

## Older Man 641

### Chapter 641: The Company Is Yours

As long as such thoughts were born, they could not be dispelled unless they knew the whole story.

Jiang Yu asked, "Tell me the truth. Is there anything that can't be resolved? Tell me and we'll think of a solution together. Isn't that good?"

Mo Long looked at Jiang Yu. Through her anxious eyes, he could see the feelings she had for him.

He sighed and said, "Yu'er, I hate it when people look at you."

"What?" Jiang Yu was stunned. She did not expect Mo Long to say such a thing.

Mo Long continued, "Your future is very good. I'm happy for you. But because of this, more and more people see you, admire you, and will do anything to come to your side. Boss Liu is one of them. Although he doesn't have that kind of feelings for you, he also wants you to be his spokesperson. He wants you to come to his side."

Jiang Yu paused and couldn't help but laugh.

Mo Long looked at her in confusion. "What are you laughing at?"

Jiang Yu laughed for a while before saying, "So that's why you're unhappy? You're afraid that someone will snatch me away from you, right?"

Mo Long remained silent.

However, in Jiang Yu's eyes, it was a tacit agreement.

She smiled as she pressed Mo Long down on the sofa and said, "Why didn't I realize that the great President Mo would think of such things? Don't worry, I'll always be by your side. No one can snatch me away."

Mo Long held Jiang Yu's hand and said, "I know, but I don't want those people to look at you."

.....

Jiang Yu comforted him, "It's okay. Their eyes are on them. They can look at whatever they want. If they look at something serious, then they are serious people. If they look at something not serious, then they are not serious people."

Mo Long said, "What if those people are not serious people?"

Jiang Yu said, "Then you have to protect me."

Mo Long nodded. "Alright."

Jiang Yu smiled and thought to herself, why was Mo Long acting like a child today? He had to be coaxed before he could smile. If she didn't coax him, he would always have such a cold expression.

"Alright, I'll go and cook some noodles for you," Jiang Yu said. "You didn't eat much for dinner today. It's not good for your health. Just wait and it'll be done soon."

After saying that, Jiang Yu went to the kitchen and cooked a bowl of noodles for Mo Long. She even placed a poached egg on top of it.

After Mo Long finished the bowl of noodles, he wiped his mouth and said, “Yu’er, I have something to discuss with you.”

Jiang Yu sat beside him and asked, “What is it?”

Mo Long said, “I’ve decided to give you the company I bought today.”

“Give it to me?” Jiang Yu was startled and said, “Since you bought it back, it’s your company! How can you give it to me?”

Mo Long patted her shoulder and said, “What’s mine is yours.”

“That won’t do,” Jiang Yu refused and said, “The company you bought back is your company. You can let me help you manage it, but don’t say that you want to give it to me.”

Mo Long was puzzled. “Why?”

Jiang Yu explained, “This is your money, not mine. I don’t want others to say that I relied on you to get to where I am today. Moreover, uncle and aunty have always thought that I stayed with you for your money. If you really gave this company to me, wouldn’t that be the same as what uncle and aunty thought?”

Mo Long frowned. “But... I really want to give that company to you. You can choose any lipstick inside. Even if the company eventually goes bankrupt, it doesn’t matter.”

Jiang Yu pushed him, “What nonsense are you talking about? Why would you let a good company go bankrupt? I think this brand’s lipstick is actually quite good. If enough publicity is done, the sales should increase greatly. That boss Liu from before was too stingy. He wasn’t willing to spend money and effort on publicity. That’s why his lipstick sales are so low.”

Mo Long raised his eyebrows and looked at her. “Yu’er, could it be that you already have an idea?”

Jiang Yu smiled slyly and said, “If you ask me to help you manage this company, I guarantee that before the New Year, I will definitely let the sales increase a hundredfold.”

## **Chapter 642: New Boss**

Mo Long wasn’t looking down on Jiang Yu. On the contrary, he fully supported Jiang Yu.

However, Jiang Yu had never been in business before. Moreover, she had just taken over a cosmetics company. The lipsticks that originally sold less than 100,000 had to increase their sales by 100 times in two months’ time, this was a difficult thing to do.

For a newbie like Jiang Yu, it was simply an impossible thing to do.

Hence, Mo Long wanted to persuade her to give up this idea and said, “Yu-er, if you want to go into business, I’ll help you choose some simple jobs. Let’s put such jobs aside for now.”

Jiang Yu was unwilling to admit defeat and said, “You’re looking down on me, aren’t you?”

Mo Long said helplessly, "I'm not looking down on you, but business is not as simple as you think."

Jiang Yu said, "Have you forgotten that the Jiang family is a jeweler? Don't worry, I can definitely do it."

Seeing that she was so insistent, Mo Long did not say anything else.

If she could really do it, it meant that her strength and talent were definitely not limited to acting and medical skills.

Even if she could not do it, it did not matter. After all, it was just a small company that was casually acquired. Whether it was a profit or a loss, it did not have much of an impact on Mo Long.

So he let Jiang Yu do it.

