

Older Man 341

Chapter 341 Question Answering And Punishment

After the groups were decided, Zhang Xiao said, "Now, Yuan Mei and I will each lead a team. The guests can also choose the host they want to follow."

Before the guests could choose, Yuan Mei took the initiative and said, "Jiang Yu, He Zhen, may I be your team leader?"

There was no point rejecting. Jiang Yu nodded and said, "Sure."

He Zhen did not feel anything at first. Since Jiang Yu had agreed, it would be great if she agreed as well. Li Lu did not understand Yuan Mei's actions and thought that she looked down on her. That was why she was so eager to become Jiang Yu's team leader,

Jiang Ran could see the dissatisfaction in Li Lu's heart. Although she was also unhappy with Li Lu's actions, they could be said to be allies on the same front when it came to dealing with Jiang Yu.

So she still quietly comforted Li Lu and said, "It's okay. You just wait and see."

"What?" Li Lu was confused by Jiang Ran's words.

But Jiang Ran insisted on keeping her in suspense and refused to tell Li Lu the whole story.

"It's really baffling," Li Lu said.

They were indeed a family. One was annoying, and the other couldn't even speak clearly.

Jiang Ran's small actions weren't noticed on the bullet screen, but everyone was guessing why Yuan Mei was so eager to be the captain of Jiang Yu and He Zhen.

"What's wrong with this female host? Didn't the male host say that the guests can choose for themselves?"

"Yeah. She didn't even wait for the guests to speak. Isn't that too impolite?"

"That's right. If Jiang Yu had rejected her, she would have been embarrassed."

"Hahaha! Upstairs! I automatically empathised with Li Lu. I'm sorry!"

"Hahahahaha!"

The bullet comments were still filled with laughter for the time being. They didn't know what would happen in this variety show in the future.

As it was the first episode of the show, the program team planned to let the four permanent guests and the two hosts get to know each other, so they didn't invite the other guests.

After the teams were divided, the "Pretty girl group" made up of Jiang Yu, He Zhen, and Yuan Mei, and the "Little Hamster Group" made up of Zhang Xiao, Li Lu, and Jiang Ran.

"I'm still a guy here. Do we really have to call ourselves 'Pretty Girl'? I don't think it's appropriate," He Zhen couldn't help but complain.

"Haha, It's okay. You're still young," Yu said with a smile.

"Okay..." He Zhen felt that there was no point in dwelling on this question, so he scratched his head and gave up.

"Okay. For today's first episode of the program, let's first get used to the team's tacit understanding!" Yuan Mei said.

Zhang Xiao continued, "Today's first round of the game is 'you show and I guess.'"

As the name suggested, the program team gave the two teams some words, and then one of the team members would show the words, and the other two members would guess.

The team that guessed the most words within a fixed period of time won.

Then the loser would be punished. After all, it was the first episode of the program, so the program team didn't set the punishment too harshly. They only prepared a large bucket of lemon juice with a little honey in it.

However, it was still sour and bitter to drink. Ordinary people really couldn't accept the taste. "Let's draw lots to decide which team will start first!" Yuan Mei said.

She took out a piece of paper from the box that the staff brought over. On it was written "One."

"Haha, it seems that our 'Pretty Girls Group is the first one!" Yuan Mei said with a smile. Zhang Xiao also smiled and said, "Then we'll wait and see."

He Zhen was like a big boy who refused to admit defeat. He threw down his heroic words and said, "Wait and see! We'll definitely win!"

Chapter 342 Standing Alone

Li Lu was still brooding over the fact that He Zhen had rejected her and chose Jiang Yu, so she only sneered at his bold words. She said disdainfully as if she was talking to herself, "What are you talking about? With you and Jiang Yu?"

Jiang Ran covered her mouth and laughed. "Don't worry. They won't win."

Li Lu didn't know where Jiang Ran's confidence came from, but she couldn't be bothered to ask.

"Okay, if we're ready, who should act?" Although Zhang Xiao was the leader of the other team, he was also the host

Therefore, when Yuan Mei participated in the game segment and it was inconvenient for her to host, Zhang Xiao would take the initiative to assume the responsibility of the host. "I'll act." Yuan Mei volunteered. "It just so happens that you two guests can also train your tacit understanding."

Seeing Yuan Mei taking the initiative, Jiang Yu and He Zhen did not lose out and said, "Okay."

The first idiom was 'covering one's ears to steal a bell'.

