

Older Man 421

Chapter 421: Ruin Good Things

Mo Long did not want to know what kind of cooperation this greasy man had with him. He only said indifferently, "Is that so? Then cancel all the cooperation, and then buy all the companies in his hands."

When Wang Peng heard this, his legs were no longer as simple as weak.

Instead, it was despair, as if he was filled with despair towards life.

"Please no, President Mo!" Wang Peng reacted after a while and shouted with a sobbing tone, "President Mo, you can't buy my company! You can't cancel the cooperation, otherwise, I will go bankrupt!"

Mo Long glanced at him and asked coldly, "What does your bankruptcy have to do with me?"

Wang Peng couldn't hold it in anymore and burst into tears, "President Mo, I was blind just now. It's my fault! Please don't cancel the cooperation, don't buy my company!"

Mo Long raised his hand and motioned for Teng Yi to take him out quickly. He didn't want to stay here and continue to pollute his ears.

Teng Yi accepted the order and asked the bodyguards to bring Wang Peng out.

Wang Peng was originally the organizer of this cocktail party. Now that he had stepped down, the person with the highest status here was Mo Long.

Mo Long felt that there was no need for this cocktail party to continue, so he could disband this cocktail party.

If he did this, the others would not dare to complain. They could only listen obediently and go home obediently.

In the corner of the banquet, three figures appeared in disharmony — Jiang Hai, Wei Juan, and Jiang Ran.

Jiang Hai originally wanted to talk to Wang Peng about the jewelry business, but after walking a few rounds, he did not see Wang Peng, so he was a little discouraged.

At this time, he finally found a boss who was somewhat famous in the jewelry industry. Just as he was about to discuss business matters with him, he saw a few men in black carrying a fat man out of the venue.

Then, many people came out of the venue one after another.

Jiang Hai didn't know what happened, so he grabbed a person who was about to leave and asked, "Why are you all out?"

The person who was caught shook his head and said, "You don't know yet, right? This cocktail party has been canceled!"

"Canceled? Why?" Jiang Hai was puzzled.

“Why? It’s all because that Wang Peng offended Mo Long! Do you know who Mo Long is? It’s that famous President Mo! Tell me, if you offend him, what will happen to you?”

“Mo Long?” Jiang Hai was stunned.

Mo Long was also at this cocktail party? Then Jiang Yu... must be here too, right?

Jiang Hai turned around. He wanted to leave a contact number with that president so that he could contact him again in the future to discuss work matters.

However, when he turned around, he realized that the person had long disappeared.

Jiang Hai: “... Jiang Yu! It’s you, this wretched girl, who ruined my plans again!”

Wei Juan rushed over and went along with Jiang Hai’s anger. She asked, “What happened?”

Jiang Hai was so angry that his face turned red, he said, “It’s all because of that Jiang Yu! I called her and asked her to come to the banquet, but she rejected me and turned around to come to the banquet with Mo Long! She even offended CEO Wang and the party was dissolved just like that!”

It seemed that Jiang Hai was really angry. He actually thought that Mo Long had offended Wang Peng.

When Wei Juan heard this, she was also very angry. “What, it’s that wretched girl Jiang Yu again? Didn’t she say earlier that she wouldn’t come to the party?! I had no choice but to ask Ran Ran to come. Otherwise, I wouldn’t have been able to bear for her to attend the party and be looked at by those old men!”

Jiang Ran quickly went forward to comfort them, she said, “Dad, mom, don’t be angry. I think that Jiang Yu did it on purpose and didn’t take you seriously. Otherwise, she would definitely understand your good intentions and wouldn’t reject this banquet.”

Chapter 422: Encounter

Jiang Hai was still in a fit of anger and Jiang Ran kept adding fuel to the fire, which made Jiang Hai’s anger even higher.

It just so happened that Jiang Yu came out of the venue with Mo Long and bumped into Jiang Hai and his family.

When Jiang Hai saw Jiang Yu, he originally wanted to go up to her and ask her why she rejected him and then came to the cocktail party with Mo Long.

However, when he saw Mo Long beside Jiang Yu, Jiang Hai instantly felt a little scared.

On the other hand, Wei Juan was fearless. She walked straight towards Jiang Yu and stopped her.