The next morning, Jiang Yu got up early and changed into a suit. Her hair was tied into a neat ponytail.

She was very satisfied with her appearance. Before she went out, she even put on a "Ge Li" lipstick.

.....

She took the car to Ge Li Company, but when she pushed the door open and entered, there was only Mr. Xia busying himself. The sweat on his back had already soaked his shirt.

When Mr. Xia saw Jiang Yu, he felt a little strange. However, he still put down the box in his hand and asked, "Miss Jiang Yu, why are you here?"

Jiang Yu said, "I'm the new boss of this company now."

"New, new boss?" Mr. Xia was shocked and almost bit his tongue.

"Mhm." Jiang Yu nodded. "Let's not talk about this first. Could it be that you were the only one working in this company before?"

Mr. Xia felt a little embarrassed when he mentioned this, he said, "The previous employees heard that the company had been bought by President Mo... They thought that he wouldn't care about this small company, so they didn't come. They all went to look for new jobs. Even if I said that President Mo would still pay us, they wouldn't believe me."

"I see. Mr. Xia, do you know their contact information?" Jiang Yu asked.

Mr. Xia said, "I do have our wechat group, but I don't know if any of them have left the group."

Jiang Yu nodded and said, "Then call back those who are still in the group."

Mr. Xia nodded and quickly made a voice call in the group.

The call was quickly picked up. Including Mr. Xia, a total of 17 people answered the call.

"Old Xia, what's the matter? I'm trying to get a new job here."

"You didn't say anything when you called. Are you trying to make fun of us?"

"There's nothing else. I really have to hang up. My interview is coming up soon."

Mr. Xia cleared his throat and said, "You guys can come back to work now because we have a new boss."

When he said this, the sixteen people in front of him fell silent. After a long while, someone asked, "Really? With our small company, how could President Mo think of sending a new boss over?"

"That's right. Lipstick can't be sold, and the previous boss has fallen. This company is full of bad luck. Is there really anyone who is willing to take over this company?"

Mr. Xia said, "It's true. The new boss is right beside me."

"The new boss is right beside you? What does he look like?" Someone was curious.

Mr. Xia glanced at Jiang Yu and said, "He's a female boss."

"Female boss? It can't be a female yaksha, right?" Someone said.

Mr. Xia looked at Jiang Yu carefully, but she didn't seem to be angry at that sentence.

Jiang Yu casually flipped open the magazine on the shelf next to her, she took Mr. Xia's phone and said, "Hello, this is your new boss, Jiang Yu. It's 9:30 am. At 10:30 am, I hope everyone who is calling me on wechat will be here by now. Don't be late."

As she spoke, Jiang Yu hung up the phone.

#### **Chapter 643: Salary Increase**

Mr. Xia looked at Jiang Yu's decisive action and asked, "Miss Jiang Yu, is this really okay? What if they don't want to come?"

Jiang Yu shrugged and said, "Then don't blame me. After all, I've already given them this opportunity to earn money. If they don't come and seize this opportunity, then it's because they have no fate with money."

Mr. Xia really admired Jiang Yu's way of doing things and her style of doing things. She was resolute and decisive. She would never drag things out.

With her leadership, then "Ge Li" would definitely become better in the future, right?

"Oh right, Mr. Xia, I still don't know your name?" Jiang Yu asked.

Mr. Xia said, "My name is Xia Fan. Miss Jiang Yu, you can just call me Xiao Xia."

Jiang Yu smiled and said, "I also have a little girl in my studio called Xiao Xia."

Xia Fan smiled a little embarrassedly.

At 10:15, most of the people came one after another.

At 10:30, most of the people who had called before on wechat came, but there were also three people who didn't seem to believe in this new boss, so they didn't come.

Jiang Yu looked at the 14 people in front of her and introduced herself with a smile. "Hello, I'm your new boss. My name is Jiang Yu."

Was she really a female boss? wasn't she a female yaksha?

But wasn't this new boss a little too young? She looked like she was only 20 years old. Could she really lead this company well?

"I know you must think that I'm young and don't have the ability to lead you well. I can understand why you would think that way. But I hope that everyone will believe me. In return, I will give you a raise," Jiang Yu said.

"A raise?" Someone asked. "That's a good thing, but the company hasn't even started making a profit yet. How are you going to pay us? You can't expect me to stay here with you, right?"

"If that's the case, then I might as well not come. I've already contacted a new job."

For a moment, the noisy voices entered Jiang Yu's ears.

Everyone was talking about Jiang Yu. At the same time, they were considering whether they should go back and continue to contact a new job.

Someone asked Xia Fan, "Old Xia, are you going to continue staying here?"

Xia Fan nodded. "Of course."

"Do you really believe this 20-year-old girl? It feels like she hadn't even graduated from university yet, but she is already running a company and is still trying to revive it. Isn't this a big joke? You're wasting your time here!"

"That's right! Old Xia, I think you should follow us to find a new job. With your ability, you're a treasure wherever you go."

Everyone was trying to persuade Xia Fan to leave, but he still wanted to stay here.

