

## Older Man 371

### Chapter 371 Furious

Li Jing was thrown out of the building by the security guard. She stood at the door in a daze, not knowing what she should do next.

After thinking for a while, she decided to call her father and tell him about this.

After the call was connected, Li Jing's father, Li Zhen's voice was heard, "Hello? Jingjing, what's the matter?"

Li Zhen's voice sounded very gentle. Li Jing knew that he was in a good mood today and did not have anything to worry about.

But because of this, she suddenly did not know how to bring up this matter with her father.

Li Zhen waited for a long time but did not see Li Jing speak. His patience was gradually worn out and he said, "If you have something to say, say it. Could it be that you have caused trouble outside again?" Li Jing finally braced herself and said, "Yes." Li Zhen thought that Li Jing had stirred up those trivial matters from before and thought that she could be dismissed with a few dollars.

So he asked, "What trouble did you stir up again? How much is it this time?"

Li Jing said truthfully, "Dad, I was fired."

"I thought it was a big matter..." Li Zhen said subconsciously.

But halfway through his words, he suddenly felt that something was wrong.

"What did you say?" Li Zhen shouted, "You were fired?!"

"Yes..." Li Jing also felt embarrassed and didn't know how to continue. The reason why she was able to work in this building was not only because of her identity as Li Yue's cousin. Her family had also spent a large sum of money to get her to work in this building

Li Zhen could not contain his anger and said, "Li Jing! I really have nothing to say to you! How did I give birth to such a useless daughter like you!"

Being scolded by her father, Li Jing felt wronged in her heart. There was also a vague anger boiling in her heart.

"I am your daughter, how can you say such things about me?" Li Jing defended herself.

"Daughter? Don't embarrass yourself!" Li Zhen was simply angered to death by Li Jing, he said, "Don't say that you're my daughter when you leave the house, I, Li Zhen, can't afford to lose that face! How much money did I spend to send you in the first place? I was originally hoping that you would be able to make a name for yourself in the Mo Corporation, but in the end, you told me that you were fired? Didn't all this money go to waste?!"

Li Jing gritted her teeth. Although she didn't want to admit it, Li Zhen was telling the truth.

Her family had indeed spent a large sum of money on her back then. They hoped that she would be able to make a name for herself in the Mo Corporation. This way, it would also be convenient for her family to have the opportunity to cooperate with Mo Long in the future.

In the end, because of what happened today, all of Li Zhen's previous plans had now been lost.

"But, dad, I'm your daughter after all..." Li Jing refused to give up. She was still trying to struggle, hoping that Li Zhen could find a good way out for her.

However, Li Zhen no longer had any hope on Li Jing.

Instead of relying on this useless daughter who couldn't accomplish anything, he might as well rely on himself to rope in the Li family's head and see if he could get a chance to cooperate with the Mo Group.

"Get lost! Don't bother me!" Li Zhen said to Li Jing rudely, "Don't call me if you have nothing to do in the future! I don't have a daughter like you who is so embarrassing!"

After saying that, he hung up the phone.

When Li Jing heard that busy tone, her heart instantly turned ashen.

It's over, now even her own father had given up on her.

I'm afraid that no one in this world would be willing to place their hopes on me.

Li Jing thought so, more and more feel that life has lost color, at the same time lost meaning.

### **Chapter 372 Wished They Had Met Earlier**

Just as Li Jing was thinking of finding an opportunity to end her life like this, someone suddenly called out to her, "Li Jing!"

Li Jing turned around and saw that it was a well-dressed woman with sunglasses on her face.

"Who are you?" Li Jing asked in confusion. The woman laughed and said, "Hello, my name is Jiang Ran." "Jiang Ran?" Li Jing felt that this name was somewhat familiar, but she really couldn't remember where she had heard it before.

"Yes. I was in this building just now, and I saw everything that happened. This Jiang Yu is really too much!" Jiang Ran said. When Li Jing saw that the woman named "Jiang Ran" in front of her was on the same side as her, she suddenly felt like she had found a confidant.

"You also hate that Jiang Yu?" Li Jing looked at Jiang Ran expectantly. "Of course. When she was recording variety shows, she even framed me and forced me to step down in the end." Jiang Ran was extremely angry when she talked about this.