“Jiang Yu! Didn’t you say that you wouldn’t come to the cocktail party? Why are you here again today?!” Wei Juan asked.

However, she looked very courageous, but that was all she looked like.

Therefore, she wanted to scold Jiang Yu, but when she saw Mo Long, she swallowed it back into her stomach.

However, if she didn't scold Jiang Yu, she would feel very uncomfortable, so she braced herself and came over.

Anyway, Sun You was her future son-in-law, and she had Sun You as her backer.

No matter how arrogant Mo Long was, he had to care about the power of the Sun family, so he didn't dare to do anything to her.

However, when Jiang Yu saw her, she didn't show any surprise or fear. Instead, she asked with a puzzled look, "Who are you?"

Wei Juan was so angry that she almost went into shock on the spot.

"You... What do you mean?" Wei Juan calmed herself down and said, "Why? You don't even know your mother?"

Jiang Yu was even more confused now and asked, "Who did you say you are? My mother? But I remember that my mother is not you."

Wei Juan was once again angered by Jiang Yu's words.

"Jiang Yu!" Wei Juan couldn't hold it in any longer. "This is the outside world, so you have to call me mother!"

"Is that so?" Jiang Yu tugged at the corner of her mouth and saw Jiang Ran in the distance. So she smiled and said, "Your real daughter is over there. If you want to hear someone call you 'mother', go look for her."

Wei Juan was not a complete idiot. She naturally knew that Jiang Yu was talking about Jiang Ran.

"Jiang Yu, you are such an uncultured person. You can't compare to your sister in every way!" Wei Juan said.

"If you like her so much, go look for her." Jiang Yu was not angry because she did not want to compare with Jiang Ran. She did not want to have any relationship with the Jiang family.

At this time, Jiang Hai walked over. He was no longer angry, but looked like a kind father instead, he said to Jiang Yu, "Jiang Yu, why do you have time to attend the party today? I thought you refused to attend because you were too tired and wanted to have a good rest."

Jiang Ran also walked over, she said softly, "Yes, sister. When father called you before, you rejected him very clearly. In the end, you appeared here again today. What if others find out about this? If I didn't know, I would have thought that you had some conflict with your family."

Hearing the words of the three people in front of her, Jiang Yu felt something churning in her stomach.

"Are you done?" Jiang Yu looked ahead without any expression on her face. She said calmly, "If you're done, then you can go back. I'm very busy and don't have time to listen to your speech here."

"You!" Jiang Hai was about to flare up when he saw Mo Long's cold expression. He had no choice but to hold back his words.

He then said to Jiang Yu with a fatherly expression, "If you're tired, go back and rest first."

After he said this, Jiang Yu didn't continue. Instead, she held Mo Long's arm and walked away without looking back.

Lu Qi also followed her. When she passed by Jiang Ran, Lu Qi couldn't help but make a face at her.

Chapter 423 Endorsement

Jiang Hai was furious.

"Dad, don't be angry. It's not worth it to be with a person like Jiang Yu," Jiang Ran said, trying her best to play the role of a "good daughter."

"How can I not be angry?" Jiang Hai said loudly.

"She originally said she wouldn't come to the party, but she came with Mo Long and offended CEO Wang? This is great. The jewelry business I just discussed will fail again!"

"This..." Wei Juan didn't know how to comfort Jiang Hai, so she could only say a few bad things about Jiang Yu to try to change Jiang Hai's mood.

"If it's about the jewelry business, I have an idea." Jiang Ran rolled her eyes and an idea popped up in her mind.

"What idea?" Jiang Hai asked.

"That is... endorsement," Jiang Ran said.

"Endorsement?" This time, it was not only Jiang Hai who did not react, but also Wei Juan.

Jiang Ran nodded, she said, "Yes, it is endorsement. We are the investors. Then, we will find some famous celebrities to be the spokespersons, and we will also find some famous directors to film. When more people see it, our family's jewelry business will be better."

"Aiyo, as expected of my Ran Ran!" Wei Juan was very happy, as if having Jiang Ran as her daughter would give her the whole world.

Although Jiang Hai also agreed with Jiang Ran's idea, it was his first time coming into contact with such things. There were many things that he could not understand, so he placed all his hopes on Jiang Ran.

"Ran Ran," Jiang Hai said, "The future of the Jiang family still depends on you."