He cherished the past, whether it was people, things, or other things. He had joined this company right after he graduated from university. He had worked here diligently for five years and was about to turn 30.

Now that he was asked to leave to find a new job, he really couldn't bear to leave.

He looked at Jiang Yu as if he was asking for help and shouted, "Miss Jiang Yu... No, Boss Jiang..."

"What Boss Jiang? She's just a little girl who doesn't know anything about the world!" Someone laughed loudly.

The others also laughed.

Jiang Yu was not angry. She had already expected such a situation on the way here.

In that case, she could only use her own ability to convince them.

She smiled, "If you want to continue working here, I will keep my promise and give you a raise. "If you don't want to work here, you can leave now. I won't stop you."

Although she was smiling, there was no emotion in her smile. It made people feel a chill.

This new boss didn't seem to be simple.

Jiang Yu didn't care about the people who said they were leaving. Instead, she said to Xia Fan, "Xia Fan, compile the sales and other data of the company for the past few quarters into a report for me."

Xia Fan broke away from the hand on his shoulder and said, "Okay, Boss Jiang!"

#### **Chapter 644: Looking For A Spokesperson**

Everyone looked down on Jiang Yu, but seeing that Xia Fan was working so hard for her, their hearts were slightly shaken.

Could it be that this Jiang Yu really had some ability that could bring this company back to life?

Therefore, some people also planned to try their luck and continue working here. In any case, it wasn't easy to find a new job these days. Having a job that could steadily pay a salary was better than anything else.

However, there were also some people who did not want to believe Jiang Yu and decided to find a new job to find another way out for themselves.

Jiang Yu did not stop them and just let them go. As for those who were still here, Jiang Yu let them do their jobs. They would continue with what kind of work they were doing before.

It was just that the previous boss Liu's secretary had left, so Jiang Yu now lacked a secretary by her side.

Just then, Xia Fan knocked on the door with the organized information and came in. He said respectfully, "Boss Jiang, this is the data you wanted."

"Mhm." Jiang Yu nodded. Her index finger lightly knocked on the table and said, "Leave it here for now."

After Xia Fan put the data on the table, he was about to leave when Jiang Yu stopped him and said, "Xia Fan, I need a secretary. How about you?"

"Me?" Xia Fan pointed at himself with uncertainty.

After all, he had no experience as a secretary. Boss Jiang suddenly asked him to be her secretary. Wasn't that a little too hasty?

However, Jiang Yu was looking at him with a smile.

This gave Xia Fan an inexplicable confidence, so he said, "Boss Jiang, don't worry. I will definitely do my job well!"

"Okay." Jiang Yu nodded in satisfaction and said, "Then go and complete your first task after your promotion. Find a spokesperson."

Xia Fan said, "Yes. Boss, do you have any suitable candidates in mind?"

Jiang Yu thought for a moment and said, "How about this, you go and contact Wen Nuan."

Xia Fan said, "Yes."

He knew about Wen Nuan. She was a sweet-looking actress who had first appeared in “My cinnabar mole”’s “White moonlight.”.

Although she did not have many scenes, her outstanding appearance and superb acting skills had earned her praise from the public.

He found Wen Nuan’s manager, Liu Xin, and called her. “Hello? Is this Wen Nuan’s manager, Liu Xin? It’s me, I’m Xia Fan from ‘Ge Li’ lipstick.”

Liu Xin asked, “Hello, what can I do for you?”

Xia Fan said, “Hello. It’s like this, our company wants to find Miss Wen Nuan to be our spokesperson.”

Liu Xin frowned. He was unwilling to accept the endorsement for Wen Nuan. This was because he had never heard of the brand ‘Ge Li’ before. Recently, he knew about this brand of lipstick. It was only because of the fall of boss Liu that he knew about this company.

Xia Fan did not hear Liu Xin’s answer, so he asked again, “Hello, are you listening?”

Only then did Liu Xin say, “The previous boss of your company was boss Liu, right? I remember that he had already fallen, why is your company still operating?”

Xia Fan explained, “It’s like this, our company has already been bought by President Mo...”

So it was bought by Mo Long? Liu Xin came to a sudden realization and asked again, “Then your new boss is President Mo?”

Xia Fan said, “No, our new boss is Jiang Yu.”

“Jiang Yu? The Jiang Yu who won the Movie Queen Award this year?” Liu Xin couldn’t believe it.

Wasn’t this Jiang Yu filming? Why did she start doing business again? Could it be that this was how rich people spent their time? Or could it be that rich people did not care about the profits of small companies?

Xia Fan said, “Yes, it’s the movie queen Jiang Yu.”

Liu Xin weighed the pros and cons and said, “Okay. Then let’s meet sometime.”

Wen Nuan’s career was currently on the rise. Having an endorsement deal was naturally a good thing. Although it was an unknown company that had invited Wen Nuan to endorse an unknown lipstick, the boss was Jiang Yu, so she would definitely not be stingy.

