

## Older Man 40

### Chapter 40: Don't Look At The Surveillance

Jiang Ran was still wondering why Mr. Mo Long was still so strong while he was recuperating?

But when the lights were turned on, Jiang Ran saw that the person in the room was actually a bodyguard and almost fainted from anger.

At that moment, Wei Juan also came in.

Jiang Ran immediately called for help.

"Oh my God, what did my daughter do wrong? You want to abduct her from her own room and bring her here!" Wei Juan quickly reacted and the villain complained first!

The bodyguard said to Mo Long, "Sir, it was this woman who sneaked in and threw herself on the bed! I subdued her, but she still tried to struggle, so I tied her up!"

"Nonsense!" Jiang Ran was extremely aggrieved. "You're the one who bullied me!"

Wei Juan had an idea and said, "Mr. Mo Long, your men bullied my daughter to this extent and ruined my daughter's reputation. My daughter will definitely not be able to marry. So, as long as you marry my daughter, I won't pursue this matter anymore!"

Mo Long's expression was originally calm, but now he looked at Wei Juan sharply. "What did you say?!"

Wei Juan was stunned and could not say a word in the face of this fierce look.

Jiang Yu looked at all of this with disappointment. Her hands and feet were cold. Mo Long reached out to hold her hand and comforted her silently.

"Isn't there a surveillance camera in the hall? It'll be clear what happened!" Another bodyguard said.

Jiang Ran's face turned pale.

"Don't look at the surveillance camera."

However, no one listened to her. Wei Juan and Jiang Ran couldn't stop him even if they wanted to. The bodyguard had already gone to get the surveillance camera.

In the video, Jiang Ran entered another room. When she came out, she changed into sexy clothes and sneakily pushed open the door of the room. She even closed the door behind her.

"What else do you want to say?" Mo Long looked at Jiang Ran coldly.

Jiang Ran's face was pale. If this surveillance camera was released, her reputation would be ruined!

Wei Juan was also worried. "Mr. Mo Long, there must be some misunderstanding. You know that my daughter doesn't mean any harm!"

The bodyguard who was attacked had a look of disgust. "She threw herself on the bed and didn't mean any harm. If I didn't react quickly, I would have been defiled!"

Jiang Ran: "..."

"Madam Jiang, I'll take care of Yu'er here. You guys should leave first!" Mo Long directly ordered them to leave.

Wei Juan and Jiang Ran looked at each other and didn't dare to disobey.

"Then the surveillance footage..." Wei Juan asked again.

"I'll send the surveillance footage to Mr. Jiang and ask him how he educates his daughter."

Wei Juan and Jiang Ran had just been reprimanded by Jiang Hai and asked to come over and take care of Jiang Yu.

If he knew now that Jiang Ran had caused such a big incident, he would definitely skin Jiang Ran alive.

As a young miss of a rich family, her actions were as spontaneous and casual as a prostitute who was selling smiles.

Jiang Hai would probably be half-dead from anger if he had a heart attack.

"No!" Jiang Ran shouted.

Unfortunately, the next moment, the bodyguard had already mercilessly sent her out and closed the door.

Jiang Yu shook her head. She was originally feeling a little uncomfortable, but now she felt refreshed.

"Uncle, let's go back to Mo Garden."

"Okay."

In the car, Jiang Yu said to Mo Long, "Did you really send the video to my father?"

Mo Long nodded with a cold expression.

Jiang Yu touched her chin. One could imagine how angry her father would be.

"If they weren't your mother and sister, this matter wouldn't have ended like this!" Mo Long added.

Wei Juan and Jiang Ran's actions were too shameless. If it were anyone else, they would have been dragged out by Mo Long and fed to the dogs.

But they were Jiang Yu's mother and sister.

If Jiang Yu still wanted to return to the Jiang family, it wouldn't be too difficult.

Jiang Yu nodded. "What they did today also chilled my heart. Uncle, don't be soft-hearted if they do anything again!"

If it happened again, she would pretend that she didn't have such a family.

Meanwhile, at the Jiang family home.

Jiang Hai was preparing to sleep when he suddenly received a video.

It was sent by Mr. Mo Long.

Jiang Hai's spirit immediately froze, and he quickly opened the video to watch.

In the end, when Jiang Ran sneaked into the room and heard Wei Juan framing someone else from her voice, forcing Mr. Mo Long to change his engagement partner, Cold sweat broke out on Jiang Hai's forehead.

Mr. Mo Long only added one sentence, "If Mr. Jiang is usually negligent in discipline, I can do it for you!"

It was this sentence that let Jiang Hai know that if he did not punish Jiang Ran properly, then Mr. Mo Long would have to do it himself.

Jiang Hai was furious. "Damn girl, you're embarrassing me!"

He quickly walked out and saw Jiang Ran sneaking into her room!

"Stop right there!" Jiang Hai said angrily.

Jiang Ran's face froze and looked at her mother for help.