Jiang Ran smiled and said, "It's okay, father. How about this, we'll go back first, and then I'll contact the director."

"Okay, okay."

So Jiang Hai and his family quickly went home.

The director that Jiang Ran found was none other than director Zheng, who had participated in variety shows before.

“Jiang Ran? Why did you call me?” Director Zheng was furious when he heard that it was Jiang Ran’s voice. He said, “Do you think you can just casually apologize to me for what happened to Li Jing?” Jiang Ran said apologetically, “But isn’t your program getting a lot of views?”

“That’s all thanks to Jiang Yu. What does that have to do with you?”

Even though Jiang Ran was very reluctant to hear the name “Jiang Yu,” she still had a favor to ask, so it was better for her to lower her head and be more obedient.

So she said, “But if I didn’t recommend Li Jing to participate in this program, why would she end up fighting with Jiang Yu? I know you don’t want to admit it, but you have to tell the truth. Your popularity is also because of the fight between Jiang Yu and Li Jing.”

Director Zheng: “... Got it. If there’s anything, just say it.”

Although director Zheng was unwilling to admit it, what Jiang Ran said was indeed the truth.

Jiang Ran simply told director Zheng about the jewelry endorsement that she had thought of.

Director Zheng was very surprised and asked, “You want to shoot a jewelry advertisement?”

Jiang Ran said, “Not me, but our Jiang family. Of course, our Jiang family’s jewelry will naturally use a Jiang family member as the spokesperson.”

Jiang Ran didn’t say it explicitly because she knew the rules of the entertainment industry — There were many things that shouldn’t be said too directly, especially in this kind of situation where one wanted to get people to do things through the back door. It was even more difficult to say it clearly.

However, she felt that the meaning behind her words was very clear, which was to let director Zheng get her as the spokesperson.

Other than her, were there any more suitable candidates for the Jiang Family?

But Director Zheng and her thought is not the same — Director Zheng thought of Jiang Yu.

Chapter 424: Jewellery Endorsement

Director Zheng was thinking that since Jiang Yu was a member of the Jiang Family, it would be the same if she was the one to endorse the jewellery.

He didn’t know about the matters between Jiang Yu and the Jiang family. Therefore, after accepting this job, he went to ask Jiang Yu if she was willing to film.

If Jiang Yu wasn’t, he would go find others.

“So, Director Zheng, do you think you can take this endorsement advertisement?” Jiang Ran asked carefully.

The reason Jiang Ran was so careful was that she was scared of offending Director Zheng. It was because he was very capable nor because he was very famous.

Up until now, the only director that Jiang Ran had contact with and could talk to was only him.

If time went on longer, maybe even Director Zheng wouldn't want to talk to her anymore.

"Okay, I have to ask how much you are investing for this?" Director Zheng asked.

Jiang Ran estimated and said "3 million."

"Only 3 million?" Director Zheng was shocked. "This is the jewellery business. Your investment is only 3 million?"

Jiang Ran felt that 3 million was quite a bit. 3 million would be more than enough for the filming fees and the machinery fees.

This was because if she was to endorse the brand, she wouldn't be charging any fees.

"This 3 million is enough." Jiang Ran said "If you really think it's not enough, then you can ask for more later."

"Okay then." Director Zheng said with difficulty.

Although Jiang Ran said he could ask for more, it was quite difficult for a man like him.

Thus, after hanging up Jiang Ran's phone and calling Jiang Yu, he said with some awkwardness. "Jiang Yu, the investor only gave 3 million. Other than the fees for shooting and machinery, we can give you a remuneration of about 1 million. Do you... think you can accept that?"

Jiang Yu didn't really care about this one million. It was purely to give face to Director Zheng.

Jiang Yu said "Of course. Since Director Zheng came to me to film a jewellery advertisement, of course I have to give you face. I will film it well."

Director Zheng smiled "Okay!"

Jiang Yu asked again "By the way director, which brand of jewellery will I be endorsing? I think I should go look at their jewellery and see how it is."

Director Zheng smiled "You don't have to worry about this at all. Don't you trust the jewellery of your own family?"

"The jewellery of my own family?" Jiang Yu dazed and then reacted, asking "The jewellery of the Jiang family?"

Director Zheng said "Yea, don't you know?"

"I don't know. They didn't tell me this." Jiang Yu said.