Xia Fan’s tone was filled with joy. “Okay. Then let’s make it three in the afternoon the day after tomorrow. Do you have time over there?”

Liu Xin said, “Okay, we have time over here.”

Xia Fan said, “Okay.”

After hanging up the phone, Xia Fan knocked on Jiang Yu’s office door.

Jiang Yu’s voice came from inside the room. “Come in.”

Xia Fan pushed the door open and went in. He said, "Boss, the day after tomorrow at three in the afternoon, you need to meet with Wen Nuan and her manager."

#### **Chapter 645: Recruitment**

Jiang Yu was very satisfied with Xia Fan's efficiency. She smiled and said, "Okay, I got it. By the way, I asked the people who stayed to continue with their previous work. So, what other positions are vacant now?"

Xia Fan said, "Wait a moment, I'll go check it out."

Jiang Yu nodded and let Xia Fan go out.

In less than five minutes, Xia Fan had organized the information and sent it over.

Jiang Yu briefly looked at the information and said, "There are still more than a dozen empty seats. were there any interviewers here before?"

Xia Fan shook his head and said, "No. In fact, most of the staff here came in after giving boss Liu a gift."

Jiang Yu paused and said, "Now put the recruitment information on the Internet."

Xia Fan said, "Okay, boss. What about the interviewers?"

Jiang Yu said, "You and I are the interviewers."

Xia Fan nodded and said, "Okay, I got it."

Xia Fan sorted out the recruitment information and put it online. He also carefully cleared out the afternoon of the day after tomorrow.

He didn't have a personal secretary seat for the time being, so he still sat in his original seat. There were a few people around who were willing to stay.

Someone patted his back and said, "Old Xia, why are you willing to continue working here?"

Xia Fan turned around and saw that it was Wu Qi.

He didn't answer but asked Wu Qi instead, "Then why are you willing to continue working here?"

Wu Qi said, "Of course it's because of you!"

Xia Fan was puzzled and asked, "Me?"

Wu Qi nodded and said, "Of course. If you don't believe me, you can ask them yourself. Those who stayed were all here because of you. That's why we decided to stay here and try our luck."

Xia Fan was even more puzzled and asked, "Why do you guys also want to stay here just because I'm staying here?"

Wu Qi explained, "The few of us only came in through the back door by giving gifts. You're the only one who's different. You came in by your own ability. Compared to us, you're on a different level! Moreover, we've seen your ability. You're indeed stronger than us."

“So rather than saying that we’re willing to take a gamble and believe that Jiang Yu can lead this company well, it’s better to say that we believe in your judgment of people. That’s why we chose to work under Jiang Yu.”

Xia Fan said, “Actually, you don’t have to put yourself through this. You can find whatever job you want. Don’t let me delay your future.”

Wu Qi scratched his head in embarrassment and said, “Actually, it’s not all because of you. We’re also a little reluctant to part with the money we gave previously. So unless we have no other choice, we still want to work hard in this company for a few more years.”

Xia Fan said, “It’s really hard to find a stable job now. It’s better to stay here.”

Wu Qi sighed and said, “I know.”

As soon as he said that, a new email came from Xia Fan’s computer.

He opened it in annoyance and found it was actually a job application resume.

“It’s this fast?” Xia Fan looked at his watch. “I just sent out this job application less than five minutes ago!”

Wu Qi also saw the resume and said in surprise, “Does this person not know what happened to this company a few days ago? Why does he still dare to send his resume here? is it really so difficult to find a job nowadays?”

Xia Fan chased him away and said, “Go, go, go! It’s a good thing that someone sent their resume. Do you want no one to send their resume?”

Wu Qi said, “That’s not what I meant.”

Xia Fan sorted out the information of the person who sent in their resume and said to Wu qi, “If not, then hurry up and do your own work!”

So Wu Qi could only sulkily do his own work.

From this one person to the first five minutes after work, a total of fifteen people sent in their resumes.

Xia Fan sorted out all the information of these 15 people into documents, then printed them out and handed them to Jiang Yu.

Jiang Yu took the documents and said, “Okay. It’s almost time to get off work, right? Go back and tidy up and get off work on time.”

However, Xia Fan didn’t move. Instead, he asked, “Then when should we set the interview time for these people?”

Jiang Yu took a look and said, “There are a total of 15 people. If it’s a day, there’s a high probability that we won’t be able to finish the interview.”

Xia Fan reminded her in a friendly manner, “Who knows, maybe someone will continue to send out resumes tomorrow.”

## Chapter 646: Interview

"Yeah, if that's the case, then a group of people will be gathered together." Jiang Yu thought for a moment, "How about this? Tomorrow, we'll make an appointment with the first ten people for the interview, and the remaining two will be arranged for the morning of the day after tomorrow. If there are still people who will send in their resumes tomorrow, then we'll make an appointment with three people and have the interview the morning of the day after tomorrow."

Xia Fan nodded and said, "Okay."

After Xia Fan went back and sent out the interview invitation, it was almost time to get off work.