Yuan Mei covered her ears and paced back and forth anxiously on the stage.

“Covering one’s ears to steal a bell.” Jiang Yu guessed it with just one look. The bullet comments were all shocked by Jiang Yu. “My God! She guessed it with just one look?”

“To be honest, this host’s acting doesn’t feel like that at all. Jiang Yu’s guess is really amazing!” “I think they will definitely win!”

However, there were also people who disagreed and said, “Can you not say so many big words?”

“She’s just lucky. Why are you so smug?”

The comments on the bullet comments were in a deadlock. On stage, Jiang Yu and He Zhen had guessed quite a number of idioms.

In just one minute, Jiang Yu and He Zhen had already guessed five idioms.

Li Lu could not sit still under the stage. She quickly pulled Jiang Ran aside and whispered, “Didn’t you say that they would definitely lose? They have already guessed right five idioms. Are you sure that they will lose?”

Jiang Ran continued to cover her mouth and laugh. “Just wait and see.”

Li Lu still did not understand why Jiang Ran could still laugh at this moment, but she quietly watched for a while. From the sixth idiom to the tenth idiom, Jiang Yu and He Zhen could not guess it.

The idiom was indeed a little unpopular, but Yuan Mei’s performance was indeed not satisfactory.

The bullet comments were a little unsettled again. ‘what kind of idiom is this? Standing alone?’

“Please, if I didn’t check my phone, I wouldn’t even know how to pronounce this idiom.” “Did the program team do it on purpose? Why are they giving out unheard-of idioms at the end?”

“Also, there must be something wrong with the host’s performance, right? He acted out the Sun for the idiom ‘Thunderbolt from the clear sky’. Can’t she just perform some sound effects to represent the sound of thunder? What kind of acting is she doing?”

“It’s over. I think Jiang Yu and He Zhen are really going to lose this round.”

“But it’s not their fault that they lost! It’s the program team’s fault for coming up with such a difficult idiom to make things difficult for the guests!”

These people were defending Jiang Yu and felt that the program team had gone too far.

However, there were also some people who were Jiang Yu’s haters. They only enjoyed watching the program team make things difficult for her.

“I say, are you fans suffering from paranoia?” “That’s right. The idiom is just a little difficult? It’s not that difficult.”

“What if Li Lu and Jiang Ran also encounter such a difficult idiom in a while? What else do you want to say?” “I think they will say that the program team should not make things difficult for the guest, right? They really know how to find excuses for Jiang Yu.”

“Upstairs, calm down first. We’re just saying that idols have fans that are the same type of person as them!”

“That’s right. Don’t tell me you think Jiang Yu’s brain works well just because she guessed five idioms?”

The bullet comments were still noisy, and on the stage, the time that belonged to “Pretty girls group” had already ended. In the end, they guessed five idioms correctly within three minutes.

Chapter 343 Lemon Juice

When it was the turn of the “Little Hamster Group” to go on stage, Li Lu was very nervous.

She had also seen how difficult the idioms Jiang Yu and the others had guessed in the later stages were.

She was worried that her team would also encounter such a difficult idiom in a while. If they could not even guess five idioms, wouldn’t they lose to Jiang Yu?!

Even if Jiang Ran said that Jiang Yu would definitely lose, Li Lu wouldn’t completely believe her confidence. “Let me act,” Zhang Xiao said. “The two of you should get used to each other.”

Jiang Ran said, “Okay, thank you, host.” She deliberately pretended to be polite on the show so that she could use this cute and amiable persona to attract a wave of fans for herself.

As expected, the bullet screen was filled with comments like “Jiang Ran is such a polite person” and so on.

Someone saw that she was the unskilled supporting actress in “The Chu Family Empress,” so he said, “Isn’t she the unskilled supporting actress?”

“I remember now. It’s her. She said that the movie queen overshadowed her acting because her acting was bad.”

Someone defended Jiang Ran and said, “Can’t you guys not let go of this problem? How long has it been? Her scenes are all finished.”

“That’s right. Besides, she’s acting with the movie queen. It’s normal for her to not be able to hold the scenes, right? She didn’t say that the movie queen was suppressing the scenes.”

“There are always people who like to speculate about others in such a malicious way. I’m really speechless.”

Jiang Ran was full of confidence. She thought that her character would definitely attract a large number of fans.

Two minutes had passed on the stage, and Jiang Ran and Li Lu had already guessed six idioms.