When she heard Jiang Ran talk about variety shows, Li Jing remembered that she had watched a variety show live broadcast a few days ago. There was a guest named Jiang Ran in it.

It seemed to be the woman in front of her.

"Although I don't know what exactly happened, I heard you say it, and I felt that this Jiang Yu was too much." Li Jing felt sorry for Jiang Ran.

"Yeah, she doesn't care about other people's feelings," Jiang Ran said, "She's really too much. You saw it just now. You apologized and begged her, but she still refused to let you go." "That's right." Speaking of this, Li Jing had nowhere to vent her anger.

She did not reflect on what she did back then. She would only push the blame onto others.

"When you were dragged out by the security guards, I also felt sorry for you," Jiang Ran said, pretending to feel sorry for Li Jing.

"Yeah," Li Jing said, "I really don't know what to do now. Even my father is disappointed in me now."

"Oh, right." Jiang Ran suddenly remembered something and said, "You said that you are Li Yue's cousin? Is that right?"

Li Jing nodded and said, "Yes, I am." Jiang Ran was secretly happy, thinking that she had won over the power of the Li family.

I was

"I was filming with Li Yue a few days ago," Jiang Ran said. "But my scenes are over. Hers are not over yet."

"What?! You said that you were filming with Li Yue?!" Li Jing seemed to have grabbed onto a life-saving straw and said, "Then... then did Li Yue ever mention me to you?" Jiang Ran said, "No."

Li Jing was disappointed again and said, "That's true. She might not even remember me now."

Jiang Ran comforted her, "Don't be dejected. If you want to see Li Yue, I can help you. But she hates people who use her identity to pull strings. So if you want to see her, you have to find a decent job yourself."

Li Jing choked.

She said, "But I'm already fired, and my father isn't willing to help me. How can I find a job?"

Jiang Ran smiled. "I can help you."

"You can help me?" Li Jing's eyes lit up. "Can you really help me?"

"Of course I can," Jiang Ran said.

"Thank you so much!" Li Jing said gratefully.

### **Chapter 373 Help**

Li Jing did not know how Jiang Ran would help her, but in this situation, Li Jing was very touched that someone was willing to help her.

"Do you want to develop into the entertainment industry with me?" Jiang Ran offered an olive branch to Li Jing.

Although Jiang Ran was not very popular on the internet, she had a lot of haters, which was a kind of disguised popularity.

"The entertainment industry?" Li Jing was stunned for a moment. She still had some doubts about her own strength.

"A person like me is not suitable to enter the entertainment industry, right?" Li Jing said.

"How can that be?" Jiang Ran made up her mind. No matter what, she had to pull Li Jing to her side.

So she continued, "Think about it. Jiang Yu can do well in the entertainment industry, how can you be inferior to her? Can't you do what she can do?"

Hearing Jiang Ran's words, Li Jing's fighting spirit was instantly ignited.

She said, "That's right! If Jiang Yu can do it, why can't I do it? It's not fair!"

However, she still thought that she could compete with Jiang Yu. This was indeed a pipe dream.

"Then come with me," said Jiang Ran.

If she could pull one over, then so be it. Who cared what kind of person she was?

"Tell me, what do you need me to do?" asked Li Jing

The current Jiang Ran was like a savior to her.

No matter what Jiang Ran said, she would do it.

"It's simple," said Jiang Ran. "I'll tell the director of the variety show to let you participate in that show. Although Jiang Yu has a grudge with you, she won't expose you during the recording for her own sake. Just rest assured."

Li Jing nodded and said, "Okay. Other than this? What else? Don't you need me anymore?"

Jiang Ran said, "If you really want to enter the entertainment industry, you have to start from the very beginning. Step by step, sooner or later, she will be trampled under your feet."

Li Jing said, "Okay, I got it."

"Okay," Jiang Ran said and gave Director Zheng a call.

"Jiang Ran? What's the matter?" When director Zheng saw that it was Jiang Ran, he thought that she came to find him to interrogate him for monitoring the incident.

In the end, she only told him to recommend someone to him, hoping that she could participate in the next recording.