Wu Qi packed his things and called Xia Fan to get off work. "Let's go. Old Xia, it's already time to get off work."

Xia Fan also packed his things and said, "Okay, I'll go now."

However, when he left, he found that the lights in Jiang Yu's office were still on.

Wu Qi was also very impressed by this new boss. He said, "I really didn't expect that a 20-year-old girl like her would be so devoted to this company."

Xia Fan also said, "She just told me to get off work on time. I didn't expect her to stay here and work overtime."

Wu Qi put his arm around Xia Fan's shoulder, he said, "Don't worry about her. Do you really expect her to lead this company well? It would be good if she didn't lose any money! She still wants to make a profit? I found some time today to check. This Jiang Yu is Mo Long's girlfriend. She just won the Movie Queen award a while ago. You said she didn't put on a good show. Why did she have to go into business? Isn't she just waiting to lose money?"

Xia Fan didn't think Jiang Yu would lose money.

However, many people felt that she would definitely lose money. Moreover, they didn't seem to have any hope of getting a raise.

Regarding this, Wu Qi's explanation was, "Even if she really gave us a raise, how much would it increase? It's better not to increase it. With that amount of money in a month, I'll be able to earn back the money I gave you back then after a few more years."

Xia Fan said, "But she said that she would give us a raise."

Wu Qi sneered, he said, "She said that she said it. When the time comes, how will she give us a raise? Is she going to use her boyfriend's money to give us a raise? I'm afraid that she won't even be able to give us the most basic jobs!"

Xia Fan still wanted to defend Jiang Yu, but Wu Qi obviously didn't want to hear the word "Jiang Yu" anymore, so he tactfully didn't bring it up again.

The next day when he went to work, Xia Fan arrived at the company very early. After everything was prepared. He began to wait for the first interviewee today.

Jiang Yu soon arrived at the company. When she saw Xia Fan, she even greeted him warmly.

Xia Fan also greeted him politely.

Jiang Yu had just put her things away when Xia Fan came over and knocked on the door. He said, "Boss, today's first interviewee has arrived."

"Okay." Jiang Yu took the information Xia Fan gave her and followed him to the lounge, which was the temporary interview office.

The first interviewee was a female university student who had just graduated. Her name was Sen Yuan.

She handed her paper resume to Xia Fan and said shyly, "Nice to meet you, interviewee. My name is Sen Yuan. I'm 24 years old this year and I just graduated from university."

Jiang Yu looked at her information and asked, "You're a civil engineering major. Why did you come to the cosmetics company for an interview?"

Sen Yuan said, "It's not easy to find a job these days. I'm not that stubborn. I have to find a job that's comparable to my major."

Jiang Yu smiled and said, "You're willing to compromise."

Sen Yuan sighed and said, "I can't help it. I wasn't born with a silver spoon in my mouth. No one plans for my future."

Jiang Yu paused and asked, "Do you think you're qualified for the position of Assistant Secretary?"

"Assistant Secretary?" Sen Yuan was stunned for a moment and said, "But I remember that this position was not included in the recruitment."

Xia Fan was also puzzled, but this was what Jiang Yu said, so he did not have to doubt it.

Jiang Yu explained, "I added this position temporarily."

Sen Yuan's eyes widened. "Huh?"

Xia Fan was also very shocked. "Huh?"

Jiang Yu smiled and asked again, "Can you do it?"

Whether it was a temporary position or not, this was still a job. Sen Yuan did not want to give up this opportunity, so he said, "I will definitely be able to do it!"

Jiang Yu nodded and said, "Okay, then get ready. You can officially start today."

"Okay!" Sen Yuan looked full of fighting spirit.

With that, Sen Yuan went out to get ready.

#### **Chapter 647: Old Friend Meeting**

The second interviewee had not arrived yet, so there was still some spare time. Xia Fan took advantage of this time to ask, "Boss, why did you suddenly add the position of Assistant Secretary?"

Jiang Yu said, "This is my plan, so naturally I have my intentions. You don't have to ask, you'll know in the future."

Xia Fan said, "But I can do the current job by myself, I don't need an assistant at all."

Jiang Yu smiled and said, "It doesn't matter. I'll definitely need it one day. Alright, go out and familiarize Sen Yuan with the job. Leave the rest of the interviewees to me."

Although he didn't know what Jiang Yu was up to, since the boss had said so, Xia Fan could only go out and familiarize Sen Yuan with the job.

Besides being a little shy at the beginning, Sen Yuan was more lively the rest of the time and wasn't nervous at all when facing Xia Fan.

"Senior, are you going to take me to familiarize myself with the work?" Sen Yuan asked curiously.

Xia Fan tidied his collar and said, "Yes, follow me."

"Okay!" Sen Yuan hopped behind Xia Fan.

After a day, besides Sen Yuan, only three people had passed Jiang Yu's interview.

One was Han Mei from the sales department, one was Li Lei from the personnel department, and the other was Auntie Liu from the cleaning department.

Xia Fan also brought Sen Yuan to familiarize herself with the day's work. This little girl also said that she had mastered it.