Even if they couldn’t guess the rest of the idioms, it didn’t matter. As long as they had one more than Jiang Yu and the others, Jiang Yu would have already lost.

However, Li Lu was still a little worried. In order to be sure, she still planned to guess a few more correctly, so that the outcome of this game would be completely decided.

Five minutes had passed, and Jiang Ran and Li Lu had guessed a total of nine idioms.

Although they later encountered the unpopular idioms that Jiang Yu and the others had encountered, Zhang Xiao did not know how to act them out at all and could only try a little.

Li Lu also could not understand what Zhang Xiao was performing. She could not guess what this idiom was.

However, Jiang Ran was always able to accurately say that idiom after watching Zhang Xiao's performance.

Not only were the people on the stage shocked by Jiang Ran, even the audience watching the live broadcast gasped and began to admire Jiang Ran's intelligence.

"Oh my God! Jiang Ran is just too amazing!"

"I can't even tell what the male host is performing, but Jiang Ran actually guessed it with just a few glances!"

"What about those people who said that the program team was making things difficult for Jiang Yu? Why aren't they saying anything?" "Hahahaha, is it that difficult to admit that Jiang Yu just isn't good?" "Who knows? Maybe in their eyes, Jiang Yu is the best in the world, okay?"

"What a pity. A younger sister is a younger sister. She can't be compared to the older sister at all."

The game was over. The matter of Jiang Ran and Li Lu winning was already set in stone.

The staff brought a large bucket of lemon juice, poured it into three small cups, and placed it on the table.

Li Lu crossed her arms and looked at Jiang Yu with a sarcastic gaze. "Come, drink." "I'll drink!" He Zhen did not suspect things and poured the entire cup of juice into his mouth.

"Ah!" He Zhen's facial features were all wrinkled as he shouted, "It tastes terrible! It's sour and bitter!"

Yuan Mei saw his reaction and did not dare to drink for a moment.

She secretly looked at Jiang Yu and found that her expression was very calm and did not look afraid at all.

Chapter 344 Hero Saving The Beauty

Yuan Mei couldn't care much about Jiang Yu anymore. The sooner she drank this little thing, the sooner she would be done with it.

The lemon juice tasted sour and bitter in her mouth. Yuan Mei had never drunk such a terrible lemon drink in her life, even though it was authentic lemon juice.

"Drink it!" Li Lu gloated. "Jiang Yu, you don't want to take a loss even when we're recording a show?"

It was not that Jiang Yu did not dare to drink the lemon juice, but she had already seen through the clues.

It was not that she wanted to defame Jiang Ran, but the past events had proven that Jiang Ran did not have such a good brain.

Every single thing that she had done to frame herself was full of loopholes, and she would always catch them.

This time was no exception.

Why did Yuan Mei find him and He Zhen to team up in such a hurry? Why did the program team come up with such unpopular idioms?

And those simple idioms from before, did Yuan Mei not know how to express them?

“Drink.” Seeing that Jiang Yu did not move, Li Lu urged again.

Even if the punishment this time was not painful, she liked to see Jiang Yu embarrass herself.

“Okay.” Jiang Yu did not say any more nonsense and picked up the cup, ready to drink.

“Wait!” He Zhen grabbed Jiang Yu and took the cup from her. “This is really terrible. Let me drink it for you.”

As he said that, He Zhen poured all the lemon juice into his mouth.

“Hey! He Zhen!” Li Lu didn’t expect He Zhen to be willing to bear the punishment. She couldn’t help but shout, “This is Jiang Yu’s punishment! What are you helping her drink?!”

“That’s right,” Jiang Ran chimed in.

Yuan Mei was also a little unhappy, she also chimed in with Li Lu, “That’s right. Although we are on the same team, I am also a fair and impartial host. This is Jiang Yu’s own punishment. In that case, this cup of lemon juice should be hers to drink.”

The reason why she was unhappy was that He Zhen only watched coldly from the side while she was drinking the lemon juice.

However, when Jiang Yu picked up the cup and wanted to drink the lemon juice, He Zhen snatched it over and said that he would drink it for her.

What did he mean? Couldn’t He Zhen also stand up and say that he could drink it for her?

Some people on the bullet screen felt that He Zhen’s actions had broken the fairness of the game. “No Way! This is the punishment that Jiang Yu should bear, so why would He Zhen drink it for her?”

“Exactly! Isn’t this destroying the fairness of the game?”

