarrassed.

"Teacher, don't worry. I will teach that newcomer a lesson for you."

Qin Yuan's face also darkened. Her teacher being pressed on the head by a newcomer was equivalent to slapping her own face.

Inside the production team.

Under the efforts of the makeup artist and stylist, Jiang Yu quickly put on her student uniform. Even her hairstyle had been changed. She looked like a well-behaved and sensible person. When she put on her huge glasses, she looked even more well-behaved.

It was completely in line with the character of the second female lead's well-behaved deskmate.

She was usually quiet and acted as a tool to deliver messages to the second female lead.