"Don't talk big. Wait until I'm satisfied with your work tomorrow, then say that you've mastered it," Xia Fan said bluntly.

However, Sen Yuan was not discouraged at all. She opened her mouth wide and said exaggeratedly, "Wow! Senior, your words really hit me! But I definitely won't give up this opportunity just because of a few words!"

Xia Fan looked at her helplessly. He felt that this girl was a little too lively.

On the day he met Wen Nuan, Jiang Yu was not satisfied with any of them after interviewing a few people in the morning.

Xia Fan said, "Boss, there are still six people left. I've arranged for them to come for an interview tomorrow."

Jiang Yu rubbed her head and said, "Okay. How many positions are still lacking?"

Xia Fan counted in his heart and said, "The personnel department is still lacking two people. The finance department is still lacking one person. The planning department and the marketing department are each lacking three people."

Jiang Yu thought for a moment and said, "The finance department can not lack people. How many people are there in the other departments?"

Xia Fan said, "There are four people in the personnel department, two in the planning department, and five in the marketing department."

Jiang Yu said, "Stop the recruitment of the personnel department and the marketing department. Only the finance department and the planning department are recruiting now."

Xia Fan said, "Yes."

He turned around and was about to leave when Jiang Yu stopped him and asked, "How was Sen Yuan's performance yesterday?"

Xia Fan said, "I only took her to familiarize herself with the day's work. She told me that she had already mastered it. It's only a day's time. Even if she's a rare genius, isn't that a little short?"

Jiang Yu smiled and said, "This shows that she's very confident in herself. It's a good thing."

Xia Fan shook his head and said, "Let's see how her work today is."

"Okay, let's go out first."

Xia Fan returned to his seat and saw a cup of freshly brewed coffee.

He looked up and saw Sen Yuan, who was not far away, winking at him.

This little girl was really smart. Xia Fan could not help but laugh in his heart.

At 2:30 in the afternoon, Xia Fan knocked on Jiang Yu's office door and said, "Boss, we need to go and see Wen Nuan and her manager now."

Jiang Yu had already packed up and said, "Mhm, let's go now."

At 2:55 pm, Jiang Yu and Xia Fan arrived at the agreed location.

Wen Nuan and Liu Xin were already waiting there

Jiang Yu walked over and said apologetically, "I'm sorry, did you wait long?"

Wen Nuan smiled and said, "No, brother Xin and I just arrived. I heard that you were the one who invited me to be the spokesperson, so I was so anxious to come over."

After Jiang Yu sat down, she said, "About the endorsement..."

Before she could finish, Wen Nuan said, "I'll Take It!"

Liu Xin looked at her helplessly and said, "Can you listen to what she has to say? You don't even know what she said, yet she said that she would take the endorsement?"

#### **Chapter 648: Endorsement Deal In Progress**

Wen Nuan pouted and said, "It was Jiang Yu who invited me to be the spokesperson. No matter what she says, I will accept it."

Liu Xin was speechless.

Jiang Yu smiled and said, "Since you said so, I can be rest assured. However, there's one thing I still have to say. After all, this company has encountered some changes previously. I've just taken over this company. Although I've worked very hard, there hasn't been much progress in the short term. If you're worried, you can also not accept this endorsement."

Liu Xin did not expect Jiang Yu to say such a thing so directly. After all, most businesses would rack their brains to find a spokesperson to endorse their own products, hoping to open up a sales path.

However, Wen Nuan did not feel that there was anything wrong with this, nor did she feel that it was difficult, instead, she said straightforwardly, "Jiang Yu, you can rest assured. I will definitely accept your endorsement. As for the remuneration, you can give it to me as you wish. It's fine if you don't want to."

Liu Xin hurriedly stopped her and said apologetically, "I'm sorry, Wen Nuan was just joking."

Wen Nuan looked at him in surprise and asked in puzzlement, "I wasn't joking just now. Are we going to take Jiang Yu's money?"

Liu Xin whispered, "You're really an ancestor! You work for a living. Do you want to take money?"

Wen Nuan also whispered, "But Jiang Yu is my friend. Isn't it not good for us to ask her for money?"

Liu Xin said, "What's not good about it? Does she have the nerve to not give you money?"

Wen Nuan was still a little hesitant and said, "Actually, it's not impossible to endorse for free..."

Liu Xin decisively rejected her and said, "No!"

Although the voices of the two of them were soft, Jiang Yu still heard everything.

.....

She smiled and said, "You don't have to worry about the remuneration. I won't miss a single cent of the money that needs to be paid."

Wen Nuan still wanted to say something, but Liu Xin had already answered on her behalf, "Alright, thank you, Boss Jiang."

"Okay." Jiang Yu nodded and said, "Then let's make an appointment to shoot. We have more time on our side, mainly depending on your arrangements."

Liu Xin said, "We also have more time on our side. Recently, apart from a variety show that needs to be recorded, we have no other work. The schedule can be vacated."

Jiang Yu smiled. "Okay, then let's make an appointment next Monday. How about it?"