"Who is it?" Director Zheng asked curiously.

"She's Li Yue's cousin," Jiang Ran introduced.

"Li Yue's relative? That's great!" Director Zheng was very happy and felt that Jiang Ran had brought him a great Buddha this time. "Just tell me. I promise to arrange everything clearly for you!"

Jiang Ran said, "It's nothing much. I just need the director to help me take care of this friend of mine. Please help me more in the future."

Director Zheng said, "Jiang Ran, what are you talking about! You and Yuan Mei have left. I don't even know how to save the viewership ratings for this show. That Li Lu is also throwing a tantrum and is not coming!" "Li Lu is not going?" Jiang Ran did not expect this and said, "Why?"

"Why else? She's acting like a big shot. She doesn't want others to say anything about her." Director Zheng sighed helplessly. It seemed that he was also feeling unreasonable because of Li Lu's personality.

Jiang Ran could not care less about whether Li Lu was going or not.

All she needed to do now was to push Li Jing  
up.

Hmph, Jiang Yu, just you wait and see!

Do you think that by pushing me off the show, I can't do anything to you?

### **Chapter 374 Enemies On A Narrow Road**

The location of the new episode of "Aces vs Aces" was outside.

The reason was because Director Zheng had learned his lesson from what had happened on the stage, so he chose to record the program outside.

There were no surveillance cameras for the outdoor recording anyway. Even if some shady transactions were recorded by some boring person, he could say that it was a mistake. There was no need to be afraid at all.

Li Lu had a conflict with Director Zheng previously, so she did not come for this episode's recording. However, Director Zheng did not care about her. As long as Jiang Yu was around, the viewership ratings would still be there.

Moreover, there was another heavyweight character this time, Li Jing — that was Li Yue's cousin!

Although her status could not be compared to Li Lu's biological sister, no matter what, she was still related to Li Yue.

Then, with these two people, the viewership ratings could still rise.

However, Director Zheng did not know that Li Jing and Jiang Yu had a conflict in the mall a few days ago. So when she introduced the new guest, Jiang Yu was really shocked when she saw Li Jing.

She did not know how Li Jing came to be on this show.

Even if she was Li Yue's cousin, the latter had always hated this kind of relationship and people using her to go through the back door. So, it was absolutely impossible for her to introduce Li Jing to record this variety show.

... Could it be Li Lu?

It just so happened that Li Lu did not come to record today. Jiang Yu was not too sure of the exact reason.

“Why isn’t Li Lu here today?” He Zhen circled around but did not see Li Lu. He was a little puzzled.

Jiang Yu shook her head and said, “I’m not too sure either.”

He Zhen looked a little regretful and said, “I’m still waiting to quarrel with her. She’s not here and no one is making a fuss. It doesn’t feel interesting at all.”

He Zhen looked like he really couldn’t bear to let Li Lu leave. In the bullet screen, there were people starting to stand in the line of He Zhen and Li Lu.

“Hey, hey! He Zhen is really super cute when he misses Li Lu, okay?!” “He Zhen said that without Li Lu today, no one would argue with me!”

“Upstairs, be a little more rational. Did you forget Li Lu’s attitude toward He Zhen during the first episode?”

It was Director Zheng’s first time recording an outdoor program, so to be on the safe side, there were still only two hosts and four permanent guests for this episode.

After Yuan Mei left, director Zheng found another female host who was as famous as her. Her name was Wang Yu.

Replacing Li Lu and Jiang Ran were Xiao Hong’s 18th-tier celebrity, Yuan Lai, and Li Jing, who was recommended by Jiang Ran.

“Hello, everyone. I’m Yuan Lai.”

“Hello, everyone. I’m Li Jing.” When Li Jing introduced herself, her voice was very gentle. She did not look like the shrew that day at all.

When she saw Jiang Yu, she also smiled and greeted sweetly, saying, “Hello, seniors. Please give me your guidance in the future.”

Her appearance not only won Director Zheng’s favor, but she also felt that the little girl that Jiang Ran recommended this time was too polite. At the same time, she also won the favor of most of the audience.

“This Li Jing is so polite!”