"Umm..." Director Zheng felt a little troubled.

Why wouldn't the Jiang family tell Jiang Yu about the jewellery advertisement? Was it because they were too busy and forgot? Or were they not planning to tell her originally?

Regardless of which situation it was, he told Jiang Yu.

He didn't know if Jiang Yu was still willing to take this endorsement.

However, his worry was extraneous. After learning this, Jiang Yu didn't feel this was inappropriate and agreed to film.

"That's fine, Director Zheng. Don't worry, I won't disappoint you with this jewellery endorsement."

With Jiang Yu's promise, Director Zheng felt assured. He arranged a time and place for Jiang Yu to come test the scenes.

Chapter 425: It Was Actually Her

Jiang Ran was very anxious in waiting but she still didn't receive Director Zheng's call.

In the end, she simply gave Director Zheng a call and asked, "Director Zheng, have you already chosen a spokesperson?"

"Yes," Director Zheng said. He felt that Jiang Ran should also be an investor and meet Jiang Yu. He told Jiang Ran the time and location of the audition and said, "I'll come over to take a look that day."

"Okay!" Jiang Ran was very surprised.

She thought that Director Zheng was tactfully telling her that she was the Jiang family's jewelry spokesperson this time.

Therefore, on the day of the audition, Jiang Ran specially dressed up to make her stand out from the crowd.

She was also afraid that she would not be able to stand out in front of the crowd, so she specially called Wei Juan to go with her.

Wei Juan must have doted on her daughter, so she followed along.

On the way, Jiang Ran kept saying, "Mom, this is my first time being a spokesperson. I'm a little nervous."

Wei Juan quickly comforted her and said, "It's okay. Our Ran Ran is the best. Look at that useless Jiang Yu and she can still have everything she has today. You will definitely be better than her in the future."

"Okay. Thank you, mom." Jiang Ran received Wei Juan's encouragement and felt a huge weight lifted from her heart.

After arriving at the venue, Jiang Ran first went to Director Zheng and asked, "Director, do you think I need to touch up my makeup for today?"

Director Zheng looked up at her and gave her a quick glance. He said perfunctorily, "It's pretty good. That's all."

"That's good. By the way, director, when do we start the audition?" Jiang Ran asked.

Director Zheng said, "Wait a minute, there are still people who haven't arrived. She just called me to explain the situation. There was a car collision on the highway, so there was a bit of traffic jam."

Jiang Ran thought that some staff member was stuck in the road and couldn't carry out the audition, so she obediently sat aside and waited.

It wasn't until Jiang Yu hurried over that Jiang Ran realized that something was wrong.

"Jiang Yu? Why are you here?" Jiang Ran looked at Jiang Yu in shock.

She had clearly not told her about this.

"I am the spokesperson," Jiang Yu said.

It was concise and comprehensive.

"You are the spokesperson?" Hearing this, Jiang Ran almost jumped up. "How could you be the spokesperson?"

"Director Zheng contacted me and asked if I could take on this endorsement," Jiang Yu said.

Director Zheng also walked over and said, "Yes, I contacted Jiang Yu."

Jiang Ran didn't know what to say at this moment.

Wei Juan didn't know why so many people suddenly surrounded them and also walked over.

When she saw Jiang Yu, she was also very shocked. "Jiang Yu? Why are you here?"

Director Zheng said, "She's the spokesperson I found. Didn't Jiang Ran say that day? Since it's Your Jiang family's jewelry, then I'll find someone from your Jiang family to be the spokesperson. So I found Jiang Yu. Her temperament and image are especially suitable for shooting jewelry advertisements. Moreover, she's from your Jiang family. Isn't this just right?"

"... What's so good about her!" Jiang Ran shouted, "I mean, let me be the spokesperson!"

"You?" Director Zheng looked Jiang Ran up and down. "Did you think that the spokesperson I chose is you? So that's why you wore this to the audition today? Your temperament and image don't match at all. Forget it."

Jiang Ran was very angry now. "You! Director! Aren't you going a little overboard with your words?!"

Director Zheng said, "You have to accept such criticism in the entertainment industry."