Liu Xin nodded and said, "Okay."

After making an appointment, Jiang Yu and Xia fan went back to the company to deal with other matters.

On the way back, Xia Fan said, "This Wen Nuan isn't an arrogant artiste. She feels very easy to communicate with."

Jiang Yu said, "When I was filming, I worked with her before. I can be considered to know her personality better, so I asked you to contact her."

Xia Fan pointed at him and said, "I see. But her reputation is very good, and she hasn't had any scandals with any male actors."

"Of course, she has someone she likes," Jiang Yu said.

"Really? Who is it?" Xia fan was curious.

Jiang Yu put her index finger on her lips and pretended to be mysterious. She said, "Shh, this is a secret."

"... Alright." Xia Fan's passionate curiosity was extinguished by Jiang Yu's cold water. He could only shrug his shoulders and express his helplessness towards his new boss.

After returning to the company, Jiang Yu was still busy with endorsements and working with other companies.

As for Xia Fan, he continued to work as his secretary and took Sen Yuan along as his assistant.

Soon, it was Monday. Jiang Yu and Xia Fan arrived at the agreed place earlier than Wen Nuan and began to decorate the venue.

Wen Nuan and Liu Xin arrived at the venue not long after.

Wen Nuan first changed into the clothes that she needed to wear for the shoot. Then, she found Jiang Yu and asked, "Jiang Yu, when are we going to shoot?"

Jiang Yu glanced at her watch and said, "It's about time. Let's start now."

Wen Nuan nodded and said, "Okay."

Under Jiang Yu's arrangement, they shot one video after another.

Jiang Yu was very satisfied with Wen Nuan's performance. She felt that she was not pretentious and was a very pure and innocent girl.

Xia Fan was also very satisfied with Wen Nuan's video.

After shooting, Wen Nuan changed back into her own clothes and watched the video with Jiang Yu.

#### **Chapter 649: Jiang Family Jewelry**

Looking at it, Wen Nuan asked, "Jiang Yu, are you planning to go into business in the future?"

Jiang Yu shook her head and said, "No. Starting from next semester, I will take the entrance exam for Cecilia University. If I can pass it, I will study there for a semester."

"Cecilia University!" Although Wen Nuan studied acting, she was also in the art industry, so she was not unfamiliar with the name Cecilia.

Liu Xin and Xia Fan had also heard a little about this school. They were both amazed that Jiang Yu was going to take the entrance exam for this school.

One had to know that the difficulty of this school's entrance exam was the world's recognized level eight difficulty! Although it was not as difficult as level nine and level ten, no one had ever seen a level nine and level ten difficulty exam.

Therefore, this level eight difficulty entrance exam for Cecilia University was already the most difficult exam that people had ever seen.

However, Jiang Yu didn't seem to care about the difficulty, she said, "Actually, I had an opportunity to go before, but I couldn't because of some opportunities. But I didn't want to give up, so I made an agreement with a professor to take their entrance exam."

"The entrance exam for that school is really difficult!" Wen Nuan said, "I had a cousin who studied violin and wanted to take the exam for this school. In the end, she failed the entrance exam, she could only go to another art school."

Liu Xin also said, "Indeed. Most of the other music artists who signed with the company yearned for the University of Cecilia, but they all gave up on the entrance exam."

Xia Fan also said, "I also did some research on the top ten art schools in the world. The University of Cecilia is the second-ranked art school in the world, and the first-ranked art school is the West Wind College, which is rumored to only admit 100 students every year."

"West Wind College? I've never heard of that name," said Wen Nuan. "Cecilia University is more famous and prestigious."

Jiang Yu was still focused on the video in front of her. She said, "Now is not the time to think about this. There are more important things than this."

"Yes, yes." Xia Fan copied the few videos that Jiang Yu pointed out into the USB drive. After setting a password lock, he put the USB drive away.

"Alright, that's all for today's work. As for the compensation, I'll inform the finance department when I get back," said Jiang Yu.

Liu Xin said, "Since you and Wen Nuan are friends, there's no rush. Boss Jiang Yu, I hope we can have another chance to work together in the future."

As he said that, he stretched out his hand.

Jiang Yu also stretched out her hand to shake his hand. She smiled and said, "Happy working together."

After returning to the company, Jiang Yu asked Xia Fan to inform the finance department and transfer the warm remuneration to him. She sent the video to the post-production team and asked them to synthesize the video into an advertising video. It had to be handed over to her within fifteen minutes.

The post-production team was quite efficient. In less than ten minutes, they had finished synthesizing the ad video and handed it over to Jiang Yu.

Jiang Yu looked at the video and was very satisfied. She sent the video to Xia Fan's computer and said, "Inform the staff in charge of media and external marketing to send this video to the Internet first."

Xia Fan said, "Okay."

Then he started the work.

Jiang Yu browsed through some online dramas and variety shows on the website while she opened a small window to focus on current events.

Out of the corner of her eye, she saw a headline with the words "Jiang Family Jewelry."

Could there be a problem with the Jiang Family Jewelry?