“If she does that, doesn’t that mean that he can bear the punishment for Jiang Yu as well?”

“What’s his relationship with Jiang Yu? Why did he do this for her?”

However, some people also felt that He Zhen was acting as the hero saving the beauty. He really showed his masculinity. “I think it’s okay. Isn’t this just a game punishment? There’s no need to care so much, right?”

“Yeah. He Zhen and Jiang Yu used to work together before. They’re friends. Isn’t it normal for friends to help each other out?” “The guests haven’t said anything yet. Why are you guys in such a hurry?” “Whether it’s fair or not, that’s their business. What does it have to do with you guys?”

However, He Zhen had already helped Jiang Yu drink that cup of lemon juice, so Jiang Yu naturally didn’t need to drink it.

Although Jiang Yu didn’t want to leave behind any bad influences, He Zhen said, “I already drank it for you. If you still drink it, wouldn’t I be drinking it for you in vain?”

Jiang Yu thought about it and agreed with him, so she could only follow He Zhen and put down the cup of lemon juice.

Chapter 345 Unconvinced

The program team couldn’t sway anything about the decision made by the guests. On the other hand, Li Lu and Jiang Ran were furious.

They originally wanted to see Jiang Yu make a fool of herself and see her be punished. They didn’t expect He Zhen to appear out of nowhere.

All these wishes were destroyed on the spot.

Jiang Ran quickly gave Yuan Mei a look. Yuan Mei understood, she cleared her throat and said, “Alright, since He Zhen drank the lemon juice for Jiang Yu this time, Jiang Yu has already borne the punishment. However, don’t let this happen again in the future games.”

“Alright,” Jiang Yu replied faintly.

“Got it.” He Zhen stuck out his tongue.

The second game was a team-up balloon-treading game. Because there were not enough guests present, they had temporarily found staff members to make up the numbers.

According to the previous teams, the first two teams to compete were Jiang Yu and He Zhen, Li Lu, and Jiang Ran. In fact, Li Lu and Jiang Ran were about the same height, so it was easier for them to cooperate.

However, He Zhen was a head taller than Jiang Yu. The difference in height made it difficult for the two of them to work together.

“Jiang Yu, you will definitely lose this time.” Li Lu was full of confidence. “Just wait and drink the lemon juice.”

Jiang Yu said, “Then let’s see who wins first.”

Because Jiang Yu and He Zhen did not work together well at the beginning, they did lose to Li Lu and Jiang Ran in the first round.

“Okay, go and drink the lemon juice.” Li Lu couldn’t wait to see Jiang Yu finish the lemon juice.

When the time came, her facial features would be all scrunched up. It would definitely be very ugly. However, she was indeed too impatient. The game wasn't over yet, and she was already thinking of letting Jiang Yu drink the lemon juice.

ev

"The game isn't over yet," Jiang Yu kindly reminded. "It's a little too early for you to want to see me embarrass myself." "You!" Li Lu's face was bruised.

This Jiang Yu! Why is she always picking on me on the stage!!

The second round of the game began, and more and more people joined in.

Jiang Yu and He Zhen also carefully studied their own shortcomings because of the mistake they made just now.

Now that they were playing again, they could already cooperate perfectly.

Li Lu and Jiang Ran originally thought that Jiang Yu and He Zhen didn't cooperate at all, so they didn't pay much attention to them playing again. Instead, they focused on the other two staff members who came up to make up the numbers.

However, they were only concerned about dealing with the two staff members. The two staff members who were paired with them had been wading in the water the entire time, so they did not leave the stage until their balloons were all crushed by Jiang Yu and He Zhen. Only then did they leave the stage with an innocent look on their faces.

Li Lu and Jiang Ran, who were still persisting in the battle, were already dumbfounded.

What?! The two people who clearly did not know how to cooperate a moment ago could already cooperate perfectly now?

They even stepped on all the balloons tied to the two people's feet and broke them?

How was that possible!!

The atmosphere on the stage was now very tense, but the bullet screens were watching with relish. "Oh my God! Jiang Yu and He Zhen can really cooperate perfectly!"

"They clearly didn't know how to cooperate just now. I didn't expect that they could cooperate so well in this round of the game!"

"As expected, it has to be Jiang Yu! I'm optimistic about you!"

"Even Li Lu was dumbfounded by what she saw! Hahaha! She didn't seem to think that Jiang Yu and He Zhen could cooperate so well!" "That's right. I didn't expect it either! Hahahaha!"