At the side, Wei Juan was also anxious to protect her daughter, she reprimanded Director Zheng, "You are a man, how can you say such things about a little girl? Do you know who this is? It's Jiang Ran, the most outstanding daughter of our Jiang Family! What is Jiang Yu? She can't be compared to Jiang Ran in every aspect, yet she can still be the spokesperson?"

Chapter 426: Replacement

Director Zheng was baffled by Wei Juan's words and said, "What's wrong with Jiang Ran? But Jiang Yu's image and temperament are clearly more suitable for a jewelry spokesperson."

Wei Juan said aggressively, "Suitable? How is she suitable?"

Director Zheng did not know how to explain it to the mother and daughter, so he could only ask, "Then what do you plan to do? You are the investors, and you have the final say."

Jiang Ran said matter-of-factly, "Of course I want to replace Jiang Yu and let me be the spokesperson!"

Director Zheng looked at Jiang Yu apologetically and said, "This... Jiang Yu, it's not that I don't want to let you be the spokesperson, but the investors really don't agree..."

"I know." Jiang Yu wasn't angry. She smiled and said, "It's okay, director. I understand your difficulties."

"... Sigh." Director Zheng did not know what to say. He could only sigh heavily.

He did not know what had happened between Jiang Yu and the Jiang family. If he knew, he might not have accepted the advertisement.

However, all the staff were ready and the machine had been turned on. This advertisement had to be shot.

"Since you understand his difficulties, then let's hurry up and leave," said Wei Juan. As a public figure, Jiang Ran couldn't openly say that she wanted to chase her away, so Wei Juan had to do it for her.

The mother and daughter didn't even apologize. Director Zheng quickly said to Jiang Yu, "Jiang Yu, I'm really sorry for making you come all the way here for nothing."

Jiang Yu bowed politely, "It's okay, director. You told me that it was the Jiang family's jewelry the other day, so I knew that things wouldn't be that simple. What happened today was also within my expectations. Since the investors have already made the request, I'll just do as they say. See you tomorrow, Director."

When Jiang Yu said "See you tomorrow," Director Zheng remembered that tomorrow was the recording of the new episode of "Ace versus Ace."

"Be careful on the way back. I look forward to your excellent performance tomorrow," Director Zheng said.

Jiang Ran hated it the most when people cared about Jiang Yu and kept encouraging her. What kind of expectations did they have for her?

The more she looked at it, the more irritated she felt. She couldn't help but say, "Jiang Yu, there's nothing for you to do here. Hurry up and go back."

Jiang Yu smiled and said, "Got it, investor."

When she said this, she especially emphasized the word "Investor."

Jiang Ran didn't know why, but she actually felt a sense of shame and anger in her heart.

Jiang Yu didn't want to stay here any longer either. She greeted the staff members and left.

When Jiang Yu completely disappeared from everyone's sight, Jiang Ran let out a long sigh of relief.

"That's great. She's finally gone," Jiang Ran said as if she was comforting herself.

Director Zheng said to Jiang Ran, "Alright, it's already at this time. When can we audition? If it's suitable, we can shoot in the afternoon."

Jiang Ran said, "There's no need for an audition. We can start shooting directly."

Director Zheng asked uncertainly, "Are you really not going to audition? If you're going to audition, at least you'll know which poses and movements are not suitable for you. When it's time to shoot, we can be faster. Otherwise, it'll be very troublesome if we have to correct your movements during the shoot."

"You don't believe me?" Jiang Ran asked back.

Director Zheng was rendered speechless by the question. He was silent for a moment, "If you have this confidence, then let's shoot directly. But let me say this first. If I correct you too many times during the shoot, don't blame me."

"There won't be any mistakes." Jiang Ran was full of confidence.

Chapter 427: Shoot

Seeing Jiang Ran like this, Director Zheng didn't insist.

Anyways, she was the investor. He was just taking money to do things.

Since he took Jiang Ran's money, he just had to make her satisfied.

"Makeup artist, come over and give her a change of makeup. Stylist, come over and choose a dress for her." Director Zheng quickly called the staff over, wanting to hurry up and shoot.

This way, he would have time to look at the script for tomorrow's program.

After everything was ready, the shooting began.

Director Zheng directed the cameraman to go over and said, "How about this? Take a few pictures first and save them for the cover later. After you're done, send them directly to the post-production team and have them fix it quickly. I want to see the pictures in half an hour."

The cameraman said, "Okay."