“She has a nice voice and looks good too. What a treasure!”

“Exactly. Although I don’t know what famous works she has made, her appearance is indeed very pleasing.”

Even He Zhen felt that this Li Jing was very polite and instantly forgot about Li Lu.

“This Li Jing is so polite.” He Zhen said to Jiang Yu, “She is much better than that Li Lu. She doesn’t know anything and only knows how to shout all day long.”

## **Chapter 375 Recording**

Everyone present was fooled by Li Jing’s appearance, but Jiang Yu knew that she wasn’t a good person.

But it shouldn't be a big problem, Jiang Yu thought.

This was a live recording, so she wouldn't do anything out of the ordinary.

Hence, Jiang Yu smiled sweetly and said, "Hello, Li Jing." It was as if she had completely forgotten what had happened that day.

This surprised Li Jing as well.

She did not expect Jiang Yu to be someone who did not hold grudges. However, whether she did not hold grudges or pretended that nothing had happened, Li Jing did not want to know.

She only had one goal, and that was to completely destroy Jiang Yu's reputation on this variety show.

The first step of the outdoor recording was to test the guests' culinary skills.

This really stumped He Zhen and Yuan Lai.

Director Zheng said, "First of all, the guests need to rely on their own efforts to exchange for these ingredients."

"Exchange for ingredients? Doesn't the program team give them to us?" He Zhen asked in shock.

"Of course not."

He Zhen: "... Alright, got it."

Yuan Lai asked, "Then how can we exchange for the ingredients?"

Director Zheng said, "The program team will prepare some ingredients for you, but you will need to play a few simple games. The winner will have the right to choose the ingredients."

He Zhen scratched his head and said helplessly, "Why do we even need to play games to cook?"

Then, he asked Jiang Yu, "Jiang Yu, do you know how to cook?"

Jiang Yu nodded and said, "Yes."

However, even though Jiang Yu said that, He Zhen did not really believe her. What level was Jiang Yu at in terms of cooking.

After all, how many artistes in the entertainment industry nowadays knew how to cook.

He had met some even more ridiculous ones who did not even know how to boil hot water in a kettle.

Yuan Lai also asked Li Jing, "Do you know how to cook?"

Li Jing nodded awkwardly and said, "I do, but I only know a few dishes. Moreover, it might not be very delicious if I cook it."

Yuan Lai let out a sigh of relief and said, "It's okay if it's not delicious. As long as it's edible, it's better than me not knowing how to cook."

Yuan Lai's expression amused all the audience watching the live broadcast.

“Hahaha! Yuan Lai is really killing me!”

“Is she so unpicky? Is she so easy to feed?”

“It’s okay if it’s not delicious, as long as it’s edible! Hahaha!”

“Because Yuan Lai doesn’t know how to cook, she doesn’t dare to ask too much of others!”

“But to be honest, it’s really hard to find an artist in the entertainment industry who can cook.”

The first game tested the cooperation of the guests,

One person pinched his nose and spun three times like an elephant, then sprinted 20 meters and hit the palm of the next person.

The second person started the relay. First, he ran barefoot over the five-meter-long finger pressing board, then quickly climbed over a one-meter-high foam wall, and then ran about 10 meters to hit the third person’s palm.

Finally, the third person repeated the first person’s turn, then put his hands behind his back and jumped up to eat the suspended doughnut.

The requirements were not very strict. As long as he took a bite, he would be considered successful.

As usual, they drew lots to decide which team would start the game first.

It was Zhang Xiao’s team.

Because there was only Li Jing in their team, they gave her the easiest first round.

“Don’t worry, I will work hard!” Li Jing said confidently. “We all think highly of you!” Yuan Lai cheered for Li Jing.

“Don’t worry, I will finish the first round as soon as possible!”

### **Chapter 376 Game In Progress**

Li Jing looked like she was really working hard, and her appearance had won the favor of many people.

“This Li Jing is really dedicated! She looks like she’s really working hard!” “Yeah! This show will only be interesting if Li Jing is there.”

“Isn’t this better than that show? Isn’t it better than that disgusting female host?”

The game began. Li Jing immediately imitated the elephant and spun around on the spot. Then, she ran toward Yuan Lai without stopping.