Driven by curiosity, Jiang Yu clicked on the news.

As expected, there was indeed a problem with the Jiang Family Jewelry.

"Recently, a large number of customers complained that the jewelry they bought from the Jiang family was a fake. They were very angry about it and asked Jiang Hai, the chairman of the Jiang Family Jewelry, to give a reasonable explanation."

"It's actually a fake jewelry?" Jiang Yu couldn't help but laugh.

She had long known that the Jiang family would not be able to do well in the future. She could see it from the moment Jiang Ran stubbornly wanted to shoot a jewelry advertisement.

However, she didn't expect that the Jiang family would actually dare to sell fake jewelry. If the police were to intervene, they might have to go to jail.

Jiang Yu's hand controlled the mouse and kept moving down.

At the end of the news, there was a picture of Jiang Hai in a sorry state. In the corner of the picture, there were Wei Juan and Jiang Ran hugging each other.

"How tragic," Jiang Yu said to herself and turned off the news.

## **Chapter 650: Refused To Help**

However, she thought that in a few days, someone from the Jiang family would call her and ask Mo Long to help them solve this problem.

The Jiang family had always been so shameless. When they had nothing to do, they despised her and wished that she would never be named Jiang again.

However, when something happened, they wished that they could take her back and worship her like a Buddha statue.

It was as disgusting as it could be.

However, before they came to disturb her, she still had to do her current job well.

The number of clicks on the advertisement was quite good, and hundreds of people had come to place orders.

Xia Fan was processing the orders, while Wu Qi was like a person who had nothing to do. He said, "Old Xia, there are only a few hundred people. Is it worth it for you to work so hard?"

Xia Fan said as he worked, "Is it true that there is no one like what you think?"

Wu Qi said, "Why do you always think of me as that kind of person!"

Xia Fan said bluntly, "If you want to prove that you are not that kind of person, then work hard! Have you finished all the work?"

Wu Qi said matter-of-factly, "No."

Xia Fan said, "Then hurry up and go to work! So many things can't stop your mouth?"

Wu Qi mumbled, "It's not food, how can it stop my mouth?"

Xia Fan ignored him and continued to focus on his work.

As the assistant secretary, Sen Yuan was helping Xia Fan. If Xia Fan didn't need her, then she would go clean up and make a cup of coffee for Xia Fan.

After that, more and more people came to order lipstick. Gradually, the number of people changed from a few hundred to a few thousand.

"Boss Jiang is quite resourceful," said an old employee named Feng Fu.

Wu Qi was disdainful and asked, "How can you tell? Are you relying on these thousands of orders?"

Feng Fu said, "What else? Was Boss Liu very powerful before? He had been running this company for almost ten years and only had sales of a few hundred thousand. On average, he only had sales of ten to twenty thousand a year. The new boss has only been here for a few days, and in less than ten days, he already had sales of a few thousand. is that really far from ten thousand?"

Wu Qi snorted twice and did not say anything else.

In fact, he acknowledged Feng Fu's words in his heart.

And these few thousand sales gave Jiang Yu an encouragement.

Although the sales were small, it was still better than nothing at the start.

However, there was one more thing that didn't make Jiang Yu happy.

Jiang Hai called Jiang Yu. His motive was exactly the same as what Jiang Yu had guessed.

"Xiao Yu, it's me, it's dad." Jiang Hai smiled awkwardly on the other end of the line.

Jiang Yu remained silent until Jiang Hai's voice sounded again, "Hello? Xiao Yu, are you listening?"

Jiang Yu actually wanted to hang up the phone, but she also wanted to hear what shameless words Jiang Hai would say.

So she said, "I'm listening. If you have something to say, just say it."

Jiang Hai laughed even louder and said, "It's like this. The Jiang family has recently encountered some problems and is in debt. Can you see if you can help the family pay back the money?"

Jiang Yu asked, "How much do you owe?"

Jiang Hai stammered as if the figure was difficult to say. In the end, Wei Juan snatched the phone and said, "There isn't much money. It's just a small amount. It's only about 60 million."

"60 million?" Jiang Yu was amused by Wei Juan. "Are you telling me that this is a small amount?"

"What's wrong?" Wei Juan said righteously, "Is 60 million a lot? You can't take out a single cent?"

Jiang Yu said, "Do you think this is a small amount? Why didn't you take the money yourself? Why did you call me instead?"

"You!" Wei Juan was stunned by Jiang Yu's words, then, she said, "60 million is a shocking amount for us. But for you and Mo Long, isn't 60 million something that can be solved with a flick of your fingers?"

Jiang Yu smiled and asked her back, "Even if that's the case, why do you think I will definitely help you?"

Wei Juan was stunned for a moment, then she said, "Because you are the daughter of the Jiang Family!"

"Am I the daughter of the Jiang Family?" Jiang Yu laughed so hard that tears almost flowed out of her eyes. "I'm the daughter of the Jiang family when you are in trouble, right? When you're not in trouble, I'm just a country bumpkin who is despised by you."