Then he took out his camera and prepared to take a few pictures of Jiang Ran.

"Come, come, come. Look over here. Make an elegant gesture." The cameraman made a request to Jiang Ran.

Jiang Ran thought about what was considered an elegant gesture. After thinking for a long time, she put one hand on her shoulder and the other hand hung down naturally. At the same time, a stiff smile hung on her face.

"No, you... Your action and your smile are a little stiff," said the cameraman. He was very dissatisfied with Jiang Ran's action.

At first, Jiang Ran was very good-natured and changed her action according to the cameraman's request, but as time passed, she gradually became impatient.

Updates by . com

"Are you the director?" Jiang Ran said impatiently, "From just now until now, how many actions have you asked me to change? Are none of my actions elegant?"

The cameraman didn't expect Jiang Ran to suddenly lose her temper, but he also said in a very calm tone, "It's not that it's not elegant, it's just that you're too stiff. You have to be more natural so that the photos will look good."

Jiang Ran thought that the cameraman was saying that she didn't look good, so she was instantly angry, her tone also became very blunt. "What do you mean? Are you saying that I don't look good? And you have to find an angle to make me look good?"

Seeing her being so unreasonable, the cameraman was a little angry, he said, "When did I say that? It was your movements that were not standard to begin with! I'm the person who took your photos. I know what your movements and which angles you stand at will make the photos look good and have an even better!"

Seeing that the two of them were about to quarrel, Director Zheng quickly came over to mediate the quarrel." ". He said, "Don't quarrel. Let's just do it like this. Just take a few photos. After you're done, give them to the post-production team and let them fix it."

Since the director had said so, the cameraman did not insist. After taking a few pictures, he threw the camera to the post-production team and said, "The next task is yours."

The post-production team imported the pictures in the camera into the computer and all of them gasped, not knowing where to start this job.

The lighting and angle of these pictures were very good. The main thing was that the people in the pictures did not look elegant at all. The smile on their faces also looked very stiff.

They didn't know how to fix these photos, but they had no choice but to bite the bullet.

After taking the photos, Jiang Ran was ready to start shooting the commercial. She said to Director Zheng, "Where are my lyrics?"

Director Zheng said, "The slogan have been written. But if you are not satisfied with them, you can do it yourself."

Jiang Ran thought for a moment and said, "Since it is our Jiang family's jewelry, then let us write it."

As she spoke, she called Wei Juan over and asked her to help think of the advertising slogan.

Chapter 428: Advertising Lines

The mother and daughter struggled for half an hour before they came up with a few advertising lines.

However, Director Zheng did not care about this. After all, these advertising lines were their own idea. It was fine as long as they were satisfied.

At the beginning of the shoot, Jiang Ran first put on an intoxicated look, then put on a surprised look, then, she began to read the advertising lines. “What makes me so beautiful?! What makes me so dazzling?! What makes me so confident that I can reach the peak of beautiful women?! So it’s this!”

Jiang Ran suddenly picked up the pendant on her necklace and said, “That’s it — the Jiang Family Jewelry!”

Jiang Ran was still immersed in her performance. Wei Juan watched from the side and kept clapping for Jiang Ran.

“Ran Ran is amazing!” She kept praising Jiang Ran, as if Jiang Ran’s performance was amazing.

Director Zheng couldn’t stand it anymore, but he didn’t interrupt Jiang Ran and continued to shoot.

Jiang Ran was surprised that Director Zheng didn’t say “Cut” at all throughout the day.

However, she thought that it was because of her strength — because she was too capable, Director Zheng was very satisfied with her performance, which was why she passed so smoothly.

The reason why Director Zheng didn’t say “cut” was that he didn’t want to quarrel with Jiang Ran like the cameraman just now.

“How is it, director?” Jiang Ran asked.

“It... It’s not bad?” Director Zheng’s tone was raised, as if he was asking Jiang Ran or himself.

“Director, who are you asking?” Jiang Ran was puzzled.

“It’s fine, it’s fine.” Director Zheng quickly said, “I think it’s very good. Do you want to take a look?”

Updates by . com

Jiang Ran said, “No need. Since you said it’s good, then it’s not bad. When the post-editing is done, director must remember to send me a copy to take a look first.”

Director Zheng probed, “Do you want to... take a look now?”