Even though she accidentally fell on the road, she still quickly got up. She didn’t have time to cry out in pain and immediately ran over.

After she high-fived Yuan Lai, she limped to the side and waited for the medical staff to apply medicine on her.

The medical staff also liked this girl who spoke politely, so they quickly came over to apply the medicine on her.

"You must be more careful in the future," a medical staff reminded her.

Li Jing obediently said, "Okay, got it." The medical staff smiled and said, "You're really very obedient."

Li Jing smiled and did not say another word.

Well-behaved? You think I'm well-behaved?

That's right.

If I didn't do this, how could you let down your guard against me?

What well-behaved, sensible, and polite? It was all just an act.

The first team finished the game in one minute and 23 seconds.

Then it was the second team's turn.

Because He Zhen was the only boy in the team, he was assigned to the second position.

"Sigh, sometimes I wish I was a girl." He Zhen couldn't help but sigh.

The first position was Wang Yu. She quickly circled around and immediately ran towards He Zhen.

Because she was a dancer before, she became a host halfway through her career. Therefore, these few rounds were not a problem for her.

He Zhen shuttled back and forth on the pressing board, causing him to scream in pain.

It was not easy for him to give Jiang Yu a high five, but He Zhen was already in so much pain that he could not stand and could not even say a word.

Jiang Yu looked up at the doughnut, took a deep breath, and used a clever move to leap up and bite down on the doughnut.

"Cut — time —" Director Zheng looked at the stopwatch and said, "One minute and 12 seconds!"

"Yay! We won!" He Zhen jumped up with a smile, but as soon as he jumped up, the pain under his feet made him grimace.

At this moment, the bullet comments had gone crazy with laughter.

"Hahahaha, He Zhen is so funny!" "Originally, after his team won, he wanted to jump up to celebrate. In the end, he forgot that he had just walked past the pressing board!"

"Oh my God! I'm dying of laughter!"

This game was undoubtedly won by Jiang Yu, so their team had the right to choose the same ingredients.

"What should we choose?" Wang Yu asked.

He Zhen scratched his head and said, "I don't know. I don't know how to cook either. What about Jiang Yu? Don't you know how to cook? You should always look at what ingredients to choose."

Jiang Yu looked at the list of ingredients given by the program team and chose the pork. "Pork? Pork isn't tasty," He Zhen muttered.

Wang Yu wasn't picky, because she didn't know how to cook either. Her team could only rely on Jiang Yu to cook in the end. Director Zheng crossed out the "pork" option and said, "Next, let's move on to the next game."

He was still introducing the new rules of the game. Li Jing, who was quietly sitting and recuperating, was already feeling unbalanced.

How could Jiang Yu win the game!

Li Jing was not convinced. She wanted Jiang Yu to not win a game at all!

However, no matter how unconvinced she was, Li Jing would not show it.

After all, she still needed to rely on this appearance to attract fans.

At this time, no matter what dissatisfaction she had, she absolutely could not show it.

### **Chapter 377 Two Out Of Three Wins**

After the simple game, the two teams both scored two points, and it was a draw.

"What should we do? It's the last ingredient, who should it be given to?" He Zhen said, "Although I don't like eating carrots, this is still an ingredient. It's better to have one more than one less."

Director Zheng made a perfect plan and said, "Each of your teams will send out one person, 'rock, paper, scissors'. Two out of three wins. Whoever wins this carrot will get it."

Zhang Xiao's team sent out the only female student, Li Jing, while Wang Yu's team sent out the only male student, He Zhen.

He Zhen scratched his head and said, "Am I bullying her a little?"

Li Jing heard it and said, "It's okay. Rock, paper, scissors is a game of luck. How can it be considered bullying?"

As she said that, she even smiled at He Zhen.

He Zhen's heart skipped a beat for some reason.

What a polite and cute little girl.

The first round, Li Jing, rock, He Zhen, scissors.

The second round, Li Jing, scissors, He Zhen, paper. At this time, there was no need for the game to continue.

He Zhen: "... Forget it. I feel like I'm the one who's being bullied."