Only Li Lu and Jiang Ran were left on the stage. If they wanted to win this game, their only choice was to crush the balloons of the two staff members and then crush half of Jiang Yu and He Zhen's balloons. Only then could they win.

However, based on the current situation, the probability of this was very small. It could be said to be zero.

Chapter 346 Change In Attitude

As expected, Li Lu and Jiang Ran lost this round of the game. “Don’t be too pleased with yourself!” Li Lu said fiercely to Jiang Yu when she got off the stage, “Just wait and see. I’ll make you lose completely in the last round of the game!”

Jiang Yu was also happy to play these little “Life and death” games with her. She said, “Then I’ll be sure to play with you at any time.”

“Just wait and see!”

He Zhen didn’t know about the matter between Li Lu and Jiang Yu. He thought that she was simply too concerned about winning or losing in the game. He couldn’t help but feel that Li Lu was indeed a little stingy.

“Isn’t she a little too concerned about winning or losing in the game? Everyone was clearly in the same production team before. After more than two months of being together, how could they not have feelings for each other? Why is she talking to you like that?” He Zhen didn’t really understand.

Jiang Yu didn’t want to tell He Zhen about this, so she explained, “This is probably because she doesn’t want to admit defeat.”

The final round of the game was chaotic.

Not only were the audience watching the live broadcast unable to see clearly, even the two presenters on the stage couldn’t see clearly.

At the last whistle, the game ended. When the program team finished counting the number of balloons left on both sides, they realized that Jiang Yu was still the winner of this round of the game. When Li Lu heard the result, her eyes were about to spit fire.

How could it be! She might lose!! Didn’t Jiang Ran say that Jiang Yu would definitely lose?!

Why did it become Jiang Yu who won the game now?

Jiang Ran also had a headache. She looked at Yuan Mei with a hint of disappointment in her eyes.

Yuan Mei was very anxious. She wanted to tell Jiang Ran she couldn’t control the win or loss of this game.

Jiang Ran could not be bothered to look at the explanation in Yuan Mei’s eyes. She was the only one left who was anxiously trying to explain but could not find anyone to listen to her.

She had lost the game. The next step was the punishment segment.

Three cups of lemon juice were placed on the table. Zhang Xiao picked up a cup and drank it without even frowning.

“You’re a man!” He Zhen could not help but praise.

"You're too kind," Zhang Xiao said with a smile.

There were still two cups of lemon juice left on the table, but Li Lu and Jiang Ran refused to drink it.

"Drink it." He Zhen imitated Li Lu's aggressive look and said, "Why don't you drink it?"

"What does it have to do with you whether I drink it or not?" Li Lu really wanted to have a big fight with He Zhen. "Mind your own business!"

But even though she said that, Li Lu still did not have the courage to drink that cup of lemon juice.

After thinking about it, she turned her gaze toward Zhang Xiao for help.

It meant that she wanted him to drink it for her.

Zhang Xiao frowned and said, "But just now, she said..."

Before he could finish, Yuan Mei quickly said, "Aiya, this is a female artiste after all. Zhang Xiao, drink it for them."

"But you just said that this is a personal punishment and you should bear it yourself?" Zhang Xiao did not understand why Yuan Mei's attitude was changing. "Aiya! It's okay!" Yuan Mei also knew that what she said behind her back was inconsistent, but it could not be helped.

After all, Li Lu was the sister of the movie queen, and Jiang Ran was the boss who gave her money... Neither of them could be offended!

So, compared to her attitude, she still wanted to keep her job.

"This..." Zhang Xiao was actually not willing to drink this horrible lemon juice anymore, but since Yuan Mei said so, and no one in the program team stood up to oppose it, then he would be a good person and drink it for the two of them.

Therefore, Zhang Xiao could only help to drink the two cups of lemon juice.

"Hey! Didn't you say you can't get help?" Seeing this, He Zhen was not convinced.

Chapter 347 Bad Critic

"If you can drink on behalf of Jiang Yu, why can't Zhang Xiao drink on behalf of us?" Li Lu looked disgusted. "Are you the only one allowed to help Jiang Yu? What kind of logic is this?"

"Hey, hey! How can you be like this!" He Zhen said, "It was clearly you guys who said just now that no one is allowed to take the punishment for someone else!"

"So what?" Li Lu said disdainfully, "You have already finished drinking. Can you spit it out again?"