Jiang Ran waved her hand and said, “There’s no need to look. I believe in you, director. Similarly, I also believe in my own strength.”

Director Zheng wanted to say, “Why don’t you stop believing in your own strength?” But he didn’t dare.

He really didn’t understand where Jiang Ran’s mystifying confidence came from.

Jiang Ran changed back into her own clothes and held Wei Juan’s arm as she went back.

Director Zheng vaguely heard Jiang Ran say something like, “I haven’t used all my strength for today’s shoot.” Then he heard Wei Juan say something like, “I knew that Ran Ran was the best. The future of the Jiang family is all on your shoulders.”.

Director Zheng heard it and could only shake his head and sigh.

The future of the Jiang Family? Was it really going to be on Jiang Ran’s shoulders?

Wasn't it going to end sooner or later?

Jiang Yu was such an outstanding daughter, yet they insisted on having a conflict with her. Then, they placed all the burden on that disappointing daughter, Jiang Ran.

Director Zheng really did not understand the Jiang family's brain.

When the post-production team received this video, they immediately complained bitterly.

"Director, do you not like us anymore? Why are you making us edit such a video?!"

"Director, we don't even know how to fix that photo. You just gave us a video. What do you want us to do?"

"Director, I really beg you. Please don't work with Jiang Ran anymore, okay? She really can't do it. She can't move, she can't smile, and she has to be so pompous for a commercial."

"That's right, director. Don't work with her anymore."

Listening to the screams of the post-production team, Director Zheng also knew that Jiang Ran had provoked "Public outrage."

So he nodded and agreed to them, saying, "Don't worry. I won't work with her anymore."

Chapter 429: Result of The Video

After the advertisement was edited, Director Zheng sent it to Jiang Ran.

After Jiang Ran saw it, she was very satisfied with herself, but she pointed at the editing. She felt that they were modifying the quality of the video without permission, greatly concealing her beauty.

She said to Director Zheng, "Director, I have a suggestion for you. Fire all of your employees in the later stages."

"Huh?" Director Zheng did not understand why Jiang Ran said that. He could not help but feel puzzled. "Why?"

"Did you take a good look at this video? Look at your employees. What did they cut me into?" As Jiang Ran spoke, she suddenly remembered that she had taken a few photos. She asked again, "What about the photos?"

Director Zheng had no choice but to send the photos to Jiang Ran again. He said, "The videos and photos are here. From now on, our partnership ends here."

"What do you mean?" Jiang Ran asked.

She had not even said that they would not cooperate in the future, but he had proposed it first?

Director Zheng said, "You are not suitable for shooting commercials, because commercials and filming are different. Even though your acting skills are not that good, a group of people are acting. If you are in it, you will probably be able to blend in well. But this isn't the case in the commercial. Only one or a few people are filming. Everyone is looking for their own emotions and has no time to care about you. So when you're filming the commercial, you didn't put your emotions into it at all."

Jiang Ran couldn't stand people saying that she wasn't. Even though what others said was the truth, she would still think that they were saying that she wasn't good enough in disguise.

"What do you mean? Could it be that only Jiang Yu can be emotionally involved?"

"What does it have to do with Jiang Yu?" Director Zheng was about to talk to Jiang Ran about the issues that she should pay attention to during filming when he heard her mention Jiang Yu for no reason.

"Why? Isn't it? Didn't you plan to find her to be the spokesperson this morning?" Jiang Ran said.

"I only asked her because her temperament and image are very compatible. It has nothing to do with anything else," Director Zheng said. "Even if it was Jiang Yu, if she couldn't put her heart into it, I would have said the same thing."

Updates by . com

"I think you're looking for an excuse, Director?" Jiang Ran sneered. "Do you think I don't know? You people are biased towards Jiang Yu!"

Wei Juan was resting upstairs when she vaguely heard Jiang Ran cursing in the living room on the first floor, as if she was very angry.

So she hurriedly ran down, ready to see what was going on.

Jiang Ran saw Wei Juan coming over and immediately sobbed, "Mom! Someone is bullying me!"

Director Zheng: "Huh?!"

He could hear that the voice other than Jiang Ran was Wei Juan, and he knew that he absolutely could not reason with this mother and daughter, so he said, "Anyway, we won't work together anymore. I can't work with an artist like you."