Li Jing smiled and said, "Thank you for showing mercy to me, senior. Then I'll accept this carrot!"

Her smile was sweet and her voice was gentle. It was hard not to like her appearance.

Everyone present was no exception. No one felt that Li Jing was not a good girl except for Jiang Yu.

She had seen Li Jing's true appearance, so she knew that this was all Li Jing's performance to win the hearts of the people. The final ingredients went to Zhang Xiao's team, so the final result was:

Zhang Xiao's team had three ingredients: carrots, green vegetable, and chicken.

Wang Yu's team had two ingredients: pork and eggs.

With these few ingredients, it was far from enough to make a meal.

What's more, the program team only provided the ingredients, like oil. The guests still needed to come up with their own ideas for things like salt.

Director Zheng said, "You need to come up with your own ideas for these necessities for cooking. Moreover, whether you want to eat rice or pasta, you also need to come up with your own ways to get these things." "Isn't that the same as not providing the ingredients?" He Zhen muttered, "I don't like to eat pork and I don't like to eat eggs."

Director Zheng gave the two teams 20 yuan each and let them rely on this 20 yuan to buy the things they needed.

"Just 20 yuan?!" Yuan Lai was shocked. "Not to mention a barrel of oil, even half a barrel of edible oil now costs more than 10 yuan, right? The rest of the money is still needed to buy rice and salt. How is that enough?"

His words really spoke the hearts of everyone. Director Zheng said, "So this is a test of your ability. Well, from now on, until five o'clock in the evening, this is the time for you to prepare the ingredients."

Since the director had said so, they had no reason to argue. After hurriedly eating a few mouthfuls of lunch, they set off.

"What can this 20 Yuan do?" He Zhen held the 20 yuan bill in his hand, and his mind was really confused.

Wang Yu was equally confused as her eyes involuntarily fell on Jiang Yu.

Wang Yu said, "Jiang Yu, with this money, what should we buy?"

Jiang Yu pondered for a moment and said, "We will buy the raw materials for the handicraft."

"Handicraft?" He Zhen and Wang Yu asked in unison.

Jiang Yu nodded firmly and said, "Yes, the raw materials for the handicraft."

## **Chapter 378 Handmade**

He Zhen could not understand Jiang Yu's thoughts and said, "Jiang Yu, this is not the time to joke. It's only 20 yuan. Why don't you think about what ingredients to buy? In the end, you want to buy handmade raw materials?"

Wang Yu also did not understand why Jiang Yu would do that. She also asked in puzzlement, "Why do you want to buy that thing?"

Jiang Yu explained, "After we buy the raw materials for the handicraft, we can handcraft things like jewelry. This way, we can sell it and get more than 20 yuan."

"Hiss... the idea is very good, but..." He Zhen said with some embarrassment, "I'm a handicraft idiot. If you ask me to make handicrafts, even the heavens don't know what I can make."

Wang Yu was also someone who didn't know how to make things with her hands.

Jiang Yu said, "It doesn't matter. Leave these to me. I'll make the things. You guys are only responsible for selling the things for me."

He Zhen said in surprise, "Jiang Yu, so you know how to do handicrafts?"

Jiang Yu said with a smile, "When I was working, I did a similar part-time job, so I know a little."

"Then I have absolute confidence in you!" He Zhen said confidently, "Then let's go shopping now!"

He Zhen had always been like this, believing the words of others unconditionally.

However, Jiang Yu did have the ability to be trusted by others.

Only Wang Yu was still skeptical about this matter.

However, there were already two people in the team of three who planned to do this, so there was no need for her to say that she didn't agree. So she also said, "Okay. Then let's go buy those things now."

The three of them headed to the convenience store and bought a large pile of miscellaneous items.

They spent exactly twenty yuan. He Zhen said incredulously, "I always thought that twenty yuan was very little. I didn't expect to buy so many things."

They bought a pile of fine gold thread, some shiny ornaments such as pearls and diamonds, and a small pair of tweezers.

"How do we make these things? A bracelet?" Wang Yu looked at the pile of gold thread and asked.

Jiang Yu nodded and said, "Yes."