"You!" He Zhen was angered by Li Lu's words. "Why did you not keep your word!"

"If you have the time, you might as well mind your own business." Li Lu glanced at Jiang Yu and said, "Hurry up and be your hero. Go and save the damsel in distress."

Li Lu's words were a bit too much. Jiang Yu also frowned and picked up the bucket of lemon juice and poured it into the cup. Then, she picked up the cup and drank it all in one gulp. Everyone cried out in

surprise. They didn't expect Jiang Yu to actually accept the punishment from the previous game and drink the lemon juice.

"I drank it. Please drink it too," Jiang Yu said. Li Lu was so shocked that she couldn't say anything

This Jiang Yu was purely trying to make a fool of herself!

Impossible! Absolutely impossible!

Li Lu said, "What's the use of drinking it now? The last game was a long time ago."

Since she insisted on not drinking, the program team naturally wouldn't force her.

However, Jiang Yu felt wronged. He Zhen had already helped her drink the glass of lemon juice, but she still drank it herself.

The bullet screen was very dissatisfied with Li Lu's behavior. "How can this Li Lu be like this?"

"She said that Jiang Yu should take her own punishment but now that it's her turn, she wants the host to help her drink the lemon juice?"

"She really doesn't take her own words seriously, and she doesn't take the rules of the game seriously either." "With her acting like this, why would she participate in a variety show?"

"Not only her, but also that Jiang Ran. What's going on between the two of them?"

"I sometimes feel that there's something wrong with the gaze between Jiang Ran and that female host... I hope I'm just mistaken."

The Internet was dissatisfied with Li Lu's behavior of not caring about the rules of the game, but the program team did not stop her, so they could only comfort themselves and say that it was for the program's effect.

"Okay, okay, everyone is a guest on a variety show. Don't quarrel." Yuan Mei quickly came out to smooth things over.

"There's no quarrel." He Zhen scratched his head and said, "But she is indeed a bit too much. She was the one who said it..."

Halfway through his words, He Zhen saw that Jiang Yu's expression didn't look good, so he tactfully stopped talking.

The first episode of the program was recorded in a relatively short amount of time, so it ended after recording two games.

After the recording ended, Jiang Ran looked for Yuan Mei and said, "What's wrong with you? How could Jiang Yu win the game of stepping on balloons?"

Yuan Mei was also very aggrieved and said, "This is not something I can control. I also didn't know that the staff assigned by the program team could be so stupid."

"Forget it." Jiang Ran also knew that it was useless to continue talking to Yuan Mei about this. The longer she stayed with her, the easier it would be for her to be caught.

"Alright, I won't talk much with you. When the program team gives you the script and program procedures, hurry up and send me a copy."

"Got it." Yuan Mei felt wronged.

However, there was nothing she could do about it. After all, she had to work for the person who paid her.

If the sponsor was dissatisfied, not only would she never ask you to work for her again, but what if she got angry and exposed everything about you.

Chapter 348 Paparazzi Taking Photos

After Jiang Ran and Yuan Mei finished talking, they were about to go back to pack their things when they saw He Zhen talking to Jiang Yu in the corner.

Jiang Ran quickly shrank to the side. She originally wanted to listen to their conversation, but she was too far away and couldn't hear anything clearly. Jiang Yu seemed to have finished saying what she wanted to say to He Zhen and turned around to leave.

However, when she turned around, the heel of her shoe got stuck at the foot of the chair.

Jiang Yu lost her balance and fell forward heavily.

"Hey! Be careful!" He Zhen hurriedly took a step forward and held Jiang Yu's waist to prevent her from falling.

"Ouch, you scared me to death." He Zhen patted his chest as if he was the one who was about to fall. "Are you okay?"

"I'm fine, I'm fine." Jiang Yu stretched her ankles. She was fine and did not get hurt. She quickly expressed her gratitude to He Zhen and said, "Thank you, He Zhen." "It's alright. We are all friends. It's my duty to help you," He Zhen said with a smile. Jiang Ran was burning with anxiety as she watched from the corner.

"These two are smiling so happily. What are they talking about?" Jiang Ran became more and more anxious as she listened. She wished she could fly over and listen to them.

However, she was too far away to hear them, so Jiang Ran decided to give up. She was ready to pack up and leave as soon as possible.

Out of the corner of her eye, she saw a paparazzi holding a camera in another corner. They were taking some photos in Jiang Yu's direction.

However, even if Jiang Ran couldn't see them, she knew what was in those photos.