Then he hung up the phone.

Wei Juan walked over and didn't know what had happened. She saw Jiang Ran angrily throw her phone on the coffee table.

"What's wrong?" Wei Juan asked.

"It's that director from this morning! He sent me the video of the advertisement. I can't watch it at all!" Jiang Ran complained.

"Let me see what it looks like."

Jiang Ran showed the video to Wei Juan.

After Wei Juan watched it, she said with relief, "Isn't it very nice to watch? You're really my daughter!"

After hearing these words, Jiang Ran's mood gradually improved.

"Okay, mom. Let's show this advertisement video to dad. If he doesn't think it's a problem, then we'll get someone to post it online."

Wei Juan nodded. "Okay."

Chapter 430: See Qin Yuan Again

Jiang Hai saw the video of the ad and shared the same opinion as Wei Juan, so he asked someone to post the ad online.

Jiang Yu was looking at her phone in the studio and was wondering if she should call Mo Long when she saw the ad.

She clicked on it and was persuaded to leave by Jiang Ran's exaggerated acting skills and awkward lines.

"Hey, Jiang Yu." Sister Xia and the other employees of the studio also saw this advertisement, so sister Xia quickly took her phone and asked, "Is this your sister?"

"Yes." Jiang Yu admitted it openly.

Sister Xia and the people of the studio knew about the matter between Jiang Yu and the Jiang family, and they had long disliked this Jiang Ran.

"Really? It's sister Yu's sister, Jiang Ran? Then I won't buy the jewelry that she is endorsing, no matter what," someone said.

Some people patiently watched until the end and exclaimed in surprise, "The jewelry of the Jiang family... Sister Yu, this Jiang Ran isn't endorsing your family's jewelry, right?"

"Yes," Jiang Yu admitted straightforwardly once again.

"This... This is sister Yu's jewelry. Are we still going to buy it..." Some people began to feel awkward.

Jiang Yu said, "It's not my family's jewelry, but the Jiang family's jewelry. If you like it, then go buy it. If you don't like it, then don't buy it. You don't have to consider my face."

Jiang Yu's words were very clear, and the others also understood what she meant. Jiang Yu had nothing to do with the Jiang family, so this wasn't the Jiang Yu family's jewelry, but the Jiang family's jewelry.

"Alright, you should rest too." Sister Xia urged Jiang Yu to go to her room to rest. "You still have to continue recording variety shows tomorrow, have you forgotten?"

"Of course I remember. I'm going to rest now." Jiang Yu stuck out her tongue and disappeared from everyone's sight a second before sister Xia could speak.

Due to the absence of Li Jing, Director Zheng had found another permanent guest — Qin Yuan.

Qin Yuan didn't know what had happened recently, but no one came to look for her to film.

Now, a live variety show came to look for her, but her manager didn't say anything and accepted it on her behalf.

Initially, Qin Yuan was a little reluctant to participate in the same variety show as Jiang Yu.

However, her manager said to her, "You're an old person in the entertainment industry. Don't tell me you're afraid of Jiang Yu? Take this opportunity to suppress her spirit."

Qin Yuan thought about it and felt that what her manager said made sense, so she agreed.

A new day began when the sun rose. When Director Zheng introduced Qin Yuan to everyone, Jiang Yu was also a little surprised.

He Zhen surfed the Internet more frequently, so he had long known about the matter between Jiang Yu and Qin Yuan.

He lowered his head and quietly asked Jiang Yu, "Is this the Qin Yuan who was previously eating boxed lunch on the set and blamed it on you?"

Jiang Yu felt that these things were already in the past, so there was no need to bring them up.

However, since He Zhen had asked her, it was better for her to answer.

Therefore, Jiang Yu nodded and said, "Yes. But that was a long time ago. Many people don't remember it."

He Zhen nodded in a hazy manner.

"Okay." Director Zheng took out a box and said, "Each team will send a representative to draw lots."

Qin Yuan and Jiang Yu were sent out to draw lots. What they got was a folded card.

"Wait a minute. Don't open it yet." Director Zheng quickly stopped He Zhen's hand and said, "Before you open it, I'll tell you what tasks you have to do today and tomorrow."

Director Zheng asked the staff to bring two sets of clothes — one with a fashion element, and the other with an antique flavor.