After saying that, she sat down on the chair and began to make the first bracelet. "She really knows how to make it..." He Zhen exclaimed. However, in order not to disturb Jiang Yu's handicraft, her voice had unknowingly quieted down.

The people on the bullet screen did not expect Jiang Yu to know how to do craftsmanship.

"Really? Jiang Yu knows how to do craftsmanship?"

"Didn't Jiang Yu say before that she knows how to cook?"

"Cooking and craftsmanship are two different things, okay? Just because she knows how to cook doesn't mean that she knows how to do craftsmanship. Similarly, just because she knows how to do

craftsmanship doesn't mean that she knows how to cook." "I agree with the opinion of the person above because I know how to do craftsmanship, but I don't know how to cook. Hahaha."

"Let's see what Jiang Yu can make first. I feel that she's just putting on a show. Whether she knows how to make it or not is another matter."

Jiang Yu lowered her head and concentrated on making the bracelet.

He Zhen and Wang Yu watched from the side. They wanted to help but didn't know what they could do. So they could only watch and occasionally pour a glass of water for Jiang Yu to wipe her sweat. On the other hand, looking at Zhang Xiao's team, the three of them had been wandering outside for almost an hour, but they still hadn't spent the twenty Yuan in their hands. "We can't continue to wander aimlessly like this," Zhang Xiao suggested, "Why don't we think of a way to make money?"

### **Chapter 379 Earn Money**

"How do I earn money?" Yuan Lai asked. "I only know how to act. But no one needs acting on the streets right?"

Li Jing also said, "I'm a newbie. I can't do things like acting."

"This..." Zhang Xiao was in a dilemma for a moment.

Indeed, although he had the intention to earn money, he had completely overestimated the strength of his side.

On his side, even if he was included, he did not know how to make money.

"How about... We go and see how Jiang Yu and the others do it?" Yuan Lai suggested carefully.

"This..." Zhang Xiao was a little hesitant.

Li Jing said, "Let's go and have a look. Everyone has the same amount of money. If they decide to make money, we can learn from them."

"Alright then." Zhang Xiao was convinced.

Therefore, the three of them went to look for Jiang Yu and the other two. They said that they wanted to have a friendly exchange between the two teams.

Jiang Yu focused on making the bracelet and didn't have time to deal with the three people.

Therefore, He Zhen and Wang Yu accepted the mission.

Yuan Lai asked, "Are you guys planning to make money as well?"

He Zhen had never been a calculative person. Furthermore, Yuan Lai and He Zhen had worked together before, so he did not plan to hide it from Yuan Lai, he said, "That's right. It's only 20 yuan in total. What can we do if we don't earn money? We can't buy anything."

Li Jing asked again, "Then how are you guys planning to earn money?"

He Zhen had a good impression of Li Jing, and she asked very politely, so He Zhen blurted out everything. Wang Yu could not stop him.

He Zhen said, "It's handmade. Make a bracelet."

Wang Yu shouted, "Hey!"

"What's wrong?" He Zhen looked over in confusion.

Yuan Lai and Li Jing also looked over.

"Nothing, nothing." Wang Yu held back her words.

She originally wanted to stop He Zhen from telling others about this method, but he said it too quickly. She couldn't stop him at all.

So in the end, she could only let out a sigh, hoping that He Zhen would understand what she meant.

But it seemed that He Zhen didn't understand at all.

The group of people on the bullet screen were really anxious about their intelligence.

"He Zhen! How can we tell such a thing to the enemy team!"

"Even if they are good brothers, we can't tell them!" "Is it possible that He Zhen didn't say it because Yuan Lai asked, but because Li Jing asked, so he said it?"

"What?! Is it because 'a hero can not overcome a beauty'?"

"It's hard to say. But today is the first time He Zhen met Li Jing, right? So soon? Eh? Is his heart beating fast?"

... "Handicraft?" Zhang Xiao chewed on the word carefully and asked with some doubt, "Can Jiang Yu... do handicrafts?"

He Zhen said with pride, "Of course! There's nothing that Jiang Yu doesn't know how to do!"

Yuan Lai was not willing to be outdone and said, "What a coincidence! There's nothing that Li Jing doesn't know how to do!"