The paparazzi in the distance seemed to have noticed Jiang Ran's line of sight. They raised their heads and looked around hurriedly. They didn't find anyone staring at them.

However, in order to avoid further complications, he still lowered the brim of his hat and left in a hurry.

"Jiang Yu, I didn't embarrass you on the variety show, but you can handle the rest."

Jiang Ran turned around to leave, but she happened to run into Li Lu behind her.

“What are you doing here?” Li Lu had just seen Jiang Ran sneaking around, as if she was doing something shady.

“Nothing much.” Jiang Ran covered her mouth and laughed. “It’s a good thing.”

“What good thing?” Li Lu couldn’t help but gossip in her heart when she saw Jiang Ran like this.

Jiang Ran didn’t plan to hide it from Li Lu, so she told her everything about the paparazzi secretly taking photos of Jiang Yu and He Zhen.

After that, Jiang Ran continued, “Just wait. If Mo Long sees it, he will definitely fly into a rage. After all, this is different from the last time Hu Xuan was there. This is a real paparazzi shooting. It will definitely feel more

real.”

When Li Lu heard this, she also felt that Jiang Yu’s good days were coming to an end this time.

However, Jiang Yu did not know that her actions with He Zhen had already been recorded by some unknown paparazzi and posted online.

She didn’t know that Jiang Ran had already spent money to bribe several staff members of Yuan Mei’s program team. At this moment, they were secretly discussing how to target her on the next live broadcast of the variety show.

“Alright, if there’s nothing else, I’ll go back first,” He Zhen said. “Be careful on the way back. The heels of your shoes are a little too high.”

“Okay, I got it,” Jiang Yu said.

She had another appointment in a while — she was going to give Miao Ling acupuncture today.

At this time, Miao Ling was probably waiting for her at the hotel. She had to hurry up. She couldn’t let the old senior wait too long.

Chapter 349 Trending Again

Jiang Yu hurried back to the hotel and saw Miao Ling waiting for her at the door of her room. “I’m sorry, I’m sorry.” Jiang Yu opened the door apologetically and pushed Miao Ling’s wheelchair into the room. “It’s okay.” Miao Ling smiled. “Actually, I didn’t wait too long.”

Jiang Yu said, “Still, as a junior, I can’t make senior wait for me.”

She took out a silver needle from the drawer and rolled up Miao Ling’s trouser leg. Then, she quickly, accurately, and ruthlessly pierced the acupuncture points around her knee.

“Professor Miao, how has your knee been feeling recently?” Jiang Yu asked.

Miao Ling said, “It feels very good. Previously, when I stood up, I felt the pain of my bones breaking. After the acupuncture you did for me a few times, I can now stand for a short period of time, and I won’t feel any intense pain!”

Previously, when Jiang Yu was filming on the set, she would pick a time every weekend to go to Miao Ling's house to do acupuncture for her.

Later, when the filming was over and a new variety show invited Jiang Yu to participate, there wasn't enough time. Therefore, Miao Ling said that she would come to Jiang Yu's hotel every weekend, which saved a lot of time.

"That's good. This means that my acupuncture has a great effect on your knee!" Jiang Yu was also very pleased.

"Yeah!" Miao Ling couldn't help sighing in her heart. "I thought my leg would be useless for the rest of my life. But I didn't expect that God would let me meet you. Not only did I dig up a genius with a high talent in antiques appraisal, but I also dug up a treasure that could cure my hidden illness for many years!"

"Haha! Professor Miao, you flatter me!" Jiang Yu laughed, a little embarrassed by Miao Ling's compliment.

When the time was up, Jiang Yu took out the silver needles.

She pushed Miao Ling's wheelchair and slowly sent her to a taxi. After returning to the hotel, Jiang Yu originally wanted to have a good rest, but she didn't expect her good friend, Lu Qi, to call her. "Xiao Yu!"

"What's the matter?" Hearing Lu Qi's anxious tone, Jiang Yu thought that something big had happened, so she hurriedly said, "What happened, Xiao Qi?"

"Quick, look at the trending search! You're on the trending search again! And this time, it's with He Zhen!" Lu Qi hurriedly shouted.

"What trending search? He Zhen?" Jiang Yu hadn't reacted yet, so she didn't know what the connection between the two words was.

She and He Zhen were trending? Was it because they were too well-coordinated in the game?

If that was the case, Lu Qi shouldn't be so anxious.

