

Older Man 30

Chapter 30: Cut Off Her Arm!

Moreover, this old man had bodyguards with him.

There were two bodyguards standing guard outside the door.

Jiang Ran hesitated for a moment. She wanted to confirm what was going on inside herself.

Therefore, Jiang Ran walked over. Without waiting for the bodyguards to react, she made a gesture as if she was going to rush in to investigate.

“Sister, are you alright? Who are you guys? I want to see my sister!”

Jiang Yu, who was taking a shower, heard the voice that was still lingering, but she did not care.

She continued humming.

What was wrong with Jiang Ran this time.

But she did not speak, but someone in the room spoke.

The man’s deep and hoarse voice was filled with authority. “Who is that noisy? Break her legs and throw her out!”

“Yes, sir!” The bodyguard received the order and immediately attacked Jiang Ran.

Jiang Ran screamed in fear, “What are you doing? Sister, my good sister, save me!”

Otherwise, her legs would really be broken.

These people did not seem to be faking it!

Jiang Yu put on her clothes and walked out in surprise. As expected, she saw a man with a fierce aura sitting in a wheelchair with his eyes narrowed.

Before Jiang Yu could react, she heard Jiang Ran’s cry for help from outside.

“Sister, if you cause me to lose my leg, father will definitely chase you out of the house.”

Outside, Jiang Ran was still screaming like a pig being slaughtered. Her voice was filled with terror.

The man’s voice just now was too cold and dangerous. She already regretted coming over to catch him.

Now, she was the one being caught.

She did not even see him and her leg would be broken. That was really too tragic.

When Mo Long heard that woman actually dared to threaten Jiang Yu, his gaze immediately darkened.

Jiang Yu smiled and said, “I’ll handle it.”

Mo Long nodded and Jiang Yu walked out.

She saw two bodyguards suppressing Jiang Ran underground and were about to break her leg.

Jiang Yu said, "Wait!"

Jiang Ran's eyes were filled with tears as if she had found her savior. "Sister! Quickly get them to release me!"

She was scared out of her wits.

Jiang Yu walked over and looked down at Jiang Ran. "Why should I save you? You brought people to catch me today. You've been following me for a long time and couldn't find anything. Won't you be very disappointed?"

The bodyguards waited respectfully for Jiang Yu's order.

Jiang Ran's face turned pale. "Don't think that I don't know that there's an old man in your room. If you dare to bully me, Daddy will definitely beat you to death!"

Jiang Ran thought that she had obtained the tool to threaten Jiang Yu.

Jiang Yu sneered. "You've reminded me. Cut off her arm and wait for an hour before you reattach it!"

She looked at Jiang Ran's pale face and said with a smile, "This way, you can go home in one piece."

Jiang Hai would not listen to her no matter how lively Jiang Ran was.

Especially since Jiang Ran failed to catch the cheater today. It was no longer useful for her to say that Jiang Yu had secretly met a man. No one would believe her.

Jiang Ran screamed miserably and was taken away.

Jiang Yu stretched herself.

She pushed the door open again and walked in.

As soon as she entered, she was pulled into the man's arms.

At that moment, the man had already stood up from the wheelchair. He lowered his head and sniffed the fragrance on her body. Mo Long could not help but feel a little intoxicated. He smiled and said, "You're really too charming today!"

How did this girl think of it? Taking someone's arm off and putting it back on.

This Jiang Ran must have suffered a dumb loss and would have angered herself to death.

This little girl was very eccentric and very interesting.

Jiang Yu leaned on the man's body.

Her eyebrows relaxed happily and she said in an extremely good mood, "Other than not having much strength, the rest of me is very powerful!"

The little woman looked somewhat high-spirited and radiant.

Mo Long's throat rolled up and down as he exhaled in a low voice, "Not having much strength makes it easy to push you down?"

In the next second, he saw a hint of shyness in the woman's eyes. Although it was fleeting, it was exceptionally charming.

Jiang Yu tried to change the topic, "Why did you come back early?"

Mo Long said, "I heard that my wife is good at cavalry and I couldn't wait to come over to take a look."

"It's a pity that you came late and didn't see it." Jiang Yu shrugged. "I'll specially perform for you next time."

Mo Long nodded. "Okay."

He was finally willing to let go of her. However, he took the opportunity to hold her hand and said, "You performed so well today. How can I reward you?"

"Hmm?" Jiang Yu helped him back into the wheelchair, worried that he would get tired after standing for a long time.

"I'll reward you with a full meal." He couldn't help but kiss her lips as he spoke.

At this moment, Jiang Ran was being taken to a quiet place. There was no one to disturb her here. Even if Jiang Ran screamed her lungs out, no one would notice.

The bodyguard threw Jiang Ran into the shabby house.

He took a step forward.

Jiang Ran was scared to death and begged for mercy pitifully.

But the bodyguard's face was cold. He grabbed her arm and, as expected, removed her arm.

The immense pain made her break out in cold sweat.

But this was not the end. The bodyguard grabbed her other arm and removed it again.

"Ah! It hurts!"

Jiang Ran let out a pig-like cry.

Unfortunately, the immense pain drowned her out. The bodyguard was still watching outside expressionlessly.

"Miss Jiang said that the arms will be reattached after an hour!"

"Just wait patiently."

Jiang Ran's small face was pale.. This was too long.