Li Jing: "...". Li Jing was speechless at Yuan Lai's brain. Wasn't she comparing her to Jiang Yu? It would be fine if she could win, but what if she couldn't?

Wasn't that purely embarrassing?

She really didn't understand what was going through Yuan Lai's mind.

As expected, He Zhen said, "Is that so? Then let Li Jing do handicrafts to earn money."

"Hiss..." Yuan Lai was a little stuck at this moment.

She looked at Li Jing as if asking her if she knew how to do handicrafts. Li Jing was speechless, but she couldn't show it. She could only say apologetically, "I'm sorry. I'm actually not very familiar with things like handicrafts."

## Chapter 380 Imitation Failed

After learning a way to earn money from Jiang Yu, Zhang Xiao and the others decided to follow suit.

However, the three of them were all handicraft idiots, so it was still a difficult problem to figure out what kind of handicraft to make.

"How about... We make bracelets too?" Yuan Lai suggested.

Zhang Xiao said awkwardly, "But we don't know how to make handicrafts. Although we also plan to earn money like Jiang Yu, there must be other ways besides making handicrafts, right?"

Yuan Lai could not think of any good ideas, so he could only say awkwardly, "I don't know either. But what Jiang Yu does is handicraft, so we can't think of anything else. So we might as well make handicrafts."

Zhang Xiao thought about it and felt that he should still use Yuan Lai's idea.

However, there was still one person in the team, so he had to ask her what she thought.

Hence, Zhang Xiao asked Li Jing, "Li Jing, what do you think?"

e

Li Jing wanted to say, "The two of you have already decided, why are you asking me?" However, what she said was, "It's fine, I'll listen to you."

Since the three of them had agreed, Zhang Xiao said, "Then let's go buy the raw materials too."

They also bought the shiny ornaments and some basic gadgets.

"Let's start," Zhang Xiao said.

So the three of them started to make bracelets. The bullet screen expressed their doubts about the three of them, "Do they really know how to make crafts?"

"Have you forgotten? Zhang Xiao just said that none of them know how to make crafts."

"Then why are they still making handicrafts? Isn't this money wasted?"

"Didn't they just ask Jiang Yu and the others? Because Jiang Yu and the others are planning to make bracelets and sell them, so they are also planning to make bracelets and sell them."

"Huh? Aren't they imitating Jiang Yu then? Moreover, Jiang Yu knows how to make handicrafts, so she decided to make bracelets. They don't know how to make handicrafts either, so why are they imitating Jiang Yu to make bracelets?" "Who knows what they are thinking."

Jiang Yu had previously done part-time handicrafts. She had done it no matter how difficult it was, not to mention this simple bracelet.

In just two hours, she had already beaded up more than 20 bracelets.

"It's so beautiful!" Wang Yu picked up a bracelet and couldn't put it down.

However, she knew that this was a product that the team was about to sell, so she could only look at it.

Jiang Yu saw that she liked this bracelet, so she smiled and said, "If you like it, wear it. This bracelet is for you."

"But..." Although Wang Yu really wanted to accept it, it would cause her team to lose a penny, so she was still a little hesitant.

Jiang Yu comforted her, "It's okay. We are selling a bracelet for five yuan, so twenty pieces would be one hundred yuan. "Then, we'll take out 50 yuan and continue buying the raw materials to make the bracelet. We'll be able to earn at least 200 yuan before 5 pm. "So, I'll give you this bracelet."

Hearing Jiang Yu say this, Wang Yu finally put the bracelet on in peace.

"It's really beautiful!" Wang Yu couldn't help but praise it again.

On the contrary, looking at Zhang Xiao's side, they were indeed three handicraft idiots.

After working for nearly an hour, the three of them had yet to make five bracelets.

Moreover, the sizes of each bracelet were different, and the joints of the gold threads were very rough. It was obvious that they were not good.

Zhang Xiao wanted to give up a little.

Yuan Lai already wanted to give up. He said, "Why don't we stop making bracelets? I've finally realized that the three of us really don't know how to make handicrafts."

Li Jing was not willing to lose to Jiang Yu. She said, "It's okay. You guys believe me! I can do it!"