Thinking of this, Jiang Yu opened Weibo. Looking closely, it turned out that it wasn't because they were too well-coordinated in the game, but because He Zhen had supported her, who was about to fall, and caused a scandal!

"What's going on?" Jiang Yu couldn't understand what was happening online. "He Zhen only supported me, how could there be a scandal?"

"Exactly, how could there be a scandal!" Lu Qi couldn't understand.

She looked at the photo carefully and said, "Oh my Xiao Yu! Look at He Zhen! His arm is around your waist!"

Waist? Wasn't it because she almost fell, and He Zhen helped her up to prevent her from falling? How could this be photographed and publicized?

"At that time, I was just careless and almost fell over. He Zhen did that in order to protect me." Jiang Yu felt her head hurt more and more as she explained.

Although she knew that Mo Long would choose to believe her, it would be annoying if he watched such things too many times and for too long.

Chapter 350 Another Scandal

The hot topic about He Zhen and Jiang Yu only increased in popularity.

There were even more busybodies who tagged Mo Long and said, "Come and take a look, great CEO Mo. Why is Jiang Yu always having scandals with others? Aren't you her real boyfriend?"

"It can't be that... you and Jiang Yu have a conflict, right?"

They said these words without restraint on the internet because they felt that the internet was a lawless place. They could say whatever they wanted and do whatever they wanted. After all, no one would care.

Even if they did, at most, the administrator would give them a warning.

Even if they froze their accounts, they could still apply for a new one and continue to be carefree.

That was why they dared to say these words so boldly right under Mo Long's nose.

At first, they thought that Mo Long would fly into a rage when he saw those few words.

They didn't expect that not only was he angry, he didn't even reply with the simplest reply.

It seemed like this was really out of their expectations.

Could it be that something had really gone wrong between Mo Long and Jiang Yu? When He Zhen saw the trending news, he was also shocked.

"This, this, this! We have to explain this quickly! I don't have that kind of relationship with Jiang Yu!" He Zhen really wanted to find that paparazzi who had secretly taken photos and give him a good beating.

"Don't let me catch this paparazzi!" He Zhen gritted his teeth. "Otherwise, I'll definitely give him a good beating!"

While he was angry, He Zhen also wanted to explain this matter quickly.

Hence, he went to his manager, sister Wang, and said, "Sis, we have to think of a way to explain this trending topic."

Sister Wang asked him instead, "Have you seen Jiang Yu's explanation?"

"Huh?" He Zhen was taken aback. He did not expect sister Wang to ask him this.

However, he still obediently picked up his phone and took a look. As expected, Jiang Yu did not have any explanation.

Hence, he obediently replied, "No."

Sister Wang took his phone and said, "Isn't that enough?" However, He Zhen still did not understand what sister Wang meant and said, "But what does this have to do with whether Jiang Yu explains it or not? The parties involved are me and Jiang Yu. If she doesn't explain, I have to explain, right?"

Sister Wang was simply fed up with this blockhead He Zhen, she said, "Stupid you! How much fame does Jiang Yu have now? To be honest, her fame is not small. It is even greater than yours! At this time, rumors about the two of you were being spread. What a great opportunity to create hype! Such a great opportunity was placed in front of you, and you said you wanted to explain it?! He Zhen! You are really a blockhead!"

He Zhen was inexplicably taught a lesson and felt very wronged in his heart.

He said, "But Jiang Yu is Mo Long's girlfriend. Are we just going to let this scandal spread?"

Sister Wang said, "Everyone knows that Jiang Yu is Mo Long's girlfriend! But even so, did you see Jiang Yu explain? Or did Mo Long stand up and speak up?"

That was indeed not the case. But He Zhen still wanted to explain. However, due to sister Wang's pressure, he could only give up.

He secretly contacted Jiang Yu and said, "Jiang Yu, are you really not going to explain?"

Jiang Yu replied, "My manager is helping me retrieve the surveillance footage from that day. The results should be out in a while. Don't worry, I will definitely settle this matter properly and will definitely explain it clearly." Hearing Jiang Yu say that she would explain, He Zhen finally heaved a sigh of relief and said, "That's good. I saw that you haven't explained anything for so long and thought that you weren't going to explain." Jiang Yu said, "I have to explain. Not only do I have to prove my innocence, I also can't drag you into this." He Zhen smiled and said, "Yes, yes. Thank you, Jiang Yu."

Jiang Yu said, "You're welcome."
